Chapter 2131 - 1821: Weren't We Supposed to Hunt Down the Blood Ancestor? Why Are You Attacking Us Instead?

In order to avoid being detected by Lu Chen about what the Hidden Moon Sect is about to do next, the Hidden Moon Sect Leader secretly issued an Immortal Order to those top powers in the Barbaric, urging them to speed up the mobilization of their armies.

At the same time, the Hidden Moon Sect Leader also dispatched an Immortal Envoy to the Daqin Immortal Dynasty, intending to further confuse Lu Chen, so as not to reveal the intentions of the Hidden Moon Sect.

Daqin Immortal Dynasty, Imperial City.

In the sky, a luxurious Immortal Ship slowly flew from afar, with the Hidden Moon Sect's Immortal Sect flag hanging on it.

Feeling the arrival of this Immortal Ship, Lu Chen was somewhat puzzled; why would the Hidden Moon Sect send people to the Daqin Immortal Dynasty at this time, when they had already issued an Immortal Order to confuse the Daqin Immortal Dynasty?

After the Immortal Ship stopped in the sky, an Immortal King of the Hidden Moon Sect descended from it. He directly addressed the guards of the Imperial City, saying, "Thunderfall Immortal King of the Hidden Moon Sect seeks audience with the Daqin Immortal Emperor."

Upon hearing Thunderfall Immortal King's voice, Lu Chen headed directly to the Meeting Hall, then sent word, saying: "Please bring the envoy to the Hall of Political Affairs."

Moments later, Thunderfall Immortal King was brought to the Meeting Hall. Upon seeing Lu Chen on the Immortal Throne, he respectfully saluted, saying: "Greetings, Your Majesty the Daqin Immortal Emperor!"

Lu Chen said, "No need for excessive courtesy, Envoy of the Upper Sect."

Usually, when an envoy from the main sect visits a subordinate power, they are very assertive, never so subservient. Moreover, Lu Chen is merely an Immortal King, making Thunderfall Immortal King's display seem overly deliberate.

At this point, Lu Chen proactively asked, "I wonder for what purpose the envoy of the Upper Sect has come to the Daqin Immortal Dynasty this time? Does the Sect Leader have any special tasks to entrust to me?"

Thunderfall Immortal King replied, "The Sect Leader sent me to deliver a message to Your Majesty: he hopes Your Majesty can once again assist in sealing the Blood Ancestor."

Upon hearing this, Lu Chen said, "The Daqin Immortal Dynasty is also a part of the Barbaric. Since it's an attack on the Southern Domain, it's only natural for our Daqin Immortal Dynasty to contribute. Even without the Sect Leader's request, I would offer my assistance."

"However, I recall that during the last campaign against the Blood Ancestor, my Chaos Spirit Ruins Sealing Heaven Array didn't have much effect. Why does the Sect Leader still intend for me to use the Chaos Spirit Ruins Sealing Heaven Array against the Blood Ancestor?"

Thunderfall Immortal King said, "According to our Sect Leader, the reason we couldn't seal the Blood Ancestor last time was due to the overwhelming strength of the Blood Ancestor, causing Your Majesty's Chaos Spirit Ruins Sealing Heaven Array to fail."

"But after that battle, the Blood Ancestor's power must have been significantly weakened, and given that the Blood Ancestor's time might be nearing its end, his

strength could be less than a tenth of what it was. The Sect Leader's thought is that if it can be sealed, then it should be sealed."

"The Sect Leader asked me to relay to Your Majesty, that if we can seal the Blood Ancestor, he is willing to grant Your Majesty a portion of the Southern Domain's Qi Fortune, hoping Your Majesty will put in full effort."

Lu Chen said, "I see, but there seems to be no need to specially come and tell me this, right?"

Thunderfall Immortal King said, "The Sect Leader knows that the strength of the Daqin Immortal Dynasty now far surpasses the top powers of the Barbaric. Considering who stands behind Your Majesty, he worries that Your Majesty might be unwilling to continue siding with the Barbaric, which is why he sent me."

Lu Chen smiled and said, "Go back and tell the Sect Leader to rest assured, the Daqin Immortal Dynasty will always be a part of the Barbaric. Since the Barbaric wants to campaign against the Blood Ancestor, I will certainly offer my full support."

Thunderfall Immortal King said, "In that case, many thanks to Your Majesty."

Lu Chen looked at Thunderfall Immortal King with a smile, saying nothing more, but thinking to himself that it seemed the Hidden Moon Sect Leader was still not

entirely reassured, sending Thunderfall Immortal King to obfuscate further, continuing to try to mislead him.

Thunderfall Immortal King specifically mentioned that the Daqin Immortal Dynasty has strong backing, implicitly raising the status of the Daqin Immortal Dynasty, making it seem like no one would dare touch it with the support of an Immortal Emperor.

If he hadn't already known what the Hidden Moon Sect Leader was up to next, these tactics might have indeed confused Lu Chen, making him think the Barbaric factions were genuinely preparing to campaign against the Blood Ancestor.

...

Southern Domain, Blood Eagle Hall.

The towering figure of the Blood Ancestor appeared beside the Blood Eagle Hall, surveying the distant mountains, pondering that even if the Hidden Moon Sect attacked the Daqin Immortal Dynasty, they might still not be able to gauge Lu Chen's true strength.

The Daqin Immortal Dynasty only occupies a small part of the Barbaric lands and could at any time shift to the Eastern Domain. The critical issue is the uncertainty of Lu Chen's Main Body's location; eliminating his Clones means nothing, only by locating his Main Body could they truly test his strength.

The Blood Ancestor's main concern is that Lu Chen might abandon the Barbaric and Southern Domain's territories, choosing instead to withdraw to the Eastern Domain.

If that happens, testing Lu Chen's strength might require him to act personally.

Xiyue Immortal Emperor is always a trouble.

At this moment, the Blood Ancestor raised his giant hand, and the Array Pattern of the Chaos Spirit Ruins Sealing Heaven Array rapidly formed in the center of his palm.

Feeling the oppressive force emanating from this Formation, the Blood Ancestor's lips curled slightly as he muttered to himself, "What a fool, passing on such a formidable array to others!"

Just as Lu Chen can wield the Chaos Spirit Ruins Sealing Heaven Array, so can the Blood Ancestor, and with his power, this array's might increases significantly; when he turns it against Lu Chen, it might have unexpected effects.

Now it waits to be seen if the Hidden Moon Sect can discover Lu Chen's true strength.

...

In the blink of an eye, several years passed, and the armies of those top Barbaric powers had mostly completed their assembly.

Similarly, Lu Chen's Daqin Immortal Dynasty's forces were also assembled, currently boasting thirty-five Immortal Venerates on Lu Chen's side, while the Hidden Moon Sect had fifty-one Immortal Venerates.

Judging by the number of Immortal Venerates, the Hidden Moon Sect is stronger, but the Daqin Immortal Dynasty's Qi Fortune is incredibly thick, bolstering the power of Daqin's Immortal Venerates.

Once the top Barbaric forces completed their troop movements, the Hidden Moon Sect Leader ceased pretending, directly ordering all top Barbaric powers to attack the Daqin Immortal Dynasty.

Daqin Immortal Dynasty, Sun City.

Warships flew swiftly toward the direction of Sun City, blotting out the sun and darkening the skies; their rapid flight stirred the desert below, forming raging sandstorms.

Ten-thousand-meter-high sandstorms surged toward Sun City, resembling the end of the world.

At this moment, drumbeats echoed from high above Sun City, and soon after, a massive golden Barrier enveloped Sun City, with countless Flying Swords launching from the golden Barrier, heading directly for the distant warships.

Next, Lu Chen's voice echoed in the sky, "Hidden Moon Sect Leader, I thought we were campaigning against the Blood Ancestor, so why are you heading towards us?"

As Lu Chen's words fell, thirty-five Immortal Venerates' auras were released in the sky above Sun City.

At this moment, on the Floating Island of the Hidden Moon Sect, the Hidden Moon Sect Leader frowned deeply. The sudden appearance of thirty-five Immortal Venerates in the Daqin Immortal Dynasty indicated that their Immortal Venerates from both the Eastern Domain and the Southern Domain had arrived.

Clearly, Lu Chen had long seen through their intentions and had transferred Daqin's Immortal Venerates from other realms to the Barbaric when the top Barbaric powers were mobilizing.

Chapter 2132 - 1822: All Those Immortal Cities of the Daqin Immortal Dynasty Seem to Have Disappeared

The Hidden Moon Sect Leader's biggest worry now is not the thirty-five Immortal Venerate presences in the distance; when it comes to the number of Immortal Venerates, the Wilderness World has far more than the Daqin Immortal Dynasty.

The real concern for the Hidden Moon Sect Leader is that since Lu Chen invited Immortal Venerates from other realms to the Wilderness World ahead of time, it proves Lu Chen had long been aware of the Hidden Moon Sect's plan to destroy the Daqin Immortal Dynasty.

