Capítulo 1901: Chapter 1591: When My Lord Descends, You Will All Become Blood Food!

Upon hearing Immortal Venerable Cang Ya's rebuke, Lu Chen still did not leave.

He couldn't be bothered to argue with Immortal Venerable Cang Ya and the others. He could sense that this deceitful energy was constantly eroding one's vitality. If this deceitful energy continued to spread, reaching the Daqin Immortal Dynasty or the Mysterious Moon Palace, no one could tell how many people would die or become strange creatures.

Therefore, Wuya Immortal Venerable must be sealed, even if it meant exposing the Holy Tier Array in his possession.

Besides, activating a Holy Tier Array required a massive consumption of immortal power. With his current strength, he simply couldn't activate the Chaos Spirit Ruins Sealing Heaven Array.

But with the addition of Lingxu Immortal Venerable and the six other Immortal Venerables, it would be more than enough to activate this formation.

At this moment, Lu Chen began inscribing the array patterns without hesitation. A Holy Tier Array was vastly different from a regular array; it didn't require special items, only the ability to inscribe the array patterns and then use immense immortal power to activate them.

Of course, not just anyone could inscribe these array patterns. Only those with exceptionally strong Divine Soul and spiritual power could do so.

As the array patterns of the Chaos Spirit Ruins Sealing Heaven Array continued to emerge before Lu Chen, an oppressive force of the Holy Tier Array began to faintly appear.

Feeling the oppressive force generated by the array patterns before Lu Chen, Lingxu Immortal Venerable and the others were momentarily stunned. Although they'd never seen a Holy Tier Array before, the oppressive force generated by these patterns, even before completion, already proved that the formation Lu Chen intended to construct was no ordinary array.

Could it be that Lu Chen really possessed an array that could seal Wuya Immortal Venerable?

Soon enough, they reacted; indeed, Lu Chen emerged from the Chaotic Sea, and they always believed he had numerous opportunities. Thus, it wasn't impossible for Lu Chen to have an array capable of sealing strange creatures.

But, based on the oppressive force emitted by this formation, it was definitely not an ordinary Heaven Rank array. If it weren't a Heaven Rank array, then it proved to be a Holy Tier Array.

At the thought that Lu Chen actually possessed a Holy Tier Array, nearly every Immortal Venerable's eyes lit up, except for Wuya Immortal Venerable, whose face turned dark. He desperately unleashed deceitful energy, continuously assaulting the All Heaven Star Array in an attempt to escape.

At this moment, Lu Chen realized that the immortal power within him was being rapidly drained. In just a moment, the power of the Immortal King's Remain Curse would be exhausted. Lu Chen hurriedly said to Lingxu Immortal Venerable and the others, "I don't have enough power; quickly lend me yours!"

They awoke as if from a dream, and Lingxu Immortal Venerable immediately said to the other Immortal Venerables, "You all maintain the great array; I'll assist Lu Chen in constructing the formation!"

As he finished speaking, Lingxu Immortal Venerable stepped away and rushed to Lu Chen's side, then began transferring his immortal power to Lu Chen.

With Lingxu Immortal Venerable's immortal power, Lu Chen's speed in inscribing the array patterns increased dramatically. Soon, another black array pattern appeared above the All Heaven Star Array, and its pattern continued to expand.

It seemed that Wuya Immortal Venerable sensed the danger. He fully released his deceitful energy; in the next moment, his entire body decomposed rapidly, flesh melting away until he looked like a long-dead corpse, utterly revolting.

Wuya Immortal Venerable's deceitful energy converged onto the bone scythe, then he swung it once more. With this strike, a giant fissure appeared instantly on the array barrier entrapping him.

Witnessing this scene, Immortal Venerable Cang Ya's expression dramatically changed, and he quickly said to Lu Chen, "Are you done yet? We can't hold on much longer!"

Lu Chen did not respond; he continued inscribing the array patterns with concentration.

Now, Wuya Immortal Venerable became even more frenzied, wielding the bone scythe relentlessly against the fissure in the array barrier, attempting to break free.

Perhaps realizing he was about to be sealed, Wuya Immortal Venerable's face contorted as he shouted, "When my master arrives, you'll all become blood feasts! Enjoy your last moments, struggling in despair!!! Hahahahaha!!!"

Upon hearing Wuya Immortal Venerable's words, Lu Chen frowned deeply.
Master?

Could there be a strange creature of Immortal Emperor caliber?

Wuya Immortal Venerable was already an Immortal Venerable, so his master would likely be an Immortal Emperor?

At the thought of this possibility, Lu Chen's heart grew even more anxious.

He quickly steadied his mind; now wasn't the time to ponder this. First, he had to seal Wuya Immortal Venerable.

Just as the seal of the All Heaven Star Array grew larger, a more terrifying oppressive force suddenly emerged. In an instant, the All Heaven Star Array shattered, and Wuya Immortal Venerable thought he could escape.

However, in the next moment, that new oppressive force pinned Wuya Immortal Venerable to the ground, unable to move.

Seeing the might of the Chaos Spirit Ruins Sealing Heaven Array, Lingxu Immortal Venerable was almost certain this was indeed a Holy Tier Array. Contemplating, Lingxu Immortal Venerable thought Lu Chen must have obtained considerable opportunities in the Chaotic Sea.

He could even bring out a Holy Tier Array, perhaps indeed possessing the chance to become an Emperor. At this thought, Lingxu Immortal Venerable's heart filled with excitement.

However, as he was distracted, a terrifying suction suddenly hit. The immortal power from his body poured into the Chaos Spirit Ruins Sealing Heaven Array, and in just a moment, his immortal power drained significantly.

Lingxu Immortal Venerable's face changed dramatically, and he hurriedly said to the other Immortal Venerables, "Quickly infuse your immortal power into this formation; I can't hold on much longer."

Upon Lingxu Immortal Venerable's words, the other Immortal Venerables immediately infused their immortal power into the Chaos Spirit Ruins Sealing Heaven Array. As it absorbed more immortal power, the oppressive force it emitted grew increasingly terrifying.

And at this point, Wuya Immortal Venerable had been thoroughly suppressed, even his Skull Dharma Form immobilized.

Wuya Immortal Venerable roared, “Lu... Chen!!! My master... will avenge me!!!”

No sooner had Wuya Immortal Venerable finished speaking than a black vortex appeared beneath his feet. Unlike the All Heaven Star Array, this vortex instantly swallowed him completely.

Subsequently, the array patterns in the sky constricted rapidly, shrinking to only twenty zhang, then descended to the ground. As they landed, the surrounding deceitful energy was entirely drawn into the black vortex, quickly restoring peace to Giant Stone Valley.

Seeing how easily Wuya Immortal Venerable was sealed, the group of Immortal Venerables seemed momentarily unable to process it. After a moment, they refocused and stared at Lu Chen.

Now that Wuya Immortal Venerable was sealed, it was time to proceed with the second task.

If they obtained Lu Chen’s sealing array just now, they would have a trump card against strange creatures in the future.

And most importantly, since Lu Chen even possessed a Holy Tier Array, he might have even better treasures.

Immortal Venerable Wuya smiled at Lu Chen and said, “Lu Chen, if I’m not mistaken, this should be a Holy Tier Array, right?”

Chapter 1902: Chapter 1592: Lu Chen’s Main Body Must Be Hidden Somewhere Else!

Seeing all the Immortal Venerates staring intently at him, a hint of greed in their eyes, Lu Chen showed no sign of panic on his face. He calmly responded, “Indeed, it’s a Holy Tier Formation.”

Lingxu Immortal Venerate continued, “I am curious, where did you get this Holy Tier Formation from?”

At this moment, Immortal Venerate Cang Ya could not wait any longer. Seeing Lingxu Immortal Venerate still rambling, he unhesitatingly released his Immortal Venerate aura, sealing the entire space, then said, “Why bother saying so much useless talk? Just perform a Soul Search on him, and we’ll know where his Holy Tier Formation came from!”

Seeing that Immortal Venerate Cang Ya was too lazy to even pretend, Lu Chen chuckled and said, “I just helped you seal a strange creature, and now you’re thinking of performing a Soul Search on me?”

“Is this what you call ‘killing the donkey after it has done the hard work’?”

Immortal Venerate Cang Ya laughed revealing his fangs and said, “So what if it’s ‘killing the donkey after it has done the hard work’? This world is all about the survival of the fittest. If you willingly hand over the opportunities you obtained from the Chaotic Sea, maybe we can spare your life.”

Lu Chen said, “Since you think there are many opportunities in the Chaotic Sea, why not simply enter the Chaotic Sea yourself and see?”

Immortal Venerate Cang Ya snorted coldly and said, “Since you refuse to hand them over, then you may die.”

As soon as he finished speaking, Immortal Venerate Cang Ya directly mobilized his immortal power, and a huge beastly claw appeared in the sky, grabbing toward Lu Chen. The pressure emitted by the beast claw made Lu Chen completely immobile.

At this moment, Lu Chen had already exhausted the power of the Immortal King's Remain Curse. His current body only had a Golden Immortal Realm level, and facing six Immortal Venerates, naturally, he had no means of resistance.

Soon, Lu Chen was captured by the beast claw from the void. Just as Immortal Venerate Cang Ya was about to perform a Soul Search on Lu Chen, a voice came from afar, "You dare to perform a Soul Search on Lu Chen without waiting for me; is it because you want to divide the opportunities on Lu Chen, abandoning Heavenly Splendor Hall?"

As soon as this voice fell, Star River Immortal Venerate appeared above Giant Stone Valley. Seeing Star River Immortal Venerate arrive so quickly, Lingxu Immortal Venerate and Immortal Venerate Cang Ya slightly frowned.

Truth be told, they really intended to divide the opportunities from Lu Chen while Star River Immortal Venerate was not present, then leave directly.

After all, as long as they denied having obtained any opportunities from Lu Chen, Star River Immortal Venerate would be powerless against them.

However, they didn't expect Star River Immortal Venerate to arrive so quickly.

Now that Star River Immortal Venerate had arrived, their plans were naturally thwarted.

Seeing Star River Immortal Venerate, Lu Chen coldly said, “Star River Hall Master, what do you mean by this?”

“Are you also planning to perform a Soul Search on me like them?”

“If I recall correctly, I have shown you my memories of the Chaotic Sea; you should know that I didn’t obtain any opportunities from it.”

Star River Immortal Venerate said, “Indeed, I have seen your memories. But memories can be falsified. Besides, the memories you’ve shown me were incomplete, so I am very curious about what you are hiding.”

“Since you refuse to disclose all your memories, I have no choice but to perform a Soul Search myself.”

Lu Chen continued, “I am currently a disciple of the Mysterious Moon Palace, and a Direct Disciple of a Peak Master no less. Aren’t you afraid of angering the Mysterious Moon Palace by acting against me and sparking a war in the Immortal Domain?”

Star River Immortal Venerate dismissively said, “No one else will know about what happens here. Even if someone finds out, given that it’s the three Super

Forces who did it, the Mysterious Moon Palace would not wage war against all three over you, so you can rest assured and die.”

Saying this, Star River Immortal Venerate was prepared to take action against Lu Chen.

Lu Chen chuckled lightly, “If you want to perform a Soul Search on me, then feel free to try.”

As he spoke, the immortal power throughout Lu Chen’s body suddenly contracted and concentrated in his Dantian. Feeling the flow of immortal power from Lu Chen and seeing Lu Chen’s flushed face, the Immortal Venerates present immediately realized something was off.

Star River Immortal Venerate’s expression changed slightly, “Not good, he’s going to self-destruct!”

The next moment, Lu Chen’s body exploded loudly. However, Lu Chen only had a Golden Immortal Cultivation State, so his explosion did not cause much harm to the Immortal Venerates present.

Nevertheless, Lu Chen’s sudden explosion left the Immortal Venerates very discomforted. They were just about to perform a Soul Search on Lu Chen and discover what opportunities he possessed, but Lu Chen self-destructed, and the opportunity was gone forever.

At this moment, Star River Immortal Venerate said with a dark expression, “This was definitely not Lu Chen’s Main Body; his Main Body must be hidden elsewhere.”

Hearing Star River Immortal Venerate’s words, the Immortal Venerates snapped back to their senses. Lu Chen self-destructed so decisively, without even begging for mercy.

Anyone would have the desire to live; they couldn’t believe someone like Lu Chen, who had emerged from the Chaotic Sea, would be so careless with his own life.

Star River Immortal Venerate continued, “The relationship between Xuan Yue and Lu Chen is not ordinary. If we capture Xuan Yue, perhaps we can force out the location of Lu Chen’s Main Body.”

Hearing this, Immortal Venerate Cang Ya immediately said, “Then stop wasting time. Quickly find Xuan Yue, if she escapes, it will be very difficult for us to capture Lu Chen again.”

Star River Immortal Venerate then said, “Follow me!”

Upon saying this, Star River Immortal Venerate led the Immortal Venerates to the Mysterious Moon Palace. Soon, they reached the Sunset Mountain Range, where

Taihua Immortal Venerable was still facing off against Yun Yudie, although neither had made another move.

Since Star River Immortal Venerate had left, Taihua Immortal Venerable and Yun Yudie had ceased fighting and merely continued their standoff in the sky.

Seeing Star River Immortal Venerate return with a group of Immortal Venerates, Yun Yudie's brows furrowed slightly.

At this moment, Taihua Immortal Venerable looked confusedly at the Immortal Venerates behind Star River Immortal Venerate. Taihua Immortal Venerable was unaware that the reason for coming to the Barbaric region was to seal strange creatures. Seeing so many Immortal Venerates appear at once, he was very curious about where they had all come from.

Taihua Immortal Venerable took a step toward Star River Immortal Venerate, "Hall Master, what's going on? Where is Wuya?"

Star River Immortal Venerate said indifferently, "We will discuss this later."

Then, Star River Immortal Venerate turned his gaze to Yun Yudie in the distance, directly saying, "Xuan Yue, you should know where Lu Chen's Main Body is, right?"

“Please tell us the location of Lu Chen’s Main Body!”

Hearing these words, Yun Yudie knew for sure that they had acted against Lu Chen. She glanced at the eight Immortal Venerates present, and in the next moment, a giant full moon appeared behind her.

Seeing Yun Yudie directly activate the power of her Immortal Body, Star River Immortal Venerate said, “I admit you are very strong, but we currently have eight Immortal Venerates. How much chance of success do you think you have?”

Yun Yudie said indifferently, “I have heard from Lu Chen that many strange creatures are sealed in the Sunset Mountain Range. I have never seen a strange creature in my life, so I’m curious about what they look like. Why not release them and have a look?”

Upon Yun Yudie’s words, the minds of the Immortal Venerates went blank, each staring intently at Yun Yudie, fearing she would take further action.

Having children earns benefit, start competing for dominance in the world by marrying a wife

Immortal Venerable Cang Ya angrily reprimanded at this moment, "Are you crazy! If you want to die, don't drag us down with you!"

If all the mysterious creatures of the Sunset Mountain Range were released, it would be a disaster for the entire world. They barely managed to seal just one mysterious creature just now, and if it weren't for the Holy Rank Formation provided by Lu Chen, they probably wouldn't have been able to seal Wuya Immortal Venerable just now.

If all the mysterious creatures were released, it would be uncertain if they could even leave the Barbaric region, let alone re-seal them.

At this time, the brows of Star River Immortal Venerate were furrowed into the shape of a "川" character. He finally understood why Yun Yudie had been guarding beside the Sunset Mountain Range all along. She had planned her retreat from the start, using the sealing of the Sunset Mountain Range as leverage against them if they dared to attack Lu Chen or Mysterious Moon Palace.

No one present dared to wager whether Yun Yudie would actually do such a thing. Who could know if Yun Yudie was that kind of madwoman?

If Yun Yudie deemed herself doomed today, she might choose to take them down with her and self-destruct the sealing of the Sunset Mountain Range. What then?

At this moment, the Immortal Venerates present looked at each other in uncertainty, unsure of what to do, leaving both sides in a tense stalemate in the air.

After an indefinite period of time, Star River Immortal Venerate showed a slight smile and said, "Master of Mysterious Moon Palace, there's no need to be so nervous. We simply want to talk to Lu Chen about the matter concerning the mysterious creatures."

Lingxu Immortal Venerate also said from the side, "Star River Immortal Venerate is right. Just now, it was thanks to Lu Chen's Holy Rank Sealing Formation that we could seal the mysterious creature. However, since Lu Chen's clone was unfortunately killed by the mysterious creature, we wanted to ask you where Lu Chen might be located now?"

"Lu Chen's Holy Rank Formation is extremely useful for sealing mysterious creatures. We hope that, for the sake of the common people, he can share the Holy Rank Formation with the major powers."

Upon hearing Lingxu Immortal Venerate's words, Star River Immortal Venerate paused in surprise. Since he had arrived at the Giant Stone Valley later, he didn't know what had happened there until he heard Lingxu Immortal Venerate mention it which made him realize.

Was it actually Lu Chen's contribution in sealing Wuya Immortal Venerable?

Now it made sense why Lingxu Immortal Venerate and Immortal Venerable Cang Ya were so eager to perform a soul search on Lu Chen—after all, Lu Chen had already revealed the Holy Rank Formation, proving that he had received quite a few opportunities in the Chaotic Sea.

But now that didn't matter anymore, as Yun Yudie had directly activated her Immortal Body. If they really acted against Yun Yudie, with her power, she could certainly break some of the seals within the Sunset Mountain Range.

If several mysterious Immortal Venerates were released, they might all end up stuck in the Barbaric region today.

Yun Yudie said expressionlessly at this moment, "Lu Chen is not in the Barbaric region, as for his whereabouts, you will have to find out for yourselves."

The crowd, of course, did not believe Yun Yudie's words, but they did not dare to press Yun Yudie for answers. Lingxu Immortal Venerate transmitted a message to Star River Immortal Venerate, saying, "Master of Star River Hall, do you have any ideas?"

Star River Immortal Venerate transmitted back, "There's no telling whether she will truly break the seals of the Sunset Mountain Range. We cannot take this risk. We should leave the Barbaric region first and then send people to find Lu Chen's main body."

Threatening Yun Yudie was clearly not an option anymore, given that Mysterious Moon Palace was right next to the Sunset Mountain Range.

Although they were very interested in the opportunities Lu Chen possessed, they valued their own lives more. They wouldn't want to lose their lives over these opportunities. After all, to survive and become Immortal Venerates, they've each been quite cunning.

