Blood Eagle Hall.

Within the Small World, the Blood Ancestor was wildly absorbing the blood qi of the Southern Domain. Feeling the tumultuous blood qi surging within him, his confidence swelled. Now that his power had restored to fifty percent, he believed that defeating Lu Chen would no longer be an issue.

With this thought, the Blood Ancestor stood up slowly, ready to leave the Small World to find Lu Chen's main body for a life-and-death battle with him.

However, just as he stood up, a terrifying pressure instantly swept across the entire Tianyan Immortal Domain. Even within the Small World, he could feel this pressure.

This pressure came from the Barbaric, containing a familiar aura mixed within, and the Blood Ancestor's mind froze.

Is this Lu Chen's aura?

Did Lu Chen break through to the Immortal Emperor?

The Blood Ancestor's expression instantly turned grim. When Lu Chen was still a Sixth Heaven Immortal Venerate, he could slay the Hidden Moon Sect Leader, who had the power of an Immortal Emperor. Now that he broke through to become an Immortal Emperor, his strength was surely even more formidable.

How did Lu Chen restore his power so quickly? Originally, the Blood Ancestor thought he could quickly recover his cultivation state and eliminate Lu Chen before he regained full strength. But now, Lu Chen's recovery speed far surpassed his own.

The Blood Ancestor tried to calm himself down. He clenched his fists, thinking that even if Lu Chen had become an Immortal Emperor, he must act now. Since Lu Chen's recovery speed exceeded his own, when he eventually regained his full strength, Lu Chen would surely have restored all his power as well.

He wasn't a match for Lu Chen during his peak period. Back then, Lu Chen had suppressed him with just one move; the more dire the situation, the more desperately he had to fight.

Taking a gamble could still leave him with a chance to survive. If he waited until Lu Chen restored his full strength, he might truly end up being slaughtered by Lu Chen, becoming nourishment for the Tianyan Immortal Domain.

The Blood Ancestor then left the Small World and immediately emitted his blood qi. The next moment, his blood qi enveloped the entire Southern Domain.

Subsequently, the Blood Ancestor unleashed his divine thought, recklessly surveying the Tianyan Immortal Domain to locate Lu Chen's main body. In his view, the body that had become an Immortal Emperor must be Lu Chen's main body.

Previously, finding Lu Chen's main body was challenging, but now that Lu Chen had broken through, he could quickly determine which body was Lu Chen's main body.

In a short moment, the Blood Ancestor's divine thought locked onto Lu Chen in the Barbaric. At this time, Lu Chen had just absorbed a trace of World Origin, causing his body's strength to surge again. As his cultivation state improved, he found integrating World Origin was becoming incredibly easy.

Just as Lu Chen was immersed in the joy brought by his strength's surge, he suddenly felt an evil intent locking onto him. He immediately realized it was the Blood Ancestor's divine thought targeting him.

Lu Chen sneered, raised his hand without hesitation, and a Spirit Realm Crossing Array appeared before him.

Lu Chen's body disappeared in an instant. Moments later, Lu Chen appeared above Blood Eagle Hall. As soon as Lu Chen arrived, a terrifying pressure enveloped the entire Blood Eagle Hall. Then, Lu Chen unleashed his own aura; strands of immortal power containing the Destruction Path rushed out of him. These powers spread outward from his body center, and any evil immortals of Blood Eagle Hall touched by this immortal power were instantly turned to dust.

Lu Chen stood high in the air like a grim reaper, mercilessly harvesting the lives of all evil immortals in Blood Eagle Hall.

Yet, the Blood Ancestor didn't stop immediately. He stood in place, staring straight at Lu Chen. After a moment, the Blood Ancestor spoke: "Lu Chen, it seems you've recovered quite a bit of strength!"

Lu Chen replied expressionlessly: "Not that much, but enough to kill you!"

Upon hearing this, the Blood Ancestor sneered, "Kill me? You think you are still the same as before?"

At this juncture, the Blood Ancestor thought of something and continued, "You dare act against me in the Tianyan Immortal Domain. Aren't you afraid the whole Tianyan Immortal Domain will collapse?"

Tianyan Immortal Domain was created by Lu Chen. It could bear the power of the Immortal Emperor. If an Immortal Emperor fought fiercely within the Tianyan Immortal Domain, the entire domain might crumble.

Now, both of them possessed the power of an Immortal Emperor. Their strength might even surpass ordinary Immortal Emperors. If they fought with full force, the Southern Domain certainly couldn't be preserved. Everyone in it would be affected by their battle. Not only the Southern Domain but other realms would be destroyed as their battle continued.

The Blood Ancestor planned to use this to threaten Lu Chen, making him afraid to use his full strength. Facing a cautious Lu Chen, the Blood Ancestor intended to fight without restraint, ensuring Lu Chen couldn't be his match.

Hearing the Blood Ancestor, Lu Chen chuckled, then said, "Trying to use the Tianyan Immortal Domain to threaten me, you've got quite the plan there."

Lu Chen saw through the Blood Ancestor's little scheme. The Blood Ancestor wanted to restrict him from using his full strength.

But now, after connecting with the Heavenly Dao, ejecting the Blood Ancestor from the Tianyan Immortal Domain wasn't a difficult task for Lu Chen.

Seeing that Lu Chen saw through his scheme, the Blood Ancestor decided not to pretend anymore and said directly: "Even if you see through my thoughts, so what? I don't believe you dare destroy the Tianyan Immortal Domain."

Upon saying this, the Blood Ancestor's entire body surged with blood qi. In the next instant, he lifted his mountain-like arm and punched directly at Lu Chen.

"Blood Evil Sun Piercing Fist!!!"

The Blood Ancestor's voice echoed in the high sky of the Tianyan Immortal Domain. Then a blood-red sun appeared ahead of his fist.

The Blood Ancestor used all his strength from the start. He had waited for this day for so long. Reflecting on his countless years of imprisonment beneath the Tianyan Immortal Domain, constantly drained by its formation, filled the Blood Ancestor's heart with boundless resentment.

After this battle, he didn't know what would become of the Tianyan Immortal Domain. He only wished for Lu Chen's demise.

Before the Blood Ancestor's punch landed, the entire Southern Domain shook; its sky instantly turned blood-red. A terrifying pressure descended from the sky, causing even Immortal Venerates to fall under its weight.

The celestial gates in the sky kept collapsing, falling as if it were the world's end.

Seeing the Blood Ancestor going all out, Lu Chen hesitated no longer. If the Blood Ancestor truly let loose that punch, the entire Tianyan Immortal Domain would be destroyed.

Lu Chen immediately communicated with the Heavenly Dao, summoning its power to expel the Blood Ancestor from the Tianyan Immortal Domain.

Just as the Blood Ancestor's punch was about to land, he felt a vast repulsive force attempting to eject him from this world. Instantly understanding the situation, the Blood Ancestor hurriedly mobilized all his blood qi, trying to resist the Heavenly Dao's force.

However, he underestimated the Tianyan Immortal Domain. Even in its decline, its Heavenly Dao's force vastly exceeded what he could oppose.

## **Having children earns benefit, start competing for dominance in the world by marrying a wife**

The Tianyan Immortal Domain is constructed with the power of countless Great Powers from the Spirit Realm. Not to mention the current Blood Ancestor, even

the Blood Ancestor at his peak could not withstand the Heavenly Dao of the Tianyan Immortal Domain.

Seeing that he could not resist the repulsive force, the Blood Ancestor roared angrily, "Even if you drive me out of the Tianyan Immortal Domain, I will make sure you witness the world you created with your own hands being destroyed!"

With those words, the Blood Ancestor punched, and the great sun instantly expanded and grew larger. In an instant, the land of the Southern Domain collapsed, mountains crumbled, and the earth shattered, appearing on the verge of total destruction.

Lu Chen immediately lifted his hand to pinch the spell, and the next moment, a massive Spirit Realm Crossing Array appeared in front of the sun.

The Spirit Realm Crossing Array is not only capable of teleporting people or objects but can also transfer attacks.

The next moment, a gigantic black hole appeared before the sun, and the sun vanished without a trace.

Simultaneously, a bottomless vortex appeared behind the Blood Ancestor. Seeing his punch did not cause much damage to the Tianyan Immortal Domain, he was deeply unsatisfied. Gathering his blood energy, he intended to punch again. However, the vortex behind him exerted suction power, coupled with the world's

repulsive force acting on him simultaneously. Instantly, his massive body was sucked into the vortex, and his aura instantly disappeared from the Tianyan Immortal Domain.

In the Chaos Sea filled with Chaos Qi, the Blood Ancestor felt the burning sensation from his body and roared loudly, "Lu Chen!!! I want you dead!!!"

