Gu Tao immediately stepped out from the Commander's lineup and saluted Lu Chen, saying, "Thank you, Master Lu, for valuing me. I will surely not disappoint Master Lu nor the Deceit Suppression Bureau!"

Upon hearing Gu Tao's words, Lu Chen replied with a smile, "I trust Commander Gu will indeed not disappoint the Deceit Suppression Bureau."

Seeing Lu Chen's smile and hearing his words, Gu Tao felt something odd, but couldn't tell if he was overthinking it.

Gu Tao then stood in front of the people Lu Chen had chosen, awaiting Prince Zhen Nan's appointment. But at that moment, the aura around Prince Zhen Nan suddenly erupted, a surge of Black Evil soaring skyward.

Feeling this terrifying aura, everyone present except for the senior members of the Deceit Suppression Bureau was stunned.

Then Prince Zhen Nan spoke to Gu Tao and the people behind him, saying, "Arrest all these people."

Upon hearing Prince Zhen Nan's words, the Deceit Suppressing Guards were once again stunned, looking at each other.

Weren't they supposed to form a new organization? Why are people being arrested now? What did these people do wrong? Why should they be arrested?

The Deceit Suppressing Guards all looked towards Fan Yaodong, as Fan Yaodong was originally the Commander of the Deceit Suppressing Guards.

Fan Yaodong sighed and said, "Follow Prince Zhen Nan's orders, arrest them all; they are traitors to the Deceit Suppression Bureau."

Upon hearing Fan Yaodong's words, Gu Tao and the others finally realized their identities had been discovered.

Gu Tao hurriedly said, "My lord, what do you mean by this? How could we be traitors?"

Lu Chen smiled and said, "Whether or not you're traitors will become clear after interrogation."

Gu Tao stared directly at Lu Chen and then said, "Is it just because Master Lu says we are traitors that we are traitors?"

"Accusing us of being traitors without any evidence—how can this convince anyone?"

At this time, Gu Tao looked at Prince Zhen Nan, "Prince Zhen Nan, we've been in the Deceit Suppression Bureau for many years, even if not meritorious, we've worked hard, shed who-knows-how-much blood for the Bureau, and in the end, Master Lu accuses us of being traitors, aren't you afraid the Deceit Suppressing Guards will be disheartened?"

Lu Chen said, "Commander Gu, it seems you won't shed tears until you see the coffin."

Speaking this, Lu Chen glanced at Gu Tao and those behind him and continued, "Haven't you noticed? Most of the people I picked come from the Heavenly Fate Sect."

Upon hearing Lu Chen's words, Gu Tao was horrified. He had actually noticed earlier that indeed many people were from the Heavenly Fate Sect, but at this point, he certainly couldn't admit it.

Gu Tao immediately said, "What Heavenly Fate Sect? I've never heard of this force."

Gu Tao, with only early-stage Profound Realm strength, knew very well: the dozens of them attempting to flee from the presence of numerous Earth Realm masters was near impossible.

So now the best strategy was to muddy the waters; if they're accused of being traitors without evidence, the other Deceit Suppressing Guards will surely worry they might suddenly be labeled traitors one day.

If Prince Zhen Nan wants to control the Deceit Suppression Bureau, he mustn't lose people's hearts; without them, the guards won't truly serve Zhen Nan Prince Manor.

But evidently, Gu Tao underestimated Prince Zhen Nan's decisiveness. As he was about to continue arguing, the spiritual evil aura from Prince Zhen Nan suddenly surged towards Gu Tao and the people behind him, pressing them to the ground, unable to move.

Prince Zhen Nan coldly addressed the Deceit Suppressing Guards from the Criminal Law Department, "Take them all for interrogation; I want intelligence on the Heavenly Fate Sect before sunset."

Gu Tao, pinned tightly by Prince Zhen Nan's aura, was entirely unable to move. He grit his teeth, trying to incite the group, but Prince Zhen Nan gave him no chance.

Seeing Gu Tao still wanting to speak, Prince Zhen Nan struck with his palm, a Palm Evil directly knocking Gu Tao unconscious.

