

Having children earns benefit, start competing for dominance in the world by marrying a wife

Inside Fen Xiao's Small World.

Within a valley.

Lu Chen stood beside Xiyue Immortal Venerable, listening to an Immortal King from the Beast Alliance report on recent events in the Small World to Xiyue Immortal Venerable.

At this moment, Lu Chen sighed slightly and said, "I've given so much; if you don't offer yourself to me, it's really unfair."

He had taken the blame for the Beast Alliance, and now all the forces within the Small World had no interest in seeking opportunities; almost everyone was focused on finding his whereabouts.

Even the Nine Heavens Institute sent a large number of disciples into the Small World to search for traces of him.

Upon hearing Lu Chen speak to Xiyue Immortal Venerable like this, the foreheads of those Beast Alliance people standing nearby involuntarily showed beads of sweat.

Only Lu Chen dared to speak to their Alliance Hierarch this way.

Xiyue Immortal Venerable said coldly at this time, "It's just a clone, even if you lose this body, it won't affect you. What sacrifices have you made?"

Lu Chen said, "If you say so, then I'll tell everyone that my inheritance was snatched by the Beast Alliance."

Xiyue Immortal Venerable said carelessly, "Seems you don't want your Xianjin."

Lu Chen said, "For this bit of Xianjin, making me the public enemy of Tianyan Immortal Domain doesn't seem worth it."

Xiyue Immortal Venerable said, "Those forces were already eyeing the inheritance you got from the Chaotic Sea; it only adds one more thing that they're after from you."

As she and Lu Chen exchanged words, like quarreling, the Beast Alliance people present showed a hint of surprise in their eyes.

It was the first time they saw their Alliance Hierarch quarreling like this with someone; for an ordinary person, it was rare to speak a few more words with their Alliance Hierarch.

Moreover, Lu Chen had just offended their Alliance Hierarch, now the quarreling between the two seemed almost like flirtation.

...

Just as Lu Chen and Xiyue Immortal Venerable were quarreling, suddenly, a bell tolled once again in the skies of the Small World.

Hearing this bell, both Xiyue Immortal Venerable and Lu Chen stopped talking.

Every time the bell rings in this Small World, big things are bound to happen.

At this moment, the ground began to tremble, and the Beast Alliance people responsible for guarding outside the valley rushed into the valley and said, "Alliance Hierarch, something terrible is happening. Countless Immortal King level fierce beasts are charging toward us from afar."

Upon hearing this, Xiyue Immortal Venerable didn't hesitate, immediately took out the Immortal Ship from her inner world and said, "Let's go!"

As soon as she spoke, all the Beast Alliance people jumped onto the Immortal Ship, steering it into the sky.

Upon reaching high altitude, the scene on the ground could be fully seen; in the distance was an endless beast horde, which looked as if all the fierce beasts were in a frenzy.

Once gathered, the fierce beasts formed a beast tide.

A Demon Race Immortal King said, "With such a scale of beast tide, it's unlikely anyone can survive within it. We must hurry and leave this Small World."

These fierce beasts weren't just able to run on the ground; they could also fly, being Immortal King level beasts.

Faced with a beast tide of this level, hiding on the ground or in the sky was futile; the only option was to quickly leave the Small World.

More people joined in discussing escape plans as virtually all the fierce beasts within the Small World were charging to the west, forcing those exploring the Small World to flee westbound too.

Xiyue Immortal Venerable stood on the deck of the Immortal Ship, watching the vast horde of fierce beasts behind, lost in thought.

Beside her, Lu Chen said, "These fierce beasts seem to be fleeing for their lives; could something major be happening in the east?"

Upon hearing this, Xiyue Immortal Venerable speculated, "Could it be that a legacy has appeared, causing an anomaly that startled these beasts?"

Though many of the fierce beasts within the Small World are strong, with numerous reaching Immortal King level, their intelligence was low and couldn't compare to the Demon Race; even a little disturbance would startle them.

Therefore, Xiyue Immortal Venerable's speculation wasn't without reason. Lu Chen said, "Even if a legacy has appeared in the east, attempting to move east against the beast tide would be difficult."

The fierce beasts charged west frantically like mad, and should they defy the beast tide and move eastward, they would most likely be torn apart by these beasts.

Furthermore, there was a ban on space teleportation within this Small World, preventing them from using it to leave; they could only be pursued by the beast tide.

At this moment, the bell tolled again in the sky, expanding outward, as a sun slowly rose from the east within the Small World.

That sun appeared blood-red, with extremely high temperatures, incinerating numerous beasts into ashes before they could escape.

Seeing that sun, Lu Chen and the others understood why the horde of beasts was hastily fleeing.

At that moment, Lu Chen suddenly sensed a familiar aura, staring at the horizon's sun, became momentarily stunned on the Immortal Ship's deck.

After a while, Lu Chen said to Xiyue Immortal Venerable, "Do you think there's a possibility that the sun in the sky is the Beast Core we're searching for?"

Upon hearing Lu Chen's speculation, Xiyue Immortal Venerable was momentarily startled, and her eyes also turned towards the blood-red sun.

Throughout, they hadn't suspected that sun being the Beast Core, mainly because the laws governing this Small World were relatively complete, possessing sun, moon, and stars. Moreover, the sun wasn't emitting Demon Qi, making them doubt it being a Beast Core.

After regaining her senses, Xiyue Immortal Venerable said, "No Demon Qi, it shouldn't be."

Xiyue Immortal Venerable, now, didn't believe that sun could be a Beast Core; such a large Beast Core would certainly emit at least a trace of Demon Qi, yet she sensed none.

Lu Chen said, "You didn't sense any Demon Qi, but I felt a familiar aura. The aura emitted by that sun is very similar to the residual aura from the residual soul."

With Lu Chen's words, Xiyue Immortal Venerable immediately scrutinized the sun in the sky. The sun was growing hotter and larger.

Beneath the rolling heat waves, countless fierce beasts melted, and those immortals who couldn't escape were scorched and annihilated by the heat waves released by the sun.

Xiyue Immortal Venerable quickly noticed that as the sun released heat waves, it also seemed to be absorbing the Divine Soul Power of the immortals.

She couldn't help but wonder if there might be a residual soul left on the sun, the absorption of Divine Soul Power being reminiscent of the Heavenly Ladder that they climbed a decade ago.

Seeing the sun in the sky harvesting the lives of all creatures in the Small World, immortals from various forces gradually realized this Small World was a trap.

Lu Chen then questioned in confusion, "Its residual soul has already been destroyed, what activated this sun's power? Could it have left more than one residual soul?"

According to his memory after refining the residual soul, Fen Xiao exposed the Small World mainly to find someone from the Spirit Realm to deliver a message.

However, now, the sun's force seemed intent on destroying the entire Small World. If Fen Xiao left a legacy that couldn't find someone from the Spirit Realm but triggered the sun's power prematurely destroying the Small World, wouldn't his legacy be wasted?

Once the Small World is annihilated, how will Fen Xiao find someone from the Spirit Realm to deliver his message?

Having children earns benefit, start competing for dominance in the world by marrying a wife

At this moment, the sun in the sky was getting larger, the temperature of the entire small world rose higher and higher, and the heatwaves surged continuously towards Lu Chen and his group.

Lu Chen and his companions were fleeing towards the west at the fastest speed, but at the rate of the heatwave, it wouldn't be long before they were affected.

Only by finding the exit of the small world could they possibly survive.

The power emanating from this sun was too terrifying; not to mention an Immortal King, even an Immortal Venerable might not be able to withstand it.

At this time, an Immortal suddenly said, "Look quickly, there seems to be something in the middle of the sun."

Upon hearing this, Lu Chen and Xiyue Immortal Venerable immediately looked back towards the sun and indeed saw a faint Black Bell appearing in the middle of the sun.

Lu Chen then realized that it was not the sun absorbing Divine Soul Power, but that Black Bell was harvesting the Divine Soul Power of the immortals within the small world.

At this moment, a system interface popped up in front of Lu Chen.

[Demon Abyss Soul-devouring Bell: Can absorb Divine Soul Power to strengthen user's divine soul]

Seeing this introduction, Lu Chen was taken aback.

Absorbing Divine Soul Power to strengthen one's divine soul?

So, could it be that behind the Demon Abyss Soul-devouring Bell there indeed existed another residual soul of Fen Xiao?

Is it possible that this residual soul, like the one they encountered ten years ago, intends to be reborn by mobilizing the power of the Beast Core, planning to annihilate all the immortals who enter this small world, then absorb their Divine Soul Power to nourish his soul, thus living a second life?

Upon thinking of this possibility, Lu Chen immediately said to Xiyue Immortal Venerable: "It now seems that the one manipulating that sun could indeed be one of that guy's residual souls."

"That Black Bell can absorb the Divine Soul Power of other immortals, thereby strengthening the user's divine soul."

Hearing Lu Chen's words, Xiyue Immortal Venerable curiously asked, "How do you know the effect of that Black Bell?"

All of them were entering this world for the first time, and were seeing that Black Bell for the first time, yet Lu Chen just took one look and knew its function, which naturally made Xiyue Immortal Venerable feel curious.

