Capítulo 2171: Chapter 1861: As Your Master, I Hope You Can Be Admitted to First Cultivation University

Lu Chen is now the master of the Tianyan Immortal Domain, so his marriage to the Immortal Empress is a major event for the entire Tianyan Immortal Domain.

After Yun Yudie announced her intention to marry Lu Chen, the entire Tianyan Immortal Domain began preparing for Yun Yudie and Lu Chen's wedding.

Although the Netherworld Evil Emperor was displeased, he did not plan to take action against Lu Chen at this time. He had confirmed that Yun Yudie's memories had been erased by the Chaos Qi.

If Yun Yudie had the memories of the Ancestor of the Strange, there was no way she would agree to marry a human blood meal, let alone have children with him.

Although he confirmed Yun Yudie's condition, the Ancestor of the Strange is not only Yun Yudie, he needed to check on the other Ancestors of the Strange to see if their memories were also erased by the Chaos Qi.

Daqin Imperial City, Outer City.

The sect land purchased by the Holy Wing Sect.

Since the Great Qin unified the entire Tianyan Immortal Domain, more and more Immortal Sects have purchased land in Daqin Imperial City to use as their sect bases.

Although land in Daqin Imperial City is extremely valuable, the Tianyan Immortal Domain now belongs to the Great Qin. Lu Chen, the master of the Tianyan Immortal Domain, is also in Daqin Imperial City, making it convenient for them to develop their forces and gather intelligence.

However, purchasing a piece of land in Daqin Imperial City is indeed very difficult for general Immortal Sects. For an Immortal Sect like the Holy Wing Sect, buying such a sect base consumed nearly half of its resources.

At this moment, in a courtyard at the sect land of the Holy Wing Sect, the Saint Wing Immortal Venerable was discussing something with Li Xinghe and others.

“I have received news that Daqin First Cultivation University is preparing to expand student admissions, and disciples from any Immortal Sect can participate in the entrance examination.”

“If you are interested, you can also participate. Even if you become a student of Daqin First Cultivation University, you will still be disciples of the Holy Wing Sect. The Holy Wing Sect will be your solid support and will always back you up.”

Upon hearing this, the disciples of the Holy Wing Sect looked at each other. To join Daqin First Cultivation University, wouldn't that be like joining another force?

Can the Holy Wing Sect really tolerate this?

Or is their ancestor testing their loyalty to the Holy Wing Sect?

At this time, a core disciple stood up and said: “A disciple of the Holy Wing Sect for a day, a disciple of the Holy Wing Sect for life. Rest assured, Ancestor, we will never join another force!”

Other disciples also spoke in unison: “Rest assured, Ancestor, we will never betray the Holy Wing Sect!”

Hearing this, the Saint Wing Immortal Venerable nodded in satisfaction, then smiled and said: “You might have misunderstood, I’m not testing you.”

“Our Majesty’s ideals are grand, he wants this world to be completely unified, and as an affiliated force of the Daqin Immortal Dynasty, sending disciples to study at Daqin First Cultivation University is something we affiliated forces should do.”

As Lu Chen continued to build the Cultivation Academy, the Immortal Sect factions of the Tianyan Immortal Domain saw what Lu Chen intended to do. He wanted to draw in all the talented Heavenly Pride, controlling these individuals while also weakening the influence of the Immortal Sects.

If this continued, many Immortals would only recognize the Cultivation Academy and not the influence of the Immortal Sects.

But this is a long process, and the Immortal Sect factions know that Lu Chen’s decision is something they cannot resist, so they are proactively sending their excellent disciples to the Daqin Cultivation Schools.

Of course, even if they send them to the Cultivation University, they will still provide the necessary resources, and those disciples are still their Immortal Sect disciples. This effectively uses the resources of the Cultivation Academy to train disciples for these Immortal Sect factions.

At this moment, the Saint Wing Immortal Venerable looked at Li Xinghe and said: “Xinghe, you can also take the exam. I hope you can get into the First Cultivation University, the resources at the First Cultivation University are far more than those at the Holy Wing Sect, which will greatly benefit your constitution and help you grow faster.”

“Of course, you will still be the Saint Heir of the Holy Wing Sect.”

The Saint Wing Immortal Venerable clearly understood that a Heavenly Pride like Li Xinghe could not be hidden in the Holy Wing Sect forever, and one day he would be discovered. Most importantly, the Holy Wing Sect didn't have enough resources to cultivate Li Xinghe, but the First Cultivation University had sufficient cultivation resources.

Upon hearing the words of the Saint Wing Immortal Venerable, Li Xinghe was slightly taken aback. He had been contemplating what kind of excuse he should use to stay in the Imperial City of the Daqin Immortal Dynasty.

Unexpectedly, just as he was about to nap, someone gave him a pillow.

Yun Yudie and Lu Chen were about to be wed, and at that time, all forces from the Tianyan Immortal Domain would send representatives. There would undoubtedly be other Ancestors of the Strange among them. If he stayed in Daqin Imperial City, he might observe the situation of other Ancestors of the Strange.

Li Xinghe regained his composure, bowed, and said: “I will obey the Honored Master’s arrangements!”

Seeing that the Holy Wing Sect’s Saint Heir agreed, the other disciples didn’t say much else. They also bowed and said: “We will strictly follow the Honored Ancestor’s orders!”

The Saint Wing Immortal Venerable said: “Alright, your next step is to prepare for the First Cultivation University’s exam.”

“Yes, Honored Ancestor.”

“Yes, Honored Master.”

...

For Li Xinghe, who possesses the Star Immortal Body, getting into the Daqin First Cultivation University was remarkably easy.

He easily passed the exam and became a student at the First Cultivation University, and his talent quickly caught someone’s attention.

First Cultivation University.

Alchemy Institute, Dean's Office.

Taihua Immortal Venerable was reviewing the list of new students in his hand.

When the Daqin created the First Cultivation University, Taihua Immortal Venerable was the first to stand up in support, which earned him the position of head of a department. Of course, this was just one of his clones; his true self was still serving as the Hall Master at the Heavenly Splendor Hall.

Many Cultivation Universities established by the Daqin subsequently used the Immortal Venerates of the Immortal Sect factions. Although this allowed some Immortal Sects to use the universities to cultivate their disciples, Lu Chen didn't mind this. After all, this was just the beginning, and he needed to let those Immortal Sect factions 'taste the sweetness'.

However, since becoming the head of the Alchemy Institute at the First Cultivation University, Taihua Immortal Venerable never gave any favoritism to the disciples of the Heavenly Splendor Hall. After all, he was the first to support Lu Chen, and many eyes were watching him. Most importantly, the First Cultivation University was located in the Imperial City, and Lu Chen's Divine Thought was constantly monitoring the school.

At this moment, while reviewing the new students' list, Taihua Immortal Venerable said: "I didn't expect to see so many good seedlings, but these people are not suited for the path of alchemy. They're most likely here for resources."

At the First Cultivation University, the Alchemy Institute and Artifact Refining Institute had the most resources, so even students focused on the Slaughter Path liked to enroll in these two institutes, aiming to use their resources for cultivation.

Having children earns benefit, start competing for dominance in the world by marrying a wife

Although he knew that most people chose the Alchemy Institute because of its cultivation resources, Taihua Immortal Venerable was not angry about this.

After all, which disciple admitted to the First Cultivation University wasn't there for the cultivation resources, including those from their Heavenly Splendor Hall, who entered the First Cultivation University for the cultivation resources.

However, while he could understand the thoughts of these sect disciples, he could not casually let them all enter the Alchemy Institute. If everyone rushed to the Alchemy Institute and the Artifact Refining Institute, wouldn't the other faculties of the First Cultivation University be unable to recruit students?

Taihua Immortal Venerable then reviewed the list while rejecting the admission applications of some new students.

At that moment, his hand paused in mid-air while flipping through the jade scroll projection, and his eyes stared intently at the personal information in front of him, his expression suddenly becoming extremely serious.

Taihua Immortal Venerable then opened the personal information of this new student, looked at it carefully, and then murmured to himself, "Star Immortal Body? This person's name also bears the words 'Star River'; could it be..."

At that time, they wanted to help Lu Chen settle accounts with the Star River Immortal Venerate, but the Star River Immortal Venerate disappeared, and later, Heavenly Splendor Hall went to the Eastern Domain and kept helping Lu Chen search for the Star River Immortal Venerate.

As long as the Star River Immortal Venerate was alive, Taihua Immortal Venerable was always worried that one day Lu Chen would settle accounts with Heavenly Splendor Hall, but no matter how they searched, they could not find any trace of the Star River Immortal Venerate.

