Capítulo 2091: Chapter 1781: The Blood Ancestor's Fury

Amidst the densely packed warships in the sky, a colossal floating island was slowly advancing.

On the floating island were numerous palaces, and at this moment, a group of Immortal Venerates from the Barbaric lands gathered in a resplendent Meeting Hall.

At this time, an Immortal Venerate spoke up: "Something seems amiss. The various forces of the Southern Domain completed their assembly a decade ago, yet there's been no movement to this day."

Dragon Soaring Immortal Venerable replied: "What's strange about that? They know they can't compete with the Barbaric forces, so they're likely setting up some great formations in the Cangxuan Immortal Dynasty, waiting for us to make the first move before using the formations against us."

An Immortal Venerate said: “I thought they’d gather all their forces, full of momentum, to battle us to the death, planning a counterattack. But it turns out they’re just turtling up like before, waiting for our attack.”

Listening to the discussions among the Immortal Venerates, the leader of the Hidden Moon Sect, seated on an Immortal Throne above the hall, turned his gaze to Lu Chen.

He said to Lu Chen, “Lu Chen, in this battle, the Blood Ancestor will likely intervene, and we may need you to construct the Chaos Spirit Ruins Sealing Heaven Array.”

Although he had refined the Divine Corpse and possessed power at the Emperor Level, the Hidden Moon Sect Leader was fully aware that there was still a difference between himself and a true Immortal Emperor, so he didn’t plan to engage the Blood Ancestor directly.

He planned to utilize Lu Chen’s Chaos Spirit Ruins Sealing Heaven Array to see if it could seal the Blood Ancestor. If successful, he wouldn’t need to make a move.

Lu Chen responded, “Leader, rest assured. As long as the Blood Ancestor dares to appear, I will immediately set up the Chaos Spirit Ruins Sealing Heaven Array.”

Upon hearing Lu Chen’s assurance, the Hidden Moon Sect Leader glanced at the other Immortal Venerates and then said, “Regardless of what those forces in the

Southern Domain are plotting or what traps they have set up, we must press on with the attack and strive to annihilate the forces of the Southern Domain within a century.”

The Hidden Moon Sect Leader was somewhat impatient. As the Barbaric lands expanded, the Hidden Moon Sect’s Qi Fortune surged, and his Realm continued to advance. He had a premonition that once he destroyed the entire Southern Domain and controlled its Qi Fortune, he could directly break through to the Immortal Emperor Realm, possibly without even needing the Emperor Formation Method.

As for the traps set by the forces of the Southern Domain within the Cangxuan Immortal Dynasty, he was not very concerned. They had merely set up some Killing Arrays, but with so many Immortal Venerates from the Barbaric lands, it would be a simple task to send a few people to inspect and discover these arrays.

These tactics had been employed by the Southern Domain forces during the Barbaric invasion, and the Barbaric forces had accumulated significant experience in breaking these Killing Arrays.

...

Cangxuan Immortal Dynasty.

Imperial City.

Jinxiu Immortal Venerable and several other Immortal Venerates appeared above the Imperial City. At this moment, Purple Phoenix Immortal Venerable curiously asked, “Why did the Jinxiu Sect Master distribute the Immortal Venerates across the Immortal Cities?”

Jinxiu Immortal Venerable had said he wanted to set up Killing Arrays. Initially, they thought he had obtained a Teleportation Array capable of transporting the entire Immortal Sect, similar to the Heavenly Splendor Hall being teleported to the Southern Domain. However, it turned out they had actually been setting up Killing Arrays for ten years.

This caused some Immortal Venerates to wonder if they had misunderstood Jinxiu Immortal Venerable, and whether he was truly aligning with the Blood Ancestor.

Jinxiu Immortal Venerable not only led them to set up numerous Killing Arrays but also distributed Immortal Venerates from various Southern Domain forces across the Immortal Cities of the Cangxuan Immortal Dynasty, instructing them to be ready to activate the Killing Arrays when needed.

Upon hearing Purple Phoenix Immortal Venerable’s words, Jinxiu Immortal Venerable replied, “Purple Phoenix Sect Master, didn’t I say that someone would come to activate the Killing Arrays, and it would require the cooperation of the Immortal Venerates?”

Hearing yet another similar response from Jinxiu Immortal Venerable, the Immortal Venerates behind him looked at him with peculiar expressions. Having followed Jinxiu Immortal Venerable in setting up the Killing Arrays for so many years, they were certain they were indeed Killing Arrays, and not any Teleportation Arrays.

They themselves could activate the Killing Arrays, without needing outsiders to do it.

Could it be that they had truly misunderstood?

As everyone was pondering this, the figure of an Immortal King suddenly appeared in the sky, dressed in white with golden hems, surrounded by a rainbow-colored Immortal Aura.

Cangxuan Immortal Venerable initially thought this was an Immortal King from his own dynasty, and he instinctively asked, “What’s the matter?”

This Immortal King didn’t respond to his question, but instead looked at Jinxiu Immortal Venerable. Jinxiu Immortal Venerable hurriedly saluted the Immortal King, addressing him, “Your Majesty, everything is ready!”

Seeing Jinxiu Immortal Venerable bow to an Immortal King and address him as ‘Your Majesty’, the Immortal Venerates present were stunned.

What was going on???

Before they could react, Lu Chen raised his hand, and the Array Patterns of the Spirit Realm Crossing Array appeared above the Imperial City of the Cangxuan Immortal Dynasty.

Feeling the spatial distortion around the Formation, the Immortal Venerates behind Jinxiu Immortal Venerable awoke as if from a dream, realizing that this Immortal King was the person Jinxiu Immortal Venerable had mentioned to activate the array.

However, this person didn't activate their Killing Arrays, yet all the Immortal Crystals meant for activating the Killing Arrays were used to power the Teleportation Array constructed by this individual.

With the dissipation of a large amount of Immortal Crystals, a gigantic black hole appeared above the Imperial City of the Cangxuan Immortal Dynasty, and in the next moment, the entire Imperial City vanished, leaving only a massive pit behind.

At the same time, similar occurrences happened in every Immortal City of the Cangxuan Immortal Dynasty, and in less than fifteen minutes, every Immortal City vanished, along with the Southern Domain forces gathered in each city.

Blood Eagle Hall.

In a Small World, the Blood Ancestor suddenly opened his eyes wide, staring in disbelief in the direction of the Cangxuan Immortal Dynasty, unable to comprehend his perception.

Just moments ago, he discovered that all the auras of the Immortal Venerates in the Cangxuan Immortal Dynasty had disappeared. It happened swiftly, with those Immortal Venerates vanishing almost simultaneously.

Simultaneously, the Qi Fortune of the Southern Domain plummeted to its lowest point.

The Blood Ancestor immediately initiated a Divine Thought scan over the Cangxuan Immortal Dynasty, discovering that all the Immortal Cities had disappeared. Moreover, the warships of various Southern Domain forces were also nowhere to be seen.

Upon sensing the massive pits in the Cangxuan Immortal Dynasty, the Blood Ancestor was furious; even a fool could comprehend the situation now.

“Bastards!!!”

The Blood Ancestor's furious roar, accompanied by Emperor's Mighty, instantly swept across the entire Southern Domain.

The Blood Ancestor recalled how the Heavenly Splendor Hall had vanished suddenly before, and later inquiries by Blood Eagle Hall revealed the Heavenly Splendor Hall had appeared in the Eastern Domain.

Clearly, someone used a higher-class Teleportation Array to transport these people directly to other Realms.

As for who did it, there was no need to think; besides Lu Chen, who else could possess such a Teleportation Array?

What a joke of a battle to the death; it was clearly a scheme to gather these people together and transport them all away at once.

The ants of the Southern Domain had managed to deceive him right under his nose without him realizing it.

No wonder it seemed strange from the beginning; these people had suddenly become so proactive, only to have been plotting to escape the Southern Domain all along.

Having children earns benefit, start competing for dominance in the world by marrying a wife

On the Floating Island, the Hidden Moon Sect Leader stood atop a cliff, gazing solemnly in the direction of the Cangxuan Immortal Dynasty.

At this moment, a group of Barbaric Immortal Venerates arrived behind him, and the Hidden Moon Sect Leader said, "You must have felt it too."

The sudden disappearance of the Southern Domain Immortal Venerates is quite abnormal, and more importantly, they vaguely sensed that the Qi Fortune of the Southern Domain had plummeted to its lowest point.

Dragon Soaring Immortal Venerable said, "Something's not right. How could the Southern Domain Immortal Venerates just vanish? Could they have hidden in some Small World, waiting for us to attack the Cangxuan Immortal Dynasty, and then activate a pre-set Killing Array against us?"

If they hid in a relatively complete rules-based Small World, the outside world indeed wouldn't be able to detect their presence. The Hidden Moon Sect Leader, after all, hid in a relatively complete Small World when refining the Divine Corpse.

After Dragon Soaring Immortal Venerable finished speaking, another Immortal Venerate said, "What would be the point of doing that? Since we already know they've gathered in the Cangxuan Immortal Dynasty, we would naturally be vigilant upon entering, making it hard for them to ambush us."

"Moreover, even if they tried to ambush us, we would immediately detect where their hiding Small World is."

The Immortal Venerates also felt that the Southern Domain wouldn't act this way; ambushing an Immortal Venerate isn't easy at all, especially since they know the Southern Domain Immortal Venerates have gathered in the Cangxuan Immortal Dynasty. Once they attack the Cangxuan Immortal Dynasty, they'll surely search for their hiding Small World.

Even if they managed to succeed in an ambush once, their Small World would be exposed.

Besides, if they hid inside the Small World, the power of the Killing Array they set up outside would be greatly diminished, allowing the Barbaric forces to conquer the Cangxuan Immortal Dynasty more quickly, which would be detrimental to the Southern Domain.

