Capítulo 1956: Chapter 1646: Aren't You Kind-Hearted

The forest where Lu Chen and his companions were was blocking the heavenly anomaly, but they determined the direction based on the sound and quickly left that dense forest.

As they emerged from the forest, they saw the serpentine Heavenly Ladder in the sky.

The Heavenly Ladder emitted a colorful glow that reached up to the clouds. Its halo made people feel very comfortable. At this moment, Chu Zhengyu stopped in his tracks and looked at his own body in surprise.

Under the shine of the Heavenly Ladder's light, his body was indeed recovering rapidly, and the wounds on his body were gradually disappearing.

Chu Zhengyu felt a slight heat in his heart. Perhaps there really were treasures or anomalies below the Heavenly Ladder, and maybe there was an opportunity that could allow him to break through to Immortal Venerate.

Thinking of this, Chu Zhengyu glanced at Lu Chen. To be honest, he didn't want to bring Lu Chen to the location below the anomaly.

His body had already recovered a lot, and his Cultivation State had also restored quite a bit. His speed would certainly be faster than this Mortal Immortal by his side, and if he brought this Mortal Immortal along, his speed would be greatly reduced.

To seize opportunities, one has to be fast; otherwise, by the time he gets there, nothing would be left.

However, he always felt that this person was not simple. The Beast Alliance brought this person in, not just for his Healing Technique; perhaps there was some other secret on this person.

Chu Zhengyu thought for a moment and finally decided to bring Lu Chen along.

Regardless of whether this person had other secrets, his Healing Technique was still very useful to him until he found other Immortal Kings from the Nine Heavens Institute.

Below the Heavenly Ladder anomaly was a valley, and outside the valley, various forces had already gathered.

Xiyue Immortal Venerable felt a slight relief when she arrived at the valley and encountered more than a dozen people from the Beast Alliance. Most of them had Cultivation States above Immortal Monarch, with some Immortal Kings.

By merging with them, if they encountered some danger, they could handle it better.

At this moment, people looked at the Heavenly Ladder in front of them and started discussing animatedly.

“There should be some kind of inheritance in this valley, right?”

“Why don’t we go down and take a look?”

“Who knows if there’s any danger in there; let’s wait a bit longer.”

“This Small World is too difficult to explore; we can’t use Divine Sense to probe it. How would we know what’s inside?”

“I don’t know why, but I always have a feeling of unease.”

...

Listening to people’s discussions, Xiyue Immortal Venerable outside the valley also fell into contemplation; she too felt that something was strange about this valley.

The power inside the valley didn’t seem like immortal power?

At this moment, a voice came from behind the crowd, “Ladies and gentlemen, the opportunity is right before your eyes, why don’t you go in and take a look?”

Upon hearing this voice, everyone present turned to look back, only to see a person exuding green Immortal Aura slowly walking into the crowd. Everywhere he passed, people retreated in avoidance.

The green Immortal Aura emanating from that person seemed like some kind of poison, making people feel extremely dangerous.

At this time, an Immortal King in the crowd spoke up, “If you want to go in, you go in first.”

Qingming Immortal King let out a cold laugh and directly took out a Token representing Nine Heavens Institute’s identity and said, “I am the Outer Court Steward of Nine Heavens Institute. From now on, everyone present must follow my orders.”

The crowd was momentarily stunned upon seeing the Token on that person, but they quickly realized that this kind of place would attract them and naturally also attract people from the Nine Heavens Institute.

However, what followed was troublesome. When they entered this Small World, the Immortal Venerate of Nine Heavens Institute had once said that if they encountered people from the Nine Heavens Institute after entering the Small World, they must obey the Nine Heavens Institute’s orders.

Next, the Immortal King from Nine Heavens Institute would surely order them to enter the valley ahead to explore the way. Should they listen or not?

In a place that supposedly had great opportunities, there couldn’t possibly be no danger at all. Who knew what kind of dangers were lurking inside.

Barging in recklessly would surely lead to death.

