

# Having children earns benefit, start competing for dominance in the world by marrying a wife

The Hidden Moon Sect Leader pondered for a long time, weighing the pros and cons, and decided that cooperating with the Blood Ancestor was the best choice.

Of course, he was also acutely aware that the Blood Ancestor harbored ulterior motives.

It was possible that once he had destroyed the Daqin Immortal Dynasty, the Blood Ancestor would lead the Blood Eagle Hall to immediately invade the Barbaric lands.

However, if he could obtain the power to counter the Blood Ancestor from Lu Chen, there would be no need to fear the Blood Ancestor then.

The biggest problem now was to have someone who could stand against Xiyue Immortal Emperor; otherwise, as soon as the Hidden Moon Sect sent troops against the Daqin Immortal Dynasty, Xiyue Immortal Emperor would come to the Barbaric lands. How would they destroy the Daqin Immortal Dynasty then?

With this in mind, the Hidden Moon Sect Leader said to the Blood Ancestor: "I can agree to join forces with your Blood Eagle Hall against the Daqin Immortal Dynasty, but you must publicly stand against Lu Chen, and you must delay Xiyue Immortal Emperor."

"If Xiyue Immortal Emperor comes to save Lu Chen, you must make your move."

"If your Blood Eagle Hall only watches the Hidden Moon Sect attack the Daqin Immortal Dynasty, then there is no need for us to form an alliance."

Seeing the Hidden Moon Sect Leader agree, the Blood Ancestor immediately said: "Naturally, you can rest assured, Lu Chen is my mortal enemy. I only want him dead, and I will definitely not let anyone stop the Hidden Moon Sect from attacking the Daqin Immortal Dynasty."

The Hidden Moon Sect Leader initially thought of having the Blood Ancestor take a Heavenly Dao Oath, but then reconsidered, realizing that with the Blood Ancestor's Immortal Emperor-level strength, the Heavenly Dao might no longer be able to restrain him, and making him swear a Blood Oath would likely have no effect.

The Hidden Moon Sect Leader said: "Since that's the case, let your clone remain in the Hidden Moon Sect. I shall now summon the leaders of various Barbaric forces to discuss the matter of attacking the Daqin Immortal Dynasty."

As his words fell, the Hidden Moon Sect Leader activated the power of the Divine Corpse and directly transmitted his voice to the leaders of those top Barbaric forces, instructing them to promptly go to the Hidden Moon Sect for discussion.

...

Hidden Moon Sect, Meeting Hall.

The clones of the leaders of various forces arrived at the Hidden Moon Sect, all curious about why the Hidden Moon Sect Leader was gathering them now. Maybe the Hidden Moon Sect Leader's cultivation had made a breakthrough, and he was preparing to continue attacking the Southern Domain?

Soon the leaders realized a problem; this time, the Hidden Moon Sect Leader seemed to have only summoned those top Barbaric forces.

When the leaders arrived at the Meeting Hall and saw the Hidden Moon Sect Leader, they were momentarily taken aback.

The Hidden Moon Sect Leader's aura was already very weak, and judging by his appearance, he seemed even older than before.

What's happening?

Has the Hidden Moon Sect Leader's strength declined?

Considering this possibility, some of the leaders present immediately had some thoughts.

If the Hidden Moon Sect Leader's strength had indeed declined, then the position of hegemon within the Hidden Moon Sect could exchange hands.

Just as the leaders were contemplating how they might replace the Hidden Moon Sect Leader, the Hidden Moon Sect Leader on the Immortal Throne in the hall spoke up: "The reason for gathering you all today is primarily about one matter."

"In the battle for the Southern Domain, each of the forces lost many people, yet what they gained was minimal. The Qi Fortune wasn't distributed much, but some Immortal Dynasties, without much effort, acquired a large amount of Qi Fortune."

Upon hearing this, people began speculating about whom the Hidden Moon Sect Leader was referring to, but before he could continue, Dragon Soaring Immortal Venerate was the first to speak: "You mean Lu Chen, Sect Leader?"

Upon hearing this question, everyone turned their heads toward Dragon Soaring Immortal Venerate. They had thought of many people, but never Lu Chen. After

all, Lu Chen wasn't present today, and he was backed by Xiyue Immortal Emperor. They had thought the Hidden Moon Sect Leader meant someone present.

The Hidden Moon Sect Leader directly said: "Precisely Lu Chen."

"You should already know Lu Chen has recently broken through to become an Immortal Venerate. Since returning from the Chaotic Sea, he's broken through to Immortal Venerate not long after. Partly due to his exceptional talent, but more because he acquired a significant amount of Qi Fortune during the battle for the Southern Domain."

Upon hearing this, the leaders basically understood why the Hidden Moon Sect Leader convened them today. The Hidden Moon Sect Leader likely intended to target Lu Chen.

At this moment, an Immortal Venerate reminded: "Sect Leader, you should remember that there's someone behind Lu Chen, right?"

It's impossible to say no one desires the Qi Fortune of the Daqin Immortal Dynasty. If the Daqin Immortal Dynasty only had Immortal Kings, those Barbaric forces would have already divided it.

But the current Daqin Immortal Dynasty has absorbed many Immortals from the Southern Domain, even including several Immortal Venerates. More importantly,

behind Lu Chen stands Xiyue Immortal Emperor, whom the Barbaric forces cannot afford to offend.

Xiyue Immortal Emperor has stated that if anyone tries to harm Lu Chen, she would pursue them to the death. If they attack the Daqin Immortal Dynasty, they might send troops in the morning and by afternoon have the entire Barbaric realm leveled by Xiyue Immortal Emperor.

Under such circumstances, no one dares to attack the Daqin Immortal Dynasty.

The Hidden Moon Sect Leader knows what is on the minds of the leaders present; he continued: "I understand your concerns. I too was initially worried, but I have invited an ally, one who can restrain the person behind Lu Chen."

Before they could come over, a scent of blood wafted into their nostrils. The next moment, a thick blood aura appeared in the center of the hall.

Sensing the blood aura, the leaders instantly became vigilant, staring intently at the mass of blood aura in the hall.

Quickly, the blood aura formed into a smaller version of the Blood Ancestor. Upon realizing it was the Blood Ancestor, the leaders present immediately changed expressions as though facing a formidable enemy, each preparing to flee.

However, some quickly realized that the Blood Ancestor's aura didn't seem very strong, appearing only to have Immortal Venerable Cultivation.

Dragon Soaring Immortal Venerate raised his head to look at the Hidden Moon Sect Leader atop the Immortal Throne. Seeing no change in expression on the Sect Leader's face, he promptly asked: "Sect Leader, what do you mean by this?"

The Hidden Moon Sect Leader directly said: "I believe you all recognize the Blood Ancestor, correct? This is the ally I have brought to restrain the person behind Lu Chen."

This...

The leaders present were bewildered; could this enemy serve to distract Xiyue Immortal Emperor?

Would the Blood Ancestor help them?

At this moment, the Blood Ancestor spoke: "I am not a true enemy of the Barbaric realm. Initially, when you invaded the Southern Domain, you inadvertently helped me absorb a large amount of the blood aura from slain Immortals, allowing my cultivation to rapidly recover to its peak state. Thus, I must thank you."

The leaders were even more baffled; the former enemy has suddenly become their friend?

The Blood Ancestor continued: "Lu Chen of the past life is my mortal enemy, so not only do you wish to eliminate him, but I also want to deal with him while his cultivation hasn't recovered. The enemy of my enemy is my friend."

Dragon Soaring Immortal Venerate frowned, feeling something was amiss, and soon asked: "May I inquire, Blood Ancestor, why do you not take action directly against Lu Chen yourself?"

The Blood Ancestor replied: "Your Sect Leader knows the reason, which I cannot currently disclose to you."

Seeing that the time had come, the Hidden Moon Sect Leader spoke: "With the Blood Ancestor restraining that person behind Lu Chen, you can confidently attack the Daqin Immortal Dynasty. I assure you, whoever can kill Lu Chen will receive all of Daqin Immortal Dynasty's Qi Fortune in the Southern Domain."

## **Chapter 2122 - 1812: The Hidden Moon Sect May Not Be a Match for the Daqin Immortal Dynasty**

Upon hearing the words of the Hidden Moon Sect Leader, the hearts of the leaders in the hall grew restless. They knew that Lu Chen had absorbed a large number of refugees in the Southern Domain, and a significant portion of the Qi Fortune in the Southern Domain had converged on the Daqin Immortal Dynasty.

If they could take over the Qi Fortune of the Daqin Immortal Dynasty in the Southern Domain, their respective factions would certainly see a significant increase in Qi Fortune.

However, they were still somewhat anxious. After all, the Blood Ancestor had been their enemy before, and they couldn't fully trust that the Blood Ancestor would wholeheartedly help the Barbaric forces to restrain the Xiyue Immortal Emperor.

At this moment, the Hidden Moon Sect Leader reminded them, "Lu Chen has the Immortal Emperor behind him, and now the Barbaric forces also have an Immortal Emperor. I hope everyone won't choose the wrong path."

Upon hearing this reminder from the Hidden Moon Sect Leader, the leaders present instantly realized they had no choice, even if they were unwilling.