All these years, no matter what the Daqin Immortal Dynasty wanted to do, Heavenly Splendor Hall was the first to stand up and support, after all, the Star River Immortal Venerate matter had no conclusion yet.

Taihua Immortal Venerable did not expect to encounter a person who might be the Star River Immortal Venerate at this moment.

Of course, it's not to say that having a Star Immortal Body must mean someone is the Star River Immortal Venerate, nor that having "Star River" in the name means that person is the Star River Immortal Venerate.

But Li Xinghe not only had a name similar to the Star River Immortal Venerate but also had a Star Immortal Body, which was too much of a coincidence.

The population of the Tianyan Immortal Domain was vast, but immortals with an Immortal Body numbered less than ten thousand; when the Star River Immortal Venerate was still alive, it seemed he was the only one with a Star Immortal Body.

It was indeed possible for a second person with a Star Immortal Body to appear, but Taihua Immortal Venerable did not believe there were so many coincidences in the world.

He had a hunch that this Li Xinghe might very well be the reincarnation of the Star River Immortal Venerate, and the reason they hadn't been able to find the Star River Immortal Venerate was that he had already reincarnated.

Given the situation at that time, indeed, entering reincarnation was a way to preserve life; if unable to break through at the peak, the only option was to meet the end and await death.

Taihua Immortal Venerable's serious expression slowly relaxed, and his lips couldn't help but curl slightly. If this Li Xinghe was indeed the reincarnation of the Star River Immortal Venerate, that would be interesting.

Taihua Immortal Venerable thought for a moment and then approved Li Xinghe's enrollment application. He wasn't planning to alert the snake too early; he intended to stabilize Li Xinghe first and confirm if he was the reincarnation of the Star River Immortal Venerate.

If Li Xinghe was indeed the reincarnation of the Star River Immortal Venerate, he would then tell Lu Chen about it and let Lu Chen personally deal with Li Xinghe.

Soon, the day of the Alchemy Institute's new student admission arrived.

As the dean, Taihua Immortal Venerable personally gave a speech during the new student admission.

While delivering the speech in the air, his gaze unintentionally sought out Li Xinghe's position among the crowd, and soon, he locked onto Li Xinghe.

Li Xinghe on the square looked different from the Star River Immortal Venerate in appearance, but it's quite normal for appearances to change post-reincarnation; Taihua Immortal Venerable wouldn't dismiss suspicions due to differing appearances.

While delivering his speech, Taihua Immortal Venerable mulled over how to confirm Li Xinghe's identity.

Perhaps taking advantage of his current undeveloped state, he could directly capture him and perform a Soul Search, which would be the quickest way to confirm his identity.

However, Taihua Immortal Venerable wasn't certain whether the Star River Immortal Venerate had left any precautions before reincarnation. If he had left some life-saving measures, hastily acting against Li Xinghe could very well trigger those measures.

Once he alerted the snake, finding Li Xinghe in the future might not be easy.

At that moment, Taihua Immortal Venerable suddenly recalled that tomorrow Lu Chen and Yun Yudie would personally attend the First Cultivation University; it might be prudent to inform Lu Chen directly and let him verify.

Lu Chen is now an Immortal Emperor; confirming someone's identity should be an effortless task.

At this point, Taihua Immortal Venerable spoke, "You are very fortunate, for tomorrow our Immortal Emperor and the principal of the First Cultivation University will attend your enrollment ceremony."

"You should find your dwelling first, and come to the square early tomorrow morning, where our principal will give a speech."

"Alright, that's it for today."

As the words fell, Taihua Immortal Venerable directly turned and flew away, without deliberately probing into Li Xinghe's status.

He didn't know how much of his memory Li Xinghe had recovered; approaching Li Xinghe deliberately might instead raise his suspicion.

The next day.

Early morning, the square of the First Cultivation University was already crowded; the principal position had always been held by Lu Chen.

Recently, there were rumors that Yun Yudie might take the position of principal at the First Cultivation University, though these were unconfirmed.

The First Cultivation University already held a high status; if an Immortal Emperor became the principal, it might surpass all sects and become the Daqin Immortal Dynasty's greatest power.

As students whispered among themselves, a flying palace slowly approached the university's sky, bringing silence among those present.

As the flying palace reached the sky above the square, two figures emerged from the palace—it was Lu Chen and Yun Yudie.

On seeing them, the deans of the various faculties at the First Cultivation University immediately led the greeting, "Salute to the Immortal Emperor, salute to the Immortal Empress!!!"

Lu Chen said calmly, "No need for formalities."

With that, he glanced at the students on the square and then announced, "From today onward, Xuan Yue Immortal Emperor will replace me as the principal of the First Cultivation University."

With Lu Chen's words, the people in the square uniformly greeted Yun Yudie, "Salute to the Principal!!!"

"Next, your new principal has some words to share; may the university thrive quickly under new leadership."

As Lu Chen finished speaking, the deans once again led saying, "We shall not fail the Immortal Emperor's expectations!!!"

Lu Chen said no more; at this point, Yun Yudie began her speech, which simply urged students to abandon sect prejudices and focus entirely on cultivation.

While Yun Yudie spoke, Taihua Immortal Venerable sent a message to Lu Chen, "Your Majesty, this subordinate has a matter to report to you personally."

Having children earns benefit, start competing for dominance in the world by marrying a wife

Upon hearing Taihua Immortal Venerable's voice transmission, Lu Chen was somewhat curious about what Taihua Immortal Venerable wanted to say.

Immediately, Lu Chen left Yun Yudie's side and headed to the principal's office of the First Cultivation University.

Taihua Immortal Venerable also promptly followed Lu Chen to the principal's office.

Once Taihua Immortal Venerable entered, Lu Chen directly said, "Speak, what is the matter?"

Taihua Immortal Venerable did not answer directly; instead, he took out the jade scroll containing Li Xinghe's personal information and handed it to Lu Chen.

"Please take a look at this student's information, Your Majesty."

Lu Chen immediately used his immortal power to grasp the jade scroll. When he opened it, the information recorded about Li Xinghe within the jade scroll was projected into the air.

After glancing at Li Xinghe's information, Lu Chen instantly realized.

He wondered why he hadn't been able to find Star River Immortal Venerable. After becoming an Immortal Emperor, he actually used his divine thought to probe the entire Tianyan Immortal Domain. He knew how many Immortal Venerates were in

the Tianyan Immortal Domain, even those Immortal Venerates hidden within Small Worlds. However, he had never been able to locate Star River Immortal Venerate. He thought Star River Immortal Venerate's time had come and had already fallen.

Unexpectedly, Star River Immortal Venerate had not fallen but had reincarnated, and now even took the initiative to appear.

However, that being said, although the name carries "Xinghe" and he possesses the Star Immortal Body, without probing his Divine Soul, it's not entirely certain that he is the reincarnated Star River Immortal Venerate. In a world this vast with so many people, coincidences are not impossible.

Lu Chen then said to Taihua Immortal Venerable, "After the opening ceremony is over, bring this Li Xinghe to the principal's office, I shall personally confirm his identity."

Taihua Immortal Venerable immediately said, "Yes, Your Majesty."

...

Yun Yudie did not speak many words. After she finished speaking, the deans made some additional remarks, and the opening ceremony ended in less than two hours.

After the opening ceremony, Li Xinghe was about to return to his residence in the school. However, at that moment, Taihua Immortal Venerable's figure appeared before him.

Li Xinghe immediately said, "Greetings, Dean."

Taihua Immortal Venerable responded with a faint "Hmm" and then said, "A distinguished figure wishes to see you, come with me."

Upon hearing this, Li Xinghe immediately felt a twinge of unease.

A distinguished figure?

Could it be Yun Yudie?

Could it be that Yun Yudie has noticed the mysterious power within his body?

If that's the case, it's troublesome. Yun Yudie's memories might have been erased by Chaos Qi, but the memories of other Ancestors of the Strange might not have been erased. If Yun Yudie learned about his existence, other Ancestors of the Strange might discover him through Yun Yudie.

However, thinking about it, even if Yun Yudie saw through him as a Mysterious Life, she might not care. Yun Yudie should believe the power within her comes from her special physique. Perhaps in Yun Yudie's view, he is just someone who possesses a special physique.

With this thought, Li Xinghe followed Taihua Immortal Venerable to the principal's office with assurance.

However, when Li Xinghe reached the principal's office, he found that it was not Yun Yudie inside, but Lu Chen.