After all, the Blood Ancestor possesses the power of an Immortal Emperor. Even though the Chaos Qi is eroding him, he can't die so quickly. Xuan Qingyun stayed in the Chaos Sea for countless years and eventually left the Chaos Sea and returned to the Tianyan Immortal Domain.

Moreover, the Blood Ancestor is not very far from the Tianyan Immortal Domain. From his position, the entire Tianyan Immortal Domain can be seen.

The Tianyan Immortal Domain is round and flat, resembling an isolated island floating in the ocean.

After the Blood Ancestor roared in the Chaos Sea, the surrounding Chaos Qi was disturbed by his blood energy, madly surging towards the Tianyan Immortal Domain.

The Blood Ancestor tried to calm his emotions, his face darkly watching the distant light spot, and said coldly, "Lu Chen, you think by driving me out of the Tianyan Immortal Domain, you can be free from me?"

"When I return, your death will follow!"

With those words, the Blood Ancestor headed with all his strength towards the Tianyan Immortal Domain.

Luckily, the Chaos Qi nearby is not very dense, and the light emitted by the Tianyan Immortal Domain is exceptionally bright, allowing the Blood Ancestor to find his way back.

Just as the Blood Ancestor prepared to fly back to the Tianyan Immortal Domain, suddenly the Chaos Qi in front surged, and terrifying auras appeared before the Blood Ancestor.

The Blood Ancestor paused and hurriedly stopped himself, "Who is pretending to be mysterious out there!!!"

With those words, multiple Lu Chens glowing with seven colors appeared before the Blood Ancestor. Seeing so many Lu Chens, the Blood Ancestor was momentarily stunned.

The Divine Soul aura emanating from these Lu Chens was complete, and they all exuded the pressure of an Immortal Emperor, which the Blood Ancestor could hardly believe.

Lu Chen had just broken through to become an Immortal Emperor. How could he possibly create so many Immortal Emperor clones?

At this moment, one of the Lu Chens spoke, "I am curious why you hold such enmity towards me?"

Upon hearing this, the Blood Ancestor laughed angrily, "Hahaha, you actually ask why I am so hostile towards you!!!"

"Well, you haven't recovered your memories and don't know what heinous acts you committed back then."

"So many Great Powers from the Spirit Realm died at your hands, used by you as nourishment for the Tianyan Immortal Domain. I was one of them, and now you dare to ask why I am so hostile towards you!!!"

Blood Ancestor grew increasingly agitated, his blood energy starting to surge wildly.

Lu Chen indeed guessed why the Blood Ancestor resents him, but the Reincarnation Stone's sealing hasn't been broken yet, and he hasn't recovered those memories from his past life. So, he wanted to glean some information about the past from the Blood Ancestor.

Upon hearing the Blood Ancestor's words, Lu Chen couldn't help but wonder, could it be that he was a major villain in his past life?

He not only killed Spirit Realm people but also colluded with Mysterious Life, signing some sort of alliance, which makes him seem like a traitor to the Spirit Realm.

As someone with memories of Earth, he found it hard to accept that he was a traitor.

Yet, regardless of everything, the situation has come to this: the Blood Ancestor must die!

At this moment, the Blood Ancestor also realized the difference between him and Lu Chen. Each of Lu Chen's bodies possesses the power of an Immortal Emperor; there are ten bodies in total. It's already challenging to deal with one Lu Chen, let alone ten at once.

The Blood Ancestor then understood that Lu Chen's ten bodies aren't clones; Lu Chen has merely divided his peak power into ten parts.

The Blood Ancestor then started burning his Divine Soul directly, and his blood energy, like blazing flames, madly swept around, pushing away the Chaos Qi and creating a vacuum devoid of Chaos Qi.

The Blood Ancestor laughed wildly, "Haha, even in death, I will severely injure you, making it impossible for you to leave this world. I will wait below, waiting for the day you are completely swallowed by the Chaos Qi!!!"

Back when Lu Chen created the Tianyan Immortal Domain, it was to resist Chaos Qi, but the erosion of Chaos Qi on the Tianyan Immortal Domain continued to intensify. Now the Tianyan Immortal Domain is on the verge of collapse. If Lu Chen is severely injured, he won't be able to maintain the existence of the Tianyan Immortal Domain. This will accelerate its collapse, and at that time, Lu Chen will also be eroded by Chaos Qi.

With those words, the Blood Ancestor punched towards Lu Chen again, and instantly, a massive sun appeared in the Chaos Sea.

In the Tianyan Immortal Domain, there is suppression from heaven and earth rules, making it difficult for the Blood Ancestor to fully unleash his power. Once outside the Tianyan Immortal Domain, without the suppression of heaven and earth rules, the Blood Ancestor's strength was fully released.

At this time, the people in the Tianyan Immortal Domain could clearly see another sun appearing high above the Tianyan Immortal Domain, causing the temperature of the Tianyan Immortal Domain to rise significantly.

Facing the Blood Ancestor's attack, Lu Chen directly took out the Immortal Slaying Sword and then exerted his full strength to slash it.

"Sky Shaking Soul Slash!!!"

As in the Tianyan Immortal Domain, after Lu Chen swung this sword, there was no Sword Qi, but the Blood Ancestor immediately felt a desperate sense of impending death.

The Blood Ancestor quickly lifted his other large hand, and the next moment, a massive bell appeared in his hand.

"Seven Spirits Lock Heart Bell!!!"

The bell emitted waves of sound. As those sound waves spread, they seemed to collide with something, getting cut into halves continuously, visibly speeding towards the Blood Ancestor.

Seeing the sound waves, the Blood Ancestor could perceive the invisible Sword Qi Lu Chen swung, while the Seven Spirits Lock Heart Bell was a Magic Treasure that protects the Divine Soul.

The reason the Blood Ancestor lived so long largely was due to this Seven Spirits Lock Heart Bell, which preserved his Divine Soul and prevented its quick demise.

## **Having children earns benefit, start competing for dominance in the world by marrying a wife**

As the Blood Ancestor activated the Seven Spirits Lock Heart Bell, he also launched the Blood Evil Sun Piercing Fist. In the blink of an eye, that great sun appeared before Lu Chen, yet he remained utterly untroubled.

At this moment, one of Lu Chen's bodies had already constructed a complete Spirit Realm Crossing Array, and in the next moment, a Spirit Realm Crossing Array appeared before Lu Chen.

Just like earlier in the Tianyan Immortal Domain, that great sun suddenly vanished. Seeing his attack fail once more, the Blood Ancestor realized he might never be able to hurt Lu Chen.

At that moment, the sound waves emitted by the Seven Spirits Lock Heart Bell were completely severed. However, in the next moment, the Seven Spirits Lock Heart Bell reappeared in front of the Blood Ancestor, and at this moment, the sword qi from Lu Chen's swing fully manifested.

The invisible sword qi targeting the Divine Soul collided with the Seven Spirits Lock Heart Bell, resulting in an explosive burst, clearing the Chaos Qi within a span of hundreds of light-years.

The Blood Ancestor was blasted several light-years away by this explosion. As the aftermath dissipated, he spat out a mouthful of blood, feeling clearly that his Divine Soul had developed cracks, and his power was rapidly declining.

While struggling to stabilize his aura, the Seven Spirits Lock Heart Bell before him suddenly shattered into countless pieces.

Witnessing this scene, the Blood Ancestor felt his heart sink to rock bottom, never expecting Lu Chen, even after reincarnation, to possess such terrifying power.

He still remembered the invincible stance Lu Chen had had when he had suppressed those Great Powers of the Spirit Realm. Back then, despite the joint efforts of the Great Powers, they were defeated by Lu Chen in less than a hundred years.

The Blood Ancestor truly couldn't comprehend why Lu Chen was so strong. If he was this powerful, why hadn't he unleashed his full strength during the earlier invasion? Could it be that Lu Chen had indeed betrayed the Spirit Realm and sided with the Deceit Realm?

With this thought, the Blood Ancestor let out a chuckle. What was the use of dwelling on such thoughts now? Whether Lu Chen had betrayed the Spirit Realm no longer mattered to him.

Regardless of whether Lu Chen had betrayed the Spirit Realm, his enmity with Lu Chen was already irrevocably established.

Seeing the Blood Ancestor's Seven Spirits Lock Heart Bell had shattered, Lu Chen directly stated, "I hope you can withstand my next sword!"

Upon uttering these words, Lu Chen lifted his sword once more, gathering his immortal power around it. Just as Lu Chen was about to swing his sword again, the Blood Ancestor decided not to confront Lu Chen head-on this time.

In the next instant, the Blood Ancestor's body transformed into a streak of blood-red light, shooting straight towards the Tianyan Immortal Domain.

