

Eternal Heart 1251

Chapter 1251: Emperors Arrive Together

Chen Yu stayed at the Lin Family for a few days before leaving.

The marriage agreement has become a mere formality. If faced with an undesirable suitor, Lin Yuxuan can use this as a reason to refuse, and the agreement can be nullified at any time.

During the days at the Lin Family, Chen Yu had many conversations with Lin Yutian and learned about some circumstances surrounding the "arranged marriage" from back then.

Lin Yutian stated that during that time, the Lin Family was not yet the grand Demigod Family it is now. He received favors from Meng Qingyun and decided to arrange a bond between his daughter and Meng Qingyun's unborn son for the future of the family.

In Lin Yutian's words, at that time, Qingyun Emperor's cultivation was at Demigod level.

Of course, this was merely the cultivation that Meng Qingyun exhibited.

Chen Yu speculated that Meng Qingyun's true cultivation was at least Demigod level.

To reach such a level yet still have to hide and change his name, it was evident that Meng Qingyun had encountered extraordinary troubles.

Chen Yu previously believed that at Mid Xuanming Realm, he would have the ability to know everything and solve problems.

But now it seems that it's still not enough!

On the journey back, Chen Yu rode the Bloodthirsty Warship and continued cultivating within the internal space of the Heavenly Mysterious Feather.

Having reached the Xuanming Realm, every step forward becomes extremely difficult.

Despite Chen Yu breaking through to the Xuanming Realm as a Nine-star King, he cannot be complacent; otherwise, he would squander the hard-won opportunities.

...

Inside a rudimentary wooden cabin in the wilderness.

"News has come that Chen Yu has left the Lin Family."

A hoarse, eerie voice suddenly echoed.

From the fluctuations of space, two silhouettes appeared; an elder with a hunched figure and a slender man.

The moment they appeared, an invisible oppressive aura enveloped the surrounding area for a thousand yards, plunging the place into dead silence, extinguishing all life.

"Let's move."

The hunched elder flew out.

"Senior Black Cloud, could you restrain yourself and not directly take the boy's life later?"

The slender man asked with a smile.

These two were Yan Su of the Silver Soul Clan and the Black Cloud Emperor at Mid Xuanming Realm.

Having infiltrated the Human Race, they naturally had to disguise themselves as humans.

The Black Cloud Emperor glanced at Yan Su, did not respond with words, but the sinister, strange gaze made Yan Su feel uncomfortable.

He explained, "I merely wish to capture him alive, torture him harshly, and then personally end his life."

In actuality, Yan Su aimed to uncover the "secrets" within Chen Yu.

The power contained in the mysterious finger of the body he seized was incomprehensible even to himself who had seized and reborn.

Yet Chen Yu could forcibly draw this power, meaning there must be significant secrets within him.

"That will depend on whether the boy's life is sturdy or not."

The Black Cloud Emperor did not give a definite answer.

How he acts would not be dictated by someone merely at Early Xuanming.

...

While cultivating inside the Heavenly Mysterious Feather, Chen Yu suddenly sensed intense spatial vibrations and awakened from his cultivation.

Swish!

Upon leaving the internal space of Heavenly Mysterious Feather, Chen Yu appeared in the sky, and the Bloodthirsty Warship was nowhere in sight.

"So there are still internal space treasures."

An interested and surprised voice came from the opposite side.

"Who are you?"

Chen Yu's gaze focused on a silhouette ahead; that person wore a plain black robe, his long black-and-white hair dancing wildly in the wind, and his aged face exuded a subtle authority.

It was evident that Chen Yu's Bloodthirsty Warship was attacked by this black-robed elder.

The aura emitted from the opponent was quite clear, at the peak of Early-stage Xuanming Realm.

Though the Bloodthirsty Warship performs well, one strike from the peak of Early-stage Xuanming Realm would turn it into dust.

"You don't need to know who I am. Today, I'm merely here to teach you a lesson that one shouldn't be too arrogant."

The black-robed elder said calmly.

Based on the opponent's words and recent events, Chen Yu speculated, "Are you from the Night God Temple or sent by the Murong Family?"

The black-robed elder did not answer but chuckled, "A mere youngster who just broke through Xuanming Realm, meeting me without a trace of panic, seems you have substantial confidence."

From this, the black-robed elder deduced that Chen Yu indeed was as "a friend" described, very arrogant.

"Haha, my confidence surpasses your imagination,"

Chen Yu laughed carelessly.

"Bold."

The black-robed elder's eyes widened, and two pitch-black beams burst forth, capturing and captivating hearts.

Originally, he had no intention to agree to this matter, but the friend was from the Murong Family, requiring him to maintain this relationship.

After meeting Chen Yu, the arrogance and self-confidence of the other party made him slightly displeased, deciding to teach him another lesson on respecting seniors.

Heaven and earth changed their colors, and the black-robed elder's figure seemed to tower a thousand feet, like a mountain, obscuring the sun and moon, suppressing all creatures.

Star Origin Holy Power surged forth; Water Profound Meaning flowed, turning the world into a domain of water.

Boom!

A gigantic ghostly blue hand appeared above Chen Yu's head, seemingly representing the will of heaven and earth, pressing down.

"The strength indeed is quite good."

Chen Yu looked up at it casually.

The black-robed elder's cultivation was at the peak of Early-stage Xuanming Realm, but the opponent had likely lingered in this realm for nearly a thousand years.

With his strength, facing an ordinary Early Xuanming individual would result in severe injuries in just a few moves.

Even the combined efforts of Murong Can Guang and Wei Yan could not withstand twenty moves.

But facing Chen Yu, it was an exception.

Chen Yu intended to suppress his cultivation at Early Xuanming to face this peak Early-stage Xuanming Realm ancient menace.

His body emitted Star Origin Holy Power, coupled with the Metal Profound Meaning, forming a White Tiger Sacred Claw a thousand yards large, piercing the heavens.

Peng chichi!

The White Tiger Sacred Claw shimmered with a golden-white glow, like an indestructible Divine Weapon, piercing through the azure hand.

As soon as Chen Yu made his move, the Black Robed Elder instantly sensed something was wrong.

His opponent, whether it was holy power or understanding of the Profound Meaning, was extraordinary, even slightly surpassing himself.

The Black Robed Elder's life-origin Star Origin glittered with a dazzling brilliance, further strengthening his control over the power of the universe, making his previous strike even more powerful.

Bang!

A loud noise resounded, and the White Tiger Sacred Claw pierced through the azure hand, soaring into the sky, shattering the world controlled by this Black Robed Elder.

In the next instant, Chen Yu's star soul power burst forth, merging with the world.

Chen Yu restrained his cultivation to the Early Xuanming, but it was the Early Xuanming Realm broken through by a Nine-star King, invincible at the same level.

Apart from this, his understanding of the Metal Profound Meaning reached nine levels.

Therefore, even when facing the peak of the early stage, he still had some advantages.

The Black Robed Elder's eyes were deep, his face serious.

That move just now, he had used all his strength, and yet he still failed in the end.

He had secluded himself for hundreds of years, ignoring worldly affairs; have the newly risen Emperors become so formidable now?

Swish!

The Black Robed Elder waved his hand, and in front of him was a dark blue compass, covered with ancient formation patterns.

A spell was cast, and the dark blue compass flew into the sky, releasing an endless water screen as it rotated, enveloping the world.

At this moment, the world seemed to transform into an ocean world, where aside from the Water Profound Meaning, other mysterious powers were strongly suppressed.

Immediately, the Black Robed Elder struck again, condensing a pair of azure hands on either side of Chen Yu, ready to attack.

Under the influence of the dark blue compass, the Black Robed Elder's attack methods and Water Profound Meaning were amplified!

Bang!

Chen Yu's Star Origin Holy Power once again transformed into the White Tiger Sacred Claw, attacking both sides.

But due to "rise and fall," this time it was a draw, and Chen Yu was even at a certain disadvantage.

"Junior, don't get carried away by some fortune; you must know there are always people stronger than you. Otherwise, you will eventually suffer the consequences."

The Black Robed Elder lectured Chen Yu with the demeanor of a senior.

Immediately, the Black Robed Elder launched another round of attacks.

Chen Yu continued to suppress his cultivation, clashing fiercely with the Black Robed Elder. Even if at a disadvantage, with his body's defense, there wouldn't be any problems.

After ten moves.

The Black Robed Elder found that although he could gain the upper hand, achieving the goal of teaching Chen Yu a lesson was still difficult.

Now he somewhat regretted agreeing to his friend's request.

