

# Having children earns benefit, start competing for dominance in the world by marrying a wife

Lu Chen still remembered when he was inside the belly of the Chaos Beast, he encountered this flower sea. Whenever he engaged in Dual Cultivation with several confidantes, they would enter this sea of flowers.

Moreover, he had seen someone resembling himself doing such things with a woman in this flower sea.

He later thought that the appearance of this flower sea was due to the power of the Red Flower Sedan.

Now, with Yun Yudie's mysterious power suddenly being confined, it indeed seemed like the rule power of the Red Flower Sedan was restricting Yun Yudie.

However, now that the Red Flower Sedan had been refined by Lu Chen, theoretically, the Red Flower Sedan wouldn't activate on its own without his deliberate use.

Lu Chen was puzzled. If it wasn't the power of the Red Flower Sedan, then it must be the power of the system.

But why would the system do this? He just had been with Yun Yudie; the system couldn't still be restricting Yun Yudie's power, could it?

At this moment, Lu Chen suddenly sensed his body becoming extremely restless. He had seen this flower sea before and understood that within it, they would experience intense inner desires, so he was not surprised.

When Lu Chen glanced down at Yun Yudie, he noticed a blush on her jade-like face, and her eyes, akin to purple jewels, seemed to be misty, making Lu Chen realize Yun Yudie was also moved.

Lu Chen was somewhat surprised; he didn't expect that even mysterious life forms would experience desire and emotion in this flower sea.

If that were the case, if they could enter this flower sea even after leaving this world, wouldn't he still be able to engage in the rites of marriage with his strange wives and concubines?

However, he still hadn't figured out what the flower sea was all about, nor under what circumstances it would appear.

Yun Yudie also realized she was moved at this moment. She looked at Lu Chen coldly, a mix of shame and anger on her face. As a proud Ancestor of the Strange, she now actually felt emotions for a human blood feast.

By rights, once she regained her memory, it would have been impossible for her to have human emotions, let alone desires for Lu Chen. Previously, her excitement in the bridal chamber was entirely due to devouring Lu Chen's vitality, not because of male-female matters.

And now, she was actually harboring male-female desire for Lu Chen!!!

This was like a human having absurd thoughts about their livestock.

How could this be?

Yun Yudie then asked coldly, "Are you sure this isn't your doing?"

Lu Chen replied, "Even my own powers have been confined; how could it possibly be my doing?"

Yun Yudie thought for a moment; if Lu Chen didn't use the Red Flower Sedan, he indeed couldn't confine the powers within an Ancestor of the Strange's body. This

flower sea didn't seem to have any relation to the Red Flower Sedan, so it most likely wasn't Lu Chen's doing.

Then, if it wasn't Lu Chen who was behind all this, who was it?

Who was scheming against them?

Could it be that Lu Chen's current lustful state was also someone's doing from behind the scenes?

Thinking about this possibility, Yun Yudie felt a sense of crisis. If someone was truly plotting against them, and they didn't know who the manipulator was, then that person might know a lot about them. If that person revealed their plans to the Netherworld Evil Emperor, it would be trouble.

Could all of this be the Netherworld Evil Emperor's scheme?

Unlikely...

Even though the Netherworld Evil Emperor took them into the Burial Furnace, it was to use its power to erase the memories of these strange ancestors and then control them, fully dominating the Deceit Realm. But being fellow Ancestors of the Strange, their fortunes were intertwined.

The Netherworld Evil Emperor would never allow them to engage in relations with Lu Chen; the person behind this scheme must be someone else, and it's unknown what their purpose is, why they would want them to join with Lu Chen, a human blood feast.

As Yun Yudie was about to think further, she suddenly felt her blood and energy surge, and she could no longer suppress the desire within her, her body involuntarily writhing slightly.

Yun Yudie clenched her Jade Fist, feeling deeply resentful. Being threatened by this dog-man Lu Chen was one thing, but now actually being in heat for him was an immense humiliation!

If she ever found out who was behind this scheme, she would definitely tear them to pieces!

A moment later, Yun Yudie was lost in the joy, and Lu Chen was the same.

A gentle breeze blew by, bringing waves of floral fragrance. The sky cleared without clouds, and the wind carried their voices far away.

Under the blue sky, Lu Chen and Yun Yudie tirelessly used the ground as their bed and the sky as their cover.

It wasn't until who knows how many years later that they slowly regained clarity. Once they recovered their senses, Yun Yudie didn't target Lu Chen; she also felt that Lu Chen was affected by the floral fragrance.

Yun Yudie was now sitting on Lu Chen, looking down into his eyes and asked, "Who do you think is scheming against us?"

Lu Chen, of course, knew it was the one behind the system, but the system was his greatest secret, so he certainly wouldn't reveal it. Besides, he truly didn't know whether the one behind the system was his past self or someone else.

Lu Chen then said, "I don't know either. My memory hasn't been restored, and there are not many people I can think of. You have regained your previous memories, perhaps you can think of who is scheming against us?"

Yun Yudie said, "I can only think of one person, but since that person is also an ancestor of the mysterious, they would never tolerate us, mysterious ancestors, uniting with a human blood feast."

Yun Yudie continued, "Moreover, they truly have no reason to do so."

Lu Chen fell into deep thought, inwardly speculating that perhaps all of this was orchestrated by his past self.

Yun Yudie further said, "I'm most curious about why he's doing this. Is it some kind of plot, or is it to verify if a human blood feast and a mysterious life form can conceive offspring?"

Yun Yudie thought that if it was merely to verify if humans and mysterious life forms could reproduce, it would be much simpler. Beneath the Sunset Mountain Range, there were so many mysterious life forms sealed. Randomly catching a few could verify, so why go through the trouble of scheming against them, the mysterious ancestors?

Doesn't he fear that once they regain their memories and strength, they would seek revenge?

Daring to scheme against these mysterious ancestors, once they got out, they certainly wouldn't let it slide. By then, they would surely find the person responsible.

Lu Chen was also very curious as to why the system would do this, but he had no choice. He hadn't regained his past memory, so he indeed knew nothing.

The most urgent thing was still to quickly enhance his strength and then recover his memory.

At this moment, Lu Chen looked at Yun Yudie and said, "If I fully recover my memory, perhaps I'll have some clues."

Hearing this, Yun Yudie curiously asked, "Do you know who is scheming against us?"

Lu Chen said, "I have a feeling that my previous life should have been in contact with this person. If I recover all my memory, I will definitely remember their identity."

Upon hearing Lu Chen's words, Yun Yudie immediately asked seriously, "When will you be able to completely restore your memory?"

Yun Yudie was eager to know who was plotting against them and intended to deal with that person after leaving the Burial Furnace.

Lu Chen sighed before saying, "I'm afraid I won't be able to recover all my memories in a short time."

Yun Yudie was puzzled and asked, "Why is that?"

Lu Chen replied, "I have already been reincarnated, and in this life, my main cultivation is the Fertility Path. I need to produce offspring with more women to restore my strength."

Upon hearing this, Yun Yudie was slightly stunned. She had heard Lu Chen talk about this before, and she vaguely felt that Lu Chen's way of enhancing his cultivation state might indeed be related to reproduction.

Yun Yudie said, "With so many fairies in the Tianyan Immortal Domain, and you being able to create countless bodies, it's not a difficult task for you to reproduce offspring, is it?"

Lu Chen said, "If it were that easy, I would probably have regained all my strength long ago."

"On this Fertility Path, I need specific women to assist me."

Yun Yudie immediately realized, furrowing her brows and staring directly into Lu Chen's eyes, "The specific women you mentioned are those ancestors of the strange, like us?"

Lu Chen replied, "Yes."

Yun Yudie was silent for a moment before saying, "It seems that the person behind the scenes started planning at the moment of your reincarnation, gradually leading you to cultivate the Fertility Path and guiding you to find us, the ancestors of the strange."

Lu Chen said, "Perhaps so."

"But even knowing that all this is the scheme of the person behind the scenes, I still have to walk this path. If I don't, I won't be able to regain my strength, nor will I be able to discover who that person is."

Yun Yudie thought in her heart, perhaps the person behind the scenes deliberately guided Lu Chen to find them, these ancestors of the strange, to reproduce offspring just to prevent Lu Chen from restoring his strength?

After all, once they, the ancestors of the strange, recover their memories, they wouldn't tolerate Lu Chen oppressing them, nor would they provide offspring for Lu Chen. In this way, Lu Chen's Fertility Path would be halted, and his cultivation would stagnate, meaning he would never be able to restore his memory.

