

Having children earns benefit, start competing for dominance in the world by marrying a wife

Heavenly Splendor Hall.

Sky Wind Palace.

Immortal Venerable Tianfeng sat on the Immortal Throne, a shadow of gloom flickering in his eyes.

He absolutely could not allow Heavenly Splendor Hall to relocate to the Eastern Domain!

He had to find a way to delay time, waiting for the Blood Ancestor of Blood Eagle Hall to emerge.

Back when the Blood Ancestor made Heavenly Splendor Hall a subordinate force of Blood Eagle Hall, although he resolutely stood on the side of Heavenly Splendor Hall, it did not mean that he was particularly loyal to it.

After all, for him, his interests were tied to those of Heavenly Splendor Hall. He had initially opposed becoming a subordinate force of Blood Eagle Hall purely for his own interests.

However, in the end, not only did Heavenly Splendor Hall fail to seal the Blood Ancestor, but it also had to relocate to the Eastern Domain, even facing division, which severely harmed his interests.

It was not easy to relocate an Immortal Sect; some things could be moved, but others could not.

He had spent a lifetime building his presence in the Southern Domain. How could he give it up so easily? If he really went to the Eastern Domain, his personal Qi Fortune would surely plummet, and his power would greatly diminish.

So, he chose to betray Heavenly Splendor Hall, informing Blood Eagle Hall of the relocation and agreeing with the Blood Demon Immortal Venerable that as long as Heavenly Splendor Hall stayed and he could become its Hall Master, he would lead Heavenly Splendor Hall as a subordinate force of Blood Eagle Hall and never betray them.

At first, he thought that with various forces in the Southern Domain obstructing Heavenly Splendor Hall from leaving, the matter was settled. But the fantasies were shattered when the Xiyue Immortal Emperor sent down a sliver of Divine Thought to the Southern Domain.

Immortal Venerable Tianfeng pondered for a moment, then stood up and headed straight for Chenlan Palace in Heavenly Splendor Hall.

Inside Chenlan Palace, Chenlan Immortal Venerable, dressed in a gray robe, was directing his disciples to swiftly move the items they needed to take.

At this moment, Chenlan Immortal Venerable suddenly sensed the aura of an Immortal Venerate appearing in his palace.

Chenlan Immortal Venerable looked towards the direction of Immortal Venerable Tianfeng and, seeing it was him, asked puzzledly, "Elder Tianfeng, why are you not busy packing up? What are you doing here?"

Immortal Venerable Tianfeng smiled and said, "Elder Chenlan, might I have a word with you?"

Upon hearing this, Chenlan Immortal Venerable looked at Immortal Venerable Tianfeng with a puzzled expression and then said, "Follow me."

Subsequently, Chenlan Immortal Venerable led Immortal Venerable Tianfeng to a chamber in Chenlan Palace and immediately set up an Isolation Array.

Then he turned and said to Immortal Venerable Tianfeng, "Elder Tianfeng, what do you wish to discuss?"

Immortal Venerable Tianfeng said straightforwardly, "Is Elder Chenlan really planning to follow Taihua Immortal Venerable to relocate to the Eastern Domain?"

Hearing this question, Chenlan Immortal Venerable frowned deeply. Immortal Venerable Tianfeng not only refrained from addressing Taihua Immortal Venerable as Hall Master but also raised this question, clearly harboring other intentions.

Chenlan Immortal Venerable immediately became alert, "What do you mean by this, Elder Tianfeng?"

Seeing Chenlan Immortal Venerable's guarded stance, Immortal Venerable Tianfeng sighed and said, "Since the self-sealing of the Star River Immortal Venerable, Elder Chenlan has been the strongest in Heavenly Splendor Hall and the first to break through to the First Layer Heaven among Immortal Venerables."

"Yet, the position of the hall master is not yours. Is Elder Chenlan truly content with this?"

Chenlan Immortal Venerable said sternly, "Elder Tianfeng, if you have something to say, say it directly."

Chenlan Immortal Venerable had a vague idea of what Immortal Venerable Tianfeng wanted to say. After all, they were both figures of Immortal Venerable level, not fools.

Immortal Venerable Tianfeng using such divisive tactics clearly meant he wanted to do something unfavorable to Taihua Immortal Venerable.

Immortal Venerable Tianfeng said, "Then I will speak directly. If Heavenly Splendor Hall really relocates to the Eastern Domain, there will no longer be a place for it in the Tianyan Immortal Domain."

"Do you think Lu Chen is really so kind-hearted?"

"Back then, Heavenly Splendor Hall forced Lu Chen into the Chaotic Sea. Now that he has an Immortal Emperor as backing, not only does he not seek revenge, but he also helps Heavenly Splendor Hall move to the Eastern Domain. Do you think this is possible?"

This...

After hearing Immortal Venerable Tianfeng's words, Chenlan Immortal Venerable fell into deep thought. He had thought about this problem when he returned, but considering they had no other options, he didn't dwell on it.

They now had only two paths: one was to stay and resist the Barbaric invasion, then face the losses once the Blood Ancestor emerged; the other was to move to the Eastern Domain.

Although he knew there might be no Heavenly Splendor Hall if they went to the Eastern Domain, at least it would ensure survival.

If they continued to remain in the Southern Domain, it was uncertain whether they would survive when the Blood Ancestor emerged.

Chenlan Immortal Venerable said, "If he really wanted revenge, he wouldn't help Heavenly Splendor Hall relocate to the Eastern Domain."

Immortal Venerable Tianfeng chuckled and then said, "Elder Chenlan, don't delude yourself. We are currently in the Southern Domain, which is now considered a realm under the control of the Blood Ancestor. If Lu Chen wanted revenge, it wouldn't be so easy."

"Xiyue Immortal Emperor merely sent a sliver of Divine Thought to descend upon the Southern Domain, which doesn't mean she's willing to engage in conflict with the Blood Ancestor."

"As long as we at Heavenly Splendor Hall remain in the Southern Domain, Xiyue Immortal Emperor will not act against us, and once we move to the Eastern Domain, we will only be at the mercy of others."

Upon hearing Immortal Venerable Tianfeng's words, Chenlan Immortal Venerable's expression turned even more serious, "Elder Tianfeng, what do you mean by this? Do you actually intend to stay in the Southern Domain?"

"Have you forgotten what Heavenly Splendor Hall has done before?"

"If Heavenly Splendor Hall continues in the Southern Domain, even if we manage to resist the Barbaric invasion, once the Blood Ancestor emerges, we will surely face retribution from the Blood Ancestor."

Immortal Venerable Tianfeng said, "That's not necessarily the case."

Hmm?

Chenlan Immortal Venerable warily looked at Immortal Venerable Tianfeng, having already guessed some things.

Immortal Venerable Tianfeng directly said, "Now that Barbaric has invaded, Blood Eagle Hall urgently needs manpower. Do you think they would take punitive action against Heavenly Splendor Hall?"

"While Heavenly Splendor Hall did indeed attack Blood Eagle Hall, we were not the main instigators. We can completely shift all the blame onto one person."

Chenlan Immortal Venerable slightly squinted his eyes, "Judging by your words, are you planning to defect to Blood Eagle Hall?"

Immortal Venerable Tianfeng did not answer directly but said, "I've said all that needs to be said, and I hope Elder Chenlan can think it over thoroughly."

"I am wholeheartedly devoted to Heavenly Splendor Hall. Back when Blood Eagle Hall wanted to dominate the Southern Domain, I was the first to stand up against them. Everything I do now is to prevent the destruction of Heavenly Splendor Hall."

Chenlan Immortal Venerable suspiciously asked, "Elder Tianfeng, you leaked the information about Heavenly Splendor Hall's relocation to the Eastern Domain, didn't you?"

Immortal Venerable Tianfeng still did not answer; he continued, "I shall return first. If you think it through, come find me."

With that, Immortal Venerable Tianfeng turned and left. Watching his departing figure, Chenlan Immortal Venerable fell into contemplation.

He truly had some concerns in his heart and was also quite dissatisfied with Taihua Immortal Venerable. He had always longed for the hall master's position, but seeking allegiance with Blood Eagle Hall at this time might lead the disciples of Chenlan Palace to revolt.

Having children earns benefit, start competing for dominance in the world by marrying a wife

Chenlan Immortal Venerable pondered for a long time and finally decided to tell Taihua Immortal Venerable about Immortal Venerable Tianfeng's matters, not intending to leave himself a way back.

He knew clearly in his heart that the best choice for him now was not to tell Taihua Immortal Venerable about this matter. In that case, he could advance to the Eastern Domain, or retreat and continue to stay in the Southern Domain. Who knows, he might even become the Hall Master of the Heavenly Splendor Hall in the future.

But if he didn't say anything, it would always weigh on his mind. Immortal Venerable Tianfeng came to find him, probably thinking that even if he didn't agree to betray the Heavenly Splendor Hall, he wouldn't speak of it.

Chenlan Immortal Venerable thought that since Immortal Venerable Tianfeng had already planned to betray the Heavenly Splendor Hall, he surely wouldn't let it go. Who knows what he might do later? If he didn't inform Taihua Immortal Venerable to prevent it in advance, what would happen if he really caused some trouble?

However, Chenlan Immortal Venerable did not go directly to Taihua Immortal Venerable's bedchamber. If he went there now, and Immortal Venerable Tianfeng saw it, it would be obvious that he had reported him to Taihua Immortal Venerable.

Within the Immortal Sect, transmitting messages between Immortal Venerables was quite easy and didn't require Chenlan Immortal Venerable to go personally, but sending messages could easily be intercepted by others.

Chenlan Immortal Venerable planned to wait a few days, as he didn't believe Immortal Venerable Tianfeng could manage to do anything harmful to Heavenly Splendor Hall in such a short time.