Usually, Killing Arrays require someone to activate them to unleash their full power. The war between the Barbaric and Southern Domain has lasted so long precisely because the Southern Domain set up numerous Formations for defense.

These Formations in the hands of Immortal Venerates can be even more potent, but if the Immortal Venerates decided to hide, the Formations set up in the Cangxuan Immortal Dynasty wouldn't serve a purpose.

At this point, everyone started discussing and debating hotly.

Originally, they planned to launch a full-scale attack, but now with the disappearance of the Cangxuan Immortal Dynasty's Immortal Venerates' aura, they didn't dare make any moves.

No one knew what conspiracy or tricks the Southern Domain forces might have, and this might all be manipulated from behind by the Blood Ancestor.

After pondering for a long time, the Hidden Moon Sect Leader told the Immortal Venerates behind him, "Do not attack for now; first, send someone to investigate the situation in the Cangxuan Immortal Dynasty and find out why these Immortal Venerates disappeared before moving forward."

...

Eastern Domain.

Tianxi Palace.

Xiyue Immortal Emperor was lying on a soft couch, being fed by Lu Chen. She gently parted her red lips to bite the grape from Lu Chen's hand, and at that moment, she suddenly felt the Qi Fortune in the Eastern Domain surging.

For a moment, Xiyue Immortal Emperor was stunned. What was going on?

She hadn't done anything in recent years that could significantly boost the Qi Fortune, so why did the Qi Fortune in the Eastern Domain suddenly soar?

The next instant, Xiyue Immortal Emperor's Emperor's Mighty unintentionally released, and streams of immortal power surged from her body.

Xiyue Immortal Emperor couldn't believe she sensed her Realm; she had unexpectedly broken through directly to the Immortal Emperor Second Heaven!!!

Her realm had been held back for years due to the child in her womb; she always thought she'd have to wait until after giving birth to break through, but she unexpectedly broke through so soon.

After retracting her aura, Xiyue Immortal Emperor immediately released her Divine Thought to probe the entire Eastern Domain, wanting to figure out what exactly was going on.

She barely released her Divine Thought when she sensed that dozens of Immortal Venerates had suddenly appeared in the Eastern Domain.

This...

Xiyue Immortal Emperor instantly recognized the origin of these Immortal Venerates; weren't they the Southern Domain's Immortal Venerates?

Why did the Southern Domain's Immortal Venerates all run to the Eastern Domain? As soon as the question popped up in her mind, she quickly figured out what was going on.

The only one capable of directly transporting so many Immortal Sect forces to the Eastern Domain must be Lu Chen.

Xiyue Immortal Emperor immediately turned to look at Lu Chen at her side, speaking in a soft, faint tone, "You've delivered quite the gift to this emperor."

Lu Chen smiled and asked, "How about it, do you like this gift?"

Xiyue Immortal Emperor inquired puzzlingly, "Did the Blood Ancestor allow them to leave? Did he not try to stop you?"

Lu Chen replied, "The Blood Ancestor hadn't had time to act before they were teleported away."

Xiyue Immortal Emperor chuckled softly, "The Blood Ancestor is probably furious right now, wanting to take action against you."

Except for Blood Eagle Hall, Lu Chen had almost transported the rest of the Southern Domain forces to the Eastern Domain, and now without those forces, the Blood Ancestor would have to confront the Barbaric army directly.

With just the meager number of Blood Eagle Hall, if the Blood Ancestor doesn't intervene, Blood Eagle Hall will surely be defeated, and the Southern Domain will inevitably be occupied by the Barbaric.

The war between the Barbaric and the Southern Domain is nearing its end.

Xiyue Immortal Emperor thought to herself that if the Southern Domain conflict ends and the Barbaric gifts one-tenth of the Southern Domain's Qi Fortune to the Eastern Domain, then she might break through again.

This way, she'd no longer worry about not being a match for the Demon Emperor.

Thinking of this put Xiyue Immortal Emperor in a good mood, making even the sight of Lu Chen seem much more pleasing.

At the same time, the Southern Domain factions were bewildered after being transported to the Eastern Domain.

Upon sensing the faint Emperor's Might released by Xiyue Immortal Emperor earlier, the Immortal Venerates from the Cangxuan Immortal Dynasty's Imperial City quickly realized they were now in the Eastern Domain.

The gaze of Purple Phoenix Immortal Venerable and others quickly focused on Lu Chen, while Jinxiu Immortal Venerable didn't hold back any longer, and directly said, "Let me introduce you, this is the Immortal Emperor of the Great Qin Immortal Dynasty."

Upon hearing this, Purple Phoenix Immortal Venerable and others were stunned.

The Immortal Emperor of the Great Qin Immortal Dynasty?

Isn't that Lu Chen?

Lu Chen actually possesses such a high-level Transmission Array!

Lu Chen said, "Since I've saved you all, I believe you know what to do."

This...

Upon hearing this, Purple Phoenix Immortal Venerable and others exchanged glances; they originally thought Jinxiu Immortal Venerable was backed by some powerful entity, possibly having Immortal Emperor strength, or maybe even being Xiyue Immortal Emperor herself.

But it turned out to be Lu Chen...

While the Immortal Venerates present were in a daze, other Immortal Venerates from the Cangxuan Immortal Dynasty's Immortal Cities began arriving at the Imperial City. They had previously seen Lu Chen using the Transmission Array, but Lu Chen's Clone brought them all to the Cangxuan Immortal Dynasty's Imperial City.

With all the leaders from the Southern Domain forces gathered, Lu Chen continued, "Ladies and gentlemen, from today on, you are now affiliated forces of the Great Qin Immortal Dynasty."

"I trust you won't refuse."

Upon hearing Lu Chen's words, a hint of displeasure appeared on the leaders' faces.

Affiliated forces of the Great Qin Immortal Dynasty?

They've come to the Eastern Domain, yet still are to be subordinate to another force? If they were to be subordinate, it would be to Tianxi Palace.

It's known that Tianxi Palace is the only Overlord-level force in the Eastern Domain, and Tianxi Palace has an Immortal Emperor; how could they possibly serve an Immortal Dynasty where the Immortal Emperor only has the cultivation of an Immortal King!

Noticing the reluctance in the leaders' expressions, Jinxiu Immortal Venerable prompted, "Don't forget who rescued you."

Capítulo 2093: Chapter 1783: What's Mine Is Yours, and What's Yours Is Mine

At this moment, the Purple Phoenix Immortal Venerable bowed to Lu Chen and said, “Thank you, Immortal Emperor Qin, for teleporting us to the Southern Domain. If you ever need anything in the future, feel free to instruct us, and our Purple Phoenix Immortal Sect will spare no effort. However...”

The Purple Phoenix Immortal Venerable hesitated.

The Eastern Domain is Xiyue Immortal Emperor's territory. They ended up in the Eastern Domain and didn't join Tianxi Palace or swear allegiance to Xiyue Immortal Emperor. Instead, they became an affiliated force of the Daqin Immortal Dynasty. What difference does that make from seeking death?

Lu Chen said, “If the Purple Phoenix Sect Master has any concerns, you can speak them directly.”

The Purple Phoenix Immortal Venerable immediately said, “After all, the Eastern Domain is Xiyue Immortal Emperor’s territory. Becoming an affiliated force of the Daqin Immortal Dynasty seems somewhat inappropriate...”

Lu Chen said lightly, “You don’t have to worry about that. She won’t mind. After the Heavenly Splendor Hall came to the Eastern Domain, they also chose to become an affiliated force of the Daqin Immortal Dynasty.”

This...

All the Immortal Venerates looked astonished.

The Heavenly Splendor Hall, once the overlord of the Southern Domain, has now become an affiliate of the Daqin Immortal Dynasty, an entity whose Immortal Emperor is only at the Immortal King Realm?

How is that possible?

Is the Heavenly Splendor Hall content?

Moreover, the Heavenly Splendor Hall is an overlord-level force. Would Xiyue Immortal Emperor really allow an overlord-level influence from another realm to come to her territory and rely on another influence?

Lu Chen continued, “Even if you are an affiliated force of the Daqin Immortal Dynasty, you still need to follow Xiyue Immortal Emperor’s orders.”

“Did you all understand what I said?”

Everyone suddenly realized that the Daqin Immortal Dynasty is nothing but a subordinate force of Tianxi Palace.

But they could directly rely on Tianxi Palace to gain more Qi Fortune and cultivation resources. Why choose to rely on a low-level Immortal Dynasty?

Just as the Purple Phoenix Immortal Venerable was about to say something further, Lu Chen said calmly, “I can give you six months to consider carefully. After six months, come and tell me your decision.”

With this said, Lu Chen turned to leave, but at this moment, he suddenly stopped and said without looking back, “Oh, by the way, I can bring you to the Eastern Domain, and I can also send you back to the Southern Domain.”

With these words falling, Lu Chen directly left the Imperial City of the Cangxuan Immortal Dynasty.

After Lu Chen's figure disappeared, the faces of the Immortal Venerates present revealed a heavy expression.

One Immortal Venerate said angrily, "What does Lu Chen mean by this? Is this a threat?"

Upon hearing this, more Immortal Venerates began to voice their dissatisfaction.

"Even if he saved us, he's just an Immortal King now, yet he wants so many forces to submit to him. It's utterly delusional."

"Exactly, the Eastern Domain isn't his territory. If we're to rely on anyone, it should be Tianxi Palace. How could we possibly rely on such a low-level Immortal Dynasty?"

"Does he really think he has the face to ask us to become an affiliated force of his low-level Immortal Dynasty?"

Upon hearing these discussions, Jinxiu Immortal Venerable sneered and then cautioned, "Ladies and gentlemen, haven't you considered why the Heavenly Splendor Hall, once the overlord of the Southern Domain, would willingly become an affiliated force of the Daqin Immortal Dynasty?"

This...

Upon hearing Jinxiu Immortal Venerable's words, the Immortal Venerates fell silent.