Upon realizing this, Yun Yudie's eyes became cold, with a hint of killing intent flashing through them. This person behind the scenes must have considered all this from the beginning, thereby preventing Lu Chen from restoring his memory, and they, the ancestors of the strange, couldn't find this person either.

No wonder Lu Chen specifically targeted them, the ancestors of the strange, to harm. It was all because of that person's scheme.

Upon this realization, Yun Yudie's hostility toward Lu Chen diminished slightly, but she still harbored hatred towards him. Although Lu Chen was schemed against, it was Lu Chen who oppressed them, not to mention that this dog man got her pregnant.

Of course, Lu Chen's account must be settled, and the person behind the scenes must also be accounted for.

However, the current problem is that if Lu Chen's memory cannot be restored, they might not even have any clues about the person behind the scenes.

Yet, if they want to know who that person is, they must help Lu Chen restore his strength as soon as possible. Only then can Lu Chen's memory be unlocked quickly, but to assist Lu Chen in regaining his strength, they must provide offspring for him.

Thinking about having to voluntarily provide offspring to Lu Chen, this human blood food, Yun Yudie's jade fist involuntarily clenched.

While Yun Yudie was lost in thought, the floral sea they were in gradually faded away, and soon the two were back in the bridal chamber.

Upon returning, Yun Yudie got off from Lu Chen and flicked her hand, wrapping a purple gown around her alluring figure.

Yun Yudie then said to Lu Chen, "This matter is of great importance, I need to inform Youlan and the others."

Upon hearing this, Lu Chen smiled slightly, "Alright, go ahead."

Lu Chen wasn't afraid of Yun Yudie informing Immortal Emperor Youlan about these matters; on the contrary, he hoped Yun Yudie would spread the news, letting Immortal Emperor Youlan and the others know about it.

In this way, they might try to help him regain strength sooner, hoping to find clues about the person behind the scenes.

As for this assistance method, it could involve providing him with more children or possibly other ways.

But regardless of the method, anything that can help him regain his strength quickly is acceptable.

At that moment, Yun Yudie's figure suddenly vanished; after regaining strength, she could reach any place in the Tianyan Immortal Domain in just a breath's time.

A moment later, Yun Yudie's figure appeared outside the Mysterious Moon Palace.

At this moment, within the forbidden grounds of the Mysterious Moon Palace, upon sensing Yun Yudie's presence, several individuals including Immortal Emperor Youlan opened their eyes.

Immortal Emperor Youlan released a divine thought to ensure Lu Chen wasn't following Yun Yudie, then spoke through sound transmission, "Since you're here, come in!"

As her words fell, a black vortex appeared before Yun Yudie, and she immediately stepped into it.

In the next moment, Yun Yudie's figure appeared in the cave where Immortal Emperor Youlan and the others resided.

Xuan Qingyun was the first to speak, "Yudie, why are you here?"

Yun Yudie said, "You must have sensed that person's presence, right?"

Immortal Emperor Youlan naturally knew whom Yun Yudie referred to; from her body sitting on the ice coffin, she spoke, "We have long been aware."

Xuan Qingyun sighed, "You chose to marry Lu Chen, this human blood food, to let that person feel at ease, right? You're truly aggrieved."

Xiyue Immortal Emperor then continued to ask, "Was all of this forced upon you by Lu Chen?"

Yun Yudie didn't answer Xuan Qingyun and Xiyue Immortal Emperor's questions; she spoke, "I am here today not for that person but because I detected someone else plotting against us."

Upon hearing Yun Yudie's words, the fairies were stunned; someone was scheming against them?

Who had such audacity, to dare plot against them, these ancestors of the strange?

Yun Yudie didn't say more; she directly condensed the memory of her conversations with Lu Chen into several Memory Pearls and presented them before Immortal Emperor Youlan and the others.

The fairies immediately activated the Memory Pearls and read the memories within.

After reading Yun Yudie's memories, their faces darkened. Initially, they thought Lu Chen slept with them just to disgust them, but unexpectedly, Lu Chen was also a victim of scheming.

Xiyue Immortal Emperor said at this time, "So if we don't provide offspring for Lu Chen, his strength may never recover, and neither will his memory?"

Yun Yudie replied, "It seems so. The person behind the scenes likely doesn't want to see Lu Chen restore his strength, hence the arrangement. After all, we, ancestors of the strange, would never agree to provide offspring for human blood food."

Xuan Qingyun responded, "The biggest issue is that if Lu Chen's memory doesn't recover, we might have a hard time finding traces of this person behind the scenes."

"However, we can't genuinely provide him offspring just to help him regain his memory, can we?"

**Chapter 2183: Chapter 1873: Then We'll Just Have to Compromise for Them**

As Xuan Qingyun's words fell, a momentary silence enveloped the group of women inside the cave dwelling. After a while, Immortal Emperor Youlan spoke, "To uncover the figure behind Lu Chen's memories, it's not necessarily required to help him regain his strength."

Typically, when a powerful reincarnated being wishes to recover memories, a certain level of power is indeed needed. Otherwise, the karma linked to those memories is too immense, and a lack of strength could mean being unable to bear the karma from their former life.

However, in their unusual circumstances, they, as Ancestors of the Strange, never intended for Lu Chen to regain his full strength. If Lu Chen truly did regain all his power, it would not bode well for the Deceit Realm.

Yet, they needed to uncover clues about those scheming against them in the shadows. Hence, it became imperative to retrieve Lu Chen's memories. If they could kill Lu Chen, they might even unlock the sealed memories deep within Lu Chen's divine soul.

Upon hearing Immortal Emperor Youlan's remarks, the women immediately understood what she meant.

However, at this moment, Immortal Emperor Xiyue reminded them, "Lu Chen is no fool. If we can't help him restore his power, he might soon declare all-out war against us."

Immortal Emperor Xiyue didn't believe Lu Chen would trust them. Lu Chen surely understood that once they left this world, their first move might be to settle scores with him. Thus, Lu Chen would do whatever it takes to recover his memories before departing this realm.

Currently, the technique Lu Chen needed to elevate his cultivation was tied to them. If they refused to bear his offspring, Lu Chen would inevitably threaten them.

Hearing these words from Immortal Emperor Xiyue, Yun Yudie promptly said, "He indeed harbors such intentions."

As she spoke, Yun Yudie formed a few more Memory Pearls, presenting them to Immortal Emperor Youlan and the others.

The women then read the contents of the Memory Pearls delivered by Yun Yudie, which depicted scenes of Lu Chen threatening Yun Yudie.

Seeing how Lu Chen used matters between men and women to coerce Yun Yudie, Immortal Emperor Youlan erupted with fury, releasing an aura which unleashed a wave of mysterious power throughout the cave dwelling, causing the Mysterious Moon Palace to tremble and quake.

Immortal Emperor Youlan coldly declared, “He seeks death!”

Yun Yudie commented, “At present, we really can’t act against him. Without him, it wouldn’t be as easy for others to completely break the seals within their divine souls, and we still have a pact with him.”

“He knows we presently have no means to confront him, which is why he dares to threaten us.”

Xuan Qingyun questioned, “Do we truly need to help him restore his cultivation?”

Being Ancestors of the Strange, they naturally disdained uniting with a human blood feast. However, from Lu Chen's demeanor, if they refused to give him descendants, he might indeed go to the Netherworld Evil Emperor and reveal their plans.

The cave fell into a deathly silence, everyone's gaze fixated on Immortal Emperor Youlan, who sat atop the Crystal Coffin.

As the most powerful among the Ancestors of the Strange, it was now up to Immortal Emperor Youlan to decide what course of action to take.

Murderous intent filled Immortal Emperor Youlan's eyes as her jade fists clenched, the mysterious power within her body uncontrollably raging through the cave. If not for the strengthening formation she had set up, the cave would have collapsed long ago.

After an indeterminate amount of time, Immortal Emperor Youlan's jade fists slowly unclenched. She looked at Yun Yudie and asked, "Yudie, Qingshu and the others are still in Lu Chen's hands, correct?"

Yun Yudie replied, "They are. They've strayed far from the Tianyan Immortal Domain. Even if some memories have been restored, it shouldn't be much."

Under Tianyan Immortal Domain, numerous mysterious lives are suppressed, coupled with mysterious power sealed therein. Thus, the Ancestors of the Strange residing there are more profoundly influenced by the mysterious power.

Even though the Chaotic Sea might also harbor traces of mysterious power, it's immensely diluted. As a result, the mysterious power deep in Yun Qingshu and the others' divine souls stands little chance of resonating with the external mysterious power, and their seals loosen more gradually.