After Gu Tao collapsed, the Criminal Law Department guards seemed to awaken from a dream, promptly acting to tie up all those Lu Chen had chosen, removing them from the Training Ground.

After the Criminal Law Department took away Lu Chen's chosen individuals, Prince Zhen Nan glanced at the present Deceit Suppressing Guards and spoke, "If you do not wish to be known, do not do; those who dare to side with the mysterious and work for them, once discovered by me, will only meet death."

"I will not wrong any good person, nor will I let go any vile one. You're surely wondering how I discovered they were traitors."

Upon hearing these words, the present Deceit Suppressing Guards focused intensely on Prince Zhen Nan, truly wanting to know how he identified the traitors, as they all seemed conscientious.

Prince Zhen Nan then looked at Lu Chen and said, "Lu Chen, tell them."

Prince Zhen Nan initially did not intend to reveal that Lu Chen possessed the Person Recognition Skill, but after considering, he realized exposing it would certainly deter those contemplating betrayal.

Moreover, Lu Chen had mentioned he couldn't completely confirm all traitors within the Bureau, suggesting some sellouts must be present without joining mysterious factions, which Lu Chen couldn't identify.

These individuals will eventually relay today's events to the mysterious, who will soon learn Lu Chen can identify traitors.

However, that's not the key issue; the key is the mysterious faction originally intends retaliation against Zhen Nan Prince Manor.

Even without Lu Chen possessing the skill, the mysterious won't spare him, so better to expose Lu Chen's skill upfront, thereby drawing out hidden enemies, easing the hunt for Earth Realm mysterious hiding spots.

Seeing Prince Zhen Nan instruct him to speak, Lu Chen realized it was to exploit his skill for deterring potential traitors within the Bureau.

So Lu Chen proactively stated, "The reason I could pinpoint them is simple: because I possess a Person Recognition Skill."

"Anyone betraying the Bureau, I can identify at a glance."

Upon hearing this, all present Deceit Suppressing Guards were stunned.

Is it really possible to determine if someone is a traitor?

Person Recognition Skill? What kind of magic is this?

How could a Spirit Martial Artist possess such a skill, sounding more like a Taoist Sect magic? Could Lu Chen have a Taoist Sect Honored Master?

At this time, Prince Zhen Nan reined in his aura, then glanced at the present Deceit Suppressing Guards, "That's all for today, everyone disperse."

As his voice fell, Prince Zhen Nan turned and headed for the Meeting Hall, with the senior members of the Bureau promptly following.

Back in the Meeting Hall, Fan Yaodong, confused, asked, "Prince Zhen Nan, you revealed that Master Lu possesses the Person Recognition Skill, aren't you worried

this news will leak? If the mysterious learn, they will surely try everything to eliminate Master Lu."

Upon hearing Fan Yaodong's question, Prince Zhen Nan replied faintly, "I was indeed quite worried before, but after thinking it over, the sealing of those five Earth Realm Stranges is closely related to our Lu family ancestors."

"Regardless of whether Lu Chen's Person Recognition Skill is exposed or not, those Stranges will inevitably retaliate against the Zhen Nan Prince Manor, and Lu Chen is my only child, so the Stranges will certainly try every means to target him."

At this moment, the Director of the Evil Suppression Bureau, Xiong Qingcang, said, "However, if the Stranges learn that Master Lu can use the Person Recognition Skill to identify traitors among humans, they will surely become more cautious, making it even harder for us to find those five Earth Realm Stranges."

Prince Zhen Nan said, "No, in order to eliminate Lu Chen as quickly as possible, they will act more frequently, and at that time, they will inevitably reveal their traces."

Upon hearing this, the senior officials of the Deceit Suppression Bureau thought for a moment and found some sense in it. If they could use Lu Chen as bait, the Stranges' actions would certainly become more frequent, allowing them to find clues to the hiding place of those five Earth Realm Stranges.

However, on the other hand, Prince Zhen Nan seems not to fear at all that his only heir is in danger.

If Lu Chen had not exposed his ability in the Person Recognition Skill, those Stranges would not be in too much of a hurry to target the Zhen Nan Prince Manor.

