

# Having children earns benefit, start competing for dominance in the world by marrying a wife

After Qingyun Immortal King was driven away, the Meeting Hall plunged into a deathly silence. All the Immortal Venerates were looking at Dragon Soaring Immortal Venerable on the Dragon Throne, waiting for him to explain why they weren't involved in this matter.

Seeing the Immortal Venerates looking at him, Dragon Soaring Immortal Venerable said directly: "The mysterious creatures might be a catastrophe for the Tianyan Immortal Domain, but for our Azure Dragon Hall, it could possibly be an opportunity."

This...

Hearing these words from Dragon Soaring Immortal Venerable, the Immortal Venerates exchanged glances.

Opportunity?

How did a crisis become an opportunity?

The Barbaric area is right next to the mysterious creatures. If they break the seal, it will be disastrous for them. How could this be called an opportunity?

At this moment, Immortal Venerable Long Zhao asked: "Hall Master, why do you consider this an opportunity?"

Dragon Soaring Immortal Venerable countered: "When the mysterious creatures invade the Tianyan Immortal Domain, do you think they'll go to places rich in Immortal Aura and teeming with people, or will they go to sparse places with little Immortal Aura?"

Upon hearing this, everyone seemed to grasp part of what Dragon Soaring Immortal Venerable was suggesting.

If the mysterious creatures truly break the seal, the first to attract attention would be the Southern Domain, with its dense population and strong Immortal Aura.

But then again, when the nest overturns, no egg remains unbroken.

If other Realms are overrun by the mysterious army, eventually, the mysterious creatures will also come to occupy the entire Barbaric region.

Dragon Soaring Immortal Venerable understood what the Immortal Venerates were thinking and continued: "From the last anomaly in Tianyan Immortal Domain, it seems the Demon Emperor's powers may have recovered. Do you think, given the Demon Emperor's nature, she'd really spare Azure Dragon Hall?"

Hearing this question, the Immortal Venerates fell silent. After the Demon Emperor left Tianyan Immortal Domain, Azure Dragon Hall was the first to stand against the Nine Heavens Institute's rule.

And when the Demon Emperor returned, it was they who first assembled an alliance to besiege her, wanting to eliminate her before she could regain her strength.

By this point, how could the Demon Emperor possibly let them go? Now, the Demon Emperor hasn't dealt with them yet, probably because she's still consolidating her regained strength.

It might be that once the Demon Emperor consolidates her Cultivation State, she'll come to reckon with them.

Seeing the Immortal Venerates remain silent, Dragon Soaring Immortal Venerable continued: "If the mysterious creatures truly break the seal and invade Tianyan Immortal Domain, the Demon Emperor's focus will naturally be on fighting this invasion, leaving her no time to deal with us."

"Moreover, to combat the mysterious army, the Demon Emperor might choose not to reckon with Azure Dragon Hall for the time being, thus allowing us to continue for a while longer."

"If, when the Demon Emperor battles the mysterious army, they severely wound each other, not only will Azure Dragon Hall be preserved, but the threat of the Demon Emperor would temporarily be removed. Would you not call this an opportunity?"

Hearing Dragon Soaring Immortal Venerable's words, everyone realized that the crisis might actually be an opportunity. If the Demon Emperor and mysterious creatures critically wound each other, then after resealing the mysterious creatures, Azure Dragon Hall might rise again, perhaps even reclaim the Northern Domain.

Dragon Soaring Immortal Venerable continued: "As for whether the invasion of mysterious creatures would bring calamity to Azure Dragon Hall, given our current circumstances, their invasion makes little difference to us."

"That the Demon Emperor will someday reckon with Azure Dragon Hall is inevitable. Conversely, with a mysterious creatures' invasion, Azure Dragon Hall may still have value to the Demon Emperor as a resistance against the invasion. If we no longer hold any value for the Demon Emperor, all that awaits us is annihilation."

At this moment, the Immortal Venerates felt Dragon Soaring Immortal Venerable made some sense. Then, Immortal Venerable Long Zhao asked: "Hall Master, should we actively break the seal of the Sunset Mountain Range?"

Dragon Soaring Immortal Venerable said: "There's no need. We just need to do our part."

If they actively broke the seal of the Sunset Mountain Range, allowing the mysterious army to invade Tianyan Immortal Domain, even if the Demon Emperor and mysterious army were later crippled, the other Tianyan Immortal Domain factions certainly wouldn't align with Azure Dragon Hall.

At that point, Azure Dragon Hall would be seen as the sinner of Tianyan Immortal Domain, and even if there were no Demon Emperor, the other powers of the Tianyan Immortal Domain would surely unite to eradicate the culprit, Azure Dragon Hall.

So what they need to do now is reinforce the Formation, preparing for the Demon Emperor's reckoning, and other matters don't concern them.

At this moment, Dragon Soaring Immortal Venerable stood up and said: "Alright, that's all for today. Long Zhao, send people to watch the Dragon Land's Sunset Mountain Range. Report to me immediately if anything happens."

Immortal Venerable Long Zhao said: "Yes, Hall Master."

...

On the Beast Alliance's warship, Lu Chen opened his eyes and scanned the empty room.

Seeing his body still on the warship, tied up with ropes made of Immortal Aura, Lu Chen couldn't help but think, is that bitch planning to keep him tied up like this forever?

As Lu Chen thought about this, the warship seemed to come to a stop. At this time, his immortal power was sealed, making him unaware of the situation outside, though he guessed they had possibly reached the central city of the Beast Alliance.

At that moment, the room door suddenly opened, and Xiyue Immortal Venerable entered. Seeing Lu Chen's body obediently sitting on the bed, Xiyue Immortal Venerable chuckled and said, "You're not even afraid of what I might do to you."

Lu Chen smiled and said: "With a Heavenly Dao Oath, why should I be afraid?"

Xiyue Immortal Venerable coldly said: "It seems you believe I can't bypass the Heavenly Dao Oath to teach you a lesson."

As the words fell, before Lu Chen could respond, Xiyue Immortal Venerable raised her hand, and both their bodies vanished in an instant.

When they reappeared, they were in Xiyue Immortal Venerable's bedchamber, filled with a swirling pink mist. As Lu Chen entered the chamber, a flood of desires overwhelmed him, thoughts consumed with matters between men and women.

Lu Chen did not suppress his desires, after all, he was currently doing Dual Cultivation with Yun Yudie and had no need to restrain himself.

He was curious what Xiyue Immortal Venerable intended by bringing him here.

Xiyue Immortal Venerable sat down on the throne in her chamber, half-reclining, revealing her long, alabaster legs, watching Lu Chen lazily and said: "You still have time to apologize to me."

Hearing this, Lu Chen chuckled lightly, "Apologize? Why should I apologize?"

Xiyue Immortal Venerable replied coldly: "Very well, you've thoroughly angered me."

"You want to act inappropriately towards me? Then I'll satisfy your filthy thoughts."

This...

Hearing these words from Xiyue Immortal Venerable, Lu Chen was momentarily stunned.

Satisfy his filthy thoughts?

Could it be that she intends to engage in Dual Cultivation with him? What kind of thinking is this from Xiyue Immortal Venerable? Isn't she supposed to punish him? Engaging in Dual Cultivation with him counts as what punishment? That would be rewarding him, wouldn't it?

As Lu Chen thought Xiyue Immortal Venerable was about to engage with him in Dual Cultivation, he suddenly noticed her eyes emitting an enchanting pink glow.

In the instant he met Xiyue Immortal Venerable's gaze, Lu Chen felt his Divine Soul tremble, and the next moment, his heart was engulfed by desire.

# Having children earns benefit, start competing for dominance in the world by marrying a wife

When Lu Chen was filled with desire, he immediately felt incredibly uncomfortable, as if his entire being was about to break free from the controlling restraints.

Seeing Xiyue Immortal Venerable in this state, Xiyue Immortal Venerable let out a cold laugh, then raised her jade-like finger slightly. A strand of immortal power burst from her finger, and then once again rooted Lu Chen's body to the spot.

The next moment, Lu Chen's vision blurred, and he found himself face to face with Xiyue Immortal Venerable. Her snow-like skin and alluring fragrance made Lu Chen's heart even more restless.

He wanted to get closer to Xiyue Immortal Venerable, but found his body unable to move, with desire incessantly accumulating in his heart, causing great discomfort.

Seeing the veins bulging on Lu Chen's forehead and his face flushed red, Xiyue Immortal Venerable felt a sense of relief in her heart. This was the consequence of offending her.

The Enchanting Heart Technique is a heavenly rank immortal technique that can directly affect the divine soul. When using the Enchanting Heart Technique, it also invokes the Heavenly Fox Power and Charm Power; even an Immortal Venerate cannot resist such allure.

At this time, Lu Chen recovered some sanity, his fiery gaze fixed on Xiyue Immortal Venerable on the throne, and he said, "Is this the lesson you meant?"

Xiyue Immortal Venerable let out a cold laugh and said, "Isn't this taste unpleasant? Without an immortal venerable level divine soul to dual cultivate with you, you can only endure the discomfort. This is what you get for offending me."

Hearing Xiyue Immortal Venerable's words, Lu Chen chuckled inwardly, then said, "I'm afraid you're going to be disappointed; this is just one of my clones."

