#### Chapter 151: Rebecca is Anxious

Rebecca was walking hastily on the street near her house. She was repeatedly looking at the watch on her wrist.

"I hope everything is alright," she muttered with an anxious look on her face.

"Why is his phone switched off? Sometimes it says unreachable..."

Rebecca got off her night shift later than usual, and it was around 8 AM in the morning. The food stalls and stores were opening at that time, so Rebecca thought she should buy something for breakfast for Rudy as they have been eating cereals with milk for the past week; sometimes, eggs too.

So Rebecca decided to call Rudy to not go to school and wait for her to come home. But much to her surprise, his phone was unreachable. When she tried again, it was switched off.

Sure, it wasn't a strange thing to happen, since they lived in a town where there were regular power outages and problems with cell networks. But Rebecca couldn't shake the feeling of uneasiness.

Most of the time, whenever Rebecca called Rudy— even in the middle of the night— to remind him of locking all the doors properly before sleeping, he would still answer the phone. And even if he didn't, the call still went through, reassuring her that he was sleeping.

Of course, there was also a chance that Rudy's phone simply ran out of battery and switched off, but She was aware of Rudy's habit to charge his phone overnight— which Rebecca hated.

She was worried that the phone may explode because of excessive charging, and she also had to worry about the electricity bill.

Besides, it was already 8 AM, and Rudy was always awake at that time to get ready to go to school.

Left with anxiousness, Rebecca had no other choice but to go home as soon as possible and check on Rudy.

After walking for a few minutes, Rebecca finally reached her home. She unlocked the door, threw her purse on the living room couch, and dashed upstairs to check on Rudy.

She noticed the door of his room was wide open, so she rushed in without knocking— although it wasn't as though she ever considered knocking.

The stiffened expression on her face softened up as she sighed in relief after seeing Rudy sleeping on his bed.

She walked to the bed to wake him up as he was already late for school, but she noticed Rudy wasn't wearing anything on the top. And his body was covered by the blanket.

'Is he sleeping naked again?' Rebecca asked herself and slowly moved her hand to the blanket.

She slowly pulled the blanket to his chest and tossed it on the side, only to see him wearing pants.

"..." For some reason, she looked a bit disappointed after seeing that.

'Now is not the time for that!' Rebecca shook Rudy and said, "Hey, Rudy! Wake up! You are late for school!"

Rebecca noticed Rudy's body was wet, so she placed her hand on his forehead to check if he had a fever, or something even more serious. But his body temperature was normal.

Rebecca sniffed Rudy's body and immediately covered her mouth as she felt nauseous.

'Why does he smell so bad?!'

Rebecca shook Rudy again and said, "Wake up!"

"..." Rudy slowly opened his eyes, but his vision was still blurry.

He rubbed his eyes and slowly sat up on the bed as his vision got a little clear. But his head suddenly ached, so he grunted in pain and held his head in his hand.

"Are you okay?" she asked with a concerned look on her face.

"Yeah, just a minor headache," Rudy said in a calm voice. "I was studying till late night, so that's probably why."

SIGH!

Rebecca looked at Rudy with a warm, motherly gaze and said, "Don't stress yourself. You know, I don't have anyone in this world except you. If something happens to you, I will have no reason to live."

"You say weird things sometimes, mom. It's just a headache. And don't worry..." Rudy grinned at Rebecca and said, "No matter what happens, your son is never going to let you be alone."

"...!"

"I promise you, I will always be there for you," Rudy asserted with a gentle smile on his face.

'I will always be there for you, I promise.' Rebecca's eyes widened after seeing that as she recalled a distant memory.

"Liar..." Rebecca muttered under her breath and walked out of the room after saying, "You should take a bath. You stink!"

"..." Rudy was left speechless, not by Rebecca's comment, but by what she said before that:

'Liar.'

"What does she mean by that?" Rudy wondered with a confused look on his face.

He then sniffed himself and muttered with a disgusted look on his face: "Why do I stink like that?"

"Wait..." Rudy raised his brows with a puzzled look on his face and glanced around the room. "How did I get here?"

"I brought you here," Angelica appeared in front of Rudy from his closet.

"First, tell me what you were doing in my closet?"

"Nothing." Angelica shrugged her shoulders and said, "I was strolling around the house and heard Rebecca's voice, so I came to check."

"How did you bring me here? I was at... Alice's house, right? And then I passed out...? I don't remember."

"Yes. And I carried you here."

"Carried me...? As in... all the way from Alice's house to my house?" Rudy asked with a baffled look on his face.

"Yes," Angelica nodded in response.

"How?"

"I carried you in my arms, just like a princess..."

"I don't believe you. No matter how you look at it, I am heavier than you. And even if you did manage to carry me, there is no way you carried me all the way... wait..."

After a brief pause, Rudy opened his mouth and said, "Thanks."

Rudy had no reason to not believe Angelica, and he knew that she would never lie to him.

After that, Rudy and Angelica went to the bathroom and took a bath.

### [Esper Harem in the Apocalypse](#)

#### **Chapter 152: Comforting Angelica**

Rudy washed his body first and took a dip in the bathtub to relax until breakfast got ready.

Surprisingly, Angelica didn't say a word to Rudy.

"So? What did you and Alice do after I left?" Rudy asked curiously.

"Nothing. We waited for you to come back, but you didn't. Then Alice tried to call you on the phone, but the call didn't go through, so we had no other choice but to wait."

"I have to buy a new phone too..."

"Alice eventually fell asleep as she also had a tiring day like you. Hours passed, but you didn't return, so even I was growing anxious." Alice bit her lips and continued, "At first, I thought you and Reina were having fun while Alice and I waited for your return, but I knew you wouldn't do something so cruel."

After a brief pause, Angelica said, "I wanted to go check on you myself, but then I thought, 'What if he comes back when I go to look for him?' And I didn't go."

"I remembered you warned me to not go anywhere without your permission, so I waited for you."

Angelica's eyes got teary as she said all that. Her cheeks turned red, implying that she was still flustered about last night.

She jumped and hugged Rudy tightly as she said, "I was so worried!"

Rudy hugged her back and stroked her head along with her hair. He felt her wet, soft body and kissed her on the neck before slowly moving upwards to kiss her on the cheek, and then on the lips.