Lu Chen changed the topic and said, "Now isn't the time to talk about these; you need to think about how to help your Beast Alliance people escape."

Both he and she were just clones, so even if the heatwave surged, they could withdraw their consciousness immediately. Even if the clone died, it wouldn't affect them.

But it's different for others in the Beast Alliance; they all entered this small world in their true bodies. If they were hit by the heatwave, they'd be annihilated in an instant, and their remaining Divine Soul Power would be absorbed by that Black Bell.

Hearing Lu Chen's words, Xiyue Immortal Venerable frowned, glancing at the Beast Alliance members who followed her.

Because immortals cannot enter this world, the highest cultivation state among those of Beast Alliance who entered was Immortal King Realm.

Frankly speaking, the number of Immortal Kings in the Beast Alliance isn't small, even if these Immortal Kings within the small world died, it wouldn't greatly impact the entire Beast Alliance.

Moreover, with so many Immortal Kings from various factions of Tianyan Immortal Domain here, it's not only the Immortal Kings of Beast Alliance who would die.

So after these Immortal Kings died, the forces of all parties would still maintain a balanced status.

But as the Alliance Hierarchy of the Beast Alliance, Xiyue Immortal Venerable couldn't just stand by and do nothing.

However, the power from that sun burst was too terrifying; even Immortal King-level beasts turned to ashes the moment they touched the heatwave it emitted.

She currently only had one Immortal King clone in this small world, and saving these Beast Alliance people might be challenging.

Unless they got lucky and found an exit.

Xiyue Immortal Venerable remained silent for a long time, still unable to think of a way to save these people, and in her heart, she was already contemplating giving up on those who followed her into the small world.

But at this moment, a cold voice rang out within the small world.

"You're hidden so deeply; this Emperor even thought you had truly fallen."

Upon hearing this voice, Lu Chen was taken aback.

Is that Xuan Qingyun's voice?

Is Xuan Qingyun also in this small world?

No, Xuan Qingyun is now an Immortal Emperor; her thoughts can project anywhere in Tianyan Immortal Domain instantly, so she herself shouldn't be here.

At this moment, the people from the Nine Heavens Institute, hearing the voice of the Heavenly Girl, were overjoyed; with the Heavenly Girl here, they would be saved.

It seemed that the residual soul behind the Demon Abyss Soul-devouring Bell had sensed Xuan Qingyun's intentions, as the sun suddenly doubled in size, becoming hotter, and the whole small world began to tremble, as if it might collapse at any moment.

At this moment, a cold snort resounded in the sky, followed by a swarm of black Heavenly Demon Power pouring into this small world, plunging more than half of it into darkness in an instant.

The sun started to pulsate wildly, just like a heartbeat, each expansion and contraction bursting forth with rolling heatwaves.

The heatwaves surged madly towards the Heavenly Demon Power, and when the two forces clashed, the small world turned into two realms of darkness and light.

The immortals of Tianyan Immortal Domain, enveloped by the Heavenly Demon Power, felt extremely uncomfortable, but Xuan Qingyun's intervention ultimately saved them. Without her intervention, most of the immortals within the small world would likely have turned to ashes.

Watching the blood-red sun, Lu Chen reminded Xiyue Immortal Venerable: "I'm afraid your opportunity is going to be taken by that woman."

Hearing Lu Chen's reminder, Xiyue Immortal Venerable finally reacted, her brow furrowed tightly, eyes fixated on the area where Heavenly Demon Power and the sun were battling.

The two forces clashed continuously, the resultant shockwave swept across the whole small world, and ravines appeared on the surface of the earth with beasts plummeting into them.

Xiyue Immortal Venerable felt somewhat helpless; if the Demon Emperor wanted to seize that Beast Core from her, she probably couldn't outmatch him.

After all, the other was already an Immortal Emperor while she was still an Immortal Venerable; in front of an Immortal Emperor, an Immortal Venerable was like an ant.

Could it be that this opportunity was really going to be snatched by Xuan Qingyun?

Just as Xiyue Immortal Venerable was distracted, Xuan Qingyun's Heavenly Demon Power transformed into a gigantic claw and struck directly at the sun.

Boom!!!

With Xuan Qingyun's intervention, the small world could no longer withstand their power; countless Space Rifts appeared between heaven and earth, and the small world's Laws gradually crumbled.

Without the restraint of the small world's Laws, the Immortal Kings' powers gradually returned, and their Divine Senses could probe the entire small world.

As the Immortal Kings released their Divine Senses, in just a moment, the Immortal Kings of each faction found the exit from this small world.

Without any hesitation, people surged towards those small world exits; Xiyue Immortal Venerable, after a glance at the sun, also led the Beast Alliance members towards the nearest exit.

With Xuan Qingyun, this Immortal Emperor's intervention, this small world would soon collapse, and as for the opportunity that she had coveted, it would most likely fall into Xuan Qingyun's hands.

Xiyue Immortal Venerable had completely given up on the Beast Core in her heart.

Having children earns benefit, start competing for dominance in the world by marrying a wife

At this moment, outside the small world, the various forces seeing the Immortals emerging from the small world were instantly bewildered.

In the past, it might have been months without seeing anyone come out, but now suddenly tens of thousands are pouring out—what's going on?

Soon, the forces heard from their alive fellow sect members about the events inside the small world.

Only then did people realize that this small world was indeed a grand scheme by some Great Power, and there probably wasn't any kind of legacy inside. The Great Power had drawn them here intending to absorb their Divine Soul Power.

Fortunately, the Demon Emperor noticed in time, or otherwise, who knows how many Immortal Kings of the Tianyan Immortal Domain would have died. With

their deaths, the number of Immortal Venerates would have sharply decreased following their continuing demise.

Now, people were not in the mood to trouble Lu Chen. Having just escaped from death, most no longer believed there was any legacy inside, suspecting that the news of Lu Chen obtaining a legacy was probably fake.

Xiyue Immortal Venerable, leading the Beast Alliance out of the small world, initially thought they would be besieged by various forces, who would force the Beast Alliance to hand over Lu Chen. But upon emerging, she found that none of the forces were interested in dealing with the Beast Alliance.

Xiyue Immortal Venerable turned her head, intending to say something to Lu Chen beside her, only to find that he wasn't there.

Xiyue Immortal Venerable was momentarily stunned.

Lu Chen didn't come out with them?

Xiyue Immortal Venerable didn't think much of it; whether he came out or not was of no consequence, as it was just a puppet physical body of Lu Chen's. If it died, so be it.

By not coming out with them, Lu Chen wouldn't make the Beast Alliance a target of public criticism. If people saw Lu Chen coming out with them, they might think he gave the legacy to the Beast Alliance.

Xiyue Immortal Venerable then transmitted to the Beast Alliance members, "Everyone, head back to the Eastern Domain immediately!"

Upon hearing Xiyue Immortal Venerable's transmission, the Immortal Ships of the Beast Alliance quickly departed, embarking on the journey back.

Meanwhile.

Inside the small world.

The demonic claw, manifested by the Heavenly Demon Power, touched the sun, causing cracks to appear on its surface. Soon, with a shatter, the sun's true nature was revealed.

At the center of the sun was a circular core, emitting a blood-red glow with dense, irregular patterns on its surface.

As the core was exposed, overwhelming Demon Qi was also unleashed.

Seeing this, Lu Chen, suspended in the air, laughed lightly.

So it really is a Beast Core.

But speaking of which, with Xuan Qingyun's intent appearing here now, she would likely directly seize the Beast Core. Helping Xiyue Immortal Venerable snatch the Beast Core wouldn't be easy.

Also, Xuan Qingyun probably already detected his presence, knowing that he's eyeing that Beast Core.

Then, Xuan Qingyun's voice resounded again from above, "The Beast Core is already exposed. How long are you planning to hide?"

Hearing these words, Lu Chen was startled, thinking Xuan Qingyun was speaking to him. Just as he was about to respond, another voice echoed from the sky.

"Demon Emperor, we have neither grievances nor enmity with you. Must you exterminate us?"

Xuan Qingyun coldly said, "It is precisely because of you mice hiding in the gutter, stealing the Heavenly Dao Origin, that this Emperor cannot take over the Heavenly Dao of Tianyan Immortal Domain."

The man's voice rang out again, "Heavenly Dao? Ridiculous. The Tianyan Immortal Domain was originally forged with our flesh and blood. What's wrong with us absorbing the Heavenly Dao Origin?"

"Don't think that because you're an Immortal Emperor, you can do as you please. Once you're out of this world, you're not even better than an Earth Realm Spirit Warrior!"

Xuan Qingyun didn't plan on wasting breath on that residual soul. The Heavenly Demon Power converged once more.

At this moment, the residual soul of Fen Xiao, hidden in the Beast Core, finally revealed itself.

Fen Xiao's residual soul was colossal, reaching almost the height of the small world, with a head touching the sky and feet on the ground.

Seeing Fen Xiao's residual soul, Lu Chen frowned slightly. Fen Xiao really did have another residual soul.

Why did Fen Xiao leave behind a residual soul with a fake legacy to screen people from the Spirit Realm?

According to the memory of the residual soul he refined, Fen Xiao's purpose was to have the remaining Spirit Realm people deliver a message, telling his faction that Fen Xiao had already fallen.