Xiyue Immortal Venerable calmly said, "If I haven't sensed it wrong, you have a strand of divine sense directly controlling this body. Your divine soul is constantly connected to it."

"That means, as long as spiritual magic is used on this body, your divine soul will also be affected."

"I suppose your main body is now already burning with desire!"

"Unfortunately, only the magic of an Immortal Venerate can undo mine."

Xiyue Immortal Venerable did not believe that Lu Chen could now find an Immortal Venerate to dual cultivate with him. Without finding an Immortal Venerate, Lu Chen could only find weaker immortals to dual cultivate and relieve himself, yet below Immortal Venerate, the immortals' divine souls are not strong enough to help him dispel the influence of the Enchanting Heart Technique, even if Lu Chen found an Immortal King to aid him, his desire could not be fulfilled.

Hearing Xiyue Immortal Venerable's words, Lu Chen closed his eyes directly.

In the next moment, he completely severed the connection between his divine soul and this body in front of him, focusing all his attention on the body before Yun Yudie.

At this very moment.

Inside the Ice Palace.

Sensing the violent aura from Lu Chen, Yun Yudie frowned slightly. What craziness was this guy up to again?

At that moment, Lu Chen's deep voice whispered in her ear, "Quick, use Life is like a dream!"

Yun Yudie snorted coldly in her heart. He tells her to use Life is like a dream, and she'll just use it?

Since when did she have to obey this bastard's commands?

Seeing that Yun Yudie hadn't activated Life is like a dream, Lu Chen immediately channeled the Spirit Charm Harmony Scripture with all his strength.

Seeing Lu Chen suddenly channel his energy, Yun Yudie gritted her teeth and cursed Lu Chen in her heart.

This bastard!

He suddenly stopped channeling his energy earlier, and now he's suddenly going all out.

She wanted to see what this bastard was up to.

Then Yun Yudie used Life is like a dream, and the consciousness of both entered into a dreamscape.

Upon entering the dreamscape, Yun Yudie noticed that Lu Chen's consciousness was shrouded by a pink gas, and the moment her consciousness touched that pink gas, a strong desire surged in her heart.

Only then did Yun Yudie understand why Lu Chen suddenly acted erratically, it was because he had fallen victim to someone else's charm skill.

And judging by it, this charm skill was not a common one.

Luckily her divine soul was strong, and as the consciousness of both constantly touched, that charming qi gradually dissipated.

Because Lu Chen temporarily cut off the connection to the Beast Alliance's body, Xiyue Immortal Venerable's Enchanting Heart Technique did not continue to take effect, allowing Lu Chen to quickly regain clarity.

Seeing the pink qi above Lu Chen's consciousness gradually dissipate, Yun Yudie asked expressionlessly, "Lighting a fire elsewhere and then coming to find me, what do you take me for?"

Lu Chen propped himself up, and at that moment a few petals from the dreamscape flower sea flew onto Yun Yudie's fair, smooth forehead. Lu Chen raised a hand and gently brushed the petals off Yun Yudie's forehead, gazing at her jade-like face he said, "I was afflicted by someone else's magic."

"This time you helped me."

Hearing Lu Chen's words, Yun Yudie said, "I am quite curious, what sort of woman could make a man surrounded by countless beauties unable to resist her charm skill?"

Without hiding anything, Lu Chen directly replied, "The Alliance Hierarch of the Beast Alliance, Xiyue Immortal Venerable."

Hearing Lu Chen's answer, Yun Yudie pondered for a moment. She had never seen the Alliance Hierarch of the Beast Alliance, but she had heard some things about her.

Yun Yudie then mocked, "If I remember correctly, isn't the Alliance Hierarch of the Beast Alliance from the Demon Race?"

"You're certainly not picky. Aren't you afraid that she'll suddenly reveal her true form in bed one day?"

Lu Chen said, "You're quite the joker, it's impossible for a grand demon of Immortal Venerable level to suddenly reveal her true form."

Hearing Lu Chen's words, Yun Yudie gave Lu Chen a cold glare, this bastard really had thoughts about Xiyue Immortal Venerable.

Feeling the coldness in Yun Yudie's eyes, Lu Chen coughed and said, "Alright, enough of this, continue helping me stabilize my divine soul, I need to control the body in the Beast Alliance once more."

Since he could use the Divine Soul Dual Cultivation Method to resist Xiyue Immortal Venerable's Enchanting Heart Technique, he wasn't worried anymore.

Hearing Lu Chen's words, Yun Yudie immediately felt displeased. He was aroused by another woman and then came to her for help?

Didn't that make her just a tool?

Though Yun Yudie was displeased, she didn't immediately stop Life is like a dream.

At the same time, in the Heavenly Fox Hall of the Beast Alliance.

Xiyue Immortal Venerable was continually using the Enchanting Heart Technique on Lu Chen, but at this moment, she found that Lu Chen's body seemed to be unresponsive.

He stood quietly in place, eyes closed, looking as if nothing was wrong.

Xiyue Immortal Venerable felt a hint of confusion in her heart, how could Lu Chen not be affected by her Enchanting Heart Technique?

At this moment, Lu Chen suddenly opened his eyes.

Seeing Xiyue Immortal Venerable half-reclining on the throne, Lu Chen's lips curved slightly upward as he said, "Your charm skill doesn't seem that formidable?"

Hearing Lu Chen's provocative words, Xiyue Immortal Venerable was taken aback, was this guy really unaffected?

How was this possible?

When she used the Enchanting Heart Technique, she simultaneously employed Heavenly Fox Power and Charm Power, a technique coupled with two enchanting forces, yet it couldn't influence Lu Chen?

Unwilling to concede, Xiyue Immortal Venerable increased the output of immortal power, her eyes instantly emanating even brighter pink light, fully enveloping the entire hall in a pink charm power, rendering visibility zero.

## **Having children earns benefit, start competing for dominance in the world by marrying a wife**

**Chapter 1923: Chapter 1613: Today, I Will Spare You for Now**

As Immortal Venerate Xiyue continuously employed the Enchanting Heart Technique, Lu Chen's inner desires grew even stronger, yet he was in a state of half-dreaming and half-wakefulness.

In his dreams, Yun Yudie was constantly helping Lu Chen resist the effects of the Enchanting Heart Technique.

At this moment, Immortal Venerate Xiyue could never have imagined that the Enchanting Heart Technique not only didn't trouble Lu Chen but rather became a seasoning for him and Yun Yudie.

After a while, Immortal Venerate Xiyue gently lifted her jade-like hand and waved it in the air, causing the pink mist within the hall to dissipate.

However, once the mist dispersed, Lu Chen not only didn't look uncomfortable; instead, he wore an expression of enjoyment on his face.

Seeing this scene, Immortal Venerate Xiyue furrowed her brows even deeper. What exactly was going on? Why was the Enchanting Heart Technique ineffective on this man?

Could it be...

Immortal Venerate Xiyue quickly understood what was going on.

To escape the influence of the Enchanting Heart Technique, Lu Chen needed to engage in Dual Cultivation with an Immortal Venerate. Only the divine soul strength at the Immortal Venerable Level could easily dispel the Enchanting Heart Technique.

And now, Lu Chen was unaffected by the Enchanting Heart Technique, instead showing signs of enjoyment, proving that his main body was likely engaging in Dual Cultivation with an Immortal Venerate.

Thinking of this, Immortal Venerate Xiyue stopped using the Enchanting Heart Technique and then snorted coldly, saying, “Turns out I underestimated you. I didn’t expect you to really find an Immortal Venerate willing to engage in Dual Cultivation with you in such a short time.”

Upon saying this, Immortal Venerate Xiyue felt her heart tremble a bit.

Wait a minute...

If Lu Chen’s main body could find an Immortal Venerate for Dual Cultivation, then wouldn’t it be dangerous for her if Lu Chen set his sights on her?

At first, she didn’t see Lu Chen as a threat, after all, in her perspective, even if Lu Chen harbored ill intentions, his cultivation state wasn’t strong enough to affect her.

But thinking about it now, being able to engage in Dual Cultivation with other Immortal Venerates, Lu Chen surely possessed strength and means.

Perhaps one day, she might fall into his hands, although this possibility was very small, it couldn't be completely ruled out.

With this in mind, Immortal Venerate Xiyue tentatively asked, "I'm quite curious, what means did you use to trick that Immortal Venerate into engaging in Dual Cultivation with you?"

Hearing this question, Lu Chen earnestly replied, "Trick? I never deceive others' feelings."

"Mutual affection, both parties willing, I used no means whatsoever."

Upon hearing Lu Chen's response, Immortal Venerate Xiyue sneered coldly, showing a hint of disdain in her eyes, clearly sensing that Lu Chen was lying.

Immortal Venerate Xiyue then said, "Forget it, whatever means you used is none of my concern, I will let you off this time."

"If you offend me in the future, I have plenty of ways to teach you a lesson."

With Lu Chen able to resist her Enchanting Heart Technique, it was almost impossible to teach him a lesson without harming him. Continuing to let him remain in her presence only disturbed her mood.

Hearing Immortal Venerate Xiyue's words, Lu Chen was about to say something when he saw Immortal Venerate Xiyue raise her hand, and in the next moment, his body flew into a valley shrouded in pink fog.