After the kiss, Angelica looked into Rudy's eyes and asked, "So, where were you all night? And why did you stink so much?"

"Long story short, I took a bath in a volcano, got buried in the snow, got my brain fused because it overloaded, crashed into an airplane, and passed out."

Angelica squinted her eyes and said, "You made it too short."

"Fine~" Rudy groaned with a soft scoff and said, "Instead of wasting my time in telling and explaining it to you, I will simply show you everything."

"What do you..."

Rudy placed his hands on Angelica's head and shared his last night's memories with her.

"..."

"..."

Angelica gave a weird stare to Rudy after seeing all that.

"What's with that look?" Rudy asked. "And please don't tell me that I shouldn't have killed them."

"I wasn't going to. If you think they deserved to die, then so be it." Angelica shrugged her shoulders and said, "I don't really care. But why did you try to eat the lava?"

"Not eat, but drink," Rudy corrected Angelica with a grin on his face.

"Same thing!" Angelica wrapped her hands around Rudy's neck and said, "What if it had burned you?"

"I made sure of that before I drank it. Come on, I am not stupid."

"And what about connecting yourself to the satellites? They contain a large amount of data, and they are literally the reason why this world's people are connected with each other. You should have thought about it before doing that," Angelica commented with a judging look on her face.

"I agree that was careless of me, but I honestly didn't expect all the satellites to be working. But I guess that was something obvious, as they simply needed to reconfigure the satellites after the pandemic ended. But hey, I did get interesting data, so I guess it was worth it."

Rudy had realized that hacking into all the satellites of the world was something he couldn't do, just yet. But it wasn't as though there weren't other ways to access and gather information about the world.

However, honestly, Rudy wanted to stay out of worldly matters and live a peaceful life with his loved ones.

"The government is really foolish, huh? Why can't they understand that there are things they shouldn't mess with? What if another apocalypse occurs?" Angelica asked Rudy with an anxious look on her face.

Rudy kissed Angelica on the lips before saying, "We have nothing to worry about. I can crush anyone without even lifting my finger. In fact, they should be afraid of me, not some monster they might create one day."

Angelica had calmed down now. Thus, her pervy side had taken over her. She licked her lips with a slutty smile on her face and said, "Since you made me worry so much about you, can I get a reward?"

"Sure. I will give you a big, thick, and long reward that would surely satisfy you," Rudy said with a grin on her face.

He raised Angelica's hips and pointed his snake at the entrance of Angelica's cave.

"You are as wet as ever," Rudy commented and inserted the tip inside Angelica's cave.

KNOCK! KNOCK!

Suddenly, Rebecca knocked on the bathroom door and said, "Rudy! You better not have fallen asleep again!"

"I am awake. Mom," Rudy replied with a little flustered look on his face.

"Come out, fast. You are already late for school! And you still have to eat your breakfast!"

"Coming mom!"

Angelica stared at Rudy with a desperate look in her eyes and asked, "Are you going to cum?"

"Umm... sorry, but I will have to go." Rudy pulled his snake out of Angelica's cave and kissed her on the lips before saying, "We will continue it after you wake up, okay?"

Angelica was a little disappointed, but she knew Rudy had his own priorities, so she nodded and went inside Rudy's body to sleep after saying, "Good night."

"Good night."

Rudy wiped his body with the towel and wore his school uniform before leaving the bathroom in a hurry.

"Seriously, you have been acting strange lately," Rebecca commented.

"It's called puberty, mom," Rudy responded while eating.

"I didn't have time to make lunch for you, so I put \$20 in your wallet. Make sure to eat well, and study hard, okay?"

"I know, mom. Thanks for working hard for me every day." Rudy looked into Rebecca's eyes and said, "And thank you for raising me. You are the best mom in the world."

"..." Rebecca's face flushed a little, but she managed to keep her poker face on.

After eating breakfast, Rudy left for school and made his way to Alice's house.

"Why do I feel like I am going to meet the final boss...?" Rudy asked himself.

### **Chapter 153: Infiltration**

"I am late, but I am not that late..." Rudy muttered as he started running. "Only 10 minutes..."

'I can get to school if I teleport there, but I have to pick up Alice. But what if she has already left for school?' Rudy wondered.

"I don't have a phone, so even if she tried to contact me, her call wouldn't have gone through..." Rudy let out a weary sigh and muttered, "She might be thinking that I never returned after last night."

Rudy glanced around and jumped in the air at a high speed that cracked the street he jumped from. Of course, Rudy didn't see it as he was too focused on his thoughts.

"I should also visit Reina after school is over and tell her what happened last night. She is probably still oblivious about it, but she could have seen the CCTV camera footage in the morning."

Rudy landed near Alice's house and rushed towards the front door.

DING~! DONG!

Rudy rang the doorbell, but no one answered. So he activated his see-through ability and looked inside the house, only to find it empty.

He looked at the garage and noticed there was no car parked inside.

"..."

Rudy should have left after that, but he wanted to confirm something.

He teleported inside the house and glanced around the corner to make sure George hadn't installed any camera's inside.

Rudy didn't spot any cameras, but he used his electrification ability to make sure there weren't any hidden cameras.

After making sure everything was clear, Rudy stealthily made his way to George's room, which was said to be vacant as he was living in the guest room.

Rudy's gaze fell on the air conditioner that Alice said was broken.

"This will confirm my suspicions..." Rudy turned on the air conditioner using electrification, and it turned on normally.

Just to make sure, Rudy waited for a minute to see if it still worked, and as he had expected, there was nothing wrong with the air conditioner.

"What could be the reason George was lying?" Rudy asked himself. "As far as I have known, George is a cool dude who is always joking around."

"But well... I haven't met or seen him in years, so I can't say for sure. Besides... he lost the love of his life, so of course, he will be a little bitter..." Rudy muttered in a disdainful tone.

Rudy knew better than anyone how it was like to lose not one, but multiple loved ones. Deep down, he could sympathize with George and admired how he managed to move on.

However, Rudy still wasn't convinced as he hadn't found the reason why George lied about his broken air conditioner. Sure, there was a possibility that George had it fixed a day before, but still slept in the guest room for some reason. But, last night, when Rudy checked the electric signals of the guest room, he found out that the air conditioner wasn't turned on in the first place.

"I feel like I am doing something illegal. Well, I technically am, but I am doing this for a reason..."