Indeed, the Immortal Venerates of the Heavenly Splendor Hall are not fools.

They are indeed the overlords of a realm. Even though they came to the Eastern Domain, their foundation remains, and their overall strength surpasses that of ordinary forces, yet they willingly became an affiliated force of a low-level Immortal Dynasty.

There has to be a reason behind it.

Though the Immortal Venerates pondered, they couldn't immediately understand why the Heavenly Splendor Hall would choose to rely on the Daqin Immortal Dynasty.

Nevertheless, they thought to themselves, as they've come to the Eastern Domain, they might as well visit the Heavenly Splendor Hall and inquire for themselves.

...

Tianxi Palace.

Xiyue Immortal Emperor's red eyes coldly watched Lu Chen.

Lu Chen smiled and asked, "Why are you looking at me like that all of a sudden? Is there something on my face?"

Xiyue Immortal Emperor said coldly, "Even though the Heavenly Splendor Hall joined the Daqin Immortal Dynasty, I didn't hold you accountable. Yet, you still have your sights set on bringing these Southern Domain forces under your Daqin Immortal Dynasty. Don't you think you're going a bit too far?"

The Eastern Domain is her territory, and she can instantly sense everything that happens there. Lu Chen's little moves could never evade her perception, and she knew of the Heavenly Splendor Hall joining the Daqin Immortal Dynasty, but she had never dealt with it since Lu Chen was her fated person, bound together with her, and as such, she didn't care about his antics.

Still, this rascal took advantage of her kindness. So many forces and Immortal Venerates came from the Southern Domain this time, and Lu Chen wants them all to join the Daqin Immortal Dynasty.

What's he up to, rebellion or something?

Upon hearing Xiyue Immortal Emperor's words, Lu Chen's lips curled slightly upward, and he quickly approached, hugging her soft body and whispering in her ear, "You told me to quickly improve my strength, didn't you? If they join the Daqin Immortal Dynasty, it will increase the dynasty's Qi Fortune, and my strength could enhance rapidly."

Upon hearing this, Xiyue Immortal Emperor paused, and although it made sense, she still felt a bit uneasy inside.

Lu Chen continued to whisper alluringly in her ear, "You and I are a couple; mine is yours and yours is mine. Why divide so meticulously?"

Upon hearing these words, Xiyue Immortal Emperor scoffed coldly, "You have quite a high opinion of yourself."

"A mere male concubine, daring to covet my possessions. Mine is mine, and yours is also mine."

Lu Chen didn't refute but instead agreed with her words, saying, "You're right, mine is yours, and so is my very being. Given this, what is there to worry about?"

Xiyue Immortal Emperor paused briefly, realizing she had fallen for Lu Chen's tricks. She glared at him coldly and stopped fretting over it.

Truth be told, she didn't really mind, but she felt annoyed that this rascal often acted unilaterally and didn't consult with her.

As the ruler of the Eastern Domain, she sheltered these Southern Domain folks, only for them to turn around and join the Daqin Immortal Dynasty. Although their joining the dynasty increased the Qi Fortune of the Eastern Domain, considering they were nominally Eastern Domain forces, Lu Chen's Daqin Immortal Dynasty would siphon off a significant portion of the Qi Fortune.

Wasn't Lu Chen essentially borrowing a chicken to lay eggs? Most importantly, Lu Chen did this without her consent, showing no regard for her position as an Immortal Emperor.

This rascal was becoming more audacious. Did he think that because she bore his child, he could do whatever he pleased?

...

Heavenly Splendor Hall.

In a pavilion, Taihua Immortal Venerable sat cross-legged, feeling his power. He felt slightly delighted at having chosen to come to the Eastern Domain in time, or else the Heavenly Splendor Hall might be doomed under the double siege of the Barbaric Realm and the Southern Domain.

Though the Qi Fortune of the Heavenly Splendor Hall had declined significantly, because they joined the Daqin Immortal Dynasty, their Qi Fortune was steadily rising. As the Hall Master of the Heavenly Splendor Hall, his cultivation state also continuously improved.

Taihua Immortal Venerable was grateful for his past decision. Just then, an Immortal King hurriedly approached the pavilion, “Hall Master, many leaders from the Southern Domain forces have suddenly appeared outside the mountain gate!”

Having children earns benefit, start competing for dominance in the world by marrying a wife

Upon hearing the Immortal King’s words, Taihua Immortal Venerable paused for a moment, quickly released his divine sense, and examined the situation outside, discovering that indeed, there were quite a few Southern Domain Immortal Venerates present.

What’s going on?

Why have so many Immortal Venerates from the Southern Domain suddenly arrived?

Could it be that these Immortal Venerates from the Southern Domain have also received the protection of the Xiyue Immortal Emperor?

Taihua Immortal Venerable immediately stood up and flew directly into the sky, asking, "May I ask why you all have come to Heavenly Splendor Hall?"

Upon arriving at Heavenly Splendor Hall, Purple Phoenix Immortal Venerable and others glanced around, realizing upon perceiving the scarcity of disciples and decline in the presence of Immortal Venerates that the hall seemed to have been split apart.

Purple Phoenix Immortal Venerable gathered his thoughts, waved his hand to set up an Isolation Array, then bowed to Taihua Immortal Venerable and said, "Hall Master Taihua, it's been a while!"

Seeing Purple Phoenix Immortal Venerable smiling, with a hint of flattery in that smile, Taihua Immortal Venerable frowned slightly, sensing that these people harbored ill intentions.

However, this was the Eastern Domain, with the Xiyue Immortal Emperor present, so these Southern Domain Immortal Venerates wouldn't dare to make any moves.

Taihua Immortal Venerable said calmly, "Speak, what brings you to Heavenly Splendor Hall?"

Purple Phoenix Immortal Venerable smiled and said, "We heard you joined the Great Qin Immortal Dynasty, so we've come to inquire about some matters regarding the Great Qin Immortal Dynasty."

Upon hearing Purple Phoenix mention the Great Qin Immortal Dynasty, Taihua Immortal Venerable immediately understood what was going on.

The fact that these Southern Domain people could slip into the Eastern Domain right under the Blood Ancestor's watchful eye surely meant Lu Chen had helped them. Since Lu Chen helped them, they were naturally expected to provide some benefits or pay some price in return.

Perhaps Lu Chen intended for them to become a subsidiary power to the Great Qin Immortal Dynasty, similar to Heavenly Splendor Hall. While they didn't want to, they were curious as to why a powerhouse like Heavenly Splendor Hall would choose the Great Qin Immortal Dynasty, so they came seeking information.

This left Taihua Immortal Venerable hesitant, unsure whether to disclose the relationship between Lu Chen and the Xiyue Immortal Emperor.

He still longed for a good relationship with the Imperial Son once born. If these people learned of the Imperial Son's existence, they would surely try to cozy up to him, rendering Heavenly Splendor Hall insignificant.

Nonetheless, Taihua Immortal Venerable was wise enough to realize that getting these Southern Domain forces to join the Great Qin Immortal Dynasty was indeed Lu Chen's intention. If he withheld information, causing them not to join in the end, Lu Chen might hold a grudge.

Before the Imperial Son is born, Lu Chen is Heavenly Splendor Hall's main support in the Eastern Domain, so offending Lu Chen was out of the question.

With this in mind, Taihua Immortal Venerable smiled slightly and then responded, "Please, feel free to ask anything; I will answer whatever I know."

An Immortal Venerate immediately asked, "Heavenly Splendor Hall was once an overlord-level power in the Southern Domain. Why join a low-level Immortal Dynasty? Is there something special about the Great Qin Immortal Dynasty?"

Taihua Immortal Venerable frowned, realizing that these guys were quite direct, starting with such a question.

Taihua Immortal Venerable directly answered, "Because His Majesty is the Dao partner of the Xiyue Immortal Emperor."

Upon hearing Taihua Immortal Venerable's answer, all the Immortal Venerates present were dumbfounded.

Lu Chen is the Dao partner of the Xiyue Immortal Emperor?

Really?

What makes him worthy of being a Dao partner to an Immortal Emperor?

Why would the Xiyue Immortal Emperor choose an Immortal King as a Dao partner?

Though Lu Chen does possess some abilities, they shouldn't be enough to attract an Immortal Emperor's attention; what he has is insignificant to an Immortal Emperor.

Purple Phoenix Immortal Venerable then snapped back to reality and tentatively asked, "Are you sure it's a Dao partner and not a consort?"

Taihua Immortal Venerable snorted, and his aura suddenly surged, "If you don't believe it, fine, but don't insult His Majesty in front of me."

Since Heavenly Splendor Hall is now part of the Great Qin Immortal Dynasty, Taihua Immortal Venerable naturally wanted to uphold Lu Chen's reputation.

Purple Phoenix Immortal Venerable promptly said, "Please don't be angry, Hall Master Taihua, I just find it a bit hard to fathom. His current cultivation state seems to be just at the Immortal King Realm. What does she see in him?"

Taihua Immortal Venerable replied blandly, "You're asking me, but who can I ask? Why don't you go ask the Xiyue Immortal Emperor directly?"

Purple Phoenix Immortal Venerable was immediately choked by this statement from Taihua Immortal Venerable, left speechless. They had just arrived in the Eastern Domain and certainly wouldn't dare to ask the Xiyue Immortal Emperor such a question.

Taihua Immortal Venerable continued, "Well, if there are no other questions, please return. You just arrived in the Eastern Domain and still have much to do."

After all, this is the territory of the Xiyue Immortal Emperor, and these folks from the Southern Domain certainly need to go to Tianxi Palace to show their allegiance.

Purple Phoenix Immortal Venerable said, "Thank you for the reminder, Hall Master Taihua."

As soon as Purple Phoenix Immortal Venerable finished speaking, Taihua Immortal Venerable's figure vanished in an instant.

