Xiyue Immortal Venerable is no fool. Being able to inscribe multiple Holy Rank Array Patterns simultaneously, his Divine Soul Strength is probably comparable to that of an Immortal Emperor.

Even if Lu Chen is not an Immortal Emperor now, he is most likely the reincarnation of one.

A potential Immortal Emperor showing interest in her body is not good news for her.

Hearing Xiyue Immortal Venerable's question, Lu Chen smiled and said, "Getting curious about a man can be a very dangerous thing."

Xiyue Immortal Venerable showed a trace of confusion, "Oh? Is that so? What kind of danger?"

"Could it be that your background is so significant that knowing your identity requires bearing great karma?"

"If that's the case, I'd better not inquire about your identity."

Xiyue Immortal Venerable is no fool. Though she is an Immortal Venerate and among the most elite in the Tianyan Immortal Domain, her inherited memories tell her that there are many secrets within the Tianyan Immortal Domain, many of which she cannot access.

For instance, the mysterious creatures this time, just reinforcing the Sealing cost the Tianyan Immortal Domain thirteen Immortal Venerates, including the three who were eroded by the Mysterious Power.

The mysterious creatures are already very dangerous, but in Xiyue Immortal Venerable's inherited memories, there are secrets even more dangerous.

Hearing what Xiyue Immortal Venerable said, Lu Chen chuckled lightly, "My background isn't quite mysterious; it's just that when a woman becomes curious about a man, she is not far from falling in love with him."

"So, do you think you are in danger now?"

Hearing Lu Chen's words, Xiyue Immortal Venerable frowned slightly, looking at Lu Chen with a disdainful gaze.

Even though Lu Chen might be the reincarnation of an Immortal Emperor, the thought of her falling in love with someone is almost impossible.

What's more, he's a Human.

As a Heavenly Fox who can see through lies and desires, Xiyue Immortal Venerable has long seen through men, considering them filthy, with their minds full of such things, thus she generally has no good impression of them.

Especially Human men; although Demon Race males also have desires, most are straightforward, while humans use all sorts of schemes to achieve their goals. Of course, to humans, Demon Race's so-called straightforwardness is too naive.

At this moment, Xiyue Immortal Venerable said, "Regardless of your Identity, even if you're the reincarnation of an Immortal Emperor, I advise you not to target me."

Though being watched by someone suspected to be the reincarnation of an Immortal Emperor is troublesome, she belongs to the Heavenly Fox Clan, and compared to others, it's easier for her to take that step to become an Immortal Emperor.

Currently, the Tianyan Immortal Domain has already birthed an Immortal Emperor, with a Demon Emperor controlling the Qi Fortune of the Tianyan

Immortal Domain. Even if Lu Chen was an Immortal Emperor in his past life, regaining the Immortal Emperor Cultivation won't be easy.

But it's different for the Heavenly Fox. She has ways to become an Immortal Emperor through other means, and the Qi Fortune of the Tianyan Immortal Domain cannot fully constrain her.

Once she breaks through to become an Immortal Emperor, it wouldn't matter even if Lu Chen reincarnated as an Immortal Emperor; there would be nothing he could do to her, let alone try anything.

Hearing Xiyue Immortal Venerable's warning, Lu Chen dismissed it with a smile, then seriously asked, "But what if I am determined to target you?"

Saying this, Lu Chen's fiery eyes fixed intently on Xiyue Immortal Venerable's jade-like face.

Xiyue Immortal Venerable hesitated for a moment, then said coldly, "Humans and demons have different paths; we're destined to have no outcome."

At this, Lu Chen burst into laughter, "At the level of an Immortal Venerate, where is there any division between humans and demons?"

Typically, the term "different paths for humans and demons" refers to Mortals and the Demon Race, given the latter's longer lifespan. But Immortals are different as both Human Immortals and Demon Immortals have similar lifespans.

Although the Demon Race has some special tribes with exceptionally long lifespans, upon reaching the Immortal Realm, there are ways to extend one's life. A classic example is Immortal Venerable Wan Jie, who consumed Longevity Medicine, living from the last era to the current one. In the Demon Race, there are very few who could live as long as Immortal Venerable Wan Jie, so the notion of differing paths between humans and demons simply doesn't exist.

In the Eastern Domain, even amidst the ongoing rivalry between the Beast Alliance and Qingyun Academy, many Demon Immortals and Human Immortals have become couples.

Seeing Lu Chen's persistence, Xiyue Immortal Venerable suddenly remembered some rumors she had heard about Lu Chen and said, "If you wish to become my couple, it's not out of the question, but you can only have me as your sole partner."

Xiyue Immortal Venerable had long heard of Lu Chen's flirtatious nature, with numerous close female friends. In fact, in the Eastern Domain, there were women who were lured away by Lu Chen, and if she remembers correctly, there were even women from the Demon Race taken by Lu Chen, one of whom held a significant status and was the daughter of an Immortal Venerate.

When Lu Chen ran off with that Immortal Venerate's daughter, it caused quite a stir in the Beast Alliance.

In Xiyue Immortal Venerable's view, requiring Lu Chen to choose her as his only partner is akin to asking him to court death, something he is unlikely to agree to.

A man with such a lustful character, how could he possibly choose only her, though her beauty in the Tianyan Immortal Domain is indeed outstanding. But Lu Chen's close female friends, who among them is not a peerless beauty?

The Immortal Realm is never short of beautiful fairies. For Lu Chen to give up all for one tree when he could have the whole forest, it's utterly impossible.

However, to Xiyue Immortal Venerable's surprise, as soon as she finished speaking, Lu Chen immediately said, "Sure, no problem."

Seeing Lu Chen agree so readily, Xiyue Immortal Venerable was initially stunned, then, sensing the aura of deceit emanating from Lu Chen, she snorted coldly.

Indeed, a man's words are deceitful ghosts. Just as she was about to expose Lu Chen's lies, Lu Chen smiled and said, "This clone of mine promises only you as a partner."

Hearing this, Xiyue Immortal Venerable's face froze instantly, then she said coldly, "Are you insulting me?"

She, a dignified Immortal Venerate, ends up with a partner who is just a clone. She could be ridiculed by the whole world if this gets out.

Xiyue Immortal Venerable continued, "Since you cannot comply, you better give up early. I have no interest in your clone."

Saying this, Xiyue Immortal Venerable grew tired of the conversation and disappeared the next moment, leaving only a waft of ethereal fragrance behind.

Lu Chen took a deep breath, slightly lifting the corners of his mouth. True, Immortal Venerates are indeed hard to handle, and his current strength is insufficient. But for him to give up now is unthinkable.

Not to mention Xiyue Immortal Venerable, even Xuan Qingyun, the Immortal Emperor, he still has his sights on.

But, considering that Xuan Qingyun has already regained the Immortal Emperor Cultivation, Lu Chen felt a bit of a headache.

Currently, the Qi Fortune of the Tianyan Immortal Domain only suffices to maintain one Immortal Emperor. He wonders if using the system, he can Cultivate to the Immortal Emperor Realm. If he cannot elevate his Cultivation State to the Immortal Emperor Realm, claiming Xiyue Immortal Venerable, Immortal

Venerable Yun Meng, and Heavenly Language Immortal Venerable would be extraordinarily challenging.

Lu Chen sighed slightly, realizing there is still a long road ahead.

Chapter 1932: Chapter 1622: Just a Mere Clone, Hardly Enough to Cause Trouble

Since that perilous area, spanning hundreds of kilometers in diameter, was sealed, Lu Chen and his team haven't encountered such dangerous grounds in the Sunset Mountain Range again. Though most of these areas attack proactively, their coordination has become so proficient that it takes only moments to seal any of those areas showing unusual activity.

Of course, this is mainly because Lu Chen's speed at inscribing the Array Patterns is getting faster and faster. The mysterious black fog emerging from those perilous areas doesn't even have time to escape before Lu Chen's inscribed Array Patterns appear above them.

In the ensuing years, Lu Chen worked with a group of Immortal Venerates to reinforce the seals across the Sunset Mountain Range.

Initially, they spent about two years mostly sealing the dangerous places in the Sunset Mountain Range, but they worried about any missed threats. Thus, they divided the team into squads of ten, patrolling the range for several years.

Once convinced there were no major issues, all the Immortal Venerates returned to the White Rainbow Immortal City.

At this moment, in the skies above White Rainbow Immortal City, more than a hundred Immortal Venerates gathered together again.

Immortal Venerable Wan Jie and Star River Immortal Venerate together set up an Isolation Array. Once the Formation took shape, Star River Immortal Venerate spoke: “Thanks to everyone’s help, we were able to reinforce the sealing in such a short time.”

“Now that the seal is fortified, how long it will trap these mysterious creatures remains uncertain.”

“For the sake of the Tianyan Immortal Domain, I propose that ten Immortal Venerates stay in White Rainbow Immortal City for a duration of twenty years, then regularly check if new perilous areas emerge in the Sunset Mountain Range.”

“If new perilous areas appear, they should be sealed immediately.”

For the Immortal Venerates, twenty years is but a flicker of time, yet present ones did not immediately voice agreement to this proposal. They glanced at one another in silence.

Everyone awaited Qingyun Academy and the Beast Alliance’s response. They are, after all, Overlord-level forces; if they agree to the proposal, the other forces will naturally follow suit.

If even the Overlord-level forces won’t take the lead, no one else will be willing to undertake these tasks.

After a moment of silence, Immortal Venerable Wan Jie said: “I agree with the proposal of the Star River Hall Master. The safety of the Sunset Mountain Range pertains to the entire Tianyan Immortal Domain, and keeping constant watch over it is indeed necessary.”

Similarly, Xiyue Immortal Venerable spoke: “I also agree to this proposal.”

Seeing that both Qingyun Academy and the Beast Alliance agreed to the proposal, the other factions’ Immortal Venerates expressed their agreement as well.

Once everyone agreed, Star River Immortal Venerate continued: “Since I proposed this, Heavenly Splendor Hall will take the lead and send four Immortal Venerates, along with six more from the Southern Domain, for regular patrols of the Sunset Mountain Range.”

As he spoke, his gaze turned to the Immortal Venerates of the Southern Domain, who, upon noticing his gaze, signaled their assent: “We will follow Heavenly Splendor Hall’s arrangements.”

Although all are Immortal Venerates, there lies variance in their prowess. Being an Overlord force in the Southern Domain, Heavenly Splendor Hall commands the respect of the Southern Immortal Venerates, who naturally have to heed its lead.

At this time, Star River Immortal Venerate’s gaze settled upon Lu Chen, smiling as he said: “Lu, we hope you could leave one of your Clones here in White Rainbow Immortal City. If perilous areas appear again in the Sunset Mountain Range, we’d ask your aid in sealing them.”

Lu Chen responded mildly: “Alright.”

On the other side of Sunset Mountain Range lies Dragon Land, home to the Daqin Immortal Dynasty and Mysterious Moon Palace. Therefore, Lu Chen is equally concerned about the Sunset Mountain Range. Should any mysterious creature escape, they too would suffer, thus leaving a Clone in White Rainbow Immortal City to help reinforce the seals would incur no loss for him.

Star River Immortal Venerate then asked: “Does anyone have additional proposals?”

Upon his query, none of the present Immortal Venerates spoke. Despite seeming relatively effortless, reinforcing the seal consumed considerable immortal power, prompting the attendees to wish for their quick return to restore their strength.

“Then, with that, our mission concludes here.”

“If there’s nothing further, everyone may return to your respective forces.”

Hearing Star River Immortal Venerate’s words, the Immortal Venerates dispersed.

Now only those from the Southern Domain, the Beast Alliance, and Qingyun Academy remained in the sky.

Star River Immortal Venerate spoke to the Southern Immortal Venerates: “Please return and recover your strengths. When it’s time to patrol the Sunset Mountain Range, I will send notice.”

Hearing this, the Southern Immortal Venerates also departed.

Once they had left, Star River Immortal Venerate arranged another Isolation Array and turned to address Xiyue Immortal Venerable and Immortal Venerable Wan Jie: “Do the Xiyue Alliance Leader and Dean Wan Jie have further matters to discuss?”

Clearly, they stayed with the intent of conversation.

Immortal Venerable Wan Jie said directly: “Despite the mission only involving three mysterious Immortal Venerates, since mysterious power can corrupt even Immortal Venerates, I fear Immortals under them aren’t exempted either.”

“It’s unknown how many mysterious creatures might be lurking in the Southern Domain. Star River Hall Master, you must exercise caution.”

Upon this reminder, Star River Immortal Venerate replied: “Dean Wan Jie makes a valid point. However, there’s no need for excessive concern. With Lu Chen’s Clone in the Southern Domain, we can swiftly engage his help in sealing any discovered mysterious creatures.”

This left Immortal Venerable Wan Jie and Xiyue Immortal Venerable momentarily surprised, both turning their gaze to Lu Chen.

Xiyue Immortal Venerable took the lead: “Lu Chen, I recall you having multiple Clones. How about letting me take one to the Beast Alliance? If mysterious creatures appear in the Eastern Domain, we could seal them immediately.”

Dean Wan Jie followed suit: “Lu, the Eastern Domain was the original entry point for mysterious creatures. There may remain transmission channels from the past era. Would you send a Clone to Qingyun Academy with me?”

Lu Chen agreed without hesitation: “I can.”

He had been pondering means to approach Xiyue Immortal Venerable; now he had the perfect opportunity.

Dispatching a Clone to the Eastern Domain had an added advantage: real-time intelligence gathering. He would be immediately informed of happenings there, aiding potential future schemes.

Seeing Lu Chen agree so readily, Xiyue Immortal Venerable felt a slight jolt, realizing that inviting Lu Chen to the Beast Alliance might invite trouble, granting him proximity. Nonetheless, it wasn't a focus for concern. As long as Lu Chen's Main Body stayed away, he posed no real threat to an Immortal Venerate.

A mere Clone couldn't stir much disruption at all.

At this point, Star River Immortal Venerate asked: “Is there anything else, or shall I return to Heavenly Splendor Hall?”

Xiyue Immortal Venerable replied: “Then, let’s bid farewell here.”

Dean Wan Jie said: “Agreed. If anything occurs in the Eastern Domain, do inform us.”

Star River Immortal Venerate said no more and turned to depart.

Having children earns benefit, start competing for dominance in the world by marrying a wife

After Star River Immortal Venerate left, Xiyue Immortal Venerate didn’t say anything more to Immortal Venerable Wan Jie and directly turned around, flying towards her own warship.

The Beast Alliance and Qingyun Academy were inherently adversaries, having merely set aside their disputes temporarily due to the crisis in the Tianyan Immortal Domain.

With no third-party forces present, Xiyue Immortal Venerate was also uninterested in further pointless chatter with Immortal Venerable Wan Jie.

Although both the Beast Alliance and Qingyun Academy were returning to the Eastern Domain, they chose different routes to avoid conflict.

On the deck of the immortal ship returning to the Eastern Domain, Lu Chen fixed his gaze on Xiyue Immortal Venerate, a teasing smile playing on his lips, "Xiyue Alliance Leader, this time you were the one who invited me to the Beast Alliance."

At these words, Xiyue Immortal Venerate's expression instantly turned as cold as snow. She glanced at Lu Chen from the corner of her eye, a trace of displeasure in her gaze as she said, "I did it for the sake of the Eastern Domain. Didn't you hear that old undying one from Qingyun Academy say that the strange creatures initially invaded the Tianyan Immortal Domain from the Eastern Domain? It's possible there might still be portals for those strange creatures in the Eastern Domain."

"I maintain what I said before. You'd better not have any designs on me."

Lu Chen sighed, "Your attitude when asking for help is rather poor."

"Since it's for the Eastern Domain, I don't necessarily have to go to the Beast Alliance. I have a clone at Qingyun Academy; if strange creatures do appear in the Eastern Domain, the clone at Qingyun Academy will act as well."

Upon hearing this, Xiyue Immortal Venerate's brows immediately furrowed tightly. The Beast Alliance and Qingyun Academy have never gotten along. If the strange creatures appear in the regions controlled by the Qingyun Academy, things might be fine. However, if they show up in the Beast Alliance's territory, the people from Qingyun Academy might deliberately delay, preventing Lu Chen from reaching the Beast Alliance-controlled regions to seal the creatures in time.

Xiyue Immortal Venerate asked coldly, "What do you want?"

Lu Chen replied, "Not much, really. After all, it's for the Tianyan Immortal Domain, and contributing is expected. But since you invited me to stay at the Beast Alliance, you should give me some benefits."

Xiyue Immortal Venerate continued, "What benefits do you want?"

As she spoke, the aura surrounding her continued to rise, and the pressure of the Immortal Venerate was gradually released.

As an Immortal Venerate, it was the first time she had to negotiate like this.

Being a member of the Heavenly Fox Clan, with countless inherited memories, she is of the Imperial Family within the Demon Race, the noblest existence among them. No one had ever dared to demand terms from her as Lu Chen did.

Seeing Xiyue Immortal Venerate already showing hints of anger, Lu Chen's smile widened, "How about you call me 'darling'?"

Xiyue Immortal Venerate sneered, "Is that all? I thought you'd make a more outrageous demand."

This...

Lu Chen was taken aback instead. Xiyue Immortal Venerate is an Immortal Venerate; an Immortal Venerate cannot be insulted, and she is the leader of an Overlord Level Force. Such a person stands high above others.

Having her call him 'darling' should be a kind of humiliation for someone of her stature, right? From her words, it seemed she didn't care?

Xiyue Immortal Venerate then coldly said, "Darling, are you surprised?"

Seeing Lu Chen momentarily speechless, Xiyue Immortal Venerate felt a sense of triumph. This guy thought she didn't recognize that he was trying to tease her.

She wasn't a fool; she could clearly see that Lu Chen was amusing himself, mocking her, wanting to see her extremely angry yet helpless.

Since that was the case, it might as well be better to go along with it. After all, it was just a title, calling him 'darling' to gain a tool to reign in strange creatures wasn't a loss for her.

Hearing Xiyue Immortal Venerate call him 'darling,' Lu Chen's mind went blank once more.

The woman...

She really said it.

As Lu Chen regained his composure, he laughed, "I really didn't expect it. The dignified Alliance Leader of the Beast Alliance actually compromised."

Xiyue Immortal Venerate snorted coldly, "You think I don't know what you're up to, trying to make me your amusement? Wishful thinking."

"It's just a title. Do you really think just because I call you 'darling,' I'd truly be your woman?"

Lu Chen said, "It seems I indeed underestimated you. You are indeed someone who can bend and stretch."

Xiyue Immortal Venerate nonchalantly said, "I've fulfilled your request. I hope you'll keep this clone of yours obediently at the Beast Alliance afterward."

