Esper Harem in the Apocalypse

Chapter 81: Pervy Angelica*

"Fuck me..." Angelica said with a mischievous smile on her face.

"No," Rudy turned her down with a straight face without even thinking about it.

"Why not?!" Angelica furrowed her brows and said, "You were going to r*pe me anyway, right?"

"I wasn't. And it's not like I don't want to fuck you, but it's about time for mom to come wake me up, and I don't want her to catch me humping the bed."

"But that's what makes things more exciting, right?" Angelica asked with a grin on her face.

Rudy shook his head in disbelief and uttered, "You and your fetishes. Where is my innocent Angelica?"

Angelica puffed her cheeks and said, "Why do you keep saying that? Did you like the old me more?"

"It's not like that. But the old you was innocent, while the current you is.... A pervert. Besides, why do I think that you were like this before you died?" Rudy asked with a curious look on her face. "Do you remember anything? It's been a week since I saved you from the tunnel."

Angelica shook her head and said, "I don't. And I don't think I was like this before I died."

Rudy raised his brow with a curious look on his face and asked, "Why is that?"

"When I met you, I was like a newborn baby. They grow up and turn into how they were raised. If they grew up in a toxic environment, there is a high chance that the baby would be toxic too," Angelica said with a shrug.

Rudy realized what Angelica was trying to say, but he didn't want to hear it.

"Don't you dare say what you are going to say next," Rudy uttered with a glare in his eyes.

Angelica smirked and continued, "So the reason I am a pervert is that you made me like this."

Angelica pointed her finger at Rudy and said, "You are to blame."

Rudy stared at Angelica in disbelief and muttered, "That might be true..."

"Now, let's fuck."

"Let's not. I don't want to get caught."

Angelica furrowed her brows and said, "You have so many superpowers, so can't you fix that damn door?!"

"I can, but I won't."

"Why not?" Angelica asked curiously.

"Well, many events happened in this room after Lucy and Joe moved in. And the broken lock of the door was a trigger to a lot of them. I don't want to change those events..."

"Those were precious memories to me..." Rudy muttered in a disdainful tone.

"Then how about you use telekinesis to keep the door closed?" Angelica suggested.

"I shut off my powers when I am having sex," Rudy stated.

"Why?"

"Just as you can't hold your moans, I can't control my powers during sex. Imagine me cumming in your cave and accidentally blowing up the house."

"Nope." Rudy shook his head and uttered, "I don't want to see that."

"And that's one of the reasons why I get caught by mom because I have all my senses turned off," Rudy added.

Angelica squinted her eyes and said, "You know, instead of wasting all this time talking, you could have fucked me."

Rudy's face twitched in anger after hearing that since it was Angelica who kept asking him questions.

He plunged his snake inside Angelica's cave and started pounding it crazily.

"Anh~!"

Angelica's cave warmly welcomed Rudy's snake and squeezed it from all sides.

"Mnh~ Why does sex feels so good? I can do it all day and night and still want to be fucked by you. I think I have gotten addicted to sex..." Angelica uttered while moaning.

"Well, I always knew you were a sex addict."

Rudy humped Angelica for a while, but as he was about to fill up Angelica's cave with his cream, he heard footsteps approaching the door.

"Rudy. Wake up it's—"

Rebecca walked into Rudy's room, and she was left baffled to see the room was empty.

"Where did he go...?"

When Rudy heard the footsteps, he immediately teleported to the bathtub in the bathroom with his snake still inside Angelica.

"Are you okay?" Rudy asked with a concerned look on his face since Angelica had warned Rudy last time not to teleport her when she was outside his body.

Angelica nodded and said, "Surprisingly, I don't feel anything."

The only thing that could hurt Angelica was the sudden distortion in reality. Since Angelica was a spirit bound to Rudy, when Rudy teleported, he switched from one plan to another, causing Angelica's body to deform.

"Maybe it didn't hurt because we simply teleported a few meters?" Rudy wondered.

"Or maybe because of this....?" Angelica gazed between her cave and saw her cave and Rudy's snake connecting.

"Wow. Your perviness has no limits."

KNOCK! KNOCK!

"Rudy? Are you there?" Rebecca asked from the other side of the room.

"Yes, mom," Rudy replied.

"I didn't know you woke up early."

"Yeah, I am going out with Alice today, remember?"

"Yeah, okay. Come fast. Breakfast is ready." Rebecca's voice faded away as she said that, seemingly walking away from the door.

Rudy glanced at Angelica to see her grinning at him.

"What?" Rudy asked.

"She said 'come fast', so 'cum fast'."

Rudy held the urge of face-palming himself and continued railing Angelica.

After filling her up with his cream, Rudy took a quick bath and ate breakfast with Rebecca.

Then, Rudy teleported to the water park— although it was 9 AM in the morning.

"I will get the tickets. Because if I came with Alice, she would insist on paying. And I don't want her to pay on our first date," he asserted.

RING~ RING!

Rudy looked at his phone to see it was from Alice. He picked up the call with a smile on his face, thinking he would hear Alice's cute voice in the morning, but he heard something heartbreaking in her cute voice.

[Rudy. You haven't gotten ready yet, right?] she asked in a panicked voice.

"Umm... no..." Rudy was more than ready.

[Good.] Alice sighed in relief and said, [Listen, we can't go today.]

[Esper Harem in the Apocalypse](#)

Chapter 82: Visiting The Water Park

[We can't go today,] Alice stated in a panicked voice.

"Why not? Is everything okay?" Rudy asked in a calm voice.

[Yeah...] Alice sighed and said, [The thing is, when I asked you to go to the pool, I had asked my dad to buy tickets.]

"But they don't sell tickets in advance unless you buy them a day before..."

[Yeah. He was supposed to go buy it yesterday, but today when I asked him about the tickets, he said he forgot to buy them.]

[Stupid dad!] she yelled at her father.

"But we can buy tickets after reaching there, right?" Rudy wondered.

[No. The park is always full, and you can't buy tickets after 9 AM. It's already too late...] Alice said in a low voice.

Rudy could easily feel the sadness behind Alice's words.

"Well, we can go tomorrow, you know?" Rudy suggested.

[Can...we?] Alice asked hesitantly. [Are you free tomorrow too?]

'I am free almost all the time!'

"Yeah, I am. So let's go tomorrow, alright?"

[Okay! Thank you so so much! I will send my dad to buy tickets today!]

"Uhh.. about that. There is no need for that. I am going to the next city today, so I will buy them on the way."

[....]