Rudy glanced around George's room to see if he could find something suspicious, but the room was neat and clean. His gaze then fell on the closet, which was the only furniture in the room aside from the bed.

He walked to the closet, only to find it was locked.

"..."

Rudy searched for the key, but it seemed as though George had taken them with him.

"Not suspicious at all..." Rudy muttered. "Maybe he has important documents stored inside."

Rudy wanted to break into the closet and look inside, but that was too evil for him. He could do something simply based on his suspicions alone.

"Let's check in the guest room then."

After saying that, Rudy left George's room and entered the guest room. But as he was about to inspect it, he heard the sound of the car engine. Seemingly, George had returned home.

"Well, I will keep my eyes on him until my suspicion is cleared."

Rudy teleported to his school cubicle and casually walked out. But he noticed another student was taking a leak in the corner. So he decided to act normal and washed his hands before walking out of the washroom.

Rudy looked at the clock in the hallway and sighed, "I am 25 minutes late. I wasted too much time in Alice's house, and didn't even find any clue."

Rudy hastily made his way to his classroom, only to see the new male teacher was distributing the test results.

"..."

"May I come in, Sir?" Rudy asked in a calm voice.

Everyone turned to Rudy with a shocked expression on their faces, but Alice didn't look shocked.

'What happened...?'

"Yes. Come in, Rudy..." the teacher nodded.

Rudy sat on his sea beside Alice and smiled at her, but Alice, of course, turned her face to the side in anger.

"..."

Rudy kept staring at her, knowing well that she would eventually look at him.

"Rudy," the male teacher called out to Rudy.

Rudy stood up and said, "Yes?"

"Take your results..."

'Well, I already know I have scored 100/100.' Rudy walked to the teacher's table and grabbed his answer sheet, but the result wasn't as he had expected.

"72!?" Rudy raised his brows in confusion and looked at the teacher, who was busy distributing the results to the other students.

"Sir, there has been a mistake. I have scored full marks," Rudy said to the teacher.

"Everyone says that when they don't perform as they had expected. But honestly, you have done better than I expected," the teacher responded.

"Who is the first in the class?" Rudy asked curiously.

"Alice with 92 points," the teacher responded.

"And who scored the top in this subject?" Rudy asked curiously.

"No. There is a girl in class B, and she has scored full points."

"..." Rudy went back to his seat and checked the answer sheet. He wanted to know why his one point was deducted.

"Oh..."

### [Esper Harem in the Apocalypse](#)

#### **Chapter 154: Wrong Answers**

The subject of social studies.

Rudy checked his answer sheet and found he had lost 28 points even though his answers were correct. But he still read his answers to make sure he hadn't made any mistakes such as inserting the wrong date, or number.

However, everything was correct.

'Why did I lose points even though my answers are correct?' Rudy asked himself before glancing at the teacher, who was almost done distributing the results to the entire class.

Rudy waited for the teacher to finish before asking him as he didn't want to interrupt the class. Once the teacher was done, Rudy raised his hand and called out to him.

"Sir, can I ask why my points were cut even though I have written the correct answer?" Rudy asked in a calm voice.

"What do you mean? You have written wrong answers," the teacher retorted in an annoyed tone.

"But they are not wrong, Sir." Rudy furrowed his brow and said, "Why don't we confirm it?"

SIGH!

The teacher pointed his finger at Alice and said, "Why don't you compare your answer with Alice, who has scored the most in the class."

"Fair enough..."

Rudy glanced at Alice, to see her looking at him with a troubled expression on her face.

'Why is her face telling me that I am in the wrong here?' Rudy thought.

He took Alice's answer sheet and compared the answer, and sure enough, Alice's answer was completely different.

'Her answer is wrong....' Rudy was getting confused.

Why would the teacher cut Rudy's points for writing the right answer and give Alice points for writing the wrong answer? Unless, of course, Alice's answer was right.

However, Rudy was having a hard time believing it, as he was sure his answer was correct. He took out the textbook from the bag— for the first time— and opened it to see the answer. And sure enough, the textbook had a different answer too.

'What's going on?!'

Rudy had lost 28 points because of 7 wrong answers, 4 points for each.

The first and the second questions were about the economy of the world, and Rudy wrote the answer based on his past life knowledge. However, this world's economy was different. Hence, Rudy's answer was wrong, and he lost 8 points.

The third, fourth, and fifth questions were about the geography of the world, and Rudy answered them based on his past life knowledge. Thus, he lost 12 more points.

The sixth and the seventh questions were about politics and history, and Rudy answered them wrong too.

"..."

Rudy couldn't help but facepalm after realizing that, and he felt stupid. But it wasn't his fault. He never had time to open the books, nor did he get any time to study.

He could have still answered them right if he knew about the test, but he didn't. Furthermore, on the test day, Rudy was going through a lot and his mind was occupied with thoughts about Alice since he had accidentally kissed her.

However, that was the only subject Rudy could have messed up since history, politics, economy, and geography could change and could be different in another world. However, science, mathematics, and literature subjects would never change, no matter the world.

'Now I am surprised how I scored 72 points despite that...' Rudy thought to himself and glanced at Alice, who was staring at him with the same expression on her face. Seemingly, she had realized that and she wanted to warn Rudy, but it was too late as he had already called the teacher out.

Rudy turned to the teacher with an apologetic look on his face and said, "I might have mistakenly read the old syllabus."

The teacher shook his head in disbelief and said, "I used to think you were one of the few role model students in the school, but I guess I was wrong, after all."

"..."

"Just because you can score good points, doesn't make you an ideal student."

"..."

The teacher shook his head in disbelief and turned around before saying, "The rest of the results are pinned on the notice board at the end of the hallway. As for your report cards, they will be given after the sports week ends, and to claim that, you must bring your parents with you on that day."

After saying that, the teacher left.

'Where did that newbie teacher go? I am already missing him...' Rudy uttered inwardly.

DING~ DONG!

Soon after, the bell rang and the period changed.

"Psst~ Psst! Rudy!" Eric whispered to Rudy from the side.

"Hmm?"

"Whatchu smokin bruv?" he asked.

"Uhh... I am not...?"

"Then what was all that?" Eric asked curiously.

Rudy looked at Eric with a serious look on his face and said, "let me tell you a dark secret about this world."

