Capítulo 1991: Chapter 1681: The Hidden Moon Sect Leader Reveals Himself

After the emergence of the Hidden Moon Sect, within less than a month, various powers in the Barbaric lands released news expressing their willingness to pledge allegiance to the Hidden Moon Sect, becoming its subordinate forces and following its commands.

Currently, the greatest fear among the various powers in the Barbaric lands is that the Hidden Moon Church might force them to disband, ultimately becoming part of the Hidden Moon Sect. Didn't the Qingyun Academy in the Eastern Domain get dissolved by the Xiyue Immortal Emperor?

If even a Daoist tradition as long-established as the Qingyun Academy was dissolved, what's to say about them? Should the Hidden Moon Sect harbor such intentions, their ultimate fate might be similar to Qingyun Academy.

Yet, to the surprise of the various powers, the Hidden Moon Sect did not dismantle them, and even the Azure Dragon Hall still existed.

Originally an overlord-level influence in the Northern Domain, the Azure Dragon Hall wielded immense impact, especially since most Barbarian lands powers migrated from the Northern Domain, making the Azure Dragon Hall a significant presence among Northern Domain powers.

Logically speaking, the existence of the Azure Dragon Hall would undermine the Hidden Moon Sect's control over the Barbaric lands, much like the Xiyue Immortal Emperor disbanded the Azure Dragon Hall.

However, the Hidden Moon Sect ultimately did not proceed in this manner, which surprised the powers in the Barbaric lands.

Hidden Moon Sect.

Outside the Small World.

On the desolate ground, several Immortal Ships were suspended.

A few days ago, the Hidden Moon Sect Leader summoned leaders of various powers for a gathering; upon receiving the command, the heads of each power sent a clone to the location of the Hidden Moon Sect's Small World.

This included Lu Chen and Yun Yudie.

Lu Chen stood on the deck of an Immortal Ship, scrutinizing the desert below with his gaze.

At this moment, the desert was filled with swirling yellow sand, and it was hard to imagine a Small World laying concealed here; no wonder he had dispatched people for so long without locating the Hidden Moon Sect.

If not for the guidance of the Hidden Moon Sect's disciples this time, they might never have discovered that a Super Force with an Immortal Emperor-level existence was hidden in such a barren place.

Was the Hidden Moon Sect so understated because it was concealing some mysteries?

Could it be related to beings from Outer Heaven?

As Lu Chen pondered, Yun Yudie's clone beside him said, "Will the Hidden Moon Church allow us into their Small World?"

Lu Chen snapped out of his reverie, "That's hard to say."

“Now that they possess an Immortal Emperor-level presence, even if we enter the Hidden Moon Sect with ill intentions, we can’t stir much trouble.”

Lu Chen pondered that if Hidden Moon Sect permitted them entry to the Small World, he would worry, recalling the Small World of Fen Xiao.

Back when Fen Xiao was dying, he opened an entry to the Small World, luring Immortals from the Tianyan Immortal Domain inside, only for it to hold no treasures, while his residual soul absorbed the Divine Soul Power of the Immortals.

Could the Hidden Moon Sect be the same?

As leaders of various powers in the sky discussed, a tornado abruptly formed above the desert.

The tornado grew larger and darker in the middle, soon forming a black vortex.

Upon seeing this vortex, the leaders of various powers immediately fell silent.

At this moment, figures emerged from the vortex, and judging by their aura, they were Immortal Venerates, clearly Elders of the Hidden Moon Sect.

All the Elders of the Hidden Moon Sect flew into the sky, with one addressing the leaders of the various powers present: “Withdraw!”

Hearing this command, the leaders of various powers did not hesitate and retreated several hundred kilometers away.

Once the leaders of various powers departed, the Elders of the Hidden Moon Sect ascended to high altitude, forming a circle and initiating the formation hiding the Small World of the Hidden Moon Sect.

In the next moment, a black moon appeared in the sky, and as the black moon emerged, the leaders of the various powers felt as though a boulder weighed upon their hearts, making breathing difficult and causing discomfort.

As the black moon expanded, the black vortex in the desert also grew larger; soon, a roof crafted from Xianjin, emitting black aura, emerged from the vortex.

As the vortex expanded, more roofs appeared.

Witnessing this scene, people immediately understood what the Hidden Moon Sect was doing; evidently, it was releasing the land of Immortal Sect from the Small World.

As time passed, the vortex in the desert grew larger, gradually revealing the Hidden Moon Sect to the people.

At this point, the observing leaders had retreated multiple times; initially, they retreated several hundred kilometers, later retreating several hundred more kilometers, considering the Immortal Sect was large, they eventually retreated thousands of kilometers.

Soon, a Floating Island several thousand kilometers in diameter slowly emerged and flew into the sky of the Tianyan Immortal Domain, becoming akin to a satellite around the celestial domain.

In physical terms, Immortal Aura is significantly lighter than Spiritual Energy, ultimately ascending to the high heavens of the Tianyan Immortal Domain, which is why Super Immortal Sects utilize Floating Islands as their Immortal Sect locations.

Currently, countless Floating Islands exist in the sky of the Tianyan Immortal Domain, and when viewed from a higher perspective, these Floating Islands resemble satellites orbiting the celestial domain.

If not for the formations concealing the Floating Islands in the sky of the Tianyan Immortal Domain, the ground below might scarcely receive sunlight.

With the emergence of the Hidden Moon Sect's Immortal Sect location, it signifies its true advent; just as leaders of the various powers prepared to head towards the Hidden Moon Sect's Immortal Sect, they noticed the vortex on the ground had not disappeared immediately.

There appeared to be something else emerging from the vortex.

Just then, a giant's head slowly emerged from the vortex, causing the leaders of the various powers to momentarily be at a loss.

That head was clearly not an Immortal's Law Manifestation, but a real head—what species could have such a massive head?

As the giant emerged from the vortex, a mighty pressure weighed down on the leaders of the various powers, leaving them breathless.

Feeling the aura from the giant, Lu Chen felt, indeed, beings from Outer Heaven.

However...

Lu Chen sensed something amiss—this being from Outer Heaven lacked any Divine Soul aura, akin to a lifeless entity?

What could this mean?

As Lu Chen was bewildered, an old man in a flowing purple robe appeared upon the shoulder of the divine corpse. He glanced at the leaders present and announced, “I am the Hidden Moon Sect Leader.”

Upon hearing this, the leaders of various powers uniformly paid their respects, “Greetings to the Hidden Moon Sect Leader!”

Currently, the Hidden Moon Sect is an Upper Sect Immortal Sect; although attendees realized the Hidden Moon Sect Leader was not an Immortal Emperor, the divine corpse beneath commanded their deep apprehension.

Most leaders of the various powers had deduced the situation; evidently, the Hidden Moon Sect lacked an Immortal Emperor, but it controlled the corpse of a Great Power possessing Immortal Emperor capabilities.

Based solely on this fact, powers across the Barbaric lands must obey the Hidden Moon Sect.

Lu Chen now understood the situation; clearly, the Hidden Moon Sect Leader had refined this “divine corpse.”

Having children earns benefit, start competing for dominance in the world by marrying a wife

Lu Chen pondered, no wonder the Hidden Moon Sect, once an overlord-level influence in the Barbaric, eventually chose to hide and control the entire Barbaric from the shadows.

It turns out the Hidden Moon Sect acquired such a divine corpse. One must know that when great beings like Fen Xiao of the Outer Heaven fall, their bodies turn into nutrients for the Tianyan Immortal Domain, causing the entire domain to experience a resurgence of Immortal Aura. Even regions that originally had thin Immortal Aura become enriched.

The power contained within the body of an otherworldly being is imaginable, and now the Hidden Moon Sect is controlling a corpse of such a being and has even refined it. The strength of the Hidden Moon Sect Leader is likely now comparable to that of an Immortal Emperor.

What puzzled Lu Chen, however, was why this otherworldly being’s body did not decompose to become nutrients for the Tianyan Immortal Domain, despite being dead and lacking a Divine Soul?

Could this divine corpse have some special trait?

While Lu Chen was lost in thought, staring at the divine corpse, the voice of the Hidden Moon Sect Leader rang out again.

"This is not the place to talk. I have prepared a feast. Follow me."

As soon as these words fell, the Hidden Moon Sect Leader's body soared towards the hidden sect's stronghold high in the sky, leaving the divine corpse behind.

The gaze of the leaders of various forces was fixed on the divine corpse, with many contemplating that if they were to control this divine corpse, they wouldn't have to fear the Hidden Moon Sect anymore.

Of course, most just entertained the idea without actually acting on it.

The Hidden Moon Sect Leader's willingness to reveal the divine corpse indicates he has already refined it, suggesting that anyone attempting to covet the divine corpse would likely be crushed before even getting close.

Subsequently, the leaders of various forces headed to the Hidden Moon Sect, attending the feast at the Hidden Moon Hall.

During the feast, the Hidden Moon Sect Leader refrained from discussing major matters, merely admonishing the various forces from the Northern Domain.

Clearly, he was wary of the Azure Dragon Hall and the Northern Domain forces, while he paid little mind to the Daqin Immortal Dynasty and the Mysterious Moon Palace.

With only one Immortal Venerate in the sect and none in the Immortal Dynasty, neither posed a threat to the Hidden Moon Sect Leader.

At the feast, various forces presented prepared treasures in congratulation for the emergence of the Hidden Moon Sect, with the Azure Dragon Hall and the Daqin Immortal Dynasty offering Earth-grade Immortal Artifacts.

