Upon hearing Immortal Venerable Wan Jie's words, the Immortal Venerates of Qingyun Academy once again fell into silence.

Although they still didn't know what had happened, the fact that their dean had emerged from seclusion at this time and was telling them about the strange creatures proved that these creatures were likely making a comeback.

After a while, Immortal Venerable Wan Jie waved his hand, and a sphere of light appeared in the air of the Meeting Hall. He continued, "This is the intelligence brought back by Lingxu. Please take a look."

Hearing this, the Immortal Venerates in the Meeting Hall immediately accessed the content within the sphere of light. After they finished reading, and recalling Immortal Venerable Wan Jie's earlier speech, their faces changed dramatically.

Indeed, as they had guessed, their dean was telling them about the strange creatures because they were making a comeback.

Though they had never experienced that era, if these strange creatures were considered an even bigger threat than the Demon Emperor in their dean's eyes, it meant they would bring a greater disaster to the world.

After a brief silence, an Immortal Venerate asked, "Dean, since those strange creatures are so formidable, how were they finally eliminated?"

Upon hearing this, Immortal Venerable Wan Jie replied with a bitter smile, "Eliminated? It's not that easy!"

"Several Immortal Emperors joined forces only to seal those strange creatures at the border of the Barbaric and Southern Domains, which is now the Sunset Mountain Range."

"These strange creatures are hard to kill because they are inherently dead things. Even if their bodies are destroyed, they can quickly recover."

What...

Hearing Immortal Venerable Wan Jie's words, the elders of Qingyun Academy were again stunned.

Hard to kill?

With the mysterious power spreading, more and more people are being corrupted by it. Won't the strange army grow stronger? Can they still defeat it?

For a moment, the Meeting Hall was deathly silent. Originally, they thought the Demon Emperor was difficult enough to deal with, but now a more formidable foe had emerged.

At the very least, the Demon Emperor belongs to Tianyan Immortal Domain and only intends to rule it. If she restores her cultivation state, the major forces of Tianyan Immortal Domain could choose to submit to her. But the strange creatures intend to kill everyone in the Tianyan Immortal Domain.

If these strange creatures grow stronger, Tianyan Immortal Domain will face nothing but destruction.

After an unknown amount of time, an Immortal Venerate asked, "Dean, what should we do next?"

Immortal Venerable Wan Jie replied, "If, as Star River Immortal Venerate said, the strange creatures have indeed broken the seal and are making a comeback, then all forces of Tianyan Immortal Domain must unite."

"The strange creatures have chosen to infiltrate the Heavenly Splendor Hall rather than directly occupy the Southern Domain. This shows that not many have broken the seal and they cannot yet occupy the entire Southern Domain."

"Now is the best time to seal them again. If we let them grow and occupy the entire Southern Domain, with more people corrupted by the mysterious power, it will be too late for us."

"Back then, when the strange creatures descended, it took several Immortal Emperors working together. Now, there are no Immortal Emperors in Tianyan Immortal Domain. If the strange army forms, the consequence is unimaginable."

After listening to Immortal Venerable Wan Jie's speech, the Immortal Venerates in the hall fell silent again.

Immortal Venerable Wan Jie sighed and continued, "To deal with the strange creatures, we also need to leverage the power of the Demon Emperor."

This...

Everyone looked at each other, eyes filled with complexity.

They had just formed an alliance to confront the Demon Emperor, and now they needed her help.

One Immortal Venerate worriedly said, "Will the Demon Emperor agree?"

Immortal Venerable Wan Jie said, "The Demon Emperor's power comes from the negative emotions and desires of living people. If everyone in Tianyan Immortal Domain is corrupted by the mysterious power and becomes part of the strange army, the Demon Emperor won't be able to draw power from them. She won't allow that to happen."

In Immortal Venerable Wan Jie's view, once people become strange creatures, they turn into dead things with no emotion or desire, cutting off the Demon Emperor's source of power.

If everyone in Tianyan Immortal Domain becomes strange creatures, the Demon Emperor loses her source of power, which touches on her core interests, so she certainly won't stand by.

Immortal Venerable Wan Jie glanced at the Immortal Venerates present and then asked, "Who among you is willing to go to the Northern Domain?"

Upon hearing this, the Immortal Venerates broke out in a cold sweat.

To the Northern Domain?

Their dean must be joking.

Having just ended their war with the Demon Emperor, going to the Northern Domain might anger her, and they might not return.

Knowing what they were thinking, Immortal Venerable Wan Jie continued, "We have no choice. To defeat the strange creatures, we must harness the power of the Demon Emperor."

"If the invasion of the strange creatures has already exceeded our expectations, we even need to help the Demon Emperor restore her cultivation state."

Once too many strange creatures emerge, the Immortal Venerates alone will not suffice. The most important thing is that back then, many Immortal Venerates were corrupted by the mysterious power. If those creatures have broken the seal, there could now be many Immortal Venerates among them.

The power of strange Immortal Venerates matches that of those in Tianyan Immortal Domain. However, the biggest problem is their immortality. Even if severely wounded, these strange Immortal Venerates will return to the battlefield, requiring the power of an Immortal Emperor to seal them.

Currently, there is no Immortal Emperor in Tianyan Immortal Domain, leaving them with only the Demon Emperor to rely on.

After listening to Immortal Venerable Wan Jie, the crowd fell into silence. Though they understood, no one was eager to seek death in the Northern Domain, especially those who had just returned.

Seeing no volunteers, Immortal Venerable Wan Jie suggested, "If no one is willing, we'll draw lots. Whoever draws one goes."

This was the fairest method. Someone had to go, and it was a critical matter requiring urgency to unite all Super Forces in Tianyan Immortal Domain.

At this point, an Immortal Venerate said, "The Beast Alliance leader might have received the news too. They might send someone to inform the Demon Emperor in the Northern Domain, sparing us from doing so."

Hearing this, Immortal Venerable Wan Jie snorted coldly and said, "What if the Beast Alliance leader thinks just like you?"

This...

Immortal Venerable Wan Jie continued, "Moreover, the Beast Alliance leader may not understand the disaster the invasion could bring; they may not take it seriously."

"Since I lived through that era and know the stakes, I must lead by example and unite the factions to prepare for the strange army."

Seeing Immortal Venerable Wan Jie's resolve, the Immortal Venerates had no choice but to draw lots obediently.

Chapter 1892: Chapter 1582: Xiyue Immortal Venerate

Beast Alliance.

In a certain valley, the valley is shrouded in a pink mist, and when people enter, they cannot see their fingers in front of them. The valley floor is covered with immortal herbs and flowers, and the entire valley is filled with a thick fragrance of flowers and immortal aura.

In the center of the valley, there is an Immortal Pool, where at the moment, a bright white figure is bathing.

The woman bathing slowly stands up from the Immortal Pool, and droplets of water continually slide off her jade-like skin. With a slight exertion of immortal power, her silver-white hair instantly becomes smooth and fluffy.

At this moment, a woman's voice rings out beside the Immortal Pool.

“Alliance Hierarch, Vice Alliance Leader Cang Ya has sent a message.”

Upon hearing this, Xiyue Immortal Venerable unhesitatingly steps out of the Immortal Pool, and as she steps out, her jade-like body is covered by a white long-sleeve gown.

The next moment, a ball of light flies into Xiyue Immortal Venerable's hand.

After reading the intelligence contained within the ball of light, Xiyue Immortal Venerable's exceptionally beautiful face shows a trace of worry.

“Mysterious Power?”

After pondering for a moment, Xiyue Immortal Venerable continues to murmur to herself, “The true calamity of the Tianyan Immortal Domain is coming...”

She had not experienced the era of the arrival of strange creatures in the past, but the Beast Clan with special bloodlines possessed transheritance memory. As a Nine-tailed Heavenly Fox, she was born with some transherited memories about these strange creatures, so she clearly understood how terrifying they were.

At this moment, Xiyue Immortal Venerable also understood that if the news delivered by Immortal Venerable Cang Ya was true, then to survive this calamity, the Tianyan Immortal Domain must once again ally with other powers.

It might even be necessary to form an alliance with the Nine Heavens Institute, with whom a war had just occurred. Ultimately, the Demon Emperor is also a person of this world, she might merely want to rule over it, and if she chooses to surrender, perhaps the Demon Emperor might still spare the various factions.

But those strange creatures won't care about any of this. Their true aim seems to be the destruction of this world, regardless of who you are.

Xiyue Immortal Venerable thought for a moment, and ultimately made the same decision as Immortal Venerable Wan Jie, dispatching envoys to the Northern

Domain to discuss with the Nine Heavens Institute on how to counter the strange invasion.

The earlier the alliance, the better. If they truly wait until the strange army occupies the Southern Domain, then it will be much more difficult for them to stop the strange army.

...

Central Domain.

Qingyue Immortal City.

A certain mansion.

The mansion is already set up with an Isolation Array, so that no sound can be transmitted in or out.

At this moment, in the guest hall of the mansion, Star River Immortal Venerate, Immortal Venerable Cang Ya, and Lingxu Immortal Venerable are gathered once more.

Star River Immortal Venerate is the first to ask, “I wonder what the Beast Alliance and Qingyun Academy intend to do?”

Upon hearing this question, Lingxu Immortal Venerable and Immortal Venerable Cang Ya do not answer immediately; each looks at the other, seemingly curious about what decision the other’s faction will make.