"Oh?" Eric's curiosity piqued.

"Ever since we are born, we are labeled to do something. We grow up, go to kindergarten, and then go to elementary school, middle school, high school. After that, we are told to go to university where we think our life would get better once we graduate, but it doesn't. Even after we graduate, we have to look for jobs everywhere, and once we get a job, our life as a slave begins. It doesn't matter what job you get at what post; even if you are the boss, you are a slave to work. We spend half of our lives studying, and the rest of our life working. There is no shortcut to success. That's why, we should live our life to the fullest whenever we get time," Rudy asserted in a solemn voice.

"..." Eric heard all that, and he got lost in his thoughts. After a brief silence, he said, "What you said is completely obvious to everyone, but it still hit hard. I wonder why...?"

"I wonder too..."

In truth, What Rudy just said to Eric was told to him by his girlfriend— Elise, in his past life. And after hearing that, Rudy had changed his perspective on life and enjoyed everything.

The lectures ended one by one and the recess time came closer.

Rudy and Alice kept shooting glances at each other from the corners of their eyes, as though they both were waiting to get some alone time together.

### [Esper Harem in the Apocalypse](#)

#### **Chapter 155: Unusual Roleplay**

DING~ DONG!

The ring echoed in the entire school, and the classes were filled with noise

Recess has begun, and the students rushed out of the class to go to the canteen, so they could get the special item on the dish before they ran out of stock.

Eric quickly approached Rudy and said, "Let's go!"

"Uhh... you go. I don't feel like eating," Rudy responded.

"Yeah, you are acting strange today. What's wrong? Ate something weird?" Eric asked curiously.

"No. Just woke up on the wrong side of the bed," Rudy replied with a soft scoff, seemingly trying to ease up the mood in the conversation.

"Well, I will go eat those cherry buns for myself then," Eric said with a grin on his face,

After saying that, Eric left the classroom, leaving Rudy alone with Alice.

Alice and Rudy glanced at each other from the corners of their eyes and kept staring at each other. Rudy wanted to jump on her and kiss her lips, but he wasn't sure if he should do that or not.

'I don't know if Alice is still angry about last night...'

Rudy wanted Alice to say something, but after realizing that Alice was thinking the same, he sighed and tapped on Alice's shoulder.

But, Alice didn't react.

"Excuse me, pretty girl," Rudy said with a grin on his face.

Alice turned to Rudy and asked, "What?"

"I want a favor from you, if you don't mind."

"What is it?"

"You see..." Rudy closed his distance from Alice and brought his face closer to her face. "I think my girlfriend is angry at me."

"Is that so?" Alice squinted her eyes and asked, "Do you know why she is angry at you?"

"Because she thinks I ignored her last night and kept her waiting on me, but that's not the case. What should I do to make up with her?" Rudy asked in a calm voice.

"Hmm~" Alice hummed in amusement and asked, "Why do you want to make up with her?"

"Because she is my girlfriend, and I don't want her to ignore me," Rudy shrugged.

"You ignored her, so she is taking revenge and ignoring you in return. Am I right?"

"No." Rudy shook his head and said, "I didn't ignore her. I was busy cleaning some trash from this world."

"I see. So why don't you just wait for your girlfriend to talk to you?" Alice suggested.

"I can't do that. I want to hear her call my name. I want her to hug me, kiss me, and look me in the eyes before telling me how much she loves me," Rudy said with a gentle smile on his face.

"Does she really have to say that?" Alice asked curiously.

"Yes. Because I love her."

"Then why don't you say the same thing to her as well?" Alice asked. "I am sure your girlfriend is not looking for an apology, and nor do I think that she is ignoring you."

"Then why isn't she talking to me? Is she mad at me?"

"Quite the contrary. I think she is just feeling sad because she was lonely all night, thinking about you, waiting for you to return." Alice made eye contact with Rudy and continued, "She is not angry, she is just feeling lost."

"Umm... any tips on how I can cheer her up?"

"Why don't you ask her yourself?"

"That's a little..." Rudy wrapped her arms around Alice's neck and pulled her closer. Their lips were almost touching, and if either of them moved, even a little, they would end up kissing.

"What is it?" Alice asked with an alluring gaze in her eyes.

"I forgot what I was going to say..."

"Oh? That's not a good sign, is it?" Alice asked with a grin on her face.

"I don't know..." Rudy responded without breaking eye contact with Alice.

"Don't you think you are a little too close? What about your girlfriend?"

"Well, she is not here right now, so..."

"But what if she sees you? Are you trying to cheat on her?"

"Maybe...?"

"You shouldn't do that. She is bad..."

"It's all your fault, miss. Your eyes are so pretty, and your voice is so sweet. And your skin..." Rudy caressed Alice's cheek with his hand and moved his finger around her face.

"Your skin is as soft as cotton, and your scent is captivating. It's your fault. So please... take responsibility."

"I..."

Alice's gaze fell on Rudy's lips that were trying to touch her lips.

"I can't... I have a boyfriend..." Alice said as locked her eyes with Rudy.

"That's perfect then." Rudy licked his lips and said, "Let's cheat together."

"I am not a bad girl~"

Rudy leaned in and pressed his lips to Alice's lips. Of course, Alice kissed back and wrapped her hands around Rudy's neck. They pulled each other close while Rudy placed his hands on Alice's cheeks, and Alice played with Rudy's hair.

After exchanging a few passionate kisses, they stopped and looked into each other's eyes. And without saying anything, they started kissing again.

Rudy slowly moved his hands from Alice's face to her chest and placed them on her breasts. Alice didn't mind it and kept kissing Rudy like there was no tomorrow.

She was sucking out his saliva while using her tongue to taste Rudy's mouth. That showed Rudy how desperate Alice was for his love and attention.

Rudy let Alice play with his mouth while he copped the feel of her breasts. He wanted to feel and pinch her erect nipples, but the blazer Alice was wearing over the uniform was blocking the feel.

Rudy slowly moved his hand to the middle to unbutton the blazer, but Alice stopped kissing him and grabbed Rudy's hand. He thought Alice didn't like it and wanted to stop him, however, Alice surprised him when she moved Rudy's hand under her uniform, so he could have the direct feeling of her marshmallow-like breasts.

Then, Alice started kissing him again. However, that didn't last long because a few of their female classmates suddenly entered the classroom.