As the feast neared its end, a white-haired man in a corner of the hall suddenly looked at Lu Chen and asked, "Immortal Emperor Qin, are you Lu Chen?"

Upon hearing this, all eyes turned to Lu Chen, a name that was quite prominent in the Tianyan Immortal Domain.

However, most Immortals had never seen Lu Chen and didn't know his appearance. Among the present force leaders, except for Yun Yudie, none recognized Lu Chen.

Lu Chen was not surprised that the Frost Moon Immortal King knew his identity, as it was evident that the Hidden Moon Sect had investigated the backgrounds of the Daqin Immortal Dynasty and the Mysterious Moon Palace.

Yet, the Hidden Moon Sect Leader had not noticed him and Yun Yudie earlier; why would an Immortal King of the Hidden Moon Sect mention him now when the feast was about to end, especially when they seemed not to care about the Daqin Immortal Dynasty?

Lu Chen smiled and replied, "Indeed, I am Lu Chen. What may I help you with, fellow cultivator?"

Upon Lu Chen's acknowledgment, many leaders of the Barbaric were surprised to discover Lu Chen's presence in the Barbaric.

They speculated that it was probably just a clone.

The Frost Moon Immortal King continued, "Lu Chen, you returned from the Chaotic Sea, surely you acquired many opportunities there?"

The implication in the Frost Moon Immortal King's words was clear; Lu Chen returned from the Chaotic Sea and yet only presented an Earth-grade Immortal Artifact, as if dismissing a beggar.

Once reminded by the Frost Moon Immortal King, the Hidden Moon Sect Leader's attention finally fell on Lu Chen. Although he had been in seclusion, refining the divine corpse, he was well aware of the external world and had gathered much intelligence regarding Lu Chen.

The joy of refining the divine corpse had initially distracted him from Lu Chen's presence, but the Frost Moon Immortal King's reminder prompted his remembrance that Lu Chen might have many inherited opportunities.

Lu Chen replied, "The Chaotic Sea is merely endless darkness, devoid of so-called opportunities. Those are just rumors. Please do not believe them, fellow cultivator."

The Frost Moon Immortal King was about to continue when the Hidden Moon Sect Leader interrupted, "I believe Lu Chen's words; however, I am curious how you came by the Chaos Spirit Ruins Sealing Heaven Array?"

"Rare are the Holy Tier Arrays in the Tianyan Immortal Domain, especially the sealing types. I have never heard of the Chaos Spirit Ruins Sealing Heaven Array."

Lu Chen straightforwardly replied, "The Demon Emperor taught me that formation. I traveled with the Demon Emperor for a time in the Chaotic Sea."

Lu Chen's response stunned the audience.

The Demon Emperor?

Lu Chen has ties to the Demon Emperor?

Is it true?

Could Lu Chen be lying? But considering it's the Demon Emperor, and the Demon Emperor has now restored his Immortal Emperor Cultivation, who would dare lie while implicating the Demon Emperor?

Mentioning the Demon Emperor, the Hidden Moon Sect Leader considered it plausible that Lu Chen told the truth.

Could it be true that the Demon Emperor imparted the formation to Lu Chen?

Returning to his senses, seated on the Immortal Throne, the Hidden Moon Sect Leader inquired further, "Why did she teach you the Chaos Spirit Ruins Sealing Heaven Array?"

Lu Chen answered, "Her Heavenly Mechanism Skill is quite exceptional, capable of predicting future events. Perhaps she noticed my Divine Soul was robust, realized I could inscribe array patterns of Holy Tier Arrays, and knew the seals of the enigmatic creatures in the Sunset Mountain Range were loosening, thus requiring my assistance to reinforce the seals alongside the Immortals of the Tianyan Immortal Domain."

This...

Hearing Lu Chen's coherent explanation, people were inclined to believe he spoke the truth.

But was the Demon Emperor truly so generous?

The Hidden Moon Sect Leader contemplated briefly, unable to discern the truth of Lu Chen's words. Concerning the Demon Emperor, he couldn't go to the Demon Emperor to verify.

Nonetheless, Lu Chen daring to involve the Demon Emperor implicated some connection.

Ordinary people wouldn't and wouldn't dare to shift blame toward the Demon Emperor unless they had a death wish.

Returning to his senses, the Hidden Moon Sect Leader remarked, "So that's how it is."

"Speaking of, why is your Divine Soul so strong; I presume your main body is an Immortal Venerate by now?"

The Hidden Moon Sect Leader now realized Lu Chen's presence in the Barbaric was not ideal. If Lu Chen truly had ties with the Demon Emperor, then the Daqin Immortal Dynasty in the Barbaric was essentially a piece placed by the Demon Emperor.

Of course, the Hidden Moon Sect Leader also knew he couldn't act against Lu Chen without confronting the Demon Emperor.

If Lu Chen was indeed connected to the Demon Emperor, harming Lu Chen might attract unnecessary trouble.

Moreover, the sealing within the Sunset Mountain Range was unpredictable; the enigmatic creatures might break free.

Though the Hidden Moon Sect Leader had refined the divine corpse, his Divine Soul remained at the Immortal Venerable Level, thus unable to fully inscribe the Chaos Spirit Ruins Sealing Heaven Array, requiring Lu Chen's presence.

Lu Chen spoke up, "I don't know. I was just born with a strong Divine Soul."

The Hidden Moon Sect Leader commented, "Perhaps you are the reincarnation of an Immortal Emperor."

Lu Chen replied, "Hidden Moon Sect Leader jests. If I were an Immortal Emperor's reincarnation, how could I have been cast out from the Tianyan Immortal Domain?"

The Hidden Moon Sect Leader stated, "I've heard of your circumstances. The Heavenly Splendor Hall is indeed detestable. Rest assured, with the Hidden Moon Sect backing you, no force will dare trouble you or your Immortal Dynasty."

Lu Chen responded, "Thank you, Hidden Moon Sect Leader. Should the Hidden Moon Sect require anything, the Daqin Immortal Dynasty will follow your orders."

These were merely pleasantries exchanged; the Hidden Moon Sect wouldn't truly back Lu Chen, and he wouldn't genuinely follow the sect's orders.

Yet in such a setting, one must exchange formalities.

Capítulo 1993: Chapter 1683: Palace Master, You'd Better Think Carefully Before Acting

Lu Chen followed Heavenly Language Immortal Venerable back to the Mysterious Moon Palace and immediately met with Immortal Venerable Yun Meng.

In Yun Meng Palace, seven-colored immortal aura surrounded them, and a fragrant scent wafted through the air.

Immortal Venerable Yun Meng, dressed in seven-colored cloud gauze, stood quietly in the middle of the hall.

After Heavenly Language Immortal Venerable brought Lu Chen before Immortal Venerable Yun Meng, Immortal Venerable Yun Meng spoke to Heavenly Language

Immortal Venerable: “Heavenly Language Peak Master, I have matters to discuss with Lu Chen, you may leave first.”

Without further thought, Heavenly Language Immortal Venerable turned around and left.

Once Heavenly Language Immortal Venerable had left, Immortal Venerable Yun Meng slowly walked to Lu Chen’s side and then asked, “Heavenly Language Immortal Venerable should have told you everything, right?”

Lu Chen replied with a smile, “She did, but rather than an invitation, she used Xu Jingshu to threaten me into coming to the Mysterious Moon Palace.”

Hearing this, Immortal Venerable Yun Meng was slightly surprised. Her original intention was that no matter the condition, Lu Chen must send a clone here—an invitation for Lu Chen.

Unexpectedly, Heavenly Language Immortal Venerable actually threatened Lu Chen, accomplishing her goal through coercion, which showed Xu Jingshu was quite important to Lu Chen.

If they used Xu Jingshu to continue threatening Lu Chen...

Just as this thought crossed Immortal Venerable Yun Meng's mind, Lu Chen's words interrupted her contemplation.

“Although Heavenly Language Immortal Venerable threatened me, the true reason I came to the Mysterious Moon Palace is not because of Xu Jingshu.”

“Currently, the Mysterious Moon Palace faces grave danger; whether it's the Demon Emperor or Xiyue Immortal Emperor, both may enter the Central Domain.”

Hearing Lu Chen's words, Immortal Venerable Yun Meng furrowed her brows slightly: Not because of Xu Jingshu? Could it be for the Mysterious Moon Palace?

She did not think Lu Chen was so kind-hearted.

At this moment, Lu Chen asked with a smile, “Regarding the Mysterious Moon Palace, am I not considered very important right now?”

Upon hearing his question, Immortal Venerable Yun Meng gradually realized what Lu Chen might be saying next: he intended to bargain.

Before Immortal Venerable Yun Meng could answer, Lu Chen continued: “I believe whatever condition I propose right now, your Mysterious Moon Palace will agree.”

Immortal Venerable Yun Meng asked, “You want to take Xu Jingshu away?”

Lu Chen shook his head, “I’ve already said, the real reason I’m here in the Mysterious Moon Palace isn’t because of her.”

“However, taking her away could be one of my requests.”

Immortal Venerable Yun Meng’s face instantly turned cold. Although their ancestors said they could live another lifetime without using the possession technique, it did not mean Xu Jingshu and the child in her belly were useless.

Before their ancestor went into seclusion, they said that anyone with the Saintess’s qualifications must be brought back. Obviously, those individuals are useful to their ancestor, otherwise, their ancestor wouldn’t have issued such an order.

If Lu Chen takes Xu Jingshu away, what if their ancestor awakens, needing Xu Jingshu and the child in her belly?