Star River Immortal Venerate said directly to Yun Yudie, "Since Master of Mysterious Moon Palace has said so, we will not disturb further. However, we do hope that when you see Lu Chen, you can tell him to share what opportunities he's found in the Chaotic Sea to counter the mysterious creatures, out of concern for the common people—since with only your power, you won't be able to withstand the strange army."

Yun Yudie merely looked coldly at the Immortal Venerates before her, staying silent, her body emanating icy Qi that seemed ready at any moment to destroy the seals within the Sunset Mountain Range.

The group, including Star River Immortal Venerate, did not linger any longer. Seeing that they couldn't extract any information about Lu Chen's main body from Yun Yudie, they left the Barbaric region.

On the way back, Star River Immortal Venerate had a dark expression as he said to Lingxu Immortal Venerate and others, "Lingxu Immortal Venerate, Immortal Venerable Cang Ya, wasn't it a bit dishonorable for you to not inform me when Lu Chen brought out the Holy Rank Formation?"

Hearing this, Lingxu Immortal Venerate chuckled and said, "We were rushing to find Master of Mysterious Moon Palace; we didn't have time to tell you."

Star River Immortal Venerate continued with a gloomy face, "If I hadn't gone to Giant Stone Valley earlier, would you have taken the opportunities for yourselves and not informed Heavenly Splendor Hall?"

Lingxu Immortal Venerate said, "Master of Star River Hall, you're overthinking. We are allies after all. How could we have such thoughts?"

"And there's no point discussing this now. Let's focus on finding Lu Chen."

Immortal Venerable Cang Ya said, "I think Lu Chen's main body must still be in Mysterious Moon Palace. He is now a disciple of Mysterious Moon Palace and a direct disciple of a Peak Master. Why would he leave the safety of Mysterious Moon Palace for a barren place like the Barbaric region?"

Hearing Immortal Venerable Cang Ya's reasoning, both Star River Immortal Venerate and Lingxu Immortal Venerate found it sensible.

Star River Immortal Venerate said, "Lu Chen must have guessed from the beginning that we would act against him after sealing the mysterious creatures."

"Now that we've failed, it will be difficult to capture Lu Chen in the future. He will likely stay hidden within Mysterious Moon Palace and never come out. We need to find a way to force Mysterious Moon Palace to hand over Lu Chen."

Immortal Venerable Cang Ya said, "I will advise our Alliance Hierarch to go to war with Mysterious Moon Palace. Lu Chen was able to bring out the Holy Rank Formation, which suggests he has more significant opportunities, possibly even the chance to become an Emperor."

"So many Immortal Emperors entered the Chaotic Sea and never returned; there are countless treasures left by Immortal Emperors in the Chaotic Sea. If Lu Chen could obtain a Holy Rank Formation, it proves he might have come in contact with an Immortal Emperor's tomb or relics."

"So many valuable things can't be enjoyed solely by Mysterious Moon Palace. Besides, we need that Holy Rank Formation to seal the mysterious creatures ourselves."

Upon hearing these words from Immortal Venerable Cang Ya, Lingxu Immortal Venerate fell into contemplation, considering whether to convince the headmaster to launch an attack on Mysterious Moon Palace and exert pressure on them.

But given the current circumstances, their headmaster would likely be more inclined to avoid initiating conflict. Lately, their headmaster even sent people to

the Northern Domain to negotiate with the Demon Emperor to counter potentially emerging mysterious disasters, showcasing his stance on war.

However, truth be told, no one does not desire the opportunity to become an Emperor, especially for those of them stuck at the Immortal Venerable Realm for countless eons.

At this moment, Star River Immortal Venerate said, "In that case, our three major powers should pressure Mysterious Moon Palace to hand over the opportunities Lu Chen gained, using the pretext of countering the mysterious disasters."

After saying this, Star River Immortal Venerate glanced at Lingxu Immortal Venerate. "Lingxu Immortal Venerate, what is the stance of your Qingyun Academy?"

Lingxu Immortal Venerate, snapping back to reality, said, "Alright, I will prepare for launching a war of the Immortal Sects once I return."

Chapter 1904: Chapter 1594: What Do You Plan to Offer in Exchange?

Under normal circumstances, when the Tianyan Immortal Domain faces a major crisis, the various forces would not easily start a war, as war would deplete their own strength. Even if the war is won in the end, they might be unable to cope with the next crisis due to the damage to their foundations.

But after knowing that Lu Chen possessed a Holy Tier Array capable of sealing bizarre creatures, the intentions of the Star River Immortal Venerate and the others changed somewhat.

Lu Chen being able to acquire a Holy Tier Array means he might have indeed encountered the tomb or relics of an Immortal Emperor in the Chaotic Sea, which could mean he obtained opportunities to become an Emperor.

Moreover, even if Lu Chen didn't gain opportunities to become an Emperor, he has something that can deal with bizarre creatures. This alone gives them a reason to put pressure on the Mysterious Moon Palace.

Of course, what matters most is that the three Overlord Level forces have now come together. Currently, the Northern Domain's Overlord Level force, Azure Dragon Hall, is unable to help itself, having been driven to the Barbaric by the Demon Emperor. There are no Super Forces emerging from the Barbaric. Now, their three forces united can make any force in the Tianyan Immortal Domain wary, including the Mysterious Moon Palace.

The Star River Immortal Venerate and the others believe that as long as they show signs of wanting to provoke a war, the Mysterious Moon Palace is likely to be pressured to share the opportunities Lu Chen acquired.

Meanwhile.

Mysterious Moon Palace.

Upon noticing that the Star River Immortal Venerate and the others had left the Barbaric, Yun Yudie returned to the Mysterious Moon Palace with peace of mind.

When she returned to her chamber, Lu Chen's clone was still inside and hadn't left. Seeing Lu Chen's clone, Yun Yudie directly asked, "Did they make a move on you?"

Lu Chen answered, "Yeah, they still think I got a lot of opportunities from the Chaotic Sea."

Yun Yudie said blandly, "They say you helped seal bizarre creatures. It seems you do have quite a few opportunities."

Lu Chen smiled and asked, "Do you want those opportunities too?"

Yun Yudie replied with a blank expression, "I'm not interested in those things."

Lu Chen said, "Indeed, for you, I am your greatest opportunity."

Upon hearing this, Yun Yudie slightly raised her eyebrows and gave Lu Chen a cold glance.

Though Yun Yudie was clear in her heart that Lu Chen was indeed telling the truth, for her, Lu Chen was indeed the greatest opportunity.

Yun Yudie continued, "They didn't get what they wanted from you and will keep troubling you."

Lu Chen walked to the side of Yun Yudie's sofa, then sat down and lay on Yun Yudie's fragrant sofa, saying indifferently, "It doesn't matter. When I grow stronger in the future, I'll personally go for revenge."

Yun Yudie slowly walked toward the sofa, asking as she walked, "Do you possess an array capable of sealing bizarre creatures?"

Lu Chen said, “Yes.”

Yun Yudie said, “Can you give it to me?”

The Mysterious Moon Palace is right next to the Sunset Mountain Range. If she didn't have some means to deal with bizarre creatures, Yun Yudie would be uneasy.

Though Lu Chen could always leave a clone at the Mysterious Moon Palace, if bizarre creatures truly broke through the seal, there would still be Lu Chen to help. But having a weapon in one's own hands feels completely different from someone else's hands. What if something happened to Lu Chen someday, and when bizarre creatures invaded, what would they do?

Lu Chen lay on the sofa, propping his face with one hand, smiling at Yun Yudie, “That's a Holy Tier Array. What will you exchange for it?”

Hearing this, Yun Yudie was taken aback for a moment.

Exchange?

She had given him everything already; she likely had nothing else that would interest him.

Moreover, with all the opportunities Lu Chen got from the Chaotic Sea, he wouldn't be interested in her Immortal Artifacts or Immortal Law.

At this moment, Yun Yudie realized that she seemed to have no bargaining chips left in front of Lu Chen, or wait, maybe not quite...

Yun Yudie suddenly thought of something, her expression turning icily indifferent. Seeing Lu Chen's eyes fixed on her abdomen, Yun Yudie immediately guessed Lu Chen's current intentions.

Yun Yudie said coldly, "If you're unwilling to give it, let it be."

Yun Yudie wasn't stupid. The only chip she might have left to offer Lu Chen was probably having a child with him.

But that was impossible.

She didn't want to become a birthing tool for this bastard.

Seeing how readily Yun Yudie gave up, Lu Chen knew she thought he was demanding having a child as the condition. In reality, he was just casually saying it and wasn't really planning to make Yun Yudie exchange for anything.

He originally planned to give the Chaos Spirit Ruins Sealing Heaven Array to Yun Yudie. The Mysterious Moon Palace and Great Qin Immortal Dynasty were next to the Sunset Mountain Range. If someday bizarre creatures from the Sunset Mountain Range broke through the seal, they would likely be the first to suffer the impact. So they must be ready.

Yun Yudie is an Immortal Venerate. Giving her the Chaos Spirit Ruins Sealing Heaven Array can maximize its effect.

Lu Chen then asked, "Do you really not want that Holy Tier Array?"

"No one can say when those bizarre creatures might break through the seal and invade the Tianyan Immortal Domain again. With this array, at least there would be some resistance against bizarre creatures in the future. You should know, those bizarre creatures might be immortal, and ordinary attacks have no effect on them."

Hearing Lu Chen's words, Yun Yudie coldly stared at Lu Chen and said, "You think I don't know? You want to exchange it for making me bear children for you."

Lu Chen chuckled and said, "I never had such an idea."

Yun Yudie was momentarily stunned, then a look of suspicion immediately appeared on her face. She didn't believe Lu Chen had no such intention, as he was staring at her body just now. Not having such an idea was strange.

Lu Chen continued, "How about this? You owe me a promise for now, and in the future, you'll do something for me. Of course, it's definitely not having children, and it will be something you can do."

Hearing this, Yun Yudie pondered for a moment, then looked warily at Lu Chen and asked, "What do you want to do?"

She always felt Lu Chen had bad intentions, digging a pit for her. If she agreed to Lu Chen, who knows what bad deeds he might ask her to do in the future.

Lu Chen said, "I haven't thought of anything for now; just owe it for the time being."

Yun Yudie thought for a moment. As long as it wasn't having children, other things weren't unacceptable. Besides, if Lu Chen later asked something that crossed her bottom line, she could simply say she couldn't do it.

Thinking of this, Yun Yudie said, "Alright."

Seeing Yun Yudie agreed, Lu Chen said, “Okay, come over here, let me convey the contents of the array to you.”

Seeing the faint smile at the corner of Lu Chen’s mouth, how could Yun Yudie not understand what Lu Chen meant? However, she didn’t mind too much, as it was just an exchange of interests after all.

He enjoys his side of the bargain, as long as she gets benefits, it doesn’t matter.

Northern Domain, Nine Heavens Institute.

Heavenly Mechanism Palace.

Xuan Qingyun was dressed in a purple brocade long dress, sitting on the phoenix throne crafted from countless purple Immortal Crystals at the high platform of the palace.

She coldly glanced at the Immortal Venerates in the hall. As her gaze swept over them, the Immortal Venerates in the hall immediately broke out in cold sweat, their bodies trembling slightly.

The atmosphere in the hall was extremely oppressive, so stifling that people didn't dare to breathe. Everyone was waiting for Xuan Qingyun to speak.

After an unknown period, Xuan Qingyun finally spoke in an indifferent, emotionless voice: "You Immortal Sects really have a poor memory. You just formed a coalition to attack the Nine Heavens Institute, and now, not long after, you're coming to form an alliance with me."

"What, do you think that I'm someone who is easy to talk to?"

Hearing Xuan Qingyun's words, the Immortal Venerates present broke into a cold sweat, the beads of sweat dripping down their foreheads. The oppressive aura released by Xuan Qingyun made it hard for them to breathe, and they seriously doubted that Xuan Qingyun had already regained her Immortal Emperor Cultivation.

They were now afraid that Xuan Qingyun might suddenly take action against them. If she did, they'd have no power to resist.

This was the headquarters of the Nine Heavens Institute. Whether or not Xuan Qingyun had regained her Immortal Emperor Cultivation, the Immortal Venerate Level Heavenly Demons alone were enough to massacre them.

At this moment, the Immortal Venerate of Qingyun Academy forced himself to speak up: "Senior, the mysterious beings are immortal. If they break the seal, the entire Tianyan Immortal Domain will face a catastrophic disaster."

"Your power comes from the people of the Tianyan Immortal Domain. If the mysterious beings consume all of them, your strength will also diminish significantly. Moreover, they are beings from beyond the Immortal Domain whose goal is to conquer the entire Tianyan Immortal Domain. Even if you don't wish to oppose them, they will attack the Nine Heavens Institute..."

The more the Immortal Venerate of Qingyun Academy spoke, the more he sweated, his clothes soaked through, yet he didn't dare use his immortal power to dry the sweat.

At this moment, the Heavenly Demon Power from Xuan Qingyun abruptly exploded, and a gigantic twisted skull appeared behind her, instantly overpowering the Immortal Venerate who had spoken just now, forcing him to the ground.

The Immortal Venerate hurriedly said, "Senior...please forgive..."

Xuan Qingyun said with an expressionless face, "Don't mistake me for a ragtag group like you. Just because you cannot handle an enemy, doesn't mean I cannot either."

Just as the Immortal Venerates thought their alliance was doomed, the oppressive aura from Xuan Qingyun abruptly dissipated. With its disappearance, the Immortal Venerates felt relieved beyond measure.

Xuan Qingyun continued, "Though I disdain forming an alliance with you, these mysterious beings are indeed considered enemies to me. Go back and tell your respective factions that if the mysterious beings truly invade the Tianyan Immortal Domain, I will not stand idly by."

"After all, the Tianyan Immortal Domain is mine."

...

The Immortal Venerates glanced at one another and finally bowed in unison, saying, "Thank you, Senior!"

Xuan Qingyun waved a jade hand and then said, "Get out!"

As her voice fell, the emissaries sent by the major forces to form an alliance were forcibly expelled from the hall by a terrifying power. By the time they regained their senses, they had already been driven out of the Northern Domain.

They glanced at one another, each drenched in sweat, quickly using immortal power to evaporate the sweat off their bodies, before transforming into streaks of light, flying back to their respective Immortal Sects without looking back.

Even though they hadn't completed their task of forming an alliance with the Nine Heavens Institute, Xuan Qingyun's words were somewhat reassuring to them. As long as Xuan Qingyun stood by the Tianyan Immortal Domain, there was hope when the mysterious army arrived.

Though once Xuan Qingyun regains her strength, the Tianyan Immortal Domain might fall under her rule again, being ruled by Xuan Qingyun was still better than being killed by the mysterious beings.

...

Qingyun Academy.

Wanjie Peak.

Immortal Venerable Wan Jie sat in a pavilion atop the peak, quietly sipping tea, when a streak of light zipped through the air, landing quickly outside the pavilion.

Seeing that Lingxu Immortal Venerable had returned, Immortal Venerable Wan Jie immediately asked, "How are things?"

Lingxu Immortal Venerable immediately replied, "Dean, Wuya Immortal Venerable has been sealed, but the mysterious being that converted Wuya Immortal Venerable into a mysterious being has not been found and did not appear."

Upon hearing this, Immortal Venerable Wan Jie pondered for a moment before asking, "Was it something about Lu Chen that attracted Wuya Immortal Venerable to emerge?"

Immortal Venerable Wan Jie was very curious about what kind of thing could even make a mysterious being take notice.

Hearing this question, Lingxu Immortal Venerable was delighted. He had been wondering how to persuade Immortal Venerable Wan Jie, and since he asked, it made things easier.

Immediately, Lingxu Immortal Venerable said, "Lu Chen gained many opportunities in the Chaotic Sea. The reason we could seal Wuya Immortal Venerable was due to the Holy Rank Sealing Array that Lu Chen obtained from the Chaotic Sea."

"If Lu Chen hadn't brought out that Holy Rank Sealing Array at the last moment, we wouldn't have been able to seal Wuya Immortal Venerable and might even have been seriously injured by him."

"Wuya Immortal Venerable was wary of Lu Chen likely because he sensed that Lu Chen brought many artifacts capable of suppressing mysterious beings from the Chaotic Sea, which is why he didn't want Lu Chen to live."

Upon hearing this, Immortal Venerable Wan Jie was instantly energized, "What did you say? A Holy Rank Sealing Array?"

"Are you sure it's a Holy Rank Sealing Array?"

Lingxu Immortal Venerable knew Immortal Venerable Wan Jie was interested, and quickly said, "Dean, it's absolutely true. That Array didn't require others or pre-arrangement; Lu Chen engraved the array pattern on-site, and most importantly, the array's pressure made us Immortal Venerates feel uneasy."

After hearing Lingxu Immortal Venerable's words, Immortal Venerable Wan Jie fell into deep thought, his expression turning serious as if contemplating something.

Seeing that Immortal Venerable Wan Jie didn't speak, Lingxu Immortal Venerable stopped talking as well.

After a while, Immortal Venerable Wan Jie asked, "Did Lu Chen teach you that Array?"

Lingxu Immortal Venerable replied, "No, we wanted Lu Chen to hand over the Array, but he self-destructed."

"Self-destructed?" Immortal Venerable Wan Jie's brows furrowed tightly. Just asking him to hand over the Sealing Array, and he self-destructed?

Why did something feel off?

Immortal Venerable Wan Jie quickly realized that Lingxu Immortal Venerable's intent might have been to perform a Soul Search on Lu Chen, which led to Lu Chen choosing to self-destruct, making things troublesome.

It was already difficult enough to obtain an array that could seal mysterious beings, only to have the person who knew the array pattern die.

Noticing Immortal Venerable Wan Jie's concern, Lingxu Immortal Venerable quickly said, "Dean, Lu Chen may have self-destructed, but that was only his clone; Lu Chen himself did not die."

Having children earns benefit, start competing for dominance in the world by marrying a wife

Upon hearing Lingxu Immortal Venerate say Lu Chen wasn't dead, Immortal Venerable Wan Jie finally breathed a sigh of relief.

As long as the person isn't dead, it's fine. Until now, although they knew the best way to counter mysterious creatures was to seal them, they didn't have an appropriate sealing array. The only one they could muster was the Heaven Rank Formation, the All Heaven Star Array.

This formation can be used to seal some relatively weak mysterious creatures, but if they are powerful ones, like those at the Immortal Venerable Level, it remains to be seen if it would work.

