

Eternal Heart 1041

Chapter 1041: Stark Naked

"Chen Yu, don't you dare bully us too much."

Lin Tianfeng's fury erupted once more.

At the same time, fear spread in his heart. What else does Chen Yu plan to do?

"Lin Hai, explain my previous rules to him."

Chen Yu ordered.

Lin Hai, who was lying on the ground wailing in pain, shivered all over, not daring to disobey Chen Yu's command.

Even Lin Tianfeng was captured alive and humiliated by Chen Yu with a slap. Is there any point in resisting?

So Lin Hai recounted the rules that Chen Yu had previously set for "developing offline."

"Alright, I'll call two people over for you."

Lin Tianfeng hesitated for a moment before finally speaking.

After speaking, he began to act.

Lin Tianfeng no longer wished to stay here a moment longer.

Chen Yu then went to other two Lin Family members nearby and seized their tokens.

"Forty-five tokens now!"

This amount was enough for Chen Yu to enter the Heavenly Martial Sect.

With a long time left before the end of the evaluation, and the environment here too poor and unsuitable for cultivation, there must be something to do.

Looking at Lin Tianfeng with dissatisfaction, he thought it would be a good opportunity to teach him a lesson and let him remember it.

In a short while.

A man and a woman arrived at the scene, and upon seeing Lin Tianfeng and others, as well as Chen Yu, they were momentarily stunned, not knowing what had happened.

As a genius of the Lin family, Lin Tianfeng had extremely wide connections, with countless people wanting to associate with him.

This man and woman belonged to that category.

Lin Tianfeng didn't set a trap for his own family members but instead used others, discarding them after use.

"Truly worthy of Brother Lin. The evaluation has just begun, and he's already captured Chen Yu."

"Brother Lin, why did you call us here?"

The man and woman smiled as they approached Lin Tianfeng, only glancing at Chen Yu with disdain in their eyes.

Lin Tianfeng's face turned a bit black as he said, "You two, hand your tokens over to Chen Yu."

The man and woman were taken aback and hadn't reacted yet.

Weren't Lin Tianfeng and Chen Yu enemies?

"Brother Lin, why is this?"

Could Lin Tianfeng have some special arrangement?

"Hurry, give your tokens to him."

Lin Tianfeng was somewhat impatient, facing the questioning from the man and woman, he really didn't have the face to reveal the truth.

The man and woman were very fearful of Lin Tianfeng, and with the presence of four Lin Family disciples, they obediently handed their tokens to Chen Yu.

At this moment, the two carefully observed.

To their shocking discovery, all four of the Lin Family members present had injuries, with Lin Hai having even more serious broken bones all over.

Even Lin Tianfeng seemed to have been sealed with his energy.

They suddenly realized that it was not Lin Tianfeng who captured Chen Yu, but rather Chen Yu coercing Lin Tianfeng!

Knowing the truth, they dared not linger and immediately fled.

"Now will you let me go?"

Lin Tianfeng's face was somber.

"Let you go? Did I ever say I would let you go if you called two people over?"

Chen Yu said with a half-smile.

Lin Tianfeng's expression changed dramatically: "You're cheating?"

But thinking about it, Chen Yu indeed never said that.

When Lin Hai explained the rules to him, Lin Tianfeng had made the decision himself, deceiving two people over.

"Damn it, what exactly do you want?"

Lin Tianfeng was angry, feeling like he had been tricked.

"Lure two more people over."

Chen Yu's eyes flashed with a hint of playfulness.

"Promise me first, and then I'll lure two more people over for you to let me go."

This time, Lin Tianfeng was more cautious.

"You lure another two here first, then we'll talk."

Chen Yu said casually.

Lin Tianfeng knew that Chen Yu didn't intend to let him go easily. He raised his head and snorted coldly:
"If you don't agree, don't expect me to call anyone else over."

Just as he finished speaking, Chen Yu walked over.

"What are you going to do?"

Lin Tianfeng's heart was filled with dread.

Slap!

Chen Yu delivered a slap, making Lin Tianfeng dizzy.

Immediately afterward, Chen Yu lifted Lin Tianfeng and walked away.

"Chen Yu, what are you planning? Let Brother Tianfeng go."

The other members of the Lin Family immediately shouted.

"Whoever follows, I'll slap them."

Chen Yu left this airy statement and carried Lin Tianfeng away.

Lin Tianfeng was on the verge of tears. In all his years, he had never been so aggrieved.

After flying for half an hour, Chen Yu stopped.

The reason for changing location was to prevent being ambushed and besieged.

"Quickly, lure two more people over."

Chen Yu barked at Lin Tianfeng.

"Don't even think about..."

Before Lin Tianfeng could finish, he was interrupted by a slap to the face.

In the end, Lin Tianfeng submitted and lured two more people over.

Subsequently, Chen Yu continued in this manner, relocating every time two people were tricked, repeating the cycle.

It had to be said, a genius from a family like Lin Tianfeng truly had extensive connections.

In two days, Chen Yu deceived tokens from over thirty people through Lin Tianfeng, all of Lin Tianfeng's connections, but now they were all destroyed in Chen Yu's hands.

Lin Tianfeng had yet to reach his limit; he had not yet lured any Lin Family members.

At this moment, news of Lin Tianfeng being kidnapped by Chen Yu had already spread far and wide.

Beside a certain lake, over twenty people were gathered.

"Everyone, there's no need for me to elaborate on Chen Yu's wicked deeds."

A tall, purple-haired man spoke up.

This person was named Lin Daowei, the second genius in the Lin Family team for this occasion, with talent and strength second only to Lin Tianfeng.

"This person is vicious and unscrupulous. He deserves to be executed by all."

A dark-skinned burly man said.

"To eliminate Chen Yu, I, Long Aoyun, will spare no effort."

"The Black Scorpion King and Chen Yu are enemies to the death; I will never let him off."

The speakers were all those who had been tricked by Chen Yu before.

"Alright, let's start devising a plan to eliminate Chen Yu now."

Lin Daowei said in a deep voice.

Currently, Chen Yu had kidnapped Lin Tianfeng, and every time he exposed his location, he would immediately relocate, making it difficult for everyone to accurately pinpoint Chen Yu's position.

"As long as we determine Chen Yu's location, I don't believe he can escape our grasp this time."

The Black Scorpion King's face was fierce and cold.

More than twenty kings had gathered here.

No matter how strong Chen Yu is, can he fight against twenty?

"Chen Yu keeps forcing Lin Tianfeng to deceive people into coming, but fewer and fewer fall for it. In the end, Lin Tianfeng could only send messages to Lin Family Members, so we learned of Chen Yu's location."

Lin Daowei calmly said, "We just need to wait."

The crowd had just finished discussing.

Lin Daowei suddenly received a message, took out a token, and probed it with his Spiritual Sense.

"Lin Daowei, come over, I have something to discuss with you."

The speaker was Lin Tianfeng, and his words were weak.

"Everyone, prepare to move."

Lin Daowei shouted suddenly, energizing the entire scene!

...

"Lin Daowei?"

Chen Yu heard Lin Tianfeng's recent message.

He had once interacted with Lin Family and others, and Lin Daowei was naturally talented with a certain reputation; Chen Yu occasionally heard about him.

"You want to trap me?"

Chen Yu questioned.

He wasn't a fool; his actions must have caused a huge stir in a small area.

As someone from Lin Family, Lin Daowei would definitely rescue Lin Tianfeng and certainly bring a large group of people.

"I don't have anyone else to deceive now, so I can only call my own family."

Lin Tianfeng said softly.

His face was swollen like a pig's head, his gaze dim; even acquaintances might not recognize this once spirited and extraordinary Lin Tianfeng.

Chen Yu sighed. The game was about done. He said, "Considering how cooperative you've been, I'll let you go."

"What?"

Lin Tianfeng was stunned, seemingly unable to believe it, even feeling that Chen Yu was deceiving him.

"What, don't you want to leave?"

Chen Yu teased.

"No, no, no!"

Lin Tianfeng shook his head like a rattle.

He immediately got up and flew backward, staying away from this demon Chen Yu.

"Hand over the storage bag."

Chen Yu suddenly spoke.

Lin Tianfeng hesitated, his body trembling slightly, feeling extremely aggrieved.

"Not giving?"

Chen Yu shouted coldly.

Lin Tianfeng was instantly cowed.

"You've ruined my connections and reputation; if you also take my storage bag, I'll have nothing left, nothing at all."

Lin Tianfeng played poor, trying to win sympathy.

Chen Yu didn't bother with words, using spatial Profound Meaning to take Lin Tianfeng's storage bag.

Meanwhile, the clothes on Lin Tianfeng's body inflated, puffing up like a balloon.

"What are you doing?"

Lin Tianfeng looked panicked.

"This is your punishment for defying my orders, and a chance to experience truly having nothing."

Chen Yu's figure turned into a stream of light and instantly disappeared, leaving a sentence echoing in the air.

Bang!

Lin Tianfeng's clothes exploded into countless pieces.

His body was completely exposed.

"Chen Yu, you bastard!"

Lin Tianfeng roared.

But the urgent task was still to break Chen Yu's seal, recover his strength, and find clothes.

But before Lin Tianfeng could take any action.

Whoosh...

Approximately thirty people flew in from the distance, the leader being Lin Daowei.

Upon receiving Lin Tianfeng's message, he immediately led a group over, recruiting a few more members on the way.

The large team of nearly thirty could easily annihilate Chen Yu in an instant.

"Is there a person in front?"

"That person seems...naked..."

Someone in the group murmured.

"Lin Tianfeng."

Lin Daowei paused, staring dumbfounded at the far-off, stark naked... Lin Tianfeng!

Lin Tianfeng's face was changed, and without clothes, some did not recognize him, but Lin Daowei and Lin Tianfeng came from the same family, so he recognized him at once.

"You... don't come over, step back quickly!"

Lin Tianfeng did not expect suddenly a group of twenty or thirty would come charging over.

And with his power sealed, he couldn't run away in time, so he hurriedly covered the lower part of his body, finally deciding to cover his face instead.

"Why is it Lin Tianfeng? Why is he not wearing clothes?"

Someone was shocked.

"This...wasn't Lin Tianfeng captured by Chen Yu? What exactly happened between them..."

Someone's mind began to wander.

"...The physique is not bad after all."

A female admirer of Lin Tianfeng sneakily glanced at him.

...

After letting Lin Tianfeng go, Chen Yu flew for more than an hour.

"Taught him quite a lesson this time, hope he learns it well."

Chen Yu smiled to himself.

In the future, they might both be Heavenly Martial Sect disciples; Lin Tianfeng might cause trouble, so Chen Yu first tormented him thoroughly to teach him a lesson.

There were still more than twenty days until the second assessment ended, and Chen Yu didn't have much to do; the number of tokens was also enough for him to enter the Heavenly Martial Sect.

Chen Yu landed in the forest, sat cross-legged, and cultivated the Astral Body.

Previously, he had tempered his physique, likely able to open one or two peculiar acupoints, bringing the Astral Body to completion, which was getting closer and closer.

Chapter 1042: Sun Tianlong

The cultivation of the body, opening Star Acupoints, does not require a high-demand environment.

Unlike cultivating Primordial Power, breaking through realms, and such things, which require an environment rich in Heaven and Earth Primordial Qi.

The Primordial Power within Chen Yu flowed, like torrents of white water, along the meridians, gathering around the acupoints, launching an assault.

Six consecutive assaults.

Bang!

The acupoint opened, generating a powerful suction, the essence and blood energy as well as Primordial Power within the body gathered towards it.

After opening one acupoint, Chen Yu proceeded to open the second.

However, the difficulty increased greatly for the second acupoint, even after twenty consecutive assaults, he could not succeed.

At this point, the consumption of Primordial Power within Chen Yu was somewhat large, in such an environment, without Primordial Qi between Heaven and Earth to absorb, the recovery rate of Primordial Power was extremely slow, and he could only rely on Tokens to restore Primordial Power.

Chen Yu had plenty of Tokens, currently holding seventy-one pieces, but he did not use the Tokens to restore Primordial Power.

He slightly closed his eyes, his consciousness entered the inner space of the mysterious heart.

It seemed like another world here, though there was not much, everything looked simple, but this world had Heaven and Earth Primordial Qi.

A surge of vast Heaven and Earth Primordial Qi emerged from the mysterious heart, traversing the whole body, merging into the Primordial Power Stars, birthing new Primordial Power.

The internal space of the mysterious heart could provide Chen Yu with Heaven and Earth Primordial Qi and rapidly restore his Primordial Power.

Chen Yu discovered this not long ago when he had been staying with others, only now did he check carefully.

The mysterious heart did not have this capability before, but after the birth of a personal small world, it became possible.

In fact, this ability was not particularly useful, but it happened that the special environment Chen Yu was in now maximized the function of this ability.

After resting for a few hours.

Chen Yu began again, assaulting the acupoints.

The star constitution was nearing completion, the last few Star Acupoints were the most difficult.

Moreover, under normal circumstances, it should be the Mid-stage Star Condensation Realm for the star constitution to be complete.

Therefore, at this stage, for Chen Yu to complete the star constitution, the difficulty greatly increased.

A day later.

Chen Yu successfully opened a Star Acupoint, with just one last acupoint for the star constitution to be complete.

He left his original place and flew for two hours, then found another safe spot.

Although he no longer engaged in "developing subordinates," he had offended too many people before, causing quite a stir, and these people might still be searching for Chen Yu's trail.

So Chen Yu changed places from time to time, just in case.

...

Lin Tianfeng wore an ill-fitting garment, his face stormy, a look of discontent towards everyone.