If Lu Chen knows this, it means that Xiyue Immortal Emperor also knows.

It's impossible for Xiyue Immortal Emperor not to make any preparations.

Perhaps Lu Chen's Main Body has long left the Daqin Immortal Dynasty.

Not to mention whether the Wilderness World can destroy the Daqin, even if it does, if they can't find Lu Chen's Main Body, this war would be a loss.

At this time, the Hidden Moon Sect Leader flew out from the Floating Island and stood in the air, looking at the thirty-five Immortal Venerates above Sun City.

The next moment, Immortal Venerates from the top forces in the Wilderness World also joined the Hidden Moon Sect Leader, with both sides forming a standoff.

Dragon Soaring Immortal Venerate next to the Hidden Moon Sect Leader asked, "Sect Leader, what should we do next? Should we make a direct move?"

Originally, they planned to catch the Daqin Immortal Dynasty off guard, but now it seems the Daqin Immortal Dynasty is clearly prepared, so they can only proceed with a strong attack.

The Hidden Moon Sect Leader did not immediately answer Dragon Soaring Immortal Venerate's question, his cloudy eyes fixed on the Immortal Venerates of the Daqin Immortal Dynasty.

At this moment, a mass of blood Qi appeared next to the Hidden Moon Sect Leader, continuously condensing into a miniaturized version of the Blood Ancestor.

High above Sun City, when Lu Chen saw the clone of Blood Ancestor appear, he directly said, "Blood Ancestor, since you want to kill me so desperately, why not do it yourself? Only dare to play these tricks behind my back."

Hearing Lu Chen's words, Blood Ancestor sneered and said, "To deal with you, why do I need to act myself!"

Lu Chen's gaze turned to the Hidden Moon Sect Leader with a dark expression and continued, "Hidden Moon Sect Leader, your Hidden Moon Sect at least is an Overlord-level Influence in a realm, yet you choose to be someone else's dog. Even Blood Ancestor doesn't dare to attack the Daqin Immortal Dynasty directly. Do you think your Hidden Moon Sect can really defeat the Daqin?"

The Hidden Moon Sect Leader came to his senses and coldly said, "Lu Chen, as long as you hand over your Emperor Cheng opportunity, I can withdraw the troops!"

The Hidden Moon Sect Leader considered that since the Daqin Immortal Dynasty is already prepared, Xiyue Immortal Emperor must have left some contingencies for the Daqin Immortal Dynasty, plus the one in front of them might not even be Lu Chen's Main Body, so this war is likely to bring them considerable trouble.

As for whether Blood Ancestor is using him, the Hidden Moon Sect Leader didn't care much internally, as his time was limited. He must find a way to break through to become an Immortal Emperor, otherwise, with his Life Force continuing to drain, he would die for sure.

Lu Chen said, "Emperor Cheng opportunity? I do have the Emperor Cheng opportunity, but why should I give it to you?"

At this point, even if the Hidden Moon Sect intends to withdraw troops, Lu Chen would not agree. He plans to take this opportunity to completely bring the Wilderness World under his rule to openly absorb the Qi Fortune of the entire Wilderness.

Upon hearing Lu Chen's words, the aura around the Hidden Moon Sect Leader surged violently. Although he was reluctant to act, since Lu Chen won't hand over the Emperor Cheng opportunity, he could only act.

Moreover, even without the Emperor Cheng opportunity, once he destroys the Daqin Immortal Dynasty, the thick Qi Fortune of Daqin will be his. Perhaps after absorbing the Qi Fortune of the Daqin Immortal Dynasty, his cultivation state will breakthrough, and although it might be impossible to become an emperor, he could at least extend his lifespan.

At this time, the Hidden Moon Sect Leader coldly said, "Since you are so ignorant, don't blame me for being ruthless."

"Attack!"

With these words, the Immortal Venerates gathered by the Hidden Moon Sect launched their attack, and for a time, various magic anomalies covered the skies of the Wilderness.

Seeing the Immortal Venerates of the Hidden Moon Sect in action, the Immortal Venerates of the Daqin Immortal Dynasty immediately followed suit.

In the next moment, the Wilderness World became darkened, with dust rising tens of thousands of feet into the sky, and countless ravines and cracks appeared across the land.

This war is the largest Immortal Venerate battle since this era began; even during the previous invasion of the Southern Domain by the Wilderness World, there wasn't a scene of dozens of Immortal Venerates acting simultaneously.

Lu Chen, Blood Ancestor, and the Hidden Moon Sect Leader all refrained from acting, watching the battle closely.

Though it was the first clash, the Hidden Moon Sect Leader clearly felt that their Immortal Venerates were not as strong as the Daqin Immortal Dynasty's Immortal Venerates.

Seeing the aura exuding from the thirty-five Immortal Venerates of the Daqin Immortal Dynasty, the Hidden Moon Sect Leader's expression turned extremely

grim. Although he knew that the Daqin Immortal Dynasty's Qi Fortune was already very strong, he hadn't expected it to be this strong.

In the first round of confrontation, the Wilderness World did not gain any advantage; the Immortal Venerates of the Daqin Immortal Dynasty practically had the strength to fight two versus one, even in the same realm without using Immortal Artifacts, the Wilderness Immortal Venerates couldn't match those of the Daqin Immortal Dynasty.

Their strength is clearly influenced by the Qi Fortune of Daqin, boosting their power.

Seeing the Immortal Venerates of the Daqin Immortal Dynasty take the upper hand in the first round, Lu Chen breathed a slight sigh of relief; he had been concerned that thirty-five Immortal Venerates might be too overconfident against the top forces of the Wilderness.

An Immortal Venerate battle cannot be decided in a day or two; now, it depends on which side can hold out longer.

As days go by, the intensity of the Immortal Venerate battle continues to rise, while the Wilderness grows even more fragmented, with Chaos Qi already appearing across its lands, turning many places into dead zones.

Seeing this, Lu Chen can only temporarily transport some Immortal Cities of the Daqin Immortal Dynasty to the Eastern Domain. Though this consumes a large amount of Immortal Crystal, it stabilizes the Qi Fortune of the Daqin Immortal Dynasty.

This war appears to be just an Immortal Venerate battle, but it's far more complicated; as the battle stalls, with neither side able to defeat the other, various forces will attempt to destroy the opponent's Immortal Cities, causing a significant drop in their Qi Fortune.

As long as the Qi Fortune drops, the enemy's strength will also decrease. Lu Chen foresaw this and moved some critical Immortal Cities to the Eastern Domain to prevent the Hidden Moon Sect from weakening the Daqin Immortal Dynasty's Qi Fortune by destroying its cities.

Of course, it's not necessary to attack Immortal Cities to weaken a force's Qi Fortune; just by gradually reducing the Daqin's domain, its Qi Fortune can also be weakened. However, since each Immortal City contains a large population within a force, the Qi Fortune proportion becomes greater.

Seeing the Immortal Venerate battle reach a stalemate, the Hidden Moon Sect Leader immediately dispatched forces to skirt the Immortal Venerate battle field and head directly for the Daqin Immortal Dynasty's Immortal Cities, aiming to gradually nibble away at the Daqin Immortal Dynasty's domain and weaken its Qi Fortune.

Wilderness, Hidden Moon Sect Floating Island.

In the hall, the Hidden Moon Sect Leader sat on the Immortal Throne, observing the Immortal Venerate battlefield through the screen before him.

It was at this moment that Thunderfall Immortal King entered the hall, "Sect Leader, something is odd with the Daqin Immortal Dynasty."

Upon hearing this, the Hidden Moon Sect Leader waved his hand, causing the screen before him to disappear. He looked at Thunderfall Immortal King with confusion and asked, "What happened?"

Thunderfall Immortal King directly condensed a Memory Pearl and presented it to the Hidden Moon Sect Leader, then said, "It seems all the Immortal Cities of the Daqin Immortal Dynasty have vanished."

Having children earns benefit, start competing for dominance in the world by marrying a wife

Upon hearing Thunderfall Immortal King's words, Hidden Moon Sect Leader immediately thought of the incident when the forces in the Southern Domain suddenly disappeared.

Back then, the various forces in the Southern Domain acted as if they were ready to fight to the death with the Barbarians, but when the Barbarians were prepared to attack, the Southern Domain forces suddenly vanished without a trace.

Later, people learned that they were transported to the Eastern Domain. Regarding this matter, there were two theories: some believed Xiyue Immortal Emperor personally intervened to bring the Southern Domain forces to the Eastern Domain, while others thought Lu Chen used a Transmission Array surpassing the Heaven Rank to directly transport them to the Eastern Domain.

Now the same thing has happened to the Daqin Immortal Dynasty, causing Hidden Moon Sect Leader to furrow his brows.