After a brief pause, Alice asked, [Why would you go there?]

"My mom remarried. I told you about it, right? So I am visiting their house today," Rudy replied.

[Ummm... I forgot to ask this when you told me about this, and I was a little scared too. But... are you perhaps planning to move out of town to the next city?]

"No, of course not. And even if I was, that wouldn't stop me from meeting you every day or coming to school."

[... don't say things like that on the phone. Now I miss you more than I already was!]

"Isn't that a good thing?" Rudy grinned. "You can kiss me all you want tomorrow when we meet."

[Of course, I will. So better get your lips ready for me.]

A few seconds later, Alice said, [I will pay you back for the ticket tomorrow when we meet.]

"There is no need to. I am paying for it," Rudy retorted.

[But I—]

"No buts. And if you truly want to pay be, then pay me back with your love," Rudy remarked.

[You...! I will eat your lips tomorrow!]

After saying that, Alice hung up the call.

Rudy sighed and muttered, "What should I do now? Since I am already here, I might just meet Reina and see how she is doing."

As Rudy was walking, Angelica came out of his body and stood in front of him with puffed cheeks, as though she was angry about something.

Rudy raised his brow and asked, "What's with that face?"

Angelica pouted even more as she said, "You always talk kindly with Alice. But you never talk to me like that."

Rudy squinted his eyes at Angelica after hearing that and said, "Whenever I talk with you, you always turn the conversation into something pervy."

"And who said I am not kind with you? I always give you head pats when you are sucking me off, right? And I also play with your boobs. That's an act of kindness," Rudy smirked at Angelica.

It was a rare chance for Rudy to tease Angelica, and he wasn't missing that.

"HMPH!" Angelica hugged Rudy's arm and said, "Let's go."

Rudy chuckled after seeing Angelica acting like that.

'So she can also get jealous, huh?' Rudy wondered. 'But to be honest, I am a little relieved. She is acting like a normal girl in love would.'

Rudy entered the water park and went to the ticket windows, but of course, it was closed since it was past 9 AM.

"What are you going to do now?" Angelica asked with a curious look on her face.

"Well... I can call Reina and ask her to let me in..." Rudy muttered.

Rudy took out his phone and called Reina, but he couldn't get through the call because his phone was out of credit.

"Hashtag lame..."

Rudy activated his see-through ability to look for Reina. He first gazed at Reina's office since Rudy expected her to be there. But she wasn't.

"There is no one around... no security either...." Angelica glanced around and muttered, "Why don't you just go in?"

"Look in the corners. There are CCTV cameras. And there is a guard too..." Rudy uttered without moving his lips.

Confused, Angelica looked around, but she couldn't see the guard.

"Where is the guard?"

"He is shitting in the cubicle..." Rudy face-palmed himself and murmured, "I wanted to see Alice in a swimsuit, not a guard chucking a shit."

In the end, Rudy decided to wait until the guard finished his deed.

Then, Rudy called out to the guard and said, "Can you call the manager?"

'She is also the manager, right? I don't know if she appointed someone new or not...'

The guard inspected Rudy from his head to toe and said, "If you are here to beg, then go somewhere else."

"What did you say?!" Angelica yelled at the guard, but obviously, no one could hear her.

"Don't worry. He just said it because of my clothes," Rudy mumbled quietly.

Rudy was expecting Angelica to laugh when the guard commented on Rudy's appearance, but he was genuinely surprised to see her get angry.

'She always enjoyed it when I got in trouble, but I guess you can't predict the actions of a ghost in love...'

"I know the manager. Just call her out," Rudy said in a calm voice.

"Heh! There is no way someone like you can know Madam Reina. She is an angel, and you are just a pebble," the guard laughed out loud.

'Normally, I would have let the guard's comment slide. But he is going too far.' Rudy furrowed his brows and thought, 'If it weren't for Reina's water park, I would have had some fun with him.'

"What are you waiting for?" the guard shooed Rudy with a hand gesture and said, "Get out of here before I kick you out."

[Esper Harem in the Apocalypse](#)

Chapter 83: Dealing With The Annoying Guard

"Why aren't you doing anything?!" Angelica shouted at Rudy. "He has been insulting you since you talked to him."

"It's best to ignore people like him. The more you worry about them, the more pitiful you feel," Rudy uttered without moving his lips. But he then added, "That's what I would have said in my past life because I didn't have the courage to talk or fight back to the people."

'But not anymore.'

Rudy wanted to let the guard's behavior slide, but there was a reason he couldn't.

Currently, the guard was supposed to guard the water park, but he was doing a lackluster job on that. Not only that, his behavior could drive out potential customers, which was a bad thing for Reina.

'People like him shouldn't be near places like this. But I guess Reina would have hired him because he was charging less or something.'

"Can you call the manager?" Rudy asked for the last time.

The guard frowned his face and uttered, "Get the fuck out of here, you beggar!"

Rudy scoffed out loud and smirked, "Make me."

"You piece of shit—!"

The guard dashed at Rudy, or so he wanted to. But he tripped because his pants fell down. Then, he got up, pulled his pants, and looked at Rudy to see him recording everything on his phone.

"Smile~" Rudy said with a grin on his face.

Of course, Rudy pulled off the guard's pants using telekinesis.

When the guard tried to dash at Rudy again, Rudy tied the shoelaces of both shoes with one another, causing the guard to fall again, but this time, flat on his face.

The man grunted in pain as he rolled on the ground.

Rudy shot a glance at Angelica and asked, "Did I go too far?"

Angelica shook her head and said, "I don't think so."

Rudy saved the video on his phone and decided to upload it on the internet once he got home and connected to the neighbor's Wi-Fi.

"What's going on?" a familiar voice rang in Rudy's ears.

Rudy looked at the entrance to see Reina standing there, wearing a proper outfit suitable for a manager— a suit.

"I heard someone yelling the curse words, so I looked at the monitor and saw—" Reina stopped when she noticed Rudy.

"Rudy?!" she exclaimed. "What are you doing here?! I couldn't see your face because your back was facing the camera and..."

The guard got up and wiped the blood coming out from his nose. Then, he pointed his finger at Rudy and said, "Madam Reina. This man suddenly attacked me and tried to enter the water park. I tried my best to—"

"You are fired!" Reina asserted with a straight face.

"Madam?" the guard uttered with a baffled look on his face, seemingly trying to comprehend the situation. He couldn't believe his ears and eyes.

"I said you are fired! Get out now!"

The guard glared at Rudy and left while walking awkwardly because his shoelaces were still tied together.