Seeing Immortal Venerable Wan Jie relax, Lingxu Immortal Venerate seized the opportunity and continued, "Dean, based on our speculation, Lu Chen's main body is likely at the Mysterious Moon Palace. He is now the direct disciple of Heavenly Language Immortal Venerate at Mysterious Moon Palace."

"This time, although Mysterious Moon Palace knew the mysterious creatures broke the seal, they were unwilling to lend a hand. Lu Chen has the formation that can seal these creatures but refuses to share it with us. It seems there are some issues within Mysterious Moon Palace."

"Perhaps someone at Mysterious Moon Palace has already been eroded by the mysterious power and transformed into a mysterious creature."

Upon hearing this, Immortal Venerable Wan Jie calmly asked, "Do you mean there are mysterious creatures within Mysterious Moon Palace preventing Lu Chen from handing over the Holy Rank Sealing Array to you?"

Lingxu Immortal Venerate replied, "We can't rule out this possibility."

Immortal Venerable Wan Jie said directly, "If Mysterious Moon Palace really has mysterious creatures, Lu Chen wouldn't agree to help you seal Wuya Immortal Venerable, nor would he have survived until now."

"How could mysterious creatures allow someone capable of sealing them to live until now?"

Seeing the eyes of Immortal Venerable Wan Jie fixed on him, Lingxu Immortal Venerate immediately realized that his little scheme had been seen through by Immortal Venerable Wan Jie.

Immortal Venerable Wan Jie continued, "Besides obtaining the Holy Tier Array to seal mysterious creatures in the Chaotic Sea, Lu Chen probably has other fortunes, right?"

Lingxu Immortal Venerate said, "We don't know about that."

"But if Lu Chen can acquire a Holy Tier Sealing Array, he must have found an Immortal Emperor's tomb or the Small World left behind after the Immortal Emperor's demise. From this point view, Lu Chen definitely possesses more than just one Holy Tier Array."

"Perhaps, he has other legacies from the Immortal Emperor, and even an opportunity to become emperor."

Immortal Venerable Wan Jie said, "You don't need to tell me this, I know what you want to do."

Mentioning the opportunity to become emperor obviously aims to entice me to pressure Mysterious Moon Palace to hand over Lu Chen.

In fact, although Immortal Venerable Wan Jie is somewhat interested in becoming emperor, his desire for it is not as intense as other Immortal Venerates. He has survived to this day by taking Longevity Medicine, and his lifespan has long surpassed that of an ordinary Immortal Emperor.

Moreover, he knows very well that such opportunities vary from person to person; perhaps some legacies are fortunes for Lu Chen, but they are useless to them, especially the opportunity to become emperor.

What truly interests Immortal Venerable Wan Jie is Lu Chen's ability to seal mysterious creatures and the methods Lu Chen might possess to deal with these creatures.

Though Immortal Venerable Wan Jie personally experienced the last invasion of mysterious creatures, he hardly participated in the battle later on. At that time, he was weak, and after fleeing from the Eastern Domain, he hid until the war ended.

This rendered Immortal Venerable Wan Jie only aware of sealing mysterious creatures, but unaware of the methods used by those Immortal Emperors.

Immortal Venerable Wan Jie now thinks that Lu Chen's legacy likely comes from an Immortal Emperor who personally experienced the invasion of mysterious creatures.

If that's the case, Lu Chen's legacy certainly includes other means to deal with mysterious creatures.

If they could acquire these methods to deal with mysterious creatures, then even if those creatures break the seal again, they might be able to reseal them according to the methods left by the Immortal Emperors.

After hearing Immortal Venerable Wan Jie, Lingxu Immortal Venerate cautiously asked, "Dean, what do you plan to do?"

Immortal Venerable Wan Jie said, "If Lu Chen truly has a Holy Tier Sealing Array that can seal mysterious creatures, then this array should belong to the entire Tianyan Immortal Domain."

"With mysterious creatures emerging, it shows that the seal has loosened. There's no telling when their army will invade Tianyan Immortal Domain again."

"Sealing mysterious creatures is the only method we know that can counter them right now, so no matter what, we must acquire this Holy Tier Array."

"Of course, now that disaster is looming, initiating wars recklessly benefits no one, and might weaken our forces, and when the mysterious army invades, humans will likely struggle to resist."

Upon hearing these words from Immortal Venerable Wan Jie, Lingxu Immortal Venerate instantly understood his stance and promptly said, "Dean, I know what to do."

The statement from Immortal Venerable Wan Jie was simple; saying Lu Chen's sealing array belongs to Tianyan Immortal Domain essentially means informing other forces that Lu Chen has an array to seal mysterious creatures, and they need to unite to pressure Mysterious Moon Palace.

Immortal Venerable Wan Jie also mentioned that disaster is approaching, and instigating wars is fruitless, signifying that pressure can be applied, but actual war should be avoided.

Understanding Immortal Venerable Wan Jie's stance now, Lingxu Immortal Venerate could proceed with their initial plan to pressure Mysterious Moon Palace.

Just as Lingxu Immortal Venerate was about to say more, suddenly, a streak of light flew towards the pavilion from afar, soon materializing into a silhouette outside the pavilion.

The newcomer was also an Immortal Venerate, but his face was pale, looking as though he had encountered something terrifying.

Seeing this Immortal Venerate, Lingxu Immortal Venerate directly asked, "Shuyun Immortal Venerable, what's wrong?"

"You don't seem well."

Shuyun Immortal Venerate took a deep breath and then said directly to Immortal Venerable Wan Jie, "Dean, the Demon Emperor did not agree."

Immortal Venerable Wan Jie frowned deeply, worry etched on his face.

Without an Immortal Emperor involved, even if they obtained methods from Lu Chen to deal with mysterious creatures, Immortal Venerable Wan Jie had little confidence.

He dreaded the emergence of a creature among the mysterious ones possessing Immortal Emperor strength. If that happened, only the Immortal Emperor from their side could seal it again, and in Tianyan Immortal Domain, the most probable candidate to break through to become Immortal Emperor was the Demon Emperor. She is already an Immortal Emperor, and given her unique power source, she might soon regain her strength.

But now, as the Demon Emperor refuses to ally with them, it implies her unwillingness to take their side. With Tianyan Immortal Domain's current overall strength, they may be unable to withstand an invasion by the mysterious army.

Noticing Immortal Venerable Wan Jie's grim expression, Shuyun Immortal Venerate realized he had misunderstood and quickly clarified, "Although the Demon Emperor did not agree to the alliance, from what she said, she likely will intervene."

Here, Shuyun Immortal Venerate hurriedly concentrated a Memory Pearl and presented it to Immortal Venerable Wan Jie.

After activating the Memory Pearl and viewing its contents, Immortal Venerable Wan Jie relaxed slightly.

As long as the Demon Emperor is willing to act, forming alliances is irrelevant.

Afterward, Immortal Venerable Wan Jie said to Lingxu Immortal Venerate, "Do whatever you wish, just remember my words."

Lingxu Immortal Venerate promptly replied, "Alright, Dean, I'll leave you be."

Chapter 1907 - 1597: Could He Be the Reincarnation of a Great Figure from the Ancient Era?

Beast Alliance.

Xiyue Hall.

Within the grand hall, pink mist swirled around. At the top of the hall, a woman dressed in a moon-white gauze dress reclined half-lying on an Immortal Gold Carved Chair.

The corners of her eyes slightly turned upward, her pupils were red, embodying a casual allure, yet her expressionless jade-like cheeks appeared icy and noble.

The woman's jade-colored feet rested on a soft couch, her long, white legs stretched out behind her, revealing several fluffy white tails.

In the grand hall, Immortal Venerable Cang Ya condensed his experiences from the Barbaric into a Memory Pearl, delivering it to Xiyue Immortal Venerable.

"Alliance Hierarch, these are my experiences in the Barbaric."

Xiyue Immortal Venerable softly raised her jade finger, sending immortal power from her fingertip, and then activated the Memory Pearl, reading the memories within.

After finishing the reading of the Memory Pearl's contents, Xiyue Immortal Venerable frowned slightly but said nothing, as though contemplating something in silence.

Noticing Xiyue Immortal Venerable's silence, Immortal Venerable Cang Ya tentatively asked: "Alliance Hierarch, Lu Chen even possesses a Holy Rank Sealing Array; perhaps he really obtained the opportunity to become the Emperor from the Chaotic Sea. If we can obtain this Emperor's opportunity, you might just be able to take that step and complete the final transformation."

Upon hearing this, Xiyue Immortal Venerable came back to her senses, turning her red eyes on Immortal Venerable Cang Ya, and calmly said: "I am from the Demon Race; do you think the Emperor's opportunity for the Human Race suits me?"

The words left Immortal Venerable Cang Ya dumbfounded. He hadn't considered this before, but hearing Xiyue Immortal Venerable's words now made him realize that opportunities are individual-specific.

After all, there are differences between the Human Race and the Demon Race.

While Immortal Venerable Cang Ya was distracted, Xiyue Immortal Venerable continued: "Yet the Emperor's opportunity might not be of use to me, but the methods for dealing with strange creatures are essential for us to acquire."

Upon hearing these words from Xiyue Immortal Venerable, Immortal Venerable Cang Ya instantly refocused, knowing that Xiyue Immortal Venerable would agree to pressure the Mysterious Moon Palace.

At this point, Immortal Venerable Cang Ya asked: "Alliance Hierarch, the Mysterious Moon Palace might not willingly hand over Lu Chen; should we deploy forces to apply pressure on the Central Domain?"

After thinking for a moment, Xiyue Immortal Venerable replied: "We can prepare for war. Even if we don't attack the Mysterious Moon Palace, we must be vigilant against an invasion by a mysterious army."

Immortal Venerable Cang Ya responded: "Understood."

Xiyue Immortal Venerable continued: "Issue the command to convene the Beast Alliance Assembly in one month; all individuals of Immortal King Level and above must gather at Heavenly Fox City."

Immortal Venerable Cang Ya promptly and respectfully stated: "Yes, Alliance Hierarch."

Xiyue Immortal Venerable said indifferently: "You may leave."

Immortal Venerable Cang Ya then turned and left the grand hall.

After Immortal Venerable Cang Ya departed, Xiyue Immortal Venerable recalled the memories she just read, speaking to herself: "I don't know why, but this Lu Chen gives me a feeling of familiarity. Could he be the reincarnation of some important figure from the Ancient Era?"

Within her inherited memories, many recollections remain sealed. Only upon breaking through to the Immortal Emperor Realm can those inherited memories be completely unlocked.

The sensation of familiarity suggests that her sealed inherited memories could very well contain information about Lu Chen.

Given that her sealed inherited memories come from a far distant past, memories from eras unknown, if Lu Chen truly appears within those sealed memories, it proves Lu Chen could have been a significant figure in the past.

In the inherited memories of the Heavenly Fox Clan, there are no ordinary people—let alone those who continuously reincarnate to the present; they are unlikely ordinary.

Xiyue Immortal Venerable thought for a moment, lifting her jade-like hand to rub her temples, dispelling her musings.

Thinking more serves no purpose right now. Until she breaks through to the Immortal Emperor Realm, those remaining inherited memories cannot be unlocked, musing endlessly cannot reveal more.

Moreover, whether Lu Chen is a reincarnated significant figure from the Ancient Era or not, the potential emergence of a mysterious army demands they capture Lu Chen and acquire the method to seal strange creatures from him.

Even if Lu Chen is a reincarnated significant figure from the Ancient Era, unless his powers have fully returned, there's nothing to fear.

...

Six months later, Heavenly Splendor Hall, Qingyun Academy, and Beast Alliance released a joint announcement, urging the Mysterious Moon Palace to hand over Lu Chen against the impending mysterious crisis.

The announcement sparked immense panic instantaneously.

The alliance's announcement publicly disclosed details about the strange creatures, intending to make other forces aware of their terror.

Once Tianyan Immortal Domain's forces learned that the strange creatures are immortal and only sealable, and that only Lu Chen possessed the formations capable of sealing them, they sided with the Heavenly Splendor Hall alliance.

Thus, various forces voiced their hope that the Mysterious Moon Palace, for the sake of all lives, would release Lu Chen, sharing the opportunities he obtained from the Chaotic Sea.

As the situation continued to escalate, some forces in the Central Domain became unable to remain idle.

The Mysterious Moon Palace being a dominant force in the Central Domain, most forces there follow its orders. Yet now, dissatisfaction among these forces grew; despite always obeying the Mysterious Moon Palace, even being considered internal allies, with impending disaster, the Mysterious Moon Palace refused to share Lu Chen's opportunities with them; they considered it too selfish.

Mysterious Moon Palace.

Yun Meng Hall.

The grand hall's atmosphere seemed a bit heavy, as the Immortal Venerates remained silent, until Immortal Venerable Yun Meng, seated high, asked: "What are your thoughts on recent events?"

Sky Eagle Immortal Venerate asked seriously: "Palace Master, is Chen Lu truly Lu Chen?"

Immortal Venerable Yun Meng answered: "Yes, he is Lu Chen."

At this point, there's nothing to hide; Heavenly Splendor Hall has already exposed Lu Chen's identity to pressure the Mysterious Moon Palace into releasing him.

Upon hearing Immortal Venerable Yun Meng's admission, the Immortal Venerates in the hall exchanged glances, ultimately directing their gaze toward Heavenly Language Immortal Venerate.

For years, Heavenly Splendor Hall disseminated news about Lu Chen, claiming him to carry various opportunities, even suggesting he might hold the Emperor's opportunity, leading most Immortal Venerates in Tianyan Immortal Domain wishing to capture Lu Chen and claim his opportunities.

With Life Dao being eroded by mysterious forces, Immortal Venerates face dwindling lifespans, as many senior Immortal Venerates approach their end, striving to break through to the Immortal Emperor Realm to prolong life.

Discussions in the hall shifted; given that Lu Chen became the direct disciple of Heavenly Language Immortal Venerate, did Heavenly Language Immortal Venerate already gain the Emperor's opportunity from Lu Chen?

Noticing all eyes on Heavenly Language Immortal Venerate, Immortal Venerable Yun Meng remarked: "The external news regarding Lu Chen is mostly false."

This...

The Immortal Venerates in the hall were taken aback again.

False?

Didn't Heavenly Splendor Hall claim Lu Chen's clone aided them in sealing a strange creature?

Having children earns benefit, start competing for dominance in the world by marrying a wife

The Immortal Venerates all looked suspiciously at Immortal Venerate Yun Meng. There were all sorts of rumors about Lu Chen outside, and most importantly, the Immortal Venerates of the three great forces had seen the Holy Tier Sealing Array that Lu Chen had presented.

But now, Immortal Venerate Yun Meng was telling them that the rumors outside were false.

They naturally did not believe Immortal Venerate Yun Meng's words. They were more inclined to think that Immortal Venerate Yun Meng was saying this to monopolize the Emperor's fate on Lu Chen.

Moreover, Lu Chen was initially someone wanted by the Heavenly Splendor Hall, a hassle for the Mysterious Moon Palace. Yet, the Palace Master allowed Lu Chen to enter the Mysterious Moon Palace after knowing his identity. It's hard for them to believe that Lu Chen doesn't carry any kind of fate.

Immortal Venerate Yun Meng noticed what the people in the hall were thinking and continued, "When I initially allowed Lu Chen to join the Mysterious Moon Palace, it was not because of his fate but because of his Qi Fortune.'

"Lu Chen's Qi Fortune is exceptionally abundant, and I believe you've felt it too. Since Lu Chen joined the Mysterious Moon Palace, our overall strength has significantly improved; many who weren't of great aptitude have broken through bottlenecks and advanced to the next realm."

Upon hearing Immortal Venerate Yun Meng's words, the Immortal Venerates present realized that this was indeed the case.

During this period, they found that their cultivation speed had increased appreciably, and disciples and elders across the peaks were breaking through.

However, they thought this was because their ancestor was about to live a second life, leading the Mysterious Moon Palace's fortune to increase greatly, so they didn't investigate the cause of the fortune increase.

Could this fortune increase be brought by Lu Chen?

Just having Lu Chen join the Mysterious Moon Palace increased its fortune this much, which shows how abundant Lu Chen's Qi Fortune is.

But even so, it doesn't prove that Lu Chen doesn't have any fate. With such abundant Qi Fortune, it's more likely that Lu Chen gained much opportunity in the Chaotic Sea, suggesting that he might indeed possess the Emperor's fate.

Immortal Venerate Yun Meng continued, "Star River Immortal Venerate spoke with me privately about Lu Chen, and I also let Lu Chen meet with him. Both I and the Star River Immortal Venerate read Lu Chen's memories, and there was nothing about the opportunity in his memories."

"After returning, Star River Immortal Venerate united with the Beast Alliance and Qingyun Academy to pressure the Mysterious Moon Palace, but perhaps it wasn't because of any opportunity on Lu Chen, but rather they are targeting the Mysterious Moon Palace."

Hearing this, the Immortal Venerates present fell into deep thought.

Is it possible that Lu Chen really hasn't obtained any opportunity from the Chaotic Sea?

What are the Heavenly Splendor Hall, Beast Alliance, and Qingyun Academy pressuring the Mysterious Moon Palace for?

Could it be that the three forces intend to start a war to carve up the Mysterious Moon Palace?

Nowadays, mysterious forces are eroding the Great Dao, and with the emergence of mysterious creatures as a crisis, if the Heavenly Splendor Hall were to start a war now, regardless of victory, they would suffer great losses, making it disadvantageous to face any potential ensuing crisis.

Moreover, during the last gathering of major forces in the Central Domain, it was resolved in the covenant that no force should initiate a great war until the Tribulation of the Great Dao concludes.

Yet it hasn't been long, and the Heavenly Splendor Hall and Eastern Domain are about to breach the covenant.

After a moment of contemplation among the Immortal Venerates, Sky Eagle Immortal Venerate spoke, "Since Lu Chen doesn't carry any opportunity, why not just hand him over to silence the Heavenly Splendor Hall and the Eastern Domain."

"Now, it is a critical time for our ancestor to live a second life. We cannot allow Lu Chen to disrupt the ancestor's plans."

"Even though Lu Chen's Qi Fortune is abundant, compared to the ancestor's plan, this Qi Fortune doesn't count for much."

Heavenly Language Immortal Venerable furrowed his brows and said, "How does the Sky Eagle Peak Master know that after handing Lu Chen over, the Heavenly Splendor Hall and Eastern Domain won't use other excuses to attack the Mysterious Moon Palace?"

"If they are determined to attack, any excuse can be made; they could even claim that mysterious creatures have infiltrated the Mysterious Moon Palace."