But suddenly.

Boom! Boom!

From the distant sky, two awe-inspiring auras suddenly erupted, and two dark shadows rapidly approached.

One of the shadows was at the Early Xuanming; the Black Robed Elder paid it no mind.

But the other person, whose cultivation was clearly at the Mid Xuanming Realm, emanated an aura that was truly chilling—definitely not ordinary.

"What's going on? Could it be reinforcements for this kid?"

The Black Robed Elder was greatly startled, retreating a thousand feet hurriedly.

The suddenly approaching Mid Xuanming individual gave him a very dangerous feeling, the most terrifying existence he had ever seen at Mid Xuanming.

However, the Black Robed Elder quickly realized that these two suddenly appearing Emperors were not targeting him, but Chen Yu.

"So they're your enemies. It seems you've stirred up quite some trouble; wasn't I right? Now you're reaping what you've sown."

The Black Robed Elder scolded Chen Yu once more.

Shwoop!

The suddenly appearing Mid Xuanming released a dark glow from within, transforming into a pitch-black, sinister hand bone, filled with ghastly ghostly energy, stabbing toward Chen Yu's back.

Puff!

Chen Yu seemed unable to dodge and was hit by the hand bone, stabbed into his back.

"So that's all there is to it."

A hoarse, eerie voice echoed.

"Lord Black Cloud, please capture that boy alive,"

Yan Su immediately said, fearing that the Black Cloud Emperor might deliver another blow and kill Chen Yu.

"Tsk tsk, boy, I only intended to teach you a lesson. These people are unrelated to me, and your death has nothing to do with me."

The Black Robed Elder felt slightly regretful while shirking responsibility.

He had already guessed that the two Emperors had been hiding nearby, waiting for the right moment.

It could be said he inadvertently helped these aggressors.

Having said this, the Black Robed Elder prepared to leave, as he felt that the suddenly appearing Emperors had a very eerie aura, and he did not wish to get involved in this affair.

At this moment.

Chen Yu spoke, "You've finally come out."

The Star Origin Holy Power within him surged, forcing the pitch-black hand bone out of his back.

The decaying wound still rapidly healed.

"This is... an indestructible physique!"

The Black Robed Elder was shocked.

What kind of monster is this kid? Being ambushed by a Mid Xuanming, and yet he seems unscathed.

No, from what Chen Yu said, he had long detected the hidden Emperors in the shadows.

"Oh? You've noticed us all along?"

The Black Cloud Emperor looked at Chen Yu with interest.

Chen Yu remained calm and composed, his gaze sweeping over the three Emperors around him: Yan Su at Early Xuanming, the Black Robed Elder at the peak of Early Xuanming, and the Black Cloud Emperor at Mid Xuanming.

To capture these three Emperors all at once, simply suppressing his cultivation won't suffice.

Within the Star Sea, Chen Yu's life-origin Star Origin erupted with brilliant light, formidable holy power radiating outwards.

Chapter 1252: Crushing the Three Emperors

"Chen Yu, aren't you going to surrender obediently?"

Yan Su sneered.

He couldn't wait to torture Chen Yu and then obtain the secrets from him.

But suddenly.

Yan Su felt that the Chen Yu he saw was different from before, with a powerful aura subtly fluctuating inside him, which made his Star Origin Holy Power tremble.

Not only him, but the Black Robed Elder also felt this.

Only the Black Cloud Emperor, with a sudden flash of his dark and eerie eyes, seemed to perceive something and showed a look of surprise.

"The ones who should surrender are you all."

Chen Yu said with a faint smile, shouting loudly.

In the next instant, his Star Origin Holy Power surged out, transforming into a giant golden-white claw, peerlessly sharp, sweeping across to attack Yan Su.

Among the three, Yan Su's cultivation was the weakest, and as an old acquaintance, Chen Yu was not polite to target him first.

Yan Su couldn't understand; faced with such a situation, Chen Yu dared to utter such big words.

But at the moment Chen Yu attacked, his whole body's hair stood on end as he felt a crisis of death.

Whoosh!

The giant golden-white claw pierced through the void, splitting everything, as if no force could resist it.

Under this claw, Yan Su trembled and didn't even have the thought of resisting.

"How is this possible?"

Yan Su was extremely shocked, unable to believe it.

He himself was reborn after being seized by an Emperor, and no matter how bad, shouldn't be crushed by Chen Yu with overwhelming power.

"Do you think you can kill someone in front of this Emperor so casually?"

The Black Cloud Emperor's hoarse and gloomy voice sounded.

He instantly made a move; in the void appeared two black hand bones, each a hundred meters long, crossed together to form a layer of defense in front of Yan Su.

"Thank you, Lord Black Cloud."

Yan Su expressed his gratitude.

Luckily the Black Cloud Emperor intervened, otherwise, his life would be in danger.

Whoosh—Boom!

Chen Yu's attack struck those two huge black hand bones, piercing into the bones, causing bursts of explosive sounds.

Eventually, those two black hand bones shattered, creating a shocking explosion that swept across a range of thousands of meters.

"Ah..."

Yan Su was affected by the storm, his figure was blown a thousand meters away, leaving many blood marks and decaying wounds on his body, looking very miserable.

He got up, with a face full of confusion.

He thought that with the Black Cloud Emperor's intervention, he'd surely be unharmed, but how could it be this result?

The Black Cloud Emperor frowned.

He had already sensed that Chen Yu's real cultivation was mid Xuanming, but in the recent clash, his defensive means were at a disadvantage.

"I can kill whoever I want, and you can't stop me."

Chen Yu shook his head slightly.

Yan Su trembled, at this moment Chen Yu made him feel fear and dread.

"Mid... Xuanming!"

On the other side, the Black Robed Elder exclaimed in shock, stating Chen Yu's cultivation.

At this moment, he was utterly astounded, the junior he intended to discipline just now had hidden his true cultivation.

Thinking back now, he realized he was courting death.

"What? Mid Xuanming?"

Yan Su was incredibly surprised.

Back then, he had fought against Chen Yu, how could the opponent break through to mid Xuanming in such a short time?

"Junior, you really think highly of yourself, even the veteran mid Xuanming human masters tremble at the sight of this Emperor."

The Black Cloud Emperor said with a cold smile.

Being a descendant of the God Demon race, proficient in Soul Path, human emperor peers indeed aren't his opponents.

"Is that so?"

Chen Yu replied indifferently.

Words are pointless, actions speak louder.

The holy power surged, integrating into the spatial Profound Meaning, and hundreds of bright silver Space Blades formed instantly in the sky.

Whoosh whoosh whoosh...

Hundreds of Space Blades silently sliced through the void, swiftly attacking the Black Cloud Emperor.

"Spatial Profound Meaning..."

The Black Cloud Emperor found it troublesome and made a full force attack.

Endless dark light erupted around him, turning into sharp hand bones that pierced out, carrying ominous ghostly energy.

Boom boom boom!

The void constantly echoed with crashes, as the black hand bones collided with the Space Blades.

But the Black Cloud Emperor was clearly at a disadvantage, his attacks were continually destroyed, the Space Blades got closer, ready to kill.

"What level has this guy's spatial Profound Meaning reached?"

The Black Cloud Emperor was slightly alarmed inside.

Although he was going all out, he was still at a disadvantage.

Seeing Chen Yu's attack was about to descend, the Black Cloud Emperor immediately switched from offense to defense, forming a "bone wall" in front to block Chen Yu's Space Blade attack.

Yet, spatial attacks possess penetrative qualities.

Even with that thick bone wall, the Black Cloud Emperor's body still got left with several shallow blood marks.

"Damn, this kid's strength is definitely top-notch within mid-stage Condensed Star, can't deal with him head-on."

The Black Cloud Emperor's expression turned slightly grim.

He assumed the task was simple and easy, not expecting it to be so troublesome.

Given this, he decided to use the Soul Path technique, expertise of the Silver Soul Clan, to take down Chen Yu.

The Black Cloud Emperor made up his mind. .

"Ah... I don't want to die..."

From behind, came Yan Su's sorrowful scream.

A sweep of Spiritual Sense, Yan Su was seen pierced through the chest and head by three Space Blades.

His Star Origin was punctured too, the Star Soul inside suffered severe damage, dissipating.

"Help..."

Yan Su called for help to the Black Cloud Emperor, but his voice stopped abruptly, his soul completely vanished.

"You..."

The Black Cloud Emperor immediately fixed his gaze on Chen Yu.

Just now, when he faced Chen Yu's attack himself, he had to respond with all his might, leaving him no time to care about Yan Su.

