

# Having children earns benefit, start competing for dominance in the world by marrying a wife

When the Fire Phoenix Immortal Venerable arrived at the Daqin Immortal Dynasty, the Wan Xu Immortal Venerable was already waiting high in the sky. To avoid revealing his identity, the Fire Phoenix Immortal Venerable was in disguise.

Feeling the aura from the Wan Xu Immortal Venerable, the Fire Phoenix Immortal Venerable tentatively asked, "Are you the Wan Xu Immortal Venerable?"

The Wan Xu Immortal Venerable countered, "You know me?"

The Heavenly Dao Sect had long been annihilated, and most of the first elders and disciples of the Heavenly Dao Sect had perished. The Wan Xu Immortal Venerable did not expect that someone still knew him.

The Fire Phoenix Immortal Venerable quickly said, "Greetings, Elder Wan Xu!"

"I was once merely an outer disciple of the Heavenly Dao Sect and had the fortune of seeing Elder Wan Xu a few times."

The Wan Xu Immortal Venerable glanced at the Fire Phoenix Immortal Venerable and couldn't help but feel emotional. He didn't expect so much time had passed; once an outer disciple of the Heavenly Dao Sect, now an Immortal Venerate.

Without further pleasantries, the Wan Xu Immortal Venerable directly said, "Go inside. The God Master is waiting for you."

The Fire Phoenix Immortal Venerable once again bowed to the Wan Xu Immortal Venerable and then directly entered the Great Qin Imperial Palace.

At this moment, Lu Chen was seated on the Dragon Throne in the Hall of Political Affairs. When the Fire Phoenix Immortal Venerable entered the hall, he quickly paid respects to Lu Chen, saying, "Outer Disciple of the Heavenly Dao Sect, Fire Phoenix, pays respects to the God Master!"

Lu Chen said, "Rise, there's no need to call me God Master henceforth; the Heavenly Dao Sect is no more."

The Fire Phoenix Immortal Venerable immediately said, "Yes, Your Majesty!"

The Fire Phoenix Immortal Venerable didn't care much about how to address him. What he cared about now was whether Lu Chen had summoned him for some task at this time.

Lu Chen directly asked, "Did you not participate in the war between the Barbaric and the Southern Domain?"

The Fire Phoenix Immortal Venerable replied, "I did, but as I was on the verge of a breakthrough, I returned to the Barbaric early."

At that moment, the Fire Phoenix Immortal Venerable suddenly thought of something and quickly said, "Right, Your Majesty, I have very important news."

Lu Chen said, "Let's hear it."

The Fire Phoenix Immortal Venerable immediately said, "The Hidden Moon Sect Leader plans to unite various forces from the Barbaric to attack the Daqin Immortal Dynasty and divide Daqin's Qi Fortune."

"The Hidden Moon Sect Leader has sent back an Immortal Order, instructing me to keep an eye on the Daqin Immortal Dynasty. Once the forces from the Barbaric return to the Barbaric, they will probably act against Daqin."

Upon hearing the Fire Phoenix Immortal Venerable's words, Lu Chen thought to himself, no wonder he's constantly feeling a sense of crisis—it turns out the Hidden Moon Sect is planning to act against him.

Without the help of the Xiyue Immortal Emperor, with the current strength of the Daqin Immortal Dynasty, they probably couldn't resist the entire Barbaric.

Moreover, the Daqin Immortal Dynasty is dispersed, with some in the Barbaric, some in the Southern Domain, and part of Daqin's subordinate forces in the Eastern Domain.

He could use the Spirit Realm Crossing Array to concentrate all the subordinate forces into the Barbaric, but doing so seems meaningless.

Initially, when he went to the Barbaric with the Mysterious Moon Palace, it was merely to hide temporarily, not to stay there for long.

Although the Immortal Aura in the Barbaric has significantly increased after several rejuvenations, it remains thin compared to other realms, so holding onto the Barbaric makes little sense.

Thinking of this, Lu Chen wanted to move directly to the Eastern Domain. The Eastern Domain was under the protection of the Xiyue Immortal Emperor, so even if someone had designs on him, they would have to consider the Xiyue Immortal Emperor.

Lu Chen came to his senses and said to the Fire Phoenix Immortal Venerable, "You should continue to return to the Hidden Moon Sect and keep a low profile. If they make any moves, report to me immediately. If I have any orders, I will send them to you directly through the Heavenly Dao Order."

The Fire Phoenix Immortal Venerable bowed and said, "Yes, Your Majesty!"

"Your servant takes his leave!"

With that, the Fire Phoenix Immortal Venerable turned and left.

Meanwhile.

Within Tianxi Palace.

In the Xiyue Immortal Emperor's chamber, nine fluffy tails teased Lu Chen. At the moment, Lu Chen was entirely wrapped in the Xiyue Immortal Emperor's tails, with no clothing.

The Xiyue Immortal Emperor used to think this little thing was dirty, but ever since becoming pregnant, she found herself increasingly idle and, without the mood for cultivation, sought some amusement for herself.

Lu Chen was her best amusement. Every time she saw this little thing being teased to death by her tail, she found it particularly entertaining, giving her a sense of taming Lu Chen.

Lu Chen didn't fuss with the Xiyue Immortal Emperor; after all, she was an expectant mother, with his child in her belly, so he let her have her way.

She could play however she liked. After all, he could create new bodies at will, and even if she played this one to death, he wouldn't mind.

Of course, the Xiyue Immortal Emperor wasn't that cruel; she mostly just teased Lu Chen.

At this moment, the Xiyue Immortal Emperor noticed Lu Chen had turned red, so she quickly manipulated her tails to cover Lu Chen's mouth.

Lu Chen let out a muffled "Mm!" and the Xiyue Immortal Emperor coldly laughed, saying, "Useless, and you can't even withstand this."

After speaking, the Xiyue Immortal Emperor retracted her tail from Lu Chen's mouth. Lu Chen took a deep breath several times and then said, "I have something to discuss with you."

The Xiyue Immortal Emperor said indifferently, "What? Do you want me to let you go? Unless you call me 'Master.'

Lu Chen said, "I'm talking about serious matters."

The Xiyue Immortal Emperor paused for a moment and then coldly said, "Calling me 'Master' isn't serious business?"

Lu Chen was somewhat speechless; how was that serious?

Lu Chen didn't dwell on this topic; he directly said, "I'm planning to move the Daqin Immortal Dynasty to the Eastern Domain."

The Xiyue Immortal Emperor was taken aback again, moving the Daqin Immortal Dynasty to the Eastern Domain???

Could this little thing be planning to occupy the nest of the Eastern Domain?

The Xiyue Immortal Emperor's red eyes fixed on Lu Chen, questioning, "Do you intend to seize the Eastern Domain?"

Though this little thing is her destined person, it doesn't mean he can act recklessly. Now, he was thinking about her territory.

If he truly moved the Daqin Immortal Dynasty to the Eastern Domain, it wouldn't be long before the Eastern Domain's Qi Fortune was intercepted by him.

Currently, Lu Chen's Daqin Immortal Dynasty already has many subordinate forces in the Eastern Domain. Seizing the Eastern Domain's Qi Fortune would be extremely easy for him.

Lu Chen directly said, "The Barbaric is preparing to strike against me."

This...

The Xiyue Immortal Emperor paused slightly, the Barbaric striking against Lu Chen?

The Xiyue Immortal Emperor quickly realized that recently she'd indeed heard rumors of fortune surrounding Lu Chen, and such rumors were increasingly frequent, clearly driven by someone behind the scenes.

The Sunset Mountain Range had already been taken over by the Demon Emperor, and Lu Chen was no longer significant to the Tianyan Immortal Domain, but now such rumors were spreading again, surely drawing someone's attention to Lu Chen.

Lu Chen is her destined person, so under no circumstances can anything happen to him.

Moving Lu Chen's Daqin Immortal Dynasty to the Eastern Domain isn't out of the question, but she's still concerned about Lu Chen's intentions.

She feels increasingly led around by Lu Chen.

However, on the other hand, if Lu Chen were to move the Daqin Immortal Dynasty to the Eastern Domain, his focus would then be on the Eastern Domain. This way, Lu Chen would always be under her watch, and she'd better protect him.

**Capítulo 2102: Chapter 1792: You'd Better Keep Your Word**

Xiyue Immortal Emperor said, “You wish to move to the Eastern Domain, I do not object, but I advise you to abandon certain thoughts.”

“Should I discover your intention to steal the Qi Fortune of the Eastern Domain, I will destroy the child in your belly.”

Hearing these words, Lu Chen chuckled, knowing full well that Xiyue Immortal Emperor hadn’t such thoughts, merely using the child to threaten him.

Lu Chen said, “Rest assured, I will not contend with you for the Qi Fortune of the Eastern Domain.”

Xiyue Immortal Emperor looked at Lu Chen doubtfully, “You had better keep your word.”

Even if Lu Chen moved to the Eastern Domain, Xiyue Immortal Emperor considered it wouldn’t be safe, and some would still covet the opportunity Lu Chen possessed.

People die for wealth, birds perish for food, the outside world is rife with rumors that Lu Chen bears the chance to break through to Immortal Emperor, a chance tempting enough for those Immortal Venerates to take risks.

The best plan was to inform everyone in the Tianyan Immortal Domain that Lu Chen belonged to her, only then could deter those harboring ill intent against Lu Chen.