"I'm curious, if the Heavenly Splendor Hall claims that Sky Eagle Peak Master has been corrupted by strange forces and become a mysterious creature, and demand that the Mysterious Moon Palace hand you over for sealing, how would Sky Eagle Peak Master feel?"

Sky Eagle Immortal Venerate's expression turned dark instantly, "Heavenly Language Peak Master, you shouldn't..."

Before Sky Eagle Immortal Venerate could finish, he was interrupted by Immortal Venerate Yun Meng.

"Heavenly Language Peak Master has a point; if the Heavenly Splendor Hall and Eastern Domain have indeed made up their minds to attack the Mysterious Moon Palace, handing Lu Chen over won't help."

"Moreover, the Lu Chen in the Mysterious Moon Palace is not his Main Body. Even if we hand him over, the Heavenly Splendor Hall and Eastern Domain will still continue to entangle with us."

The Immortal Venerates were all taken aback again, not his Main Body?

So, where is Lu Chen's Main Body?

At this point, one of the Immortal Venerates speculated, "Could it be that the Heavenly Splendor Hall and Eastern Domain have learned about our ancestor's situation?"

Upon hearing this, the atmosphere in the hall became even more somber. The ancestor of the Mysterious Moon Palace was its greatest secret. If this secret gets leaked, it would spell big trouble.

Their ancestor has not yet lived a second life, and now is a critical time. No problems should arise now. If the other forces were to sabotage their ancestor's plan, all their previous efforts would be for naught.

The hall fell silent again as everyone pondered on how to proceed next.

After a quarter of an hour, Immortal Venerate Yun Meng said, "That will be all for today. I will report this matter to the ancestor, who will decide."

The people came back to the present, and in unison, replied, "Yes, Palace Master."

Subsequently, everyone left the Yun Meng Hall. After everyone had left, Immortal Venerate Yun Meng did not head to the forbidden area but instead unleashed her Divine Sense, and upon detecting Lu Chen's location, she tore open space

fearlessly, with a grasp of her jade hand, capturing Lu Chen and bringing him into Yun Meng Hall the next moment.

This clone of Lu Chen was still in a "standby" state, with his main focus on Yun Yudie's situation. Immortal Venerate Yun Meng's sudden move nearly frightened him.

Lu Chen opened his eyes, his lips slightly twitching. Previously, when Immortal Venerate Yun Meng wanted to see him, she would first send a message to Heavenly Language Immortal Venerable, who would then notify him. Now she didn't even bother to say anything and directly brought him to Yun Meng Hall.

Lu Chen quickly calmed his mind to prevent any unintended outbursts. "I... excuse me, Palace Master, but what do you seek of your disciple?"

Seeing Lu Chen speak hesitantly, Immortal Venerate Yun Meng slightly raised her delicate eyebrows and then asked, "You should be aware of recent events in the Tianyan Immortal Domain, right?"

Lu Chen replied, "Of course, I am aware."

Immortal Venerate Yun Meng continued, "Do you think I should hand you over?"

Lu Chen replied with a smile, "This is just one of my clones. Even if the Palace Master hands me over, those forces, not getting what they want, will continue to bother us."

Immortal Venerate Yun Meng's cold eyes focused on Lu Chen as she asked, "I'm curious about where you obtained that Holy Tier Formation."

Having children earns benefit, start competing for dominance in the world by marrying a wife

The last time Lu Chen showed her his memory, she suspected Lu Chen was hiding something, as there were flaws everywhere.

For example, there was no memory of the Divine Light Thousand Lamp Scripture in Lu Chen's memory, and Lu Chen's explanation was that the scripture was given to him by the Demon Emperor.

While explaining the scripture could be plausible, surely the Holy Rank Sealing Array could not have been given by the Demon Emperor as well?

She didn't believe the Demon Emperor would be so kind to Lu Chen.

Hearing Immortal Venerable Yun Meng's question, Lu Chen said, "If... I said that the Holy Rank Sealing Array was given to me by the Demon Emperor, would the Palace Master believe it?"

After hearing Lu Chen's answer, Immortal Venerable Yun Meng's cold eyes fixated on Lu Chen, not speaking for a long while, as if saying, "Do you think I believe that?"

Seeing that Immortal Venerable Yun Meng didn't speak, Lu Chen continued, "Since you've seen my memory, you should know that the Demon Emperor's ability to deduce the Heavenly Mechanism is extremely strong, and she can predict almost every crisis that will arise in the next billion years."

"I think the Demon Emperor must have deduced that strange creatures would break the seal one day, which is why she taught me that Holy Rank Array to seal the strange creatures."

Immortal Venerable Yun Meng's eyes remained on Lu Chen, interested to see what kind of nonsense Lu Chen would concoct next.

Seeing Immortal Venerable Yun Meng still silent, Lu Chen smiled and asked, "Does the Palace Master not believe me?"

Immortal Venerable Yun Meng finally spoke, "Do you think I am a fool?"

Lu Chen said, "I would never have such a thought."

Immortal Venerable Yun Meng continued, "All major forces want to get you. At this point, there's nothing for you to hide. Just tell me honestly, did you obtain the Immortal Emperor's legacy in the Chaotic Sea?"

Lu Chen sighed, "It seems the Palace Master still doesn't trust me."

Immortal Venerable Yun Meng continued, "What stands before me is just one of your clones. Even if you confessed to obtaining some fortuitous opportunities, I couldn't seize them from you."

"Moreover, the Mysterious Moon Palace, as a dominant Immortal Sect, wouldn't have its Palace Master seize a disciple's opportunities, don't you think?"

Lu Chen said, "No matter if I admit it or not, it makes no difference. If I admit to obtaining some opportunity in the Chaotic Sea, then all factions will want to seize it from me. If I can't present it, they'll certainly try to Soul Search me, but I can't let that happen."

"If I don't admit it, people will think I'm lying, that I must have obtained some great opportunity from the Chaotic Sea, which is why I'm afraid to admit it."

Hearing this, Immortal Venerable Yun Meng fell silent again, understanding Lu Chen's current predicament.

No matter if Lu Chen tells the truth or lies, people will want to Soul Search him.

Lu Chen continued, "If the Palace Master thinks I'm a hot potato in the Mysterious Moon Palace, you can hand me over."

Immortal Venerable Yun Meng said with an impassive face, "Even handing you over won't change the current predicament of the Mysterious Moon Palace."

Since Lu Chen is merely a clone and isn't afraid of death, handing him over wouldn't result in truthfully revealing anything. Even if he did, no one would believe him without a Soul Search.

People would only be convinced of Lu Chen's words after conducting a Soul Search on him.

Immortal Venerable Yun Meng suddenly thought of something, her serious expression slowly fading, and her brows relaxed, "Dare to let me enter your dream?"

Hearing this, Lu Chen was taken aback.

A dream?

What does that mean?

Lu Chen asked, "Enter my dream?"

Immortal Venerable Yun Meng said, "I cultivated a special Immortal Law that allows me to enter a person's dream and see the secrets hidden deep within their heart."

"You fear Soul Searching because it's harmful to the Divine Soul, but using this Immortal Law won't affect your Divine Soul."

Hearing Immortal Venerable Yun Meng's words, Lu Chen immediately thought of "Life is like a dream."

Currently, his conscious body is in a dreamscape created by Yun Yudie, in a semi-conscious state.

Lu Chen frowned, showing some concern. How come Yun Yudie, when using "Life is like a dream" on him, only transported him to the sea of flowers without discovering any of his secrets?

In Yun Yudie's case, the greatest use of this Immortal Law was the pursuit of ultimate pleasure. He didn't expect it could also reveal secrets deep within the heart.

Lu Chen worried that when Immortal Venerable Yun Meng used "Life is like a dream," she might see things regarding the system. If the secret of the system was exposed, it would spell trouble.

With that thinking, Lu Chen said, "If the Palace Master can see others' secrets through dreams, it's almost no different from a Soul Search."

Seeing that Lu Chen was unwilling to let her enter his dreamscape, Immortal Venerable Yun Meng asked with an emotionless face, "So you indeed obtained the Immortal Emperor's legacy?"

Lu Chen said, "Not really, but everyone has various secrets, not just opportunities count as secrets."

As soon as Lu Chen finished speaking, he felt the pressure from Immortal Venerable Yun Meng intensifying, and the weight on him grew heavier.

Soon, Lu Chen felt like a huge mountain was pressing on his shoulders, and Immortal Venerable Yun Meng looked at him indifferently, "That's not for you to decide."

All major forces are currently eyeing the Mysterious Moon Palace, and with such immense pressure, it's unacceptable not to know if Lu Chen carries a great opportunity.

Hearing Immortal Venerable Yun Meng's icy tone, Lu Chen sensed danger and instinctively wanted to control his body to flee. However, his body was already immobilized.

In the next moment, Immortal Venerable Yun Meng emitted a rainbow-colored immortal power, and Lu Chen was seized by an intense drowsiness.

Lu Chen was shocked.

Bad!

Immortal Venerable Yun Meng's "Life is like a dream" could influence his Divine Soul even through a clone.

Lu Chen hurriedly tried to sever the consciousness link with the body, but it was already too late.

Immortal Venerable Yun Meng effortlessly entered Lu Chen's dreamscape, but upon entry, she noticed something amiss as if there was a familiar force within Lu Chen's dreamscape, and most importantly, the dreamscape didn't seem to be constructed by her power.

Seeing the endless sea of flowers beneath the rainbow-colored auspicious clouds, Immortal Venerable Yun Meng's conscious body paused in midair.

This is...

"Life is like a dream"???

Had someone already used "Life is like a dream" on Lu Chen???

Lu Chen had been in a dreamscape while speaking to her, meaning he had been in a semi-conscious state before?

How could this be?

For someone to use "Life is like a dream," one can control the dream while attending to real-world matters, but Lu Chen was clearly not the one who used "Life is like a dream." He should have been entirely immersed in the dreamscape.

Immortal Venerable Yun Meng quickly noticed two colliding consciousnesses in the center of the sea of flowers.

Witnessing this scene, Immortal Venerable Yun Meng was stunned.

This...

If she wasn't mistaken, the consciousness being bullied by Lu Chen's conscious body was Yun Yudie?

So it means that this dreamscape was constructed by Yun Yudie's power?

Having children earns benefit, start competing for dominance in the world by marrying a wife

Immortal Venerable Yun Meng was filled with questions now.

On one hand, she was surprised that Lu Chen had gotten involved with Yun Yudie, and on the other hand, she was surprised that after Yun Yudie used 'Life is like a dream' on Lu Chen, he could still remain conscious and control the puppet's physical body.

She realized that when she saw Lu Chen earlier, there was something odd about him, as if he was absent-minded.

It turned out that Lu Chen's energy was not in that puppet body but within the dream.

At that moment, Yun Yudie, who was in the clouds, suddenly awoke after sensing another aura.

She instantly sensed Immortal Venerable Yun Meng from the sky and was stunned to find that Yun Meng's consciousness was also in Lu Chen's dream.

What is going on?

How did Immortal Venerable Yun Meng enter Lu Chen's dream?

Could it be that Immortal Venerable Yun Meng also used 'Life is like a dream' on Lu Chen?

But wasn't I the one who used 'Life is like a dream' on Lu Chen first? How could Immortal Venerable Yun Meng intrude midway?

At this moment, Yun Yudie wasn't feeling any shame; after all, they'd already been seen, and besides, what Immortal Venerable Yun Meng saw was merely their consciousness.

Although she didn't feel ashamed, there was the presence of an outsider, and yet Lu Chen did not restrain himself at all, which made Yun Yudie angry.

She pushed Lu Chen several times, but not only did it fail to stop him, it made Lu Chen act even more fiercely.

Immortal Venerable Yun Meng's consciousness hovered above the sea of flowers, seeing that Lu Chen and Yun Yudie had not stopped, she was speechless.

Though this was a dream space, there was still an outsider, and these two showed no restraint. Were they that hungry?

She was at a loss for words.

The most speechless thing was that Yun Yudie learned 'Life is like a dream' and used it for something like this.

Fortunately, Yun Yudie wasn't her disciple, or if the Heavenly Language Immortal Venerable found out, he might die of anger.

Immortal Venerable Yun Meng was currently quite embarrassed, unsure whether to leave or stay, as she intended to guide Lu Chen into a deeper dream to pry into his innermost secrets.

However, since Yun Yudie had already cast 'Life is like a dream' on Lu Chen, and more importantly, Yun Yudie's consciousness was entangled with Lu Chen's, she couldn't guide Lu Chen into a deeper dream.

After a quarter of an hour without being able to bear it anymore, Immortal Venerable Yun Meng finally asked, "When will you two... finish?"

Upon hearing this question, Lu Chen and Yun Yudie snapped back to awareness. In the sea of flowers, Lu Chen's consciousness looked up at Immortal Venerable Yun Meng in the sky with a slight smile on his lips, then said, "Why stop?"

Immortal Venerable Yun Meng's expression instantly darkened.

Could these two be doing this all the time?

After all, Lu Chen could remain in a semi-dream state controlling the puppet body.

In a cold voice, Immortal Venerable Yun Meng said to Yun Yudie, "I taught you 'Life is like a dream,' and this is how you use it."

Yun Yudie replied indifferently, "I'm no longer a disciple of the Mysterious Moon Palace, how I use 'Life is like a dream' has nothing to do with the Yunmeng Palace Master."

Seeing Yun Yudie speaking back, Immortal Venerable Yun Meng frowned deeply. But she quickly realized, judging from the aura emanating from Yun Yudie's consciousness, Yun Yudie must have become an Immortal Venerate.

Immortal Venerable Yun Meng replied coldly, "So, you've become an Immortal Venerate. No wonder you dare speak to me like this."

Yun Yudie directly asked, "I wonder what Yunmeng Palace Master intends by intruding into Lu Chen's and my dream?"

Immortal Venerable Yun Meng didn't answer Yun Yudie's question but instead looked at Lu Chen's consciousness and said, "Lu Chen, you have indeed widened my horizons today."

Since she couldn't pry into Lu Chen's secrets through dreams, Immortal Venerable Yun Meng was too lazy to continue watching the pair making love like animals.

She then stopped using 'Life is like a dream,' and withdrew her consciousness.

After seeing Immortal Venerable Yun Meng leave, Yun Yudie glared coldly at Lu Chen and said, "Why, did you bring her in, wanting to make a scene with her in the dream too?"

Lu Chen smiled and retorted, "Are you jealous?"

Yun Yudie said nothing more and ended her exercises, withdrawing her consciousness.

Returning to reality, Yun Yudie opened her eyes, flipped over suddenly, pressed Lu Chen's body beneath hers, sat up slightly, and looked down into Lu Chen's eyes.

Seeing the Cold Fairy's purple eyes staring at him intently, Lu Chen smiled and said, "It wasn't me who let her in; she wanted to drag me into the dream forcefully to spy on my secrets in the dream."

Hearing Lu Chen's words, Yun Yudie instantly realized that 'Life is like a dream' indeed had such an effect, but here, it had become a magic for pleasure.

Yun Yudie asked no further questions, nor did she continue her exercises. She then closed her eyes again to meditate.

Since she knew Lu Chen had other matters to attend to, she couldn't use magic to distract him.

Seeing Yun Yudie not using magic, Lu Chen instead became worried, "Hurry and run 'Life is like a dream,' I can feel that as long as I stay in the dream you

constructed, Immortal Venerable Yun Meng can't build a new dream. I'm afraid her dream will expose my secrets."

Lu Chen feared that the dream that Immortal Venerable Yun Meng builds might confuse dream and reality, potentially revealing his secrets.

Hearing Lu Chen's words, Yun Yudie calmly replied, "Don't you know that once 'Life is like a dream' is used on you, the dream is entirely under your control?"

"I didn't expect you to be afraid sometimes."

Ever since she used 'Life is like a dream' on Lu Chen, in his dream, she had been in a passive state. As long as she entered Lu Chen's dream, her consciousness could only let Lu Chen manipulate it.

Hearing Yun Yudie's words, Lu Chen then realized it seemed to be exactly what Yun Yudie said; every time she used 'Life is like a dream,' in the dream space, he could do whatever he wanted with Yun Yudie.

If that's the case, then there's nothing to worry about.

Meanwhile, in Yun Meng Hall.

After Immortal Venerable Yun Meng's consciousness returned, she looked coldly at Lu Chen before her.

Although romance and dual cultivation between men and women are normal, Yun Yudie using 'Life is like a dream' for such a thing made Immortal Venerable Yun Meng feel very displeased.

In a cold tone, Immortal Venerable Yun Meng said, "To be able to control your physical body after being pulled into a dream; it seems I underestimated you."

"Since Yun Yudie has used 'Life is like a dream' on you, it proves that you are together with her. Please relay to her that although she's no longer the Saintess of the Mysterious Moon Palace, her Immortal Law heritage all comes from there. Once a disciple of the Mysterious Moon Palace, always a disciple of the Mysterious Moon Palace. She must return immediately."

Their patriarch declared that all those with saintess potential must be brought to the Mysterious Moon Palace. Yun Qingshu cannot be retrieved because she's in the Chaotic Sea, but Yun Yudie is still in the Tianyan Immortal Domain, and the Mysterious Moon Palace is determined to bring Yun Yudie back.

However, since Yun Yudie has now reached the Immortal Venerate Realm, bringing her back won't be easy.

Chapter 1911: Chapter 1601: Once I Regain My Strength, I'll Settle the Score With You

Upon hearing the words of Immortal Venerable Yun Meng, Lu Chen felt a sense of doubt. Immortal Venerable Yun Meng should have been able to guess that Yun Yudie had already lost her purity to him; after all, they had been so intense in the dream space, and it was highly likely that they had consummated as a couple in reality as well.

Since she is no longer pure, she is not suitable to be the reincarnation vessel of Immortal Emperor Youlan. So why let Yun Yudie return to the Profound Moon Palace?

Lu Chen then said, "She has already established her own Immortal Sect. It is impossible for her to return to Profound Moon Palace."

Immortal Venerable Yun Meng coldly said, "That is not up to her. Even if she does not return, Profound Moon Palace will eventually capture her back."

Lu Chen asked, "I'm curious, why does Profound Moon Palace insist on her return?"

Immortal Venerable Yun Meng indifferently said, "That's not something you need to know."

"Alright, since you are still in the dream, I won't make things difficult for you. You may go back now."

Immortal Venerable Yun Meng had realized that Lu Chen could indulge in debauchery with Yun Yudie's consciousness in the dream space while remaining lucid and controlling his physical body in reality. This indicates Lu Chen's divine soul could resist the power of 'Life is like a dream.'