Soon after, Immortal Venerate Xiyue's voice echoed in his mind, "For now, stay in there and when I head to the Southern Domain, I will naturally release you."

Lu Chen glanced around the valley he was in, shrouded in faint pink mist, though unlike the pink mist in Immortal Venerate Xiyue's residence that could stir desires.

...

After Qingyun Immortal King was expelled from Azure Dragon Hall by Dragon Soaring Immortal Venerable, he hurried back to Heavenly Splendor Hall to report his experiences at Azure Dragon Hall to Star River Immortal Venerate.

At this moment, in the Meeting Hall of Heavenly Splendor Hall.

Listening to Qingyun Immortal King's report, Star River Immortal Venerate's brows tightened, his expression extremely serious.

“So, not even a bit of effort from Azure Dragon Hall?”

As his words fell, the aura from Star River Immortal Venerate was released uncontrollably, the terrifying pressure causing Qingyun Immortal King to immediately fall silent.

Star River Immortal Venerate continued, “If Mysterious Moon Palace doesn’t want to exert effort, so be it. But Barbaric lands bordering the Sunset Mountain Range, Azure Dragon Hall still unwilling to exert effort, do they really want to see eerie armies invade Tianyan Immortal Domain, leaving it in ruins before being satisfied!”

Star River Immortal Venerate strove to control his emotions, then said to Qingyun Immortal King, “Inform Qingyun Academy and the Beast Alliance of Azure Dragon Hall’s situation.”

Qingyun Immortal King promptly replied, “Yes, Hall Master, I will have someone relay the message immediately.”

Upon his words falling, Qingyun Immortal King turned and left the hall.

After Qingyun Immortal King departed, Star River Immortal Venerate sighed deeply. Even though he was dissatisfied with Mysterious Moon Palace and Azure Dragon Hall, there was nothing he could do about these two major forces.

The Sunset Mountain Range borders the Southern Domain, so even without the participation of the realm's forces in the sealing reinforcement plan, with only Heavenly Splendor Hall's overlord-level force, they would still lead the Southern Domain to reinforce the seal on the Sunset Mountain Range.

Like Star River Immortal Venerate, both Qingyun Academy and the Beast Alliance were displeased when they learned that Azure Dragon Hall was unwilling to participate in the sealing reinforcement plan.

Even Eastern Domain being so distant from the Sunset Mountain Range is willing to dispatch people to reinforce the seal, while Azure Dragon Hall, located right in the Barbaric lands, refuses to take part.

The absence of Mysterious Moon Palace and Azure Dragon Hall also caused some within Qingyun Academy and the Beast Alliance to hesitate in getting involved, but fortunately, leaders like Immortal Venerate Xiyue and Immortal Venerable Wan Jie advocated for reinforcing the seal.

Though two overlord-level forces were missing from the action, with three overlord-level forces leading, many forces would still send Immortal Venerates to the Sunset Mountain Range for sealing reinforcement. The absence of two overlord-level forces merely caused some psychological imbalance among the people.

Half a year passed in a flash. Under the rallying of the three overlord-level forces, more and more forces dispatched Immortal Venerates to the Southern Domain.

Seeing the timing to be right, Qingyun Academy and the Beast Alliance had Immortal Venerable Wan Jie and Immortal Venerate Xiyue personally lead a group of Immortal Venerates to the Southern Domain.

Soon, many forces' Immortal Venerates from Tianyan Immortal Domain gathered in the Southern Domain.

Most forces sent Immortal Venerates to the Southern Domain partly to demonstrate their great justice for the world and partly to gather detailed information on the eerie creatures.

Although Qingyun Academy had already published a lot of intelligence on the eerie creatures, most forces still didn't know how to effectively deal with them.

Not all forces have an immortal who had consumed Longevity Medicine like Immortal Venerable Wan Jie; the majority of people in Tianyan Immortal Domain were unfamiliar with the eerie creatures.

In the Southern Domain, within White Rainbow Immortal City.

The air above the Immortal City was crowded with numerous immortal ships, hailing from different forces within Tianyan Immortal Domain.

The Immortal Venerates dispatched by forces participating in the reinforcing of the seal had arrived, now awaiting the arrival of the Immortal Venerates from the three overlord-level forces.

Right now, scattered groups of Immortal Venerates could be seen in the sky, discussing the eerie creatures of the Sunset Mountain Range.

In fact, even now, some people still doubted the existence of so-called eerie creatures in the Sunset Mountain Range, as the majority had never seen any eerie creatures.

## **Having children earns benefit, start competing for dominance in the world by marrying a wife**

Just as people were murmuring and discussing while looking at the distant Sunset Mountain Range, three enormous ships appeared in the sky, blocking out the sun.

Seeing those luxurious Immortal Ships, people knew that the three dominant factions had arrived, so they stopped their discussion and waited quietly.

At this moment, Star River Immortal Venerate, Immortal Venerable Wan Jie, and Xiyue Immortal Venerable stood side by side at the bow of their respective Immortal Sect warships.

Star River Immortal Venerate spoke first, "I didn't expect that in the end, only our three factions would lead."

"I also wonder when Azure Dragon Hall became so cowardly."

There was a tone of dissatisfaction in Star River Immortal Venerate's voice towards Azure Dragon Hall.

Immortal Venerable Wan Jie said, "It's normal for Azure Dragon Hall not to come. Now that the Demon Emperor has already regained his Cultivation State, who knows when he will settle accounts with Azure Dragon Hall. It's understandable for them to choose to stay low-key at this time."

"I am actually more curious why Mysterious Moon Palace doesn't want to participate in this matter."

Star River Immortal Venerate said, "It's simply selfishness, wanting to preserve their strength."

"The ancestor of Mysterious Moon Palace is short-sighted, only thinking about themselves. Do they think that after the mysterious creatures break the sealing, their Mysterious Moon Palace can stay unscathed?"

Upon hearing Star River Immortal Venerate's words, Immortal Venerable Wan Jie didn't say much, but he thought to himself that it might not be as Star River Immortal Venerate thought. There might be another reason why Mysterious Moon Palace was unwilling to reinforce the sealing.

If he remembered correctly, the last time the mysterious creatures invaded the Tianyan Immortal Domain, Mysterious Moon Palace seemed to be the top force in Tianyan Immortal Domain that first went to war with the mysterious army.

The ancestor of Mysterious Moon Palace couldn't possibly be unaware of the dangers of mysterious creatures. Their unwillingness to join must mean that Mysterious Moon Palace knows something they don't.

Just as Immortal Venerable Wan Jie's mind was wandering, Xiyue Immortal Venerable spoke up, "Alright, enough of this talk, we've arrived, and we need to allocate tasks now."

"There are many strategic locations in the Sunset Mountain Range. If we want to reinforce all the sealing, it will take quite some time, so let's start early and finish early."

The three of them then flew simultaneously into the sky, and the next moment, Star River Immortal Venerate's voice resounded in the skies.

"Thank you all for coming to the Southern Domain to participate in this operation."

"Those who are willing to come are likely already here. Please come up, we will talk about the situation of the Sunset Mountain Range with you."

Upon hearing Star River Immortal Venerate's words, over a hundred Immortal Venerates present all flew into the sky.

There is no need for a specific place when Immortal Venerates hold a meeting; any matter can be discussed directly in the sky.

As over a hundred Immortal Venerates ascended into the sky, they formed a huge circle above.

At this time, Star River Immortal Venerate used Divine Sense to scan the surrounding warships. Seeing no other Immortal Venerates, Star River Immortal Venerate said to Xiyue Immortal Venerable and Immortal Venerable Wan Jie, "It's ready, let's begin!"

Once the words fell, the three simultaneously acted, and a huge Isolation Array enveloped all the Immortal Venerates present within.

After the Array was set up, Star River Immortal Venerate spoke again, "If any of you have questions, you can ask now."

Star River Immortal Venerate knew there were still many people present who did not believe in the existence of mysterious creatures, and knew some came to learn about mysterious creatures, so it was just right to discuss the sealing of mysterious creatures with them before reinforcing it.

In case mysterious creatures break out from the seal in the Sunset Mountain Range later, everyone will know how to respond.

Just as Star River Immortal Venerate finished speaking, an Immortal Venerate immediately asked, "Do mysterious creatures really exist?"

Upon hearing this, Xiyue Immortal Venerable turned her head to look at Immortal Venerable Cang Ya beside her, "Cang Ya."

Just by calling his name, Cang Ya Immortal Venerable instantly understood Xiyue Immortal Venerable's meaning, and then Cang Ya Immortal Venerable said, "Mysterious creatures do indeed exist. Here is the scene of us sealing the mysterious creatures, please take a look."

As the words fell, Cang Ya Immortal Venerable displayed the scene of them sealing Wuya Immortal Venerable from his memory.

In the sky, when the Immortal Venerates saw the power displayed by Wuya Immortal Venerable in the image, they all fell silent one by one.

At this moment, Immortal Venerable Wan Jie spoke, "I believe everyone has already seen our joint announcement that mysterious creatures are immortal and indestructible, so if you happen to encounter a mysterious creature, do not attempt to kill it; you should try to imprison the mysterious creature and seal them."