Thinking of this, Xiyue Immortal Emperor hesitated not, instantly releasing an aura, spreading her voice across the entire Tianyan Immortal Domain.

“Lu Chen is my couple; from this day forth, whoever dares strike at my couple, I shall fight them to the death!”

Upon hearing Xiyue Immortal Emperor’s announcement, all factions within the Tianyan Immortal Domain erupted in uproar.

Since rumors of Lu Chen possessing the chance to become Emperor emerged, numerous factions have coveted discovering Lu Chen’s Main Body.

Who would have thought Lu Chen was actually the couple of Xiyue Immortal Emperor, and not only that, Xiyue Immortal Emperor even uttered the words “fight to the death” because of Lu Chen.

For Xiyue Immortal Emperor to employ such words proved Lu Chen’s immense value to her, with Xiyue Immortal Emperor backing him, who would dare make a move against Lu Chen.

...

Central Domain.

In the sky, a vast Floating Island slowly flew towards the Barbaric lands.

At this moment, a surging aura erupted from a grand hall on the Floating Island, “Damn it!!”

The voice of Hidden Moon Sect Leader instantly spread throughout the Barbaric Immortal Ship fleet.

The next moment, the leaders of various Barbaric forces arrived at the Meeting Hall on the Floating Island.

Hidden Moon Sect Leader sat on the Immortal Throne within the hall, his expression somber, silent.

Just then, an Immortal Venerate spoke, “Sect Leader, now that Lu Chen has become Xiyue Immortal Emperor’s couple, do we act upon returning?”

Hidden Moon Sect Leader glared fiercely at the Immortal Venerate, “You wish to die, don’t drag me down!”

Xiyue Immortal Emperor voiced the words “fight to the death,” who would dare approach Lu Chen.

Xiyue Immortal Emperor remains at the peak of her time as Immortal Emperor; should she be enraged, and truly fight to the death, the Barbaric lands might last less than fifty years before complete annihilation.

Hidden Moon Sect Leader coldly remarked, “Really don’t know what kind of cursed luck that guy has, to be favored by Xiyue Immortal Emperor!”

Dragon Soaring Immortal Venerate said, “When Xiyue Immortal Emperor became Emperor, rumors claimed her breakthrough was due to the chance of becoming Emperor from Lu Chen, perhaps that is why she chooses to protect him.”

Listening to Dragon Soaring Immortal Venerate, the present Immortal Venerate thought over it, finding some logic therein.

An Immortal Venerate said, “To be tied by such great cause and effect, Xiyue Immortal Emperor indeed ought to repay Lu Chen.”

“But in doing so, we cannot obtain the Emperor’s chance from Lu Chen.”

Hidden Moon Sect Leader pondered, then said, “Xiyue Immortal Emperor can protect Lu Chen for a while, I don’t believe she can protect him forever.”

With Xiyue Immortal Emperor having spoken, they indeed cannot act against Lu Chen presently, but their restraint doesn’t mean other factions will do the same.

The Barbaric lands may fear Xiyue Immortal Emperor, but the Northern Domain may not, with Demon Emperor’s might presumably surpassing Xiyue Immortal Emperor.

They could consider inciting conflicts between Demon Emperor and Xiyue Immortal Emperor, or enticing Nine Heavens Institute to act against Lu Chen, then lurk behind to reap benefits.

Of course, plotting against Nine Heavens Institute carries severe consequences, should Demon Emperor discover it, the Barbaric lands too would face disaster, thus careful and prolonged planning is necessary.

...

Nine Heavens Institute.

In the sky.

Seated amidst a cluster of Heavenly Demon Power, Xuan Qingyun heard Xiyue Immortal Emperor's voice and suddenly opened her violet eyes, clenching her Jade Fist as the Heavenly Demon Power upon her surged outward uncontrollably.

She originally planned to use various factions within Tianyan Immortal Domain to deal with Lu Chen; however, he then revealed himself as Xiyue Immortal Emperor's couple.

Lu Chen becoming Xiyue Immortal Emperor's couple was not the most significant.

Throughout history, genuinely devoted couples have been rare, especially those willing to fight to the death for their partner.

While couples are often like birds sharing the same forest, in crises, they fly apart, that is the norm.

What kind of enchanted brew Lu Chen fed Xiyue Immortal Emperor, for her to willingly fight to the death for him?

Xuan Qingyun scoffed coldly, “In Tianyan Immortal Domain, couples who turn on each other abound, I don’t believe she genuinely cares that much for Lu Chen!”

Xiyue Immortal Emperor, being an Immortal Emperor herself, should she learn that Lu Chen also had many paramours within the Chaotic Sea, how would she react?

As long as a rift developed between Xiyue Immortal Emperor and Lu Chen, with her ceasing to shield him, Lu Chen would soon again attract the attention of various Tianyan Immortal Domain factions.

Thinking thus, Xuan Qingyun condensed a Memory Pearl, then pointed towards the Eastern Domain, sending the Memory Pearl flying directly towards Tianxi Palace within the Eastern Domain.

...

Tianxi Palace.

Lu Chen gazed affectionately at Xiyue Immortal Emperor, “My lady, you treat me so well.”

Lu Chen hadn’t expected Xiyue Immortal Emperor to publicly declare him as her couple, even though her favorability towards him already reached one hundred percent, she always retained the pride befitting an Immortal Emperor.

An Immortal Emperor stands at the pinnacle of Tianyan Immortal Domain, the couple they seek must be extraordinary too, while he only had Immortal King Cultivation currently; he didn’t know what immense determination allowed her to admit him as her couple.

As Lu Chen’s gaze nearly melted while fixating on her, Xiyue Immortal Emperor immediately dismissed him with disdain, “How disgusting, I didn’t do this for you, if not for the child in my belly, I would never have proclaimed you as my couple.”

Lu Chen chuckled, “Admit it, you’re just too in love with me, afraid of losing me.”

Xiyue Immortal Emperor glared at Lu Chen, this scoundrel really knows how to climb upwards.

Just as Xiyue Immortal Emperor prepared to say more, she suddenly turned towards the Northern Domain; her serene countenance instantly solemn.

The next moment, a terrifying aura descended upon Tianxi Palace.

Xiyue Immortal Emperor hurriedly released Divine Thought, and above Tianxi Palace emerged a Divine Thought Avatar of her ten thousand feet tall; she raised her hand and grasped the black Memory Pearl attacking from the Northern Domain.

Sensing a Memory Pearl in her grip, Xiyue Immortal Emperor paused.

## **Having children earns benefit, start competing for dominance in the world by marrying a wife**

Xiyue Immortal Emperor looked puzzled at the Memory Pearl in her hand. What does Demon Emperor mean by this, throwing a Memory Pearl at her?

Could it be that there are secrets about this world inside the Memory Pearl?

Thinking of this, Xiyue Immortal Emperor directly used her immortal power to activate the Memory Pearl and read the memories inside.

This...

After reading the Memory Pearl sent by Xuan Qingyun, Xiyue Immortal Emperor was stunned again. Turns out these were Xuan Qingyun's memories regarding Lu Chen in the Chaotic Sea.

That rascal had so many beautiful companions in the Chaotic Sea.

But come to think of it, Lu Chen's fondness for women is well-known. Why would Xuan Qingyun send this Memory Pearl for her to see?

Could it be...

Xiyue Immortal Emperor quickly guessed Xuan Qingyun's reason for sending the Memory Pearl.

She had announced Lu Chen as her couple, and then Xuan Qingyun sent memories of Lu Chen with other women right after, clearly hoping not to see her relationship with Lu Chen improve.

To put it plainly, she wanted to create a rift between herself and Lu Chen, to damage their relationship.

In this way, Lu Chen would lose her support, and he would return to an era where everyone was vying for him.

At this moment, Xiyue Immortal Emperor turned to stare at Lu Chen. Being stared at directly by Xiyue Immortal Emperor's red eyes made Lu Chen feel weird, "What's going on, my dear?"

Xiyue Immortal Emperor asked expressionlessly, "Do you have a grudge with Demon Emperor?"

Lu Chen replied, "It's just that we've clashed a few times, it's not a particularly deep-seated hatred. If there really was a deep hatred after she's regained strength, she'd come to trouble me."

Xiyue Immortal Emperor said, "She just sent over a Memory Pearl, and it's all about you and your beautiful companions in the Chaotic Sea."

This...

Lu Chen was stunned for a moment, why did Xuan Qingyun send these memories to Xiyue Immortal Emperor?

Is she trying to damage his relationship with Xiyue Immortal Emperor?

After snapping back to reality, Lu Chen laughed and said, "Seems like Demon Emperor has taken a fancy to me. After hearing you say I'm your couple, she's jealous, so she's trying to use past events to damage our relationship."

Hearing this, Xiyue Immortal Emperor shot Lu Chen a glance. This ruffian is still thinking of Demon Emperor.

Indeed a beast, able to be lustful towards anyone.

But hearing Lu Chen say this, it led her to some suspicion; if Lu Chen really had a grudge with Demon Emperor, then Demon Emperor should have dealt with Lu Chen a long time ago instead of making these little moves.

With the Cultivation State of Demon Emperor and Immortal Emperor, solving Lu Chen shouldn't be a difficult task, right?

Could it be, as Lu Chen said, that Demon Emperor actually has feelings for Lu Chen?