If they attacked the Daqin Immortal Dynasty and took action against Lu Chen, they would offend the Xiyue Immortal Emperor. But if they didn't attack the Daqin Immortal Dynasty, they would not only offend the Hidden Moon Sect Leader but also the Blood Ancestor.

The Blood Ancestor was also an Immortal Emperor, and moreover, an Evil Immortal Emperor. Coupled with the fact that the Hidden Moon Sect Leader possessed power close to an Immortal Emperor, compared to offending these two, they would still rather offend the Xiyue Immortal Emperor.

Moreover, being under the eaves, they had to bow their heads. If they refused, they would probably be the first to be annihilated.

At this time, the leaders in the hall unanimously said, "We respectfully obey the Sect Leader's Immortal Order!"

The Hidden Moon Sect Leader continued, "In that case, I ask everyone to go back and prepare, and before we officially mobilize, keep this matter secret."

As the Hidden Moon Sect Leader's words fell, the leaders in the hall gradually departed, leaving only the Immortal Venerate and the Blood Ancestor from the Hidden Moon Sect.

At this moment, the Hidden Moon Sect Leader set his gaze on the Fire Phoenix Immortal Venerable and asked, "Fire Phoenix Immortal Venerable, after I went into seclusion, did you continue to carry out the plan I initially set?"

When he went into seclusion, he had entrusted the task of provoking a conflict between the Daqin Immortal Dynasty and the Nine Heavens Institute to the Fire Phoenix Immortal Venerable. However, after one hundred years in seclusion, it

seemed that the Nine Heavens Institute had not taken any action against the Daqin Immortal Dynasty, which puzzled the Hidden Moon Sect Leader.

The Demon Emperor's strength should be greater than that of the Xiyue Immortal Emperor, so why was the Demon Emperor still fearing the Xiyue Immortal Emperor?

The Fire Phoenix Immortal Venerable replied, "Sect Leader, since you went into seclusion, I have constantly incited conflicts between the Daqin Immortal Dynasty and the Nine Heavens Institute. However, the Daqin Immortal Dynasty seems to be aware and generally expels any wrongdoers among its people, while the Nine Heavens Institute has continually exercised restraint towards the Daqin Immortal Dynasty."

Hearing their conversation, the Blood Ancestor in the hall couldn't help but let out a cold laugh, which immediately caught the Hidden Moon Sect Leader's attention. As the Hidden Moon Sect Leader turned his gaze towards the Blood Ancestor intending to ask why he laughed, the Blood Ancestor simply stated, "Don't count on the Demon Emperor; the Demon Emperor also fears Lu Chen and has no intention of making a move against the Daqin Immortal Dynasty."

"I went to see the Demon Emperor, and she was even considering letting our Blood Eagle Hall probe Lu Chen's strength."

The Hidden Moon Sect Leader frowned deeply and asked, "Why does the Demon Emperor fear Lu Chen? In theory, her strength far surpasses the Xiyue Immortal Emperor behind Lu Chen; she shouldn't fear the Xiyue Immortal Emperor."

The Blood Ancestor explained, "It's not the Xiyue Immortal Emperor she fears, but Lu Chen himself. You've practiced the Divine Light Thousand Lamp Scripture disseminated by Lu Chen, which has a terrifyingly potent restraining effect on the Heavenly Demon Power."

"Moreover, Lu Chen has an Immortal Law even more potent than the Divine Light Thousand Lamp Scripture to counter the Heavenly Demon Power."

Upon hearing this, the Hidden Moon Sect Leader pondered if this might be why the Blood Ancestor dared not directly attack the Daqin Immortal Dynasty.

The Divine Light Thousand Lamp Scripture of Lu Chen not only could counter the Heavenly Demon Power but also had restraining effects on Evil Qi, and it had certain influences on malevolent powers. The Blood Ancestor mentioned that Lu Chen possessed an Immortal Law even more powerful than the Divine Light Thousand Lamp Scripture, which suggested that this Immortal Law might also counter the Heavenly Demon Power and Evil Qi.

Realizing that Lu Chen concealed his strength in the battle between the Barbaric and the Southern Domain, the Hidden Moon Sect Leader became increasingly displeased with Lu Chen.

If they could seize this Immortal Law from Lu Chen and cultivate it, they would no longer need to fear the Blood Ancestor or the Demon Emperor.

With this thought, the Hidden Moon Sect Leader made up his mind that the Immortal Law mentioned by the Blood Ancestor must be obtained by the Hidden Moon Sect.

...

Daqin Immortal Dynasty.

Imperial Palace.

In the Cultivation Room, Lu Chen was harnessing the Heaven Opening Seal to absorb the Qi Fortune of the Tianyan Immortal Domain. At that moment, he sensed the presence of the Fire Phoenix Immortal Venerable, and he immediately ceased his cultivation, teleporting instantly to the Imperial Study Room.

The Fire Phoenix Immortal Venerable was already waiting in the Imperial Study Room. Upon seeing Lu Chen's arrival, he promptly saluted and said, "Greetings, Your Majesty!"

Lu Chen inquired, "Has the Hidden Moon Sect made any new moves?"

The Fire Phoenix Immortal Venerable immediately replied, "The Hidden Moon Sect Leader has come out of seclusion, and the Hidden Moon Sect Leader has already allied with the Blood Ancestor, planning to attack the Daqin Immortal Dynasty."

As he spoke, the Fire Phoenix Immortal Venerable condensed the memories of the Hidden Moon Sect Meeting Hall into a Memory Pearl and presented it to Lu Chen.

Lu Chen lifted his finger, sending a strand of immortal power into the Memory Pearl, reading the memories within.

After reading the Memory Pearl, Lu Chen fell into contemplation. Currently, his cultivation state was merely at an Immortal Venerate level. If he truly faced the Blood Ancestor, he might not be able to compete with him.

However, judging by the Blood Ancestor's behavior, he seemed reluctant to confront him directly and intended to use indirect means against him, otherwise he would not have approached the Hidden Moon Sect Leader.

This Blood Ancestor was indeed cautious in his actions.

It seemed that his past life must have left a substantial psychological impact on the Blood Ancestor, otherwise the Blood Ancestor wouldn't hesitate to take direct action against him.

Seeing Lu Chen silent, the Fire Phoenix Immortal Venerable tentatively asked, "Your Majesty, how do you plan to handle this?"

Lu Chen snapped back to reality and then spoke, "If the Blood Ancestor doesn't make a move, the Hidden Moon Sect may not be a match for the Daqin Immortal Dynasty."

The present Daqin Immortal Dynasty was no longer what it once was; its Qi Fortune was abundant, nurturing many Immortal Venerates. Most importantly, the forces from the Southern Domain that went to the Eastern Domain had all joined the Daqin Immortal Dynasty, and he possessed the Spirit Realm Crossing Array, which could transport these forces from the Southern Domain to the Barbaric Domain at any time.

If it truly came to a battle, the victor or loser would still be uncertain.

As for the Hidden Moon Sect Leader, ever since his battle with the Blood Ancestor, his strength had declined significantly. Even if he manipulated the Divine Corpse again, he likely couldn't achieve the same might as he did in the great battle in the Southern Domain against the Blood Ancestor.

Now, Lu Chen was more concerned that the Blood Ancestor might personally intervene. The Blood Ancestor refrained from attacking him initially, likely to let the Hidden Moon Sect gauge their capabilities. If the Blood Ancestor found out that his cultivation was only at the level of an Immortal Venerate, he might suddenly take action against him.

Thinking this, Lu Chen told the Fire Phoenix Immortal Venerable, "Keep monitoring, and inform me immediately once the Hidden Moon Sect dispatches their troops."

"Understood, Your Majesty, I take my leave!"

As the Fire Phoenix Immortal Venerable departed, Lu Chen's attention instantly shifted to the body in Tianxi Palace.

## **Having children earns benefit, start competing for dominance in the world by marrying a wife**

In Tianxi Palace, Xiyue Immortal Emperor lazily lay on the soft couch. For some reason, she found Lu Chen more and more irritating lately. Yet, whenever she asked this fool to leave her chamber, she felt uneasy and had to let him return.

At this moment, Lu Chen was massaging Xiyue Immortal Emperor's shoulders, and she said with disdain, "What's wrong with you lately? You have no strength at all!"

Facing the reprimand from Xiyue Immortal Emperor, Lu Chen was unconcerned. He knew very well that a woman's mood would become more unstable at a certain time, especially one with extensive experience like him, so he didn't take Xiyue Immortal Emperor's complaints to heart.

Seeing Lu Chen silent, Xiyue Immortal Emperor continued to pick at him, saying, "What's the matter, turned mute now? Ignoring me when I speak to you, could it be that you're wasting your energy on other women?"

"You made my belly swell, only to start focusing on other women. What a irresponsible bastard!"

...

Just as Xiyue Immortal Emperor was relentlessly accusing Lu Chen, his face suddenly moved closer to hers, startling her.

Regaining her senses, she angrily cursed, "You bastard... mmph!"

Before Xiyue Immortal Emperor could finish speaking, Lu Chen's mouth blocked hers.

Xiyue Immortal Emperor struggled lightly, pushing Lu Chen's chest with her jade hand, but didn't actually push him away. With her Immortal Emperor strength, it would have been easy to push Lu Chen away, her struggle was merely symbolic.

Lu Chen's kiss quickly calmed her mind, so she couldn't truly push him away.