That residual soul clearly had final instructions, so why does this other residual soul want to harvest the Divine Souls of Tianyan Immortal Domain's Immortals?

Lu Chen suddenly thought of a possibility: this residual soul attached to the Beast Core might have another purpose.

However, just like the residual soul he refined, this residual soul also doesn't want to disappear. Seeing so many Immortals appearing in the small world, it decided the chance for resurrection had come. So it wanted to use the Demon Abyss Soul-devouring Bell to devour the Divine Soul Power of the Immortals, strengthening its Divine Soul.

After hearing the words of Fen Xiao's residual soul, Xuan Qingyun was unimpressed. She naturally knew that in the world beyond, there might exist even more terrifying entities.

She had realized the great horror of Outer Heaven back when she first became an Immortal Emperor. At that time, she entered the Chaotic Sea, searching for a way

to leave this world. Unfortunately, she found nothing and instead, the Chaos Qi eroded her sanity.

Xuan Qingyun's voice echoed again in the small world, "Perhaps my power outside this world may indeed be insignificant, but within the Tianyan Immortal Domain, I am Heaven!"

"No matter who you are or where you're from, anyone obstructing this Emperor from taking over the Heavenly Dao is an enemy of this Emperor!"

With Xuan Qingyun's words, the Heavenly Demon Power within the small world converged, forming an incomparably gigantic Heavenly Demon Sword, which then pierced towards Fen Xiao's residual soul with overwhelming Heavenly Demon Power.

Feeling the terrifying might of that sword, Fen Xiao's residual soul hurriedly pleaded, "No! Don't kill me, I know many secrets of this world! If you wish to leave this world and become stronger, you must... Ahhhhh!!!"

Xuan Qingyun wasn't interested in Fen Xiao's residual soul's nonsense. She already knew most secrets of the Tianyan Immortal Domain and understood that leaving the Tianyan Immortal Domain wasn't an easy task. Now she just wanted to quickly refine the Heavenly Dao, using the power of the entire Tianyan Immortal Domain to break out of this cage.

As the giant sword formed by the Heavenly Demon Power pierced through Fen Xiao's residual soul, it gradually turned into starlight. Seeing this, Lu Chen felt quite regretful.

If only he could have refined this residual soul of Fen Xiao's, he might have learned more about the Spirit Realm and Deceit Realm from it.

This residual soul was so powerful, the memories it carried must have been substantial as well.

But thinking about it now was useless.

After extinguishing Fen Xiao's residual soul, Xuan Qingyun's thoughts fell on the Demon Abyss Soul-devouring Bell.

"Interesting! This item is indeed a fine Magic Treasure for this Emperor!"

Using the Divine Soul Power of others to strengthen one's own Divine Soul—this was, no doubt, an evil Magic Treasure. But Xuan Qingyun herself was not a Righteous Immortal.

As Xuan Qingyun finished speaking, the Demon Abyss Soul-devouring Bell vanished into thin air.

Seeing Xuan Qingyun take the Demon Abyss Soul-devouring Bell, Lu Chen frowned more deeply. Xuan Qingyun could take things remotely; the Beast Core might not be safe either.

Just as Lu Chen thought Xuan Qingyun would also take the Beast Core, a Divine Thought suddenly swept over him. Lu Chen knew well that this must be Xuan Qingyun's intent locking onto his location.

The next moment, Xuan Qingyun's voice echoed in his ear, "Lu Chen, long time no see."

Having children earns benefit, start competing for dominance in the world by marrying a wife

Hearing Xuan Qingyun's voice, Lu Chen calmly said, "Not very long either."

"I really didn't expect your strength to recover so quickly. You truly deserve the title of Demon Emperor."

Regarding Lu Chen addressing her as Demon Emperor, Xuan Qingyun wasn't bothered at all. She said indifferently, "I have now restored my Cultivation State. Aren't you afraid I'll kill you for speaking to me this way?"

"Do you think we're still in the Chaotic Sea, where I can't deal with you?"

Lu Chen said, "If you wanted to act, you would have done so long ago, not waited until now."

With the Divine Thought of an Immortal Emperor, just scanning the entire Tianyan Immortal Domain would be enough to find his location. If Xuan Qingyun truly wanted to act against him, he probably wouldn't have been able to hide.

At this time, Lu Chen thought of something and continued, "You probably also know the origin of those mysterious creatures. They are immortal and can only be sealed. You must have refrained from acting against me, the one who offended you, because I can inscribe the Chaos Spirit Ruins Sealing Heaven Array to help you suppress those mysterious creatures."

Hearing Lu Chen's words, Xuan Qingyun said coldly, "It seems you're not entirely stupid."

"I can give you an opportunity."

"Join the Nine Heavens Institute, and what happened in the Chaotic Sea will not be pursued."

Lu Chen said, "I'm sorry, I have no interest in joining the Nine Heavens Institute."

As soon as Lu Chen refused, the Heavenly Demon Power within the small world became violently agitated.

Xuan Qingyun threatened, "You dare defy me?"

Just as Lu Chen was about to say something, Xuan Qingyun continued, "You have a big secret, especially that Red Flower Sedan. When I figure out how to deal with the Red Flower Sedan, it will be the day of your death!"

As her words fell, the Heavenly Demon Power within the small world rapidly dispersed, and the sky of the entire small world started to shatter continuously.

Lu Chen was taken aback, not expecting Xuan Qingyun to know about the Red Flower Sedan.

Truth be told, his previous strong stance was actually a gamble that the Red Flower Sedan would appear to protect him if he were in life-threatening danger. He had discovered inside the stomach of a Chaos Beast that if a female who met

certain system conditions was stronger than him and intended to harm him, the Red Flower Sedan would likely appear.

Once he snapped out of his thoughts, Lu Chen's gaze shifted to the distant Beast Core that was continuously falling.

The Beast Core had already developed cracks, and the demon qi within was constantly leaking.

Lu Chen pondered whether the Beast Core was still useful to Xiyue Immortal Venerable, deciding to take it back for inspection.

With this in mind, Lu Chen hesitated no longer and flew directly towards the Beast Core.

Meanwhile.

Dark clouds gathered above the Nine Heavens Institute, where a massive vortex was forming in the sky.

A Black Bell appeared at the center of the vortex. Once it appeared, it began to ring, causing those in the Nine Heavens Institute to become momentarily dazed, as if their Divine Soul were kept in check.

After a while, some recovered, and the Immortal Venerates from the Nine Heavens Institute flew into the sky, preparing for what they thought was an enemy invasion.

At that moment, Xuan Qingyun's voice resounded from above, "This is my Magic Treasure."

Upon hearing Xuan Qingyun's voice, the people of the Nine Heavens Institute breathed a sigh of relief, and the Immortal Venerates dispersed.

The next moment, the Demon Abyss Soul-devouring Bell flew into Xuan Qingyun's hand. She examined the Demon Abyss Soul-devouring Bell, feeling very satisfied.

Originally, she thought there was nothing in the small world worth coveting. Unexpectedly, the residual soul of that Great Power revealed the existence of this treasure in hopes of resurrection.

With this treasure, her Divine Soul can become even stronger. Perhaps when she reaches a point where her strength can no longer grow, she can use this Demon Abyss Soul-devouring Bell to absorb Divine Soul Power to forcefully enhance her strength.

Xuan Qingyun then stored away the Demon Abyss Soul-devouring Bell.

At this moment, Lu Chen's figure involuntarily surfaced in Xuan Qingyun's mind. Just thinking about him made her Liumei tighten slightly.

She had initially intended to annihilate Lu Chen's clone, but at that moment, the Power of Heavenly Mechanism within her was activated, and she saw a vision of herself being confined by the Red Flower Sedan.

She had long suspected that the Red Flower Sedan was connected to Lu Chen. When they were inside the stomach of a Chaos Beast, she had sensed the presence of the Red Flower Sedan.

It was evident that the Red Flower Sedan had been protecting Lu Chen. If she had truly acted against Lu Chen just moments ago, she would certainly have been confined by the Red Flower Sedan.

Therefore, she must not directly act against Lu Chen.

She was now increasingly curious about this guy's true identity.

Regardless of what he actually was, the fact that he was an Outer Heaven Person seemed certain — only an Outer Heaven Person could possess a Magic Treasure like the Red Flower Sedan, which could threaten her.

It seems that Lu Chen might become an obstacle in her quest to take control of the Heavenly Dao in the Tianyan Immortal Domain.

She must be on guard against him.

...

Eastern Domain, Beast Alliance.

After bringing her people back to the Beast Alliance, Xiyue Immortal Venerable went into seclusion.

In a valley shrouded in immortal mist, Xiyue Immortal Venerable sat cross-legged, hovering in an Immortal Pool exuding Immortal Aura.

At this time, Xiyue Immortal Venerable felt somewhat dejected. She clearly sensed that the small world contained her opportunity, and she possibly had already encountered it.

Alas, the interference of a Demon Emperor.

With the Demon Emperor present, she had no chance of seizing the Beast Core.

Thinking of the Great Power's Beast Core, Xiyue Immortal Venerable couldn't help but sigh slightly.

If she absorbed that Great Power's Beast Core, she might grow a ninth tail and become a true Nine-tailed Heavenly Fox.