Qingming Immortal King glanced at the people present, feeling satisfied with their worried expressions. As a Demon Cultivator, their fear greatly enhanced his power.

Qingming Immortal King then said, "All of you, enter this valley immediately."

Upon hearing Qingming Immortal King's command, the Immortals present looked at each other.

At this moment, an Immortal King next to Xiyue Immortal Venerable transmitted his voice to her, asking, "Alliance Hierarch, what should we do now?"

Xiyue Immortal Venerable was about to respond when she suddenly sensed a familiar aura approaching rapidly.

Her gaze quickly shifted towards the back of the crowd, and indeed she saw Lu Chen's figure.

Beside Lu Chen at this moment was an Immortal King. The moment that Immortal King appeared, the previously aggressive Qingming Immortal King instantly changed his demeanor, flatteringly greeting Chu Zhengyu, "Greetings, Elder Chu!"

Hearing Qingming Immortal King's words, the people present were all taken aback.

Elder?

An Immortal King could become an Elder of the Nine Heavens Institute?

Lu Chen wasn't too surprised by this. Chu Zhengyu had actively entered the Chaotic Sea with a group of Nine Heavens Institute people to look for Xuan Qingyun, eventually finding him and returning with Xuan Qingyun to the Tianyan Immortal Domain. Based on this alone, Chu Zhengyu's status in the Nine Heavens Institute would not be low.

After seeing that the Heavenly Ladder anomaly extended from the valley ahead, Chu Zhengyu slightly relaxed; fortunately, this anomaly was not far from the forest they were previously in, and they didn't encounter any fierce beasts.

Chu Zhengyu then said to Qingming Immortal King, "I've suffered some injuries."

As soon as Chu Zhengyu finished speaking, Qingming Immortal King immediately took out a bottle of Healing Pill from his Space Ring.

Chu Zhengyu took the Healing Pill, poured one into his mouth, then said to Qingming Immortal King, “Continue with your tasks; I’ll recover first.”

Qingming Immortal King quickly responded, “Yes, Elder.”

At this moment, Qingming Immortal King’s gaze swept over to Lu Chen beside Chu Zhengyu, making him somewhat curious. How could a Mortal Immortal be by the side of someone as important as Chu Zhengyu?

At this point, Lu Chen directly walked towards where Xiyue Immortal Venerable was located.

Upon seeing Lu Chen, Xiyue Immortal Venerable transmitted her voice, asking, “Why are you with an Elder from the Nine Heavens Institute?”

Lu Chen replied, “I ran into him as soon as I came in, and seeing he was seriously injured, I gave him some treatment.”

Xiyue Immortal Venerable, with an expressionless face, transmitted her voice saying, “You are kind.”

When most people see someone from the Nine Heavens Institute, there is always some resistance in their hearts, but Lu Chen actually took the initiative to heal someone from the Nine Heavens Institute, and moreover, it was an Elder of the Nine Heavens Institute.

If it were someone else, they would have probably stayed far away upon seeing a severely injured Immortal from the Nine Heavens Institute.

Upon seeing Lu Chen enter the Beast Alliance's group, Qingming Immortal King was even more puzzled. Why would the Beast Alliance send a Mortal Immortal in?

Qingming Immortal King didn't think much more about it. He glanced once more at the crowd outside the valley, then his gaze fell on several Golden Immortals, "You few, enter immediately!"

The faces of those Golden Immortals instantly turned pale, "Sir... we..."

As one of them was about to speak, Qingming Immortal King raised his hand, and the next moment, a giant hand, emitting poisonous green gas, grabbed one of the Golden Immortals. Following that, Qingming Immortal King's body suddenly enlarged, and the giant hand directly stuffed that Golden Immortal into his mouth.

Qingming Immortal King chewed twice, and blood splattered everywhere.

Seeing this scene, the Immortals present were immediately stunned.

Having children earns benefit, start competing for dominance in the world by marrying a wife

Witnessing a Golden Immortal being bitten to pieces and swallowed by Qingming Immortal King, the Immortals present finally realized that they were not facing an ordinary Immortal, but a Demon Cultivator, or even possibly a Heavenly Demon.