Xiyue Immortal Emperor couldn't help thinking, this fool suddenly kissed her, could he be wanting to have a romantic moment? That wouldn't do, her unborn child had already formed and awakened its spiritual wisdom, such actions were absolutely out of question.

Just as Xiyue Immortal Emperor was pondering how to extinguish Lu Chen's desire, their lips slowly parted. As soon as they did, Xiyue Immortal Emperor warned, "Bastard, I warn you, don't think you can do something indecent with me!"

Lu Chen smiled and said, "What do you take me for? How could I act carelessly while you're pregnant."

Xiyue Immortal Emperor looked at Lu Chen skeptically. She felt he still wanted to do that, seeing her disbelief, Lu Chen said directly, "Blood Ancestor and Hidden Moon Sect have joined forces, intending to destroy Daqin Immortal Dynasty and eliminate me."

Upon hearing that, Xiyue Immortal Emperor's expression turned cold. Over a hundred years ago, she declared to outsiders that Lu Chen was her partner; anyone who dared to touch Lu Chen would face her unending wrath.

The fact that someone was now targeting Lu Chen meant they were not taking her, an Immortal Emperor, seriously.

Xiyue Immortal Emperor said, "They're treating my words as air, truly ignorant!"

Lu Chen said, "The seals on Blood Ancestor's body should have completely vanished, otherwise he wouldn't have acted against me. He's likely noticed my cultivation state improving rapidly, suspecting that I could soon become an Immortal Emperor, so he feels restless."

Xiyue Immortal Emperor looked at Lu Chen, "What do you plan to do?"

"Didn't you say you'd move the Daqin Immortal Dynasty to the Eastern Domain? Yet it hasn't been moved. Since they plan to act against you, you should relocate to the Eastern Domain sooner."

"With you in the Eastern Domain, I don't believe they dare to attack you on my territory."

Lu Chen said, "There's no need, I plan to confront them directly."

Hearing this, Xiyue Immortal Emperor paused. She was about to speak, but reconsidered, knowing Lu Chen had many bodies, making it difficult for the opponents to completely kill him.

Lu Chen continued, "They want to kill me, want my belongings, but I also want to eliminate them and absorb their qi fortune."

Though he could use the Heaven Opening Seal to absorb others' qi fortune, sooner or later the opponents would notice. Once discovered, they may attack Daqin Immortal Dynasty, so the best solution would be to eliminate other realms, allowing him to freely absorb qi fortune without fearing opposition.

Xiyue Immortal Emperor seemed to realize something and coldly looked at Lu Chen, "You're telling me this now; could it be you want me to help you?"

Lu Chen said, "I indeed have this thought."

Xiyue Immortal Emperor said indifferently, "I have your child in my belly, should I take action and accidentally hurt your child, you'll regret it."

Although an Immortal Emperor's body isn't fragile, should a being of Immortal Emperor level truly engage in battle, injuries are inevitable. While other injuries might be minor, harming the unborn child, causing its loss, would make future pregnancies much more challenging.

Upon hearing this, Lu Chen pondered the issue; he too worried about the potential harm to the child should Xiyue Immortal Emperor fight while pregnant.

Since their mysterious power was unsealed within, they couldn't conceive again. Xiyue Immortal Emperor's unborn child was their sole offspring, Lu Chen counted on her to give birth so the system would reward him handsomely.

Should he heed Xiyue Immortal Emperor's advice, relocate Daqin Immortal Dynasty entirely to the Eastern Domain and hide under Xiyue Immortal Emperor's protection?

Just as Lu Chen hesitated over what to decide, suddenly, waves of immortal power surged from Xiyue Immortal Emperor's body.

Then, Xiyue Immortal Emperor's mind jolted, and she quickly said, "He... he's coming out!"

Lu Chen reacted immediately, hurriedly laying Xiyue Immortal Emperor's body flat.

The next moment, a child slipped out from Xiyue Immortal Emperor's body and flew into the air, hovering quietly.

The infant was surrounded by black qi, demon qi, and immortal aura. Seeing this, Lu Chen paused, confirming his suspicion that the child was born with mysterious power.

In the next moment, the system's prompt sounded in Lu Chen's mind, "Congratulations, host, for birthing a child. Reward: Immortal Rank Nine-Turn Soul Forbidden Technique, Gradeless Immortal Artifact Red Flower Sedan."

Upon hearing the system prompt, Lu Chen froze in place.

Red Flower Sedan???

Was it the Red Flower Sedan he knew???

Without hesitation, Lu Chen swiftly opened the system to check the reward. He indeed found an icon of the Red Flower Sedan among the rewards, identical to the one he knew.

Only, he was confused why the Red Flower Sedan was a gradeless immortal artifact.

While Lu Chen was distracted, Xiyue Immortal Emperor's voice reached his ears, "It's your father's fault for causing you to be born prematurely."

Lu Chen quickly regained his senses. Although the system reward was substantial, it was critical to assess the child's condition immediately; rewards could be inspected later once he was alone or with another body.

Refocusing, Lu Chen promptly infused life force into Xiyue Immortal Emperor and the child.

## **Having children earns benefit, start competing for dominance in the world by marrying a wife**

Xiyue Immortal Emperor didn't spend much effort on childbirth, so she recovered very quickly, and the child in her belly was the same.

The child was already fully matured in her belly, so after being born, he just needed a bit of life force to grow rapidly.

In just a moment, the baby floating in the air grew to the size of a ten-year-old. With a wave of Lu Chen's hand, a set of clothes appeared on him.

At this time, the child spoke proactively, "Father, Mother."

Lu Chen smiled and responded, "Yes."

Xiyue Immortal Emperor coldly reminded Lu Chen, "Hurry up and give him a name."

Realizing it, Lu Chen thought for a bit and directly said, "How about naming him Lu Yunfan?"

Upon hearing the name, Xiyue Immortal Emperor's eyebrows furrowed slightly. She felt the name wasn't very good, and just as she was about to say something, Lu Yunfan said, "Thank you, Father, for the name!"

Seeing that her child had no complaints, Xiyue Immortal Emperor didn't dwell on the name. She glared at Lu Chen and said, "Fan'er must have heard about our situation and knew that I had to help you, so he came into the world early, not wanting to hold me back."

"Poor Fan'er, born before he fully developed."

Uh... well...

Lu Chen looked at Lu Yunfan, feeling a hint of guilt.

Lu Yunfan quickly said, "Father, Mother, don't feel guilty. It was my decision to be born, and my foundation is stable."

Xiyue Immortal Emperor said, "Fan'er, if you need any cultivation resources, just tell Mother. I'll find a way to get them for you."

Lu Yunfan replied, "Okay, Mother."

At this moment, Lu Chen didn't speak. He continued to infuse Lu Yunfan with life force while checking his body.

He found that three types of forces inside Lu Yunfan's body coexisted harmoniously: mysterious power, immortal power, and demonic power, forming a closed loop without any chaos.

Lu Chen pondered over how the child would cultivate in the future. Although these three forces coexist harmoniously now, starting cultivation might disrupt the balance, causing various problems in Lu Yunfan's body.

Xiyue Immortal Emperor glanced at the absent-minded Lu Chen, knowing that he was examining Lu Yunfan's condition. But seeing him silent and not even offering a comforting word, she felt a bit upset.

Xiyue Immortal Emperor coldly said, "Now that you're satisfied, Fan'er is born, and I can help you without any concerns."

Lu Chen snapped out of it, looked down at Xiyue Immortal Emperor, and said with a smile, "Thank you for your hard work, my lady."

Xiyue Immortal Emperor suddenly thought of something and then said to Lu Yunfan, "Fan'er, you just came into the world, so you need to rest well; you'll stay next door from now on."

At this, Xiyue Immortal Emperor transmitted a message, "Come!"

In the next moment, two Immortal Venerable-level maids of Xiyue Immortal Emperor appeared in the room, saying, "Take the Imperial Son to rest."

"Fan'er, you go rest first; Mother has something to discuss with your father."

Lu Yunfan sensibly replied, "Okay, Mother."

Then Lu Yunfan followed Xiyue Immortal Emperor's maids to the room next door.

After Lu Yunfan left, all of Xiyue Immortal Emperor's tails appeared, instantly wrapping around Lu Chen.

Next, Xiyue Immortal Emperor's red eyes emitted a pink glow, instantly making Lu Chen restless.

Lu Chen was a bit confused since the child had just been born, wondering if Xiyue Immortal Emperor really intended to...?

Hurriedly, Lu Chen said, "My lady, what do you mean by this? Fan'er is still..."

Xiyue Immortal Emperor coldly stated, "Over the past century, you've been enjoying yourself with other women, haven't you?"

This...

Before Lu Chen could respond, Xiyue Immortal Emperor continued to cast her Charm Skill on him. Seeing it was almost enough, she slightly raised her finger, and in the next moment, a line of immortal power shot from her fingertip, flew towards Lu Chen, and in the blink of an eye, his clothing turned into tatters.

At this point, Lu Chen stopped talking. Immortals were not like ordinary people, who need a long rest to recover after childbirth.

For an immortal, recovery occurs within moments after childbirth, not to mention that Xiyue Immortal Emperor herself mastered the Life Force, and her body recovered even faster. For her, having a child was like losing weight.