Meanwhile.

After returning to his bedchamber, Immortal Venerable Tianfeng looked in the direction of Chenlan Palace, contemplating his next move.

He wasn't foolish; he knew Chenlan Immortal Venerable might spill today's events. If he persuaded Chenlan Immortal Venerable, that would be ideal. If not, he would have to consider remedial measures.

Immortal Venerable Tianfeng thought, since Chenlan Immortal Venerable couldn't make up his mind, he would help him decide.

Isn't Lu Chen the Dao partner of Xiyue Immortal Emperor? If Lu Chen's clone died at Chenlan Immortal Venerable's hands, then Chenlan Immortal Venerable wouldn't even be able to go to the Eastern Domain.

Thinking of this, a trace of murderous intent flashed in Immortal Venerable Tianfeng's eyes. He then took out a precious mirror and activated it with immortal power, and in an instant, his appearance and aura completely changed to that of Chenlan Immortal Venerable.

This mirror, called the Transformation Mirror, was an Immortal Artifact he obtained from a relic. Although the grade of the Transformation Mirror isn't very high, it can mimic any appearance and aura.

The most impressive aspect of this mirror is mimicking a person's aura; typical disguise skills can only mimic appearance but cannot replicate a person's aura. If it's someone familiar, the disguise can be easily exposed.

However, after using the Transformation Mirror, even those closest to Chenlan Immortal Venerable might not be able to discern the disguise.

Immortal Venerable Tianfeng never told anyone he possessed such an Immortal Artifact, knowing the trouble it could cause if its existence was exposed.

If others knew he had an artifact that could easily change someone's appearance and aura, he would certainly get blamed for things he didn't do.

Transformed into Chenlan Immortal Venerable, he performed a Space Teleportation and arrived at Lu Chen's residence.

Lu Chen's clone was meditating in the courtyard. Sensing the aura of an Immortal Venerate, Lu Chen immediately opened his eyes.

Seeing it was Chenlan Immortal Venerable, Lu Chen asked in confusion, "I wonder what important matter brings Chenlan Immortal Venerable here?"

Immortal Venerable Tianfeng didn't strike immediately; doing so would seem too deliberate, making it easy for others to see it as a setup.

Immortal Venerable Tianfeng coughed and said, "I have some questions to ask you, Lu."

Lu Chen asked, "What questions? Just say it, Chenlan Immortal Venerable."

Looking at the personal profile in front of the system, Lu Chen wore a playful smile.

Seeing Lu Chen's smile, Immortal Venerable Tianfeng inexplicably felt like he was being seen through.

Steadying his mind, Immortal Venerable Tianfeng asked, "Do you truly not resent what the Heavenly Splendor Hall did to you in the past?"

Lu Chen said, "To say there isn't any resentment would be impossible."

Immortal Venerable Tianfeng said, "If that's the case, then why are you helping Heavenly Splendor Hall to join the Eastern Domain?"

"Or is joining the Eastern Domain just a ruse, intending to bring Heavenly Splendor Hall there and then enact your revenge plan?"

As he spoke, Immortal Venerable Tianfeng's tone became obviously heavier, releasing a slight pressure from his body, as if poised to strike if Lu Chen spoke wrongly.

Lu Chen said lightly, "All of that is in the past, and helping Heavenly Splendor Hall join the Eastern Domain can enhance the Eastern Domain's Qi Fortune. Xiyue Immortal Emperor is my Dao partner, and an increase in Qi Fortune helps her grow stronger. Helping Heavenly Splendor Hall is equivalent to helping my Dao partner, which is the same as helping myself."

Immortal Venerable Tianfeng sneered, "Your words sound nice, but it seems to me you just want to lure Heavenly Splendor Hall to the Eastern Domain so Xiyue Immortal Emperor can take revenge for you."

"You might deceive others, but you might not be able to deceive me. Surely you've reached some secret agreement with Taihua Immortal Venerable!"

With a smile, Lu Chen said, "Even if I did strike a deal with Taihua Immortal Venerable, what could you do about it?"

Immortal Venerable Tianfeng sneered, "So, you do wish to seek revenge! As an Elder of Heavenly Splendor Hall, I absolutely cannot watch you destroy Heavenly Splendor Hall!"

Saying this, Immortal Venerable Tianfeng fully unleashed his Immortal Venerate pressure, and then struck with full force, aiming a punch at Lu Chen.

Lu Chen's clone was not very strong to begin with, and he didn't intend to evade. As Immortal Venerable Tianfeng's punch came, Lu Chen's body instantly turned to dust.

Simultaneously.

In Taihua Hall, Taihua Immortal Venerable was contemplating how to explain the situation to Star River Immortal Venerate regarding Heavenly Splendor Hall's move to the Eastern Domain, as it would inevitably alert Star River Immortal Venerate.

After all, Star River Immortal Venerate is the previous Hall Master of Heavenly Splendor Hall, and though in seclusion, the Hall's Qi Fortune is deeply tied to him.

If Heavenly Splendor Hall suddenly moved to the Eastern Domain, it would greatly reduce the Qi Fortune, and Star River Immortal Venerate would undoubtedly come out of seclusion.

If Star River Immortal Venerable opposed it then, it would become troublesome.

As Taihua Immortal Venerable was thinking about how to handle Star River Immortal Venerate, he suddenly felt a formidable pressure and immediately heard a loud boom from where Lu Chen resided.

Taihua Immortal Venerate immediately looked up towards Lu Chen's residence, feeling a surge of unease.

Without hesitation, Taihua Immortal Venerable performed a Space Teleportation and appeared above Lu Chen's courtyard, finding it had been leveled, and Lu Chen had disappeared.

Sensing the lingering fist intent in the air, Taihua Immortal Venerable's expression changed drastically, his eyes blazing with anger.

This fist intent was from Chenlan Immortal Venerable!!!

Taihua Immortal Venerable didn't immediately seek out Chenlan Immortal Venerable. The immediate priority was to stabilize Lu Chen. With his clone destroyed in Heavenly Splendor Hall, Lu Chen would likely harbor even greater animosity towards it now.

Having children earns benefit, start competing for dominance in the world by marrying a wife

Taihua Immortal Venerable didn't hesitate at all and hurried to White Rainbow Immortal City. Currently, there is a clone of Lu Chen left in White Rainbow Immortal City to monitor the strange creatures.

White Rainbow Immortal City itself is an Immortal City of the Heavenly Splendor Hall, and there is a Heavenly Rank Transmission Array between them. In just a moment, Taihua Immortal Venerable appeared above White Rainbow Immortal City.

When Taihua Immortal Venerable arrived at the courtyard where Lu Chen's clone resided, Lu Chen's clone was already sitting in the pavilion. He held a cup of tea, took a gentle sip, and then said with a smile, "Taihua Hall Master, you came quite quickly."

"What, does your Heavenly Splendor Hall intend to cut the grass and root out the weeds?"

Seeing Lu Chen's smile and hearing these words, Taihua Immortal Venerable's forehead instantly broke out in sweat.

"Lu, my friend! There must have been a misunderstanding just now."

The smile on Lu Chen's face instantly vanished, and he said with a serious expression, "Misunderstanding?"

"The one who attacked me earlier was an elder of your Heavenly Splendor Hall. I don't think there's any misunderstanding here."

Taihua Immortal Venerable hurriedly said, "That elder must have betrayed the Heavenly Splendor Hall, intending to provoke you at this time, thereby preventing the Heavenly Splendor Hall from relocating to the Eastern Domain. Please, Lu, do not let the scoundrels sow discord."

"Rest assured, Lu. Our Heavenly Splendor Hall will definitely compensate you."

"Before relocating to the Eastern Domain, we will eliminate Chenlan Immortal Venerable, who attacked you."

Upon hearing this from Taihua Immortal Venerable, Lu Chen picked up his teacup, took a gentle sip, and then said calmly, "The one who attacked me was not Chenlan Immortal Venerable."

Taihua Immortal Venerable was stunned for a moment. It wasn't Chenlan Immortal Venerable?

The aura he sensed earlier was clearly from Chenlan Immortal Venerable. He was very familiar with the aura of each Immortal Venerable in the Heavenly Splendor Hall.

Lu Chen directly said, "The one who attacked me was Immortal Venerable Tianfeng. He thought that by disguising himself as Chenlan Immortal Venerable, I wouldn't recognize him."

This...

Immortal Venerable Tianfeng?

Taihua Immortal Venerable was once again stunned. He hadn't heard of Immortal Venerable Tianfeng being able to use Chenlan Immortal Venerable's techniques. Besides, Immortal Venerable Tianfeng wasn't someone who used fists.

Taihua Immortal Venerable furrowed his eyebrows and asked, "Lu, are you sure the person who attacked you earlier was Immortal Venerable Tianfeng?"

Lu Chen said, "No one can hide their true identity in front of me."

Seeing Lu Chen's confidence, Taihua Immortal Venerable was nearly convinced of Lu Chen's words. Lu Chen wouldn't wrongly accuse Immortal Venerable Tianfeng without reason. Immortal Venerable Tianfeng was his enemy. If he truly wanted revenge, all he needed to do was say the word, and the Heavenly Splendor Hall would naturally seek revenge for Lu Chen. Even if Lu Chen didn't wrong him, once the Heavenly Splendor Hall went to the Eastern Domain, Immortal Venerable Tianfeng would be treated as a deserter.

However, why did Immortal Venerable Tianfeng disguise himself as Chenlan Immortal Venerable to attack Lu Chen at this time?

Lu Chen continued, "As for why he disguised himself as Chenlan Immortal Venerable, it might be to frame Chenlan Immortal Venerable, or perhaps he simply didn't want people to know it was him."