Without his protection, Chen Yu killed Yan Su effortlessly.

"I said before, you can't stop me."

Chen Yu said calmly.

The Black Cloud Emperor stared at Chen Yu, his eyes filled with killing intent and hatred.

Yan Su now was a major contributor to the Silver Soul Clan, and now he's dead. If he doesn't complete his task, how will he explain?

In private, he sent a voice transmission to the Black Robed Elder: "You and I join forces, otherwise you'll surely die..."

If there was this Peak of Early Xuanming Emperor helping, the Black Cloud Emperor would have a better chance of killing Chen Yu.

"...Alright."

The Black Robed Elder was extremely conflicted, at this moment he deeply resented his friends from the Murong Family.

The strength Chen Yu displayed was truly terrifying; he felt Chen Yu wouldn't let him go easily, and could only join forces with the Black Cloud Emperor.

"Kill!"

The Black Robed Elder suddenly shouted, under the influence of the deep blue compass, he unleashed his killing move.

From all directions, the serene dark blue water light rolled, simultaneously pressing towards Chen Yu, the cold and silent aura enveloped a radius of several thousand feet.

"Good."

The Black Cloud Emperor couldn't help but yell.

With the Black Robed Elder's help, drawing Chen Yu's attention, his chance of killing Chen Yu greatly increased.

Inside his body, star soul power surged, and the Silver Soul Clan's secret technique "Ten Thousand Ghosts Devouring Soul" was unleashed.

In an instant, gray-black ghost flames rose around Chen Yu, emanating intense Ghost Path resentment and rushing into the sky.

Chen Yu's star soul suddenly felt uneasy and slightly cold.

The Silver Soul Clan, as a race descended from gods and demons, is more adept at the Soul Path, and the Black Cloud Emperor's soul attack was still very formidable.

Moreover, the opponent and the Black Robed Elder joined forces, and their killing moves arrived together.

Within the gray-black ghost flames surrounding Chen Yu, countless blood-colored decaying ghost claws stretched out, seemingly wanting to tear his star soul into powder.

"Break for me!"

Facing the combined attack of the two Emperors, Chen Yu didn't retreat or defend.

Inside his body, Star Origin Holy Power flooded every limb, various profound meanings operated, and in the next moment, the White Tiger Sacred Claw, Vermilion Bird Sacred Wings, and Azure Dragon Sacred Leg simultaneously appeared.

Three powerful Holy Beast forces swept in all directions, slightly weakening the Black Cloud Emperor's Soul Path attack.

Boom buzz!

The blood-colored fire wings behind Chen Yu flapped rapidly, layers of Blood Flame Feather Light swept across a radius of a thousand feet.

The Black Robed Elder's attack was instantly evaporated, the world that was like a deep sea just now turned into a fiery inferno in an instant.

The Black Robed Elder retreated several steps, his blood boiling.

His killing move was actually easily broken by Chen Yu.

At this moment, he pinned his hopes on the Black Cloud Emperor's Soul Path Secret Technique; he was shocked inside: "Who exactly is this person? Such an overpowering Soul Path Secret Technique?"

He still didn't know the identity of the Black Cloud Emperor as part of the Silver Soul Clan.

Chen Yu's attacks didn't stop; White Tiger Sacred Claw, Vermilion Bird Sacred Wings, Azure Dragon Sacred Leg all launched attacks simultaneously.

At the Xuanming Realm level, attacks penetrate both the material and soul layers.

Thus, Chen Yu's attack could impact the Black Robed Elder's Soul Path attack.

His attacks continued uninterruptedly, affecting the surroundings, destroying everything, and by sheer volume, influencing the Black Robed Elder's Soul Path attack.

The countless blood-colored decaying claws were subject to layer upon layer of weakening, and when they finally invaded Chen Yu's star soul, their power was reduced by half, no longer a threat.

"How is this possible?"

The Black Cloud Emperor was utterly shocked.

His Soul Path attack was actually neutralized in such a manner.

Even with both joining forces, they hadn't harmed Chen Yu at all!

"It's your turn, both of you."

Chen Yu's words were filled with killing intent.

Buzz boom!

Blood-colored brilliance pulsated from his body, exuding an overwhelmingly dominant aura.

The Bloodline of the Blood Clan Ancestor was activated.

Instantly, a crimson domain formed around, encompassing an area of three to four thousand feet, suppressing all life entirely, with flowers, grass, and trees withering instantly.

This was the "Blood Emperor Domain"!

With Chen Yu's power, dealing with these two Emperors was a piece of cake.

But to kill them both and prevent them from escaping, some means were necessary.

Just right, Chen Yu possessed the Ancestor Bloodline and had yet to use it in combat, so today he decided to try it out.

"This is..."

The Black Robed Elder was shocked to find his body, including his bloodline, thoroughly suppressed, unable to unleash his power, and his blood vitality rapidly dwindling.

In an instant, he became skin and bones, his complexion ghastly pale.

On the other side, the Black Cloud Emperor, even though he was from a race descended from gods and demons, his blood vitality also rapidly diminished, and his body shriveled.

"This is...a Bloodline Secret Technique?"

The Black Cloud Emperor, knowledgeable as he was, guessed that Chen Yu's secret technique was extraordinary.

"Mercy, spare my life."

The Black Robed Elder was already begging for his life.

The Bloodline Secret Technique of the Ancestor Blood Clan was immensely powerful, as the Black Robed Elder's cultivation was lower than Chen Yu's, his blood vitality rapidly drained entirely.

Chen Yu immediately performed the "Green Wood Devouring Spirit Technique."

It's too wasteful to kill a Peak of Early Xuanming just like that; refining it into a "Green Spirit Seed" for cultivation is better.

A hundreds of feet-long azure light dragon unhinged its abyssal maw, devouring him.

"No..."

Within the Blood Emperor Domain, the Black Robed Elder was completely suppressed, especially in terms of physical life-force, which had dropped to zero; he was swallowed by the azure light dragon in one gulp.

Initially, the Black Robed Elder struggled desperately, but Chen Yu's Azure Dragon Sacred Leg, fused with Late Xuanming wood element Saint Beast blood, enhanced the secret technique's power.

Additionally, with the suppression of the Blood Emperor Domain, his opponent soon ceased struggling, and the dragon transformed into a jade-green seed, falling into Chen Yu's hands.

"Just died like that?"

The Black Cloud Emperor felt the urge to retreat.

An Early Xuanming Emperor, after Chen Yu displayed powerful methods, had no resistance and was killed.

Whoosh!

The Black Cloud Emperor dragged his withered, skeletal frame, flying backward.

"Trying to escape?"

Chen Yu chuckled coldly.

With the Bloodline of the Blood Clan Ancestor released, the battle became even easier; the Black Robed Elder was immediately killed, and the Black Cloud Emperor couldn't escape from his grasp either.

The Blood Emperor Domain stirred vigorously, erupting with strong suction, exerting a powerful pull on all life material.

Chapter 1253: The Jester's Visit

Under the bloodline power of the Bloodline Ancestor, all flesh and blood life is strongly restrained.

Even the God Demon Descendant races are no exception.

Unless it is the Ancient Times, with real God Demon races, they might have a chance to resist.

"Ah..."

The Black Cloud Emperor screamed as the life blood within him dried up, unable to maintain his external transformation, reverting to his Silver Soul Clan form.

He found that he couldn't escape this blood light domain.

Such powerful and profound Blood Dao Secret Skill, even amongst the Blood Race, only the strongest few Blood-sucking Clan can perform.

"Who on earth are you?"

The Black Cloud Emperor began to suspect Chen Yu's identity.

After all, Chen Yu's "personal experience" was already quite terrifying, and after engaging with him, the Black Cloud Emperor discovered more frightening things, causing him to suspect that Chen Yu might be a reincarnated body-seizing Blood Race God Realm entity.

The Black Cloud Emperor didn't expect Chen Yu to answer.

Shua!

From the body of the Silver Soul Clan, a shimmering black light group emerged, which was the Black Cloud Emperor's natal star source.

He found himself helpless, wanting to escape Chen Yu's grasp, could only abandon the body of the Silver Soul Clan.

Without a body, the Black Cloud Emperor's strength could only exert fifty to sixty percent, not a match for Chen Yu.

However, freed from the physical bonds, his speed was twice as fast as usual.

Swoosh!

The dark natal star source transformed into a stream of light, disappearing into the horizon.

The Black Cloud Emperor felt Chen Yu intended to attack again, and couldn't help but laugh, "You want to catch up to me, unless you also abandon your body."