At this time, Xiyue Immortal Emperor manipulated her tails, pulling Lu Chen in front of her. She glanced over his whole body, then smiled and said, "What, you can't handle it this quickly?"

"Seeing you being so honest for the past hundred years, I thought you lost interest in me. Unexpectedly, you're the same as before, with nothing but dirty thoughts in mind."

Lu Chen chuckled; this bitch, clearly seducing him, now says such things.

Xiyue Immortal Emperor leaned into Lu Chen's ear, gently breathed into it, and then seductively whispered, "Are you really eager to ravage me now..."

Hearing Xiyue Immortal Emperor's voice, Lu Chen became even more restless, indeed feeling an urge to deal with her right there and then.

However, at this moment, Xiyue Immortal Emperor continued, "Seeing how badly you want to be with me, let me remind you to clear your mind: I'm a mysterious creature. Surely you wouldn't do such things to a mysterious creature like me, would you?"

Saying this, Xiyue Immortal Emperor loosened her tail, observing if Lu Chen had any reaction. Unexpectedly, as soon as she released him, Lu Chen pounced on her.

Xiyue Immortal Emperor was startled and immediately scolded, "You damned bas... Hmph!"

Before she could finish, Lu Chen shut her mouth with a kiss.

Lu Chen didn't care if Xiyue Immortal Emperor was a mysterious creature; anyone who dared to provoke him had to face the consequences.

After all, it's been over a century since he last asserted his dominance over her; she felt she was capable, so she needed to understand the consequences of enticing him.

Initially, Xiyue Immortal Emperor thought telling him she was a mysterious creature would reduce Lu Chen's interest. Over the past hundred years, every time she teased him with her tail, mentioning she was a mysterious creature, he would usually lose interest.

But this time, this bastard was just the same as before—a beast, not even sparing her, a mysterious creature.

Yet, witnessing Lu Chen's fierce demeanor reassured her. She worried that Lu Chen might hold a grudge because of her mysterious identity, but now it seemed she was overthinking.

Indeed, even as a mysterious creature, she was a beautiful mysterious creature, how could this always-aroused bastard have no thoughts about her?