Xiyue Immortal Emperor quickly stopped herself from thinking any further; she didn't believe that a demon would have feelings. Perhaps Demon Emperor hasn't made a move against Lu Chen because she also knows Lu Chen's true identity is complicated, so she doesn't dare to act rashly and can only make small moves.

Now that she thinks about it, the reason Lu Chen is being targeted by all the various forces of Tianyan Immortal Domain again is because Demon Emperor took over the Sunset Mountain Range. Lu Chen isn't as important to Tianyan Immortal Domain anymore.

And the rumors of Lu Chen having Emperor Cheng opportunities have spread very quickly, clearly someone is fanning the flames from behind. At this time, Demon Emperor also wants to damage their relationship; it's hard not to suspect that all this is related to Demon Emperor.

Thinking of this, Xiyue Immortal Emperor directly said to Lu Chen, "I suspect that the reason you're being targeted by various forces again is because Demon Emperor is stirring trouble behind the scenes."

Hearing Xiyue Immortal Emperor's speculation, Lu Chen asked, "Why do you think so?"

Xiyue Immortal Emperor said, "In the past, when weird creatures broke the sealing, I didn't see Demon Emperor make a move. Then she took over the Sunset Mountain Range later, is she really that kind-hearted?"

"If she really cared about Tianyan Immortal Domain, not wanting to see it destroyed, she would have made a move when the sealing was broken, not waited so long to take action."

"She took over the Sunset Mountain Range clearly to weaken your importance to Tianyan Immortal Domain. With her guarding the Sunset Mountain Range, you're not that useful anymore."

Lu Chen thought for a moment, indeed what Xiyue Immortal Emperor said made sense. However, if Xuan Qingyun really wanted to trouble him, why make it so complicated? Now that she's an Immortal Emperor, she can just directly make trouble for him, right?

Lu Chen's mind froze, and suddenly an image of the Red Flower Sedan appeared in his mind. He hadn't seen the Red Flower Sedan for a long time. He had suspected before that as long as a woman who meets the system's criteria made a move against him, the Red Flower Sedan would likely appear and transport the two to the Small World within the Red Flower Sedan to consummate.

Xuan Qingyun was called the Heavenly Mystery Maiden when she was inside the Chaos Beast's belly; her Deduction Technique is very powerful, and she must have known about the existence of the Red Flower Sedan long ago.

Moreover, she can deduce the future; perhaps she realized that if she made a move against him, she would be trapped by the Red Flower Sedan, which is why she dared not personally attack him.

If this is the case, then Xuan Qingyun's small moves behind the scenes can be understood.

Thinking about the Red Flower Sedan, Lu Chen couldn't help but let out a soft chuckle. Even without this Red Flower Sedan, he has conquered many women in Tianyan Immortal Domain with higher Realms than his own.

However, come to think of it, the Red Flower Sedan is indeed one of his confidences.

Seeing Lu Chen remain silent, Xiyue Immortal Emperor continued, "Even Demon Emperor doesn't dare to personally make a move against you; it seems your real identity is quite extraordinary."

Lu Chen returned to his senses and laughed saying, "What kind of identity could I have? I'm just a lustful person."

Xiyue Immortal Emperor said faintly, "Seems you have some self-awareness after all."

"No matter what little tricks Demon Emperor uses against you behind the scenes, my words have already been spoken. From now on, there shouldn't be any forces in Tianyan Immortal Domain daring to make a move against you."

Lu Chen laughed and said, "It's always my dear who cares for me the most."

...

Mysterious Moon Palace.

In Yun Meng Hall, Immortal Venerable Yun Meng, wearing the Seven-Colored Immortal Robe, sat on the Immortal Throne, looking serious, seemingly contemplating something.

She muttered to herself, "Didn't expect there to be an Immortal Emperor behind Lu Chen!"

She initially thought of controlling Lu Chen to make him useful for Mysterious Moon Palace. Most importantly, she actually yearned for the Emperor Cheng opportunity on Lu Chen. But with Xiyue Immortal Emperor's words, who dares to target Lu Chen now?

Immortal Venerable Yun Meng was curious. How did Xiyue Immortal Emperor, an Immortal Emperor, come to fancy Lu Chen and even made him her couple?

Xiyue Immortal Emperor didn't say Lu Chen was her person, nor did she say he was her Furnace Cauldron or male pet, but she called him her couple. The status of a couple is much higher than that of a Furnace Cauldron or male pet, indicating Xiyue Immortal Emperor regards Lu Chen as an equal.

Immortal Venerable Yun Meng sighed slightly. Seems she cannot play tricks in front of Lu Chen anymore.

She also wondered when their ancestor could awaken to live a second life; she sensed that disaster was drawing nearer.

Just as Immortal Venerable Yun Meng was sitting on the Immortal Throne and zoning out, a cold, emotionless voice suddenly appeared in her mind.

"Come to my place."

## **Having children earns benefit, start competing for dominance in the world by marrying a wife**

Upon hearing the cold voice in her mind, Immortal Venerable Yun Meng suddenly snapped back to reality, sweeping away the worry in her heart.

The next moment, her body disappeared from where she stood, and moments later, she reappeared in the forbidden area of the Mysterious Moon Palace.

In the tranquil cave dwelling, Netherworld Flowers emitting a blue glow were everywhere, and in the middle of the hall, there was a Crystal Coffin, above which floated a mass of black aura.

When Immortal Venerable Yun Meng arrived at the self-sealed site of Immortal Emperor Youlan, she was immediately awestruck by the black aura above the Crystal Coffin.

From the Crystal Coffin of Immortal Emperor Youlan, black aura continually seeped out through the gaps.

The aura emitted by this black aura filled Immortal Venerable Yun Meng with great fear, as if standing before a great terror that could devour her at any moment.

This is...

Mysterious Power...

How is this possible...

Although she hadn't gone to reinforce those sealings in the Sunset Mountain Range, she had some understanding of Mysterious Power.

This silent, all-devouring force could only be Mysterious Power.

How could there be Mysterious Power inside their ancestor's Crystal Coffin!!!

Could it be that their ancestor had already been corrupted by Mysterious Power and transformed into a mysterious creature?

At this thought, the exquisite features of Immortal Venerable Yun Meng instantly turned ashen, devoid of blood.

Seeing Immortal Venerable Yun Meng standing dazedly outside the altar, the voice of Immortal Emperor Youlan reached her mind again, "What's wrong? Scared?"

Upon hearing the emotionless voice of Immortal Emperor Youlan, Immortal Venerable Yun Meng immediately came to her senses and quickly asked, "Ancestor, have you... have you sided with the mysterious creatures?"

Immortal Emperor Youlan originally intended to use the Possession Technique to live a second life, but later said she no longer needed a host body. Immortal Venerable Yun Meng suspected that it was then that Immortal Emperor Youlan sided with the mysterious creatures, voluntarily transforming into one.

Since mysterious creatures are immortal, even if they die, they can be resurrected.

Considering this possibility, Immortal Venerable Yun Meng involuntarily clenched her Jade Fist, recalling how Immortal Emperor Youlan had said the destruction of the seals in the Sunset Mountain Range would be an opportunity for her.

Their own ancestor had become a mysterious creature, naturally siding with the mysterious creatures.

Immortal Emperor Youlan knew what Immortal Venerable Yun Meng was thinking and transmitted her voice into her mind again.

"I am originally a person of the Deceit Realm, so where's there to talk of siding?"

This...

Immortal Venerable Yun Meng found it hard to believe what she heard. Did that mean their ancestor was originally a mysterious creature?

How could this be?

It seemed their ancestor had never used Mysterious Power before.

Immortal Emperor Youlan continued, "Not only am I a person of the Deceit Realm, but you are also a person of the Deceit Realm."

Immortal Venerable Yun Meng's beautiful eyes fixed on the Crystal Coffin of Immortal Emperor Youlan, incredulous as she asked, "Ancestor, what on earth... happened?"

Immortal Venerable Yun Meng never expected that her true identity would be a mysterious creature.

Immortal Emperor Youlan said, "Your memory has not yet awakened, so telling you this now has no meaning."

"I originally thought it was only possible to live a second life through the Soul Stealing Technique, until the awakening of the sealed memory in the depths of my Divine Soul at the end of my limit. Only then did I realize I didn't need the Soul Stealing Technique because I am inherently immortal."

"Not only am I this way, but so are you."

Immortal Venerable Yun Meng fell into silence and didn't know what to say for a moment.

For tens of billions of years, as an Immortal, and now her ancestor was telling her she was a mysterious creature.

Immortal Emperor Youlan, knowing that Immortal Venerable Yun Meng would be unable to accept this for a while, continued, "Before your memory awakens, there's no need to think too much. You only need to know that our greatest enemy is Lu Chen."

Upon hearing Lu Chen's name, Immortal Venerable Yun Meng's heart skipped a beat.

Lu Chen?

Is their greatest enemy???

She had considered Lu Chen as an ally of the Mysterious Moon Palace, even instructing Heavenly Language Immortal Venerable to use a beauty ploy on Lu Chen, yet Lu Chen had become their greatest enemy?

Immortal Venerable Yun Meng asked, "Ancestor, since you have awakened, when will you emerge from seclusion?"

She no longer understood the situation in the Tianyan Immortal Domain, her own ancestor turned into a mysterious creature, and even she might be a mysterious creature, making Lu Chen their greatest enemy instead.