The Netherworld Evil Emperor was taken aback; he thought it was Yun Yudie who sought him, but it turned out to be Lu Chen.

Why is Lu Chen looking for him?

Li Xinghe immediately said to Lu Chen, "Student Li Xinghe greets Your Majesty!"

Lu Chen glanced at Li Xinghe, wondering why Li Xinghe always gave him a peculiar feeling.

Now that Lu Chen has become the master of the Tianyan Immortal Domain, controlling all of its Qi Fortune, he can clearly sense the flow of Qi Fortune in the Tianyan Immortal Domain and can clearly feel the Qi Fortune on each person.

Li Xinghe's Qi Fortune is not dense; however, according to the data, his cultivation state progresses rapidly, and his Qi Fortune always seems elusive, as if it's ready to dissipate at any moment.

If Li Xinghe is the reincarnated Star River Immortal Venerate, his rapid cultivation state progress could be explained. This suggests he made some preparations before reincarnating to help him grow quickly in this life, or perhaps he has already regained some of his previous life's memories and possesses some immortal law from his past life, leading to quick cultivation state advancements.

At this moment, Lu Chen asked coldly, "Do you know why I am looking for you?"

Upon hearing this question, the Netherworld Evil Emperor felt a jolt inside, could it be that Lu Chen has discovered his true identity?

Lu Chen, being the foremost in the Spirit Realm and able to withstand the erosion of Chaos Qi till today, undoubtedly possesses great strength. If it's him, he indeed might discover his identity.

Yet, even if Lu Chen has figured out his identity, it won't affect his plan. His focus is solely on those Ancestors of the Strange, and even if Lu Chen discovers his divine thought has descended into this world, he can't do anything to him.

Li Xinghe said, "Student does not know."

Lu Chen snorted coldly and said, "Star River Immortal Venerate, even at the Emperor's presence, are you still planning to keep pretending?"

Upon hearing this, the Netherworld Evil Emperor was again surprised.

Star River Immortal Venerate?

It seems the person he reincarnated into indeed is Star River Immortal Venerate.

The Netherworld Evil Emperor then recollected Star River Immortal Venerate's memories; he then realized why Lu Chen sought him.

Back when Lu Chen reincarnated, Star River Immortal Venerate oppressed him, casting him into the Chaotic Sea. Now that Lu Chen has grown and become the lord of this world, it's only natural to settle accounts with Star River Immortal Venerate.

Coincidence, pure coincidence, he thought Lu Chen discovered him as an Ancestor of the Strange.

Returning to his senses, the Netherworld Evil Emperor feigned a bewildered look and said, "Your Majesty, what are you saying? Student doesn't understand."

Lu Chen chuckled lightly and said, "It seems you haven't recovered your memories yet. If so, let me help you restore your previous life's memories in advance."

Saying this, Lu Chen's divine thought directly invaded Li Xinghe's divine soul, wanting to see if the depths of his divine soul held any sealed memories and then prematurely unseal them.

Typically, a reincarnated individual's previous life memories remain sealed within the divine soul, only gradually unsealing when their power suffices.

However, when Lu Chen's divine thought entered the depths of Li Xinghe's divine soul, he didn't find any sealed memories. Although Li Xinghe's divine soul was strong, there were no memories within.

And as soon as Lu Chen's divine thought invaded Li Xinghe's divine soul, he had a sickening sensation.

Lu Chen immediately withdrew from Li Xinghe's divine soul, his gaze fixed on Li Xinghe, seemingly trying to see through him entirely.

On the side, Taihua Immortal Venerable noticed Lu Chen remained silent, just staring at Li Xinghe, feeling puzzled. He had sensed Lu Chen's divine thought invaded Li Xinghe's divine soul, logically, Lu Chen should have read all of Li Xinghe's divine soul memories, confirmed Li Xinghe as Star River Immortal Venerate, and then proceeded to settle scores.

But now, instead, Lu Chen stared motionlessly at Li Xinghe, with a hint of perplexity in his eyes.

Having children earns benefit, start competing for dominance in the world by marrying a wife

Capítulo 2174: Chapter 1864: You'll Know When You Get Out

Lu Chen pondered for a moment, then said to Li Xinghe, “You should go back first. It seems I’ve mistaken you for someone else. I didn’t expect such coincidences in this world.”

Once he said this, Lu Chen turned to Taihua Immortal Venerable and said, “After he leaves, prepare some precious medicine to repair his Divine Soul as compensation.”

Soul searching greatly damages the Divine Soul. If it weren't for Li Xinghe's strong Divine Soul, he might have fainted by now.

This was also what Lu Chen didn't understand. He had just performed a simple soul search on Li Xinghe, and found that Li Xinghe's Divine Soul only held memories of this lifetime. However, his Divine Soul was so powerful, which clearly wasn't normal.

The key is that Li Xinghe's Divine Soul didn't have memories of a past life sealed within. A Divine Soul without such sealed memories, yet so strong, even made Lu Chen feel threatened during the soul search.

Upon hearing Lu Chen's words, Taihua Immortal Venerable was momentarily stunned. The implication of Lu Chen's words is that this Li Xinghe is not the Star River Immortal Venerate?

How is that possible?

Having “Star River” in the name is one thing, but even possessing the Star Immortal Body exclusive to Star River Immortal Venerate — he actually isn’t Star River Immortal Venerate’s reincarnation?

Though he felt astonished, since Lu Chen himself had done the soul search on Li Xinghe, and even he as the Immortal Emperor said Li Xinghe wasn’t the Star River Immortal Venerate, then it was highly likely Li Xinghe wasn’t the reincarnation of Star River Immortal Venerate.

Taihua Immortal Venerable regained composure and said, “Yes, Your Majesty. I will have someone send him some soul-nourishing spiritual medicine shortly.”

Li Xinghe then said, “Thank you, Your Majesty, thank you, Principal. I shall take my leave.”

With those words, Li Xinghe turned and left. After leaving the principal’s office, he couldn’t help but slightly curl his lips.

After he possessed Star River Immortal Venerate’s Divine Soul, he absorbed all the soul of Star River Immortal Venerate’s past life. For them, the mysterious life forms, human memories are also a delicacy.

Therefore, even with Lu Chen’s soul search, he could only see Li Xinghe’s memories from this lifetime. As for why Lu Chen didn’t detect his presence, it was because he was hiding within the soul source of the Star River Immortal Venerate.

Soul Search can only search things outside the soul source, and a person's memories are stored outside of the soul source.

Once Li Xinghe left the principal's office, Taihua Immortal Venerable immediately asked, "Your Majesty, is this person truly not the reincarnated body of Star River Immortal Venerate?"

Lu Chen showed a look of contemplation and said, "It's uncertain. Although I didn't find any memories of Star River Immortal Venerate, it doesn't rule out the possibility that he separated and sealed his memories before reincarnation."

"Moreover, his Divine Soul is exceptionally strong. Even after I searched his soul, he wasn't affected much. His Divine Soul wasn't damaged, which is not a soul strength his cultivation state should possess."

Taihua Immortal Venerable said, "Then how about just eliminating him?"

Taihua Immortal Venerable's thoughts were to rather mistakenly kill than let a suspected Star River Immortal Venerate go, especially since Li Xinghe himself is so similar to Star River Immortal Venerate. He simply couldn't believe Li Xinghe wasn't Star River Immortal Venerate's reincarnation.

Most importantly, for them, Li Xinghe was just a minor figure. Killing him would hardly affect the Daqin Immortal Dynasty.

Not to mention killing Li Xinghe, even if the Daqin Immortal Dynasty decided to destroy the Holy Wing Sect behind Li Xinghe, the Immortal Sect forces in Tianyan Immortal Domain wouldn't dare to voice anything; they would only say it was a good riddance.

Lu Chen then said, "Not for now. If he truly is Star River Immortal Venerable's reincarnated body, he will retrieve his past life's memories sooner or later, and by then I'll take his life."

Before reincarnating, an Immortal Venerable must have some arrangements. Just like when Lu Chen reincarnated within the Chaos Beast's stomach, he left a Divine Thought as a system to guide and help him grow continuously.

Novelnice•com

Before Star River Immortal Venerable reincarnated, he surely left some things to guide the growth of his reincarnated body.

Of course, another important reason Lu Chen didn't immediately have Taihua Immortal Venerable eliminate Star River Immortal Venerable is.

That is the sickening feeling he experienced during the soul search of Star River Immortal Venerable, which implied Li Xinghe might be tainted with Mysterious Power.