Reina turned to Rudy and asked with an anxious look on her face: "Are you okay?"

"Yeah..." Rudy was also surprised.

"I watched the footage and saw the guard yelling and insulting you for no reason. And yet, he had the audacity to lie and blame everything on you..."

"Well, you are the one who hired him," Rudy shrugged.

Reina shook her head and said, "I didn't. One of the workers here brought him. And we really needed a guard, so I hired him."

Rudy patted Reina's head and said, "Be careful next time."

"...!" Reina's face flushed for obvious reasons.

But when Rudy realized it, it was already too late. He looked at Angelia to see her staring at him with a judging look on her face.

'I head patted Reina without thinking because she acts like a kid...'

A few seconds later, Reina came back to her senses. She shook her head and took a deep breath before looking at Rudy.

"So, what brings you here?" she asked with a curious look on his face.

"I came to check up on you... I mean, how you are handling the water park. But I guess you are doing good." Rudy let out a weary sigh and uttered, "That was a lie. I had plans with someone, but it got canceled because of the ticket."

"Oh! Then you should have just called me or something. I would have arranged extra tickets for you and your friends.." Reina uttered with a sigh.

"It's okay. The plan has changed tomorrow."

"Oh! That's great news. The ticket window for tomorrow's tickets opens in the evening. But you don't have to buy them, obviously," Reina scoffed.

"Why not? And if you plan to give them for free, then I won't take them." Rudy squinted his eyes at Reina and said, "That's bad business. You can't give special privileges to friends or family in the business."

"To be honest, I knew you would say that." Reina grinned at Rudy and said, "Are you free today?"

Rudy shrugged his shoulders and responded, "Kind of..."

"Great!" Reina rejoiced and said, "Actually, I need your help."

"Pool cleanings again?" Rudy scoffed.

"No." Reina shook her head and said, "One of the lifeguards couldn't make it today due to some emergencies, so do you think you can...?"

"Sure." Rudy nodded and said, "And in return, you will be giving me tickets?"

"Yeah, but that would be like I am underpaying you because the price of two tickets is 10\$, while I pay 5\$ per hour to the lifeguard."

"To be honest, I think you are charging way too less," Rudy remarked.

"But if I set the price low, more people would come, right?"

"What? No. Change that mentality. And you shouldn't use this in the Waterpark business. Even if you set the price to \$1, people who don't want to visit the waterpark wouldn't miraculously come here."

After a brief pause, he added, "Those who want to come here will come here. It's as simple as that."

"..."

Rudy patted Reina's shoulder and said, "We will talk about this later."

Rudy changed his outfit to the lifeguard's outfit and sat on the highchair to watch over the pool.

"This is a great job. Nothing can go wrong here..." Rudy muttered.

"Rudy? Is that you?" someone called out to Rudy.

Rudy looked down to see the principal of his school, standing and looking at him with a shocked expression on his face.

"Are you going against the school's rules and doing a part-time job?!" he asked.

[Esper Harem in the Apocalypse](#)

Chapter 84: Anthony

"Rudy?! What are you doing here?!" the principal asked in a loud voice.

"...!"

'What is he doing here?! This is so random!'

Rudy was freaking out because he was caught doing a part-time job when it was against the school rules.

Meanwhile, Angelica was also confused, but she was confused for another reason.

"Who is he?" she asked.

It was Angelica's first time seeing the principal, and she had no idea who he was.

Of course, Rudy had no time to reply to Angelica because he was thinking of an excuse.

"Uhh.."

"Firstly, get off the chair," the principal ordered.

Rudy jumped down the lifeguard chair and landed beside the principal.

"Whoa! Be careful! This is a waterpark; there is water everywhere. You should be cautious even while walking, and you are jumping here," the principal scolded with a furious look on his face.

'He is such a tsundere...' Rudy thought.

"Your mother— Rebecca doesn't have anyone beside you. What would she do if something happened to you?"

"Sorry, sir."

SIGH!

The principal sighed and placed his hands on Rudy's shoulders. Then, he said, "Listen, I don't need your sorry. I am just asking you to take care of yourself. You have a bright future waiting for you."

"I will be careful, Sir." Rudy nodded and turned around after saying, "Well, then. See you at school."

"Wait a damn minute!" the principal tightened his grip on Rudy's shoulders and said, "Where do you think you are going? I asked you a question."

'What was I thinking? There is no way I can fool the principal himself!'

Rudy turned to the principal and said, "I am not working part-time here, Sir."

"Oh?" The principal looked at the lifeguard's chair, and then he looked at Rudy's lifeguard clothes.

"So..." he pointed his gaze at the clothes and asked, "What's this?"

"It's not a part-time job if I don't get paid for it, right?"

"..."

"I am not doing this for money. I am doing it because I want to," Rudy replied with a proud face.

"Why... would you want to do that?" the principal asked with a confused look on his face.

"The manager-slash-owner of this place is a friend of mine. So I am simply helping her out," Rudy responded in a calm voice.

The president squinted his eyes at Rudy and sighed.

"I can't believe you found a loop in the school's rules," he groaned. "Well, If you are just helping out, then I can't punish or stop you. But make sure to study hard. The finals are coming soon."

"...we just finished our midterms last week..." Rudy muttered.

The principal turned around after saying, "Time passes faster than you think."

But, he stopped and turned back to Rudy to say, "By the way, sports week is starting soon. You have to participate. No excuses will be allowed!"

"If I participate, I will break all the world records..." Rudy scoffed softly.

Rudy climbed the lifeguard chair again and resumed his job.

"Who was he?" Angelica asked again.

Angelica was hanging on Rudy's back, playing with his hair and squeezing her breasts against his back to distract him.

"First of all, sit on my lap."

Angelica sat on Rudy's lap and looked at him with an innocent look on her face.

Rudy patted her head with a gentle smile on his face and said, "You didn't disturb me while talking. Good job."

Angelica squinted her eyes and said, "I don't think you should be patting me, mister Rudy."

"Why not?" Rudy asked. "You always make me head pat you when you give me a blowjob."

"Did you forget we are in the open, and people can't see me?" Angelica asked with a knowing look on her face.

"..."

Rudy glanced around to see if someone saw him moving his hand or smiling for no reason. But fortunately, everyone was busy doing their own thing.

SIGH!

Rudy sighed in relief and said, "Don't you want to swim?"

"Can I?"

Rudy shrugged his shoulders and said, "Why not?"