Most importantly, Lu Chen actually said it was only one of his requests, meaning he had other demands too.

The guy planned to open the lion's mouth wide!

Immortal Venerable Yun Meng's expression turned icy as she asked in a cold and detached tone, "What other demands do you have, just lay them out."

Lu Chen promptly replied, "I want Heavenly Language Immortal Venerable to be my partner."

...

Immortal Venerable Yun Meng was momentarily speechless.

Lu Chen was really set on pestering Heavenly Language Immortal Venerable; Heavenly Language Immortal Venerable's disciples had been thoroughly distressed by Lu Chen, and now, Lu Chen had set his sights on Heavenly Language Immortal Venerable.

In fact, Lu Chen not only had eyes on Heavenly Language Immortal Venerable, he was also eyeing her.

Of course, Lu Chen couldn't bring up so many demands all at once, since Immortal Venerable Yun Meng was, after all, the Palace Master of the Mysterious Moon Palace. Until it came to a true life-and-death moment, she wouldn't exchange her dignity for terms.

Immortal Venerable Yun Meng snapped back, turned to look into Lu Chen's eyes, "Do you know what you're saying?"

Lu Chen answered, "Of course I know."

The moment Lu Chen finished speaking, Immortal Venerable Yun Meng suddenly emitted a pressure of immortal venerable from her body, and she coldly responded, "Heavenly Language Immortal Venerable is the Peak Master of the Mysterious Moon Palace, not someone you can think of!"

Lu Chen confirmed, "If the Mysterious Moon Palace doesn't agree, then forget it, I'll leave the Mysterious Moon Palace right away."

Immortal Venerable Yun Meng hadn't expected Lu Chen to be so straightforward, she quickly threatened, "Don't forget, Xu Jingshu is still in the Mysterious Moon Palace!"

Lu Chen replied casually, "I've said from the start, it's not because of Xu Jingshu that I came to the Mysterious Moon Palace. Do you think using her can threaten me to work for the Mysterious Moon Palace?"

Immortal Venerable Yun Meng coldly retorted, “It seems you have no feelings for her; if so, I will tell her what you said and help her terminate the pregnancy, completely ending all relations with you.”

Immortal Venerable Yun Meng didn’t believe that Lu Chen was completely indifferent to his woman and child. She had learned about Lu Chen, although he was indeed lustful, having eloped with fairies from many major forces, Lu Chen treated his women very well.

Those women followed him wholeheartedly, willingly entering the Chaotic Sea for him, because he was deeply affectionate, making them feel his love.

If someone else claimed indifference towards their woman, she might believe, but when Lu Chen said such words, Immortal Venerable Yun Meng didn’t believe it at all.

Especially since Xu Jingshu’s belly carried Lu Chen’s child.

She felt Lu Chen was retreating in order to advance, forcing her to negotiate.

Just as Immortal Venerable Yun Meng thought acting resolute could manipulate Lu Chen, Lu Chen directly stated, “Palace Master, do you really think I don’t know Xu Jingshu is important to your Mysterious Moon Palace?”

Upon hearing Lu Chen's words, Immortal Venerable Yun Meng paused, instantly vigilant, "What do you mean by that?"

Lu Chen continued, "The ancestor of the Mysterious Moon Palace should be very concerned about Xu Jingshu and the child inside her."

At Lu Chen's mention of the ancestor, Immortal Venerable Yun Meng's mind skipped a beat, generating a sense of foreboding.

Could it be that Lu Chen knew about their ancestor's need for a possession body?

Though their ancestor no longer needed a possession body, if Lu Chen knew about their ancestor, it meant Lu Chen might know their ancestor's condition.

Immortal Emperor Youlan's affair was the greatest secret of the Mysterious Moon Palace, absolutely forbidden from being disclosed.

At this moment, a hint of deadly intent had already appeared in Immortal Venerable Yun Meng's eyes, fixing her gaze on Lu Chen, "What else do you know?"

Feeling the murderous intent in Immortal Venerable Yun Meng's eyes, Lu Chen remained calm, smiling as he said, "Immortal Emperor Youlan."

Upon hearing these four words, Immortal Venerable Yun Meng's heart skipped a beat; typically, people from the Mysterious Moon Palace referred to Immortal Emperor Youlan as ancestor. Few knew her title.

Yet Lu Chen could directly utter Immortal Emperor Youlan's title, proving he likely knew Immortal Emperor Youlan's current situation.

After regaining her composure, Immortal Venerable Yun Meng's eyes showed even more lethal intent, and unknowingly, the space within Yun Meng Hall was sealed.

Noting that Immortal Venerable Yun Meng had locked the space, Lu Chen gently said, "This is merely one clone, Palace Master, think wisely before acting."

Lu Chen's words instantly brought Immortal Venerable Yun Meng back to reality.

Having children earns benefit, start competing for dominance in the world by marrying a wife

Immortal Venerable Yun Meng couldn't help but clench her jade fist. She indeed couldn't make a move against Lu Chen now. If she did, it would mean breaking off completely with him.

If Lu Chen were to reveal matters regarding Immortal Emperor Youlan and attract the attention of the Demon Emperor and Xiyue Immortal Emperor, Immortal Emperor Youlan might not survive a second life.

After calming her emotions, Immortal Venerable Yun Meng asked, "I'm curious, how did you come to know these matters? Was it Heavenly Language Immortal Venerable who informed you?"

Although she was reluctant to believe that Heavenly Language Immortal Venerable told Lu Chen, it seemed impossible for an outsider like him to know the Mysterious Moon Palace's core secrets.

Then again, Heavenly Language Immortal Venerable had no reason to inform Lu Chen about Immortal Emperor Youlan. Revealing such secrets to outsiders would be a betrayal of the Mysterious Moon Palace.

Heavenly Language Immortal Venerable surely understood the significance of this matter to the Mysterious Moon Palace, and telling Lu Chen about it wouldn't bring her any benefit, so why would she do that?

Lu Chen replied, "There's no way Heavenly Language Immortal Venerable told me about these things."

Immortal Venerable Yun Meng continued, "Do the Demon Emperor and Xiyue Immortal Emperor know about this matter?"

Lu Chen said, "If they knew there was an Immortal Emperor in Mysterious Moon Palace attempting to live a second life, do you think the palace would be safe right now?"

Hearing this, Immortal Venerable Yun Meng heaved a slight sigh of relief, as long as the Demon Emperor and Xiyue Immortal Emperor were unaware of Immortal Emperor Youlan's existence.

In that case, all they needed to do was deal with Lu Chen.

However...

Lu Chen probably wouldn't be so easily fooled.

Lu Chen continued, "I've been sincere enough. You see I haven't used the matter of Immortal Emperor Youlan to threaten your Mysterious Moon Palace, yet you've used my companion and child to threaten me."

Immortal Venerable Yun Meng sneered inwardly, Lu Chen hasn't threatened the Mysterious Moon Palace? Just saying the matter of Immortal Emperor Youlan is already a threat to the palace.

Immortal Venerable Yun Meng then said, "Tell me how you learned of these things, and I'll agree to your request."

To the Mysterious Moon Palace, nothing is more important than Immortal Emperor Youlan. As for Heavenly Language Immortal Venerable, she'll just have to persuade her later.

For an Immortal Venerable, innocence isn't that important; what's crucial is dignity. But when it comes to Immortal Emperor Youlan, they have to set aside their dignity temporarily.

Lu Chen said casually, "Because I can deduce the Heavenly Mechanism."

Hearing Lu Chen's answer, Immortal Venerable Yun Meng paused.

She wasn't surprised that Lu Chen could deduce the Heavenly Mechanism; rather, his reason seemed rather absurd. It's known that an Immortal Emperor naturally possesses the ability to shield against Heavenly Mechanism, and ordinary people

couldn't possibly deduce things related to an Immortal Emperor, and might even suffer backlash.

Though Immortal Emperor Youlan's time was nearing, not just anyone could deduce her existence, let alone that she consciously shielded her own Heavenly Mechanism.

How could Lu Chen possibly deduce Immortal Emperor Youlan's existence?

Immortal Venerable Yun Meng immediately felt that Lu Chen was deceiving her.

Lu Chen knew what Immortal Venerable Yun Meng was thinking, and said, "Palace Master shouldn't think it's impossible; others can't depict the Holy Rank Sealing Array, yet I can, which proves the strength of my Divine Soul."

"With my Divine Soul so strong and my ability to deduce the Heavenly Mechanism, even if an Immortal Emperor has means to shield Heavenly Mechanism, it's not entirely impossible for me to deduce their existence."

Immortal Venerable Yun Meng pondered for a moment; Lu Chen made some sense.

She had been speculating whether Lu Chen was the reincarnation of an Immortal Emperor, which could account for his powerful Divine Soul.

If he were truly the reincarnation of an Immortal Emperor, he might even have known Immortal Emperor Youlan personally.

Seeing the dignified and noble fairy stand silently, Lu Chen smiled and said, "Regarding Heavenly Language Immortal Venerable's matter, I'll leave it to you, Palace Master."

Immortal Venerable Yun Meng snapped back to reality and coldly said to Lu Chen, "Return to Heavenly Language Peak first; I will have Heavenly Language Immortal Venerable come to you."

Lu Chen replied, "Good, I'll await your good news."

As he finished speaking, Lu Chen left Yun Meng Hall. After he left, Immortal Venerable Yun Meng sighed softly.

For the Mysterious Moon Palace, it seemed she had to wrong Heavenly Language Immortal Venerable a bit.