After all, the Beast Alliance and Qingyun Academy are both Overlord-level powers in the Eastern Domain, having battled there for tens of billions of years, so they are highly concerned with each other’s decisions.

Seeing that both Immortal Venerable Cang Ya and Lingxu Immortal Venerable remain silent, Star River Immortal Venerate addresses Lingxu Immortal Venerable, “Friend Lingxu, will Qingyun Academy assist the Southern Domain?”

As Star River Immortal Venerate asks, Lingxu Immortal Venerable replies, “Naturally, strange creatures are a menace to the entire Tianyan Immortal Domain; they must be quickly sealed up.”

Hearing Lingxu Immortal Venerable’s response, Star River Immortal Venerate finally breathes a sigh of relief, glad that one Overlord-level force is willing to aid them.

He then turns his gaze to Immortal Venerable Cang Ya, “Friend Cang Ya? What does your Alliance Hierarch intend?”

Seeing Lingxu Immortal Venerable’s response, Immortal Venerable Cang Ya no longer hides anything, as the Beast Alliance’s decision aligns with Qingyun Academy’s.

“Our Alliance Hierarch also decides to support the Heavenly Splendor Hall.”

Again, Star River Immortal Venerate breathes a sigh of relief. With help from these two Overlord-level forces, they should be able to resolve the Wuya Immortal Venerable, who has been corroded by the Mysterious Power.

Lingxu Immortal Venerable, suddenly reminded of something, says, “According to our dean, strange creatures can only be sealed, not killed.”

At these words, Star River Immortal Venerate is stunned.

Only sealed?

Lingxu Immortal Venerable continues, “Moreover, if a strange power has corroded an Immortal Venerate, it suggests the possibility of a second Immortal Venerable-

level strange creature existing, as only a strange Immortal Venerate is capable of converting an Immortal Venerate into a strange being.”

“So this time, it’s crucial to not only seal the Immortal Venerate in the Heavenly Splendor Hall but also lure out the hidden strange Immortal Venerate.”

“If left unchecked, the strange creatures in the Tianyan Immortal Domain will only multiply.”

For a moment, Star River Immortal Venerate falls into silence; his understanding of strange creatures is limited. He merely foresaw the danger posed by Wuya Immortal Venerable due to his Star Immortal Body, but he hadn’t anticipated that strange creatures were this formidable.

Moreover, the Wuya Immortal Venerable alone instilled fear in him, and now Lingxu Immortal Venerable tells him there exists a being capable of converting Wuya Immortal Venerable into a strange creature.

A creature capable of converting an Immortal Venerate into a strange being must be even more powerful, lurking in the shadows?

Upon hearing Lingxu Immortal Venerable’s words, Immortal Venerable Cang Ya asks, “Then how can we lure out that hidden strange Immortal Venerate?”

Snapped out of his reverie by Immortal Venerable Cang Ya's question, Star River Immortal Venerate suddenly recalls Lu Chen's matter and says, "I observed that Wuya Immortal Venerable seems particularly concerned about Lu Chen and even appears somewhat afraid of him. It's likely there's something about Lu Chen that instills fear in the strange creatures, and perhaps we can use Lu Chen to draw them out."

"Of course, this is merely my speculation."

Lingxu Immortal Venerable asks in confusion, "Lu Chen? You mean the Immortal King who survived the Chaotic Sea? If I am not mistaken, hasn't the Heavenly Splendor Hall been looking for him?"

Star River Immortal Venerate responds, "I am aware of his location, and he has agreed to assist us by acting as bait."

Immortal Venerable Cang Ya suddenly grins, revealing his fangs, "So, Star River Hall Master has caught Lu Chen; Lu Chen must have acquired many fortunes upon entering the Chaotic Sea. Star River Hall Master, having captured Lu Chen, must have shared these fortunes; I wonder if any of them contain the opportunities to become an emperor."

Knowing that other factions would have such thoughts upon learning he located Lu Chen, Star River Immortal Venerate wastes no time and condenses the memory from his conversation with Lu Chen at the Mysterious Moon Palace into a Memory Pearl.

Seeing Star River Immortal Venerate condensing a Memory Pearl in the hall, Lingxu Immortal Venerable curiously asks, “Star River Hall Master, what is this for?”

Star River Immortal Venerate answers, “This is a memory of my conversation with Lu Chen; you can take a look.”

As Star River Immortal Venerate finishes speaking, the two waste no time, using immortal power to activate the Memory Pearl and read its contents. No one is uninterested in the fortunes of the Chaotic Sea, especially those that may lead to becoming an emperor.

However, after reading Star River Immortal Venerate’s memory, they are filled with disappointment. From the conversation between Lu Chen and Star River Immortal Venerate, it appears that Lu Chen gained little from the Chaotic Sea.

Oh, well, at the very least, Lu Chen acquired the Heavenly Rank Immortal Technique Divine Light Thousand Lamp Scripture.

Lingxu Immortal Venerable remarks, “I thought the Divine Light Thousand Lamp Scripture was a hereditary immortal law of the Mysterious Moon Palace, yet it turns out Lu Chen brought it out from the Chaotic Sea.”

Chapter 1893: Chapter 1583: Is This Cultivation Deviation?

Seeing that Lingxu Immortal Venerable and Immortal Venerable Cang Ya's attention was still on Lu Chen, Star River Immortal Venerate said, "Whether Lu Chen has gained any fortuitous encounters from the Chaotic Sea, there will be plenty of opportunities to investigate in the future."

"The urgent matter now is to quickly resolve the issue of the enigmatic creatures."

Upon hearing Star River Immortal Venerate's reminder, Immortal Venerable Cang Ya and Lingxu Immortal Venerable realized that indeed, since they now knew where Lu Chen was, it would be relatively easy to inquire about matters concerning the Chaotic Sea in the future. The most important issue now was still the sealing of the enigmatic creatures.

If the number of enigmatic creatures continued to increase, the Southern Domain would soon become the headquarters of an army of enigmas after all.

At this time, Immortal Venerable Cang Ya smiled and said, “The Star River Hall Master is right, so we should still discuss how to lure out Wuya Immortal Venerable and the enigmatic Immortal Venerate behind him.”

Star River Immortal Venerate said, “I plan to inform Wuya Immortal Venerable that Lu Chen is in the Barbaric Lands and then lead the Heavenly Splendor Hall to attack the Mysterious Moon Palace where Lu Chen is located. If Wuya Immortal Venerable and the enigmatic creatures behind him truly fear something about Lu Chen, they would definitely try to eliminate him, and then that enigmatic Immortal Venerate might appear.”

Immortal Venerable Cang Ya and Lingxu Immortal Venerable thought for a moment, and this strategy seemed worth trying.

After all, even if they couldn't lure out the enigmatic Immortal Venerate behind Wuya Immortal Venerable, they must find a way to seal Wuya Immortal Venerable, who had already been converted into an enigmatic creature.

Every existence of an enigmatic Immortal Venerate would certainly increase the number of converted enigmatic creatures, and perhaps they might find out from Wuya Immortal Venerable himself which enigmatic Immortal Venerate converted him.

Lingxu Immortal Venerable then said, “In that case, let's find a suitable time.”

Following this, the three of them started drafting a specific plan. Their plan was straightforward: lure Wuya Immortal Venerable to the Barbaric Lands and, with the help of the Immortal Venerates from the Beast Alliance and Qingyun Academy, seal Wuya Immortal Venerable.

Coincidentally, the Sunset Mountain Range was the place meant for sealing enigmatic creatures, so they would seal Wuya Immortal Venerable there too, and whether the enigmatic Immortal Venerate behind him would be lured out depended entirely on luck.

After Star River Immortal Venerable, Lingxu Immortal Venerable, and Immortal Venerable Cang Ya finalized their plan, Star River Immortal Venerable immediately went to the Mysterious Moon Palace, intending to involve Lu Chen in the matter.

Mysterious Moon Palace.

Heavenly Language Peak.

Heavenly Language Immortal Venerable was cultivating in the Heavenly Language Hall when suddenly a Green-clothed Fairy appeared at the hall's entrance. "Peak Master, the Hall Master of Heavenly Splendor wants to meet Junior Brother Chen."

Upon hearing this, Heavenly Language Immortal Venerable immediately opened her eyes and asked solemnly, "Did he mention why he's looking for Chen Lu?"

The Green-clothed Fairy replied, “No, he just had someone notify us and said it’s the Palace Master’s intention.”

Upon hearing the Green-clothed Fairy say it was the Palace Master’s intention, Heavenly Language Immortal Venerate guessed that Lu Chen’s identity might have been discovered by Star River Immortal Venerate. Since that was the case, it had nothing to do with her.

Immediately, Heavenly Language Immortal Venerate transmitted a message to Lu Chen, “Star River Immortal Venerate is seeking you.”

At this moment, Lu Chen had almost all of his attention on Yun Yudie, with only a sliver of Divine Thought left on the body at Mysterious Moon Palace. However, with this sliver, Lu Chen could still hear Heavenly Language Immortal Venerate’s transmission.

Lu Chen naturally knew why Star River Immortal Venerate was looking for him, but given his current state, it was difficult to multitask.

To have the energy to control the body at Mysterious Moon Palace, Lu Chen, who was angrily confronting Yun Yudie, immediately mobilized all his power to operate the Spirit Charm Harmony Scripture, intending to finish cultivating this segment and then take a temporary break.