"But... I am not sure if I can swim or not. And besides, I don't want to leave you alone like this."

Angelica hugged Rudy and asked, "Who was that person? You were calling him Sir, or... was he a teacher from school from another department or something?"

"No, he is the principal," Rudy replied. "You might not have seen him because he is usually busy with other things."

"He knew your mom, though..." Angelica muttered with a hesitant look on her face.

She didn't want to pass any jokes or comments on topics related to Rebecca, but her curiosity had no limits.

"His name is Anthony, and he was... my father's friend— old friend, to be exact," Rudy stated. "You already know my family's condition. And actually, it's a lot better than it was when I was a kid. So Anthony took care of all my school expenses. He bought me clothes, books, he also gave me scholarships, and he still pays for my fees."

"Oh!" Angelica exclaimed with a surprised look on her face and said, "That's very kind of him."

"Yeah," he nodded with a distant smile on his face.

After a brief pause, Rudy said, "I had three fathers in my life. First is, of course, my biological father. The second is Joe. And the third is Anthony."

"And what about mothers...?" Angelica asked with a grin on her face.

Rudy had a faint idea what Angelica was trying to say, but he decided to play dumb. He squinted his eyes and uttered, "What do you mean?"

"Well..." Angelica averted her gaze and muttered, "Nevermind."

"It's too late to hesitate now."

"Your mom is Reb...becca... right?" For some reason, Angelica stuttered while calling Rebecca's name.

"Hmm," Rudy nodded.

"And... maybe Lucy's real mom— Joe's wife also has a good relationship with you..." Angelica uttered in a low voice.

"Uhh... I think I only met Lucy's mother once in my past life. She looked a lot like Lucy.. or should I say Lucy looks a lot like her..." Rudy chuckled.

"I see..."

Rudy raised his brow with a curious look on his face and asked, "And who is the third mother...?"

"Anthony's wife...?"

"She is... dead...." Rudy responded with a bitter smile on his face. "That also reminds me, Anthony also paid my university's fees until a certain incident occurred."

[Esper Harem in the Apocalypse](#)

Chapter 85: Another Trouble

"What incident?" Angelica asked with a curious look on her face.

Rudy shook his head and said, "It's not a good one."

Angelica didn't pry much since Rudy denied her once.

'She is being awfully docile today...' Rudy thought. And he was right.

Angelica used to think she was Rudy's best girl, but ever since she got to know that Rudy's relationship with Alice had progressed, she started feeling uneasy.

She thought Rudy wouldn't pay attention to her as he did before since Rudy and Angelica spent most of the time having sex or lewd conversations.

They both were the leaves of the same branch.

Angelica thought if Rudy got more girls, he would have a real girl to have sex with, and he would slowly cast her aside. So she wanted to be on the good side of Rudy and earn brownie points from him.

However, Angelica was mistaken. She was still Rudy's number one, and she would stay number until he met his girlfriend—which Angelica was already aware of. She had accepted the reality, and she would never be able to win against the love of his previous life— Elise.

But that's not the reason why Rudy didn't want to tell the incident related to Anthony to Angelica.

Rudy had noticed that Angelica behaved strangely whenever something evil or tragic happened around her, even the mentions—such as on the news feed or when the landlord mentioned his disgusting story.

Since it was already proven that the reason why Angelica had become a pervert was that Rudy made her like that. So Rudy feared that if she was surrounded by evil and tragic talks, she might become one too.

In his past life. When Rudy was in the first semester of his second year of university, an incident happened with Anthony.

He was charged with r*pe of three high school girls.

He claimed that he was innocent, and no legit proof was given by any of the girls. The only proof was CCTV footage which could be easily tweaked and altered.

The court still sentenced Anthony to 40 years in prison. However, Rudy believed that he was innocent since he knew that Anthony could never do something so hideous to anyone.

All of Anthony's property, including his wealth, the school, fortunes, and NGOs, were sealed by the government.

Later, the school was demolished, and a shopping mall was created, while the NGOs were sold to private companies. As for his wealth, it was kept a secret.

Since Anthony's wealth was also taken from him, there was no one to pay for Rudy's university fees—which led Joe to work overtime every night and Rebecca to do multiple jobs.

Rudy also worked three part-time jobs and still made time to study. But his hardships eventually paid out.

Even if he didn't get a chance to do it right, he got another chance. His past life hardships, knowledge, experience, and memories were useful to him in his second chance.

"What are you staring at me for?" Angelica asked with a mischievous grin on her face. "Your see-through ability doesn't work on me."

"You know, though... I am now afraid to even glare at someone..." Rudy muttered.

"Why so?"

"Last night... when I glared at that landlord with anger and rage... a laser beam came out of my eyes..." Rudy uttered in a disdainful tone. "Who knows, it might activate again even with a soft glare—considering all my abilities improve over time and get more sensitive and easy to activate?"

"True..."

"I am also afraid of looking into someone's eyes while talking. What if my hypnosis power also activates, and I randomly tell them to do something, and they do it?" Rudy wondered.

Angelica slapped Rudy's cheeks lightly and looked him into the eyes before saying, "If you worry too much, nothing is going to change. You said something similar to Maria, right?"

"Yeah..."

"But you know, you should be more curious about what the landlord said," Angelica uttered with a knowing look on her face.

"Are you referring to fairies?"

Angelica nodded and wondered, "You used hypnosis on him, so he wasn't lying about anything. And we saw his superpowers in front of our eyes too."

"To be honest, I am still skeptical about them. Fairies and such are myths that only exist in fantasy. But I guess if the ghosts are real, why not them too."

Rudy was going to mention the shadow demon who had trapped Angelica in the tunnel for eight years, but Rudy was aware that Angelica was traumatized by it, so he didn't mention him.

A few hours passed, and the break time started. Fortunately, the person who was supposed to be on the lifeguard duty had returned, so Rudy changed back to his clothes and went to Reina's office, only to see a man yelling at Reina.

That man was none other than Scott, Reina's ex-boyfriend from high school— who has constantly been trying to get Reina to sleep with him.

"You have no other choice!" he yelled.

Reina noticed Rudy was standing at the doorway, so she averted her gaze and said, "I will pay back the debts with interest."

'Hmm? I never knew the debt was connected to Scott. What's going on?' Rudy wondered as he walked into Reina's office.

He tapped on Scott's shoulder from the back to let him know that he was there. Scott turned around with an annoying look on his face and yelled, "Can't you see I am busy with—"

He stared at Rudy and squinted his eyes, muttering, "Where have I seen you before....?"