"So... Lin Tianfeng, what exactly happened?"

The Black Scorpion King was very curious about what had happened to Lin Tianfeng to be stripped naked.

Lin Tianfeng's face grew darker, seeing many around unable to restrain their snickers, he became furious: "What are you laughing at?"

Out of the thirty-plus people present, six were from the Lin Family, with Lin Tianfeng and Lin Daowei being the top experts here, no one dared to offend the Lin Family.

"Lin Tianfeng, you were too careless this time, if Chen Yu had a hold on you, you might not even pass the assessment."

Lin Daowei spoke calmly, seemingly lecturing Lin Tianfeng.

The two were both Lin Family geniuses, with similar talent and strength, but Lin Tianfeng was more prominent, and Lin Daowei organized a team to rescue Lin Tianfeng partly to prove himself more outstanding.

Though they failed to save him, Lin Tianfeng's nude incident, if spread, would certainly become a laughingstock, bringing ridicule, which also served Lin Daowei's purpose.

"It's none of your business."

Lin Tianfeng snapped, then clenched his fists, gritting his teeth: "Chen Yu, I will certainly make you fail, ensuring you can't enter the Heavenly Martial Sect."

In truth, Lin Tianfeng was somewhat fearful of Chen Yu now, not wanting to confront him.

But at the thought of Chen Yu entering the Heavenly Martial Sect, being in the same sect, Lin Tianfeng became somewhat deranged.

He couldn't let Chen Yu enter the Heavenly Martial Sect, or else, every time he saw him, wouldn't he die of shame?

"Lin Tianfeng, do you still want to deal with Chen Yu? This person is powerful, perhaps apart from the top candidates, others can hardly do anything to him."

"Besides, this person is alone, cunning and elusive, constantly changing places, how can we catch him easily."

Lin Daowei opposed.

Though Chen Yu targeted the Lin Family, making him somewhat resentful, seeing Lin Tianfeng so miserable was something he was pleased with.

Some others also began to retreat.

They didn't want to end up like Lin Tianfeng, it was... unbearable to witness.

"This matter is challenging, but once successful, the rewards are very substantial."

"You know, Chen Yu has nearly a hundred Tokens, just capturing him means we've passed the second assessment, and then we need do nothing more."

Lin Tianfeng tempted with benefits.

Actually, Chen Yu didn't have that many Tokens, but exaggerating a little made it more appealing.

Lin Daowei hesitated in silence.

Once Chen Yu was caught, they wouldn't need to hustle for the next twenty-plus days.

And Chen Yu's "infamy" was so great, Lin Daowei would gain significant prestige, surpassing Lin Tianfeng would be no problem.

"Chen Yu dares act recklessly against our Lin Family, I will handle this matter."

Lin Daowei declared righteously.

Some wanted to retreat purely out of fear, but the more teammates there were, the fear gradually disappeared, recalling painful memories intensified the hatred.

"I believe Chen Yu has persecuted more than just a few, we can enlist more people, making Chen Yu realize that good and evil have consequences."

Lin Daowei continued, demonstrating leadership style, able to arouse others' enthusiasm.

Quickly, a large team began to move, searching for Chen Yu's trail.

Over thirty people slightly scattered, but kept a certain distance from each other, if Chen Yu was discovered, nearby people could quickly support him in no time.

Two days later.

Chen Yu was opening the last acupuncture point, the "Qi Sea Acupoint."

This point was close to the Primordial Power Stars, with great difficulty as if a majestic mountain stood before him, hard to surmount.

Suddenly, Chen Yu sensed someone approaching this place.

Because Chen Yu was cultivating, he was a step late to notice, and the other party discovered Chen Yu simultaneously.

"Chen Yu!"

A round-faced man trembled with fat on his face, quickly retreating.

Immediately after, he took out a transmission token from his storage pouch.

Swish!

Chen Yu immediately ended his cultivation, with silver-white shimmering light flashing across his body, instantly appearing near the round-faced man.

He stretched out his hand and pressed down, the sky bursting with silver-white brilliance, pouring down and enveloping the round-faced man.

"Such strong spatial binding power..."

The round-faced man struggled desperately.

Chen Yu appeared before him in an instant and snatched the transmission token from his hand.

"You retreat first, we'll come over immediately."

"We've finally found Chen Yu, this time we must not let him escape!"

As soon as he got the transmission token, another series of transmissions arrived.

"Just as I suspected, they're still searching for my tracks. I just don't know if Lin Tianfeng is among them."

Chen Yu said slowly.

"Tell me everything you know."

Chen Yu pressed him.

If the enemies are few, it's better to eliminate them completely and remove future worries.

"There are a total of thirty-five of us..."

The round-faced man, somewhat intimidated by Chen Yu, spoke slowly, trying to delay until reinforcements arrived.

Just as Chen Yu finished listening to the round-faced man's words, there were fluctuations of Primordial Power on both sides, and three human figures rapidly approached.

Bang!

Chen Yu punched out, causing the round-faced man's head to blossom.

"Anyone who dares to pursue, this is your fate."

Chen Yu swiftly left, his warning echoing between heaven and earth.

Previously, Chen Yu only snatched tokens, without killing anyone since there was no deep-seated hatred.

But now, to rid himself of trouble, he resorted to killing.

Not twenty breaths after Chen Yu left, everyone gathered at the spot.

"Bastard, so ruthless, killing 'King Zhen Shan', we absolutely cannot let him go."

Lin Daowei exclaimed angrily.

"However, next, we should act in small teams, for more assurance."

The Black Scorpion King suggested.

Just at this moment.

A familiar vast wave of Heaven and Earth Primordial Qi came from afar.

"Could that kid have returned?"

Lin Tianfeng squinted his eyes.

Gradually, a human figure appeared.

Dressed in a black robe, with bushy eyebrows and large eyes, his eyes surged with black light, his entire demeanor imposing, with sixty tokens on his belt, emitting a strong aura.

This man was Sun Tianlong!

Once an inner sect elite of the Tianhe Sect, at the Late Stage Star Condensation Realm, he recently left the sect to take the Heavenly Martial Sect exam.

This man was the top elite in this assessment.

He faced the large group of over thirty people alone, without the slightest fear, instead examining them curiously.

"Sun Tianlong!"

"He actually collected so many tokens."

The second part of the assessment had just begun, and the number of tokens to some extent represented strength.

Besides Chen Yu, it was also the first time Lin Tianfeng had seen so many tokens.

"Lin Tianfeng, Black Scorpion King, what have you guys been messing around with, without a single token?"

Sun Tianlong asked.

Lin Tianfeng, Black Scorpion King and the others blushed from Sun Tianlong's question, not knowing how to answer.

"Sun Tianlong, let's cooperate."

Lin Tianfeng spoke after pondering for a few breaths.

If Sun Tianlong joined, the probability of catching Chen Yu would increase by more than fifty percent.

"Join you?"

Sun Tianlong scoffed, clearly looking down on the people before him a little.

Though they had numbers, their token count was pitifully low.

"Would you refuse without even asking what our target is?"

Lin Daowei agreed with Lin Tianfeng's idea and chimed in.

"Sun Tianlong, I admit your strength, collecting sixty tokens in such a short time is impressive. However, the number of tokens Chen Yu holds is greater than yours."

Lin Tianfeng chuckled lightly.

A simple sentence revealing their target and the information about Chen Yu having an extremely high number of tokens, believing Sun Tianlong will not refuse after hearing it.

As expected.

Sun Tianlong's brows slightly furrowed, his face darkened as he spoke, "Your target is Chen Yu?"

Then, Lin Daowei roughly explained the situation.

After listening, Sun Tianlong, confirming there were no doubts, agreed, "Fine, I'll help you deal with Chen Yu. If he is defeated by me, I want thirty percent of the tokens."

Sun Tianlong demanded a lion's share.

After a brief negotiation, everyone agreed.

Next, they proceeded in multiple small teams.

"I alone am enough."

Sun Tianlong said coldly, forming a team of one.

Chapter 1043: Killing One Person with a Single Punch

After learning that those people were still tracking him, Chen Yu flew westward for most of the day, far away from that area.

After all, the enemy's numbers were too large. As time passed, there might be more and more of them.

"When they search for a few days without finding a trace of me, they will naturally give up."

Chen Yu murmured.

The opponents had many people but not many tokens—there was no way to replenish their energy.

When their energy consumption reached a certain point, they had to collect tokens; otherwise, they would be eliminated and couldn't enter the Heavenly Martial Sect.

Once the team dispersed, it would not be easy to gather again.

Chen Yu casually found a spot to sit cross-legged.

He had too many tokens on him, and no matter where he hid, people passing by would sense the familiar and intense Heaven and Earth Primordial Qi.

Moreover, these tokens couldn't be put into the Light Silver Crystal Space; if the space's power was absorbed and the tokens got damaged, it would be troublesome.

Such a situation had occurred during the Five Mountains Martial Competition.

Chen Yu used the method to open Star Acupoints and began attacking the last peculiar acupoint.

He was in no hurry; before the second assessment ended, he would definitely succeed in opening the last Star Acupoint.

After entering the Heavenly Martial Sect, he would need to start considering practicing the second layer of the "Four Symbols Divine Body."

Time passed, and two days went by.

Suddenly, a light dot flashed on Chen Yu's abdomen, continuously expanding, with a massive suction inside affecting another seven hundred nineteen Star Acupoints, causing them all to light up.

The seven hundred twenty acupoints radiated bright light, a layer of star glow enveloping Chen Yu.

The Star Acupoints on his body surface fluctuated with his breathing, the light brightening and dimming, interconnected, resembling the cosmic starry sky, vast and profound, ever-changing.

"Finally succeeded!"

Chen Yu's eyes flickered with brilliance, like two shining spheres.

He slightly mobilized his power, the star acupoints on his body resonating and undulating, transmitting power out and condensing on his fist.

His fist was completely shrouded in white brilliance, like a blazing white sphere, exuding a terrifying oppressive aura.

Chen Yu thrust his fist forward with the gathered power.

Bang!

The brilliance on his fist bloomed brightly, dazzling and blinding, like a gigantic heavenly beam of light, crushing forward, destroying everything in its path.

A hundred-zhang wide chasm was left on the ground, and a mountain in the distance vanished without a trace.

The opening of the last star acupoint not only increased Chen Yu's power but also gave him a sense of the fulfillment of the Star Form, allowing his power to flow smoothly and freely.

Next, Chen Yu consolidated the completely fulfilled Star Form to prepare for the second layer of the "Four Symbols Divine Body."

...

Above the barren mountain ridge.

Whoosh whoosh whoosh!

Two men and a woman flew by rapidly, their faces somewhat pale, with one young man injured, with blood at the corner of his mouth.

"Still trying to escape?"

A cold shout came from behind, and a massive pressure descended.

The sky darkened, black winds surged, and a dark figure rapidly approached, transforming into a dark-skinned man.

This man was the Black Scorpion King, followed by four others.

"You three are from the Kong Family, right? Hand over the tokens, and I might spare your lives."

The Black Scorpion King sneered.

"Brother Dongshan, should we just give him the tokens?"

Kong Qiuye had a look of helplessness on her face.

The Black Scorpion King's cultivation was at the Peak of Star Condensing Middle Stage; he alone could defeat the three of them, let alone bringing four helpers. Their strengths were completely in different leagues.

"No, if we give the tokens to the Black Scorpion King, we won't be able to enter the Heavenly Martial Sect."

Kong Dongshan firmly denied.

But as time passed, the five people behind kept getting closer, and an immense pressure assaulted them.

None of the Kong Family's three members could escape.

Kong Dongshan glanced at Kong Qiuye, a strategy emerging in his mind.

Leave Kong Qiuye behind to attract the Black Scorpion King's attention, so he himself could escape.

Kong Dongshan hesitated.

At this moment.

Boom!

A loud explosion came from the distance, and when Kong Dongshan's Spiritual Sense swept over, he found that the mountain there had been leveled.

Immediately, he sensed a dense and intense Heaven and Earth Primordial Qi.

"This way."

Kong Dongshan changed direction.

The Black Scorpion King and his men weren't specifically after them; they just wanted the tokens.

And in that direction, there was familiar and intense Heaven and Earth Primordial Qi, obviously with many tokens.

Maybe by then, the Black Scorpion King and his men would change targets and spare them.

If not, Kong Dongshan would have to implement the strategy he just thought of.

"That's Chen..."

Kong Dongshan's Spiritual Sense suddenly saw a man, his face showing shock.

He didn't expect to meet Chen Yu.

Under Martial God Mountain, Kong Dongshan had mocked Chen Yu several times, creating some tension between them.

Recently, Kong Dongshan had even heard some "terrifying rumors" about Chen Yu, fearing he might target him.

But currently, they were being pursued by strong enemies.

Compared to the ruthless Black Scorpion King, Chen Yu seemed more "approachable," not to mention Kong Qiuye had a good relationship with Chen Yu.

"Over there...there's a strong Heaven and Earth Primordial Qi."

The Black Scorpion King naturally sensed it too.

But the Heaven and Earth Primordial Qi was so intense, it proved the other party had numerous tokens, possibly being a powerful team or a top-tier expert.

But as they got closer, the Black Scorpion King saw a figure—it was Chen Yu!

"Hahaha, we've found him."

The Black Scorpion King laughed excitedly.

These past days, they had split into several teams searching for Chen Yu but had found no trace.

The Black Scorpion King and his men had no tokens, and their energy consumption was gradually increasing, so they took the opportunity to target others and snatch tokens.

Unexpectedly, during the pursuit, they came across Chen Yu.

Truly, what one seeks is exactly what one finds without much effort!