Upon completing her transformation, her strength would rival that of an Immortal Emperor, negating the need to compete with the Demon Emperor for the Qi Fortune of the Tianyan Immortal Domain.

Of course, her method of becoming an Emperor did not involve gathering all the Qi Fortune of the Tianyan Immortal Domain, so she would be unable to control its Heavenly Dao.

However, to her, the Heavenly Dao of the Tianyan Immortal Domain wasn't that important. After all, the Demon Emperor had already become an Emperor before her; it's likely he had already mastered the Heavenly Dao. For her to wrest control of the Heavenly Dao from the Demon Emperor would be challenging.

Yet upon completing her transformation into a true Nine-tailed Heavenly Fox, and attaining the strength of an Immortal Emperor, even if the Demon Emperor feared her, he wouldn't dare attack her.

If an Immortal Emperor were to engage in battle, the Tianyan Immortal Domain would be on the brink of destruction.

The more Xiyue Immortal Venerable thought, the more regret she felt.

Just then, a female voice sounded from within the immortal mist, "Master, Lu Chen requests an audience."

Hearing this, Xiyue Immortal Venerable said with displeasure, "Didn't I say not to disturb me for the next hundred years unless it's something of utmost importance?"

After her words fell, Xiyue Immortal Venerable released her Immortal Venerate Pressure. The maid quickly said, "Lu Chen said he has something the master desires, something that can help the master become an Immortal Emperor."

Upon hearing this, Xiyue Immortal Venerable's anger dissipated instantly, and she was slightly stunned.

Something that could help her become an Immortal Emperor?

Could it be...

An audacious idea suddenly sprang to Xiyue Immortal Venerable's mind.

But she quickly dismissed this thought.

Impossible, how could that guy possibly obtain that thing?

Having children earns benefit, start competing for dominance in the world by marrying a wife

While Xiyue Immortal Venerable was lost in thought, the maid's voice sounded again, "Master, do you... want to see him?"

Xiyue Immortal Venerable snapped back to reality and immediately said, "Bring him in."

"Yes, Master." Without any hesitation, the maid quickly left the valley and brought Lu Chen in.

Upon entering the misty valley, a fragrance filled Lu Chen's nostrils, making his imagination run wild.

Soon, Lu Chen reached the side of the Immortal Pool where Xiyue Immortal Venerable was.

Before Lu Chen could speak, Xiyue Immortal Venerable said first, "Are you here to ask me for Xianjin?"

Xiyue Immortal Venerable suddenly remembered that after returning to the Beast Alliance, she hadn't handed over the palace made of Xianjin to Lu Chen.

She now seriously suspected that Lu Chen had fabricated such a lie to make her think he had obtained the Beast Core of a Great Power, just to meet her.

Otherwise, she had been in seclusion for a hundred years, and it was impossible for Lu Chen to obtain those Xianjin during that time.

Xiyue Immortal Venerable said coldly, "You indeed fooled me, but..."

Before she could finish, Lu Chen interrupted, "Didn't I already send word? I have something that can help you."

Xiyue Immortal Venerable replied coldly, "This is just an excuse to meet me."

Lu Chen said, "How do you know it's an excuse? What if it's real?"

Xiyue Immortal Venerable said, "Then tell me, what is this thing you claim to have that is useful to me?"

Lu Chen's lips curled up slightly, and then he took out a fragment that had fallen from Fen Xiao's Beast Core.

The moment the fragment appeared in the valley, an overwhelming Demon Qi immediately excited the Demon Race present.

Feeling the terrifying Demon Qi contained in the fragment in Lu Chen's hand, a look of surprise appeared on Xiyue Immortal Venerable's cold and enchanting face.

"This... is..."

If she hadn't sensed wrong, this should be the Beast Core fragment of that Great Power.

Seeing Xiyue Immortal Venerable's eyes fixed intently on the Beast Core fragment in his hand, Lu Chen smiled and said, "How about it, this Beast Core is quite beneficial to your cultivation, right?"

Hearing Lu Chen's voice, Xiyue Immortal Venerable snapped back to reality. Her expression instantly returned to calm as she said, "It's just a fragment of a Beast Core. Although it does have some effect on me, it's not particularly significant."

Lu Chen asked, "What if I said I have the entire Beast Core?"

No sooner had Lu Chen spoken than Xiyue Immortal Venerable responded immediately, "Impossible!"

Lu Chen said, "Why impossible?"

Xiyue Immortal Venerable said, "That day, the Demon Emperor's consciousness appeared in that Small World. How could the Demon Emperor allow you to take that Beast Core?"

Lu Chen laughed and said, "The Demon Emperor is a person. What would she do with this Beast Core? When she attempted to destroy it, she didn't hesitate at all. If not for the Beast Core's resilience, it might have turned to dust and vanished with that Small World."

Hearing Lu Chen's explanation, Xiyue Immortal Venerable suddenly felt Lu Chen might indeed possess the entire Beast Core.

The Demon Emperor doesn't absorb Demon Qi; her power mainly stems from Heavenly Demon Power. The Beast Core wasn't of much use to the Demon Emperor.

Opportunities are relative. Some treasures are fortuitous for some but may be worthless to others.

Evidently, that Beast Core may have been worthless to the Demon Emperor.

Xiyue Immortal Venerable furrowed her brows, seriously asking Lu Chen, "Do you really have the Beast Core?"

Lu Chen said, "Naturally, although the Beast Core has developed cracks, the Demon Qi within hasn't completely dissipated."

Xiyue Immortal Venerable's heart was moved. If she could obtain the Beast Core from Lu Chen, she might complete her transformation into a true Nine-tailed Heavenly Fox.

However...

This fellow might not easily give up the Beast Core.

Perhaps... forcefully taking it?

Xiyue Immortal Venerable immediately dismissed the idea. If the Beast Core is within Lu Chen's Small World, there's no way she can take it from him without locating his Main Body.

Currently, Lu Chen's Main Body is still hidden somewhere.

Confronting him now would effectively turn against Lu Chen, risking not only failing to obtain the Beast Core but also causing Lu Chen to leave the Beast Alliance.

If Lu Chen left and strange creatures invaded the Tianyan Immortal Domain again from the Eastern Domain, they would lose a formidable card against these creatures.

After a moment of silence, Xiyue Immortal Venerable asked, "What do you want?"

Since Lu Chen brought it up, he was evidently here for a deal, and after all, the Beast Core wasn't particularly useful to him.

Lu Chen, with his deep eyes, gazed at Xiyue Immortal Venerable's cold, alluring face, saying, "Don't you already know what I want?"

Upon hearing this and seeing Lu Chen's burning gaze, Xiyue Immortal Venerable immediately understood what he was implying.

Xiyue Immortal Venerable's expression instantly darkened; this guy indeed still had designs on her.

Lu Chen continued, "In the entire Beast Alliance, I'm only interested in you."

"If you want the Beast Core, you have to give me something in return. Don't you agree?"

Xiyue Immortal Venerable's red eyes coldly stared at Lu Chen without speaking.

Internally, she was hesitating.

For immortals who have lived countless years and have no emotional ties, chastity isn't particularly important.

But this doesn't mean immortals are available to everyone or that anyone can sleep with them.

Immortals have dignity, especially Xiyue Immortal Venerable, who is not only an Immortal Venerate but also the leader of an Overlord-level Influence.

How could someone like her be trifled with?

Xiyue Immortal Venerable's current mindset was similar to what Yun Yudie had felt when she first confronted Lu Chen.

Despite dignity stirring within, the thought of obtaining the Beast Core and potentially breaking through to the Immortal Emperor Realm was tantalizing.

Trading a moment of humiliation for a chance to enhance her power seemed plausible; this opportunity was truly vital for her.

If it were just any opportunity, she wouldn't consider setting aside her dignity, but this could potentially lead her to become an Immortal Emperor.

Such a chance was irresistible.

The atmosphere in the valley was incredibly oppressive and suffocating, with only the sound of trickling water from the pool breaking the silence.

Xiyue Immortal Venerable and Lu Chen locked eyes in a silent stare.

After an indeterminate period, Lu Chen finally spoke again, "If you're unwilling, then forget it."

Xiyue Immortal Venerable snapped back, considering a last-ditch effort, and said, "Don't forget, your Xianjin is still with me."

Hearing this, Lu Chen chuckled, saying, "It's clear whether the Xianjin is more important to me or if the Beast Core is more significant to you."

Lu Chen continued, "Oh, I should remind you, after the Beast Core developed cracks, the Demon Qi has been steadily dissipating."

"If you don't make a decision soon, you might find that even if you obtain the Beast Core later, it won't serve much purpose for you."

Having children earns benefit, start competing for dominance in the world by marrying a wife

Xiyue Immortal Venerable's jade fists couldn't help but clench slightly.

This bastard has now got her cornered!

If she doesn't agree with him soon, the demonic power of the Beast Core may really be lost completely.

Missing this chance to transform into the Nine-tailed Heavenly Fox, it would be difficult for her to encounter such an opportunity again in the future.

Moreover, the Demon Emperor has already recovered his cultivation state; if she doesn't become the Immortal Emperor, once the Demon Emperor fully controls the Heavenly Dao, the entire Beast Alliance might be swallowed by the Nine Heavens Institute.