After pondering for a while, Scott finally remembered Rudy and said, "You are that... guy!"

Rudy shook his head and uttered with a straight face: "I am not that guy, pal."

Scott turned to Reina with a furious look on his face and asked, "What is he doing here?!"

"I have no obligation to answer you," Reina responded in a little annoyed tone.

"Let me ask you..." Rudy furrowed his brows at Scott and asked, "What are 'you' doing here?"

Scott threw some documents at Rudy and said, "Her family took a huge loan to build this place, the interest built up over the time, then their medical fees. And according to the contract, if the debt is not paid in the next three months, this place's ownership will be transferred to us."

[Esper Harem in the Apocalypse](#)

Chapter 86: The Commitment

"He is surely lying!" Angelica yelled.

Rudy grabbed the documents from the ground and read them. Of course, he simply needed to have a glance, and he could read everything within a second.

He turned the pages and read everything within 5 seconds.

To Scott and Reina, it looked as though Rudy was simply turning pages.

'According to the contract, Scott's family runs a private bank, and Reina's parents look for a loan from there at a 5% interest rate. But as the time passed, the interest rate increased from 5% to 50%.'

'Honestly, if Reina goes to court and files a case against Scott's family, she has a decent chance of winning. Of course, she would still have to pay for the debt, but the interest rate is crazy.'

'Reina can win if she pleads about the apocalypse and pandemic. But...'

Rudy furrowed his brows at Scott and thought, 'This guy won't give up. Why is he trying so hard to get Reina to sleep with him? Sure, Reina is hot. But since he is rich, he can literally hire any escort he wants.'

'I would have concluded that he loves her, but he asked Reina to sleep with him the second after they started dating. That's not love, that's lust.'

'As long as Reina doesn't pay all the debts and make everything clear, Scott has the upper hand. But I have the higher ground!'

Rudy slapped Scott on the face with the documents and uttered, "There are still three months left, right? So fuck off!"

Scott frowned his face and turned to Reina. Then, he pointed his finger at Rudy and asked, "What is he doing here, anyway? And why is he speaking for you? What's going on between you two, huh?"

Rudy placed his hand on Scott's shoulder and smiled at him.

"Did you not hear me? I said fuck off! You have no right or authority to be here. You are technically trespassing here without permission. Do you want me to call the cops?" Rudy asked with a smirk on his face.

"Heh!" Scott scoffed out loud and said, "There is no way you can pay for the debt in three months! I will come back here after three months and then see what you have to say!"

After saying that, Scott left, but he didn't forget to kick-slam the chair as he did last time.

SIGH!

Rudy let out a weary sigh and looked at Reina with a concerned look on his face. He remembered how sensitive Reina was about the topic related to debt and also had a mental breakdown. She was even ready to die.

"Are you okay...?" Rudy asked in a calm voice.

Reina stared at Rudy for a while and started crying.

In truth, she was holding her tears from the beginning, but she didn't want to cry in front of Scott, or she would have looked weak against him.

Either way, the damage was done.

Everything Scott said was true, and Reina had to clear the debt within three months, or she would lose her home, her job, her work— everything.

Reina wailed and hugged Rudy.

"I don't know what I should do. I don't want to lose everything, but I can't repay the debt either!" she sniffed.

Rudy gently patted Reina's back and said, "What did he say to you?"

"He said if I sleep with him, he will remove all the interest, but I would still have to pay the original amount." She sobbed and said, "Maybe I should agree on his terms?"

"..."

"No one would love me anyway. I have a huge debt, so no one will marry me. I will have to spend my entire life paying off the loans. So If I can reduce some of the debt, I think I should—"

Before Reina could say any more words, she was stopped by a pair of soft lips on her lips.

Rudy had kissed her to stop her from saying what he didn't want to hear.

After the kiss, Rudy looked into Reina's eyes and said, "You are not that cheap! You are priceless! Don't sell yourself to some shitty manwhore who is only interested in your body!"

"But how else am I supposed to pay—"

"I will pay for it." Rudy nodded and said, "I will clear your debts."

"Absolutely not! Why would you do that? And there is no way I would allow you to pay for my loan. This is my problem, and I am going to handle it—"

"I never said I am doing this for you, though," Rudy uttered casually.

"Huh...?"

"I am simply paying your loan as an advanced remittance," Rudy stated.

"I... don't understand..." Reina uttered in a low voice with a confused look on her face.

"Just think of it as another loan. You will be taking a loan from me to pay for another loan," Rudy asserted. "You will have to pay me back eventually."

"Oh..."

"And I won't charge interest, so don't worry," he smiled.

Of course, Rudy had no need to ask Reina to pay him back, but he knew that Reina wouldn't agree to it. Reina was a 20-year-old adult, but mentally, she was still like a teenager.

She was forced to pay for her parents' debts at the age of 14, and because of that, she had been stressed and pressured for all those years.

Sure, Reina had no need to pay for the debt, and she would sell the property to Scott. But that wasn't the case back then.

As it was a private bank, the government couldn't do anything even if she had declared bankruptcy.

Rudy simply gave Reina a new choice and opened the door to her future. She no longer felt stressed.

Rudy saved her from her never-ending dilemma. Furthermore, because she had no experience in love and her mentality on dating was pure and innocent. She had fallen in love with Rudy during her first meeting with him.

Sure, she realized that it was too unnatural to fall in love with a man she knew nothing about.

However, now, she had completely fallen for him.

Chapter 87: Priorities

"Why... are you helping me...?" Reina asked hesitantly.

"Well..." Rudy averted his gaze and glanced at Angelica, hoping she would find a good excuse for him. But she was still shocked after seeing Rudy kiss Reina.

She puffed her cheeks and said, "Why did you kiss her?!"

'I should get used to seeing the jealous version of Angelica. And as for why I kissed Reina... I myself have no idea.'

'I didn't want Reina to even think of selling herself to Scott. I would have hugged her instead, but I had already hugged her once when she had a breakdown. So I... kissed her. But why isn't she asking me that? She is worried about money over the kiss?!'

"Who said I am helping you?" Rudy uttered. "I am just giving you a loan. Now, if you take a loan from a bank, that wouldn't be considered as help, right?"

"Kind of..."

Rudy shrugged his shoulders and said, "That's what I am doing."

"I see..." Reina muttered with a disappointed look on her face.

'She looks disappointed. I mean, I told her the truth, but that's not the only reason I helped her.'

When Rudy kissed Reina, a thought crossed his mind.

What happened to Reina in his previous life?