But now that Lu Chen has exposed his ability in the Person Recognition Skill, the Stranges will surely try every means to eliminate him in order to conceal their tracks.

In the days ahead, Lu Chen doesn't know how many assassination attempts he will face.

...

As Lu Chen had expected, although some people in the Deceit Suppression Bureau had not secretly joined other factions, they still became spies and informants for other powers.

The information about his Person Recognition Skill was known by certain forces in the Capital City within two hours.

Yun'an Princess Mansion.

Ji Yunmeng was dressed in a white long gown and sat gracefully on the soft couch. In front of her floated a purple Deceit Pearl, whose spiritual evil continually surged toward her body.

At this time, a multi-colored Black Evil was released from her body, enveloping the entire room. The maid at the door suddenly felt a sense of panic and fear.

At this moment, Xiao Qi's voice sounded at the door.

"Princess, there's intelligence from the Deceit Suppression Bureau."

Upon hearing Xiao Qi's voice, Ji Yunmeng immediately restrained her aura, and the Black Evil in the room disappeared without a trace.

The next moment, Ji Yunmeng's cold voice sounded from the room, "Come in."

Xiao Qi pushed the door and entered.

Ji Yunmeng looked at Xiao Qi and asked, "What happened in the Deceit Suppression Bureau?"

Xiao Qi replied, "Today, Prince Zhen Nan went to the Deceit Suppression Bureau and cleared out the traitors hidden within it."

Ji Yunmeng also had informants within the Deceit Suppression Bureau, but her informants were mainly those Deceit Suppressing Guards. Since those guards hadn't joined the Princess Mansion, Lu Chen couldn't identify them as having other identities, so her informants weren't affected at all.

Hearing Xiao Qi's words, Ji Yunmeng curiously asked, "How did Prince Zhen Nan find those traitors?"

Xiao Qi replied, "According to reports from spies, Master Lu seems to have a Person Recognition Skill. He glanced at the Deceit Suppressing Guards and identified the traitors among them."

This...

Upon hearing Xiao Qi's response, Ji Yunmeng was slightly stunned. She suddenly recalled the incident of clearing traitors from the Zhen Nan Prince Manor. The message at that time was that Lu Chen had merely glanced at everyone there and identified the infiltrators and spies hidden within the prince manor.

At that time, she had thought Prince Zhen Nan had already identified the traitors, handed a list to Lu Chen, and let him pick them out, as a strategy to boost Lu Chen's reputation in the Zhen Nan Prince Manor.

But now it seems that's not the case. Lu Chen indeed possesses a certain type of Person Recognition Skill?

If Lu Chen can identify the traitors in the Deceit Suppression Bureau, could he also identify the Stranges among humans?

If that's the case, finding those five Earth Realm Stranges would be much easier.

However, this would put Lu Chen in even greater danger as the Stranges would spare no effort to eliminate him.

At this point, Ji Yunmeng murmured to herself, "Person Recognition Skill... This seems like a Taoist technique..."

At this moment, Ji Yunmeng's heart filled with a trace of worry. If Lu Chen indeed possesses the Person Recognition Skill, controlling the Zhen Nan Prince Manor will be much harder for her once she marries into it.

After pondering for a moment, Ji Yunmeng rose directly from her bed with the intention of visiting the Deceit Suppression Bureau to assess the situation. Now that the traitors have been identified, it shouldn't be long before they discover how those Earth Realm Stranges escaped from the bureau.

...

Imperial Palace, Empress's bedroom.

Pei Shuhua lay languidly on the soft couch, her spies continuously keeping an eye on the Zhen Nan Prince Manor, and every action from the manor was under her control. Approximately every hour, spies would return with reports.

Thus, she was aware of the events of Prince Zhen Nan visiting the Deceit Suppression Bureau today and was very curious about how Prince Zhen Nan planned to reorganize the bureau.

At this time, a eunuch hurriedly entered the hall and knelt on the ground.

"Empress, the spy has reported."

Pei Shuhua said indifferently, "Speak."

"Prince Zhen Nan entered the Deceit Suppression Bureau and his first action was clearing out the traitors within it."