**Having children earns benefit, start competing for dominance in the world by marrying a wife**

Sure, here's the translation:

```html

While Lu Chen assaulted Xiyue Immortal Emperor, his other body was not idle. At this moment in the cultivation room of the Daqin Immortal Dynasty, Lu Chen opened the system panel, staring intently at the system reward he had just received.

At this point, Lu Chen directly clicked on the Nine-Turn Soul Forbidden Technique, curious about the terrifying aspects of this Emperor Tier Immortal Law.

Originally, he thought he had acquired a Holy Tier Immortal Law and was expecting to get an Emperor Tier Immortal Law next. Unexpectedly, none of his women could get pregnant anymore. Fortunately, Xiyue Immortal Emperor still had a child in her belly. This time the system directly rewarded him with an Emperor Tier Immortal Law; otherwise, he would have lost big.

It's just uncertain if the use of this Immortal Tier Immortal Law is significant.

The next moment, the content of the Nine-Turn Soul Forbidden Technique appeared in Lu Chen's mind. After reading the Nine-Turn Soul Forbidden Technique's contents, Lu Chen was stunned.

The Nine-Turn Soul Forbidden Technique can seal certain things within the Divine Soul, and as soon as Lu Chen learned this Immortal Law, the power it released immediately resonated with the seal within Yun Yudie's Divine Soul.

In other words, the seal in Yun Yudie's Divine Soul is the Nine-Turn Soul Forbidden Technique. Now that he has learned the Nine-Turn Soul Forbidden Technique, he can directly help them unlock the seals within their Divine Souls.

Lu Chen was a bit bewildered. Could the seals within Yun Yudie's Divine Soul be arranged by his previous self? Why would he seal Mysterious Power within their Divine Souls?

Should he try unsealing one person's Divine Soul Seal to see what happens?

After thinking for a moment, Lu Chen ultimately abandoned the idea. If unlocking one of their seals turns them into uncanny creatures completely and he cannot keep them rational, it'll be troublesome.

Moreover, the greatest use of having learned this sealing technique should be to strengthen the seals in their Divine Souls, preventing the mysterious power within from entering their bodies, so they stay as they are.

Having learned the Nine-Turn Soul Forbidden Technique, Lu Chen's gaze fell onto the Red Flower Sedan, which was the real focal point.

He has always been curious about what this Red Flower Sedan was and why it could forcibly marry him with women satisfying system conditions.

Now that the Red Flower Sedan was a system reward for him, he should study it well.

Thinking of this, Lu Chen directly took out the Red Flower Sedan. The moment the Red Flower Sedan appeared in the cultivation room, streams of red immortal power surged from it, rapidly spreading throughout Tianyan Immortal Domain, and almost simultaneously, Lu Chen's women felt the immortal power released by the Red Flower Sedan.

Nine Heavens Institute.

In the sky, Xuan Qingyun suddenly opened her eyes, her violet pupils staring straight in the direction of the Daqin Immortal Dynasty, muttering to herself, "That Red Flower Sedan has appeared!"

She feared that Red Flower Sedan the most. Every time she tried forecasting the future, as long as she dared to strike against Lu Chen in her predictions, that Red Flower Sedan would forcefully appear in her prophecies, compelling her to be united with Lu Chen.

She was too familiar with the aura of the Red Flower Sedan. However, since she returned to Tianyan Immortal Domain, she hadn't seen it until now when it surfaced again.

Evidently, the Red Flower Sedan is Lu Chen's Magic Treasure.

No idea if Lu Chen summoned this Red Flower Sedan.

What does he plan to do by summoning this terrifying Magic Treasure back now?

The thought of the Red Flower Sedan being able to forcibly marry makes Xuan Qingyun a bit anxious.

Meanwhile.

Mysterious Moon Palace, Forbidden Ground.

Inside the Immortal Emperor Youlan's dwelling, when the red immortal powers swept over the Crystal Coffin of Immortal Emperor Youlan, the Crystal Coffin

slowly opened, and a puff of black smoke emerged, followed by a woman with long black hair, black eyes, and golden pupils stepping slowly out of the black smoke.

The woman was tall, her posture proud. Although her eyes looked a bit eerie, her appearance was quite beautiful.

Immortal Emperor Youlan muttered to herself, "It's unexpected that the token appeared so quickly. Could it be that Lu Chen has already regained his memory?"

"The catastrophe hasn't descended yet, so him regaining his memory now is not a good sign."

...

Lu Chen looked at the Red Flower Sedan not far away, thinking that the Red Flower Sedan had no Grade, nor does it appear as a defensive Magic Treasure. Besides containing a bridal chamber, it seems to have no other use.

The item is in hand, but how to use it?

Lu Chen researched the Red Flower Sedan for a while, unable to figure out how to operate it, with the system giving no instructions.

Before, the Red Flower Sedan acted on its own to assist him in marrying his women forcibly. Now that he has to use it himself, he's at a loss.

Then Lu Chen suddenly thought of something. Since the sedan contains a bridal chamber, why not test it with Xiyue Immortal Emperor to see what's special inside?

With that thought, Lu Chen put away the Red Flower Sedan, and in the Tianxi Palace, he brought it out again.

When the Red Flower Sedan appeared in Xiyue Immortal Emperor's bedchamber, Immortal Emperor Xiyue, immersed in pleasure, instantly snapped back to clarity, her bewildered eyes regaining calmness. She immediately turned towards the center of the bedchamber, warily saying, "Who is it!"

She felt the red immortal power previously emitted by the sedan, but since she was busy with Lu Chen, she ignored it.

Now the Red Flower Sedan appeared in her bedchamber, exuding a force that felt binding, making her immediately alert.

At that moment, Lu Chen, who was on top of her, immediately said, "No need to worry, this is my Immortal Artifact."

Immortal Emperor Xiyue turned to Lu Chen with a skeptical look, asking, "Immortal Artifact? What kind of Immortal Artifact?"

They were busy with affairs, yet Lu Chen suddenly took out an Immortal Artifact, suggesting they needed its ancillary for their activity? When did Lu Chen become so playful?

While Immortal Emperor Xiyue pondered in confusion, Lu Chen said, "We'll know once we enter."

As he spoke, Lu Chen led Immortal Emperor Xiyue into the small world inside the Red Flower Sedan, discovering a bridal chamber set up inside.

Immortal Emperor Xiyue gazed bitterly at Lu Chen, thinking how despite giving her a child, he still engaged in such antics.

She thought Lu Chen was trying to experience a wedding night with her.

Yet talking about it, experiencing it isn't impossible.

Once inside the bridal chamber of the Red Flower Sedan, Lu Chen felt no discomfort nor anything special.

However, as Lu Chen wondered about the Red Flower Sedan's function, his Divine Soul suddenly underwent a forceful impact, and in the next instant, Lu Chen was submersed in desire.

At this moment, Immortal Emperor Xiyue faced Lu Chen, saying, "You rascal, you have quite the style..."

Before Immortal Emperor Xiyue could finish her sentence, her mind paused, suddenly feeling restless all over.

## **Having children earns benefit, start competing for dominance in the world by marrying a wife**

In the small world within the Red Flower Sedan, Lu Chen and Xiyue Immortal Emperor were completely lost in desire.

At this moment, Xiyue Immortal Emperor retained a thread of clarity. In her heart, she kept cursing Lu Chen, this dog of a man. She initially thought Lu Chen was just changing the scenery and mood.

It turned out that this Red Flower Sedan actually stimulated the deepest desires in their hearts.

Although they had already been intimate in the sleeping chambers of Tianxi Palace earlier, they were in control then. Now, inside here, they're completely unable to control themselves.

Lu Chen couldn't help but think, perhaps the purpose of the Red Flower Sedan was to amplify the desires within people. Other than adding some fun, it doesn't seem to serve any other function.

After an unknown amount of time, Xiyue Immortal Emperor became increasingly lucid. She glared at Lu Chen, saying, "You... you dog, dare to use such things in front of me!"

She herself was skilled in the Charm Skill, and she had already used it on Lu Chen before. Why would Lu Chen need to use such a thing?

This thing made her feel very uneasy. Her Charm Skill was meant to control Lu Chen's desires without affecting herself. But inside the bridal chamber of the Red Flower Sedan, she would bear substantial influence, giving her a sense of being controlled by others.

She only liked to control others, not to be controlled by them.

At this time, Xiyue Immortal Emperor started to channel her immortal power, attempting to escape the Red Flower Sedan's small world.

However, as she prepared to employ her immortal power, the next moment it was instantly confined within her.

Xiyue Immortal Emperor was momentarily dumbfounded. She was already an Immortal Emperor, even the Heavenly Dao of Tianyan Immortal Domain couldn't confine her power, yet this small world inside the Red Flower Sedan could.

What grade of Immortal Artifact was this Red Flower Sedan? Could it be something from outside the domain?

Xiyue Immortal Emperor then tried multiple times to break free from the constraints of this small world, but found that no matter how hard she struggled, it was useless. Instead, the bridal chamber restricted her even more fiercely the more she struggled.

Xiyue Immortal Emperor gradually understood the situation: as long as she focused on being intimate with Lu Chen, the bridal chamber wouldn't restrict her. But if she had the thought of resisting, this small world would immediately confine her power, leaving her unable to resist.

Lu Chen, the dog, from where did he get such a monstrous Immortal Artifact?

Faced with helplessness, Xiyue Immortal Emperor had to stop thinking about escaping the bridal chamber's constraints. Besides, she initially planned to be intimate with Lu Chen, changing the place wasn't a problem. Moreover, for some reason, she felt a familiar aura within this bridal chamber.

Time passed day by day, a year flew by instantly.

Lu Chen was merely testing the Red Flower Sedan, not intending to stay inside for too long. Over one year, he vaguely formed a bold guess about the Sedan's function.

Perhaps the greatest function of this Red Flower Sedan was to restrict women who met the system's criteria, rendering them unable to strike him.

That function was indeed decent; he had always worried that his power wasn't enough, fearing Xuan Qingyun might attack him. Now, with this Red Flower Sedan, if Xuan Qingyun dared to come, she'd end up like Xiyue Immortal Emperor, getting sent into the bridal chamber by him.

However, Lu Chen was somewhat curious. This Red Flower Sedan was apparently not a graded Immortal Artifact, yet it could confine an Immortal Emperor's power?

It seemed that the Red Flower Sedan contained some kind of Rule Power. This Rule Power was more terrifying than the Power of the Heavenly Path of Tianyan Immortal Domain. Even Xiyue Immortal Emperor, being an Immortal Emperor, couldn't break this bridal chamber's rules. Once inside this small world's bridal chamber of the Red Flower Sedan, consummation was inevitable.

Tianxi Palace.

In the bedchamber of Xiyue Immortal Emperor, Lu Chen and Xiyue Immortal Emperor were suddenly transported out from the Red Flower Sedan, directly onto the soft couch.

Once out of the bridal chamber within the Red Flower Sedan, Xiyue Immortal Emperor immediately regained lucidity. She glared viciously at Lu Chen and said, "What, is my Charm Skill still unable to satisfy you, that you resort to using such things against me?"

Lu Chen smiled and replied, "Don't you also enjoy it? How could it be said to be against you? I am just wanting you to be more joyful, isn't that right?"