Heavenly Demons feed on Immortals. In front of a Heavenly Demon, they have no room for negotiation. If they continue to disobey, their fate will be no different from that of the Golden Immortal.

Qingming Immortal King's body quickly returned to its original state. He licked the blood on his lips and looked at the other Golden Immortals next to the one he had just consumed, then said, "Just in time, I'm a bit hungry."

"You should know how to choose."

After witnessing the fate of their fellow disciple, the remaining Golden Immortals trembled and said:

"We... we... will... go scout ahead..."

As soon as the words were spoken, the remaining Golden Immortals turned and ran towards the valley without hesitation.

Entering the valley might not mean death, but staying here would likely result in them being swallowed whole. They had no choice.

After those Golden Immortals entered the valley, a thick fog quickly enveloped the valley, making it impossible to see what was happening inside. The figures of those Golden Immortals gradually disappeared into the white mist.

This white mist seemed to block all forms of detection. Even the Immortal Kings couldn't sense the presence of those Golden Immortals with their perception abilities.

Now they didn't even know if those Golden Immortals were still alive.

At this moment, one of the Immortal Kings couldn't remain still any longer and directly walked into the white mist with the Golden Immortals behind him, without needing a word from Qingming Immortal King.

Although there might be danger inside, there might also be opportunities. Nowadays, the Life Dao is being corroded by mysterious forces, greatly shortening the lifespan of Immortals, many of whom need opportunities to break through limits.

Seeing someone take the initiative, the other Immortals also began to stir.

Qingming Immortal King frowned slightly. With this white mist as an obstruction, nobody knew what was happening inside. If it was dangerous, it would be fine, but if there were opportunities inside, letting these people enter first would mean those opportunities would belong to them.

If it were treasures, it would be fine. Even if these people obtained the treasures, he could threaten them into handing them over. But if it were certain Immortal Law inheritances, if these people didn't speak, he wouldn't know who had obtained the inheritance.

He couldn't possibly conduct a Soul Search on each person, as that would genuinely incur public outrage. At that point, these people might risk being killed outside to fight him to the death.

After thinking for a moment, Qingming Immortal King decided to go in with these people. If they really encountered danger, he could use them as scapegoats.

Thinking about this, Qingming Immortal King immediately said to the remaining Immortals, "Follow me inside!"

Upon hearing Qingming Immortal King's words, no one present refused. They had witnessed the tragic scene of the Golden Immortal with their own eyes and certainly didn't want to become Qingming Immortal King's little snack. The most important thing was they too wanted to see if there were any opportunities inside.

After that, all the Immortals present moved toward the valley, including Lu Chen.

Seeing everyone enter, Qingming Immortal King instructed the disciples of Nine Heavens Institute a few words and then followed those people into the valley.

As soon as they entered the valley, everyone sensed something wrong. Although their perceptions were blocked outside, upon entering the valley, they could clearly sense the presence of fierce beasts.

Xiyue Immortal Venerable immediately transmitted a message to Lu Chen and members of Beast Alliance, "Be careful, there are likely fierce beasts in this valley."

As soon as Xiyue Immortal Venerable finished speaking, some heart-wrenching screams came from the white mist.

The members of Beast Alliance quickly formed a circle, placing Lu Chen in the center. They knew Lu Chen's importance; Lu Chen could depict Holy Tier Array Patterns. If they encountered strong enemies, they would need Lu Chen to depict patterns to help them out of trouble, so Lu Chen must not be harmed.

At this time, an Immortal King flew into the air, attempting to use immortal power to disperse the white mist in the valley. However, unexpectedly, as soon as the Immortal King flew up, a black shadow appeared behind him.

The Immortal King realized he was being attacked and quickly rotated, blasting out a palm.

His Palm Qi collided with the black shadow, and a mass of black blood exploded. The Immortal King disdainfully said, "A bunch of beasts, pretending to be mysterious, but that's all there is to it."