### [Esper Harem in the Apocalypse](#)

#### **Chapter 156: Getting caught?**

Alice and Rudy were so lost in kissing that they didn't pay attention to their surroundings. They forgot that they were in a classroom with its door open for anyone to walk in. And even if no one walked in, they could still be seen from the doorway if any student or teacher passed through the hallway.

In all that, a group of their female classmates was coming towards the classroom as one of the girls forgot her money in her bag.

Sure, Rudy had super senses, and he could hear if someone was approaching them, but he always shut off his senses and powers whenever he was doing things with his girls, as he didn't want to accidentally hurt them.

But that wasn't the only reason why Rudy didn't notice a group of his classmates was coming their way. He could have still heard the sound of footsteps if Alice wasn't covering his ears with her hands.

She was holding his head while covering his ears and used them to pull Rudy close to her as Rudy played with her breasts.

When the group of five girls walked in, Rudy immediately teleported to the school's terrace with Alice.

"....!" The first girl stopped in shock as soon as she entered the classroom.

"What's wrong?" the second girl asked.

"I just saw someone sitting in Alice's chair..." the first girl answered.

"Huh? There is no one. Are you hallucinating or something?" the third girl scoffed.

"No. I swear I saw a shadow suddenly disappearing as soon as we entered the classroom..." the first girl muttered in confusion and started doubting herself.

"Maybe it was the wind or something?" the fourth girl wondered. "The windows are open, and the sunlight is directly passing through."

"Yeah, that might be it," the second girl seconded. "I think you just saw the shadow of the curtain moving or a bird that flew past the window."

"Yeah... I guess that makes sense..." the first nodded in agreement.

"Haven't you heard of the rumor that has been going around in this school, though?" the fifth girl, who has been staying quiet all this time, finally spoke.

"What rumor?" the second girl asked curiously.

"I am not sure, but the boys were talking about it," the fifth girl responded. "Apparently, they have been hearing noises coming from the cubicle in the boy's bathroom during breaks and free periods."

"What type of noises?" the third girl asked.

"They said there were muffled moans and soft grunts," the fifth girl replied.

"Moans and grunts...?" the fourth girl squinted her eyes and uttered, "Is this what I think it is?"

The first girl turned to the fourth girl and said, "You watch too much porn. Stop it."

"I don't!" the fourth girl retorted and turned to the fifth girl. "So, did they ever try to check the cubicle?"

"They did, but it was locked. So they tried to peak in, and..." the girl paused to create suspense.

"And...?" the rest of the four girls looked at the fifth girl with curious looks on their faces.

"And it turned out to be empty."

The second girl shrugged her shoulders and said, "I think I know what that sound was."

"What?"

"Sometimes, when the air is passing through the empty pipelines, they make weird sounds that sometimes resemble moans, grunts, howls, and whistles. It's a completely natural phenomenon, but some people mistake it as a paranormal case," the second girl stated nonchalantly as though she had researched the topic thoroughly.

While what the second girl said was true, in that matter, she was wrong, because the moans and grunts were indeed of Rudy and Angelica.

It was when Angelica first learned to make herself visible to others, and since she was in a physical form, her moans could be heard by everyone.

"Enough of all that!" the third girl yelled. "Grab your purse and let's go. We haven't eaten yet, and if the lunch break ends, I am going to break my friendship with you."

"You are as intense and sensitive as always," the fourth girl sighed.

The first girl walked to her desk and grabbed the purse from her bag. However, she couldn't but glance at Alice's desk.

'It was only for a split second, but... I saw it. I am not sure if my eyes were playing tricks on me or not, but I saw it... I saw Alice and Rudy making out...'

"What are you waiting for?!" the third girl called out to the first girl.

'But how can they disappear all of a sudden?' she wondered. 'I am surely seeing things. Why would Rudy and Alice make out? Rudy already has Rias, but I wonder why she hasn't come to school even after three months. And no one seems to mention her as well.'

After that, the girl left with her friends, but didn't forget to glance at Alice's desk before leaving.

Meanwhile, Alice and Rudy were intensely making out on the school's terrace.

When Rudy teleported to the rooftop, Alice was surprised to find herself in an open area. It took her a while to comprehend everything, and Rudy told her how he saved them from getting caught.

"Do you think they saw us, though?" Alice asked Rudy with an anxious yet curious look on her face.

"I don't think so." Rudy shook his head and answered, "As soon as I saw the shadow from the group, I teleported. And let's just say even if they saw us, no one would believe them."

Alice squinted her eyes and pulled Rudy's cheeks before saying, "What was that in the classroom?"

Rudy grinned and said, "I have no idea what you are talking about, miss."

"Is this what they call 'roleplay'?" Alice asked curiously.

Rudy's grin vanished as he heard that.

"How... do you know that word...?" Rudy asked while stuttering.

Alice was an innocent girl who didn't even know about masturbation, so it was highly unlikely that she would know about the roleplay.

"After you left last night, Angelica told me a few of her sex sessions with you..."

"No shit..."

Rudy realized that leaving Alice alone with Angelica might be his biggest mistake ever.

#### **Chapter 157: On Rooftop With Alice**

"What else did Angelica tell you?" Rudy asked curiously.

"She told me how you like to tease her during sex, and how you sometimes purposely stop moving to make her desperate..." Alice said with a knowing look on her face.

"That's... true. And I will do that to you too once our relationship turns intimate," Rudy said with a grin.

A few seconds later, Rudy asked, "Did she teach you something? Or told you to do something to tease me?"

Alice shook her head and said, "No..."

However, Angelica had indeed told her a few things to try when Rudy messed with her before, during, or after sex.

Rudy squeezed Alice's breasts and said, "Do you want to...?"

"No."

"Not going to lie, I was expecting to hear yes as the answer as you were so desperate last night..." Rudy remarked.

"Well, I was. But that's because I used to think I can't relieve myself. But then you told me about masturbation so..." Alice paused and glanced at Rudy with a flushed face.

"So... you masturbated?" Rudy asked with a judging look on his face.

A few seconds later, Alice quietly nodded and said, "I had to."

"Details please."

"As you know, I was feeling horny last night after remembering what we did in the pool, so I called you. Then you started licking my... pussy and made me more horny. But then you went somewhere and never came back," Alice said the last sentence with a glare in her eyes.