"We've now acquired a Holy Rank Sealing Array from Lu Chen, but this array is quite difficult to cast. It requires the array pattern to be etched in a short period of time, otherwise, it cannot be activated."

"Now, I will impart this array to all of you, and you can try to etch the array."

Immortal Venerable Wan Jie then condensed the content of the Chaos Spirit Ruins Sealing Heaven Array into a Transmission Light Sphere.

Upon seeing the Transmission Light Sphere in the sky, all the Immortal Venerates present were extremely excited. This was a Holy Rank Sealing Array, and some of the factions of the Immortal Venerates present had very few Heavenly Arrays, let alone Holy Tier Arrays.

No one expected that merely participating in this operation to reinforce the sealing would grant them a Holy Rank Sealing Array; they had definitely come for the right cause.

Soon an Immortal Venerate raised their hand and invoked immortal power towards the Memory Sphere. The next moment the Memory Sphere released a golden light that stood on that Immortal Venerate's forehead, and after accepting the transfer, that Immortal Venerate immediately attempted to etch the Chaos Spirit Ruins Sealing Heaven Array.

Seeing that Immortal Venerate etching the array, the other Immortal Venerates quickly invoked the Light Sphere to obtain the knowledge, and then they also followed in etching the array.

However, to everyone's surprise, no one was able to completely etch the Array Pattern; everyone failed after just a short moment.

Seeing that no one succeeded, Wan Jie Immortal Venerable, Star River Immortal Venerate, and Xiyue Immortal Venerable all revealed a solemn look.

Could it be that only Lu Chen can etch this Holy Rank Array?

If that's the case, Lu Chen is indeed crucial!

So crucial that in the future, they might have to protect Lu Chen to ensure no harm comes to him.

If anything happens to Lu Chen when the mysterious army invades the Tianyan Immortal Domain, sealing those mysterious creatures would become extremely difficult.

The importance of Lu Chen had suddenly been elevated by an unknown extent.

At this moment, an Immortal Venerate asked, "Star River Hall Master, can this Array Pattern really be etched?"

Hearing this question, Star River Immortal Venerate glanced at Xiyue Immortal Venerable, "Xiyue Alliance Leader, it's time to bring out Lu Chen."

As those words fell, the Immortal Venerates present immediately began to discuss.

"Lu Chen? Could it be that Lu Chen who survived the Chaotic Sea?"

"Did they capture Lu Chen?"

"I wonder if they have obtained the fortuitous encounters on Lu Chen."

...

Xiyue Immortal Venerable lightly raised her jade-like hand, and the next moment, Lu Chen's body appeared in front of Xiyue Immortal Venerable.

Confronting so many Immortal Venerates present, Lu Chen didn't feel any pressure; he smiled and said, "I didn't expect so many seniors to contribute to safeguarding the world."

# Having children earns benefit, start competing for dominance in the world by marrying a wife

The moment Lu Chen appeared, nearly all the Immortal Venerates present fixed their gazes on him, their greed barely concealed in their eyes.

In the eyes of the numerous Immortal Venerates, Lu Chen was akin to a living Longevity Medicine.

In their hearts, they wondered if Lu Chen held the opportunity to become an Immortal Emperor. If they could seize this chance, they might break through to become Immortal Emperors themselves, extending their lifespans. Thus, temporarily, they wouldn't need to worry about the erosion of their Life Dao.

Immortal Venerable Wan Jie discerned everyone's thoughts and directly said, "The Chaos Spirit Ruins Sealing Heaven Array is precisely the Holy Tier Array Lu Chen brought from the Chaotic Sea. Currently, only Lu Chen can inscribe the complete Array Pattern of this Formation."

Upon hearing this, the Immortal Venerates were taken aback—could he indeed inscribe the complete Array Pattern of the Chaos Spirit Ruins Sealing Heaven Array?

And he was the only one capable of doing it?

Those who have survived to become Immortal Venerates are no fools, and they instantly grasped Lu Chen's significance.

Lu Chen is so important that even if he truly possesses the opportunity to become an Immortal Emperor, no faction would dare to touch him. If, by chance, something happened to Lu Chen, and when the mysterious army invades the Tianyan Immortal Domain, no one can inscribe the Chaos Spirit Ruins Sealing Heaven Array, how would they possibly seal the powerful mysterious creatures?

After Immortal Venerable Wan Jie finished speaking, Star River Immortal Venerable added, "I know what each of you is thinking right now, but Lu Chen does not possess any opportunity to become an Immortal Emperor. If there were such a chance, it would have been handed over to the Mysterious Moon Palace long ago. Now, only he can inscribe the complete Chaos Spirit Ruins Sealing Heaven Array, and I believe you all understand his importance."

"Moreover, the continuous calamities in the Tianyan Immortal Domain indicate that its Qi Fortune has declined. With its current Qi Fortune, it might at most support only one Immortal Emperor. Since the Demon Emperor has already regained his Cultivation State, I advise you all to abandon those unrealistic thoughts."

The reminder of Star River Immortal Venerate gradually sobered the Immortal Venerates present.

No new Immortal Emperor has been born in the Tianyan Immortal Domain for a long time, which already proves how far its Qi Fortune has declined. Now, with the Demon Emperor's Cultivation State restored, it's nearly impossible for others to breakthrough unless the Demon Emperor perishes.

Thus, under the current circumstances, even if they obtained the opportunity to become an Immortal Emperor, it's impossible to break through.

Realizing this, their interest in Lu Chen waned.

After Star River Immortal Venerate's reminder, Immortal Venerable Wan Jie spoke again, "The Sunset Mountain Range holds numerous treacherous lands, and reinforcing all the seals may take some time. However, since only Lu Chen can inscribe the Chaos Spirit Ruins Sealing Heaven Array, it's best to divide into groups to reinforce the seals as quickly as possible."

As he spoke, Immortal Venerable Wan Jie glanced at the Immortal Venerates present. Including those from the three Overlord Level forces, there were a total of one hundred and twenty Immortal Venerates involved this time.

Immortal Venerable Wan Jie continued, "During this operation, one hundred and twenty Immortal Venerates are participating. I think dividing into four groups,

with thirty people per group, is fitting. Each group can reinforce the seals of three treacherous lands and then rotate with the next group to enter the Sunset Mountain Range. Star River Hall Master, Xiyue Alliance Leader, what do you think?"

The Sunset Mountain Range is vast, with many treacherous lands within. Reinforcing these seals isn't a task that can be completed in a day or two, and some seals inside may already be broken; otherwise, Wuya Immortal Venerable wouldn't have been corroded by the Mysterious Power.

Therefore, rotating groups is the best option, allowing Immortal Venerates ample time to recover while continuously reinforcing the seals. As for Lu Chen, this tool, supplying him with some pills to replenish immortal power will suffice, and besides, Lu Chen's physical body is merely a clone and doesn't require rest.

Star River Immortal Venerate considered for a moment and said, "I support Dean Wan Jie's proposal."

Xiyue Immortal Venerable calmly said, "I have no objections."

Immortal Venerable Wan Jie said, "In that case, let's proceed. Start forming groups freely now."

After his words fell, the Immortal Venerates began forming teams. Eventually, Qingyun Academy and the Heavenly Splendor Hall each led a team, while the Beast Alliance led two teams.

The Beast Alliance led two teams because the Beast Alliance Vice Root Leader, Immortal Venerable Cang Ya, was also here, while the Vice Hall Master of the Heavenly Splendor Hall and the Vice Dean of Qingyun Academy were absent. Immortal Venerable Cang Ya had previous experience in sealing Wuya Immortal Venerable.

After grouping, Star River Immortal Venerate announced, "Since the teams are set, let's begin tomorrow. Tomorrow I will lead the first group into the Sunset Mountain Range."

Since the Heavenly Splendor Hall is located in the Southern Domain, close to the Sunset Mountain Range, it was inappropriate for Star River Immortal Venerate to ask Qingyun Academy and Beast Alliance to take the lead. Moreover, he had passed through the Sunset Mountain Range while traveling to the Barbaric, aware of some treacherous lands within that they could reinforce.

"Does anyone have any questions?"

After Star River Immortal Venerate spoke, the Immortal Venerates present exchanged glances but remained silent. The teams were formed, and all that was left was to personally venture into the Sunset Mountain Range; there wasn't much else to question.

Seeing no further comments, Star River Immortal Venerate concluded, "That's all for today."

With that, Star River Immortal Venerate lifted the Isolation Array, and the Immortal Venerates returned to their respective warships.

Once the Immortal Venerates left, Star River Immortal Venerate re-established another Isolation Array, now leaving only five people: Star River Immortal Venerate, Immortal Venerable Wan Jie, Xiyue Immortal Venerable, Immortal Venerable Cang Ya, and Lu Chen.

Seeing Star River Immortal Venerate reconstruct the Isolation Array, Xiyue Immortal Venerable asked, "I wonder what else the Star River Hall Master wishes to instruct?"

With a serious expression, Star River Immortal Venerate said, "Some among the Immortal Venerates may have already been corrupted by the Mysterious Power."

Hearing this, the four were stunned.

Star River Immortal Venerate continued, "I possess the Star Immortal Body and can foresee danger. When those people congregated, I distinctly sensed the aura only Wuyue Immortal Venerable had."

Immortal Venerable Wan Jie directly asked, "Can you discern who exactly it is?"