If Lu Chen truly possesses a Transmission Array capable of realm-crossing transport, then continuing to wage this war, they likely will not be able to destroy the Daqin Immortal Dynasty, nor capture Lu Chen's Main Body.

Regardless of whether Lu Chen's Main Body is in the Barbaric Domain, even if it is, with such a realm-crossing Transmission Array, Lu Chen could instantly transport to other realms.

That being the case, obtaining Immortal Law able to suppress the Blood Ancestor from Lu Chen becomes impossible, most importantly, they cannot destroy the Daqin Immortal Dynasty.

If the Daqin Immortal Dynasty cannot be destroyed, its Qi Fortune will transfer elsewhere, and in the end, Hidden Moon Sect's efforts will be in vain.

Seeing that Hidden Moon Sect Leader did not speak, Thunderfall Immortal King proactively asked, "Sect Leader, what should we do next? Should we continue advancing?"

Their army's proactive attack was primarily to weaken the Daqin Immortal Dynasty's Qi Fortune, but now that important Immortal Cities of the Daqin Immortal Dynasty have been transported elsewhere, even controlling all of the Daqin's territory in the Barbaric Domain won't yield much Qi Fortune.

The Daqin Immortal Dynasty's territory in the Barbaric Domain is not expansive, compared to the entire Daqin Immortal Dynasty, this territory holds little Qi Fortune, most crucially, with people gone, the Qi Fortune transfers too.

After thinking it over, Hidden Moon Sect Leader said, "Continue advancing; I don't believe the Imperial City of the Daqin Immortal Dynasty is gone too."

Things have reached a point where there is no turning back. Even knowing it's unlikely to destroy the Daqin Immortal Dynasty, Hidden Moon Sect Leader plans to forge ahead, as halting this war now gains them nothing.

Since initiating the war, they have offended the Daqin Immortal Dynasty and Xiyue Immortal Emperor. When the Daqin Immortal Dynasty develops someday, chances of revenge are high.

Even if they cannot destroy the Daqin Immortal Dynasty, they must drive it out of the Barbaric Domain, making it harder for Lu Chen to return later.

Upon hearing Hidden Moon Sect Leader's command, Thunderfall Immortal King immediately responded, "Yes, Sect Leader, I'll deliver your Immortal Order!"

As his words fell, Thunderfall Immortal King turned and left the hall; watching his departing figure, Hidden Moon Sect Leader couldn't help but apply force to the armrest of the Immortal Throne, breaking it into pieces.

...

Eastern Domain, Tianxi Palace.

In the bedchamber, Lu Chen sat upright on a chair; seeing Lu Chen so serious, Xiyue Immortal Emperor asked, "Do you need me to take action now?"

Though Lu Chen hadn't spoken to Xiyue Immortal Emperor, she was already aware of happenings in the Barbaric Domain. So many Immortal Venerates moving

simultaneously created quite a stir, detectable not only in the Eastern Domain but across other realms too.

Lu Chen replied, "Not for the moment; I want to see what the Blood Ancestor will do next."

Currently, without the Blood Ancestor taking action, Hidden Moon Sect hopes to destroy the Daqin Immortal Dynasty, which seems unlikely—Daqin's current Qi Fortune surpasses Hidden Moon Sect's, amplifying its Immortal Venerates' strength immensely.

If it weren't for the Hidden Moon Sect's numerous Immortal Venerates, chances are Daqin Immortal Dynasty might have pushed back Hidden Moon Sect already.

Hearing Lu Chen's words, Xiyue Immortal Emperor said, "I'm curious, what deep-seated hatred does the Blood Ancestor have with you?"

Lu Chen replied, "I'm not sure; perhaps some conflict with one of my past lives."

Xiyue Immortal Emperor was about to say more when suddenly, she felt the eerie energy within her grow agitated.

Xiyue Immortal Emperor's mind paused slightly; she distinctly sensed some kind of restriction loosening, causing the undulations within.

Seeing the eerie energy emitted by Xiyue Immortal Emperor, Lu Chen was stunned for a moment, quickly asking, "What's wrong with you?"

Xiyue Immortal Emperor replied, "I'm uncertain what's happening; this energy within seems triggered by something, like a loosening ban on this force in the world."

Hearing this, Lu Chen's heart skipped a beat. With the Hidden Moon Sect and Daqin Immortal Dynasty's Immortal Venerates fully engaged in battle, it's plausible the Barbaric Domain could face destruction.

And with the Barbaric Domain adjacent to the Sunset Mountain Range, any damage might extend there, affecting those seals.

Unless remembering wrongly, last time bizarre entities were released, his wives' eerie energies resonated similarly.

Could it be the Sunset Mountain Range's seals were affected by the Immortal Venerates' battles, causing eerie energy to leak and resonate within Xiyue Immortal Emperor?

Upon considering this possibility, Lu Chen's demeanor turned grave, never having accounted for potential impacts of an Immortal Venerate battle on the Sunset Mountain Range.

If indeed the battleground damages the seal grounds, trouble brews.

Ultimately, those bizarre entities remain merely sealed beneath Tianyan Immortal Domain; breaking its land, they're bound to emerge.

Noticing Lu Chen's stern expression, Xiyue Immortal Emperor lightly chuckled and teased, "What, are you scared?"

"Afraid I'll become a complete eerie entity and turn on you?"

Lu Chen regained composure, calmly saying, "I'm only worried this eerie energy may adversely affect you physically."

With that, Lu Chen didn't say more to Xiyue Immortal Emperor; instead, he directly operated the Nine-Turn Soul Forbidden Technique, instantly enveloping Xiyue Immortal Emperor with black runes.

Startled by Lu Chen's sudden magic, Xiyue Immortal Emperor grew vigilant, coldly saying, "What do you intend to do?"

Lu Chen replied, "Reinforcing deep-seated seals within your Divine Soul to prevent losing completely to the madness."

Xiyue Immortal Emperor scoffed coldly, "In essence, you fear I'll turn into an eerie entity."

"While claiming indifference, you care more deeply than anyone."

"But are you sure your technique can bolster seals deep within my Divine Soul?"

Not long after Xiyue Immortal Emperor spoke, she discovered those black runes indeed penetrated her forehead, merging with her Divine Soul, clearly realizing they matched the sealing runes deeply embedded.

Having children earns benefit, start competing for dominance in the world by marrying a wife

After realizing that the sealing magic Lu Chen used was similar to the seal on her Divine Soul, Xiyue Immortal Emperor's expression turned icy cold.

If Lu Chen could perform the seal similar to the one in her Divine Soul, does that mean the seal inside her Divine Soul was set by Lu Chen in his past life?

If that's the case, then the former Lu Chen might have been her enemy.

Even without Immortal Emperor Youlan's reminder, Xiyue Immortal Emperor also deduced that Lu Chen and her identity might be opposed. If their identities weren't opposed, why would Lu Chen set a seal deep within her Divine Soul, and what's more, seal the mysterious power?

Seeing Xiyue Immortal Emperor looking at him with indifference, and the mysterious power around her growing increasingly restless, hinting at signs of going berserk, Lu Chen hurriedly said: "Why are you looking at me like that?"

Xiyue Immortal Emperor directly asked: "Did you set the seal within my Divine Soul?"

Lu Chen didn't directly deny it but said: "I don't know either."

Lu Chen actually suspected the seal was related to his past life, but because he lacked those past memories, he wasn't sure if the seal inside their Divine Soul was indeed set by him.

Seeing Lu Chen did not directly deny and said he didn't know, Xiyue Immortal Emperor immediately understood that Lu Chen really didn't know. He probably hasn't restored his past memories, but he certainly was suspecting that those seals were related to him.

Xiyue Immortal Emperor then asked: "Aren't you curious about what is sealed deep within my Divine Soul?"

Lu Chen said: "Not curious."

"Something that gets sealed definitely isn't anything good. Being curious about such things isn't a good thing."

Xiyue Immortal Emperor glared at Lu Chen. Lu Chen said the things sealed within her Divine Soul weren't anything good, which implied he was cursing her as not being good either, since those things were sealed deep inside her Divine Soul.

Xiyue Immortal Emperor then said: "Why don't you try unsealing it for me?"

Lu Chen wasn't curious, which didn't mean Xiyue Immortal Emperor wasn't curious. She now very much wanted to know what exactly was sealed deep within her Divine Soul.

Hearing Xiyue Immortal Emperor's words, Lu Chen resolutely refused: "Better not, what if the mysterious power you're sealed with corrodes your mind."

Seeing Lu Chen's reluctance, Xiyue Immortal Emperor didn't insist, as she naturally knew what Lu Chen worried about. This wretched thing was surely afraid she would turn into another person after recovering her sealed memories, and wouldn't be with him anymore.

As Lu Chen continued to operate the Nine-Turn Soul Forbidden Technique, the seal deep within Xiyue Immortal Emperor's Divine Soul became more secure.