Witnessing this, Lu Chen was momentarily stunned, puzzled as to why the Blood Ancestor would flee towards the Tianyan Immortal Domain at this time. The Heavenly Dao of the Tianyan Immortal Domain was now connected with Lu Chen, allowing him to prevent the Blood Ancestor from entering.

Although unsure of the Blood Ancestor's intentions, Lu Chen followed suit, sensing that the Blood Ancestor might be plotting something.

The Blood Ancestor was exceedingly swift and quickly reached the outskirts of the Tianyan Immortal Domain. At this moment, the energy within him spiked ferociously.

Feeling the terrifying aura emanating from him, Lu Chen was taken aback, instantly understanding the Blood Ancestor's intent.

He intended to self-destruct his Divine Soul, bringing the entire Tianyan Immortal Domain down with him!

The Blood Ancestor laughed wildly, declaring, "Lu Chen, I will make you watch as the world you painstakingly created falls to ruin!!"

The Blood Ancestor knew he could no longer defeat Lu Chen and was as good as dead. In that case, he would destroy the entire Tianyan Immortal Domain. Without its protection, Lu Chen would succumb to the Chaos Qi's corruption even if he managed to create a new world.

Even if Lu Chen could recreate a new world, without the Great Powers of the Spirit Realm as nourishment, it wouldn't last long.

Destroying the Tianyan Immortal Domain would expedite Lu Chen's demise!

Hearing the Blood Ancestor's words, Lu Chen's expression shifted slightly. Without the restrictions of the Tianyan Immortal Domain's laws, the power of the Blood Ancestor's self-destruction would be catastrophic, likely fragmenting the Immortal Domain even if not wholly destroyed.

Under no circumstances could the Blood Ancestor succeed.

Quickly, Lu Chen manipulated multiple bodies, swiftly constructing the Chaos Spirit Ruins Sealing Heaven Array.

Even with Lu Chen's rapid pace, it was too late; the Blood Ancestor had reached the threshold of Divine Soul self-detonation, causing Lu Chen's expression to darken.

Just when Lu Chen thought the Tianyan Immortal Domain would be severely damaged by the Blood Ancestor's explosion, the space in the Sea of Chaos suddenly twisted, enveloping the Blood Ancestor in strands of black power.

Perceiving the emergence of this power, Lu Chen was startled.

Could it be... Mysterious Power?

At this moment, a woman with flowing black hair and a black gown appeared in the void.

The woman's black figure melded with the void's color. If it weren't for the surrounding space distorting, coupled with her golden-ringed pupils and cold, pale face, she would have been nearly invisible to the naked eye.

Seeing the woman's visage, Lu Chen was dumbstruck.

She... she is!!!!

Inside, Lu Chen felt an inexplicable agitation, akin to discovering a long-deceased first love resurrected.

Despite lacking any memory of this woman, Lu Chen had seen her before.

She was the woman he occasionally glimpsed within the sea of flowers during dual cultivation with his wives.

For some reason, Lu Chen's heartbeat quickened, his thoughts muddled and his mind blank.

As Lu Chen was momentarily dazed, the woman spoke with a cold voice, "How long do you plan to wait?"

Snapped back to reality by her voice, Lu Chen hesitated not a single moment. He swiftly activated the Chaos Spirit Ruins Sealing Heaven Array.

At this point, the Blood Ancestor felt his strength being consumed by the Mysterious Power, his life force rapidly fading, causing him immense frustration. He roared, "Lu... Chen!!! You traitor of the Human Race!!!"

Before he could finish speaking, he felt the Divine Soul Power within him being locked, preventing any detonation.

In the next instant, two massive array patterns struck him from the void, transforming him into a Sealing Pearl before he could dodge.

After sealing the Blood Ancestor, just as Lu Chen was about to speak to the woman, she raised her hand, and the Sealing Pearl flew into her delicate jade hand. A moment later, she clenched her fist, shattering the Sealing Pearl, blood spurting from her enclosed hand.

Having done all this, the woman turned to leave, prompting Lu Chen to hurriedly use the system to identify her identity.

[Name: Immortal Emperor Youlan]

[Identity: ???]

[Score: ∞]

[Favorability: 0]

Staring at the displayed information, Lu Chen was once more confounded.

Immortal Emperor Youlan?

She is Immortal Emperor Youlan!!!

The ancestor of the Mysterious Moon Palace?

Why is there no information about her in the system? This was the first time Lu Chen encountered a woman whose identity the system couldn't record, and her score was supposedly  $\infty$ , meaning it had no upper limit?

What is going on?

## **Having children earns benefit, start competing for dominance in the world by marrying a wife**

### **Capítulo 2154: Chapter 1844: This Is Merely a Clone of Mine**

After eliminating the Blood Ancestor, Lu Chen didn't feel as happy as he imagined. He lingered in the Sea of Chaos, not returning to the Tianyan Immortal Domain for a long time.

He didn't know why, but upon seeing Immortal Emperor Youlan, his heart couldn't settle. She gave him an extremely familiar sensation.

When Lu Chen came to his senses, he suddenly realized something. Since Immortal Emperor Youlan's score was endless, she matched the system conditions, and

added that she's a Mysterious Life, wouldn't the Red Flower Sedan be able to suppress her powers?

If he had known her identity earlier, he would have used the Red Flower Sedan to make her stay. No wonder she fled so quickly before; she must have been worried about being held back by it.

Thinking about this, Lu Chen sighed slightly. Now it's useless to dwell on such thoughts since she's already gone, but considering Immortal Emperor Youlan is still at the Mysterious Moon Palace in the Tianyan Immortal Domain, he still has a chance to meet her.

Now that he has broken through to become an Immortal Emperor, and part of Heavenly Dao belongs to his consciousness, finding Immortal Emperor Youlan in the Tianyan Immortal Domain should be quite easy.

Whenever he thinks of Immortal Emperor Youlan's cold jade appearance, every heart in his bodies beats uncontrollably. He has a hunch that if he could unite with her, he would surely gain something.

However, his heart still holds some worries. Earlier, he clearly felt the formidable Mysterious Power within Immortal Emperor Youlan, indicating that her current strength might have already surpassed an Immortal Emperor, making it uncertain if the Red Flower Sedan would be effective.

Regardless of the uncertainties, he plans to find Immortal Emperor Youlan and give it a shot. Deep within, a voice continuously urges him to quickly unite with her.

...

Mysterious Moon Palace.

In the forbidden area, a mass of black fog gathered above the ice coffin, and the silhouette of Immortal Emperor Youlan gradually formed.

At this moment, Xiyue Immortal Emperor spoke: “You dare to appear before him, aren’t you afraid he’ll use the Red Flower Sedan to lock you up?”

Upon hearing this, Immortal Emperor Youlan coldly replied, “This is just a clone, I can make it self-destruct anytime.”

Her main body is still in the ice coffin, keeping her unbothered by Lu Chen’s actions. With just a thought, she can explode the clone, and if Lu Chen indeed dares to act, only he would be injured after the explosion.

Xiyue Immortal Emperor said, “Now that the Blood Ancestor is dead, and Lu Chen has absorbed the Qi Fortune of the Southern Domain, he might become even

stronger. Based on my understanding, once he grows, he'll inevitably seek us out at the Mysterious Moon Palace.”

After being with Lu Chen for so long, Xiyue Immortal Emperor has grasped Lu Chen's character. Once he matures, he will certainly use Divine Thought to locate her position; once confirmed at the Mysterious Moon Palace, he will surely come seeking her.

Thinking about the solemn vow power of the Red Flower Sedan suppressing her Mysterious Power, Xiyue Immortal Emperor felt a headache. How did they end up making such a covenant, which in turn became a tool for Lu Chen to act against them?

If Lu Chen does come, with the Red Flower Sedan suppressing her power, she ultimately fears being ridden by Lu Chen.

It's utterly humiliating that a grand Ancestor of the Strange would be hiding from a mere blood feast.

Immortal Emperor Youlan answered Xiyue Immortal Emperor's concern disdainfully: “With his current strength, he can't enter the forbidden area of the Mysterious Moon Palace.”

When she helped Lu Chen, she investigated his strength. Now incredibly strong, Lu Chen's power equals at least the Sixth Heaven of Immortal Emperor; more notably, he has multiple clones, each possessing the same power as the main body.

But even all those clones combined aren't as formidable as Lu Chen at his peak.

Even at his peak, Lu Chen might not necessarily be a match for Immortal Emperor Youlan. Now that she's regained most of her power, utilizing Mysterious Power, she's constructed a Formation within the forbidden area of the Mysterious Moon Palace. With Lu Chen's current power, breaking her Formation is out of reach, dreaming of her is mere daydreaming.

After hearing Immortal Emperor Youlan's words, Xiyue Immortal Emperor felt slightly relieved, trusting that her assurance in blocking Lu Chen was enough.