After Taihua Immortal Venerable left, the remaining Immortal Venerates exchanged glances, their eyes filled with astonishment and a bit of confusion.

How did Lu Chen catch the eye of the Xiyue Immortal Emperor and become her Dao partner?

One Immortal Venerate asked, "Do you all think this is true?"

Another Immortal Venerate said, "Could it be that the Great Qin Immortal Dynasty and Taihua Immortal Venerable are deceiving us?"

Given that Heavenly Splendor Hall is now under the Great Qin Immortal Dynasty, it naturally stands on their side. Perhaps Lu Chen had already informed them, which is why Taihua Immortal Venerable would say so.

At this point, Purple Phoenix Immortal Venerable remarked, "Do you think Lu Chen would have the audacity to impersonate the Dao partner of the Xiyue Immortal Emperor on her own turf?"

This...

The crowd thought for a moment, realizing that Purple Phoenix Immortal Venerable might be right. This is, after all, the Eastern Domain, and should Lu Chen dare to impersonate the Dao partner of the Xiyue Immortal Emperor, she would surely exact severe punishment.

After all, an Immortal Emperor's dignity cannot be insulted.

Since Taihua Immortal Venerable dared to say so, it suggests there's a good chance this is true, and perhaps Lu Chen really is the Dao partner of the Xiyue Immortal Emperor.

Although they couldn't fathom how Lu Chen managed to secure such a position.

Given this, they needed to seriously consider becoming a subsidiary power to the Great Qin Immortal Dynasty.

At this moment, an Immortal Venerate said, "Even if Lu Chen is the Dao partner of the Xiyue Immortal Emperor, so what? Not to mention Lu Chen's relatively weak strength, even if he caught her eye, how long can he remain favored?"

Dao partners are not inseparable; just because the Xiyue Immortal Emperor fancies Lu Chen now doesn't mean she will always keep him as her Dao partner.

If Lu Chen were to ever fall out of favor, the Xiyue Immortal Emperor would surely purge Lu Chen's influence in the Eastern Domain, starting with them as the first wave.

Purple Phoenix Immortal Venerable realized something and subsequently said, "What we are concerned about is something the Heavenly Splendor Hall must have considered, yet they still chose to become a subsidiary power to the Great Qin Immortal Dynasty. There must be reasons we're unaware of."

Having children earns benefit, start competing for dominance in the world by marrying a wife

Hearing what Purple Phoenix Immortal Venerable said, all the Immortal Venerables immediately understood.

Indeed, those who could become Immortal Venerables are beings who have lived for countless billions of years, each one extremely shrewd. How could they not consider that Lu Chen might fall out of favor one day?

Unless...

Unless Taihua Immortal Venerable knew that even if Lu Chen fell out of favor, Xiyue Immortal Emperor would not purge Lu Chen's forces in the Eastern Domain. Only in this way would Taihua Immortal Venerable consider becoming a subordinate force of the Daqin Immortal Dynasty.

But then again, why is Taihua Immortal Venerable so sure that even if Lu Chen falls out of favor, Xiyue Immortal Emperor will not purge Lu Chen's forces?

No matter how deep the feelings, time can always dilute them. Things like a couple turning into enemies are too common in the Tianyan Immortal Domain.

Especially for beings at the Immortal Venerable level, it's rare for a couple to persist to the Immortal Venerable level. Beings at the Immortal Venerable level almost always have conflicts with their companions and have had countless partners in their lives.

Moreover, Xiyue Immortal Emperor is an Immortal Emperor, with an even longer lifespan. With such a long lifespan, how could she remain single-mindedly devoted to Lu Chen forever? Sooner or later, she would grow tired of it.

At this moment, a bold guess suddenly formed in Purple Phoenix Immortal Venerable's mind, but even he found the thought somewhat absurd.

Then, Purple Phoenix Immortal Venerable directly said to everyone, "Do you think it could be because that lady is pregnant?"

Hearing Purple Phoenix Immortal Venerable's speculation, the Immortal Venerables were stunned in mid-air.

Pregnant?

Xiyue Immortal Emperor is an Immortal Emperor. It's already very difficult for Immortal Venerables to have offspring, let alone an Immortal Emperor. Even in ancient histories, there are very few records of Immortal Emperors having children.

Most offspring of Immortal Emperors are conceived before they break through to becoming Immortal Emperors.

Lu Chen is just at the Immortal King cultivation state. How could he have impregnated Xiyue Immortal Emperor?

Purple Phoenix Immortal Venerable continued, "This is just my speculation. Only if they have a child would Taihua Immortal Venerable consider siding with the Daqin Immortal Dynasty."

"Taihua Immortal Venerable is not a fool. The feelings between a couple are the most unreliable. Only if they share a bloodline would the relationship, even after it breaks, not lead to a complete purge of the forces left behind by that lady."

"In other words, Taihua Immortal Venerable is not siding with the Daqin Immortal Dynasty, but with the child between them."

"As long as the Heavenly Splendor Hall firmly supports their child, that lady cannot possibly purge them."

Hearing Purple Phoenix Immortal Venerable's words, everyone was deep in thought. They felt there was some truth to it, but what concerned them was how an Immortal Emperor could be pregnant with Lu Chen's child?

Indeed, Purple Phoenix Immortal Venerable's speculation was quite audacious.

Purple Phoenix Immortal Venerable went on, "Anyway, Lu Chen has given us some time. Let's pay a visit to Tianxi Palace and see her attitude to know for sure."

"Now that we are in the Eastern Domain, Lu Chen has surely informed her of our joining the Daqin Immortal Dynasty. If she doesn't express clear opposition, there's no reason for us not to join."

Upon listening to Purple Phoenix Immortal Venerable, all the Immortal Venerables immediately proceeded to Tianxi Palace.

...

Tianxi Palace.

Lazily lying on a soft couch, Xiyue Immortal Emperor sensed that the power leaders of the Southern Domain were approaching Tianxi Palace, and she guessed what these people came for.

On one hand, to pledge loyalty, and on the other, to test her attitude, to see if she would permit them to join the Daqin Immortal Dynasty.

Reflecting, Xiyue Immortal Emperor thought that the news of her being pregnant with Lu Chen's child had probably been guessed by many, and besides, Lu Chen that rascal had bragged about it everywhere. When the Heavenly Splendor Hall joined the Daqin Immortal Dynasty, Lu Chen had already informed them.

Thinking of this, Xiyue Immortal Emperor felt a bit annoyed. Lu Chen that rascal was just using her name to intimidate others.

Soon, the leaders of the various forces from the Southern Domain arrived at Tianxi Palace.

Xiyue Immortal Emperor didn't meet them with her main body; she directly sent down a Divine Thought Avatar to the Meeting Hall of Tianxi Palace.

In the Meeting Hall, sensing the terrifying presence of Xiyue Immortal Emperor's avatar, the power leaders from the Southern Domain knelt down, "We pay our respects to the Immortal Emperor!"

Xiyue Immortal Emperor glanced around at the Immortal Venerables present and then said, "Since you've come to the Eastern Domain, you must abide by the rules of the Eastern Domain from now on."

Hearing Xiyue Immortal Emperor's cold words, everyone felt a chill down their spine. Why did it feel like Xiyue Immortal Emperor had a deeper meaning hidden in her words?

Or was she merely trying to warn them?

Xiyue Immortal Emperor went on, "Lu Chen is this Emperor's companion. If you wish to join his Daqin Immortal Dynasty, this Emperor will not stop you."

"But I hope you clearly understand who your real master is now that you are in the Eastern Domain."

Seeing Xiyue Immortal Emperor speak so directly, the Immortal Venerables quickly said, "We will remember the Immortal Emperor's teachings!"

Xiyue Immortal Emperor said lightly, "Alright, you all can leave now."

As she spoke, Xiyue Immortal Emperor waved her sleeve, and the Immortal Venerables found themselves in darkness.

When their vision cleared again, they were back in the Imperial City of the Cangxuan Immortal Dynasty.

The Immortal Venerables looked at each other, and one of them said, "Since that lady has spoken, does this mean we can join the Daqin Immortal Dynasty?"

Purple Phoenix Immortal Venerable fell into contemplation, still a bit hesitant in his heart. Even though Xiyue Immortal Emperor admitted she was Lu Chen's companion, they hadn't confirmed whether Xiyue Immortal Emperor was pregnant with Lu Chen's child.

However, since Xiyue Immortal Emperor allowed them to join the Daqin Immortal Dynasty, even if Lu Chen and Xiyue Immortal Emperor's relationship breaks in the future, as long as they side with Xiyue Immortal Emperor quickly and sever ties with Lu Chen, she likely wouldn't purge them.

After much thought, Purple Phoenix Immortal Venerable finally decided to take the gamble, trusting not his own judgment, but believing that Taihua Immortal Venerable wouldn't be foolish.

Besides, Lu Chen brought them to the Eastern Domain, and they had significant karma to repay.

Thinking of this, Purple Phoenix Immortal Venerable said, "I have decided to join the Daqin Immortal Dynasty."

Hearing Purple Phoenix Immortal Venerable's declaration, the Immortal Venerables fell silent, all eyes focused on him.

Cangxuan Immortal Venerable asked, "Is that true? Are you certain?"

Purple Phoenix Immortal Venerable replied, "I'm not trusting my judgement, I'm trusting in the choice of the Heavenly Splendor Hall, the former dominant force of the Southern Domain."

After contemplating, the others also began to speak.

"Purple Phoenix Immortal Venerable is right. Since even the Heavenly Splendor Hall sided with the Daqin Immortal Dynasty, there must be something special about it."

"I also intend to join the Daqin Immortal Dynasty."

"Since that lady has agreed, I am willing to join the Daqin Immortal Dynasty too."

...