"Sorry about that," Rudy said with an apologetic look on his face.

"You left me horny in the middle of the night, alone with a ghost who is also a pervert. Then she started telling me about her sex sessions with you, and that made me even more hornier! Do you have any idea how that feels?!" Alice asked with a furious look on her face.

"I do, actually. And I experience that every day, and it's 100 times worse than what you feel," Rudy responded with a straight face.

After noticing Rudy wasn't grinning, Alice realized that he was telling the truth.

"Seriously...?" she asked with a shocked expression on her face. "That sounds painful."

"It is."

"No wonder you are always so desperate to get the girls on the bed," Alice commented.

"How rude. I only go for the girls I love." Rudy kissed Alice on the lips and continued squeezing her breasts to get her in the mood.

"After you left, I eventually fell asleep while waiting for you. Angelica also seemed lonely. However, when I woke up, she was gone. I didn't think much of it, as I assumed she became invisible again. Then, I went downstairs, but dad had already left."

'Yeah, and he came back... wait, now that I think of it, I don't know what work George does...'

Rudy wanted to ask Alice about that, but he didn't want to ruin the steamy moment they were having, so he decided to ask her when they go home.

"I made breakfast, ate it, and then went to take a bath. There... I masturbated..." she said in a low voice.

"Oh?" Rudy raised his brow with an amused look on his face and asked, "What did you think of?"

"I..." Alice's face flushed, but she continued, "I imagined your dick going in and out of my pussy..."

"How did it feel?" Rudy asked curiously.

"It felt good..."

"How many fingers did you use?"

"Only one..."

Rudy grabbed Alice's hand and intertwined his finger with hers before saying, "Your fingers are so thin."

"Well, I am a girl," Alice shrugged.

"Imagine something thick and long going inside your pussy. Imagine how good it would feel?"

"..." After a brief silence, Alice squinted her eyes and said, "This won't work on me."

SIGH!

Rudy let out a groan with a sigh and started kissing Alice again. Alice, of course, kissed back and enjoyed the pleasure.

After a few kisses, Alice stopped Rudy from kissing her and looked him in the eyes before saying, "But If I ever feel extra horny, I will call you, and then, we will do it."

"Don't treat me like a call-boy."

"What's that?" Alice asked with an innocent look on her face.

Somehow, Rudy didn't doubt Alice's obliviousness.

"Am I a dirty girl now?" Alice asked curiously.

"Of course not."

"But I masturbated thinking about you. I imagined something indecent. How does that not make me a bad girl?"

Rudy couldn't help but scoff at Alice's innocence. He kissed her on the lips and pulled her soft cheeks before answering, "99% of teenagers, I think even adults masturbate thinking about their crush and fantasize about doing dirty things to them. While we are already lovers, it's not wrong if you think about doing things with me. I also think about that all the time... oh!"

Rudy let out his inner thoughts in the heat of the moment.

"..." Alice squinted her eyes and stared at Rudy with a judging look on her face. "I already knew about this since you told me how you wanted to see your dick in my mouth, but it still feels weird hearing that coming from your mouth."

"Honestly, never in my wildest dream had I thought that I would see my dick in your mouth and between your boobs. Our date was amazing, not going to lie. And it could have been better if George hadn't come home last night," Rudy sighed.

Alice moved her hand to Rudy's crotch and touched his snake from over his pants.

"...!" Rudy was surprised, but he let Alice continue because he wanted to see what she does.

Alice rubbed her hand on Rudy's snake while staring into Rudy's eyes, and made it hard. Then, she licked her lips and said, "Since we haven't eaten lunch yet. Do you think you can let me drink your fresh cream?"

"Sure," Rudy replied instantly.

Alice grinned and unzipped Rudy's pants. But at the same time, the door of the rooftop opened, and someone walked in.

"..."

Rudy quietly grabbed Alice and jumped on the water tank that was the highest spot in the school.

Alice and Rudy looked at the door to see who interrupted them, but they were shocked to see who the person was.

### [Esper Harem in the Apocalypse](#)

#### **Chapter 158: Lonely Lover**

When things were about to get heated on the rooftop, the door suddenly opened and Rudy took Alice on top of the water tank where they waited for the person to come into sight.

However, the person turned out to be none other than Rize.

"What is she doing here?" That was Rudy's first thought as soon as he saw Rize.

The school's rooftop was a restricted area for students and the door was always locked. Only the staff had access to the key, so it was natural for Rize to come there.

The real question was why was she there? Surely, no one would come to the school's rooftop for no reason. Unless they planned to do something.

Sure, there was a chance that Rize was simply on patrol duty, but that made no sense as the door was still locked.

Rudy couldn't help but feel a little anxious after seeing Rize.

Alice realized that after looking at Rudy's face, but she was still confused about Rudy and Rize's relationship.

Rize glanced around everywhere to make sure no one was looking at her. Then, she took off her blazer and unbuttoned the first two buttons of her shirt.

"The fan of my desk has been broken since last week, and they are not fixing it even when I informed them a couple of times..." Rize sighed and waved her hand to fan herself.

She then took out a small towel from her purse and wiped her sweat. Then, she walked to the washbasin in the corner of the rooftop and washed her face.

The washbasin was used to plug the pipe and water the trees and plants on the rooftop.

After washing her face and hands, Rize took out another small towel and wiped herself clean.

She then took out a water bottle from the bag and drank a couple of sips while spilling some.

"Aah~ That felt good~" she said with a satisfied smile on her face.

After that, she sat on the bench and took out a lunchbox from her bag.

"..." Rudy couldn't believe his eyes. 'She was eating alone all this time? Or is it because the fan of her desk is not working?'

Rize started eating her food, and Rudy could tell that she was enjoying every bite of it.

Most of the time, Rudy ate lunch with Eric in the canteen, where Eric sometimes paid for Rudy's lunch. Sometimes, Rudy brought lunch from home, so he shared it with Eric. But Eric always ate out and ordered food even when he was at home because his mother was rarely home.

Alice, on the other hand, always brought food from home that she cooked with breakfast, but sometimes she also brought leftovers from dinner. Thus, she never had to go to the canteen and always ate lunch with her female friends.

However, on some rare occasions, when Eric was absent, or Alice's friends had other plans, Rudy would eat lunch with Alice.