Originally, she only wanted Lu Chen to depict the Chaos Spirit Ruins Sealing Heaven Array and considered him as a hidden card. If that were the case, she wouldn't need Heavenly Language Immortal Venerable to sacrifice herself, given her position as a Peak Master of Mysterious Moon Palace.

But now that Lu Chen knew about Immortal Emperor Youlan's existence and her impending second life, his presence posed too great a threat to the Mysterious Moon Palace.

The key issue was that they had no means to handle Lu Chen, as his current body was merely a clone, and they couldn't ascertain where Lu Chen's main body was.

On the contrary, if they took action against Lu Chen, he might immediately spread news about Immortal Emperor Youlan, and by then the Demon Emperor and Xiyue Immortal Emperor, to prevent a third Immortal Emperor from competing for Qi Fortune in the Tianyan Immortal Domain, would undoubtedly choose to attack the Mysterious Moon Palace.

At this time, Immortal Venerable Yun Meng directly transmitted her voice to Heavenly Language Immortal Venerable, asking her to come to Yun Meng Hall.

Soon, Heavenly Language Immortal Venerable arrived at Yun Meng Hall. As soon as she entered, Immortal Venerable Yun Meng spoke, "Junior Sister, if I recall, you joined the Mysterious Moon Palace at a young age, right?"

Hearing this, Heavenly Language Immortal Venerable was momentarily stunned. Both she and Immortal Venerable Yun Meng were disciples of Immortal Emperor Youlan; she indeed was Immortal Venerable Yun Meng's junior sister. Typically, Immortal Venerable Yun Meng wouldn't address her so, and more importantly, her tone seemed off.

Being of Immortal Venerable level herself, Heavenly Language Immortal Venerable wasn't foolish; she immediately sensed that Immortal Venerable Yun Meng had something that required her intervention, and this matter likely infringed upon her personal interests. Otherwise, Immortal Venerable Yun Meng wouldn't speak to her like this suddenly.

Heavenly Language Immortal Venerable directly said, "Palace Master, if there's anything you need me to do, please just say it."

"If it's for the Mysterious Moon Palace, I'll brave any challenge, no matter how perilous."

Immortal Venerable Yun Meng smiled and said, "It's not something that requires you to brave fire and steel."

Heavenly Language Immortal Venerable tightly furrowed her Liumei, realizing indeed there was something she had to do.

Immortal Venerable Yun Meng continued, "Lu Chen knows about the Ancestor's matter."

Hearing this, Heavenly Language Immortal Venerable was startled, and then suspiciously asked while looking at the back of Immortal Venerable Yun Meng, "Is the Palace Master suspecting me of leaking the Ancestor's matter to him?"

Immortal Venerable Yun Meng turned back, calmly stating, "You are the Peak Master of the Mysterious Moon Palace and also a disciple of our Honored Master. Of course, I don't suspect you."

"But..."

At this point, Immortal Venerable Yun Meng sighed lightly.

Heavenly Language Immortal Venerable vaguely sensed something ominous, and she continued, "Does the Palace Master intend for me to silence him?"

Heavenly Language Immortal Venerable thought Immortal Venerable Yun Meng was worried that she might care about the master-disciple bond, hence this conversation.

She bore no such sentiment towards the lecher Lu Chen, having only accepted him as a disciple for Xu Jingshu's sake.

Having children earns benefit, start competing for dominance in the world by marrying a wife

Upon hearing the words of Heavenly Language Immortal Venerate, Immortal Venerate Yun Meng realized that Heavenly Language Immortal Venerate had misunderstood her intention. She promptly said, "The Mysterious Moon Palace needs Lu Chen now, and we can't kill him. Moreover, he already knows about our ancestor, so even using Xu Jingshu won't threaten him anymore."

"To have him assist the Mysterious Moon Palace and keep the ancestor's matter a secret, the only way is to win him over and make him one of us."

Heavenly Language Immortal Venerate found Immortal Venerate Yun Meng's words confusing. Make Lu Chen part of the Mysterious Moon Palace? How could Lu Chen willingly become a member of the Mysterious Moon Palace?

Lu Chen had founded his own Immortal Dynasty; he had his own power and was unlikely to fully submit to the Mysterious Moon Palace.

Heavenly Language Immortal Venerate was curious about what Immortal Venerate Yun Meng was trying to convey, given these elaborate preparations in her speech.

She had vaguely sensed that Immortal Venerate Yun Meng was about to say something unacceptable. Otherwise, she wouldn't have set such a long preamble.

At that moment, Immortal Venerate Yun Meng gazed seriously into Heavenly Language Immortal Venerate's eyes and asked, "Sister, how about letting Lu Chen become your Dao Companion?"

This statement turned the hall instantly silent, so quiet that one could hear a pin drop. A look of disbelief appeared on Heavenly Language Immortal Venerate's face.

To allow Heavenly Language Immortal Venerate to process this, Immortal Venerate Yun Meng remained silent, merely gazing into her lavender eyes.

After a quarter of an hour, Heavenly Language Immortal Venerate finally recovered and asked, "Is the Palace Master not joking?"

Immortal Venerate Yun Meng said seriously, "No."

Seeing Immortal Venerate Yun Meng's serious and solemn expression, Heavenly Language Immortal Venerate instantly felt somewhat dazed.

As a member of the Mysterious Moon Palace, she naturally should make sacrifices for it, but to become the Dao Companion of that scoundrel Lu Chen...

Her heart could not accept it for a moment, notwithstanding that he was also the man of her disciples.

Heavenly Language Immortal Venerate realized that Immortal Venerate Yun Meng wouldn't suggest her becoming Lu Chen's Dao Companion for no reason.

Clearly, this was a condition proposed by Lu Chen. That scoundrel had certainly set his sights on her long ago, so he took this opportunity to suggest to Immortal Venerate Yun Meng that she become his Dao Companion.

Thinking of this made Heavenly Language Immortal Venerate want to return to the Heavenly Language Peak and cut off Lu Chen's clone.

That rascal not only ruined all her disciples but now even wouldn't spare her. She had never seen such a lecher before.

Heavenly Language Immortal Venerate asked, "Did Lu Chen propose this?"

Immortal Venerate Yun Meng said, "It was his proposal as well as my intention."

"He knows we can't harm Xu Jingshu and her unborn child, so we can't use Xu Jingshu to threaten him. We can only find other ways to win him over."

Heavenly Language Immortal Venerate fell silent.

She detested Lu Chen, that lecher, yet now she had to become his Dao Companion, which made her feel very upset inside.

Of course, she also understood Lu Chen's importance. Lu Chen knew about Immortal Emperor Youlan. If the Mysterious Moon Palace couldn't win him over, once he revealed Immortal Emperor Youlan's matters, it would be disastrous for the Mysterious Moon Palace.

But having to serve Lu Chen alongside her own disciples was simply unthinkable for her.

She was at least an Immortal Venerate and the Peak Master of the Mysterious Moon Palace.

Seeing Heavenly Language Immortal Venerate silent for a long time, Immortal Venerate Yun Meng sighed and continued, "I also don't want you to become his Dao Companion, but for the sake of our ancestor and the Mysterious Moon Palace, as your sister, I am left with no choice."

"If you are unwilling, then forget it. I'll try to find out if Lu Chen is interested in any other fairies of the Mysterious Moon Palace."

Heavenly Language Immortal Venerate knew that Immortal Venerate Yun Meng was using a tactic of advancing by retreating. As a member of the Mysterious Moon Palace, she had no right to refuse the Palace Master's orders, and moreover, this related to the Mysterious Moon Palace's safety unless she betrayed it.

At this point, Heavenly Language Immortal Venerate said, "Since I am already in his sights, he probably won't easily change his request."

Immortal Venerate Yun Meng probed, "So, does that mean you intend to agree?"

Heavenly Language Immortal Venerate paused for a moment and eventually said, "For the Mysterious Moon Palace, it is my duty."

Though she was unwilling to become Lu Chen's Dao Companion, Lu Chen now held the Mysterious Moon Palace's secrets. Besides, to her, it was nothing more than losing her body, sacrificing a bit of dignity. As long as it could safeguard the Mysterious Moon Palace, such a sacrifice was nothing significant.

She might as well think of it as being bitten by a dog.

Seeing Heavenly Language Immortal Venerate agree, Immortal Venerate Yun Meng sighed again, "Sister, I'm sorry to put you through this. When the ancestor emerges, I will certainly tell them about your sacrifice today, and in the future, the ancestor will compensate you."

Heavenly Language Immortal Venerate didn't say much more. To be honest, by the time one reaches the Immortal Venerate Realm, there is hardly anything the Mysterious Moon Palace could offer as compensation.

She agreed to Immortal Venerate Yun Meng not for any so-called compensation, but purely because she was a member of the Mysterious Moon Palace. Having grown up there, she held deep feelings for it and couldn't watch it head toward ruin.

Heavenly Language Immortal Venerate then asked, "Does the Palace Master have any other matters? If not, I shall return."

Immortal Venerate Yun Meng said, "Okay, you may return."

Immortal Venerate Yun Meng believed that since Heavenly Language Immortal Venerate had agreed, she knew what to do next, and she didn't rush her to go to Lu Chen immediately.

Heavenly Language Immortal Venerate then turned and left Yun Meng Hall. Watching her back, Immortal Venerate Yun Meng felt quite helpless. After all, Heavenly Language Immortal Venerate was also a Peak Master of the Mysterious Moon Palace. Yet now, for the sake of the Mysterious Moon Palace, they actually had to resort to such low means.