At this juncture, Immortal Emperor Youlan remarked unemotionally, "Then they'll have to endure some indignity."

Upon hearing Immortal Emperor Youlan's words, the women were stunned. Did she mean to have Yun Qingshu and the others bear children for Lu Chen, thereby helping him swiftly regain his cultivation?

Xuan Qingyun immediately objected, "No way. As Ancestors of the Strange, how can we breed descendants for Lu Chen, a filthy human blood feast? If word gets out to the Deceit Realm, where would we Ancestors of the Strange show our faces?"

Immortal Emperor Youlan replied calmly, "Since Lu Chen has begun to threaten Yudie, it indicates his intentions. If we refuse to help him, he will surely expose our plans to the Netherworld Evil Emperor."

“After all, without his cultivation restored, he would surely perish if he left. So long as he remains in the Tianyan Immortal Domain, he can survive a bit longer. Given these choices, what do you think he would choose?”

Upon Immortal Emperor Youlan’s words, the women fell silent once again.

Clearly, Immortal Emperor Youlan intended to leverage Yun Qingshu and the others’ incomplete memory recovery, their resistance to Lu Chen still not robust, to maximize the birth of offspring for Lu Chen, aiding his rapid cultivation restoration to stabilize him.

But doing so was extremely cruel for the Ancestors of the Strange. Being one of them, must they sit idle and witness their kin defiled by the loathsome human blood feast Lu Chen, and even bear strange offspring?

After a prolonged silence, Yun Yudie finally broke it, “We’ll settle this humiliation immediately once we get out.”

“Additionally, I discovered one more thing.”

Immortal Emperor Youlan inquired, “What is it?”

Yun Yudie straightforwardly stated, “Lu Chen seems to continually create new bodies, each brimming with vitality. We could subdue him and render him our exclusive blood feast.”

This...

Upon hearing Yun Yudie’s revelation, Immortal Emperor Youlan was momentarily stunned. At this moment, Immortal Emperor Xiyue interjected, “Yudie is correct, Lu Chen can indeed endlessly create new bodies.”

As soon as Immortal Emperor Xiyue finished speaking, Immortal Emperor Youlan immediately responded, “That’s impossible. No one can endlessly create bodies teeming with vitality. Lu Chen’s ability to produce clones stems from his control over the World Origin of Tianyan Immortal Domain, using it to create clones.”

Everything has a limit. Once Lu Chen exhausts the World Origin, he won’t be able to create new bodies.

When creating Tianyan Immortal Domain, Lu Chen eradicated all Spirit Realm Great Powers within the Burial Furnace, refining their vitality into the World Origin of Tianyan Immortal Domain.

Thus, the vitality of Lu Chen's new bodies originates from the World Origin of Tianyan Immortal Domain.

Yun Yudie proposed, "If that's the case, we can also dominate Lu Chen, then help him seize the World Origin of the Spirit Realm. Through him, we could perpetually obtain vitality."

## **Having children earns benefit, start competing for dominance in the world by marrying a wife**

The Deceit Realm only harvests the Spirit Realm once every long period because the growth of strong individuals in the Spirit Realm is too slow. Additionally, due to internal disunity and constant infighting between various factions, any promising talent is often targeted for elimination. Consequently, it takes a long time for a batch of strong individuals to emerge in the Spirit Realm. Before strong individuals in the Spirit Realm become numerous, Immortal Emperor Youlan and these Ancestors of the Strange have no desire to harvest.

For these Mysterious Lives, the stronger the existence, the more abundant the vitality within. Thus, every time they harvest the blood food from the Spirit Realm, they allow those human blood foods in the Spirit Realm a long period to grow.

This is akin to a human fishing moratorium, but this waiting period is extremely difficult for Mysterious Lives to endure, as their food is solely the creatures of the

Spirit Realm. If they do not harvest the Spirit Realm, it is as if they are perpetually starving.

This is also why the Netherworld Evil Emperor wants to annihilate the entire Spirit Realm. In his view, as long as they can be satiated in one full sweep, they would never need to harvest vitality again, and perhaps they might even break the limitations of the universe to reach a higher realm.

At this point, Yun Yudie is thinking if they can completely control Lu Chen and have him continually create new bodies, then they wouldn't have to wait for the long years; they could continually siphon Lu Chen's vitality.

Of course, the biggest issue with this plan is that unless Lu Chen is the Lord of the Spirit Realm, possessing control over the World Origin, he is unlikely to be able to endlessly create new, vitality-filled bodies.

Therefore, if they want to make Lu Chen their exclusive blood food, they must help Lu Chen gain control over the entire Spirit Realm.

But such an attempt holds a significant risk: once Lu Chen gains control over the entire Spirit Realm, he will certainly rebel against the Deceit Realm and would never willingly become their exclusive blood food.

In the past, even when faced with betrayal from various factions in the Spirit Realm, Lu Chen ultimately stood with the Spirit Realm, earnestly resisting the invasion of Mysterious Lives.

The possibility of Lu Chen willingly serving these Ancestors of the Strange is impossible, leaving no other option but to completely control Lu Chen.

However, completely controlling Lu Chen might prove even more challenging than killing him, given the formidable strength of his divine soul, making it difficult to erase his independent consciousness.

After hearing Yun Yudie's words, Xuan Qingyun said, "Completely controlling Lu Chen might prove even more challenging than killing him."

Before Xuan Qingyun's words faded, Xiyue Immortal Emperor spoke, "Actually, there's no need to kill Lu Chen. I know a way to control him."

The women immediately turned their gaze to Xiyue Immortal Emperor, and Yun Yudie asked, "What method?"

Xiyue Immortal Emperor hesitated before saying, "I feel that Lu Chen has already developed feelings for us. Perhaps we could exploit those feelings he has for us..."

Before Xiyue Immortal Emperor could finish, Immortal Emperor Youlan interrupted, "This method is not feasible!"

"The reason he has feelings for you now is that he's been manipulated. Once he restores all his memories, he will harbor only hostility towards you, with no other thoughts possible."

"Besides, we are Ancestors of the Strange. How could we allow a human blood food to have improper notions about us!"

This...

Hearing Immortal Emperor Youlan say this, Xiyue Immortal Emperor fell silent. She understood that once Lu Chen restored his memories, he likely wouldn't have any thoughts towards them, yet deep down, a faint trace of wishful thinking persisted.

She contemplated that if they could use Lu Chen's love for them, perhaps they could reach a new cooperation, letting Lu Chen willingly become their exclusive blood food.

Perhaps because Lu Chen had been with her for so long, she developed some misconceptions, leading to such thoughts.

Immortal Emperor Youlan then continued, "First, help Lu Chen restore his cultivation state. Once we leave this world, we can think of ways to make Lu Chen our exclusive blood food."

"Isn't Lu Chen very attentive to the Spirit Realm? If we use the Spirit Realm as a threat, I don't believe Lu Chen would refuse."

Hearing Immortal Emperor Youlan's words, the women's eyes brightened. Yes, Lu Chen had always been the hard-liner among the strong individuals of the Spirit Realm, and no matter how much the factions in the Spirit Realm betrayed Lu Chen, he always stood on the side of the Spirit Realm. Doesn't this show how much Lu Chen cares for the Spirit Realm?

If Lu Chen knew of a way to prevent the Spirit Realm from being harvested by Mysterious Lives in the long term, he might agree. This way, their plan for exclusive blood food would succeed.

...

After Yun Yudie returned from the Mysterious Moon Palace, she was in a great mood. The thought of Lu Chen ultimately becoming the exclusive blood food raised by these Ancestors of the Strange, continually devoured by them, filled her heart with a sense of revenge fulfilled.

Upon her return to the Daqin Immortal Dynasty, Lu Chen arrived at her chamber.

Lu Chen unabashedly sat down on Yun Yudie's couch, smiling as he asked, "Empress, what did you discuss with your besties at the Mysterious Moon Palace this time?"

Yun Yudie directly replied, "Immortal Emperor Youlan agreed to help you restore your strength quickly."

Hearing this, Lu Chen was momentarily stunned. He never expected that these Mysterious Lives would agree to let him produce offspring. What was happening?

In their eyes, wasn't he a filthy blood food? Why had they suddenly agreed to this?

After regaining his composure, Lu Chen immediately asked, "Does this mean Immortal Emperor Youlan will also come to the Daqin Immortal Dynasty?"