Since Lu Chen can resist the power of 'Life is like a dream,' even if I bring him into the dream, I fear I cannot enter the deeper layers of his dreams and thus cannot pry into his secrets.

Immortal Venerable Yun Meng then raised her hand, and a space rift appeared in the hall. Lu Chen's body was sucked into the space rift, and his vision went black. When light appeared again, Lu Chen had returned to Heavenly Language Peak.

After sending Lu Chen away, Immortal Venerable Yun Meng felt a headache. Lu Chen had truly become a hot potato; she originally wanted to see what secrets lay deep in his heart, but he could resist the power of 'Life is like a dream.'

Forget it, it's time to ask the ancestor.

Thinking of this, Immortal Venerable Yun Meng went directly to the forbidden area of the Immortal Sect.

Arriving before the Crystal Coffin of Immortal Emperor Youlan, Immortal Venerable Yun Meng respectfully bowed and said, "Greetings, ancestor."

In the next moment, seven-colored immortal power gathered above the Crystal Coffin, forming a word.

"Speak."

Immortal Venerable Yun Meng immediately said, "Now all major forces are pressuring Profound Moon Palace, demanding to hand over Lu Chen. Some Peak Masters suspect those Immortal Sects may already know of the ancestor's existence and use this as an excuse to wage war on Profound Moon Palace, disrupting the ancestor's plan."

"I initially let Lu Chen join Profound Moon Palace, thinking Lu Chen had good talent and a strong Qi Fortune, believing he would soon break through to the Immortal Venerate Realm, enhancing the strength of Profound Moon Palace."

“Does the ancestor think I should hand over Lu Chen now?”

After Immortal Venerable Yun Meng’s words fell, four words appeared above the Crystal Coffin.

“Ignore it.”

Seeing these words, Immortal Venerable Yun Meng was taken aback.

Immortal Venerable Yun Meng quickly regained her composure and continued to ask, “By the way, ancestor, I tried to use ‘Life is like a dream’ on Lu Chen but found his divine soul could withstand the power of ‘Life is like a dream,’ keeping himself in a half-dream, half-awake state.”

This is the first time she encountered such a situation when using ‘Life is like a dream’ on someone, so she must inform Immortal Emperor Youlan.

After Immortal Venerable Yun Meng’s words fell, another segment of text appeared above the Crystal Coffin.

“He is a great power reincarnated, with a strong divine soul. ‘Life is like a dream’ is ineffective against him.”

Seeing this segment of text, Immortal Venerable Yun Meng was once again stunned.

A great power reincarnated?

If Immortal Emperor Youlan calls him a great power, then Lu Chen’s past life must have been at least an Immortal Emperor!

No wonder Lu Chen possesses such a strong Qi Fortune.

It seems that the Holy Tier sealing array Lu Chen brought forth might not necessarily be due to some opportunity he gained in the Chaotic Sea, as he was reincarnated from an Immortal Emperor and certainly knows many things.

While Immortal Venerable Yun Meng was lost in thought, another segment of text appeared above the Crystal Coffin.

“If there is nothing else, then leave. I will once again fall into slumber, and this time after slumber, I will wait until the seal on the strange creature is broken before I awaken again.”

Upon seeing these words, Immortal Venerable Yun Meng's mind froze, subsequently saying respectfully, "Yes, ancestor."

After her words fell, Immortal Venerable Yun Meng turned and left the forbidden area.

After Immortal Venerable Yun Meng left, the Crystal Coffin of Immortal Emperor Youlan suddenly emitted waves of black mist, and the next moment, the entire chamber was shrouded in black mist.

Lying in the coffin, Immortal Emperor Youlan suddenly opened her eyes; they were hollow, looking like a walking corpse.

At this time, a golden point of light began to appear in the center of her black eyes. As the golden point grew larger, it formed a golden pupil, appearing very eerie.

Following this, the icy voice of Immortal Emperor Youlan echoed in the chamber, "Lu Chen, how dare you defile them. Once I regain my power, I will come find you for retribution!"

...

Tianchen World.

Daxia Imperial Palace, Qiuyue Palace.

Chu Yunzhi stood by the window, gazing at the courtyard within the Imperial Palace. The cool moonlight fell on the ground, making the tree shadows appear as if they were in the water.

Chu Yunzhi slightly raised her head, looking at the round moon in the sky. The cold light of the moon bestowed upon her a seemingly sacred radiance.

Watching the full moon in the sky, a hint of loneliness appeared on Chu Yunzhi's jade-like cheek.

“I wonder how Lu Chen is doing now.”

Though for an Immortal, the time apart from Lu Chen is not long, her longing for Lu Chen had almost overflowed without seeing him for so long.

Just then, a sudden tingle jolted Chu Yunzhi's mind; she abruptly felt as though something existed in her consciousness.

She immediately closed her eyes and explored her Sea of Consciousness, quickly discovering that at the depths of her soul, a black mist seemed to be sealed.

Chu Yunzhi could not help but wonder what this was.

Subsequently, Chu Yunzhi attempted to unseal the black mist, but found that with her current Divine Soul Power, she was unable to move the seal of the black mist.

However, the next moment, the black mist suddenly shook, and then a wisp of black energy escaped from the seal.

Suddenly, Chu Yunzhi's vision changed, and she found herself amidst boundless chaos.

In the chaos, a group of women appeared before Chu Yunzhi, their eyes hollow and looking incredibly eerie.

Chu Yunzhi recognized most of these women, as they were all essentially Lu Chen's women.

Chu Yunzhi immediately thought of what Yun Qingshu had said to them before.

Chu Yunzhi wondered, could this be a scene of the future?

While Chu Yunzhi was lost in thought, the scene before her rapidly dissipated. When Chu Yunzhi opened her eyes again, she decisively sent a message to Lu Chen's women.

“You should come to the Wind Cloud Palace immediately; I've just seen something strange.”

Although it was already night in the Tianchen World, soon after hearing Chu Yunzhi's message, the women gathered at Wind Cloud Palace.

When all the women arrived at Wind Cloud Palace, Yun Qingshu first asked, “What did you see?”

Chu Yunzhi replied, “I just discovered a black mist seems to be sealed at the depths of my divine soul.”

Chapter 1912 - 1602: There Are Still Many Stories About Us and Lu Chen That We Don't Know

Upon hearing Chu Yunzhi's response, Yun Qingshu's brows furrowed slightly. Like her, Chu Yunzhi also had a mass of black energy sealed deep within her Divine Soul.

The last time she saw those strange scenes, the black energy wasn't obvious. At that time, she just felt there was something in her Divine Soul but didn't know what it was.

However, just now, she suddenly discovered a sealed mass of black energy deep within her Divine Soul.

Chu Yunzhi then addressed everyone, "I tried to break the seal of that mass of black energy, but couldn't shake it. However, a thread of black energy suddenly emerged from the seal, and I immediately saw the scenes Qingshu saw last time."

Hearing Chu Yunzhi's words, the women grew worried again. Could it really be that some calamity is approaching? Even Chu Yunzhi saw those scenes.

Chu Yuqin spoke, "It seems that the sealed black energy might be memories from the past. Those memories can't be unsealed right now because our cultivation state is insufficient. However, since the seal has loosened, both Qingshu and Yunyi can see those scenes."

Upon hearing Chu Yuqin's words, Chu Yunzhi immediately tried to condense the scenes she saw earlier into a Memory Pearl, only to find that the memories seemed sealed and couldn't be formed into a Memory Pearl.

Chu Yunzhi subsequently said, "Like Qingshu, I also can't condense the scenes into a Memory Pearl. It seems there's some restriction preventing us from exposing these memories to others."

Pei Shuhua spoke up at this time, "Qingshu and Yunzhi both saw those scenes, and we were in those scenes too. Does this mean our Divine Souls might also be sealed with the same memories, but we can't sense them for now?"

Chu Yunzhi said, "It's very possible."

Wang Qingci murmured, "I wonder how ancient those memories are."

Most of them had recovered their memories from the Tianyan Immortal Domain, but regarding the scenes Yun Qingshu mentioned earlier, they had no impression of at all.

This indicates that those memories are from before their lifetime in the Tianyan Immortal Domain.

However, now there's another issue: if the scenes Yun Qingshu and Chu Yunzhi saw are indeed past memories, it means they knew each other a long time ago.

Mu Zixuan spoke at this time, "Now that both Qingshu and Yunzhi have seen those scenes, if they are indeed past memories, and we were present in those memories, maybe in the future each of us will see those scenes."

Hearing Mu Zixuan, the women thought for a moment and felt it made some sense. They just needed to continue waiting.

Just then, Zhou Youyou whispered, "Actually, a sealed mass of black energy has appeared in my Divine Soul as well."

Upon hearing this, the women all turned their gaze to Zhou Youyou.

Zhou Youyou continued, "I thought it was the memories sealed in the Tianyan Immortal Domain that hadn't been unlocked, so I didn't say anything."

Chu Yuqin said, "This initially confirms Zixuan's speculation. If anyone discovers something sealed in their Divine Soul, they should inform us immediately."

Liu Qingyun said, "It seems we have many stories with Lu Chen that we are unaware of."

Reflecting on it now, perhaps those sealed black energies are also memories they shared with Lu Chen. When Lu Chen was in the Tianyan Immortal Domain, he tried various methods to reclaim them.

Considering this possibility, the women fell silent, with a sense of sympathy for Lu Chen filling their hearts.

Lu Chen, trapped in the belly of the Chaos Beast, reincarnated repeatedly to find them, yet he had begun seeking them in the Tianyan Immortal Domain.

Thinking further, could Lu Chen have reincarnated numerous times before the Tianyan Immortal Domain to find them and renew their fated encounters?

...

A year passed quickly. During this year, the Heavenly Splendor Hall, Qingyun Academy, and Beast Alliance continually reinforced the borders of the Central Domain, poised to instigate war.

Moreover, the three forces frequently sent envoys to the Mysterious Moon Palace, urging the Palace to surrender Lu Chen for the sake of the world, but Mysterious Moon Palace remained unyielding.

As time went by, the patience of the three forces waned. Mysterious Moon Palace's attitude clearly indicated an unwillingness to hand over Lu Chen.

To pressure Mysterious Moon Palace, the three forces agreed to invade the Central Domain, planning to occupy some territory first.

Though they hadn't intended full-scale warfare with Mysterious Moon Palace, if they made no moves, Mysterious Moon Palace would undoubtedly assume they were too afraid to start a war, thus refusing to surrender Lu Chen.

With the three forces invading, the Central Domain's powers could no longer sit idle. Envoys were sent to Mysterious Moon Palace, imploring it to relinquish Lu Chen for the Central Domain's sake.

Although Mysterious Moon Palace is an Overlord Level force in the Central Domain, the affiliated powers of the Central Domain are part of the Palace's

overall strength. Should all these forces betray Mysterious Moon Palace, its total power would drastically decrease.

Finally, Mysterious Moon Palace released news claiming Lu Chen from Mysterious Moon Palace was merely a clone; they had no idea where his main body was. The forces from Heavenly Splendor Hall and Eastern Domain were merely inciting conflict.

In response, Mysterious Moon Palace began to mobilize an army, splitting its forces: one heading south and the other advancing east, displaying readiness to engage Heavenly Splendor Hall and Eastern Domain.

Observing Mysterious Moon Palace's boldness, the three forces couldn't help but doubt: could Mysterious Moon Palace be telling the truth, that Lu Chen was only a clone?

Otherwise, with armies invading the Central Domain, Mysterious Moon Palace still refuses to surrender Lu Chen, unafraid of ruin?

The situation reached an impasse. The forces hadn't intended war but sought Mysterious Moon Palace's compliance to share Lu Chen's opportunities. However, the Palace's readiness to fight left the forces uncertain of the next move.

Could they truly go to war with the Central Domain?

If war ensued, the Eastern Domain with the Southern Domain could defeat the Central Domain, but even defeating Mysterious Moon Palace would come with significant losses.

Ultimately, after deliberation, the leaders of Heavenly Splendor Hall, Qingyun Academy, and Beast Alliance issued an invitation for Yunmeng Palace Master to Rising Sun Immortal City for talks on addressing the potential enigmatic threat.

Rising Sun Immortal City, located in the southeastern corner of the Central Domain, near Eastern Domain and Southern Domain, is a suitable place for negotiations.

Initially, Immortal Venerable Yun Meng did not intend to heed the invitation, but the powers of the Central Domain persistently sent envoys to Mysterious Moon Palace, urging negotiations with the three forces for the sake of the Central Domain.

After careful consideration, Immortal Venerable Yun Meng ultimately agreed to meet the leaders of the three forces in Rising Sun Immortal City.

Central Domain, Rising Sun Immortal City.

At this moment, the vicinity of Rising Sun Immortal City is densely packed with warships, and the aura of various powerful figures intertwines.

The warships of Heavenly Splendor Hall, Qingyun Academy, and Beast Alliance have all arrived near Rising Sun Immortal City; only the warships of the Mysterious Moon Palace have yet to arrive.

The bodies of Star River Immortal Venerate, Xiyue Immortal Venerable, and Immortal Venerable Wan Jie are all suspended above their respective warships.

Of course, they did not come with their main bodies, but rather with clones.

At this moment, a voice echoed in the sky above Rising Sun Immortal City, "Yunmeng Palace Master has arrived!"

As the voice fell, warships bearing the flags of the Mysterious Moon Palace sailed toward Rising Sun Immortal City from afar.

The leading warship was massive, with countless rooms aboard it, akin to a palace floating in the sky.

Soon, the warships of the Mysterious Moon Palace joined with those of the three major forces.

At this moment, Star River Immortal Venerate spoke from high up, "Yunmeng Palace Master, I thought you wouldn't come."

Yunmeng Immortal Venerable said expressionlessly, "I indeed hadn't planned to participate in this meaningless negotiation."

Star River Immortal Venerate replied, "Meaningless? So, Yunmeng Palace Master truly intends to monopolize the fortune on Lu Chen?"

Yunmeng Immortal Venerable did not immediately respond. She glanced at Qingyun Academy's Dean, Immortal Venerable Wan Jie, and then shifted her gaze to Beast Alliance's Alliance Hierarch, Xiyue Immortal Venerable.

Feeling that the divine soul auras of the three were relatively weak, she knew they had only sent clones, and she was almost certain they weren't really planning to start a war with the Mysterious Moon Palace; no wonder their ancestor advised her not to worry.

Yunmeng Immortal Venerable then said, "Do you plan to discuss matters here?"

Upon hearing this, the bodies of the three, Star River Immortal Venerate, immediately flew into the sky, and the next moment, Yunmeng Immortal Venerable also vanished on the spot, reappearing ten thousand meters high.

Following that, the three simultaneously used immortal power, and in the next moment, an isolation array that blocked all probing appeared in the sky.

Once the isolation array was set up, Immortal Venerable Wan Jie spoke, "Yunmeng Palace Master, I have no interest in other fortunes on Lu Chen; what I want is that formation capable of sealing mysterious creatures."

Upon hearing this, Star River Immortal Venerate's eyebrows slightly furrowed. He wanted more than just the formation to seal mysterious creatures. Why did Immortal Venerable Wan Jie make such a significant concession right away? After all, Lu Chen might have the fortune to become an emperor.

Immortal Venerable Wan Jie did not want to become an emperor, but he did.

While Star River Immortal Venerate was distracted, Xiyue Immortal Venerable's cool voice resounded in the sky, "I, like Immortal Venerable Wan Jie, most desire that sealing formation. If the Mysterious Moon Palace is willing to hand over that Holy Rank Sealing Array, our Beast Alliance will withdraw our troops immediately."

Seeing Xiyue Immortal Venerable say this, Star River Immortal Venerable's face completely darkened. He had managed to bring Yunmeng Immortal Venerable to negotiate, yet the two immediately revealed the bottom line of the negotiation.

Their initial plan was that even if they couldn't obtain Lu Chen, they must get the Holy Rank Sealing Array from him, as it was crucial for them in sealing mysterious creatures.

As for other fortunes, they could slowly pressure the Mysterious Moon Palace. But the moment Immortal Venerable Wan Jie and Xiyue Immortal Venerable showed their cards, acting as if they only wanted the Holy Rank Sealing Array, what was left to negotiate?

Upon hearing the two's words, Yunmeng Immortal Venerable was also surprised. She initially thought the three forces were looking for an excuse to attack the Mysterious Moon Palace, but now it seemed they were indeed targeting Lu Chen, more precisely, targeting the Holy Rank Sealing Array he possessed for mysterious creatures.

If that was the case, she might as well have Lu Chen hand over that Holy Rank Sealing Array to them. Incidentally, she had brought Lu Chen's clone with her this time.

Just as Yunmeng Immortal Venerable was thinking this, her mind froze, suddenly recalling something.

Their ancestor said that calamity could be beneficial for her. If she gave the Holy Rank Sealing Array to the other forces and they used it to reinforce the seals, thereby preventing the invasion of mysterious creatures into the Tianyan Immortal Domain, wouldn't that thwart their ancestor's plans, preventing him from living a second life?

Thinking of this, a trace of worry appeared on Yunmeng Immortal Venerable's face.

Honestly, she was unsure what to do now. As Immortal Emperor Youlan was their ancestor, they naturally had to heed their ancestor's words.

However, logic told her that they shouldn't proceed this way. If mysterious creatures truly invaded the Tianyan Immortal Domain, it would cause immense devastation, possibly eventually sparing not even the Mysterious Moon Palace.

Seeing Yunmeng Immortal Venerable silent, Xiyue Immortal Venerable continued, "Yunmeng Palace Master, won't you even disclose the Holy Rank Sealing Array to us?"

"Could it be the Mysterious Moon Palace is already under the control of mysterious creatures?"

Upon hearing this, Yunmeng Immortal Venerable snapped back to reality, her brows furrowed tightly. She had already suspected the three forces might slander them in such a manner.

However, truth be told, deep down Yunmeng Immortal Venerable was slightly dubious, wishing to discern whether their ancestor had been corrupted by mysterious power, gradually transforming into a mysterious creature; otherwise, why would she anticipate calamity?

At this moment, Yunmeng Immortal Venerable said, "Lu Chen's main body is not in the Mysterious Moon Palace."

Star River Immortal Venerable immediately interjected, "Impossible."

"Yunmeng Palace Master, you..."

Star River Immortal Venerable wanted to continue speaking but was interrupted by Yunmeng Immortal Venerable, "I can swear by the Heavenly Dao that I truly don't know where Lu Chen's main body is."