Although he couldn't detect any presence of Mysterious Power from Li Xinghe, this actually proved Li Xinghe was skilled at hiding the aura of Mysterious Power, even to the extent of deceiving him, an Immortal Emperor.

The current Li Xinghe may not be Li Xinghe at all.

Seeing Lu Chen said so, Taihua Immortal Venerable had nothing more to add, "Yes, I understand, Your Majesty."

Just as Taihua Immortal Venerable finished speaking, an ice-cold, stunning figure appeared in the principal's office.

Upon seeing Yun Yudie's arrival, Taihua Immortal Venerable tactfully said, "Your Majesty, if there's nothing else, I shall take my leave."

Lu Chen said, "Alright, you may go."

Taihua Immortal Venerable saluted once more, "I take my leave."

With that, Taihua Immortal Venerable turned and left the principal's office, closing the office door for Lu Chen before departing.

After Taihua Immortal Venerable left, Lu Chen directly said, "I felt a sickening sensation earlier while probing someone's Divine Soul."

"But there wasn't any Mysterious Power from that person. Have you ever encountered such a situation?"

Since Yun Yudie had regained all her memories as the Ancestor of the Strange, she was knowledgeable and must know things Lu Chen didn't.

Upon hearing Lu Chen's words, Yun Yudie immediately thought of a special magic of mysterious life forms and said, "High-level mysterious life use Soul Stealing Technique. The person you mentioned might have already been possessed in soul by a mysterious life form."

Upon hearing this, Lu Chen puzzledly asked, "Soul possession?"

It wasn't the first time he heard of this matter. He had seen some information about Immortal Emperor Youlan wanting to possess souls in the system data of Immortal Venerable Yun Meng and others, but he didn't know the specifics.

He understood conventionally that possession involved one's Divine Soul occupying another's body, but he was curious about how one's Divine Soul could also be possessed.

Yun Yudie then explained, "Within a person's Divine Soul, there is a soul source. As long as a mysterious life form devours the soul source, it can possess a person's Divine Soul. This possession technique can retain the original person's memories, making it difficult to discern that the individual has been possessed."

Lu Chen's brows furrowed deeply. If that's the case, then perhaps the Tianyan Immortal Domain already has many mysterious life forms, all using Soul Stealing Technique, making them almost indistinguishable.

Yun Yudie seemed to have discerned Lu Chen's thoughts, so she continued to explain, "High-level mysterious life forms capable of using Soul Stealing Technique are typically at the king realm, which is what you in the Spirit Realm refer to as Deceit King."

Lu Chen asked, "Do you have many Deceit Kings in your Deceit Realm?"

Yun Yudie replied flatly, "You'll know once you go out."

Seeing Yun Yudie unwilling to say more, Lu Chen didn't press further.

Having children earns benefit, start competing for dominance in the world by marrying a wife

Capítulo 2175: Chapter 1865: The Grand Wedding of Lu Chen and Yun Yudie

Lu Chen suddenly thought of something at this moment, then said seriously: “Do you think that person could be the one we are looking for?”

Upon hearing Lu Chen’s words, Yun Yudie fell into a brief silence.

The mysterious life that initially entered this world with them was suppressed by Lu Chen beneath the Sunset Mountain Range.

Moreover, when being sealed, these Ancestors of the Strange warned those Deceit King-level existences to stay put and not expose their aura.

Therefore, generally, a Deceit King would not rashly break the seal and leave the Sunset Mountain Range. This is why no powerful mysterious life has emerged each time the seal of the Sunset Mountain Range breaks. If powerful mysterious life had

rushed out of the Sunset Mountain Range back then, given the state of Tianyan Immortal Domain at that time, it would have long fallen.

If a Deceit King did not come out of the Sunset Mountain Range, then what Lu Chen mentioned seems likely to be someone possessed by the Netherworld Evil Emperor, perhaps with the Divine Thought of the Netherworld Evil Emperor residing in that person's Divine Soul.

Yun Yudie regained her senses and said, "It's possible."

Lu Chen said, "If it really is that person, what do you think we should do next?"

Yun Yudie said, "Act as if we haven't discovered anything."

The Netherworld Evil Emperor's Divine Thought has merely attached itself to someone else, and he is here to confirm whether their memories as Ancestors of the Strange were cleared by the Chaos Qi. To make him open the Burial Furnace willingly, they must let the Netherworld Evil Emperor feel completely assured.

Only by letting the Netherworld Evil Emperor believe that their memories have been eroded by Chaos Qi will he open the Burial Furnace.

Before the Netherworld Evil Emperor opens the Burial Furnace, they cannot show any signs of abnormality.

Lu Chen said, "I understand."

...

The day of Lu Chen and Yun Yudie's grand wedding arrived soon, and the marriage of the Lord of Tianyan Immortal Domain was naturally extraordinarily majestic, with the entire Imperial City of Daqin Immortal Dynasty being jubilant and filled with red lanterns everywhere.

The wedding of Lu Chen and Yun Yudie was relatively traditional, differing from the weddings of Immortals, with a process more resembling the marriage ceremonies of mortals.

As the groom, Lu Chen would personally proceed to the Mysterious Moon Palace to bring Yun Yudie, and bring her to the Imperial City of Daqin by means of the Nine Dragons pulling the Flower Sedan.

On Lu Chen's path to welcoming his bride, countless Immortal Ships connected head to tail, constructing a grand welcoming avenue in the sky, upon which nine giant dragons were pulling a magnificent Red Flower Sedan slowly towards the Imperial City of Daqin Immortal Dynasty.

The Immortals clearly felt their Cultivation State grow to some extent where the Red Flower Sedan passed, making the witnessing Immortals excited in an instant.

“Heavenly Dao blessings, these are Heavenly Dao’s blessings!!!”

“Your Majesty and the Immortal Empress are indeed a match made in heaven, even the Heavenly Dao grants its blessings!!!”

“Who would have thought we would gain such benefits just by attending the ceremony, we really came to the right place this time!!!”

...

Soon enough, nine dragons appeared over the Imperial City of Daqin. As the Red Flower Sedan gradually halted in the sky above the Imperial City, phoenixes flew up into the sky, constructing a Heavenly Ladder in the high altitudes.

Just at this moment, Lu Chen appeared beside the Red Flower Sedan, personally opening the curtain of the Flower Sedan, and next, dressed in a bright red robe and with a red veil over her head, Yun Yudie slowly came down from the Flower Sedan.

Immediately, Lu Chen raised his hand to hold Yun Yudie's jade-like hand, then leading her as she stepped onto the Phoenix Stairs, slowly heading towards their palace below.

At this moment, although Yun Yudie was covered with a red veil, with the strength of her Divine Sense, she could clearly perceive the situation outside, feeling the happenings around, leaving Yun Yudie's mind somewhat dazed for a moment.

For some unknown reason, she always felt this scene was familiar, as if she had experienced it in the past, especially the Red Flower Sedan, which seemed intimately familiar.

Wasn't this Red Flower Sedan just like the one used as their keepsake? However, Lu Chen did not use that Red Flower Sedan; this Red Flower Sedan was newly crafted by someone else for Lu Chen.

As Lu Chen continued holding Yun Yudie's hand and walking toward the bridal chamber, a seven-colored halo appeared in the sky, and the Dao Charm flowed through the world, causing those witnessing to experience further enhancements in their Cultivation State.

At this point, with the sound of bells ringing continuously in the sky, an anomaly emerged in the air, and slowly, a sea of flowers unfolded in the cosmos, with Lu Chen and Yun Yudie standing hand in hand, their backs to the myriad beings.

At this moment, the Immortals witnessing below bowed and said,
“Congratulations to Your Majesty, congratulations to the Immortal Empress!!!”

At this instant, among the crowd, several gazes stared straight at Lu Chen and Yun Yudie in the sky.

Although they knew Yun Yudie agreed to marry Lu Chen merely as an act to deceive the Netherworld Evil Emperor, the Immortal Emperor Youlan and others still felt displeased.

Initially, the Immortal Emperor Youlan and others were unwilling to attend, but considering the Netherworld Evil Emperor was confirming their status, they took advantage of this opportunity to let the Netherworld Evil Emperor see them.

Of course, they did not let their Main Body come; they merely sent a wisp of their Clone to attend Lu Chen and Yun Yudie’s wedding banquet. After all, they were rulers in their own right, and they all were Immortal Emperors now, so it was reasonable not to send their Main Body.