With those words, Xiyue Immortal Venerate said no more to Lu Chen. Her body instantly vanished, leaving the deck of the immortal ship, and entered the cabin.

At this moment, Xiyue Immortal Venerate wasn't worried at all that Lu Chen's clone might leave the Beast Alliance. She had already sensed Lu Chen's possessiveness towards her earlier.

Though it was mildly bothersome, since Lu Chen desired her, she could reverse the situation to use this against him. Lu Chen, wanting to be with her, would naturally have his clone follow her to the Beast Alliance, seeking an opportunity to act against her.

It was nothing to be concerned about, let alone just a clone. Even if Lu Chen's main body came to the Beast Alliance, it would practically be impossible for him to plot against her.

As a member of the Heavenly Fox Clan, her strength was formidable. Although her Divine Soul wasn't as strong as Lu Chen's, Lu Chen's main body currently only had Immortal Venerate Cultivation.

One must recognize that an Immortal's power isn't solely determined by the strength of the Divine Soul but also by physique, Immortal Law, Magic Treasures, or enlightenment of the Great Dao.

She had great confidence in her own strength, so she didn't consider Lu Chen to be a threat.

...

The news that the three Overlord Level forces, leading numerous forces' Immortal Venerates, had reinforced the seal quickly spread throughout the Tianyan Immortal Domain. Since many Immortal Venerates participated in this action, upon returning, they spread what happened in the Sunset Mountain Range. Moreover, with thirteen Immortal Venerates perishing in the Sunset Mountain Range, some previously passive forces now believed in the existence of strange creatures.

At the same time, various forces in the Tianyan Immortal Domain realized the importance of Lu Chen. Many forces dispatched envoys to Mysterious Moon Palace, hoping to meet Lu Chen, and to invite a clone of Lu Chen to guard their forces.

Meanwhile.

In Mysterious Moon Palace, within Yun Meng Hall.

Immortal Venerable Yun Meng sat on the Ice Crystal Chair, looking at the floating invitation letters, feeling a mix of emotions.

She hadn't anticipated that Lu Chen would, in such a short time, become the lauded savior of the Tianyan Immortal Domain's major forces.

She suddenly regretted handing Lu Chen over. She had heard what transpired within the Sunset Mountain Range. It was said that only Lu Chen could lay out the Holy Rank Sealing Array.

Immortal Venerable Yun Meng thought that if she hadn't handed Lu Chen over back then, even if others obtained the Holy Rank Sealing Array from Lu Chen, they likely would be unable to activate the array to reinforce the seal.

Without the Immortal Venerates reinforcing the seal, it wouldn't have taken many years for the strange creatures to descend upon the Tianyan Immortal Domain, and their ancestor might have soon been able to live a second life.

After all, their ancestor had also said that the strange creatures descending upon the Tianyan Immortal Domain would be a good thing for her.

Having children earns benefit, start competing for dominance in the world by marrying a wife

Inside Yun Meng Hall, immortal mist swirled. Immortal Venerable Yun Meng, clad in a seven-colored immortal dress, glanced worriedly at the invitations before her once more.

At this moment, she muttered to herself, "Could it be that I have affected the ancestor's plan?"

From the attitude of their ancestor, it was obvious that their ancestor hoped for the eerie creatures to invade the Tianyan Immortal Domain. However, because she had released Lu Chen, leading to the reinforcement of the seal at the Sunset Mountain Range, those eerie creatures couldn't descend upon the Tianyan Immortal Domain for the time being. Could their ancestor still live a second life?

At this moment, Immortal Venerable Yun Meng's feelings were very complicated. As an immortal of the Tianyan Immortal Domain, she didn't actually want to see the eerie creatures descend upon the Tianyan Immortal Domain and cause devastation among the living. But after all, this concerned their ancestor's plan.

Just as Immortal Venerable Yun Meng was lost in thought, an Immortal King entered the hall, "Palace Master, another Immortal Sect has sent invitations."

Hearing this, Immortal Venerable Yun Meng's elegant brows furrowed; she naturally knew why these people were visiting the Mysterious Moon Palace.

Since the incident at the Sunset Mountain Range had been spread by those Immortal Venerates involved in reinforcing the seal, people knew not only that Lu Chen could inscribe the array patterns of the Holy Rank Sealing Array but also that Lu Chen could produce many clones, each capable of inscribing the array patterns of a Holy Tier Array.

Now, many forces in the Tianyan Immortal Domain still believed that Lu Chen's main body was in the Mysterious Moon Palace, so they wanted to come to the Mysterious Moon Palace to ask Lu Chen for a clone.

It's well known that a Lu Chen clone capable of inscribing Holy Rank Sealing Arrays could do much more than just seal eerie creatures.

If one day those forces encountered a powerful enemy, they could have Lu Chen inscribe a Holy Rank Sealing Array and use it to seal the enemy.

With Lu Chen's clone stationed, those forces would essentially have an extra trump card, so it's no wonder Lu Chen has become highly sought after.

At this time, Immortal Venerable Yun Meng directly instructed the Immortal King in the hall, "Release the news that since leaving the Mysterious Moon Palace with the Heavenly Splendor Hall, Lu Chen has never returned."

Immortal Venerable Yun Meng was now somewhat annoyed; Lu Chen was no longer at the Mysterious Moon Palace, yet those forces still wanted to come to the Mysterious Moon Palace to find him.

Initially, they thought Lu Chen was full of great Qi fortune, and letting Lu Chen join the Mysterious Moon Palace could greatly enhance their own fortune, making it seem like the Mysterious Moon Palace had gained a great advantage. But now, it seemed that Lu Chen was a calamity for the Mysterious Moon Palace.

Hearing the slightly impatient tone of Immortal Venerable Yun Meng, the Immortal King in the hall hurriedly said, "Yes, Disciple will spread this news immediately."

As the words fell, the Immortal King in the hall quickly exited the hall.

After the Immortal King left, Immortal Venerable Yun Meng thought to herself, who knows where Lu Chen's main body is now. If only she could find his main body...

Thinking of this, Immortal Venerable Yun Meng's elegant brows furrowed. Even if she could find Lu Chen's main body, so what?

Lu Chen's clones could simultaneously inscribe several Holy Tier array patterns; from this point alone, Lu Chen's divine soul strength has already surpassed that of typical Immortal Venerates.

Now Lu Chen's main body may very well be an Immortal Venerate. It might be unlikely for her to get control over him.

Wait...

Immortal Venerable Yun Meng suddenly thought of someone.

Xu Jingshu is still carrying Lu Chen's child; Lu Chen surely couldn't ignore his flesh and blood, could he?

If they were to use Xu Jingshu as leverage, is there a possibility of forcing Lu Chen's main body to reveal itself?

Thinking of this, Immortal Venerable Yun Meng lifted a jade hand to rub her forehead. Their ancestor has yet to live a second life, and Lu Chen's background might not be simple. It might be best not to provoke him for the time being.

As for Yun Yudie, first, send someone to the Barbaric Dragon Land to make contact and see if they can persuade her to return to the Mysterious Moon Palace.

If Yun Yudie refuses to return to the Mysterious Moon Palace, then the Mysterious Moon Palace will take tougher measures. If, at that time, Lu Chen's main body appears to stop them, then the Mysterious Moon Palace will take Xu Jingshu as a hostage.

Thinking of this, Immortal Venerable Yun Meng directly sent a mental message to the Heavenly Language Immortal Venerable.

"Heavenly Language, come to Yun Meng Hall immediately."

Hearing Immortal Venerable Yun Meng's telepathic message, the Heavenly Language Immortal Venerable, who was meditating and cultivating, was slightly puzzled and wondered why Immortal Venerable Yun Meng was seeking her at this time.

Now that Lu Chen had left the Mysterious Moon Palace, Immortal Venerable Yun Meng shouldn't have any business with her.

The Heavenly Language Immortal Venerable opened her eyes and immediately performed the Space Instant Teleportation Technique, arriving at Yun Meng Hall.

Entering Yun Meng Hall, the Heavenly Language Immortal Venerable was the first to ask, "What does the Palace Master request?"

Immortal Venerable Yun Meng said, "I have learned that Yun Yudie is now in the Barbaric Dragon Land. Go there yourself and bring her back."

The Heavenly Language Immortal Venerable was taken aback. Immortal Venerable Yun Meng continued, "This is the ancestor's wish."

The Heavenly Language Immortal Venerable furrowed her elegant brows, wondering in her heart if the ancestor intended for Yun Yudie to serve as a body for reincarnation.

Yet a few years ago, Immortal Venerable Yun Meng had said that their ancestor no longer needed the previous possession technique to live a second life.

Seeing the Heavenly Language Immortal Venerable remain silent, Immortal Venerable Yun Meng could vaguely guess the thoughts in the Heavenly Language Immortal Venerable's mind. Clearly, the Heavenly Language Immortal Venerable still had some master-disciple affection for Yun Yudie.

"You are her Honored Master; if you approach her, she might come back with you."

At this point, the Heavenly Language Immortal Venerable asked, "What if she doesn't want to come with me..."

Before the Heavenly Language Immortal Venerable could finish, Immortal Venerable Yun Meng interrupted, "If she refuses, tell her that I will personally visit the Barbaric."

The Heavenly Language Immortal Venerable said, "Alright, I will go to the Barbaric immediately."

Immortal Venerable Yun Meng suddenly thought of something and quickly added, "Right, after you reach the Barbaric, find a way to investigate whether Lu Chen's main body is there."

Hearing Immortal Venerable Yun Meng's words, the Heavenly Language Immortal Venerable asked in response, "Does the Palace Master think Lu Chen's main body is in the Barbaric?"

At this time, Immortal Venerable Yun Meng realized that the Heavenly Language Immortal Venerable might not yet know about Yun Yudie and Lu Chen, so she

directly said, "You might not know, but Yun Yudie and Lu Chen have long been husband and wife."

Hearing this, the Heavenly Language Immortal Venerable was completely stunned.

Lu Chen and Yun Yudie???

Those two didn't seem to have any connection, how could they possibly end up together?

Immortal Venerable Yun Meng continued, "Last time, I used 'Life is like a dream' on Lu Chen and found that in Lu Chen's dream, Yun Yudie and Lu Chen were engaged in an illicit affair."

The Heavenly Language Immortal Venerable was at a loss for words. Counting Yun Yudie, three of her direct disciples had all been ensnared by Lu Chen.

Xu Jingshu could be forgiven since she was already pregnant with Lu Chen's child when they met, but Yun Qingshu and Yun Yudie were different. These two were first taken as her disciples, yet Lu Chen targets her disciples, right?

Immortal Venerable Yun Meng went on, "Yun Yudie has already broken through to the Immortal Venerate Realm; the person who could willingly make her offer her body is very likely Lu Chen's main body."

After digesting the information provided by Immortal Venerable Yun Meng, the Heavenly Language Immortal Venerable said, "I know what to do, Palace Master. I must take my leave."

With those words, the Heavenly Language Immortal Venerable made no further preparations and went directly to the Barbaric.

Chapter 1935: Chapter 1625: You Can Cultivate at Ease Again

Barbaric, Mysterious Moon Palace.

In the Ice Palace, a graceful silhouette slowly formed within a cluster of ice crystals.

A moment later, Yun Yudie's lithe body gradually took shape in the great hall.

Upon Yun Yudie's return, her cold eyes looked directly at her soft couch, where Lu Chen was currently lying, forming the shape of a wooden character.

Feeling Yun Yudie's aura, Lu Chen slightly lifted his head and looked at Yun Yudie in the great hall, laughing as he said, "Honored Master, you're back."

Seeing Lu Chen's body lying on her bed waiting for her return, Yun Yudie's brows furrowed slightly. Although she used Lu Chen's body as a cultivation tool, every time she saw Lu Chen lying on the bed with that arrogant look, she felt strange.

She used Lu Chen as a cultivation tool, how could Lu Chen not have treated her as a plaything?

Yun Yudie asked, "Are the dangerous lands of the Sunset Mountain Range all sealed?"

The reason she returned was because she could no longer sense the aura of the dangerous lands at the edge of the Sunset Mountain Range during this time.

Lu Chen twisted his body slightly and then lay on his side, supporting his face with his hand and gazing at Yun Yudie as he said, "Yes, they're all sealed."

Upon hearing Lu Chen's words, Yun Yudie felt a slight sense of relief; it's good that they are sealed. This way, there should be no need to worry about the safety of the Mysterious Moon Palace for the time being.

However, speaking of which, the Mysterious Moon Palace being located next to the Sunset Mountain Range has always been a problem. It's not easy to move the Mysterious Moon Palace to another place now.

Since the forces from the Northern Domain moved south, the other realms have been overcrowded, and the Mysterious Moon Palace cannot find a place to relocate.

As for the depths of the Barbaric, the Immortal Aura is thin, and other places do not have as dense Immortal Aura as the Dragon Land. Moreover, the forces from the Northern Domain are constantly expanding, and many places in the Barbaric have already been occupied by the major forces of the Northern Domain. In addition, there is a hidden Super Force lurking in the Barbaric, so the Mysterious Moon Palace cannot find a suitable place as a new Immortal Sect base either.

Now, they can only hold on to the Dragon Land. To deal with the impending crisis, their only path is to continuously become stronger.

At the thought of becoming stronger, Yun Yudie's gaze once again swept over Lu Chen.

The Tianyan Immortal Domain already has an Immortal Emperor, and the remaining Qi Fortune is likely insufficient to support the birth of another Immortal Emperor. It's probably necessary to seek alternative methods of becoming an emperor, although it is not easy to carve out a new path to becoming an emperor, but it must be tried.

Engaging in Dual Cultivation with Lu Chen, comprehending other great paths, and then integrating them to find a new path to becoming an emperor is currently her only way to continue getting stronger.

When Lu Chen saw Yun Yudie suddenly fall silent, her cold eyes fixated on him, as if contemplating something, he laughed and said, "Honored Master, the crisis of the Sunset Mountain Range has temporarily been averted, so you can cultivate with peace of mind again."

Hearing Lu Chen's words, Yun Yudie came to her senses. Although she also planned to continue cultivating with Lu Chen, whenever she saw Lu Chen's confident demeanor, she felt a tinge of emotion inside.

She, a dignified Immortal Venerate, was actually being toyed with by this licentious man.

Enough, once she becomes an Immortal Emperor, she will definitely hold this scoundrel accountable.

Yun Yudie then gracefully moved to her soft couch, and as soon as she sat on the edge, Lu Chen suddenly stretched out his hand, pulling her directly into his embrace, then pinned her down on the couch, lowering his head to kiss her fragrant lips.

“Mmph!”

This scoundrel!!!

Lu Chen’s sudden attack made Yun Yudie furious inside, yet she quickly calmed herself without pushing Lu Chen away.

She didn’t like Lu Chen taking the initiative with her, as it made her feel like she was Lu Chen’s plaything, but most of the time, Lu Chen was the proactive one.

Yun Yudie thought, since they’re going to do those things anyway, even if she pushed Lu Chen away now, the result would be the same.

If this scoundrel loves to be proactive so much, then let him be proactive, allowing her to fully comprehend the great path.

Seeing that Yun Yudie did not resist, Lu Chen quickly got into the act, but he did not immediately operate the Spirit Charm Harmony Scripture.

After kissing for a while, Lu Chen slowly propped himself up, gazing at Yun Yudie's peerless, cool jade-like face.

Seeing Lu Chen not using any cultivation method, Yun Yudie immediately expressed her dissatisfaction: "Why aren't you operating it?"

Unlike Lu Chen, she needed Lu Chen to operate the Immortal Law whether it was for cultivation or the pleasures between a man and a woman.

Lu Chen smiled and said, "How about I teach you this Immortal Law, and you try operating it yourself?"

Upon hearing this, Yun Yudie was taken aback, operating it herself?

Could this guy be planning to enjoy himself and then do nothing?

But speaking of which, if she possessed this Immortal Law, she would have autonomy in the future.

Whether it be cultivation or the pleasures between man and woman...

Yun Yudie said expressionlessly, "Fine, then teach me."

Lu Chen then condensed a Memory Inheritance Pearl, which flew directly to Yun Yudie's smooth jade-like forehead and merged into it.

In the next moment, Yun Yudie grasped all the cultivation content of the Spirit Charm Harmony Scripture.

After she received the Immortal Law inheritance from Lu Chen, for some reason, she felt that the Spirit Charm Harmony Scripture was inherently a Dual Cultivation Immortal Technique for women.

Yun Yudie then attempted to operate the Spirit Charm Harmony Scripture, and as soon as she activated the Immortal Law, her body couldn't help but shiver slightly.

In the next moment, her immortal power merged with Lu Chen's immortal power and started circulating through their bodies, forming a cycle.

All at once, an incomparable sensation surged in her heart.

This...

Yun Yudie's mind trembled slightly. Although she felt something whenever Lu Chen operated this Immortal Law, it was far less intense than when she operated it herself.

As she thought, this Immortal Law was inherently a cultivation technique for women.

However, after experiencing the benefits brought by operating it for a few moments, Yun Yudie could no longer restrain herself and began operating the Immortal Law with full force.

Lu Chen also realized at this time that the Spirit Charm Harmony Scripture seemed more suited for women. The moment Yun Yudie operated it, it seemed as if the cells of his entire body became excited, his immortal power within being driven by Yun Yudie's immortal power. Even without using Life is like a dream, he was already experiencing a sensation akin to being in a dream.

Just when Lu Chen thought Yun Yudie would continue operating the technique, Yun Yudie suddenly said, "You... don't think I... I don't know what you're up to..."

Yun Yudie, already immersed in cultivation, showed a tinge of red on her cool jade-like cheeks, her whole breath fragrant as orchids.

Lu Chen was puzzled for a moment and asked, “What do you mean?”

He just wanted to impart the Spirit Charm Harmony Scripture to Yun Yudie, after all, his attention couldn't be solely on Yun Yudie, with many bodies to attend to.

After passing the Spirit Charm Harmony Scripture to Yun Yudie, she could initiate her own cultivation, allowing him to focus elsewhere.

Why did it sound like Yun Yudie was insinuating he had some kind of scheme?

Having children earns benefit, start competing for dominance in the world by marrying a wife

At this moment, Yun Yudie was trying hard to suppress the feeling brought on by her cultivation, staring fixedly at Lu Chen's bewildered gaze.

Then she said, "You... You gave me this Immortal Law, intending to make me obsess over it, thus falling under your control..."

Upon hearing Yun Yudie's words, Lu Chen burst into laughter; he wasn't thinking that at all, nor did he initially anticipate that this Immortal Law would be more suitable for female cultivation.