Taihua Immortal Venerable pondered for a moment. He didn't think Immortal Venerable Tianfeng did this just to frame someone.

Immortal Venerable Tianfeng should be very aware that the Lu Chen at Heavenly Splendor Hall was just a clone. Even if the clone died, Lu Chen wouldn't be harmed, but doing this could very well intensify the conflict between Lu Chen and the Heavenly Splendor Hall.

Once Lu Chen, the couple of Xiyue Immortal Emperor, had a more intense conflict with the Heavenly Splendor Hall, then the Heavenly Splendor Hall wouldn't be able to relocate to the Eastern Domain.

This indicates that Immortal Venerable Tianfeng doesn't want the Heavenly Splendor Hall to relocate to the Southern Domain.

And for Immortal Venerable Tianfeng to disguise himself as Chenlan Immortal Venerable and take action suggests he intends to drag Chenlan Immortal Venerable into the mess and force him to take a side with him.

In just a moment, Taihua Immortal Venerable figured out what was going on. After all, as someone who's lived for billions of years, he could still see through Immortal Venerable Tianfeng's schemes.

Given that Immortal Venerable Tianfeng acted against Lu Chen, it shows that Immortal Venerable Tianfeng has already betrayed the Heavenly Splendor Hall, and he may have done so long ago. The news about the Heavenly Splendor Hall moving to the Eastern Domain is likely from Immortal Venerable Tianfeng.

Taihua Immortal Venerable then said, "Since Immortal Venerable Tianfeng dared to attack Lu, then we must give Lu an explanation."

"However, Immortal Venerable Tianfeng is still an Immortal Venerate, and eliminating him is no easy feat. And now we have to relocate to the Eastern Domain; time is precious. We ask Lu to assist us in rooting out the traitor."

Eliminating an Immortal Venerate is no easy task. Battles between Immortal Venerates can last for centuries without conclusion. However, with Lu Chen's presence, they could use the Chaos Spirit Ruins Sealing Heaven Array to suppress Immortal Venerable Tianfeng and then eliminate him.

Once Immortal Venerable Tianfeng is sealed, it would be much easier to resolve everything.

At this moment, Taihua Immortal Venerable felt this was a great opportunity. He had always pondered how to help Lu Chen deal with Immortal Venerable Tianfeng, as Immortal Venerable Tianfeng was the one who initially advocated removing Lu Chen. If Immortal Venerable Tianfeng remained in the Heavenly Splendor Hall without Lu Chen taking revenge, Taihua Immortal Venerable wouldn't feel at ease.

Now that Immortal Venerable Tianfeng dared to initiate an attack on Lu Chen, his opportunity had arrived. It was the perfect moment to deal with Immortal Venerable Tianfeng and exact vengeance for Lu Chen.

By eliminating Immortal Venerable Tianfeng, only Star River Immortal Venerate would remain. Then it could be said that everything Immortal Venerable Tianfeng did was under the orders of Star River Immortal Venerate.

Lu Chen thought about it. He actually wanted to wait until he grew stronger to take revenge. But on second thought, he realized he had many things to take care of now, and it would be better to resolve past grudges sooner rather than later.

Lu Chen said, "Alright, since Taihua Hall Master has put it that way, I'll help you this time."

"However, I don't wish for anyone to attack my clone again in the future."

Taihua Immortal Venerable quickly said, "Rest assured, Lu, I guarantee you that this will be the last time."

After eliminating Immortal Venerable Tianfeng, Taihua Immortal Venerable planned to constantly monitor Lu Chen's clone to prevent anyone else from approaching him unauthorized.

At this moment, Lu Chen raised his hand, and an Immortal Monarch Realm clone appeared in the courtyard.

Subsequently, Lu Chen's clone followed Taihua Immortal Venerable back to the Heavenly Splendor Hall.

After returning to the Heavenly Splendor Hall, Taihua Immortal Venerable immediately transmitted a message to Chenlan Immortal Venerable, asking him to come to the Meeting Hall.

Upon receiving Taihua Immortal Venerable's transmission, Chenlan Immortal Venerable paused for a moment. Though he had sensed the disturbance earlier, he hadn't paid much attention to it. Unlike Taihua Immortal Venerable, he wasn't always focused on where Lu Chen resided and didn't know it was Lu Chen's clone involved in the incident.

Taihua Immortal Venerable's sudden message made Chenlan Immortal Venerable feel somewhat uneasy. He suspected that matters concerning Immortal Venerable Tianfeng might have been discovered, and Taihua Immortal Venerable's summoning could be due to him finding some involvement with Immortal Venerable Tianfeng.

Without giving it much thought, Chenlan Immortal Venerable immediately made his way to the Meeting Hall. Despite his displeasure with Taihua Immortal Venerable as the Hall Master, as long as Taihua Immortal Venerable held that position, he had to heed his summons.

Upon arriving at the Meeting Hall, Chenlan Immortal Venerable gave a quick glance at Taihua Immortal Venerable and Lu Chen in the center. At this moment, Taihua Immortal Venerable's face was sullen, appearing very angry.

Chenlan Immortal Venerable directly asked, "May I know why the Hall Master has summoned me?"

Having children earns benefit, start competing for dominance in the world by marrying a wife

Taihua Immortal Venerable didn't immediately answer Chenlan Immortal Venerate's question. He said to Lu Chen, "Lu, could you release the earlier memory for Chenlan Immortal Venerate to see."

"Alright." Lu Chen directly condensed the earlier memory into a Memory Pearl, and the Memory Pearl immediately flew to Chenlan Immortal Venerate.

This...

Chenlan Immortal Venerate looked at the Memory Pearl in front of him, puzzled, not understanding what Taihua Immortal Venerable and Lu Chen were up to.

Taihua Immortal Venerable said, "Elder Chenlan, you should take a look."

Without asking more, Chenlan Immortal Venerate raised his hand, released a stream of immortal power, and activated the Memory Pearl.

After reading Lu Chen's memory, Chenlan Immortal Venerate was somewhat confused. He said with a dark face, "Hall Master, I was always in Chenlan Hall just now. It was definitely not me who attacked Lu Chen; someone is framing me."

A person's name instantly flashed in Chenlan Immortal Venerate's mind, and he continued, "I know who is framing me."

Chenlan Immortal Venerate was no fool. Immortal Venerable Tianfeng had just come to see him, and then someone framed him. It was clearly intended to force him to break ties with Taihua Immortal Venerable.

Lu Chen is the couple of Xiyue Immortal Emperor. To offend Lu Chen is to abandon any plans to go to the Eastern Domain. This is obviously a conspiracy from Immortal Venerable Tianfeng.

Chenlan Immortal Venerate was instantly filled with rage; he hadn't come to Taihua Immortal Venerable to report Immortal Venerate Tianfeng the first time, yet Immortal Venerable Tianfeng immediately turned around and framed him.

Taihua Immortal Venerable said, "I know this wasn't your doing, but the person impersonated you specifically."

Chenlan Immortal Venerate said, "I will be straightforward. Immortal Venerable Tianfeng came to see me earlier. He wanted me to betray Heavenly Splendor Hall and prevent Heavenly Splendor Hall from moving to the Southern Domain."

Saying this, Chenlan Immortal Venerate directly released his memory. A projection appeared in the hall, showing the conversation between him and Immortal Venerable Tianfeng.

Upon seeing Chenlan Immortal Venerate's memory, Taihua Immortal Venerable thought to himself; it was indeed as he suspected. Immortal Venerable Tianfeng wanted to drag Chenlan Immortal Venerate down, forcing him to betray Heavenly Splendor Hall.

Unfortunately, Immortal Venerable Tianfeng hadn't anticipated Lu Chen being able to easily identify the real identity of others.

If they were unaware it was Immortal Venerable Tianfeng's doing, they might indeed have ended up at odds with Chenlan Immortal Venerate.

Memories can be faked, but everyone's cultivation follows different paths, and the aura they emit is also different. It's very difficult to imitate the aura on someone else's body, especially the lingering aura after they have made a move.

Usually, it is possible to determine who made a move by the lingering aura. If they hadn't known initially that it was Immortal Venerable Tianfeng's doing, Taihua

Immortal Venerable would have certainly sought out Chenlan Immortal Venerate to hold him accountable.

Even if Chenlan Immortal Venerate ultimately produced memories to prove his innocence, Taihua Immortal Venerable might still not believe it, thinking the lingering aura just now was clearly left by Chenlan Immortal Venerate.

Most importantly, if Taihua Immortal Venerable believed it wasn't Chenlan Immortal Venerate's doing and didn't pursue him, what would Lu Chen think?

Lu Chen would certainly think this was Heavenly Splendor Hall covering up for Chenlan Immortal Venerate. At that time, if Lu Chen whispered to Xiyue Immortal Emperor, their Heavenly Splendor Hall could forget about going to the Eastern Domain.

So whether or not Chenlan Immortal Venerate did it, to account to Lu Chen, they might still end up pinning this on Chenlan Immortal Venerate.

But fortunately, Lu Chen knew from the start that the one attacking him was Immortal Venerable Tianfeng, which thwarted Immortal Venerable Tianfeng's scheme.

Chenlan Immortal Venerate then said, "Obviously, Immortal Venerable Tianfeng impersonated me, trying to drag me down. Although I do not know how he

mimicked my fist intent, given Immortal Venerable Tianfeng has lived for several billion years, having some special means is not surprising."

Hearing Chenlan Immortal Venerate's explanation, Taihua Immortal Venerable didn't speak. His gaze turned to Lu Chen.

Now, Lu Chen's attitude is the most important. As the one who was attacked, as long as Lu Chen speaks, Taihua Immortal Venerable is ready to immediately gather other Immortal Venerates to deal with the traitor Immortal Venerable Tianfeng.