She certainly didn't want to see the Beast Alliance being devoured by the Nine Heavens Institute; those Heavenly Demons feast on cultivators, and who knows if the cultivators of the Beast Alliance will become the blood meal for those Heavenly Demons after being absorbed.

Only by becoming the Immortal Emperor herself can she truly control her own destiny and protect the entire Beast Alliance.

And what she loses now is merely a bit of dignity.

She knew well which is more important.

But seeing Lu Chen's look of having her fixed, Xiyue Immortal Venerable felt extremely displeased in her heart.

After all, she was an Immortal Venerate and the leader of the Beast Alliance, yet she had to use such a method to obtain a chance.

She would rather use her Holy-level Immortal Artifact as a trade than be insulted by a guy like Lu Chen.

Xiyue Immortal Venerable said coldly, "You, a strong person, are actually interested in such filthy matters!"

With the various means Lu Chen displayed, Xiyue Immortal Venerable believed that Lu Chen might very well be the reincarnation of an Immortal Emperor, and his main body was at least an Immortal Venerate, with a real strength possibly already close to an Immortal Emperor.

Yet, such a strong person is still interested in such lowly desires between men and women.

At their level, shouldn't they be thinking about how to increase their strength?

For instance, she herself had never thought about men; her heart was always on enhancing her power, continually becoming stronger.

Lu Chen shrugged and said, "To each their own."

"Alright, now tell me your choice; if you're unwilling, then I won't disturb you any further."

As he finished speaking, Lu Chen acted as if he was about to leave, just as he turned around, Xiyue Immortal Venerable's voice came, "Wait!"

Lu Chen turned his head to gaze at Xiyue Immortal Venerable's jade visage and asked with a smile, "Have you made up your mind?"

Seeing Lu Chen's gradually smiling expression, Xiyue Immortal Venerable's jade fists couldn't help but clench again.

Really wanted to beat up this lecherous fellow!

Xiyue Immortal Venerable calmed her emotions and then said, "Once!"

Without a thought, Lu Chen directly refused, "Impossible."

Xiyue Immortal Venerable's eyebrows furrowed instantly.

Lu Chen then said, "You know how important this Beast Core is to you."

Xiyue Immortal Venerable said coldly, "Then what do you want?"

Lu Chen said with a smile, "Give me a child."

Just as Lu Chen finished speaking, a terrifying pressure was instantly released from Xiyue Immortal Venerable's body, shaking the entire valley. Xiyue Immortal Venerable's eight tails unfurled as the overwhelming Demon Qi ravaged the valley.

Xiyue Immortal Venerable glared at Lu Chen with her red eyes and said fiercely, "Do you want to die!"

Lu Chen asked, "Do you mean die pleasantly?"

Xiyue Immortal Venerable felt as though she would explode with anger. This was the first time she'd encountered someone so shameless, with no fear of her, daring to speak so bluntly.

Xiyue Immortal Venerable knew no matter how angry she got, even if she killed this clone of Lu Chen with a slap, it wouldn't affect Lu Chen in the slightest.

She quickly restrained her Demon Qi and tried to calm her inner emotions.

Once she stabilized her emotions, Xiyue Immortal Venerable stared intently at Lu Chen and said, "It's impossible for me to bear you offspring."

"It's already difficult for an Immortal Venerate to procreate, not to mention you are of the Human Race, and I am of the Demon Race; those paths rarely cross, making offspring even harder."

Even for ordinary humans and the Demon Race, it's not easy to reproduce, let alone cultivators who have reached the Immortal Venerate Realm.

If she truly agreed to conceive offspring with Lu Chen, she'd be beneath his thumb for who knows how many years just to bear his child.

This was something she couldn't possibly endure.

Lu Chen said, "What if I give you the Beast Core first?"

Hearing Lu Chen's words, Xiyue Immortal Venerable's mind froze.

If Lu Chen gave her the Beast Core first, once she broke through and became the Immortal Emperor, she wouldn't have to fulfill her promise, wouldn't she?

Even if she took a Heavenly Dao Oath, after becoming the Immortal Emperor, the Heavenly Dao wouldn't be able to punish her. The Immortal Emperor possesses the power to contend against the Heavenly Dao of the Tianyan Immortal Domain.

Thinking of this, Xiyue Immortal Venerable was tempted and then asked, "When do you plan to give me the Beast Core?"

What she worries most about now is the Demon Qi in the Beast Core dissipating too fast, rendering it not as useful to her.

Lu Chen said, "I can give you the Beast Core next month."

Lu Chen didn't plan to stall for too long; if it drags on too much, the Beast Core would be of no use to Xiyue Immortal Venerable.

Upon hearing Lu Chen's words, Xiyue Immortal Venerable was somewhat incredulous; giving it to her next month?

She had thought Lu Chen would use the Beast Core to threaten her for a long time.

Lu Chen continued at this time, "If you can swear a Heavenly Dao Oath now, I can hand over the Beast Core to you tomorrow."

Xiyue Immortal Venerable was stunned once again.

Thinking that she could obtain the Beast Core as soon as tomorrow, the Demon Qi within Xiyue Immortal Venerable surged; her chest unknowingly began to rise and fall faster.

After stabilizing her state of mind, Xiyue Immortal Venerable asked, "What kind of Heavenly Dao Oath?"

Seeing Xiyue Immortal Venerable take the initiative to ask, Lu Chen knew she was tempted, and so he said, "From today, you agree to conceive a child with me, and you must ensure to dual cultivate with me twice a month until you conceive my child."

Upon hearing this, Xiyue Immortal Venerable furrowed her brows and then said, "This won't work. After obtaining the Beast Core, I will need to refine it, possibly requiring seclusion for hundreds or even thousands of years. How can I possibly dual cultivate with you twice a month?"

Even dual cultivating once made her feel utterly humiliated; this maniac was dreaming to have her dual cultivate twice a month.

Besides, she needed to refine the Beast Core and had no time for dual cultivation with Lu Chen. If she didn't refine the Beast Core in time and the demonic power dissipated, it would render it practically useless for her.

Lu Chen said, "Actually, it's not a big deal. You can dual cultivate with me while refining the Beast Core."

"And dual cultivating with me is even more beneficial for refining the Beast Core."

Xiyue Immortal Venerable said, "Your request is impossible for me to accept. If I don't have time to refine the Beast Core, even if you give it to me, it serves no purpose."

Lu Chen thought for a moment and then said, "How about this: if our dual cultivation benefits your refinement, we dual cultivate twice a month?"

"If our dual cultivation hinders your refinement, then apart from your cultivation time, whenever I wish to dual cultivate, you must agree."

Upon hearing this, Xiyue Immortal Venerable thought that under these conditions, she wouldn't have to suffer too much humiliation from Lu Chen, as dual cultivation would surely hinder her refinement of the Beast Core.

Once she swears the oath, she will remain in seclusion, so Lu Chen won't have the chance to touch her.

Having children earns benefit, start competing for dominance in the world by marrying a wife

Thinking about how Lu Chen handed over the Beast Core to her, and she began her seclusion, where Lu Chen couldn't even touch a finger of hers, Xiyue Immortal Venerable involuntarily revealed a subtle, almost imperceptible smile.

What a fool, to propose such terms.

This guy must have been dazzled by beauty, his mind entirely consumed by those kinds of thoughts, to suggest such conditions.

During Dual Cultivation, her focus would be diverted; she wanted to refine the Beast Core, which would certainly be greatly affected, how could it aid in her cultivation?

Thinking of this, Xiyue Immortal Venerable strived to suppress the smile on her face, then demonstrated an indifferent demeanor as she said, "Alright, I agree."

"But you must show me the Beast Core first."

She still had some concerns that Lu Chen might be deceiving her; she couldn't let Lu Chen sleep with her only to find out there was no Beast Core, that would be too great a loss.

Seeing Xiyue Immortal Venerable agreed, Lu Chen felt joy in his heart, finally capturing this Fox Demon.

Lu Chen restrained his inner joy, then took out the Beast Core.

The moment the Beast Core appeared in the valley, overwhelming Demon Qi instantly enveloped the entire Beast Alliance.

Xiyue Immortal Venerable was slightly stunned; although she knew Lu Chen likely wouldn't lie to her, she was still tremendously shocked by the demonic power contained within the Beast Core upon feeling it at the moment.

She had a premonition that refining this Beast Core, she might directly transform into a true Nine-tailed Heavenly Fox, even if she couldn't transform into the Nine-tailed Heavenly Fox, she wouldn't be far from fully transforming.

Thinking of her imminent transformation, a blush unconsciously appeared on Xiyue Immortal Venerable's cold, pure jade-like face, making her look even more alluring with her seductive abstinence.

But Xiyue Immortal Venerable quickly came to her senses, seeing the Demon Qi rapidly dissipating from the crack in the Beast Core, she felt incredibly heartbroken; losing so much Demon Qi was truly a pity.

Xiyue Immortal Venerable promptly said to Lu Chen, "You may put it away now."

Right now, she just wanted to quickly complete the first transaction with Lu Chen, and then take the Beast Core from him tomorrow.

Once she got the Beast Core, Lu Chen wouldn't stand a chance to touch her.