Yun Yudie saw through Lu Chen's intention at a glance. She glared at him fiercely, saying, "Put away your filthy thoughts. Immortal Emperor Youlan means for Qingshu and the others to continue bearing your children. After all, they haven't fully recovered their memories and don't repel you too much."

Ah... This...

He thought perhaps Immortal Emperor Youlan and Xuan Qingyun were also going to have children with him.

Yun Yudie continued, "This is already our bottom line. You must quickly restore your strength. Disaster is soon to descend!"

The Netherworld Evil Emperor has likely assumed that their memories have been cleared by Chaos Qi. It might not be long before he decisively opens the Burial Furnace. They must be ready before the Netherworld Evil Emperor opens the Burial Furnace.

Once the Netherworld Evil Emperor dares to open the Burial Furnace, they will use the opportunity to escape with all their might.

Seeing Yun Yudie's serious demeanor, Lu Chen sighed, saying, "I also wish to restore my strength quickly, but right now, you all already have Mysterious Power within you, and I cannot seal this Mysterious Power. With this power present, I cannot make you pregnant."

Yun Yudie coldly stared at Lu Chen without speaking. She naturally understood why Lu Chen couldn't make them pregnant now.

Now that Mysterious Power permeated their bodies, and since Mysterious Power devours vitality, small lives cannot survive within them.

However, she was curious about why they couldn't conceive when they tried, but once they were pregnant, their babies within wouldn't be devoured by their own Mysterious Power and lose vitality?

## **Having children earns benefit, start competing for dominance in the world by marrying a wife**

Just as Yun Yudie was lost in thought, Lu Chen smiled and said, "Actually, the person who is now most likely to bear my child is Immortal Emperor Youlan."

Upon hearing this, Yun Yudie snapped back to reality. A cold flash of murderous intent appeared in her eyes as she looked at Lu Chen. This dog of a man really wanted to sleep with Immortal Emperor Youlan.

This probably has nothing to do with the schemes of the person behind the scenes; he simply wants to sleep with Immortal Emperor Youlan.

What a beast!

Only knows how to lust!

His mind is full of filthy thoughts!

After cursing Lu Chen in her heart, Yun Yudie said coldly, "It's absolutely impossible for her to engage in any intimate act with you. You'd better dismiss that idea."

"Moreover, her memory and strength have almost completely recovered. She is the least likely to bear your child. Don't think I don't know what you're up to."

Lu Chen said, "Precisely because she has recovered all her memories, she is the most likely to bear my child. Only when you've completely regained your memories do you not want to reproduce with me."

"And because you don't want to reproduce with me, after entering the Red Flower Sedan, it can fully suppress the mysterious power within you. Only when your mysterious power is suppressed can you bear my child."

Yun Yudie furrowed her beautiful eyebrows. No wonder this man was so excited inside the Red Flower Sedan after learning that they had recovered their memories. It turned out he was using the sedan's power to help them conceive.

Lu Chen said, "Now you understand why I said Immortal Emperor Youlan is the most likely to bear my child, right?"

"With her full memory recovery, she definitely doesn't want to bear my offspring, but the suppression of the Red Flower Sedan on her is the strongest. I fear it won't even take a year to make her conceive."

Yun Yudie coldly stared at Lu Chen, then said, "I still stick to my words. You'd better dismiss this idea."

"She is not someone you can provoke!"

Immortal Emperor Youlan is the most powerful among the Ancestors of the Strange. If you anger her, Lu Chen might not even serve as dedicated blood sustenance for them once he leaves this world.

Upon hearing Yun Yudie's words, Lu Chen merely smiled faintly. He thought to himself, it seems that getting intimate with Immortal Emperor Youlan is indeed not an easy task.

Forget it, now there are so many Ancestors of the Strange around him. If he wants someone to conceive, he can directly help undo the seal deep within their divine soul, and then place them inside the Red Flower Sedan.

He could have done this before, but he was unwilling. He didn't want to see someone he loved become an enemy.

However, he must quickly regain his strength to face the impending disaster. To do this, he must restore his past power, which means he has to proactively unseal Chu Yuqin and the others.

At this point, Yun Yudie continued, "This is already the biggest concession we can make. Don't think about pushing your luck."

Lu Chen smiled and said, "Alright, I understand."

"But speaking of which, if Immortal Emperor Youlan won't do, then you should be fine."

As he said this, a playful smile appeared on Lu Chen's face. Seeing his lewd expression, Yun Yudie clenched her jade fists involuntarily, but soon released them.

She looked at Lu Chen indifferently and said, "I already carry your child."

She was already pregnant with Lu Chen's child, and she reckoned that disaster would descend before she even gave birth.

Once she leaves this world, she will immediately eliminate the child in her womb.

Lu Chen seemed to see through Yun Yudie's thoughts and said, "In fact, I don't necessarily need a child to improve my cultivation state. Just engaging in the act of reproduction can help boost my power."

"This means dual cultivation."

As soon as Lu Chen said this, she knew what he wanted.

Her golden eyes fixed on Lu Chen. Once she unleashed her mysterious power, it danced wildly in the great hall.

Lu Chen continued, "You wouldn't refuse, right? After all, we only engaged in dual cultivation on our wedding day."

Yun Yudie indifferently asked, "Are you really not afraid of death?"

"Humiliating me like this, do you think you'll have a way out once you leave this world?"

Lu Chen said, "Even if I do nothing now, once we leave this world, you all will turn on me anyway. So, I might as well enjoy as much as I can before leaving this world."

Yun Yudie fell into silence. Lu Chen was right; they definitely wouldn't let him go.

Lu Chen's eyes wandered over Yun Yudie's graceful body, as he said, "The disaster should descend soon, and I estimate I'll be ambushed as soon as I step out. Treat me as a prisoner in the Heaven Prison, giving me a last meal to die satisfied. How about it?"

Hearing Lu Chen's words, Yun Yudie felt very conflicted. To be honest, she had crossed boundaries by voluntarily being with Lu Chen on their wedding day.

If she continued to engage in dual cultivation with Lu Chen, she would cross those boundaries again.

But given how Lu Chen looked, if she didn't give in, he would probably use Netherworld Evil Emperor to threaten her again.

After much consideration, Yun Yudie chose to relent. Lu Chen was right, disaster would descend sooner or later, and by that time, this dog of a man would inevitably be besieged by them, the Ancestors of the Strange.

He would either die or become their exclusive source of blood, both of which are severe punishments for Lu Chen.

Thinking this, Yun Yudie said expressionlessly, "I can agree to your request."

With these words, Yun Yudie laid herself on the soft couch, suppressing the mysterious power within her body.

She hoped Lu Chen could quickly regain his strength, so despite wanting to drain Lu Chen's life force, she would hold back. Once they leave this world and turn Lu Chen into their dedicated blood sustenance, she could drain his life force however she wished, so she wasn't in a hurry now.

Seeing Yun Yudie restrain her mysterious power, Lu Chen embraced her fragrant body without a word, bringing his head forward to kiss her enticing lips.

Seeing Lu Chen so eager, Yun Yudie felt speechless and pondered that if this dog of a man still lusts after her once he regains his memories, perhaps he could be manipulated by his lust, willingly becoming their dedicated blood sustenance.

Of course, this was unlikely.

Just as Yun Yudie drifted into thought, they both felt a breeze. Suddenly, the room was filled with the scent of flowers, and in the next moment, they found themselves in the sea of flowers again.

Yun Yudie's face turned somber immediately. Although she agreed to Lu Chen's request, she did not want to feel like an animal.

However, once she entered this sea of flowers, she would feel like a human, with human perceptions. Now that she recalled her memories as an Ancestor of the Strange, it was a huge disgrace for her to feel anything for human blood sustenance.

But now, both of their powers were lost. They could only indulge themselves in this sea of flowers, unable to leave until the flower sea dissipated.

At this moment, Yun Yudie suddenly felt some regret for agreeing to Lu Chen's request.

**Having children earns benefit, start competing for dominance in the world by marrying a wife**

Tianchen Continent.

Within the Imperial Palace, although Lu Chen still maintained close relationships with his wives and concubines, as they gradually recovered their memories, more and more of them began to resist Lu Chen.

However, Lu Chen discovered a problem: it seemed that their clones had the least resistance towards him. For example, Chu Yuqin and Yun Xianxian, being clones, almost did not resist the intimacy with him.

Yet even though they do not resist, due to the mysterious power within them, they cannot conceive his children.

In the grand hall, Lu Chen lay back on Chu Yuqin's long and slender jade legs, gazing into her eyes.