However, just when Lu Chen was about to finish casting the spell, suddenly the seal deep within Xiyue Immortal Emperor's Divine Soul developed a crack. Following that, mysterious power burst out continuously from the seal, and for a moment, the mysterious power on Xiyue Immortal Emperor grew even denser.

Lu Chen was immediately stunned, what was happening?

He had clearly reinforced the seal, why did the seal instead break apart so quickly?

After coming back to his senses, Lu Chen operated the Nine-Turn Soul Forbidden Technique again, attempting to continue reinforcing the seal deep within Xiyue Immortal Emperor's Divine Soul.

However, even when he used his full strength, he still couldn't reinforce the seal. As soon as he reinforced the seal, a crack would immediately appear.

Sensing the situation deep within her Divine Soul, Xiyue Immortal Emperor looked at Lu Chen with a face full of ridicule, "Looks like your sealing magic can no longer continue sealing those things deep within my Divine Soul."

Lu Chen furrowed his brow and said nothing.

If the seal crack were allowed to exist, the seal crack would probably grow larger, and once the seal is completely unsealed, nobody knows what consequences will follow.

But the Nine-Turn Soul Forbidden Technique is now ineffective, and he has no other way to reinforce the seal deep within Xiyue Immortal Emperor's Divine Soul.

Lu Chen couldn't help but think, could he only watch as the mysterious power continues to surge out, until Xiyue Immortal Emperor completely turns into a mysterious creature?

Seeing Lu Chen full of anxiety, Xiyue Immortal Emperor continued: "I can control this power, even if the seal breaks, it won't have too much impact on me. You don't need to be overly worried."

Through the Unity Seal, Xiyue Immortal Emperor could clearly feel Lu Chen's anxiety at this time, so she didn't plan to keep teasing Lu Chen.

But even though Xiyue Immortal Emperor said so, Lu Chen was still very worried; he didn't believe Xiyue Immortal Emperor could completely control this power.

Of course, what he was most worried about was that in the black mist, not only mysterious power was sealed, but also some of Xiyue Immortal Emperor's past memories. If Xiyue Immortal Emperor was herself a mysterious creature, once she recovered her memories, she might directly oppose him.

Thinking of this, Lu Chen suddenly felt some strands of red Immortal Aura emanating from his own Divine Soul.

Lu Chen probed the red Immortal Aura, quickly realizing the red Immortal Aura came from the Red Flower Sedan; he had a Divine Soul connection with the Red Flower Sedan, which was releasing special Immortal Aura through his Divine Soul.

Lu Chen immediately took the Red Flower Sedan out from the System Space, and upon seeing the Red Flower Sedan suddenly appear in the hall, Xiyue Immortal Emperor's expression turned cold, "What do you mean by this, are you worried I'll turn into a mysterious creature and want to trap me directly in this Small World of the Red Flower Sedan?"

She had been tormented in the Small World inside the Red Flower Sedan by Lu Chen before. Upon seeing the Red Flower Sedan again, she naturally felt very displeased.

Lu Chen said: "That's not it, I just want to know if this Red Flower Sedan can suppress the mysterious power; better safe than sorry, what if you really lose your mind then?"

Saying this, Lu Chen seriously gazed into Xiyue Immortal Emperor's pair of red eyes.

Hearing Lu Chen's words, Xiyue Immortal Emperor felt even more displeased, frankly speaking, this guy simply didn't trust her.

But then again, there was indeed a possibility of what Lu Chen said. Now just one crack appeared in the seal deep within her Divine Soul, and already a large amount of mysterious power surged out. If the seal was completely broken, who knows how much mysterious power is contained inside; it was indeed possible for her to lose her mind temporarily under the influence of mysterious power.

Xiyue Immortal Emperor thought about it, then said: "Alright, I can test it with you."

Seeing Xiyue Immortal Emperor agree, Lu Chen didn't say another word, directly activated the Red Flower Sedan. In the next instant, both their bodies disappeared from the spot, appearing in the bridal chamber of the Red Flower Sedan.

To Lu Chen's delight, as soon as they entered the Red Flower Sedan, the mysterious power within Xiyue Immortal Emperor was suppressed; the seal deep within her Divine Soul no longer continued to emit mysterious power.

This...

Feeling her mysterious power suppressed by the Power of Laws from the Red Flower Sedan, Xiyue Immortal Emperor also felt very surprised for a moment.

The last time she came to the Red Flower Sedan with Lu Chen, the mysterious power within her was not much, so it wasn't surprising to be suppressed by the Red Flower Sedan's power. This time, however, a large amount of mysterious power surged from her Divine Soul, yet even this mysterious power was easily suppressed by the Red Flower Sedan.

Having children earns benefit, start competing for dominance in the world by marrying a wife

Xiyue Immortal Emperor is very interested in Lu Chen's Red Flower Sedan now; she wants to know what kind of magic treasure it is, to be able to suppress the mysterious power.

Moreover, the suppression of mysterious power by the Red Flower Sedan was absolute. As she entered the Red Flower Sedan, the mysterious power within her body was instantly suppressed, and she completely couldn't activate it.

Seeing the terrifying suppression effect of the Red Flower Sedan on the mysterious power on Xiyue Immortal Emperor, Lu Chen finally breathed a sigh of relief. With the Red Flower Sedan here, even if the seal deep in Xiyue Immortal Emperor's divine soul gets unlocked and she regains her memories as a mysterious creature, he's not afraid anymore.

If Xiyue Immortal Emperor doesn't recognize him as her darling at that time, he'll directly bring Xiyue Immortal Emperor into the wedding chamber of the Red Flower Sedan.

Anyway, even if she's a mysterious creature, since she was his woman for a day, she'll be his woman for a lifetime.

At this moment, Xiyue Immortal Emperor, dressed in a bright red wedding gown, stared straight at Lu Chen and spoke softly, "Now you should be relieved, right?"

The suppression of mysterious power by the Red Flower Sedan is absolute. Even if she truly loses her senses in the future, Lu Chen will be able to control her with the Red Flower Sedan. She believes Lu Chen should not be worried anymore about her losing control.

Lu Chen gave a shy smile and then said, "I am relieved."

Xiyue Immortal Emperor gave Lu Chen a glare, "Since you are relieved, why don't you let me out?"

As soon as Xiyue Immortal Emperor's words fell, Lu Chen immediately activated the Red Flower Sedan, causing their bodies to instantly leave the wedding chamber of the Red Flower Sedan and appear in the hall.

After returning to the hall, the mysterious power on Xiyue Immortal Emperor started to stir again, and the crack on the seal deep within her divine soul seemed to have grown larger.

Feeling the gap on the seal deep within Xiyue Immortal Emperor's divine soul enlarging continuously, a hint of worry flashed across Lu Chen's face once again.

He couldn't help but wonder, is it really due to the influence of the battle between the Immortal Venerate? If the seal deep in Xiyue Immortal Emperor's divine soul is affected, then is the seal deep within the divine soul of his other women showing larger cracks too?

Thinking of this, Lu Chen immediately shifted his attention to the other women.

Mysterious Moon Palace.

In the Ice Palace, Yun Yudie was sitting cross-legged, and the mysterious power on her body was continuously being released. At this time, Lu Chen's body appeared beside Yun Yudie. Seeing the thick mysterious power on Yun Yudie's body, Lu Chen's heart skipped a beat.

Xiyue Immortal Emperor could control the mysterious power within her body primarily because of her high cultivation state, whereas Yun Yudie was merely at Immortal Venerate cultivation state now, and with so much mysterious power suddenly pouring out from the depths of her divine soul, Yun Yudie's consciousness might be completely eroded by the mysterious power.

Moreover, Lu Chen found that Yun Yudie's mysterious power seemed to be even thicker than Xiyue Immortal Emperor's mysterious power.

Lu Chen quickly took out the Red Flower Sedan and then activated it, drawing Yun Yudie into the Red Flower Sedan.

Once Yun Yudie entered the Red Flower Sedan, she instantly awoke, looking around the wedding chamber in confusion, and moments later, she realized what had happened.

It was definitely that guy Lu Chen who took advantage of her while she was cultivating, putting her inside the Red Flower Sedan. Could it be that guy is thinking of doing that kind of thing with her at this moment?

Yun Yudie assumed that Lu Chen brought her into the Red Flower Sedan to engage in a romantic relationship.

Just as Yun Yudie thought this, Lu Chen's body appeared in the wedding chamber, and Yun Yudie looked coldly at Lu Chen and said, "At this time when the Hidden Moon Sect launched a full attack on the Daqin Immortal Dynasty, you still have the heart to lust after me."

Upon hearing this, Lu Chen chuckled and then said, "Seems you don't know what just happened?"

Yun Yudie asked in confusion, "What happened?"