Even if there was no tunnel, the waterpark still should exist. But there was no apocalypse in his past life, so there are chances that Reina's parents never got sick, and they paid off the debts without destroying Reina and her little sister's future.

But what if they were unable to pay the debt?

Rudy didn't want to think of the possibilities of things ending the same as it was in this life.

Reina shot a quick glance at Rudy and asked, "Why did you kiss me?"

'Here it comes!'

"The truth is... I was trying to hug you, but I kissed you by mistake..." Rudy uttered while averting his gaze.

Reina squinted her eyes at Rudy and said, "If it was someone other than you, I would have reported him for harassment."

"I can see you doing that, yeah..." Rudy nodded.

Suddenly Rudy's eyes widened as he realized something.

"Wait... could it be that it was your first kiss...? Since you have never dated anyone?" Rudy asked reluctantly.

Reina's face flushed as she nodded and said, "Yes."

"..."

"What about you? Was it your first kiss since you said you don't have a girlfriend?" she asked with a curious look on her face.

"No. I have kissed girls before," Rudy replied honestly.

"Girl..s? Like more than one?" she asked with a baffled expression on her face.

"Yup."

Reina raised her brows and squinted her eyes at Rudy. Then, she asked with a judging look on her face: "Did you also kiss them by mistake while trying to hug them?"

Rudy scoffed softly after hearing that. He shook his head and said, "No."

"Do you regret kissing me by mistake?" she asked in a low voice.

"Come on..." Rudy let out a short sigh and said, "I was joking, obviously."

"Huh?"

"I kissed you on purpose," Rudy uttered with his hands in the air, as though he was showing his fingers to her. Seemingly trying to prove he wasn't lying this time or crossing his fingers.

"Why...?"

"Because your lips look inviting as though they wanted me to suck them," Rudy responded nonchalantly.

"...!" Reina's face turned even more red after hearing that.

After watching Rudy flirting with Reina, Angelica jumped between them. Of course, only Rudy could see that, and that's what she was trying to do.

She looked him into the eyes and asked, "Okay, so can I ask what's going on? And what's with you being all smooth suddenly?"

Rudy wanted to reply to Angelica, but he couldn't do that for obvious reasons.

"So, what should I do now?" Rudy asked Reina. "The lifeguard has returned."

"Well..." Reina looked at the time and said, "There are still a few hours left before the ticket windows open for tomorrow. So if you are busy, then you can go home. I will get the tickets for you. And if you are free..."

After a brief pause, she added, "How about you stay here? You take a dip in the pools if you want to. Or use the slides."

"Hmm..." Rudy started at the wall behind Reina and said, "I will do that then. But before that..."

Rudy cracked his fingers with his thumb and said, "I have unfinished business to take care of."

"Hmm?" Reina looked at Rudy with a confused look on her face.

"I will be right back!"

After saying that, Rudy left Reina's office. And, of course, Angelica followed him. She jumped on Rudy and wrapped her arms around his snake as he ran out of the main area of the water park.

"Where are we going?" she asked curiously.

"Go inside my body. I might do some crazy stuff," Rudy said to Angelica without looking at her.

"Okay..."

Angelica went inside Rudy's body and asked, "I am still curious about Reina, though. How do you know her? I remember seeing her in the hospital after you saved me, but I thought she was simply your friend."

"Uhh... we are not even friends... yet..." Rudy muttered with an awkward smile on his face.

'And you still kissed her...? Wow. Someone is getting too desperate to get a new girl,' Angelica commented.

"It's not like that, Angelica. Some relationships don't have names, but they are deeper than the real relationship," Rudy uttered in a disdainful tone.

'So back to my first question, where are we going?'

"Scott.."

'Hmm? Are you going to give him the money...?' she asked.

"No. I can't use Maria's card or withdraw such a huge amount before asking her. And I can't ask her on the phone. So that will have to wait for the next week when I go to the casino," Rudy responded.

'So why are we looking for Scott then?'

"When I kissed Reina, I heard the sound of a camera shutter. And then I heard Scott's voice say, 'Now, I have evidence'." Rudy sighed and muttered, "I think he will now try to blackmail her. And I have to get rid of that photo before it's too late."

Fortunately, Rudy had used his see-through ability and seen Scott's car number when he left.

After flying above the clouds for a while and using his see-through ability with supervision, Rudy finally found Scott.

Chapter 88: Chasing Scott

A few minutes ago.

When Scott left, he came back after reaching the gate because he forgot to tell Reina the due date of her deadline to pay back her debt.

While he had told her how much time Reina had left, he didn't tell her the exact date. Even in the contract, only the extra three days after the deadline was mentioned.

To be honest, the entire contract was poorly written, and it was in bad condition. The excuse Scott's family gave was the apocalypse.

Rudy had already realized what they were trying to do. Since Reina's parents were dead, there was no real evidence of what was written in the contract. The original copy was with Scott's family, and Reina's parents were given a duplicate one— which could easily be dismissed in court.

Scott's family was trying to destroy the original contract and create a new one similar to it but on the change of the terms and conditions.

They were after the water park and the land around it and wanted to create an enormous theme park under that name.

They already knew that Reina was in no condition to pay for her loan.

Furthermore, when Scott told Reina that he would decrease the loan back to the original amount, it was a lie.

Scott never meant it. He simply wanted a reason to sleep with Reina. He wanted to create their porno and blackmail Reina with it to eventually turn her into his plaything.

However, when Scott went back to Reina's office, he saw Rudy kissing her.

Of course, he was enraged, and he wanted to stop them, but it was his best chance to get evidence against Reina. So he took out his phone and clipped a video before clicking several photos.

"Hehe." He smirked and muttered, "Now, I have some dirt on you."

After that, Scott quietly left and got in his car.

"I know Reina, and if I push her a little hard, she would agree to do anything. I have already broken her mentally. Now it's finally time to break her physically," He scoffed out loud.

"Reina wouldn't care about herself, but she would care about that boy. I don't know what's going on between those two, but Reina is mine!"

"I will send hitmen after that piece of shit and get him killed! How dare he touch my Reina! She belongs to me!"

Scott drove the car to the highway while thinking of the plans to get rid of Rudy. But he didn't know Rudy was watching his every move.

Rudy had already spotted him, but he couldn't do anything to him.

He was flying in the sky above the clouds, so he couldn't take any risk. So he followed Scott until his car reached the highway near the forest.

'Are you going to kill him?' Angelica asked with a hint of curiosity in her voice.