Chu Yuqin bowed her head, looking at Lu Chen asked, "Chen'er, what are you thinking about?"

Recently, Lu Chen seemed less interested in matters between men and women. Even though he occasionally engaged in Dual Cultivation with them, they could clearly feel that Lu Chen had lost much of his interest.

They guessed in their hearts the reasons for Lu Chen's diminishing interest. On one hand, the mysterious power within them grew stronger, devouring Lu Chen's vitality. Plus, since their memories hadn't fully returned, they couldn't completely control the mysterious power within, sometimes causing it to attack Lu Chen uncontrollably.

Of course, as more of their memories returned, they became less willing to cooperate with Lu Chen, which naturally diminished his interest.

Looking at the beauty's flawless jade face, Lu Chen smiled and said, "I want to help you unlock the seal deep within your Divine Soul."

Upon hearing this, Chu Yuqin was slightly taken aback. Her biggest worry was regaining her memories. She had a premonition that once she did, she might become enemies with Lu Chen. The thought of turning against someone she loved deeply was distressing for her.

Her original idea was to spend as much time as possible with Lu Chen before her memories returned, creating more beautiful memories. But she didn't expect Lu Chen to propose helping her recover her memories at this time.

Chu Yuqin, coming back to her senses, asked perplexedly, "Why?"

Lu Chen said, "In this life, I'm cultivating the Reproduction Path, needing to procreate with you to boost my strength. But now, with the mysterious power within you all too dense, you can't conceive life without using a Magic Treasure to suppress it."

Chu Yuqin said, "If that's the case, then just use the Magic Treasure directly on me."

Lu Chen replied, "Using it directly won't work; to use this Magic Treasure, you need to not want to engage in Dual Cultivation with me."

This...

Chu Yuqin hadn't expected such a Magic Treasure to exist. Wanting to bear children for Lu Chen wasn't enough; rather, she had to be unwilling to want to conceive for it to work.

At this moment, Lu Chen raised his hand, causing a Red Flower Sedan to appear in the grand hall. Seeing this Red Flower Sedan, all the women felt incredibly familiar, and Yun Qingshu's face instantly darkened. It was this Red Flower Sedan that had suppressed her power, ultimately making her Lu Chen's woman.

Lu Chen continued, "This Red Flower Sedan can suppress the mysterious power within you, but it's a rule-bound Magic Treasure. It only activates when you're

unwilling to participate in Dual Cultivation; otherwise, it won't suppress your power."

Those who had been confined in the Red Flower Sedan naturally knew its role; Yun Qingshu's icy voice rang out, "This lewd creation is indeed yours!"

Seeing the Red Flower Sedan, Yun Qingshu's mind inevitably recalled the things she had done with Lu Chen inside.

Hearing Yun Qingshu's words, Lu Chen responded, "I only mastered the Red Flower Sedan after breaking through to Immortal Emperor. Before that, it activated on its own."

Yun Qingshu hadn't completely recovered her memories, so she wasn't aware of the Red Flower Sedan's origins. Hearing Lu Chen's explanation, she suspiciously looked at him.

Seeing Yun Qingshu's doubts, Lu Chen continued, "How about I help you recover your memory first? Then you'll understand what the Red Flower Sedan is all about."

As Lu Chen's words fell, Yun Qingshu fell silent, long avoiding a reply.

Although she had minor grievances against Lu Chen, she had long accepted him, having already given birth to his child. Like most of Lu Chen's beauties, she didn't want to recall all her memories too quickly.

Inside, she feared that after memory recovery, they could only confront each other with swords. If it truly came to that, she wondered what would happen to their child.

Seeing Yun Qingshu's indecision, Lu Chen glanced at the other beauties in the hall, then continued, "Anyone wishing to restore their memories first can let me know, but I have one condition."

"Anyone willing to regain their memories early must agree to bear more offspring for me. I might also have you stay in the Red Flower Sedan's Small World until you're pregnant with my descendants."

Silence enveloped the hall as they pondered whether to regain their memories early.

After an indefinite time, Yun Qingshu spoke first, "Alright, I am willing to regain my memories early."

Yun Qingshu had reasoned that since her memories had to return anyway, and she couldn't stop this, she might as well recover sooner. She wanted to see what grudges they had beforehand.

She had this thought because in the past, while inside the Chaos Beast's belly, she and Lu Chen already had conflict, which was later won over by Lu Chen's antics. She then gradually developed feelings for him. Realizing they had issues even without recovered memories, she felt she wouldn't mind her past interactions with him.

As long as it wasn't something like family extermination, of course, this was Yun Qingshu's current thought.

Seeing Yun Qingshu willing to regain her memory first, Lu Chen said, "If that's the case, let's begin!"

With those words, one of Lu Chen's bodies approached Yun Qingshu, embracing her tender form and pressing his forehead against hers, his arms tightly hugging her.

The next moment, Lu Chen activated the Nine-Turn Soul Forbidden Technique, sending his Divine Thought into Yun Qingshu's Divine Soul, unlocking the seals deep within.

Before Lu Chen could completely unlock the seals, a massive surge of mysterious power erupted from Yun Qingshu's Divine Soul, much like a flood bursting through a dam, instantly breaking Yun Qingshu's remaining seals.

In the next instant, Yun Qingshu's memories were fully restored, and at the same time, her power returned, triggering a terrifying aura to blanket the entire Tianchen Continent.

Upon memory restoration, Yun Qingshu's voice, filled with grit, sounded, "Lu! Chen!"

But before Yun Qingshu could act, Lu Chen's body swept her into the Red Flower Sedan.

## **Chapter 2187 - 1877: Why Bother Discussing How to Deal with a Mere Blood Food Like You**

The moment Yun Qingshu entered the Red Flower Sedan, the mysterious power within her was instantly suppressed, rendering her immobile.

Seeing that there were other Ancestors of the Strange in the Red Flower Sedan, Yun Qingshu's face turned even darker. She was about to curse Lu Chen, but Lu Chen adeptly covered her mouth.

"Mmm! Mmm!"

Yun Qingshu still wanted to struggle, but the next moment Lu Chen placed her on the soft couch and then assaulted her. It all happened in a flash, leaving Yun Qingshu no time to react.

The fury in Yun Qingshu's heart was so intense that she felt like her lungs would burst from rage.

Initially, she thought that as long as Lu Chen didn't have some deep vendetta against her, she could accept it, but after regaining her memory, she realized Lu Chen was the blood food they kept.

Doing such things with Lu Chen was akin to... with a beast she had raised herself...

The thought made Yun Qingshu want to skin Lu Chen alive on the spot, but she knew that the Red Flower Sedan would suppress all the mysterious power inside her, and the more she wanted to kill Lu Chen, the more severely the sedan would suppress her.

For a long time after, she would have to be at the mercy of this bastard Lu Chen.

With her power completely suppressed, Yun Qingshu couldn't even transmit her voice, only able to curse Lu Chen aloud.

"Mmm, mmm! Mmm mmm mmm mmm mmm!"

Lu Chen ignored Yun Qingshu's curses; before he unlocked her Divine Soul Seal, he had explained everything to her, and she had agreed. Now Yun Qingshu had to fulfill her promise and bear his children.

In the next two hundred years, Lu Chen periodically unlocked the seals of one of his female companions, then had them bear his children.

Two hundred years passed in a flash, and Yun Qingshu and her companions once again carried Lu Chen's child, allowing him to gain more World Origin, his strength soaring past the Immortal Emperor Cultivation of this world in no time.

Daqin Immortal Dynasty.

Imperial Palace.

High in the clouds, Lu Chen sat cross-legged, when a system prompt resounded in his mind.

"Congratulations to the host for helping Chu Yuqin conceive the host's child, rewarded with a wisp of World Origin!"

Over these years, every time Lu Chen unlocked the Divine Soul Seal of his female companions, he would always seek their consent, and Chu Yuqin was the last to agree.

Originally, Chu Yuqin intended to restore her memory quickly, but after Lu Chen released the pregnant wives, she saw the loathing in their eyes and feared becoming like that herself, so she kept delaying until her memories in the depth of her Divine Soul nearly unlocked again.

Though Chu Yuqin was just a clone, Chu Yunzhi only cut off superficial ties, not the deeper ones, so their shared memories of the mysterious souls remained, and Chu Yuqin regained those memories when Chu Yunzhi did.

Though Chu Yuqin tried to suppress her aversion to Lu Chen, the nature of the mysterious life made it hard to ignore. Later, Lu Chen placed her in the Red Flower Sedan.