Nonetheless, who could tell if the "beauty trap" would work on Lu Chen?

If it did work on him, then when Lu Chen grows powerful in the future, it would be a tremendous boon for the Mysterious Moon Palace.

Thinking of the vision she saw in her dream, Immortal Venerate Yun Meng felt that today's choice wasn't entirely mistaken.

Lu Chen might very well be the savior of the Tianyan Immortal Domain in the future. If they could bind Lu Chen and the Mysterious Moon Palace through Heavenly Language Immortal Venerate, when catastrophe strikes, they wouldn't need to worry.

Though it remained unknown whether Lu Chen's interest in Heavenly Language Immortal Venerate was mere lust or genuine affection...

After returning to Heavenly Language Peak, Heavenly Language Immortal Venerate released her Divine Sense, found Lu Chen's location, and instantly appeared in his room.

Lu Chen was about to meditate when he saw Heavenly Language Immortal Venerate, with her white hair and noble aura, appearing in his room.

Heavenly Language Immortal Venerate wore a simple long white dress, appearing modest yet elegant. Her gracefully fitting silhouette emphasized by the plain outfit, her figure curvaceous, her feet in white embroidered shoes, her entire being exuded a cool, abstinent aura.

Heavenly Language Immortal Venerate slightly raised her head, her violet eyes glaring at Lu Chen with contempt.

Lu Chen smiled and said, "Honored Master, why are you staring at me like that?"

Heavenly Language Immortal Venerate, expressionless, asked, "Do you think using such despicable means to get my body will make me fall for you?"

Lu Chen retorted, "Why would I need you to like me?"

Having children earns benefit, start competing for dominance in the world by marrying a wife

Upon hearing Lu Chen's words, Heavenly Language Immortal Venerable was momentarily stunned.

Lu Chen didn't need her to like him, which meant this bastard only cared about her body, treating her as a plaything without any real feelings?

Thinking about this, Heavenly Language Immortal Venerable found it even more difficult to accept.

Immortal Venerable Yun Meng intended for her to use her beauty to entice Lu Chen and bind him to the Mysterious Moon Palace, but if Lu Chen had no feelings for her and was purely after her body.

Even if she sacrificed herself, and Lu Chen took her innocence, he would not willingly help the Mysterious Moon Palace because of her, making her sacrifice in vain.

Seeing Heavenly Language Immortal Venerable seeming distracted, Lu Chen slowly walked to her side and whispered in her ear: "I only want your body; as for your heart, I don't care at all."

Lu Chen's sudden closeness made Heavenly Language Immortal Venerable somewhat flustered, as this was the first time a man had been this close to her. She instinctively wanted to distance herself from Lu Chen.

Especially after hearing Lu Chen's devilish whispers, Heavenly Language Immortal Venerable's heart rejected this lustful man even more.

Heavenly Language Immortal Venerable suppressed the anger in her heart. She didn't know what to do now; should she really let this lustful man defile her?

At this moment, Lu Chen continued whispering in her ear: "Don't you want to know my secrets?"

Heavenly Language Immortal Venerable paused slightly upon hearing this.

His secrets?

She was somewhat interested, after all, Lu Chen's Divine Soul was so powerful, and he knew about Immortal Emperor Youlan, so she really wanted to know his true identity.

But would Lu Chen tell her?

Heavenly Language Immortal Venerable said coldly, "Not interested."

Even though she cared, she couldn't possibly say it at this moment, especially since Lu Chen might just be toying with her, with no intention of telling her about his matters.

Lu Chen said: "Once you become my couple, you will know many of my secrets."

"If you're not interested, then forget it."

Lu Chen was in no hurry now, as Heavenly Language Immortal Venerable would eventually become his woman, so he wasn't eagerly trying to push her to the bed.

He wanted Heavenly Language Immortal Venerable to willingly engage in dual cultivation with him, despite her reluctance.

Upon hearing this, Heavenly Language Immortal Venerable paused slightly. If she could really learn Lu Chen's secrets, she might be able to manipulate him.

But she wasn't foolish enough to easily trust Lu Chen's words.

Becoming his couple would reveal his secrets? Lu Chen trusted her that much? It seemed impossible, clearly, Lu Chen was deliberately trying to lure her.

Yet, if she doesn't approach Lu Chen, it's hard to discover his secrets, so whether Lu Chen was tempting her or not, if she wanted to figure out Lu Chen's background, she had to get closer to him.

Though at first, Lu Chen would be wary of her, eventually, he would slip, and someday she would learn about Lu Chen's origins.

But now there's a problem, she really doesn't want this bastard to defile her.

As an Immortal Venerate who has lived for countless years, she wasn't overly concerned with chastity, but she was an Immortal Venerate and also a Peak Master of an Overlord-level Influence, yet she was about to become someone else's plaything, did she have any dignity left?

But if she didn't let Lu Chen touch her, perhaps he wouldn't stay in the Mysterious Moon Palace, and he might even reveal matters related to Immortal Emperor Youlan.

For the sake of the Mysterious Moon Palace, she had no choice.

Ultimately, amidst intense inner turmoil, Heavenly Language Immortal Venerable decided to compromise.

She gave Lu Chen a cold look without saying anything further, then lay down on his bed with an air of resignation.

"Whatever you want to do, hurry up!" The fairy's voice was icy cold and devoid of emotion.

Lu Chen glanced at Heavenly Language Immortal Venerable lying straight on the bed, his mouth twitching slightly. He didn't immediately make a move.

To be honest, Heavenly Language Immortal Venerable's overly compliant behavior was rather uninteresting.

Lu Chen's women were all beautiful, with various personalities and types, and he was not the man he once was, unable to resist a beautiful woman.

Moreover, the temperament of Heavenly Language Immortal Venerable and Yun Yudie were very similar; he had dual cultivated with Yun Yudie for countless years, and the novelty had long worn off. If Heavenly Language Immortal Venerable behaved so compliantly, similar to Yun Yudie, he actually felt little desire.

Seeing Lu Chen standing still, Heavenly Language Immortal Venerable continued, "Aren't you eager to have my body?"

Lu Chen smiled and said, "Suddenly, I'm not interested."

Heavenly Language Immortal Venerable's brows furrowed, what did Lu Chen mean?

Wasn't he the one who told Immortal Venerable Yun Meng he wanted her to be his couple, yet when she presented herself, he claimed he wasn't interested?

Was he mocking her?

Heavenly Language Immortal Venerable stared directly at Lu Chen, "Are you mocking me?"

Lu Chen said calmly, "Why would I mock you."

"I just realized that you and Yudie are too much alike, and after years of daily dual cultivation with her, I've grown tired."

Heavenly Language Immortal Venerable's expression instantly turned colder; what kind of scoundrel talks like this, not to mention herself, Lu Chen was tired of Yun Yudie.

Sure enough, this man couldn't be trusted. If Yun Yudie knew what Lu Chen had just said, she would regret ever choosing him.

Heavenly Language Immortal Venerable then asked, "Aren't you afraid I'll tell Yudie what you said?"

Lu Chen smiled, unconcerned: "It's fine if you tell her; not only am I tired, she's probably tired as well."

Throughout the history of the Tianyan Immortal Domain, no Immortal has dual cultivated like them, constantly for years, even decades.

If it weren't for him helping Yun Yudie improve her Cultivation State, she'd probably be tired by now.

Seeing Lu Chen seemingly unconcerned about her informing Yun Yudie, Heavenly Language Immortal Venerable couldn't help but think, could it be Lu Chen really wasn't worried?

Were Yun Yudie and Lu Chen both tired?

But their fatigue was their problem, nothing to do with her; Lu Chen actually mistook her for Yun Yudie, which was intolerable.

No woman can tolerate being mistaken for another.

Heavenly Language Immortal Venerable sneered, "Claiming you're tired, but actually you're overindulgent and incapable."

If it's just excessive ordinary affairs between men and women, it might harm the body, but excessive dual cultivation could harm the Divine Soul, as there's potential soul contact during dual cultivation.

With so many couples, Lu Chen seemed to lack self-control; he might have been dual cultivating excessively with others, causing soul damage.

"Since you're admitting you're incapable, don't blame me for leaving."

Saying this, Heavenly Language Immortal Venerable directly got up, ready to leave Lu Chen's room.

Upon hearing Heavenly Language Immortal Venerable's taunt, Lu Chen was momentarily stunned.

Heavenly Language Immortal Venerable actually claimed he was incapable!

What man can tolerate that!

Lu Chen smiled, saying, "I must admit, your provocation is quite effective."

With these words, Lu Chen quickly approached Heavenly Language Immortal Venerable, grabbed her wrist, and pulled her into his embrace.

The sudden move caught Heavenly Language Immortal Venerable off guard, as her aura suddenly radiated outward, instantly releasing the Immortal Venerable's pressure.

Having children earns benefit, start competing for dominance in the world by marrying a wife

No man had ever dared to grab Heavenly Language Immortal Venerable's hand, let alone pull her into his embrace, from childhood until now.

This unexpected scene thrust her into a state of shock, instinctively wanting to slap Lu Chen away.

But at this moment, Lu Chen's voice echoed in her ear.

"Didn't you say I'm not up to it? Why are you suddenly scared?"

Hearing his voice, Heavenly Language Immortal Venerable's brain froze momentarily but she quickly regained her composure. Struggling to suppress the impulse to slap Lu Chen, she turned her head to the side, restraining her aura and pressure, silently ignoring Lu Chen's words.