Seeing Yun Yudie indeed didn't know what had happened earlier, Lu Chen's heart was filled with worry again. Sure enough, Yun Yudie's consciousness was eroded, and she wasn't aware that the mysterious power from deep within her divine soul was crazily pouring out.

Lu Chen then said, "The seal deep within your divine soul developed a crack; a large amount of mysterious power poured into your body."

Yun Yudie was momentarily stunned, then immediately sensed the situation of her divine soul, and found that indeed, as Lu Chen said, the seal deep within her divine soul had cracked open with a large gap.

But due to the suppression power of the Red Flower Sedan, the mysterious power didn't pour out. However, if she left the Red Flower Sedan, the mysterious power of the seal would undoubtedly pour out crazily.

Moreover, she clearly felt that the mysterious power within her body had become thicker. Yun Yudie's brows furrowed slightly, a trace of worry rose on her face. Could she have lost control earlier? Is that why Lu Chen pulled her into the Red Flower Sedan, using the power of laws to suppress the mysterious power within her, allowing her to regain clarity?

Thinking of this, Yun Yudie looked directly into Lu Chen's eyes and asked, "Did I lose control earlier?"

Lu Chen truthfully said, "Not quite, but you seemed to lose consciousness. I was worried that your divine sense was being eroded by the mysterious power, so I brought you into the small world of the Red Flower Sedan."

Yun Yudie's lips parted slightly, hesitated for a moment after opening her mouth, she eventually said, "Thank you."

She knew that there might be memories from a past life sealed deep within her divine soul. If the seal is removed, she might regain those memories, but for now, she doesn't want to restore past memories or become a mysterious creature.

Even if she might have been a mysterious creature before, without the influence of past memories, she has already adapted to the life of an immortal. Now, being turned back into a mysterious creature, her heart naturally rejected it.

Right after Yun Yudie said thank you, Lu Chen grasped Yun Yudie's jade hand and pulled her into his arms. Yun Yudie's mind was slightly startled, thinking Lu Chen intended for her to use her body to express gratitude.

However, what Yun Yudie didn't expect was that after pulling her into his arms, Lu Chen didn't take advantage but instead performed some magic on her.

The next moment, black runes appeared deep within her divine soul, which seemed to be reinforcing the seal there.

Lu Chen, while operating the Nine-Turn Soul Forbidden Technique, said, "I'll try to help reinforce the seal."

Yun Yudie calmly said, "Okay."

The Ice Beauty showed no resistance and obediently lay in Lu Chen's embrace, feeling the warmth of his body.

Perhaps because of the effect within the Red Flower Sedan, not long after, Lu Chen reinforced the seal, and all the cracks in the seal disappeared.

Although it seemed fine now, Lu Chen was still very worried; the suppressing power inside the Red Flower Sedan doesn't mean that everything will remain stable after leaving it. He feared that once Yun Yudie left, the seal inside her divine soul would develop cracks again.

Lu Chen fell into thought, contemplating keeping Yun Yudie inside the Red Flower Sedan forever.

But if he did such a thing, it would be equivalent to imprisoning Yun Yudie, and Yun Yudie probably wouldn't agree. You

Seeing Lu Chen suddenly fall into silence, not speaking for a long time, Yun Yudie directly asked, "What are you thinking about?"

Lu Chen snapped back to reality, gazing into those eyes that were like amethyst and said with a smile, "Why not stay temporarily in the Red Flower Sedan for now?"

Upon hearing Lu Chen's words, Yun Yudie's expression visibly turned cold, though her powers were suppressed, her body still emitted a constant chill.

Yun Yudie asked coldly, "You want to imprison I?"

Lu Chen replied, "What are you talking about? I'm just worried that once you go out, the mysterious power deep within your Divine Soul will break through the sealing again."

Yun Yudie said, "If I still can't control that power after going out, then you can bring me back inside."

As an Immortal Venerate, Yun Yudie has her pride and she doesn't want to be continuously imprisoned in one place, even if Lu Chen meant well.

Moreover, the Power of Laws within the Red Flower Sedan suppressed her uncomfortably, and more importantly, this power seemed to constantly stir her inner desires, although she often engaged in intimacy with Lu Chen before; doing such things inside wasn't impossible.

However, Yun Yudie's heart resisted somewhat; it's a big difference between being voluntary and being forced.

She'd rather enjoy the pleasures of intimacy with Lu Chen outside than do such things inside, where she's severely suppressed and unable to have any autonomous thoughts.

Doing it inside makes her feel like she's become Lu Chen's plaything.

Outside, no matter how Lu Chen plays her, she wouldn't mind.

Seeing Yun Yudie unwilling to stay in the Red Flower Sedan, Lu Chen did not force her and said, "Alright, I understand."

With those words, Lu Chen activated the Red Flower Sedan again, and both their figures appeared inside the Ice Palace.

Back at the Ice Palace, Lu Chen's gaze was fixed on Yun Yudie, fearing she might lose her mind again due to the mysterious power.

At that moment, the mysterious power inside Yun Yudie stirred again before Lu Chen could react, and the mysterious power surged from Yun Yudie's body, enveloping the entire Ice Palace.

Lu Chen's face changed drastically, just as he thought, Yun Yudie could no longer suppress the mysterious power within her. It seemed that putting Yun Yudie back into the Red Flower Sedan was the only option.

With that thought, Lu Chen prepared to activate the Red Flower Sedan again, but to his surprise, Yun Yudie raised her jade hand at that moment, and the mysterious power in the entire Ice Palace instantly receded back into her body.

Lu Chen was stunned at the sight.

Sitting on the soft couch, Yun Yudie slowly opened her eyes, her amethyst-like eyes had transformed.

Her pupils turned golden, the whites of her eyes now black, her expression cold as if she were an emotionless zombie.

Lu Chen was taken aback, fearing that Yun Yudie's mind had been completely eroded by the mysterious power, or had Yun Yudie regained her past life memories?

If that were the case, it would be troublesome.

Lu Chen tentatively asked, "How do you feel now, maybe you should stay in the Red Flower Sedan?"

Upon hearing Lu Chen mention the Red Flower Sedan, Yun Yudie instantly snapped back to consciousness and stared at Lu Chen expressionlessly, then coldly said, "Taking advantage of my not having recovered my memory to engage in intimacy, do you not feel ashamed? Since when have people from the Spirit Realm become so shameless?"

Hearing these words, Lu Chen understood that Yun Yudie must have regained some past memories, though he hadn't regained any past life memories, he long suspected that something had happened between him and Yun Yudie in the past.

Lu Chen directly asked, "You have regained your past life memories?"

In response to this question, Yun Yudie didn't answer directly. Her once expressionless face showed a complex look; though she just recovered some memories, she roughly knew that Lu Chen and their mysterious beings were opposing sides.

But the most important thing is that even after regaining her memory, her memories in the Tianyan Immortal Domain didn't vanish; memories with Lu Chen, the scenes of being entwined with him, were still ingrained in her mind.

Having been a couple with Lu Chen for so many years, it's impossible to say there's no emotion at all, but her former memories remind her that Lu Chen is their mysterious beings' greatest enemy.

Seeing Yun Yudie not speaking, Lu Chen said, "It seems your memory is really restored."

Yun Yudie spoke, "Not entirely, but I already know you're I's greatest enemy."

Lu Chen asked, "If that's so, do you plan to make a move against me next?"

Yun Yudie replied indifferently, "Not yet."

Yun Yudie then looked toward the Immortal Venerate battlefield of the Barbaric lands and reminded, "The Immortal Venerate war damaged some of the Great Array in the Barbaric, causing the sealing beneath the Sunset Mountain Range to loosen, releasing the mysterious power, creating resonance with the mysterious power deep within my Divine Soul, making your sealing ineffective."

"If this war continues, the sealing of the Forbidden Land beneath the Sunset Mountain Range would be completely destroyed, and the seals you set for them will all be undone. Once our power is exposed, all our previous schemes would be in vain."

Lu Chen was bewildered by Yun Yudie's words, she's supposed to be an enemy, yet why reveal this? It sounded like Yun Yudie also didn't want the sealing beneath the Sunset Mountain Range to break.

Yun Yudie isn't a mysterious being? Logic dictates that upon regaining her memory, her first action should be destroying the seals of the Forbidden Land in the Sunset Mountain Range, releasing her mysterious kin.

Lu Chen tentatively asked, "Scheme? What scheme? When you say 'we,' are you including me?"

Hearing Lu Chen's question, Yun Yudie briefly pondered while staring at him, quickly realizing Lu Chen hadn't regained his memories and didn't know what they once did or what agreements they made.

Yun Yudie thought that even though Lu Chen hadn't regained his Cultivation State or memories, some things should be told upfront, otherwise they'd have nothing to salvage.

With this in mind, Yun Yudie directly said, "Though you are the enemy of mysterious beings, we formed a pact with you to escape this place, and the Red Flower Sedan is the token of that pact."