Star River Immortal Venerate replied, "No, I did not detect it with a glance. It seems that person can shield my Immortal Body Power."

Upon hearing Star River Immortal Venerate, the group pondered. After a while, Xiyue Immortal Venerable glanced at Lu Chen and said, "The opponent is likely targeting Lu Chen."

"This complicates matters. We shouldn't have told them that only Lu Chen can inscribe the complete Array Pattern of the Chaos Spirit Ruins Sealing Heaven Array. That mysterious entity will undoubtedly go to great lengths to eliminate Lu Chen."

"If something happens to Lu Chen..."

Before Xiyue Immortal Venerable could finish, Lu Chen raised a hand, and an orb of green immortal power gathered in the air. In the next moment, the green power dispersed, revealing a clone identical to Lu Chen.

This...

## Chapter 1926: Chapter 1616: This Abyss Doesn't Seem as Terrifying as We Imagined

Xiyue Immortal Venerable and the others looked on in disbelief at the new clone created by Lu Chen. In just a moment, had Lu Chen created a physical body identical to the original apart from the Cultivation State?

Although they, as Immortal Venerates, could condense a clone with their Divine Sense in a short time, this clone would not be a physical body. Creating a physical body clone isn't easy and requires some Heavenly and Earthly Treasures.

But Lu Chen simply raised a hand, and in an instant, a physical body clone was created.

Immortal Venerable Wan Jie regained his composure and curiously asked, "I wonder what path Lu follows?"

Lu Chen casually replied, "You'll find out later."

“I forgot to mention earlier, there’s no need to take turns. I can create several clones to act simultaneously, which can also quickly reinforce the seals at all the absolute lands.”

Xiyue Immortal Venerable glanced at the new clone Lu Chen had created. The new clone had only Mortal Immortal Cultivation, but the Divine Soul aura appeared complete. It seemed Lu Chen’s clones were different from theirs.

Star River Immortal Venerate asked, “Can your other clones also inscribe the complete Chaos Spirit Ruins Sealing Heaven Array pattern?”

Lu Chen said, “Naturally.”

Upon hearing Lu Chen’s words, Star River Immortal Venerate and the others looked thoughtful. After a moment, Immortal Venerable Wan Jie spoke, “Since your clones can also inscribe array patterns, then create two more clones, and the four of us will enter Sunset Mountain Range together.”

Lu Chen didn’t hesitate at all. He raised both hands, and soon, two masses of green Immortal Aura appeared high in the sky. Perhaps because he was simultaneously creating two bodies, Lu Chen took some time to create these two bodies.

Still, being able to conjure three physical bodies out of thin air in such a short time was enough to open Star River Immortal Venerate's eyes.

After Lu Chen created the clones, Star River Immortal Venerate and the others each took a Lu Chen and left. Now with four clones of Lu Chen, and Lu Chen seeming capable of creating more clones, as long as one of Lu Chen's bodies remained alive, no one could disrupt their sealing reinforcement of absolute lands.

Early the next morning, Star River Immortal Venerate led his team into Sunset Mountain Range first.

After Star River Immortal Venerate left, Immortal Venerable Wan Jie used a voice transmission to instruct the Immortal Venerates in his team to quickly assemble.

Once all the Immortal Venerates are before Immortal Venerable Wan Jie and see Lu Chen standing beside him, they become confused.

An Immortal Venerate puzzledly asked, "Dean Wan Jie, wasn't it scheduled for Star River Hall Master's team to enter Sunset Mountain Range today to reinforce the absolute lands' seals? Why have Star River Hall Master and his team left, yet Lu Chen is still here?"

Immortal Venerable Wan Jie said, "This one beside me is Lu Chen's clone. His clone can also inscribe the Chaos Spirit Ruins Sealing Heaven Array's complete pattern. To swiftly reinforce all absolute lands' seals, we've decided to act jointly."

This...

Everyone looked at each other, but they didn't say much since their goal this time was to reinforce the seals to prevent bizarre creatures from invading Tianyan Immortal Domain. The sooner they reinforced all the seals, the sooner they could return.

Immortal Venerable Wan Jie said, "Let's move now."

With those words, Immortal Venerable Wan Jie led his team into Sunset Mountain Range.

After Immortal Venerable Wan Jie left, Xiyue Immortal Venerable and Immortal Venerable Cang Ya also gathered their respective teams and entered Sunset Mountain Range.

Within moments, over a hundred Immortal Venerates had flocked to Sunset Mountain Range.

At the same time.

Star River Immortal Venerate had already led everyone to the first absolute land.

From high above, the crowd gazed at the absolute land from afar, feeling a chill down their spines and their Divine Souls trembling.

The absolute land lay in a valley, with a black whirlpool at its center. The black whirlpool exuded thick black gas, and that incessantly released bizarre black gas twisted the space, making it seem like the surrounding space could shatter at any moment.

Star River Immortal Venerate turned to Lu Chen and said, "You can begin."

Upon hearing Star River Immortal Venerate's words, the Immortal Venerates beside him stared at Lu Chen, still harboring some doubts. Even they as Immortal Venerates could not inscribe the complete Chaos Spirit Ruins Sealing Heaven Array pattern; could Lu Chen truly achieve this?

At this moment, Lu Chen's fingers were continuously moving in the air. Star River Immortal Venerate immediately reminded the other Immortal Venerates present, "Quickly channel immortal power to Lu Chen!"

With those words, the Immortal Venerates infused Lu Chen with immortal power. With a sufficient source of immortal power, Lu Chen's array pattern inscribing speed increased rapidly, and in just moments, the complete Chaos Spirit Ruins Sealing Heaven Array pattern appeared before Lu Chen.

Feeling the pressure emitted by the Chaos Spirit Ruins Sealing Heaven Array, the Immortal Venerates present were astonished; he could indeed inscribe the Chaos Spirit Ruins Sealing Heaven Array's pattern?

Didn't this mean that Lu Chen's Divine Soul was stronger than theirs as Immortal Venerates?

Did Lu Chen's main body already breakthrough to the Immortal Venerate Realm?

Before anyone could react, a terrifying suction force emerged from Lu Chen's body, and people felt their immortal power pouring madly into Lu Chen's body.

Lu Chen controlled the Chaos Spirit Ruins Sealing Heaven Array, sending it to hover over that absolute land.

Subconsciously responding to the sealing array formation, the absolute land below suddenly became extremely violent, and the black gas formed tornadoes, directly rushing towards Lu Chen and the others.

Lu Chen saw this and quickly increased immortal power output, then shouted loudly, "Suppress!!!"

With those words, the Chaos Spirit Ruins Sealing Heaven Array rapidly expanded until the array pattern covered the area of that absolute land and immediately descended.

As the great array descended, the black mist within the absolute land was instantly dispersed. The next moment, the Chaos Spirit Ruins Sealing Heaven Array's pattern fully entered the absolute land.

When the formation took shape, the absolute land restored its original valley terrain, and the black whirlpool vanished, leaving it looking like an ordinary valley. If not for the lingering formation power within the valley, one couldn't tell there used to be a death zone here.

Seeing the absolute land sealed just like that, the Immortal Venerates present breathed a sigh of relief.

“This absolute land doesn't seem as terrifying as we imagined?”

“I didn't expect it to be sealed so effortlessly.”

“It's too simple; we might reinforce all seals in less than a month.”

...

Listening to the chatter among the Immortal Venerates, Star River Immortal Venerate frowned slightly; these people were underestimating the absolute lands.

If the absolute lands in Sunset Mountain Range were all this quiet, the exchanges between the Barbaric realm and the Southern Domain wouldn't have ceased for over a billion years.

Then Star River Immortal Venerate said, "Alright, this absolute land has been sealed, let's find the next spot."

As soon as he finished speaking, Star River Immortal Venerate was steering the Immortal Ship, heading deeper into Sunset Mountain Range.

At this moment, the other three teams had also each sealed an absolute land. Like Star River Immortal Venerate's team, those Immortal Venerates relaxed their vigilance after seeing how easily the absolute land was sealed, assuming that the Sunset Mountain Range's absolute lands were merely like this.

# Having children earns benefit, start competing for dominance in the world by marrying a wife

Mysterious Moon Palace, Ice Palace.

Yun Yudie noticed that Lu Chen seemed distracted lately, and today he was even more motionless, not even cultivating. It was all up to her to take the initiative.

After stopping "Life is like a dream," Yun Yudie directly turned over and pressed Lu Chen beneath her, then looked down at Lu Chen.

At this moment, Lu Chen's eyes were vacant, clearly lost in thought.

Curiously, Yun Yudie asked, "What are you doing?"

After hearing Yun Yudie's voice, Lu Chen's eyes regained some brightness. His pupils slightly moved and he looked toward Yun Yudie.

"The action to reinforce the seals has started, and I am helping them carve the array patterns."

Yun Yudie asked, "How many Immortal Venerates are participating?"

Lu Chen replied, "One hundred and twenty."

Yun Yudie was slightly surprised. To know that on the surface, Tianyan Immortal Domain had just so many Immortal Venerates, yet one hundred and twenty Immortal Venerates participated.