Lu Chen's sudden full-force operation left Yun Yudie completely unprepared, and for a moment, the Ice Palace of the Mysterious Moon Palace echoed with the continuous sounds of the Cold Fairy.

After transmitting to Lu Chen, Heavenly Language Immortal Venerate expected Lu Chen would promptly leave Heavenly Language Peak. However, Lu Chen remained seated in his cultivation room, showing no sign of movement and did not respond to her.

Heavenly Language Immortal Venerate furrowed her brows slightly and transmitted to Lu Chen once more, "Are you in seclusion?"

At this moment, Heavenly Language Immortal Venerate's Divine Thought swept through the room where Lu Chen was located and found that Lu Chen's eyes were tightly shut and his face was flushed, appearing quite content.

This...

Is this cultivation deviation?

Without any hesitation, Heavenly Language Immortal Venerate went directly to Lu Chen's room, and just as she was about to inspect Lu Chen's condition, Lu Chen suddenly opened his eyes.

Seeing Heavenly Language Immortal Venerate before him, Lu Chen hurriedly asked, “Honored Master, do you need something?”

Seeing Lu Chen already awake, a doubtful expression appeared on the usually cold face of Heavenly Language Immortal Venerate, and she then asked, “Did you experience cultivation deviation?”

Lu Chen responded, “No, Disciple just had some insights during cultivation.”

Since Lu Chen claimed he hadn’t experienced cultivation deviation, Heavenly Language Immortal Venerate decided not to further inspect his condition. She said coldly, “Star River Immortal Venerate is seeking you.”

Lu Chen replied, “Thank you, Honored Master, for the reminder. Disciple understands.”

Just as Heavenly Language Immortal Venerate was about to return, she couldn’t help but curiously ask, “Has Star River Immortal Venerate discovered your identity?”

Lu Chen said, “Yes, he has.”

Heavenly Language Immortal Venerate continued, “What is he looking for you for?”

Lu Chen replied, “I can’t disclose it for now.”

Since Lu Chen was unwilling to share, Heavenly Language Immortal Venerate didn’t ask further, and in the next moment, she disappeared from where she stood.

After Heavenly Language Immortal Venerate left the room, Lu Chen then controlled the body’s departure from his room, heading to the foot of Heavenly Language Peak.

At the foot of the mountain, when Star River Immortal Venerate saw Lu Chen coming out, he breathed a small sigh of relief.

He was somewhat worried that Lu Chen wouldn’t come out, especially since the ancestor of Mysterious Moon Palace had advised Mysterious Moon Palace not to get involved in this matter, and now Lu Chen was a member of Mysterious Moon Palace.

Since Lu Chen came out, it indicated that Mysterious Moon Palace wasn’t planning to restrict his actions.

Lu Chen first asked, “May I know what the Star River Hall Master seeks from this junior?”

Star River Immortal Venerate directly said, “This is not the place to talk, follow me.”

With those words, Star River Immortal Venerate immediately used immortal power to tear open space, then took Lu Chen back to his previous courtyard.

Once at the temporary residence of Star River Immortal Venerate, Lu Chen discovered two other Immortal Venerates in the courtyard.

At this moment, seeing Star River Immortal Venerate bring someone back, Immortal Venerate Cang Ya and Lingxu Immortal Venerable both stared intently at Lu Chen.

Although Star River Immortal Venerate previously said that Lu Chen hadn’t obtained any significant opportunity in the Chaotic Sea, the two were somewhat unwilling to believe it.

They were thinking, what if Lu Chen really had obtained some opportunity?

Especially an opportunity to become an Emperor.

After all, it was the mysterious Chaotic Sea. Since ancient times, people have believed it is filled with opportunities. Without a soul search on Lu Chen, their minds wouldn't believe there were no opportunities in the Chaotic Sea.

Of course, both understood that now was not the time to make a move against Lu Chen.

After bringing Lu Chen to the courtyard, Star River Immortal Venerate said to him, "These two are Vice Dean Lingxu Immortal Venerable of Qingyun Academy, and Deputy Alliance Hierarch Immortal Venerate Cang Ya of the Beast Alliance."

Lu Chen said, "I've seen the two seniors!"

Upon hearing Lu Chen's voice, the two collected themselves and slightly restrained their greedy expressions.

Having children earns benefit, start competing for dominance in the world by marrying a wife

Lingxu Immortal Venerable coughed and said, "Are you Lu Chen?"

Lu Chen replied, "I am."

Lingxu Immortal Venerable said, "No wonder you are hailed as the most gifted prodigy of the No-Emperor Era, to be able to come out alive after entering the Chaotic Sea."

Just as Lingxu Immortal Venerable was about to continue, Star River Immortal Venerate interrupted, saying, "We have already set the plan, we hope you, Lu Chen, can act as bait."

Star River Immortal Venerate knew what Lingxu Immortal Venerable wanted to ask, nothing more than what is inside the Chaotic Sea and what opportunities it holds.

But now is not the time to discuss those things.

Interrupted directly by Star River Immortal Venerate, Lingxu Immortal Venerable felt somewhat displeased, but he said nothing more. After all, Lu Chen had been found. On the way to the Barbaric, he would find an opportunity to pry into Lu Chen's experiences to see if he gained any fortune in the Chaotic Sea.

At this moment, Lu Chen looked at Immortal Venerable Cang Ya and Lingxu Immortal Venerable asking, "Do you two seniors know the origin of that mysterious power?"

Lingxu Immortal Venerable immediately condensed a Memory Pearl and handed it to Lu Chen, "Inside is the content of our ancestor's missive, take a look."

Seeing Lingxu Immortal Venerable so proactive, Immortal Venerable Cang Ya instantly guessed Lingxu Immortal Venerable's intention. He just wanted to establish a good rapport with Lu Chen to extract information about the Chaotic Sea.

Immortal Venerable Cang Ya quickly condensed a Memory Pearl too, "Our Alliance Hierarchy also knows something about the mysterious creatures."

Lu Chen, without hesitation, activated the Memory Pearl handed by Lingxu Immortal Venerable. After absorbing its content, Lu Chen was slightly stunned, mysterious creatures?

Unfading and immortal?

Could it be true?

Are these mysterious creatures that hard to deal with?

The Mysterious Moon Palace and his Daqin Immortal Dynasty are adjacent to the Sunset Mountain Range. If all those mysterious creatures within the Sunset Mountain Range were released, they would probably be the first to suffer.

Moreover, he had a premonition that after these mysterious creatures broke through the sealing, they would first come after him.

Soon Lu Chen snapped out of it and immediately read the content of the Memory Pearl condensed by Immortal Venerable Cang Ya. The information about the mysterious creatures in Cang Ya's Memory Pearl was similar to that of Lingxu Immortal Venerable but not as detailed.

It seems Qingyun Academy has a deeper understanding of mysterious creatures.

After reading the Memory Pearls from those two, Lu Chen looked at Star River Immortal Venerate and asked, "When does Star River Hall Master plan to execute the plan?"

Star River Immortal Venerate answered, "The sooner, the better."

Lu Chen said directly, "My main body is in the Barbaric. If Star River Hall Master plans to proceed, you can send someone to inform me at the Daqin Immortal Dynasty; I am now the Sovereign of Daqin."

Hearing this, Star River Immortal Venerate was taken aback.

Lu Chen's main body is in the Barbaric? Is this true?

If it is, then once they resolve the issue with Wuya Immortal Venerable, they might deal with another problem as a matter of course.

For Star River Immortal Venerate, Lu Chen establishing his own force is not a good thing. If Lu Chen truly grows, he might one day come for Heavenly Splendor Hall.

Although superficially reconciled, he wasn't foolish, and he knew Lu Chen was no fool either. Their Heavenly Splendor Hall once sought Lu Chen's death; Lu Chen might not place all the blame solely on Wuya Immortal Venerable.

But now was not the time to dwell on this. Once they sealed Wuya Immortal Venerable and the Mysterious Venerate behind him, Lu Chen would then lose his usefulness, and only then could they deal with him directly.

Star River Immortal Venerate believed Qingyun Academy and Beast Alliance were also curious whether Lu Chen had obtained any opportunities from the Chaotic Sea. With this many Immortal Venerates working together, he didn't believe Lu Chen could slip away.

Star River Immortal Venerate said, "Alright, let's leave it at that for now. I'll return to the Southern Domain."

"Lingxu Immortal Venerable, Immortal Venerable Cang Ya, I must trouble your people to advance towards the Barbaric beforehand."

Star River Immortal Venerate then said to Lu Chen, "Lu Chen, you should go back first today."

Lu Chen replied, "Alright."

Upon finishing his words, Lu Chen turned and left the residence where Star River Immortal Venerate was temporarily staying. After Lu Chen left, Lingxu Immortal Venerable and Immortal Venerable Cang Ya also prepared to go back and make preparations.

Just as they were about to leave, Star River Immortal Venerate suddenly spoke, "Do you two want to know if Lu Chen indeed got any opportunity from the Chaotic Sea?"

Hearing this, both Immortal Venerable Cang Ya and Lingxu Immortal Venerable directed their gaze toward Star River Immortal Venerate.

Lingxu Immortal Venerable smiled and said, "Star River Hall Master, didn't you say Lu Chen didn't get any opportunity from the Chaotic Sea?"