This...

The three, Star River Immortal Venerate included, were initially stunned, then exchanged glances.

Yunmeng Immortal Venerable had spoken to this extent, questioning if Lu Chen's main body was genuinely not in the Mysterious Moon Palace?

Seeing the three silent, Yunmeng Immortal Venerable continued, "Moreover, Lu Chen's clone is unique, akin to a puppet, which he can abandon anytime. Even if the clone dies, it won't affect him, so it's nearly impossible to extract anything from his clone."

"Though Lu Chen is now a disciple of the Mysterious Moon Palace, the palace cannot truly decide his fate."

"If you genuinely wish to obtain anything from Lu Chen, the most appropriate action is to find Lu Chen directly, rather than cause trouble for the Mysterious Moon Palace."

Upon hearing this from Yunmeng Immortal Venerable, the three's expressions turned a few degrees more serious; Yunmeng Immortal Venerable's tone was not deceiving them.

If things were indeed as Yunmeng Immortal Venerable stated, it would be both advantageous and troublesome.

Since Yunmeng Immortal Venerable indicated that the Mysterious Moon Palace couldn't decide Lu Chen's fate, once they found Lu Chen's main body, they could directly soul search him, avoiding conflict with the Mysterious Moon Palace.

But the inconvenience lay in their complete unawareness of where Lu Chen's main body was.

Originally, their three forces pressured the Mysterious Moon Palace, thinking Lu Chen's main body was there, but now Yunmeng Immortal Venerable informed them that Lu Chen within the Mysterious Moon Palace was also a clone; it was all in vain.

Chapter 1914: Chapter 1604: The Demon Emperor's Power Has Returned!!!

Star River Immortal Venerate and the others were silent for a moment before Xiyue Immortal Venerate spoke first, saying, "I believe the words of Yunmeng Palace Master."

Hearing Xiyue Immortal Venerate's words, Star River Immortal Venerate furrowed his brow even deeper. Xiyue Immortal Venerate so easily believed Yunmeng Immortal Venerate's words; what if Yunmeng Immortal Venerate was deceiving them?

Although Yunmeng Immortal Venerate said she could swear an oath, she hadn't actually done so yet. What if Yunmeng Immortal Venerate was taking a step back to advance?

Star River Immortal Venerate said, "Yunmeng Palace Master, this matter is of great importance. The fate of Lu Chen might be closely linked to the very survival of the Tianyan Immortal Domain. Since you said you'll swear an oath, then do so now."

As soon as Star River Immortal Venerate finished speaking, before Yunmeng Immortal Venerate could respond, Xiyue Immortal Venerate interjected, "No need for that. Our Heavenly Fox Clan can discern whether someone is lying or not. I can sense that Yunmeng Palace Master indeed was not lying just now."

Immortal Venerable Wan Jie also spoke up, "The Power of Language can also determine whether someone is lying, and just as Xiyue Alliance Leader said, everything I heard was the truth."

Seeing that both Xiyue Immortal Venerate and Immortal Venerable Wan Jie vouched for the truth of Yunmeng Immortal Venerate's words, Star River Immortal Venerate did not press further.

But now the biggest issue arose. If Yunmeng Immortal Venerate's words were true, where were they to find Lu Chen's main body?

If they couldn't find Lu Chen's main body, they couldn't perform a soul search on him, and thus could not access his destiny.

At this time, Xiyue Immortal Venerate looked at Yunmeng Immortal Venerate and said, "Yunmeng Palace Master, now that the seals in the Sunset Mountain Range are loosening and eerie creatures could break the seal at any moment, how does Mysterious Moon Palace plan to respond to this crisis?"

Last time when the sealing was being eroded by the mysterious power against Wuya Immortal Venerate, Mysterious Moon Palace did not participate, which captured Xiyue Immortal Venerate's attention.

It seemed that Mysterious Moon Palace had no intention of allying with other forces to combat the eerie creatures. Could it be that Mysterious Moon Palace believed that even without allying with others, its own strength was sufficient to repel the mysterious army's invasion?

Mysterious Moon Palace surely couldn't be that naive.

According to her inherited memories, Mysterious Moon Palace has a long history and couldn't possibly be ignorant of the horrors of the eerie creatures, which made Xiyue Immortal Venerate very curious about their confidence.

With a calm expression, Yunmeng Immortal Venerate said, "We haven't thought of a way to deal with it yet."

Star River Immortal Venerate said, "Right now, the most important thing is for Lu Chen to hand over that Holy Rank Sealing Array. With that, we can fortify the seals on Sunset Mountain Range and delay the invasion of the eerie creatures."

"There is currently no Immortal Emperor in the Tianyan Immortal Domain. Without the guidance of an Immortal Emperor, it's unlikely we'll easily seal these immortal creatures of death."

Immortal Venerable Wan Jie said, "Star River Hall Master's words are correct. The last time the eerie creatures invaded, it was only thanks to those Immortal Emperors that we managed to seal them off."

At this point, Immortal Venerable Wan Jie directly conjured up a Memory Pearl before it flew into the air the next moment.

Immortal Venerable Wan Jie said, “This is my memory regarding the eerie creatures invading the Tianyan Immortal Domain. You can understand the eerie creatures through these memories.”

Hearing Immortal Venerable Wan Jie’s words, Yunmeng Immortal Venerate and the others were taken aback. Memories of the eerie creatures invading Tianyan Immortal Domain?

How did Immortal Venerable Wan Jie possess these memories?

Yunmeng Immortal Venerate quickly used her immortal power to access the memories within the Memory Pearl. After seeing the scenes in Immortal Venerable Wan Jie’s memories, her face grew even more solemn.

Although Immortal Venerable Wan Jie had previously revealed some of the characteristics of the eerie creatures, witnessing the scenes through the Memory Pearl left a different kind of impact.

The unceasing and undying eerie creatures turned everywhere they traversed into deathly realms, leaving hardly any living beings behind.

Seeing Yunmeng Immortal Venerate’s face change drastically, Xiyue Immortal Venerate and Star River Immortal Venerate also quickly infused the Memory Pearl with a strand of immortal power, then activated it to access the memories inside.

After viewing the scenes within the Memory Pearl, their expressions changed dramatically as well.

At this point, Xiyue Immortal Venerate said, “Your lifespan is even longer than that of an Immortal Emperor’s. I’m very curious, how did you achieve this?”

The invasion of the eerie creatures was clearly an event of the previous era, yet Immortal Venerable Wan Jie still retained those memories, having lived for an unknowable length of time.

An Immortal Venerate isn’t supposed to have such a long lifespan.

Immortal Venerable Wan Jie did not hide anything and said directly, “I once found a Longevity Medicine in a Secret Realm, which is why I’ve been able to live until now.”

“However, as that mysterious force’s erosion of the Life Dao grows more serious, I’m gradually sensing that my end is approaching.”

Upon hearing Immortal Venerable Wan Jie’s words, Yunmeng Immortal Venerate realized it was due to Longevity Medicine. Immortal Venerable Wan Jie’s luck was truly extraordinary.

Longevity Medicine can indeed break the limits, allowing one to live a second life, but being able to live an entire era suggests that the Longevity Medicine Immortal Venerable Wan Jie consumed very likely existed for an entire era as well.

Being able to discover such a high-level Longevity Medicine is beyond words, even surpassing overflowing Qi Fortune.

At this moment, Xiyue Immortal Venerate said with a trace of sarcasm, “Living for so long, yet still not breaking through to the Immortal Emperor Realm—it seems that finding the Longevity Medicine exhausted all your luck.”

Yunmeng Immortal Venerate glanced thoughtfully at Immortal Venerable Wan Jie; if Immortal Venerable Wan Jie truly lived for an entire era, he surely knew of Immortal Emperor Youlan’s existence.

To Mysterious Moon Palace, Immortal Emperor Youlan was the greatest secret. If anyone learned of Immortal Emperor Youlan’s existence, it wouldn’t bode well for Mysterious Moon Palace.

However, even if Immortal Venerable Wan Jie knew of Immortal Emperor Youlan, he would assume Immortal Emperor Youlan had long since perished, so there was no need to be overly concerned.

Immortal Venerable Wan Jie then said to Yunmeng Immortal Venerate, “Yunmeng Palace Master, with the imminent great calamity, all forces in the Tianyan Immortal Domain should unite to face this impending disaster together. Is Mysterious Moon Palace willing to ally with us once more?”

Without any hesitation, Yunmeng Immortal Venerate replied, “Apologies, Mysterious Moon Palace currently has no such plan.”

Upon hearing Yunmeng Immortal Venerate’s straightforward refusal, Immortal Venerable Wan Jie was momentarily dumbfounded. Yunmeng Immortal Venerate had seen his memories and should know how terrifying the eerie creatures were, yet she still refused to ally.

Yunmeng Immortal Venerate continued, “If there is nothing else, let’s end things here today. As for Lu Chen, I have brought his clone.”

“What you do with it is your business, but I hope that after you return, all three of your factions immediately withdraw from the Central Domain.”

Saying this, Yunmeng Immortal Venerate prepared to turn and leave when Xiyue Immortal Venerate hurriedly said, “Wait...”

Rumble, rumble, rumble...

Just as Xiyue Immortal Venerate was about to speak, a massive black vortex appeared in the sky above the entire Tianyan Immortal Domain. Suddenly, strands of black gas emerged from people's bodies, all converging towards the black vortex in the sky.

In the next moment, all the Immortals in the Tianyan Immortal Domain felt an inexplicable pressure.

Star River Immortal Venerate's face changed slightly, "This... this is the might of the Immortal Emperor!!!"

"The Demon Emperor's power has been restored!!!"

Having children earns benefit, start competing for dominance in the world by marrying a wife

Feeling the terrifying oppression in the sky, the faces of the Immortal Venerates from various forces turned extremely grim.

Especially those Immortal Venerates who had once gone to the Northern Domain to participate in the campaign against the Demon Emperor, they were now deeply worried.

With the Demon Emperor's power restored, the next step might very well be to settle accounts with them.

At the same time, in the Northern Domain.

High in the sky, Xuan Qingyun sat cross-legged as tendrils of black mist surged into her body from all directions, and her power was rapidly rising.

Ever since the news that the bizarre creature was about to break its seal spread throughout the Tianyan Immortal Domain, fear shrouded the hearts of everyone in the Tianyan Immortal Domain, and the negative energy born of fear was exactly what Xuan Qingyun needed.

The people's fear accelerated the recovery of Xuan Qingyun's strength, eventually allowing her to return to the Immortal Emperor Realm once again.

As her strength recovered, some sealed memories surged into her mind. These were memories that had been sealed when she entered the Chaotic Sea because of her declining cultivation state, but now that her power had returned, her cultivation state could bear the causality brought by those memories, and they naturally unsealed.

Xuan Qingyun opened her eyes, feeling the surging immortal power within her, and the image of Lu Chen flashed through her mind.

She still remembered the great battle with Lu Chen in the Chaotic Sea. Neither she nor Lu Chen had been able to claim victory, but now that her power had returned, it was time to settle the score.

Though in the Chaotic Sea she had lost her mind due to the erosion by Chaos Qi, no matter what, Lu Chen had offended her, the Immortal Emperor.

An Immortal Emperor is not to be humiliated, and this debt must be settled.

Thinking of this, Xuan Qingyun prepared to take over the Heavenly Dao of the Tianyan Immortal Domain, but the next moment, she was stunned.

She suddenly found that she still couldn't sense the Heavenly Dao.

What was going on?

Xuan Qingyun tried again to sense the Heavenly Dao, but still couldn't sense its existence, as if there was a power blocking her perception of it.

Logically, after becoming an Immortal Emperor, one should be able to sense the Heavenly Dao, and if one is the sole Immortal Emperor of the time, they would even be able to take over the Heavenly Dao, which allows wielding various rule powers and even modifying the rules of the Heavenly Dao.

Now, she couldn't even sense the Heavenly Dao, let alone take it over.

Xuan Qingyun frowned slightly, the current situation was too bizarre, instilling a sense of unease in her heart.

She had planned to take over the Heavenly Dao to then repair the Cultivation Path and solve the issue of it being eroded by a mysterious force.

Xuan Qingyun couldn't help but think, could there still be another Immortal Emperor in the Tianyan Immortal Domain at this time?

But her divine sense swept through the entire Tianyan Immortal Domain, and she found no sign of an Immortal Emperor.

And even if there were another Immortal Emperor, she should still be able to sense the Heavenly Dao.

This was troubling, for without sensing the Heavenly Dao, she couldn't repair the Cultivation Path, and the Tianyan Immortal Domain might gradually head towards destruction.

She had also wanted to use the Tianyan Immortal Domain to break through to a higher realm, break the shackles, and leave the Tianyan Immortal Domain.

But with the issue in the Heavenly Dao, she couldn't take over the Heavenly Dao, making it even less likely that she could leave the Tianyan Immortal Domain.

Where exactly was the problem?

Xuan Qingyun pondered for a long time, unable to figure out where the problem lay.

"Forget it, I'll find Lu Chen first, and see what secrets he holds," she concluded.

The issue with the Heavenly Dao couldn't be resolved in a short time, and thinking about it aimlessly was meaningless. Since her power had been restored, she should first find and capture Lu Chen, who had offended her.

Back in the belly of the Chaos Beast, she had already sensed the peculiarity of Lu Chen, always feeling that Lu Chen was a reincarnation of some Immortal Emperor, or maybe, like her, an outsider from beyond the domain.

Someone who doesn't need cultivation, who can enhance his power simply by soaking in the harem every day – from this point alone, Lu Chen wasn't an ordinary person.

Xuan Qingyun then tried to deduce the Power of Heavenly Mechanism, attempting to locate Lu Chen's main body.

Yet to her surprise, she was unable to deduce Lu Chen's location.

What...

When she had just returned to the Tianyan Immortal Domain, she could still deduce Lu Chen's location, but now, with her cultivation restored to the Immortal Emperor Realm, she was unable to deduce where Lu Chen was hiding.

Xuan Qingyun attempted again to mobilize the Power of Heavenly Mechanism, and in the next moment, a mirror-like surface appeared in front of her, but it showed only fog, revealing nothing.

"He truly is no ordinary person," she mused.

To be able to block the deduction of an Immortal Emperor said a lot.

As Xuan Qingyun was lost in thought, the vortex in the sky over the Tianyan Immortal Domain gradually dispersed, yet the sky remained shrouded in darkness, and at that moment, cracks began to appear high above.

As soon as these fissures manifested, a sense of impending death gripped people's hearts, and even Xuan Qingyun felt as if she was being watched by some great terror.

Yet Xuan Qingyun merely stood quietly watching those fissures. Unable to sense the Heavenly Dao, she couldn't rectify the various issues that arose, leaving her simply to observe.

Fortunately, the Heavenly Dao of the Tianyan Immortal Domain possessed self-repairing abilities, and those cracks were soon mended by the world power of the Tianyan Immortal Domain.

Xuan Qingyun realized that the fissures had appeared due to the commotion caused by her recent recovery of strength.

This awareness highlighted a grave issue: If the mere restoration of her cultivation led to fissures appearing in the Tianyan Immortal Domain, it indicated that if she were to unleash her full power, the Tianyan Immortal Domain might very well collapse.

Indeed, she desired to leave the Tianyan Immortal Domain, but with her current power, even if she destroyed it, it was likely she wouldn't survive the departure. Who knew what great terrors awaited beyond?

With this in mind, Xuan Qingyun slightly restrained her aura, then raised her hand, causing one-fifth of the continent in the Northern Domain to slowly ascend into the sky, forming a massive Floating Island in the high heavens of the Tianyan Immortal Domain.

Henceforth, this Floating Island would serve as the base for the Nine Heavens Institute.

Having completed this, Xuan Qingyun then fully withdrew her Emperor's Mighty aura.

With the Emperor's aura withdrawn, the Immortal Venerates of the Tianyan Immortal Domain gradually returned to their senses.

Immortal Venerable Yun Meng's face was grave; now that the Demon Emperor's power was restored, it was highly possible that the Demon Emperor, in his quest

to control the Heavenly Dao, would target their ancestor. She had to return quickly to prepare their defenses.

In the next instant, Immortal Venerable Yun Meng proactively broke the Isolation Array, and her figure turned into a stream of light, returning to the Mysterious Moon Palace's warship.

On the warship's deck, Lu Chen looked up at the sky, which was gradually clearing, feeling a bit anxious. Would Xuan Qingyun trouble him now that she had regained her power?

At this moment, Immortal Venerable Yun Meng's voice sounded in Lu Chen's ear, "I have already agreed to hand over your clone to them. What happens next is up to you."

Hearing Immortal Venerable Yun Meng's words, Lu Chen regained his composure, "What did they say to the Palace Master?"

Immortal Venerable Yun Meng replied, "They said they only want the Holy Rank Sealing Array on you."

"Of course, as to what they are truly thinking, only they know."

"However, this body of yours is merely a puppet, even if they capture you, they can't do much with you."

"I have other matters to attend to and will return to the Mysterious Moon Palace."

With those words, Immortal Venerable Yun Meng led the Mysterious Moon Palace warship back.

Having children earns benefit, start competing for dominance in the world by marrying a wife

After the warship of the Mysterious Moon Palace returned, Lu Chen was left alone at the original spot.

Soon, the Star River Immortal Venerate and two others noticed Lu Chen's presence, and in the next moment, the three appeared in front of Lu Chen.

Immediately after, Xiyue Immortal Venerate gently raised her jade hand, and an isolation array appeared around their bodies.

Xiyue Immortal Venerate was the first to speak, "Are you Lu Chen?"

Xiyue Immortal Venerate had never met Lu Chen, but since Immortal Venerable Yun Meng left him at the spot, he was likely the person they were looking for, especially since Star River Immortal Venerate approached Lu Chen first. Though she hadn't met Lu Chen, surely Star River Immortal Venerate had.

Lu Chen glanced at Xiyue Immortal Venerate, who was dressed in a translucent white sheer immortal robe, with silver-white hair draping to her waist. Her bosom was proud and her jade-like legs were long, exuding a cold alluring aura.

Seeing the system's notification pop up, Lu Chen was slightly stunned, not expecting to encounter another woman who met the system's criteria here.

But...

How is it another Immortal Venerate again.

With his current strength, wanting to have some occurrence with an Immortal Venerate is really quite difficult.

As for Yun Yudie, if it weren't for dual cultivation improving Yun Yudie's strength, she probably wouldn't be entangled with him every day.