Seeing Taihua Immortal Venerable not speaking and instead looking at Lu Chen, a hint of displeasure flashed across Chenlan Immortal Venerate's face. As an Immortal Venerate, Chenlan Immortal Venerate had the dignity of an Immortal Venerate.

Heavenly Splendor Hall, after all, is an Overlord Level power, and now they have to do things based on the face of a mere Immortal Monarch Level clone of Lu Chen.

At other times, an Immortal Monarch Level clone would be killed without hesitation, indifferent whether it was his doing or not.

Taihua Immortal Venerable, as the Hall Master of Heavenly Splendor Hall, is lowering his stance so much; it's truly humiliating.

Despite his inner displeasure, Chenlan Immortal Venerate remained rational. He proactively said to Lu Chen, "Lu, if you do not believe me, you can call the disciples of Chenlan Palace to perform Soul Search; I have been supervising them as they pack up items."

Lu Chen said, "There's no need. I knew from the start that it was Immortal Venerable Tianfeng."

Listening to Lu Chen's words, Chenlan Immortal Venerate was stunned for a moment. Lu Chen knew it was Immortal Venerable Tianfeng?

Thus, Taihua Immortal Venerable called him here intending to test whether he had thoughts of betraying Heavenly Splendor Hall?

Chenlan Immortal Venerate solemnly looked at Taihua Immortal Venerable and asked, "Hall Master, what are your next plans?"

Chenlan Immortal Venerate was thinking that since they now know Immortal Venerable Tianfeng betrayed Heavenly Splendor Hall, the next step is to expel Immortal Venerable Tianfeng from Heavenly Splendor Hall to prevent him from causing harm secretly.

Taihua Immortal Venerable looked at Chenlan Immortal Venerate and said, "Immortal Venerable Tianfeng not only betrayed Heavenly Splendor Hall but also maliciously tried to kill Lu's clone to incite Xiyue Immortal Emperor's dissatisfaction with Heavenly Splendor Hall, and even framed you. What do you think should be done?"

Chenlan Immortal Venerate said, "Then let him be expelled from Heavenly Splendor Hall."

Taihua Immortal Venerable said, "Does Elder Chenlan think merely expelling him is enough?"

"Has Elder Chenlan not considered if Immortal Venerable Tianfeng's conspiracy really succeeded, what disaster it would bring to Heavenly Splendor Hall?"

"Heavenly Splendor Hall is already at death's door with Blood Eagle Hall. If they also enraged Xiyue Immortal Emperor, then Tianyan Immortal Domain will no longer have a place for Heavenly Splendor Hall."

Taihua Immortal Venerable said, "Traitors must die!"

Upon hearing Taihua Immortal Venerable's resolute words, Chenlan Immortal Venerate fell silent for a moment. He understood why Taihua Immortal Venerable was so insistent on eliminating Immortal Venerable Tianfeng; it was to make a show for Lu Chen.

However, Taihua Immortal Venerable's words weren't entirely unjustified. Immortal Venerable Tianfeng indeed nearly brought greater calamity to Heavenly Splendor Hall.

Although Chenlan Immortal Venerate didn't wish to act at this critical juncture, since it was for Lu Chen to see, he had no choice but to remove Immortal Venerable Tianfeng.

Chenlan Immortal Venerate then said, "The Hall Master is right; Immortal Venerable Tianfeng nearly brought disaster upon Heavenly Splendor Hall. It truly cannot be let go."

Taihua Immortal Venerable said, "Since Elder Chenlan also agrees with my viewpoint, I will now gather other Elders; we cannot let Immortal Venerable Tianfeng escape."

As his words fell, Taihua Immortal Venerable sent messages to the other Immortal Venerates of Heavenly Splendor Hall.

And Lu Chen stood beside, quietly watching Taihua Immortal Venerable's performance.

Having children earns benefit, start competing for dominance in the world by marrying a wife

When Taihua Immortal Venerable's voice reached the ears of those Immortal Venerates at Heavenly Splendor Hall, it immediately aroused their displeasure.

Is this Taihua Immortal Venerable bored? They're all busy packing, so why summon them now?

The most important thing right now is to pack quickly. Whatever the matter is, just send them a message directly.

Dragging them to the Meeting Hall is purely a waste of time.

Despite their dissatisfaction, the Immortal Venerates from Heavenly Splendor Hall still went to the Meeting Hall, including Immortal Venerable Tianfeng.

Immortal Venerable Tianfeng vaguely felt a bad premonition, but he consoled himself. Even if Chenlan Immortal Venerable suspected him, he could deny it. After all, Lu Chen saw Chenlan Immortal Venerable as the one who acted.

If Heavenly Splendor Hall backed Chenlan Immortal Venerable, they might end up offending Lu Chen instead.

Soon, the Immortal Venerates gathered in the Meeting Hall, and one Immortal Venerate complained, "Hall Master, we're busy moving things. If you have anything, you could have just sent us a message. There's no need for us to make the trip."

Heavenly Splendor Hall is vast, each Immortal Venerate is responsible for a large area, and the distance between where they gather at the Immortal Sect is significant, requiring some time to get there.

Running back and forth like this naturally causes some Immortal Venerates to be displeased.

Taihua Immortal Venerable glanced at the Immortal Venerates present. When he saw Immortal Venerable Tianfeng among them, he breathed a slight sigh of relief. He had been worried that Immortal Venerable Tianfeng, fearing exposure, would immediately flee from Heavenly Splendor Hall.

If Immortal Venerable Tianfeng ran out of Heavenly Splendor Hall, it wouldn't be so easy to deal with him. After all, he's an Immortal Venerate. If he hid, it would not be easy for others to find him, and if he directly went to Blood Eagle Hall, it would be even harder for Heavenly Splendor Hall to handle him.

Taihua Immortal Venerable directly said, "Just now, an Immortal Venerate approached Lu Chen and killed Lu's clone, attempting to provoke Xiyue Immortal Emperor's dissatisfaction with Heavenly Splendor Hall and stop our relocation to the Eastern Domain. Fortunately, Lu understood the bigger picture and didn't hold it against us."

"But the fact that this person dared to attack Lu Chen means they don't want Heavenly Splendor Hall to leave the Southern Domain. Relating this to the early leak of our move to the Eastern Domain, this person is likely the traitor and may have already betrayed Heavenly Splendor Hall, becoming a lapdog of the Evil Immortals."

Upon hearing Taihua Immortal Venerable's words, the Immortal Venerates exchanged glances. Those closer to Lu Chen's residence did feel a surge of powerful energy but never thought in this direction.

Given the dire situation of Heavenly Splendor Hall, someone still dared to attack Lu Chen, the partner of Xiyue Immortal Emperor. If Lu Chen whispers a word or two to Xiyue Immortal Emperor, not only would the Eastern Domain move be off the table, but if Xiyue wants to hold us accountable for what happened to Lu Chen, Heavenly Splendor Hall could face immediate destruction.

At this moment, an Immortal Venerate stood up and said, "Who has such audacity! Are they trying to destroy Heavenly Splendor Hall?"

Another Immortal Venerate also shouted angrily, "Hall Master, who is the person? I would never let them go!"

Taihua Immortal Venerable's words instantly ignited the anger of the Immortal Venerates at Heavenly Splendor Hall.

Immortal Venerable Tianfeng stood in a corner, his face darkened. Although he felt a bit uneasy, he was confident that Taihua Immortal Venerable would not suspect him.

The disguise of the Transformation Mirror was flawless. He had used the Transformation Mirror before Immortal Venerate Star River, and even Star River didn't see through his true identity, let alone Lu Chen.

Just as Immortal Venerable Tianfeng felt confident about not being recognized, Taihua Immortal Venerable's gaze suddenly fell on him.

Seeing Taihua Immortal Venerable turn his gaze upon him, Immortal Venerable Tianfeng's heart skipped a beat.

Immortal Venerates possess powerful minds, refined over tens of billions of years. When Taihua Immortal Venerable looked over, Immortal Venerable Tianfeng was already preparing how to respond to his questions.

When he attacked Lu Chen, he had considered that Taihua Immortal Venerable would find Chenlan Immortal Venerable, who, in an attempt to clear suspicions, might reveal that he sought out Chenlan.

With his mind steady, Immortal Venerable Tianfeng was ready to tackle Taihua Immortal Venerable's questions, but unexpectedly, Taihua directly asked, "Elder Tianfeng, why did you attack Lu?"

Upon hearing Taihua Immortal Venerable's words, all Immortal Venerates in the hall immediately turned their gaze towards Immortal Venerable Tianfeng.

For a moment, Immortal Venerable Tianfeng was stunned. He thought Taihua Immortal Venerable would reveal Chenlan Immortal Venerable's attack on Lu Chen and then question him, but Taihua instantly determined it was his doing.

Immortal Venerable Tianfeng darkened his expression and said, "Hall Master, what do you mean by this? When did I ever do such a thing?"

At this moment, an Immortal Venerate stood up and said, "Hall Master, is there some misunderstanding here? How could Elder Tianfeng betray Heavenly Splendor Hall?"

It's known that Immortal Venerable Tianfeng was a strong advocate of resisting Blood Eagle Hall. If he betrayed Heavenly Splendor Hall, obstructing its move from

the Southern Domain, and Blood Eagle Hall reckoned the scores, he would be the first to suffer.

Anyone could be a traitor, but Immortal Venerable Tianfeng is the least likely suspect.

Taihua Immortal Venerable coldly said, "Elder Tianfeng, do you really think that just because Lu's clone is dead, he wouldn't know who attacked him?"

As he spoke, Taihua Immortal Venerable looked at Lu Chen, "Lu, who attacked you just now?"