Upon hearing the system prompt, Lu Chen extracted that wisp of World Origin and refined it. As he absorbed the wisp, the entire Tianyan Immortal Domain trembled, a rumble emanated from the depths of the earth, and multicolored auspicious clouds sprawled across the sky.

For a moment, Lu Chen felt his Divine Soul merge with the entire Tianyan Immortal Domain, and without actively seeking, he could clearly sense the positions of Immortal Emperor Youlan and her comrades, even hear their conversations.

Mysterious Moon Palace.

Deep in the forbidden area, Immortal Emperor Youlan and Yun Yudie were discussing matters concerning Lu Chen.

Recently, Lu Chen's power had grown stronger to the point of near full recovery, prompting Immortal Emperor Youlan and others to prepare for the predicted disaster.

At that moment, Xuan Qingyun spoke, "It's been over two hundred years, and there's been no sign. Could it be that he's discovered something?"

Originally, they believed that after Yun Yudie's public appearance, the Netherworld Evil Emperor would soon open the Burial Furnace, but two hundred years had passed and the disaster hadn't come.

Immortal Emperor Youlan said, "Maybe the passage of time outside and the flow rate within the Burial Furnace are different."

Hearing this, Xuan Qingyun saw reason, as it's normal for the time flow between big worlds and small worlds to differ greatly.

Although the Tianyan Immortal Domain seemed vast, it was, after all, only a small world within the Burial Furnace, where the time flow could be a ratio of tens of thousands to one with big worlds, suggesting the two hundred years in Tianyan Immortal Domain might just be a blink of an eye outside.

At that moment, Xiyue Immortal Emperor's gaze was fixed on Yun Yudie's belly, seemingly lost in thought.

Seeing Yun Yudie's swollen belly reminded Xiyue Immortal Emperor of her own pregnancy, though her time with Lu Chen was a disgrace as an Ancestor of the Strange, yet those days were somehow nostalgically appealing to her.

Seeing Immortal Emperor Xiyue staring, Yun Yudie asked, "Xiyue, why are you looking at me like that?"

Xiyue Immortal Emperor snapped out of it and hurriedly said, "Oh, nothing. I was wondering if you plan to give birth to this child."

The question left Yun Yudie momentarily silent.

An Ancestor of the Strange bearing a child for human blood food was an enormous disgrace, and truthfully, she didn't want to give birth to Lu Chen's child.

Yet, knowing that Lu Chen's Reproduction Path required her assistance, she found herself with no choice.

Seeing Yun Yudie silent, Immortal Emperor Youlan said, "The child doesn't have to be born. Given Lu Chen's current recovery rate, he may regain his cultivation before you even give birth..."

Rumble, rumble, rumble...

As soon as Immortal Emperor Youlan finished speaking, the entire Tianyan Immortal Domain began to shake.

Immediately, Immortal Emperor Youlan felt a gaze fixed upon them.

Instantly understanding the situation, Immortal Emperor Youlan raised her head to the ceiling of the cave residence and said, "Lu Chen, your power should have recovered by now!"

Hearing this, Yun Yudie's heart trembled. Lu Chen's cultivation restored? Could it be that Immortal Emperor Youlan was right, and she didn't have to give birth after all?

Yet, just as Yun Yudie was about to terminate the pregnancy, Lu Chen's voice echoed in the cave, "Not yet. Only thirty percent recovered; this power still can't bear the karma of my past memories."

Upon hearing Lu Chen's words, Yun Yudie's face instantly darkened; she had thought she was freed, but it turned out he had barely recovered so little strength.

Lu Chen chuckled and asked, "What are you all gathering for? Discussing how to deal with me once we're out?"

Immortal Emperor Youlan coldly replied, "Dealing with you, a blood food, requires no discussion."

**Having children earns benefit, start competing for dominance in the world by marrying a wife**

Upon hearing Immortal Emperor Youlan's words, Lu Chen chuckled softly and then transmitted his thoughts using Divine Thought: "So, it seems you've got me all figured out, haven't you?"

Immortal Emperor Youlan replied with an indifferent expression: "The day the alliance expires will be the day you meet your demise."

Lu Chen said, "Immortal Emperor Youlan, the alliance hasn't expired yet, and you speak to me in such a manner—it's not quite appropriate, is it?"

"Aren't you worried that I'll reveal your plans and that we'll all perish together?"

Immortal Emperor Youlan warned, "That person once gathered the Spirit Realm's elite into this very world. If you continue to waste time within, I'm afraid that by the time you emerge, the Spirit Realm will be in ruins."

"That person's motives differ from ours. Although we and him are both Ancestors of the Strange, he aims to destroy the entire Spirit Realm, whereas it's our pasture. We'll only protect the Spirit Realm."

At this moment, Immortal Emperor Youlan's words indicated she was preparing to make Lu Chen their exclusive blood sustenance.

Hearing these words, Lu Chen was about to say the Spirit Realm had no concern for him, but Immortal Emperor Youlan seemed to read his thoughts, continuing: "Your memory hasn't fully returned yet. You don't know if there is someone important to you in the Spirit Realm, someone waiting for you."

"If one day your memories fully return and you find that those important to you have already become the meal of Mysterious Life, then regret will be futile."

Upon hearing this from Immortal Emperor Youlan, Lu Chen fell into deep contemplation.

Though his memory had not yet recovered, Lu Chen understood that what Immortal Emperor Youlan said might very well be true.

People are social beings; even the mightiest have a few friends, and perhaps someone they care for.

Maybe there truly is someone he cares for in the Spirit Realm, someone awaiting him.

If the Netherworld Evil Emperor does destroy the entire Spirit Realm, when he regains his memory later, it might truly be too late for remorse.

After some time, Lu Chen's voice resonated in the cave dwelling of Immortal Emperor Youlan, "As expected from the strongest among the Ancestors of the Strange, convincing me with just a few words."

Once those words fell, Lu Chen's attention diverted from Immortal Emperor Youlan and her group.

Feeling Lu Chen's gaze disappear, Immortal Emperor Youlan focused on Yun Yudie's belly, "The child in your womb must still be born."

At this point, Lu Chen had regained only thirty percent of his power. If the child in Yun Yudie's belly isn't born, Lu Chen's recovery may be even slower.

Yun Yudie said, "Lu Chen can recover thirty percent of his power largely after unsealing Qingshu and their memories. Using the Rule Power of the Red Flower Sedan, he subdued them and made them conceive his child. Now that Lu Chen has unsealed their memories, it seems he isn't as important to us."

Yun Yudie had seen Yun Qingshu in the Red Flower Sedan. That scoundrel Lu Chen had thrown her and Yun Qingshu into the Red Flower Sedan to serve him together. Yun Yudie learned from Yun Qingshu that Lu Chen had already helped most of the Ancestors of the Strange unsealing the depths of their Divine Souls.

One reason they were threatened by Lu Chen was because their Divine Souls' memories needed Lu Chen for unsealing, and Lu Chen, even without full power, had the strength to help them entirely remove the seal.

Since Lu Chen had already unsealed their Divine Souls, what need was there to fear Lu Chen as a mere tool?

Now, they just had to wait for the Netherworld Evil Emperor to open the Burial Furnace, and then they could rush out directly, right?

Upon hearing Yun Yudie's words, Xuan Qingyun hastily said: "Yudie, I, Yun Meng, and Xiyue's memories haven't fully recovered."

Among those close to Lu Chen, he'd earlier unsealed the depths of their Divine Souls, but Xuan Qingyun and Immortal Venerable Yun Meng, whom Lu Chen hadn't slept with, had their Divine Souls' seals slightly cracked, causing them to still need Lu Chen.

Upon hearing Xuan Qingyun's words, Yun Yudie suddenly felt like saying they should also sleep with Lu Chen, but Yun Yudie quickly realized—it wasn't a fitting thought for an Ancestor of the Strange!

It must be the result of sleeping with Lu Chen too much, alongside the influence of the sea of flowers, causing her to think sleeping with Lu Chen was of no consequence.

This isn't a good omen!

After coming to her senses, Yun Yudie said: "Once we leave this world and return to the Deceit Realm, even without him, you can break the seals deep in your Divine Souls yourselves."

The seals Lu Chen placed had already cracked, and once they enter a realm with dense Deceitful Energy, their inner Mysterious Power would resonate with the Deceitful Energy, easily breaking Lu Chen's seal, so Yun Yudie still felt they no longer needed Lu Chen.

But Immortal Emperor Youlan's thoughts aligned with Yun Yudie's; she said, "Before we leave this world, Lu Chen still has use."