However, at this time, Lu Chen suddenly lifted his hand and directly grabbed the fairy's chin, forcing her to turn her head and look at him.

Heavenly Language Immortal Venerable coldly gazed at Lu Chen, remaining silent.

She was trying hard to suppress her emotions; afraid that she might lose control of her emotions, causing the ruin of Lu Chen's body with a careless move.

Lu Chen stared into her eyes, which resembled purple gemstones, with a smile on his face and asked, "Honored Master, you never expected to fall into my hands, did you?"

Heavenly Language Immortal Venerable coldly snorted, saying nothing; what honored master—she had never truly regarded this guy as a disciple. If it weren't because of Xu Jingshu, she wouldn't have taken this guy as a disciple back then.

This damned scoundrel, before possessing her body, wanted to humiliate her first.

All she could do now was suppress her emotions.

Seeing Heavenly Language Immortal Venerable still looked very resistant, Lu Chen turned her body around, then embraced her waist from behind with both arms, placing his head on her fragrant shoulder, inhaling the subtle scent from her white hair.

At this moment, Heavenly Language Immortal Venerable vaguely caught a hint of masculine scent with her nose, which made the Immortal Aura within her body somewhat agitated, and her mood began to become unstable.

Lu Chen's deep voice continued in her ear, "There's really no need for you to be so resistant, even though I'm a person of great lust, I'm particularly good to my own women."

"Think about it, if I'm not good to my women, how could they be so devoted to me?"

Hearing Lu Chen's words, Heavenly Language Immortal Venerable felt a great deal of disdain internally, thinking about what shameful means this damned guy used.

In her view, Lu Chen must have employed some disgraceful means to make his women so devoted to him.

Lu Chen had so many women that she didn't believe each one of them loved him deeply. If they all loved Lu Chen deeply, it would further prove there's a problem.

Seeing Heavenly Language Immortal Venerable still didn't respond, Lu Chen's right hand explored down to her lower abdomen, gently grasping her belt, then tugging lightly.

With the belt removed, her outer robe immediately fell open; Heavenly Language Immortal Venerable's immortal power inside became agitated once more, she was on the verge of losing control of the impulse to kill Lu Chen.

At this moment, Lu Chen gently blew at her ear, causing a tingling itch at the root of her ear, but Heavenly Language Immortal Venerable didn't pay much attention to such tricks.

For Immortals, restraining desires is basic mastery; for an Immortal Venerable attempting to control their inner desires is incredibly easy.

Heavenly Language Immortal Venerable knew what Lu Chen was up to, merely trying to provoke her to make her emotionally attracted to him, arousing desire.

Seeing Heavenly Language Immortal Venerable unmoved, Lu Chen promptly realized that compared to Yun Yudie, getting her emotionally attracted wasn't an easy task.

No wonder they're master and disciple; they're exactly the same in this aspect.

Lu Chen then leaned towards Yun Yudie's ear with continued soft words: "Do you want to know how Xiyue Immortal Emperor broke through to become an Immortal Emperor?"

"When she became an Immortal Emperor, I was right by her side."

Heavenly Language Immortal Venerable's body shuddered slightly at Lu Chen's words, although the movement was very small, Lu Chen still perceived it.

Seeing Heavenly Language Immortal Venerable reacted, Lu Chen's lips curled slightly upward. Indeed, dealing with such a fairy requires using cultivation-related topics to make them interested, as other methods are ineffective.

Heavenly Language Immortal Venerable composed herself after a brief pause and replied with a blank expression, "You're not going to tell me."

Not to mention whether Lu Chen's words are true, even if Lu Chen does know how Xiyue Immortal Emperor became an Immortal Emperor, he wouldn't easily reveal it.

Breaking through to become an Immortal Emperor is a major temptation for any Immortal Venerate, especially since Tianyan Immortal Domain's Qi Fortune is limited and cannot sustain so many Immortal Emperors.

Every Immortal Venerate, even every Immortal, is a competitor. With Tianyan Immortal Domain already having two Immortal Emperors, should Immortal Emperor Youlan live a second life, there will be three Immortal Emperors. How

could Lu Chen possibly tell others the method to break through as an Immortal Emperor?

Heavenly Language Immortal Venerable suspected Lu Chen was teasing her.

Lu Chen continued, "This isn't something that cannot be discussed."

As he spoke, Lu Chen's hand gently slipped inside Heavenly Language Immortal Venerable's simple garment, making her frown immediately.

Every move Lu Chen made stirred a bit of murderous intent towards him, yet for the sake of Mysterious Moon Palace, she tried her best to suppress her inner killing intent.

Lu Chen went on to say, "She used an alternative method to become an Emperor, not relying on Tianyan Immortal Domain's Qi Fortune."

Hearing this, Heavenly Language Immortal Venerable momentarily paused, "Alternative method to become an Immortal Emperor?"

If it were true, does that mean other Immortal Venerates can use the same approach?

Lu Chen's hand kept roaming while he continued in Heavenly Language Immortal Venerable's ear, "Her method of becoming an Emperor cannot be replicated by others; she mainly relied on a Beast Core from the Outer Heaven Demon Race to break through."

Heavenly Language Immortal Venerable had utterly ignored Lu Chen's minor actions as her focus rested solely on what Lu Chen disclosed.

She was weighing the truth in Lu Chen's words and questioning why Lu Chen wants to tell her all this—could he genuinely be so kind-hearted?

Heavenly Language Immortal Venerable was no fool; she suspected that Lu Chen revealing this information would likely follow up with some scheme.

Heavenly Language Immortal Venerable asked, "Outer Heaven Demon Race's Beast Core? Where did she get an Outer Heaven Demon Race Beast Core?"

Though unclear about Lu Chen's motive in revealing this, capitalizing on this chance to gather intel about Xiyue Immortal Emperor might be beneficial, potentially aiding her and Mysterious Moon Palace in the future.

Lu Chen replied, "Decades ago, that Small World in the Southern Domain was left by someone from the Outer Heaven."

Heavenly Language Immortal Venerable paused briefly before asking, "There's supposed to be nothing in there?"

She had entertained thoughts of leading a team to the Southern Domain back then but Immortal Venerate Sky Eagle had seized that opportunity. Later, she learned from returning people that the Small World contained nothing—it was merely a trap left by a Great Power. But if not for the Demon Emperor's arrival, they might not have survived.

Immortal Venerate Sky Eagle doubted the notion of the Small World containing nothing, believing the Great Power must have left some remnant in the Southern Domain, hence his continued absence from returning.

How could Lu Chen now claim that the Small World contained an Outer Heaven Demon Race Beast Core?

Chapter 1998 - 1688: Could It Be... He Truly Has a Way to Help Her Become an Immortal Emperor?

Heavenly Language Immortal Venerate pondered for a moment, then asked, "Do you think it's easy to deceive me?"

Lu Chen smiled and said, "You must have heard from those who returned from that Small World that there was nothing inside, hence you think I'm lying."

"In fact, there is not nothing inside, it's just that those people didn't discover the Beast Core."

"The Demon Race Beast Core appeared after the Demon Emperor killed the residual soul of the Outer Heaven individual inside."

"So, hardly anyone knows."

Heavenly Language Immortal Venerate immediately questioned, "Since the Demon Emperor discovered that Beast Core, why would it end up in Xiyue Immortal Emperor's hands?"

"I don't believe that the Demon Emperor had no interest in that Beast Core."

Lu Chen said, "You're right, the Demon Emperor had no interest at all in that Beast Core. She didn't even glance at it."

With that, Lu Chen slowly took off Heavenly Language Immortal Venerate's simple white outer garment, leaving her with only innerwear.

Aware of Lu Chen's small actions, Heavenly Language Immortal Venerate felt a slight urge to kill, but because Lu Chen was talking with her, it diverted part of her attention. Her thoughts quickly returned to the matter at hand.

Lu Chen continued, "During that time inside the Small World, an ancient bell appeared, and before leaving, the Demon Emperor only took that ancient bell."

Heavenly Language Immortal Venerate thought for a moment, and Lu Chen's words indeed matched what those returning from Mysterious Moon Palace had said. Many Mysterious Moon Palace members saw the ancient bell when leaving the Small World.

The reason Sky Eagle Immortal Venerate chose to stay in the Southern Domain was largely due to the presence of that ancient bell, which made Sky Eagle Immortal Venerate feel that the Great Power had indeed left something, just unnoticed by others.

Lu Chen continued, "The reason the Demon Emperor didn't want that Beast Core was mainly because the Demon Emperor isn't from the Demon Race. The demonic power within a Demon Race Beast Core is only useful to the Demon Race."

Upon hearing this, Heavenly Language Immortal Venerate lost interest in the Demon Race Beast Core, "Since Demon Race Beast Core is only useful to the Demon Race, what's your purpose in telling me this?"

Heavenly Language Immortal Venerate felt somewhat irritable; was this rascal merely trying to divert her attention through conversation and then act frivolously?

Lu Chen whispered in Heavenly Language Immortal Venerate's ear, "I helped Xiyue Immortal Emperor refine the Beast Core, enabling her breakthrough into becoming the Immortal Emperor in a short time."

Heavenly Language Immortal Venerate was taken aback. She didn't expect Xiyue Immortal Emperor's ascent to be credited to Lu Chen. But then again, what does it have to do with her?

Not to mention that it's difficult for her to find a Beast Core of an Outer Heaven Demon Race Great Power, even if she found one, the Beast Core is useless to her as a Human.