Half a year later, the news of various forces in the Southern Domain choosing to join the Daqin Immortal Dynasty spread throughout the Eastern Domain. Even

though the Heavenly Splendor Hall's initial joining of the Daqin Immortal Dynasty was done quietly, it still attracted the attention of forces from across the Eastern Domain.

Now, the forces from the Southern Domain migrated to the Eastern Domain but chose not to pledge allegiance to Tianxi Palace or Xiyue Immortal Emperor, instead joining Lu Chen's Daqin Immortal Dynasty.

Most significantly, Xiyue Immortal Emperor did not intervene, leading to various speculations among the forces in the Eastern Domain.

Capítulo 2096: Chapter 1786: The Doomsday of Blood Eagle Hall

The fact that the various powers of the Southern Domain have aligned themselves with the Eastern Domain and chosen to become subsidiary forces of the Great Qin Immortal Dynasty is truly shocking. It wasn't long before this news spread throughout the Eastern Domain and to other realms, naturally reaching the ears of those powers in the Barbaric regions.

In the Meeting Hall on the Floating Island, the Hidden Moon Sect Leader frowned at the intelligence before him.

At this moment, the hall was filled with many Immortal Venerates, but Lu Chen did not attend this meeting.

In past discussions concerning the Barbaric regions, Lu Chen always participated.

This time, not only did Lu Chen not attend, but Yun Yudie was also absent.

The reason they didn't participate in this meeting was simply that the Hidden Moon Sect Leader never informed them, hence their absence.

The Hidden Moon Sect Leader projected the information on the intelligence into the air of the hall for all present Immortal Venerates to see.

Seeing the contents of the intelligence, the leaders of the Barbaric powers were dumbfounded.

The various forces of the Southern Domain have defected to the Eastern Domain and even become subsidiary forces of the Great Qin Immortal Dynasty?

Surely they must be seeing things?

The defection of the Southern Domain forces to the Eastern Domain wasn't surprising to them, but for so many to choose to become part of a low-level Immortal Dynasty like the Great Qin Immortal Dynasty was quite unfathomable.

Moreover, the Great Qin Immortal Dynasty is essentially an Immortal Dynasty of the Barbaric regions. These groups ran to the Eastern Domain, yet joined a Barbaric power, and on someone else's turf, no less.

At this point, an Immortal Venerate remarked, "No wonder we couldn't find any traces of those Southern Domain forces; they had escaped to the Eastern Domain!"

Another Immortal Venerate said, "It seems that the Southern Domain forces not only deceived us but also Blood Ancestor. How they got transported to the Eastern Domain remains a mystery."

Dragon Soaring Immortal Venerable remarked, "Ladies and gentlemen, is your focus perhaps misdirected? Shouldn't we be more concerned about why these forces of the Southern Domain chose to become a subsidiary of the Great Qin Immortal Dynasty?"

Upon hearing Dragon Soaring Immortal Venerable's words, the Immortal Venerates present came to their senses.

The Hidden Moon Sect Leader coldly spoke, "The Great Qin Immortal Dynasty, which is a Barbaric Immortal Dynasty, is being allowed by Xiyue Immortal Emperor to absorb subsidiary forces on her territory, which seems to imply Xiyue Immortal Emperor has high hopes for Lu Chen!"

To say there was no connection or transaction between Lu Chen and Xiyue Immortal Emperor, the Hidden Moon Sect Leader wouldn't believe it.

Otherwise, how could Xiyue Immortal Emperor allow Lu Chen to recruit subsidiary forces on her territory?

This news was not a favorable development for the Hidden Moon Sect Leader himself.

He had originally been planning, after the war between the Barbaric regions and the Southern Domain concluded, to take action against Lu Chen and then distribute the Qi Fortune of the Great Qin Immortal Dynasty to the Eastern Domain.

Yet Lu Chen unexpectedly found backing in Xiyue Immortal Emperor.

No one knows how Lu Chen managed it.

The Hidden Moon Sect Leader continued, “Now that the Sunset Mountain Range has been taken over by the Demon Emperor, who personally guards it, we no longer need to worry about the Sealing of the Sunset Mountain Range being broken. Once this war is over, some people will have outlived their usefulness.”

Upon hearing this, the Immortal Venerates present immediately understood what the Hidden Moon Sect Leader meant; he was preparing to take action against Lu Chen.

Dragon Soaring Immortal Venerable remarked, “Looks like he’s already realized something, so he sought backing in the Eastern Domain.”

The Hidden Moon Sect Leader said expressionlessly, “Regardless of who his backing is, neither he nor his forces should continue to exist in the Barbaric regions.”

“Moreover, the fact that he has caught the eye of that person further indicates that he bears great fortune. There aren’t many things in the Tianyan Immortal Domain that can catch the eye of an Immortal Emperor.”

On hearing the Hidden Moon Sect Leader’s words, the Immortal Venerates’ eyes lit up with fervor. They had previously coveted the fortune on Lu Chen, and if it weren’t for Lu Chen’s crucial role in the Tianyan Immortal Domain, requiring him

to inscribe the Chaos Spirit Ruins Sealing Heaven Array, they would have taken action against him long ago.

Now that the Sunset Mountain Range was under the control of the Demon Emperor, and Lu Chen was no longer useful, it was time to slaughter the lamb and share the meat.

The Hidden Moon Sect Leader then looked in the direction of Blood Eagle Hall. “Now that the majority of the forces in the Southern Domain have fled to the Eastern Domain, Blood Eagle Hall is the only force left resisting. It’s time we end this war.”

Saying this, the Hidden Moon Sect Leader rose from his Immortal Throne, “Launch an all-out assault and force Blood Ancestor to make a move!”

The Immortal Venerates responded in unison, bowing as they said, “We obey the Sect Hierarch’s Immortal Order!”

After the Hidden Moon Sect Leader issued the commands, a full-scale attack was launched in the Barbaric regions. Because most of the Barbaric Immortals had cultivated the Divine Light Thousand Lamp Scripture that Lu Chen once spread, the Evil Immortals of Blood Eagle Hall stood no chance in open battle. Not only did they have no advantage, but they were also pressed hard by the Barbaric forces.

In less than two years, the last line of defense constructed by Blood Eagle Hall was breached by the Barbaric forces, the Barbaric army successfully arriving at Blood Eagle Hall's location.

Blood Eagle Hall, inside the Meeting Hall.

Blood Demon Immortal Venerate sullenly stared at the mirror before him, in which was displayed the range of warships from the Barbaric regions.

The mirror also showed the many Immortal Venerates from the Barbaric regions.

At this moment, Blood Demon Immortal Venerate was filled with rage. If the forces of the Southern Domain hadn't fled to the Eastern Domain, they could not have been defeated so quickly.

Although several Immortal Venerates remained in Blood Eagle Hall, there was no comparison to the dozens of Immortal Venerates from the Barbaric regions; their defeat was certain. In just a few years, those from Blood Eagle Hall had dwindled to leave only him.

This situation was despite the Hidden Moon Sect Leader not having made a move. If Blood Ancestor did not act soon, Blood Eagle Hall would be completely annihilated.

While consumed with anger, Blood Demon Immortal Venerate was gripped by fear: what if Blood Ancestor never took action?

Alone as an Immortal Venerate, he was no match for those Barbaric opponents.

No one knew what Blood Ancestor was waiting for, as the Barbaric forces had already reached their stronghold, yet Blood Ancestor remained secluded in his Small World.

Could it be that Blood Ancestor intended to abandon Blood Eagle Hall?

While Blood Demon Immortal Venerate indulged in wild speculations, a thunderous shout resonated from high in the sky.

“Blood Demon Immortal Venerate, the end of Blood Eagle Hall has come, surrender and accept your fate now!!!”

Outside Blood Eagle Hall, high in the sky, the Immortal Venerates from the Barbaric regions were prepared to strike Blood Eagle Hall with full force.

Behind these Immortal Venerates stood a towering Divine Corpse, controlled by the Hidden Moon Sect Leader. In this final battle, they believed Blood Ancestor would surely intervene, so the Barbaric forces had prepared with utmost caution.

Blood Demon Immortal Venerate sat on the Immortal Throne inside the hall, ignoring the call from outside. His gaze swept over the trembling Evil Immortals in the hall.

“Hall Master, what should we do now?”

“Should we flee? So many Immortal Venerates from the Barbaric regions, and their Immortal Law counteracts our Evil Qi; we’re no match for them!”

“Hall Master, let’s retreat. As long as we live, we can rise again one day.”

...

Blood Demon Immortal Venerate coldly replied, “What are you panicking about? Blood Ancestor will strike soon!”

Although Blood Demon Immortal Venerate spoke these words, in truth, he wasn’t confident at all.

Having children earns benefit, start competing for dominance in the world by marrying a wife

Just as Blood Demon Immortal Venerable was contemplating whether to enter the Small World and request Blood Ancestor's assistance, a surge of immense blood energy flowed out from Blood Eagle Hall's Small World.

In just an instant, the surging blood energy covered half of the Southern Domain.

Along with the surge of blood energy, a frightening pressure descended from the sky, causing the Immortal Venerables in the high sky outside Blood Eagle Hall to fall one after another due to the pressure.

After sensing Blood Ancestor's pressure, Blood Demon Immortal Venerable's tightly furrowed brows relaxed. Blood Ancestor was finally going to make a move. With Blood Ancestor here, there was no need to worry about Blood Eagle Hall being annihilated.

After sensing Blood Ancestor's pressure, the Hidden Moon Sect Leader did not hesitate at all and directly activated the Divine Corpse. In the next moment, the Divine Corpse also released a terrifying aura, with streams of golden Immortal Aura surging out from its body. Then, the pressure released by the Divine Corpse directly nullified Blood Ancestor's pressure.

For a moment, the aura of the Divine Corpse and the blood energy of Blood Ancestor formed a confrontation, turning the sky half golden and half blood red.