"Besides, Lu Chen isn't foolish. If we truly form such thoughts, it would betray the alliance, and by then Lu Chen would certainly ensure mutual destruction."

The alliance was initially formed among all the female Ancestors of the Strange, and Lu Chen was to help all of them recover their memories to fulfill the alliance. If anyone's memory isn't recovered, the alliance remains unfulfilled, allowing the token Lu Chen holds to still function.

Most importantly, if Lu Chen detects their intent, he might use the Netherworld Evil Emperor to threaten them.

Seeing Immortal Emperor Youlan's reasoning, Yun Yudie had no choice but to abandon the idea of eradicating the child in her belly. The thought of having to bear Lu Chen's child left Yun Yudie brimming with frustration.

At this very moment.

Daqin First Cultivation University.

Within Li Xinghe's room, Li Xinghe suddenly opened his eyes, sensing the pressure released from the Great Qin Imperial Palace, his face clouded with dark gloom.

Li Xinghe muttered to himself: "No good, I cannot let him continue to grow!"

Lu Chen's recovery of power was too rapid; if Lu Chen fully recovered strength, at the moment the Burial Furnace opens, Lu Chen might directly charge out then—and he had yet to fully control the other female Ancestors of the Strange, making it difficult to deal with Lu Chen alone.

Most crucially, as of now, Lu Chen shouldn't have fully recovered his memory, yet as his Cultivation State improves, his memory would completely recover, making him even tougher to deal with once his memory restores.

Though he merely considered Lu Chen as blood sustenance, deep down he admitted Lu Chen was indeed the most formidable enemy since the Deceit Realm's inception.

Later, the Netherworld Evil Emperor withdrew that trace of Divine Thought from Li Xinghe's body, and as his Divine Thought retreated, Li Xinghe's body turned to ash, dispersing into the void.

...

Above the Tianyan Immortal Domain, after refining the fragment of origin, Lu Chen could clearly sense every subtle change occurring in the Tianyan Immortal Domain.

At this moment, Lu Chen observed the Tianyan Immortal Domain below, as if probing the small world within himself.

Just then, Lu Chen suddenly noticed that Li Xinghe had vanished entirely, even the karma associated with him disappeared.

Lu Chen's brows immediately furrowed, for Li Xinghe's disappearance implied that the Netherworld Evil Emperor's trace of Divine Thought had likely left this realm. If that's the case, then the disaster Yun Yudie and her group foretold might soon arrive?

## **Having children earns benefit, start competing for dominance in the world by marrying a wife**

After Lu Chen realized that disaster was about to strike, he swiftly took out the Reincarnation Stone. His memories had not yet been restored, and if disaster struck at this moment, it would be bad news for him.

The next instant, a stone emitting a rainbow glow appeared before Lu Chen. Lu Chen immediately infused immortal power into the Reincarnation Stone, trying to break its seal completely.

However, no matter how hard he exerted himself, the seal on the Reincarnation Stone remained unchanged. Clearly, with his current strength, it was impossible to break the seal on the Reincarnation Stone. Without breaking the seal, his memories could not be restored.

Unwilling to accept this, Lu Chen then gathered all the Qi Fortune of the Tianyan Immortal Domain, mobilizing all his strength to forcefully break the seal on the Reincarnation Stone.

In the following hundred years, Lu Chen was tirelessly working to break the seal of the Reincarnation Stone.

Now, most of his women were pregnant, and his path to enhance his power was essentially cut off. His cultivation state had already surpassed the Immortal Emperor, and this world's cultivation techniques were completely useless. He could only rely on the system to obtain new cultivation techniques.

And his children were yet to be born. Helpless, he could only hope to break the seal on the Reincarnation Stone to see if he could obtain some cultivation techniques that would enhance his cultivation state.

One morning, while Lu Chen was contemplating ways to break the seal on the Reincarnation Stone, suddenly countless cracks appeared in the sky, and the entire Tianyan Immortal Domain was instantly on the brink of collapse.

Sensing the situation in the Tianyan Immortal Domain, Lu Chen hurriedly put away the Reincarnation Stone and then released his Divine Thought to cover the entire Tianyan Immortal Domain, trying to investigate why such a situation was occurring.

Lu Chen actually already had a suspicion in his mind: Chaos Qi was constantly eroding the Tianyan Immortal Domain, the power left behind by the great powers of the Spirit Realm had been almost exhausted, and the mysterious lives suppressed in the Tianyan Immortal Domain began to stir. The mysterious power

continued to erode the Heavenly Dao of the Tianyan Immortal Domain, and the Tianyan Immortal Domain itself could not last much longer; its collapse was expected.

Moreover, the most important reason was that his breakthrough had gained too much World Origin, and he himself had not fused with the Tianyan Immortal Domain. His presence in the Tianyan Immortal Domain was putting great pressure on it.

Not only him, but the presence of Xiyue Immortal Emperor and Immortal Emperor Youlan also put great pressure on the Tianyan Immortal Domain. The Tianyan Immortal Domain's Heavenly Dao limits people from breaking through to realms above the Immortal Emperor because the Tianyan Immortal Domain cannot bear powers beyond the Immortal Emperor. Now, with so many beings above the Immortal Emperor, the Tianyan Immortal Domain naturally couldn't hold on any longer.

At this moment, Lu Chen hurriedly released his own strength to temporarily stabilize the Tianyan Immortal Domain and prevent it from continuing to collapse.

If the Tianyan Immortal Domain were to collapse like this, not many beings would survive.

While Lu Chen was using his strength to stabilize the Tianyan Immortal Domain, he suddenly felt a chill in his heart, as if he was targeted by some terrifying presence.

Lu Chen abruptly looked up to see a golden eye larger than the Tianyan Immortal Domain appearing above it, with mysterious power surging towards the Tianyan Immortal Domain like a tsunami.

Seeing this scene, Lu Chen's mind went blank.

Disaster, descended!!!

Lu Chen quickly regained his senses, rapidly drew the Immortal Slaying Sword, and prepared to strike with full force, charging out directly.

If this world they were in was indeed a small world in the hands of the Netherworld Evil Emperor, as Yun Yudie and others had described, to completely control this world, one would have to break out and seize the magic treasure from the Netherworld Evil Emperor.

Otherwise, apart from the mysterious lives, everyone in the Tianyan Immortal Domain, including his children, would ultimately perish.

However, just as Lu Chen was preparing to act, the massive golden pupil above Tianyan Immortal Domain directly focused on Lu Chen. In the next moment, a vast mysterious power transformed into a gigantic sword, descending straight towards Lu Chen.

Feeling the imposing power of that gigantic sword, Lu Chen's face turned pale; with his current strength, he couldn't withstand such an assault.

If that sword were to fall, not only would he die, but the entire Tianyan Immortal Domain would be annihilated.

Could it be that I'm about to die?

Thinking of this, cold sweat poured down Lu Chen's forehead. Along the way, it was the first time he had encountered such a degree of life and death crisis.

Seeing that the giant sword formed by mysterious power was getting closer to the Tianyan Immortal Domain, Lu Chen's own power was pressed so tightly by the sword's might that he couldn't even draw his own sword.

Just as Lu Chen was extremely anxious, a series of voices suddenly echoed in his mind.

"Yun Yudie has given birth to a descendant for the host, congratulations on obtaining a strand of World Origin!"

"Yun Qingshu has given birth to a descendant for the host, congratulations on obtaining a strand of World Origin!"

"Cao Shiyun has given birth to a descendant for the host, congratulations on obtaining a strand of World Origin!"

...

"Chu Yuqin has given birth to a descendant for the host, congratulations on obtaining a strand of World Origin!"

A series of notification sounds snapped Lu Chen back to reality. Although curious why they all collectively gave birth at this time, there was no time for him to ponder over this now—the priority was to merge the World Origin he just acquired and withstand the Netherworld Evil Emperor's strike, or else he and the entire Tianyan Immortal Domain would be extinguished.

Without any hesitation, Lu Chen immediately absorbed all the World Origin he just obtained. In the instant he absorbed those World Origins, the entire Tianyan Immortal Domain emitted a rainbow-colored glow, and various Great Dao manifested in the sky above Tianyan Immortal Domain, although these Great Daos were still tainted with mysterious power. Even so, in the moment of Great Dao manifestation, everyone's cultivation state in Tianyan Immortal Domain elevated significantly.

However, the immortals in the Tianyan Immortal Domain were not happy; Lu Chen, someone who surpassed the Immortal Emperor, was sweating coldly facing that sword from the heavens, not to mention those who were not even Immortal Emperors.