Moreover, even if he can dual cultivate with an Immortal Venerate, it is useless. If they don't want to bear children for him, it's hard to make them pregnant.

After regaining his senses, with a smile on his face, Lu Chen said to Xiyue Immortal Venerate, "Yes, may I know how to address the senior?"

Xiyue Immortal Venerate said, "I am the Alliance Hierarch of the Beast Alliance."

Lu Chen said, "So you are the senior Xiyue Immortal Venerate."

"I have long heard that senior's beauty transcends ancient times, unparalleled in the Tianyan Immortal Domain. Today, seeing you indeed lives up to your reputation."

Hearing Lu Chen's words, Xiyue Immortal Venerate paused for a moment.

She indeed was very beautiful, but Lu Chen was the first to directly praise her beauty in front of her.

She relied on her strength to rule the Beast Alliance, and people primarily considered her power when dealing with her, rarely placing her beauty first.

Moreover, praising the beauty of a strong person isn't a good behavior. While others might think a woman's beauty is important and call her pretty as a compliment.

But for strong beings such as an Immortal Venerate, changing appearance is very simple. Saying an Immortal Venerate is pretty seems like saying she's just a vase, without much strength.

At this moment, Star River Immortal Venerate said, "Lu Chen, we were too hasty in the Barbaric Lands. If you are willing to hand over the chance you got in the

Chaotic Sea, I assure you, from now on, nobody from the Heavenly Splendor Hall will bother you."

"And if you are willing to join the Heavenly Splendor Hall, you will be an Inner Hall Elder of the Heavenly Splendor Hall."

Hearing Star River Immortal Venerate's words, Lu Chen chuckled and said, "Sorry, I am already a disciple of the Mysterious Moon Palace. Is it not quite appropriate for the Star River Hall Master to blatantly poach me?"

Star River Immortal Venerate replied indifferently, "Yunmeng Palace Master already mentioned that you left only a clone in Mysterious Moon Palace. You can go wherever you wish, and no one can restrain you."

Immortal Venerable Wan Jie couldn't help but say, "Whatever Immortal Sect Lu Chen wants to go to can be discussed later. For now, let's talk about the Holy Rank Sealing Array."

"Currently, the seal at the Sunset Mountain Range is loose. Strange creatures may break the seal at any time. The urgent matter is to reinforce the seal to prevent the invasion of strange armies into the Tianyan Immortal Domain."

Lu Chen glanced at Immortal Venerable Wan Jie, and hearing his words, was slightly surprised. Immortal Venerable Wan Jie seemed to have no interest in other opportunities and genuinely considered the world's beings.

Moreover, Lu Chen could clearly feel a special aura from Immortal Venerable Wan Jie that was warm, with his surrounding Dao Charm giving off a feeling akin to bathing in the spring breeze.

Lu Chen thought to himself, this should be the so-called Vast Righteous Qi, indicating Immortal Venerates aren't all focused on becoming emperors.

Lu Chen said directly, "I can give you the Holy Rank Sealing Array, but there is one condition."

Immortal Venerable Wan Jie said, "As long as we can fulfill, no matter what the condition is, we agree."

Lu Chen said, "The three of you must take a Heavenly Dao oath that from now on, you will not actively or indirectly seek trouble with me."

This...

Star River Immortal Venerate's expression instantly darkened.

He wanted to obtain other opportunities from Lu Chen, but if he really made a Heavenly Dao oath, those chances would be handed over to others.

As Star River Immortal Venerate hesitated, Immortal Venerable Wan Jie was the first to speak, "I hereby make an oath. If Lu Chen is willing to hand over the Holy Rank Sealing Array and methods to deal with strange creatures, I will forbid anyone from Qingyun Academy from troubling Lu Chen. If I break this oath, my cultivation state will never advance again."

As soon as Immortal Venerable Wan Jie said this, the sky was suddenly covered with dark clouds and red lightning, indicating the activation of the Heavenly Dao oath.

Seeing Immortal Venerable Wan Jie truly making a Heavenly Dao oath, Star River Immortal Venerate's expression grew even more gloomy.

If Xiyue Immortal Venerate also made a Heavenly Dao oath, how could he still pressure Lu Chen?

If Lu Chen's main body hides in the Eastern Domain, he would find it even harder to locate him.

As Star River Immortal Venerate thought, Xiyue Immortal Venerate's cold voice came.

"I hereby make an oath, as long as Lu Chen is willing to hand over the Holy Rank Sealing Array, from now on, I will not actively trouble Lu Chen. If I break this oath, I will never breakthrough or complete transformation."

Seeing Xiyue Immortal Venerate also making an oath, Star River Immortal Venerate immediately felt immense anger. These two are absolute fools to actually take the oath.

Their three great forces combined are so formidable, and they control two domains. More importantly, with their three great forces leading, other realm forces would surely help find Lu Chen's main body. Finding Lu Chen's main body would be only a matter of time.

In the end, they just took an oath not to trouble Lu Chen from now on.

Wait...

Just as Star River Immortal Venerate was too angry to speak, he suddenly realized there was an issue with their Heavenly Dao oath.

They said if they break the oath, their cultivation state will never advance. Advancing further would be becoming an Immortal Emperor.

Given their current situation, it's almost impossible for them to break through to the Immortal Emperor Realm. Do they know they can't break through to the Immortal Emperor Realm, hence making such an oath?

These two are indeed clever.

At this moment, Immortal Venerable Wan Jie and Xiyue Immortal Venerate turned their gaze to Star River Immortal Venerate.

Xiyue Immortal Venerate's lips slightly curled, revealing a faint smile, "Star River Hall Master, for the sake of the world's beings, you should take an oath too, right?"

Star River Immortal Venerate furrowed his brows tightly. If he made an oath, his cultivation state might cease at the Immortal Venerate Realm.

If he didn't take the oath, and Lu Chen was unwilling to hand over the Holy Rank Sealing Array, after this meeting, Qingyun Academy and the Beast Alliance would surely spread the word, blaming his unwillingness to take an oath, thereby causing Lu Chen's refusal to hand over the Holy Rank Sealing Array.

Having children earns benefit, start competing for dominance in the world by marrying a wife

Seeing that the Star River Immortal Venerate was hesitating, Immortal Venerable Wan Jie said solemnly, "Star River Hall Master, the Sunset Mountain Range is right next to the Southern Domain. If those mysterious creatures break the sealing, your Heavenly Splendor Hall will be the first to face the brunt. You should think it over carefully."

Immortal Venerable Wan Jie could see that the Star River Immortal Venerate still had intentions on the opportunities Lu Chen gained from the Chaotic Sea, which is why he was dragging his feet and reluctant to make the Heavenly Dao Oath.

Upon hearing Immortal Venerable Wan Jie's reminder, the Star River Immortal Venerate couldn't help but clench his fist. Indeed, if the mysterious creatures broke the seal, the Southern Domain would be the first to suffer.

Thinking of this, the Star River Immortal Venerate reluctantly said, "I vow here that as long as Lu Chen is willing to hand over the Holy Rank Sealing Array, I will never trouble Lu Chen again in this life, and if I break this oath, my cultivation state will progress no further in this life."

The Star River Immortal Venerate thought to himself, that oaths are tricky things; as long as one chooses their words carefully, there are ways to circumvent them.

Though he has an immortal body in this lifetime, given the current situation, he fears that breaking through to become an Immortal Emperor might not be so easy.

According to some historical records from the Ancient Era, there hasn't been a case of two emperors coexisting in recent years, leading many to speculate that perhaps the Qi Fortune of the Tianyan Immortal Domain has declined, no longer capable of supporting two Immortal Emperors. This is also why when he initially discovered Lu Chen had the potential of an Immortal Emperor, he wanted to eliminate him.

Now, the Demon Emperor seems to have restored his cultivation state, meaning the Tianyan Immortal Domain will have to wait for the Demon Emperor to fall before a second Immortal Emperor can emerge. But if an Immortal Emperor doesn't seek death, they'll live for at least an era; no one knows when the Demon Emperor might fall.

If in this lifetime he cannot become an emperor, he must either find Longevity Medicine to live into a second life or use a secret technique to reincarnate.

An Immortal Venerate wishing to reincarnate must do so when their vitality is at its peak; otherwise, it becomes impossible to reincarnate later on.

Otherwise, if every Immortal Venerate who couldn't break through to Immortal Emperor chose to reincarnate and retrain, the Tianyan Immortal Domain would

have long fallen into chaos. At this point, the Star River Immortal Venerate already had thoughts of reincarnating and retraining.

The Star River Immortal Venerate thought, since I can't become an emperor in this lifetime, making a Heavenly Dao Oath is no big deal. It's the perfect opportunity to reincarnate and be reborn, and then, before Lu Chen has a chance to grow, have the Immortal Venerates from the Heavenly Splendor Hall act against him. Maybe by the time he's reborn, his cultivation path will have returned to normal.

As things stand now, with the mysterious power's erosion of the Life Dao becoming increasingly severe, his time is running out. If he doesn't reincarnate at his peak, he will never have the chance to reincarnate and will only wait for death.

Of course, reincarnation carries many risks, but compared to a hopeless future, he is more willing to stake everything on the next life.

Lu Chen actually noticed the loopholes in the oaths of the three but didn't care too much. He originally planned to hand over the Holy Rank Sealing Array to the major forces of the Tianyan Immortal Domain.

Currently, he is too weak to fight the mysterious army. Besides, the Immortal Dynasty and Mysterious Moon Palace he established are located right next to the Sunset Mountain Range. If the mysterious creatures break the seal, they will be the first to face disaster.

By giving the Holy Rank Sealing Array to these top forces, they naturally know to go to the Sunset Mountain Range to reinforce the sealing. Once reinforced, it may delay the time those mysterious creatures appear, buying him more time to grow.

At this point, Lu Chen directly condensed three Memory Inheritance Pearls. "Inside these are the Chaos Spirit Ruins Sealing Heaven Array you want."

Seeing the three Inheritance Light Pearls in front of Lu Chen, the three Immortal Venerates from the Star River Immortal Venerate's group didn't hesitate to use their immortal power to grab a light pearl from a distance and then read the inheritance content inside the pearl.

After reading the inheritance content within the pearls, their expressions became even more serious.

The Chaos Spirit Ruins Sealing Heaven Array doesn't require advance preparation of various array materials; one simply needs to inscribe the array pattern to activate the formation.

The Tianyan Immortal Domain has quite a few such formations, but because the Chaos Spirit Ruins Sealing Heaven Array is a Holy Tier Array, the array pattern is extremely complex. To inscribe a complete array pattern requires a strong divine soul.

The three of them quickly glanced at it and found inscribing a complete array pattern might be extremely challenging.

Lu Chen said, "I've given you the formation; why do you seem unhappy?"

The Star River Immortal Venerate didn't respond to Lu Chen but instead said to Immortal Venerable Wan Jie and Xiyue Immortal Venerable, "Since we've obtained the formation, why not try to activate it now?"

Immortal Venerable Wan Jie said, "Alright, let me try first."

With that, Immortal Venerable Wan Jie raised his finger, imbued with the power of language, and began inscribing the array pattern in the air.

However, as the array pattern began to form, Immortal Venerable Wan Jie felt immense pressure on his divine soul, making it hard to breathe.

The array pattern was almost halfway inscribed when, with a loud "boom," the pattern exploded before Immortal Venerable Wan Jie, who spat out blood, clearly suffering from backlash.

Seeing Immortal Venerable Wan Jie fail, the Star River Immortal Venerate and Xiyue Immortal Venerable thought to themselves: indeed, drawing a Holy Tier Array isn't easy.

The Star River Immortal Venerate, stunned, thought, Even a seasoned entity like Immortal Venerable Wan Jie couldn't inscribe the Chaos Spirit Ruins Sealing Heaven Array's pattern. How did Lu Chen manage to inscribe this formation back in the Barbaric?

When he visited the sealed land, the sealing had been completed, so he didn't witness Lu Chen inscribe the pattern. However, he believed Lingxu Immortal Venerable and the others wouldn't lie.

At this moment, Immortal Venerable Wan Jie said to the Star River Immortal Venerate, "With my divine soul strength, I can't fully inscribe the Chaos Spirit Ruins Sealing Heaven Array's pattern. Given the need for a single execution of the full array pattern, it's incredibly difficult. Why don't you give it a try?"

With other Holy Tier Arrays, as long as there are enough Immortal Crystals or certain array materials, the array can be set up.

For example, the Immortal Sect Great Array for each of their respective sects, while being a Holy Tier Array, doesn't require the completion of the array pattern in one go. In fact, its patterns can be drawn by several people simultaneously.

As Immortal Venerable Wan Jie's words faded, the Star River Immortal Venerate raised his hand, closed his eyes, and began drawing the array pattern in the air.

After examining the array's details of the Chaos Spirit Ruins Sealing Heaven Array, he knew the challenge of inscribing the pattern, yet decided to give it a try.

The sealing of the Sunset Mountain Range must be strengthened, or it would greatly affect his future reincarnation plans.

As the Star River Immortal Venerate's hand slowly moved through the air, the array pattern gradually emerged. Yet before it was even a quarter drawn, the entire pattern suddenly exploded, and the Star River Immortal Venerate spat out blood due to backlash.

The Star River Immortal Venerate now doubted whether Lingxu Immortal Venerable and the others were truthful. They claimed that when sealing Wuya Immortal Venerable, Lu Chen personally inscribed the Chaos Spirit Ruins Sealing Heaven Array. However, with even them unable to inscribe it, how could Lu Chen possibly have managed?

The Star River Immortal Venerate took a deep breath to calm the turbulent immortal power within before casting his gaze towards Xiyue Immortal Venerable.

Immortal Venerable Wan Jie also turned to look at Xiyue Immortal Venerable. Seeing the two looking at her, Xiyue Immortal Venerable naturally understood their thoughts.

However, since both of them had failed, she likely would fail as well.

Having children earns benefit, start competing for dominance in the world by marrying a wife

Xiyue Immortal Venerable said at this moment, "I won't attempt it. Since both of you have failed, it proves that the Chaos Spirit Ruins Sealing Heaven Array is indeed difficult to set up."

"However, Immortal Venerable Cang Ya came back and told me that when sealing Wuya Immortal Venerable in the Barbaric lands, this formation was arranged by Lu Chen. I'm a bit curious; even we Immortal Venerables can't fully engrave the array patterns, how did you manage it, Lu Chen?"

As the words fell, Xiyue Immortal Venerable's red eyes stared straight at Lu Chen.

An array pattern that Immortal Venerables couldn't engrave, yet Lu Chen could complete. Does that not prove Lu Chen's divine soul is stronger than Immortal Venerable Wan Jie and Star River Immortal Venerate?

One must know that an Immortal's power is closely related to the strength of their divine soul. The stronger the divine soul, the more powerful the Immortal. Of course, constitution and external objects can also affect an Immortal's power.

However, constitution and external objects can't assist in engraving array patterns, so being able to completely engrave Holy Rank Array Patterns proves how strong Lu Chen's divine soul truly is.

Immortal Venerable Wan Jie could only engrave half of the array patterns, and Star River Immortal Venerate could only manage a quarter before struggling. That Lu Chen could fully engrave the array patterns speaks volumes of his divine soul's strength.

At this moment, Xiyue Immortal Venerable and the other two couldn't help but wonder if Lu Chen's main body was also an Immortal Venerate.

Seeing the three's gaze on him, Lu Chen said lightly, "Perhaps my talent in formations is relatively high."

Xiyue Immortal Venerable directly said, "Why don't you activate a formation for us to see?"

Lu Chen said, "I lack sufficient immortal power to completely engrave the array patterns. In the Barbaric lands, I relied on the immortal power of other Immortal Venerables to completely engrave the array patterns."

Xiyue Immortal Venerable said, "With the three of us here, you don't need to worry about lacking immortal power."

"Since Xiyue Immortal Venerable has said so, I'll demonstrate it on the spot." As Lu Chen spoke, he raised a finger.

His finger moved rapidly in the air, and within moments, a quarter of the array pattern appeared in the sky.

This...

Seeing Lu Chen's speed in constructing the array patterns, the three were taken aback.

As the formation began to exude pressure, cold sweat dripped from Lu Chen's forehead. The trio quickly reacted; Xiyue Immortal Venerable was the first to act, raising a hand to infuse immortal power into Lu Chen's body.

As time passed second by second, the pressure from the array patterns grew increasingly strong. Xiyue Immortal Venerable and the other two gradually felt their internal immortal power being suppressed and realized Lu Chen was depleting immortal power rapidly; the power infused by Xiyue Immortal Venerable was quickly consumed upon entering Lu Chen.

Xiyue Immortal Venerable immediately told Star River Immortal Venerate and Immortal Venerable Wan Jie, "This formation's consumption is too high. You two lend a hand as well."

Hearing Xiyue Immortal Venerable, the two were momentarily stunned. Even one Immortal Venerate's power couldn't sustain the formation's construction?

This was merely during the pattern engraving stage; the full formation hadn't even materialized yet. Wouldn't the energy consumption be even greater once it was completed?

Without further thought, the two also acted, channeling immortal power into Lu Chen's body.

As the three's power entered his body, Lu Chen's speed in engraving array patterns increased. Soon, the Chaos Spirit Ruins Sealing Heaven Array's patterns were fully formed.

With the patterns constructed, Lu Chen raised a hand and the patterns flew from his fingertips, expanding swiftly in the sky. At the moment the patterns formed, Lu Chen's body frantically absorbed the trio's immortal power.

Xiyue Immortal Venerable and the others' expressions slightly changed, thinking to themselves that the energy consumption of a Holy Tier Array was indeed terrifying.

Star River Immortal Venerate quickly said, "Alright, that's enough for now!"

As Star River Immortal Venerate spoke, Lu Chen slammed the Chaos Spirit Ruins Sealing Heaven Array onto the ground.

With the array touching down, the terrifying pull from Lu Chen dissipated, letting the trio breathe a sigh of relief.

Immortal Venerable Wan Jie looked at Lu Chen and said, "It seems we still need your help in reinforcing the seal. Would you be willing to assist?"

At this moment, Immortal Venerable Wan Jie's tone had changed significantly, becoming much more respectful to Lu Chen.

If they practiced more, perhaps one day they could fully engrave the Chaos Spirit Ruins Sealing Heaven Array's patterns, but time was not on their side. The seal in the Sunset Mountain Range had loosened, and strange creatures were emerging, requiring the seal to be reinforced quickly.