After Blood Ancestor's pressure dissipated, the Immortal Venerables from the Barbaric area got up from the ground and quickly retreated. Once Blood Ancestor took action, this battle was beyond their intervention. Next, it would be up to Lu Chen and the Hidden Moon Sect Leader; they only needed to assist Lu Chen from the rear by helping to activate the Chaos Spirit Ruins Sealing Heaven Array.

At this time, a voice as deep as a tolling bell erupted in the high sky, "A group of ants, just by refining a corpse of my kin, dare to act against me. Simply courting death!"

Upon hearing Blood Ancestor's words, the Immortal Venerables from the Barbaric area were taken aback.

The Divine Corpse refined by the Hidden Moon Sect Leader is of Blood Ancestor's kin?

How is this possible?

Wasn't the Divine Corpse refined by the Hidden Moon Sect Leader a corpse of an Ancient God? If Blood Ancestor is kin to an Ancient God, doesn't that mean this Blood Ancestor is a living Ancient God?

The Hidden Moon Sect Leader frowned deeply. He did not believe Blood Ancestor would lie at this moment, and faintly, he sensed that the power released by Blood Ancestor was indeed vastly different from ordinary immortal power.

This Blood Ancestor might really be an Ancient God!

But what about being an Ancient God, an old being alive for countless years, its body's power is probably already depleted, what's there to fear?

Thinking of this, the Hidden Moon Sect Leader directly mocked, "Old undead, always too cowardly to come out, perhaps you're not far from death now!"

Rumbling...

As soon as the Hidden Moon Sect Leader's words fell, purple lightning roared through the heavens and earth, followed by a blood mist covering the place where Blood Eagle Hall was, causing the entire Southern Domain to shake as if Tianyan Immortal Domain were about to collapse.

The Hidden Moon Sect Leader immediately transmitted a message to Lu Chen, "Lu Chen, he's coming out, prepare yourself!"

The Hidden Moon Sect Leader planned first to attempt sealing Blood Ancestor. If sealing failed, he would then attack with full force to weaken Blood Ancestor's power and then attempt sealing again.

After all, being an Ancient God, its corpse holds great value, sealing it would be best. If full force is used and the Ancient God's body is destroyed, Blood Ancestor's value would greatly diminish.

Moments later, within the tens of thousands of feet-high blood mist, a gigantic blood hand suddenly stretched out. As soon as this blood hand emerged, an overwhelming pressure once again assaulted the Immortal Venerables of the Barbaric area, a pressure acting upon the Divine Soul.

For a moment, the Immortal Venerables from the Barbaric area felt no desire to resist, and even the Hidden Moon Sect Leader was affected. If not for the protection of the Divine Corpse's power, the Hidden Moon Sect Leader would have knelt just like the other Immortal Venerables present.

Yet, at this moment, the Hidden Moon Sect Leader noticed Lu Chen seemed perfectly fine.

Seeing Lu Chen standing in mid-air, completely unaffected, the Hidden Moon Sect Leader felt an ominous premonition.

Lu Chen's Divine Soul was already so powerful, able to withstand the soul deterrence of an Immortal Emperor-level being, suggesting his strength might also be approaching the level of an Immortal Emperor. If so, dealing with Lu Chen after eliminating Blood Ancestor would not be easy.

While the Hidden Moon Sect Leader was distracted, the tens of thousands of feet-high blood mist surrounding Blood Eagle Hall gradually dissipated, revealing a gigantic figure, as massive as a mountain.

The height of this body was significantly greater than the Divine Corpse controlled by the Hidden Moon Sect Leader, but in Tianyan Immortal Domain, size does not necessarily equate to strength.

At this moment, Blood Ancestor stepped out from the blood mist. His very step caused the earth of the Southern Domain to shake once more. As his body emerged from the mist, people finally saw Blood Ancestor's appearance.

Blood Ancestor had no clothing, appearing to lack skin entirely, his whole body exuding blood energy, making him look like a man of blood. His enormous eyes were like two massive suns, making him extremely terrifying to behold.

Upon emerging, Blood Ancestor immediately locked his gaze on Lu Chen, letting out a cold sneer, "Such an annoying aura!"

Seeing Blood Ancestor's gaze fixed on him, Lu Chen knew Blood Ancestor had definitely recognized him. Without hesitation, he began to carve the Chaos Spirit Ruins Sealing Heaven Array.

In just moments, an Array Pattern Map appeared high above, directly over Blood Ancestor's head.

Seeing Lu Chen had already crafted the Chaos Spirit Ruins Sealing Heaven Array, the Immortal Venerables from the Barbaric area promptly infused immortal power to assist Lu Chen in activating the Chaos Spirit Ruins Sealing Heaven Array.

However, unexpectedly, the envisioned scene did not appear. Initially, people assumed that even if Blood Ancestor was powerful enough to resist the Chaos Spirit Ruins Sealing Heaven Array, it would require a significant consumption of power.

Yet, Blood Ancestor appeared very composed, seemingly unaffected by the suppression of the Chaos Spirit Ruins Sealing Heaven Array.

Lu Chen also felt something amiss. When he activated the Chaos Spirit Ruins Sealing Heaven Array, the array patterns were extremely unstable, as though about to dissipate at any moment.

Perceiving the Chaos Spirit Ruins Sealing Heaven Array above his head, Blood Ancestor sneered again.

He had already broken the suppression of Heavenly Dao, a mere Holy Tier Sealing Formation, thinking it could seal him was just a fool's dream.

Blood Ancestor then raised his right hand. As his massive blood hand aimed at the Chaos Spirit Ruins Sealing Heaven Array in the sky, it shattered in an instant, dispersing into starlight.

Seeing Blood Ancestor break the Chaos Spirit Ruins Sealing Heaven Array so effortlessly, the Immortal Venerables from the Barbaric area panicked. Blood Ancestor seemed even more formidable than they had imagined.

The Chaos Spirit Ruins Sealing Heaven Array, capable of sealing mysterious creatures, couldn't seal Blood Ancestor. Not only that, Blood Ancestor hardly exerted effort, yet the array was broken.

Realizing the Chaos Spirit Ruins Sealing Heaven Array was useless against Blood Ancestor, the Hidden Moon Sect Leader directly transmitted a message to the Immortal Venerables, urging immediate retreat and leaving the matter to him.

Engagements at the Immortal Emperor level inevitably affect vast areas, potentially destroying the entire Southern Domain.

Hearing the Hidden Moon Sect Leader's transmission, the Immortal Venerables from the Barbaric area did not hesitate and retreated once more.

Capítulo 2098: Chapter 1788: He Is Not a True Immortal Emperor After All

After the Immortal Venerate of the Barbaric retreated to a certain distance, the Hidden Moon Sect Leader immediately manipulated the Divine Corpse to take the initiative. The gigantic Divine Corpse at his feet raised a fist, and a surge of "Divine Power" concentrated into a fist thundered towards the Blood Ancestor.

This was the first confrontation between the Hidden Moon Sect Leader and the Blood Ancestor. While the Immortal Venerates of the Barbaric were retreating from the battlefield, they focused all their attention on sensing the Sect Leader's punch.

Facing the massive golden fist rushing towards him, the Blood Ancestor was indifferent, even revealing a mocking smile at the corner of his mouth. To him, it was nothing more than an ant; even after refining the body of a Spirit Realm powerhouse, it could only crudely utilize the power within.

The Blood Ancestor didn't intend to waste much time, as he was already locked onto by the Heavenly Dao. Soon, it would suppress him again. Although the Heavenly Dao could no longer suppress him fully, it could still limit his power.

The Blood Ancestor coldly shouted, "Evil Soul Blood Prison!!!"

As soon as the words fell, the world changed colors, as if they were pulled into another world—one filled with blood and the stench of decay.

The ground was littered with bones, forming a Blood Lake, and the sky was dyed a blood-red hue. Countless graves dotted the bone-filled land.

Just as the Sect Leader's punch was about to reach the Blood Ancestor, a Divine Soul burning with green flames suddenly appeared before him. The Divine Soul let out a roar, directly scattering the Sect Leader's punch.

The Blood Ancestor then raised his hand, mobilizing his entire blood energy to fully activate the Evil Soul Blood Prison.

In the next moment, cracks appeared on the graves on the ground, and countless Evil Souls crawled out from within. Each of these Evil Souls exuded the aura of an Immortal Venerate, possessing at least their level of power.

Seeing this, the Sect Leader's expression instantly became extremely grave.

Although the punch just now was merely a probing attack, it utilized forty percent of his strength, yet it was scattered by the roar of a single Evil Soul.

Moreover, there were so many Evil Souls in the Blood Ancestor's domain, which was troubling.

The Sect Leader struggled to steady his mind, once again channeling the Divine Power within the Divine Corpse's body.

“Divine Light Thousand Lamp Scripture!!!”

This time, the Sect Leader didn't merely use Divine Power. He had also cultivated the Divine Light Thousand Lamp Scripture, which had a restraining effect on Evil Immortals. He believed that using Divine Power to deploy the Scripture would be more effective than using his own strength.

As soon as the Divine Light Thousand Lamp Scripture was activated, countless oil lamps appeared within the domain. The light emanating from these lamps illuminated the Evil Souls, causing them to let out agonizing screams.

Seeing the Scripture's effectiveness, the Sect Leader once again borrowed the Divine Power of the Divine Corpse, "Infinite Thunder Technique!!!"

Rumble, rumble, rumble...

In an instant, numerous purple bolts of lightning struck the Evil Souls. The Divine Light Thousand Lamp Scripture itself restrained Evil Immortals, and the lightning also had a restraining effect on Evil Qi.

As soon as those purple Heavenly Thunders touched an Evil Soul, it was instantly obliterated.

The Sect Leader was immediately filled with confidence, "It's nothing after all!"

The Blood Ancestor, feeling the suppression of his power in the sky from those oil lamps, recalled the days he was suppressed by the Heavenly Dao, which made him very displeased.