Lu Chen said, "I didn't have that thought. I just figured I'd be focusing most of my energy elsewhere later on and was worried it would affect your cultivation, so I passed this Immortal Law onto you."

At this point, Lu Chen's face revealed a playful smile, "The Honored Master thinks that I taught you this Immortal Law to indulge you in it; so, cultivating this Immortal Law would make the Master you..."

At this point, Lu Chen paused, then bent down, pressing his chest against Yun Yudie's, and whispered in her ear: "unable to stop?"

Hearing this, Yun Yudie's body and mind trembled instantly.

Could it be that Lu Chen teaching her the Immortal Law wasn't truly with that intention?

Then confessing that would expose how much she was enjoying the cultivation of this Immortal Law. In Lu Chen's eyes, wouldn't that make her seem like a wanton woman?

Thinking of this, Yun Yudie suddenly felt extremely furious inside.

At this moment, Lu Chen slightly lifted his chest, continuing to gaze at Yun Yudie's jade-like face, seeing Cold Fairy's cheeks visibly becoming more flushed, causing the smile on Lu Chen's face to grow even more exuberant.

Yun Yudie made up her mind not to let this guy continue being arrogant, then she flipped him, pressing him beneath her, and began to crazily operate the Spirit Charm Harmony Scripture.

Since she had already been discovered, there was no need to be reserved. Besides, she was an Immortal Venerate; for Lu Chen to become her tool for cultivation was his honor, and she had no reason to feel ashamed.

Yun Yudie's sudden activation of her full strength caused Lu Chen to become entirely restless, focusing all his energy on this body for the moment.

For a long time thereafter, Yun Yudie actively cultivated, having now "given up everything," not caring how Lu Chen viewed her, so long as her power increased.

Yun Yudie's frantic cultivation left Lu Chen without the mind for anything else, allowing him to witness just how intense Cold Fairy could be once she completely let go.

Fortunately, he cultivated the Creation Dao, which could evolve myriad Daos, and every time his body was nearing its limit, he would utilize the Power of Life Dao for recovery.

For some reason, Lu Chen always felt Yun Yudie was exacting revenge against him, but then again, he'd gladly welcome such revenge constantly.

Some deep night.

In the Ice Palace, two shadows overlapped, the entire sleeping palace filled with various Dao Charms, occasionally producing sounds in the grand hall.

Suddenly, the palace's commotion ceased.

Yun Yudie abruptly halted her cultivation, sat up, and looked towards the direction of Daqin Immortal Dynasty's capital.

After a while, she lowered her head to look at Lu Chen and asked, "Did you... sense it?"

Lu Chen naturally knew what Yun Yudie meant; after all, Heavenly Language Immortal Venerable had lingered in Daqin Immortal Dynasty for quite some time. Though in recent days his focus was entirely on Yun Yudie, given that Daqin Immortal Dynasty was his creation, and its Qi Fortune was bound to him, any turmoil within the dynasty was immediately perceptible to him.

Lu Chen said, "She's been in Daqin Immortal Dynasty for a while, seemingly searching for my Main Body, but I suspect her true target is you."

Yun Yudie only perceived the Immortal Venerate's aura, not knowing who it was, and she then asked, "Do you know who has come?"

Lu Chen replied, "I do."

Yun Yudie continued to interrogate, "Who is it?"

Lu Chen responded with a smile, "You'll know when she arrives."

For an Immortal Venerate, reaching Mysterious Moon Palace from Daqin Immortal Dynasty would just take the blink of an eye.

Shortly thereafter, the aura of the Immortal Venerate appeared just outside Mysterious Moon Palace.

In the next moment, Yun Yudie sensed a divine sense from the Immortal Venerate sweeping toward Mysterious Moon Palace; the formation couldn't resist the Immortal Venerate's divine sense exploration.

And Yun Yudie's Ice Palace had no Isolation Array set up, so Heavenly Language Immortal Venerate's divine sense easily probed the entire Mysterious Moon Palace.

When Heavenly Language Immortal Venerate probed the Ice Palace, she found Yun Yudie intimately engaged with Lu Chen, and her face instantly darkened, realizing it was just as Immortal Venerable Yun Meng had indicated, that Lu Chen and Yun Yudie had come together.

However...

The Lu Chen beneath Yun Yudie currently was only of Golden Immortal cultivation state, seemingly not his Main Body.

Yet, Yun Yudie was at least an Immortal Venerate now, so how could she be engaged in such scandalous acts with Lu Chen's clone.

Sensing a divine sense sweeping by, Lu Chen immediately felt that this scene seemed all too familiar.

He recalled that when he was with Ye Chuyao before, it was Yun Yudie's Honored Master who had caught them in action.

Now, being intimate with Yun Yudie, he was once again discovered by Yun Yudie's Honored Master, Heavenly Language Immortal Venerable.

At this time, Yun Yudie already knew who the visitor outside was; she was slightly stunned and didn't expect her Honored Master to come to the Barbaric lands searching for her.

Just then, Heavenly Language Immortal Venerable's voice transmission sounded in Yun Yudie's mind, "Yudie, come out."

Feeling awakened, Yun Yudie's brows furrowed tightly; the visit from her Honored Master to the Barbaric land didn't seem to bode well.

Yun Yudie subsequently rose from atop Lu Chen, then with a single gesture, a translucent ice-blue gown instantaneously enveloped her graceful body.

Soon afterward, Yun Yudie flickered into the high skies above Mysterious Moon Palace.

Upon seeing Yun Yudie's appearance, Heavenly Language Immortal Venerable immediately transmitted, "Don't you know that your sister was expelled from the Mysterious Moon Palace because of Lu Chen?"

Hearing this, Yun Yudie responded indifferently, "I know."

Heavenly Language Immortal Venerable's forehead creased, "Since you know, why still engage with him? Do you also want to follow in your sister's footsteps?"

Without expression, Yun Yudie replied, "Heavenly Language Immortal Venerate, I am no longer a disciple of Mysterious Moon Palace, which seems to have nothing to do with you."

Upon leaving Mysterious Moon Palace, she cut off relations with Heavenly Language Immortal Venerable, who said at the time if Yun Yudie dared leave the palace, she would no longer recognize her as a disciple forever.

Seeing Yun Yudie's cold attitude, Heavenly Language Immortal Venerate wasn't surprised; she knew Yun Yudie still held grievances against her. Yun Yudie believed because of her, Yun Qingshu was expelled from Mysterious Moon Palace.

Despite Yun Qingshu committing a mistake, losing herself to Lu Chen, she was still the direct disciple of a peak master of Mysterious Moon Palace. If at the time Heavenly Language Immortal Venerable had spoken a word, at most Yun Qingshu would have lost her position as the Saintess, never needing to be expelled from the palace.

Heavenly Language Immortal Venerable said, "I know you're still blaming me, but back then, what I did was for your sister."

Yun Yudie inquired, "Did Heavenly Language Immortal Venerable come all the way to the Barbaric land to speak to me about this?"

Chapter 1937 - 1627: When a Man and Woman Are Willing, Isn't Becoming a Couple Only Natural?

Yun Yudie had basically guessed why the Heavenly Language Immortal Venerable had come to the Barbaric lands to find her, it was nothing more than to have her return to the Mysterious Moon Palace.

Besides this, she could think of no other reason.

The next moment, Yun Yudie's conjecture was validated.

The Heavenly Language Immortal Venerate said, "Come back to the Mysterious Moon Palace with me."

Seeing that this was indeed her purpose, Yun Yudie coldly replied, "Do you really think I will go back with you?"

The Heavenly Language Immortal Venerate anticipated this outcome, she then said, "This is the Palace Master's wish. If you do not return, she will come to the Barbaric lands to take you back herself. If the Palace Master comes, she will not be as easygoing as I am."

Upon hearing this, Yun Yudie fell into contemplation, Yunmeng Immortal Venerable wants her back?

And for what purpose?

To continue being the Saintess?

Lu Chen had long told her about the role of the Saintess in the Mysterious Moon Palace, she knew being the Saintess there wasn't that simple.

Seeing Yun Yudie silent, the Heavenly Language Immortal Venerate continued, "Calamity is approaching, and the Dragon Land where you reside is adjacent to the Sunset Mountain Range. If, one day, the enigmatic creatures break the seal, the Mysterious Moon Palace will be the first to bear the brunt."

"The foundation of the Mysterious Moon Palace is profound. Even if enigmatic creatures invade the Tianyan Immortal Domain, or if other calamities strike the Tianyan Immortal Domain, the Mysterious Moon Palace has ample means to cope."

At this time, the Heavenly Language Immortal Venerate was indeed a bit conflicted. She thought, if the Ancestor really didn't need the Possession Technique to live a second life, then the Mysterious Moon Palace would be the best place for Yun Yudie, certainly better than by the Sunset Mountain Range.

However, within herself, the Heavenly Language Immortal Venerate harbored suspicions about Immortal Venerable Yunmeng. When she let Yun Yudie leave in the first place, it was because she did not want to see Yun Yudie being possessed. If it turned out Immortal Venerable Yunmeng was lying and their Ancestor still needed to use the old method to live a second life, following her back would be no different from sending Yun Yudie to her death.

But since Immortal Venerable Yunmeng wants her to persuade Yun Yudie to return, she had to say what needed to be said. As for what Yun Yudie would ultimately choose, that was Yun Yudie's own matter.

Yun Yudie calmly stated, "For me, the Mysterious Moon Palace is more dangerous than the enigmatic creatures."

Hearing these words, the Heavenly Language Immortal Venerate was slightly taken aback. She couldn't understand why Yun Yudie would say such a thing, could it be that Yun Yudie knew the role of the Saintess in the Mysterious Moon Palace?

Yun Yudie continued, "You may leave now, I will not follow you back to the Mysterious Moon Palace. If Immortal Venerable Yunmeng wishes to come, then let her come."

As she finished speaking, Yun Yudie prepared to turn and leave, but at that moment, the figure of Lu Chen suddenly appeared high in the sky.

Upon seeing the Heavenly Language Immortal Venerate, Lu Chen smiled and said, "Honored Master, long time no see."

Hearing Lu Chen call the Heavenly Language Immortal Venerate Honored Master, Yun Yudie felt awkward inside, this unscrupulous rogue really was fixated on the Heavenly Language Immortal Venerate.

The Heavenly Language Immortal Venerate gave Lu Chen a cold gaze and then said, "You are truly capable, all of my disciples have been led astray by you."

Lu Chen responded, "What do you mean led astray, when a man and woman are in love, becoming a couple is a very natural thing, right?"

Saying this, Lu Chen extended his hand and directly pulled Yun Yudie's body into his embrace.

Witnessing Lu Chen behaving so intimately in front of others, Yun Yudie's brows immediately furrowed. This rogue was becoming more and more brazen.

However, Yun Yudie did not push Lu Chen away, allowing him to hold her.

Seeing Lu Chen holding Yun Yudie in front of her, and Yun Yudie not pushing Lu Chen away, the two looking very close, the Heavenly Language Immortal Venerate coldly said to Yun Yudie, "Are you really intending to degrade yourself like this?"

Yun Yudie replied calmly, "The Qi Fortune of the Tianyan Immortal Domain can at most support the existence of one Immortal Emperor. Now that the Demon Emperor has already regained his cultivation, for other Venerables to become Immortal Emperors is almost impossible. Even if I do not degrade myself, my cultivation state would be very hard to progress."

"Does remaining a pure and noble you can break the constraints of Qi Fortune in the Tianyan Immortal Domain and become an Immortal Emperor?"

Hearing these words, the Heavenly Language Immortal Venerate fell silent, unable to refute Yun Yudie's point. With the Demon Emperor's cultivation restored,

wanting to produce another Immortal Emperor in the Tianyan Immortal Domain is indeed unlikely.

So, no matter how hard they strive, as long as the Demon Emperor remains undefeated, even unto the end of their lives, they can only remain at the Immortal Venerate Realm.

Since it's no longer possible to break through to the Immortal Emperor Realm, an Immortal Venerate seeking to do what they desire is quite understandable. Many Immortal Venerates choose the path of enjoyment, ultimately living their lives without regrets.

Of course, some Immortal Venerates choose reincarnation, but this choice is very rare due to the numerous uncertainties it holds. No one knows if their potential post-reincarnation will match this life. If after reincarnating one's potential isn't promising, leading to a hard life, it might be better not to reincarnate at all.

Seeing the Heavenly Language Immortal Venerate's silence, Yun Yudie continued, "If you have no other matters, please return, I have to cultivate."

Hearing this, the Heavenly Language Immortal Venerate snapped back, coldly humphing, "Choosing a partner is indeed your freedom, but you, as a dignified Immortal Venerate, choose such a lecherous scoundrel, aren't you ashamed? Don't you know he has countless intimate lady friends? There's even a woman in the Mysterious Moon Palace carrying his child right now."

To this, Yun Yudie calmly responded, "Not just in the Mysterious Moon Palace, there are his lady friends in the Mysterious Moon Palace Hall as well, and he even has children born there."

Hearing this, the Heavenly Language Immortal Venerate's expression turned even darker, "Knowing this, why do you still choose him!"

As Yun Yudie's Honored Master, even if they have severed ties, the Heavenly Language Immortal Venerate still harbors some concern for Yun Yudie.

Seeing Yun Yudie choose such a womanizer like Lu Chen, the Heavenly Language Immortal Venerate is quite displeased, suspecting Lu Chen has somehow bewitched Yun Yudie.

Lu Chen, that beast, is most adept at enchanting women, back then many fairies from big forces in Tianyan Immortal Domain were tricked by him.

Yun Yudie said expressionlessly, "This is my own choice, it's none of your concern."

At this point, Yun Yudie wished not to continue discussing with the Heavenly Language Immortal Venerate, thus she said to Lu Chen, "Let's go."

Moments after her words fell, Yun Yudie was about to take Lu Chen back to the Ice Palace, yet just then, the Heavenly Language Immortal Venerate addressed Lu Chen, "Lu Chen, I don't know how you've beguiled Yudie, but I advise you to leave her because it won't be long before the Yunmeng Palace Master comes to the Mysterious Moon Palace Hall herself."

Lu Chen smiled and said, "I am not the kind of man who starts and then abandons. Now that Yudie is my woman, I am going to take full responsibility for her."

With this, Lu Chen turned and looked at Yun Yudie with deep affection.

Upon hearing Lu Chen's words, Yun Yudie's brows slightly furrowed, what does he mean by taking full responsibility for her, she doesn't need anyone to be responsible for her, this guy is merely a tool in her plans, yet now wants to be responsible for her.

Having children earns benefit, start competing for dominance in the world by marrying a wife

Hearing Lu Chen's words, the Heavenly Language Immortal Venerable coldly snorted, "I have already reminded you, do not think that just because you are now a disciple of the Mysterious Moon Palace, the Palace Master will allow you to act recklessly."

Lu Chen said, "I do not think Immortal Venerable Yun Meng will let me act recklessly, but I also don't think she can do anything to me."

The Heavenly Language Immortal Venerable was taken aback, not expecting Lu Chen to speak so dismissively of Immortal Venerable Yun Meng.

Quickly, the Heavenly Language Immortal Venerable realized that Lu Chen is the hot favorite in the Tianyan Immortal Domain, currently the only person able to completely inscribe the Chaos Spirit Ruins Sealing Heaven Array pattern. All factions want Lu Chen to send an avatar to their domain as a guest.

Given Lu Chen's status in the Tianyan Immortal Domain, indeed the Mysterious Moon Palace dares not challenge him. If they truly act against Lu Chen, without him having to say a word, all major factions in the Tianyan Immortal Domain would challenge the Mysterious Moon Palace.

The Heavenly Language Immortal Venerable said coldly, "It seems you think that since only you can inscribe the Chaos Spirit Ruins Sealing Heaven Array pattern, all major factions will protect you, hence the Mysterious Moon Palace does not dare to act against you."

"Perhaps right now only you can inscribe the Chaos Spirit Ruins Sealing Heaven Array pattern, but as Immortal Venerates continue to practice, there will come a day when other Immortal Venerates can also fully inscribe it. When that day comes and you are no longer valuable, I'd like to see who will still protect you."

Lu Chen chuckled and said, "You don't need to worry about that, Honored Master."

Seeing Lu Chen completely unconcerned, the Heavenly Language Immortal Venerable snorted coldly and refrained from saying more, then directly turned and left.

After all, she had already tried to persuade Yun Yudie and informed Yun Yudie that Immortal Venerable Yun Meng would come to the Barbaric Realm. Whatever Yun Yudie chose to do was no longer her concern.

Whether Yun Yudie leaves the Barbaric Realm to flee to another realm is not something she should worry about.

In her heart, she was actually quite conflicted about whether to have Yun Yudie return, so she decided to leave it to Yun Yudie to decide, her task was just to relay the message.

After the Heavenly Language Immortal Venerable left, Yun Yudie teleported back to the Ice Palace with Lu Chen.

Upon returning to the Ice Palace, Lu Chen's restless hand was still around Yun Yudie's waist. Noticing Lu Chen's hand, Yun Yudie turned to glare at him, "I didn't give you permission to be inappropriate with me in front of others!"

Hearing this, Lu Chen smiled and said, "Inappropriate? You're my woman, we've engaged in Dual Cultivation countless times, a little hug doesn't count for much."

As soon as he finished, a chill instantly emanated from Yun Yudie, shaking Lu Chen's hand away.

She then said, "You are merely a cultivation tool for me, I am not your possession, I'd advise you to abandon those unrealistic thoughts."

What does it mean by his woman, as if she were his possession; such words were intolerable to her as an Immortal Venerate.

Lu Chen smiled and said, "Yes, yes, Honored Master is right, a disciple is just Honored Master's cultivation tool."

Upon hearing Lu Chen's perfunctory tone, Yun Yudie's cold features became even more stern.

This bastard, his words may say otherwise, but in his heart, he likely already considers her his pet.

Thinking about Lu Chen harboring such thoughts made Yun Yudie extremely unhappy, but she couldn't change what was in Lu Chen's mind.

Yun Yudie suddenly raised her hand, grabbing Lu Chen's chest, and in the next moment, she pushed him onto the soft couch and pinned him down, placing herself over him.

She wanted to let Lu Chen know who owned whom, pinning Lu Chen beneath her reaffirmed her position, a feeling that pleased her.

Lu Chen did not resist Yun Yudie's aggression at all, quietly observing her.

Soon, Yun Yudie once again turned Lu Chen into her cultivation tool.

Meanwhile.

The Heavenly Language Immortal Venerable had not immediately left the Dragon Land, as she had not forgotten another task given by Immortal Venerable Yun Meng.

That was to investigate the location of Lu Chen's main body.