She also harbored some suspicion that Immortal Emperor Youlan might have been corrupted by Mysterious Power, transformed into a mysterious creature, and was deceiving her.

Yet, for some reason, the voice of Immortal Emperor Youlan seemed to resonate with her Divine Soul. She faintly sensed something sealed within the depths of her Divine Soul, forcing her to believe the truth in Immortal Emperor Youlan's words.

Not knowing what next steps to take, she could only ask Immortal Emperor Youlan to come out of seclusion and take charge of the Mysterious Moon Palace.

Immortal Emperor Youlan said, "The time is not yet right. When catastrophe arrives, that will be when I emerge from seclusion."

Immortal Venerable Yun Meng was filled with questions, unsure where to start.

"What should be done about Lu Chen?"

Since Lu Chen is their greatest enemy, they could not allow him to remain at the Mysterious Moon Palace.

When Immortal Venerable Yun Meng spoke, Immortal Emperor Youlan's voice resonated in her mind.

"Ignore him; his will is currently helping us suppress the Mysterious Power in the Tianyan Immortal Domain."

Immortal Venerable Yun Meng felt confused; if Lu Chen is their greatest enemy among the mysterious creatures, why did Immortal Emperor Youlan say his will was helping them suppress Mysterious Power?

Why would this enemy Lu Chen help them?

They were mysterious creatures, and logically, Mysterious Power should nourish them. So why did they need Lu Chen's will to suppress it?

As Immortal Venerable Yun Meng was lost in thought, Immortal Emperor Youlan's voice resonated again, "Before the disaster arrives, the Mysterious Moon Palace need not do anything."

"I considered helping you regain your memory quickly, but Lu Chen's will can barely suppress the Mysterious Power. If you all recover your memories before the disaster arrives, our eons of planning will come to nothing."

Although she didn't understand what Immortal Emperor Youlan meant, Immortal Venerable Yun Meng vaguely realized that there might have been some sort of agreement between the mysterious creatures and their greatest enemy Lu Chen.

Immortal Venerable Yun Meng then respectfully said, "Disciple understands."

Immortal Emperor Youlan said, "You may leave."

"Disciple bids farewell."

After speaking, Immortal Venerable Yun Meng left Immortal Emperor Youlan's cave, feeling dazed and confused.

After Immortal Venerable Yun Meng left, the emotionless voice of Immortal Emperor Youlan echoed within the cave, "Lu Chen, when the disaster passes, the Deceit Realm will grind you to dust."

After the words were spoken, the mass of black aura above Immortal Emperor Youlan's Crystal Coffin began to slowly transform, gradually taking the shape of a woman.

...

Nine Heavens Institute.

In the sky, Xuan Qingyun suddenly opened her eyes, her gaze fixed intently towards the direction of the Central Domain.

Immediately, Xuan Qingyun activated the Power of Heavenly Mechanism to deduce what was happening in the Central Domain.

But as soon as she started deducing, a force of backlash surged into her mind, and Xuan Qingyun coughed up a mouthful of blood.

With a face full of disbelief, Xuan Qingyun looked towards the Central Domain.

In her perception, a great terror had emerged in the Central Domain, a being whose power far surpassed that of an Immortal Emperor. Just a wisp of its aura brought upon her a sense of mortal danger.

Until now, only Lu Chen was beyond her control, and she never imagined that such a terrifying existence could be born in the Tianyan Immortal Domain.

This led her to a bold hypothesis within her heart.

Could it be...

Someone from beyond the realm has descended?

**Having children earns benefit, start competing for dominance in the world by marrying a wife**

Tianxi Palace.

Within the sleeping chambers of Xiyue Immortal Emperor, she was originally toying with Lu Chen using her tail, but for some reason, she suddenly froze, stunned, as she turned her gaze straightforwardly toward the direction of the Central Domain, a hint of terror flashing in her eyes.

Seeing Xiyue Immortal Emperor's tail no longer teasing him, but rather staring blankly at the Central Domain, Lu Chen asked puzzled, "What happened?"

Upon hearing Lu Chen's voice, Xiyue Immortal Emperor came back to her senses and countered, "Didn't you sense it?"

Lu Chen asked puzzled, "Sense what?"

Xiyue Immortal Emperor directly stated, "An existence beyond the Immortal Emperor was born in the Central Domain."

An existence beyond Immortal Emperor???

Lu Chen was instantly dumbfounded.

The realm of Immortal Emperor has only just lifted its restrictions, how could there possibly be an existence beyond Immortal Emperor?

Could it be someone from beyond the domain?

Currently, Xiyue Immortal Emperor was frowning deeply, her heart filled with worry, as the Central Domain originally lacked even a single Immortal Emperor, yet now suddenly a being beyond Immortal Emperor emerged.

Meanwhile.

Mysterious Moon Palace.

Within Yun Yudie's chamber, Lu Chen was energetically arguing, when Yun Yudie suddenly sensed something, mobilizing her entire immortal power to instantly immobilize Lu Chen.

Subsequently, Yun Yudie turned pale and looked towards the direction of the Central Domain.

Seeing Yun Yudie's expression, Lu Chen directly asked, "You sensed it too?"

Yun Yudie regained her composure and responded with a "hmm."

Then she continued, "It seems like something terrifying was born in the Central Domain, but no aura has leaked, which is odd."

Typically, when an Immortal Venerate breaks through to become an Immortal Emperor, their Emperor's Mighty would uncontrollably radiate, and similarly when an Immortal Emperor breaks through, an aura leak would occur.

However, the terrifying existence Yun Yudie sensed in a vague manner did not have any aura leak, as though the terrifying existence just suddenly appeared.

Seeing Yun Yudie sense it while he did not perceive anything, Lu Chen couldn't help but suspect if it was due to his low cultivation level that he couldn't sense that terrifying existence.

In the Mysterious Moon Palace, Lu Chen's other body was planning to assault the Heavenly Language Immortal Venerable, when the Immortal Venerable suddenly used a hand to hold Lu Chen back, preventing him from continuing.

The Heavenly Language Immortal Venerable then turned to look in the direction of Mysterious Moon Palace's forbidden area, pondering something unknown.

Not only the Heavenly Language Immortal Venerable, but Xu Jingshu from the Cloud Dream Peak small world also directed her gaze towards the depths of Mysterious Moon Palace.

Seeing the reactions of his multiple women, Lu Chen began to suspect, it's evident that an existence he cannot perceive has emerged.

This existence seems perceivable only by his women.

Judging by their gazes, this existence is very likely within Mysterious Moon Palace.

Lu Chen was somewhat puzzled why even Xu Jingshu and Xiao Xueying could perceive it while he couldn't, and besides his women, others seemingly couldn't perceive it either.

Daqin Immortal Dynasty.

Lu Chen didn't believe only Yun Yudie and the others could sense it, so he directly conveyed the news to all the Immortal Venerates of Daqin Immortal Dynasty.

Moments later, the Immortal Venerates in the Barbaric regions of Daqin Immortal Dynasty all gathered in the Hall of Political Affairs, looking confusedly at Lu Chen, curious about why he summoned them at this time.

Lu Chen directly asked, "Did any of you sense any changes in the Central Domain?"

Upon hearing the question, the Immortal Venerates in the hall looked at each other.

Changes in the Central Domain?

How come they didn't know?

Seeing no response, Lu Chen directly asked Wan Xu Immortal Venerable standing in the lead, "Wan Xu Immortal Venerable, did you sense any terrifying aura just now?"

Wan Xu Immortal Venerable bowed respectfully and said, "Your Majesty, I did not sense anything unusual."

With the Immortal Venerates present evidently not sensing any abnormalities in the Central Domain, Lu Chen was mostly convinced that indeed, only his women could perceive the terrifying existence in the Central Domain.

Wan Xu Immortal Venerable at this moment proactively asked, "Your Majesty, do we know what changes occurred in the Central Domain?"

Lu Chen replied, "It's nothing, I was just asking casually, since you haven't sensed it let's drop it, go back to your cultivation."

The Immortal Venerates immediately replied, "We take our leave!"

Once the Immortal Venerates departed the hall, Lu Chen fell into contemplation; who exactly is this person, and why can only his women perceive that person's existence.

Or could it be intentional by the other party for his women to sense their aura?

If that's the case, wouldn't the other person be targeting him?

But if targeting him, then he should also sense the aura, why let only his women sense it.

Lu Chen pondered for a long time but couldn't unravel the purpose behind the terrifying existence sensed by Yun Yudie and the others. He simply ceased overthinking and directed Yun Yudie and the others to continuously monitor the Central Domain and observe whether the terrifying existence would leave the Central Domain for elsewhere.

Time passed day after day, and in the blink of an eye, decades had gone by.

During these decades, the decline of Tianyan Immortal Domain had gradually started to show, although Tianyan Immortal Domain experienced several recoveries of immortal aura, making it increasingly dense, the overall Qi Fortune of Tianyan Immortal Domain continued to decline.

Moreover, many cracks appeared all over Tianyan Immortal Domain, with Chaos Qi infiltrating through these cracks, causing several regions in Tianyan Immortal Domain to become deadlands.

Originally, Lu Chen was still considering having Xiao Xueying and the others give birth to more children for him, but for some unknown reason, even though they had comprehended the Life Dao, conceiving became increasingly difficult.