"Ant! I shall let you experience true hell!"

The Blood Ancestor then urged on the Evil Soul Blood Prison again; in an instant, all the Evil Souls within the Blood Prison became agitated. Without hesitation, they all charged fearlessly towards the Sect Leader.

Seeing this, the Sect Leader hurriedly manipulated the oil lamps in the sky, trying to suppress those Evil Souls using the Divine Light Thousand Lamp Scripture. However, he quickly discovered that while the Scripture could suppress the Evil Souls, it couldn't inflict fatal damage on them.

The version of the Divine Light Thousand Lamp Scripture they learned was incomplete, and the Evil Souls controlled by the Blood Ancestor were far stronger than ordinary evil entities. This bit of suppression meant nothing to them.

Seeing this, the Sect Leader hastily controlled the Divine Corpse, frantically unleashing its Divine Power. The Divine Corpse beneath him instantly radiated with golden light.

Then, the Sect Leader fully activated the Divine Corpse, "Infinite Thunder Technique!!!"

Rumble, rumble, rumble...

Countless interwoven bolts of purple lightning descended from the heavens, striking the Evil Souls, with those desperately charging forward being reduced to dust by the purple lightning.

However, the number of Evil Souls in the Blood Prison continued to grow, and these Soul-less Evil Souls had no fear of annihilation, continuing to charge relentlessly towards the Sect Leader.

The Sect Leader could only continuously mobilize the Divine Power within the Divine Corpse's body. As he did, the purple lightning in the sky not only attacked the Evil Souls but also raged across the ground. For a time, the ground of the Southern Domain was ripped open by the purple lightning.

Seeing the Sect Leader harnessing the Divine Power of the Divine Corpse to withstand the Evil Souls' assault, the Blood Ancestor once again mobilized all his blood energy.

“Blood Sea Fury!!!”

Rumble, rumble, rumble...

The blood within the Blood Prison quickly gathered, forming a massive wave towering tens of thousands of feet high. Everything in its path was leveled to the ground.

Feeling the oppressive force of the giant wave, the Sect Leader quickly took out the Immortal Artifact Meteor Hammer.

He then controlled the Divine Corpse to channel Divine Power into the Meteor Hammer, smashing it towards the blood-colored wave.

The Meteor Hammer smashed through space, colliding with the wave with overwhelming force. However, at the moment of collision, the Meteor Hammer disintegrated into specks of light.

Witnessing this, the Sect Leader was stunned—this was a Holy-level Immortal Artifact!

It was his only offensive Immortal Artifact, and it was just destroyed like that!

What the Sect Leader didn't know was that although the Meteor Hammer was considered a Holy-level Immortal Artifact in the Tianyan Immortal Domain, it would only be an ordinary weapon elsewhere. And when he used "Divine Power" to activate the Meteor Hammer, it was already overburdened. Adding to that, it collided with the Blood Ancestor's blood energy, causing it to shatter naturally.

Seeing the giant wave crashing continuously, the Sect Leader frantically channeled the Divine Power of the Divine Corpse, forming a barrier made of Divine Power in front of him, trying to resist the blood wave.

...

At this moment.

On the deck of an Immortal Ship high above the Southern Domain, Lu Chen was observing the battle between the Sect Leader and the Blood Ancestor.

The clone he had previously used to inscribe the Chaos Spirit Ruins Sealing Heaven Array had been destroyed by the impact of the battle between the two. This body of his had been left here long ago to watch the battle.

Yun Yudie, standing beside him, said: "It seems the Barbaric underestimated the Blood Ancestor's strength; the Sect Leader doesn't appear to be a match for him."

The Sect Leader had already used the most Evil Qi-restraining Immortal Law, the Divine Light Thousand Lamp Scripture, but it had little effect on the Blood Ancestor. Moreover, his Holy-level Immortal Artifact Meteor Hammer was instantly destroyed. Now, the Sect Leader had very few moves left.

Unless the Blood Ancestor's strength suddenly decreased, if the fight continued like this, the Sect Leader was likely to be defeated by the Blood Ancestor.

Lu Chen said: "After all, he is not a true Immortal Emperor."

Having children earns benefit, start competing for dominance in the world by marrying a wife

Yun Yudie was already considering evacuation at this time, although the Hidden Moon Sect Leader and the Blood Ancestor had only exchanged a few moves, it was apparent from these exchanges that the Hidden Moon Sect Leader's strength was inferior to that of the Blood Ancestor.

The most crucial part is, they have no idea about the Blood Ancestor's true power, nor do they know if there are any trump cards that the Blood Ancestor hasn't used.

Yun Yudie anticipated the Barbaric would be defeated. Continuing to stay in the Southern Domain, if the Blood Ancestor kills the Hidden Moon Sect Leader, the Blood Ancestor will undoubtedly clear out these invaders from the Barbaric next, so evacuating early is the best choice.

Yun Yudie looked at Lu Chen beside her, wanting to know what Lu Chen intended to do next—whether he would stay and watch the show or hurry to move away.

The Daqin Immortal Dynasty has numerous affiliated forces in the Southern Domain. If they were to evacuate, they would certainly need to teleport all these affiliated forces away.

Given the current situation, they could already prepare for evacuation.

Yun Yudie reminded, "If the Hidden Moon Sect Leader is defeated, the Blood Ancestor might target you."

Lu Chen knew what Yun Yudie wanted to say; she was reminding him that he could withdraw.

Lu Chen pondered for a moment and then said, "I will have the Great Qin Alliance Army withdraw from the Southern Domain."

This final battle is between the Hidden Moon Sect Leader and the Blood Ancestor and has little to do with the Great Qin Alliance Army, so leaving early is feasible.

If those people remain in the Southern Domain, they might be impacted; when the Blood Ancestor strikes, a quarter of the Southern Domain could be flattened. If the

battle between the Blood Ancestor and the Hidden Moon Sect Leader continues, the destruction of the Southern Domain isn't impossible.

Once Lu Chen finished speaking, he instructed his other clones to teleport the displaced people the Daqin Immortal Dynasty had absorbed in the Southern Domain to the Barbaric or Eastern Domain, and also had the Great Qin Alliance Army return to the Barbaric.

Regardless of whether the Barbaric wins or loses in this battle with the Southern Domain, Lu Chen will gain because his Qi Fortune is already very dense, and he feels that he might soon break through to the Immortal Venerate Realm.

...

Although the Hidden Moon Sect Leader is not a true Immortal Emperor and his strength is less than that of the Blood Ancestor, the Divine Corpse he refined has abundant Divine Power, and the battle between the two has lasted for decades.

The battle at the Immortal Emperor level has devastated almost half of the Southern Domain, and now, besides the area near the Sunset Mountain Range, there are hardly any people left in other places.

The Barbaric army also retreated to one side of the Sunset Mountain Range. Now the entire Sunset Mountain Range is shrouded in Heavenly Demon Power, coupled with the Demon Emperor's clone guarding here, some forces from the Barbaric

wanting to retreat from the Southern Domain cannot leave, they can only remain focused on borrowing a path through the Central Domain.

Day by day passed, the range of the battle between the Blood Ancestor and the Hidden Moon Sect Leader shrank, indicating that the fight was nearing its conclusion.

One of Lu Chen's bodies was still observing the battle between the two from high above the Southern Domain.

Now, the Divine Corpse refined by the Hidden Moon Sect Leader is riddled with countless wounds, its golden light dimmed, and the fluctuations of Divine Power are extremely weak, seemingly ready to dissipate at any moment.

Meanwhile, the Blood Ancestor's pressure remained as it was in the past, and now the Blood Ancestor seemed even stronger, the blood aura he emitted was much more potent.

In their fight, because the entire Southern Domain was affected, countless people perished, including mortals and immortals. The Blood Ancestor absorbed their blood energy, which made him grow fiercer with each battle.

Clearly, the Hidden Moon Sect Leader was barely holding on.

Just when Lu Chen thought the Barbaric might be about to lose, suddenly, the heavens shifted, and the sky was filled with countless golden chains heading straight for the Blood Ancestor.

The Blood Ancestor shouted coldly, "Break for me!!!"

The Heavenly Dao Chains did not retreat from the Blood Ancestor's yell; in just the blink of an eye, the Heavenly Dao Chains had bound the Blood Ancestor's body.

Suddenly, much of the Blood Ancestor's blood aura dispersed, and his aura drastically weakened.

The Hidden Moon Sect Leader hadn't seen the Heavenly Dao Chains on the Blood Ancestor, only sensed the significant decline in the Blood Ancestor's aura.

This would have been the best time to counterattack, but the Hidden Moon Sect Leader was too frightened, considering he had been crushed by the Blood Ancestor for decades.

Even if the Blood Ancestor was almost at his limit now, nobody could guarantee he wouldn't pull the Sect Leader into death at the last moment.

With that thought, the Hidden Moon Sect Leader hesitated not a bit and directly controlled the Divine Corpse to turn around and flee the battlefield.

The Hidden Moon Sect Leader couldn't see the Heavenly Dao Chains, but Lu Chen could; heavenly power was gathering inside his body, making him very attuned to the Heavenly Dao's power.

Seeing those golden chains in the sky, Lu Chen thought, could it be that the Blood Ancestor had been silent because he had been suppressed by the Heavenly Dao all along?

It was unclear whether the Heavenly Dao could seal the Blood Ancestor again.

While Lu Chen was momentarily distracted, the Heavenly Dao Chains on the Blood Ancestor already showed cracks, seemingly ready to shatter at any moment.

Then more golden chains appeared in the sky, directly wrapping the Blood Ancestor like a dumpling; of course, others couldn't see them, only Lu Chen and the Blood Ancestor could.

However, while the Heavenly Dao was fully suppressing the Blood Ancestor, many places in the Tianyan Immortal Domain developed cracks, with Chaos Energy pouring out, plunging the entire Tianyan Immortal Domain into chaos.