Fear spread in people's hearts, and the entire Tianyan Immortal Domain was shrouded in melancholy. People were too terrified to even cry; the little enhancement in their cultivation state couldn't help them withstand the sword's pressure from above.

Meanwhile, in the Mysterious Moon Palace.

Deep within the forbidden area.

Upon sensing the Burial Furnace being opened, Immortal Emperor Youlan and other Ancestors of the Strange's eyes suddenly opened.

The vast mysterious power resonated with the mysterious power within them, and for a moment, their strength was greatly enhanced.

For Xuan Qingyun and Xiyue Immortal Emperor, whose seals in the depths of their Divine Souls hadn't fully unlocked yet, after the mysterious power within their bodies resonated with the mysterious power above the Tianyan Immortal Domain, a huge crack suddenly appeared in the seal. It seemed their seals were about to be completely broken.

Xuan Qingyun asked, "Disaster has descended, should we act now?"

Immortal Emperor Youlan raised her head to look toward the top of the stone cave, as if gazing at the sky through the stone ceiling. She remained silent without answering, seemingly in thought.

## **Having children earns benefit, start competing for dominance in the world by marrying a wife**

After an indeterminate amount of time, Immortal Emperor Youlan finally spoke to Xuan Qingyun and the others, saying, "We only have one chance. Once that person notices our memories are intact, he will definitely close this world immediately."

"The best time to act is when he focuses all his attention on Lu Chen."

The Netherworld Evil Emperor controls the Burial Furnace. Once he notices any movement from us, he will undoubtedly shut the Burial Furnace again without hesitation. If we alert him this time, it might be several eras before he opens the Burial Furnace again.

Lu Chen's Tianyan Immortal Domain won't hold much longer, and we must escape this time, or else we'll face the erosion of the Chaos Qi.

Upon hearing Immortal Emperor Youlan's words, Xiyue Immortal Emperor frowned slightly. Lu Chen's strength hasn't fully recovered yet, so how could he possibly be a match for the Netherworld Evil Emperor?

Despite her slight unease, Immortal Emperor Xiyue knew there was nothing wrong with Immortal Emperor Youlan's statement. If we act now, the Netherworld Evil Emperor will likely react instantly and close the Burial Furnace.

But to just stand by and watch Lu Chen face the Netherworld Evil Emperor alone, she felt a twinge of empathy.

At the same time, after Lu Chen absorbed the World Origin he had just obtained, he refined it in an instant, and his strength and cultivation state surged dramatically.

As Lu Chen's cultivation state skyrocketed, more cracks appeared in the Tianyan Immortal Domain.

Lu Chen hurriedly struck the Reincarnation Stone in front of him with a palm, and all the seals on its surface disappeared, unleashing a torrent of memories rushing into Lu Chen's Divine Soul.

After reading the memory in the Reincarnation Stone, Lu Chen instantly understood the situation. He had indeed created the Tianyan Immortal Domain, and in doing so, not only had he slain those Great Powers of the Spirit Realm, but had also used his power, merging his Divine Soul into the Heavenly Dao of Tianyan Immortal Domain.

Now that his strength and cultivation state were restored, it was equivalent to withdrawing the power that was temporarily stored in the Tianyan Immortal Domain. The power that maintained the Tianyan Immortal Domain had been almost completely depleted by the Chaos Qi, and by withdrawing its force now, the domain wouldn't last much longer.

Therefore, he had to escape the Burial Furnace before the complete collapse of the Tianyan Immortal Domain, defeat the Netherworld Evil Emperor, and seize the Burial Furnace from him.

But with only his strength, it would be impossible. At this moment, Lu Chen transferred all his newly born companions to his side.

Though they had just given birth, and ordinary people would need some rest, Yun Yudie and the others were Ancestors of the Strange, and giving birth was like shedding a bit of skin to them, having little effect.

Seeing that Lu Chen had transferred them into the Tianyan Immortal Domain, exposing them to the Netherworld Evil Emperor, Yun Yudie immediately transmitted to Lu Chen, "Lu Chen, are you insane!!!"

Leaving aside that they needed rest after childbirth, this scoundrel of a man had exposed them to the eyes of the Netherworld Evil Emperor, wasn't this alerting the snake in the grass!

Yun Yudie and the others initially had the same plan as Immortal Emperor Youlan, which was to strike once Lu Chen engaged with the Netherworld Evil Emperor.

But Lu Chen gave them no chance to hide.

Ignoring Yun Yudie's words, Lu Chen gripped the Immortal Slaying Sword and disappeared from sight. In moments, his figure appeared below that mysterious sword.

The next moment, Lu Chen's body expanded tens of thousands of times, becoming as gigantic as half of the Tianyan Immortal Domain. Then Lu Chen wielded the Immortal Slaying Sword and shouted, "Sky Shaking Soul Slash!!!"

Unlike before when Lu Chen used the Sky Shaking Soul Slash, this time, as soon as the sword swung out, the Sword Qi of the Sky Shaking Soul Slash manifested instantly, and a blood-red Sword Qi fiercely collided with the mysterious sword in the sky.

Boom!!!

The collision of the two Sword Qis caused the Chaos Qi of the Chaotic Sea to surge, clearing all Chaos Qi around the Tianyan Immortal Domain from the resulting shockwave.

The mysterious sword launched by the Netherworld Evil Emperor quickly dissipated upon colliding with Lu Chen's Sword Qi. Before the Netherworld Evil Emperor could respond, Lu Chen's Sword Qi slashed onto the great golden eye of the Netherworld Evil Emperor.

The next moment, the voice of the Netherworld Evil Emperor reverberated throughout the Chaotic Sea, "AH!!! LU!!! CHEN!!!!"

"I WILL DISMEMBER YOU!!!!"

Originally waiting for Lu Chen to divert the Netherworld Evil Emperor's attention, Immortal Emperor Youlan, witnessing this scene, immediately released a mysterious aura from her body.

As Immortal Emperor Youlan released her aura, all the Mysterious Lives in the Tianyan Immortal Domain, including those suppressed below it, instantly sensed it, and their Mysterious Power resonated simultaneously.

Similarly, the Netherworld Evil Emperor outside the Burial Furnace also sensed the overwhelming mysterious aura from Immortal Emperor Youlan.

The Netherworld Evil Emperor suddenly realized, "Oh no!!!"

As the twisted and dark void, the Burial Furnace exuded a green ghostly light. The Netherworld Evil Emperor, standing before it, hastily mobilized his Mysterious Power to move the lid back into place.

Yet at that moment, strands of overwhelming Mysterious Power burst from the gaps in the cover of the Burial Furnace, preventing the Netherworld Evil Emperor from sealing it.

The rotting face of the Netherworld Evil Emperor darkened. How could he not understand what was happening at this point?

He said coldly, "Youlan!!! How dare you betray the Deceit Realm!!!"

Clearly, it was a setup. Immortal Emperor Youlan and the other female Ancestors of the Strange had been performing a charade. To dispel his doubts, they were willing to mingle with a human blood feast, even bearing offspring to Lu Chen, the human blood feast.

Immortal Emperor Youlan and her companions didn't respond to the Netherworld Evil Emperor. Instead, they attacked in unison, and a surge of Mysterious Power exploded outward, flipping the lid of the Burial Furnace instantly.

The next moment, all the female Ancestors of the Strange, including Immortal Emperor Youlan, burst out of the Burial Furnace. In the twisted void, without any words, they attacked the Netherworld Evil Emperor together, releasing all kinds of Magic towards him.

In an instant, the twisted void shattered into pieces.

At this time, Immortal Emperor Youlan and the others couldn't spare any thought for Lu Chen. After being trapped by the Netherworld Evil Emperor for countless years, they had to vent their anger.

Watching the wave-like surge of Mysterious Power approaching the Tianyan Immortal Domain, Lu Chen momentarily froze in mid-air.

At this moment, Xuan Qingyun, Xiyue Immortal Emperor, Yun Meng Immortal Venerate, and others appeared before Lu Chen. Xuan Qingyun said coldly, "Lu Chen, now is the time for you to fulfill your alliance agreement! Help us restore our memories immediately!"

After regaining his memories, Lu Chen understood everything, so he wasn't as hesitant as before, and he was actually pleased to see the internal strife within the Deceit Realm.

Lu Chen immediately employed the Nine-Turn Soul Forbidden Technique, and quickly, all the female Ancestors of the Strange had their memories unlocked. After regaining their memories, they rushed out of the Burial Furnace without paying any attention to Lu Chen.