Star River Immortal Venerate said, "That's what he claimed, and he even showed me some of his memories, but..."

"Memories can be fabricated, and the ones he showed me weren't complete. Moreover, he never told me where the Divine Light Thousand Lamp Scripture, which suppresses the Heavenly Demon, came from."

Immortal Venerable Cang Ya grinned revealing his fangs, and said, "So, Star River Hall Master's intention is?"

Star River Immortal Venerate said, "Isn't his main body in the Barbaric? Once we seal the mysterious creatures, we can capture him and perform a Soul Search. That way, everything he experienced in the Chaotic Sea will be known to us."

Immortal Venerable Cang Ya reminded, "Star River Hall Master, Lu Chen seems to have some connection with the Mysterious Moon Palace."

Star River Immortal Venerate slightly smirked and said, "The Mysterious Moon Palace won't be involved in this matter anyway. After sealing the mysterious creatures, we can just claim he was killed by them."

"Besides, even if the Mysterious Moon Palace finds out what we did, what then? Do our three Super Forces need to justify ourselves to them?"

Immortal Venerable Cang Ya said, "Star River Hall Master makes sense. But what if Lu Chen really found some opportunity?"

Star River Immortal Venerate said, "We split it equally among the three."

Upon Star River Immortal Venerate finishing his words, none of them spoke further. They exchanged glances and all displayed smiling faces; the courtyard was filled with a cheerful atmosphere.

...

Meanwhile.

In the Barbaric, at the Mysterious Moon Palace.

In the Ice Palace, Lu Chen was lying on top of Yun Yudie, his neck resting on her fragrant shoulder, the two pressed closely together.

Yun Yudie's icy voice sounded in Lu Chen's ear at this moment, "It seems you still don't understand; if I want to bear your child, it depends on my willingness. Do you really think acting that way will make me let down my guard?"

To Yun Yudie, Lu Chen's sudden intense cultivation made her momentarily unable to control herself, clearly intending to make her let down her guard and seize the opportunity to make her fall for it.

Now, her understanding of the Life Dao was deepening, and the Life Force within her body furthermore made her more suited to bear offspring.

However, a significant problem was that if she was unwilling, she could, with a single thought, completely purge anything unsanctioned.

Therefore, Yun Yudie suspected that Lu Chen's aggressiveness was a ploy to divert her attention, so that when she regained her senses, it would already be too late, turning raw rice into cooked rice, accomplishing his goals.

Having children earns benefit, start competing for dominance in the world by marrying a wife

Chapter 1895: Chapter 1585: Did You Forget About Me?

Yun Yudie recalled the events that had just transpired, and she had to admit that Lu Chen's move was indeed clever.

Originally, she had no thoughts about such matters, even when Lu Chen was aggressive toward her, she felt nothing.

But after Lu Chen activated the Immortal Law, she could no longer control herself, and her attention was completely diverted to that kind of thing.

If Lu Chen could maintain it for a long time, continuously shifting her focus, he might have really succeeded.

Unfortunately, Lu Chen didn't seem to be up to the task.

Hearing Yun Yudie's words, Lu Chen burst out laughing. He had suddenly intensified his use of the Immortal Law just to quickly end a session of cultivation; he hadn't expected Yun Yudie to interpret it as a ploy to make her lower her guard.

But come to think of it, Yun Yudie did seem to have let her guard down earlier, but if he hadn't needed to divert some Divine Sense to control the body in the Mysterious Moon Palace, she probably wouldn't have recovered by now.

Seeing Lu Chen suddenly laugh, Yun Yudie furrowed her brows slightly. She wrapped her arms around Lu Chen's strong waist, flipped him over, and pressed him down beneath her. Then she sat up and coldly gazed down at him.

"What are you laughing at?"

With a smile on his face, Lu Chen said, "You've reminded me; it seems I need to be more serious when I'm exercising my power, that way you'll lower your guard."

Hearing Lu Chen's words, Yun Yudie knitted her brows slightly. Could it be that Lu Chen wasn't trying to divert her attention earlier? Was she overthinking again, inadvertently helping Lu Chen as she had last time when she reminded him about the Life Force being intertwined with the Reproduction Law?

Yun Yudie thought to herself; she absolutely must not speak carelessly in front of this rascal anymore. She always seemed to remind Lu Chen unintentionally, and if this continued, one day she might really cause something to happen with this rascal.

Reflecting on the events of recent days, she felt like she was teaching Lu Chen how to make her pregnant, which was somewhat her own doing.

Thinking of her foolish actions, Yun Yudie's jade-like skin exuded a chill.

Just when Yun Yudie was regretting her words, Lu Chen spoke up, "The Heavenly Splendor Hall, Qingyun Academy, and the Beast Alliance have joined together, using me as bait to lure Wuya Immortal Venerable and the eerie creatures behind him to the Barbaric Lands for sealing."

Hearing Lu Chen's sudden words, a baffled expression appeared on Yun Yudie's icy jade-like face.

Lu Chen didn't continue explaining. He directly condensed the earlier memories into a Memory Pearl and sent it to Yun Yudie's fair forehead.

Yun Yudie immediately used a bit of immortal power to read the memories within the Memory Pearl.

After reading those memories, Yun Yudie finally understood why Lu Chen had suddenly frantically activated the Immortal Law. This rascal just wanted to indulge a bit before diverting his Divine Sense to control another body.

Now she regretted saying those words even more, but this was not the time for regret. Yun Yudie worked to calm her inner emotions.

Currently, the biggest issue was the eerie creatures.

However, besides the eerie creatures, Yun Yudie had another concern.

“Aren’t you afraid that those people might turn against you once they come to the Barbaric Lands?”

Many people wanted to know if Lu Chen gained any opportunities from the Chaotic Sea, especially the Heavenly Splendor Hall. Although they currently needed Lu Chen, they hadn’t directly acted against him.

But what if the eerie creatures are sealed?

If the eerie creatures were sealed, would the Star River Immortal Venerable start coveting the opportunity Lu Chen got from the Chaotic Sea and act against him?

This time, the Heavenly Splendor Hall had drawn in two Overlord Level forces from the Eastern Domain. Once those three forces came to the Barbaric Lands, there would be at least five Immortal Venerables.

And on our side, including Wan Xu Immortal Venerable, we only have two Immortal Venerables. If those forces really were to act against Lu Chen, Yun Yudie didn't believe she could protect him.

Lu Chen said calmly, "I specifically told them my main body is in the Barbaric Lands because I wanted to see if the Heavenly Splendor Hall would turn against me once the eerie creatures are sealed."

Hearing Lu Chen's words, Yun Yudie was somewhat confused; what meaning did this have?

Lu Chen continued, "This is just one of my clones. If it dies, then it dies."

Yun Yudie's brows knitted tightly as she coldly asked, "You seem to not have considered me at all?"

Lu Chen was just a clone; if he died, it wouldn't matter much. But what if the Immortal Venerables from those three forces thought she was closely related to Lu Chen and acted against her?

Moreover, Lu Chen still had wives and concubines in the Mysterious Moon Palace.

Lu Chen smiled and said, “If they dare act against you, just run to the Sunset Mountain Range and threaten them.”

Yun Yudie asked in confusion, “What do you mean?”

Lu Chen said, “The eerie creatures are sealed in the Sunset Mountain Range, and the Mysterious Moon Palace is right next to it. They wouldn’t dare act against you here. If you break the seals in the Sunset Mountain Range, releasing the sealed eerie creatures, everyone will die.”

In battles among Immortal Venerable Levels, destruction is widespread. If a massive fight broke out in the Sunset Mountain Range, those seals might be broken, releasing the eerie creatures, and the Southern Domain would suffer first. So Lu Chen wasn’t worried at all about the Star River Immortal Venerable acting against the Mysterious Moon Palace.

As long as Yun Yudie didn’t leave the Dragon Land, the Star River Immortal Venerable and others wouldn’t dare make reckless moves.

After hearing Lu Chen's words, Yun Yudie finally realized, but honestly, she doubted whether she could break the seals in the Sunset Mountain Range by herself.

Of course, she believed that the Star River Immortal Venerate wouldn't want to gamble on whether she could break those seals. It's better to be safe than sorry. If she really managed to break the eerie creatures' seals with a desperate resolve, it would be a catastrophe for the world.

Yun Yudie said, "If they really act against you after sealing the eerie creatures, what do you plan to do?"

Lu Chen said, "Then I'll wait until after the calamity and take revenge on them."

He hadn't grown enough yet and had no chance against three Overlord Level forces.

But as long as he had the system, he would definitely grow stronger. Now that he knew how to quickly make his wives and concubines bear offspring, earning system rewards would be easier in the future.

Speaking of this, Lu Chen stared intently at Yun Yudie's amethyst-like eyes, thinking if it weren't for her reminder, he wouldn't have known that he could use Life Force to modify the Immortal's body, making them easier to conceive.

Feeling the intensity of Lu Chen's gaze, Yun Yudie immediately realized his intentions again.

Even though she knew Lu Chen might follow through with his plans based on her previous hint, Yun Yudie didn't get up. She was confident in herself; as long as she maintained a bit of rationality and paid attention to her body, she wouldn't let Lu Chen succeed.

In fact, Lu Chen didn't intend to continue spending his energy on Yun Yudie. He knew that she didn't even have the thought of bearing his child yet.