Lu Chen then put away the Beast Core.

Xiyue Immortal Venerable slowly stood up, and the next moment, as she raised her hand, a palace appeared in the valley, then Lu Chen's sight turned dark, and both of their bodies vanished from the spot.

When Lu Chen's sight brightened again, they were already inside the palace.

In the bedchamber, a fragrant scent lingered, continually stimulating Lu Chen's nasal cavity, making the immortal power within him increasingly restless.

At this moment, Xiyue Immortal Venerable stood in the great hall, gazing directly at Lu Chen with her cold red eyes.

Feeling the strong aura of desire emitting from Lu Chen, Xiyue Immortal Venerable said coldly, "It's best you remember, all this is a transaction, once it's complete, do not act obstinately."

Lu Chen responded with a smile, "Naturally."

Xiyue Immortal Venerable said, "Then let's begin."

Lu Chen immediately said, "Wait!"

Xiyue Immortal Venerable frowned slightly, "What? Do you wish to push further?"

Lu Chen smiled and said, "You haven't pledged the Heavenly Dao Oath, have you?"

Upon hearing this, Xiyue Immortal Venerable chuckled inwardly, the Heavenly Dao Oath?

Once she becomes emperor, even the Heavenly Dao wouldn't be able to do anything to her, only this guy would take the Heavenly Dao Oath seriously.

Xiyue Immortal Venerable didn't hesitate, directly swear to the heavens, saying, "I hereby pledge, as long as Lu Chen is willing to hand over the Beast Core from Outer Heaven to me, I vow to bear him a child, and if he can assist in refining the Beast Core faster during Dual Cultivation, I shall cultivate with him twice a month."

As the words fell, Xiyue Immortal Venerable said with an icy expression, "Is this acceptable?"

Lu Chen smiled slightly, then said, "It is."

As soon as Lu Chen finished speaking, the clothes on Xiyue Immortal Venerable's body slowly fell; for someone like her as an Immortal Venerate, the matter between men and women wasn't shameful at all once decided.

Seeing Lu Chen's eyes fixedly staring at her, with the desire aura around him growing denser, Xiyue Immortal Venerable felt somewhat proud.

Though inwardly she considered men staring at her and having those filthy thoughts was sullyng her, when someone truly dared to gaze at her directly and couldn't extricate themselves, another thought emerged in her mind.

Even if Lu Chen were a strong figure, what of it? He still couldn't resist her beauty, merely watching her already made him lose control.

Xiyue Immortal Venerable sneered coldly inside.

Heh, men.

Then Xiyue Immortal Venerable slowly approached Lu Chen, her cool voice resonated within the palace, "What? Didn't you always want..."

Xiyue Immortal Venerable hadn't finished speaking when Lu Chen suddenly reached out and pulled Xiyue Immortal Venerable into his embrace, then blocked her mouth.

"Mmm!"

Xiyue Immortal Venerable's soft, moist lips, along with the lingering fragrance from her body, once more caused Lu Chen's inner desire to surge.

This Fox Demon was truly enticing; right now, he couldn't hold back at all.

Although Xiyue Immortal Venerable had prepared herself, directly contacting a man for the first time still left her momentarily unadapted.

A strong masculine scent rushed into her delicate nose, instantly covering her body with goosebumps; her eight fox tails and ears emerged uncontrollably.

As soon as Lu Chen embraced Xiyue Immortal Venerable's body, he felt something furry caught in his hand.

Lu Chen immediately realized these were Xiyue Immortal Venerable's tails, the furry sensation promptly made it irresistible for him, gently kneading her tail with one hand.

When Lu Chen applied slight pressure on Xiyue Immortal Venerable's tail, her entire body shivered uncontrollably, as if touched at a sensitive point.

"Mmm!!!"

Xiyue Immortal Venerable was somewhat puzzled, why being touched on the tail by a male gave such an electrifying sensation.

Even in the past, when maids bathed her and touched her tail, she had never felt that same sensation just now.

Xiyue Immortal Venerable momentarily wanted to break free from Lu Chen, yet Lu Chen seemed addicted to stroking her tails and grabbed another of her tails, continuing to knead.

"Mmm!"

Xiyue Immortal Venerable promptly raised her jade hand, placing it on Lu Chen's chest, intending to push this rascal away.

After being touched on her tail by Lu Chen, her entire body turned weak, and the desire she had been suppressing also gradually surfaced.

Originally, the Demon Race experiences a heat period, but once they transform, they can suppress their desire to resemble humans.

Xiyue Immortal Venerable hadn't expected that after contacting Lu Chen, merely having her tail stroked, she would feel affection toward this guy.

For her as an Immortal Venerate, showing affection toward a male was a highly disgraceful matter because it indicated she hadn't abandoned her beast nature, being no different from lowly livestock.

At this moment, Lu Chen clearly felt Xiyue Immortal Venerable's body softened, and the scent from her body became more alluring; evidently, upon showing affection, her body involuntarily emitted some Immortal Aura that stirred his desire.

Having children earns benefit, start competing for dominance in the world by marrying a wife

Xiyue Immortal Venerable pushed Lu Chen forcefully, but her whole body was tightly embraced by Lu Chen. Besides, she didn't use her immortal power, and she already had feelings for Lu Chen. Deep down, she didn't want to separate from Lu Chen, so she couldn't push him away.

As the two continued to kiss, Lu Chen could no longer suppress his inner desire and directly held Xiyue Immortal Venerable's body, heading toward the soft couch.

Xiyue Immortal Venerable felt extremely humiliated inside; she, a dignified Immortal Venerate, the Alliance Hierarch of the Beast Alliance, actually felt emotionally attached to a human male.

Nevertheless, despite her inner humiliation, she still didn't use immortal power to stop Lu Chen. With her strength, if she wanted Lu Chen to stop, she only needed to release the aura of an Immortal Venerate, and she could directly prevent Lu Chen from touching her, but she didn't do so.

She was already emotionally moved, and she found it difficult to suppress that kind of desire. Besides, she originally intended to engage in Dual Cultivation with Lu Chen.

Stopping Lu Chen now was meaningless. Since things had already progressed to this point, she might as well let nature take its course.

Xiyue Immortal Venerable comforted herself inwardly, thinking it would only be today. Once she obtained the Beast Core, she would immediately retreat in seclusion, resolutely preventing Lu Chen from ever touching her again.

Soon, Lu Chen carried Xiyue Immortal Venerable to the soft couch. With a firm push, both fell down, and Lu Chen's body naturally pressed on Xiyue Immortal Venerable.

Lu Chen slightly propped himself up, looking down at Xiyue Immortal Venerable.

Xiyue Immortal Venerable's white, flowing hair spread out on the soft couch, a charming blush appeared on her cold, alluring face, and her seductive eyes also gazed at Lu Chen. On either side of her forehead were exquisite fox ears.

Can't hold it anymore!

Lu Chen only glanced briefly and felt his blood surging.

Lu Chen then bent down again, capturing Xiyue Immortal Venerable's lips once more.

At this point, there's no need for more words between them; shortly after, Xiyue Immortal Venerable became completely Lu Chen's woman.

Lu Chen could distinctly sense the fragrance exuding from Xiyue Immortal Venerable, constantly tempting him, just like Xu Jingshu's Charming Body, continuously stimulating him, making him perpetually indulge in such matters.

...

Barbaric, Mysterious Moon Palace.

Yun Yudie noticed Lu Chen was absent-minded, but his eyes were filled with desire. She knew this guy had been flirting outside again.

Yun Yudie coldly stared at Lu Chen and said, "Your mind is being bewitched by some bitch again, isn't it?"

Upon hearing this, Lu Chen chuckled inwardly. Yun Yudie's guess was right; it was indeed a bitch this time.

Lu Chen didn't respond as his attention was mostly focused on Xiyue Immortal Venerable, with only a sliver of Divine Sense in this body.

No way around it, the fragrance on Xiyue Immortal Venerable was indeed too tempting; he felt like a famished person suddenly encountering roasted beef and lamb. He wished he could consume Xiyue Immortal Venerable entirely.

Seeing Lu Chen silent, Yun Yudie felt displeased. This guy, while being with her, had his thoughts on someone else. Although she could now actively channel the Spirit Charm Harmony Scripture, allowing her to cultivate even if Lu Chen's mind wasn't focused on her.

But for some reason, she felt somewhat dissatisfied inside.

Thinking of him being involved with someone else, Yun Yudie felt an urge to retaliate against Lu Chen.

Immediately, Yun Yudie intensely absorbed the immortal aura in the air, then fully activated the Spirit Charm Harmony Scripture, trying to draw Lu Chen's attention back to her.

In fact, it would be easy for her to redirect Lu Chen's focus. She could just use Life is like a Dream to pull Lu Chen's awareness into the Dream Space, thereby shifting his attention.

However, Yun Yudie didn't do this. If she really did, it would likely make Lu Chen feel that she was competing for his affection with other women by preventing him from focusing on them.

...

Southern Domain.

Blood Eagle Hall.

Blood Demon Immortal Venerable stood atop a cliff, gazing into the endless blood sea with a somewhat grave expression.

Just now, Blood Ancestor had given him a message, urging him to find Lu Chen's main body quickly.