She had previously visited the Daqin Immortal Dynasty, which only had a Golden Immortal Avatar of Lu Chen, making her puzzled. Lu Chen had founded an Immortal Dynasty, with the blessing of the Immortal Dynasty's Qi Fortune, his cultivation should have sped up, yet his main body was not present in his own Immortal Dynasty.

If he wasn't in his own Immortal Dynasty, where else could he be?

Earlier, she vaguely sensed that the Qi Fortune of the Daqin Immortal Dynasty and the Mysterious Moon Palace seemed to be bound together. For Lu Chen, staying in the Daqin Immortal Dynasty or the Mysterious Moon Palace shouldn't make a difference.

As the main body of Lu Chen is not in the Daqin Immortal Dynasty, it is very likely to be in the Mysterious Moon Palace.

Possibly, the Golden Immortal Avatar of Lu Chen earlier was merely a decoy to confuse her.

Thinking of this, the Heavenly Language Immortal Venerable released her Divine Sense again, conducting another search through the Mysterious Moon Palace.

However, she was surprised to find Yun Yudie frantically abusing Lu Chen as soon as her Divine Sense swept over the Mysterious Moon Palace.

The Heavenly Language Immortal Venerable slightly clenched her Jade Fist, not expecting Yun Yudie, who had broken through to Immortal Venerate, to have fallen to such a degree, barely after she had left, Yun Yudie was already eager to engage in such acts.

And she was the active one no less.

The Heavenly Language Immortal Venerable ignored what she perceived, continuing to unabashedly explore the Dragon Land with her Divine Sense.

She knew Yun Yudie must have sensed her Divine Sense, but she wanted to see if Yun Yudie had any sense of shame, if she would dare continue such acts under her surveillance.

But surprisingly, even after multiple scans of the Mysterious Moon Palace, she didn't detect any other Immortal Venerate's presence, and Yun Yudie didn't stop at all.

Having reached her limit, the Heavenly Language Immortal Venerable withdrew her Divine Sense with a snort, "Beyond redemption!"

With that, the Heavenly Language Immortal Venerable finally set off on her way back.

When the Divine Sense of the Heavenly Language Immortal Venerable disappeared, only then did Yun Yudie cease her actions, gazing in the direction where the Heavenly Language Immortal Venerable had left, lost in thought.

Lu Chen smiled and said, "I realize Honored Master and I are alike."

Yun Yudie looked down at him and asked indifferently, "In what way?"

Lu Chen said, "Do you remember when you stumbled upon me and Chuyao during our Dual Cultivation?"

Yun Yudie coldly asked, "What are you trying to say?"

Lu Chen smirked, "When you caught us, not only did I feel no shame, but I became even more excited."

"Looks like Honored Master is just like me, enjoys being watched."

Hearing this, a chill erupted from Yun Yudie's body, her hair billowing in the cold wind.

Lu Chen's words were essentially calling her an unashamed wanton.

Seeing Yun Yudie getting angry, Lu Chen continued, "Earlier, a very strong Divine Sense was enveloping the Mysterious Moon Palace, it must have been the Heavenly Language Immortal Venerable's Divine Sense."

"Even I sensed it; I don't believe you didn't notice."

Finally unable to hold back, Yun Yudie scolded, "Shut up!"

Upon saying this, Yun Yudie instantly sealed Lu Chen's mouth with immortal power.

Yun Yudie then coldly said, "If it weren't for your usefulness, for those humiliating words just now, I would have killed you."

With that, Yun Yudie exerted her full efforts to cultivate again, knowing Lu Chen enjoyed shouting nonsense, now with his mouth sealed, he couldn't utter a word, a fitting punishment for his insults.

Southern Territory.

Blood Eagle Hall.

The Blood Demon Immortal Venerate sat on a throne made of human bones, gazing at the intelligence gathered by the disciples of Blood Eagle Hall, lost in deep thought.

Ever since he became an Immortal Venerate with the help of the Blood Ancestor, he had been continuously sending disciples to gather information about Lu Chen.

Lu Chen is now very famous in the Tianyan Immortal Domain, so learning some information about him was not very difficult.

However, the difficulty lies in the fact that the information about Lu Chen pertains mostly to his clone; the location of Lu Chen's main body is unknown to anyone.

The Blood Ancestor is looking for Lu Chen's main body, not his clone.

After pondering for a moment, the Blood Demon Immortal Venerate decided to send someone to the Central Domain; perhaps Lu Chen's main body was in the Mysterious Moon Palace, as he was originally a disciple there. It wouldn't be surprising if the Mysterious Moon Palace deliberately handed over a clone, keeping his main body within the palace.

With this thought, the Blood Demon Immortal Venerate prepared to dispatch someone to gather intelligence in the Central Domain, but at that moment, an Immortal Monarch entered the hall.

"Hall Master, good news! We've received information about the Mysterious Moon Hall!"

Upon hearing this, the Blood Demon Immortal Venerate immediately asked, "Quick, tell me."

The Immortal Monarch quickly said, "Our spy who infiltrated the Heavenly Splendor Hall has sent word that the current location of the Mysterious Moon Hall is in the Barbaric Wilds."

Upon hearing this, the Blood Demon Immortal Venerate pondered for a moment.

The Barbaric Wilds?

If the Mysterious Moon Hall is in the Barbaric Wilds, does that mean Lu Chen's main body might also be in the Barbaric Wilds?

Lu Chen had once gone to great lengths to protect the Mysterious Moon Hall, indicating its importance to him. Furthermore, the Mysterious Moon Hall originally split from the Mysterious Moon Palace, and Lu Chen later became one of them.

In any case, Lu Chen is directly or indirectly connected to the Mysterious Moon Hall.

Moreover, the Blood Demon Immortal Venerate was particularly concerned about the fact that Lu Chen's clone had been helping the Immortal Venerates of the Tianyan Immortal Domain reinforce the sealing in the Sunset Mountain Range for the past few years.

Is Lu Chen really doing all this out of pure concern for the Tianyan Immortal Domain?

Isn't it possible that Lu Chen's main body is in the Barbaric Wilds, and he is worried that once the sealing is broken, his location will be the first to be attacked

by the mysterious creatures? That's why he is assisting the Immortal Venerates with all his might in strengthening the sealing?

Considering this possibility, the Blood Demon Immortal Venerate became more convinced that Lu Chen's main body was in the Barbaric Wilds.

The Blood Demon Immortal Venerate clenched his fist, his mind involuntarily recalling the scene of Lu Chen's self-destruction. Whenever he thought of that scene, an immense anger welled up inside him, and he couldn't stop thinking about revenge.

However, the Blood Demon Immortal Venerate was no fool; he couldn't just head to the Barbaric Wilds recklessly.

Even though he had never seen the Chaos Spirit Ruins Sealing Heaven Array, he had heard it was a Holy Tier Array and that currently, Lu Chen is the only one capable of fully inscribing its array patterns, which demonstrates Lu Chen's extraordinarily powerful divine soul.

Perhaps Lu Chen's main body is already an Immortal Venerate, and considering he possesses a Holy Tier Sealing Array, he likely has other hidden cards up his sleeve. If he were to rashly go to the Barbaric Wilds, he might repeat past mistakes.

With this in mind, the Blood Demon Immortal Venerate summoned a Peak Master who had recently ascended to the Immortal King level.

Soon, a black-robed Immortal King, exuding a dark immortal aura, appeared in the hall.

The Evil Shadow Immortal King entered the hall and immediately saluted, "Greetings, Hall Master!"

The Blood Demon Immortal Venerate glanced at the Evil Shadow Immortal King and said, "I intend to send you to the Barbaric Wilds."

Hearing this, the Evil Shadow Immortal King was momentarily stunned. Why go to the Barbaric Wilds?

After regaining his composure, the Evil Shadow Immortal King curiously asked, "May I ask what task the Hall Master has for me in the Barbaric Wilds?"

The Blood Demon Immortal Venerate replied, "I've learned that the Mysterious Moon Hall is located in the Barbaric Wilds, and I suspect Lu Chen's main body might also be there. Your task is to investigate whether Lu Chen's main body is in the Barbaric Wilds."

Upon hearing this, the Evil Shadow Immortal King immediately understood.

The Evil Shadow Immortal King promptly said, "Yes, I will head to the Barbaric Wilds immediately."

The Blood Demon Immortal Venerate continued, "Once you reach the Barbaric Wilds, do not act rashly. First, confirm whether Lu Chen's main body is there. If it is, report back immediately."

The Evil Shadow Immortal King replied, "Understood."

The Blood Demon Immortal Venerate scrutinized the Evil Shadow Immortal King and added, "This is a task from the Blood Ancestor. If you succeed, you will surely receive your due reward. Remember, do not expose your identity. If you draw Lu Chen's attention and disrupt the Blood Ancestor's plans, you know the consequences."

The reason the Blood Demon Immortal Venerate chose the Evil Shadow Immortal King for this mission was his proficiency in disguise, making him difficult to detect; even Immortal Venerates find it hard to notice his presence.

Sending him to the Barbaric Wilds to locate Lu Chen's main body would likely avoid unnecessary complications.

The Evil Shadow Immortal King quickly said, "I will heed your instructions and ensure Lu Chen does not detect my presence."

Knowing it was a task from the Blood Ancestor, the Evil Shadow Immortal King felt invigorated. His recent breakthrough to the Immortal King Realm was due to the Blood Ancestor's brief awakening, and he knew that the Blood Demon Immortal Venerate's ascension was also aided by the Blood Ancestor.

If he found Lu Chen's main body, perhaps he might also attract the Blood Ancestor's attention, and with some luck, become an Immortal Venerate with the Blood Ancestor's help.

The Blood Demon Immortal Venerate said, "Alright, get ready and head to the Barbaric Wilds."

"Yes, Hall Master." The Evil Shadow Immortal King bowed once more before turning to leave the hall.

As he watched the Evil Shadow Immortal King's departing figure, the Blood Demon Immortal Venerate raised his red blood arm, clenched his fist, and murmured to himself, "Lu Chen, I may not be your match, but if the Blood Ancestor intervenes personally, you have no path other than death!"

The Blood Demon Immortal Venerate longed for revenge, but he didn't mind whether it was achieved personally. Lu Chen, with the ability to inscribe Holy Tier

Array Patterns, might not be weaker than him. He was aware that personally seeking revenge could be challenging.

For him, as long as Lu Chen died, his revenge would be complete.

He believed that if the Blood Ancestor took action personally, Lu Chen would have no power to resist, given the Blood Ancestor's strength far surpassed that of an Immortal Venerate.

Since becoming an Immortal Venerate, he had only then realized the terrifying power of the Blood Ancestor, whose internal energy seemed boundless. Standing before the Blood Ancestor, he felt like a speck of dust facing an infinite abyss.

He vaguely sensed that the Blood Ancestor's power might have already reached the Immortal Emperor Realm.

Thinking of having an Immortal Emperor as his backing, the Blood Demon Immortal Venerate immediately felt that the small world he lived in was somewhat too small.

At that moment, he looked up at the blood-red small world outside the grand hall.

"Blood Eagle Hall, it's time to expand!"

...

After returning to the Mysterious Moon Palace, the Heavenly Language Immortal Venerate went straight to Yun Meng Hall.

When the Immortal Venerate Yun Meng saw that the Heavenly Language Immortal Venerate had returned alone, she was not surprised at all.

The Immortal Venerate Yun Meng stood in the grand hall, calmly asking, "She doesn't want to come back?"

Having children earns benefit, start competing for dominance in the world by marrying a wife

Faced with Immortal Venerable Yun Meng's question, Immortal Venerable Heavenly Language answered frankly, "Indeed, the Immortal Sect's Qi Fortune of the Mysterious Moon Palace seems bound to Lu Chen's Great Qin Immortal Dynasty's Qi Fortune. In the Barbaric Lands, her power might become even stronger."

Hearing Immortal Venerable Heavenly Language's words, Immortal Venerable Yun Meng asked in a neutral tone, "Is Lu Chen's Main Body also in the Barbaric Lands?"

She was very curious about what realm Lu Chen's Main Body was currently in and if it might someday impact their ancestor's plan.

Their ancestor hoped for bizarre creatures to break the sealing and invade the Tianyan Immortal Domain, whereas Lu Chen could help reinforce the sealing of the Sunset Mountain Range. From a standpoint, Lu Chen now stood opposite Mysterious Moon Palace.

The most crucial part was that Lu Chen was now involved with Yun Yudie, while Mysterious Moon Palace planned to bring back all those with Saintess qualifications, inevitably causing conflict with Lu Chen.

Immortal Venerable Heavenly Language answered, "I investigated both the Great Qin Immortal Dynasty and Mysterious Moon Palace, only to discover Lu Chen's Golden Immortal Realm Clone, with no trace of Lu Chen's Main Body or other Immortal Venerates' aura."

Immortal Venerable Heavenly Language then proposed a conjecture, "Perhaps Lu Chen's Main Body is currently in the Golden Immortal Realm?"

Immortal Venerable Yun Meng said, "Unlikely, just from his ability to engrave Holy Tier Array Patterns, it suffices to prove the strength of Lu Chen's Divine Soul. A Golden Immortal's body cannot accommodate such a powerful Divine Soul."

An Immortal's Divine Soul can separate from the body, as for most Immortals, the body is merely a vessel; as long as the Divine Soul remains, the Physical Body can be continuously reshaped.

But it doesn't mean an Immortal's Divine Soul can use any body as a vessel. When the Physical Body's cultivation state doesn't match the soul power, the body will quickly collapse.

As for those reincarnated Immortals whose bodies can bear the Divine Soul from a previous life, that's because nearly all reincarnated Immortals have their Divine Soul sealed.

After reincarnation, the Divine Soul automatically seals itself, and only as the body grows stronger does the soul begin to unlock the sealing, allowing past life memories to gradually flood back.

Lu Chen's Immortal Venerable-level Divine Soul, if residing in a Golden Immortal body, would cause the body to disintegrate within a short time.

If Lu Chen were a reincarnated Immortal, then his Golden Immortal body could accommodate his sealed Divine Soul, but in that case, his sealed Divine Soul would not be able to engrave Holy Rank Array Patterns.

Since Lu Chen possesses an Immortal Venerable-level Divine Soul, his Main Body certainly has Immortal Venerable-Level strength.

Upon hearing Immortal Venerable Yun Meng's words, Immortal Venerable Heavenly Language didn't say any more, realizing that a Golden Immortal body couldn't hold an Immortal Venerable's Divine Soul.

Immortal Venerable Yun Meng then said, "Since she is unwilling to return, I will personally go to the Barbaric Lands and bring her back."

Upon hearing this, Immortal Venerable Heavenly Language was slightly stunned, wondering if Immortal Venerable Yun Meng was serious.

She thought Immortal Venerable Yun Meng was merely using this as a threat against Yun Yudie, considering Yun Meng was the head of such a dominant force and couldn't easily leave the Immortal Sect.

Immortal Venerable Heavenly Language then said, "Such a minor matter can be handled by other Immortal Venerates, there's no need for the Palace Master to go personally?"

Immortal Venerable Yun Meng said, "It's the ancestor's command; though I'm unaware of why we are searching for individuals with Saintess qualifications, the ancestor's words ensure its importance."

"Yun Yudie has already broken through to the Immortal Venerate Realm, and with Lu Chen's help, sending ordinary Immortal Venerates might fail to bring her back from the Barbaric Lands."

Saying this, Immortal Venerable Yun Meng paused, suddenly pondering, then continued, "Thinking about it now, Lu Chen's Main Body not being there might be beneficial for us."

If Lu Chen isn't in the Barbaric Lands, then capturing Yun Yudie requires defeating only her, and Lu Chen's Clone can't possibly erupt with Immortal Venerate-level strength.

Hearing Immortal Venerable Yun Meng's words, Immortal Venerable Heavenly Language fell into silence, feeling that bringing Yun Yudie back to Mysterious Moon Palace might not be wise.

Just as Immortal Venerable Yun Meng was about to assemble Mysterious Moon Palace's Immortal Venerates, suddenly, the entire Tianyan Immortal Domain ground shook, affecting even the Mysterious Moon Palace in the sky.

In the next moment, the Immortal Aura of Tianyan Immortal Domain suddenly intensified, as if the Immortal Aura was experiencing a resurgence.

Sensing the change between heaven and earth, Immortal Venerable Yun Meng and Immortal Venerable Heavenly Language immediately left Yun Meng Hall, ascending into the sky. Upon emergence, Mysterious Moon Palace's Immortal Venerates were already sensing the change in Tianyan Immortal Domain from above.

Feeling the increasing concentration of Immortal Aura in the air, the Immortal Venerates glanced at each other.

"What's happening? Why has the Immortal Aura of Tianyan Immortal Domain surged suddenly?"

"Could there be another disaster imminent?"

"The resurgence of Immortal Aura should be fortunate, right? It's said during the Ancient Era, Tianyan Immortal Domain's Immortal Aura was even more abundant than now."

"Immortal Aura doesn't increase without cause, especially with such a sudden spike in Immortal Aura concentration, this might not necessarily be good."

...

Immortal Venerable Yun Meng remained silent, releasing Divine Sense to probe other circumstances in the Central Domain, discovering that not only Mysterious Moon Palace was affected, but other areas in the Central Domain saw substantial increases in Immortal Aura as well.

Immortal Venerable Yun Meng couldn't help but speculate if Lu Chen and others reinforcing the sealing in the Sunset Mountain Range caused Tianyan Immortal Domain's Immortal Aura to surge?

Upon having this thought, Immortal Venerable Yun Meng instantly rejected it internally.

If reinforcing the sealing of the Sunset Mountain Range could increase Tianyan Immortal Domain's Immortal Aura, then the Aura intensity should follow a process.

Lu Chen and others reinforced the sealing one area at a time, not all at once; hence, the Immortal Aura concentration couldn't suddenly spike.

The resurgence of Immortal Aura this time felt rather bizarre.

Immortal Venerable Yun Meng at this moment closed her eyes, perceiving the Cultivation Path, realizing it was still being eroded by that eerie power.

Immortal Venerable Yun Meng then opened her eyes and sent a message to the Immortal Venerates, "Proceed to Yun Meng Hall for a discussion immediately."

Upon her words, she led the way back to Yun Meng Hall.

The other Immortal Venerates also proceeded to Yun Meng Hall, where they began examining the reasons for the increase in Immortal Aura. Various hypotheses were proposed, yet none held firm, and these guesses offered no verification, remaining speculative.

Immortal Venerable Yun Meng had no choice but to dispatch people to investigate the cause of the Immortal Aura increase, as well as sending emissaries to other realms to see if they too experienced Immortal Aura resurgence like the Central Domain.