Even if he knew how to distract Yun Yudie, as long as she maintained a slight clarity, she couldn't conceive.

Instead of playing mental games with Yun Yudie, he decided to focus on Xiao Xueying and Cao Shiyun. Of course, this body could still remain here with Yun Yudie to be her toy.

Whether or not he could get her pregnant was another matter; he couldn't resist Yun Yudie, this Cold Fairy.

Chapter 1896: Chapter 1586: Hall Master, I Am Willing to Accompany You to the Barbaric Lands

Heavenly Splendor Hall.

The grand hall was surrounded by golden light, with Immortal Aura wafting around. Star River Immortal Venerate sat atop the hall, looking seriously at the several Immortal Venerates within.

Star River Immortal Venerate glanced at the Immortal Venerates in the hall and noticed Wuya Immortal Venerable had not yet arrived, which gave rise to a bad premonition in his heart.

Could it be that Wuya Immortal Venerable has already sensed that I have discovered his identity?

Just as Star River Immortal Venerate released Divine Sense to probe whether Wuya Immortal Venerable was still in the Heavenly Splendor Hall, a stream of

light entered the hall, and the next moment, Wuya Immortal Venerable appeared before everyone.

Seeing that Wuya Immortal Venerable had arrived, Star River Immortal Venerable let out a sigh of relief. It seemed that Wuya Immortal Venerable had not yet discovered he had been exposed.

At this moment, Taihua Immortal Venerable asked, “Hall Master, is there something major that prompted you to hastily summon us all?”

The Elders of the Heavenly Splendor Hall rarely gathered together. It was clear that there was something significant, given Star River Immortal Venerable had just called all Immortal Venerables to the Meeting Hall.

Star River Immortal Venerable directly stated, “I have verified that Lu Chen has indeed arrived at the Mysterious Moon Palace and has become the Direct Disciple of Heavenly Language Immortal Venerable of the Mysterious Moon Palace.”

“I initially planned to share the opportunities that Lu Chen brought out from the Chaotic Sea with the Mysterious Moon Palace, but Yunmeng Palace Master claimed that Lu Chen did not gain anything from the Chaotic Sea.”

“The more Yunmeng Palace Master denies it, the more it proves that Lu Chen carries a great opportunity. After some investigation, I discovered that the Lu

Chen in the Mysterious Moon Palace is merely a Clone, while his Main Body remains in the Barbaric.”

“After thinking it over, Wuya’s suggestion is right; if Lu Chen indeed has the opportunity to become an emperor, it must not fall into the Mysterious Moon Palace’s hands, so I plan to personally go to the Barbaric to find Lu Chen’s Main Body.”

Hearing this, the Immortal Venerates in the hall exchanged glances, thinking that it was just as they suspected. Their Hall Master had not given up on the potential opportunities associated with Lu Chen.

With the Tribulation of the Great Dao growing increasingly severe and the mysterious forces escalating their erosion of the Life Dao, if their Hall Master, as an old Immortal Venerate, doesn’t find a chance to break through to the Immortal Emperor Realm, his time might come soon.

At this moment, Wuya Immortal Venerable smiled slightly and then said, “Hall Master, I am willing to accompany you to the Barbaric!”

Star River Immortal Venerate was slightly taken aback; he was planning to select an Immortal Venerate to accompany him to the Barbaric next, and Wuya Immortal Venerable had unexpectedly volunteered, which was good as it meant Wuya Immortal Venerable wouldn’t suspect anything.

Star River Immortal Venerate said, “Good, to be safe, I intend to take one more Immortal Venerate to the Barbaric.”

With that, Star River Immortal Venerate’s gaze swept over the Immortal Venerates, finally settling on Taihua Immortal Venerable.

“Taihua, you come with us to the Barbaric.”

Taihua Immortal Venerable immediately responded, “Yes, Hall Master!”

Star River Immortal Venerate continued, “While I’m gone, you all need to stay vigilant and guard against other forces taking advantage of our absence.”

Then Star River Immortal Venerate gave some additional instructions before departing with Wuya Immortal Venerable and Taihua Immortal Venerable for the Barbaric.

Though the Heavenly Splendor Hall housed many Immortal Venerates, Star River Immortal Venerate couldn’t take them all. If he did, there would be no one left to watch over the hall, and if someone attacked during their absence, they might return to find it in ruins.

Moreover, the most important aspect of this plan was the support from Immortal Venerates from two Overlord Level forces in the Eastern Domain.

The Beast Alliance had three Immortal Venerates, and Qingyun Academy had three, plus himself and Taihua Immortal Venerable, making it eight Immortal Venerates.

He couldn't believe that eight Immortal Venerates couldn't seal Wuya Immortal Venerable and the bizarre creature behind him. However, what Star River Immortal Venerate worried about most now was whether that bizarre creature would be drawn out.

Time passed day by day. Immortal Venerable Cang Ya, Lingxu Immortal Venerable, and others arrived at the Barbaric first. Upon reaching the Barbaric, their first task was to locate the Daqin Immortal Dynasty and Lu Chen's Main Body.

One late night, six powerful auras descended on the Imperial Capital of the Daqin Immortal Dynasty. Sensing these auras, Lu Chen knew Lingxu Immortal Venerable and the others had arrived, so he flew into the air.

Upon seeing Lingxu Immortal Venerable and the others, Lu Chen saluted and said, "Welcome, seniors, to my Immortal Dynasty. I've prepared residences in advance for your stay."

As they looked at Lu Chen, a hint of greed flashed in the eyes of the Immortal Venerates; they very much wanted to perform a Soul Search on Lu Chen right away. But considering Lu Chen might be an important bait, they restrained their impulses.

At that moment, Lingxu Immortal Venerable glanced skeptically at Lu Chen, noticing his cultivation was only in the Golden Immortal Realm. Lingxu Immortal Venerable asked directly:

“I’m curious, you’re only at the Golden Immortal Realm, how did you establish the Daqin Immortal Dynasty?”

Lingxu Immortal Venerable doubted that the Lu Chen before him was the Main Body, since Lu Chen was originally in the Immortal King Realm; though his strength likely dropped after leaving the Chaotic Sea, according to their intel, Lu Chen allegedly acted during his time in the Northern Domain, where he severely wounded an Immortal Venerable Level Heavenly Demon with the power of an Immortal King.

If the Lu Chen before them wasn’t the Main Body, capturing him would be useless, and it would only raise the caution of Lu Chen’s Main Body, making it even harder to find him in the future.

Lu Chen smiled and said, “Naturally, I borrowed some Qi Fortune when establishing the Immortal Dynasty.”

Lingxu Immortal Venerable continued, “I heard you once severely injured an Immortal Venerable Level Heavenly Demon on the battlefield in the Northern Domain with an Immortal King’s strength. Why has your cultivation fallen to the Golden Immortal Realm now?”

Lu Chen replied, “My cultivation hasn’t recovered since leaving the Chaotic Sea. When in the Northern Domain, I was desperate and burned my Divine Soul, temporarily unleashing an Immortal King’s power.”

Lu Chen knew they must have already investigated his actions in the Northern Domain, so there was no point in concealing it anymore.

Lingxu Immortal Venerable chuckled and said, “Is that so? I almost thought you were greeting us with a Clone.”

“Let me remind you, while deceiving us with a Clone might work, it won’t fool the bizarre creature. The creature isn’t so easily deceived. If it discovers this is a Clone and remains unaffected, leading to our plan’s failure, you’ll bear the consequences.”

Hearing Lingxu Immortal Venerable’s words, Lu Chen instantly guessed his intent to test him.

He was determining whether this body was the Main Body, suspecting they would act against him immediately after sealing the bizarre creature.

But Lu Chen wasn't concerned and proceeded to lead the six Immortal Venerates to the residences prepared for them.

With the Beast Alliance and Qingyun Academy having arrived, all that remained was for Star River Immortal Venerate to bring Wuya Immortal Venerable to the Barbaric.

This wait lasted over half a year.

During this time, Immortal Venerable Cang Ya and the others mostly spent their time outside setting up the Sealing Array and rarely returned to the Imperial Capital of the Daqin Immortal Dynasty.

Meanwhile, Lu Chen wasn't idle during these months; after shifting his focus to Xiao Xueying, he quickly helped her comprehend the Life Dao through the Spirit Charm Harmony Scripture.

Having children earns benefit, start competing for dominance in the world by marrying a wife

The intricately carved fragrant wooden bed was adorned with a turquoise canopy, with a string of crystal-clear gemstones hanging from its corners, swaying with the rocking of the bed.

Sunlight streamed into the room from outside, hitting the gemstones, and the light refracted through them scattered colorful spots of light onto the person lying on the bed.

Lu Chen gazed down at Xiao Xueying beneath him. At this moment, her jade face was tinged with a bewitching blush, and she gazed affectionately at Lu Chen.

Just as Lu Chen was about to proceed with his task, a system prompt suddenly sounded in his ear.

[Congratulations to the host for helping your wife conceive. You have received the Chaos Spirit Ruins Sealing Heaven Array as a reward.]

Hearing the system's voice, Lu Chen was slightly stunned, then overjoyed.

The method Yun Yudie mentioned indeed worked, and Xueying really got pregnant. However, this system reward...

Lu Chen then checked the introduction to the Chaos Spirit Ruins Sealing Heaven Array.