Of course, Alice's friends always invited her for their plans, but Alice would always turn them down as she had a strict schedule for everything.

"This is not the first time I have seen her eating alone..." Alice said to Rudy. "Even in the staff room."

"Huh?" Rudy turned to Alice with a surprised look on his face and asked, "Are you telling me that Rize has always been alone?"

"Well, as you know, Rize is an intern teacher, and she is only 22 years old. While the rest of the teachers are over their forties. But a new young teacher did come, although I doubt Rize has the intention to be friends with him," Alice stated while looking back and forth at Rudy and Rize.

"I had no idea..."

"I mean, it's not as bad as you think, you know? There is nothing wrong with eating alone, and some even prefer to eat alone. In fact, Rize is the type of person who would want to eat alone."

"That's not true. Look at her face, she looks so lonely..."

Alice squinted her eyes and said, "You did tell me you kissed her and also plan to add her to your harem."

"Yeah."

"I am still not convinced, though," Alice remarked with a judging look on her face. She glanced at Rudy from the corner of her eyes and said, "She doesn't seem to be the type of person to love someone. She is always so strict and scary."

"I used to think the same...." After a brief pause, he continued, "Until, she kissed me that day and I never saw her again."

"If she truly loves you, why does she always call you out and punish you?" Alice asked curiously.

"That's her way of describing her love for me..."

'Simp...' Alice recalled the world Angelica taught her.

Rudy shot a glare at Alice and said, "You do know that I can read your mind, right?"

Alice averted her gaze and said, "You shouldn't be offended if I am wrong."

"Yeah, right..." Rudy let out a weary sigh and watched Rize eat her lunch.

"I will visit her every day during lunch now," Rudy decided.

"So you are choosing her over me to have lunch with?" Alice asked. "Just because you saw her eating alone, and now you sympathize with her?"

"No. I am just using this perfect chance to earn brownie points from her," Rudy asserted in a neutral tone. "I already know that she loves me, so I have to make her realize her feelings before six months."

"Was she killed after six months?"

"No, but that's when her life changed. I have to make her realize her feelings for me, so she doesn't go to that party where her parents sell her. And even if she goes there... no, actually, I want her to go there."

After a brief pause, Rudy frowned his face and uttered, "Because that's where I will meet that piece of shit, and believe me... I hate that guy more than anyone else in this world."

The lunch break eventually ended and Rize left in a hurry.

Rudy and Alice didn't get a chance to do anything, and they didn't even eat.

The rest of the lectures ended and soon, school was over. Alice and Rudy went home together, and Rudy decided to ask her the question he had been meaning to ask since the lunch break.

"Say, Alice, What does your father do for a living?"

### [Esper Harem in the Apocalypse](#)

#### **Chapter 159: Asking Alice About George**

"Hmm?"

"What does your father do? Like where does he work at? What's his occupation?" Rudy asked the same question many times but phrased them differently so Alice could understand better.

"I am... not sure. He comes home at the same time every day, and he spends weekends off. Sometimes, he gets a call from his work, so he leaves at night and comes back the next morning. So I guess he is doing a regular salary job?" Alice responded with a question.

'I can't blame her for not knowing since everything changed after her mother's death. But if George was really a salaryman before, there is no way the company would have given him a year-long break. So he must have changed jobs after that.'

Rudy expected to hear an answer from Alice, so his suspicion of George would get cleared. He didn't want to think that George was related to something big. But now, the only way to find that out was the look into the closet.

'I can't break the closet for obvious reasons, but what if I make Alice open the closet? Surely, that's not something strange and she should know where the keys are. Unless, of course, George takes the keys with him.'

"Say, Alice. Did you ever notice anything strange about George?" Rudy asked in a neutral voice to not show his feelings behind the question.

"Define strange. Because for me, everything is strange, you know?" Alice shrugged.

"Like in the car when we went on a date. I believe he was acting strange."

"Was he?" Alice wondered with a confused look on her face.

Alice couldn't tell that as she has been familiar with George's actions, and most of the things he did was normal for Alice.

'This topic is not going anywhere. I should talk about something else before it gets more awkward than it already is,' Rudy uttered inwardly.

Rudy noticed an empty bench in the park and said, "Want to sit there for a bit and chat?"

Alice squinted her eyes at Rudy and said, "Are you trying to do something to me?"

"Not really. We will just kiss for a while and leave," Rudy replied casually.

"Then my answer is no. I am not kissing you in public."

Rudy got behind Alice and hugged her from the back.

"...!" Surprised, Alice tried to break free from Rudy's grip, but Rudy was too strong for her.

"What are you doing?!" she asked.

"I am just recharging myself with your smell." Rudy sniffed Alice and said, "Your scent is so nice."

"Let me go, you pervert!" Alice yelled.

At the same time, the first girl— who had forgotten her purse in the classroom during the lunch break— was passing by the street and saw Rudy cuddling Alice from behind.

"..." She furrowed her brows and muttered, "Is he really hugging her, or are my eyes playing tricks on me?"

She squinted her eyes to look clearly, but her eyes soon widened when she saw Rudy not only hugging Alice from behind, but he was touching her breasts too.

"Is he cheating on Rias...?" the girl uttered in disbelief. After watching Rudy and Alice for a few seconds, the girl left.

"Hmph! And here I thought he was an innocent and kind boy," she said while leaving.

Alice got angry at Rudy and crushed his feet with her feet. But of course, Rudy didn't feel anything.

"If you don't let me go on the count of three, I will hate you."

Rudy immediately let go of Alice after hearing that as he didn't want Alice to hate him, even in his wildest dream.

However, he turned around and hugged Alice from the front, causing her face to twitch in anger. But she wasn't angry because she didn't want Rudy to hug her, she was angry because Rudy was acting like that in a public park, where everyone who was passing by was looking at them in disbelief.

Luckily, none of them knew Rudy or Alice personally so it wasn't as bad as Alice was making it out to be. Rudy was acting like that because he wanted Alice's attention.

"You didn't look at me when we were talking. Are you still angry about something?" Rudy asked Alice.

"Of course, not. Why would you think that?" Alice asked. "If I was truly angry at you, I wouldn't be letting you touch me, you know?"

"Then why weren't you looking at me when we were talking? You always make sure to look at me when we talk, so it felt really weird to see you talking to me like that," Rudy stated and finally let go of Alice.