Indeed, the Immortal Aura resurgence wasn't exclusive to the Central Domain; both the Northern Domain and the Barbaric Lands saw terrifying spikes in Immortal Aura levels.

The Barbaric Lands.

Mysterious Moon Palace, Ice Palace.

As Yun Yudie was intensively confronting Lu Chen, she sensed the rapid increase in Immortal Aura in Mysterious Moon Palace and couldn't help but pause.

She released her Divine Sense, investigating the entire Dragon Land, discovering that not only Mysterious Moon Palace, but many areas in Dragon Land were experiencing a swift elevation in Immortal Aura too, now matching the previous levels in the Southern Domain.

Capítulo 1941: Chapter 1631: Then Let Him Be Born!

After a brief daze, Yun Yudie came back to her senses and glanced down at Lu Chen.

At this moment, Lu Chen's face was flushed. Ever since Yun Yudie sealed his mouth, preventing him from shouting, he indeed felt uncomfortable.

However, amidst the discomfort, there was also a sense of relief. Although this conflicting feeling had its own unique charm, Lu Chen didn't want things to continue this way.

Feeling the sudden surge of Spiritual Energy in the air, Lu Chen knew that Yun Yudie would definitely lift his seal soon; he couldn't help but smile.

Seeing the smile on Lu Chen's face, Yun Yudie realized that this rascal had guessed she was about to help him break the seal.

The thought of Lu Chen guessing her next move suddenly made her unwilling to lift the seal, for some reason. More and more, she wanted to defy him, not letting things go as Lu Chen wished.

Of course, in the end, she still broke the seal on Lu Chen's mouth, allowing him to speak once more.

With such significant occurrences in the Tianyan Immortal Domain, she needed to discuss them with Lu Chen.

As soon as the seal on Lu Chen's mouth was lifted, he immediately gasped for air and said, "Wow! I felt as if I was suffocating!"

Yun Yudie remarked coldly, “This is your consequence for insulting me.”

Not dwelling further on this topic, Yun Yudie changed the subject: “You must have also sensed the increasing Immortal Aura in the Dragon Land.”

After a few deep breaths, Lu Chen finally spoke, “Yes, I sensed it. Not just the Dragon Land, but the Spiritual Energy in other Realms has also become very dense.”

Because Lu Chen also had a clone in other Realms, he knew that the Spiritual Energy surge wasn’t confined to just one realm but was occurring throughout the entire Tianyan Immortal Domain.

Yun Yudie fell into contemplation; the revival of Immortal Aura was good for the Tianyan Immortal Domain, especially for the Mysterious Moon Palace. Originally, the Immortal Aura in the Barbaric Realm was not as dense as in the Southern Domain, but now the Immortal Aura density in the Dragon Land was comparable to that of the Mysterious Moon Palace when it was in the Southern Domain, which was beneficial for the cultivation of the Immortals of the Mysterious Moon Palace.

However, Immortal Aura doesn’t increase for no reason, especially when this time it’s the whole Tianyan Immortal Domain experiencing its resurgence.

With more cultivators and rising strength, the consumption of Spiritual Energy and Immortal Aura also increases. How could there suddenly be such a surge in Immortal Aura?

Unless a mass slaughter of Immortals had occurred in a certain realm, leading to the return of their Immortal Aura to the Tianyan Immortal Domain after their collective deaths, resulting in increased Immortal Aura concentration.

At this thought, Yun Yudie suddenly thought of the Azure Dragon Hall.

Could it be that the Azure Dragon Hall and the forces of the Northern Domain were annihilated? Therefore, the Immortals' Immortal Aura returned to nature, causing the sudden surge in the Tianyan Immortal Domain's Immortal Aura?

If the Immortals of a realm were eliminated, it could indeed lead to a rise in Immortal Aura concentration in the Tianyan Immortal Domain, and the Demon Emperor could very likely target the various forces of the Northern Domain.

However, since the forces of the Northern Domain had already fled to the Barbaric Realm, if the Demon Emperor acted against the Azure Dragon Hall and the various forces of the Northern Domain, she wouldn't be unaware in the Mysterious Moon Palace.

Before the revival of Immortal Aura, the entire Tianyan Immortal Domain indeed trembled once, but an Immortal Emperor would not annihilate so many Immortals in just one strike.

Moreover, if an Immortal Emperor acted, the Immortals in the Barbaric Realm should sense a more intense impact.

After snapping back to reality, Yun Yudie fixed her gaze on Lu Chen's eyes and asked, "Do you know the reason?"

In Yun Yudie's eyes now, Lu Chen's identity was mysterious, no longer an average person; he might be the reincarnation of a Great Power.

She believed Lu Chen must know many secrets of the Tianyan Immortal Domain.

Lu Chen replied, "I don't know either."

Lu Chen also felt curious about the sudden thickening of Immortal Aura throughout the Tianyan Immortal Domain.

Seeing that Lu Chen didn't know the reason either, Yun Yudie stopped asking further. She then got up from Lu Chen, and as she rose, a light blue long dress

immediately covered her body, and her previously disheveled hair was instantly confined by the Glazed Crown, restoring her to the appearance of the Cold Fairy.

She then directly left the hall, flying above the Mysterious Moon Palace, and closed her eyes to use her Divine Sense to probe the flow of Immortal Aura in the air.

She quickly discovered the Immortal Aura was emerging from the ground, not from elsewhere, suggesting this revival of Immortal Aura wasn't due to the death of a large number of Immortals but because the Immortal Aura of the Tianyan Immortal Domain itself increased?

If that were the case, why hadn't the Immortal Aura in the Tianyan Immortal Domain increased before, yet today it suddenly did?

After pondering for a moment and unable to discern the reason, Yun Yudie decided not to delve further, knowing that as of now, the revival of Immortal Aura was a good thing for the Mysterious Moon Palace.

Meanwhile.

In Ye Chuyao's residence.

When Ye Chuyao noticed the sudden increase in the Immortal Aura concentration of the Mysterious Moon Palace, she immediately began to meditate, intending to take advantage of this opportunity to enhance her strength.

She didn't investigate why the Immortal Aura concentration of the Mysterious Moon Palace increased so dramatically; she saw it as a good chance to improve her strength and thought probing the reasons might cause her to miss the opportunity.

No one knew if this increase in Immortal Aura was permanent or temporary.

However, just as Ye Chuyao was sitting cross-legged in meditation, the surrounding Immortal Aura began to crazily rush into her body. For a moment, she was stunned. She hadn't even started cultivating nor actively absorbing energy, yet the Immortal Aura was drilling into her abdomen by itself.

No...

The Immortal Aura wasn't going into her abdomen on its own!

Ye Chuyao quickly realized what was happening; the Immortal Aura was not directed at her but at the child in her womb.

As a large amount of Immortal Aura flooded into her unborn child, the child in her womb started to grow continuously, and Ye Chuyao appeared to understand what was going on.

The concentration of Immortal Aura itself benefits the growth of the children of Immortals. The sudden increase in Immortal Aura concentration in the Mysterious Moon Palace was a great boon to her unborn child, and the child wanted to seize this opportunity to grow rapidly and be born.

Meanwhile, Immortals from the Mysterious Moon Palace also noticed the Immortal Aura furiously rushing toward Ye Chuyao's residence.

Upon sensing the Immortal Aura moving toward Ye Chuyao's residence, both Yun Yudie and Lu Chen immediately went to Ye Chuyao's residence.

At that moment, Ye Chuyao's smooth, fair forehead was covered with fine beads of sweat. Lu Chen had previously taught her some healing Immortal Laws that could relieve bodily pain, but the child in her belly was causing such turmoil, seemingly impatient to be born.

In general, it wasn't a good thing for the offspring of Immortals to be born too early, as they might not be fully developed and could risk damaging their foundation.

Seeing that the Immortal Aura was rushing to Ye Chuyao's belly, Lu Chen immediately realized and went to her bedside, channeling Life Force into Ye Chuyao while checking her unborn child.

That child was growing at a speed visible to the naked eye. Knowing the child was about to be born, Lu Chen said to Ye Chuyao, "Relax; since the child wants to be born, let them be born."

Having children earns benefit, start competing for dominance in the world by marrying a wife

Upon hearing Lu Chen's words, Ye Chuyao immediately stopped using immortal power to prevent the child in her belly from being born, while Lu Chen infused life force to envelop the child in Ye Chuyao's belly.

The next moment, the child in Ye Chuyao's belly left her body directly. Instantly, Ye Chuyao felt an incredible sense of lightness in her body.

As the child came into the world, she floated directly into the air, and the Immortal Aura from the Mysterious Moon Palace rushed frantically towards the baby in the sky.

With the influx of Immortal Aura, the child's body visibly grew larger. Seeing the flow of Life Dao's Dao Charm on the baby, everyone present immediately understood why she could grow so quickly.

Seeing the child continuously absorbing the Immortal Aura in the air, Lu Chen quickly took out a blanket and covered her with it.

At this moment, Ye Chuyao looked at the child growing larger in the air and felt somewhat unreal. Was she a mother now?

Coming back to her senses, Ye Chuyao looked at Lu Chen and then said, "Let's give the child a name."

Lu Chen thought for a moment, just about to speak, when suddenly a phantom of a willow tree appeared behind the child.

Yun Yudie commented from the side, "Is this a Spirit Wood Immortal Body?"

Lu Chen said at this moment, "The Spirit Wood is evergreen, how about naming her Lu Qingqing?"

Hearing the name Lu Chen chose, Ye Chuyao looked lovingly at Lu Qingqing in the air and murmured, "Qingqing..."

At this time, Lu Qingqing continued to absorb the Immortal Aura in the air, and it seemed she wasn't planning to stop anytime soon.

While Lu Chen was distracted, suddenly a system prompt echoed in his mind.

"Congratulations to the host on the addition of an offspring, rewarding you with the Heaven Opening Seal."

After hearing the system prompt, Lu Chen immediately used his intent to open the system interface and glanced at the system description for the Heaven Opening Seal.

[Heaven Opening Seal: Heavenly Rank Immortal Artifact, a growth-type Immortal Artifact, capable of observing the world's Qi Fortune, can transfer Qi Fortune, and can absorb others' Qi Fortune. The denser the host's Qi Fortune, the higher the rank.]

Seeing this system description, Lu Chen was momentarily stunned. A Qi Fortune type Immortal Artifact?

And it's a Immortal Artifact that can grow.

Qi Fortune is one of the most mysterious things in this world. Although ordinary immortals know of its existence, they cannot perceive it. Only those who have reached a certain cultivation state, or possess a special constitution, can sense the existence of Qi Fortune.

And Qi Fortune is extremely important for enhancing strength. The denser the Qi Fortune, the greater the possibility of growth, and at certain times, Qi Fortune can directly bind with strength.

For example, the Immortal Dynasty Master or the Immortal Sect Master, those who hold the Qi Fortune of a power, are far stronger than ordinary immortals of the same realm.

But gaining more Qi Fortune is not an easy task. For an Immortal Sect to acquire Qi Fortune, it must continually expand, conquer other forces, or have powerful individuals join the sect to acquire more Qi Fortune.

Lu Chen did not expect the rewarded Heaven Opening Seal could directly absorb others' Qi Fortune. Without hesitation, Lu Chen took out the Heaven Opening Seal in front of Ye Chuyao and Yun Yudie.

They were his women, so Lu Chen wasn't worried about them seeing the Heaven Opening Seal.

Both women were curious about what Lu Chen intended to do with the jade seal that appeared in his hand.

At this point, Lu Chen infused immortal power into the Heaven Opening Seal, and in the next moment, the Heaven Opening Seal recognized him as its master without needing him to refine it.

After recognizing a master, Lu Chen could instantly and clearly sense everyone's Qi Fortune in the room, although he could sense it before, it wasn't as clear as this.

Just when Lu Chen was about to activate the Heaven Opening Seal for a test, suddenly, his consciousness was drawn into the high skies of the Tianyan Immortal Domain, and the next instance, the entire Tianyan Immortal Domain seemed to unfold beneath his feet.

He could clearly see the Qi Fortune above each realm and power within the Tianyan Immortal Domain, and it seemed the whole Qi Fortune of the Tianyan Immortal Domain was now bound in a mass of black mist.

Seeing that mist, Lu Chen immediately realized it likely represented Xuan Qingyun.

Soon, Lu Chen's consciousness returned to his body. He opened his eyes, glanced at Yun Yudie, and gave a sly smile.

Seeing Lu Chen's mischievous expression, Yun Yudie immediately sensed Lu Chen was up to something, then asked coldly, "What are you doing?"

Lu Chen didn't answer; he activated the Heaven Opening Seal, attempting to transfer the Qi Fortune from Yun Yudie to himself.

Instantly, Yun Yudie realized her Qi Fortune was flowing into the jade seal in Lu Chen's hand. Yun Yudie's eyebrows frowned slightly—this jade seal could actually absorb a person's Qi Fortune!

However, after a moment of shock, Yun Yudie regained her composure, hastily controlling her Qi Fortune to stabilize it and prevent it from flowing to Lu Chen.

She, being the master of a sect, had a keen perception of Qi Fortune and could directly control it.

After Yun Yudie intervened, it became very difficult for the Heaven Opening Seal to absorb any more of Yun Yudie's Qi Fortune.

Seeing the Heaven Opening Seal unable to continue absorbing Qi Fortune, Lu Chen thought to himself that it seemed those who could perceive Qi Fortune could prevent him from absorbing it. He wondered if, after the Heaven Opening Seal's rank increased further, others would still be unable to stop him from absorbing Qi Fortune.

Lu Chen's gaze shifted to Lu Qingqing in the air once more. At this moment, Lu Qingqing was exuding a faint golden Qi Fortune. Lu Chen activated the Heaven Opening Seal again, attempting to transfer the Qi Fortune it had just absorbed onto Lu Qingqing.

In the next moment, Lu Qingqing radiated a golden light. As her Qi Fortune increased, her speed of absorbing Immortal Aura also increased, and her body grew faster. Before long, her body resembled that of an eight-year-old child.

Seeing Lu Chen transfer her own Qi Fortune to Lu Qingqing, Yun Yudie was furious.

However, since Lu Qingqing was the daughter of her own disciple, she refrained from scolding Lu Chen on the spot. She restrained her emotions, gazing at the jade seal in Lu Chen's hand, and asked flatly, "What is that object?"

To be able to absorb and transfer Qi Fortune to a specific person, such a Immortal Artifact was practically unseen in the Tianyan Immortal Domain. At least she had never heard of such an Immortal Artifact existing there before.

Though she could sense the Immortal Artifact was only Heaven Rank, its value far exceeded its rank.

Not everyone could perceive Qi Fortune. If someone acquired this Immortal Artifact, they could absorb others' Qi Fortune, and as it accumulated, it was only a matter of time before the person with this artifact became a favored child of Qi Fortune, basically defying the natural order.

Lu Chen calmly replied, "Just an ordinary Immortal Artifact that can detect Qi Fortune."

Hearing Lu Chen's words, Yun Yudie said coldly, "I'm afraid detecting Qi Fortune is not all this Immortal Artifact can do!"

She had clearly felt Lu Chen using the Heaven Opening Seal to absorb her Qi Fortune earlier. Lu Chen's explanation might fool someone like Ye Chuyao, who lacked a keen sense of Qi Fortune.

And this artifact was far from ordinary. Yun Yudie became increasingly curious about how many remarkable items Lu Chen possessed.

Having children earns benefit, start competing for dominance in the world by marrying a wife

Yun Yudie reminded Lu Chen at this moment: "I advise you to use this Immortal Artifact sparingly. When you use this artifact, those who can sense the flow of Qi Fortune will be able to detect it."

"If they find out you have such a heaven-defying Immortal Artifact, even though you're important to the Tianyan Immortal Domain now, there might be people who will act against you in secret."

Hearing Yun Yudie's reminder, Lu Chen also found some sense in it. Although the Heaven Opening Seal is quite heaven-defying, its use does come with significant limitations.

Indeed, for such a heaven-defying Immortal Artifact, a few limitations are normal. Without them, he could secretly absorb the Qi Fortune of the entire Tianyan Immortal Domain and directly become the Immortal Emperor just by relying on Qi Fortune.

Listening to the conversation between Lu Chen and Yun Yudie, Ye Chuyao felt a bit lost. Her sense of Qi Fortune wasn't strong, so she didn't know what had just happened. But after hearing Yun Yudie's words, she understood that the jade seal

Lu Chen had in his hand was definitely not just for detecting Qi Fortune; it probably had other significant uses.

Ye Chuyao's gaze returned to Lu Qingqing's body, and she did not prattle about asking Lu Chen regarding the jade seal.

Some things she shouldn't know, it's better she doesn't.

At this moment, Yun Yudie glanced at Lu Qingqing suspended in the air, then at Ye Chuyao, and took out an Immortal Robe radiating a colorful glow.

She then used immortal power to send the Immortal Robe in front of Ye Chuyao, "This is the Qingyun Immortal Robe. It can ward off attacks from those at the Immortal King Realm and also speed up recovery from injuries when spurred by Life Force, making it perfect for Qingqing. I'll give it to her."

After all, Yun Yudie was Ye Chuyao's Honored Master, and since her own disciple was having a child, she certainly needed to express something.

Even though she always opposed Lu Chen and Ye Chuyao being together, now that Ye Chuyao had given birth, saying more would be of no use.

Upon hearing Yun Yudie's words, Ye Chuyao stood up, took the Qingyun Immortal Robe, and immediately said to Yun Yudie, "Thank you, Honored Master."

Yun Yudie then glanced at Lu Chen and said to him, "Come find me later; I have matters to ask you."

After speaking, Yun Yudie's body disappeared on the spot. She didn't immediately take Lu Chen away; it wouldn't have been thoughtful to take away her disciple's darling right after she had given birth.

After Yun Yudie left, Ye Chuyao looked at Lu Chen with a complicated expression. Initially, she resented Lu Chen, thinking it was he who harmed Wu Junwan. Now, not only had she become Lu Chen's woman, but also had a daughter with him.

Lu Chen sat down by the bed, then wrapped his arm around Ye Chuyao's waist, smiled, and said, "My darling, you've worked hard."

Upon hearing this, Ye Chuyao pursed her lips, only gazing at Lu Qingqing hovering in the air, without responding to Lu Chen.

Seeing Ye Chuyao stay silent, Lu Chen turned to look at her profile and asked, "What's wrong?"

Ye Chuyao sighed softly and said, "You harmed Junwan; I should hate you. Yet now, I have a child with you. I'm no different from Junwan now."