The appearance of the three from the Kong Family and the Black Scorpion King and his group did not escape Chen Yu's notice.

Swish!

Chen Yu's figure darted out, rushing towards the three of the Black Scorpion King.

Unexpectedly, these people were still searching for him, truly relentless.

"It seems my initial warning had no effect at all."

Chen Yu shouted coldly, like the imposing body of an ancient Holy Beast, sweeping in all directions.

Back then, he killed a King to warn the others, but it had no effect at all; apparently, the deterrent wasn't enough.

"Retreat!"

The Black Scorpion King felt the pressure and immediately ordered a retreat, even he himself was on high alert, closely watching Chen Yu.

Swish!

Chen Yu approached the Black Scorpion King at lightning speed, like a white streak of light.

The star manifestation not only enhances Chen Yu's strength but also his defense and speed.

"He's faster than before."

The Black Scorpion King summoned a mysterious weapon, slashing down fiercely, the intimidating black blade light darkening the sky.

"Break!"

Chen Yu's voice was like thunder, simultaneously throwing a punch.

After achieving perfection in star manifestation, Chen Yu felt a smooth mastery over all his power, executing a peak force punch!

Boom!

His roar and punch startled heaven and earth, shattered the sword light, and dispelled the darkness.

A wave of white light swept across to the Black Scorpion King, he activated his Primordial Qi defense, his figure was pushed back several hundred feet, his internal blood and Qi surging.

The three from the Kong Family were utterly shocked.

All along, they hadn't clearly understood Chen Yu's strength.

At this moment, witnessing Chen Yu punching back the Black Scorpion King, it struck their hearts profoundly.

The Black Scorpion King was pretty strong even at the Peak of Star Condensing Middle Stage, second only to the top geniuses of great families with the same cultivation, capable of easily slaughtering the three from the Kong Family alone.

But Chen Yu easily pushed him back with a punch, as if there was a massive power gap between them.

After repelling the Black Scorpion King, Chen Yu's gaze locked onto the other four.

"Run, hurry!"

The four, under Chen Yu's gaze, felt like they were being stared at by a demon, a chilling sensation coursing through their bodies.

"Where do you think you're going?"

Chen Yu's figure flashed and closed in on one of them, unleashing a lightning punch with incredible speed, leaving the opponent unable to react.

"No..."

The punch hit home, and this King at the Early Stage of Star Condensing Peak let out a miserable scream as his bones shattered.

Bang!

His body was sent flying with a large hole in it, his vitality dissipating as he was flung away.

"The first one."

Chen Yu's voice was cold.

The remaining three were petrified; just hearing those three words, they realized Chen Yu's figure was already gone.

One of them suddenly felt an intense death crisis, with his precious sword surging with Primordial Qi, he swung fiercely to the right.

Clang!

He swung with all his might, striking a burning white light punch, like wood struck against steel, it shattered instantly.

"No..."

The fist descended thunderously, with an overwhelming force crushing his entire body, destroying all his internal organs.

"The second one!"

Chen Yu's voice resounded like a declaration of death.

In the rear, the three from the Kong Family were terrified just watching Chen Yu's killing spree.

One punch for one life!

In a moment, two at the Condensed Star Realm were dead with no burial place.

"Chen Yu, how dare you!"

The Black Scorpion King roared in fury.

But he didn't charge forward to fight Chen Yu, the image of Chen Yu killing with a single punch deterred him as well.

The Black Scorpion King swung his sword ferociously, several dozen sword beams like black scorpion tails sweeping in.

The Black Scorpion King's actions were solely to buy time for the remaining two to escape.

"You cannot stop them."

Chen Yu said indifferently, the star acupoints on his body emanating layers of brilliance, as he was bathed in starlight, forming a Star Robe on his body in a flash.

Bang! Bang! Bang!

All of the Black Scorpion King's dozens of sword beams struck Chen Yu, causing a colossal explosion.

But Chen Yu's actions were unaffected, not slowing a single step; he endured all of Black Scorpion King's attacks as if they were nothing.

"The third one!"

Chen Yu activated the power of the star acupoints.

The brilliance flowed over his entire body, gathering on his fist, the congregated light was dazzling and terrifying.

The one at the Mid-stage Condensed Star Realm being targeted by Chen Yu used a speed secret technique, sparing no cost to escape.

The previous scene of Chen Yu killing with one punch was truly terrifying, making him not dare to withstand Chen Yu's punch.

"No, the space Profound Meaning..."

But he suddenly realized his movements were greatly hindered, and the speed secret technique only functioned at thirty percent of its effectiveness.

Bang!

The domineering fist light descended, devouring everything.

"Chen Yu, you're insane!"

The Black Scorpion King shouted angrily.

In this moment, Chen Yu was like a Mad Demon, no one could stop his killing spree.

Bang!

Yet another burst of fist light, shaking the eight directions.

"The fourth one."

One punch for one life, four already dead.

Only the Black Scorpion King remained from his team.

Chapter 1044: Annihilation of a Squad

"The fourth one."

Chen Yu's voice rang out, like the judgment of the Grim Reaper.

What followed was a chilling silence.

The three members of the Kong Family at the rear dared not even breathe heavily.

The battle scene just now was truly explosive and shocking.

They really hadn't expected Chen Yu's strength to be so formidable, killing with such decisiveness, and they had previously opposed such a ruthless individual, as if they had been wandering on the edge of death.

Thinking back, Kong Dongshan and Kong Xiaomu couldn't help but shiver.

From now on, they must not offend Chen Yu, even trying to curry favor and win him over.

Kong Qiuye, beside them, was both shocked and joyfully excited.

Chen Yu's strength was very powerful, even stronger than Lin Tianfeng, easily taking care of the enemies pursuing them.

The Black Scorpion King stared at Chen Yu intently, no longer daring to hurl insults.

Now he was the only enemy left here, and cursing Chen Yu would only anger the opponent, leading to a more miserable outcome for himself.

Swish!

The Black Scorpion King suddenly moved, but it was to escape.

He pushed his speed to the limit, not daring to slack off in the slightest.

Slash!

Simultaneously, Chen Yu initiated his action, his figure darting out instantly.

The Black Scorpion King felt his body turn cold, his scalp exploding; Chen Yu definitely wouldn't let him off easily.

"Chen Yu, if you delay awhile longer, once the others arrive, you'll find it impossible to escape."

The Black Scorpion King hurriedly shouted, hoping Chen Yu would give up.

Actually, it would take a considerable time for the other teams to support.

Because he led the team quite a distance while chasing the Kong Family three.

"Besides, I don't have the token, dealing with me offers you no advantage."

The Black Scorpion King continued.

"You're about to die, spouting so much nonsense, what's the use?"

Chen Yu's words were calm and indifferent, exuding confidence and assurance.

"You... you are too arrogant. As king, I concede your strength, but thinking you can kill me, that's quite the wild dream."

The Black Scorpion King roared angrily.

Being pursued by a peak Early-stage Star Condensing genius like Brother Yu was already disgraceful, and the opponent was even proclaiming to kill him.

"Then I'll show you whether it's a wild dream."

Chen Yu's speed burst forth, rapidly closing the distance with the Black Scorpion King.

"Chen Yu, you are too arrogant."

The Black Scorpion King's face was gloomy, extremely furious.

He gathered elemental force on his fingers, seemingly transforming into a sharp sword, stabbing his body a few times.

Boom!

Black sword light erupted from him, making the Black Scorpion King seem like a black sword himself, thrusting forward at tremendous speed.

As a Sword Cultivator, speed was also his forte.

Faced with the Black Scorpion King exerting full-speed, Chen Yu could no longer close the distance, relying solely on his Star-Form Physique and Space Essence.

But suddenly.

The Black Scorpion King noticed Chen Yu's speed, inexplicably increasing.

"What's going on?"

The Black Scorpion King's heart was startled, filled with doubt.

"Haha, sorry, there's a temporary breakthrough in Space Essence."

Chen Yu chuckled softly.

The Black Scorpion King felt as if he was struck by lightning, such a rare occurrence as a timely improvement actually happened to Chen Yu at this moment, which was undeniably bad news for the Black Scorpion King.

This was the first time Chen Yu captured him, besides taking him by surprise, it was also due to Space Essence.

Chen Yu's Space Essence had already reached a very advanced level, and now it had somehow improved further.

Isn't it said that Space Essence is incredibly difficult to comprehend, and even harder to advance? This has to be nonsense, it's utterly unjust.

After Chen Yu's mysterious heart transformation, the comprehension speed of Space Essence increased nearly tenfold.

Using Space Essence itself can deepen the understanding.

During this process, Chen Yu had a breakthrough in essence, very close to the third-tier realm.

Buzz!

The Black Scorpion King felt the world becoming viscous, his movements hindered.

Chen Yu wasn't lying; it truly was a breakthrough.

Even the Black Scorpion King's Darkness Essence was suppressed.

"Doesn't that mean the brat's Space Essence is already extremely close to the third-tier?"

The Black Scorpion King was incredulous.

Boom!

A massive sound came from behind; Chen Yu's enormous punch light, like a white sun, was bearing down.

The spatial power's binding and locking made it hard for the Black Scorpion King to evade; he could only brace himself.

Controlling his mystical weapon, he slashed out a frontal strike.

Boom-poom!

Though the white punch light was split apart, its vast power sent the Scorpion Tail Black Sword flying.

The aftermath of the fist light raised a fierce storm blowing in.

The Black Scorpion King didn't linger at all, hurriedly trying to escape.

"You can't escape."

Chen Yu's icy voice echoed again, another punch descended.

The Black Scorpion King couldn't evade, and each time he had to stop and fight back.

Boom-pow-pow!

In just a few breaths, they exchanged over ten moves, explosions continually rang out in the sky, black and white entwined storms destroyed everything nearby.

The Black Scorpion King's blood surged within, feeling unprecedented pressure.

So far, Chen Yu hadn't even utilized his mystical weapon, just ceaselessly punching, leaving the Black Scorpion King cornered.

The Black Scorpion King discovered he had no retreat!

"Chen Yu, let me go, and I'll help you persuade them to give up pursuing you, and I will no longer oppose you."

The Black Scorpion King pleaded in a low voice.

How could Chen Yu believe the words of the Black Scorpion King? His fists attacked like a storm, and bursts of explosive fist light blossomed brightly in the void.

Bang bang bang bang!

The Black Scorpion King continuously swung the Scorpion Tail Black Sword, but he couldn't withstand the overwhelming onslaught.

He was struck by a punch, and although the Scorpion Tail Black Sword weakened a portion of the damage, he still suffered heavy injuries and plummeted straight down, coughing up blood continuously.

The Black Scorpion King's face was pale, and seeing Chen Yu charging at him, his eyes instantly filled with madness: "Chen Yu, I'll fight you to the death."

The Black Scorpion King appeared as if he were going to lay down his life.

Ordinary people would keep their distance and respond with caution; a counterattack from a Mid-stage Star Condensation Peak was still very intimidating.

But Chen Yu's expression remained unchanged, killing intent decisive, as his fists descended.

The Black Scorpion King sprayed a mouthful of fresh blood onto the Scorpion Tail Black Sword, fully activating the profound weapon.

Whoosh boom!

Innumerable black sword lights surrounded, gathering into a massive black sword shadow, spanning hundreds of meters, with an evil black Sword Intent surging forth.

"Sky Scorpion Poison Sword!"

The Black Scorpion King unleashed his pinnacle sword, attempting to deter Chen Yu.

His Yuan power was nearly depleted, and he had no chance of victory if the fight continued.

Facing the deadly sword of the Black Scorpion King, Chen Yu summoned the [Golden Mountain Tower].

The [Golden Mountain Tower] erupted with brilliant golden light, instantly transforming into a towering golden light giant tower, pressing down.

Bang crack!

The sharp and evil black sword light was forcibly crushed by the golden giant tower, and the Scorpion Tail Treasure Sword was also suppressed.

Boom!

The [Golden Mountain Tower] pressed down upon the Black Scorpion King.

"No!"

The Black Scorpion King burned his remaining Yuan power, attempting to flee, yet was bound by Chen Yu's Space Essence.

In addition to the gravitational suppression of the [Golden Mountain Tower], he couldn't dodge.

Bang!

The [Golden Mountain Tower] struck the Black Scorpion King, crashing to the ground, leaving a pit hundreds of meters deep, with cracks spreading in all directions.

As a heavy profound weapon, the [Golden Mountain Tower], being struck head-on, fully suppressed the Black Scorpion King, who was undoubtedly doomed.

"Thank you, Brother Chen, for saving my life. Please accept my token."

Kong Dongshan's voice came out, and he voluntarily handed over his token, hoping Chen Yu would forget his previous mistakes.

Kong Xiaomu and Kong Qiuye were stunned for a moment, then followed suit and handed over their tokens.

Chen Yu hesitated for a few moments; he didn't lack tokens now, but he still accepted them all.

"Brother Chen, you are incredible. The five of them had no power to fight back and were easily dealt with by you."

Kong Qiuye said with admiration.

She never thought of passing the second test, so she gave her token to Chen Yu and didn't mind at all.

However, Kong Dongshan and Kong Xiaomu still had thoughts about the tokens, but to make Chen Yu forget past grievances, they had no choice but to do so.

After chatting briefly, Chen Yu prepared to leave.

Earlier, the Black Scorpion King must have sent out a message; perhaps someone was on their way here.

"Brother Chen, don't walk so fast, wait for us."

Kong Dongshan called out from behind.

Without tokens, it became much harder for them to pass the second test.

But if they could follow Chen Yu, they would be unstoppable and might gain something in return.

Moreover, more time together could help make amends.