[Chaos Spirit Ruins Sealing Heaven Array: A Holy Rank Sealing Array which requires immense immortal power to activate and can seal any creature in the world.]

In just an instant, Lu Chen already foresaw where this array would be used.

Without giving it much thought, Lu Chen immediately closed the system interface.

Noticing that Lu Chen seemed to be distracted, Xiao Xueying softly asked, "Wh...what's wrong?"

Lu Chen smiled faintly, then leaned down to gently kiss her lips, before raising himself to look into her eyes and said, "I have good news for you."

Upon hearing Lu Chen's words, Xiao Xueying instinctively asked, "I... am I pregnant?"

Lu Chen was momentarily stunned; he hadn't even told her yet, and Xiao Xueying guessed it directly.

Seeing Lu Chen dazed, Xiao Xueying smiled slightly and said, "Did you forget, darling, you mentioned a while ago that you had a special method to get me pregnant."

Hearing Xiao Xueying's words, Lu Chen then realized that he had reminded her initially. Now suddenly telling her the good news, Xiao Xueying naturally guessed what the so-called good news was.

He said with a smile, "I knew I shouldn't have told you in advance."

"How about it, do you like this surprise?"

Looking at Lu Chen fondly, Xiao Xueying replied, "I like it, very much."

Ever since Cao Shiyun gave birth to a child for Lu Chen, Xueying had been quite envious. After all, both were married to Lu Chen at the same time, and she even became Lu Chen's woman first. Yet Cao Shiyun had already given birth, while her own belly showed no sign. This left Xiao Xueying a bit disheartened.

Now that she was finally pregnant, able to bear children for Lu Chen, she was naturally very happy inside.

Even though Xiao Xueying was unaware of the system's matters, she knew well how obsessed Lu Chen was with having offspring. This could be seen from their daily interactions, hence her constant worry.

She worried that if she couldn't conceive, would she one day lose Lu Chen's favor.

Now she could finally breathe a sigh of relief.

Of course, even if she couldn't conceive for the time being, Lu Chen wouldn't abandon her. However, not knowing Lu Chen's inner thoughts, it was normal for Xiao Xueying to have some concerns.

Lu Chen at this moment lightly raised his hand, gently stroking Xiao Xueying's locks at her temples, flashing a mischievous smile as he said, "Now you can rest well."

Upon hearing this, Xiao Xueying's cheeks flushed lightly. Recently, while dual cultivating with Lu Chen, the immortal law he employed was overwhelmingly intense, leaving her unable to endure at times, longing for rest.

Though Lu Chen's dual cultivation brought her no harm, the continuous stimulation from the Spirit Charm Harmony Scripture was incessant, even as an Immortal, she found it hard to withstand.

Seeing the fairy's bashful demeanor, Lu Chen's heart fluttered once again. However, at this moment, he sensed Immortal Venerable Cang Ya and Immortal Venerable Lingxu appearing in the Great Qin Immortal Palace.

He promptly turned over, holding Xiao Xueying in his arms, directing his attention towards the Great Qin Imperial Palace.

The next moment, Lingxu Immortal Venerable and Cang Ya Immortal Venerable appeared in the Imperial Study Room where Lu Chen was.

Lu Chen promptly asked, "What important matters do the two seniors have?"

Lingxu Immortal Venerable directly said, "Star River Immortal Venerate sent us word previously; they are arriving soon."

Upon hearing this, Lu Chen immediately asked, "What do the seniors need me to do?"

Lingxu Immortal Venerable said, "We've already set up a sealing array in the Giant Stone Valley. You should look for an opportunity to lure Wuya Immortal Venerable there."

Lu Chen thought for a moment. Located deep within the Barbaric Land, doing so there wouldn't affect the Great Qin Immortal Dynasty and the Profound Moon Palace.

"Alright, as soon as Wuya Immortal Venerable comes looking for me, I will head straight to Giant Stone Valley."

Lingxu Immortal Venerable suddenly thought of something, adding, "I heard you're on good terms with the Hall Master of the Profound Moon Palace?"

Lu Chen replied, "When I established the Immortal Dynasty, I borrowed the Immortal Sect Qi Fortune of the Profound Moon Palace."

Lingxu Immortal Venerable remarked, "In that case, when you head to Giant Stone Valley, it's best not to let the Hall Master follow. Have her monitor the situation in the Sunset Mountain Range, to see if any strange creatures emerge."

Lu Chen said, "Alright, I'll send her a sound transmission."

Lu Chen had already guessed why Lingxu Immortal Venerable and the others didn't want Yun Yudie to follow; they simply feared interference when they planned against him.

Despite the three forces having many Immortal Venerables combined, their strength might decline after sealing the strange creature. If Yun Yudie intervened when they moved against Lu Chen, it could give him an opportunity to escape.

Just as Lu Chen suspected, Lingxu Immortal Venerable and the others were worried about this. They had heard from Star River Immortal Venerable that the Profound Moon Hall Master seemed to possess an Immortal Body, with formidable strength, making it difficult to easily capture Lu Chen with her protection.

Meanwhile, in the Profound Moon Hall, after Lu Chen exhaled deeply, he abruptly withdrew without any warning.

Yun Yudie, who was in the midst of a heightened state, was momentarily startled, seeing that he was about to comprehend the Thunder Path and harness the power of thunder and lightning, and yet Lu Chen suddenly stopped his exercise and even directly rose.

Yun Yudie stared fixedly at the rising Lu Chen, "What happened?"

She trusted there was no way Lu Chen would rise if nothing was amiss. Moreover, this was merely one of Lu Chen's puppet bodies; he didn't need this puppet physical body for anything. It could remain here for her cultivation, yet he stood, indicating something had occurred, rendering their continuation unsuitable.

Lu Chen directly stated, "Star River Immortal Venerate's plan is commencing. They'll soon reach the Dragon Land, you should prepare."

Upon hearing Lu Chen's words, Yun Yudie instantly realized why Lu Chen hadn't given any forewarning, simply enjoying their time and then abruptly withdrawing. It turned out Wuya Immortal Venerable and others had arrived.

Their plan involved having her engage Star River Immortal Venerate and others for a delay while Lu Chen enticed Wuya Immortal Venerable to the pre-set array, ultimately sealing him.

Thus, Yun Yudie was poised to make a move shortly, but her involvement was merely to stall Star River Immortal Venerate and Taihua Immortal Venerable, crafting an appearance that Lu Chen was without protection.

At this moment, Yun Yudie asked, "After sealing Wuya Immortal Venerable, you truly don't intend for me to intervene?"

She had already surmised that once the strange creatures were sealed, Star River Immortal Venerate would turn on Lu Chen.

Although Yun Yudie knew Lu Chen held a special identity, and behind him stood a formidable Immortal Venerate, the three forces combined possess many Immortal

Venerables, making Lu Chen and Wan Xu Immortal Venerable no match against the three major forces.

Chapter 1898 - Capítulo 1898: 1588: So That Means, the Disciple Is Very Important to the Honored Master?

Capítulo 1898: Chapter 1588: So That Means, the Disciple Is Very Important to the Honored Master?

Hearing Yun Yudie's words, Lu Chen smiled slightly and then asked, "Is Honored Master worried about me?"

Seeing Lu Chen's smile, Yun Yudie's eyebrows furrowed slightly, her expression growing even colder. She always felt that Lu Chen's smile was somewhat sly.

Yun Yudie said expressionlessly, "Do not indulge in wishful thinking. You are merely a tool for my enhancement of strength. I am only worried that if something happens to you, I won't be able to comprehend other Great Daos and find my own path to the Emperor's road."

Lu Chen said, "So, does that mean that Disciple is very important to Honored Master?"

Yun Yudie's expression turned even colder. While such was the case, hearing Lu Chen say it out loud made her feel strange.

Seeing Yun Yudie remain silent, Lu Chen continued, "Rest assured, Honored Master, Disciple will be fine. After all, we haven't left a descendant yet. If something were to happen to me, wouldn't Honored Master end up all alone in the future?"

As soon as Lu Chen uttered these words, Yun Yudie shot him a cold glare, and the chill around her instantly permeated, freezing the couch and everything around it.

Immediately after, Yun Yudie rose from the bed. With a wave of her hand, a sky-blue gauzy robe appeared on her body, and she said coldly, "Stop fantasizing about unrealistic things. I will never breed offspring for you."

"All right, go do what you need to do."

As soon as she finished speaking, Yun Yudie's body vanished. Since Lu Chen didn't plan to let her help, she decided to keep an eye on the Mysterious Moon Palace. If those Immortal Venerables really came looking for trouble, she would just retreat to the Sunset Mountain Range.

Moreover, the one who died was merely a clone of Lu Chen. As long as this clone remained in the Mysterious Moon Palace, even if any danger arose, they could use Lu Chen's Transmission Array to leave the Dragon Land directly.

Currently, she wasn't worried about Lu Chen's safety; what concerned her was whether Lu Chen and the others could seal the bizarre creatures. While she didn't know much about these bizarre creatures, the last time the Mysterious Power appeared in the sky, she realized these creatures were not easy to deal with. Moreover, from the memories she obtained from Lu Chen, the bizarre creatures were immortal.

Dealing with immortal creatures makes the problem even more challenging.

The next moment, Yun Yudie's figure appeared at the edge of the Sunset Mountain Range. She didn't enter the range but instead found a place to monitor the situation, waiting for the arrival of Star River Immortal Venerate and the others.