He placed his hand on Alice's cheek and rubbed his thumb on her lips. Then, he smiled gently at her and used that chance to kiss her on the lips.

Usually, Alice would have pushed him back since he was kissing her in public, but she didn't want Rudy to misunderstand her again, so she let him kiss her.

After the kiss, Rudy whispered, "I love you."

Alice couldn't take it anymore and hugged Rudy tightly.

Rudy hugged her back and asked, "What's wrong? You are acting weird, and I know it. Is something bothering you?"

"I am worried," Alice said in a muffled voice.

"Worried about what?" Rudy asked with a curious yet confused look on his face.

"Worried about you."

"Me? Why would you worry about me? I mean, yeah, it's normal for a girlfriend to worry about her boyfriend, but... well, I am not normal."

"That's not it..." Alice hugged Rudy even tighter and pressed her breasts against his chest before saying, "Sometimes, you act like a different person."

"..." Rudy finally realized what Alice was talking about. He placed his hands on her shoulders and looked into her eyes before asking in a calm voice: "Is it about that I said on the rooftop?"

Alice quietly nodded without saying anything.

"I already told you that I am not the Rudy you once knew."

### [Esper Harem in the Apocalypse](#)

#### **Chapter 160: Mess With Me, And I Will Mess You Up**

"I already told you that I am not the Rudy you once knew. I am... not the same kind and naive Rudy. I have changed. People change. My powers have changed me, or perhaps they gave me a reason to change. Maybe I was always like this."

"..."

"But Alice, I am the same Rudy you love, and that's not going to change. I will be kind with you and my loved ones, and cruel with my enemies," he added.

Alice finally made eye contact with Rudy and opened her mouth to say, "Always remember; be kind but not weak, be strong but not rude, be humble but not timid, be proud but not egoist, and at last, be confident but not arrogant."

"Wow... that was... deep and meaningful..." Rudy uttered. "And why does it feel like you already had this quote planned?"

"Because you were the one who said it to me," Alice responded.

CRACK!

After hearing that, a scene flashed before Rudy's eyes for a split second, but he couldn't see it properly.

'What was that?' Rudy wondered. He placed his hand on his chest and clenched a fist in frustration as he thought, 'And why do I suddenly feel angry and sad at the same time?'

"Are you okay?" Alice asked with a concerned look on her face.

"Yeah," Rudy replied with a smile on his face

After that, Rudy and Alice walked home while talking about various things.

Rudy noticed at George's car was parked, meaning he was home, so Rudy didn't try to kiss or hug Alice. He also felt the disturbance in electric signals, seemingly the camera was turned on and working.

After dropping Alice at her home, Rudy walked to his house. But open reaching there, he noticed there was a truck parked in front of his house.

"..." Rudy rushed to his house and asked the man, who was standing near the open truck. "May I help you?" he asked in a calm voice.

"Uhh..." the man looked at Rudy and asked, "Does this house belong to miss Rebecca?"

"Yes. And I am her son," Rudy responded and looked at the brand name on the truck. "Did mom order something online? I doubt."

Rudy activated his see-through ability and looked inside the truck to see the interior belongings of the house. He recognized a few things inside and immediately figured out what was going on.

'So it's from Joe's apartment,' Rudy uttered inwardly. 'Mom did say they will start moving their stuff over the week.'

"Can you please call your mother? She has to sign the letter so we can start moving the stuff into the house," the man said in a calm voice. "We tried ringing the doorbell, but it's not working. And I even tried knowing one the door, but no one responded. Is your mother currently not home?"

'She should be sleeping as I came home as soon as the school hours ended instead of loitering around.'

"Yea, she is not home." Rudy grabbed the paper from the man's hand and said, "I will sign here in her stead. You can start moving the stuff."

"But the process is on the name of—" before the man could even finish what he was saying, Rudy, pulled a pen from his bag and signed the paper.

"..."

He then handed it to the man and said, "Don't worry, everything that belongs to her is mine, including herself. I am her son, after all."

"..." the man was left baffled after hearing that, but he assumed he heard wrong.

However, Rudy once again didn't think of what he said and simply blurted it out without thinking of the consequences.

Rudy walked to the front door and took out the key from his pocket. After unlocking the door, Rudy first entered the living room and went straight to Rebecca's room to check on her.

She was sleeping on the bed with her body covered with a blanket.

"She is usually awake by this time, but I guess she was extra exhausted today as she also came late from her work." Rudy smiled after looking at Rebecca and said, "I will let her sleep and take care of the stuff."

Rudy left Rebecca's room and went outside, to see the two men had already started emptying the truck. However, something was wrong.

"Wait a minute, why are you guys placing everything on the street? You have to take everything inside too," Rudy said to the two men.

"No, we are supposed to leave everything outside. That's what we are told," the man replied.

Rudy raised his brow with a knowing look on his face and said, "Read the 13th point of the letter I just signed. It's clearly written that you have to drop everything inside the house."

The man took out the letter from his pocket, and Rudy was indeed telling truth.

'How did he read the paper so fast? He only signed it in like 3 seconds. There is no way he actually read the entire thing in 3 seconds, right?!' the man panicked.

"What's wrong?" Rudy asked with a judging look on his face. "Could it be that you are illiterate and you can't read?"

The man grabbed the pen and scribbled on the 13th point of the letter.

"My manager must have forgotten to cut this point in a hurry," the man said in an arrogant tone and resumed emptying the truck.

'His attitude suddenly changed after I told him that mom is not home. He probably wanted to trouble mom. Thank fuck I came home early.'

Rudy wanted to call Joe and confirm if the contract was to leave the stuff outside the house, but Rudy didn't have his phone and even then, he was sure that Joe would never want to leave the stuff outside as he knew Rebecca couldn't possibly carry them in.

SIGH!

Rudy let it slide as he wanted them to go as soon as possible, so he waited for them to empty the truck entirely.

Once they were done, they left.

However, they were trying to trouble Rebecca, so he wasn't letting them go so easily.

He punctured all the truck tires, so when they traveled far enough to the main street, the tires would run out of air and they would be stuck with four punctured tires.

"Mess with me, and I will mess you up," Rudy murmured.

After that, Rudy used telekinesis and carried everything inside without breaking a sweat.