Her greatest fear is Lu Chen confronting her. Due to her Heavenly Fox Clan's nature, were Lu Chen to pester her, she'd probably even enjoy it, best not to meet him at all.

Returning to Tianyan Immortal Domain, Lu Chen promptly ordered the Barbaric army to clear out all the Evil Immortals from the Southern Domain.

Following the unification of the Southern Domain, Lu Chen's cultivation state surged again, merging more seamlessly with Heavenly Dao.

Lu Chen plans to absorb another strand of World Origin before visiting the Tianchen World to see how his beloved beauties fare.

To obtain World Origin, Yun Yudie and others need to be pregnant.

Now Xiyue Immortal Emperor has hidden herself, while Yun Yudie, Ye Chuyao, and Xiao Xueying are pregnant.

Only by earning system rewards from Cao Shiyun and Xu Jingshu can he progress.

Cao Shiyun seems cooperative, yet the Red Flower Sedan hasn't suppressed the Mysterious Power within her, making pregnancy difficult; thus only Xu Jingshu remains.

Mysterious Moon Palace.

One of Lu Chen's bodies arrives at the Small World where Xu Jingshu resides on Cloud Dream Peak, intending to enter and seek out Xu Jingshu. However, just as he attempts to enter the Small World, he collides with a Barrier.

Lu Chen freezes upon seeing the Barrier, promptly trying to break it but realizing it's incredibly solid, unlikely to be broken with his current strength.

He immediately grasps the situation, clearly Immortal Emperor Youlan has realized some of his intentions, thus creating a specialized Array Barrier to guard against him.

Lu Chen then uses Divine Thought to survey the entire Mysterious Moon Palace, discovering that the Heavenly Language Immortal Venerable and Immortal Venerable Yun Meng's auras are inside the Barrier, alongside traces of Xiyue Immortal Emperor's presence.

Lu Chen feels speechless, wondering if these women need to guard against him like he's some calamity.

It's laughable how these Mysterious Lives, who drain vitality, now flee in fear of a human riding them.

Unable to connect with Xu Jingshu and others, Lu Chen shifts focus to the Northern Domain; possibly only Xuan Qingyun remains accessible to him.

He wonders whether Xuan Qingyun has realized his intentions. If she has, she might be hiding somewhere now.

Lu Chen releases Divine Thought again, audaciously exploring the entire Tianyan Immortal Domain, quickly pinpointing Xuan Qingyun's location.

The Immortal Emperor's aura is overwhelmingly strong, making it easier for him to locate Xuan Qingyun.

While locking onto Xuan Qingyun using Divine Thought, she likewise senses Lu Chen's Divine Thought.

Upon feeling Lu Chen's Divine Thought lock onto her, Xuan Qingyun immediately realizes something's amiss.

## **Having children earns benefit, start competing for dominance in the world by marrying a wife**

Nine Heavens Institute.

Above the clouds, the Ice Beauty sat cross-legged, a hint of worry between her brows.

She had been watching the entire battle between Lu Chen and the Blood Ancestor.

When she saw Lu Chen return to Tianyan Immortal Domain, and his divine thought immediately released, recklessly probing the entire Tianyan Immortal Domain, she instantly felt a sense of crisis.

Sure enough, as she expected, Lu Chen's divine thought eventually locked onto her.

Although Xuan Qingyun had never been with Lu Chen, whether in the belly of the Chaos Beast or upon returning to Tianyan Immortal Domain, she had always been keeping an eye on Lu Chen's every move.

She could guess what kind of person Lu Chen was and his little schemes, even without using the Power of Heavenly Mechanism to deduce.

Moreover, Lu Chen had sullied most of their Ancestors of the Strange, and now his divine thought locked onto her; what Lu Chen wanted to do next was self-evident.

This guy now just wants to sleep with her!

This vile blood food! How dare he have designs on her!

This made Xuan Qingyun somewhat angry inside; that bastard had sullied her sisters, not to mention making them bear his children, and now he's targeting her.

She truly couldn't understand why this guy would have the idea to blend with their mysterious lives; couldn't he know that once he leaves this world, he would be removed by them, so he specifically disgusted them while they had not yet restored their memories?

For their mysterious lives, there's no concept of purity, but being used by a blood food as a tool for reproduction, as playthings, was a great humiliation.

They found it hard to accept being treated like this by blood food.

Xuan Qingyun immediately mobilized the Power of Heavenly Mechanism to deduce the things she might encounter. She knew deducing Lu Chen's future would yield nothing, so instead of wasting time deducing Lu Chen, it was better to deduce herself.

If she knew the things she might encounter in the future, she would know how to respond next. What she most wanted to know now is whether she would be harmed by this guy, Lu Chen.

A moment later, a scene appeared in front of Xuan Qingyun, where she was wearing a long purple dress, her eyes emitting seductive purple light, while not far away, Lu Chen was gazing at her through the barrier.

Xuan Qingyun froze for a moment; the scene was exactly in the forbidden place of Mysterious Moon Palace.

Xuan Qingyun felt relieved; it seemed Immortal Emperor Youlan had almost recovered her strength, Lu Chen can't do anything to her, so as long as she hides in the Emperor Youlan's barrier, Lu Chen can't act against her.

Meanwhile, after Lu Chen locked onto Xuan Qingyun's position, he immediately headed to the Northern Domain to "bring Xuan Qingyun to justice".

However, before Lu Chen could reach the Northern Domain, a black vortex appeared beside Xuan Qingyun, and the next moment, the figure of Immortal Emperor Youlan appeared next to her.

Seeing Immortal Emperor Youlan's clone, Xuan Qingyun instantly understood her purpose; Immortal Emperor Youlan appeared here, clearly to take her away.

Although Tianyan Immortal Domain was created by Lu Chen, it had now been invaded by mysterious power. With Immortal Emperor Youlan's strength, creating a space channel anywhere in Tianyan Immortal Domain was very easy.

No wonder she deduced herself appearing in Mysterious Moon Palace earlier.

At this moment, Immortal Emperor Youlan looked at Xuan Qingyun and said, "You should feel it too; Lu Chen's divine thought locked onto you, and one of his bodies is coming towards the Northern Domain. I'm sure you know what he will do when he finds you."

"Come with me to Mysterious Moon Palace; even if he has the alliance token, without seeing you, he can't do anything to you."

Xuan Qingyun didn't hesitate at all; she simply said the word "Okay" calmly, then followed Immortal Emperor Youlan into the space vortex.

When Lu Chen arrived at the Northern Domain, he felt another powerful aura.

Lu Chen immediately recognized the owner of this aura as Immortal Emperor Youlan, his heart trembled, and a bad premonition arose.

When Lu Chen reached the sky above Nine Heavens Institute, he found Xuan Qingyun had already disappeared, his brows furrowed tightly.

It seems they've indeed guessed his next move, so they ran ahead of time, and there was no need to guess that Xuan Qingyun must have followed Immortal Emperor Youlan to Mysterious Moon Palace, hiding in that barrier.

Lu Chen felt a bit helpless; his strength was insufficient, and he couldn't break Immortal Emperor Youlan's barrier.

Given the situation, to acquire a new World Origin, he could only go to Tianchen World and ask his confidantes for help.

Moreover, they were all in the Chaotic Sea; Lu Chen didn't believe Immortal Emperor Youlan could find them before him and take them all back.

Lu Chen then took out the Cross-border Stone, activating it with all his immortal power.

Soon, Tianchen World was clearly displayed in Lu Chen's Divine Soul, without hesitation, he immediately headed to Tianchen World.

Although he didn't think Immortal Emperor Youlan could find Chu Yuqin and the others before him, there's always a chance; what if Immortal Emperor Youlan really has some way to sense their presence?

He hadn't regained his memory yet, and he didn't understand mysterious lives well, but he speculated that mysterious lives could resonate through mysterious power, and if Immortal Emperor Youlan used mysterious power to resonate with Chu Yuqin and the others, she might be able to lock onto their positions and take them away.

In fact, Lu Chen's worries were valid; Ancestors of the Strange could indeed resonate through mysterious power and sense the positions of other Ancestors of the Strange.

If Immortal Emperor Youlan wanted to find Chu Yuqin and the others, it wouldn't be difficult for her; she didn't do so because the mysterious power in Tianyan Immortal Domain was too thick now. If Chu Yuqin and the others were brought back, this power would resonate with the mysterious power within them, and the seals in their Divine Souls might no longer hold.

The disaster hadn't struck yet; it wasn't time for them to regain their memories, as there were more than memories sealed in their Divine Souls; there was also their previous strength.

Once they all recovered their strength and the outsider noticed their condition, all their plans would fail.

After using the Cross-border Stone, Lu Chen's body appeared in the high skies of Tianchen World in an instant.