Upon hearing the eunuch's words, Pei Shuhua made an "oh?" sound, "Clearing traitors? I'm very curious how he managed to identify those traitors?"

The eunuch continued to report, "According to our informants, Lu Chen seems to possess a special form of magic that can discern who has betrayed the Deceit Suppression Bureau just by looking at them."

Upon hearing the eunuch's words, Pei Shuhua frowned slightly. Just by looking at someone, being able to identify who has betrayed the Deceit Suppression Bureau sounded somewhat like Qi Observation Skill.

This seems to be a technique from the Taoist Sect, but differs from traditional Taoist methods.

Could it be...

Pei Shuhua's heart had a speculation that this would be one of the abnormal skills mastered by Prince Zhen Nan.

The First Generation Prince Zhen Nan likely used this Person Recognition Skill to identify those Earth Realm Stranges.

Now this Person Recognition Skill has been passed down to Lu Chen, allowing him to identify those traitors.

If she could learn this abnormal skill, in the future she would know who is truly loyal to her and who only pretends to be.

Thus, her control over the court would be more solidified.

She believed Emperor Zhou would be very interested in this abnormal skill too.

However, even if she desired the skill greatly, she could not ask for it from the Zhen Nan Prince Manor immediately.

She would wait until the manor sealed the Earth Realm Stranges before attempting to gain this skill from Lu Chen.

With this thought, she said indifferently to the eunuch, "Continue to have our people keep an eye on Prince Zhen Nan. If he does anything else, report back immediately."

The eunuch respectfully said "Yes," then got up and left the hall.

Chapter 2283 - 1973: Zhou Youyou – Find Out Who the Zhen Nan Prince Manor Is Looking For

After the news spread that Lu Chen possessed the Person Recognition Skill, it quickly reached the ears of certain spies.

Not only were the members of the Royal Family watching Prince Zhen Nan's every move, but those spies were also keeping an eye on Zhen Nan Prince Manor.

The forces in the Capital city are complexly interwoven; as soon as one side receives a piece of intelligence, it is likely that other forces will soon learn about it as well.

Of course, this was mainly because Prince Zhen Nan had no intention of hiding the fact that Lu Chen possessed the Person Recognition Skill.

...

In the night, the moonlight was like water, casting a clear cold glow through the window as a figure stood by the window, gazing into the courtyard, seemingly waiting for someone.

At this moment, a woman dressed in Qingyi appeared inside the room.

Sensing someone behind him, the man by the window immediately turned around, kneeled, and greeted the woman, saying, "Greetings, my lady!"

The woman directly asked, "What has been happening recently at Zhen Nan Prince Manor?"

Liang Zheng immediately replied, "After Prince Zhen Nan took control of the Deceit Suppression Bureau, he cleared out all our people. Now, Prince Zhen Nan probably knows about the existence of the Heavenly Fate Sect."

Upon hearing Liang Zheng's words, Zhou Youyou asked in confusion, "How did Prince Zhen Nan find them?"

Liang Zheng replied, "Rumor has it that Lu Chen possesses a Person Recognition Skill which allows him to easily identify whether someone is a traitor; our people were identified with just a glance from him."

Upon hearing Liang Zheng's response, Zhou Youyou furrowed her brows slightly. To recognize the identity of the Heavenly Fate Sect's disciples with just a glance?

Would her identity be exposed if she infiltrated Zhen Nan Prince Manor?

If this is the case, how can she still infiltrate Zhen Nan Prince Manor? Wouldn't the task given to her by the Sect Hierarch be impossible to complete?

This Lu Chen poses a great threat to them and must be dealt with swiftly.

However, if he doesn't leave the Capital city, with Dragon Qi on him, the Heavenly Fate Sect can do nothing about him.

What should be done next? Zhou Youyou fell into contemplation.

Seeing Zhou Youyou silent, Liang Zheng tentatively asked, "My lady, what should we do next?"

Zhou Youyou snapped out of her thoughts, glanced at Liang Zheng, then asked, "Has Zhen Nan Prince Manor been recruiting any servants recently?"

Liang Zheng pondered for a moment and then said, "Ever since the last time Zhen Nan Prince Manor cleaned out their servants, they haven't recruited any new ones."