Lu Chen laughed and said, "There's no need to speak of hate. With mutual feelings, becoming a couple is quite natural. Besides, Junwan chose to be with me out of her own volition. How can you say I harmed her? She's still alive, and you'll surely meet her again one day."

Ye Chuyao fell silent once more, merely quietly watching Lu Qingqing, who was crazily absorbing Immortal Aura in the air.

At this moment, the Immortal Aura from the Mysterious Moon Palace continued to pour into Lu Qingqing's body. However, her body didn't continue to grow and was fixed at the appearance of about ten years old.

Lu Chen also quietly observed Lu Qingqing, saying nothing further. After a while, Xiao Xueying and Cao Shiyun arrived in Ye Chuyao's room. With such a significant commotion in Ye Chuyao's residence, as her fellow sisters and both being Lu Chen's women, they naturally came to have a look.

As the two entered the room and saw Lu Qingqing in the air, who looked about ten years old, a hint of confusion appeared on their faces, and Cao Shiyun asked, "Lu Chen, who is she?"

They hadn't associated Lu Qingqing with Ye Chuyao's child at all.

Lu Chen responded with a smile, "She is the child Chuyao just gave birth to. I named her Lu Qingqing."

Upon hearing this, Xiao Xueying and Cao Shiyun were stunned for a moment.

This child was just born?

But she looks about ten years old, doesn't she? Seeing the shocked expressions on the two women's faces, Lu Chen continued to explain, "She has a Spirit Wood Immortal Body and can use Life Force from birth. She can absorb Immortal Aura and convert it into Life Force for rapid growth."

After hearing Lu Chen's explanation, the two women finally understood. It's because of a special physique, which made it unsurprising.

Lu Chen's gaze turned to Xiao Xueying's belly. She was also carrying his child. This Immortal Aura resurgence had spurred Lu Qingqing, letting her arrive early in the world, leaving him to wonder if it had affected the child in Xiao Xueying's womb.

Thinking of this, Lu Chen stood up and walked to Xiao Xueying's side, then placed his hand on her belly and asked, "Yingying, has the child shown any movement today?"

Xiao Xueying blushed slightly and then answered, "No movements."

Lu Chen then poured Life Force into Xiao Xueying's body, probing the fetus in her womb.

The fetus in Xiao Xueying's womb was exceedingly calm, seemingly unaffected by the resurgence of Immortal Aura at all. Lu Chen thought to himself, it appears it hasn't developed enough.

After all, Lu Qingqing has a Spirit Wood Immortal Body, able to accelerate growth using Life Force, while the child in Xiao Xueying's womb doesn't have this capability and thus can't arrive early in the world.

At this moment, Lu Qingqing, who was suspended in the air, slightly opened her eyes. Upon seeing Lu Chen, she immediately guessed that this was her father and joyfully called out, "Daddy."

Lu Chen smiled gently, "Hey."

At this moment, Ye Chuyao waved her hand, and the Qingyun Immortal Robe given by Yun Yudie covered Lu Qingqing's body, swiftly shrinking to suit her size.

Lu Qingqing's gaze then turned to Ye Chuyao, and she immediately plunged into Ye Chuyao's embrace. Although Ye Chuyao had just given birth, thanks to the Life Force Lu Chen infused into her, she had mostly recovered. Even with Lu Qingqing throwing herself into her arms, it caused her no trouble at all.

In Ye Chuyao's embrace, Lu Qingqing affectionately called out, "Mommy."

Hearing Lu Qingqing's soft and tender "Mommy," Ye Chuyao felt her heart melt completely, wiping away any lingering feelings of guilt about her past betrayals.

Lu Chen then spent the whole day in the room keeping Ye Chuyao and the others company. It was only by evening that he left a Physical Body to continue staying with Ye Chuyao and the others, while his Golden Immortal Body went off to Yun Yudie's chamber.

When Lu Chen entered Yun Yudie's chamber, Yun Yudie was sitting cross-legged on a soft couch, with Dao Charm swirling around her as she cultivated.

Upon sensing Lu Chen's arrival, Yun Yudie suddenly opened her eyes and stared directly at Lu Chen.

Chapter 1944 - 1634: It Seems Honored Master Has Enjoyed These Indecent Affairs More Than I Have Over the Years

Seeing Yun Yudie's cold gaze on him, Lu Chen smiled and said, "Honored Master, why are you looking at me like that?"

"Could it be that you're envious that Chuyao now has a child, and you also want one?"

Yun Yudie replied coldly, "Don't delude yourself."

"You're quite generous, transferring my Qi Fortune to your daughter."

Lu Chen said, "I was just trying it, didn't expect it to actually work."

Yun Yudie said, "I won't ask you how you obtained that Immortal Artifact, but let me remind you, don't let me find out you're secretly siphoning my Qi Fortune."

Lu Chen possessing an Immortal Artifact capable of siphoning Qi Fortune was something she couldn't ignore.

Who knows if this guy is secretly stealing her Qi Fortune, especially during those intimate moments when she's lost in desire, making it easy to let down her guard, perhaps even allowing Lu Chen to steal her Qi Fortune without her knowing.

Hearing Yun Yudie's warning, Lu Chen chuckled, then said, "The Qi Fortune of the Daqin Immortal Dynasty and the Mysterious Moon Palace are currently tied together; why would I secretly siphon your Qi Fortune? Siphoning it would be like siphoning my own. Why would I do that?"

Hearing this, Yun Yudie thought for a moment and felt it made some sense...

Some sense? What does he mean by saying that siphoning her Qi Fortune is like siphoning his own? He's talking as if the Mysterious Moon Palace and she both belong to Lu Chen.

Yun Yudie glared at Lu Chen without continuing the topic. Suddenly, she fell silent while staring at him.

Seeing Yun Yudie gaze at him without speaking, Lu Chen tentatively asked, "Honored Master, shall we continue cultivating?"

Yun Yudie actually wanted to, but considering her disciple just had a child today, while she's indulging with Lu Chen tonight, it seemed inappropriate.

Even though Lu Chen has many physical bodies, and he could accompany Ye Chuyao even if she and Lu Chen were cultivating together.

But she knew well that Lu Chen's Divine Soul controls all his bodies, so during their cultivation, his Divine Soul would be somewhat affected, making it difficult to focus entirely on his body beside Ye Chuyao.

Yun Yudie said expressionlessly, "With the revival of Immortal Aura, it's the best time to improve cultivation. Don't let your mind dwell on such obscene matters all day."

Hearing this, Lu Chen refuted with a smile, "Obscene matters? Honored Master seems to have taken more of a liking to such matters over the years than I have."

Hearing this, Yun Yudie's icy cheeks couldn't help but blush slightly. She coldly said, "Enough, you may leave. Don't disrupt my cultivation."

Saying this, Yun Yudie directly used Immortal Power to send Lu Chen out of the bedchamber.

Standing outside Yun Yudie's bedchamber, Lu Chen smiled helplessly, this woman certainly doesn't recognize anyone once dressed.

Oh well, it's a good time to take a break. With the frequent dual cultivation sessions with Yun Yudie recently, his cultivation state has improved somewhat; now he could attempt to see if he could rely on Qi Fortune to breakthrough.

Thinking of this, Lu Chen immediately shifted his focus.

Next moment, beneath the Imperial Palace of the Daqin Immortal Dynasty.

Inside the cultivation chamber, one of Lu Chen's physical bodies opened its eyes. He took out the Heaven Opening Seal, observing the circulating Qi Fortune on it, an idea formed in his mind.

Using the Heaven Opening Seal to siphon others' Qi Fortune is easily detected by the leaders of those forces, but if he disguises it, for instance, expanding territory first and then gathering the Qi Fortune of those forces, wouldn't that prevent anyone from noticing his siphoning?

At this moment, Lu Chen began to activate the Heaven Opening Seal to siphon the Qi Fortune of the Immortals of the Daqin Immortal Dynasty.

Qi Fortune is generally divided into two types: personal Qi Fortune and the overall Qi Fortune of a force, with these two types complementing each other.

Lu Chen is now using the Heaven Opening Seal to absorb personal Qi Fortune, clearly aware that absorbing too much Qi Fortune might affect the cultivation of the Daqin Immortal Dynasty's Immortals, so he only siphoned a little from each Immortal.

Although the Qi Fortune siphoned from each individual was minimal, collectively from all the Immortals in the Daqin Immortal Dynasty, it amounted to a considerable sum.

Soon, the Heaven Opening Seal emitted a brilliant golden light, and moments later, the golden light gradually transformed into a purple glow.

Feeling it was about right, Lu Chen transferred all the Qi Fortune absorbed by the Heaven Opening Seal to himself. Instantly, he felt a loosening of the bottleneck in his cultivation state.

Without hesitation, Lu Chen closed his eyes and circulated the Immortal Power within his body, attempting a breakthrough to the Golden Immortal Realm.

Perhaps due to the concentrated Qi Fortune, Lu Chen's breakthrough went smoothly as if it were a natural progression. In just a moment, the aura of an Immortal Monarch emanated from his body.

After sensing the power within himself, a smile appeared on Lu Chen's face. This Qi Fortune was indeed effective; condensing the Qi Fortune of one Immortal Dynasty helped him directly breakthrough to the Immortal Monarch Realm.

Although he had felt he was already at the cusp of the Immortal Monarch threshold, under his original cultivation progress, it would have taken hundreds of years to advance from the Golden Immortal to the Immortal Monarch Realm.

Of course, for an Immortal, a few hundred years is merely a blink of an eye, but for Lu Chen, eager to retrieve his wives, concubines, and children from the Chaotic Sea, a few hundred years is too long.

After putting away the Heaven Opening Seal, in the next moment, Lu Chen's body appeared in the Imperial Study Room, where he telepathically summoned Lu Zhengze to meet him there.

A moment later, Lu Zhengze arrived at the Imperial Study Room, "Greetings, Your Majesty!"

Lu Chen said faintly, "Rise."

"Zhengze, I want you to observe the situation of the Immortals within the Daqin Immortal Dynasty for a while."

Hearing Lu Chen's words, Lu Zhengze was slightly taken aback. Observing the situation of the Immortals?

Immediately, Lu Zhengze asked solemnly, "Your Majesty, do you suspect someone might be plotting rebellion?"

Lu Chen replied, "Not exactly, it's just that the Immortal Aura suddenly revived today. There should be quite a few Immortals on the verge of breakthrough, so I want you to keep an eye on things."

Lu Zhengze immediately said, "Understood, Your Majesty."

In Lu Zhengze's mind, Lu Chen must be concerned that following this revival of Immortal Aura, some Immortal Kings might directly breakthrough to the Immortal Realm, and some Immortal Monarchs might ascend to the Immortal King Realm, which could potentially destabilize the Daqin Immortal Dynasty if too many powerful figures emerged at once.

In truth, Lu Chen's concern wasn't due to reasons Lu Zhengze imagined; he was merely curious whether siphoning their Qi Fortune would cause any trouble for those Immortals.

After all, as subjects of the Immortal Dynasty, if the weakening of their Qi Fortune resulted in them encountering troubles, or even a decline in their strength, it would not bode well for the Daqin Immortal Dynasty.

If the overall strength of the Immortal Dynasty diminishes, the Qi Fortune of Great Qin would also be affected, and tied to the Qi Fortune of Great Qin, Lu Chen would be impacted, which is why he asked Lu Zhengze to pay attention to how the Immortals of the Daqin Immortal Dynasty fare in the days to come.

Capítulo 1945: Chapter 1635: Evil Shadow Immortal King's Speculations

In the years following Lu Chen's breakthrough, she had been keeping an eye on the state of the Immortals in the Daqin Immortal Dynasty. However, she quickly found that the slight reduction in Qi Fortune had little impact on those Immortals.

This was primarily because the Daqin Immortal Dynasty possessed an abundance of Qi Fortune. Although he absorbed some of the Immortals' Qi Fortune, under the blessing of Daqin's Qi Fortune, it was similar to or even more abundant than when they were not part of the Immortal Dynasty's subjects.

Seeing that absorbing Qi Fortune had little effect on the Immortals of Daqin, Lu Chen was relieved.

Of course, Lu Chen had no intention of absorbing for a second time. If he did, it might have an impact.

...

In the dead of night.

Daqin Immortal Dynasty, Imperial Capital.

A ghostly figure appeared outside the Imperial Palace. The soldiers of the Daqin Immortal Dynasty passed by the figure without noticing its presence, as if they hadn't seen the person at all.

The Evil Shadow Immortal King sensed the auras within the palace and was puzzled. Why were there only the auras of Immortal Monarchs in the palace?

Was it really as he had heard, that Lu Chen's cultivation was at most at the Immortal King Realm, and it wasn't permanent?

Since arriving in the Daqin Immortal Dynasty, the Evil Shadow Immortal King had been gathering intelligence on Lu Chen, and he quickly discovered that Lu Chen didn't seem as formidable as he had thought.

In the intelligence he gathered, Lu Chen's strength appeared not very strong, at best showing the power of an Immortal King, with most of his cultivation below that of an Immortal Monarch.

Even when establishing the Immortal Dynasty, his cultivation wasn't very high.

Logically, to establish an Immortal Dynasty, the main body must be present in the Daqin Immortal Dynasty; otherwise, it wouldn't be recognized by the Heavenly Dao.

This left the Evil Shadow Immortal King questioning whether Lu Chen's cultivation was indeed unremarkable, but he possessed some Secret Technique to temporarily elevate his cultivation to the Immortal King Realm.

Or perhaps after emerging from the Chaotic Sea, Lu Chen's foundation was damaged, preventing him from maintaining his Immortal King cultivation, only unleashing it when in danger by burning his Divine Soul?

The intelligence he collected was mostly acquired through Soul Search, so he was confident in its accuracy.

Yet he had another question: if Lu Chen's main body's strength wasn't remarkable, how could he have depicted the Holy Tier Array Pattern?

It's said that, currently, other than Lu Chen, no Immortal Venerate has been able to depict that Holy Tier Array, which demonstrated the strength of Lu Chen's Divine Soul.

If Lu Chen's Divine Soul was truly that powerful, his main body's strength would have at least reached the Immortal Venerate Realm. Could it be that he was intentionally hiding his true cultivation?

Now, it was known throughout the Tianyan Immortal Domain that Lu Chen was the only one capable of depicting the Holy Tier Array Pattern, and all the Immortal Venerates wanted to invite a Lu Chen clone to their factions, so the fact that Lu Chen could depict the Holy Tier Array Pattern should be true.

The Evil Shadow Immortal King was conflicted at this moment. On one hand, he wanted to achieve merit on his own. If Lu Chen's main body truly wasn't strong, he wanted to make a direct move against Lu Chen.

Lu Chen was desired by the Blood Ancestor, and capturing Lu Chen's main body would surely earn him the Blood Ancestor's reward. Perhaps with the Blood Ancestor's help, he could quickly break through to the Immortal Venerate Realm.

At this moment, the Evil Shadow Immortal King fell into contemplation, starting to sort through the intelligence he had gathered.

Firstly, there was no need for Lu Chen to hide his strength. If he possessed Immortal Venerate strength, revealing it from the start would deter those eyeing him.

Moreover, when establishing an Immortal Dynasty, displaying greater strength would be advantageous for the dynasty's expansion. No Immortal Dynasty Master would conceal their cultivation when establishing an Immortal Dynasty, so it's likely that Lu Chen's cultivation was truly below the Immortal King.

As for why Lu Chen could depict Holy Tier Array Patterns that even Immortal Venerates couldn't, this too could be explained. The Holy Tier Array originally came from Lu Chen, and perhaps he didn't present the complete Holy Tier Array Pattern, so no Immortal Venerate could fully depict it.

He didn't believe that among the many Immortal Venerates in the Tianyan Immortal Domain, only Lu Chen could delineate that Holy Tier Array Pattern.

Among so many Immortal Venerates, there must be those specializing in Formation research, and if even they couldn't delineate the Holy Tier Array provided by Lu Chen, it's likely the problem lies with the Array Pattern itself.

Thinking of this possibility, the Evil Shadow Immortal King felt a surge of excitement, sensing that perhaps he had seen through Lu Chen's little trick.

He strongly suspected that Lu Chen intentionally gave others a false Holy Tier Array to create the illusion that only he could depict that Holy Tier Array, thus elevating his status in the Tianyan Immortal Domain.

People would not only view Lu Chen as extremely powerful but also refrain from targeting him due to his importance.

The more the Evil Shadow Immortal King pondered, the more he believed he had deduced the truth. At this moment, he was eager to make his move. If he could capture Lu Chen's main body, all the credit would be his.

With this thought, without any hesitation, the Evil Shadow Immortal King transformed into a shadow and infiltrated the Imperial Palace.

Within the Great Qin Imperial Palace, the patrolling guards were oblivious to the Evil Shadow Immortal King's presence. It wasn't long before he had sneaked outside the Imperial Study Room.

He could clearly sense Lu Chen's aura within the Imperial Study Room.

Meanwhile, Lu Chen was reviewing the intelligence gathered about the Barbaric lands. Suddenly, he sensed a faint trace of Evil Qi in the air.

Having cultivated the Divine Light Thousand Lamp Scripture, Lu Chen was very sensitive to Evil Qi. Although the other party had hidden it well, Lu Chen still detected that trace of Evil Qi.

Lu Chen furrowed his brow. An Evil Immortal had infiltrated the palace?

What Evil Immortal had such audacity?

The last he dealt with an Evil Immortal was in the Southern Domain, surely not one of those coming here, especially after he inflicted heavy damage on the Blood Eagle Hall in the Profound Moon Palace defense. Even if the Blood Eagle Hall wanted revenge, they'd assess their capabilities first.

If it wasn't for vengeance, then there was another possibility — the intruder was likely after the opportunities Lu Chen possessed.

Currently, the righteous factions considered him very important. Even if they coveted potential opportunities related to him, they wouldn't easily make a move against him. Only the Evil Immortals would disregard such considerations.

Evil Immortals, who only wish for chaos in the world, probably wouldn't care if bizarre creatures invaded the Tianyan Immortal Domain. If they suspected he held opportunities, they might very well act.

As Lu Chen speculated on the intentions of the Evil Immortal who infiltrated the palace, he noticed the Evil Qi growing stronger, indicating the other had entered the Imperial Study Room.

However, apart from sensing the Evil Qi, Lu Chen saw no sign of the intruder.

Having children earns benefit, start competing for dominance in the world by marrying a wife

At this moment, the Evil Shadow Immortal King was lurking in the shadows cast by the pillars of the Imperial Study Room, rapidly approaching Lu Chen.

Seeing that Lu Chen had no reaction, the Evil Shadow Immortal King thought to himself that Lu Chen was certainly not an Immortal Venerate, as he couldn't even detect his presence.