Once he finished speaking, he directly summoned the Golden Body Dharma Form and quickly formed a spell with his fingers. In the next moment, several tornadoes appeared in the valley.

As the tornadoes swept through, the white mist gradually dissipated.

Seeing the white mist unexpectedly clear, the Immortals in the valley paused in surprise. When they were outside, they thought this mist was undispersible.

After entering the Small World, they had encountered many situations that couldn't be destroyed with immortal power. Clearly, there was Rule Power protecting certain scenes in this Small World, so when they saw the mist appear in the valley, they instinctively thought the mist couldn't be dispelled.

Now it seemed, clearly they had overthought it. It appears this mist is likely not a product of Rule Power, but rather caused by the fierce beasts within the Small World.

With the mist gone, the scene inside the valley came into view. In the middle of the valley was a giant stone tablet inscribed with countless dense runes.

Around the stone tablet, there were blood-red Dao Charm flows, but this Dao Charm was somewhat different from the known Dao Charms.

Generally, Dao Charms cause resonance among those cultivating similar paths, but the Dao Charm circulating around the stone tablet didn't trigger resonance in any Immortal present.

Among so many Immortals present, even if the Dao Charm circulating in the air differed from the paths these Immortals cultivated, many of them had lived for billions of years and have seen all kinds of Dao Charms.

Yet, the Dao Charm circulating in this valley was one that none of the Immortals present had ever seen before.

At this moment, someone was already suspecting that the fallen person was not an Immortal Emperor, but someone from Outer Heaven.

No time to study the runes on the stone tablet, suddenly, a black door appeared in front of the stone tablet. The next moment, countless fierce beasts of Immortal Monarch Realm rushed out of that door and charged toward the Immortals present.

This time without the mist, everyone could see these fierce beasts with their eyes. They were not as passive as before. They were not as frightened as when they initially entered the valley; some Immortals even took the initiative to face off against the beasts, engaging in battle.

For a moment, the entire valley became extremely chaotic as various magic filled the sky and the power of countless magic treasures intertwined.

Lu Chen was surrounded by Beast Alliance members for protection. Even though he only had Mortal Immortal Cultivation, he did not suffer any attacks.

Meanwhile, Chu Zhengyu had already entered the valley. Seeing the Beast Alliance members enveloping Lu Chen as if protecting him, Chu Zhengyu grew increasingly curious about Lu Chen's real identity.

So many members of the Demon Race protecting a Mortal Immortal? This seemed rather strange, and it was evident that this Mortal Immortal held a high position within the Beast Alliance.

Having children earns benefit, start competing for dominance in the world by marrying a wife

Capítulo 1958: Chapter 1648: Heaven Ascending Ladder

Chu Zhengyu did not focus his thoughts on Lu Chen. After glancing briefly at him, he turned his attention to the beast horde before him.

These beasts made him feel something was amiss.

If there were any Magic Treasures or inheritances here, the beasts guarding should be incredibly strong, yet these beasts were mostly at the Immortal Monarch Realm.

They are somewhat too weak.

During his time exploring this Small World, he had even encountered hordes of Immortal King-level beasts, with thousands possessing the Immortal King Realm, and those beasts were stronger than the average Immortal, not something they could contend with at all.

Otherwise, he would not have been severely wounded.

Chu Zhengyu became immediately vigilant, scanning the entire valley.

The valley extended several hundred yards horizontally, and looking vertically, its end was unfathomable.

This valley might not be as straightforward as it appears.

Seeing this terrain, Chu Zhengyu suddenly had a conjecture.

This place is perfectly suited for a beast den; their Divine Sense cannot probe the entire valley, and with the valley's end unseen, the mountain sides might conceal numerous caves where beasts hide.

If that's the case, once those Immortal King-level beasts return, they will likely face a brutal battle.

Although he had a suspicion, Chu Zhengyu did not alert the Immortals present; his gaze fixed on a distant stone stele.

The stone stele stood upon a circular platform dozens of yards across, behind which was the beginning of the Heavenly Ladder anomaly.

Chu Zhengyu pondered how could one obtain inheritance, or perhaps find the treasure here.