Zhou Youyou thought that trying to infiltrate Lu Chen's side is indeed not an easy task.

Moreover, she is very afraid of her identity being exposed; once her mysterious identity is revealed, given the combined forces of Zhen Nan Prince Manor and the Deceit Suppression Bureau, she probably won't be able to leave the Capital city.

Zhou Youyou thought for a while, then asked, "Does Lu Chen have any preferences or places he likes to frequent?"

Knowing Zhou Youyou wanted to get close to Lu Chen, Liang Zheng replied, "He used to enjoy listening to music at the brothel, but since the last time he was taken out of the Capital city by mysterious forces, he's been staying at Zhen Nan Prince Manor, barely leaving. If not for Prince Zhen Nan asking him to go to the Deceit Suppression Bureau to find traitors a few days ago, he probably wouldn't have left Zhen Nan Prince Manor."

Zhou Youyou suddenly felt that the task given to her by Yun Yudie was very difficult.

Lu Chen has Dragon Qi to protect him; within the Capital, he's unharmed. To bring him out of the Capital, there remains no way to approach him.

If it could lead him to leave the Capital willingly, it would be desirable.

However, now that Lu Chen is so important, it's unlikely that Prince Zhen Nan would let him leave the Capital easily.

For now, they can only take things step by step.

If push comes to shove, they'll have to use the method from last time and forcefully bring him out of the Capital.

Of course, if they resort to such measures, they will surely pay a huge price.

After all, the Earth Realm strong people in Zhen Nan Prince Manor are no pushovers; they will not let them take Lu Chen away so easily.

At this moment, Liang Zheng suddenly remembered something and said, "My lady, some time ago it seemed that Zhen Nan Prince Manor was looking for someone."

Hearing this, Zhou Youyou curiously asked, "Looking for someone? What kind of person?"

"Subordinates are unclear about the specifics, but it seemed they were all women being searched for."

Upon hearing this, Zhou Youyou immediately said, "Try to find out whom Zhen Nan Prince Manor is looking for."

Liang Zheng replied promptly, "Yes, my lady."

As Liang Zheng's voice fell, Zhou Youyou's figure vanished on the spot.

Seeing Zhou Youyou disappear, Liang Zheng rose from the ground and immediately began arranging people to investigate whom Zhen Nan Prince Manor was searching for.

...

Deceit Suppression Bureau.

After a day and a night of interrogation, the Criminal Law Department has mostly gathered all the information those spies can provide.

Inside the council hall, the Deceit Suppression Bureau's leaders were waiting for the Criminal Law Department's Deceit Suppressing Guards to report.

Fan Yaodong said at that moment, "I heard quite a few people died during this interrogation; they seemed to have been subjected to some curse, where opening their mouths to speak about anything mysterious would lead to spiritual evil backlash and instant death."

Prince Zhen Nan sat at the head position, hearing Fan Yaodong's words, he indifferently stated, "It doesn't matter how many died, as long as we manage to uncover some information."

Prince Zhen Nan had been following on the interrogation status by the Criminal Law Department; he knew many had died in the cells, but some still managed to open their mouths.

At this point, a middle-aged man in a Qingyi robe entered the grand hall.

This person was Director Dong Zhenghong of the Criminal Law Department. At this moment, Dong Zhenghong held a stack of dossiers in his hand, looking cheerful as if he had encountered something pleasing.

Xiong Qingcang directly asked, "Director Dong, did you discover anything? Judging by your happy appearance, you must have obtained quite a lot of information on mysterious matters, right?"

Dong Zhenghong replied, "Indeed, quite a bit of intelligence on the Heavenly Fate Sect has been extracted."

Upon saying this, Dong Zhenghong handed the stack of dossiers directly to Prince Zhen Nan.

Prince Zhen Nan opened the dossiers, flipping through them page by page.

After a moment, he handed the dossiers over to Fan Yaodong and said, "Take a look for yourselves."

Fan Yaodong and the others took the dossiers and perused them slowly.

As their gaze swept over the content on the dossiers, their expressions gradually turned solemn, becoming increasingly serious.