If Lu Chen had informed her sooner, Mysterious Moon Palace might have been able to prevent Xiyue Immortal Emperor from refining the Beast Core and stopping her breakthrough to Immortal Emperor. Now that Xiyue Immortal Emperor has become the Immortal Emperor, talking about it is futile.

Lu Chen continued, "I was able to help her breakthrough, which naturally means I can help others become Immortal Emperors."

Heavenly Language Immortal Venerate didn't believe a word of this. Lu Chen just said Xiyue Immortal Emperor's breakthrough was because of the Beast Core from an Outer Heaven Demon Race Great Power, and now he's saying he can help others become Immortal Emperors.

Seeing Heavenly Language Immortal Venerate's disbelief, Lu Chen said, "The Beast Core was given to Xiyue Immortal Emperor by me. Think about why I would give it to her."

This...

Heavenly Language Immortal Venerate was momentarily stunned, then asked, "What are you trying to say?"

Lu Chen again softly breathed in her ear, "Because she is my Dao companion, it's a token of my affection for her."

Heavenly Language Immortal Venerate's mind went numb. She could hardly believe what she heard, Xiyue Immortal Emperor is Lu Chen's Dao companion?

An Immortal Emperor being a Dao companion to Lu Chen this philanderer?

It doesn't seem impossible. After all, Xiyue Immortal Emperor wasn't an Immortal Emperor before, and the Beast Core was crucial for her. Considering the Beast Core, Xiyue Immortal Emperor could indeed agree to be Lu Chen's Dao companion.

However...

That was before Xiyue Immortal Emperor became an Immortal Emperor. Now that she has, it's hard to say whether she'd still acknowledge Lu Chen as her Dao companion.

Heavenly Language Immortal Venerate sarcastically said, "She has become Immortal Emperor now; acknowledging you as her Dao companion is uncertain."

Lu Chen smiled, "You're missing the main point. I just want to tell you, I'm always good to my women."

"As for whether she acknowledges me as her Dao companion, rest assured, she still does."

Heavenly Language Immortal Venerate found it hard to believe, Xiyue Immortal Emperor has become Immortal Emperor and still acknowledges Lu Chen as her Dao companion?

Is it possible?

Could Lu Chen be fooling her?

When Heavenly Language Immortal Venerate was distracted, she suddenly felt Lu Chen's restless hand becoming more audacious.

Heavenly Language Immortal Venerate snapped back, coldly said, "Even if she acknowledges you as a Dao companion, what does it have to do with me!"

Lu Chen said, "The Palace Master is worried that Xiyue Immortal Emperor will invade the Central Domain and destroy Mysterious Moon Palace. Now, with me as a Dao companion in Mysterious Moon Palace, do you think Xiyue Immortal Emperor will still attack Mysterious Moon Palace?"

This...

If what Lu Chen said is true, and Lu Chen is important to Xiyue Immortal Emperor, then Lu Chen indeed can be seen as a bargaining chip.

But no one can be certain how important Lu Chen is to Xiyue Immortal Emperor, and frankly, Heavenly Language Immortal Venerate doesn't believe that the relationship between Lu Chen and Xiyue Immortal Emperor is that profound.

Lu Chen whispered close to her ear, "Additionally, I'm actually trying to tell you that, by being with me, I can help you take that step to become an Immortal Emperor."

Heavenly Language Immortal Venerate mocked, "You yourself aren't an Immortal Emperor, yet you claim to help me become one?"

Lu Chen said, "I am not an Immortal Emperor, didn't I help Xiyue Immortal Emperor become one?"

"Haven't you ever thought about why Yudie has become an Immortal Venerate yet remains devoted to me?"

"She's your disciple, you know her personality best. Do you really think she holds deep feelings for me?"

Listening to Lu Chen's words, Heavenly Language Immortal Venerate started to feel something was amiss. Whether it's Yun Yudie or Yun Qingshu, both have a firm commitment to the Dao.

Especially Yun Yudie, who spent billions of years in seclusion.

Knowing Yun Yudie became Lu Chen's woman, she was already incredulous, and when she saw Yun Yudie and Lu Chen engage in illicit acts, she was even more amazed.

Yun Yudie with such a firm heart for the Dao, how could she choose Lu Chen, the philanderer, and indulge in carnal pleasures? She had pondered this since returning from the Barbaric lands.

Later, she concluded that Lu Chen must have used some method on Yun Yudie, leading her to fall and become Lu Chen's plaything.

But now considering Yun Yudie has become an Immortal Venerate, wouldn't she be easily controlled?

Heavenly Language Immortal Venerate's chest heaved as she pondered a daring speculation she dared not accept.

Could it be... he truly has a way to help her become an Immortal Emperor?

Having children earns benefit, start competing for dominance in the world by marrying a wife

Lu Chen clearly sensed that the body of Heavenly Language Immortal Venerable was becoming hot, and her emotions were already somewhat fluctuating.

Lu Chen's lips curled up; Heavenly Language Immortal Venerable and Yun Yudie, this pair of master and disciple, are really alike.

Not interested in anything else, only interested in improving cultivation, moving so quickly.

At this moment, Heavenly Language Immortal Venerable tentatively asked, "Do you mean that Yudie knows you have a way to help her become an Immortal Emperor, so she chose to be your couple?"

Lu Chen replied, "Besides that reason, do you think she would become my couple for any other reason?"

Heavenly Language Immortal Venerable fell silent. With her understanding of Yun Yudie, Yudie indeed wasn't someone interested in romantic affections.

However, if Lu Chen truly had a way to help others become an Immortal Emperor, how could he possibly reveal it, and besides, he's not an Immortal Emperor himself...

Wait...

Heavenly Language Immortal Venerable suddenly had a guess: the Chaos Spirit Ruins Sealing Heaven Array, this Holy Rank Sealing Array, could only be executed by Lu Chen, which already proved the strength of Lu Chen's Divine Soul. People believed Lu Chen's strength was at least that of an Immortal Venerate.

Now thinking about it, in Tianyan Immortal Domain, none of the Immortal Venerates could even depict this Holy Rank Sealing Array, yet Lu Chen could, indicating his Divine Soul was far stronger than an Immortal Venerate—doesn't that mean Lu Chen's main body might not be just an Immortal Venerate, but an Immortal Emperor?

Could Lu Chen be a hidden Immortal Emperor?

After recollecting herself, Heavenly Language Immortal Venerable asked, "Do you truly have the means to help me become an Immortal Emperor?"

Honestly, she's already tempted now. If Lu Chen could indeed help her become an Immortal Emperor, she wouldn't just stop at being Lu Chen's couple—she'd be willing to be dominated by him every day.

Compared to becoming an Immortal Emperor, dignity doesn't seem that important.

Upon seeing Heavenly Language Immortal Venerable actively inquire, Lu Chen smiled faintly, then wrapped his arm tightly around her waist, pressed against her hips, and with his cheek against her jade-like face, he said, "Xiyue Immortal Emperor is a precedent. Do you think I'm deceiving you?"

Upon hearing Lu Chen's words, the immortal power inside Heavenly Language Immortal Venerable became increasingly agitated, and her breathing involuntarily quickened.

Lu Chen seemed to have no reason to deceive her, as she was already at his doorstep; Lu Chen could want her body anytime without needing to concoct such a reason to fool her.

Just then, Heavenly Language Immortal Venerable asked, "What is your purpose in telling me this?"

While gently caressing Heavenly Language Immortal Venerable's smooth and tender skin, Lu Chen said, "I just want you to know that becoming my woman is an opportunity for you, not a bad thing, so there's no need to resist so much."

Heavenly Language Immortal Venerable paused in silence. If indeed, as Lu Chen said, he could help her become an Immortal Emperor, it would truly be a huge opportunity for her.

Lu Chen knew it was almost time, so he hugged Heavenly Language Immortal Venerable's body, gently pushing her towards the bed.

Upon seeing Lu Chen guiding her to the bedside, Heavenly Language Immortal Venerable immediately regained her senses. She then asked, "What method do you intend to use to help me break through?"

Xiyue Immortal Emperor could rely on the beast core of the demon race's Great Power, but she could not, and the path of using accumulated Qi fortune to break through to the emperor realm was blocked by the existing Immortal Emperors.

So, Heavenly Language Immortal Venerable was curious about what method Lu Chen would use to help her break through.

Lu Chen said, "Don't you think you're a bit too impatient? You're not my woman yet, so how could I tell you now."

Heavenly Language Immortal Venerable realized she indeed was too impatient. Such a method to help others become an emperor is Lu Chen's most important secret; how could he tell an outsider?

Heavenly Language Immortal Venerable was eager to dual cultivate with Lu Chen, become his woman, and then learn from Lu Chen how to become an Immortal Emperor.

Just then, Lu Chen turned her body around, embracing her face-to-face, and lowered his head slightly, gazing at Heavenly Language Immortal Venerable's cold jade-like appearance.

Heavenly Language Immortal Venerable instinctively shifted her gaze to the side. Although she was mentally prepared and even anticipated Lu Chen to dual cultivate with her soon, thinking about this bastard having suppressed her disciple, her heart still felt uneasy.

She clearly sensed Lu Chen's heat, and this bastard probably couldn't hold back any longer, so she just needed to wait.

While Heavenly Language Immortal Venerable thought about diverting her attention and allowing Lu Chen to take the initiative to complete the dual cultivation process, Lu Chen suddenly lowered his head and captured her lips with his mouth.

"Mmm!"