Judging by the stone stele, there probably wasn't much treasure here, but there might be some sort of Immortal Law inheritance.

However, generally, inheritances of Immortal Law within Secret Realms and small worlds of Great Powers aren't easily obtained; most require passing a series of trials.

Chu Zhengyu wondered if perhaps slaying beasts was a form of trial?

Just as Chu Zhengyu contemplated how to activate the inheritance, suddenly, the sky resounded with peals of a bell.

The people hadn't even reacted when powerful auras appeared from afar, and an Immortal exclaimed in terror, "You... look back there, the road... the road is blocked!!!"

Upon hearing this, everyone quickly turned toward the valley entrance, finding it blocked by a group of Immortal King-level beasts.

Moreover, the beasts within the valley grew in number, and the emerging beasts were all of the Immortal King Realm.

Chu Zhengyu's face turned grim. Having dealt with these beasts many times in this Small World, he knew how troublesome they were.

It's bad enough that these beasts are stronger than them; the crucial point is that there are so many, and these beasts seem fearless, recklessly charging as soon as they see an intruder.

In earlier encounters, he was able to flee solely because the place was spacious enough; now, trapped in the valley, escaping seemed difficult.

At this moment, some attempted to fly away upon seeing the multitude of Immortal King Realm beasts, but several Immortals who flew into the air were suppressed by a mysterious force.

Finding flying impossible, their faces turned pale. A Space Path cultivating Immortal attempted using Space Power to leave, only to realize space was restricted, unable to traverse using Space Power.

Now they are completely trapped here.

“It’s over, it’s over...”

“Why are there so many Immortal King Realm beasts!!!”

“What do we do now? Unable to fly, unable to teleport away, am I to perish here?”

...

Suddenly, the mood plummeted to a nadir, the valley weighed down by stifling oppression.

Lu Chen felt no tension, being merely a clone; death meant nothing.

His gaze landed upon that distant stone stele, feeling a peculiar familiarity with its inscriptions.

At that moment, a voice emerged in Lu Chen's mind.

“Ascend the Heaven Ladder; survival!”

Upon hearing, Lu Chen realized it might be the trial for obtaining inheritance here, using endless beasts to force people to ascend the Heaven Ladder.

Thinking further, if simply to select inheritors for the ladder, there's no need to use beasts to intimidate, as entrants are all after inheritance and treasure; why use beasts to frighten?

Lu Chen wasted no time, immediately transmitting to Xiyue Immortal Venerable and his group, “Approach the altar and ascend the Heaven Ladder!”

Upon hearing Lu Chen's transmission, Xiyue Immortal Venerable and other Beast Alliance members hesitated, with Xiyue Immortal Venerable questioning Lu Chen doubtfully, "Ascend the Heaven Ladder?"

Lu Chen replied, "No time to explain now, will discuss later."

Without further query, Xiyue Immortal Venerable transmitted to the Beast Alliance, "Follow his instruction, head for the altar!"

Xiyue Immortal Venerable thought Lu Chen wasn't ordinary; perhaps he discovered something, listening might temporarily escape danger.

Consequently, Beast Alliance members covered each other, battling the beasts while swiftly approaching the altar where the stone stele stood.

Chu Zhengyu, attentively observing Lu Chen, quickly noticed Beast Alliance's actions.

Very soon, the Beast Alliance reached the altar, directly proceeding to the Heaven Ladder.

As soon as they ascended, a heavy pressure assaulted them, with their Divine Souls feeling intense pain like being annihilated.

However, after ascending the Heaven Ladder, the surrounding beasts ceased attacking them.

Seeing this scene, Xiyue Immortal Venerable and Beast Alliance finally understood why Lu Chen had them ascend the Heaven Ladder.

But...

They couldn't indefinitely wait on the Heaven Ladder, right?

If these beasts don't leave, wouldn't they all be trapped to death?

Lu Chen spoke to the Beast Alliance members, "Continue up the ladder to escape."

Xiyue Immortal Venerable, unable to resist curiosity, asked, "How do you know?"