Lu Chen looked at Immortal Venerable Tianfeng and said, "It was Immortal Venerable Tianfeng."

Immortal Venerable Tianfeng was bewildered. Why didn't Lu reveal the part where he disguised as Chenlan Immortal Venerable but instead directly pegged him as the culprit?

How could Lu Chen possibly recognize him?

Upon regaining his composure, Immortal Venerable Tianfeng loudly protested, "Lu Chen, stop your slanders. When did I ever attack you!"

"We could go to where Lu Chen previously stayed and see which Immortal Venerate's Immortal Aura remains on the scene."

Taihua Immortal Venerable calmly said, "I just visited there. You were smart to clean up the scene beforehand, leaving no trace of Immortal Aura. Unfortunately, you were unaware that the Divine Sense of Lu's clone and main body were always connected."

Immortal Venerable Tianfeng was dumbfounded, "What does Taihua Immortal Venerable mean by this? Is his conclusion that I'm the one who attacked Lu Chen?"

When leaving, there was still a dense intent of astral power at Lu Chen's residence. He wasn't foolish; he knew that Lu's clone and main body would have a Divine Sense connection. That's why he uttered nonsense before acting.

Yet Lu directly accused him, without even a reasoning process.

Though indeed he did it, he was disguised as Chenlan Immortal Venerable, surely they should at least bring this up?

Immortal Venerable Tianfeng felt extremely awkward; revealing Chenlan's attack would be practically confessing to his involvement.

If he remained silent, Lu's accusation would stick to him.

Immortal Venerable Tianfeng then turned to the other Immortal Venerates, "Everyone, don't believe Lu. He's clearly trying to sow discord..."

Immortal Venerable Tianfeng wanted to continue speaking, but Chenlan sighed and said, "Elder Tianfeng, I earlier saw you visiting Lu Chen's residence with my own eyes."

Having children earns benefit, start competing for dominance in the world by marrying a wife

The Immortal Venerables in the hall fell silent upon hearing Elder Chenlan's words.

If Lu Chen had really framed Immortal Venerable Tianfeng, creating discord, it wouldn't make sense for Elder Chenlan to come together with Lu Chen to frame Immortal Venerable Tianfeng?

Elder Chenlan and Immortal Venerable Tianfeng had no disputes.

Upon hearing Elder Chenlan's words, Immortal Venerable Tianfeng flew into a rage, thinking, good fellow, not even bothering to argue, just outright framing.

Though it was indeed what he did, he didn't believe Elder Chenlan saw him at Lu Chen's place. He used Space Teleportation directly to Lu Chen's courtyard, and at that time, Elder Chenlan was still in Chenlan Palace, so how could he have seen it?

This was simply lying through his teeth.

Immortal Venerable Tianfeng realized it now, clearly, Taihua Immortal Venerable and others understood that revealing Elder Chenlan's attack on Lu Chen would make it difficult to find the culprit and impossible to convince people that he did it. If they doubted he was the culprit later, it wouldn't be convincing.

They might as well directly say it was him, since his suspicion was the greatest, after all, he had sought Elder Chenlan and instigated him to betray the Heavenly Splendor Hall.

Immortal Venerable Tianfeng quickly said, "Elder Chenlan, you can eat randomly, but not speak randomly. What evidence do you have to prove that I went to Lu Chen's residence?"

"I could also say that I saw you went to Lu Chen's residence. How would you prove your innocence?"

Elder Chenlan calmly said, "But Lu Chen saw you, not me."

Immortal Venerable Tianfeng said, "Ridiculous, don't tell me there's anyone here who couldn't use Disguise Skills?"

"What if someone disguised themselves as me, framing me?"

Lu Chen said, "I forgot to tell you, I excel in an Immortal Law to identify people, no matter how they disguise themselves, I can see their true identity."

"If you don't believe it, the esteemed ones here may try it."

Hearing this, one of the Immortal Venerables immediately stood up and said, "In that case, let's test Lu's ability to identify people. We will leave the hall, return later, and if Lu can recognize us, we'll believe him."

At this moment, the Immortal Venerables present were somewhat on Immortal Venerable Tianfeng's side, because they couldn't ascertain if Lu Chen was framing him, and they worried if someday someone disguised as them attacked Lu Chen, they'd end up like Immortal Venerable Tianfeng.

Soon, except for Immortal Venerable Tianfeng, Elder Chenlan, and Taihua Immortal Venerable, the Immortal Venerables left the hall. In just a short while, they returned, but their appearances had changed to that of another Immortal Venerable.

The Disguise Skills of Immortal Venerables were highly proficient, even without the Transformation Mirror that Immortal Venerable Tianfeng possessed, their outlooks were almost identical to their targets.

Under concealed auras, it's somewhat challenging to distinguish who's who.

Of course, this only applies to ordinary people; for Immortal Venerables, they can almost immediately tell who's who.

At this point, an Immortal Venerate said, "Alright, we've all disguised ourselves now. I wonder if Lu can distinguish who we are?"

Without a word, Lu Chen pointed at one Immortal Venerate on the right and said, "You are Qingming Immortal Venerable."

Upon Lu Chen instantly identifying him, Qingming Immortal Venerable awkwardly said, "Is my Disguise Skill really that poor?"

Lu Chen didn't waste words with Qingming Immortal Venerable, he then pointed at several other Immortal Venerable, "Juechen Immortal Venerable, Yun Sheng Immortal Venerable, Xuanyuan Immortal Venerable..."

Seeing Lu Chen instantly discerned everyone's identity, the Immortal Venerable ceased disguising and immediately reverted to their original appearances, afterward, all eyes turned to Immortal Venerable Tianfeng.

Lu Chen already proved his ability to identify people, which required no further commentary.

Elder Chenlan looked at Immortal Venerable Tianfeng and said, "Elder Tianfeng, do you have anything else to say?"

Immortal Venerable Tianfeng clenched his fists, his aura burst forth fiercely; they have revealed this much, there's no need to pretend any longer.

Immortal Venerable Tianfeng then said, "Elder Chenlan, do you think you can please Lu Chen and flatter Xiyue Immortal Emperor by doing this?"

Seeing Immortal Venerable Tianfeng no longer continue to argue, the Immortal Venerables present immediately heightened their vigilance.

"Back then, to eliminate Lu Chen, the Heavenly Splendor Hall united major forces in the Southern Domain to besiege Lu Chen, driving him into the Chaotic Sea. Though I don't know what he endured there, his life in the Chaotic Sea must've been difficult, and he alone returned to Tianyan Immortal Domain."

"You've heard that he's someone who deeply cares about his women, those he treasures died in the Chaotic Sea. Do you genuinely think he bears no grudge against the Heavenly Splendor Hall?"

"How laughable, lived countless eras, immortal yet still so naive."

"Once the Heavenly Splendor Hall truly goes to the Eastern Domain, it shall cease to exist, and none present here will escape!"

Upon hearing Immortal Venerable Tianfeng's words, the Immortal Venerables fell silent, an uncertain feeling stirred within them.

Indeed, Lu Chen returned, but those he loved perished in the Chaotic Sea, and Heavenly Splendor Hall caused it all; to say Lu Chen bears no resentment towards Heavenly Splendor Hall seems unrealistic.

So, Lu Chen likely might retaliate against Heavenly Splendor Hall.

Right then, Lu Chen chuckled lightly and said, "Immortal Venerable Tianfeng, you are quite good at inciting actions. You're right, I do resent the Heavenly Splendor Hall."

"But for me, Heavenly Splendor Hall joining Eastern Domain maximizes my benefits, and besides, my wives aren't dead."

"Moreover, I've long told Taihua Immortal Venerable that even if I retaliate, I'd only target those who advocated action against me back then."

Hearing Lu Chen's words, Qingming Immortal Venerable promptly asked, "Lu, is this true?"

Many Immortal Venerables had intended to recruit Lu Chen, recognizing his unparalleled talent in this era, and being the most likely to become an Immortal Emperor.

Though ultimately, the decision was made by Star River Immortal Venerable, prompted by both Immortal Venerable Tianfeng and Wuya Immortal Venerable; he feared that once someone became Emperor Cheng, the Qi Fortune of Tianyan Immortal Domain wouldn't be enough to give rise to another Immortal Emperor, blocking his path, and thus chose to act against Lu Chen, intending to nip the prodigy in the bud.

However, none expected Lu Chen to venture into the Chaotic Sea with his wives, and unexpectedly, he survived.

Lu Chen said, "Indeed, it's true, Xiyue Immortal Emperor is my Dao partner, your joining will enhance the Qi Fortune of the Eastern Domain, and elevate Xiyue Immortal Emperor's strength."

Upon hearing Lu Chen's explanation, the Immortal Venerables also relaxed a bit, since Xiyue Immortal Emperor is Lu Chen's Dao partner; if she avenged him, none would escape unscathed.

Nonetheless, Lu Chen's reasoning was sound; their joining would boost Eastern Domain's Qi Fortune, and since they weren't the ones who advocated Lu Chen's removal, Lu Chen indeed had no need to eliminate them entirely.

Having children earns benefit, start competing for dominance in the world by marrying a wife

Seeing the Immortal Venerables present seem swayed by Lu Chen's words, Immortal Venerable Tianfeng looked at Lu Chen with deadly intent.

He was about to continue inciting the Immortal Venerables of Heavenly Splendor Hall when Taihua Immortal Venerable interrupted, saying, "Elder Tianfeng, if my guess is correct, it was you who leaked the news that Heavenly Splendor Hall was relocating to the Eastern Domain?"

"Since you have chosen to betray Heavenly Splendor Hall, there's nothing more to say."

"Anyone who betrays Heavenly Splendor Hall must die!"