Clearly, the Mysterious Power has been growing increasingly invasive towards the Life Dao.

To conceive offspring, one requires not just the Reproduction Path but also the Life Dao, although the Mysterious Power contaminating the Reproduction Path was eradicated for certain reasons, making the period after Lu Chen returned to Tianyan Immortal Domain most suitable for conceiving offspring.

However, with the Life Dao being eroded by the Mysterious Power, conceiving offspring has again become challenging, of course, the Life Dao influences more than just conceiving offspring; its greatest impact remains on an Immortal's lifespan.

After the Life Dao was eroded by the Mysterious Power, the end of an Immortal's longevity arrived increasingly early. If not for the Heavenly Dao lifting the realm restrictions, adding ten layers to each great realm, it's feared there would scarcely be any Immortal Venerates left in Tianyan Immortal Domain now.

Mysterious Moon Palace.

Within Yun Yudie's chamber, Lu Chen and Yun Yudie were intimately seated face-to-face on the soft couch.

Looking into Yun Yudie's eyes, Lu Chen asked, "Is that terrifying existence still in the Central Domain?"

Yun Yudie replied, "Still there, it seems like they've been anchored at one spot without moving."

Upon hearing Yun Yudie's words, Lu Chen felt deeply perplexed, pondering who that person might be.

Could it really be Immortal Emperor Youlan?

Over these few decades, through analyzing various collected information, he was almost certain Yun Yudie and the others sensed the terrifying existence in the Mysterious Moon Palace.

And the likely individual exuding such terrifying aura within the Mysterious Moon Palace would be Immortal Emperor Youlan, who has been in a self-sealed state.

Yet what Lu Chen couldn't understand is, if it was Immortal Emperor Youlan who lived out a second life and had cultivation surpassing the Immortal Emperor Realm, why remain in the forbidden area of Mysterious Moon Palace without coming out.

# Having children earns benefit, start competing for dominance in the world by marrying a wife

Yun Yudie noticed Lu Chen had fallen silent and, without speaking, she asked, "You have a clone in the Central Domain, have you found any clues about that person?"

Recovering his senses, Lu Chen raised his hands and held Yun Yudie's slender waist, letting her sit across his lap.

"I should know who that person is already, but I can't confirm until she leaves seclusion."

Yun Yudie raised a delicate hand, naturally wrapping it around Lu Chen's neck, slightly bowing her head to look into his eyes, and asked, "Who is it?"

Lu Chen answered, "Immortal Emperor Youlan."

Upon hearing these four words, Yun Yudie was momentarily stupefied.

Lu Chen had told her that the reason Immortal Emperor Youlan sought someone who could cultivate 'Life is Like a Dream' was to find a body for reincarnation, wanting to use a special Soul Stealing Technique to live a second life.

If Immortal Emperor Youlan truly is that terrifying existence, does it mean she has already lived a second life?

After a while, Yun Yudie came back to her senses, "Has your daughter been reincarnated?"

Lu Chen said, "No, Immortal Emperor Youlan seemed to have found another way to live a second life, abandoning the Soul Stealing Technique long ago."

"Now, all we can do is wait. If Immortal Emperor Youlan has indeed lived a second life, even if she doesn't leave seclusion, Mysterious Moon Palace should still take some action."

Since the restrictions in Tianyan Immortal Domain were lifted, Mysterious Moon Palace's control over the Central Domain has greatly reduced, and now several super forces in the Central Domain want to break free from its grasp.

If Immortal Emperor Youlan has lived a second life, then even without her direct involvement, it will grant Mysterious Moon Palace immense confidence, prompting them to clear out those traitors and consolidate their rule over the Central Domain.

But so far, Lu Chen hasn't seen any signs of Mysterious Moon Palace solidifying their control, which left him somewhat puzzled, even suspecting that maybe Immortal Emperor Youlan hadn't informed others in Mysterious Moon Palace about her second life, hence no action being taken.

At this time, Lu Chen began to move slightly; rather than guessing about these things, he should think about how to make Yun Yudie succumb. Anyway, that terrifying existence hasn't acted yet, thinking about it won't help.

If that terrifying existence was truly targeting him, they would have acted a long time ago, not just stayed motionless in the Central Domain.

Seeing Lu Chen starting to move her waist, Yun Yudie gave him a speechless glance.

They've been together for so many years, yet this guy hasn't given up, always wanting her to give in, she felt her inner resolve was about to crumble.

She considered just having a child with this guy to stop him from continuously pondering about it.

But thinking about the current situation in Tianyan Immortal Domain, Yun Yudie dropped the idea of having children with Lu Chen; Tianyan Immortal Domain was

increasingly unstable, and if she got pregnant, her cultivation state would inevitably stall, lacking strength when a major calamity strikes, how would she face it?

Her most important task now was to advance her cultivation state to see if there's hope to break through to the Immortal Emperor Realm, as for having children with Lu Chen, she might consider it once she reaches the Immortal Emperor Realm.

Just as Yun Yudie was pondering this, suddenly her brain felt a blur, and then it seemed an unfamiliar woman's voice was heard in her mind.

"You should awaken!"

The woman's voice was cold, devoid of any emotion, akin to millennium-old ice; merely hearing it made one feel as if falling into an ice cave.

Just as Lu Chen was about to intensify with Yun Yudie, he suddenly noticed Yun Yudie closing her eyes, her entire body going limp, a pained expression appearing on her face.

Lu Chen was momentarily stunned.

They had practiced dual cultivation countless times, and Yun Yudie had never displayed such an expression; she was, after all, Immortal Venerate, no matter how fierce he was, it wouldn't cause her discomfort.

Yun Yudie's sudden pained appearance clearly indicated something was amiss with her body, and Lu Chen quickly supported her, urgently asking, "Yudie, what's happening to you?"

While speaking, Lu Chen quickly infused her with life force, checking her body to see if there was any abnormality.

However, after Lu Chen's inspection, her body showed no issues.

Just as Lu Chen was puzzled, he suddenly noticed black aura emanating from Yun Yudie.

At this moment, the two were very close, and the black aura rushed towards Lu Chen, who quickly used immortal power to repel it, trying to suppress the black aura with his immortal power.

But he quickly realized his immortal power was being devoured by the black aura, instantly prompting him to recognize it as mysterious power.

Momentarily stunned, Lu Chen saw mysterious power on Yun Yudie; how could this be?

Could Yun Yudie, like Xu Jingshu, be half-human, half-mysterious?

But how is that possible?

While Lu Chen was distracted, he suddenly discovered that not just Yun Yudie, but his other women were also emitting mysterious power.

Tianxi Palace.

In the bedchamber, Xiyue Immortal Emperor looked strangely at the black aura emanating from her, as at this moment Lu Chen was entwined by her tail.

Initially she was just teasing Lu Chen with her tail as usual, but suddenly a woman's voice emerged in her mind, followed by a feeling as if some seal within her divine soul was unlocked, then the mysterious power emerged from her divine soul.

Perhaps because Xiyue Immortal Emperor was an Immortal Emperor, she was different from Lu Chen's other women, Xiyue Immortal Emperor was still able to remain conscious.

Noticing Xiyue Immortal Emperor still conscious, Lu Chen quickly asked, "Xiyue, how are you feeling now?"

Xiyue Immortal Emperor slightly raised her head, looking at Lu Chen with an absent gaze, "Just now, it seemed I heard a woman's voice saying you should all awaken."

Upon hearing Xiyue Immortal Emperor's words, Lu Chen was momentarily stunned.

You should all awaken? Who does this "you" refer to, could it be his women?

Thinking this, Lu Chen couldn't help but break into a cold sweat, a terrifying guess suddenly arose in his mind.

Could it be that all his women are mysterious creatures?

Because in his prior lives, he was immensely powerful, mysterious creatures couldn't kill him, thus waited until he reincarnated, using systematic ways to lure him into pursuing these women, eventually drowning him in the gentle embrace of these mysterious creatures.

To prevent him from uncovering the truth, these mysterious creatures sealed their memories, and now, with their plan nearing success, they are preparing to awaken these female mysterious beings to fully reveal themselves?

Considering this possibility, an overwhelming sense of crisis surged within.

Since awakening the system, he had always suspected a massive conspiracy behind it, that the system could either be benevolent or malevolent, ultimately it served a purpose.

Lu Chen couldn't help pondering, perhaps the true nature of the system was finally about to surface.

If it is indeed as he speculates, what should he do then?

## **Having children earns benefit, start competing for dominance in the world by marrying a wife**

Lu Chen had been with these women for so many years, spending countless nights together. It was impossible to say he felt nothing for them.

Although his actions seemed somewhat like a scoundrel, he indeed cared for them in his heart, especially since most of the women had borne his children.

If everything from the system was a scheme by the mysterious creatures and those women were actually mysterious creatures, what would happen to his children?

As Lu Chen was lost in thought, Xiyue Immortal Emperor continued, "Deep within this emperor's divine soul, there is a sealing of mysterious power. It seems this emperor's identity is not ordinary."

Upon sensing the mysterious power within her, Xiyue Immortal Emperor didn't panic much. She realized this mysterious power was controllable, and she could easily conceal it.

Seeing Lu Chen suddenly fall silent, his whole being distant and his expression terrible, Xiyue Immortal Emperor suddenly thought of something and sneered, saying, "What's the matter? You used to call me so intimately, and now that you see I have mysterious power, are you frightened, scared stiff by this emperor?"