If Chen Yu was left with only a natal star source, the Black Cloud Emperor wouldn't be so fearful.

So he felt confident.

"Is that so?"

Chen Yu revealed a playful smile.

The willpower within his Star Soul radiated over a range of dozens of miles, as space power descended, ignoring the distinction between matter and soul, locking onto the natal star source of the Black Cloud Emperor.

Suddenly, the rapidly escaping Black Cloud Emperor was frozen in place.

"What's going on?"

He felt himself being locked by a spatial power so strong it was beyond description, even if he fully activated his profound meaning power, it was difficult to shake.

"This is impossible!"

The Black Cloud Emperor panicked instantly, fear rising in his heart.

What on earth was this spatial power? Even if Chen Yu used a supporting Xuan artifact, it shouldn't be this strong.

Chen Yu chuckled softly, too lazy to explain.

His astounding talent in space was also brought by the "Heart of Eternity."

Now his space profound meaning touched the level of principles, even the Late Xuanming couldn't achieve this kind of degree.

At Mid Xuanming level, the Black Cloud Emperor naturally couldn't comprehend it.

Swoosh!

Chen Yu flew slowly, approaching the natal star source of the Black Cloud Emperor.

The Black Cloud Emperor was utterly despondent, gave up struggling, his words filled with hatred, "Chen Yu, this time I've fallen into your hands, I admit. But don't underestimate the Silver Soul Clan, my mission failed, the Silver Soul Clan will surely send stronger assassins."

"I do have some questions for you, if your answers satisfy me, it wouldn't be impossible to let you live."

Chen Yu suddenly said.

This made the spirit of the Black Cloud Emperor tremble, wondering if he heard wrong, Chen Yu was willing to let him live!

At this moment, the Black Cloud Emperor even regretted that he shouldn't have been harsh earlier.

"Ask."

For the sake of his life, even revealing some secrets of the Silver Soul Clan, the Black Cloud Emperor was willing.

"Do you know this person, Meng Qingyun?"

Chen Yu's gaze seemed to penetrate the star source, landing on the star soul of the Black Cloud Emperor, with immense pressure descending.

"I've heard of him."

The Black Cloud Emperor pondered, feeling this name was very familiar.

"I once heard an elder mention this person seems to be someone my clan needs to pay special attention to while gathering intelligence."

The Black Cloud Emperor knew very little, he didn't consider it important intelligence.

Meng Qingyun is from the Human Race, the Human Race should grasp more intelligence, he suspected Chen Yu was testing him, whether he's lying.

"Tell me all the intelligence you know about Meng Qingyun."

Chen Yu appeared calm, but his heart was stirred with ripples.

"I only heard that elder mention this person once appeared in the 'Insect Race' and other places, traces of him were found..."

The Black Cloud Emperor only knew this.

Chen Yu's expression slightly darkened, the other party spoke as if he hadn't said anything.

This intelligence was uncertain, even if traces, it didn't mean Meng Qingyun is currently in those places.

"Think carefully again."

Chen Yu said coldly.

"...nothing more."

The Black Cloud Emperor was also helpless.

Chen Yu wasn't satisfied with the intelligence, his holy power released, condensing into a giant green light dragon, swallowing the natal star source of the Black Cloud Emperor.

"Chen Yu, you... do you have any other questions."

The Black Cloud Emperor screamed in terror.

He thought Chen Yu was going to ask about Silver Soul Clan's secrets, but he didn't expect the other only to inquire about a person he knew little about.

Chen Yu focused, performing the "Green Wood Devouring Spirit Technique."

The Black Cloud Emperor resisted with all his might but it was futile, moments later, the gigantic green light dragon shrank, another "Green Spirit Seed" floated into Chen Yu's hand.

"It seems, not everyone in the Silver Soul Clan knows about Meng Qingyun."

Or perhaps, the Black Cloud Emperor's level wasn't high enough to know about Meng Qingyun.

Chen Yu stopped thinking, arranging the spoils.

The Black Cloud Emperor was Mid Xuanming Realm, his storage space held many treasures, with abundant cultivation resources.

However, Chen Yu had seen a vast amount of cultivation materials brought by the Blood Race, even some rare and precious treasures, so he didn't take all this seriously.

While sorting through the storage space of the Black Robed Elder, Chen Yu found evidence of the elder's contact with the Murong Family elder.

To his surprise, the Murong Family, due to the failed marriage alliance, actually sent a thug to attack Chen Yu.

"The Murong Family, huh?"

Chen Yu logged this grudge for future reckoning.

His Bloodthirsty Warship was destroyed by the Black Robed Elder, but in the storage space of the Black Cloud Emperor, there was a high-quality flying ship with an average speed reaching the early-stage Xuanming Realm.

Chen Yu boarded the new flying ship and returned to the Heavenly Martial Sect.

During the journey, Chen Yu began refining the "Green Spirit Seed" to enhance his cultivation.

He now realized that the Azure Dragon Sacred Wood Leg, though more of a supportive nature, possessed truly formidable abilities.

Not only could it enhance cultivation speed, but it also perfectly preserved all the energy of the cultivator, absorbing it for cultivation.

Every time Chen Yu refined a Xuanming Realm essence, it was equivalent to obtaining a top-tier cultivation material.

In five days, Chen Yu refined the Green Spirit Seed that sealed the energy essence of the Black Robed Elder.

His cultivation improved slightly.

Ten days later, Chen Yu refined the Green Spirit Seed sealing the energy essence of the Black Cloud Emperor.

Relatively speaking, the mid Xuanming level Green Spirit Seed had a more significant effect on boosting Chen Yu's cultivation and provided a considerable enhancement.

However, being a Supreme King breaking through to the Xuanming Realm, each step was more challenging for Chen Yu than for ordinary Xuanming practitioners.

This was already the third Green Spirit Seed he had refined, consuming a lot of resources in the process and still, his cultivation hadn't yet reached the mid-stage peak.

After returning to the sect, Chen Yu spread the news of the assassination attempt on him.

Given his current status and position, the news quickly spread throughout a major part of the Human Race.

"The Murong Family is so shameless, failing in the marriage alliance and sending people to assassinate Elder Chen."

"And the Silver Soul Clan as well, targeting Elder Chen."

"Fortunately, the Lin Family Patriarch considered everything thoroughly, sending experts to escort Elder Chen, otherwise the consequences would be unimaginable..."

In the "facts" spread by Chen Yu, the deaths of the Black Robed Elder and the Silver Soul Clan assassins were blamed on the Lin Family.

After all, the Black Cloud Emperor said that if his mission failed, the Silver Soul Clan would send out stronger assassins.

If the Silver Soul Clan believed the Black Cloud Emperor died due to interference from other emperors, they would lower their evaluation of Chen Yu, even if they sent assassins again, they wouldn't be excessively strong, thus posing no threat to Chen Yu.

Upon learning of this, Lin Yutian could only take this "blame".

However, Lin Yutian himself was puzzled as to how exactly the Murong Family thugs and the Silver Soul Clan assassins died.

Chen Yu informed Ye Luofeng about his superficial marriage agreement with the Lin Family.

"Is it really just superficial?"

Ye Luofeng frowned slightly, seeming unconvinced, but as soon as she learned of Chen Yu's plan to leave the Human Race, her attention was immediately diverted.

"I'll go with you."

Leaving the Human Race would surely mean another long separation, and Ye Luofeng, leaning against Chen Yu, was reluctant for him to leave.

"In the main world, the Condensed Star level is the most crucial stage. Given your circumstances, elevating your cultivation to the level of a Six Star King shouldn't be a problem. Just stay at the Heavenly Martial Sect..."

Chen Yu was uneasy about Ye Luofeng following him, and urged her to stay at the Heavenly Martial Sect.

As a disciple of the Sect Master, it was safest at the Heavenly Martial Sect.

A month later, a familiar face visited.

Inside a grand hall, Chen Yu received this acquaintance alone—Mo Sandong.

He had known Mo Sandong from the Great Yu Realm and, although he thought the latter was a bit eccentric, he was happy to meet him in the main world.

But now, he felt no joy at all.

"Brother Chen, you seem unwelcome to Brother Dong?"

The clown asked with a smile.

"What do you want from me?"

Chen Yu asked calmly.

"Come with Brother Dong to... the Heavenly Mechanism Clan!"

The clown's smile faded, and his expression became serious.

"No."

Chen Yu refused outright.

After experiencing the Blood Race, he could now deduce parts of what he previously didn't understand.