Then the Evil Shadow Immortal King slightly sensed Lu Chen's Divine Soul and found that the Divine Soul aura emanating from Lu Chen was very complete, indicating that this Lu Chen in the Imperial Study Room should be the main body.

Just as the Evil Shadow Immortal King was about to make a move, Lu Chen suddenly spoke, "Since you're here, why don't you come out?"

Hearing Lu Chen's words, the Evil Shadow Immortal King, who was about to strike, was momentarily stunned.

Did Lu Chen actually discover him?

How is this possible?

His stealth technique was superb; once he hid, even an Immortal Venerate would find it difficult to detect him. Of course, a Divine Soul powerful Immortal Venerate might sense some traces.

Does this mean Lu Chen is truly an Immortal Venerate?

Impossible!

The Evil Shadow Immortal King immediately dismissed this notion.

He firmly believed in his original suspicion.

At the same time, he dared not ignore his own guess. If Lu Chen really was an Immortal Venerate, then he might not be able to leave the Great Qin Imperial Palace once he started a fight. So, once he decided to act, he could only fight without turning back.

Seeing the Evil Shadow Immortal King still not coming out, Lu Chen chuckled.

It must be said that this person who sneaked into the palace was indeed good at hiding. As the Master of the Immortal Dynasty, his control over the palace was strong, and he could detect even the slightest movements within it.

However, until now, Lu Chen still hadn't pinpointed the location of the intruder. If not for sensing that hint of Evil Qi, he might not have known someone had entered the palace.

Seeing that the lurking person had no intention of coming out, Lu Chen did not hesitate and directly used the Divine Light Thousand Lamp Scripture.

In the next moment, numerous oil lamps glowing with red light filled the entire Imperial Study Room. As these oil lamps appeared, the Evil Qi permeating the air was frantically absorbed by the lamps, making it impossible for the Evil Shadow Immortal King to continue hiding.

The red light emitted by those oil lamps instantly exposed the shadowy figure of the Evil Shadow Immortal King. Although he appeared as just a shadow, it was clear that he was a person.

Realizing he was exposed, the Evil Shadow Immortal King stopped pretending and sneered, "It seems I underestimated you!"

In the next moment, the Evil Shadow Immortal King gathered Evil Qi and attacked Lu Chen directly.

Seeing the black figure rushing towards him, Lu Chen calmly said, "You have quite the nerve, daring to attack the Master of the Immortal Dynasty within its own realm!"

The Master of an Immortal Dynasty, especially within the imperial city, could exert power several times stronger than usual.

The Evil Shadow Immortal King scoffed, "You're just pretending to be strong; you're nothing but a false reputation. No matter how intimidating you act, at best, you're just an Immortal King."

"You may deceive others, but you can't deceive me."

"Soul-Seizing Claw!!!"

In the next instant, overwhelming Evil Qi enveloped the entire Imperial Study Room, forming a massive claw made of Evil Qi that grasped towards Lu Chen.

However, before Lu Chen could make a move, the oil lamps filling the Imperial Study Room began frantically absorbing the Evil Qi in the air.

Feeling his Evil Qi dissipating, the Evil Shadow Immortal King immediately realized that Lu Chen had an Immortal Law that restrained him. He wasn't too panicked about this—he knew from the intelligence he gathered that Lu Chen's Immortal Law could restrain his Evil Qi.

But he was a king refined by the Blood Ancestor Essence Blood, not an ordinary Immortal King, so what if Lu Chen had an Immortal Law to restrain him?

Subsequently, the Evil Shadow Immortal King mobilized all his Evil Qi and continued to attack Lu Chen. Just as the giant claw of Evil Qi was about to reach Lu Chen, Lu Chen calmly said, "Alright, it's time to act!"

Hearing these words, the Evil Shadow Immortal King was momentarily stunned, but before he could react, a terrifying pressure descended upon him, causing his expression to change drastically.

An Immortal Venerate's aura??

What is happening!!!

Where did the Daqin Immortal Dynasty get an Immortal Venerate???

There was no mention of an Immortal Venerate in the intelligence he collected!

Lu Chen couldn't be bothered to deal with the Evil Shadow Immortal King himself; with Wan Xu Immortal Venerable present, such trivial matters didn't require his intervention at all.

Just as the Evil Shadow Immortal King snapped back to reality and prepared to flee, he suddenly discovered that he was no longer in the Imperial Study Room. Before him lay countless ruins, exuding an archaic, intimidating aura. Upon these ruins stood desolate graves, appearing eerily bleak.

The Evil Shadow Immortal King's expression turned even uglier; he immediately realized that he had been drawn into the Immortal Venerate's Spirit Realm.

Though he had been refined by the Blood Ancestor's Essence Blood, he knew he was not a match for an Immortal Venerate. Without any hesitation, the Evil Shadow Immortal King immediately pleaded, "Honorable, I surrender, please spare me!!!"

Seeing the Evil Shadow Immortal King surrender so readily, the figure of Wan Xu Immortal Venerable instantly appeared before him. The moment Wan Xu Immortal Venerable appeared, the pressure on the Evil Shadow Immortal King increased by dozens of times, directly forcing him to his knees on the ground.

In the next instant, Wan Xu Immortal Venerable's understanding dispersed, and they returned to the Imperial Study Room once more.

Seeing the Evil Shadow Immortal King crouching on the ground, Lu Chen immediately used the system to identify his identity. Discovering that the Evil Shadow Immortal King was from Blood Eagle Hall, Lu Chen was slightly taken aback.

Was this person really from Blood Eagle Hall?

When he first sensed the Evil Qi, his immediate thought was Blood Eagle Hall. But then he remembered that he had already significantly damaged Blood Eagle Hall, so he initially ruled out the possibility of the intruder being an Evil Immortal from there. Unexpectedly, the Evil Immortal truly was from Blood Eagle Hall.

Lu Chen then said, "Blood Eagle Hall truly doesn't learn its lesson. When you attacked the Mysterious Moon Palace, I had already severely injured Blood Eagle Hall, and yet now you dare to trouble me again."

Upon hearing this, the Evil Shadow Immortal King hurriedly said, "Your Majesty, spare me, it was under the orders of the Blood Demon Immortal Venerable that I was forced to come."

Upon hearing this, Lu Chen was once again taken aback.

Blood Demon Immortal Venerable?

After being severely injured by him, the Blood Demon Immortal King actually managed to break through and become an Immortal Venerate?

Lu Chen continued to ask, "I'm quite curious, why did he send you to the Barbaric Land? To seek revenge perhaps? He should know that sending an Immortal King is insufficient for revenge."

Just as the Evil Shadow Immortal King was about to speak, Wan Xu Immortal Venerate said, "Your Majesty, there is no need to waste words with this person, just use a Soul Search."

Listening to this person's answers, he might be lying. Conducting a Soul Search avoids the risk of deceit and also saves time.

Hearing Wan Xu Immortal Venerate's suggestion of a Soul Search, the Evil Shadow Immortal King's face turned ashen, devoid of any color, and he quickly pleaded, "Your Majesty, I'll tell you everything, please don't perform a Soul Search on me!"

While a Soul Search might not cost an Immortal King his life, it would cause significant damage to the Divine Soul.

Having children earns benefit, start competing for dominance in the world by marrying a wife

The Evil Shadow Immortal King feared death, but he was equally afraid of damage to his divine soul, which would prevent his cultivation state from ever advancing again.

Upon hearing the Evil Shadow Immortal King's plea for mercy, Lu Chen ignored him and said indifferently, "If you wish to live, then obediently open your mind."

After all, the Evil Shadow Immortal King was an Immortal King, and his power was at its peak; soul search at this moment might face resistance from his mental will, making a complete soul search impossible.

Usually, when an Immortal conducts a soul search on a weaker person, the realm difference should be significant, or the other party should be at the brink of death to be defenseless against the soul search.

Faced with Lu Chen's threat, the Evil Shadow Immortal King fell silent, as it seemed that compared to losing his life, suffering from divine soul damage might be acceptable.

If it's only divine soul damage, it might still be possible to heal it later with some heavenly and earthly treasures. But without life, everything is lost.

Seeing that the Evil Shadow Immortal King remained silent, the pressure released by Wan Xu Immortal Venerable increased once again, and the Evil Shadow Immortal King's entire body was pressed firmly against the ground.

The Evil Shadow Immortal King quickly said, "I... I agree... soul search... Your Majesty spare my life..."

Upon seeing the Evil Shadow Immortal King's compliance, Wan Xu Immortal Venerable did not hesitate and directly raised his hand,

The next moment, the Evil Shadow Immortal King's head directly flew to the center of Wan Xu Immortal Venerable's palm, and Wan Xu Immortal Venerable activated divine soul power, directly invading the Evil Shadow Immortal King's divine soul.

The Evil Shadow Immortal King immediately felt a soul-shattering pain, but to save his life, he had to endure it and open his mind.

In just a short moment, Wan Xu Immortal Venerable had completely probed the Evil Shadow Immortal King's divine soul.

Once the soul search was complete, Wan Xu Immortal Venerable tossed the Evil Shadow Immortal King onto the ground. The Evil Shadow Immortal King now appeared utterly dejected, with protruding eyeballs filled with bloodshot, looking as if he might go insane at any moment.

Wan Xu Immortal Venerable then condensed the memory from the soul search into a Memory Pearl and handed it to Lu Chen.

"Your Majesty, inside is the memory of this assassin."

Lu Chen answered with a "Hmm," then infused immortal power into the Memory Pearl to read its contents.

After reading the memories in the Memory Pearl, Lu Chen's expression instantly turned extremely serious.

Blood Ancestor?

When did the Tianyan Immortal Domain produce another Blood Ancestor?

Moreover, Lu Chen didn't recognize this Blood Ancestor, yet the Blood Ancestor sought him out as soon as it appeared.

Could it be related to his past lives, a foe from a long time ago?

This Blood Ancestor's power seems extraordinarily formidable, capable of easily producing an Immortal Venerate. Could he be at the Immortal Emperor Realm?

But the Qi Fortune of the Tianyan Immortal Domain should be insufficient to support two Immortal Emperors.

Of course, this Blood Ancestor might have taken an alternative path to emperorship.

While Lu Chen was lost in thought, Wan Xu Immortal Venerable inquired, "Your Majesty, how should we handle this person?"

Upon hearing Wan Xu Immortal Venerable's question, the Evil Shadow Immortal King quickly pleaded again, "Your Majesty spare my life. I am willing to submit to the Daqin Immortal Dynasty and serve as Your Majesty's servant."

The Evil Shadow Immortal King had now realized that anyone who commanded such respect from an Immortal Venerate definitely possessed an extraordinary identity.

More importantly, Lu Chen is the enemy that even the Blood Ancestor seeks. Given the Blood Ancestor's strength, how could anyone be an ordinary person if they're sought by such a powerful entity?

If he surrendered to the Daqin Immortal Dynasty, he might not suffer losses, and more importantly, he could save his life.

Lu Chen glanced at the Evil Shadow Immortal King. The Daqin Immortal Dynasty was presently in need of people, as it aimed to continue expanding, requiring the absorption of more strong individuals.

Though the Evil Shadow Immortal King was an Evil Immortal, what mattered to Lu Chen wasn't the notion of good versus evil but rather one's utility for him.

Moreover, the Evil Shadow Immortal King was skilled at gathering intelligence. If not for his keen sense towards evil qi, he might not have detected the Evil Shadow Immortal King's presence until he launched a sneak attack.

If the Evil Shadow Immortal King goes to gather intelligence from various major forces, he would surely find it easy.

Thinking of this, Lu Chen directly said to the Evil Shadow Immortal King, "Surrender your soul source."

Upon hearing this, the Evil Shadow Immortal King was momentarily stunned.

Submitting an Immortal's soul source essentially means handing one's life entirely over to Lu Chen. From that moment forward, Lu Chen could annihilate him with but a single thought.

Seeing the Evil Shadow Immortal King appeared unwilling, Lu Chen coldly said, "It seems you are not truly intent on submitting to the Daqin Immortal Dynasty; your so-called submission is merely a stalling tactic. If that's so, then you are useless."

With that, Lu Chen instructed Wan Xu Immortal Venerable, "Take action!"

The Evil Shadow Immortal King immediately replied, "I surrender, I'll surrender right now!!!"

As his voice fell, the Evil Shadow Immortal King promptly extracted his own soul source.

Although surrendering his soul source meant his life would subsequently be in someone else's hands and his freedom lost, it was still better than losing his life immediately. As long as he lived, he might one day restore his freedom.

Lu Chen glanced at the black soul source floating in the air, raised his hand to grasp it, then said to the Evil Shadow Immortal King, "Since you have surrendered to the Daqin Immortal Dynasty, from now on, you must never engage in an Evil Immortal's act of massacre."

"Should I discover that you willfully slaughter innocent lives, I will immediately send you down for punishment."

Upon hearing Lu Chen's words, the Evil Shadow Immortal King was drenched in sweat, swiftly replying, "Rest assured, Your Majesty, I will definitely heed Your Majesty's words."

Lu Chen then said, "Alright, go settle somewhere within the Daqin Immortal Dynasty. I will summon you when you're needed."

The Evil Shadow Immortal King respectfully said, "Yes, Your Majesty."

Upon his words, the Evil Shadow Immortal King transformed into a shadow blending into the shadow of a pillar in the Imperial Study Room, soon vanishing entirely.

After the Evil Shadow Immortal King left, Wan Xu Immortal Venerable asked, "Your Majesty, are you sure about keeping him?"

Lu Chen replied, "Currently, the Daqin Immortal Dynasty is in need of people, so let's keep him for now."

"His stealth skills are impressive. If not for a trace of evil qi he leaked, I might not have noticed his presence."

"You probably didn't notice him earlier, right?"

Upon Lu Chen's question, Wan Xu Immortal Venerable quickly answered, "God Master, pardon my negligence—it was indeed my oversight."

Lu Chen furrowed his brow briefly, then corrected, "I've mentioned many times; there's no 'God Master' anymore."

Wan Xu Immortal Venerable responded, "Yes, Your Majesty!"

Lu Chen continued, "Even you, an Immortal Venerate, couldn't perceive his presence. If we send him to spy on the major forces, he might uncover many unknown secrets."

Lu Chen then shifted the subject, "What do you think about this Blood Ancestor?"

Upon hearing this question, Wan Xu Immortal Venerable hesitated, knowing many restrictions existed; for now, he could not disclose much to Lu Chen.

"Your Majesty, I am temporarily unable to say."

Upon hearing Wan Xu Immortal Venerable's words, Lu Chen immediately understood—the Blood Ancestor indeed relates to his past lives.

Lu Chen continued to ask, "Is he an enemy?"

Lu Chen was aware of the restrictions and didn't give Wan Xu Immortal Venerable a hard time; he merely wanted to ascertain if the Blood Ancestor was foe or friend.

Of course, he suspected the Blood Ancestor was most likely an enemy, but it needed confirmation.

Wan Xu Immortal Venerable answered, "An enemy."

Capítulo 1948: Chapter 1638: A Great Power Falls in the Southern Domain

After receiving a definite answer from Wan Xu Immortal Venerable, Lu Chen let out a deep sigh. He inexplicably gained another enemy.

In his past lives, he didn't even know how many enemies he had. The bizarre creatures were likely related to him, and now a Blood Ancestor emerged.

Moreover, this Blood Ancestor doesn't seem to be sealed. He could leave Blood Eagle Hall at any time and come looking for trouble.

However, if this Blood Ancestor really wanted to cause trouble, he should have left Blood Eagle Hall immediately after gathering intelligence about Lu Chen.

According to the memory of Evil Shadow Immortal King, the Blood Ancestor could easily aid the Blood Demon in becoming an Immortal Venerate, and the entire Blood Eagle Hall cultivated using his blood.

The Blood Ancestor has at least the strength above an Immortal Venerate, possibly even an Immortal Emperor. Such a powerful being, finding Lu should be effortless, not requiring others to search for him, which left Lu Chen somewhat confused.

Could it be...

Lu Chen suddenly had a suspicion in his mind. Could it be that the Blood Ancestor, despite his strength, remains in Blood Eagle Hall's Small World because he is severely injured and can't leave voluntarily?

Or is it possible that the Blood Ancestor, like the bizarre creature, is in a sealed state and can only move in specific locations?

Thinking of this, Lu Chen stopped overthinking. Since the Blood Ancestor hadn't come for him, it meant the Blood Ancestor had concerns, or perhaps he simply couldn't come for him actively. If so, there's nothing to worry about.

He didn't need to think too much. After all, he didn't know how many enemies his past incarnations had, and it didn't matter to have one more. He should focus his attention on enhancing his cultivation state.

...

Meanwhile.

Nine Heavens Institute.

High above the Nine Heavens Institute, in the clouds, Xuan Qingyun sat cross-legged and opened her eyes, sensing the immortal aura of Tianyan Immortal Domain increasing wildly. Xuan Qingyun immediately speculated the reason in her mind.

Her gaze shifted toward the direction of the Southern Domain, and she muttered to herself, “One perishes, all things thrive. At least it’s a worthy demise.”

Then Xuan Qingyun sent a message to the Immortal Venerates of the Nine Heavens Institute, “Within three days, all Immortal Venerates must come to me.”

Upon hearing Xuan Qingyun’s message, all the Immortal Venerates in the Northern Domain hurried toward the Nine Heavens Institute.

Knowing Xuan Qingyun had summoned all the Immortal Venerates of the Northern Domain, people there speculated whether Xuan Qingyun was ready to settle scores with the powers related to Azure Dragon Hall.

When all the Immortal Venerates of the Northern Domain gathered above the Nine Heavens Institute, Xuan Qingyun gave a cold glance at the gathered Immortal Venerates and then said to them, “A Great Power has fallen in the Southern Domain, and the entrance to the Small World where that Great Power lived during life has appeared in the Chaotic Zone. You can send people to seek opportunities.”

Upon hearing these words, the present Immortal Venerates looked at each other.

A Great Power fallen?

It's impossible for an Immortal Emperor to call a Great Power merely an Immortal Venerate, right? Could it be an Immortal Emperor has fallen?

But the qi fortune of the current Tianyan Immortal Domain is declining and can't support the presence of multiple Immortal Emperors.

Realizing this, the Immortal Venerates suddenly understood.

Indeed, with Tianyan Immortal Domain's declining qi fortune, it can no longer support multiple Immortal Emperors. Since their Demon Emperor has already recovered his Immortal Emperor cultivation state, all the qi fortune has converged onto the Demon Emperor. Hence, the hidden Immortal Emperor naturally couldn't last long and fell.