Upon hearing Xiyue Immortal Emperor's words, Lu Chen snapped back to reality. He tried hard to remain calm and avoid letting his thoughts run wild.

If everything behind the system was really the plot of mysterious creatures, now he seemed unable to resist, especially as his memories of past lives hadn't fully returned. He had no idea who he was before.

There's no use thinking too much now.

Lu Chen then calmly said, "Afraid? Even if you're a mysterious creature, so what? I only know you're my woman."

Lu Chen figured it out. Even if he was trapped by mysterious creatures, the deeds were done, and he had enjoyed it. There's nothing to fret over.

Hearing Lu Chen's words, Xiyue Immortal Emperor looked at him with disdain, "You dog, you even go after mysterious creatures."

Lu Chen tentatively asked, "Since the mysterious power within you is unsealed, have you also awakened any sealed memories?"

Xiyue Immortal Emperor thought for a moment, "Indeed, there is something sealed deep in this emperor's divine soul. But the sealing is too powerful; it might not be unsealed any time soon."

Although Lu Chen reminded himself to stay calm in his heart, hearing Xiyue Immortal Emperor's words still sent a chill through him. He felt his suspicions might come true.

If he was really duped by mysterious creatures, spending day and night with them, thinking about those mysterious creatures with rotting flesh and exposed skeletons, Lu Chen instantly lost all interest in women.

Seeing Lu Chen again dazed by her words, with even his passion dissipating, Xiyue Immortal Emperor directly wrapped Lu Chen in front of her with her tail, raised her jade hand to stroke his chin, and looked into his eyes, saying, "You say you don't care, but who knows what you actually think inside."

"Aren't you already thinking about how to seal this emperor? Remember, inside this emperor is also your child. Could you truly do it?"

This...

Lu Chen snapped back to reality again, smiling, "What are you taking me for? How could I do anything to my wife and child?"

Xiyue Immortal Emperor said blandly, "Know one's face but not their heart."

"Don't forget, we have the Unity Seal between us, and this emperor can sense your anxiety."

Upon hearing Xiyue Immortal Emperor, Lu Chen recalled that he had signed the Unity Seal with her; Xiyue Immortal Emperor could sense his state, and vice versa, he could sense hers.

Thinking of this, Lu Chen's eyes lit up.

Yes, with the Unity Seal, he could also feel Xiyue Immortal Emperor's state.

As the thought crossed his mind, Lu Chen didn't hesitate, directly activating the Unity Seal to probe into Xiyue Immortal Emperor's condition.

The very next moment, he discovered indeed a black mass sealed deep within her divine soul, occasionally leaking strands of mysterious power. It seemed the seal was strong but might not last long.

Lu Chen speculated that this black aura might contain Xiyue Immortal Emperor's past memories, likely from before reincarnation. It's possible Xiyue Immortal Emperor, like him, had undergone several reincarnations.

Noticing Lu Chen using the Unity Seal, Xiyue Immortal Emperor cast a cold glance at Lu Chen. This dog, he really is as she said, only pretending not to care, now using Unity Seal to probe her divine soul state.

At this point, Lu Chen asked, "Aren't you curious about what's sealed within your divine soul?"

Xiyue Immortal Emperor replied, "What's there to be curious about? It's nothing but some past memories."

Lu Chen continued asking, "Aren't you curious about your past?"

Xiyue Immortal Emperor said placidly, "Once the time is ripe, this emperor will know. It's you who must be very concerned about what's in there, right?"

Saying this, Xiyue Immortal Emperor gazed directly into Lu Chen's eyes with her red pupils.

Lu Chen smiled and said, "I'm actually not that concerned."

Faced with Lu Chen's insincerity, Xiyue Immortal Emperor was indifferent, thinking to herself, he indeed cares. Anyone would be concerned if the mysterious creatures they once guarded against appeared right before them.

Xiyue Immortal Emperor continued, "Now that I think about it, the woman who transmitted her voice to this emperor earlier should be the terrifying presence in the Central Domain."

Upon hearing this, Lu Chen's brow furrowed; this meant that mysterious creature had surpassed the Immortal Emperor's level. If this was indeed the case, the Tianyan Immortal Domain might be doomed.

However, speaking of which, if that terrifying presence was truly a mysterious creature, the Tianyan Immortal Domain should have been destroyed by now.

Or is it that this existence, surpassing the Immortal Emperor, is sealed like the previous Blood Ancestor and thus unable to leave their place?

Of course, there could be another possibility: the other party might be like Xiyue Immortal Emperor, a half-human, half-mysterious existence harboring no great malice towards Tianyan Immortal Domain, or perhaps they haven't fully recovered all of the mysterious creature memories.

If one day they regain all their memories as a mysterious creature, perhaps that would be the time for the destruction of the Tianyan Immortal Domain.

Thinking of this, Lu Chen asked, "So, do you mean that frightening existence is also a mysterious creature? If she's truly a mysterious creature, why wouldn't she immediately destroy the sealing of the Sunset Mountain Range, release all those mysterious creatures, and annihilate the Tianyan Immortal Domain?"

Xiyue Immortal Emperor pondered and then said, "Maybe she too, like this emperor, has some memories sealed deep within her divine soul."

Saying this, Xiyue Immortal Emperor displayed a playful smile, staring into Lu Chen's eyes, "Are you afraid that once the things inside this emperor's divine soul are unsealed, this emperor will turn into a complete mysterious creature and destroy the Tianyan Immortal Domain like those others?"

## **Having children earns benefit, start competing for dominance in the world by marrying a wife**

Upon hearing the question from the Xiyue Immortal Emperor, Lu Chen hesitated.

"Uh..."

"You'll always be my wife."

Lu Chen didn't answer directly. In his heart, he naturally worried that one day all his women would become strange creatures, and this was all a setup devised by these creatures.

Seeing Lu Chen not directly answering her question, the Xiyue Immortal Emperor sneered. This dog actually said earlier that even if she were a strange creature, she would still be his wife, but now he didn't even dare to answer this question.

The Xiyue Immortal Emperor continued to ask, "If I really were to become a strange creature and stand against the Tianyan Immortal Domain, then which side would you support?"

This...

Lu Chen, for a moment, didn't know how to answer this question.

If the Xiyue Immortal Emperor were to really become a strange creature, his women would likely all become strange creatures too. He really didn't know whether to stand against them or take action against them.

Seeing Lu Chen remain silent, the Xiyue Immortal Emperor laughed softly and then said, "Speaking of love, yet hesitating when faced with such a question. It seems you only consider me a tool for bearing your children."

"But don't worry, if one day I really become a strange creature, I won't kill you. You'll still be my male pet."

In the Xiyue Immortal Emperor's view, even if she became a strange creature, it would mean merely an additional power within her. She didn't believe that her mind would be affected by the Mysterious Power.

She could think this way mainly because she now controlled the mysterious power leaking from her Divine Soul, and she believed this power could be fully controlled by her, as long as her mind remained clear.

But Lu Chen didn't believe the words of the Xiyue Immortal Emperor. It wasn't that he didn't trust her, but he didn't believe she could maintain her consciousness under the long-term erosion of the Mysterious Power.

If the mind of the Xiyue Immortal Emperor was thoroughly eroded by the Mysterious Power, she probably would have no feelings for him left, and by that time, the two would stand on opposing sides.

...

Meanwhile.

Chaotic Sea, Tianchen World.

In the Wind Cloud Palace, all of Lu Chen's women were emanating a thick black aura, and they could clearly feel the seal within their Divine Souls was significantly loosened and would be fully unsealed soon.

At this moment, the women opened their eyes and felt the power within them, displaying expressions of worry.

Mu Zixuan looked at the Mysterious Power twisting space from her palm and muttered to herself, "What kind of power is this? It's so overwhelming that it can twist space just by being released?"

Hearing Mu Zixuan's question, the women fell silent, as no one could answer her question at that moment.

Chu Yuqin said, "This black force is sealed within our Divine Souls and likely isn't any kind of immortal power."

In the women's memories, they had never encountered Mysterious Power, so they didn't realize that the black force emanating from them was the so-called Mysterious Power of the Tianyan Immortal Domain.

Pei Shuhua then harnessed her powers to feel her internal Cultivation State and exclaimed with delight, "Perhaps once the seal within our Divine Souls is fully gone, we can use this black force to cultivate to higher realms."

The Tianchen World and those child worlds they resided in were maintained by the lingering power within the Chaos Beast. Regardless of how much they cultivated, without sufficient power sources, their Cultivation State couldn't advance further.

A skillful woman cannot cook without rice; without immortal power, their realm was halted. But since the black force began leaking from their Divine Souls, their Cultivation State started loosening, and some even broke through to higher realms.

Clearly, this black force could be used by them, and the little bit of power leaking from deep within the Divine Soul compared to the sealed black sphere was just a trace, yet even this trace enabled them to advance.

If the seal broke, and they absorbed all the power within the black sphere, wouldn't they be able to cultivate normally?

If they could normally cultivate, perhaps breaking through to the Immortal King Realm in the Tianchen World wouldn't be impossible.

However, while they could continue cultivating and break through to higher realms, some remained unable to feel happy.

Zhou Youyou sighed softly and said, "Sigh, I wonder how Lu Chen is doing now."