This...

Lu Chen looked at the Red Flower Sedan, it turns out it was a pact token with mysterious beings?

He's curious about what pact he had reached with mysterious beings?

For enemies to join forces and sign a pact, it must mean facing an even stronger enemy.

Having children earns benefit, start competing for dominance in the world by marrying a wife

Lu Chen came to his senses, his gaze moving from the Red Flower Sedan to Yun Yudie, watching Yun Yudie's strange golden pupils.

"We have a shared enemy?"

Yun Yudie replied, "Yes."

Lu Chen continued to ask, "Who is that enemy?"

Yun Yudie looked up at the top of the Ice Palace, her gaze seemingly piercing through the dome to the sky above the Tianyan Immortal Domain.

Yun Yudie then said, "I temporarily don't know either, my memory hasn't fully recovered."

Lu Chen pondered for a moment, although he could guess that the shared enemy Yun Yudie mentioned came from Outer Heaven, he found it difficult to guess the specifics of that enemy.

As a normal person from the Spirit Realm, he himself was in an adversarial state with the mysterious races, logically speaking, people from the Spirit Realm are seen by the mysterious races as beings to harvest vitality from, yet he actually managed to cooperate with the mysterious races.

Lu Chen couldn't help but suspect, did one of his past lives betray the Human Race and become a traitor?

Is he that kind of person?

He didn't feel he would do such a thing.

Having Earth memories and having received nine years of compulsory education, he disliked traitors who betrayed their race.

Of course, there's also the possibility that during his time in the Spirit Realm he didn't possess Earth memories, or the Earth memories themselves were fabricated, maybe Earth didn't exist at all, and those so-called Earth memories were just contrived stories.

There's also another possibility, even if he truly came from Earth, and during his time in the Spirit Realm he had Earth memories, he chose to betray the Spirit Realm and cooperate with the mysterious races, only proving that those forces within the Spirit Realm treated him very poorly, while he had many enemies within the Spirit Realm.

This made him feel no sense of belonging in the Spirit Realm, no sense of initiative, so he chose to betray, technically it's not a betrayal, if during his time in the Spirit Realm he possessed Earth memories, then he was a transmigrant, what's so good about transmigrants, they were just choosing their side.

After pondering for a while, Lu Chen said to Yun Yudie, "Why don't you leave the Barbaric region for the time being?"

Lu Chen also realized, though the Xiyue Immortal Emperor had cracks deep within her Divine Soul as well, those cracks weren't as exaggerated as the sealing within Yun Yudie's Divine Soul.

Most importantly, the Xiyue Immortal Emperor didn't recover much memory, while Yun Yudie recovered many memories and learned much about the past.

Clearly, Yun Yudie was too close to the Sunset Mountain Range, hence she was greatly affected.

Not only Yun Yudie, but Ye Chuyao, Cao Shiyun, and Xiao Xueying were the same, at this moment Lu Chen's clone had arrived at the courtyard where the three women were, the mysterious power within them gushed out wildly, and their gazes towards him had changed greatly, seeming to have regained some memories.

If they continued to stay in the Barbaric region, it won't be long before their memories are completely unlocked, becoming someone else, which is not what Lu Chen wished to see.

Yun Yudie instantly saw through Lu Chen's intentions, she coldly asked, "Are you afraid I will fully recover my memory?"

Lu Chen smiled and said, "Naturally, after being a couple for so many years, if you fully recovered your memory and treated me as a mortal enemy, what should we do then?"

Hearing Lu Chen's words, Yun Yudie fell silent, to be honest, she didn't know what to do next.

On one hand, there are the memories of the mysterious races, on the other, there are beautiful memories shared with Lu Chen, at this moment, she couldn't bring herself to act against Lu Chen.

After an unknown period, Yun Yudie finally spoke, "I won't act against you for now, our alliance remains."

Lu Chen said, "Speaking of the alliance..."

Saying this, Lu Chen looked towards the Red Flower Sedan, then continued to ask, "You say the Red Flower Sedan is the token of the alliance?"

Lu Chen was curious about how this Red Flower Sedan became a token of the alliance, and why this token could suppress their powers.

Speaking of the Red Flower Sedan, Yun Yudie's face turned chilly, she then said, "Yes."

Curiously, "Why can this token suppress your powers?"

Yun Yudie said, "The mysterious races are immortal, back then to earn your trust, we signed an alliance and the oath power of this Red Flower Sedan limits our actions, as long as you possess it, we cannot take your life before our plans succeed."

Hearing this, Lu Chen realized, he understood why, when inside the Chaos Beast's stomach, when his woman posed a threat to him, this Red Flower Sedan would emerge and suck them into the Small World within the Red Flower Sedan.

Turns out, this Red Flower Sedan was the token left from the alliance signed with the mysterious beings, designed to uphold the alliance.

As Lu Chen was about to speak further, Yun Yudie's golden pupils stared straight at him, sensing the mysterious power emanating from Yun Yudie, Lu Chen felt an eerie chill.

Yun Yudie continued, "This should be a token of the alliance, yet you used it for such purposes!"

"You used this token to harm other women of my race back then."

Yun Yudie suddenly recalled those women harmed by Lu Chen, many of whom were from her mysterious race, almost all falling victim to Lu Chen's deeds.

A being nurtured like livestock dared to do such things to them, unfathomable, yet she found it strange, why was this despicable man interested in mysterious races, what kind of pervert was he?

Mysterious beings perceived the Spirit Realm individuals as lowly, mere ants, while Spirit Realm individuals found mysterious beings repulsive.

Many mysterious beings, upon resurrection, were affected by mysterious powers, becoming rotten and decrepit, akin to walking corpses.

Typically, an ordinary person wouldn't have such thoughts towards mysterious beings, yet Lu Chen, this despicable man, dared to have such thoughts and exclusively targeted women from the mysterious races.

What was going through this despicable man's mind, that he dared to touch mysterious beings?

Lu Chen understood Yun Yudie's implication, thus said, "Impossible, I won them over with genuine feelings, they all willingly became my women."

Hearing this, Yun Yudie coldly said, "Do you take me for a fool?"

"Even if they haven't recovered their memories, your aura would discomfort them, it is impossible for them to willingly become your women."

Lu Chen said, "You forgot, didn't you also willingly become my woman?"

Yun Yudie's mind paused, admitting she was willing wasn't untrue, back then she chose Dual Cultivation with Lu Chen to quickly break through the Realm.

Who would have thought she didn't need special cultivation methods, just awaiting catastrophe, her Realm could naturally return to its original state.

All this was seized by this despicable man!

Capítulo 2138: Chapter 1828: Lu Chen, Your Abilities Are Truly Impressive

Yun Yudie's heart was still very angry. If it weren't for their fear of leaking their aura and signing an alliance with Lu Chen, Lu Chen wouldn't have been able to exploit the loophole on them.

Although this didn't cause them much loss, for their mysterious race, the concept of innocence simply did not exist. They were not humans, but a group of creatures that only knew how to devour life force, how could they care about innocence.

What she cared about was that Lu Chen, someone from the pasture, actually got the better of them. How could she stand that?

Yun Yudie knew that it was useless to say anything now. With the Red Flower Sedan, the token, still present, and the disaster yet to come, the time was not ripe. Turning against Lu Chen now would be meaningless.

She would wait until they left this world, then find Lu Chen for a reckoning!

Thinking of this, Yun Yudie said coldly, “Don’t be complacent, when you leave the Tianyan Immortal Domain, it will be the day of your demise.”

Lu Chen said indifferently, “To die under the peony flower, one would still be romantic as a ghost. Anyway, I’ve had my thrill, so if I die, I die.”

“Although I haven’t recovered my past memories, I can guess that people from the Spirit Realm are unlike your Deceit Realm tribe. No matter how high our cultivation level, no matter how strong, we too will fall. I reckon my time is running out.”

“Being able to disgust your mysterious tribe before I die is worth it.”

A hint of anger appeared on Yun Yudie’s ice-cold face. This damn man probably did it on purpose. Maybe from the start, he planned it, taking advantage of their sealed memories, and rode on all of them. Once their memories were unsealed, they would surely feel very uncomfortable.

Yun Yudie said coldly, “If your only aim was to disgust us, you have indeed succeeded.”

Being ridden like that by someone from the pasture was indeed disgusting for them, and an unprecedented humiliation, especially since the women Lu Chen slept with were not ordinary mysterious beings.

At this moment, Lu Chen suddenly thought of something and then immediately asked, “By the way, I have a question I want to ask you. I wonder if you could answer it.”

Yun Yudie asked warily, “What question?”

Yun Yudie thought Lu Chen wanted to ask about some secrets of mysterious life forms, but Lu Chen asked the next moment, “I want to know, the children born between me and your mysterious life forms, are they considered half-human, half-mysterious? And can they also be immortal?”