The mysterious finger of Yan Su was quite possibly also a part of the Divine Demon Parts.

Previously, the clown and his companions made a move against Yan Su.

In that case, he, who possessed the Eternal Heart, could also become a target for them.

"The Divine Demon Parts you possess belong to the Heavenly Mechanism Clan."

The clown was straightforward.

As Chen Yu expected, with the intelligence of the Heavenly Mechanism Clan, even a slight clue would allow them to trace the truth of the matter.

The Heavenly Mechanism Clan had already discovered which parts he held.

But they didn't know that it was the most important part of the Chaos Demon— the "Eternal Heart".

"But it belongs to me now."

He was indifferent to the clown's words. How could the Divine Demon Parts belong to the Heavenly Mechanism Clan?

Chen Yu would never go to the Heavenly Mechanism Clan alone, as once on their territory, everything would be under their control, and the Heavenly Mechanism Clan could take the Eternal Heart, leaving Chen Yu powerless to stop them.

This matter would be of no use even if he informed his master.

In terms of deterrence, the power of the Heavenly Mechanism Clan was far above the Human Race, and even some super clans in the main world held a bit of fear toward the Heavenly Mechanism Clan.

"You can't keep it safe, and it will only bring fatal disaster."

The clown's expression was calm, but that was abnormal, as he usually bore a somewhat terrifying and eerie smile.

"At least for now, I am safe and sound. Are you going to make a move against me?"

Chen Yu stared directly at the clown.

"The next time we meet, maybe I will..."

The clown stood up to leave.

Chen Yu sighed slightly. It was obvious that the clown didn't want to be his enemy, but he had to stand on the side of the Heavenly Mechanism Clan.

He decided to leave the Human Race as soon as possible.

Traveling would broaden his horizons and, during this interval, he should work hard to improve his cultivation and strength.

Chapter 1254: Chen Yu

Dead Spirit Desert.

The deaths of Yan Su and the Black Cloud Emperor naturally alarmed the Silver Soul Clan.

The fall of these two emperors is not only a loss but will also boost the morale of the Human Race.

Emperor Luo Hai ordered a thorough investigation of Chen Yu.

Soon after, more detailed information about Chen Yu was presented.

"He is actually related to the Human Race's Qingyun Emperor... and this Qingyun Emperor is named Meng Qingyun..."

Emperor Luo Hai's expression slightly tensed.

He rose and left, heading deep into the palatial complex. This was a forbidden area where ordinary clansmen who rashly intruded would face death.

He stepped into a dim, ancient stone door, instantly entering another space.

Here, the world was dark, the mountains towering, with mountaintops transformed into magnificent palaces.

"What business brings you to this god?"

A voice akin to a divine entity reverberated through the world.

The otherwise imposing Emperor Luo Hai, at this vast expanse, appeared ordinary and respectfully said: "Lord Erosion God, I have discovered a human who seems to have a significant connection with Meng Qingyun."

Within the higher circles of the Silver Soul Clan, Corrosive God was intensely focused on Meng Qingyun, frequently sending people to search for information about this person.

"Meng Qingyun..."

The voice resonated with a heightened intensity, dragging out the name and gradually infused with a hint of anger and excitement.

With the fluctuation of emotions, the entire sky changed colors, and rumblings echoed from all directions.

Swish!

A figure suddenly appeared above Emperor Luo Hai, resembling a mountain or deep sea, with an unfathomable presence.

This was a god of the Silver Soul Clan, titled "Erosion God."

"Speak."

Erosion God said calmly.

Subsequently, Emperor Luo Hai narrated all the rumors concerning Chen Yu and the Qingyun Emperor.

"A descendant of Meng Qingyun?"

A kind of divine light surged from Erosion God, brimming with a keen interest, even curling the corners of his lips.

Then, Emperor Luo Hai also informed Erosion God about the deaths of the Black Cloud Emperor and Yan Su.

Just then, four figures suddenly appeared in this world, comprising members from the Silver Soul Clan, the Human Race, and the Wing Clan.

"The divine guards of Erosion God!"

Emperor Luo Hai glanced at these four figures, slightly startled within.

"The human, Chen Yu. Bring him before me."

Emperor Luo Hai commanded.

"Obeying the divine order,"

The four divine guards stood and transformed into four shadows, vanishing without a trace.

"With Erosion God's four divine guards taking action, success is assured,"

Thought Emperor Luo Hai silently.

The four divine guards of Erosion God, all possessing power beyond the mid Xuanming stage, and as loyal servants of a god, would receive divine blessings, mastering formidable powers.

It can be said that even the weakest among the four divine guards could, with ease, slay the Black Cloud Emperor.

Emperor Luo Hai initially believed that with the four divine guards in action, results would come swiftly.

But after a year, the four divine guards returned to the Silver Soul Clan's camp without any results.

Three years, six years...

Chen Yu seemed to have evaporated from the world, disappearing without a trace, with the search by the four divine guards yielding no clues.

Finally, a fortuneteller was consulted, and they deduced that Chen Yu's whereabouts were not among the Human Race.

For a god's order, the divine guards would execute it even if it meant facing perils, let alone Chen Yu simply leaving the Human Race...

...

On the wasteland, a gigantic flying device resembling a "carriage" was swiftly advancing.

"We've shaken off those Blood Dried Wood Clan members."

A male from the Demon Race, with entirely silver hair, breathed a sigh of relief.

"I didn't expect us to bypass the ancient forest only to encounter the 'Blood Dried Wood Clan' in this wilderness."

Another companion complained.

The Blood Dried Wood Clan, amongst the Mu Clan, is one of the more bloodthirsty races.

"Fortunately, with 'Senior Lan' and 'Brother Yu Lei,' many of those Blood Dried Wood Clan members were instead slain by us, hahaha."

A human at the early-stage Star Condensation laughed.

"Only a few Blood Dried Wood members—if not for ensuring the young lady's safety, we could have completely wiped them out here."

A handsome, silver-haired and pointed-eared demon youth said arrogantly.

The handsome youth "Yu Lei" had cultivation at the peak of early-stage Star Condensing, yet his strength far outstripped the other two of the same tier in the team. He was a young talent of "Silver Sea Commerce", a key cultivation target.

He then glanced at a demoness.

The lady had beautiful silver hair, a slender figure, prominent bosoms, and her bright eyes sparkled vibrantly.

She was the young mistress of Silver Sea Commerce, Mu Wanyun.

Yu Lei had always admired the young mistress of Silver Sea Commerce, but at this moment, he noticed Mu Wanyun's gaze was directed towards another man.

"Chen Yu, thank you earlier. Had it not been for your timely support, I might have been harmed by the Blood Dried Wood's ambush,"

Mu Wanyun said with a smile, expressing her gratitude.

The young man "Chen Yu," with ordinary looks, calmly replied, "Protecting the young lady is part of my duty."

Yu Lei felt slightly annoyed seeing this.

Despite admiring Mu Wanyun, she treated him like an ordinary friend, yet conversed at length with "Chen Yu."

Yet he didn't take this to heart.

Two years ago, Chen Yu was just a passerby encountered by the commerce team. Seeing him alone with only a Sky Sea attainment, the kind-hearted Mu Wanyun allowed him into the commerce team.

"Brother Chen Yu is quite impressive; when Lady Wanyun was ambushed by the Blood Dried Wood, even Brother Yu Lei didn't react, yet Brother Chen Yu could respond in time."

"Brother Chen Yu's strength at the Sky Sea Realm peak is top-notch too, right?"

There was talk within the commerce group.

Yu Lei's expression became slightly unnatural hearing this.

In fact, he had also sensed Mu Wanyun's crisis just now and was about to make a move to save her, but Chen Yu beat him to it.

"I was just closer to Miss Wanyun,"

Chen Yu chatted casually with everyone.

Counting the time, it had already been ten years since he left the Human Race.

That's right, he was indeed "Chen Yu."

To hide his whereabouts, he hid his cultivation, appearance, and even changed his name; now he is called "Chen Yu."

Back then, while with the Human Race, a Silver Soul Clan spy had sent word that the god of the Silver Soul Clan had set its sights on Chen Yu.

Thus, Chen Yu traveled in secrecy on his journey.

Meanwhile, he used the opportunity to reflect on life and elevate his mindset.

This would aid his future cultivation path, and also purify and strengthen his Star Soul.

In addition.

Chen Yu tracked Meng Qingyun's whereabouts and gathered intelligence on Divine Demon Parts without being too conspicuous; otherwise, it would attract powerful foes.