Just after Taihua Immortal Venerable finished speaking, Chenlan Immortal Venerable immediately released his aura. Seeing Chenlan Immortal Venerable ready for action, the Immortal Venerables present were once again stunned. They initially thought Taihua Immortal Venerable would at most expel Immortal Venerable Tianfeng from Heavenly Splendor Hall.

After all, Immortal Venerable Tianfeng was an Immortal Venerable; killing one would not be easy. Even if they joined forces, there was a chance he might escape.

The most critical concern was the time-sensitive need to pack and relocate to the Eastern Domain, and fighting Immortal Venerable Tianfeng could waste an unknown amount of time.

However, Taihua Immortal Venerable's words had been spoken, and judging by his demeanor, he wasn't speaking lightly. This indicated that Taihua Immortal Venerable genuinely intended to eliminate Immortal Venerable Tianfeng.

Soon, the Immortal Venerables of Heavenly Splendor Hall also reacted; Taihua Immortal Venerable was no fool and surely understood that action against Immortal Venerable Tianfeng now would waste time. This was clearly Taihua's way of showing an attitude to Lu Chen.

Given that Lu Chen was the couple of Xiyue Immortal Emperor, if Lu Chen was attacked at Heavenly Splendor Hall now and nothing was done, even if they moved to the Eastern Domain, they would be belittled by Xiyue Immortal Emperor.

Seeing Chenlan Immortal Venerable had released the pressure of an Immortal Venerable, with immortal power permeating the entire hall, instantly locking the space, Immortal Venerable Tianfeng understood that Taihua Immortal Venerable and the others were serious.

At this point, staying any longer meant risking either death or severe injury.

Without hesitation, Immortal Venerable Tianfeng's body turned into a streak of light, flying out of the Meeting Hall.

Seeing Immortal Venerable Tianfeng attempt to flee, Taihua Immortal Venerable immediately told the other Immortal Venerables, "We must not let the traitor escape Heavenly Splendor Hall!"

The Immortal Venerables exchanged glances and ultimately chose to follow Taihua Immortal Venerable's command.

Although action was ill-timed, to demonstrate sincerity to Lu Chen, Immortal Venerable Tianfeng had to be eliminated. Moreover, Lu Chen previously stated he sought revenge only against those who advocated his eradication.

And Immortal Venerable Tianfeng was precisely one who had advocated for Lu Chen's eradication years ago.

Thus, regardless of today's incident of Immortal Venerable Tianfeng attacking Lu Chen, Heavenly Splendor Hall had to resolve the conflict with Lu Chen by dealing with Tianfeng.

Soon, several streaks of light appeared above Heavenly Splendor Hall, Immortal Venerable Tianfeng initially planning to use Space Teleportation to leave, but upon exiting the hall, he discovered Heavenly Splendor Hall had activated the space lock array; he couldn't use Space Teleportation to escape and had to flee with all his might.

As he fled, Tianfeng glanced back and found that almost all the Immortal Venerables of Heavenly Splendor Hall were following him, intensifying his hatred towards Lu Chen.

Immortal Venerable Tianfeng muttered to himself, "A bunch of spineless fools!"

Immortal Venerable Tianfeng staunchly believed his choice was correct. Heavenly Splendor Hall's foundation was in the Southern Domain; it should never leave, especially not to go to the territory of Lu Chen's couple.

It would be suicidal!

As he fled, Immortal Venerable Tianfeng once again transmitted to the Immortal Venerables, "Fellow Elders, do not be misled by Lu Chen. If you truly go to the Eastern Domain, you'll end up like me."

Upon hearing Immortal Venerable Tianfeng's words, the Immortal Venerables said nothing. Though they still worried about Lu Chen's possible revenge against Heavenly Splendor Hall, they calculated in their hearts and chose to believe in Lu Chen.

After all, staying in the Southern Domain was a dead end, with the mutual pincer of Barbaric and Blood Eagle Hall, Heavenly Splendor Hall's extinction was inevitable.

At this moment, one Immortal Venerable sneered and said, "Immortal Venerable Tianfeng, say all you want, but it's useless, just honestly accept death."

Seeing these individuals unmoved, Tianfeng's face grew increasingly grim.

He no longer bothered persuading them, directly mocking, "Do you really think you can do anything to me?"

"We are all Immortal Venerables, even if the space is locked, your speed may not match mine."

The Immortal Venerables of Heavenly Splendor Hall ignored Tianfeng's ridicule; they merely projected an attitude of sanction, whether or not they could catch him didn't concern them.

Tianfeng's speed was indeed swift, seeing that he was about to exit the Immortal Gate Formation's range, Taihua Immortal Venerable still hadn't opened it.

If Taihua Immortal Venerable could open the Immortal Gate Formation now, Tianfeng would be trapped within Heavenly Splendor Hall and wouldn't escape. But doing so would back him into a corner, leading to potential large-scale destruction within Heavenly Splendor Hall.

An Immortal Venerable in action could inflict massive damage on Heavenly Splendor Hall. Taihua Immortal Venerable intentionally let Tianfeng leave, planning to act when he was outside.

By then, Tianfeng saw the Immortal Venerables had been left far behind, feeling smug, knowing they couldn't truly catch him.

In Tianfeng's eye, an Immortal Venerable was held in high regard; engaging him while relocating to the Eastern Domain would waste significant time, so Taihua was merely posturing, pretending to expel him.

At this point, Tianfeng clenched his fist, planning to avenge today's humiliation upon joining Blood Eagle Hall.

He glanced back at the floating Heavenly Splendor Hall and muttered, "Hope Heavenly Splendor Hall continues to exist in the Eastern Domain, or I'll have no target for revenge!"

After speaking, Tianfeng prepared to accelerate away.

But suddenly, several powerful Immortal Venerable auras appeared before him, Taihua Immortal Venerable's voice followed, "Revenge? You likely won't have the chance!"

Startled by Taihua Immortal Venerable's voice, Tianfeng froze, initially thinking they were mere gestures for Lu Chen, shocked they had truly caught up.

Without hesitation, Tianfeng once again exerted full force to flee.

Now outside Heavenly Splendor Hall, without spatial lock, it was even harder for them to catch him; Tianfeng doubted they could truly do anything.

As he thought this, suddenly, an overwhelming suppressive force descended, immobilizing his immortal power, slowing him down abruptly.

His mind stunned, behind him rang Taihua Immortal Venerable's voice, "Heavenly Flower Seal, suppress!!!"

Having children earns benefit, start competing for dominance in the world by marrying a wife

Upon hearing Taihua Immortal Venerable's voice, Immortal Venerable Tianfeng's face changed drastically.

The Heavenly Splendor Hall is an Immortal Artifact created by the convergence of Qi Fortune of the Heavenly Splendor Hall. Its power isn't considered very great, but its grade is infinitely close to a Saint-grade Immortal Artifact.

Most importantly, this Immortal Artifact's suppressive power is extremely terrifying, especially having an absolute suppression on the Immortals of the Heavenly Splendor Hall.

Although he has betrayed the Heavenly Splendor Hall, he was once a member of the Heavenly Splendor Hall, and at this moment he still carries the Qi Fortune of the Heavenly Splendor Hall, and naturally, he will also be suppressed by the Heavenly Flower Seal.

Of course, with his Immortal Venerable's strength, wanting to break free from the control of the Heavenly Flower Seal isn't impossible, breaking free from control is just a matter of moments.

However, in the battle between Immortal Venerables, even controlling him for a moment could heavily injure him.

Immortal Venerable Tianfeng knew that continuing to delay like this, once those several Immortal Venerables arrived, it would not be so easy for him to escape, so without any hesitation, he immediately ignited his Divine Soul.

After igniting his Divine Soul, a surge of frenzied Divine Soul Power erupted from Immortal Venerable Tianfeng's body, instantly offsetting the controlling force imposed on him by the Heavenly Flower Seal.

Immortal Venerable Tianfeng snorted coldly, "Wishful thinking if you think you can kill me!"

As his words fell, Immortal Venerable Tianfeng prepared to tear open the space and escape directly. However, before he could react, a vast pressure descended from the heavens.

Immortal Venerable Tianfeng suddenly looked up, realizing that at some point, an Array Pattern had appeared above his head.

Upon seeing this Array Pattern clearly, Immortal Venerable Tianfeng's expression changed drastically.

"Not good! This is!!!"

Immortal Venerable Tianfeng instantly recognized that this was the Array Pattern of the Chaos Spirit Ruins Sealing Heaven Array.

Immortal Venerable Tianfeng once again ignited his Divine Soul power, attempting to dispel the pressure of the Chaos Spirit Ruins Sealing Heaven Array, but once that pressure was applied to him, he couldn't utilize the immortal power throughout his body, even if he ignited Divine Soul power, it too seemed to be confined.

Immortal Venerable Tianfeng struggled desperately, knowing that once he was sealed by the Chaos Spirit Ruins Sealing Heaven Array, it would be truly over for him.

However, no matter how Immortal Venerable Tianfeng struggled, the Chaos Spirit Ruins Sealing Heaven Array had already formed, and his struggles were no more than futile efforts.

As the Array Pattern of the Chaos Spirit Ruins Sealing Heaven Array continuously shrank, the aura on Immortal Venerable Tianfeng weakened, and seeing that he was about to be sealed, he roared in unwillingness, "Lu Chen!!!"

Upon hearing Immortal Venerable Tianfeng calling his name, Lu Chen chuckled softly, then said, "I didn't plan to settle things with you so soon, but I didn't expect you to jump out on your own accord."

Lu Chen's initial plan was to wait until after he broke through to the Immortal Venerate Realm, to personally exact his revenge. Wuya Immortal Venerable had already died and turned into a strange creature, and he too had been sealed.