Heavenly Language Immortal Venerable paused for a moment, then quickly regained her composure, again restraining the impulse to cut Lu Chen, letting him take liberties as he wished.

Then, Lu Chen began his conquest, but Heavenly Language Immortal Venerable still looked to the side, with no physical response, as if what Lu Chen was doing simply didn't exist.

Being kissed by Lu Chen was like being bitten by a dog, and as for Lu Chen's various little actions, they couldn't arouse her lust at all.

After all, she's an Immortal Venerate, and a practitioner of the Unfeeling Tao at that, so no matter how much Lu Chen caressed her body, even if he possessed her, she could completely suppress her body's desires, as if it hadn't happened.

In terms of restraining desires, she's just like Yun Yudie.

Yet, Lu Chen had been with Yun Yudie for so many years that he had amassed enough means to handle such cold fairies.

While kissing, Lu Chen gently pushed Heavenly Language Immortal Venerable onto the bed, pressing down on her, and lowered his head to gaze at her jade-like appearance.

Heavenly Language Immortal Venerable once again turned her head to the side, completely avoiding looking at Lu Chen. At this moment, Lu Chen said, "I have a dual cultivation immortal technique here; by utilizing it, it will greatly benefit your cultivation."

Upon hearing this, Heavenly Language Immortal Venerable was dismissive. She already had the cultivation state of an Immortal Venerate, and her cultivation could hardly be improved; she didn't believe Lu Chen's dual cultivation immortal technique could help her improve her cultivation.

Lu Chen then condensed the Spirit Charm Harmony Scripture into an Inheritance Memory Pearl and presented it in front of Heavenly Language Immortal Venerable. She glanced at the Inheritance Memory Pearl with the corner of her eye.

"I don't believe any dual cultivation immortal technique could be of use to me."

Lu Chen smiled and said, "You can try it later and find out."

Heavenly Language Immortal Venerable thought about it, and then chose to activate the Memory Inheritance Pearl on her forehead with immortal power, and in that instant, the content of the Spirit Charm Harmony Scripture poured into her mind.

Upon reading the contents of the Spirit Charm Harmony Scripture, she slightly revealed a look of disbelief—this immortal technique's grade was actually the Holy Tier???

A dual cultivation immortal technique could also be classified as a Holy Tier immortal technique?

To her, dual cultivation seemed like a non-mainstream cultivation method that only those with lacking talent would choose, as a shady practice.

How could such a shady practice have a Holy Tier immortal technique?

Lu Chen, seeing that Heavenly Language Immortal Venerable had read the Spirit Charm Harmony Scripture, said, "Try applying the Spirit Charm Harmony Scripture and see; you might be pleasantly surprised."

Heavenly Language Immortal Venerable hesitated for a moment but ultimately decided to try the Spirit Charm Harmony Scripture.

Chapter 2000 - Capítulo 2000: 1690: Did You Really Think Using This Immortal Law Would Win My Heart?

Capítulo 2000: Chapter 1690: Did You Really Think Using This Immortal Law Would Win My Heart?

Just as Heavenly Language Immortal Venerate began to operate the Spirit Charm Harmony Scripture, she sensed something amiss.

In an instant, her body became incredibly hot, and the immortal power within her started to run rampant.

Heavenly Language Immortal Venerate instantly realized that this was a Dual Cultivation Immortal Technique, requiring two individuals to cultivate together, yet now she was the only one operating the Immortal Law.

When operating the Immortal Law, it would trigger the desires within her, making her think of doing the act with a man, thus truly enabling the technique to function.

Heavenly Language Immortal Venerate lightly bit her teeth, her purple eyes glaring at Lu Chen fiercely, knowing that this scoundrel harbored ill intentions.

This was a Saint-level Immortal Technique, and Lu Chen handed it over just like that, surely a trap set by him.

If she continued operating this technique, she feared she might soon lose control over her body's desires, turning into a shameless wanderer.

Heavenly Language Immortal Venerate said coldly, "Did you think a mere technique like this would win my heart? Ridiculous!"

The technique could indeed ignite her bodily desires, but it didn't mean she would genuinely like Lu Chen.

Desire is desire, and liking is liking.

Lu Chen smiled without speaking, then without further ado, leaned down again to block Heavenly Language Immortal Venerate's mouth.

"Mm!"

Immediately after, Lu Chen began operating the Spirit Charm Harmony Scripture, and as he cultivated, the Dao Charm of the Life Dao gradually emerged around him.

Seeing herself gradually comprehending the Life Dao, Heavenly Language Immortal Venerate was startled, then willingly cooperated with Lu Chen, continuing to operate the Spirit Charm Harmony Scripture.

However, shortly after she began cultivating, she seemed unable to control herself, though her comprehension of the Life Dao was becoming quite real, and she could clearly feel her strength increasing.

In the Immortal Venerate Realm, the only way to boost strength was nearly through external means.

Heavenly Language Immortal Venerate hadn't felt improvement in her own power for a long time.

She was eager to engage in actual Dual Cultivation with Lu Chen, yet all he did was kiss her.

Heavenly Language Immortal Venerate felt a mix of love and hate for Lu Chen, who was clearly humiliating her.

Lu Chen must know the side effects of the technique, but until now, he hadn't even removed his clothes, clearly wanting her to lose control and take the initiative.

Heavenly Language Immortal Venerate couldn't care anymore; being defiled by this scoundrel meant losing her dignity, and whatever she did wasn't excessive.

The next moment, Heavenly Language Immortal Venerate directly used her immortal power, causing Lu Chen's clothing to disappear instantly; before Lu Chen could react, she took the initiative to move forward.

At this point, Lu Chen need not hold back anymore.

...

As the Palace Master of Mysterious Moon Palace, Immortal Venerate Yun Meng could instantly perceive what was happening within Mysterious Moon Palace using her Divine Thought.

After Heavenly Language Immortal Venerate returned, she used Divine Thought to investigate, wanting to see what she would do.

Unexpectedly, Heavenly Language Immortal Venerate and Lu Chen began dual cultivation so quickly.

Immortal Venerate Yun Meng frowned slightly; Lu Chen was too impatient.

Right then, Immortal Venerate Yun Meng sensed something awry; Lu Chen and Heavenly Language Immortal Venerate seemed not genuinely engaged in dual cultivation.

Dual cultivation generally splits into two states: one where a male and female sit facing each other, using their palms to transfer each other's immortal power into the other's body.

The other involves doing the act, which indeed facilitates the spiritual connection, thereby enhancing the effect of dual cultivation.

Unquestionably, the second type provides the best results due to intimate contact.

But regardless of either type, the main purpose of dual cultivation is to enhance cultivation state and strength.

Even if it involves doing the act, it's merely a part of the process, not the focus.

However, Immortal Venerate Yun Meng's Divine Thought detected Lu Chen wasn't focused on dual cultivation; the two seemed simply engaging in the act.

Immortal Venerate Yun Meng's face turned increasingly cold; dual cultivation or not, this scoundrel was plainly lustful.

She wondered how such a lecher could be the future savior, questioning whether her prophetic dream was mistaken.

At present, Immortal Venerate Yun Meng noticed Heavenly Language Immortal Venerate seemed off; based on her status, controlling desire should be effortless, allowing her to disregard Lu Chen's actions.

Yet now, Heavenly Language Immortal Venerate appeared very cooperative, even proactive with Lu Chen.

Immortal Venerate Yun Meng instantly blocked her perception, unable to watch more of Heavenly Language Immortal Venerate's conduct, planning to confront her after the dual cultivation concluded to unveil the situation.

Meanwhile.

Southern Domain.

In a vast swamp, immense blood energy suddenly surged, bubbles emerging continuously as the blood energy enveloped the entire swamp.

Soon, the swamp shook violently, and a massive black vortex emerged below, crimson palaces appearing from within.

At this moment, a man in a black robe appeared in the sky, showing excitement upon noticing the black vortex below.

“After years in the Southern Domain, this should indeed be a Small World left by someone of Great Power!”

Sky Eagle Immortal Venerate couldn't wait to enter that Small World through the vortex, but before he could move, an overwhelming pressure emanated from the Small World.

Sky Eagle Immortal Venerate steadied himself, his smile disappearing as a hint of dread emerged.

The next moment, a red-haired immortal venerable in a red robe emerged from the vortex, rising to the sky.

Blood Demon Immortal Venerable observed Sky Eagle Immortal Venerable silently, asking, "Who are you?"

Blood Eagle Hall was just preparing to emerge, and an Immortal Venerable arrived at their doorstep, leading him to suspect this person was dispatched by Heavenly Splendor Hall.

Seeing an Immortal Venerable emerge from the Small World entrance, Sky Eagle Immortal Venerable's expression darkened; he assumed this was a Small World left by a Great Power, but it turned out to be mere vermin hiding inside.

He'd made a trip in vain.

Sky Eagle Immortal Venerable said coldly, "Thought treasures were emerging, turned out to be mere rats hidden in a filthy ditch."

At this moment, Sky Eagle Immortal Venerable perceived the Evil Qi from Blood Demon Immortal Venerable, identifying him as an Evil Immortal.

The righteous faction has always looked down on Evil Immortals, and although Sky Eagle Immortal Venerate wasn't a true gentleman, he held no favor for Evil Immortals.

Upon hearing his words, Blood Demon Immortal Venerate became enraged; today marked the emergence of their Blood Eagle Hall, yet someone dared to mock them.

Blood Demon Immortal Venerate sneered, "Rats? Very well, then I'll use your blood today to announce Blood Eagle Hall's emergence!"