After a while, Fan Yaodong finally spoke, "It turns out the Heavenly Fate Sect is actually a sect founded by mysterious forces..."

Initially, when they heard about the Heavenly Fate Sect from Lu Chen, they thought it was an evil sect founded by humans to worship mysterious forces.

Unexpectedly, the sect itself was founded by mysterious forces.

Wu Feng commented at this time, "Even mysterious forces would establish sects; they are becoming increasingly similar to humans. This world is filled with sects founded by mysterious forces under our noses."

At this time, Zou Yi looked at the dossiers in hand and asked, "Why is there no intelligence on those five Earth Realm strange entities?"

Dong Zhenghong replied, "Those individuals seemed to be subjected to some curse so that when mentioned of the five Earth Realm strange entities, they burst open directly."

Wu Feng said, "This is troublesome. Without intelligence on those five Earth Realm strange entities, how can we locate where they are hiding?"

2284

Having children earns benefit, start competing for dominance in the world by marrying a wife

Prince Zhen Nan listened to everyone's discussion without saying a word.

The biggest problem now is how to find those five Earth Realm Strange.

Although Lu Chen can identify traitors, even if those human traitors are found, they can't provide intelligence about the five Earth Realm Strange.

After the high-ups of the Deceit Suppression Bureau discussed for a while, seeing that Prince Zhen Nan hadn't spoken, they stopped the discussion, and everyone's eyes turned to Prince Zhen Nan.

At this moment, Prince Zhen Nan snapped back to reality and said, "Since they have established a sect, it proves they have bigger ambitions, and as long as they have ambitions, they will eventually be exposed."

Prince Zhen Nan did not believe those Earth Realm Strange would always hide in remote areas. For the mysterious, humans are blood food, and if those Earth Realm Strange want to become stronger, they need more blood food, so they will certainly take action.

Upon hearing Prince Zhen Nan's words, the high-ups of the Deceit Suppression Bureau fell into deep thought. His words were not wrong. Since those mysterious beings established a sect, it indicates they have bigger ambitions and might indeed have major plans.

But this way, the Deceit Suppression Bureau is in a passive position, only able to defensively respond to those mysterious invasions.

If they can't quickly find those five Earth Realm Strange, then they might attack here today and there tomorrow. By then, the entire Dazhou would be in ruins, not knowing how many people would die.

After a while, Dong Zhenghong suddenly thought of something and said, "Oh, right, during the interrogation, we also found several spies from the Yellow Springs Sect. This Yellow Springs Sect, unlike the Heavenly Fate Sect, is a sect founded by humans."

Fan Yaodong said, "Yellow Springs Sect? I've heard of this sect somewhere."

Lu Yu reminded at this time, "A dozen years ago, the Yellow Springs Sect was active for a while but then suddenly disappeared."

Fan Yaodong said, "No wonder it sounds familiar."

Fan Yaodong looked at Dong Zhenghong and then asked, "How come there's no intelligence about the Yellow Springs Sect? Are they tight-lipped? Didn't get anything out?"

The documents they have are all about the Heavenly Fate Sect, as for the Yellow Springs Sect mentioned by Dong Zhenghong, there are no records.

Dong Zhenghong replied, "It's not that they're tight-lipped, it's just that these people are insignificant figures. The Yellow Springs Sect just placed them in the Deceit Suppression Bureau to gather some intelligence about the bureau and didn't have them do anything else."

Fan Yaodong said, "I wonder if this Yellow Springs Sect has any relation to those mysterious beings."

Just as Fan Yaodong finished speaking, a Deceit Suppressing Guard hurriedly entered the hall, saluted Prince Zhen Nan, and then said to him, "Prince, another case of an evil spirit slaughtering a village has appeared outside the Capital city."

Prince Zhen Nan had only recently taken over the Deceit Suppression Bureau, and he had been bedridden for some time. He wasn't very familiar with the evil spirit village massacres.

When he heard the Deceit Suppressing Guard mention the village massacre, he asked, "Evil spirit village massacre?"

Fan Yaodong immediately explained, "In the past year, cases of evil spirit village massacres have occurred in Dazhou's various counties, and what the evil spirits have done is very similar, always digging out human hearts."