Knowing that neither Mysterious Moon Palace nor Azure Dragon Hall, along with their allied forces, participated, gathering this many Immortal Venerates was impressive. If Mysterious Moon Palace and Azure Dragon Hall joined as well, the number of Immortal Venerates might exceed three hundred.

At this moment, Yun Yudie got off Lu Chen. Since Lu Chen's focus was all on carving the array patterns, she found no reason to continue.

After getting up, Yun Yudie waved her hand, and a pale blue gradient long dress instantly covered her graceful silhouette.

Yun Yudie turned to look at Lu Chen on the bed and then said, "You've got to focus on helping them reinforce the seals next."

Hearing this, the corners of Lu Chen's lips turned upward, and he smiled, "Actually, you didn't have to get up. Even if I'm helping them strengthen the seals, while my body is lying here, you can actually be a bit more proactive."

Upon hearing Lu Chen's words, Yun Yudie gave Lu Chen a cold glance.

Of course, she could be proactive, but if Lu Chen wasn't cultivating, she wouldn't experience the pleasures of men and women. If she continued, it would completely be her serving Lu Chen.

Yun Yudie continued to ask, "Where in the Sunset Mountain Range is the seal suppressing the eerie creatures?"

Lu Chen answered, "Those absolute lands in the Sunset Mountain Range."

Yun Yudie didn't ask more and disappeared on the spot. Shortly after, she arrived at the Sunset Mountain Range.

She wanted to see if any absolute lands were near the Dragon Land. After all, it's the place to seal eerie creatures, and she needed to pay more attention in the future.

...

The Sunset Mountain Range was full of absolute lands, and Lu Chen and his team spent a long time reinforcing the seals.

Initially, reinforcing the seals was relatively easy. After all, a team of thirty Immortal Venerates had ample immortal power, and with Lu Chen carving the array patterns, they could seal an absolute land in no time.

However, as they gradually delved deeper into the Sunset Mountain Range, they found that sealing an absolute land consumed more and more immortal power. Moreover, the deeper absolute lands were not as quiet as those on the periphery.

Some Immortal Venerates merely approached those absolute lands and found their minds affected, unconsciously moving toward the absolute lands.

At this moment, outside a certain absolute land.

A group of Immortal Venerates was watching the distant gigantic black vortex with solemn expressions.

The mountains outside the vortex were eroded by black mist to lifelessness, and the area of this entire absolute land was equivalent to an Immortal City with a population of over one hundred million. Imagine the immortal power required to seal this land.

One Immortal Venerate said, "I didn't know there was such a large absolute land hidden within the Sunset Mountain Range. What should we do now?"

Although the combined strength of thirty Immortal Venerates might manage to seal this absolute land, the land was too eerie, and a slight mistake could result in losing their minds.

If they consumed too much immortal power during the formation setup, the array might not form before some Immortal Venerates lose their minds to the mysterious power.

This had already happened when they were sealing a previous absolute land. If not for Lu Chen quickly completing the formation, an Immortal Venerate might have already rushed into the absolute land.

Star River Immortal Venerate looked at the distant absolute land, his brow furrowing as he sensed the threat it posed to him.

After a while, Star River Immortal Venerate said, "There's no need to seal this absolute land for now. Let's return to White Rainbow Immortal City and wait for the other teams to return."

Star River Immortal Venerate thought, if he remembered correctly, when they last crossed the Sunset Mountain Range to head to the Barbaric, he hadn't seen such a vast absolute land.

Clearly, absolute lands in the Sunset Mountain Range are continuously expanding, and the expansion is rapid, which is not a good sign.

As Star River Immortal Venerate finished speaking, the entire absolute land seemed to be aware of the Immortal Venerates' presence, and a wave-like surge of black mist rushed toward Star River Immortal Venerate and his group.

Feeling the oppressive sensation from the black mist, the faces of the Immortal Venerates changed dramatically, and Star River Immortal Venerate urgently shouted, "Retreat immediately!!!"

As his words fell, Star River Immortal Venerate and the other Immortal Venerates quickly flew out of the Sunset Mountain Range, but the black mist was swift. Lu Chen's cultivation state was comparatively low, making his escape speed noticeably slower than the other Immortal Venerates.

At this moment, while fleeing, Star River Immortal Venerate thought of Lu Chen, and quickly turned around. The overwhelming black mist was about to engulf Lu Chen.

Without any hesitation, Star River Immortal Venerate quickly retrieved the Heavenly Rank Immortal Artifact, Yuqing Bottle, and infused it with immortal power.

The next moment, Lu Chen felt a strong force, and in the blink of an eye, his body disappeared from the spot, finding himself in the small world inside the Yuqing Bottle upon reappearing.

After sucking Lu Chen into the Yuqing Bottle, Star River Immortal Venerate intended to take in the last Immortal Venerate at the rear, but to his surprise, as he activated the Yuqing Bottle, numerous black tendrils emerged from the mist and, in the blink of an eye, entangled the last Immortal Venerate.

Seeing this, Star River Immortal Venerate was slightly stunned. The black tendrils felt even more dangerous, and he had no time to worry about others, hurriedly storing the Yuqing Bottle and speeding up to escape the Sunset Mountain Range.

After escaping over a hundred kilometers, Star River Immortal Venerate looked back at the direction of the absolute land, no longer seeing the black mist, and the life-threatening crisis ebbing from his heart.

Only then did Star River Immortal Venerate breathe a sigh of relief, releasing Lu Chen from the Yuqing Bottle, and scanning the remaining Immortal Venerates present.

Those who managed to escape were pale, their faces devoid of color.

The Immortal Venerates were filled with lingering fear, cold sweat trickling, as they looked in the direction of the former absolute land.

Lu Chen counted the Immortal Venerates present, with only twenty remaining, while the previous wave of black mist had swallowed ten Immortal Venerates.

Lu Chen's expression instantly turned exceptionally grave, realizing those Immortal Venerates swallowed by the mist were likely beyond help, as the mist felt exceedingly dangerous, clearly containing dense mysterious power.

The ten Immortal Venerates, upon contact with the mysterious power, even if they survived, would likely be filled with the eerie power, eventually losing their minds and becoming eerie creatures.

# Having children earns benefit, start competing for dominance in the world by marrying a wife

After the Immortal Venerates recovered, they glanced at the remaining Immortal Venerates present. When they discovered that only twenty were left, a sense of despair welled up in their hearts.

At this moment, one Immortal Venerate, trembling, said, "Even if they came into contact with that black fog, they should be fine, right."

No one could answer this question, as it was their first time encountering a black fog infused with a mysterious power. Everyone's eyes turned to Star River Immortal Venerate, hoping to get a response from him.

Seeing everyone looking at him, Star River Immortal Venerate said, "Even if they managed to escape, their bodies might have been eroded by the mysterious power. It's possible they could turn into mysterious creatures one day."

Hearing Star River Immortal Venerate's answer, everyone fell into silence.

Initially, they thought this mission to reinforce the sealing carried no danger, yet ten Immortal Venerates did not return this time.

These are Immortal Venerates!

Aside from the Immortal Emperor, Immortal Venerates are already at the pinnacle of the Tianyan Immortal Domain, and yet merely reinforcing a seal for mysterious creatures cost them ten Immortal Venerates.

Even great wars between Super Immortal Sects wouldn't see ten Immortal Venerates fall in such a short period.

In the past, the Northern Domain's siege of the Demon Emperor only cost a few Immortal Venerates.

For a while, the Immortal Venerates present fell into silence, and the atmosphere became increasingly oppressive.

At this point, Star River Immortal Venerate said, "Now you all understand the immense threat of the mysterious creatures. If we can't reinforce all the seals and those mysterious creatures completely break free, destruction is all that awaits the Tianyan Immortal Domain."

"Even if, in the end, the Demon Emperor triumphs over the mysterious army, the Tianyan Immortal Domain would already be in ruins, and your forces would be devastated by the mysterious army. Who knows how many legacies will vanish in the great battle to come."

At this moment, the Immortal Venerates present totally shed any underestimation they had of the mysterious creatures.

Then, Star River Immortal Venerate cast another glance at the perilous land before speaking again, "Alright, let's head back. We must inform the other teams. With just the power we have, it seems difficult to seal this perilous place."

As he finished speaking, Star River Immortal Venerate brought out the Immortal Ship, then jumped aboard, piloting it towards White Rainbow Immortal City.

Meanwhile.

Somewhere on a peak within the Sunset Mountain Range.

The battle ships of various Immortal Venerates rested on the peak, forming a temporary camp.

A group of Immortal Venerates gathered together, discussing where to go next to seal which perilous lands.

Unlike Star River Immortal Venerate's team, the team led by Xiyue Immortal Venerable was relatively aggressive in action. They sent ten people, diving into the depths of the Sunset Mountain Range to scout and mark perilous lands, after which the remaining twenty Immortal Venerates went to seal them.

In recent times, the ten Immortal Venerates who ventured deeper into the Sunset Mountain Range discovered over a dozen perilous lands. However, because their efficiency in reinforcing seals was so high, the Immortal Venerates responsible for reinforcing were significantly worn out, prompting them to halt and rest once more.

Unlike the tension surrounding Star River Immortal Venerate, the atmosphere under Xiyue Immortal Venerable's leadership was noticeably relaxed.

"I never expected there to be so many perilous lands within the Sunset Mountain Range."