Xiyue Immortal Emperor snorted coldly, "Such a thing that can restrict me, I absolutely cannot allow it to exist."

Though this thing surely could increase some interest, it contained Rule Power inside. If one day this dog used this Red Flower Sedan against her, imprisoning her inside, she would never be able to leave, having only to frolic with this dog inside it continually, becoming his plaything.

Whether Lu Chen used this thing or not, it posed a threat to her, hence she did not want to see the Red Flower Sedan continue existing.

Once Xiyue Immortal Emperor finished speaking, one of her tails suddenly lengthened and struck towards the Red Flower Sedan in the palace hall.

Lu Chen was taken aback; he hadn't expected Xiyue Immortal Emperor to attempt to destroy his Red Flower Sedan right after exiting from within it. He was planning to retrieve the Red Flower Sedan, but just then Xiyue Immortal Emperor's tail had already touched it. As Lu Chen worried about potential damage to the Red Flower Sedan, it suddenly emitted waves of red mysterious power.

In the next instant, Xiyue Immortal Emperor's tail impact created ripples on the Red Flower Sedan, forming a red barrier around its perimeter.

Seeing that the Red Flower Sedan was completely unharmed, Xiyue Immortal Emperor, unwilling to yield, continued to strike it with her tail but was unable to

cause any damage. Conversely, each time she struck the Red Flower Sedan, a thread of desire rose within her.

Recognizing that there was nothing she could do about the Red Flower Sedan, Xiyue Immortal Emperor turned and fiercely glared at Lu Chen. "Where did you get this licentious object, and why can't even I destroy it!"

She was, after all, an Immortal Emperor, yet failed to inflict even the slightest damage on the Red Flower Sedan.

Lu Chen directly put the Red Flower Sedan away. He wrapped his arm around Xiyue Immortal Emperor's white jade-like body and softly murmured by her ear, "Alright, alright, dear wife, why be at odds with an Immortal Artifact. If you dislike consummation, I won't use this Immortal Artifact in the future."

Xiyue Immortal Emperor gave Lu Chen another fierce glare, not trusting that this dog wouldn't use this item on her again. This was an Immortal Artifact capable of restricting her power; if the guy wanted to toy with her, he'd definitely send her inside to do as he wished.

But she couldn't destroy this thing now, only able to let it rest temporarily.

Xiyue Immortal Emperor remarked coldly, "You better not use this licentious object against me again, or you'll never touch my body in the future."

Thinking of the situation in the Barbaric realm, she directly asked, "What's the situation in the Barbaric realm now?"

She was convinced that Lu Chen released her quickly not because he was done playing, but due to some external occurrence demanding attention which prompted Lu Chen to let her go.

Otherwise, based on this dog's nature, he'd definitely stay inside for decades, at least. After all, this was merely one of his physical forms; conducting affairs inside wouldn't hinder his other forms from attending to matters outside.

## **Having children earns benefit, start competing for dominance in the world by marrying a wife**

Xiyue Immortal Emperor speculated that the Hidden Moon Sect was about to attack the Daqin Immortal Dynasty, so Lu Chen released her quickly to get her help in restraining the Blood Ancestor.

Hearing Xiyue Immortal Emperor's question, Lu Chen replied, "Various top forces in the Barbaric regions have already secretly gathered and it won't be long before they launch an offensive against the Daqin Immortal Dynasty."

Xiyue Immortal Emperor asked, "Are you sure you want to face them head-on?"

If possible, Xiyue Immortal Emperor did not wish Lu Chen to take this risk. If Lu Chen's cultivation had reached the level of Immortal Emperor, she naturally would not interfere, but Lu Chen's current cultivation is only at the Immortal Venerate level, even though Lu Chen's divine soul is in a special wandering state, making it difficult for the Hidden Moon Sect to harm Lu Chen's divine soul.

However, no one can guarantee that the Blood Ancestor, being an Outer Heaven person, doesn't possess some magic to locate the divine soul. If Lu Chen's divine soul source is found by the Blood Ancestor, it would be troublesome.

Seeing the hint of worry on Xiyue Immortal Emperor's face, Lu Chen gently patted her jade-like back and said, "Don't worry, if I indeed cannot defeat them, I will just run to the Eastern Domain to hide."

Seeing that Lu Chen had set his mind to fight this battle, Xiyue Immortal Emperor no longer persuaded him. She then said, "If there are forces within the Eastern Domain willing to help the Daqin Immortal Dynasty, I will not stop them."

After all, Lu Chen is her fated person, and she could not bear to watch without doing something. Since Lu Chen wanted to fight, she would do what she could within her power.

Upon hearing Xiyue Immortal Emperor's words, Lu Chen immediately embraced her fragrant body, "Thank you, my lady. You are truly kind to me."

With a look of disdain, Xiyue Immortal Emperor replied, "Don't call me lady, disgusting, call me Master!"

...

While engaging in an intimate moment within the Red Flower Sedan with Xiyue Immortal Emperor, Lu Chen's other bodies were not idle either. At this moment, Lu Chen had already summoned the vassal forces in the Southern Domain who had joined the Daqin Immortal Dynasty.

Eastern Domain.

Yunchan Immortal City.

Yunchan Immortal City was designated by Xiyue Immortal Emperor to be the capital of the Daqin Immortal Dynasty; however, Lu Chen never moved the dynasty there, but nowadays, Yunchan Immortal City is also considered the deputy capital of the Daqin Immortal Dynasty.

The leaders of the vassal forces that Lu Chen recruited in the Eastern Domain come to Yunchan Immortal City every once in a while to pay respects to Lu Chen.

This time, Lu Chen did not convene a Great Court Assembly, but simply summoned those forces from the Southern Domain.

In the Hall of Political Affairs, Lu Chen, dressed in a dark golden dragon robe, glanced at the gathered force leaders in the hall.

At this moment, Taihua Immortal Venerable first stood up and asked, "Your Majesty, may I ask why you have summoned us separately this time?"

Generally, when Lu Chen convenes a Great Court Assembly, he gathers all forces of the Daqin Immortal Dynasty, but today only those Southern Domain forces that came to the Eastern Domain were present, which clearly indicates that there are other matters or assignments for these Southern Domain forces.

Lu Chen said, "It's not anything important, I have long since issued an Immortal Order stating that the Hidden Moon Sect and Blood Ancestor are joining forces to attack the Daqin Immortal Dynasty. This time, I have gathered you here to remind you that I will be mobilizing all forces in this war and hope you can give your all."

"If we win this battle, you can return to the Southern Domain, and those lands originally belonging to you there can be restored to their rightful owners."

Hearing these words, the force leaders present looked at each other without any sign of joy on their faces.

Lu Chen indeed issued the Immortal Order early on, conveying the news of the upcoming war between the Daqin Immortal Dynasty and the Barbaric regions, but these Southern Domain forces actually did not intend to give their all; after all, in their view, there's no need for this war. As long as Lu Chen moves the Daqin Immortal Dynasty to the Eastern Domain and stays under Xiyue Immortal Emperor's protection, even if the Barbaric regions and Blood Ancestor team up, they can't do anything to Lu Chen.

These Southern Domain forces have already been used by the Blood Ancestor once, so they still harbor some resentment towards war.

At this moment, Purple Phoenix Immortal Venerable asked, "Your Majesty, will Xiyue Immortal Emperor intervene?"

Lu Chen rhetorically asked, "Do you think she would stand by and let her couple be bullied?"

Although Lu Chen did not directly answer, his rhetorical question shows that he and Xiyue Immortal Emperor have communicated; thus, it indicates that Xiyue Immortal Emperor supports the Daqin Immortal Dynasty in this battle.

Lu Chen continued, "Moreover, Xiyue Immortal Emperor also said that if there are other forces in the Eastern Domain willing to join this war, she will not prevent them."

Seeing that Xiyue Immortal Emperor is willing to allow Eastern Domain forces to assist the Daqin Immortal Dynasty, the force leaders present also felt slightly relieved, as long as Xiyue Immortal Emperor is willing to step in, what they feared most is Xiyue Immortal Emperor abandoning them like the Blood Ancestor did.

Lu Chen went on, "The Blood Ancestor once betrayed you, using you as cultivation fodder; I believe the power of avenging within you has long been eager for action."

As Lu Chen finished speaking, the Immortal Venerates in the hall unanimously said, "We will comply with Your Majesty's Immortal Order!"

...

Barbaric regions, Hidden Moon Sect.

The Hidden Moon Sect Leader sat on the cliff, gazing at the distant setting sun, feeling somewhat uneasy.

At this moment, an Immortal King came to his side, "Sect Leader, according to our spies' reports, the Daqin Immortal Dynasty's troops are being moved frequently and it seems they are planning something big."

Upon hearing this, the Hidden Moon Sect Leader frowned deeply, could the Daqin Immortal Dynasty have discovered something earlier, and is now preparing for it?

Hadn't he instructed those top forces to keep it confidential? Could someone have leaked the information?

Oh well, if the information is leaked, so be it; even if it wasn't leaked, the sudden large-scale gathering of disciples by the top forces of the Barbaric regions already raises doubts.

And then, Hidden Moon Sect Leader instructed the Immortal Emperor behind him, "Release the information saying we're preparing to return to Southern Domain again to retaliate against Blood Eagle Hall!"

The Hidden Moon Sect Leader thought that mobilizing so many top forces collectively and simply having them keep it secret wasn't going to work either; even if no one leaks, the matter might still be noticed by Lu Chen, so it would be better to release some false information to confuse Lu Chen.

The Immortal King behind the Hidden Moon Sect Leader promptly said, "Yes, Sect Leader!"

After he finished speaking, the Immortal King transformed into a streak of light and left the cliff. The setting sun grew redder, painting the entire sky blood-red.

Despite this, the Hidden Moon Sect Leader still felt uneasy, hoping nothing would go wrong; his time is running out, and if this battle doesn't obliterate the Daqin Immortal Dynasty, gaining enough Qi Fortune, or acquiring that Immortal Law capable of threatening the Blood Ancestor, then the next to be exterminated might very well be the Hidden Moon Sect.

Central Domain.

Mysterious Moon Palace.

Inside Yun Meng Hall, the Immortal Venerates of the Mysterious Moon Palace gathered.

At this moment, a Peak Master asked, "Palace Master, you have summoned us all at this time; has anything important happened?"

Immortal Venerable Yun Meng directly replied, "Our ancestor has revived into their second life."

Upon hearing this, the hall instantly fell silent; after a moment, the pressure accumulated in the hearts of the Immortal Venerates of Mysterious Moon Palace transformed into words spoken from their mouths.

"Great, our ancestor has finally revived in their second life!"

"The Mysterious Moon Palace now has an Immortal Emperor!"

"Now we no longer have to fear other realms?"

"Next, we'll reckon with those traitors in the Central Domain; this Venerate can't wait any longer!"

...

Ever since the upheaval in Tianyan Immortal Domain, the dominant position of the Mysterious Moon Palace in the Central Domain has become increasingly unstable;