After hearing Fan Yaodong's explanation, Prince Zhen Nan fell into deep thought. After a moment, he said, "Did you find the evil spirit responsible for this?"

Fan Yaodong replied, "No, there's no trace of evil qi left at the scene, and the Pursuing Evil Disc of the Deceit Suppression Bureau cannot function."

Prince Zhen Nan said thoughtfully, "Could the village massacres be the work of the mysterious?"

Upon hearing this from Prince Zhen Nan, the high-ups of the Deceit Suppression Bureau had a sudden realization. Why hadn't they thought of this before?

The mysterious are better at concealing their presence than evil spirits, so it's normal that the Pursuing Evil Disc can't find their traces.

However, they were somewhat puzzled: if it were indeed the mysterious, they should treat humans as blood food rather than just digging out hearts.

Fan Yaodong said, "If it's the work of the mysterious, the villagers' deaths should be very tragic. The mysterious kill to turn humans into blood food. They're unlikely to just dig out hearts."

Prince Zhen Nan glanced at Fan Yaodong and then said, "The aristocrats in the Capital city waste countless meals every day. It's the same for those mysterious beings. With so many people in Dazhou, the mysterious beings are not short on blood food. They might very well choose the body parts they prefer to consume."

Fan Yaodong was slightly taken aback, then said, "If what Prince says is true, and the village massacres are indeed the work of the mysterious, then the mysterious responsible must have high realms and thus be picky about their food."

At this time, Prince Zhen Nan looked at the head of the Investigation Bureau, Wu Feng, and said, "Next, focus on investigating the case of the evil spirit village massacre and see if we can find traces of the mysterious."

Wu Feng immediately said, "Yes, I will have the Investigation Bureau focus on the evil spirit village massacre case in a moment."

After Wu Feng finished speaking, Prince Zhen Nan stood up and said, "That's it for today. If there is anything, report to me immediately."

As he said this, Prince Zhen Nan suddenly thought of something, then looked at Dong Zhenghong, "Oh, send a copy of the document to the Zhen Nan Prince Manor later."

Dong Zhenghong said respectfully, "Yes."

Prince Zhen Nan said no more, and directly walked out of the council hall.

Zhen Nan Prince Manor.

In the garden, where the water flowed gently and the fragrance of flowers filled the air, Lu Chen sat upright in the pavilion, a purple Deceit Pearl floating in front of him, its spiritual evil continuously entering his body.

At this time, a maid came into the courtyard, "Princely Heir, the Deceit Suppressing Guards are looking for you."

Upon hearing the maid's voice, Lu Chen slowly opened his eyes, then stood up and went directly to the outer courtyard.

Upon arriving at the outer courtyard, Zeng Shuo approached Lu Chen with a wooden box and said, "Princely Heir, this is the intelligence obtained from the interrogation of those Heavenly Fate Sect agents yesterday, Prince Zhen Nan asked me to let you take a look."

Lu Chen took the wooden box, opened it, and glanced at the documents inside.

Lu Chen was not surprised at all by the fact that the mysterious would establish a sect.

He just took a glance, then put the documents back into the wooden box and said, "Strange, I seem to remember there was more than just the Heavenly Fate Sect, right? It seems another sect called Yellow Springs Sect also infiltrated the Deceit Suppression Bureau. Why is there no intelligence on the Yellow Springs Sect?"

Zeng Shuo replied, "The Yellow Springs Sect inserted insignificant people into the Deceit Suppression Bureau. They don't know much about the Yellow Springs Sect, and their main task is to provide the sect with some intelligence on the Deceit Suppression Bureau."

Lu Chen said, "I see."

Lu Chen then asked, "What actions is the Deceit Suppression Bureau planning next?"

Although Zeng Shuo has never revealed he is a Commander of the Deceit Suppression Bureau, Lu Chen knows he is a Commander.

Since he is a Commander of the Deceit Suppression Bureau, he surely knows some of its actions.

Zeng Shuo replied, "Princely Heir, Prince Zhen Nan has ordered the Investigation Bureau to focus on the case of the evil spirit village massacre, suspecting that it is related to those mysterious beings."
