

HAVING CHILDREN EARNS BENEFIT, START COMPETING FOR DOMINANCE IN THE WORLD BY MARRYING A WIFE

Chapter 2285 - 1975: If He Wants to Go, Let Him Go

Upon hearing Zeng Shuo's words, Lu Chen uttered a question, "Evil spirits massacre a village?"

He recalled reading a dossier about the village massacre by evil spirits some time ago; those evil spirits, after killing, only excavated the hearts.

The Deceit Suppression Bureau found no traces of evil spirits at the scene, nor did they detect any spiritual evil aura left by them.

At this moment, Zeng Shuo continued, "Prince Zhen Nan believes that since those evil spirits left no aura behind, it proves their concealment skills are very adept. Those capable of completely hiding their aura are mostly mysterious entities, so the village massacre might very likely be the doing of mysterious entities and potentially high realm mysterious ones at that."

Lu Chen inquired, "I heard mysterious entities, when killing, treat people as blood food, so the corpse is very tragic after death. But after the evil spirits massacred the village, they only excavated the hearts, without consuming any blood. It seems, by this logic, the village massacre might not be done by mysterious entities."

Zeng Shuo said, "Prince Zhen Nan's idea is, with Dazhou having a large population, mysterious entities no longer lack blood food, so they would choose their preferred parts to eat."

Lu Chen thought about it and found some sense in it. When people are full, they tend to have higher demands for food, mysterious entities should be the same; after all, mysterious entities are not much different from humans.

If the village massacre is indeed caused by mysterious entities, it indicates that a picky high-tier mysterious entity might have emerged near the capital city.

These high-tier mysterious entities cannot always hide in remote villages; they might be concealed within the capital city itself.

Once the ability to identify traitors spreads, those mysterious entities would surely worry that he could recognize their identity, thus they would eventually find ways to take action against him.

If he could stroll around more in the capital city, there might be surprises, with some high-tier mysterious entities unable to sit still, taking action against him.

This way, the Deceit Suppression Bureau could easily suppress and seal those mysterious entities.

It seems like he still has to return to his previous state, frequently going to listen to music at the brothel.

If he stays in Zhen Nan Prince Manor without giving those mysterious entities a chance, they won't be able to lure those mysterious entities out.

While Lu Chen was lost in thought, a hidden guard came in from outside and said, "Young Master, we've found some clues regarding the people you asked us to investigate."

Then the hidden guard handed the list to Lu Chen.

Lu Chen looked at Zeng Shuo and said, "You go deal with your own matters first."

Zeng Shuo then bowed to Lu Chen and turned to handle the dossier.

Immediately after, Lu Chen took over the list from the hidden guard and examined the information of those people on the list.

The people on the list were the names of the ancestors of the strange; Lu Chen glanced over the personal information on the list, which listed only five people, one of whom was Pei Shuhua, while the others were outside Dazhou's realm.

Lu Chen entered a deep thought.

The other four were outside Dazhou's realm, wanting dual cultivation with them isn't achievable for now.

Moreover, those few had high identities, with his current power, it's impossible to form a couple with them.

So the focus should now be on Ji Yunmeng, wanting to marry Ji Yunmeng first and foremost.

Once married to Ji Yunmeng, perhaps he could rely on the system to gain more rewards.

As for Pei Shuhua, Pei Shuhua being the Empress Dowager is not an easy task to pair with.

He must wait until he defeats the Empress Dowager's faction or becomes the strongest in Dazhou, only then could he possibly obtain Pei Shuhua.

Lu Chen then instructed the hidden guard, "Keep investigating to see if you can find more people from the list I provided."

The hidden guard saluted Lu Chen and said, "Yes, Young Master."

After the hidden guard retreated, Lu Chen planned to head to the Hundred Flowers Tower in the capital city.

Lu Chen summoned Zhao Yu and the other two, saying to them, "Next, I'm going to the Hundred Flowers Tower."

He intended to continue playing the role of a playboy to lure mysterious entities to act against him.

Upon hearing this, Zhao Yu and the two others were slightly taken aback.

Zhao Yu then said, "Young Master, you mustn't."

Lu Chen understood his concerns and therefore said, "If I remain in Zhen Nan Prince Manor without going out at all, not giving those mysterious entities a chance, then they will continuously hide in the shadows, making it difficult for us to find them."

At this time, Zhao Yu said, "But your hidden guards..."

Lu Chen replied, "Aren't you three here for protection? Moreover, within the capital city, with Dragon Qi protecting, no one can harm me."

Zhao Yu remained somewhat hesitant.

He knew that with Dragon Qi protection, it's very difficult for mysterious entities to harm Lu Chen.

But despite all precautions, just in case, if a mysterious entity managed to lead Lu Chen out of the Capital City...

At this moment, Lu Xun bowed to Lu Chen and said, "Young Master, allow me to inform the King of this matter."

Being the only child of Prince Zhen Nan, Lu Chen's safety must be prioritized at any cost.

Lu Chen knew that if his father didn't agree, then the three of them wouldn't let him leave Zhen Nan Prince Manor easily.

So he said, "Alright, go tell my father about it."

Upon hearing this, Lu Xun bowed to Lu Chen once again and his body turned into a residual shadow, disappearing from the courtyard.

Soon, Lu Xun arrived at Prince Zhen Nan's study.

Prince Zhen Nan, while browsing through several dossiers from the Deceit Suppression Bureau, saw Lu Xun enter his study, and asked, "Is there something about Chen'er?"

Lu Xun directly said, "My lord, the Young Master wants to go to the Hundred Flowers Tower."

Hearing this, Prince Zhen Nan was momentarily stunned but quickly reacted, saying, "If he wants to go, let him go."

Seeing how easily Prince Zhen Nan agreed, Lu Xun was slightly taken aback and then said, "My lord, what if he encounters mysterious entities at the Hundred Flowers Tower?"

Prince Zhen Nan replied, "With you three there, are you afraid you can't protect him?"

Lu Xun fell into silence.

Prince Zhen Nan then continued, "I have roughly guessed what Chen'er wants to do, he should be aiming to draw the mysterious entities out, you all go, rest assured, I will send someone to follow you. If anything happens, I will also promptly head to the Hundred Flowers Tower."

Considering Prince Zhen Nan's statement, Lu Xun had no choice but to salute and say, "Yes, my lord."

With those words, Lu Xun turned around and left the study.

Soon, Lu Xun returned to Lu Chen's courtyard.

Seeing Lu Xun return, Lu Chen asked, "How about it? Did my father agree?"

Lu Xun said, "The prince agreed."

Lu Chen then said, "Alright, let's head to the Hundred Flowers Tower now."

Afterwards, Lu Chen walked towards Zhen Nan Prince Manor's gate.

Watching Lu Chen's back, Lu Xun and the other two exchanged glances, each seeing the helplessness in the other's eyes.

At present, the surroundings of Zhen Nan Prince Manor are filled with spies from various forces; once Lu Chen leaves Zhen Nan Prince Manor, those spies will relay the news of his departure back to their respective factions.

Of course, Lu Chen is unafraid of his whereabouts being exposed, this effect is precisely what he desires.