"What? No. of course not. I am not a killer," Rudy retorted.

'But you have already killed two people...' Angelica remarked in a low voice.

"Who are you talking about?" Rudy wondered with a confused look on his face. "Paul lost his mind and ran to the mountains. While the landlord died because his house collapsed for unknown reasons."

'....'

"Jokes aside." Rudy let out a weary sigh and uttered, "Scott hasn't done anything wrong yet. He is still thinking about it and trying to do it, but he hasn't. So I can't do anything to him even if I wanted to."

"While that landlord was a piece of shit. He deserved to die. And as for Paul..." Rudy shrugged his shoulders and said, "Well, that was a personal matter."

'And here I thought you had chosen a dark side or something...'

"I mean..." Rudy signed and said, "If he messes with me, then I will mess with him. If he tries to hurt Reina or me, then I will hurt him. Haven't you heard the saying 'eye for an eye'? That's what I am trying to say." Rudy landed in front of Scott's car without any hesitation.

Scott hit the break, or he should have. But when he saw it was Rudy, he hit the accelerator and increased the speed as though he wanted to run over Rudy.

Rudy raised his brow with an amused look on his face and sighed out loud. The sigh created a high wind pressure that stopped the car from moving forward.

Even the surroundings, like trees, were affected by it, but Rudy had only aimed his 'sigh' attack at the car.

However, all the leaves from the trees had flown away with the gust of wind, leaving the trees leafless.

Then, Rudy walked to the car and looked at Scott from the window. He knocked on the glass and said, "Get out."

Of course, Scott didn't open the door or get out of the car because he was scared of Rudy. He was so furious earlier that he ignored the fact that Rudy had landed from the sky.

Rudy furrowed his brows and said, "I won't say it again. SO get out of the car before there is no car left."

Scott gulped down in fear, but he didn't get out.

SIGH!

Rudy sighed softly and opened the car's door by unlocking it from the inside using his powers.

"...!"

Scott was left baffled, and he tried to run away from the other door, but Rudy grabbed him from behind and pulled him out of the car.

"What are you?!" Scott yelled as he tried his best to break free from Rudy's grip.

Rudy took out Scott's phone from his pocket and threw Scott on the ground. Then, he shattered the phone with his bare hands.

Then, he looked into Scott's eyes and said, "You will get your payment within two weeks. After that, never ever show your face to Reina or me. And don't you ever dare visit Reina again, or next time, instead of the phone, it will be your neck getting crushed in my hands."

[Esper Harem in the Apocalypse](#)

Chapter 89: Reina Wants To Be Kissed

"Do you understand?" Rudy asked as he stared deep into Scott's eyes.

No, he wasn't using his hypnosis ability. He was genuinely trying to scare Scott.

Rudy looked at his hand to see the black ashes all around his palm.

When he crushed the phone, the battery exploded. Of course, nothing happened to him, but it left the black spot on Rudy's palm.

Rudy helped Scott stand up and patted his shoulders. However, he was simply trying to wipe the ashes from his hand.

"Scott, you look like a fine, well-educated, well-mannered, and respectable man. But you and me, we both know that you are a piece of shit."

Rudy smiled at Scott and continued, "You have a bright future waiting for you, and you don't want that future to turn dark, right? So if you walk on the same path again, it will eventually turn dark, and not just dark..."

Rudy glared into Scott's eyes and uttered, "It will be pitch black, well under the grave."

"Now get in your car, and drive directly to your father or whoever runs the bank. Tell them all the money will be paid within two weeks."

Rudy pushed Scott into the car and closed the door. However, Scott didn't turn on the car, nor did he glance back at Rudy.

Rudy casually walked into the forest and disappeared from Scott's sight. Only then Scott turned on the car and drove away.

'He is going to have nightmares whenever he sleeps, and your smiling face will flash before his eyes,' Angelica commented.

"Hmm? How is that a nightmare then?" Rudy scoffed jokingly.

'Still, even if you had killed him and made it look like he died in an accident, you wouldn't have gotten caught, you know?' Angelica asserted.

"You always try to make me evil. Can I ask why?" Rudy uttered with a curious look on his face.

'Hmm. To be honest, I myself have no idea. Maybe it's because I don't have any sense of justice, and I can't tell what is right and what is wrong?' Angelica wondered.

'Because according to me, everyone has a reason to do what they do. And according to them, what they do is right even though it's wrong,' she added.

"I think I understand what you are trying to say. From a neutral point of view, everything seems right. But it's the morals and ideals that judge our actions. And everyone has different morals," Rudy stated.

"However, only my point of view matters to me. And if someone does anything which is wrong from my perspective, I will interfere if that matter is related to me or my loved ones," he added.

Rudy wanted to teleport back to Reina's office, but he was worried that someone might see him. Or what if someone was present in Reina's office when he teleported back?

Rudy flew for a while but then teleported to Reina's office in the end.

Fortunately, there was only Reina in the office, and she was sitting on her desk with her back to Rudy.

'What are you doing?!' Angelica asked out loud. 'Won't she get suspicious if you pop up in front of her like that?'

Angelica still didn't know that Reina already knew about Rudy's power since he had teleported her back to the water park from the hospital.

Rudy was about to call out Reina, but she stopped after he saw her touch her lips while looking at her phone screen.

Rudy walked closer to her and saw that Reina had Rudy's phone on the screen, and it was taken recently when he was working as a lifeguard.

'What is she doing?' Angelica wondered.

'I want to know that too...'

Reina puckered her lips and slowly moved her face closer to the phone. But she stopped and Zoomed on Rudy's face with the focus on his lips.

'...'

"..."

Both Rudy and Angelica had realized what Reina was trying to do.

Rudy wanted to stop Reina, but a part of him wished Reina to Continue, and that part won because he watched Reina kiss her phone with his lips on the screen.

"I can't believe he kissed me..." Reina muttered. "It was my first kiss, but he is experienced."

"..."

"Wait, was that even a kiss?" Reina asked herself. "Our lips barely touched. We didn't kiss like how they kiss in the movies. They look so... indecent."

"..."

"I wonder if Rudy had kissed a girl like that." After a brief pause, she muttered, "He probably has."

"..."

"I want to know how it feels. Maybe I would kiss Rudy like that one day...? Should I ask him to kiss me? But that's a little..."

Reina kept talking to herself as she asked questions and answered them soon after.

"What if I tell him that I want to practice kissing? Then I can kiss him as many times as I want. But... would he agree? What if he thinks I am a pervert?"