As for Star River Immortal Venerate, ever since he announced self-seclusion, no one knows his current state. At that time, among those who advocated for his elimination, only Immortal Venerable Tianfeng was left.

In Lu Chen's view, Immortal Venerable Tianfeng's strength was not that strong either; once he became an Immortal Venerable, eliminating Immortal Venerable Tianfeng would be easy.

As a result, before he even intended to settle scores with Immortal Venerable Tianfeng, Immortal Venerable Tianfeng took the initiative to impersonate someone else and attack him. Since Immortal Venerable Tianfeng had already taken the initiative, he could only leverage the power of the Heavenly Splendor Hall to prematurely get rid of this foe.

The several Immortal Venerables of the Heavenly Splendor Hall simultaneously activated the Chaos Spirit Ruins Sealing Heaven Array. No matter how Immortal Venerable Tianfeng struggled, even if he wanted to self-destruct, the power within his body was restricted by the Formation.

With a roar of unwilling anger from Immortal Venerable Tianfeng, his body vanished in place, and a pearl appeared mid-air.

At this moment, Immortal Venerable Tianfeng had been thoroughly sealed inside the Sealing Pearl.

Taihua Immortal Venerable stepped forward to the Sealing Pearl and grabbed it with one hand.

At this moment, Chenlan Immortal Venerable asked, "Hall Master, what do you intend to do next?"

At that moment, the Immortal Venerables of the Heavenly Splendor Hall were actually not too keen on eliminating Immortal Venerable Tianfeng. They thought that since he was already sealed, sparing his life would suffice. In their hearts, they had some fear that in the future they might face the same fate as Immortal Venerable Tianfeng. Of course, they couldn't express this in front of Lu Chen.

At this time, Taihua Immortal Venerable resolutely said, "Come with me."

"Since Immortal Venerable Tianfeng has betrayed the Heavenly Splendor Hall, he can no longer be kept."

Taihua Immortal Venerable was determined to eliminate Immortal Venerable Tianfeng, in his view, failing to eliminate him would certainly offend Lu Chen, and simply sealing him would not satisfy Lu Chen.

Moreover, eliminating Immortal Venerable Tianfeng was only the beginning. Later he would have to figure out a way to deal with Star River Immortal Venerable, as

these two were the offerings for relocating the Heavenly Splendor Hall to the Eastern Domain.

Seeing Taihua Immortal Venerable determined to eliminate Immortal Venerable Tianfeng, the other Immortal Venerables did not speak further. They followed Taihua Immortal Venerable to the high skies of the Tianyan Immortal Domain.

The actions of an Immortal Venerable could cause tremendous destruction, so Taihua Immortal Venerable specially chose a location far above the ground.

Upon reaching high altitude, Taihua Immortal Venerable once again took out the Sealing Pearl, he glanced at the Immortal Venerables present from the Heavenly Splendor Hall, "Everyone, we are all Immortals Venerable, you know very well how resilient an Immortal Venerable is, so when you strike later, please don't hold back."

They understood very well what Taihua Immortal Venerable meant, which was nothing more than to show Lu Chen.

Taihua Immortal Venerable then tossed the Sealing Pearl into the high air and said, "Give it your all!!!"

In the next moment, the Immortal Venerables in attendance struck in unison, and bursts of majestic power rippled through the sky. In an instant, half of the sky over the Southern Domain turned red.

After the Sealing Pearl shattered, the curse of Immortal Venerable Tianfeng emanated, "Taihua old dog, you will die a horrible death!!!"

"I will wait for you fools down there!!!"

Although the Sealing Pearl was broken open, because the Immortal Venerables of the Heavenly Splendor Hall struck together, Immortal Venerable Tianfeng had no time to tear open space and flee, nearly all his power was blasted onto Immortal Venerable Tianfeng.

Within moments, Immortal Venerable Tianfeng was completely annihilated.

As the fall of an Immortal Venerable occurred, the Heavenly Splendor Hall experienced a small-scale revival of Immortal Aura.

However, the attending Immortal Venerables could not feel joy; on one hand, they were about to leave, and on the other, it was the death of their own Immortal Venerable of the Heavenly Splendor Hall.

After eliminating Immortal Venerable Tianfeng, Taihua Immortal Venerable approached Lu Chen, smiling as he asked, "Lu, I wonder if this outcome satisfies you?"

Lu Chen said indifferently, "You've done very well; when you arrive in the Eastern Domain, if there's anything, you can reach out to me."

"I'll be heading back now."

As his words fell, Lu Chen turned and flew away.

After Lu Chen left, the other Immortal Venerables of the Heavenly Splendor Hall approached Taihua Immortal Venerable. At this point, an Immortal Venerable sighed and said, "Hall Master, was it necessary to go this far? Immortal Venerable Tianfeng did make many contributions to the Heavenly Splendor Hall, just sealing him was already a severe punishment."

Previously, these Immortal Venerables all held high status and pride, but upon witnessing the manner of Immortal Venerable Tianfeng's death, they were deeply shaken.

With one Chaos Spirit Ruins Sealing Heaven Array, Immortal Venerable Tianfeng couldn't even self-destruct, and even their Heavenly Flower Seal of the Heavenly Splendor Hall didn't have such terrifying suppression. They are now fearful that one day they too might experience the events of today.

Having children earns benefit, start competing for dominance in the world by marrying a wife

Taihua Immortal Venerate glanced at the Immortals in the Heavenly Splendor Hall and noticed their expressions were all quite grave, which allowed him to guess their thoughts.

He then said, "Do you think Lu Chen is easily fooled?"

"Immortal Venerable Tianfeng previously advocated for the removal of Lu Chen, and this time, he directly acted against Lu Chen. If old and new grudges are not settled, Lu Chen will definitely target the Heavenly Splendor Hall."

"If we only seal Immortal Venerable Tianfeng, Lu Chen will inevitably see it as a delaying tactic. Sooner or later, we would release Immortal Venerable Tianfeng again."

"When we head to the Eastern Domain, if Lu Chen whispers in the ear of Xiyue Immortal Emperor, it's uncertain whether the Heavenly Splendor Hall can continue to exist."

With Taihua Immortal Venerate speaking, the Immortals fell silent.

The logic is sound, but using a Holy Tier Array to eliminate an Immortal seems too easy. In the past, killing an Immortal, even if several Immortals attacked one, could take decades or even a hundred years.

Now, to remove an Immortal with a Chaos Spirit Ruins Sealing Heaven Array takes less than two hours.

Although they acted together, the thought that they could one day be treated the same way filled them with immense dread.

At this moment, Chenlan Immortal Venerate suddenly thought of something and asked, "Wasn't it also the Star River Hall Master who initially advocated for eliminating Lu Chen? Hall Master, what are you planning to do?"

Star River Immortal Venerate is the cornerstone of the Heavenly Splendor Hall, and he was the one who decided to eliminate Lu Chen, so Lu Chen's targets of revenge surely include Star River Immortal Venerate.

But if the Heavenly Splendor Hall helps Lu Chen to remove the Star River Immortal Venerate, it would be akin to self-destruction, and it might also cause dissatisfaction among the Elders and Disciples of the Heavenly Splendor Hall.

If word got to the Elders and Disciples that the Hall even betrayed its Hall Master, wouldn't they wonder if the Hall would one day abandon them too?

This would certainly destabilize the morale within the Heavenly Splendor Hall. When they went to the Eastern Domain, it's likely that many of the Hall's Elders and Disciples would leave.

In fact, Taihua Immortal Venerate wasn't worried about those Elders and Disciples leaving Heavenly Splendor Hall. Once in the Eastern Domain, the Hall was set to split up anyway, and the main problem was that members of the Hall were reluctant to leave and form new forces. If some were willing to leave, it would actually save Taihua Immortal Venerate much effort.

At this moment, all the Immortals' gazes were fixed on Taihua Immortal Venerate, eager to hear how he planned to deal with Star River Immortal Venerate.

Seeing everyone staring at him intensely, Taihua Immortal Venerate understood they were likely siding with Star River Immortal Venerate, and if he spoke against Star River Immortal Venerate now, they would likely dissent.

Immortal Venerable Tianfeng had, after all, actively betrayed the Heavenly Splendor Hall, so although there was some hesitation, there wasn't a heavy burden in their hearts when dealing with him.

But Star River Immortal Venerate had been the Hall Master for countless years and served as the cornerstone of the Heavenly Splendor Hall. If they acted against him for an outsider, the other Immortals would surely resist.

Taihua Immortal Venerate had to say, "Let's take it one step at a time; the Star River Hall Master's days are numbered, and his condition isn't good. If he falls, we can use it to account to Lu Chen."

Though what Taihua Immortal Venerate said seemed somewhat insolent, letting Star River Immortal Venerate fall on his own was far better than having them make a move against him.

...

Blood Eagle Hall.

Inside the Small World, waves of ominous blood energy continuously struck the world's barrier, causing the entire world to tremble as if it were about to collapse.

The Heavenly Dao Chains on Blood Ancestor were becoming increasingly visible. He mobilized all his power, constantly striking the Heavenly Dao Chains, in an attempt to break them.

Originally, he planned to wait until the cracks in the Heavenly Dao Chains grew larger before attacking the sealing, but hearing Xiyue Immortal Emperor's voice made him impatient.

If Heavenly Splendor Hall really went to the Eastern Domain, wouldn't that imply he feared the Xiyue Immortal Emperor?

He, at least, was a powerful being from beyond the realm, how could he fear an Immortal Emperor produced by this artificial world?

Although he was very disgruntled, he didn't immediately respond to Xiyue Immortal Emperor's words, for he knew that at this point, harsh words would be useless.

He must take action after breaking free, thus focusing all his thoughts on attacking the Heavenly Dao Sealing. As long as he broke these Heavenly Dao Chains, he would regain his freedom.