The moment Lu Chen returned to Tianchen World, the spiritual power of Tianchen World soared, as if it had received nourishment.

Tianchen World was Lu Chen's Inner Universe, and after his return, his body's strength immediately fed back to Tianchen World, naturally leading to a revival of spiritual energy in Tianchen World.

All the people in Tianchen World, sensing the changes, left their cultivation rooms, coming to the streets to investigate what had happened.

Meanwhile, in the Imperial Palace of the Daxia Dynasty, the women in Wind Cloud Palace opened their eyes.

## **Having children earns benefit, start competing for dominance in the world by marrying a wife**

**Capítulo 2156: Chapter 1846: It's Time to Unify the Tianyan Immortal Domain**

Now, Chu Yuqin and the others have begun to recover some of their memories from when they were Mysterious Life. Although they haven't regained many memories and each person has memories from different periods, by combining

their recovered memories, they've begun to guess the relationship between themselves and Lu Chen.

When the women opened their eyes, they looked complexly towards the outside of Wind Cloud Palace, guessing they might be enemies with Lu Chen, unsure how to face him.

At that moment, Lu Chen appeared in the hall, noticing his beloved companions were all present, he smiled and said, "Did you know I would return, so you gathered here to wait for me?"

After speaking, Lu Chen observed their expressions and saw the complex emotions on their faces, realizing they must have recovered some memories regarding their true relationship with him.

If that's the case, they definitely wouldn't want to be with him again. If he could collect them all into the Red Flower Sedan, he could use its Rule Power to suppress the Mysterious Power within them, allowing them to conceive.

As Lu Chen thought this, Chu Yuqin was the first to rise and say, "Darling, you're back."

Hearing Chu Yuqin's address, Lu Chen was slightly stunned, thinking they had already recovered part of their memories and wouldn't be so friendly, yet Chu Yuqin still called him darling.

Could it be that their recovered memories aren't enough, so they don't know he was actually their enemy before?

If that's the case, then they wouldn't have any resistance towards him. Even upon entering the Red Flower Sedan, it wouldn't affect them with its Rule Power.

Thus, the Mysterious Power inside them wouldn't be suppressed, making it impossible for them to conceive.

Lu Chen couldn't help thinking whether to actively help them unravel the Divine Soul Seal, so once they fully recover their memories, they definitely wouldn't want to accept him as darling again.

Thinking of this, Lu Chen suddenly felt a sharp pain in his heart.

Having been together with them for so many years, shared so many beautiful memories, now having to turn them into different people, naturally Lu Chen was unwilling.

Turning from lovers to enemies, such a transformation was hard for Lu Chen to accept.

Considering when they recover their memories and look at him no longer with love but filled with hate, he felt distressed.

Lu Chen hesitated a bit, planning to enjoy the last pleasant moments with them before breaking their Divine Soul Seal later.

With this thought, Lu Chen immediately went to Chu Yuqin, pulling her ample, fragrant body into his embrace, then smilingly said, “Madam Chu, even after all these years, you’re still as charming as ever.”

Upon hearing this, Chu Yuqin cast a gentle look at Lu Chen and then asked, “What Realm are you in now?”

Lu Chen replied, “Immortal Emperor Realm.”

Chu Yuqin said, “So you returned this time to take us back to Tianyan Immortal Domain?”

Lu Chen said, “Hmm, that was my plan.”

“But before returning to Tianyan Immortal Domain, there are things we need to do.”

Chu Yuqin asked with confusion, “What things?”

Lucidly close to Chu Yuqin’s ear, Lu Chen softly said, “What do you think it is? Madam Chu, don’t you miss me after all these years?”

Upon hearing Lu Chen’s deep and magnetic voice, Chu Yuqin’s heart quivered. Even though she had regained some memories as Mysterious Life, she still had some subconscious reactions facing Lu Chen.

Chu Yuqin wanted to tell Lu Chen about her recovered memories but worried that once spoken, they could never return to how things were.

While Chu Yuqin was conflicted about what to do next, Lu Chen suddenly leaned over, sealing her fragrant lips directly.

“Mmm...”

This mischievous one is still as domineering as ever.

Chu Yuqin thought to herself, “Oh well, everything has been given, even bore him a child, what’s the use in thinking so much now.”

At this time, Lu Chen raised his hand, shutting the massive doors of Wind Cloud Palace, and instantly, a giant bed accommodating dozens appeared in the main hall.

This bed was specially crafted by Lu Chen; when not in use, it was stored by a Formation, appearing when needed in the hall.

Upon seeing the giant bed, all the women in the main hall looked at each other, understanding what was going to happen next.

However, they were still somewhat hesitant internally, as they were no longer who they once were.

While they hesitated, Lu Chen was already embracing Chu Yuqin on the giant bed.

Seeing Chu Yuqin seemed unconcerned, the women cast away their worries, reasoning they were already Lu Chen’s women long ago; whether they were once enemies or not, they’d even borne children for Lu Chen, once or countless times made no difference.

For a long period, Lu Chen stayed with his beloved companions, making up for the loneliness they'd suffered over the years.

Day by day went by, Lu Chen didn't completely indulge in tender moments; his mind was still focused on Tianyan Immortal Domain, having conquered two Realms, with Xiyue Immortal Emperor retreating to Central Domain, now just a sentence would make Eastern Domain his.

Lu Chen planned to unify Tianyan Immortal Domain, thereby controlling all its Qi Fortune, accelerating the fusion with Heavenly Dao, hoping thus he might recover his past memories sooner.

Daqin Immortal Dynasty.

Imperial Palace, Hall of Political Affairs.

In the hall, more than a hundred Immortal Venerates stood in rows, none speaking, silently waiting for Lu Chen's command.

The aura released by Lu Chen now was so terrifying to the Immortal Venerates; even though Lu Chen had restrained a bit, after refining a portion of World Origin, his body still exuded an immensely oppressive aura imperceptibly.

Seated on the Dragon Throne, Lu Chen glanced at all the Immortal Venerates, then straightforwardly said, “Tianyan Immortal Domain should unite!”

Upon hearing this, the Immortal Venerates showed incredulous expressions; they just defeated Blood Ancestor and annexed Southern Domain, yet now a new war was considered?

Moreover, Lu Chen’s appetite was too big, wanting to unify all of Tianyan Immortal Domain, that meant contending with Demon Emperor and Xiyue Immortal Emperor?

Wait, Xiyue Immortal Emperor is Lu Chen’s couple, saying this now, perhaps Lu Chen was already supported by Xiyue Immortal Emperor?

If that were so, with two Immortal Emperors teaming up, unifying all of Tianyan Immortal Domain might not be impossible.

At this time, an Immortal Venerate stood forth and asked, “Your Majesty, have you consulted Xiyue Immortal Emperor on this matter?”

The questioning Immortal Venerate originally came from Southern Domain to Eastern Domain, particularly concerned with Lu Chen and Xiyue Immortal

Emperor's relationship, worried about conflict, having moved their forces to Eastern Domain as a subsidiary of Daqin Immortal Dynasty.

## **Having children earns benefit, start competing for dominance in the world by marrying a wife**

Upon hearing the words of the Immortal Venerate, Lu Chen calmly said, "There's no need to discuss this matter with her; she has already left the Eastern Domain."

Hearing this, the Immortal Venerates in the hall were stunned for a moment. Xiyue Immortal Emperor left the Eastern Domain?

Where did she go?

Even if Xiyue Immortal Emperor left the Eastern Domain, Lu Chen would need her consent to annex the Eastern Domain. Although Lu Chen is Xiyue Immortal Emperor's couple, the Eastern Domain still belongs to her. If Lu Chen annexed the Eastern Domain while she was away, wouldn't there be a possibility of them turning against each other when she returns?

The Immortal Venerates regained their senses and looked around at each other, seemingly encouraging others to speak up and advise Lu Chen.

However, until the end, no one dared to speak. Lu Chen already said this matter doesn't require Xiyue Immortal Emperor's consultation, such domineering words. If they spoke against Lu Chen at this time, wouldn't they anger him?

Lu Chen is already an Immortal Emperor. Killing them is as easy as crushing an ant; they dare not speak recklessly.

Seeing no Immortal Venerates speaking further, Lu Chen continued, "Although Xiyue Immortal Emperor left the Eastern Domain, she sees my every move. Our hearts are connected, and since this is my wish, she won't stand in the way. You just need to deal with the forces unwilling to submit to the Daqin Immortal Dynasty."

At this point, Dragon Soaring Immortal Venerable stepped forward and asked, "Your Majesty, how do you plan to deal with the Demon Emperor?"

Xiyue Immortal Emperor is Lu Chen's partner, so they don't have to worry too much that she will obstruct Daqin's unification of the entire Tianyan Immortal Domain. But the Demon Emperor is different.