If their speculation was true and indeed an Immortal Emperor had fallen, then the Small World of that Immortal Emperor probably holds countless opportunities.

At this thought, the gathered Immortal Venerates were full of excitement, eager to rush to the Chaotic Zone in the Southern Domain immediately.

At this moment, an Immortal Venerate openly asked, “My lord, is that Great Power of Immortal Emperor cultivation state?”

Xuan Qingyun replied flatly, “It can be considered of Immortal Emperor cultivation state, but the fallen one is not an Immortal.”

Hearing Xuan Qingyun’s reply, everyone was stunned again. Not an Immortal?

Does this world have other Great Powers besides Immortal Emperors?

Could it be a bizarre creature?

Xuan Qingyun continued, “Alright, prepare yourselves and set off. For now, not many know.”

The crowd saw that Xuan Qingyun didn’t plan to explain further, so they all respectfully said, “We shall follow Heavenly Maiden’s decree.”

With those words, the Immortal Venerates immediately set off towards the Southern Domain.

...

The Northern Domain's numerous Immortal Venerates heading to the Southern Domain could not have gone unnoticed by the other realms. Ever since Xuan Qingyun regained her Immortal Emperor cultivation, other realms' powers have been watching Nine Heavens Institute's every move, fearing the Demon Emperor might descend south.

Now, with Nine Heavens Institute suddenly sending so many Immortal Venerates south, and covertly too, other realms couldn't help but worry if the Demon Emperor had some new plans.

However, people didn't expect that the Immortal Venerates of Nine Heavens Institute didn't go to Barbaric lands to settle scores with the Azure Dragon Hall and its former Northern Domain powers, nor did they stop in the Central or Eastern Domains, but headed straight for the Southern Domain. They seemed to have a clear target.

Soon, various forces also began sending people to the Southern Domain to see what exactly was attracting the people from Nine Heavens Institute.

Time quickly passed, and years went by.

Beast Alliance.

In a pavilion on the summit of a mountain, surrounded by clouds and mist, immortal cranes occasionally flew past.

Lu Chen, dressed in white robes with gold trim, sat on a stone bench in the pavilion, quietly sipping tea.

Since his current body followed Xiyue Immortal Venerable back to the Beast Alliance, she had been avoiding him all these years. Despite being provided with excellent food and drink on this mountain, he had not seen Xiyue Immortal Venerable even once.

Although he was treated well, his primary purpose for coming to the Beast Alliance was to get close to Xiyue Immortal Venerable and cultivate feelings with her. Without a chance to meet, how was he to cultivate feelings?

At that moment, a scent suddenly wafted into Lu Chen's nose, and he put down his teacup, slightly raised his nose, and sniffed the air, then said with a smile, "The person hasn't arrived, but the fragrance has. Xiyue Immortal Venerable's body is still so sweet."

As soon as Lu Chen finished speaking, Xiyue Immortal Venerable appeared in the pavilion. Hearing Lu Chen's words, Xiyue Immortal Venerable's eyebrows slightly furrowed.

What did he mean by her body still being so sweet? Did that imply he had touched her body before?

This was an insult to her!

Xiyue Immortal Venerable held back her anger, only considering him a mere clone, unworthy of her wrath.

Lu Chen then continued to ask, "I wonder what brings Xiyue Immortal Venerable here today?"

"Could it be that traces of the bizarre creatures were found in the Eastern Domain?"

Upon hearing Lu Chen's question, Xiyue Immortal Venerable chuckled lightly and said, "I thought, Lu, your divine skills were so vast that there was nothing you didn't know."

Then Xiyue Immortal Venerable directly said, “Do you know that the Nine Heavens Institute has been sending people to the Southern Domain recently?”

Hearing this, Lu Chen gazed in confusion at Xiyue Immortal Venerable. He indeed hadn’t caught any wind of this matter.

The major forces were all secretly watching the movements of the Nine Heavens Institute’s people, and even if they knew of the Nine Heavens Institute’s actions, they dared not spread the news to avoid alerting the enemy.

Of course, the main reason they didn’t dare to spread news of the Nine Heavens Institute was the fear of offending the Demon Emperor, so this matter was known only to the higher-ups of those major forces.

Lu Chen then said, “I didn’t know about this. What did the Nine Heavens Institute send people to the Southern Domain for? Was it to reinforce the strange sealing at the Sunset Mountain Range?”

Capítulo 1949: Chapter 1639: What I Want, Xiyue Immortal Venerable Should Already Know

Hearing Lu Chen's words, Xiyue Immortal Venerable let out a slight laugh, "How could the Demon Emperor be so kind-hearted? It's already a relief she hasn't actively released bizarre creatures to wreak havoc on the world."

Lu Chen said, "So what is the Nine Heavens Institute doing in the Southern Domain?"

Xiyue Immortal Venerable replied, "According to our intel, it seems the Nine Heavens Institute discovered the entrance to a Small World in the Chaotic Zone of the Southern Domain, which a Great Power once resided in. They are now sending people to seek opportunities there."

Lu Chen asked in confusion, "A Great Power?"

Xiyue Immortal Venerable continued, "Some speculate that the revival of Immortal Aura in recent years is because an Immortal Emperor has fallen, and the immortal power from the Immortal Emperor returned to the Tianyan Immortal Domain, causing the so-called revival of Immortal Aura."

"And the entrance to that Small World in the Southern Domain's Chaotic Zone is exactly where that fallen Immortal Emperor used to live."

“A place where an Immortal Emperor lived must contain numerous opportunities, so the Nine Heavens Institute is sending people to the Chaotic Zone of the Southern Domain to obtain the opportunities left by that Immortal Emperor.”

Hearing Xiyue Immortal Venerable’s words, Lu Chen pondered for a moment and suddenly felt that Xiyue Immortal Venerable’s speculation was very reasonable.

The Immortal Aura in the Tianyan Immortal Domain would not appear without reason, so it might really be that the fall of an Immortal Emperor caused the revival of Immortal Aura.

After contemplating for a moment, Lu Chen came back to his senses, smiling as he looked at Xiyue Immortal Venerable, “The Nine Heavens Institute discovered the entrance to the Small World of an Immortal Emperor, what does it have to do with me? Why is Xiyue Immortal Venerable telling me this?”

Lu Chen had already guessed the purpose of Xiyue Immortal Venerable’s visit. He knew that nowadays, many forces in the Tianyan Immortal Domain hope to have his clone with them, not because of bizarre creatures but to use him as a trump card.

The Chaos Spirit Ruins Sealing Heaven Array is not just capable of sealing bizarre creatures, after all, it’s a Holy Tier Formation that can seal even Immortal Venerates if enough power is infused.

Xiyue Immortal Venerable most likely came here to have him join her Beast Alliance members in heading south to compete for opportunities.

Seeing the smile on Lu Chen's face, Xiyue Immortal Venerable knew he had certainly guessed her intentions. His smile seemed to say he was sure to have an advantage over her, which made her quite displeased.

However, she eventually restrained herself and said, "Aren't you interested in the opportunities of an Immortal Emperor?"

Lu Chen spread his hands and said, "Even if I'm interested, I'd need to survive to have a chance at them."

"Those opportunities are coveted by the Nine Heavens Institute, backed by an Immortal Emperor. Do you really think you can oppose an Immortal Emperor?"

Xiyue Immortal Venerable said, "Naturally, we won't oppose an Immortal Emperor, but there are so many opportunities left by an Immortal Emperor. The Nine Heavens Institute might not find all the treasures left by the Immortal Emperor."

“Moreover, the Small World where the Immortal Emperor lived must be filled with many restrictions and traps, and the Nine Heavens Institute needs people to scout for them.”

“Do you think this information leaked because of our agents’ probing? Clearly, it’s because the Nine Heavens Institute intentionally released the information, aiming to attract other forces to send people and scout for them.”

Although forces in the Tianyan Immortal Domain are all watching the actions of the Nine Heavens Institute, the most they could find out is that people from the Nine Heavens Institute are heading south.

The fall of an Immortal Emperor—such information was clearly disseminated by the Nine Heavens Institute; otherwise, other forces wouldn’t know about the fall of an Immortal Emperor, let alone know about a Small World entrance in the Chaotic Zone of the Southern Domain.

Listening to Xiyue Immortal Venerable’s words, Lu Chen thought for a moment and considered her speculation quite reasonable.

But truth be told, even if the Nine Heavens Institute allows other forces to enter the Small World of the “Immortal Emperor,” he has little interest in the opportunities of an Immortal Emperor.

After all, he possesses a system, through which he can acquire Saint-level Immortal Techniques and Immortal Artifacts. There's no need to waste time exploring the Small World left by an Immortal Emperor.

Xiyue Immortal Venerable also mentioned that the Small World left by the Immortal Emperor is filled with many restrictions and mechanisms. Although his clone isn't worried about encountering unforeseen events, if the clone dies, it dies. However, entering it would surely be troublesome.

Lu Chen said at this time, "You know the Nine Heavens Institute released the information to let other forces scout for them. If there really are any good things, the people from the Nine Heavens Institute will just take them, leaving none for you. Better not waste your time."

Seeing Lu Chen having no interest in the Small World of the Immortal Emperor, Xiyue Immortal Venerable's expression turned slightly serious, "I have a premonition that there is an opportunity belonging to me inside that Small World."

Hearing this, Lu Chen observed Xiyue Immortal Venerable's beautiful face, trying to discern from her expression whether she was joking.

Indeed, Immortal Venerates can perceive some things; even without the ability to deduce the Heavenly Mechanism, they might foresee certain future events, like an impending crisis.

So the intuition of an Immortal Venerate is very important.

Lu Chen said with a smile, “Since you have a premonition of an opportunity that’s yours, why not go with the Beast Alliance people? Why tell me all this?”

“Could it be you’re worried that after you leave, the Beast Alliance would be unstable, so you want me to look after it for you?”

Hearing Lu Chen’s words, Xiyue Immortal Venerable’s brows furrowed tighter. This scoundrel clearly knew why she came today, yet he pretended not to know anything.

Xiyue Immortal Venerable straightforwardly said, “I want you to join me in exploring that Small World left by the Immortal Emperor.”

Lu Chen immediately replied, “I won’t go.”

Seeing Lu Chen refuse without even a thought, Xiyue Immortal Venerable snorted coldly, “It’s just a puppet physical body; are you afraid of death?”

Lu Chen said, “I just don’t want to waste energy and time on meaningless pursuits.”

“I’m not particularly interested in the opportunities of an Immortal Emperor. Besides, with people from the Nine Heavens Institute there, even if I did get some opportunity, it would likely be taken by them. It’d be a pointless trip.”

“Without any benefit, why should I explore that Small World?”

Xiyue Immortal Venerable immediately caught Lu Chen’s implied meaning—this scoundrel was asking for a benefit.

Xiyue Immortal Venerable directly asked, “What do you want? Just say it.”

Lu Chen smiled slightly, looking at Xiyue Immortal Venerable’s fair face, “What I want, Xiyue Immortal Venerable should already know.”

Hearing Lu Chen’s words, Xiyue Immortal Venerable couldn’t help but let her immortal power surge, and a pressure from an Immortal Venerate emanated from her.

However, in just a moment, Xiyue Immortal Venerable retracted the pressure and tried to control her emotions, “You should know that request is impossible, choose another.”

Lu Chen, at best, is just an assistance, and even if she goes to the Southern Domain, she may not obtain the opportunity she anticipates. How could she offer her body for a favor from Lu Chen?

After all, she is an Immortal Venerate, not so cheap.

Upon hearing Xiyue Immortal Venerate's words, Lu Chen picked up the teacup on the stone table, leisurely took a sip of tea, and then said, "I'm only interested in you. Besides you, there seems to be nothing else in the Beast Alliance that can move me."

Xiyue Immortal Venerate glared fiercely at Lu Chen.

This bastard!

After coming to her senses, Xiyue Immortal Venerate coldly said, "If you're unwilling, then let's just forget it."

It's not like she has to take Lu Chen there; she just wanted to use Lu Chen to intimidate those Immortal Venerates in the Nine Heavens Institute. With Lu Chen, who can inscribe the Chaos Spirit Ruins Sealing Heaven Array, those Immortal Venerates in the Nine Heavens Institute would definitely be cautious.

Even without Lu Chen's intimidation, with her strength, she could easily leave after obtaining whatever fortune she finds.

Lu Chen's refusal to accompany her was easy to let go.

Lu Chen also knew in his heart that trying to use this condition to make Xiyue Immortal Venerate his woman was impossible, so he didn't persist. He then said, "It's not impossible for me to go with you. How about this, if you kiss me, I'll go with you."

"This request is simple enough, isn't it."

Upon hearing Lu Chen's request, Xiyue Immortal Venerate almost couldn't restrain herself from unleashing her Immortal Venerate pressure again. She worked to calm her emotions and thought about it; if it's just a kiss, it seems she wouldn't incur much loss.

Seeing Xiyue Immortal Venerate fall silent, Lu Chen put down the teacup and said leisurely, "If you won't even give me a kiss, then forget it."

"You want me to accompany you to explore the Immortal Emperor's Small World, simply because you value my ability to inscribe the formation patterns of the Chaos Spirit Ruins Sealing Heaven Array and want to use this formation to intimidate some people."

"My presence will surely make many hesitate to strike against you, even the Immortal Venerates of the Nine Heavens Institute will be wary because of me."

"My impact is no less than that of a Holy-level Immortal Artifact's deterrent power, and just a kiss to take me along—you've made a big profit."

Xiyue Immortal Venerate remained silent and continued to stare fixedly at Lu Chen, seemingly weighing the pros and cons in her mind.

Seeing Xiyue Immortal Venerate still hesitating, Lu Chen wasn't anxious either. He poured himself another cup of tea and leisurely sipped it.

After an unknown time, Xiyue Immortal Venerate finally spoke: "Fine, I agree, but."

Seeing Xiyue Immortal Venerate agree, Lu Chen's lips curled slightly, revealing an almost imperceptible smile.

Though it seems like just a kiss, the kiss is merely a precursor to desensitization. For Xiyue Immortal Venerate to accept even the kiss, it means she's letting go of her Immortal Venerate dignity.

For most Immortals, morals aren't important, especially for Immortal Venerates. Whether Xiyue Immortal Venerate is willing to dual cultivate with him primarily depends on whether there's profit or if she can let go of her Immortal Venerate dignity.

Now that Xiyue Immortal Venerate has let go of her Immortal Venerate dignity, then in the future, dual cultivation just lacks the lure of profit.

Lu Chen then set down the teacup, stood up, and said, "Are you really agreeing?"

Xiyue Immortal Venerate expressionlessly said, "Don't get any ridiculous ideas. I agreed, but merely to let you accompany me to the Southern Domain to explore the Immortal's Small World. I advise you to abandon those unrealistic notions."

Lu Chen laughed and said, "Since you agreed, let's begin."

Upon hearing this, Xiyue Immortal Venerate was momentarily stunned.

Kissing, she'd seen it before, but asking her to actively kiss someone, she didn't actually know how to proceed.

Of course, mostly because her inner pride was still acting up; after all, she was an Immortal Venerate and a Demon Race Emperor, asking her to actively kiss a male human—it always made her feel a sense of dignity being swept away.

Xiyue Immortal Venerate quickly calmed her emotions, deciding to think of it as just kissing a stone.

With this thought, Xiyue Immortal Venerate directly walked towards Lu Chen. The next moment, she stood in front of Lu Chen, just as she was about to lean in to kiss him, Lu Chen suddenly said, "Oh, right, it's not a kiss if it's anywhere other than the lips."

Xiyue Immortal Venerate's face instantly darkened, and she coldly said, "Don't push your luck!"

Lu Chen said, "If you're unwilling, then forget it."

"If it's just other places, what's the point?"

Xiyue Immortal Venerate snorted coldly and said, "Such a lecher!"

At this moment, Xiyue Immortal Venerate was filled with anger. She directly grabbed Lu Chen's hand with one hand, pulled him into her arms, and immediately blocked Lu Chen's lips.

Feeling the warmth of Xiyue Immortal Venerate's lips, Lu Chen paused, surprised that Xiyue Immortal Venerate would kiss in such a way, which felt like he was forcefully kissed by her.

As Xiyue Immortal Venerate's lips met Lu Chen's, she thought, "It's nothing at all. I really don't understand why males are so fixated on these things."

Kissing these lips, what does it matter anyway?

This lecher won't think that kissing him means she likes him, right?

Just as Xiyue Immortal Venerate was thinking this, she suddenly sensed something was wrong; Lu Chen's lips began getting mischievous.

Xiyue Immortal Venerate's heart immediately burned with anger, this bastard!

Instinctively wanting to push Lu Chen away, she found his arms wrapping around her waist.

The fragrance from Xiyue Immortal Venerate's body and her soft form immediately stirred Lu Chen, and with their bodies so close, Xiyue Immortal Venerate instantly sensed Lu Chen's affection for her.

"Mmm mmm!!!"

Xiyue Immortal Venerate pushed hard against Lu Chen, finding him holding tightly onto her, unable to contain herself any longer. She directly used her immortal power, a surge of vast immortal power released from Xiyue Immortal Venerate's body, shaking Lu Chen away.

However, Xiyue Immortal Venerate didn't use full force, as this was merely Lu Chen's clone. Full force might shatter this body, and she'd be at a loss then.

After shaking Lu Chen away, Xiyue Immortal Venerate quickly utilized her immortal power, "Bleh, bleh, bleh..."

A while later, Xiyue Immortal Venerate glared furiously at Lu Chen, "Bastard, what were you doing just now!"

Lu Chen wiped the blood from the corner of his mouth, though Xiyue Immortal Venerate hadn't used full force, this body still suffered internal injuries.

After cleaning the blood at the corner of his mouth, Lu Chen laughed, "Now that's a real kiss."

Xiyue Immortal Venerate swore, "For the humiliation you subjected me to today, if I find your main body someday, you'll pay the price!"

Lu Chen at that moment licked his lips and then said, "So sweet."

Upon hearing this, Xiyue Immortal Venerate's fury surged once again.

Xiyue Immortal Venerate knew there was nothing she could do about Lu Chen now; even if she killed this clone, it wouldn't affect Lu Chen at all. She worked to calm her emotions, then said, "Now, you should accompany me to the Southern Domain to explore the Immortal Emperor's Small World."

Lu Chen said, "Naturally, I'm known for keeping my word."

Xiyue Immortal Venerate coldly snorted again, then turned around, at which instant she cast a glance at Lu Chen's body, and immediately, her body vanished.

At this moment, she didn't want to see Lu Chen at all.

As her body disappeared, her voice echoed in Lu Chen's mind, "When it's time to head to the Southern Domain, I'll come find you."