Lu Chen answered, "A guess."

Xiyue Immortal Venerable chuckled, knowing he avoided explaining, feigning a guess.

Yet truth be told, only continuing upward seems viable; beasts in the valley multiply, and with the Small World suppressing Immortals' powers, impossible to kill all beasts.

Following, Beast Alliance began climbing the ladder.

Seeing Lu Chen's group unharmed by beasts, Chu Zhengyu quickly caught on, immediately transmitting to Nine Heavens Institute people, "We should ascend the Heaven Ladder too!"

Upon receiving Chu Zhengyu's transmission, Nine Heavens Institute swiftly approached the ladder.

Soon, Nine Heavens Institute stepped onto the first stair; upon ascending, those beasts stopped attacking.

Having children earns benefit, start competing for dominance in the world by marrying a wife

Capítulo 1959: Chapter 1649: Could a Mortal Immortal Possess Such Divine Soul Strength?

After members of the Nine Heavens Institute ascended the Heavenly Ladder, more and more people discovered that climbing the Heavenly Ladder would prevent attacks from fierce beasts, so all the immortals in the valley surged towards the altar.

As time passed, more and more people advanced upwards on the Heavenly Ladder. At this moment, Qingming Immortal King noticed that people from the Beast Alliance had already ascended more than twenty steps. He then transmitted a message to Chu Zhengyu, saying, “Elder Chu, there might be an inheritance at the end of the Heavenly Ladder. These people from the Beast Alliance are faster than us; the inheritance might end up in their hands.”

Chu Zhengyu said, “Don’t be hasty, let’s wait and see. There might be other dangers on this Heavenly Ladder.”

Every step up this Heavenly Ladder meant enduring soul-tearing pain, and as the number of steps increased, the pressure grew, making the pain of soul-tearing even more intense.

The people from the Beast Alliance were just a step ahead, but that didn't mean they could hold out.

This Heavenly Ladder has at least ten thousand steps, and wanting to reach the top in a short time is almost impossible. Once reaching a certain stage, it becomes hard for those from the Beast Alliance to continue upward. So Chu Zhengyu wasn't worried about others snatching the inheritance before them.

Chu Zhengyu wasn't anxious, but some people outside the Nine Heavens Institute were. Seeing the Beast Alliance leading them by more than a dozen steps, someone finally couldn't resist and attacked the people from the Beast Alliance.

However, as soon as that person mobilized their immortal power, suddenly, a great force struck them off the Heavenly Ladder. Since flying was not possible here, they fell directly into the horde of fierce beasts below.

The next moment, that person was torn to pieces by the beasts below. Seeing this scene, people immediately realized that attacking others on the Heavenly Ladder was not allowed.

Once someone attacked others, they would be directly knocked off.

With this lesson learned, no one dared to attack others lightly anymore.

In the following day, the Beast Alliance members were doing their utmost to climb the Heavenly Ladder, but as they ascended more steps, they found it increasingly hard.

Now only Lu Chen and Xiyue Immortal Venerable seemed to find it easier. After all, the Heavenly Ladder targeted the soul, and both of their souls were very strong, so it didn't affect them too much.

At this point, a member of the Beast Alliance said to Xiyue Immortal Venerable, "Alliance Hierarch, you should go ahead, we must not waste time waiting for us."

The people of the Beast Alliance could tell that their alliance leader and Lu Chen were proceeding slowly mainly because they were waiting for them. Without waiting, their leader and Lu Chen might have ascended hundreds of steps already.

To seize the inheritance, the best strategy would be to let their leader and Lu Chen ascend first while they catch up slowly thereafter.

Xiyue Immortal Venerable turned to look at the Beast Alliance members behind them, sweating and twisted in pain and exhaustion.

Meanwhile, some people from the Nine Heavens Institute were already catching up, less than six steps behind. If they continued at this slow pace, it would only be a matter of time before those from the Nine Heavens Institute overtook them.

Xiyue Immortal Venerable then said, “Alright, you make your way up slowly. I and he will proceed first.”