Upon hearing this, Yun Yudie was slightly stunned. She suddenly remembered that Lu Chen once told her that he and his “soulmates” had many children in the Chaotic Sea.

For a moment, Yun Yudie was a bit confused. They were all mysterious creatures with mysterious power. Mysterious power represented destruction and devouring. How could it be possible to conceive life with Lu Chen?

Could it be because Lu Chen had sealed their mysterious power, causing a significant change in their bodies and making them capable of conceiving life?

That shouldn't be...

Mysterious beings cannot conceive life among themselves, let alone with a person from the Spirit Realm.

What's going on?

Seeing Yun Yudie not answering, Lu Chen continued, "Could it be that even you don't know?"

Yun Yudie came back to her senses and then said expressionlessly, "Although I don't know why you could have children with mysterious beings, as long as they have mysterious power within them, one day they will be completely eroded by it and become part of the mysterious beings."

"Even if they can now suppress the mysterious power within them, that's only because the mysterious power in the Tianyan Immortal Domain is not dense. Once they leave this world, the mysterious power of the Deceit Realm will resonate with them, and the mysterious power within them will fully erupt, transforming them completely into mysterious beings."

This...

Lu Chen's expression immediately became a bit more serious. If things were really as Yun Yudie said, it would be troublesome. Doesn't that mean his children can never leave the Tianyan Immortal Domain?

Looking at the state of the Tianyan Immortal Domain now, it might not hold out for much longer. Maybe one day the whole Tianyan Immortal Domain would collapse.

Although those children are the offspring of him and mysterious life forms, after all, they are his flesh and blood. Letting go of them like this was something he couldn't bear.

Lu Chen thought to himself that the system behind this must be a plot by mysterious beings, making him develop feelings for them, and then using the children to bind him. This way, he would have a weakness, allowing the mysterious tribes to manipulate him.

While Lu Chen was lost in thought, Yun Yudie's mysterious power erupted again, and the vitality in Lu Chen's body rapidly drained. Even though Yun Yudie didn't actively strike at Lu Chen, the corrosive nature of the mysterious power unintentionally activated.

Moreover, Lu Chen clearly felt that not only was this body's vitality rapidly draining, but his Divine Soul seemed to be somewhat affected as well.

Obviously, the mysterious beings devour not only flesh but also the Divine Soul.

Lu Chen quickly snapped back to reality, his gaze fixed directly on Yun Yudie. At the same time, Lu Chen's other bodies were also staring at Xiao Xueying and the other two women.

If this continued, they might really recover all their memories. Although Lu Chen knew that the seal deep within their Divine Souls would eventually be lifted, he feared they would completely break ties with him. In the end, Lu Chen decided to collect Yun Yudie and her companions into the Red Flower Sedan.

The next moment, Lu Chen activated the Red Flower Sedan, and before Yun Yudie could react, he had collected her inside. Then Lu Chen again collected Xiao Xueying and the other three women inside as well.

Once the women entered the Red Flower Sedan, the mysterious power within them was immediately suppressed. Ye Chuyao and the others looked at Lu Chen with bemused expressions.

They had also recovered some memories, roughly understanding what was happening. Compared to Yun Yudie, the feelings of Ye Chuyao and the other three women were more complex at this moment, as they had borne children for Lu Chen.

A mysterious creature giving birth to children for someone from the pasture was simply an enormous shame for them, but they also knew that they had shared beautiful memories with Lu Chen, and trying to remove him without any affection was something they couldn't do.

Ye Chuyao looked at Lu Chen from within the Red Flower Sedan and said coldly, "Lu Chen, your ability is quite impressive!"

Lu Chen laughed and said, "Indeed, my ability is impressive. Otherwise, how could I have turned all of you into my women?"

Xiao Xueying looked at Lu Chen with a complicated expression and said, "Hus... Lu Chen, you have done such things to us. Once you leave the Tianyan Immortal Domain, the Ghostly Mist Emperor won't spare you."

Upon hearing the four words "Ghostly Mist Emperor," Lu Chen immediately guessed that the person Xiao Xueying was referring to must be the ancestor of the Mysterious Moon Palace, Immortal Emperor Youlan.

Lu Chen said, “What’s done is done. Besides, we were probably enemies in the first place. Even if I hadn’t done this, once I leave the Tianyan Immortal Domain, she probably wouldn’t have spared me either.”

Having children earns benefit, start competing for dominance in the world by marrying a wife

Even though not all of the memories sealed within the Reincarnation Stone have been unlocked, Lu Chen could roughly guess what was going on.

He suspected that he and this group of mysterious entities were deceived by a common formidable enemy, ultimately falling into this world where they temporarily cooperated to leave.

However, due to his distrust of these mysterious entities, he made them sign a covenant and take an oath with him. The oath’s power of this mysterious entity was quite special and could restrain them, with the covenant’s oath power attached to this Red Flower Sedan.

Thus, as long as they were in this Red Flower Sedan, these mysterious entities could not harm him. Of course, this was just his deduction based on what he had heard.

As for why the Red Flower Sedan, while limiting their power, would also arouse them, he did not know. Perhaps only by completely unlocking the seals within the Reincarnation Stone could he understand the whole story.

To bear all the memories of past lives, he must quickly enhance his strength. Without sufficient strength, his Divine Soul could not receive those vast memories, and prematurely accepting former memories might put his life in danger.

At this moment, Yun Yudie and the other women said nothing, just stared intently at Lu Chen, their jade-like cheeks involuntarily flushed, with desires continually swelling in their hearts.

This left them puzzled as to why this covenant token, the Red Flower Sedan, would make them infatuated with Lu Chen. The token was originally an arrangement between them and Lu Chen to primarily restrict them from striking Lu Chen.

In theory, the only function of the Red Flower Sedan was to restrain their power from harming Lu Chen. However, now this Red Flower Sedan actually induced such feelings towards Lu Chen. If they did not proceed with Dual Cultivation inside the sedan, they would feel uneasy all over.

How did this covenant token become like this?

Lu Chen must have done something!

Thinking of this, the group of women looked at Lu Chen with a touch of vigilance in their eyes.

Seeing the women staring at him vigilantly, Lu Chen smiled and asked, "Why are you all looking at me like that?"

Yun Yudie directly questioned, "Why has the Red Flower Sedan become like this?"

Lu Chen countered, "Become like what?"

Yun Yudie said coldly, "Don't play dumb."

Lu Chen said, "Didn't I just tell you, I don't have those past memories."

Yun Yudie realized she had forgotten this matter. Lu Chen had not yet regained his past memories. Perhaps he had done something to the Red Flower Sedan in the past, and before he regained his memories, he probably didn't know why the sedan prompted such feelings.

Lu Chen saw the group of women with flushed faces, slightly biting their lips, a mixed look of unwillingness on their cold faces, and instantly his desire to conquer surged within him.

Moreover, the Red Flower Sedan's influence sparked Lu Chen's desires completely, and he directly said, "Since it's boring here, how about we do something else?"

Thinking that Yun Yudie and the others used to be his foes but now had recovered their memories, Lu Chen felt even more excited.

Seeing Lu Chen's intense gaze, the group of women immediately guessed what he was thinking. Yun Yudie promptly warned, "If you dare to lay a hand on me, I'll tear you to pieces once I get out!"

Lu Chen grinned and said, "We've been like an old married couple, why such harsh words."

Yun Yudie coldly glared at Lu Chen and said, "Who is an old married couple with you? We are mortal enemies."

Lu Chen said, "Let bygones be bygones."

With that, Lu Chen pulled Yun Yudie into his arms, "You!"

Yun Yudie's brows furrowed tightly, exuding a thick killing intent. However, the more she struggled, the harsher the Law of the Red Flower Sedan suppressed her. The immortal power and mysterious power within her couldn't be mobilized at all.

Yun Yudie wanted to continue threatening Lu Chen, but he directly leaned down to block her lips, "Mmm!"

At this moment, Ye Chuyao and the other two stood by, witnessing the scene, not knowing what to do.

Not only Yun Yudie, but the power within them was also sealed at the moment. They could only watch helplessly as Lu Chen assaulted Yun Yudie.

Being mysterious entities themselves, they should have helped Yun Yudie, but they were also somewhat worried. If they spoke up and attracted Lu Chen's attention, they'd likely be in trouble next.

Having been with Lu Chen for so many years, they knew well what kind of man he was. The more resistance shown, the fiercer he became, which would trigger his violent nature.

At such times, keeping silent and watching was the best choice.

Later, Yun Yudie tried to break through the Red Flower Sedan's Law, but after a few days it still suppressed them firmly.

Eventually, Yun Yudie resigned, thinking she had been bullied by this scoundrel many times already, once more wouldn't matter. Once they leave the Tianyan Immortal Domain, she'd take care of him personally.