Their descendants had descendants of their own, and many of those lacking cultivation aptitude grew old and passed away. Witnessing their descendants' deaths one by one, they felt the passage of time and missed Lu Chen even more.

...

Tianyan Immortal Domain, Northern Domain.

Cangyi Sect.

Outside the mountain gate, a group of people in black immortal robes were shouting.

"Cangyi Immortal Monarch, get out here quickly, or we'll destroy your sect!"

"A mere small sect, daring to provoke us from the Great Qin Immortal Dynasty."

"Cangyi Immortal Monarch, come out here and die!"

...

At this moment, a group of Immortals from the Northern Domain watched outside the Cangyi Sect's mountain gate, and one of Lu Chen's bodies was among them.

Lu Chen glanced over at the people shouting outside the Cangyi Sect's mountain gate and found they were all from the Great Qin Immortal Dynasty, and importantly, most of them had loyalty levels to the dynasty above sixty.

This confused Lu Chen; the people from the Great Qin Immortal Dynasty had indeed spread throughout Tianyan Immortal Domain, but few ever came to the Northern Domain. Previously, only spies he sent to gather information had come.

Moreover, what were these people from the Great Qin Immortal Dynasty doing shouting outside a small sect with just an Immortal Monarch?

Lu Chen patted the shoulder of a nearby Immortal in a gray robe and curiously asked, "Dear friend, why have the people from the Great Qin Immortal Dynasty come to our Northern Domain? What do they want with the Cangyi Immortal Monarch?"

Hearing Lu Chen's question, the gray-robed Immortal turned to look at Lu Chen and then said, "Ever since Xiyue Immortal Emperor announced Lu Chen as her partner, the people from the Great Qin Immortal Dynasty have been acting recklessly."

"Currently, the people from the Great Qin Immortal Dynasty are everywhere in the Tianyan Immortal Domain, and with an Immortal Emperor backing them, they act brazenly without considering the people from other realms."

"I've heard that when the Cangyi Immortal Monarch was exploring a Secret Realm, they obtained some treasure, which was then seized by people from the Great Qin Dynasty. Frustrated, the Cangyi Immortal Monarch argued a bit, but the others suddenly attacked, trying to kill the Cangyi Immortal Monarch, forcing the Immortal Monarch to fight back in self-defense, ultimately killing those people from the Great Qin Dynasty in that Secret Realm. However, others witnessed this incident."

"Hearing this, the nearby people from the Great Qin Dynasty came to surround the Cangyi Sect, wanting to destroy it."

Hearing this, Lu Chen was taken aback, then said, "The Northern Domain is the Demon Emperor's territory, yet the people from the Great Qin Dynasty dare to cause trouble here?"

The Immortal said, "Exactly, maybe it's because the Great Qin people think the Demon Emperor wouldn't dare to do anything about the one backing the Great Qin, so they act so recklessly."

Lu Chen furrowed his brow, feeling something wasn't right.

Such incidents weren't isolated; his bodies throughout the Tianyan Immortal Domain had encountered many similar events.

## **Chapter 2109 - 1799: I Don't Believe the Nine Heavens Institute Dares to Offend Our Daqin Immortal Dynasty**

Lu Chen discovered that the people of the Daqin Immortal Dynasty were becoming increasingly arrogant, although in this world the strong prey on the weak, and the strong are revered. Such things as vying for opportunities within a Secret Realm are very common.

But what he heard about the people of Daqin wiping out entire families just to seize treasure had become exceedingly frequent.

Furthermore, many people of Daqin disregarded rules and acted wantonly on other territories, as if the entire Tianyan Immortal Domain was already under Daqin's reign.

Initially, when he heard about these matters, he thought it was someone leveraging the identity of Daqin people to cause trouble, attempting to frame others. However, later on, he witnessed similar incidents multiple times himself. He used the system to identify those wrongdoers of Daqin and found that they were indeed from the Daqin Immortal Dynasty, and their Loyalty wasn't even low; they hadn't betrayed the Daqin Immortal Dynasty.

If this continues, it's likely that Daqin Immortal Dynasty will sooner or later offend all forces in the Tianyan Immortal Domain.

Lu Chen pondered, there is surely some problem here. Each time he held a Great Court Assembly, he would remind the leaders of the subordinate forces to manage their members well, yet the number of wrongdoers from Daqin remained high.

He always felt that there might be some conspiracy behind this.

While Lu Chen was lost in thought, the Sect Master of Cangyi Sect, Cangyi Immortal Monarch, arrived at the mountain gate, and furiously said, "Your Daqin Immortal Dynasty should not bully others excessively. This is not the Barbaric!"

Upon hearing Cangyi Immortal Monarch's words, a Daqin Immortal dismissed it saying, "What if it's not the Barbaric? Nowadays, which realm can't we Daqin people go to."

"Cangyi Immortal Monarch, if you dare offend us Daqin people, today your Cangyi Sect can vanish from this world!"

Cangyi Immortal Monarch immediately took out an Immortal Sword, continuing to warn, "Our Cangyi Sect is a subordinate force to the Nine Heavens Institute. Dare move against Cangyi Sect, and you'll be opposing the Nine Heavens Institute!"

A Daqin Immortal laughed coldly, saying, "Ridiculous, how can the Nine Heavens Institute possibly stand against our Daqin Immortal Dynasty for an ant-like sect without even an Immortal King? You probably have no idea who supports our Daqin Immortal Dynasty!"

At that moment, another Daqin Immortal said, "Couldn't care less to argue with them. Since they're not coming out, we'll directly break their Sect Protection Array and rush in to deal with them all."

With that, the Daqin Immortal Monarch struck a palm, and in the next moment, a golden barrier appeared before everyone.

The golden protective Barrier enveloped the entire Cangyi Sect; this was the Sect Protection Array of Cangyi Sect.

Seeing the Sect Protection Array of Cangyi Sect had manifested, the leading Immortal Monarch from Daqin Immortal Dynasty immediately said, "Go all out, break their turtle shell!"

At this moment, a man dressed in a black Immortal Robe appeared above Cangyi Sect. He glanced at the people of Daqin present, then said, "Isn't your Daqin Immortal Dynasty being a bit overboard!"

Upon hearing this, everyone's gaze turned toward the man in the sky. His Cultivation State wasn't very high; he was just an Immortal Monarch, yet he wore the disciple attire of the Nine Heavens Institute.

Seeing the newcomer was a disciple of the Nine Heavens Institute, the Daqin Immortal Dynasty's people halted, but they did not immediately retreat.

At this time, the leading Hao Lang Immortal Monarch of Daqin Immortal Dynasty laughed and said, "So what if it's the Nine Heavens Institute? Cangyi Sect offended us first, even if Cangyi Sect is a subordinate force to the Nine Heavens Institute, it should still be destroyed!"

The disciple from the Nine Heavens Institute in the sky snorted coldly, saying, "Presumptuous! The Northern Domain is a territory controlled by the Nine Heavens Institute, not a place for your Daqin Immortal Dynasty to rampage!"

"It's bad enough that your Daqin people came to the Northern Domain, but now you actually want to destroy a subordinate force of the Nine Heavens Institute, simply lawless! You don't seem to know what the word 'death' means!"

Hao Lang Immortal Monarch said nonchalantly, "I truly don't know how to spell the word 'death.' I don't believe your Nine Heavens Institute dares to offend our Daqin Immortal Dynasty!"

Upon hearing Hao Lang Immortal Monarch's words, Lu Chen's face turned extremely grim; he couldn't listen anymore, such arrogance.

Even he, as the Immortal Emperor, wasn't this arrogant, running to someone else's territory is one thing, but daring to instigate matters recklessly, now actually wanting to eliminate a subordinate force of the Nine Heavens Institute right before the disciples' eyes.

If one did not know better, they would think he, the Immortal Emperor, is already the Immortal Emperor, but Daqin merely has an Immortal Emperor backing it, not that Daqin itself possesses an Immortal Emperor. Besides, in terms of real strength, Xiyue Immortal Emperor isn't even a match for Xuan Qingyun, how dare these people be so arrogant?

Seeing Hao Lang Immortal Monarch being so arrogant, the face of the Nine Heavens Institute disciple in the sky also darkened. Recently, more and more

people from Daqin Immortal Dynasty had been arriving at the Northern Domain, completely disregarding the Nine Heavens Institute.

The Heavenly Girl had not spoken, thus the Nine Heavens Institute had been ignoring Daqin Immortal Dynasty, but the result was that Daqin people became increasingly rampant, exterminating many subordinate forces of the Nine Heavens Institute.

Although the forces exterminated by Daqin were all minor, this was still the territory of the Nine Heavens Institute, and those minor forces were considered subordinate to the Nine Heavens Institute, clearly Daqin people didn't take the Nine Heavens Institute seriously.

Hao Lang Immortal Monarch saw the Nine Heavens Institute disciple in the sky did not speak, thinking he had intimidated them, thus he said to his entourage, "Let's continue!"

Seeing the Daqin people about to resume their attack on Cangyi Sect's Sect Protection Array, at this moment, a voice echoed from the crowd of onlookers.

"Stop all of you!"

Hearing this voice, Hao Lang Immortal Monarch paused for a moment, then turned to look at the crowd, "Who dares interfere with our Daqin affairs?"

The onlookers quickly distanced themselves from Lu Chen, the crowd parted, leaving Lu Chen standing alone.