certain forces in the Central Domain have grown increasingly arrogant, and the Immortal Venerates of Mysterious Moon Palace have been enduring. Now that their ancestor has revived into their second life, they no longer need to remain low-profile.

## **Having children earns benefit, start competing for dominance in the world by marrying a wife**

Seeing the Immortal Venerables present so excited, Immortal Venerable Yun Meng showed a trace of unobtrusive worry, but Heavenly Language Immortal Venerable noticed it and asked, "Palace Master, do you have something on your mind? Does the Ancestor have some task?"

Upon hearing Heavenly Language Immortal Venerable's question, the Immortal Venerables stopped their discussions and looked at Immortal Venerable Yun Meng in unison, noticing that her face seemed devoid of joy, which puzzled everyone present.

Given their Ancestor's reincarnation and the presence of an Immortal Emperor in Mysterious Moon Palace, shouldn't their Palace Master be happy? Could it be that Immortal Venerable Yun Meng worries that the Ancestor will seize power from her after coming out of seclusion?

How could their Ancestor, an Immortal Emperor, possibly compete with her for power? An Immortal Emperor wouldn't care about such trivial matters.

Immortal Venerable Yun Meng sighed inwardly; she couldn't possibly tell these people that their Ancestor was a mysterious creature.

If they knew the truth, they would likely be scared enough to flee Mysterious Moon Palace immediately; mysterious creatures devour vitality, and an Immortal Emperor with an eerie appetite might not find these Immortal Venerables enough to satisfy a tooth.

Returning to her senses, Immortal Venerable Yun Meng said directly, "The Ancestor's words are that Mysterious Moon Palace shall continue to act discreetly; you can spread the news of her reincarnation, but do not provoke people from other realms."

The Immortal Venerables were slightly surprised upon hearing this, but quickly understood. Aside from the Barbaric realm, it seems every realm has an Immortal Emperor now. If the Central Domain provokes other realms, it might lead to an Immortal Emperor war.

Immortal Emperors stand above all creatures; they usually do not directly engage in battle. An Immortal Emperor war would likely devastate the Tianyan Immortal Domain, so it makes sense for their Ancestor to advise against antagonizing other realms.

That said, while they might not provoke other realms, can't they deal with the unruly forces within the Central Domain?

Immortal Venerable Yun Meng then shifted the topic, saying, "Recently, the activities of various forces in Barbaric and Eastern Domains have increased in frequency; it seems a new war is about to break out."

Barbaric and Eastern Domains lie to the west and east of the Central Domain respectively, with the Central Domain caught in between. The sudden large-scale mobilization in these two realms certainly suggests a plan; Mysterious Moon Palace cannot confirm if these two realms intend to target the Central Domain, necessitating heightened vigilance.

Upon hearing Immortal Venerable Yun Meng's reminder, the Immortal Venerables present seemed unconcerned. In their view, since their Ancestor has reincarnated, there is no need to fear other realms.

Even if Eastern Domain and Barbaric joined forces against the Central Domain, how significant is it? The Hidden Moon Sect Leader from Barbaric merely refined a Divine Corpse, lacking the status of an Immortal Emperor, while Xiyue Immortal Emperor is a relatively new Immortal Emperor. Their Ancestor, however, was an Immortal Emperor from the previous era, undoubtedly more powerful than Xiyue Immortal Emperor.

After detailing other matters, Immortal Venerable Yun Meng dismissed the Immortal Venerables, leaving only Heavenly Language Immortal Venerable behind.

Once the other Immortal Venerables left, Heavenly Language Immortal Venerable asked directly, "Does the Palace Master want to discuss Lu Chen?"

Immortal Venerable Yun Meng looked at Heavenly Language Immortal Venerable meaningfully, then sighed and said, "I have harmed you."

Hearing this, Heavenly Language Immortal Venerable was bewildered; harmed her?

How could that be expressed?

How was Immortal Venerable Yun Meng unaware of when she had ever harmed her?

Suddenly realizing something, Heavenly Language Immortal Venerable asked, "Is the Palace Master referring to the matter of Dual Cultivation with Lu Chen?"

Immortal Venerable Yun Meng replied, "That is indeed the matter. Originally, you could have avoided Dual Cultivation with him."

Heavenly Language Immortal Venerable thought perhaps Immortal Venerable Yun Meng considered the Ancestor's reincarnation made Lu Chen's assistance unnecessary, feeling guilty since she had already lost herself to Lu Chen.

Thinking this, Heavenly Language Immortal Venerable said directly, "Palace Master need not feel guilty; Dual Cultivation with Lu Chen not only had negative aspects, as my cultivation state improved significantly with his help."

Immortal Venerable Yun Meng said directly, "Presumably, you also heard that voice and awakened mysterious power within."

Heavenly Language Immortal Venerable's mind froze at these words; this was a secret she had hidden deep within herself, knowing the consequences of exposing the mysterious power in her body.

Heavenly Language Immortal Venerable found it unbelievable that Immortal Venerable Yun Meng knew she had awakened mysterious power.

Seeing Heavenly Language Immortal Venerable's startled expression, Immortal Venerable Yun Meng continued, "Do not panic; you are not alone in awakening mysterious power."

At this, Immortal Venerable Yun Meng's originally radiant body suddenly enveloped in black smoke, emanating strands of mysterious power that distorted the surrounding space.

This...

Heavenly Language Immortal Venerable was stunned again, initially thinking she was the only one to awaken mysterious power, unexpectedly finding it within Immortal Venerable Yun Meng as well.

Heavenly Language Immortal Venerable asked immediately, "Palace Master, what is happening?"

Immortal Venerable Yun Meng answered, "You should also have sensed, deep within our divine souls, a seal encasing something containing our past memories and powers; we are not ordinary Immortals but mysterious beings."

Though she suspected being a mysterious being, hearing Immortal Venerable Yun Meng's words was hard for Heavenly Language Immortal Venerable to accept.

Upon initial awakening of mysterious power, she thought it might be due to inadvertently contracting mysterious power, causing it to contaminate her, thus possessing mysterious power within. Now Immortal Venerable Yun Meng reveals she is inherently a mysterious being.

Does this place her in opposition to the entire Tianyan Immortal Domain?

Immortal Venerable Yun Meng continued, "Not only are you a mysterious being, but even our Ancestor is one."

This...

Heavenly Language Immortal Venerable fell silent, unsure of what to say; this news needed thorough digestion.

Immortal Venerable Yun Meng added, "According to our Ancestor, we and Lu Chen were originally enemies; only due to our memories being sealed do we know nothing of this."

Hearing Immortal Venerable Yun Meng's explanation, Heavenly Language Immortal Venerable realized why she felt guilty sending her to tempt Lu Chen.

She slept with an enemy? And was played with...

Heavenly Language Immortal Venerable clenched her Jade Fist, her energy surging as she stated, "I'll go kill him now!"

Immortal Venerable Yun Meng hastily stopped her saying, "Wait, now is not the time."

"Though we and Lu Chen are enemies, we also collaborated once; until disaster strikes, we cannot act against Lu Chen. Only after leaving this realm can we eliminate him; he remains useful now."

Heavenly Language Immortal Venerable asked, "Is this what the Ancestor intends?"

Immortal Venerable Yun Meng responded, "Yes, the Ancestor says once the seals within our divine souls lift and memories return, we will understand everything."

"Next, we need only await disaster's arrival."

## **Having children earns benefit, start competing for dominance in the world by marrying a wife**

Mysterious Moon Palace, Heavenly Language Hall.

After returning from Cloud Dream Peak, Heavenly Language Immortal Venerable sat dazed on the soft couch. She had been back for almost a day, yet she still hadn't fully digested the secrets Immortal Venerable Yun Meng had shared with her.

She could accept that she was a mysterious creature, but Lu Chen was actually their enemy. They had slept together countless times, and she had even developed some inappropriate feelings for him. Yet now, Immortal Venerable Yun Meng told her that Lu Chen was their enemy.

Although in front of Immortal Venerable Yun Meng, she said she would kill Lu Chen, she knew in her heart that if it truly came down to it, she probably couldn't do it.

Just as Heavenly Language Immortal Venerable was lost in thought, an annoying voice echoed in the hall, "Honored Master, the Palace Master has summoned you today; is there something important?"

Heavenly Language Immortal Venerable looked up and swept a cold glance at Lu Chen. Clad in a long platinum robe and a silver hair crown, he stood elegantly and dashing.

Seeing Lu Chen, for a moment, Heavenly Language Immortal Venerable didn't know how to face him. Since she already knew that Lu Chen was her enemy, she couldn't possibly continue dual cultivation with him.

But within her, there was still a slight impulse.

Seeing Heavenly Language Immortal Venerable coldly staring at him, saying nothing, as if she were a different person, Lu Chen couldn't help but wonder if the

mysterious power had completely eroded her divine soul, and now she had become someone else?

Just as Lu Chen was contemplating whether to check the seal in Heavenly Language Immortal Venerable's divine soul, she finally spoke, "What do you want?"

Lu Chen smiled and said, "You're my couple, can't I look for you even if I have nothing to do?"

Heavenly Language Immortal Venerable replied indifferently, "This stops now. From now on, I will not engage in dual cultivation with you anymore."

Even though there was a slight impulse in her heart, she still restrained her inner desires. An immortal venerable who had lived countless years could easily suppress her primal urges.

Hearing Heavenly Language Immortal Venerable's firm words, Lu Chen couldn't help but wonder if the seal in her divine soul really had been lifted?

Lu Chen tentatively asked, "You aren't really my Honored Master, who exactly are you?"

Heavenly Language Immortal Venerable was stunned for a moment but then said, "I was never truly your Honored Master; our master-student relationship is just a formality."

Since she took Lu Chen as a disciple, she hadn't taught him much, at most providing some cultivation resources. Not long after, she discovered Lu Chen's true identity.

They were not true master and disciple.

Lu Chen said, "You know that's not what I meant."

"Has the memory in your divine soul been unsealed?"

Heavenly Language Immortal Venerable's heart skipped a beat upon hearing this from Lu Chen. He knew about this?

She reasoned that since Lu Chen was the enemy of their mysterious creatures, it wasn't surprising he knew about the seal in her divine soul.

Heavenly Language Immortal Venerable directly replied, "Yes, I know. We are indeed mortal enemies, so from now on, don't even think about doing anything indecent with me."

Lu Chen faintly smiled, "Is that so? Then let me check if the memory in your divine soul has really been unsealed."

Heavenly Language Immortal Venerable immediately had a bad feeling. In the next moment, Lu Chen raised his hand, and a Red Flower Sedan appeared in the hall.

Sensing the pressure emanating from the Red Flower Sedan, Heavenly Language Immortal Venerable's mind was shaken. What was this thing, and why did it feel so familiar?

Before Heavenly Language Immortal Venerable could react, her body was directly absorbed into the small world inside the Red Flower Sedan.