"Brother Chen, where are you going? With so many tokens, you will surely enter the Heavenly Martial Sect. Your number of tokens might even rank in the top ten."

Kong Qiuye saw Chen Yu leaving and immediately followed.

"Being with me will bring trouble upon you."

Chen Yu said calmly, not wanting to carry a few burdens with him.

"Brother Chen, you jest; your strength is so great. The Black Scorpion King and the others were all slain by you alone."

"As long as Brother Chen doesn't mind, let us follow you. We will follow your instructions all the way, helping you break into the top five disciples of this Heavenly Martial Sect!"

Kong Dongshan showed a sincere smile.

"Not interested."

Chen Yu had no strong desire for scores; getting into the Heavenly Martial Sect was enough. He wasn't bothered to compete for top ten or top five.

After saying that, he left the place.

And the three of them, Kong Dongshan, followed closely, trying to cling to Chen Yu.

If Chen Yu truly didn't care about scores, that would be a good thing; they could possibly negotiate a trade for the tokens by paying a certain price.

Shortly after they left, three teams arrived at the scene.

One was led by Lin Tianfeng, another had a member at the Mid-stage Star Condensation Peak as well.

The last team consisted of only one person, Sun Tianlong!

"A fierce battle took place here."

Lin Tianfeng said with a grave expression.

"They're all dead."

Sun Tianlong spoke, eyes glinting with black light, his battle spirit soaring.

The stronger Chen Yu was, the more interesting it became.

"The Yuan power aura here is somewhat chaotic, with at least nearly ten types."

Lin Tianfeng noted after sensing.

"Could it be that Chen Yu found allies? Otherwise, the Black Scorpion King wouldn't have fallen so quickly; he would surely have held out until we arrived."

The yellow-clothed woman said.

"Do we continue to pursue Chen Yu, considering he allied with others?"

Chen Yu's own strength was already formidable; the complete defeat of the Black Scorpion King's squad further disheartened the group.

Upon discovering Chen Yu's alliances, they gradually developed a desire to retreat.

"Do as you wish; once Sun Tianlong targets something, he doesn't change."

Sun Tianlong's lips curled up, and his figure shot forward, leaving a statement behind.

Chapter 1045: Sun Tianlong Strikes

Chen Yu moved to another place and started cultivating again.

During the battle, the improvement in the Profound Meaning of Space was an unexpected delight.

With Chen Yu's current speed of comprehending the Profound Meaning of Space, there's a great possibility of breaking through the barrier of the third level in a short time.

Additionally,

After the completion of the Constellation Body, there's a martial skill he needs to become familiar with before he can perform it.

Unlike the "Star Pattern Robe," this martial skill is offensive. Once performed, the power of the Star Acupoint will erupt temporarily, generating devastating and terrifying power.

Shortly after, the three members of the Kong Family appeared here.

They saw Chen Yu cultivating and no one went up to disturb him.

But Kong Dongshan observed the cultivation technique Chen Yu was using.

The strength of a Cultivator is highly related to the cultivation technique they practice. In that previous battle, Chen Yu demonstrated impeccable defense and unmatched strength.

In his vision, seven hundred and twenty light clusters appeared on Chen Yu's body, the white radiance exerting a powerful oppressive force.

"Those should be the positions of the seven hundred and twenty acupoints."

Kong Dongshan thought to himself.

The light clusters on Chen Yu's body flickered, echoing each other, giving Kong Dongshan a sense of perfection, like a vast starry sky.

Suddenly, the seven hundred and twenty light clusters on Chen Yu erupted with even more brilliant light, surrounding him completely like a dazzling white giant light sphere.

Rumble!

The nearby ground seemed to suffer immense pressure, breaking and collapsing inch by inch, forming a huge pit a hundred meters wide.

Chen Yu, who was originally sitting cross-legged on the ground, now appeared to be sitting in mid-air.

"What's going on?"

Kong Dongshan's expression changed as he inhaled sharply.

Kong Xiaomu and Qiuye were equally attracted, feeling immense pressure all over their bodies, involuntarily trembling with fear.

At this moment, they felt that Chen Yu was on a completely different level, capable of easily obliterating them.

The three sat as if on pins and needles, drenched in sweat.

Fortunately, the brilliance on Chen Yu's body gradually faded, and the oppressive force diminished, allowing them to breathe a sigh of relief and maintain a certain distance from Chen Yu.

"So that's how this martial skill works."

Chen Yu murmured internally.

He was cultivating the final martial skill within the Constellation Body.

Because it's a close-combat skill, it wasn't convenient to unleash it; otherwise, the three from the Kong Family would have been affected, and the least skilled Kong Qiuye might have died from the aftershock.

A moment later, Chen Yu finished his cultivation.

"Brother Chen, were you just cultivating a martial skill?"

Kong Qiuye ran over to inquire.

"The cultivation technique and martial skill Brother Chen is practicing truly are extraordinary. There must be a master behind him."

Kong Dongshan approached with a smile.

Powerful cultivation techniques and martial skills aren't easy to come by.

In family powers, the heritage of cultivation techniques is strictly managed, and ordinary children can hardly obtain any good techniques.

In the forces of the Human Race, everyone competes to enter powerful sects and forces, partly to obtain stronger cultivation techniques and martial skills.

"Brother Chen, we and Brother Xia Mu have a proposal."

Kong Dongshan spoke up.

They followed Chen Yu firstly for protection by a strong figure, and secondly to obtain Tokens to pass the sect examination.

Kong Dongshan proposed that the three of them carry Tokens while wandering outside to attract enemies, then lead them to Chen Yu.

At that moment, Chen Yu would take action to seize the Tokens.

The final outcome would be that the Tokens would be divided 80-20, with Chen Yu taking the 80% and them taking 20%.

To make Chen Yu agree, Kong Dongshan was willing to give up; the three of them only taking 20%.

Chen Yu didn't answer, falling into deep thought.

There was still a long time before the end of the second assessment, and for now, he indeed had nothing to do.

Moreover, during the trial, openly robbing Tokens and storage space wouldn't be an issue.

"Let's discuss it later."

Chen Yu decided to wait it out.

Kong Dongshan and Kong Xiaomu breathed a sigh of relief, as long as Chen Yu agreed, they had hope of passing the assessment.

Five days later, Kong Dongshan's plan began to be implemented.

The three of them borrowed Tokens from Chen Yu and went out to wander, luring enemies.

...

"You two fat guys, you actually want my Token."

Kong Dongshan shouted while running.

Behind him, two slightly chubby men were chasing him, with similar looks, a pair of twins.

"Stop running if you dare, once I catch you, I'll make you experience my kingly torment methods."

"You can't escape."

The two shouted as they chased.

Kong Dongshan didn't consider the consumption of Primordial Energy, nor did he plan to fight them, just continuously provoking the enemy, focusing on running away.

After fleeing for a moment, Kong Dongshan met up with Kong Xiaomu and Qiuye, who had also attracted three pursuers.

"Just you wait, one day I'll make you suffer."

Kong Xiaomu made a harsh remark, provoking the enemies.

After the three joined forces, their pursuers also cooperated seamlessly.

But after pursuing for a moment, the three from the Kong Family suddenly stopped in front.

Swoosh!

A figure burst forth from the distant ground, moving like a stream of light, exuding a terrifying aura, stirring up an astonishing storm.

Just the speed and imposing manner made the pursuers feel threatened.

Once they saw Chen Yu's appearance, they were all horrified.

So many days had passed since the second exam, and Chen Yu's feats were known to the vast majority.

Ruthless methods, brutal ferocity, even daring to kill members of the Lin Family, imprisoning Lin Tianfeng for days, who escaped naked.

Later, Lin Tianfeng organized over thirty Kings to besiege Chen Yu, yet always failed. Reportedly, the besieging team has now expanded to over forty people.

"Hand over the Token, or face death."

Chen Yu roared, a mighty bellow like a primeval beast, full of intimidation.

A person at the Peak of Early-stage Star Condensation was scared witless, dropping the Token and fleeing.

In no time, all the Tokens were in hand.

"Let's go to the next place."

The same strategy; unless they're fools, no one will fall for it twice, so they need to change location to carry it out again.

Time passed, four days went by.

During this period, Chen Yu easily earned sixty tokens.

But as time went on, the speed of earning tokens slowed down.

The first reason is that the area is not large, with fast information transmission, and their methods were quickly spread.

The second reason is that Chen Yu had previously caused a great stir, making the area where they could move smaller.

"Looks like we need to change places. Just now, Qiuye and I encountered a three-person team. When they saw us, they actually turned around and ran."

Kong Xiaomu said with a smile.

"Can't return empty-handed."

Kong Dongshan was more persistent about the tokens.

Suddenly.

A great pressure, like a flood beast, crushed in, and the three felt immense pressure, immobilized, not daring to move a step.

Swish!

A shadow arrived from behind, stopping not far away.

"Sun Tianlong!"

Kong Dongshan's pupils shrank, his legs trembled.

Sun Tianlong, cultivation at the late stage of star condensation, was once an inner elite of the Eight Great Emperor Sect, cultivation at the late stage of star condensation, among the top batch of people in this assessment.

"Do you three know Chen Yu's whereabouts?"

Sun Tianlong glanced at the three, focusing on the tokens they had, and said plainly.

The trio was tense all over, Sun Tianlong's gaze gave them the sense of crisis like prey being stared at by a hunter.

Clearly, Sun Tianlong had set his sights on them, and their tokens would surely fall into Sun Tianlong's hands.

"If anyone can provide accurate information, I will reward him with twenty tokens."

Sun Tianlong continued.

At any time, temptation is the most effective method.

"Don't know."

Kong Qiuye struggled to speak.

"Twenty tokens?"

Kong Dongshan repeated these words in his heart.

He was already somewhat tempted.

Because Sun Tianlong had already set his sights on them, he would surely take the tokens afterward.

But if they can provide information, they can avoid this and also get twenty tokens.

Thinking that if he refused Sun Tianlong, the tokens would be taken, but providing intelligence could gain twenty tokens, Kong Dongshan hesitated inside.

"I know Chen Yu's whereabouts."

He secretly communicated to Sun Tianlong.

Sun Tianlong's gaze flickered imperceptibly, and he smiled, "Since none of you know, then go."

Kong Family's trio quickly left.

"Why is Sun Tianlong looking for Brother Chen?" Kong Qiuye worriedly said.

"Before the second assessment, Sun Tianlong declared war on Chen Yu. It is said that Sun Tianlong's parents died at the hands of an alien enemy, and Chen Yu is the descendant of a criminal, although this might be a rumor."

Kong Xiaomu explained.

"Let's quickly meet up with Chen Yu and then leave here."

Kong Dongshan said.

Only he knew, Sun Tianlong was currently hiding behind.

Shortly after.

The Kong family trio met up with Chen Yu.

"Brother Chen, let's hurry up, Sun Tianlong is looking for you, he's going to deal with you."

Kong Qiuye moved close to Chen Yu.

"No need to leave."

Chen Yu said calmly.

"Why? Do you know Sun Tianlong left here?"

Kong Qiuye looked confused.

"No, he's already here."

Chen Yu's gaze sharpened, looking into the distance.

"What?"

Kong Qiuye and Kong Xiaomu both were shocked.

"Hahaha, Chen Yu you are indeed extraordinary, even Lin Tianfeng, Black Scorpion King and the others can't deal with you."

A laugh came forth.

In the distant heavens, a figure appeared, it was Sun Tianlong!

"I'm sorry, Brother Chen, I didn't know he was following behind."

Kong Qiuye guessed Sun Tianlong followed them to find him.

"You did well. Once I capture Chen Yu, I will give you twenty tokens."

Sun Tianlong looked at Kong Dongshan, nodded and smiled.

"What? Brother Dongshan, was it you?"

Kong Qiuye didn't expect it was Kong Dongshan who deliberately led Sun Tianlong here, Kong Xiaomu also looked innocent.

Kong Dongshan's face was gloomy, not expecting Sun Tianlong to expose him.

Yet thinking Sun Tianlong would surely win, Chen Yu might not even enter the Heavenly Martial Sect, he also felt assured.

"Chen Yu, you face me yet show no fear, I'm curious about the source of your confidence?"

Sun Tianlong assessed Chen Yu, not in a hurry to act.

He purposely exposed Kong Dongshan just now, to first let Chen Yu taste the feeling of betrayal, and finally defeat him, letting him taste falling from the clouds to the ground.

"Though you look a bit scary, it's not enough to make me afraid."

Chen Yu teased the enemy.

"Insolent."

Sun Tianlong roared angrily, then coldly announced, "Within ten moves, I will have you under my feet!"

Having spoken such words, Sun Tianlong wouldn't show mercy.

Swish!

An obscure golden long spear emerged from his back, surrounded by a phantom dragon silhouette, the dragon roar shaking hearts.

Holding the spear in one hand, Sun Tianlong was like a peerless war god, dominantly unrivaled, intimidating all beings.

Kong Xiaomu and Kong Qiuye, struck by a dragon-pattern storm, flew backward, coughing up blood.

"So strong, is this Tianhe Sect's inner elite?"

Kong Dongshan was also extremely repressed, facing Sun Tianlong, he couldn't raise even a shred of fighting spirit.

It seemed Chen Yu was bound to lose, he retreated a distance, believing soon Chen Yu's defeat scene would appear.

Chapter 1046: Falling Star

As Sun Tianlong charged his mysterious weapon, he appeared like an invincible god of war, his aura reaching its peak, intimidating all around.

Kong Dongshan, facing Sun Tianlong, couldn't muster even a hint of fighting spirit.