Clearly, Blood Ancestor was getting impatient.

He knew where some of Lu Chen's clones were, but determining the location of Lu Chen's main body was difficult.

Evil Shadow Immortal King had been in the Barbaric realm for so many years without a message, making Blood Demon Immortal Venerable feel a sense of ominous foreboding.

At this moment, Blood Demon Immortal Venerable thought, given Evil Shadow Immortal King's skills, he shouldn't be discovered, plus Evil Shadow Immortal King's Soul Lamp wasn't extinguished, indicating he was still alive.

Blood Demon Immortal Venerable raised his hand, revealing a Communication Jade Token in his palm, then activated it.

After a moment, the Jade Token projected Evil Shadow Immortal King's image, Blood Demon Immortal Venerable coldly spoke, "Why haven't there been any updates on finding Lu Chen's main body?"

Evil Shadow Immortal King quickly replied, "Hall Master, I've already infiltrated Great Qin's Imperial Palace but found no trace of Lu Chen's main body."

"The Lu Chen inside Great Qin Imperial Palace only has Golden Immortal Cultivation, appears to be a clone. His main body might not be in the Barbaric realm."

Upon hearing this, Blood Demon Immortal Venerable's face grew more somber. If even Great Qin Immortal Dynasty held no trace of Lu Chen's main body, where else could it be found?

Blood Demon Immortal Venerable remained silent for a moment, Evil Shadow Immortal King tentatively asked, "Hall Master, shall I return to Blood Eagle Hall now?"

Blood Demon Immortal Venerable regained focus, "No need. Continue to keep watch in the Barbaric. After all, Great Qin Immortal Dynasty is his dynasty; this Venerate doesn't believe he won't return sooner or later."

"You can stir some trouble inside Great Qin Immortal Dynasty, disrupting its qi fortune."

Blood Demon Immortal Venerable planned a dual approach: dispatch people to search other realms for Lu Chen's main body while targeting Great Qin Immortal Dynasty. If its qi fortune faltered, Lu Chen's strength would be affected.

He didn't believe that after Great Qin Immortal Dynasty's qi fortune declined, Lu Chen's main body would stay outside without returning to check the dynasty's situation.

Evil Shadow Immortal King said, "Understood."

Blood Demon Immortal Venerable said no more, putting the Jade Token away directly.

...

A few days had passed; Lu Chen originally promised to hand over the Beast Core to Xiyue Immortal Venerable the next day, but Xiyue Immortal Venerable had entirely fallen for him, completely losing track of time.

Moreover, Xiyue Immortal Venerable noticed Lu Chen occasionally grew distracted, realizing other women were vying for his attention.

To ensure Lu Chen's mind was solely on her, Xiyue Immortal Venerable utilized the Enchanting Heart Technique on Lu Chen and simultaneously released the Heavenly Fox Clan's unique Bewitching Technique.

Thus, Xiyue Immortal Venerable and Yun Yudie began an indirect struggle against each other.

Their antics left Lu Chen's other bodies aside from these two paralyzed.

His attention flickered between Yun Yudie and Xiyue Immortal Venerable, feeling his consciousness being repeatedly pulled by them both.

Having children earns benefit, start competing for dominance in the world by marrying a wife

Capítulo 1979: Chapter 1669: Shouldn't You Hand Over the Beast Core to Me?

Half a month passed in the blink of an eye.

One morning.

Xiyue Immortal Venerable noticed Lu Chen spacing out again, and she immediately turned her head to look at him.

The next moment, her eyes emitted a red glow as she once again used the Enchanting Heart Technique on Lu Chen, trying to pull his attention back.

However, just as she was about to use the Enchanting Heart Technique, her mind suddenly paused, her previously misty, enchanting eyes became clear instantly, and she quickly stopped casting the spell on Lu Chen.

Although she had feelings for Lu Chen, after all, half a month had passed, and she had gradually regained control over her body, no longer ruled by desire.

Xiyue Immortal Venerable furrowed her brows slightly and said with some displeasure, “Shouldn’t you hand over the Beast Core to me by now?”

Although she had been immersed in pleasure for the past half-month, forgetting time and how long it had been, she was clearly aware that more than a day had passed.

Thinking about how this scoundrel had mistreated her during this time, Xiyue Immortal Venerable felt a vague anger in her heart. She, an Immortal Venerate, was actually treated like an animal by this guy.

At this moment, her gaze fell on Lu Chen’s hand, which was holding onto one of her tails, as if he had taken it as reins.

Xiyue Immortal Venerable continued, “Let go!”

Being tugged at the tail by Lu Chen, Xiyue Immortal Venerable felt an inability to muster her strength.

Lu Chen smiled faintly, then released Xiyue Immortal Venerable's tail with his right hand, immediately taking out the Beast Core of Fen Xiao.

The moment the Beast Core was taken out, the entire bedchamber was instantly engulfed in endless Demon Qi. Feeling that the demonic power within the Beast Core had not diminished much, Xiyue Immortal Venerable breathed a slight sigh of relief.

Without any hesitation, Xiyue Immortal Venerable directly used her immortal power to absorb the Beast Core into her body.

In the next moment, the demonic power from the Beast Core rampaged inside Xiyue Immortal Venerable's body, causing her to become burning hot at once.

“Phew!”

Lu Chen exhaled a long breath and then said, “I didn't expect this Beast Core to have such a wondrous effect.”

Xiyue Immortal Venerable immediately understood what Lu Chen meant, and she glared coldly at him before saying, “Get out at once, I need to refine the Beast Core.”

Lu Chen made no move. He smiled and said, “Did you forget your Heavenly Dao Oath? I need to help you refine this Beast Core.”

Xiyue Immortal Venerable snorted, “Your presence here will only hinder my refinement of the Beast Core.”

This scoundrel talked about Dual Cultivation, yet during this time, they had not cultivated together at all, purely engaging in animalistic acts.

She didn’t believe Lu Chen would really cultivate with her even next. Even if they did, it wouldn’t help her refine the Beast Core.

With Lu Chen here, he would only distract her. Her inner desire hadn’t faded yet, and as long as this guy remained close to her, it would be hard for her to focus on refining the Beast Core.

Moreover, this guy always liked to tug at her tail, making it even harder for her to concentrate.

Lu Chen said indifferently, “How about this, I’ll give you a day to refine as much as you can. After a day, we’ll Dual Cultivate and see whether you refine the Beast Core faster by yourself or with our Dual Cultivation.”

Xiyue Immortal Venerable said, “Fine.”

Lu Chen smiled slightly, “Then you should start refining.”

Hearing this, Xiyue Immortal Venerable was taken aback, and after coming back to her senses, she coldly said, “Aren’t you leaving?”

Lu Chen said, “We’re not Dual Cultivating now, just use your technique.”

Xiyue Immortal Venerable clenched her Jade Fist tight, thinking this guy was joking, asking her to cultivate like this?

Xiyue Immortal Venerable strongly insisted, “Leave!”

Not only did Lu Chen refuse to leave, but he also displayed a calm demeanor saying, “Do you really think I don’t know what you’re planning, that once you enter seclusion, you won’t Dual Cultivate with me anymore.”

This...

Xiyue Immortal Venerable's heart skipped a beat, suddenly feeling guilty. She didn't expect Lu Chen to see through her thoughts.

That was indeed her plan. Once she went into seclusion, she would seal off the entire valley, preventing Lu Chen from entering until she became an Immortal Emperor, and then she would reemerge.

Once she completed her transformation, no Heavenly Dao Oath would bind her, and the scoundrel Lu Chen would never lay hands on her again.

Given that Lu Chen's main body wasn't here, this body's power could at most rival an Immortal King. As long as she sealed off the entire valley, Lu Chen would be powerless against her.

Although Lu Chen had exposed her, Xiyue Immortal Venerable maintained her composure, saying, "I never had such thoughts."

Lu Chen said, "Whether you did or not, there's no way I'm leaving."

"You!"

Xiyue Immortal Venerable was somewhat perturbed, annoyed by how this scoundrel controlled her, keeping her in a state influenced by desire, making it hard to refine the Beast Core.

Let alone refining the Beast Core, even while cultivating, she felt odd, her attention invariably drawn to behind her.

Xiyue Immortal Venerable took a deep breath, then gently said, “How about you just watch from the side, that should suffice, right?”

Lu Chen thought for a moment, then said, “Alright, but I advise you not to think about escaping. Even if you hide, I can find you.”

Xiyue Immortal Venerable shot a cold glance at Lu Chen, and at this moment, Lu Chen released her, coming to sit cross-legged on the side, just staring at her.

Xiyue Immortal Venerable flipped her body and sat cross-legged on the soft couch. She didn't flee; as an Immortal Venerate, if she wanted to run, Lu Chen wouldn't be able to stop her.

However, Xiyue Immortal Venerable thought for a moment; after all, it was just a day. Seeing tomorrow's Dual Cultivation with Lu Chen, she wouldn't be in the mindset to refine the Beast Core, significantly slowing down her refinement progress, allowing her to openly go into seclusion.

Next, she would remain in seclusion for as long as she wanted, until she broke through to become an Immortal Emperor. After tomorrow, the scoundrel who stirred her heart wouldn't be touching her again; she didn't wish to become a being driven by animalistic desires.