The Demon Emperor is not Lu Chen's partner; she's unlikely to willingly give up the entire Northern Domain, right?

Moreover, the Demon Emperor broke through to become an Immortal Emperor before Lu Chen, and her strength might be greater. The biggest obstacle in unifying the Tianyan Immortal Domain is the Demon Emperor. If Lu Chen can't defeat her, unification remains mere words.

Of course, this is just a general perception. They don't know the relationship between Xuan Qingyun and Lu Chen, nor the alliance tokens between them; thus, they worry.

Lu Chen, however, is different. He isn't worried Xuan Qingyun will come forth to stop him; instead, he hopes she will.

Previously, he went to the Northern Domain to find her, only to have her flee. If Xuan Qingyun dares to show up, he is determined to use the Red Flower Sedan to capture her immediately.

In fact, Lu Chen wants to unify the Tianyan Immortal Domain to see if Xiyue Immortal Emperor, Xuan Qingyun, and Immortal Emperor Youlan will emerge to stop him.

If they do show up, he could seize the chance to capture them. Of course, if they are unwilling to appear, he would proceed to unify the Tianyan Immortal Domain and gather its Qi Fortune to enhance his cultivation state.

Upon hearing Dragon Soaring Immortal Venerable's question, all Immortal Venerates in the hall turned to Lu Chen, eager to see if he had the confidence to defeat the Demon Emperor or if he had any aces hidden.

Lu Chen then calmly stated, "She is currently not in the Northern Domain, so no need to worry that she'll obstruct our plans."

This...

The Demon Emperor isn't on her own turf either?

How could it be that both Immortal Emperors left their territories? What are they up to?

Lu Chen continued, "Next, I will issue an Immortal Order. Within twenty years, any forces unwilling to submit to the Daqin Immortal Dynasty will be destroyed!"

Upon hearing this, the Immortal Venerates immediately responded, "We will heed Your Majesty's Immortal Order!"

Since Lu Chen had already spoken, they had nothing more to say. Now it's up to Lu Chen to see if he can successfully take the Eastern Domain, proving Xiyue Immortal Emperor supports him.

With Xiyue Immortal Emperor's support, Lu Chen will find it easier to unify the Tianyan Immortal Domain.

After the Great Court Assembly ended, Lu Chen immediately released his Divine Thought and issued an Immortal Order: "Through consultations with Xiyue Immortal Emperor and the Demon Emperor, starting today, all forces in the Tianyan Immortal Domain must submit to the Daqin Immortal Dynasty; I give you ten years. If, after ten years, forces still refuse to join the Daqin Immortal Dynasty and become Daqin citizens, then your fate will be destruction!"

Upon hearing Lu Chen's Immortal Order, the Immortals of the Tianyan Immortal Domain were stunned.

Though they saw Lu Chen was ambitious, he only just annexed the entire Southern Domain, and now he seeks to unify the entire Tianyan Immortal Domain.

His words imply declaring war on the Central Domain, Eastern Domain, and Northern Domain?

Even though Lu Chen is now an Immortal Emperor, the Northern Domain and Eastern Domain also have Immortal Emperors.

Could it really be, as Lu Chen said, that the decision to unify the Tianyan Immortal Domain was agreed upon by him, Xiyue Immortal Emperor, and the Demon Emperor?

The Immortal Venerates of Tianxi Palace and Nine Heavens Institute immediately rushed to find Xiyue Immortal Emperor and Xuan Qingyun to verify Lu Chen's words.

They couldn't blindly follow Lu Chen's word and join the Daqin Immortal Dynasty, for Xiyue Immortal Emperor and Xuan Qingyun are the true masters of their respective forces.

However, the Immortal Venerates of Tianxi Palace and Nine Heavens Institute quickly discovered they could no longer contact their Palace Master and Heavenly Girl.

Mysterious Moon Palace.

Inside the forbidden area, upon hearing Lu Chen's voice through Divine Thought, the two women frowned; when did they discuss this matter with Lu Chen?

At this time, Immortal Emperor Youlan opened her eyes from above the icy coffin and said to the two women, "Ignore him. He's trying to provoke you two to come out. Since he wants to unify the Tianyan Immortal Domain, let him do it; it won't affect us."

The Tianyan Immortal Domain is originally Lu Chen's creation. Once his strength recovers, he will also control the entire domain; it's just a matter of time.

Lu Chen bringing Xiyue Immortal Emperor and Xuan Qingyun into this clearly intends to provoke them, hoping to lure them out to thwart him.

If they really go out, Lu Chen might immediately capture them into the Red Flower Sedan.

Xuan Qingyun coldly said, "I truly cannot understand what he wants to do."

"Is it just to disgust us?"

Xiyue Immortal Emperor asked, "What do you mean?"

Xuan Qingyun looked meaningfully at Xiyue Immortal Emperor and then said, "It's naturally about him wanting you to bear children for him."

Hearing Xuan Qingyun's words, Xiyue Immortal Emperor's face instantly turned gloomy. Xuan Qingyun's mention of it angered her; she once thought Lu Chen was her destined one.

Immortal Emperor Youlan then said, "Knowing him, he wouldn't do anything meaningless. Perhaps he is plotting something."

Xuan Qingyun said, "Could it be he wants to use our next generation to threaten us?"

## **Having children earns benefit, start competing for dominance in the world by marrying a wife**

Hearing Xuan Qingyun's words, Xiyue Immortal Emperor showed a hint of strange expression. Using their offspring to threaten the Mysterious Life?

The Mysterious Life is cold and emotionless, only seeing blood as food, and they have no concept of kinship, only hierarchy.

Xiyue Immortal Emperor said, "He should know that we, the Mysterious Life, have no emotions, so how could we be threatened by our children."

Xuan Qingyun said, "Perhaps he just wants to try."

Aside from this explanation, Xuan Qingyun couldn't think of any other reason why Lu Chen would come to sleep with their group of Mysterious Life.

Although Lu Chen is seen as blood food in their eyes, they have to admit that Lu Chen is indeed the most threatening strong man against their Mysterious Life in the history of the Spirit Realm.

Since Lu Chen's birth, the Mysterious Army has never successfully invaded the Spirit Realm, even when the Spirit Realm betrayed Lu Chen. If the Spirit Realm and Lu Chen were united, the Mysterious Army would find it even harder to invade the Spirit Realm.

At this moment, Immortal Emperor Youlan said indifferently, "Alright, regardless of what he is plotting, once we leave the Tianyan Immortal Domain, we will find a way to eliminate him."

Xuan Qingyun reminded, "Once we leave the Tianyan Immortal Domain, we might not have time to make a move against him."

They have more than just Lu Chen as an enemy, and the reason they signed an alliance with Lu Chen is because they encountered a very troublesome enemy.

Once they leave the Tianyan Immortal Domain, their first priority is to deal with that enemy, and then Lu Chen.

Hearing Xuan Qingyun's reminder, Immortal Emperor Youlan said dismissively, "That person is not strong. The reason he was able to trap us is all because of the Magic Treasure."

"Once we leave this world, we will join forces, and he will soon be suppressed by us."

Xuan Qingyun reminded again, "Don't forget, he is just like us, a Mysterious Life, immortal and indestructible."

Although the combined power of these ancestors is certainly stronger than that outside enemy, the opponent is also an Ancestor of the Strange, also immortal and indestructible. Even if they kill him, he can still resurrect, making it tens of thousands of times more difficult to truly eliminate him than to kill Lu Chen.

Immortal Emperor Youlan said, "He can trap us with this method, and we can also use a formation to seal him."

Immortal Emperor Youlan did not take the enemy outside too seriously. The opponent may be immortal and indestructible, but that doesn't mean he can't be sealed.

As long as he is sealed, even if he is immortal and indestructible, he can't affect them much.

Hearing Immortal Emperor Youlan's words, Xuan Qingyun did not continue to refute. Indeed, once they leave, the only way to deal with that person is to seal him.

At this time, Immortal Emperor Youlan continued, "I sense that person will appear soon, so we will help Lu Chen, let him restore his strength quickly."

Although they are enemies with Lu Chen, before leaving the Tianyan Immortal Domain, they are still allies. If Lu Chen restores his strength, it would greatly benefit them, at least able to divert that outside person's attention.

Immortal Emperor Youlan then sent a message to Immortal Venerable Yun Meng, "Yun Meng, have the Mysterious Moon Palace submit to the Daqin Immortal Dynasty!"

Hearing the transmission from Immortal Emperor Youlan, Xiyue Immortal Emperor and Xuan Qingyun immediately understood Immortal Emperor Youlan's intent, which was to have Lu Chen accelerate the unification of the Tianyan

Immortal Domain, allowing Lu Chen to gather the Qi Fortune of the entire Tianyan Immortal Domain to expedite his power restoration.