Kong Xiaomu and Kong Qiuye were forced back by that powerful aura, suffering minor injuries.

No wonder he was a talented elite trained in the great Emperor Sect, completely on a different level from ordinary people.

"Brother Chen, you must go. With your strength, if you focus on escaping, Sun Tianlong definitely can't catch you."

Kong Qiuye secretly transmitted her voice.

Facing such a terrifying Sun Tianlong, she didn't even dare to speak openly.

"Why flee? Bringing in such a big catch this time, you did well."

Chen Yu smiled faintly, and when saying the last compliment, he glanced at Kong Dongshan.

Kong Dongshan felt a bit unnerved under Chen Yu's gaze, but thinking that Sun Tianlong would defeat, or even possibly kill, Chen Yu, he had nothing to worry about.

Chen Yu was not afraid of Sun Tianlong.

Since the opponent had come, with his late-stage star condensing cultivation and speed, Chen Yu might not be able to outrun him, so he might as well confront him head-on.

With his Starlight Body perfected and spatial profound meaning greatly enhanced, mid-stage star condensation peak was hardly a threat to Chen Yu anymore.

Even against the late-stage Sun Tianlong, Chen Yu had some fighting spirit.

"Arrogant!"

Sun Tianlong shouted loudly, his limitless aura pressing forward, as he thrust his dark gold dragon-patterned spear with force.

He had already said he would defeat Chen Yu within ten moves, would go all out, and show no mercy.

Boom!

With the spear thrust, darkness enveloped the land, a massive dark gold spear shadow shot out, piercing the sky, while inside the spear shadow, a dragon's roar echoed, shaking the heart and mind.

Sun Tianlong's first move deeply intimidated Kong Xiaomu and Kong Qiuye.

"No wonder he is an inner sect elite trained in the great Emperor Sect, I've heard Sun Tianlong chose to learn the 'Wandering Dragon Demon Cleansing Spear', such a powerful combat technique, seeing it today, it indeed proves unmatched strength."

Kong Xiaomu exclaimed in admiration.

Why is Chen Yu not fleeing in the face of Sun Tianlong, what hidden cards does he have?

In sight, Chen Yu neither unleashed a mysterious weapon nor used any moves, but instead charged straight out.

Buzz!

Starlight burst from his body, weaving a star pattern coat around him.

Enveloped in white starlight, Chen Yu faced the astonishing spear head-on.

"Is he seeking death?"

Sun Tianlong sneered coldly.

Chen Yu actually opted to collide directly with his attack.

Even if the opponent was a body cultivator, he would be shattered to pieces by his attack.

"Brother Chen?"

Kong Qiuye showed reluctance on her face.

However, the imagined scene did not occur.

Boom! Boom!

Chen Yu collided with the dark gold spear shadow in a tremendous explosion, waves of storms sweeping in all directions.

Only to see Chen Yu's figure fly back a hundred yards.

His star pattern robe showed many damages, and his body bore a few scars, yet they healed in a blink of an eye.

"Oh? He actually blocked it?"

Sun Tianlong showed astonishment.

He'd unleashed a move from the 'Wandering Dragon Demon Cleansing Spear', yet it was blocked by an early-stage Condensed Star Realm peak practitioner.

"It seems your cultivation technique is not ordinary, and this defensive technique is decent, but it has already shown damage, my second move will destroy it completely."

Sun Tianlong's expression calmed.

Once he destroyed Chen Yu's defensive technique, killing him would be easy.

Boom!

As soon as he finished speaking, Sun Tianlong swung his spear in a sweeping motion.

Thousands of dark gold spear shadows appeared in the sky, lined up like an army, charging forth, gods and demons retreating.

"The earlier move was merely to test your strength, as if I would do nothing and let you attack afterward."

Chen Yu chuckled lightly.

He spoke truthfully, earlier relying purely on his vital force and Starlight Body, he matched a strike against a late-stage star condensing practitioner, indeed slightly inferior.

Moreover, the late-stage star condensing attack had exceeded his star pattern coat's endurance limit.

But that didn't mean he had lost, he still had other means.

Whoosh!

With a wave of his hand, Chen Yu shot a golden light that transformed into a thousand-foot-tall giant, radiating golden light.

Boom! Boom! Boom!

Those thousands of dark gold spear shadows were blocked by the [Golden Mountain Tower], continuously bombarding it with deafening blasts.

The [Golden Mountain Tower], as a heavy, large mysterious weapon, could be used for attack or to fend off enemy attacks.

"Even if you use this mid-grade mysterious weapon for defense, it won't change the outcome!"

Sun Tianlong's expression turned slightly stern, his dark gold spear slicing through the void, like an illusory dragon shadow, bypassing the [Golden Mountain Tower] to attack Chen Yu.

The dark gold spear in his hand was also a mid-grade mysterious weapon, in terms of attack speed, the [Golden Mountain Tower] lagged slightly behind, unable to keep up with the dark gold spear.

Yet the [Golden Mountain Tower] had another attribute, it contained an internal space.

Swoosh!

The dark gold spear, as swift as lightning, hit Chen Yu's body.

But it struck only Chen Yu's afterimage, just a moment before, Chen Yu had entered the [Golden Mountain Tower]'s interior.

"Does this mysterious weapon also have an internal space?"

Sun Tianlong was slightly surprised, his brow furrowed, launching another attack.

Of the ten moves he had vowed to defeat Chen Yu, three had passed, yet Chen Yu wasn't even injured.

The [Golden Mountain Tower] sped rapidly towards Sun Tianlong, and Chen Yu suddenly burst out from within, a dazzling light condensing into a white light ball in his hand, throwing it forward.

Faced with a cultivator of much lower cultivation than himself, Sun Tianlong stood his ground, unretreating, controlling the [Mysterious Weapon] to strike ahead.

The late stage Star Condensation attack was truly swift; Chen Yu found it hard to dodge.

But if he didn't dodge, he would find it difficult to attack Sun Tianlong, making victory impossible.

Chen Yu took a deep breath, his heart gathering strength, amplifying his speed.

At the same time, he fully amplified his speed with spatial profound meanings.

Swish!

His figure shot out in an instant, stirring up a tremendous storm, dodging that spear.

Sun Tianlong didn't expect Chen Yu's speed to be so fast, able to dodge his attack.

Facing the charging Chen Yu, Sun Tianlong gathered Yuan power in his palm, transforming it into a Yuan power spear, thrusting out forcefully.

Boom!

The glow of the fist and the Yuan power spear collided fiercely, the two forces clashing intensely.

The powerful Yuan power attack came at Chen Yu, causing more damage to appear on the Star Pattern Robe.

But in the close-quarters clash, Sun Tianlong was also pushed back by Chen Yu's fist power, his internal Qi and blood surging.

The three members of the Kong Family watching the fight were dumbfounded.

Sun Tianlong was actually repelled by Chen Yu.

And currently, after exchanging several moves with the late stage Star Condensation, Chen Yu hadn't sustained any injuries, which was simply incredible.

Kong Dongshan suddenly felt a bit uneasy, inwardly praying for Chen Yu to lose quickly.

"Let's see how many moves you can withstand."

Sun Tianlong was also somewhat annoyed.

Boom! Boom! Boom!

He controlled the Dark Gold Spear, launching a swift and fierce offensive, as if a black-golden lightning was attacking Chen Yu with uncapturable speed thrice.

Seeing Sun Tianlong angry, going all out, Chen Yu didn't hold back anymore.

Thump! Thump! Thump!

The mysterious heart entered an explosive state, with a surging power coursing through his whole body, the seven hundred and twenty Star Acupoints on Chen Yu's body surface shone even more brilliantly.

Bang! Bang! Bang!

He swung both fists swiftly like thunder, repeatedly clashing with Sun Tianlong's mystic weapon.

Chen Yu's figure stood firm as a mountain, while that mystic weapon was knocked back three times by him.

In the heart's explosive state, Chen Yu's combat power multiplied, becoming unstoppable.

Whoosh!

He shot out, stirring up a thunderous sonic boom, like light and electricity, emanating an aura like that of an ancient Holy Beast, closing in on Sun Tianlong.

At this moment, Sun Tianlong felt as if he were fighting an opponent of the same realm strength.

"Flying Dragon Swinging Sky!"

He roared, the surface of the Dark Gold Spear turned, transforming into a dark golden giant dragon, emitting a terrifying dragon might that shook the heavens and earth, flying towards Chen Yu with an open mouth, as if to devour him.

"Such a powerful killing move."

Chen Yu felt as if the sky were about to collapse, the spear transformed into a giant dragon with boundless power, terrifying to behold.

"But I also have a killing move!"

Chen Yu's eyes shone brilliantly.

After the perfection of the Star Physique, a powerful offensive combat technique could be utilized, one that Chen Yu had already familiarized himself with and was about to use for the first time now.

This combat technique is called "Falling Stars."

Boom!

The Star Acupoints on Chen Yu's body erupted with brilliant radiance, enveloping him completely.

In an instant, Chen Yu's figure was no longer visible, turning into a giant ball of white light, illuminating the world with pure white, leaving only that dark golden evil dragon.

The combat technique "Falling Stars" draws upon the power of the seven hundred and twenty Star Acupoints, mobilizing Chen Yu's entire power and spirit into the attack, transforming into an invincible star, crushing everything!

Bang!

In an instant, the star collided with the dark golden evil dragon, the two forces' colors intermingling.

In less than a breath, the white light swallowed everything, causing that evil dragon's figure to disappear.

Only a Dark Gold Spear flew several thousand yards backward, landing on the ground, leaving a huge pit.

"Sun Tianlong, this is the combat technique I just mastered, give me your evaluation."

Chen Yu laughed heartily, charging towards Sun Tianlong.

"Falling Stars" is a close combat technique, under this condition, Chen Yu's full body strength was exerted, his speed as well.

Boom!

Facing Chen Yu's collision like a giant star, Sun Tianlong was unable to dodge.

His face changing drastically, he quickly cast a spell, forming a dragon-patterned light shield around him!

Puff!

Chen Yu charged, causing the dragon-patterned light shield to gradually cave in, eventually shattering.

Sun Tianlong was hit by Chen Yu's punch, his chest caved in, ribs fractured, blood spewing from his mouth as his body flew back.

"What... battletech... is this...?"

Sun Tianlong's unclear words were heard as he flew backward.

"No..."

On the other side, Kong Dongshan also exclaimed loudly.

How could Sun Tianlong be injured?

Kong Xiaomu and Kong Qiuye were completely stunned, how could the once invincible Sun Tianlong be injured by Chen Yu?

"Kill!"

Chen Yu charged out once more.

Falling Stars consumed a lot, with a limited duration, he had to do his utmost to attack Sun Tianlong during this time.

Transformed into a star, Chen Yu was unbelievably powerful in both speed and attack.

Boom!

Sun Tianlong clashed hard, his body once again retreating, spraying blood in the air.

He hadn't stabilized his form, when he saw Chen Yu attacking again; transformed into a star, Chen Yu's power in speed and attack was undeniably overwhelming.

The ten moves Sun Tianlong spoke of had long passed, not only failing to defeat Chen Yu, but being relentlessly pursued by him, suffering constant vomiting of blood.

Chapter 1047: If I Had Known Earlier, Why Bother at the Start?

After a continuous exchange of hard blows with Chen Yu, Sun Tianlong was severely injured.

The starlight around Chen Yu gradually dimmed, revealing the faint silhouette of a person inside the huge light sphere.

Whoosh!

The Dark Gold Spear swiftly returned to Sun Tianlong's hand, providing him some relief with the presence of the profound weapon.

"Chen Yu, don't be arrogant, today I will surely defeat you."

Sun Tianlong shouted angrily.

He intended to use the killing move from the "Wandering Dragon Demon Cleansing Spear," but Chen Yu was too close, attacking rapidly, giving Sun Tianlong no time to execute it.

Faced with Chen Yu's terrifying attack, he could only strike back immediately with his spear; otherwise, he would be injured.

Swoosh!

He thrust his spear accurately, scraping past Chen Yu's wrist, cutting a wound.

A trickle of blood flowed from Chen Yu's wrist, but it healed in an instant.

"This profound weapon of yours is quite a hindrance."

Chen Yu casually grabbed the Dark Gold Spear.

Under his immense strength, Sun Tianlong couldn't compete, and the Dark Gold Spear was snatched away from him by Chen Yu.

"You..."

Sun Tianlong was infuriated.

His profound weapon was snatched away just like that.

The moment Chen Yu acquired Sun Tianlong's profound weapon, he immediately threw it out.

The Dark Gold Spear instantly disappeared five thousand feet away, embedding into the ground.

At the same time, a golden light shot out, transforming into a massive golden tower, suppressing the Dark Gold Spear.

Losing his profound weapon, Sun Tianlong shrank back again.

Facing Chen Yu's punch, he condensed a spear of primal energy with one hand to attack and weaken, while his other hand released a barrier of primal energy for defense.

Bang!

The primal energy spear was instantly shattered, and the primal energy barrier only held for half a breath before breaking.

Sun Tianlong was once again wounded, sent flying backward, and spat out several mouthfuls of blood.

He wiped the blood from the corner of his mouth and stared intently at Chen Yu, with a fierce light gleaming in his eyes: "Your secret technique time is almost up."

At this moment, the starlight around Chen Yu had dimmed considerably, and Chen Yu at the center of the stars was visible.

"So what?"

Chen Yu was unafraid and attacked again.

Soon the "Falling Stars" time ended, the starlight around him vanished, and the Star Acupoints dimmed somewhat.

However, Sun Tianlong was also seriously injured, having lost his profound weapon, his combat power greatly diminished.