Of course, the main reason she stopped struggling was realizing that the oath's power on the Red Flower Sedan required specific conditions and the presence of all Ancestors of the Strange collectively to unlock.

...

The battle within the Red Flower Sedan grew more intense, as did the Immortal Venerate battle in the Barbaric.

However, the destruction caused by the Immortal Venerates was too great, leading to much land in the Barbaric being destroyed. Some of the mysterious entities sealed beneath the Sunset Mountain Range had exits there.

As the Barbaric lands got destroyed, the sealed mysterious entities naturally found new exits.

At a certain Immortal Venerate battlefield, two Immortal Venerates fought earth-shatteringly, their Sword Qi and magic relentlessly bombarding the surrounding ground. Soon, massive cracks appeared on the earth, and as the cracks expanded, Chaos Qi surged madly from them.

For the Immortal Venerates, they were accustomed to Chaos Qi. As long as they weren't immersed in it, even just a taint wouldn't impact them much.

Just as the two Immortal Venerates were about to clash again, they suddenly felt a pang of dread and quickly distanced themselves.

As they distanced, a crack beneath where they fought burst open, followed by an outpouring of black, twisting space's mysterious power.

Seeing this, both the Hidden Moon Sect's Immortal Venerate and Great Qin's Wan Xu Immortal Venerable were momentarily stunned.

Neither continued their battle, and both swiftly left the scene.

Wan Xu Immortal Venerable hurried back to the Daqin Immortal Dynasty, approaching Lu Chen.

"Your Majesty, something has happened!"

Having children earns benefit, start competing for dominance in the world by marrying a wife

Lu Chen's physical body has been observing the battle between Immortal Venerates on the front lines. When Lu Chen noticed that Wan Xu Immortal Venerable had suddenly returned with a very serious expression, he immediately asked, "What happened?"

Wan Xu Immortal Venerable directly replied, "It seems there's also a seal on mysterious creatures beneath the Barbaric area. After the earth cracked, some mysterious power was released."

Upon hearing this, Lu Chen was not surprised at all. He had long anticipated this might happen.

The Barbaric lands are adjacent to the Sunset Mountain Range, and the mysterious creatures are sealed beneath the Sunset Mountain Range. There's surely a part of those mysterious creatures under the Barbaric lands too, only the exit is at the Sunset Mountain Range.

However, when the earth of the Barbaric lands was split, the part of mysterious creatures suppressed beneath naturally saw daylight again.

The mysterious power within Yun Yudie's group is so agitated because it resonates with the mysterious power being leaked.

Wan Xu Immortal Venerable then asked, "Your Majesty, what should we do next?"

Lu Chen pondered for a moment before saying, "No rush, let's first see what the Hidden Moon Church will do."

Lu Chen is not as afraid of mysterious creatures anymore, after all, he is currently fiercely attacking several mysterious women, and he has a hunch that Yun Yudie's status within the mysterious race must be significant.

Since they have signed a strange covenant with him, it proves they have a special identity. People who generally sign covenants usually hold a significant position within their tribe.

Perhaps they can control these mysterious creatures. Even if these mysterious creatures really emerge, they probably won't attack him.

After all, he has signed a covenant with Yun Yudie's group, and before they defeat their mutual enemies and complete their past life plans, Yun Yudie's mysterious beings should not directly turn against him.

Instead of worrying about mysterious creatures, Lu Chen is now more curious about how the Hidden Moon Church will decide—whether to continue fighting, ruining the entire Barbaric lands and releasing mysterious creatures, or choose to retreat and ally to seal the mysterious creatures again?

Meanwhile.

Luo Wu Immortal Venerable arrived at the Floating Island where the Hidden Moon Sect Leader resides, immediately transmitting to the Hidden Moon Sect Leader, "Sect Hierarchy, something major has happened! Mysterious creatures have been released!"

The Hidden Moon Sect Leader, who was watching the battle, heard Luo Wu Immortal Venerable's words, and his face immediately darkened. He was already in a bad mood, as despite the battle escalating, not even a single Immortal Venerable from the other side had fallen, and their plan to weaken Great Qin's Qi Fortune was a total failure.

So far, he hadn't encountered a single gratifying event, and now mysterious creatures have appeared.

Much like Lu Chen, the Hidden Moon Sect Leader had predicted from the onset of the war that mysterious creatures might emerge, for the Sunset Mountain Range is right next to the Barbaric lands, and nobody knew if mysterious creatures were sealed beneath the Barbaric lands too.

Now it seems that his initial predictions were correct, there are indeed mysterious creatures beneath the Barbaric lands.

Now it's a big problem, continuing the fight offers no benefits, and the Hidden Moon Sect might even end up facing an army of mysterious creatures.

At this moment, the Hidden Moon Sect Leader suddenly thought of someone.

Before the Hidden Moon Sect Leader could speak, Luo Wu Immortal Venerable entered the hall and directly released memories from his previous battle with Wan Xu Immortal Venerable.

"Sect Hierarch, those mysterious creatures seem to be sealed beneath the Barbaric lands!"

Upon seeing the memory displayed within the hall, the Hidden Moon Sect Leader maintained a calm expression, speaking to the air beside him, "Blood Ancestor, you will intervene, right?"

"If you don't intervene, then our cooperation ends here."

To this point, no Immortal Venerable within the Hidden Moon Sect could skillfully inscribe Lu Chen's Chaos Spirit Ruins Sealing Heaven Array. Handling those undead monsters is a tremendous challenge for them.

If Blood Ancestor doesn't intervene now, they'll have no choice but to reconcile with Lu Chen.

The Hidden Moon Sect Leader is not foolish, he knows too well what kind of person Blood Ancestor is. Previously when they attacked the Southern Domain, all forces of the Southern Domain fought desperately, yet Blood Ancestor, that old immortal, waited until the very end before taking action.

If Blood Ancestor doesn't intervene to help seal the mysterious creatures next, it means Blood Ancestor intends to repeat the Southern Domain strategy, to profit from others' conflict.

If Blood Ancestor really plans that way, then he certainly wouldn't continue attacking the Daqin Immortal Dynasty.

As the Hidden Moon Sect Leader's words fell, a mass of blood energy appeared beside the hall, and in a flash, it transformed into a human form.

Blood Ancestor spoke, "Of course, I will now help seal those mysterious creatures for you."

Blood Ancestor understands that the Hidden Moon Sect Leader is not easily fooled, especially with the Southern Domain events in mind. If he doesn't intervene, the Hidden Moon Sect Leader will certainly retreat.

If the Hidden Moon Sect Leader retreats, he won't be able to investigate Lu Chen's true strength.

Once Blood Ancestor's voice faded, his body once again transformed into blood energy, heading directly to where Luo Wu Immortal Venerable and Wan Xu Immortal Venerable had previously fought.

The Hidden Moon Sect Leader immediately used his gaze to signal Luo Wu Immortal Venerable, indicating for him to follow along and observe the situation, whether Blood Ancestor sincerely aimed to seal those mysterious creatures.

After saluting with cupped hands, Luo Wu Immortal Venerable turned around and followed.

Upon arriving at where Luo Wu Immortal Venerable and Wan Xu Immortal Venerable had fought, Blood Ancestor glanced down at a massive black vortex. The

previous crack had swiftly expanded after they left, turning into a vortex over ten kilometers in diameter.

Countless mysterious creatures poured out from inside, and upon seeing Blood Ancestor in the sky, those mysterious creatures seemed energized by adrenaline, crazily charging at Blood Ancestor.

Instantly, the entire sky was shrouded in mysterious creatures, and Luo Wu Immortal Venerable, watching from behind, turned pale with cold sweat.

Despite never having directly engaged with mysterious creatures, the aura emitted by them caused enormous anxiety, posing significant mental pressure.

Seeing the vortex below so large, with so many mysterious creatures emerging, Blood Ancestor snorted coldly, and with a raise of his hand, a Chaos Spirit Ruins Sealing Heaven Array appeared at his fingertips.

Inscribing the Chaos Spirit Ruins Sealing Heaven Array requires a powerful Divine Soul, and although Blood Ancestor's present form is merely a clone, this clone is linked with the Divine Soul of his main body, allowing him to inscribe the Chaos Spirit Ruins Sealing Heaven Array at impressive speed.

Blood Ancestor shouted, "Suppress!"

The array patterns of the Chaos Spirit Ruins Sealing Heaven Array flew into the air, descending upon the vortex below with unmatched might. The mysterious creatures flying skyward were instantly subdued by the array's power. In mere moments, the vortex disappeared completely, and tranquility prevailed on the scene.

Stunned by the sight, Luo Wu Immortal Venerable stood speechless for a moment—did it seal so many mysterious creatures so quickly?

He recalled that when the Southern Domain's Forbidden Land seal beneath the Sunset Mountain Range was destroyed, several Immortal Venerates at least were needed for sealing.

Is this the power of the Immortal Emperor?