Who knows how many years it would take them to engrave the Chaos Spirit Ruins Sealing Heaven Array in its entirety, by which time the strange beings might have already broken the seal and invaded the Tianyan Immortal Domain.

Lu Chen said, "I would naturally be willing to lend a hand for the sake of all living beings."

Immortal Venerable Wan Jie said, "Then I, on behalf of the Tianyan Immortal Domain, thank you for your assistance."

Lu Chen said, "Immortal Venerable Wan Jie, there's no need to be so polite. I am also a member of the Tianyan Immortal Domain; this is what I should do."

Xiyue Immortal Venerable smiled, "I didn't expect you to be someone who cares for the world. Had we known earlier, we should have come to you directly instead of putting pressure on Mysterious Moon Palace."

Saying this, Xiyue Immortal Venerable glanced at Star River Immortal Venerate with a sidelong look.

Star River Immortal Venerate's face instantly darkened, realizing that Xiyue Immortal Venerable was blaming him for urging them to pressure Mysterious Moon Palace.

Immortal Venerable Wan Jie continued, "The Sunset Mountain Range has many dangerous places. Reinforcing the seals in all the perilous areas might be too much for our three powers, we need to ally with other forces within the Tianyan Immortal Domain."

Star River Immortal Venerate said, "Currently, many Northern Domain powers like the Azure Dragon Hall have already established a foothold in the Barbaric lands, right next to the Sunset Mountain Range. I believe they will also contribute to reinforcing the seals."

Immortal Venerable Wan Jie said, "In that case, let's have our three forces issue a joint announcement."

Star River Immortal Venerate and Xiyue Immortal Venerable spoke at the same time: "Agreed."

"Alright."

At this moment, the three once again focused their attention on Lu Chen.

Since Lu Chen's clone had already left the Mysterious Moon Palace, they couldn't let Lu Chen return. If something happened to Lu Chen's clone, no one would be available to engrave the array patterns.

Star River Immortal Venerate forced a smile and said to Lu Chen, "Lu Chen, why don't you come with me to the Southern Domain to prepare for reinforcing the seals?"

Before Lu Chen could respond, Xiyue Immortal Venerable sneered, "Star River Hall Master, it seems you haven't given up."

Star River Immortal Venerate quickly said, "Xiyue Alliance Leader, what do you mean? The Sunset Mountain Range is right next to the Southern Domain. Since Lu Chen will head to the Southern Domain eventually, sending him there early, what's the harm?"

Immortal Venerable Wan Jie said, "Why not let Lu Chen choose which power to join himself?"

Xiyue Immortal Venerable smiled and said, "I have no objection."

Star River Immortal Venerate's face turned gloomy. Lu Chen had grievances with the Heavenly Splendor Hall and would surely not choose it.

The next moment, Lu Chen declared, "In that case, my clone will go to the Beast Alliance."

Seeing Lu Chen's choice of the Beast Alliance, Star River Immortal Venerate's face further darkened. He had initially hoped to find another way to extract opportunities from Lu Chen that were obtained from the Chaotic Sea.

Star River Immortal Venerate snorted coldly and flew directly back to the Heavenly Splendor Hall's warship. As he left, his sarcastic voice echoed in the sky.

"Xiyue Alliance Leader, Lu Chen is now crucial. Be sure not to let anything happen to him. If something does, and no one is available to set up formations to reinforce the seals, you would be the sinner of the Tianyan Immortal Domain."

Xiyue Immortal Venerable responded, "There's no need for Star River Hall Master to worry about that."

Star River Immortal Venerate said no more, promptly returning to the Southern Domain with the Heavenly Splendor Hall's warship.

After Star River Immortal Venerate left, Immortal Venerable Wan Jie led the Qingyun Academy people away from Rising Sun Immortal City.

Once they left, only Lu Chen and Xiyue Immortal Venerable remained in the sky.

Xiyue Immortal Venerable once again took a look at Lu Chen at this time. He was dressed in a white robe with golden edges and had a colorful belt around his waist. His muscles clung tightly to the robe, slightly stretching it, making his body appear strong and powerful.

Below his brows were a pair of deep-set eyes, his hair tied with a crown made of Xianjin, the single ponytail fluttered in the wind, making him look elegant and handsome.

Xiyue Immortal Venerable's cold and charming jade-like face showed a smile, "I am very curious to know, why did you choose the Beast Alliance?"

"Even if you held a grudge against the Heavenly Splendor Hall and didn't want to go there, Qingyun Academy should be your first choice."

After all, Qingyun Academy belonged to the Human Race, while the Beast Alliance was a force of the Demon Race.

Lu Chen did not answer the question but instead asked, "Is Xiyue Immortal Venerable asking this because I'm unwelcome?"

Xiyue Immortal Venerable said, "I'm just curious about your intentions."

At this moment, Xiyue Immortal Venerable suddenly recalled something, and continued, "I've heard about your deeds. It's said that before you entered the Chaotic Sea, you were quite the philanderer, enticing Holy Daughter Princesses from various forces into your harem using different methods once you had taken a fancy to them."

"Could it be you fancy my appearance and plan some misconduct against me?"

Lu Chen paused slightly, oh my, this bitch's intuition is unusually sharp.

After coming to his senses, Lu Chen respectfully stated, "How could I have such thoughts?"

Xiyue Immortal Venerable took a step and flew in front of Lu Chen. The next moment, a faint fragrance engulfed him, instantly igniting the desires within Lu Chen. Fortunately, at that time, his physical body was battling Yun Yudie, and he had a way to vent these desires; otherwise, he couldn't have controlled himself.

Xiyue Immortal Venerate subsequently circled Lu Chen once, then stared into his deep eyes and said, "Have you forgotten what I said earlier?"

Lu Chen countered, "What words?"

Xiyue Immortal Venerate chuckled softly and said, "I can discern whether your words are truth or lies."

This...

Seeing Lu Chen become distracted, Xiyue Immortal Venerable continued, "Not only that, I can also sense the desires within others."

"You seem to have strong intentions of misconduct against me?"

Saying this, Xiyue Immortal Venerable's smile instantly vanished, turning ice cold. A vast pressure released from her, "I'm quite curious, what gives you the nerve to plot against me?"

Seeing Xiyue Immortal Venerable suddenly change attitude shocked Lu Chen internally. This demoness switches faces too quickly; she had been smiling a moment ago and now exudes murderous aura.

However, even facing such a murderous Xiyue Immortal Venerable, Lu Chen remained unafraid.

Since Xiyue Immortal Venerable openly addressed it, he had no need to feign. Instantly, Lu Chen's fiery eyes fixated on Xiyue Immortal Venerable's cold and glamorous jade face, "Since you've seen through me, I won't pretend anymore. Indeed, I am plotting against you."

"A fair lady is what a gentleman seeks. Xiyue Immortal Venerable's beauty surpasses the entire Tianyan Immortal Domain, and as a normal man who's without thoughts is strange."

Seeing Lu Chen actually admitting to it, Xiyue Immortal Venerable momentarily dumbfounded, thinking he would deny it till the end. After all, she was an Immortal Venerate, openly admitting harboring misconduct was a huge offense against an Immortal Venerate; she wondered why he wasn't afraid she might kill him in anger.

Nonetheless, Xiyue Immortal Venerable quickly processed that this lecher might be relying on their need for him to reinforce the seal at the Sunset Mountain Range, as now no one else could form the Formation if he were killed.

When strengthening the seal, if other Immortal Sects noticed Lu Chen's absence, they'd surely target the Beast Alliance, leading them to confront criticism from various Immortal Sect forces.

Xiyue Immortal Venerable chuckled lightly, "As a normal man, your intentions for me are what's abnormal."

"Since becoming an Immortal Venerate, no man has dared to reveal such blatantly lustful eyes before me."

"Perhaps you believe that since only you can accurately outline the Chaos Spirit Ruins Sealing Heaven Array's Patterns, you can be so unabashed before me?"

"Indeed, I can't kill you, but..."

At this, Xiyue Immortal Venerable's pressure surged, weighing on Lu Chen, instantly pressing him from the high skies onto the ground.

The next instant, Xiyue Immortal Venerable flitted to the surface, observing Lu Chen bound by her pressure, and icily stated, "With the Heavenly Dao Oath, I truly cannot kill you now, but since you've overstepped, I suspect a lesson wouldn't be unacceptable."

The prior Heavenly Dao Oath was not to act against Lu Chen, yet now he had disrespected her, and as an Immortal Venerate, Lu Chen's intention of misconduct against her was surely offensive.

Upon hearing Xiyue Immortal Venerable's words, Lu Chen chuckled.

Watching Lu Chen remain unfazed, even laughing, Xiyue Immortal Venerable frowned slightly, "What are you laughing at?"

Under pressure, Lu Chen responded, "Immortal Venerable Yun Meng should've informed you this is merely a puppet physical body of mine."

"Should you destroy this body out of anger, it wouldn't affect me at all; conversely, if you truly destroy this physical body, no one would be available to outline the Chaos Spirit Ruins Sealing Heaven Array's Patterns for you."

Xiyue Immortal Venerable's face darkened instantly. It seemed Lu Chen was right; his clone had special traits, besides, she heard from Immortal Venerable Cang Ya that in the Barbarians, Lu Chen decisively chose to self-destruct his physical body, proving he didn't value his clones greatly.

Moreover, causing trouble for a clone wouldn't intimidate Lu Chen's main body, instead offending him, making him unwilling to assist with outlining Patterns.

This scoundrel!

Unwillingly, Xiyue Immortal Venerable retracted her pressure, yet her gaze remained cold as she watched Lu Chen, "You'd best hope I never uncover where your main body is hidden; I have means to bypass Heavenly Dao Oaths."

Currently, she couldn't act against Lu Chen, only able to resort to verbal threats.

"Maybe soon you'll encounter my main body, and by then, you might already be my couple."

Xiyue Immortal Venerable laughed, this lecher really dared to dream.

Leaving aside her lack of interest in men, any interest she had wouldn't lead to choosing a promiscuous lecher as her couple.

Nevertheless, being so offended by an ant without recourse did not sit well at all.

Having children earns benefit, start competing for dominance in the world by marrying a wife

At this moment, Xiyue Immortal Venerable suddenly thought of something. They needed Lu Chen to inscribe the Array Pattern; indeed, they couldn't harm Lu Chen at this time, but that didn't mean she didn't have a way to deal with Lu Chen.

Thinking of that method, a faint smile appeared on Xiyue Immortal Venerable's cold jade-like cheeks. Her smile made her jade-like face even more beautiful, and Lu Chen's inner desires could not help but be stirred again.

Feeling the aura of desire emanating from Lu Chen, Xiyue Immortal Venerable sneered coldly and said, "Do you really think I have no way to deal with you?"

Hearing Xiyue Immortal Venerable's words, Lu Chen showed a look of confusion on his face. Didn't this woman already issue a harsh warning just now?

Why is she saying this now? If she really had a way to deal with him, she would've acted already, not standing here wasting words with him.

Just as Lu Chen was thinking this, Xiyue Immortal Venerable raised her hand, and a stream of immortal power flew from her fingertips, transforming into a rope that bound Lu Chen's body. In the next moment, Xiyue Immortal Venerable took the bound Lu Chen back to the Beast Alliance's warship, and then led the Beast Alliance army back to the Eastern Domain.

On the way back to the Eastern Domain, Xiyue Immortal Venerable did nothing to Lu Chen; she didn't even see anyone. Lu Chen thought Xiyue Immortal Venerable intended to keep him bound like this until he was released when going to the Sunset Mountain Range to reinforce the sealing.

...

As days passed by.

The joint announcement from the Heavenly Splendor Hall, Qingyun Academy, and the Beast Alliance quickly spread throughout the Tianyan Immortal Domain.

Barbaric, Azure Dragon Hall.

Floating thousands of miles high in the sky were several Floating Islands, each of smaller size.

The location for the Azure Dragon Hall's Immortal Sect had not been fully established yet. It would take some time to restore the area of the Azure Dragon Hall in the Northern Domain.

Many palaces had already been built on the central Floating Island, and at this moment, in the Meeting Hall of the Azure Dragon Hall, all the Immortal Venerates were present, seemingly preparing to discuss something.

Dragon Soaring Immortal Venerable sat atop the Dragon Throne in the hall, glanced at the Immortal Venerates, and said, "The Immortal Aura here is still too thin. A few days ago, someone discovered a place with rich Immortal Aura, and I intend to take over that place."

Although the Azure Dragon Hall hadn't planned to stay in the Barbaric for long, now that the Demon Emperor's strength had been restored, even if they weren't retaliated against by the Demon Emperor, their future days would not be easy. In the short term, it was nearly impossible for them to return to the Northern Domain or go to another Realm with abundant Immortal Aura.

Now the only suitable place for them was the Barbaric. To continue their legacy, they could only keep searching for places with rich Immortal Aura in the Barbaric.

After Dragon Soaring Immortal Venerable finished speaking, his gaze fell on an Immortal Venerate in the hall.

Seeing Dragon Soaring Immortal Venerable looking at him, Immortal Venerate Long Zhao immediately spoke up, "The place we discovered is called Dragon Land, right next to the Sunset Mountain Range, and the Immortal Aura there is at least four times richer than here."

"However, there's already an Immortal Sect in that place, and it seems to have some connection with the Mysterious Moon Palace."

Hearing this, an Immortal Venerate said, "Dragon Land? The name sounds nice, almost as if this place was specially prepared for us by the heavens. But the Mysterious Moon Palace wouldn't reach into the Barbaric, would they?"

"With such rich Immortal Aura in the Central Domain, what would the Mysterious Moon Palace want in the Barbaric?"

Immortal Venerate Long Zhao continued, "The Immortal Sect is called Mysterious Moon Hall, and according to the information we've gathered, the Hall Master of the Mysterious Moon Hall seems to have been a former Saintess of the Mysterious Moon Palace."

Hearing this, the Immortal Venerates in the hall were taken aback.

Mysterious Moon Palace's Saintess?

Could it be that the Mysterious Moon Palace really extended its reach into the Barbaric?

Or is there some treasure in Dragon Land?

While people were speculating wildly, Dragon Soaring Immortal Venerable, sitting on the Dragon Throne, spoke up, "It's just a former Saintess who left the Mysterious Moon Palace, not something to worry much about."

"Since we've come to the Barbaric, it should be us who call the shots from now on. I am determined to obtain Dragon Land."

Just as Dragon Soaring Immortal Venerable finished speaking, an Immortal King suddenly entered the hall. Seeing the Immortal King enter, Dragon Soaring Immortal Venerable frowned slightly and instantly had a bad premonition.

"What happened?"

Generally, when discussing matters, those below Immortal Venerates are not allowed to enter the Meeting Hall, so if an Immortal King comes in at this time, there must have been something significant.

The Immortal King quickly took out a Jade Scroll and said, "Hall Master, this is a joint announcement from the Heavenly Splendor Hall, Qingyun Academy, and the Beast Alliance, and Heavenly Splendor Hall has also sent an envoy."

Hearing this, Dragon Soaring Immortal Venerable raised his hand, and the next moment, the Jade Scroll flew from the Immortal King's hands to Dragon Soaring Immortal Venerable's hand. Dragon Soaring Immortal Venerable then activated the Jade Scroll with immortal power, and the announcement content appeared in the hall.

Seeing the joint announcement from the Heavenly Splendor Hall, Qingyun Academy, and the Beast Alliance, Dragon Soaring Immortal Venerable was momentarily stunned.

During this time, they were busy expanding their territory. After all, they had just arrived in the Barbaric; their primary consideration was to get a foothold there. They didn't expect that while they were busy expanding their territory, so many things happened in the Tianyan Immortal Domain.

At this time, an Immortal Venerate spoke up, "The Sunset Mountain Range seals some mysterious creatures? If these mysterious creatures break the seal, wouldn't we be the first to suffer the impact?"

Immortal Venerate Long Zhao glanced at Dragon Soaring Immortal Venerable's expression and then tentatively asked, "Hall Master, do we still want Dragon Land?"

Dragon Soaring Immortal Venerable solemnly stared at the joint announcement in the hall, not answering immediately. After a while, he finally spoke, "Forget it, let Mysterious Moon Hall watch over the Sunset Mountain Range for us."

Dragon Soaring Immortal Venerable suddenly had no interest in Dragon Land anymore.

Dragon Soaring Immortal Venerable continued, "Bring in Heavenly Splendor Hall's envoy."

The Immortal King in the hall bowed and said, "Yes, Hall Master."

After these words fell, the body of the Immortal King disappeared on the spot, and in the span of just a moment, the Immortal King brought the envoy from the Heavenly Splendor Hall into the hall.

The envoy sent by the Heavenly Splendor Hall was Qingyun Immortal King. After seeing Dragon Soaring Immortal Venerable, Qingyun Immortal King immediately bowed and said, "Envoy from Heavenly Splendor Hall, Qingyun, greets Dragon Soaring Hall Master."

Dragon Soaring Immortal Venerable looked at Qingyun Immortal King in the hall and straightforwardly asked, "Why did your Hall Master send you here?"

Qingyun Immortal King replied, "I believe Dragon Soaring Hall Master has already read the joint announcement. Our Hall Master intends to invite Azure Dragon Hall to join in reinforcing the seal of the Sunset Mountain Range."

Hearing this, Dragon Soaring Immortal Venerable chuckled coldly and directly refused, saying, "Azure Dragon Hall will not participate in this matter. Now that the Demon Emperor has already made a breakthrough, reinforcing the seal is also the Demon Emperor's business."

"The Demon Emperor isn't worried, yet you all are so keen."

Hearing Dragon Soaring Immortal Venerable's words, Qingyun Immortal King was momentarily taken aback. After coming to his senses, he quickly said, "Dragon Soaring Hall Master, the Sunset Mountain Range is next to the Barbaric. If mysterious creatures break the seal, it will be the Barbaric that first faces the invasion. I hope Dragon Soaring Hall Master will reconsider."

Dragon Soaring Immortal Venerable said, "No need to persuade me. Since I've said we won't participate, we won't. You may leave now."

As soon as the words were spoken, Dragon Soaring Immortal Venerable raised his hand, and Qingyun Immortal King felt engulfed in darkness. When light reappeared, he found himself in a desert.

Seeing Dragon Soaring Immortal Venerable so decisively dismissing Qingyun Immortal King, the Immortal Venerates present were all stunned.

Most of the Immortal Venerates present agreed that what Qingyun Immortal King said was correct. If mysterious creatures invade, Azure Dragon Hall would surely be the first to be hit. So why didn't their Hall Master want to go and reinforce the seal?