At this point, Sun Tianlong's attacks could barely cause Chen Yu any significant injury, while Chen Yu's punches and kicks posed a great threat to Sun Tianlong.

Bam!

Chen Yu's fist struck Sun Tianlong's shoulder, immediately followed by the sound of bones breaking.

Sun Tianlong's shoulder drooped limply, unable to move anymore.

In return, his right hand's primal energy spear left seven wounds on Chen Yu, yet these wounds healed within moments.

"Damn it!"

Sun Tianlong cursed angrily.

Chen Yu's secret technique time was over, yet he still wasn't a match for him.

Moreover, Sun Tianlong suddenly realized that the token on him had mysteriously decreased.

"You stole my token!"

Upon realizing the truth, Sun Tianlong's fury was sky-high.

But he kept his wits about him, not letting anger cloud his judgment.

Whoosh!

Sun Tianlong retreated backwards, needing to create distance from Chen Yu, else he would surely lose at this rate.

"Where do you think you're going?"

Chen Yu, of course, wouldn't let Sun Tianlong easily escape, knowing that engaging in close combat would increase his chances of victory.

Buzz!

Chen Yu used his Spatial Profound Meaning to interfere and bind Sun Tianlong.

Sun Tianlong countered with his Gold Profound Meaning, forming a layer of golden spear shadows around him, slicing back and forth, destroying the spatial bindings.

The two engaged in a battle of distance manipulation.

"Peak of the second stage of Spatial Profound Meaning!"

Sun Tianlong felt a tingling sensation on his scalp.

His Gold Profound Meaning had reached the third realm, but comparatively, the more difficult Spatial Profound Meaning was stronger.

However, the strength of Profound Meaning is not only determined by its realm but also by the cultivation and primal energy.

Sun Tianlong's cultivation was higher, bridging the gap in this aspect.

Nevertheless, as the fight to manipulate distance continued, Sun Tianlong suddenly felt that the spatial restraints around him were becoming more solid.

Even with his full force using the Gold Profound Meaning, he found it difficult to cut through and destroy them.

"Could this be... the third stage of Spatial Profound Meaning?"

Sun Tianlong was somewhat bewildered, wondering if he was dreaming.

Spatial Profound Meaning is extremely difficult to comprehend; the fact that Chen Yu reached the peak of the second stage was a miracle.

Yet Chen Yu actually broke through the bottleneck in their contest of Profound Meanings, reaching the third stage!

What kind of monstrous spatial talent does one need to achieve this? Such as the legendary Spatial Spirit Body or rare space-related bloodline.

"Sun Tianlong, take my punch!"

Chen Yu shouted fiercely.

Just now, during the clash of Profound Meanings with Sun Tianlong, his Spatial Profound Meaning did break through the bottleneck, reaching the third stage.

With his current spatial talent, this was not entirely unforeseen, but it was still a pleasant surprise.

Boom!

Chen Yu threw a powerful punch, with Sun Tianlong left with no will to fight, resorting only to full defense.

Crack!

The punch landed, and the dragon-patterned barrier before Sun Tianlong didn't even last a breath before cracks spread and it shattered catastrophically.

Sun Tianlong was blown away by Chen Yu's punch, tumbling four or five hundred feet, dazed and dizzy.

Run!

Sun Tianlong was left with only that thought.

That guy is simply inhuman, a monster.

This fight was incredibly stifling for him.

His profound weapon was thrown out and suppressed by Chen Yu, his token was stolen during close combat, and finally, Chen Yu's Spatial Profound Meaning breakthrough nullified Sun Tianlong's speed advantage.

If this continued, unless Chen Yu's primal energy was exhausted, Sun Tianlong would definitely lose.

"Sun Tianlong, hand over all your Tokens, consider it the cost of sparring with me."

Chen Yu shouted and gave chase.

Behind, the three members of the Kong Family stood frozen in place, their minds a whirlwind of chaos, unable to articulate their shock.

Sun Tianlong was defeated!

One of the elite warriors from the assessment was defeated by Chen Yu!

Kong Dongshan's face turned ashen, his whole body drenched in sweat, appearing lost and despondent.

Run!

This was his only thought.

Although Chen Yu wasn't focusing on him now, he knew Chen Yu wouldn't spare him.

But where could he run to?

Kong Dongshan was terrified, feeling a sense of despair.

He felt he had been tricked by Chen Yu, and sabotaged by Sun Tianlong.

...

Chen Yu relentlessly pursued Sun Tianlong, who carried over seventy Tokens, quite a substantial number.

If he could acquire these Tokens, he would have a high chance of ranking in the top five in the second assessment.

Though Chen Yu wasn't interested in rankings, these Tokens were easy to acquire, so why not take them?

An excellent assessment result could potentially make him a disciple of a more powerful figure in the Heavenly Martial Sect.

Fleeing, Sun Tianlong clutched the Tokens in one hand, trying to recover his energy while escaping.

But he had to focus mainly on fleeing, or he'd be caught by Chen Yu, which made his energy recovery using the Tokens extremely slow.

"Sun Tianlong, why are you running? You are the proud pinnacle of the Late Stage Star Condensation, one of the elite warriors in this assessment."

Chen Yu's taunting voice came from behind.

Hearing this, Sun Tianlong felt a surge of anger and frustration.

A short distance ahead.

A man and a woman were traveling, suddenly seeing Sun Tianlong rushing towards them, startling them into retreat, their faces pale.

"It's Sun Tianlong!"

But immediately, they noticed Sun Tianlong was severely injured and in a desperate escape.

"How could this be? How did Sun Tianlong get so badly injured?"

"Could it be Qin Wentian's doing?"

The two exclaimed in shock.

Although a few others were in the Late Stage Star Condensing during this assessment, their strengths were about the same, and Sun Tianlong shouldn't be fleeing injured.

Only Qin Wentian, who aimed for the top position, could possibly do this.

The next moment, a human figure appeared in view—Chen Yu!

"It's Chen Yu!"

The two were once again shocked.

Chen Yu's name had already spread at the base of Martial God Mountain, and his appearance here caused another sensation.

The rumors about Chen Yu painted him as treacherous, vicious, and bloodthirsty—a typical madman of the demonic path.

But for him to be so powerful as to hunt down Sun Tianlong?

Whoosh! Whoosh!

Two figures quickly swept past the man and woman, disappearing without a trace, as if everything moments ago was just an illusion.

Yet their hearts remained shaken for a long time.

Chen Yu realized that although he had defeated Sun Tianlong, the latter was, after all, in the Late Stage Star Condensing and an elite once trained at Emperor Sect. Determined to escape, he was indeed hard to deal with.

But if he didn't take Sun Tianlong's Tokens, didn't make him bleed a little, it would be a bit of a loss.

Heart Slaying TechniqueHeart Splitting!

Thud! Thud! Thud! Thud!

The mysterious beating of a heart resonated in all directions, sweeping past Sun Tianlong.

Immediately.

Sun Tianlong's heart suddenly expanded, blood surged out, making his energy boil and disrupting his vital energy's flow, causing his body to stiffen and slow down.

Taking advantage of this opportunity, Chen Yu's speed exploded, closing in on Sun Tianlong.

While employing Spatial Binding Mysterious Power, he punched once more, further injuring Sun Tianlong.

After this, Sun Tianlong found it increasingly difficult to escape Chen Yu. His injuries kept accumulating, growing more severe, and without timely treatment, his foundation might be damaged.

"Take the Tokens!"

Sun Tianlong threw out twenty Tokens.

"I want them all."

Chen Yu took the Tokens and continued the chase.

"Chen Yu, don't push me too far."

Sun Tianlong shouted angrily.

"So what if I push you too far?"

Chen Yu retorted disdainfully.

In less than an hour, Sun Tianlong finally gave up and handed over all the Tokens obediently.

"Had I known earlier, why cause all this trouble when you could've just handed the Tokens before and avoided all this. I really don't understand your thinking."

Chen Yu collected all of Sun Tianlong's Tokens while smiling.

Sun Tianlong was both shamed and furious, barely able to endure Chen Yu's humiliation, turning to flee.

"Two hundred and sixty-three Tokens!"

Chen Yu laughed aloud.

With such a large number of Tokens, he was almost guaranteed to make the top five.

Chen Yu retraced his steps, not forgetting the account with Kong Dongshan.

On the other side.

"Brother Tianfeng, Sun Tianlong is being pursued by Chen Yu."

A member of the Lin Family hurriedly reported.

"What nonsense are you spouting?"

Lin Tianfeng immediately scolded, thinking he was being toyed with.

Sun Tianlong is so strong, how could he be hunted down by Chen Yu?

Moreover, if Sun Tianlong had found Chen Yu, why hadn't he sent word to them?

"It's true, someone saw it with their own eyes, Sun Tianlong was covered in wounds, being hunted by Chen Yu..."

The member of the Lin Family said helplessly.

At this moment, Lin Daowei received messages from others, some saying Sun Tianlong lost to Chen Yu, others saying they wanted to leave the team.

Lin Daowei and Lin Tianfeng stood frozen, exchanged a look, seeing the shock and confusion in each other's eyes.

It seemed it was all true!

Chapter 1048: Annihilated with a Single Finger

When Chen Yu returned, Kong Xiaomu and Kong Qiuye were still there.

"Where's Kong Dongshan?"

Chen Yu asked flatly.

After hesitating for a moment, Kong Qiuye spoke, "Brother Dongshan just left, we don't know where he went."

They all knew that Chen Yu had returned to settle accounts with Kong Dongshan.

After all, Sun Tianlong was deliberately brought by Kong Dongshan to harm Chen Yu.

In fact, Kong Dongshan had just asked both of them to leave with him.

But Kong Xiaomu and Kong Qiuye were deeply intimidated by Chen Yu and didn't dare to anger him. Plus, the previous matter had nothing to do with them, so they believed Chen Yu would be fair.

Moreover, they both wanted to plead for Kong Dongshan.

"Brother Chen, could you spare Brother Dongshan? He only revealed your whereabouts because he was frightened by Sun Tianlong," Kong Qiuye said.

Chen Yu shook his head slightly; Kong Qiuye and Kong Xiaomu weren't so scared that they revealed his whereabouts. Could Kong Dongshan be that scared?

"Brother Chen, this matter was Dongshan's mistake. I hope you'll consider the work he's done for you these past few days and forgive him."

Kong Xiaomu also pleaded.

"Forgive him?"

Chen Yu chuckled lightly.

"He had provoked me multiple times before, and I've already forgiven him many times. Now, he has betrayed me, bringing a strong enemy to take my life. Do you think I should still forgive him?"

Chen Yu's expression was cold, and his demeanor was imposing.

If Kong Dongshan had stayed here obediently, admitted his mistake, and apologized, there might have been room for reconciliation.

But Kong Dongshan ran away.

Kong Xiaomu and Kong Qiuye were speechless, having seen Kong Dongshan's behavior with their own eyes previously.

Chen Yu asked again about Kong Dongshan's whereabouts, and they said they didn't know.

Their answer was somewhat credible since Kong Dongshan was avoiding Chen Yu, so why would he reveal his whereabouts to others?

However, with a little deduction, one could still reach a conclusion.

If Kong Dongshan didn't want to enter the Heavenly Martial Sect, he'd surely find a sparsely populated place to hide and wait for the test to end.

Chen Yu thought this was unlikely because Kong Dongshan had great ambitions and was eager to enter the God Sect.

In that case, Kong Dongshan could only rely on other strong individuals, especially those against Chen Yu, to get some protection.

This included the Lin Family, Qin Family's Qin Wentian, and several other top elites.

The Lin Family had significant enmity with Chen Yu. Even if the other top elites didn't have grudges with Chen Yu, the numerous Tokens in his possession were temptation enough.

However, comparatively, the Lin Family was more likely to accept Kong Dongshan.

"In that case, I'll ask Lin Tianfeng."

Chen Yu chuckled softly and walked away.

"Brother Xiaomu, what do you think Brother Chen will do to Brother Dongshan?"

Seeing Chen Yu leaving, Kong Qiuye couldn't help but ask worriedly.

"If someone brought my enemy to take my life, I would definitely take their life if given the chance."

Kong Xiaomu said solemnly.

In this world, one absolutely can't be merciful to their enemies, especially those who want to kill you.

...

Although the Lin Family team was no longer pursuing Chen Yu,

It was still easy to find out their whereabouts.

Whenever Chen Yu encountered anyone, he would unleash a powerful aura, looking cold and ruthless, then inquire.

Even if the news about him defeating Sun Tianlong hadn't yet spread widely, his previous reputation alone was intimidating enough to make people shudder in fear.

At first, Chen Yu didn't gain much.

But soon, he encountered an acquaintance, the white-robed Long Aoyun.

Next to Long Aoyun was a black-robed man at the mid-stage Star Condensation Realm.

Back then, Long Aoyun was caught by Chen Yu and tricked the black-robed man over. The two had a falling out, but now they were together again.

"Long Aoyun."

Chen Yu quickly approached and shouted.

Long Aoyun and the black-robed man, who were chatting, turned and the moment they saw Chen Yu, their faces turned pale.

"Chen Yu!"

They exclaimed in shock, fear, and panic revealed in their expressions.

"Don't kill me, Chen Yu, I was just momentarily confused and believed Lin Daowei's words to come against you."

Long Aoyun begged for mercy right away, looking pitiful.

The black-robed man also immediately pleaded for mercy.

Both thought Chen Yu was there to seek revenge.

But Chen Yu didn't even know that these two had once joined the Lin Family team to track him.

"Hmph, how bold you are. It seems I was too lenient before; you haven't learned your lesson at all."

Chen Yu said coldly with a gloomy and cruel look.