Upon saying this, Xiyue Immortal Venerable looked towards Lu Chen and then transmitted, “Can you handle this?”

Lu Chen’s lips curved slightly into a grin, and he replied via transmission, “Without a doubt.”

Though he felt the soul oppression upon stepping onto the Heavenly Ladder, he didn’t suffer as much as others, only feeling a bit dizzy.

Xiyue Immortal Venerable said, “Good, then let’s speed up.”

Having said this, Xiyue Immortal Venerable immediately leaped forward, crossing three steps at once.

Lu Chen quickly followed, also crossing three steps as they accelerated upwards on the Heavenly Ladder.

Upon seeing this, the crowd from the Nine Heavens Institute was astounded, especially Chu Zhengyu. He had been paying attention to Lu Chen's situation, wondering how a Mortal Immortal could have such a strong soul.

Yet in the next moment, the other party effortlessly crossed three steps in one move.

Could the soul strength of a Mortal Immortal be this strong?

What a joke.

Chu Zhengyu wasn't foolish; recalling recent events in the Tianyan Immortal Domain, he had already guessed Lu Chen's identity.

Lu Chen's clone could inscribe Holy Rank Sealing Arrays, which other Immortal Venerates couldn't, proving the strength of Lu Chen's soul. Now, suddenly, there's a Mortal Immortal with such a strong soul in the Beast Alliance, and Lu Chen also had a clone in the Beast Alliance.

The identity of this Mortal Immortal was becoming evident.

No wonder the people from the Beast Alliance have been protecting him all along.

Lu Chen, to the Beast Alliance, was like a trump card now.

Within the limits of this small world, the maximum power was just at the Immortal King Realm. A Holy Rank Sealing Array could easily seal an Immortal King.

If conflict arose between the Beast Alliance and other forces, the Beast Alliance could directly use the Holy Rank Sealing Array, and no one could stand against them.

Thinking of this, Chu Zhengyu frowns deepened.

Although he and Lu Chen were acquainted, their relationship wasn't good, potentially being adversarial. Back then, for their heavenly girl to leave the Chaotic Sea, they seized the chaos beast's beast core and left Lu Chen behind, not taking him with them.

However, Lu Chen could easily advance under such pressure, indicating his soul strength might already rival that of an Immortal Venerate?

By this logic, Lu Chen's main body should also be an Immortal Venerate?

At this moment, Chu Zhengyu shifted his gaze to Xiyue Immortal Venerable beside Lu Chen.

Lu Chen's soul was strong, so leaping steps wasn't surprising, but who was the person beside Lu Chen? How could she also move so quickly?

Such soul strength indicated this person might also be a clone of an Immortal Venerate.

However, the soul of an Immortal Venerate's clone shouldn't be this strong, right? Why could this woman still resist the pressure of the Heavenly Ladder?

At this moment, Qingming Immortal King transmitted to Chu Zhengyu, "Elder Chu, those two from the Beast Alliance might not be ordinary."

Chu Zhengyu returned to his senses and said, "That Mortal Immortal has some connection to our heavenly girl, better not provoke him."

Upon hearing Chu Zhengyu's words, Qingming Immortal King was stunned. How could a Mortal Immortal have ties with their heavenly girl?

But since Chu Zhengyu said so, it couldn't be fake.

Chu Zhengyu didn't want to provoke Lu Chen, partly because Lu Chen had saved him before, and partly because he believed they stood little chance against Lu Chen's strength. Despite Lu Chen's Mortal Immortal body, he could inscribe Holy Rank Sealing Array patterns.

If a conflict arose, the Nine Heavens Institute would suffer.

Moreover, Lu Chen emerging from the Chaotic Sea already indicated his extraordinary nature. They should let their heavenly girl handle someone like Lu Chen.

In the following month, Lu Chen and the others continued climbing the Heavenly Ladder. As they neared the clouds, Lu Chen and Xiyue Immortal Venerable slowed down.

The soul-tearing sensation became increasingly apparent, and just as they had a few steps left before reaching the clouds, both stopped.