It was known that the mysterious and powerful Heavenly Mechanism Clan was collecting Divine Demon Parts.

Over ten years of traveling, Chen Yu had distanced himself from the Human Race.

His mindset had also greatly elevated due to various experiences and knowledge.

At the beginning of his traveling, he realized the vastness of the main world, and the territory occupied by the Human Race was really insignificant, negligible in comparison.

He had witnessed many mysterious rumors, Ancient Forbidden Lands, and some powerful tribes.

For example, the Wing Clan in the main world, which is the overlord of the sky and one of the super tribes in the main world.

If they wanted to obliterate the Human Race, it would be a piece of cake.

All this time, he had been traveling alone, experiencing all beings.

But two years ago, the young lady of the Silver Sea Commerce had seen Chen Yu journeying alone, afraid he might encounter bandits and robbers, and invited him into the team.

Initially, the members of the commerce were very wary of Chen Yu.

But over time, Chen Yu displayed considerable strength, at least not just a freeloader, gained their recognition, and gradually integrated into the team.

"A year away from the Sky Moon Alliance,"

Chen Yu was exploring everywhere but also had a goal.

The Sky Moon Alliance, formed by four neutral small forces, was a place rich in commerce and trade with a mixed population, conducive to gathering information.

The goal of the Silver Sea Commerce was also the Sky Moon Alliance, which is why Chen Yu originally joined the team.

"Chen Yu, thank you for saving Miss Wanyun,"

Yu Lei approached, looking down on Chen Yu.

Although he expressed gratitude, it didn't seem very sincere and instead gave an impression of keeping strangers at arm's length.

"However, if you don't break through to the Condensed Star Realm, you'll remain an ant in the main world. But you're still young, and if you work hard for ten years, there's a good chance of breaking through to the Condensed Star Realm."

Yu Lei offered Chen Yu guidance with an elder's tone.

"With Chen Yu's potential, he might catch up to Brother Yu Lei someday."

"You must be joking. Brother Yu Lei is the youngest genius of the Silver Sea Commerce, and he even has a chance to enter the four-star powerhouse of the Demon Race."

People discussed.

"I am seventy to eighty percent confident of joining the four-star powerhouse, but it was Silver Sea Commerce that adopted and nurtured me. I, Yu Lei, will forever protect Miss Wanyun."

Yu Lei's eyes were bright as he looked at Mu Wanyun, seizing the opportunity to express his feelings.

The surrounding crowd began to jeer.

"Brother Yu Lei, you're teasing me again,"

Mu Wanyun said with a slightly shy smile.

"I wasn't..."

Yu Lei was about to speak when.

At this time, "Senior Lan" at the front of the team shouted, "The Blood Dried Wood Clan is catching up, hurry up and move."

"Damn, these Blood Dried Wood are really persistent, they won't give up."

The team sped up and soon successfully shook off the Blood Dried Wood Clan.

"Chen Yu, there's only a year left until the Sky Moon Alliance. You owe our young lady gratitude, if not for her letting you join our team, who knows where you'd be now."

"When you reach the Sky Moon Alliance, you can come find Brother Stone if you're free."

A short-haired human man patted Chen Yu on the shoulder; his nickname was "Stone."

Initially, when Chen Yu was being guarded against by the whole team, Stone, as a fellow human, was the only one who treated Chen Yu well.

"That's right,"

Chen Yu also patted the short-haired man.

Through ten years of traveling, he had regarded himself as an ordinary traveler. After two years of living together, he was fully integrated into the team, becoming Mu Wanyun's guard and the friend of the short-haired man.

At this moment, Chen Yu sensed something unusual, and his eyes briefly glanced behind.

"Brother Chen Yu, what's wrong? There's nothing behind us,"

Stone looked over, quite puzzled.

At this time.

Senior Lan at the front of the team suddenly shouted, "Pick up the pace."

Everyone saw Senior Lan's serious expression and the urgency in his voice and knew that the team might be in some trouble, so without a word, they followed suit.

"Hahaha, spotted some fat sheep!"

"Where do you think you're going?"

A black giant ship approached at high speed with a dozen figures on it, shouting loudly.

An intangible aura of oppression turned into a cloud of shocking Evil Qi, crashing towards them.

The people in the Silver Sea Commerce team immediately felt a strong pressure.

"Not good, it's bandits."

"Push the flying car to full speed."

Inside the Silver Sea Flying Car came a cacophony of sounds.

"With the Silver Sea Commerce team, this difficulty can't be withstood,"

Chen Yu shook his head slightly.

However, since he's now a member of the Silver Sea Commerce, he wouldn't just watch as the team gets destroyed.

But if he takes action, his simple and low-profile life would come to an end.

Chapter 1255: Call Me Daddy

The Silver Sea Commerce Flying Car accelerated with full force, not any slower than the black giant ship behind.

"Isn't that the 'Evil Ghost Bandit Group' of the demon race? Why have they come here?"

Yu Lei's gaze focused on the flag on the black giant ship.

In the demon race territory, the Evil Ghost Bandit Group was a notorious evil power near the Silver Sea Commerce.

But this area was already within the Mu Clan Territory, so why were they pursuing here?

"It seems the Evil Ghost Bandit Group has other reasons for targeting us."

Senior Lan spoke gravely.

He was dressed in a dark blue robe, had a rugged face with short beard, and was at the mid-stage of Star Condensation, the strongest in the team.

He had worked in the Silver Sea Commerce for five hundred years, and thus everyone called him Senior Lan.

"Senior Lan, what should we do next?"

A demon at the early-stage Star Condensation inquired.

Mu Wanyun was the master here, but when encountering a formidable enemy, the experienced and powerful Senior Lan was the pillar of the group.

"As far as I know, the Evil Ghost Bandit Group has three mid-stage Condensed Stars, known as the 'Three Evil Ghosts', so we can only escape."

Senior Lan also bowed his head.

The Silver Sea Commerce team had only Senior Lan at the mid-stage of Condensed Star, but the enemy had three.

The Silver Sea Flying Car was pushed to its limits, spurting several streams of silver light, speeding across the sky.

"Stay here, you fools."

"Second Brother, Third Brother, strike together."

A burly man with a bristly beard dashed out of the spaceship, overwhelming evil qi transforming into a ghost and enveloping the Silver Sea Flying Car.

He was the "Evil Ghost Boss," followed by two mid-stage Condensed Stars, charging straight at the Silver Sea Flying Car.

"Ghost Evil Fist!"

The Evil Ghost Boss shouted lowly, smashing a fist that formed a massive blood-black fist light hundreds of meters large, filled with ominous energy, crashing towards the Silver Sea Flying Car.

The other two mid-stage Condensed Stars also immediately joined in.

The combined attack of the three mid-stage Condensed Stars could instantly destroy the Silver Sea Spaceship.

"This is bad, quickly activate the defense array. Those above early-stage Condensed Star, join me to fend them off."

Senior Lan hurriedly ordered.

In an instant, a dazzling silver light rose around the Silver Sea Flying Car.

Senior Lan and the other Condensed Star experts stood atop the defensive barrier, holding off the attack from the "Three Evil Ghosts."

"Heh, you've underestimated us three evil ghosts."

The third of the Three Evil Ghosts chuckled sinisterly, producing a metal sphere riddled with holes that suddenly emitted a ghostly glow.

Whish, whish, whish...

Countless black needles infused with poison shot out of the metal sphere, like a torrential rain, covering the entire Silver Sea Flying Car.

These black needles were controlled by the third evil ghost, targeting the weak spots of the defense barrier.

Crack!

The defensive barrier shattered a gap, instantly expanding into a large hole.

"As expected from the mechanism tool developed by the Heavenly Mechanism Clan, hahaha."

The third evil ghost laughed heartily: "Men, charge!"

The Evil Ghost Bandit Group charged out with full force, heading straight for the Silver Sea Flying Car, with many bandits entering through the breach in the barrier.

Chen Yu stepped out of his quarters, observing the chaos outside.

He had thought the Silver Sea Commerce could hold for a moment, not expecting them to fall so swiftly.

"Is that tool developed by the Heavenly Mechanism Clan?"

Chen Yu glanced at the metal sphere in the third evil ghost's hand.

He had previously encountered the Heavenly Mechanism Clan; their combat capabilities were generally average, but their various methods were endless, making even Chen Yu proceed cautiously.

"Kid, die."

A demon wielding a serrated blade slashed at Chen Yu with a cold and fierce expression.

Clang!

The serrated blade seemed to strike a massive metallic mountain, trembling violently, with cracks appearing on the blade.

"This..."