This terrified Long Aoyun and the black-robed man even further, making them shiver all over.

This was it; they were doomed.

Chen Yu had defeated even the Black Scorpion King at the mid-stage Star Condensation Peak and beaten Sun Tianlong in the late stage. Dealing with these two was like handling children.

"Quickly, where is Lin Tianfeng?"

Chen Yu shouted.

Their nerves tightened with fear, and they instinctively responded: "We just parted with Lin Tianfeng; his last location was a hundred miles to the west."

Swoosh!

Having gotten the answer, Chen Yu quickly left.

Long Aoyun and the black-robed man immediately sensed something was amiss. By the time they looked up, Chen Yu was already gone.

He left?

He just asked a question and left? Wasn't here for revenge?

The two looked at each other, realizing for the first time how timid they were, feeling like they'd been played by Chen Yu.

...

On a hillside.

The Lin Family and others were stationed there.

"You want to follow us?"

Lin Tianfeng looked at Kong Dongshan in front of him and asked indifferently.

"I know you and Chen Yu have a great enmity, just like I do, so I want to follow you. If in the future you want to deal with Chen Yu, please let me contribute."

Kong Dongshan said sincerely.

He didn't give up entering the Heavenly Martial Sect, so he must seek protection, preferably accepted as a disciple by the higher-ups, then Chen Yu wouldn't be able to deal with him.

With Kong Dongshan's qualifications, it was clear he couldn't achieve that.

So he could only seek shelter from other forces, and the Lin Family who had the greatest hatred for Chen Yu was the best choice.

"Just you alone?"

Lin Tianfeng sneered.

Even he and Sun Tianlong were defeated by Chen Yu, what use was Kong Dongshan alone?

If the other party had many companions and clan members, and they defected to him, that would be worthwhile.

"Not just me, I have two clan members who also have a chance to enter the Heavenly Martial Sect. By then, I will persuade them to submit to you."

Kong Dongshan gritted his teeth and said.

No matter what, he had to gain Lin Tianfeng's approval first.

"Alright, you can stay by my side for now, do well, and I won't treat you poorly."

Lin Tianfeng thought for a moment and decided.

The second assessment was almost halfway over, and the Lin Family's gains were considered rather "humble."

Especially Lin Tianfeng himself, who only had four Tokens in hand.

As a genius of the Lin Family, how could he tolerate such results?

Now he needs manpower to help him collect Tokens, a top-five finish seems unlikely, but he must strive for the top ten, otherwise it would disgrace the Lin Family, and what qualification would he have to stand before Lin Yuxuan?

Kong Dongshan sighed in relief, from now on, he was under the Lin Family's protection.

"Let's go, collect the Tokens."

Lin Tianfeng ordered.

"Let's go too." Lin Daowei said.

Lin Tianfeng and Lin Daowei each took their positions, and the dozens present quickly split into two teams, most of them were Lin Family members, followed by other followers.

Just as the two teams were ready to move.

A cold, grave voice pressed down: "Kong Dongshan!"

Kong Dongshan was very familiar with this voice, and his whole body trembled, his face turned pale.

Sure enough, Chen Yu came to settle accounts.

Lin Tianfeng and Lin Daowei, among others, quickly looked over.

"Chen Yu!"

Lin Tianfeng looked as if he was desperately restraining his anger.

And Lin Daowei curiously stared at Chen Yu, seemingly wanting to know why Chen Yu was so strong that even Sun Tianlong was defeated by him.

"Kong Dongshan, your life is mine."

Chen Yu coldly proclaimed as he stared at Kong Dongshan.

His dominance caused the Lin Family members present to tremble in their hearts.

Few dared to speak such words in front of the Lin Family's talented members.

"Brother Lin, save me."

Kong Dongshan didn't argue, directly seeking Lin Tianfeng's help.

Now, Lin Tianfeng was his last hope.

"Chen Yu, Kong Dongshan is with me now, let him go."

Lin Tianfeng said in a steady voice.

Kong Dongshan had just followed him, if Chen Yu killed as he wished, who would follow him in the future?

Besides, Lin Tianfeng had an intense grudge against Chen Yu.

When he first saw Chen Yu, an image flashed in his mind of being slapped by Chen Yu over and over, and that embarrassing scene was the greatest humiliation of his life.

As a genius of the Demigod Family, even some high-ups of a Four-star Family would show Lin Tianfeng some courtesy.

"Who do you think you are? You say let go, and I let go?"

Chen Yu looked at Lin Tianfeng.

He thought he might not have taught him enough last time, this Lin Tianfeng guy still dared to oppose him.

Being stared at by Chen Yu, Lin Tianfeng immediately felt uncomfortable, his body involuntarily shuddered with fear, making him look exceedingly gloomy.

"Chen Yu, you're too arrogant, before you killed Lin Family members, we haven't even settled that with you, and now you come again to kill."

Lin Daowei snorted coldly.

There were more than ten people present, was Chen Yu something to fear?

"Arrogant? Do I need you to meddle in who I kill?"

Chen Yu immediately shouted, releasing an overwhelming pressure like the descent of an ancient Holy Beast, shaking all the people present!

Swoosh!

Chen Yu acted instantly, performing the Yangming Sword Point, as a Blood Flame Sword Pillar shot out like lightning.

With this move, Chen Yu activated the power of the Stellar Physique, further infusing it with the triple spatial Profound Meaning.

Kong Dongshan never expected Chen Yu to attack without warning. By the time he reacted, it was naturally too late to dodge.

Boom! Thud!

The Blood Flame Sword Pillar struck Kong Dongshan's head, and a headless corpse fell to the ground.

Silence surrounded the area!

In front of the Lin Family's two great geniuses, Chen Yu killed as he said, killing Kong Dongshan with a single strike!

This domineering aura oppressed everyone, making it hard to breathe, let alone contend with him.

Moreover, just that one strike from Chen Yu made even Lin Tianfeng and Lin Daowei feel difficult to deal with.

"Chen Yu, you killed my man again, but he belonged to another family, so I won't bother arguing with you."

Lin Tianfeng said coldly, quickly turning around, ready to leave.

Lin Daowei also no longer opposed Chen Yu.

"Did I let you go?"

Chen Yu looked at the two teams ready to leave and said indifferently.

With those words, the two teams instantly froze in place.

Chapter 1049: End of the Examination

"Did I tell you to leave?"

Upon hearing this icy remark, the two Lin Family teams froze in place.

They were thoroughly intimidated by Chen Yu, and their bodies instinctively reacted in this way.

"Chen Yu, what do you want?"

Lin Tianfeng's eyes showed intense hatred.

Chen Yu not only killed his men but now seemed to be targeting the Lin Family disciples present, which was truly detestable.

"Chen Yu, don't be too arrogant. You better think clearly about the consequences of offending the Lin Family."

Lin Daowei's expression turned slightly cold as he brought up the Lin Family to threaten Chen Yu.

His tone was somewhat tougher than Lin Tianfeng's, as Lin Tianfeng had been tormented by Chen Yu for several days, leaving a shadow, while Lin Daowei had not experienced such a thing.

"You gathered dozens of people to track me before, how do you account for that?"

Chen Yu asked with a stern expression.

If those dozens of kings had caught up to him then, Chen Yu would have been in a bad situation too.

Lin Tianfeng and Lin Daowei were speechless since, in this matter, the two sides indeed had a deep grudge.

But wasn't Chen Yu fine? They hadn't even encountered Chen Yu.

The two were somewhat biased towards themselves, so they didn't take this matter too seriously.

"What do you propose?"

Lin Daowei asked.

Looking at Chen Yu, it seemed he didn't intend to engage in a big fight.

"Hand over all your Tokens, and we'll consider this matter settled. Although the number of Tokens isn't much, I'll give your Lin Family some face and cut you some slack."

Chen Yu said with a smile.

He indeed didn't want to resort to violence but couldn't just let it go, so he intended to collect the Tokens again.

"Impossible!"

Lin Tianfeng resolutely said.

Previously, he had been captured alive by Chen Yu, his Tokens were all taken, and his reputation was utterly ruined.

Back then, Lin Tianfeng swore he would regain his dignity.

But just a few days later, Chen Yu was here again to collect his Tokens.

Although he only had four Tokens, he was absolutely unwilling to give them to Chen Yu.

"Dream on!"

Lin Daowei shouted angrily as well.

He had more Tokens, having accumulated forty-two, so how could he possibly hand them all over to Chen Yu?

In contrast, they were extremely envious of the Tokens Chen Yu had.

Chen Yu had all the Tokens threaded with a thin string, wrapped around his body like wearing a Token armor.

If it weren't for Chen Yu's terrifying battle record, they would have already made a move.

"Even Sun Tianlong handed over all his Tokens to me, and you still want to resist?"

Chen Yu coldly asked.

"Sun Tianlong is Sun Tianlong, we are ourselves."

Lin Daowei said solemnly.

They had more people and were from the Lin Family, with a completely different background from Sun Tianlong.

"But to me, you're all the same."

Seeing that these people would not easily compromise, Chen Yu's body suddenly began to glow with a star acupoint, and boundless pressure instantly spread out.

Swoosh!

Chen Yu shot out like a meteor, rushing toward Lin Tianfeng.

The light flowed from his star acupoint, gathering on his fist to form a white light ball, dazzlingly bright.

"You..."

Lin Tianfeng didn't expect Chen Yu to make a move without a word, truly overbearing and arrogant.

But facing Chen Yu, he had a bit of a shadow in his heart, and fear naturally surfaced.

Furthermore, Chen Yu's previous victory over Sun Tianlong added fuel to the fire, making him even more terrified.

Lin Tianfeng hurriedly slapped out with a palm.

But due to reacting a beat slower, coupled with fear, he could only exert sixty percent of his power.

Boom!

The moment the white fist and purple palm clashed, a storm erupted, and light burst forth.

Chen Yu stood firm like a mountain, while Lin Tianfeng flew backward like a kite with a broken string.

Bang!

Lin Tianfeng crashed into a distant boulder, shattering it completely.

"Lin Tianfeng."

Lin Daowei hurriedly called out and moved to support when Chen Yu made his move.

After all, the two of them were in the same boat now.

But Chen Yu was too fast, knocking Lin Tianfeng away with a single punch, and Lin Daowei's support was too late.

"You're not convinced either?"

Chen Yu turned and aimed a fierce punch at Lin Daowei, who was rushing towards him.

Trapped by the profound meaning of space, Lin Daowei felt as if he was stuck in a quagmire, moving slowly, as he watched Chen Yu's punch coming.

Boom!

Lin Daowei quickly kicked out a leg, dark purple light burst forth but was instantly shattered by the white fist light, and he was also smashed flying.

Taking the lead! Defeating two people in succession! Chen Yu completed all of this in an instant.

The surrounding others just realized what was happening and saw Lin Tianfeng and Lin Daowei flying out together.

"What happened?"

"So fast, in less than two breaths, our Lin Family's two geniuses were defeated."

Everyone exclaimed, their previous anger extinguished by this scene.

"You are no match for me. Hand over the Tokens and don't force me to strike."

Chen Yu's cold voice echoed, as if plunging everything around into a frozen world, sending a chill through everyone's body.

"Damn it!"

Lin Tianfeng struggled to rise, but the arm he had used to attack was broken and unusable for the time being.

But he valued his dignity more than his arm.

However, in this confrontation with Chen Yu, he clearly sensed that Chen Yu had become even stronger than before!

With Chen Yu's current strength, defense, and speed, unless someone could contain him, Chen Yu was like a killing machine, unstoppable, with the potential to wipe everyone here out!

Lin Daowei also stood up. His injuries were slightly lighter, but he still sensed the harsh reality.

Even if he teamed up with Lin Tianfeng, they might not be able to stop Chen Yu.

In fact, if both were at their peak, with a stronger determination to win and the powerful bloodline of the Lin Family, they could contend with Chen Yu.

Unfortunately, Lin Tianfeng had already developed a shadow in his heart. Chen Yu preemptively struck, intimidating the entire scene, and left both of them wounded.

The situation was entirely in Chen Yu's control!

"I... concede!"

Lin Tianfeng couldn't bear the pressure and sighed in despair.

He threw out four Tokens and turned to leave, unwilling to stay a moment longer.

Once there's a first, there's a second, especially since the leader was Lin Tianfeng.

"Bastard, damn it."

Lin Daowei gritted his teeth, his eyes almost popping out in anger; he had over forty Tokens and was really reluctant to give them up.

But in the end, he could only compromise.

Chen Yu took the Tokens and said loudly, "Remember, don't oppose me in the future. I have some connections with your Lin Family, and I feel a little embarrassed to deal with you."

This was the truth. From the mouth of the Qingyun Emperor, he learned that the Lin Family indeed owed him a favor in the past, and there was some camaraderie between them.

Moreover, during the Five Great Families period, Lin Chen from the Lin Family did help Chen Yu, enabling him to gain the qualification to enter the Eight Great Emperor Sects and come to this broader world.

But Lin Tianfeng and Lin Daowei didn't believe this at all, thinking Chen Yu was mocking them.

After Lin Family members and Chen Yu left.

Kong Xiaomu and Kong Qiuye came over.

"Brother Dongshan..."

The two saw Kong Dongshan's headless corpse.

They were somewhat prepared for this, but still felt shaken seeing the scene.

Kong Dongshan's death did not make them too sad.

The three were not very close; Kong Xiaomu usually feared Kong Dongshan, while Kong Qiuye admired him.

Time passed.

The battles and killings in the desolate world grew intense, with all sorts of conspiracies emerging.

All of it was to gain entry into the Heavenly Martial Sect!