Seeing Xiyue Immortal Emperor and Xuan Qingyun’s slightly hostile looks towards Lu Chen, Immortal Emperor Youlan quickly transmitted a message to them both,
“Our Majesties are a match, even the Heavenly Dao is willing to bless the marriage; what expressions are you making?”

Upon hearing Immortal Emperor Youlan's sarcastic tone, Xiyue Immortal Emperor and Xuan Qingyun immediately realized if they appeared overly hostile, they might reveal something to the Netherworld Evil Emperor.

Subsequently, the two slightly adjusted their expressions, showing no evident dissatisfaction towards Lu Chen.

After the Heavenly Dao's blessing ceremony concluded, Lu Chen led Yun Yudie into the bridal chamber, and then commenced the time for the various forces of Tianyan Immortal Domain to present their gifts.

Immediately, the sound of an Announcement Officer announcing gifts echoed in the square.

“Palace Master of Tianxi Palace, Xiyue Immortal Emperor, presents the Heavenly Rank Immortal Artifact, Nine Heavens Divine Soaring Zither, wishing eternal love and harmonious union to Your Majesty and the Immortal Empress!!!”

Upon the Announcement Officer's words, Xiyue Immortal Emperor walked slowly from afar and took his seat.

At this time, the Netherworld Evil Emperor in the crowd below paused in his thoughts upon seeing Xiyue Immortal Emperor, seeing indeed that Xiyue Immortal Emperor was indeed Xiyue Deceit Emperor.

However, she did not seem to be the Main Body attending, and even if she wasn't, attending Lu Chen and another Ancestor of the Strange's wedding spoke volumes.

If Xiyue Immortal Emperor still retained the memories of being an Ancestor of the Strange, she absolutely wouldn't just stand by and watch another Ancestor marrying a human as blood food.

Currently, not only did Xiyue Immortal Emperor not prevent Yun Yudie from marrying Lu Chen, but also brought gifts, wishing them eternal love and abundance.

From this perspective, it suggests Xiyue Immortal Emperor's memories have likely been entirely eroded by Chaos Qi, and now, Xiyue Immortal Emperor and Yun Yudie are probably no different; they probably consider themselves merely natives of Tianyan Immortal Domain.

While the Netherworld Evil Emperor was distracted, the Announcement Officer's voice continued announcing, "Old ancestor of Mysterious Moon Palace, Immortal Emperor Youlan presents the Heavenly Rank Immortal Artifact, Child-Giving Qilin Pendant, wishing Your Majesty and the Immortal Empress an abundance of offspring and blessings!"

Having children earns benefit, start competing for dominance in the world by marrying a wife

Capítulo 2176: Chapter 1866: I Suddenly Regret Playing Along in This Farce with You

After the announcement officer finished speaking, Immortal Emperor Youlan, clad in a black gown and exuding a terrifying aura, slowly walked from afar.

Seeing Immortal Emperor Youlan appear, the Netherworld Evil Emperor frowned deeply. Immortal Emperor Youlan is the most powerful among all ancestors of the strange, and even she came to give gifts, proving that her memories have likely been entirely erased by the Chaos Qi.

If even the strongest ancestor among the strange, Immortal Emperor Youlan, couldn't resist the erosion of Chaos Qi, then it's even less likely for other ancestors to resist it. The Netherworld Evil Emperor felt he no longer needed to confirm the condition of other ancestors.

At this moment, Lu Chen sat in the main seat, and upon seeing Immortal Emperor Youlan again, his heart involuntarily froze for a moment.

Seeing Lu Chen's gaze fixed on her, Immortal Emperor Youlan's expression remained unchanged; she came today only as a clone, so even if Lu Chen wanted to act against them, he couldn't do anything.

At this point, the announcement officer continued speaking, and soon, the Netherworld Evil Emperor noticed more ancestors of the strange. Although they were clones, their attendance at Lu Chen's wedding indicated they did not oppose the marriage between Lu Chen and Yun Yudie.

The Netherworld Evil Emperor looked at Lu Chen seated in the main seat, fists clenching unconsciously. This human dare to so humiliate their mysterious life; once Immortal Emperor Youlan is released, he will devour Lu Chen alive.

As the wedding banquet began, Lu Chen suddenly sensed malice, a very obvious malice emanating from the gathering below.

However, Lu Chen did not use his gaze or divine thought to locate the source of the malice, for he presumed that the Netherworld Evil Emperor was present. He only needed to ensure that the Netherworld Evil Emperor saw Immortal Emperor Youlan's attitude toward the marriage between Yun Yudie and him.

As for other matters, they temporarily did not require his concern.

However, Lu Chen felt it was a pity that even though Immortal Emperor Youlan attended his and Yun Yudie's wedding, she had come only as a clone.

If it were only clones, then he couldn't do anything to them. He originally thought Immortal Emperor Youlan would personally attend to confirm their condition to the Netherworld Evil Emperor.

Oh well, he wasn't in a hurry; he believed there would always be an opportunity.

Immortal weddings typically last dozens of days, and considering Lu Chen as an Immortal Emperor, now the lord of the Tianyan Immortal Domain, his wedding banquet lasted almost half a year.

After the wedding banquet ended, Lu Chen entered the marriage chamber.

Just as Lu Chen stepped into the marriage chamber, he experienced a hallucination, with images flashing in his mind, feeling as if he had seen this scene before.

The layout of the marriage chamber also felt familiar.

Lu Chen then asked, “Darling, don’t you find this scene somewhat familiar?”

Upon hearing Lu Chen call her “darling,” Yun Yudie’s face instantly darkened, though covered by a red veil, which Lu Chen couldn’t see.

Yun Yudie was about to say no, but her mind suddenly froze. She actually always thought that the marriage scene with Lu Chen felt familiar, as if she had experienced such a scene before.

But she is a mysterious life and an ancestor of the strange, making it impossible to marry a “human blood meal,” so she had always considered it a hallucination. However, she was surprised to find Lu Chen also felt this scene familiar.

Yun Yudie quickly realized, indeed, everything in this marriage chamber was identical to the Red Flower Sedan. Lu Chen must have recreated the marriage chamber exactly like the one in the Red Flower Sedan.

Yun Yudie then coldly replied, “Of course you find it familiar; isn’t this marriage chamber arranged exactly like the Small World of the Red Flower Sedan?”

Listening to Yun Yudie’s remark, Lu Chen realized, indeed, the arrangement of the marriage chamber did resemble the one in the Red Flower Sedan.

Yet, he hadn’t instructed the arrangers to follow the Red Flower Sedan’s design, nor did they know what the marital chamber in the Red Flower Sedan looked like. They inadvertently arranged a chamber identical to it.

Coincidence? Or was there something else?

Lu Chen didn’t think too much about it and smiled, “No wonder it felt familiar. Turns out this chamber is identical to the one in the Red Flower Sedan, but I didn’t ask anyone to arrange it like that.”

Saying this, Lu Chen slowly walked toward the bed and continued, “Empress, the wedding banquet is over, shouldn’t we perform spousal rites?”

Upon hearing this, Yun Yudie’s pressure erupted, an aura burst forth blowing off her red veil, revealing her cold, beautiful jade-like face.

Yun Yudie coldly warned, “If you’re seeking death, feel free to try now.”

Right after speaking, Yun Yudie prepared to activate her mysterious power, but she suddenly felt dazed again, her mind flashing scenes.

In a trance, she saw herself marrying Lu Chen and being intimate on the wedding bed.

Yun Yudie felt something was amiss; even at this point, she doubted these were mere illusions.

But she couldn’t understand what was happening, having restored her mysterious life memories, asking why she witnessed scenes never experienced before?

Were these visions of a prophecy? Or did this happen before, and the memories erased, unknown to her?

Seeing Yun Yudie's strong reaction, Lu Chen considered capturing her into the Red Flower Sedan and performing spousal rites there.

However, upon thinking further, he decided against it. Yun Yudie has restored all her mysterious life memories, and coercing her at this point would only make her increasingly resentful of him.

Moreover, the most important reason was that she carried his child. If he had forced her, she might harm the child within.

For the sake of his child, he decided to control his urges.

Lu Chen then mentioned, "This wedding ceremony, even Immortal Emperor Youlan and others have attended, perhaps that person might think it enough."

"I'm wondering if the disaster you spoke of might soon befall?"

Upon hearing Lu Chen's words, Yun Yudie snapped from her daze and thought, "Immortal Emperor Youlan and others didn't oppose our marriage. This only

happens if their memories as ancestors of the strange are gone, so that person might believe the time is ripe.”