When Heavenly Language Immortal Venerable opened her eyes again, she found herself in a wedding chamber, dressed entirely in a bright red bridal gown.

She immediately activated her immortal power, trying to leave this small world. However, as soon as she activated her immortal power, she found it frozen inside her, making her feel like a mortal.

At this moment, Lu Chen's figure also appeared in the wedding chamber, and Heavenly Language Immortal Venerable coldly demanded, "Where is this place, and what do you intend to do?"

Lu Chen smiled and said, "Back then we were together, but we never held a wedding ceremony. Today, let's make up for it with a wedding night ritual."

Heavenly Language Immortal Venerable struggled again, only to find that no matter how much she struggled, it was to no avail, as her power was thoroughly suppressed by this small world.

Heavenly Language Immortal Venerable warned, "You're acting against me in Mysterious Moon Palace; aren't you afraid the Palace Master will find out?"

Lu Chen said, "What's there to fear? If she wants to come, I will bring her in too."

"You!"

Lu Chen then approached and embraced the Heavenly Language Immortal Venerable, dressed in the bright red bridal gown, her gentle jade fragrance causing his desire for conquest to surge.

Just as Heavenly Language Immortal Venerable was about to say something, Lu Chen leaned in and seized her lips.

"Mhmm!"

After struggling for a moment, Heavenly Language Immortal Venerable gave up completely. She had long grown accustomed to Lu Chen doing such things to her through their many nights of dual cultivation.

Deep down, she wasn't as bothered by Lu Chen's actions as she should be. Besides, she couldn't resist now, so she decided to go with the flow and let Lu Chen have his way.

Even while being intimate, Lu Chen didn't forget his main objective. He investigated the seal deep in Heavenly Language Immortal Venerable's divine soul. After his investigation, he found that the seal was only slightly loosened, not fully unsealed, so she couldn't recover her memories.

Why had her attitude toward him changed all of a sudden?

Her attitude changed after returning from Cloud Dream Peak, so perhaps...

Immortal Venerable Yun Meng's divine soul might have had its memories unsealed, and she told Heavenly Language Immortal Venerable about the past, causing her reluctance to continue dual cultivation with him.

Immortal Venerable Yun Meng also met the system conditions, so her divine soul might also contain sealed memories, and her identity is likely as a mysterious creature.

He hadn't yet recovered all his previous life's memories and didn't know what happened in the Tianyan Immortal Domain back then. If any of his enemies had regained their memories before him, it wouldn't be good for him.

Fortunately, the system's Red Flower Sedan seemed to suppress those women who met the system conditions. Even if they recovered their memories, he didn't need to worry for now.

What he was most concerned about was the never-seen Immortal Emperor Youlan.

Currently, all evidence pointed to a terrifying presence in the Central Domain as being the Immortal Emperor Youlan, but since Immortal Emperor Youlan hadn't shown up, he also didn't know what Xiyue Immortal Emperor was plotting.

He could only hope that Immortal Emperor Youlan also met the system's conditions. Otherwise, with his current power, he couldn't possibly deal with a being whose power surpassed that of an Immortal Emperor.

At this moment, Heavenly Language Immortal Venerable noticed that while Lu Chen was busy, his gaze remained vacant, as if lost in thought.

This made Heavenly Language Immortal Venerable a bit angry. Not only was he forceful, but even during such moments, he was distracted and not taking it seriously.

"If you're unwilling, then let me go!"

### **Capítulo 2130: Chapter 1820: From Today On, You Are Not Allowed to Meet Lu Chen**

Upon hearing the voice of Heavenly Language Immortal Venerable, Lu Chen snapped back to reality. He looked down at the cold jade cheek of Heavenly Language Immortal Venerable, whose jade-like face had a hint of enticing blush mixed with a trace of embarrassment. This made Heavenly Language Immortal Venerable, the Ice Beauty, appear even more captivating, and Lu Chen's desire for conquest surged once more.

Lu Chen smiled and said, "The memories within your Divine Soul have not been unsealed. I'm quite curious, how exactly did you know I was your enemy?"

Upon hearing Lu Chen's question, Heavenly Language Immortal Venerable felt a pang in her heart. Although she didn't know the past dealings between them and Lu Chen, since Immortal Venerable Yun Meng had said that Lu Chen was their enemy, there were some things that absolutely must not be let known to Lu Chen.

Those Mysterious Beings sealed memories, perhaps precisely to hide from Lu Chen. If Lu Chen knew that Immortal Venerable Yun Meng was also a Mysterious Being, it would be troublesome.

Thinking this, Heavenly Language Immortal Venerable said indifferently, "You cannot enter my Divine Soul; how can you know I haven't recovered my memories!"

Upon hearing this, Lu Chen didn't say much and directly operated the Nine-Turn Soul Forbidden Technique. The next moment, the soul text of the Nine-Turn Soul Forbidden Technique appeared in Heavenly Language Immortal Venerable's Divine Soul, reinforcing the sealing within her Divine Soul.

Feeling the seal deep within her Divine Soul being reinforced, Heavenly Language Immortal Venerable's jade lips slightly parted, and a look of disbelief immediately spread across her face.

"You!"

Heavenly Language Immortal Venerable wondered in her heart if the seal within her Divine Soul might originally have been set by Lu Chen.

No wonder Lu Chen knew whether or not the seal within her Divine Soul had been lifted.

After reinforcing the seal within Heavenly Language Immortal Venerable's Divine Soul, Lu Chen continued to gaze into her eyes and said, "It must have been Immortal Venerable Yun Meng who told you about those things."

Heavenly Language Immortal Venerable's heart once again trembled; it seemed Lu Chen knew everything.

Lu Chen continued, "Looks like I need to find an opportunity to visit Cloud Dream Peak and meet her."

Heavenly Language Immortal Venerable didn't know what to say for a moment. Immortal Venerable Yun Meng hadn't completely told her about the past, she only mentioned that Lu Chen was an enemy. She didn't know how to deal with Lu Chen.

Now, she was under Lu Chen's control and could only let him manipulate her.

At this moment, Heavenly Language Immortal Venerable thought of their ancestor and immediately warned, “If you dare touch her, you will plunge into a place of eternal damnation!”

Hearing Heavenly Language Immortal Venerable’s warning, Lu Chen laughed and said, “Are you saying your ancestor has lived out a second life? If I lay a hand on Immortal Venerable Yun Meng, your ancestor will immediately come out to stop me, right?”

This...

How does this guy know everything? He seems to understand even more than the people of Mysterious Moon Palace.

Heavenly Language Immortal Venerable closed her mouth and said nothing. Their ancestor’s affairs were a secret of Mysterious Moon Palace; even if Lu Chen had guessed, she couldn’t directly admit it.

Lu Chen gently stroked Heavenly Language Immortal Venerable’s jade cheek, then leaned in and whispered in her ear, “Alright, let’s stop talking about this and get down to business.”

At this very moment.

Deep within the Forbidden Area of Mysterious Moon Palace.

The clone of Immortal Emperor Youlan hovered above the Crystal Coffin, with mysterious power on her body raging wildly throughout the cave. She glared furiously at the scene unfolding inside the Red Flower Sedan and muttered viciously, “Lu Chen!!!”

She never imagined that the token left from their alliance agreement was actually being used by Lu Chen to deal with them.

Although this token wouldn't harm mysterious beings, Lu Chen's actions were even more infuriating than causing them great injury.

This scoundrel dared to use their token to restrict them and then engage in vile deeds with them.

It must be known that they are mysterious beings, and Lu Chen actually didn't even spare mysterious beings.

The Spirit Realm actually produced such a shameless person like Lu Chen!

The Spirit Realm had always been the grazing ground for the Deceit Realm, a place to harvest vitality, but now the livestock they raised were doing such things to them; the humiliation was worse than being killed.

Despite her anger, Immortal Emperor Youlan did not go out to stop Lu Chen. Their alliance was still intact, and the Rule Power within the token could restrict their strength. If she went out now, she wouldn't be able to stop Lu Chen and might end up being tainted by this rogue.

At this time, Immortal Emperor Youlan directly transmitted a message to Immortal Venerable Yun Meng, "From today onwards, you are not allowed to meet with Lu Chen. He has a Magic Treasure that can restrict your power. If you meet him alone, he will certainly act inappropriately towards you."

Upon receiving Immortal Emperor Youlan's transmission, Immortal Venerable Yun Meng's brain slightly froze. She trusted Immortal Emperor Youlan's words.

She suddenly felt somewhat fortunate; thankfully, Lu Chen hadn't targeted her from the start, otherwise, she might have already lost herself to him.

She actually vaguely guessed what that Magic Treasure was that Immortal Emperor Youlan mentioned to restrict her power. As Palace Master of Mysterious Moon Palace, just a sweep with Divine Thought could reveal what's happening in the palace.

She could clearly sense that there was a Red Flower Sedan in Heavenly Language Immortal Venerable's bedchamber, and the aura emanating from it filled her with dread; not to mention Heavenly Language Immortal Venerable and Lu Chen had entered the Red Flower Sedan together earlier.

Clearly, this Red Flower Sedan was the Magic Treasure their ancestor mentioned that could restrict her power.

From now on, under no circumstances can she meet Lu Chen. Even if an encounter is necessary, she must use a clone, so that Lu Chen cannot do anything to her.

Lu Chen was unaware that Immortal Emperor Youlan was already guarding against him. In fact, it wasn't just Immortal Emperor Youlan who was wary of him; even Xuan Qingyun decided to keep her distance after hearing about the appearance of the Red Flower Sedan.

She's unsure whether Lu Chen has control over the Red Flower Sedan. From Xuan Qingyun's perspective, the Red Flower Sedan poses a great threat. If Lu Chen controlled it and used it against her, she definitely wouldn't stand a chance.

While she doesn't yet know the specific role of the Red Flower Sedan, if she keeps her distance from Lu Chen and doesn't meet him face-to-face, his plans will fall through.

Daqin Immortal Dynasty.

Imperial Study Room.

An Immortal King entered the Imperial Study Room and said to Lu Chen, “Your Majesty, Hidden Moon Sect has issued an Immortal Order, instructing all forces in the Barbaric to prepare. Hidden Moon Sect plans to launch another attack on the Southern Domain.”

Upon hearing the report from this Immortal King, Lu Chen merely chuckled. He instantly deduced the reason behind Hidden Moon Sect issuing this Immortal Order; just recently, Hidden Moon Sect Leader had released a message indicating plans to attack the Southern Domain again.

Clearly, the Hidden Moon Sect also noticed the Daqin Immortal Dynasty army was continually being mobilized. Hidden Moon Sect Leader was worried that Daqin Immortal Dynasty might discover Hidden Moon Sect’s impending attack, so they released this message again to make it look more convincing and attempt to deceive Daqin Immortal Dynasty.

However, he already knew what Hidden Moon Sect was planning. At this point, releasing this message is evidently too late.

It seems that war between Hidden Moon Sect and Daqin Immortal Dynasty will soon break out in full force.