Daqin Immortal Dynasty now had a very large population, the vast majority had not seen Lu Chen's appearance, and someone like Hao Lang Immortal Monarch, being an Immortal Monarch, had even less qualification to meet Lu Chen. Plus, with Lu Chen slightly altering his appearance, Daqin people present certainly couldn't recognize Lu Chen.

Hao Lang Immortal Monarch glared at Lu Chen and said, "Who are you to tell us to stop!"

Lu Chen said indifferently, "I have never seen people as arrogant as you, aren't you afraid that your Immortal Emperor will wipe you out when he learns of your deeds?"

Hao Lang Immortal Monarch said arrogantly, "Wipe us out? What a joke. Our Immortal Emperor cherishes his people the most, how could he possibly wipe us out? Besides, what we are doing is spreading Daqin's prestige, even if our Immortal Emperor knows, he will only support us."

Lu Chen could no longer tolerate it; spreading Daqin's prestige? What nonsense! It's clearly creating enemies for the Daqin Immortal Dynasty.

If it wasn't for the system identifying these guys with high Loyalty to the Daqin Immortal Dynasty, he would surely think this group were disciples disguised by other forces.

Lu Chen didn't bother to waste words here anymore, and immediately unleashed the Immortal King's imposing pressure from himself.

Feeling Lu Chen's imposing pressure, the faces of the Immortals present changed dramatically.

"Im... Immortal King!!!"

"Such a remote place actually has an Immortal King!"

"But even though he is an Immortal King, he shouldn't provoke Daqin Immortal Dynasty, knowing that Daqin has an Immortal Emperor supporting it."

"Indeed, this Immortal King is too impulsive."

## Capítulo 2110: Chapter 1800: I Am One of Great Qin

Upon feeling the Immortal King pressure released by Lu Chen, the people of Great Qin present were initially stunned, but quickly regained composure, showing no trace of fear.

Hao Lang Immortal Monarch threatened, “Does Your Excellency think you can intervene in Great Qin’s matters just because you are an Immortal King?”

“Let alone an Immortal King, even an Immortal Venerate is of no concern to us.”

Lu Chen coldly said, “As far as I know, your Great Qin’s Immortal Emperor is merely at the level of an Immortal King.”

Hao Lang Immortal Monarch nonchalantly retorted, “So what, our Immortal Emperor has an Immortal Emperor behind him. No matter if he is an Immortal King or a Mortal Immortal, you are no match for him.”

Lu Chen, expressionless, replied, “Very well, today I will certainly intervene in this matter of yours!”

Speaking, Lu Chen gathered his immortal power, unleashed a formidable palm strike, and a powerful Palm Qi formed by immortal power sent the people of Great Qin surrounding Cangyi Sect flying away.

Hao Lang Immortal Monarch and the others weren’t particularly strong, Lu Chen didn’t even need to use Immortal Law, he suppressed them with just his palm.

The people present were dumbfounded seeing Lu Chen actually attacking the people of Great Qin.

“Who is this person, so audacious?”

“Even the Immortal Monarch from the Nine Heavens Institute doesn’t dare to attack the people of Great Qin, yet he dares to provoke them?”

“Now he is done for, the Daqin Immortal Dynasty will certainly send people to hunt him!”

...

Hao Lang Immortal Monarch lay on the ground, spitting blood, looking at Lu Chen in disbelief, he had been in the Northern Domain for some time.

Since Xiyue Immortal Emperor publicly declared Lu Chen to be her couple, Hao Lang Immortal Monarch, no matter what trouble he caused, as long as he revealed he was from the Daqin Immortal Dynasty, no one dared to do anything to him.

Yet, today in such a remote area, there was an Immortal King who did not fear the Daqin Immortal Dynasty and dared to attack him directly.

Though injured, Hao Lang Immortal Monarch still threatened, “Do you know what you are doing? How dare you hurt us, the Daqin Immortal Dynasty won’t spare you!”

Lu Chen coldly replied, “Then I cannot wait to see what the Daqin Immortal Dynasty will do to me!”

Upon hearing Lu Chen’s words, the Immortals present were stunned, it was said that the people of Great Qin were arrogant, yet here was someone more arrogant.

One must know that Great Qin has an Immortal Emperor behind them, this Immortal King dares to provoke the Daqin Immortal Dynasty.

Lu Chen continued, “Not only the Daqin Immortal Dynasty, even if Xiyue Immortal Emperor came, I wouldn’t fear!”

This...

Upon hearing Lu Chen’s words, the scene became silent, even the sound of breathing was audible.

Provoking the Daqin Immortal Dynasty was one thing, after all, their Immortal Emperor was merely at the level of an Immortal King, but this lone Immortal King dared to say he feared not even Xiyue Immortal Emperor.

An Immortal Emperor cannot be humiliated, this person had already named Xiyue Immortal Emperor and claimed not to fear her, surely Xiyue Immortal Emperor had sensed these words.

At any moment, Xiyue Immortal Emperor might strike from afar, or send forth a Divine Thought to wipe him out.

Just as people thought Lu Chen was doomed, after a while, nothing happened.

Hao Lang Immortal Monarch regained his composure and said, “You... how dare you say such things, wait... wait, you will be wiped away by that eminence!”

Lu Chen sneered, “Wiped away by that eminence? Are you saying Xiyue Immortal Emperor will wipe me out?”

“Fine, I’ll wait here, let’s see when Xiyue Immortal Emperor will strike to erase me.”

Seeing no fear on Lu Chen’s face, instead uttering provocations toward Xiyue Immortal Emperor, the Immortals present held their breath, thinking Lu Chen’s life was swiftly slipping away.

Yet, after more than a dozen breaths, Lu Chen still stood on the spot, no Divine Thought from Xiyue Immortal Emperor appeared either.

Upon seeing Lu Chen speak in such a manner, and Xiyue Immortal Emperor not appearing, Hao Lang Immortal Monarch and his cohort became scared.

This Immortal King dares not only to challenge the Daqin Immortal Dynasty but also to provoke Xiyue Immortal Emperor, and since Xiyue Immortal Emperor hasn’t acted to obliterate him, is it likely he’ll deal harshly with them next?

Seeing Lu Chen wasn't wiped out by Xiyue Immortal Emperor, the Immortals started discussing again.

“What’s happening, why hasn’t that eminence acted yet?”

“This person called her by name, surely she should have sensed it.”

“Do you think it’s possible that he’s in the Northern Domain, where a Heavenly Girl resides, so she dares not strike?”

“I think so, the Heavenly Girl became an Immortal Emperor before her, surely her skills are stronger, besides, the Northern Domain is controlled by the Heavenly Girl, if she appears here, it’d be a challenge to the Heavenly Girl.”

“Thinking about it, the people of Great Qin are indeed foolish, choosing to cause trouble in a domain controlled by another Immortal Emperor.”

“Isn’t it possible this Immortal King was sent by the Nine Heavens Institute to deal with these Great Qin people?”

“I feel it is, perhaps the Heavenly Girl noticed the little tricks of the Great Qin people and couldn’t stand it, thus sent an Immortal King to handle them.”

...

For the moment, Lu Chen was considered by the Immortals to be from the Nine Heavens Institute.

Hao Lang Immortal Monarch’s face turned ashen upon hearing the discussions, big beads of sweat rolled down his forehead.

Hao Lang Immortal Monarch hurriedly knelt and pleaded, “Spare us, senior, we will leave the Northern Domain and never return!”

At this moment, Hao Lang Immortal Monarch assumed Lu Chen was dispatched by the upper echelons of the Nine Heavens Institute to cleanse them as Great Qin people, and the Demon Emperor, after all being an Immortal Emperor, wouldn’t handle such trivial characters directly, but very likely sent Immortal Kings to do so.

If this Immortal King was sent by the Demon Emperor, they were undoubtedly doomed today, preserving life became the priority, as only living would allow a chance for revenge against this Immortal King.

Seeing Hao Lang Immortal Monarch kneeling, the other members of the Daqin Immortal Dynasty also knelt and kowtowed to Lu Chen pleading for mercy.

Then, a Nine Heavens Institute disciple who had been watching from high above approached Lu Chen, “Greetings, senior! Might you be from my Nine Heavens Institute?”

Upon hearing the Immortal’s discussions, this Nine Heavens Institute Immortal Monarch assumed Lu Chen was sent from above, since few dared challenge the Daqin Immortal Dynasty and provoke Xiyue Immortal Emperor.

Even members of the Nine Heavens Institute wouldn’t speak lightly of Xiyue Immortal Emperor, as Immortal Emperors wouldn’t easily engage in battle, if one spoke poorly of other Immortal Emperors, their Heavenly Girl might hand them over to Xiyue Immortal Emperor for an explanation, yet here was one daring to openly provoke Xiyue Immortal Emperor, showing he likely received a task from the Heavenly Girl.

At this moment, all eyes of the Immortals were focused on Lu Chen, awaiting his response.

Lu Chen did not pretend to be a disciple of the Nine Heavens Institute, instead, he directly said, “I am not from the Nine Heavens Institute, I am from Great Qin!”

Upon hearing Lu Chen’s reply, the Immortals present were dumbfounded.

From Great Qin?

Great Qin people are known for arrogance, yet here stood a Great Qin Immortal King speaking for other forces, how could this be?