Lu Chen sighed, “Alas, didn’t expect our spousal roles to end so quickly. Suddenly, I regret acting in this play with you all.”

Having children earns benefit, start competing for dominance in the world by marrying a wife

Hearing Lu Chen’s words, Yun Yudie’s heart skipped a beat.

Could it be that at this moment, Lu Chen was suddenly planning to cause trouble?

If Lu Chen suddenly regretted, that would be a problem.

Yun Yudie quickly reminded him, "Don’t you want to get out of this hellhole as soon as possible?"

At this moment, Lu Chen came before Yun Yudie, and unexpectedly lifted her red veil, leaving Yun Yudie momentarily stunned.

Once she regained her composure, she immediately released the mysterious power, "What are you trying to do?"

However, Lu Chen did not take any further action, instead, he lowered his head, gazing into Yun Yudie's eyes that had turned golden.

Despite the change in Yun Yudie's eye color, she remained as coldly beautiful as ever.

Lu Chen, gazing into Yun Yudie's eyes, said, "I'm pondering whether to rush up to that person right now and reveal our entire plan."

Upon hearing this, Yun Yudie was taken aback, unable to comprehend why Lu Chen would harbor such a thought. Logically, Lu Chen should be like them, eager to leave this world as soon as possible.

Once she came to her senses, Yun Yudie coldly retorted, "Are you crazy?"

Lu Chen, staring into Yun Yudie's golden eyes with a smile, said, "I'm not crazy. I know exactly what I want."

Yun Yudie continued, "Do you truly not want to leave this world?"

Lu Chen responded, "Indeed, I have no desire to leave this world right now."

At this, Lu Chen let out a slight smile and continued, "Once we leave this world, we'll become complete enemies. Just the thought of my former beloved trying to kill me fills me with pain."

"Besides, you mentioned that once I leave this world, my children would not survive."

"Now, this world is home to my woman, to my children; naturally, I am unwilling to leave."

Yun Yudie was once again dumbstruck; she never imagined that Lu Chen would choose to stay for such reasons. For them, as mysterious lives, love and familial ties meant nothing, so she now genuinely felt Lu Chen had lost his mind.

Coldly, Yun Yudie said, "You're willing to sacrifice your life for these trivial things!"

"You must realize that the invasion of this world is even more severe for people of your Spirit Realm. Even if we, as Ancestors of the Strange, are eroded by Chaos Qi and lose our consciousness, we still remain alive."

"And as time goes on, the entire Tianyan Immortal Domain will eventually be completely invaded by Chaos Qi. Without the protection of Tianyan Immortal Domain, you'll be eroded by Chaos Qi until there's nothing left of you!"

Lu Chen, with a serene demeanor, said, "It doesn't matter, to perish together with my beloved confidantes, and to accompany my children until the last moment, even if it means death, I am willing."

Hearing these words from Lu Chen, Yun Yudie's heart was instantly filled with anger. This dog of a man, could it be that he's suddenly planning to change his mind now?

If Lu Chen really went to the Netherworld Evil Emperor and exposed all of their plans, then they might truly be wiped clean of their memories by Chaos Qi.

The Tianyan Immortal Domain could no longer hold out for long, and the sealing placed by Lu Chen in the depths of their Divine Souls was also about to disappear. Once the Tianyan Immortal Domain vanished, and the seal within their Divine Souls was completely released, Chaos Qi would directly invade their Divine Souls. Under the erosion of Chaos Qi, they would lose their consciousness, forget their memories, and ultimately become puppets of the Netherworld Evil Emperor.

Yun Yudie immediately reminded him, "Perish together with you? Stop dreaming, we mysterious lives are immortal and indestructible!"

Lu Chen responded, "With the erosion of Chaos Qi, you'll gradually lose all of your past memories, equating to death for you."

"You!" Yun Yudie was momentarily silenced by Lu Chen's words.

Lu Chen had not misspoken; though they were immortal, if their memories were erased, it would equate to their death, leaving behind merely a shell. Perhaps new consciousness would be born upon this shell in the future, but that would have nothing to do with them.

Glaring coldly at Lu Chen, Yun Yudie asked, "Are you truly planning on mutual destruction with us?"

Lu Chen sighed and said, "I don't want to, but alas, I am truly unwilling to lose everything I have now."

Yun Yudie felt overwhelmed, thinking that despite being the first in the Spirit Realm, Lu Chen was now dragged down by emotions, and what's more, he was longing for them, the Ancestors of the Strange.

This left Yun Yudie at a loss for how to persuade Lu Chen. For them, Lu Chen was merely a more formidable blood meal; they couldn't very well promise Lu Chen some excessive things just to placate him.

Yun Yudie went on, "What exactly do you want?"

Yun Yudie was truly afraid that Lu Chen would take the initiative to expose their plan; if exposed, the Netherworld Evil Emperor certainly wouldn't open the Burial Furnace, and then they wouldn't know how many years they'd be trapped inside here.

Lu Chen smiled and said, "It's simple, I want you to be my woman after you get out too."

Yun Yudie looked expressionlessly at Lu Chen, calmly stating, "That's impossible."

"Even if you want mutual destruction, we cannot agree to such a demand."

"At most, we won't lay a hand on you before you grow."

As Ancestors of the Strange, how could they possibly become Lu Chen's women once outside? If it weren't for their past memories being sealed, they wouldn't

have allowed this dog of a man to defile them initially. Now, this dog still wishes to toy with them after leaving; this guy is simply daydreaming.

Even with their memories cleared, agreeing to Lu Chen's unreasonable demands would still be impossible.

Seeing Yun Yudie's absolute words, Lu Chen pondered; it seemed the contradiction between mysterious life and human was indeed irreconcilable.

Yun Yudie would rather have her memories erased than become his woman again once outside.

Lu Chen asked, "Can't be done after getting out, then before getting out?"

Yun Yudie slightly frowned, instantly seeing through Lu Chen's little scheme; this dog of a man was actually lying in wait for her here.

In simple terms, this guy still wanted to sleep with her now and used these matters to threaten her.

Giving Lu Chen a cold look, Yun Yudie said nothing.

Once outside, it was true that she couldn't be Lu Chen's woman again, but in this world, she was already carrying Lu Chen's child, and they had done such things countless times. Once outside, she would find a way to deal with Lu Chen, so that no one would know what they had done in this world.

Only the thought of this human blood meal wanting to do such disgusting things to her again filled Yun Yudie's eyes with involuntary killing intent.

Despite sensing the killing intent from Yun Yudie, Lu Chen still wore a smile, "Looking at me like that is no use; if you're unwilling to spend even this last bit of time with me, then let us perish together in this world."

Having children earns benefit, start competing for dominance in the world by marrying a wife

Upon hearing Lu Chen's blatant threat, Yun Yudie's Jade Fist couldn't help but clench tightly, and the mysterious power surrounding her grew thicker, as if she might strike against Lu Chen any moment.

However, Yun Yudie ultimately restrained herself; minor impatience could ruin major plans. Moreover, even if she wasn't willing right now, Lu Chen might soon

use the Red Flower Sedan, trapping her inside and then committing violence against her.

Yun Yudie calmed her emotions, retracting the mysterious power within her. She then stared straight at Lu Chen and said, "Do you think you can make me develop feelings for you like before through these actions?"

Yun Yudie always felt that Lu Chen was attempting his old trick, seducing her to bed before cultivating familiarity, then expecting her to develop feelings for him.

She only considered Lu Chen naive; having regained the memories of an Ancestor of the Strange, regardless of how often Lu Chen seduced her, it was impossible for her to develop feelings for him—instead, her hatred towards him would only grow.

After all, in her mind, her noble identity was being threatened by a mere blood meal, becoming his plaything—this was a humiliation beyond measure for her, and one day, she would seek revenge.

Lu Chen laughed and said, "So, you are admitting you had some feelings for me in the past?"

Yun Yudie was briefly stunned but quickly returned to her icy demeanor.

"Previously, I hadn't restored my memories, so I was beguiled by you. If you still wish to use the same tactics to beguile me, I advise you to abandon such thoughts."

Upon hearing Yun Yudie's words, Lu Chen remained indifferent, saying, "Beguile you? That's not my intention. I'm merely curious if humans and mysterious life can interact without the suppression of the Red Flower Sedan."

Previously, Yun Yudie's ability to engage with him was because her mysterious power and memories were sealed deep in her Divine Soul, so during their intimate moments, Lu Chen didn't attract her mysterious power.