"Yeah, fortunately, sealing these perilous lands isn't too difficult."

"At this rate, perhaps within a year, we can seal all the perilous lands of the Sunset Mountain Range."

"I wonder how many perilous lands other teams have sealed up so far."

...

As the Immortal Venerates exchanged words, Lu Chen, who was meditating with closed eyes beside Xiyue Immortal Venerable, suddenly opened his eyes. He scanned the Immortal Venerates present and said, "A team has encountered trouble; we need to return to White Rainbow Immortal City."

The Immortal Venerates were momentarily stunned at Lu Chen's sudden remark. They didn't doubt his words, given that every team had a clone of Lu Chen. They were merely puzzled, as these perilous lands weren't seen as especially dangerous, so how could something have gone wrong?

Xiyue Immortal Venerable asked, "What happened?"

Lu Chen replied, "The team led by Star River Immortal Venerable discovered a vast perilous land in the depths of the Sunset Mountain Range, which actively attacked them. Ten of their Immortal Venerates were swallowed by the perilous land's eerie black fog. They are currently on their way back."

This...

This statement rendered the Immortal Venerates present momentarily stunned.

Ten Immortal Venerates were swallowed?

They instantly grasped the gravity of the situation.

Xiyue Immortal Venerable didn't hesitate and immediately instructed the Immortal Venerates, "Return to White Rainbow Immortal City immediately!"

Subsequently, Xiyue Immortal Venerable returned to the Immortal Ship, manipulating it to fly towards White Rainbow Immortal City while Lu Chen simultaneously controlled his other two bodies to inform Immortal Venerable Cang Ya and Immortal Venerable Wan Jie of what had happened to Star River Immortal Venerate's team.

A month later, all four teams returned to White Rainbow Immortal City.

Star River Immortal Venerate immediately convened an assembly of Immortal Venerates. In the sky above, the expressions of the Immortal Venerates were extremely grave.

They noticed that Star River Immortal Venerate's team was indeed short by ten members.

At this time, Star River Immortal Venerate said to the crowd, "Lu Chen should have informed you of the situation we encountered. This is what happened in that perilous land."

As he spoke, Star River Immortal Venerate placed his finger on his brow and then conjured a Memory Pearl. At the next moment, he pointed his finger towards the sky, and the Memory Pearl flew into the sky. The scenes from the Memory Pearl appeared high above.

Upon seeing the perilous land, spanning hundreds of kilometers, the Immortal Venerates present fell into silence. Since they began reinforcing seals within the Sunset Mountain Range, it was their first time witnessing such a vast perilous land.

More terrifying was the massive vortex in the center of the perilous land. If that vortex's seal were to completely fail, who knows how many mysterious creatures might emerge from that vortex.

When the memory from the Memory Pearl finished playing, an Immortal Venerate inquired, "Is it possible that they might still be alive? They are Immortal Venerates, after all; it shouldn't be so easy for them to fall."

Star River Immortal Venerate said, "It's certainly possible."

"But the mysterious power can transform Immortal Venerates into mysterious creatures. Even if they made it out alive, they might not still be themselves, having potentially transformed into mysterious creatures."

Upon hearing this from Star River Immortal Venerate, the Immortal Venerates returned to silence, refraining from speaking for a long while.

Now they truly realized the danger tied to reinforcing the seals. At first, they thought it was a simple task, but unexpectedly, ten Immortal Venerates encountered trouble all at once.

In the Tianyan Immortal Domain, any power that possesses Immortal Venerates is considered a major force. If those ten Immortal Venerates truly perished, those ten forces would swiftly decline.

Finally, after a long pause, Immortal Venerable Wan Jie spoke, saying, "There's no need for excessive pessimism, fellow Daoists. The priority is sealing that perilous place. Maybe when we head to that perilous land, we might encounter them escaping from it."

"It takes time for mysterious power to transform a person into a mysterious creature; it doesn't happen simply by contact. As long as one's will is strong enough, they won't easily become mysterious creatures."

# Having children earns benefit, start competing for dominance in the world by marrying a wife

Hearing the words of Immortal Venerable Wan Jie, the Immortal Venerates present seemed to grasp hope. After all, Immortal Venerable Wan Jie had experienced the era of the strange creatures invading the Tianyan Immortal Domain, and he was very familiar with them.

Since he said those ten Immortal Venerates might be okay, perhaps they really are fine.

As long as those ten Immortal Venerates, contaminated by the mysterious power, are still alive and haven't turned into strange creatures, then that power isn't particularly frightening to the Immortal Venerates present.

Now, what they most wanted to do was confirm the condition of those ten Immortal Venerates to see if they were still alive or if they had turned into strange creatures.

At this moment, Xiyue Immortal Venerable spoke, "In that case, let's set off immediately."

Star River Immortal Venerate replied, "Alright."

Then, Star River Immortal Venerate dismantled the Isolation Array and controlled his Immortal Ship to once again fly deep into the Sunset Mountain Range.

This time, with more than a hundred Immortal Venerates acting together, Star River Immortal Venerate believed sealing that dangerous place shouldn't pose too much of a problem.

However, even with over a hundred Immortal Venerates working together, none of them felt safe.

After all, the black mist swallowed ten Immortal Venerates in a gulp. If that eerie mist suddenly attacked them, even a hundred Immortal Venerates might only have the option to flee.

As days passed by, Star River Immortal Venerate quickly led the other Immortal Venerates to the perilous place they had previously discovered.

To prevent the dangerous place from launching a sudden attack, this time they kept a distance of hundreds of kilometers. With the sight and perception of Immortal Venerates, hundreds of kilometers wasn't very far. Not to mention a few

hundred kilometers, they could even see things clearly over a thousand kilometers away.

More than a hundred Immortal Venerates stood hovering in the air, looking toward the dangerous place hundreds of kilometers away, each with a solemn expression.

Even separated by hundreds of kilometers, they could feel the ominous aura emanating from the dangerous place.

The atmosphere was oppressive and stifling. People scanned their surroundings with their eyes but did not spot the ten Immortal Venerates swallowed by the eerie black mist.

After a long time, someone spoke, "Perhaps those ten are already gone..."

Upon hearing this, everyone's hearts grew heavy.

If those ten Immortal Venerates really had fallen, it would prove that the strange black mist could kill many Immortal Venerates in a short time. Even though they were among the top powerhouses of the Tianyan Immortal Domain, in the face of that mist, they were no different from ordinary Immortals.

Immortal Venerable Wan Jie sighed and said, "Let's act quickly and reinforce the seal to avoid such tragedies from happening again."

As Immortal Venerable Wan Jie finished speaking, Lu Chen flew to the front of the Immortal Venerates, raised his hand, and began to inscribe the array pattern of the Chaos Spirit Ruins Sealing Heaven Array in the air.

Lu Chen had been inscribing array patterns for some time, having become very adept at it. His speed at inscribing array patterns had also increased, and in just a moment, he had inscribed half of the array diagram.

All the Immortal Venerates immediately infused immortal power into Lu Chen. At this moment, dark clouds gathered above the dangerous place, the whole area around Star River Immortal Venerate shook violently, and the black clouds in the sky pressed down as if the sky were collapsing.

Meanwhile, the dangerous place began to stir, and a tide of black mist surged out, rolling straight toward where Lu Chen and the others were.

Seeing this wave-like black mist, everyone's complexion changed drastically. Star River Immortal Venerate immediately said, "Quick! Activate the Formation!"

All the Immortal Venerates acted simultaneously, channeling immortal power toward Lu Chen. Lu Chen's body was filled with an immense amount of immortal

power, and as a result, his hand inscribing the array pattern in the air created afterimages. In just an instant, the array pattern was fully formed.

Lu Chen then activated the Formation and flew to the sky above the dangerous place. As the array pattern appeared above, in the blink of an eye, it expanded to cover the same area as the dangerous place.

The Chaos Spirit Ruins Sealing Heaven Array emitted a pressure that subdued the black mist in the perilous place, with the Formation on the verge of completion.

Suddenly, a terrifying aura erupted from the crowd; the next moment, three Immortal Venerates exuded black energy, simultaneously targeting Lu Chen.

Witnessing this, people's expressions shifted slightly.

Star River Immortal Venerate loudly warned, "No! They are strange creatures!"

Star River Immortal Venerate's warning was evidently too late. The three peculiar Immortal Venerates were too close to Lu Chen, evidently targeting him. In just a blink, they reached behind Lu Chen, striking simultaneously; Lu Chen's body was shattered.

With Lu Chen's body destroyed, no one was left to manage the Formation. The next moment, the Chaos Spirit Ruins Sealing Heaven Array began to collapse.

With the destruction of the Formation, the eerie black mist in the perilous place surged again, rolling once more toward Star River Immortal Venerate and the others.

At this point, some Immortal Venerates were already preparing to flee, while the three eerie Immortal Venerates turned, looking mockingly at the Immortal Venerates.

One creepy Immortal Venerate mocked, saying, "Our master will soon descend upon the Tianyan Immortal Domain, and your struggles will ultimately be in vain!"

As the black mist approached, the fear in the Immortal Venerates' hearts grew more intense. Just as some Immortal Venerates were turning to flee, a voice suddenly emerged from behind the crowd.

"Quick, channel immortal power to me!"