Then Xiyue Immortal Emperor and Xuan Qingyun also immediately sent messages to the Immortal Venerates of Tianxi Palace and Nine Heavens Institute, directing them to lead the Eastern and Northern Domains to also submit to the Daqin Immortal Dynasty.

When the news spread that Tianxi Palace and Nine Heavens Institute were joining the Daqin Immortal Dynasty, the Immortals of the Tianyan Immortal Domain were all incredulous.

They were all Immortal Emperors, theoretically on equal footing with the current Lu Chen, yet they chose to submit to the Daqin Immortal Dynasty.

It's understandable why Xiyue Immortal Emperor would choose to join the Daqin Immortal Dynasty, considering Xiyue Immortal Emperor is Lu Chen's couple, but why would the Demon Emperor join the Daqin Immortal Dynasty?

Could the Demon Emperor have also become Lu Chen's couple?

While people marveled that the Eastern and Northern Domains were willing to join the Daqin Immortal Dynasty, the Mysterious Moon Palace delivered another shocking revelation, publicly stating their willingness to lead the Central Domain to join the Daqin Immortal Dynasty.

In this way, the Overlord-level influences of the three Realms all became vassal forces of the Daqin Immortal Dynasty. Even if other forces didn't want to join the Daqin Immortal Dynasty, they had no choice.

It was clear that the unification of the Tianyan Immortal Domain had become an irresistible trend. Even the three Overlord-level forces, and even the Immortal Emperors backing these Overlord-level forces, had made statements. If those forces that depended on the Overlord-level forces were unwilling to join the Daqin Immortal Dynasty, they would likely be besieged by various other forces before the army of the Daqin Immortal Dynasty arrived.

In the blink of an eye, five years passed.

Daqin Immortal Dynasty, Imperial Palace.

In the Hall of Political Affairs, almost all the leaders of the various forces in the Tianyan Immortal Domain were present, except Tianxi Palace, Mysterious Moon Palace, and Nine Heavens Institute, which only sent a representative.

As for why the leaders of these three forces didn't come, Lu Chen naturally understood very well. He didn't mind at all, because if these three hadn't voluntarily announced their allegiance to the Daqin Immortal Dynasty, he wouldn't have been able to unify the Tianyan Immortal Domain so quickly.

Looking at the leaders of the various forces in the Tianyan Immortal Domain, Lu Chen then said, "From now on, I am the common ruler of the land. I do not have many demands for you, as long as you obey the Immortal Order of the Daqin Immortal Dynasty, your respective forces can continue to exist peacefully."

As Lu Chen's voice fell, the leaders of each force bowed in unison toward Lu Chen, "We greet Emperor Chen, Your Majesty!"

Lu Chen continued, "From today, I want you to investigate within your forces to see if there are any Mysterious Life. If you find any Mysterious Life, report it immediately, remember, do not kill them. I want them alive."

Upon hearing this, the leaders of each force were suddenly puzzled. Investigate Mysterious Life?

Could it be that Mysterious Life has already infiltrated the Tianyan Immortal Domain? Is this the reason why the three Overlord-level forces declared allegiance to the Daqin Immortal Dynasty?

Yes, without a common enemy, how could forces backed by Immortal Emperors voluntarily become vassals of the Daqin Immortal Dynasty? For a time, the various forces' leaders began to speculate wildly.

Lu Chen paid no mind to what they were thinking. He only wanted to know how many Mysterious Life like Yun Yudie remained in the Tianyan Immortal Domain.

There might still be some mysterious women who meet certain system conditions and have not yet been found by him.

Of course, he didn't hold out too much hope, as Mysterious Life seemed capable of sensing other Mysterious Life, so those mysterious women meeting certain system conditions might have already been protected by Immortal Emperor Youlan. But in any case, he would first take a look; he might just get lucky.

After the Great Court Assembly ended, Lu Chen's thoughts turned to cultivation.

Now unified with the entire Tianyan Immortal Domain, he could recklessly absorb the Qi Fortune of all the people, gathering the Qi Fortune of the Tianyan Immortal Domain upon himself.

**Having children earns benefit, start competing for dominance in the world by marrying a wife**

Daqin Immortal Dynasty.

High above the Imperial City, Lu Chen sat poised on the clouds, with the Heaven Opening Seal hovering in front of him. The Qi Fortune of the Tianyan Immortal Domain was continuously gathering into the Heaven Opening Seal, and Lu Chen's cultivation state was steadily rising.

In less than two years, Lu Chen's cultivation state had advanced to the Ninth Layer of the Immortal Emperor Realm. However, just as he broke through to this level, he immediately felt that his cultivation seemed to have reached its limit, unable to progress any further.

Lu Chen was somewhat perplexed. Logically speaking, his consciousness was connected with the Heaven's Consciousness, and the rules of the heavenly dao would restrict others' cultivation but would never limit his own. After all, the Tianyan Immortal Domain might even have been created by him. How could a world he created limit his own power?

Could it be necessary to refine more world origins, allowing his consciousness to fully merge with the Heaven's Consciousness, so as to escape the constraints of the heavenly dao's rules and continue to break through?

However, he currently had no way to obtain world origins from elsewhere. He could rely only on the system, yet even though he had already broken through to become the Immortal Emperor of this world, he still hadn't figured out the system's origins.

If he couldn't dismantle the system, he wouldn't be able to find the reward pool behind it. He would then only be able to continue acquiring world origins by breeding offspring as required by the system.

Lu Chen couldn't help but think, should he really take the initiative to lift the seal for Chu Yuqin and the others, allowing them to hate him, then use the Red Flower Sedan to suppress them, and finally have them conceive within the Red Flower Sedan?

To be honest, he didn't quite like such a forceful approach. They could perhaps be somewhat reluctant yet compliant, but they absolutely couldn't hate him. After all, they once loved each other deeply, and Lu Chen held profound feelings for them.

Seeing his former beloved thinking of how to kill him even while being with him, Lu Chen would feel deeply saddened despite being an Immortal Emperor.

Lu Chen opened his eyes, gazing in the direction of the Tianchen World, and couldn't help but let out a sigh.

At the same time, within the Tianchen World, Lu Chen was still cultivating feelings with his former lovers.

Chu Yuqin and the others seemed to realize that they were about to recover their past memories, guessing that they might part ways with Lu Chen, so in these past years, they had acted quite fervently with him.

However, because the mysterious power within them would consume vitality, no matter how they engaged in dual cultivation with Lu Chen, they couldn't conceive another of his children.

Thinking of how these beloveds of his would eventually leave him, Lu Chen felt as if his heart was being cut by a knife. Lately, he had been pondering whether the "Many Children, Many Blessings" system was created by his past life or by those mysterious beings.

If his past life created it, there must be some special reason for doing so.

If it was all a scheme by mysterious beings, perhaps they really meant to lead him to ruin. But now that his cultivation had reached the Immortal Emperor Realm, does this mean that the mysterious beings' plan has failed?

Tianchen World.

In the Wind Cloud Palace, Lu Chen held Chu Yuqin's soft and fragrant body, gently whispering in her ear, "Madam Chu, what do you think I should do next?"

Although he had regained his memories from the Tianyan Immortal Domain, Lu Chen still preferred to call Chu Yuqin as "Madam Chu," even though Chu Yuqin

was a clone of Chu Yunzhi. Lu Chen didn't regard her and Chu Yunzhi as the same person due to her identity as a clone.

Chu Yuqin vaguely guessed what Lu Chen was asking. Since they had recovered some of their past memories, guessing that they were once enemies, Lu Chen had most likely also restored even older memories, knowing they were former adversaries.

Chu Yuqin raised her warm jade-like hand, touching Lu Chen's handsome face, gazing into his eyes, and said, "Do what you wish to do. I'll always support you."

Chu Yuqin understood that Lu Chen couldn't let go of them, and he had always been very domineering. Perhaps after they regained their memories, Lu Chen would adopt some aggressive means to trap them, not letting them leave.

Chu Yuqin wasn't sure if she would develop murderous intent towards Lu Chen after regaining her memories, but at least for now, she still deeply loved him. Therefore, she supported all of Lu Chen's decisions, even if she might rethink after fully recovering her memories.

Hearing Chu Yuqin's words, Lu Chen smiled slightly and then said, "It would be nice if you could always think that way."

After seeing Yun Yudie and the others' reactions after recovering their memories, Lu Chen held little hope for Chu Yuqin and the others' attitudes towards him after their memory restoration.

It would be fortunate if Chu Yuqin and the others didn't act with lethal intent towards him then.

Chu Yuqin gazed at Lu Chen with affection and said, "At least that's how I feel right now."

Lu Chen said, "Actually, I could actively lift the seal deep within your divine souls."