Moreover, after Yun Yudie had restored her memories, their bond continued mainly due to the Red Flower Sedan thoroughly suppressing the mysterious power within her, thus preventing it from affecting Lu Chen's body significantly.

Now, with Yun Yudie having completely regained her memories and nearly recovered her strength, Lu Chen wished to discover if, under these circumstances, his union with Yun Yudie would lead to his life force being absorbed by her mysterious power.

Upon hearing Lu Chen's words, Yun Yudie coldly replied, "You wish to know if humans can engage with mysterious life solely so you can continue threatening us upon leaving."

"How absurd! Even if you withstand the life force absorption of the mysterious power, once we leave this world, we Ancestors of the Strange absolutely won't let you defile us again."

Lu Chen chuckled, "Who can predict the future?"

Indeed, Yun Yudie had guessed Lu Chen's intentions—he wished to test now to determine if, later on, he could continue intimate relations with Yun Yudie and the others after leaving.

Simply put, he hadn't given up yet.

No matter Yun Yudie's past identity, she had been his woman for so many years; now she sought to leave so easily upon recovering her memories.

Lu Chen began slowly walking toward the marital bed; this time, Yun Yudie didn't release her mysterious power externally. She thought privately, if she didn't let Lu Chen try, this despicable man would never give up.

Since he wished to attempt it, let him—but when his life force gets absorbed, he only has himself to blame; after all, it was Lu Chen who brought this upon himself.

Not long having restored her memories, she also pondered about absorbing human life force.

Lu Chen soon reached the edge of the marital bed, and he raised a hand to gently stroke Yun Yudie's cold and exquisitely beautiful face.

Yun Yudie remained expressionless, sitting at the bed's edge, ignoring Lu Chen's pig trotters.

Seeing Yun Yudie's indifferent demeanor, Lu Chen's urge to conquer burst forth; he gently shoved Yun Yudie onto the bed, then leaned down, capturing Yun Yudie's red lips.

Yun Yudie stayed motionless, her eyes staring at the red canopy, seemingly lost in thought.

While kissing Yun Yudie, Lu Chen suddenly felt his life force rapidly draining away, as Yun Yudie didn't deliberately suppress the mysterious power within her. When it flowed throughout her body, it made contact with Lu Chen.

The moment her mysterious power touched Lu Chen, it began ravenously absorbing his life force, his body's lifespan swiftly fading.

Realizing her absorption of Lu Chen's life force, Yun Yudie became excited. After being sealed for countless ages, she could finally absorb life force openly, making her feel pleasurable; a fleeting blush appeared on her formerly cool and pale cheeks.

Instead of wanting Lu Chen to rise, Yun Yudie now wanted him to remain—but she knew that after discovering her absorption, this despicable man would surely rise quickly, preventing further absorption.

Not anticipating Lu Chen's actions, after a quarter-hour, instead of rising, he began moving his hands; Yun Yudie froze in surprise.

What is wrong with this guy?

Has he not realized she's absorbing his life force?

If this continues, his body's life force might be completely drained; potentially affecting his Divine Soul.

This won't do; Lu Chen is vital to their plans. If something happens to him, the Tianyan Immortal Domain could collapse prematurely, with Chaos Qi swiftly erasing their memories.

Yun Yudie quickly lifted a hand, nudging Lu Chen's chest to prompt him to rise.

Yet Lu Chen remained unmoved, his big hand sliding across her red gown, constantly removing her garments.

Yun Yudie felt speechless; this despicable man was prioritizing sleeping with her over his own life—she had lived countless ages and never encountered such a lust-driven human as Lu Chen.

Yun Yudie immediately transmitted a message to Lu Chen, "Are you insane?"

Despite receiving Yun Yudie's transmission, Lu Chen continued unbothered.

Yun Yudie intended to push Lu Chen away; yet his life force was too tempting to part with for the time being. She thought she'd shove him away once he seemed exhausted.

Since Lu Chen's life force was potent, he wouldn't easily die; as long as his Divine Soul wasn't harmed, absorbing some shouldn't pose major issues.

As time wore on, Yun Yudie noticed Lu Chen still hadn't risen; surprisingly, he was genuinely committed.

"Mmm!"

Yun Yudie's protest escaped her lips before trying to push Lu Chen away, not due to her dislike for the human blood meal—though she undoubtedly loathed him—but because she aimed to preserve Lu Chen's life.

When Lu Chen previously kissed her, his life force was already draining. If Lu Chen and her engaged in Dual Cultivation, her mysterious power entering Lu Chen's body could result in his life force being completely absorbed by her mysterious power.

Having children earns benefit, start competing for dominance in the world by marrying a wife

Yun Yudie didn't know what to say about Lu Chen anymore; this bastard of a man was truly insane, willing to risk his life just to sleep with her.

Although Lu Chen's lustfulness was beneficial to them, the Ancestors of the Strange, as Lu Chen was lost in beauty, once they left this world, Lu Chen wouldn't be much of a threat to them.

But if Lu Chen was drained to death right now, their plan might fail.

At this moment, Lu Chen didn't care about the loss of life force at all, continuing his assault on Yun Yudie, and he even tried to merge his immortal power with the mysterious power inside Yun Yudie's body, to see if he could control the mysterious power.

Soon Lu Chen realized he was thinking too optimistically; the mysterious power within Yun Yudie's body was completely at odds with his own power. Controlling the mysterious power was nearly impossible, and Yun Yudie's power continued to devour his life force. If not for this body's Immortal Emperor status, it might already be a mummified corpse.

Seeing Lu Chen still not willing to get up, even trying to engage in dual cultivation with her, Yun Yudie couldn't hold back anymore and transmitted a message, "Do you really have a death wish?"

Yun Yudie really couldn't understand what Lu Chen was trying to do. She didn't believe Lu Chen couldn't feel her devouring his life force. If this continued, even though Lu Chen's body had the Immortal Emperor Cultivation, it would be drained dry by her soon.

Was this bastard of a man really willing to risk his life for a little bit of pleasure between a man and a woman?

She constantly felt that Lu Chen shouldn't be this kind of person.

If Lu Chen were truly such a person, he wouldn't have become the Deceit Realm's toughest enemy.

What on earth was this bastard thinking?

Yun Yudie felt more and more unable to understand Lu Chen's actions.

As Yun Yudie was about to strike Lu Chen away, Lu Chen slowly lifted his head, breaking away from Yun Yudie's lips. He gazed at her cold jade-like face and said with a smile, "To die under the peony is to be a ghost with style."

Yun Yudie's brows furrowed slightly, coldly spitting out two words, "You're sick!"

Lu Chen paid no mind to what Yun Yudie said and continued to do things his own way, proceeding with Yun Yudie.

The reason Lu Chen chose to let Yun Yudie drain his life force and still engage with her was to test if his body could withstand the mysterious power's ability to drain life force.

This was his chance to get up close with the mysterious power. Only by personally coming into contact with it might he find a way to suppress this power.

Moreover, this was just one of his bodies. Even if it got drained of life force, as long as his Divine Soul remained unharmed, he could create a new body again. So this kind of sacrifice was nothing to him.

Seeing Lu Chen still unwilling to leave, Yun Yudie continued to warn, "This is your last warning: if you really wish to die, don't blame me for being unkind!"

It just so happened that she hadn't absorbed life force for countless years. Now that this bastard dared to get so intimately close, don't blame her for greedily devouring his life force.

Lu Chen casually said, "Don't worry, this body is merely one of mine. Even if you suck it dry, I won't be affected."

Upon hearing this, Yun Yudie suddenly realized that even though the mysterious power within her was crazily devouring Lu Chen's life force, it hadn't harmed his Divine Soul. As long as their Divine Souls were alive, even if their bodies died, there was no life danger for them.

Moreover, Lu Chen was exceptionally adept at creating clones. For him, losing one body was no big deal.

No wonder this bastard dared to risk death in order to sleep with her. It turned out he didn't care about this body's life at all.

Since even Lu Chen himself didn't care, she had even less reason to care. After all, she hadn't absorbed life force in such a long time, it was a good chance to indulge a little.

With that, Yun Yudie stopped reminding Lu Chen, letting him have his way, and Lu Chen's body's aura rapidly declined, soon falling from the Immortal Emperor aura to the Immortal Venerate aura, and quickly from Immortal Venerate to Immortal King Realm.

But even so, Lu Chen continued his attack, wanting to see if Yun Yudie, this mysterious life form, had any human desires.

If the mysterious life forms had no human desires at all, then continuing wouldn't likely change their hearts. But if they did possess human desires, there was hope.