Hearing this voice, the crowd turned to see Lu Chen inscribing a new array pattern behind them.

The crowd immediately realized that the one who had died was merely Lu Chen's clone, and they still had a chance.

The Immortal Venerate nearest to Lu Chen quickly reached out to infuse him with immortal power, helping Lu Chen stabilize the newly inscribed array pattern.

Seeing Lu Chen actually inscribe another array pattern, the three eerie Immortal Venerates instantly released a large amount of mysterious power. Their flesh rotting and decaying, they resembled living dead.

The next moment, the three eerie Immortal Venerates charged at Lu Chen, with Xiyue Immortal Venerable quickly saying coldly, "Don't let them get close to Lu Chen!"

Immediately, all the Immortal Venerates acted in unison. Even with three missing, their side still had over a hundred Immortal Venerates, making it difficult for the three eerie Immortal Venerates to approach Lu Chen.

However, to everyone's surprise, among the eerie Immortal Venerates, one was adept at the Space Path. Just as the crowd blocked the three, the one adept in the Space Path suddenly vanished.

The people instantly reacted; however, before they could seal the space, the vanished eerie Immortal Venerate already appeared behind Lu Chen.

The eerie Immortal Venerate struck out with a claw, creating a giant bony claw out of thin air that pierced through Lu Chen's body.

Seeing this, everyone's faces turned pale all at once. This was the end!

However, just as everyone thought they could only retreat, suddenly, the array pattern of the Chaos Spirit Ruins Sealing Heaven Array appeared above the perilous place.

Before anyone could figure out what was happening, Immortal Venerable Wan Jie's voice was heard, "Quick, channel immortal power to Lu Chen!"

## **Having children earns benefit, start competing for dominance in the world by marrying a wife**

Upon hearing the voice of Immortal Venerable Wan Jie, people finally turned their gaze towards where Immortal Venerable Wan Jie was. It was then that everyone noticed that another one of Lu Chen's clones was actually activating the Chaos Spirit Ruins Sealing Heaven Array.

At this moment, everyone realized that Lu Chen's remaining two bodies were simultaneously inscribing array patterns. The previous body was merely a distraction to draw the attention of the three mysterious Celestial Venerables.

Once they realized this, they hurriedly released their immortal power to seal the entire space. As a result, even if the mysterious Celestial Venerate who previously attacked Lu Chen practiced the Space Path, they still couldn't use spatial teleportation to get close to Lu Chen directly.

Seeing so many Celestial Venerables protecting Lu Chen, the three mysterious Celestial Venerables immediately became extremely agitated. They hadn't expected that Lu Chen's clones could simultaneously inscribe array patterns.

When the Celestial Venerables first gathered, they thought they could seize the opportunity to eliminate Lu Chen and prevent the blood sacrifice from strengthening the formation.

However, later Immortal Venerable Wan Jie informed them that Lu Chen had more than one clone, and each could inscribe array patterns. The three of them then realized something was amiss.

Although their strength was formidable, there were more than one hundred Celestial Venerables, making it obviously not easy to kill all of Lu Chen's clones.

At this moment, there was only one option left.

One mysterious Celestial Venerate roared loudly, "No one can sabotage the Master's plan!!!"

As he spoke, the mysterious power within the mysterious Celestial Venerate surged crazily, and his rotten body quickly dissolved, gradually turning into a skeleton.

Witnessing this, everyone's expression changed drastically. Star River Immortal Venerate loudly reminded, "This is bad! He's going to self-destruct!"

With the space sealed, it was clearly unlikely that the three mysterious Celestial Venerables could bypass over a hundred Celestial Venerables to kill Lu Chen. Since that was the case, the only option left was to self-destruct.

With so many Celestial Venerables together, if he self-destructed, it would, in any case, either kill or injure some of the Celestial Venerables.

The number of Celestial Venerables in the Tianyan Immortal Domain was limited. If dozens of Celestial Venerables were gravely injured at once this time, it would greatly benefit the next steps of their Deceit Realm's plan.

Just as the mysterious Celestial Venerate was about to self-destruct, a Chaos Spirit Ruins Sealing Heaven Array pattern suddenly appeared above his head.

At the instant the array pattern appeared, the mysterious Celestial Venerable's self-destruction was immediately interrupted, and he suddenly found that the mysterious power within him was sealed, making it difficult to mobilize.

The next moment, a voice came through, "Leave thirty Celestial Venerables to help me seal these three mysterious Celestial Venerables."

The crowd followed the voice with their eyes and discovered that, not far away, there appeared three more Lu Chen clones. Even though these three Lu Chens only had Mortal Immortal Realm, they were all inscribing Chaos Spirit Ruins Sealing Heaven Array patterns.

Witnessing this, Xiyue Immortal Venerable immediately said, "All the people in this team under me, assist Lu Chen in sealing the mysterious creatures!"

With those words, Xiyue Immortal Venerable promptly led her team's Celestial Venerables to swiftly infuse Lu Chen with immortal power.

In just a moment, the Chaos Spirit Ruins Sealing Heaven Array map portrayed by Lu Chen's other two clones took shape, and Lu Chen quickly activated the array patterns. Two array patterns immediately appeared above the remaining two mysterious Celestial Venerables' heads.

Then, all four of Lu Chen's clones shouted in unison, "Suppress!!!"

In an instant, the four Chaos Spirit Ruins Sealing Heaven Arrays were simultaneously activated, pressing towards the Sunset Mountain Range.

The three mysterious Celestial Venerables roared unwillingly.

"No!!!"

"Damn blood sacrifices, just you wait!!!"

"Vile ants, we will meet again soon!!!"

...

As the array patterns landed, the ground emitted a tremendous roar, and the black vortex in the distant desperate situation dissipated in no time.

The mysterious power drifting in the air also vanished without a trace, the dark clouds in the sky dispersed, reverting back to blue skies and white clouds, as if nothing had happened.

Seeing everything return to calm, the present Celestial Venerables finally breathed a sigh of relief.

Once they relaxed, everyone turned their gaze simultaneously towards Lu Chen.

They were very eager to know how Lu Chen managed to do it.

Leaving aside how Lu Chen could create so many physical clones, the fact that these clones could simultaneously inscribe multiple Holy Tier Array patterns was astonishing.

Even if these Celestial Venerables focused all their attention, they couldn't inscribe a complete Chaos Spirit Ruins Sealing Heaven Array pattern.

The process of inscribing a Holy Tier Array pattern is closely related to one's Divine Soul strength. As the array pattern gradually forms, the pressure felt by the Divine Soul intensifies.

If Lu Chen could simultaneously inscribe multiple Holy Tier Array patterns, doesn't that mean his Divine Soul strength has already reached an incredibly terrifying level?

Could it be...

Lu Chen's main body is an Immortal Emperor?

Thinking of this possibility, some who had been eyeing fortunes on Lu Chen felt a chill down their spine.

Even if Lu Chen wasn't an Immortal Emperor, his main body likely possessed power comparable to an Immortal Emperor.

There was even a possibility that Lu Chen was a reincarnation of some Immortal Emperor.

At this moment, the most internally panicked was Star River Immortal Venerate.

If Lu Chen were truly the reincarnation of an Immortal Emperor, once he regains his strength, he might settle scores with Heavenly Splendor Hall.

However, speaking of which, now that the Demon Emperor has regained cultivation, the Qi Fortune of the Tianyan Immortal Domain might not be able to support the existence of another Immortal Emperor. As long as the Demon Emperor lives, Lu Chen's main body is unlikely to regain his Immortal Emperor Cultivation.

Regardless, the strength of Lu Chen's main body is beyond doubt, and he really ought to hurry with his own reincarnation.

Regarding whether there are opportunities for becoming an emperor with Lu Chen, Star River Immortal Venerate no longer cares.

Immortal Venerable Wan Jie came to his senses and respectfully said to Lu Chen, "It's all thanks to you, Lu. If those mysterious Celestial Venerables had successfully self-destructed, even if we didn't die, we likely would've been severely damaged."

Other Celestial Venerables also chimed in.

"We really didn't expect that you, Lu, could simultaneously inscribe multiple Holy Tier Array patterns."

"It's a good thing you're here, Lu."

"Your Divine Soul is so powerful, Lu, that in due time, you will surely take that step and become an Immortal Emperor."

...

Lu Chen said, "No need for pleasantries, the urgent task now is to seal off the remaining desperate situations. Let's split into four groups for now. If we encounter any large-scale desperate situation again, I'll inform you through my clones."

Star River Immortal Venerate forced a smile and said, "Lu... Lu's right, we should part ways now."

With those words, Star River Immortal Venerate took out the Immortal Ship and, along with his team of Celestial Venerables, headed deeper into the Sunset Mountain Range.

Seeing Star River Immortal Venerate leave, Immortal Venerable Wan Jie and Immortal Venerable Cang Ya also led their respective teams to explore other directions of the desperate situations in the Sunset Mountain Range.

After those three teams had left, Xiyue Immortal Venerable then took one of Lu Chen's bodies back to her Immortal Ship. Once back on the ship, she set up an Isolation Array, separating the ship from the outside world.

Xiyue Immortal Venerable then turned, staring into Lu Chen's deep eyes, with a faint smile asked, "I'm very curious, just who exactly are you?"