The demon was shocked, retreating rapidly, but it was too late.

The rebound force traveled along the blade, transmitting to the demon's body, causing cracks all over before finally exploding into powder with a "bang."

His bizarre death went unnoticed by others.

The place was chaotic, with all the Silver Sea Commerce members trying to save themselves, some even attempting to flee.

"That's Mu Wanyun; capture her for me."

A burly demon with a tiger's back and bear's waist shouted.

He led the charge, stirring up a fierce wind, his cultivation clearly at the early-stage Condensed Star.

Mu Wanyun also had early-stage Condensed Star cultivation, wielding a Profound Weapon Sword, slashing out a cold silver light sword strike.

Bang!

The demon warrior sneered, his white giant claw surrounded by fierce wind, smashing out and shattering Mu Wanyun's sword attack.

Though also at early-stage Condensed Star, his strength surpassed Mu Wanyun's by far.

Meanwhile, several other bandits surrounded from all sides.

The true target of the Evil Ghost Bandit Group was precisely Mu Wanyun.

"Ah..."

Mu Wanyun's arm was cut by the fierce wind, forcing her to retreat quickly.

Her combat abilities were average, getting injured the moment she was surrounded.

At this moment, the Silver Sea Commerce members were struggling to protect themselves, with no one able to come to her aid, even Yu Lei outside the barrier was considering whether to retreat.

Then, a familiar figure suddenly appeared in front of Mu Wanyun.

"Chen Yu, you... run."

Mu Wanyun shouted.

Chen Yu's skills were indeed top-notch among those at the Peak of Late Stage Sky Sea, but in the current situation, he couldn't make a difference.

"You will be fine."

Chen Yu said calmly and composedly.

Mu Wanyun was momentarily stunned; the current Chen Yu seemed entirely different from before, not just an ordinary guard, but carrying an indescribable charm.

When she regained her senses, she realized that a bandit in front of Chen Yu had a huge hole in his chest, his whole body shattering into flying ash.

She hadn't even noticed when Chen Yu had made a move.

"Kid, die!"

A bandit struck with a palm, the dark blue palm light rippling with electricity, hitting Chen Yu's chest directly.

Boom!

Chen Yu remained unmoved, the force of the enemy's strike rebounding back with multiple times the previous power.

"No..."

The opponent was consumed by his own attack and turned to ashes in the blue lightning.

A bandit at the peak of late stage Sky Sea Realm died instantly.

"Chen Yu, you?"

Mu Wanyun felt that Chen Yu was very strange at this moment, his strength seemed to have increased a lot.

"You brat, you killed so many of my Evil Ghost Bandit Group brothers, courting death."

The burly man with a tiger's back and bear's waist glared angrily, a layer of dark and fierce whirlwind erupting around him.

"Chen Yu, he is at the Condensed Star Realm, let me handle this."

Mu Wanyun charged out with her sword.

No matter how strong Chen Yu's strength was, how could he compete with a Condensed Star King?

But in the next moment, she saw Chen Yu appear in front of the Demon Race burly man, just dozens of feet away. The violent whirlwind spread towards him, as if it was about to tear Chen Yu to pieces.

Mu Wanyun showed a look of pity. At this critical moment, Chen Yu stepped up to save her but would die because of her.

"Ah..."

The scream sounded, but it was not Chen Yu's voice.

Mu Wanyun looked and only saw Chen Yu gently chop with his palm.

Swish! Swoosh!

This palm did not stir up any momentum, nor did it create an amazing spectacle, but that violent whirlwind suddenly tore apart, splitting in two.

A bloodline spread from the burly man's brow, and he too was split in two.

"What on earth are you..."

The burly man looked terrified, and before he could finish his sentence, he died, his body falling to the ground in two halves.

"Chen Yu, you..."

Mu Wanyun looked at Chen Yu in a daze, suddenly feeling that the Chen Yu in front of her was incredibly strange.

The burly man chasing her was ranked sixth among the Condensed Star Kings in the Evil Ghost Bandit Group, but he was ultimately killed by Chen Yu with a wave of his hand.

How is this possible?

No, it is indeed possible, which means Chen Yu's true cultivation is not at the peak of the late stage Sky Sea Realm!

But from beginning to end, despite Chen Yu taking action multiple times, Mu Wanyun could not discern Chen Yu's exact cultivation.

Swish!

Just as Mu Wanyun was about to say something, Chen Yu suddenly disappeared and flew out of the Silver Sea Flying Car.

...

"Senior Lan, let's retreat."

Yu Lei bitterly resisted the attacks of Evil Ghost Second, transmitting a message to Senior Lan.

"No..."

Senior Lan gritted his teeth.

He could escape, but the entire commerce guild's team would inevitably be annihilated, including Miss Wanyun.

"Haha, old guy, why not join my Evil Ghost Bandit Group and mix with us from now on?"

Evil Ghost Boss laughed wildly, mocking Senior Lan.

The other party had worked for the Silver Sea Commerce for five hundred years; even if he truly defected, the Evil Ghost Bandit Group would not easily trust and take him in.

"Third Brother, come over and join me in attacking this old guy; once we take him down, the mission will be nearly complete."

Evil Ghost Boss transmitted a message.

But he found that the transmission actually failed.

Scanning with his spiritual sense, he saw a young man with an ordinary appearance standing on the corpse of Evil Ghost Third, playing with a metal sphere in his hand.

"Third!"

"Who did it?"

Evil Ghost Boss immediately roared, like a beast howling, black Evil Qi swept in all directions, causing many top Sky Sea Realm experts' ears and noses to bleed.

He saw Chen Yu standing on Evil Ghost Third's corpse but did not suspect Chen Yu was the culprit.

"One's dead?"

Senior Lan's face lit up with joy.

With the enemy's three strongest mid-stage Condensed Stars, one dead for unknown reasons, it meant the Silver Sea Commerce still had a chance of victory.

"Damn thing, dare to stand on Third Brother's corpse and take his treasure."

Evil Ghost Second locked his ferocious gaze on Chen Yu.

Thousands of feet away, he pulled a large red bow, shooting an arrow like a red meteor!

Yu Lei originally had the chance to stop it, but he did not make a move.

Swoosh! Slash!

The meteor-like red arrow fell from the sky, aimed at Chen Yu.

But the arrow ultimately grazed past Chen Yu.

Boom!

With a blast, several bandits behind were hit by the arrow, dying instantly, their bodies and souls turning to ashes.

"Second Brother, you!"

Seeing this, Evil Ghost Boss widened his eyes in shock.

Could Second be a traitor? Just dealing with an ant, he missed? And killed nearly ten members of the Evil Ghost Bandit Group.

"That luck..."

Yu Lei was also dumbfounded, thinking Chen Yu was just lucky.

Evil Ghost Second, red-faced with rage, pulled the red bow again, locking onto Chen Yu.

"If I miss this time, I'll call you dad."

He said fiercely and released the bowstring.

The red arrow traced a brilliant arc of light, piercing a large hole in the Silver Sea Flying Car's barrier.

The arrow contained spiritual energy, making it impossible for Chen Yu to avoid.

Swoosh!

However, once again, the arrow bizarrely glanced past Chen Yu, flying to the other side of the sky.

"Missed again? How is this possible!"

Evil Ghost Second was incredulous; at mid-stage Condensed Star, his attack locked onto Chen Yu, and still missed?

He was known as the "Evil Spirit Shooter" in the Evil Ghost Bandit Group.

"Ah... Second Brother, you!"

At this moment, Evil Ghost Boss on the other side screamed wretchedly, gritting his teeth.

Evil Ghost Second saw that his previous arrow had flown into his boss's hip.

His arrow was a full-powered shot, with formidable force, exploding the entire hip of the burly Evil Ghost Boss.

"Boss, this kid... is very strange."

Evil Ghost Second stared at Chen Yu, finding that the latter was smiling calmly, his mouth slightly open.

By reading his lips, he saw Chen Yu's words: "Call me dad."

Evil Ghost Second suddenly felt a chill; separated by thousands of feet, the boy had heard words spoken only to himself.

Chapter 1256: One After Another

"Big brother, this... I..."

Evil Ghost Second was in a panic, cold sweat streaming down his face, unable to explain clearly.

To have the courage to attack the Evil Ghost Boss, he must be the first one.

Senior Lan was unaware of the situation, only knowing that the Evil Ghost Boss was suddenly ambushed by Evil Ghost Second's attack.

"A good opportunity!"

Senior Lan's eyes lit up with brilliance, waving his arms to form a magnificent bluish-black tornado that stirred the winds and clouds, striking towards Evil Ghost Boss.