As soon as Star River Immortal Venerate and his group appeared, she would immediately stall everyone except Wuya Immortal Venerable. If Wuya Immortal Venerable had something that concerned Lu Chen, then Wuya Immortal Venerable would certainly attack Lu Chen.

By then, if Lu Chen could lure Wuya Immortal Venerable into the Giant Stone Valley, then their plan would be half-successful.

Yun Yudie waited at the edge of the Sunset Mountain Range for about ten days and finally sensed three powerful auras rapidly approaching the Dragon Land.

In a cave dwelling, Yun Yudie opened her eyes. In the next moment, surrounded by cold air, her body floated up and appeared high in the sky.

A moment later, Star River Immortal Venerate and his two companions left the Sunset Mountain Range and entered the Dragon Land. Just after stepping out of the Sunset Mountain Range, they saw Yun Yudie high up in the sky.

The next moment, Yun Yudie's cold voice echoed in the sky.

“Three Daoists, the Dragon Land belongs to the Mysterious Moon Palace. If you wish to enter the Barbaric, please take a detour!”

Hearing this, Wuya Immortal Venerable slightly raised the corner of his mouth and sneered, “The Master of the Mysterious Moon Palace has a short memory; have you forgotten me so soon?”

Yun Yudie glanced at Wuya Immortal Venerable expressionlessly. She vaguely sensed a disturbing aura from Wuya Immortal Venerable.

However, aside from the sense of dread, she also found it somewhat familiar.

Yun Yudie furrowed her eyebrows slightly. What was going on?

Now was not the time to think about these things, so Yun Yudie immediately discarded those extra thoughts.

Yun Yudie coldly said, “Your Heavenly Splendor Hall truly thinks highly of the Mysterious Moon Palace, sending three Immortal Venerables at once.”

Star River Immortal Venerate said, “I am the Hall Master of Heavenly Splendor Hall. Master of the Mysterious Moon Palace, if you hand over Lu Chen’s main body, we will leave immediately and not step into the Barbaric.”

“But if you persist in your folly, then I can only test the power of your Immortal Body.”

Yun Yudie said nothing more, for her goal was merely to stall Star River Immortal Venerate and Taihua Immortal Venerable. Now all she needed to do was act, leaving the subsequent matters to Lu Chen, Qingyun Academy, and the Immortal Venerables of the Beast Alliance.

Instantly, a massive pressure emanated from Yun Yudie’s body. Following that, a gigantic moon appeared in the sky. As soon as the moon appeared, everything around was frozen, and a chilling aura permeated the air.

Seeing Yun Yudie using her Immortal Body right from the start, Star River Immortal Venerate looked solemnly at Taihua Immortal Venerable and Wuya Immortal Venerable and said, “Taihua, you and I need to find a way to hold off the Master of the Mysterious Moon Palace.”

“Wuya, you know what Lu Chen looks like. Go and bring him back, and make sure to confirm whether it’s his main body.”

Just as Wuya Immortal Venerable was about to say something, the sky suddenly darkened. Countless stars appeared in the sky, making the entire Dragon Land seem to be surrounded by a star river.

Simultaneously, a thousand-foot-tall Law Manifestation appeared behind Taihua Immortal Venerable. Seeing the two had already made a move, and Star River Immortal Venerate also activated the power of the Star Immortal Body, Wuya Immortal Venerable had nothing more to say. He simply said “Okay” before heading towards the Daqin Immortal Dynasty.

Yun Yudie gave a cold snort, and the moon behind her erupted with a surging immortal power, while an even more terrifying pressure descended from the heavens, pinning Wuya Immortal Venerable’s body in mid-air.

Star River Immortal Venerate furrowed his brow; was Yun Yudie overacting? Didn’t Lu Chen tell her she just needed to pretend to stall everyone but Wuya

Immortal Venerable? Yun Yudie actually held Wuya Immortal Venerable in place, so how were they supposed to lure him into the Sealing Array later?

Star River Immortal Venerate then activated the phenomenon in the sky, and in the next second, the vast Power of Stars emitted a might equal to that of the Moonlight Phenomenon. In just moments, the pressure on Wuya Immortal Venerable dissipated.

Wuya Immortal Venerable seized this moment, tearing open space and entering a spatial rift.

Soon, Wuya Immortal Venerable reached the Daqin Immortal Dynasty, releasing his Divine Thought, and in no time, he sensed Lu Chen's aura.

Lu Chen, without any hesitation, immediately fled towards the Giant Stone Valley. Wuya Immortal Venerable frowned. Trying to escape?

Not that easy!

Taking significant effort to have Star River Immortal Venerate hold Yun Yudie at bay, he absolutely could not let Lu Chen escape. As long as Lu Chen is killed and unable to grow, the day when the bizarre creatures are completely unsealed, the Tianyan Immortal Domain will become their haven.

With this thought, a wicked smile appeared on Wuya Immortal Venerable's face as his body emitted strands of black Deceitful Energy.

Having children earns benefit, start competing for dominance in the world by marrying a wife

Capítulo 1899: Chapter 1589: Where Do You Think You're Going?

Lu Chen's clone only had a Cultivation State of a Golden Immortal, so his escape speed wasn't fast. In just a moment, Wuya Immortal Venerable appeared in front of Lu Chen, blocking his path.

“Lu Chen, where do you think you're going?”

Seeing the black mysterious Immortal Aura emanating from Wuya Immortal Venerable, Lu Chen frowned deeply. That aura made him feel extremely uncomfortable, raising goosebumps all over, and also inexplicably instilling a sense of panic within him.

Lu Chen thought to himself, this aura didn't seem to be from the Tianyan Immortal Domain.

Lu Chen knew that with his current Cultivation State as a Golden Immortal, escaping to the Giant Stone Valley was impossible. Without any hesitation, he immediately used the Immortal King's Remain Curse.

The next moment, a vast aura was released from Lu Chen's body, yet Wuya Immortal Venerable remained indifferent.

At best, Lu Chen only had the strength of an Immortal King, while he was an Immortal Venerate. More importantly, the power he wielded was not from the Tianyan Immortal Domain.

Without any hesitation, Wuya Immortal Venerable turned his body into a blur, instantly charging toward Lu Chen. As long as he could kill Lu Chen, his mission would be completed.

Lu Chen didn't run. He wanted to know whether the Divine Light Thousand Lamp Scripture had any suppressive effect on the Mysterious Power. The next moment, Lu Chen used the Divine Light Thousand Lamp Scripture without hesitation.

In an instant, the entire sky was filled with red oil lamps, dyeing the sky in a crimson hue.

However, the light emitted by these lamps did not hinder the approach of Wuya Immortal Venerable.

Seeing that the Divine Light Thousand Lamp Scripture had no effect on Wuya Immortal Venerable, Lu Chen immediately took out the Immortal Slaying Sword and gathered immortal power into it before slashing out.

Green Fall Cyan Dragon Roar!!!

In the sky, a blood-colored giant dragon charged straight at Wuya Immortal Venerable. Wuya Immortal Venerable just glanced indifferently, the deceitful energy on him growing thicker. With a gentle wave of his hand, a huge handprint formed from deceitful energy appeared in the air.

When the Blood Dragon collided with the handprint, it immediately vanished.

Lu Chen frowned deeply. Although he now only possessed the strength of an Immortal King, he was using a Heaven Rank Immortal Artifact and also employed a Heaven Rank Immortal Law.

Under normal circumstances, he could exchange a few moves with an average Immortal Venerate. However, such a powerful strike was effortlessly blocked by Wuya Immortal Venerable.

Is this the strength of a Mysterious Creature?

Lu Chen vaguely smelled a rotting scent. It was extremely unpleasant, inducing nausea.

Lu Chen quickly realized it was the deceitful energy emanating from Wuya Immortal Venerable. Not knowing its effect on his body, Lu Chen hurriedly held his breath to prevent it from entering his body.

Lu Chen still did not run away; he hadn't exhausted all his moves yet. He wanted to test what methods Wuya Immortal Venerable possessed after being eroded by Mysterious Power.

Lu Chen then summoned the Immortal King Dharma Aspect. A colossal Golden Body Dharma Form appeared behind him as Lu Chen mobilized all his immortal power to cast a magic.

Nine-Turn Soul Forbidden Technique!!!

Waves of soul power emitted from Lu Chen's hands, rushing towards Wuya Immortal Venerable's brain.

To Lu Chen's surprise, Wuya Immortal Venerable remained completely unaffected. Lu Chen's expression became even more grim, as even Spiritual Techniques had no effect on the Mysterious Creature.

Wuya Immortal Venerable sneered, "Struggling on the brink of death!"

As he spoke, the deceitful energy around Wuya Immortal Venerable transformed into a gigantic Skull Scythe, as if crafted from the bones of a massive creature, exuding overwhelming Mysterious Power and oppressive pressure.

In the blink of an eye, Wuya Immortal Venerable appeared not far from Lu Chen, gripping the Skull Scythe and slashing directly at him.

Lu Chen sensed that if this dragged on any further, his body would be obliterated by Wuya Immortal Venerable. It was about time to head to the Giant Stone Valley, as dealing with a Mysterious Creature was proving extremely difficult.

The next moment, Lu Chen gathered the Power of Slaughter, converging all his immortal power and slashed out his sword once more.