Upon hearing this, the women in the hall were all momentarily stunned.

Lu Chen continued, "I believe you've regained some of your past memories, and your bodies control some power entirely different from immortal power..."

As Lu Chen was about to continue, Chu Yuqin suddenly pressed her finger against his lips, preventing him from speaking further.

"You don't need to tell us this."

Internally, Chu Yuqin was actually fearful of being completely opposed to Lu Chen after their memories returned, as it also concerned their children with him. If they stood against Lu Chen, what about those children?

Even though Chu Yuqin anticipated the inevitable return of their memories, she wished at least to create more beautiful memories with Lu Chen before that happened.

Seeing Chu Yuqin deterring him from speaking further, Lu Chen understood her intentions. He clasped her jade hand, placing it beside her body, and gazed into her beautiful eyes, "Alright, I won't say more of this. Let's continue."

With those words, Lu Chen leaned in again, their lips meeting.

Lu Chen had come to terms with it; since their memory recovery was inevitable, he decided to go with the flow, indulging in joy with them before that happened.

Once they fully recovered their memories, he would then encase them in the Red Flower Sedan. After all, he had unified the Tianyan Immortal Domain, and no calamity had yet befallen, so there was no urgent need to advance his cultivation state.

...

Fifty years passed in the blink of an eye.

Southern Domain.

Holy Wing Sect.

Today was the day Holy Wing Sect recruited disciples. Since the Daqin Immortal Dynasty accomplished the unification of the Tianyan Immortal Domain, the region had entered a period of peace, and small immortal sects like the Holy Wing Sect were prospering more and more.

In the plaza of Holy Wing Sect, groups of Mortal Immortals were lining up in front of the Immortal Testing Stone to test their aptitude.

At this moment, a young man dressed in luxurious silk garments with a golden crown approached the Immortal Testing Stone. Before the elder could speak, he directly placed his hand on the stone.

**Having children earns benefit, start competing for dominance in the world by marrying a wife**

In the plaza of the Holy Wing Sect, the moment the young man in brocade robes placed his hand on the Immortal Testing Stone, the stone instantly erupted with a pillar of black light that shot straight into the sky.

The next moment, the entire sky darkened, and countless stars appeared above.

Seeing this scene, the elders of the Holy Wing Sect immediately became incredibly excited.

An elder exclaimed excitedly, "A celestial phenomenon, this is an Immortal Physique!!!"

"Quick! Quickly inform the Grand Elder!!!"

Just as the elder's words fell, a terrifying pressure descended from the sky, followed by a vortex appearing in the plaza's skies, from which a white-haired elder in white robes emerged.

Upon seeing the elder appear, the elders in the plaza promptly bowed to him, "Greetings, Supreme Elder!"

The elder responded with an "Hmm," then said, "No need for formalities."

With his words, the elder's gaze instantly locked onto the young man who triggered the phenomenon.

The Saint Wing Immortal Venerate released his Divine Sense, carefully investigating the young man's physical condition, then stroked his white beard joyfully, "Hmm, not bad, not bad, indeed a Star Immortal Body!"

Upon hearing the Saint Wing Immortal Venerate's words, the elders of the Holy Wing Sect became even more excited, unexpectedly they could recruit a disciple with an Immortal Physique in their small sect.

At this moment, the Saint Wing Immortal Venerate suddenly thought of something and asked, "Young man, do you have a master?"

Li Xinghe immediately replied, "Replying to the senior, this disciple is merely a Loose Immortal with no master."

The Saint Wing Immortal Venerate promptly said, "Then, are you willing to become my direct disciple?"

Upon hearing this, the plaza burst into chatter.

"Did I hear that right? The Immortal Venerate wants to take on a direct disciple! A direct disciple!"

"If he becomes the Immortal Venerate's direct disciple, wouldn't he be of higher seniority than the Sect Master?"

"I wish I could also become the Immortal Venerate's direct disciple!"

"He has an Immortal Physique; it's only natural for the Immortal Venerate to notice him. If any of you had an Immortal Physique, even one far inferior, the Immortal Venerate would make you his direct disciple!"

...

Li Xinghe pondered for a moment, then knelt halfway and said, "Disciple Li Xinghe, pays respects to Honored Master!!!"

The Saint Wing Immortal Venerate immediately said, "Good, good, good, this is a gift from your teacher as a present!"

At that, the Saint Wing Immortal Venerate took out a storage ring, directly manipulating it with immortal power to move in front of Li Xinghe.

Li Xinghe accepted the storage ring and glanced inside, and was instantly stunned: inside were countless Immortal Crystals and various cultivation resources, as well as an Earth-grade Immortal Artifact.

Seeing Li Xinghe frozen, the Saint Wing Immortal Venerate contentedly stroked his white beard again and then said, "Xinghe, now follow your nephew to choose a Cultivation Cave Mansion, once you've chosen a place to reside, you can slowly inventory the contents of the storage ring."

The Saint Wing Immortal Venerate, after all, was an Immortal Venerate; although these items were insignificant to him, they held extreme value for other immortals. If Li Xinghe were to reveal them now, it might incite some to covet.

Though Li Xinghe was the Immortal Venerate's disciple, Tianyan Immortal Domain had no shortage of those crazy enough to risk everything, and should some nearing their lifespan's end opt for desperate measures, targeting Li Xinghe, Li Xinghe was merely a Mortal Immortal whose journey had only begun, not suitable to flaunt wealth.

Li Xinghe hurriedly bowed and said, "Yes, Honored Master."

"However, whom do you speak of as my nephew?"

Li Xinghe hadn't imagined that, having just joined the Holy Wing Sect, he already had a nephew.

At this moment, a middle-aged man in a cyan robe awkwardly stepped out from among the elders and said, "Uncle Master, I am the one mentioned by the Supreme; I am currently the Sect Master of the Holy Wing Sect."

Seeing this middle-aged man, Li Xinghe hesitated, then bowed and said, "Greetings, Sect Master!"

The Holy Wing Sect Sect Master hurriedly said, "No, no, no, you are the Supreme Elder's disciple, while I am the disciple of a disciple of the Supreme Elder, by seniority I should naturally call you Uncle Master. Uncle Master can just call me by name, by the way, I am Meng Jian."

The Saint Wing Immortal Venerate then said, "Alright, Meng Jian, take your Uncle Master to choose a cave mansion."

Meng Jian replied, "Yes, Supreme."

Then, Meng Jian looked at Li Xinghe and said, "Uncle Master, come with me."

With these words, Meng Jian led Li Xinghe to the core area of the Holy Wing Sect to select a cave mansion.

After the cave mansion was chosen, Meng Jian exchanged some pleasantries and then left to continue observing if any other disciples with good aptitudes appeared in the plaza.

After Meng Jian left, Li Xinghe sat on the stone bed in the cave mansion, feeling the dense Immortal Aura between heaven and earth, and couldn't help but say to himself, "Here marks the new beginning for Li Xinghe!"

With these words, Li Xinghe quickly opened the storage ring given by the Saint Wing Immortal Venerate, emptying all the cultivation resources within to count them. In an instant, the cultivation resources formed into a small mountain within his cave mansion.

Li Xinghe couldn't help but marvel, "Honored Master indeed is an Immortal Venerate, how generous! It seems I made the right choice!"

At this moment, Li Xinghe's gaze fell on the Earth-grade Immortal Sword.

The sword was entirely pitch black, engraved with some incomprehensible patterns, exuding an uncomfortable aura, and Li Xinghe felt a rapid loss of vitality when holding it.

Li Xinghe couldn't help but think, surely his honored master wouldn't harm him, seeing how he had just sworn discipleship; if intending harm, why bother accepting him.

Perhaps there were secrets unknown even to his honored master on this sword?

With this thought, Li Xinghe's eyes lit up, where there were secrets, there might be opportunity; his journey from mortal to Mortal Immortal depended on seemingly inconspicuous hidden opportunities.

Li Xinghe hurriedly gathered a drop of fresh blood, planning to refine the sword.

However, as soon as his blood touched the sword, it suddenly emitted black gas, and immediately, the entire space of the cave mansion began to distort. Then, the black gas from the sword enveloped Li Xinghe entirely.

Li Xinghe struggled frantically, yet despite his efforts, he was unable to mobilize his immortal power, feeling his vitality rapidly diminish.

Just before closing his eyes, an ancient voice echoed in Li Xinghe's mind, "Such strong Divine Soul presence, seems like a reincarnated one, perfect to be my empire's vessel."

With these words, Li Xinghe's eyes flew wide open, feeling a powerful aura invading his Divine Soul, sending waves of excruciating pain through him.

As his Divine Soul was invaded, a seal deep within it was broken, and past memories flooded into his mind.

Li Xinghe yelled loudly, "No!!!"