Lu Chen sensed the situation across the Tianyan Immortal Domain and knew that these cracks were likely related to the Blood Ancestor. The Heavenly Dao was concentrating all its power on Blood Ancestor, thus it couldn't entirely maintain the existence of the Tianyan Immortal Domain anymore.

If this continued, the entire Tianyan Immortal Domain might collapse.

As Lu Chen thought the Blood Ancestor would have a fight to the death with the Heavenly Dao, the Blood Ancestor's body disappeared from the spot.

The Blood Ancestor knew the Heavenly Dao was desperately trying to suppress him; if he struggled desperately now, it might prompt an even stronger suppression from the Heavenly Dao. To break the Heavenly Dao Chains, he would have to take it slow, just as before, waiting for the Heavenly Dao's strength to be directed elsewhere, and then break free at the opportune moment, so he returned directly to the Small World of the Blood Eagle Hall.

Thus the battle at the Immortal Emperor level ended, but the destruction left behind did not disappear. Now, the Southern Domain was fragmented, and pieces of the Tianyan Immortal Domain floated on the Chaotic Sea, cracks everywhere, with much of the Southern Domain suffused with Chaos Qi.

Those who survived in the Southern Domain, whether the Immortal Sect forces of the Southern Domain or the Blood Eagle Hall, had suffered devastating blows.

The Hidden Moon Sect Leader's body flew to White Rainbow Immortal City, and the Immortal Venerates from Barbaric gathered around immediately.

"Leader, are you alright?"

"Leader, the Blood Ancestor seems to have disappeared!"

"Leader, what should we do now, should we take over the Southern Domain?"

...

At this time, ambition flickered in the eyes of the leaders from various Barbaric forces.

Most forces from the Barbaric weren't voluntarily subservient to the Hidden Moon Sect, especially those Super Forces from the Northern Domain, like Azure Dragon Hall.

If not for the Hidden Moon Sect Leader refining a Divine Corpse, they wouldn't listen to the commands from the Hidden Moon Sect.

After the battle between the Hidden Moon Sect Leader and the Blood Ancestor, the Hidden Moon Sect Leader's aura noticeably weakened, and the aura of the Divine Corpse he refined was also very faint.

His current power is probably similar to that of an Immortal Venerate from the Fifth Heaven.

This is the best time for the Barbaric forces to break free from the Hidden Moon Sect.

The Hidden Moon Sect Leader knew what these domain lords present were thinking. He calmed the chaotic power within his body, striving to keep himself composed.

"The Blood Ancestor's strength is too immense; wanting to eliminate him is not easy. However, his aura just now has weakened considerably, and it seems his end is drawing near."

"But even if his end is nearing, he is not so easy to deal with. Therefore, I have decided to first return to the barbaric lands and only after the Blood Ancestor falls will I come back to fully control the Southern Domain."

Upon hearing this, Dragon Soaring Immortal Venerable immediately asked, "What about the Immortal Sect forces we've occupied?"

Though the Southern Domain was shattered due to the battle between the Blood Ancestor and the Hidden Moon Sect Leader, many places remain intact, especially those near the Sunset Mountain Range.

It is these places that provide substantial Qi Fortune to various Barbaric forces. Now, telling them to abandon the Southern Domain is something they are surely unwilling to do.

The Hidden Moon Sect Leader said, "I did not say to give up the Southern Domain. Those Immortal Sect forces can leave some people to guard it. We are returning to the barbaric lands merely to recover strength."

"Moreover, we have more important matters to handle."

Upon hearing this last statement from the Hidden Moon Sect Leader, the domain lords present immediately understood what he meant.

Lu Chen has now become useless, and next, they plan to target Lu Chen's Daqin Immortal Dynasty. The Southern Domain controlled by Lu Chen is precisely near the Sunset Mountain Range, where most places have not suffered from the Blood Ancestor and Hidden Moon Sect Leader's battle.

One could say Lu Chen is the biggest benefactor in the war between the Barbaric forces and the Southern Domain.

If they destroy the Daqin Immortal Dynasty, they will be able to divide the Qi Fortune Lu Chen gained from the Southern Domain.

Immediately, the Immortal Venerates spoke in unison, "We adhere to the Sect Leader's Immortal Order!"

The Hidden Moon Sect Leader glanced at the domain lords present, noting that their gaze seemed to become even more fervent. The Hidden Moon Sect Leader understood his words had taken effect.

His strength has now significantly declined, and he might no longer be able to intimidate these people, so he must think of ways to divert their attention.

And Lu Chen is the best bait for diverting their attention. As long as all their attention shifts to Lu Chen, he will have ample time to recover.

Moreover, he also desires the opportunity Lu Chen holds and the Qi Fortune of the Daqin Immortal Dynasty.

...

After leaving some people in the Southern Domain, the Barbaric forces chose to take a detour through the Central Domain to return to the barbaric lands.

The Central Domain is currently very chaotic; the Mysterious Moon Palace has gradually lost control over the various forces of the Central Domain, so they did not obstruct the barbaric forces from taking this detour.

Now, everyone in the Mysterious Moon Palace is waiting—waiting for their ancestor to live out his second life. They know well that in this era, a force without the support of an Immortal Emperor will eventually perish.

Only when the Immortal Emperor Youlan lives out his second life can they regain control of the Central Domain. At this point, clashing with the Barbaric forces would yield no benefits.

...

Daqin Immortal Dynasty.

Imperial Palace.

Lu Chen was actively condensing Qi Fortune through the Heaven Opening Seal, but for reasons unknown, the more Qi Fortune he absorbed, the stronger his sense of impending crisis became, as if a catastrophe would soon befall him.

An Immortal's intuition never comes without cause; there must be a reason for him to feel this crisis.

At that moment, the aura of Wan Xu Immortal Venerable appeared in the Imperial Palace. Feeling Wan Xu Immortal Venerable's aura, Lu Chen knew he must have something to discuss.

Lu Chen immediately sent a voice transmission saying, "Come in."

In the next moment, Wan Xu Immortal Venerable's figure appeared in Lu Chen's cultivation room, and Lu Chen directly asked, "What's the matter?"

Wan Xu Immortal Venerable bowed in salute, "Your Majesty, these days, there are rumors circulating throughout the Tianyan Immortal Domain that you possess an opportunity to break through to Immortal Emperor. This is not a good sign; someone is secretly pushing this narrative."

Upon hearing Wan Xu Immortal Venerable's reminder, Lu Chen quickly realized why he had been feeling such a strong sense of crisis lately—it was this matter causing it.

Now, Xuan Qingyun has taken over the Sunset Mountain Range, and his use is not as great as before. Moreover, with those Immortal Venerates continually enhancing their strength, one day they too may be able to inscribe the Array Pattern of the Chaos Spirit Ruins Sealing Heaven Array.

Add to that the significant Qi Fortune gained by the Daqin Immortal Dynasty in the war between the Barbaric forces and the Southern Domain, and it's no wonder people's focus has returned to him.

It's likely that it won't be long before someone takes action against the Daqin Immortal Dynasty.

However...

Lu Chen is not worried about this now, after all, he has Xiyue Immortal Emperor behind him. With Xiyue Immortal Emperor supporting him, he could directly move the entire Daqin Immortal Dynasty to the Eastern Domain, where no one would dare try anything against him.

Even though relying on others might be seen as disgraceful, relying on others still proves beneficial.

Seeing Lu Chen remain silent, Wan Xu Immortal Venerable continued, "Your Majesty, it's time to use the Heavenly Dao Order!"

Wan Xu Immortal Venerable didn't consider letting Lu Chen rely on Xiyue Immortal Emperor; instead, he thought that since someone was eyeing Lu Chen and the Daqin Immortal Dynasty, it was time to rebuild the Heavenly Dao Sect and summon all the scattered members of the Heavenly Dao Sect throughout the Tianyan Immortal Domain to confront the impending crisis.

Upon hearing Wan Xu Immortal Venerable's suggestion, Lu Chen finally realized that after obtaining the Heavenly Dao Order, he hadn't used it much, and had only gathered Wan Xu Immortal Venerable.

Perhaps, the Heavenly Dao Order could summon more Immortal Venerates to bolster the strength of the Daqin Immortal Dynasty.

With this in mind, Lu Chen said, "I understand."

"Go, keep watch over the movements of the various Barbaric forces, and report immediately if there is any unusual activity."

"Yes, Your Majesty!" With those words, Wan Xu Immortal Venerable left the cultivation room.

After Wan Xu Immortal Venerable departed, Lu Chen spread open his right palm, and the next moment the Heavenly Dao Order appeared in his hand.

Then Lu Chen activated the Heavenly Dao Order, aiming to see if there were other members of the Heavenly Dao Sect within the barbaric lands.

In the next moment, a white screen appeared before Lu Chen's eyes, and two red dots appeared within the screen.

One red dot was within the Daqin Immortal Dynasty, and the other red dot was in the Hidden Moon Sect.

Lu Chen felt slightly surprised that there was someone from the Heavenly Dao Sect within the Hidden Moon Sect.

Lu Chen then attempted to use the Heavenly Dao Order to send a directive to the red dot within the Hidden Moon Sect, instructing them to come to the Daqin Immortal Dynasty to meet him.

At the same time.

Hidden Moon Sect.

Within a cavern, the "middle-aged man" meditating at its center suddenly opened his eyes, staring directly towards the direction of the Daqin Immortal Dynasty, murmuring involuntarily, "No wonder, no wonder!!!"

Fire Phoenix Immortal Venerable had long suspected Lu Chen's identity but had been unable to confirm it. Now, with the appearance of the aura from the Heavenly Dao Order, he need not find a way to confirm Lu Chen's identity any longer.

Fire Phoenix Immortal Venerable immediately stood up and headed straight for the Daqin Immortal Dynasty.