Xiyue Immortal Venerable closed her eyes, activating her immortal power throughout her body, fully refining the demonic power within the Beast Core, converting it into her own demonic power.

The day quickly passed.

On the second night, Xiyue Immortal Venerable was still engrossed in the refinement of the demonic power. As her demonic power increased, she could clearly feel her bloodline continuously enhancing, her Cultivation State also rapidly growing.

If she continued at this pace, maybe after refining this Beast Core, she could truly transform into the Nine-tailed Heavenly Fox, becoming an Immortal Emperor.

However, just as she was enthusiastically refining the demonic power within the Beast Core, she suddenly felt her body lose balance, toppling over, followed by strange sensations from her body.

Xiyue Immortal Venerable abruptly opened her eyes, looking with resentment at Lu Chen, who was pressing down on her, “What are you doing!”

Lu Chen smiled and said, “The day’s up; now it’s time for me to assist you in refining the Beast Core.”

Xiyue Immortal Venerable didn’t say much more, just snorted coldly and turned her head aside, knowing that by tomorrow at this time, she would be able to rid herself of Lu Chen and openly proceed to seclude herself for refining the Beast Core.

Having children earns benefit, start competing for dominance in the world by marrying a wife

In Xiyue Immortal Venerable’s view, she was certain she could escape from Lu Chen tomorrow.

On one hand, when she has close contact with Lu Chen, she would become emotionally attached to him, making it impossible to concentrate on refining the Beast Core.

On the other hand, even if Lu Chen could truly assist her in refining the Beast Core, the initiative in refining it rests in her hands, so she couldn't focus on refining the Beast Core at this moment.

As long as the speed of refining the Beast Core during Dual Cultivation with Lu Chen isn't faster than when she refines it alone, she can justifiably go into seclusion, preventing Lu Chen from committing any animalistic acts with her.

However, just as Xiyue Immortal Venerable thought that as long as she didn't actively refine the Beast Core, Lu Chen would be unable to do anything, she suddenly felt Lu Chen's immortal power enter her body, which in turn compelled her own immortal power to be mobilized.

Xiyue Immortal Venerable was caught off guard; how was this happening, why could Lu Chen make her immortal power flow even when she wasn't actively using it?

Before Xiyue Immortal Venerable could gather her wits, she noticed that once the pair's immortal power merged, it enveloped the Beast Core within her body. Subsequently, the Demon Qi inside the Beast Core was transformed at an extremely fast pace into demonic power in Xiyue Immortal Venerable's body.

What...

Xiyue Immortal Venerable was stunned; she hadn't actively used her immortal power, yet Lu Chen could help her rapidly refine the Demon Qi?

What kind of Dual Cultivation Immortal Technique was Lu Chen employing, wasn't it too overbearing?

A moment later, as Lu Chen operated the Spirit Charm Harmony Scripture, Xiyue Immortal Venerable found it increasingly difficult to control her body's desires.

Xiyue Immortal Venerable gritted her teeth; she was now deeply attached to him, unable to extricate herself.

What exact methods had Lu Chen employed, that just by having close contact with him, she would become emotionally attached and unable to suppress it with her immortal power.

As an Immortal, suppressing low-grade desires within oneself should be extremely easy, yet now she was an Immortal Venerable, and still could not repress her physical desires.

This scoundrel surely used some unknown technique; otherwise, how could she become emotionally attached to him?

Recognizing her defeat, Xiyue Immortal Venerable ultimately chose to utilize her immortal power to cooperate with Lu Chen in refining the Beast Core.

Persisting was pointless; on one hand, Lu Chen could indeed assist her in refining the Beast Core, and on the other, she had developed feelings for him and needed to alleviate her desires with Lu Chen.

Moreover, the most crucial reason was that if Dual Cultivation with Lu Chen could expedite the refinement of the Beast Core, she could complete her transformation into a true Nine-tailed Heavenly Fox more swiftly.

Once she becomes a Nine-tailed Heavenly Fox sooner, the Heavenly Dao Oath could no longer restrain her, and Lu Chen wouldn't be able to touch her.

As Xiyue Immortal Venerable actively churned her internal immortal power, the Beast Core she had previously absorbed began to frantically release Demon Qi, swiftly converting into demonic power in Xiyue Immortal Venerable's body.

With the growth of demonic power, Xiyue Immortal Venerable found herself increasingly drawn to Lu Chen.

Not long after, a multitude of animal anomalies suddenly appeared within the bedchamber, all engaging in acts of reproduction.

Seeing these anomalies, Xiyue Immortal Venerable was slightly taken aback, what was happening?

Lu Chen said at this time: "This is an Anomaly of the Dao, no need to pay it any mind."

Anomaly of the Dao?

Before Xiyue Immortal Venerable could comprehend Lu Chen's words, she felt she was gradually grasping the power of the Reproduction Path.

Once she fully mastered this power, procreating descendants in the future would become extremely easy, completely unrestricted by the Realm.

What on earth?

Why had she inexplicably mastered the Power of Reproduction? And she wasn't cultivating the Reproduction Path.

Xiyue Immortal Venerable quickly realized and fixed her gaze on the man who did wrong to her, "Was it you?"

She had already sensed the peculiarity of the Immortal Law Lu Chen operated.

Lu Chen said: "The Dual Cultivation technique I practice can help you understand the Dao I cultivate."

Upon hearing Lu Chen's response, Xiyue Immortal Venerable frostily said, "It was you indeed!"

"This is the first time the Venerable has seen someone who practises such twisted techniques; you are no different from those mindless beasts."

Others cultivate to become stronger, or to achieve immortality, what use is Lu Chen's Reproduction Path, just for procreating descendants?

How is this different from beasts dictated by primal urges?

Lu Chen said with a laugh: "Look what you're saying, now you've grasped the Reproduction Path as well, doesn't that make you the very same mindless beast you speak of?"

"You..." Before Xiyue Immortal Venerable could finish her sentence, she felt the demonic power within the Beast Core suddenly surge into her body.

Originally, the demonic power was confined within the Beast Core; as she refined it, she could slowly refine it, but as soon as Lu Chen began assisting her, the Beast Core had been impacted by immortal power, forming more cracks, releasing even more Demon Qi and demonic power.

With so much demonic power accumulating in her body, unrefined, she couldn't control this demonic power, which suppressed her Spiritual Wisdom, and with that suppressed came the uncontrollable swelling of her primitive desires once more.

Xiyue Immortal Venerable became aware of the problem; she gritted her teeth, saying to Lu Chen, "I...I can refine the Beast Core myself; I...don't need your help."

Lu Chen indeed expedited her Beast Core refinement, but it accelerated the Demon Qi release from the Beast Core, and without keeping up with the refinement speed, she would lose control of her desires even more.

Additionally, with Lu Chen's trick allowing her to comprehend the Reproduction Path, if things continued this way, there would be trouble.

Lu Chen laughed and said, "That won't do, we agreed that if Dual Cultivation is faster than your solitary refinement of Beast Core, we would Dual Cultivate."

"Yesterday you cultivated a whole day, and how much Demon Qi did you refine from the Beast Core? We've just begun, and the refined Demon Qi has already far exceeded what you refined yesterday."

Seeing Lu Chen's refusal to relent, and the increasingly abundant Demon Qi released by the Beast Core, Xiyue Immortal Venerable felt panic rise within her heart. She hurriedly raised her jade-like hand, intending to push Lu Chen away.

Yet in the next instant, Lu Chen gripped her jade-like hand, directly pressing it onto the soft bed, then leaned down and captured Xiyue Immortal Venerable's lips.

"Mmmph mmmph mmmph!!!"

...

In the Barbaric, Mysterious Moon Palace.

In Yun Yudie's chamber, Yun Yudie looked down on Lu Chen with superiority.

She no longer contended with Xiyue Immortal Venerable; continuing to contend would only favor this lecherous man, Lu Chen.

This time, Yun Yudie looked down at Lu Chen and asked, "I'm quite curious, who is the person you mentioned?"

Lu Chen didn't keep it from Yun Yudie, he answered truthfully, "Xiyue Immortal Venerable, the Alliance Hierarch of the Beast Alliance."

Upon hearing Lu Chen's answer, Yun Yudie was slightly stunned.

Alliance Hierarch of the Beast Alliance?

That's the leader of an Overlord-level Influence in the Eastern Domain.

This lecherous man could actually trick her into bed?

Xiyue Immortal Venerable was different from her; although she was also an Immortal Venerable, she had engaged in Dual Cultivation with Lu Chen while still an Immortal King, and most importantly, she was merely the Immortal Venerate of a small influence.

Yet the Beast Alliance was an Overlord-level Influence in the Eastern Domain, moreover, Beast Alliance was the premier influence of the Demon Race, Xiyue Immortal Venerable in terms of status and power surpassed her, the Hall Master of Mysterious Moon Palace.

Once Yun Yudie came back to her senses, she asked, "How did you manage to trick her into bed?"

Lu Chen replied with a laugh, "What are you saying, what do you mean by 'trick'? We are true love."

Yun Yudie snorted coldly.

She knew exactly what kind of man Lu Chen was.