Chen Yu, on the other hand, became leisurely with nothing much to do.

On this day.

Kong Xiaomu and Kong Qiuye came over.

"Do you two still intend to follow me?"

Chen Yu asked, after all, he had killed members of the Kong Family.

Chen Yu did not sense any hatred or murderous intent from the two.

"Kong Dongshan's death can't be blamed on you."

Kong Xiaomu sighed.

In the secret realm space, fighting over Tokens naturally led to casualties, especially since Kong Dongshan first tried to harm Chen Yu.

However, the main reason Kong Xiaomu and Kong Qiuye came was to seek protection.

The Token battle had entered the final stage, fraught with dangers everywhere, and they were laden with Tokens, surrounded by threats.

But next to Chen Yu, they instantly felt as if they had entered a safe zone.

In the ensuing time.

Chen Yu wandered the world with the two from the Kong Family, occasionally taking action to seize Tokens.

Near an incomparably wide river.

Rumble!

Heaven and earth changed color, with fierce winds and clouds swirling, explosions resounding as if an apocalyptic disaster had descended.

Boom!

A cyan rainbow light slashed down, splitting the hundred-zhang-wide river into two, forming a huge trench in the middle.

In no time, the massive roar ended, and the world returned to calm.

Beside the great river, there was a mess, and within a large concave crater, there were two figures.

"Sun Tianlong, your strength is weaker than I imagined."

A man in a blue robe hovered in the air, his face sharp with deep-set, bright eyes, hands behind his back, speaking calmly.

Opposite him was a man in black robes, with thick eyebrows and big eyes, whose face was somewhat pale, with bloodstains at the corner of his mouth.

"Qin Wentian, my injuries haven't healed yet, otherwise, you wouldn't have been able to take my Tokens."

The black-robed man "Sun Tianlong" wiped the blood away, speaking somewhat unwillingly.

This time, defeated by Qin Wentian, all the Tokens he had gathered were taken.

"Weren't you injured before because you were weak?"

Qin Wentian had also heard that Sun Tianlong lost to Chen Yu.

In Qin Wentian's eyes, being defeated by Chen Yu, who was at the Early-stage Condensed Star Realm Peak, was a form of weakness.

"You..."

Sun Tianlong was extremely angry, as Qin Wentian's arrogance was no less than Chen Yu's.

"Chen Yu probably has more Tokens than you do!"

Sun Tianlong sneered quietly, showing a hint of disdain.

In reality, he didn't know how many Tokens Chen Yu currently had; he was simply provoking Qin Wentian to go against Chen Yu.

"First, I don't believe he has more Tokens than me. Second, there's no point in provoking me to deal with Chen Yu—it won't work."

Qin Wentian's expression remained calm, his tone exuding absolute confidence.

"However, being able to defeat you, his strength should be commendable..."

Qin Wentian's eyes gleamed with some light.

Sun Tianlong's heart was slightly pleased; Qin Wentian was beginning to take an interest in Chen Yu.

Day by day passed.

Qin Wentian walked this world alone, and wherever he passed, people fled in fear.

Qin Wentian was also inquiring about Chen Yu's whereabouts, holding some interest in this seemingly weaker opponent.

However, it seemed Chen Yu was always on the move.

Until the last day, Qin Wentian still hadn't found Chen Yu.

And at that moment.

The entire world resonated with a tremor.

High above the sky, the space tore open, forming an unimaginably huge vortex.

"The second assessment has ended, come out quickly!"

Chapter 1050: Center of Attention

"It's over!"

At this moment, within the desolate world, many talents looked up and sighed.

"It's finally over. Brother Xia Mu, can we enter the Heavenly Martial Sect?"

Kong Qiuye asked excitedly.

Kong Xiaomu was taken aback for a moment, recalling that this time, during the Heavenly Martial Sect's disciple recruitment, Kong Qiuye had merely joined for fun.

Yet somehow, Kong Qiuye passed the first assessment, and now the two of them each have six tokens, giving them a fair chance to enter the Heavenly Martial Sect.

In contrast, Kong Dongshan, the most outstanding talent of this generation in the Kong Family, had fallen here, leaving people with mixed feelings.

"Perhaps we can."

Kong Xiaomu replied.

"Brother Chen, with so many tokens, you're sure to get into the top five."

Kong Qiuye glanced at Chen Yu.

Chen Yu was covered in tokens, like he was wearing heavy armor.

"Not just the top five..."

Kong Xiaomu murmured inwardly.

Chen Yu had a total of three hundred and forty tokens!

It's important to know that the total number of participants in the second assessment was just over eleven hundred, meaning Chen Yu secured nearly a third of the tokens.

Besides the top late stage Star Condensing experts in this assessment, probably no one could compare to Chen Yu.

However, Kong Xiaomu felt that even those top late stage Star Condensing experts were unlikely to have more tokens than Chen Yu.

Rumble!

The sky of the desolate world was torn apart by a massive vortex, emitting silver beams of light, shooting off in various directions.

One of these silver beams came to Chen Yu's side, enveloping him and pulling him towards the vortex.

"This spatial power is so strong."

Chen Yu felt the spatial power surrounding him and couldn't budge an inch, even with his threefold spatial profound meaning.

He flew away, at a speed several times faster than usual, heading towards the vortex.

Beside him, Kong Xiaomu and Kong Qiuye were also enveloped by silver beams, being pulled rapidly.

This world was barren, devoid of life, yet this method could transmit all beings out.

...

At the foot of Martial God Mountain, there was an uproar.

"The assessment is finally over."

"I wonder what the results are this time, if there were any dark horses, or if some talents couldn't enter the Heavenly Martial Sect due to unexpected events."

People around kept discussing.

Among them were several high-ranking family members from families near the Heavenly Martial Sect, waiting here for their family juniors' results.

Whoosh!

Suddenly, from the phantom scene in the sky, a beam of light shot out, descending at the foot of Martial God Mountain, transforming into a figure.

Someone had come out from the assessment!

But this disciple looked dejected, with not a single token on him.

He had failed!

The first person to come out had not a single token.

This showed how difficult the second assessment was.

Whoosh! Whoosh! Whoosh!

Next, beams of light continuously shot out from the phantom scene in the sky, each transforming into different figures.

"A genius from the Demigod Family, Song Family, has come out, and their leader, Song Man, has fifty-two tokens."

Someone shouted in surprise.

As people from the Demigod Families, the Song Family naturally received much attention.

Not long after, the people from the Lin Family came out.

"Hmm? The Lin Family's results are quite average."

Someone mocked.

"Don't forget, the most outstanding ones in the Lin Family are Lin Tianfeng and Lin Daowei. Their talent and strength surpass those of Song Man. Those two haven't come out yet."

A black-faced king standing by the Lin Family's side coldly retorted.

The next moment, all the Lin Family members appeared, including Lin Tianfeng and Lin Daowei.

And the number of tokens the two had... only a dozen!

This result made the black-faced king who had just defended the Lin Family look even darker, like charcoal.

"What's going on? Did the Lin Family talents both fail?"

"Did the Lin Family encounter some strong enemy? Were they surrounded by other families, or did they encounter a top late stage Star Condensing expert?"

"I think they're just overhyped; maybe their actual strength is not that great."

As a Demigod Family, the Lin Family was highly scrutinized, and the poor results of Lin Tianfeng and Lin Daowei sparked doubts and discussions.

Lin Tianfeng and Lin Daowei naturally felt the eyes around them, their faces burning.

"Isn't this the Lin Family young master? Let me see how many tokens you have?"

From afar, Song Man's mocking voice came.

"Chen Yu!"

Lin Tianfeng clenched his fists, grinding his teeth.

This time, he had lost face in front of countless powers and tens of thousands of people.

The root cause of all this was Chen Yu!

Whoosh!

Sun Tianlong appeared before everyone.

The next moment, countless eyes gathered, and numerous surprised and startled voices rang out, echoing the earlier discussions about the Lin Family talents.

"Sun Tianlong, if it weren't for your arrogance chasing Chen Yu alone, would we have ended up like this?"

Lin Tianfeng looked at Sun Tianlong beside him, accusing him with dissatisfaction.

Sun Tianlong closed his eyes, silent.

First defeated by Chen Yu, then encountering Qin Wentian, he now had only thirteen tokens, his results dismal.

And Lin Tianfeng was right; if he hadn't gone alone back then, if he had some help, even if he couldn't defeat Chen Yu, he wouldn't have lost to him.

"I've failed, but Sun makes no excuses for himself. However, one failure doesn't mean eternal failure."

Sun Tianlong stood straight, undeterred by setbacks.

The Heavenly Martial Sect is one of the three great sects of the Human Race, he must make rapid progress here and surpass Chen Yu.

"Indeed."

Lin Tianfeng and Lin Daowei exchanged glances, both seeing the intense hatred in each other's eyes.

In the secret realm, they couldn't compete with Chen Yu, but in the main world, the Lin Family's power is vast; dealing with Chen Yu would be child's play.

They were determined to make Chen Yu pay a painful price.

Whoosh!

A beam of light descended before Lin Tianfeng.

"Chen Yu!"

Lin Tianfeng saw the suddenly appearing Chen Yu and jumped back in shock, retreating three steps.

He was just pondering over how to deal with Chen Yu next, and his heart trembled with guilt when Chen Yu appeared instantly, leaving Lin Tianfeng's face pale with fear.

"It seems you haven't learned your lesson yet."

Chen Yu glanced at Lin Tianfeng and Lin Daowei, noticing the deep-seated resentment and murderous intent hidden in their hearts.

At the same time.

There was an uproar all around, bursting into a flurry of astonished discussions.

Chen Yu's tokens were too many, far too eye-catching, the moment he appeared, he became the center of attention!

"Who is this person? How does he have so many tokens?"

Some newcomers had never seen Chen Yu.

But more people had a deep impression of Chen Yu, especially after rumors spread far and wide before the second assessment.

"It's Chen Yu! How is this possible? His cultivation is only at the Early Stage Condensed Star Realm Peak, yet he has 340 tokens, while Lin Tianfeng, Lin Daowei, Sun Tianlong and others only have a dozen tokens each, even Song Man only has 52 tokens."

"Who knows what means this offspring of a Human Race traitor used to deceive so many tokens."

Due to the influence of previous rumors, more people showed skepticism and jealousy at Chen Yu's astonishing achievements rather than admiration and respect.

"Look at Qin Wentian!"

"Qin Wentian has emerged; how many tokens does he have?"

The sound of astonishment arose once more.

Qin Wentian stood alone, his calm face slightly cold and rigid.

In fact, he emerged merely half a breath after Chen Yu.

In his view, he was meant to be first, meant to be the focus of all.

Yet Chen Yu emerged before him, instantly capturing everyone's attention, stealing his spotlight.

What truly shook Qin Wentian to his core was that his token count was ten less than Chen Yu's!

As a Condensed Star King, he swept a glance at Chen Yu and reached this conclusion.

The surrounding onlookers and the elders on Martial God Mountain also came to the same conclusion.

Qin Wentian's token count is ten less than Chen Yu's!

Martial God Mountain was utterly shocked, astonished, incredulous.

"Could this offspring of a Human Race criminal be the number one this time?"

"Is there truly no one who can surpass him?"

As figures emerged from the secret realm, the clamor around Martial God Mountain actually reduced.

Until the last person came out, the secret realm closed, and the gathered crowds around Martial God Mountain became eerily quiet.

On the stone platform.

The three senior members of the Heavenly Martial Sect swept their Spiritual Sense, establishing the rankings in their hearts.

The leading elderly scholar cast a glance at Chen Yu and waved his hand.

Mist gathered in the void, silver light surged, and cloud-like silver characters appeared flowing, indicating names and rankings.

First: Chen Yu, 340 tokens!

Second: Qin Wentian, 330 tokens!

...

One hundredth: Wu Juan, 5 tokens.

The rankings appeared!

"First place?"

Chen Yu was somewhat surprised by this ranking.

He originally thought he should be in the top three, most likely second, as he hadn't deliberately searched for more tokens.

"First!"

Lin Tianfeng and Lin Daowei looked at Chen Yu with immense jealousy.

Half of Chen Yu's success was owed to them.

"I am... second!"

Qin Wentian murmured, as if only now accepting reality.

Only then did his face show rare gloom, dark azure divine light burst from his eyes, and an astonishing aura enveloped him.

Within his family, no one could compare to him, everything was always first, and he demanded nothing but first for himself!

Thus twenty years ago, he chose not to participate in the assessment, and waited twenty years to act, aiming for number one!

But as it turned out, he secured the second place.

"Elder Shen, the results of this assessment have some doubtful points; please verify them,"

A white-haired middle-aged man spoke.

He was from the Qin Family, one of the two great Divine Races of the Human Race.

Qin Wentian's defeat shocked him greatly; the first place was merely at the Early Stage Condensed Star Realm Peak, making him suspect there might be a problem.

"This assessment had many unexpected elements, yet such are the rules; verification is unnecessary,"

The elderly elegant scholar calmly replied.

The second assessment tested the overall qualities of cultivators, including strength, strategy, survival skills, and so forth.

In this, some unsavory methods were inevitably used.

No matter what methods Chen Yu used to obtain so many tokens, the Heavenly Martial Sect only cared for the result.

The white-haired middle-aged man of the Qin Family looked somewhat awkward but said no more.

Swoosh!

A scroll flew from the hand of the elderly scholar.

The scroll unfolded automatically, and the floating characters in the sky flashed onto the scroll.

"From now on, you hundred are people of the Heavenly Martial Sect!"

The elderly scholar announced loudly, his words echoing clearly in everyone's ears through the power of Profound Meaning, shaking their hearts.