A blood-colored giant dragon again charged at Wuya Immortal Venerable. Wuya Immortal Venerable smirked, showing complete disdain for Lu Chen's attack.

In an instant, as Wuya Immortal Venerable swung the Skull Scythe, the deceitful energy on the scythe made contact with the blood-colored giant dragon, which immediately collapsed.

However, when the Blood Dragon vanished, Wuya Immortal Venerable realized Lu Chen's figure was nowhere to be seen. With a frown, he immediately released a Divine Thought. Upon probing, Wuya Immortal Venerable discovered Lu Chen was rapidly heading towards the depths of the Barbaric Land, immediately pursuing him.

Lu Chen had just used the remaining immortal power from the Immortal King's Remain Curse to construct a Spirit Realm Crossing Array, transporting himself to a place near the Giant Stone Valley.

At this moment, Lu Chen stood atop a cliff, pondering whether Wuya Immortal Venerable would fall for the trap.

Six Immortal Venerates were hidden in the Giant Stone Valley. Even though they masked their aura with special methods, there was no guarantee that the Mysterious Creature lacked special sensing abilities. If Wuya Immortal Venerable detected the immense number of Immortal Venerates in the Giant Stone Valley, he might not venture there.

While Lu Chen was distracted, he suddenly felt a pang of unease. Shortly after, he sensed a powerful aura swiftly approaching his location. Lu Chen immediately realized Wuya Immortal Venerable was following him.

Without hesitation, Lu Chen dashed toward the Giant Stone Valley.

The Giant Stone Valley spanned a vast area with countless towering stone pillars. While they could hide one's physical form, this was not effective against an Immortal Venerate. Wuya Immortal Venerable, relying on Lu Chen's aura, immediately located Lu Chen's position.

The next moment, Wuya Immortal Venerable appeared in front of the stone pillar where Lu Chen was hiding. The deceitful energy around Wuya Immortal Venerable grew thicker, making one feel extremely uncomfortable. Covered in this deceitful energy, Lu Chen felt as if he were covered in grime.

Seeing that Lu Chen had stopped fleeing, Wuya Immortal Venerable sneered, "Looks like your immortal power is nearly depleted. Now, let's see where you can run!"

Expecting to see despair on Lu Chen's face, Wuya Immortal Venerable was surprised to see Lu Chen smiling up at him.

Wuya Immortal Venerable immediately sensed something was wrong. There seemed to be other Immortal Venerates' auras around. Before he could react, a gigantic blue Array Pattern appeared beneath him, followed by a voice calling from afar.

“All Heaven Star Array, activate!”

As the voice fell, a powerful force rapidly pulled Wuya Immortal Venerable down from the sky. The instant Wuya Immortal Venerable fell, a swarm of dust and collapsing stone pillars filled the Giant Stone Valley.

Next, several figures appeared in the sky, looking down at Wuya Immortal Venerable below.

As the dust cleared, Wuya Immortal Venerable’s figure was visible to all once again. The overwhelming force emanating from the giant blue Array Pattern pinned Wuya Immortal Venerable firmly into a large pit.

At this moment, Wuya Immortal Venerable was half-kneeling inside the pit, his body resisting the oppressive force of the All Heaven Star Array, while the deceitful energy from his body was continuously being released.

Wuya Immortal Venerable raised his head slightly, looking indifferently at the six Immortal Venerates in the sky. At this point, he naturally knew he had been tricked.

With an indifferent tone, he asked, "How did you see through it?"

Although he didn't recognize these Immortal Venerates, the fact that six of them appeared here simultaneously and immediately used a sealing formation proved that they most likely already knew he was a mysterious creature.

Lingxu Immortal Venerable spoke up at this moment, "There's no need to waste words with him, immediately seal him!"

Although they hadn't been able to draw out the mysterious Immortal Venerable behind Wuya, sealing at least one of them was worth it.

As Lingxu Immortal Venerable's voice faded, the Immortal Venerates simultaneously channeled their immortal power into the All Heaven Star Array. In the next moment, Wuya Immortal Venerable bore even more terrifying pressure, and beneath him, a black vortex appeared, pulling his body further in.

As Wuya Immortal Venerable was about to be fully engulfed by the black vortex, the mysterious power within him suddenly erupted, "What a bunch of ignorant blood meals!!!"

"A mere Heaven Rank Array trying to seal me? Pure delusion!"

With these words, a thousand-zhang tall Skull Dharma Form instantly appeared behind Wuya Immortal Venerable. The skeleton emitted a dense decay and death Qi, making anyone feel uneasy.

Immediately after, a bone scythe appeared in his hand, which he used with his mysterious power to cleave towards the array pattern in the sky.

At the moment the bone scythe clashed with the array pattern, a violent explosion ensued, causing the expressions of Lingxu Immortal Venerable and the others to change dramatically. While maintaining the All Heaven Star Array, they could distinctly sense the terrifying power behind Wuya Immortal Venerable's scythe swing.

Lingxu Immortal Venerable quickly reminded the other Immortal Venerates, "Give it your all!"

Subsequently, all six Immortal Venerates channeled their full immortal power and vigorously activated the All Heaven Star Array.

In the next instant, the black vortex beneath Wuya Immortal Venerable's feet grew larger, and its pull intensified, yet his expression remained unchanged, as if he was unconcerned about being sealed.

This left Lingxu Immortal Venerable and the others with a faint sense of unease, as they always suspected there was another mysterious Immortal Venerable behind Wuya, who had not yet revealed themselves.

Lingxu Immortal Venerable and the others were most worried about this mysterious Immortal Venerable suddenly appearing. Sealing Wuya alone already proved challenging. If another mysterious Immortal Venerable appeared, the All Heaven Star Array might be broken.

The six released their Divine Sense, constantly monitoring the surroundings of the Giant Stone Valley.

However, what they feared did not happen, and after a long while, no other mysterious Immortal Venerate appeared.

But now they had another headache: as time passed, Wuya continued to frantically swing the bone scythe, persistently attacking the array barrier, while the black vortex below seemed unable to pull him in.

Seeing that the sealing formation used by Lingxu Immortal Venerable and the others could not seal Wuya, Lu Chen was not surprised. When he received the

system reward of the Chaos Spirit Ruins Sealing Heaven Array, he realized it was specifically designed for mysterious beings.

If any array could seal a mysterious creature, they wouldn't be anything to fear, nor would it make his heart race.

The current situation was that Wuya couldn't break the array barrier to escape, and Lingxu Immortal Venerable and the others couldn't forcibly seal him. They could only continuously channel immortal power into the formation to maintain its existence.

If Lingxu Immortal Venerable and others relaxed even a bit now, Wuya could break the array.

In the current situation, barring unforeseen circumstances, with the power within the Immortal Venerates, delaying it for years wouldn't be a problem.

However, they soon realized another problem: the deceitful energy emitted by Wuya permeated the entire Giant Stone Valley and stained Lingxu Immortal Venerable and the others.

Once touched by the deceitful energy, they immediately felt a force impacting their Divine Soul, and their vitality was visibly draining faster.

Lu Chen also sensed the terror of the deceitful energy, which was actually devouring one's life force.

Lingxu Immortal Venerable hastily said to Lu Chen, "Lu Chen, quickly find help!"

They feared that if this continued, the deceitful energy might convert them into mysterious creatures.

Upon hearing Lingxu Immortal Venerable's words, Lu Chen was about to leave when Wuya, inside the barrier, enticingly said, "Everyone, your time is running out. Why not join the Deceit Realm and become one of us? This way, you can live eternally!"

Lingxu Immortal Venerable coldly retorted, "Demon, stop spreading your lies!"

Wuya ignored Lingxu's rebuke, continuing to swing the bone scythe while enticing, "Join us, and not only will you live eternally, but you can also have whatever you want and escape this prison to explore the outside world!"

Hearing Wuya's words, Lu Chen thought that these mysterious beings indeed came from other worlds, just as he suspected, that outside the Tianyan Immortal Domain, there was a larger world.

At this moment, Lingxu Immortal Venerable and the others felt their minds being attacked more violently, and they couldn't help but think that after their Life Dao had issues, their end would soon come. If that day came, perhaps becoming mysterious creatures wasn't so bad. After all, mysterious beings, although considered dead, could exist indefinitely.

When this thought appeared in their minds, Lingxu Immortal Venerable instantly snapped out of it. With a loud shout, he exclaimed, "Calming Incantation!!!"

The next moment, the Power of Language from Lingxu Immortal Venerable transformed into countless words of golden light, encapsulating all the Immortal Venerates present, instantly bringing them back to their senses.

Coming to their senses, they immediately felt a chill down their spines. Without the Calming Incantation, who knows what rash actions they might have taken?

Seeing that Lu Chen hadn't left, Lingxu Immortal Venerable's brow furrowed deeply, fearing Lu Chen's mind had been swayed by the deceitful energy.

"Lu Chen! Leave now!"

As he spoke, Lingxu Immortal Venerable channeled the Power of Language, trying to clear Lu Chen's mind.

However, Lu Chen suddenly spoke up, "I have a formation more suitable for sealing him."

Upon hearing this, Immortal Venerable Cang Ya chuckled and said, "Even with the All Heaven Star Array, such a Heavenly Array struggling to seal him, what good sealing formation could you possibly have?"

"Moreover, formations need to be set up in advance. Quickly go and bring Star River Immortal Venerate and the others!"