By now, there were no Disciples of Blood Eagle Hall left in the Small World; everything within had been obliterated, leaving only an endless sea of blood.

Blood Ancestor burned his Divine Soul Power and shouted, "Break for me!!"

"This damned pseudo-Heavenly Dao cannot hold me!!"

An artificial world's Heavenly Dao trying to completely seal him was pure fantasy!

As the Divine Soul Power of Blood Ancestor burned, the Heavenly Dao Chains on him became visible to the naked eye. However, there were no others left within the Small World to witness.

As his internal power persistently assaulted the Heavenly Dao Chains, they violently shook, clinking together loudly.

The sound, intensely piercing, echoed across the Southern Domain's skies.

The people of the Southern Domain, upon hearing this sound, felt an ominous premonition.

Anomalies appeared more frequently in the Southern Domain, clearly not a good sign.

Time passed day by day, and the gaps in the chains around Blood Ancestor grew larger, with more and more cracks, as if they might shatter at any moment.

During this time, various natural disasters frequently erupted across the Southern Domain. For the Immortals, these disasters were no serious matter, as their Immortal Sects were sky-bound and natural disasters rarely affected them.

Even with storms and torrential rain, the Immortal Gate Formation protected the Immortal Sects.

Immortals could resist natural disasters, but it was a different story for Mortals living on the ground. In just half a year, over a billion Mortals perished in the Southern Domain.

The overall Qi Fortune of the Southern Domain rapidly declined, and this decline in fortune further influenced the Qi Fortune of various powers within the domain, exacerbating the chaotic situation.

Heavenly Splendor Hall.

Atop the roof of a palace, Lu Chen gazed towards the direction of the Blood Eagle Hall, his expression grave, as if he had thought of something ominous.

For some reason, he had been feeling restless these past days, sensing that something major was about to happen.

Immortals have a sensitivity to crises, and Lu Chen's sensitivity was even keener. For him to feel such anxiety indicated a major crisis was imminent.

Lu Chen couldn't help but think, could it be that the Blood Ancestor was about to emerge, causing his unease?

After all, the Blood Ancestor was from beyond the realm, and he was just at the Immortal King Realm. If he truly engaged with the Blood Ancestor, who possessed Immortal Emperor-level power, he surely wouldn't stand a chance.

Having children earns benefit, start competing for dominance in the world by marrying a wife

Lu Chen was zoning out, looking into the distance, when the aura of an Immortal Venerate swiftly approached him.

In the next moment, Taihua Immortal Venerable's voice came from behind Lu Chen, "Lu, our last group of disciples has departed. I wonder if you could send a clone to accompany us to the Eastern Region?"

For the better part of the last six months, the Heavenly Splendor Hall had sent several batches of disciples to migrate to the Eastern Region. Since the Heavenly Splendor Hall had substantial properties and influence, it was not easy to relocate completely all at once. Moreover, many local forces of the Heavenly Splendor Hall were unwilling to leave the Southern Domain.

Initially, it would take at least ten years for the Heavenly Splendor Hall to fully migrate to the Eastern Domain. However, to leave before the Blood Ancestor emerges, they had no choice but to abandon some ancestral properties.

As for those families or forces reluctant to leave the Southern Domain, the Heavenly Splendor Hall did not force them, only asking them to hand over some treasures or Immortal Crystals.

Perhaps because the Divine Thought of Xiyue Immortal Emperor descended upon the Southern Domain, none of the local forces opposed the Heavenly Splendor Hall's departure. Furthermore, when the migration fleet of the Heavenly Splendor Hall passed through these forces' territories, they allowed them to pass unchallenged, as if they didn't see them.

However, even so, Taihua Immortal Venerable was still a bit worried. This was their last batch of people migrating to the Eastern Domain, and this fleet held many treasures and the heritage of the Heavenly Splendor Hall.

Throughout the journey, there might be some reckless individuals attempting to seize them. Despite the abundance of Immortal Venerates in this batch, who could safeguard the final fleet, witnessing the absolute suppression of immortals by Lu

Chen's Chaos Spirit Ruins Sealing Heaven Array made them feel reassured with him around.

Lu Chen naturally understood what Taihua Immortal Venerable was considering and turned, saying, "Of course, no problem, but..."

Lu Chen hesitated, suddenly remembering something.

"Your Immortal Venerates of the Heavenly Splendor Hall are preparing to migrate to the Eastern Domain. Shouldn't you also be waking up your former Hall Master?"

Hearing this, Taihua Immortal Venerable's heart skipped a beat, knowing it would come eventually.

Regarding Star River Immortal Venerate, he really wasn't sure how to handle it.

He advocated for eliminating Star River Immortal Venerate. After migrating to the Eastern Domain, Star River Immortal Venerate no longer served as his pillar of support and had no use to him.

But the other Immortal Venerates of the Heavenly Splendor Hall, including the Elders and disciples, certainly wouldn't like that approach.

Taihua Immortal Venerable hoped that Star River Immortal Venerable had already perished. Otherwise, if Lu Chen saw that the Heavenly Splendor Hall was unwilling to take action against Star River Immortal Venerate, he might develop some negative impressions.

Living under someone else's roof requires humility. Taihua Immortal Venerable sighed slightly and said, "Ever since the Heavenly Dao lifted the Realm restrictions, many Immortal Venerates have already broken through to the First Layer Heaven. By rights, someone with Star River Immortal Venerate's talents should have long broken through the First Layer Heaven and emerged."

"The fact that he hasn't emerged yet raises the suspicion that he might have already perished."

Upon hearing Taihua Immortal Venerable's words, Lu Chen furrowed his brow slightly. He didn't suspect Taihua Immortal Venerable of lying, as he had some understanding of the Heavenly Splendor Hall's current situation, having been there recently.

There indeed had been no news of Star River Immortal Venerate emerging, and previously, there were numerous rumors suggesting that Star River Immortal Venerate might have already perished within the Heavenly Splendor Hall.

Lu Chen couldn't help but wonder if Star River Immortal Venerate had truly perished. Then again, if an Immortal Venerate were to perish, the immortal power

within them would return to the Tianyan Immortal Domain, potentially causing a resurgence of Immortal Aura within the Heavenly Splendor Hall.

However, aside from those few large-scale surges of Immortal Aura and during the time when Immortal Venerable Tianfeng perished, resulting in a resurgence of Immortal Aura, he hadn't heard of any other surges within the Heavenly Splendor Hall.

Thus, Star River Immortal Venerate likely remained in a self-sealed state.

Lu Chen knew that the Heavenly Splendor Hall was reluctant to take action against Star River Immortal Venerate and didn't put Taihua Immortal Venerable in a difficult position. Right now, he calmly remarked, "After all, Star River Immortal Venerate was your previous Hall Master. Before you leave, you should at least inform him. Don't let him come out of seclusion to find the entire Heavenly Splendor Hall gone, leaving him all alone. Imagine how disappointed he would be with you then."

Upon hearing Lu Chen's words, sweat formed on Taihua Immortal Venerable's brow. Somehow, he felt reminded by Lu Chen to dispose of Star River Immortal Venerate posthaste.

Taihua Immortal Venerable immediately said, "You're right, Lu. I'll go to his place of self-sealing to wake him shortly."

Lu Chen said, "Alright, you go do that. Just let me know when it's time to depart."

Taihua Immortal Venerable replied, "Thank you for your trouble, Lu."

After speaking, Taihua Immortal Venerable immediately turned and left, heading straight to Star River Immortal Venerate's place of self-sealing.

When Taihua Immortal Venerable arrived at the self-sealing location, he found the Immortal Venerates of the Heavenly Splendor Hall present, seeming to have anticipated his coming and waited for him.

Seeing the wary glances from the Immortal Venerates, Taihua Immortal Venerable understood they were there to prevent him from taking private action against Star River Immortal Venerate.

Although Star River Immortal Venerate was once powerful, his time had come, and his current strength was surely less than a tenth. Being in a self-sealed state made attacking him very easy.

Taihua Immortal Venerable cleared his throat and said, "I didn't expect you Elders to be here. That's perfect; we'll go in together."

Taihua Immortal Venerable then walked towards the massive stone door standing several meters high. Star River Immortal Venerable's self-sealing site was inside a mountain filled with numerous formations. The stone door was also enchanted, making entry challenging.

Taihua Immortal Venerable had visited before, intending to see if Star River Immortal Venerable had broken through to the First Layer Heaven. However, upon sensing the multitude of formations, he chose not to enter.

This time, they absolutely had to wake Star River Immortal Venerable, even if it meant finding a way to break through the formations.

Quickly, the Immortal Venerables followed Taihua Immortal Venerable to the stone door. As they approached the door, a powerful Immortal power burst forth from the cave, forcefully pushing everyone back, seemingly preventing them from entering.

Taihua Immortal Venerable turned to the Immortal Venerables behind him and said, "The formations around the Star River Hall Master's abode are numerous. To awaken him, we must break through. Juechen Immortal Venerable, you're proficient in formations; I'll leave the external formations to you."

Upon hearing Taihua Immortal Venerable's words, Juechen Immortal Venerable immediately stepped forward, "Alright."

Then, Juechen Immortal Venerable raised his hand, releasing a surge of immortal power towards the stone door. As the power neared the door, it was instantly repelled. After analyzing the formation type, Juechen Immortal Venerable remarked, "Just a standard sealing array. It shouldn't be difficult to break."

Speaking this, Juechen Immortal Venerable struck with a palm, opting to forcibly break the array.

Unexpectedly, as that strike landed, it seemed to trigger a mechanism.

The stone door suddenly unleashed a terrifying might, and before the Immortal Venerates could react, an overwhelming Immortal power sent them flying.