'Don't worry, I know a bigger pervert than you,' Rudy uttered inwardly.

Reina was going to kiss the phone's screen again, but as she had been talking to herself for a while, her screen turned off, resulting in it to work as a mirror.

There, she saw Rudy's reflection standing behind her. She slowly jerked her head back to confirm she wasn't seeing things, and she saw Rudy staring at her with an awkward smile on his face.

"Since... when... are you here...?" Reina asked while stuttering with a pale face.

"I... just got here..." Rudy replied awkwardly and averted his gaze because he couldn't look into Reina's eyes, or she would have ended up crying.

"You are lying!" she said with a flushed face.

"Well... what did you want me to say...?" Rudy turned his face to the side and said, "I thought I would save you from embarrassment."

Reina's face twitched with varied expressions on her face. She was happy, sad, angry, disappointed, and embarrassed.

She bit her lips and ran out of her office.

"Wait...!"

Rudy followed her and saw her entering the locker room.

[Esper Harem in the Apocalypse](#)

Chapter 90: Bad Girl

Rudy dashed after Reina with various thoughts in his mind.

What would he do by chasing Reina?

The damage was already done, and neither Rudy nor Reina was at fault here. Or maybe Rudy was at fault here.

If he had stopped Reina when he had time, Reina wouldn't have said all those embarrassing things to herself and hadn't daydreamed about kissing Rudy.

It was normal for Reina to act like that since anyone would be embarrassed if the same had happened to them.

Furthermore, Rudy also saw her kissing his phone, the photo which was taken allegedly without his permission.

More than one of Reina's embarrassing moments was seen by Rudy. And what was more awkward was that Reina was seen doing that to her crush, in front of her crush.

There was nothing more embarrassing than that.

Meanwhile, Rudy actually felt good after hearing and seeing Reina. He was happy that Reina thought all that about him.

However, he was still unsure on whether to go along with it or stop Reina's feelings before it was too late.

Rudy didn't know Reina that well yet. They had only met once, and that too for a few hours. But that few hours were more than years for Reina.

Compared to Rudy, who only focused on doing his job that day, Reina felt something different. And after Rudy comforted her and gave her his shoulder to cry on, she felt naturally attracted towards Rudy as a friend.

After Rudy left, Reina thought of him, and she couldn't stop thinking about it.

The next morning, she heard the news about the destruction of the abandoned tunnel, and about a high school boy— Rudy, who was found unconscious near it.

At that moment, Reina felt a sharp sting in her heart, because she realized how devastated she felt after hearing that. Not only that, when she went to visit Rudy, she found him hugging Kaguya— the newbie nurse.

She mistook Kaguya for Rudy's girlfriend, and that's when her feelings for him increased. And within a week, she was smitten by it.

She wanted to call Rudy again to help her out with her work, but of course, she only wanted to see and meet Rudy.

However, Reina had no way to contact Rudy as only she gave her contact information to Rudy, but Rudy didn't give him any of his contact information.

So all she could do was patiently wait for Rudy to call her, which never happened. Until today, where she saw Rudy in the waterpark.

After spending her entire day with him, Reina was now sure that she was in love with Rudy. And her actions in her office a while ago were solid proof of that.

But what about Rudy? Did he feel the same?

Rudy thought of Reina as a friend, and he sympathized with her condition. He found a similarity between them and that was the reason why he liked Reina.

However, Rudy didn't want to mistake his feelings of sympathy with love. Otherwise, that would have hurt both Reina and Rudy, but it would have been fine as long as they both were happy.

After entering the locker room, Reina closed the door behind her and stood with her back leaned on the door.

"Reina..." Rudy gently knocked on the door and uttered in a calm voice: "Open the door."

"No!" Reina yelled with a flushed face. "I want to die!"

"Come on. It's not that embarrassing..."

"Maybe it's not for you, but it's super embarrassing for me. I feel so ashamed and I don't think I will ever be able to show my face to you or look into your eyes," Reina retorted.

"I have seen worse things, which are more embarrassing. And believe me, it gets normal if you don't think about it," Rudy stated.

"I don't believe you. How is something like that possible?" Reina asked with a hint of curiosity in her voice.

"Will you open the door if I say it?"

After a brief silence, Reina answered, "Yes."

A few seconds later, Rudy opened his mouth and said, "Normally, one would be embarrassed to get naked in front of others' right?"

"Obviously."

"It gets embarrassing to the point that you wouldn't want to get naked in front of your family. I mean, no one does that, but still, it's embarrassing."

"..."

"And even if one finally gets a girlfriend or a boyfriend, it would be embarrassing to get naked in front of them for the first time. Then, it would be a little less embarrassing the second time. But it would come to the point where you would no longer feel embarrassed," Rudy stated.

"In fact, you wouldn't feel anything at all," he added.

"..."

Reina didn't say anything in response, So Rudy knocked on the door again and uttered, "Do you get what I am trying to say?"

"Yes..." Reina muttered in a low voice.

"And compared to something like that, your situation is nothing."

"But anyone would be creeped out if they saw something like that, right? I am sure you felt gross when you saw me kissing your lips on my phone's screen," Reina retorted in a disdainful tone, as though she was truly afraid of being hated by Rudy.

"What?" Rudy scoffed softly and said, "And to be honest, I don't feel creeped out or grossed. Rather, that made me a little happy. It was my first time seeing a girl do that. And I can't fathom the reason why."

"... you are not lying?" Reina asked.

"I am not."

"You wouldn't make fun of me for doing that? Or tease me? Or try to 'blackmail' me?"

The word 'blackmail' triggered Rudy as it showed how mentally weak Reina was. She would give in to anything if she was pressured or forced with no other options.

Rudy was truly glad that he was able to save Reina.

"Okay, now as you promised. Open the door," Rudy said in a calm voice.

"I won't open!"

"But you promised."

"I still don't have enough courage to face you. Give me some time."

"But it's already closing time. Shouldn't the manager make sure everything is alright at the closing time?"

"I won't open."

SIGH!

Rudy sighed and used telekinesis to unlock the door.

Reina was surprised, but she tried to close the door again. However, it was too late.

Rudy walked into the locker room and closed the door behind him. Then, he looked at Reina with an alluring gaze and said, "Did you truly think you could run away from me?"

Reina backed her steps while facing Rudy, but she hit the locker and stopped.

"What... are you trying to do....?" she asked while stuttering.

"Since you broke the promise and lied to me, you are a bad girl.." Rudy licked his lips and uttered, "And a bad girl needs punishment."