While Lu Chen continued his assault, Yun Yudie absorbed a huge amount of Lu Chen's life force, instantly feeling satisfied, with her jade cheeks turning a deeper shade of red.

For some reason, she suddenly had a strange feeling, sensing something special about Lu Chen's life force.

At that moment, a thought flashed in Yun Yudie's mind: If this bastard always had such abundant life force, once they left, wouldn't it be great to capture and imprison Lu Chen, making him provide endless life force to them, the Ancestors of the Strange?

These female Ancestors of the Strange, unlike the Netherworld Evil Emperor, believed in sustainable development. If they could keep Lu Chen alive and constantly draw his life force, it was actually a pretty good option for them.

But the biggest problem was that Lu Chen certainly wouldn't agree, and his strength was too formidable. Although their mysterious lives were imperishable, Lu Chen could still ward them off, preventing them from harvesting life force in the Spirit Realm.

And capturing Lu Chen would be even more difficult for them.

Just as Yun Yudie was lost in thought, Lu Chen's aura had already fallen to the Golden Immortal Realm. At this rate, this body of his would soon have no life force left, becoming a complete dried corpse.

But at that moment, Lu Chen suddenly used the Creation Power to instantaneously create a new Immortal Emperor body.

Seeing Lu Chen create a new body brimming with life force in an instant, Yun Yudie's desire to cage Lu Chen only grew stronger.

She thought that if, after Lu Chen left the Burial Furnace, he still had feelings for them, they might be able to exploit his emotions, set a trap, capture him, weaken his strength, confine him, and eventually raise him, turning him into exclusive nourishment for the Ancestors of the Strange.

Lu Chen, at this point, had no idea what Yun Yudie was thinking. He merely felt that after Yun Yudie returned to her mysterious form, she seemed to have an entirely different allure.

Yun Yudie had already started actively devouring Lu Chen's life force, and in this state, even though Lu Chen felt his life force continuously dissipating, he also experienced some distinct sensations.

Yun Yudie soon noticed this too, and seeing Lu Chen's satisfied expression, she became instantly furious.

Having children earns benefit, start competing for dominance in the world by marrying a wife

Yun Yudie really hadn't expected that Lu Chen could still enjoy himself even when a significant amount of vitality was lost.

In this case, if she continued to absorb his vitality, wouldn't she be actively serving him?

He, a dignified Ancestor of the Strange, actually serving a human blood meal!

No, she couldn't continue absorbing Lu Chen's vitality. Although Lu Chen's vitality was indeed a great temptation for her as a Mysterious Life, thinking of Lu Chen finding joy in it made Yun Yudie feel very displeased.

Immediately, Yun Yudie controlled the Mysterious Power within her body, preventing the mysterious force from directly contacting Lu Chen's body. In this way, Lu Chen couldn't enjoy the feature of absorbing vitality through the Mysterious Power.

Seeing Yun Yudie suddenly suppress her internal power and stop absorbing his vitality, Lu Chen was momentarily stunned. He looked down in confusion at Yun Yudie.

Wasn't Yun Yudie a Mysterious Life? By logic, she should be fond of absorbing his vitality, so why did she suddenly stop?

Lu Chen directly said, "I mentioned earlier that I can create many bodies; losing one or two has no effect on me. Why did you suddenly stop?"

Yun Yudie's golden pupils glared at Lu Chen fiercely, without speaking. Why she had stopped, this vile man probably knew clearly, yet he shamelessly asked her.

Seeing Yun Yudie silent, Lu Chen chuckled and asked, "Are you this worried something might happen to me? Could it be you still have some feelings for me?"

Yun Yudie broke her silence, saying coldly, "Don't indulge in wishful thinking."

Lu Chen said, "Aren't Mysterious Lives fond of absorbing vitality? No worries, my vitality is strong; feel free to absorb boldly. As long as my Divine Soul isn't harmed, absorb however you like. Later, I can create more Immortal Emperor bodies, ensuring you'll be satiated today."

Upon hearing Lu Chen's words, Yun Yudie almost couldn't restrain the Mysterious Power within her. She wanted nothing more than to strike this vile man down.

Yun Yudie wasn't a fool; she immediately recognized the underlying meaning in Lu Chen's words. What did this vile man take her for?

Yun Yudie said, "If you're not interested in continuing, get out now!"

Yun Yudie didn't want to waste words with Lu Chen. Anyway, she planned to stop absorbing Lu Chen's vitality for the time being. Once they were out, they could keep Lu Chen captive as their exclusive blood meal and absorb to their heart's content.

Now it wasn't necessary. Absorbing Lu Chen's vitality now would only excite this guy; as an enemy, Yun Yudie couldn't stand Lu Chen's pleasure, especially at her expense.

Seeing Yun Yudie definitely not intending to continue absorbing his vitality, Lu Chen felt slightly disappointed. However, he didn't mind much; if Yun Yudie wasn't willing, then so be it.

He believed that Xiao Xueying and others who had been sealed for eons would surely have a keen interest in the abundant vitality within him.

Perhaps just by slightly unsealing them, restoring more of their memories, they'd be eager to throw themselves at him, embracing him to absorb vitality.

Noticing a subtle smile on Lu Chen's face, Yun Yudie's expression turned disdainful. This vile man must be concocting some wicked scheme.

Then, Yun Yudie ignored Lu Chen. No matter how Lu Chen behaved towards her, she showed no reaction, merely suppressing the Mysterious Power within her, with no intention of absorbing Lu Chen's vitality.

Seeing Yun Yudie unresponsive, Lu Chen doubted whether Mysterious Lives truly had no human desires. If that's so, then when all their memories return, he might stand entirely against them.

Thinking of this, Lu Chen felt quite uneasy; for a moment, he lost the urge to act violently towards Yun Yudie.

At that moment, both of them noticed a faint floral scent. Though their bridal room inherently carried a scent, the newly drifting fragrance was distinctly different from the room's aroma.

While they puzzled over the origin of the floral scent, the bridal room suddenly transformed, and in the next instant, they found themselves in a sea of flowers.

Seeing this sea of flowers, Yun Yudie was momentarily lost, feeling it was quite familiar, as though she'd seen it somewhere before.

Wait...

Isn't this the place where she and Lu Chen appeared when she used "Life is like a Dream"?

How did they suddenly appear in this sea of flowers? Could it be she inadvertently used "Life is like a Dream" again?

How could she not know she was using "Life is like a Dream"?

Yun Yudie immediately looked at Lu Chen, thinking he was behind all this, "What did you do?"

Lu Chen was also bewildered; hearing Yun Yudie's voice brought him back to his senses. He looked into Yun Yudie's eyes and asked, "Wasn't it you who used 'Life is like a Dream'?"

Seeing Lu Chen question her, and by his demeanor, seemingly genuinely unaware, Yun Yudie was even more puzzled. If it wasn't Lu Chen, how did they end up here?

Could they be caught in someone's Illusion Technique?

Then Yun Yudie tried using Mysterious Power to break this Illusion Technique, but as soon as she moved the Mysterious Power, she realized the power within her seemed sealed.

Lu Chen suddenly noticed his immortal power was also seemingly confined. Now, in this sea of flowers, they were like ordinary humans.

Before Yun Yudie could speak, Lu Chen quickly said, "My power has been confined."

Yun Yudie's mind went blank; she thought it was like in the Red Flower Sedan's Small World, where only her Mysterious Power was temporarily sealed. Surprisingly, even Lu Chen's immortal power inside his body was confined.

This sea of flowers was too mysterious, indeed.

They didn't seem to be in the Illusion Realm; everything appeared so real.

While they looked around for clues, Lu Chen slightly shifted his position, and Yun Yudie suddenly felt her body go weak, "Uh-huh..."

Realizing the sound coming from her throat, Yun Yudie was shocked. What was happening, and why did she make that sound?

Lu Chen was also startled, gazing at Yun Yudie's cold and absolutely beautiful jade-like face.

At this moment, Yun Yudie's golden pupils gradually turned violet. Lu Chen cautiously asked, "Is your Mysterious Power also confined?"

The golden pupils seemed to be a mark of the Ancestor of the Strange. Lu Chen discovered that when his women regained memories and possessed some Mysterious Power, their original eye color would turn golden.

Yun Yudie's pupils now returned to violet, indicating her Mysterious Power was likely confined.

Yun Yudie answered indifferently, "Yes."

Lu Chen contemplated; could it be the Red Flower Sedan itself activating to suppress Yun Yudie's Mysterious Power?