This move was a full-on assault, attempting to regain the upper hand.

The Evil Ghost Boss was ambushed by Evil Ghost Second, his entire lower back exploding, burning intensely, spreading through his body.

Evil Ghost Second was ranked second in the bandit group in terms of strength; being hit by his attack, even Evil Ghost Boss couldn't have it easy.

Not only was he injured, but he was also filled with rage, affecting his condition.

Facing Senior Lan's sudden, explosive attack, Evil Ghost Boss raised his fist to meet the strike head-on, but his Ghost Evil Fist was at a disadvantage.

Bang!

Several streaks of blue light left bloodstains on the Evil Ghost Boss's body, sending him flying hundreds of feet away.

The Evil Ghost Boss scanned the scene.

The Evil Ghost Bandit Group originally held an absolute advantage, but for some reason, many of their Condensed Star level bandits had died mysteriously.

Even Evil Ghost Third died under mysterious circumstances.

He himself was ambushed by Evil Ghost Second and then wounded by Senior Lan, his injuries quite serious.

Could it be that Second is a traitor, and he did all this secretly?

"Retreat."

The Evil Ghost Boss, clutching his head in frustration, gave the order.

The seemingly destined victory ended like this, filling him with pent-up anger.

"Quick, retreat."

The Evil Ghost Bandit Group retreated rapidly into the black ship, turning to flee.

Inside the ship.

The Evil Ghost Boss was enveloped in a monstrous, black-red Evil Qi, like a peerless demon.

All his subordinates trembled fearfully under the Evil Ghost Boss's might.

"Bastards, we actually failed."

The Evil Ghost Boss's eyes were blood-red, glaring at Evil Ghost Second, striking out with a palm, releasing a fierce stream of blood-black Evil Qi.

Evil Ghost Second dared not dodge, having to secretly channel his energy to protect his vital points.

Boom!

His body was flung away, leaving a human-shaped dent on the wall.

"Big brother, it was that kid playing tricks, it's not my fault."

Evil Ghost Second hastily pleaded for mercy.

The Evil Ghost Boss was only venting his anger; everyone saw him being attacked by Second, so this was a way to regain a little face.

"That kid is indeed somewhat strange."

The Evil Ghost Boss was no fool; after calming down, he started suspecting Chen Yu.

...

"Victory."

"The Evil Ghost Gang has been repelled; this time it's all thanks to Senior Lan, who injured the Evil Ghost Boss."

Inside the Silver Sea Flying Car, the members of the commerce were cheering.

Nearly all the personnel thought this was a certain death situation, but victory appeared suddenly, filling them with ecstatic joy.

Yu Lei also seemed a bit stunned; this victory felt unreal.

He looked down at Chen Yu, his eyes filled with disdain and puzzlement: "This kid didn't die."

Being targeted by Evil Ghost Second, surviving two consecutive attacks—it's unbelievable luck.

When Senior Lan looked at Chen Yu, his pupils slightly contracted, as if trying to see through him.

Yet the other seemed just like an ordinary presence, nothing special."

After a brief reorganization, the Silver Sea Flying Car continued its journey.

This encounter with bandit attacks had inflicted heavy casualties on the Silver Sea Commerce's team.

Senior Lan and Yu Lei went to Mu Wanyun's room.

"Miss Wanyun, are you alright?"

Yu Lei asked with concern.

"I'm fine..."

Mu Wanyun's gaze was elsewhere, as if thinking about something, not even looking at Yu Lei.

"Miss Wanyun, what exactly happened on the Silver Sea Flying Car just now?"

Senior Lan asked with a serious expression.

This encounter with the Evil Ghost Bandit Group ended too strangely; there must be a reason.

Mu Wanyun remained silent for a moment, then decided to recount the shocking scene she had witnessed today: "It was Chen Yu, his power suddenly increased tremendously. He effortlessly killed enemies of the same rank, even an early-stage Condensed Star was slain by him."

At that time on the Silver Sea Flying Car, apart from Mu Wanyun, there were no members at the Condensed Star Realm. Almost everyone else was fleeing for their lives, unable to focus on anything else. Nearly only Mu Wanyun and the bandits clearly noticed all of Chen Yu's actions.

"Chen Yu?"

Senior Lan showed a pensive look, recalling the scene of Chen Yu standing over Evil Ghost Third.

Could it be that Evil Ghost Third was killed by Chen Yu as well?

"Miss Wanyun, are you sure?"

Senior Lan asked once more.

Evil Ghost Third was at the mid-stage Condensed Star; if Chen Yu could easily kill him, what level of strength did that imply for him?

Yu Lei, thinking that even Senior Lan wouldn't believe it, scoffed: "Chen Yu? Haha, Miss Wanyun, are you out of your mind?"

A Condensed Star King dead at Chen Yu's hands? That's an enormous joke.

"Brother Yu Lei, I'm telling the truth."

Mu Wanyun emphasized earnestly.

The scene unfolded vividly before her eyes; a Demon Race strongman at the early-stage Condensed Star being cut in half by Chen Yu's hand—how could it be fake?

"I think you must've been scared out of your wits when encountering such a crisis for the first time, thus seeing illusions."

Yu Lei smiled as he consoled her.

Yet the object of Mu Wanyun's hallucination happened to be Chen Yu, which made him slightly jealous.

Unpleasant at heart, Yu Lei left first.

"Wanyun, let's not discuss this until I've investigated further and made a decision,"

Senior Lan advised.

If everything was true, Chen Yu likely was at mid-stage Condensed Star; since he didn't want to reveal his identity, there was no need for them to expose it either.

It's also possible that this is all just a misunderstanding.

After the battle ended, Chen Yu didn't bother much and returned to his residence.

He had intervened sparingly in that battle just now, and not many people had witnessed it.

If the Silver Sea Commerce doubted his intentions, now would be the time to leave.

In the days that followed, Chen Yu noticed that Senior Lan and Mu Wanyun often watched him.

They were the strongest in the team and the owners here, which led the other commerce members to pay more attention to Chen Yu as well.

Chen Yu didn't say much and did not intend to meddle. Once they reached the Sky Moon Alliance, he would depart.

He activated the inner space of the [Heavenly Mysterious Feather], entered it, and began cultivating.

Though he concealed his cultivation strength, he never neglected his training.

After ten years of journey, Chen Yu's cultivation had begun to approach the peak of Mid Xuanming.

...

Three months later.

"Enemy attack, there are enemies."

The Silver Sea Commerce was once again ambushed by powerful enemies from the Mu Clan, including three at the Mid-stage Condensed Star level.

Chen Yu was slightly puzzled as to why the Silver Sea Commerce was in trouble again.

This time, he still intervened discreetly, secretly resolving the crisis by killing one and severely injuring another Mid-stage Condensed Star enemy, causing the enemies to retreat immediately.

"It really was him."

Senior Lan's gaze dimmed slightly.

He had been watching Chen Yu the whole time, and indeed discovered some clues.

Chen Yu, unlike ordinary members, remained calm and composed from start to finish, while enemies around died mysteriously one after another.

Yet this close observation made Senior Lan somewhat trust Chen Yu a bit more.

Because he had helped the Silver Sea Commerce resolve troubles twice and repeatedly saved Mu Wanyun, he clearly didn't seem to be someone with malicious intent.

After the battle ended.

"Chen Yu, I noticed just now, you actually have the strength to kill someone at the Condensed Star Realm."

"What are your intentions for hiding your cultivation and joining the Silver Sea Commerce team?"

Yu Lei suddenly questioned.

It turned out that he had also been closely observing Chen Yu and witnessed the scene of Chen Yu killing an Early-stage Star Condensation enemy.

During this time, other members gradually noticed something unusual about Chen Yu, and with Yu Lei's disturbance, they immediately developed doubts about Chen Yu.

"Brother Yu Lei, Brother Chen Yu only just recently broke through to the Condensed Star Realm by chance."

At this moment, the Human Race man "Stone" stood by Chen Yu's side and said.

"Just broke through to the Condensed Star Realm? How come I didn't know?"

Yu Lei frowned slightly, glaring at Stone.

The soul pressure from a Condensed Star King made Stone unable to move, his face turning pale, about to succumb to the pressure.

"Does everyone who breaks through to the Condensed Star Realm have to inform you?"

Chen Yu smiled faintly and retorted.

The intangible power of the star soul enveloped Stone, instantly relieving the pressure, allowing Stone to feel at ease.

"You..."

Yu Lei was left speechless by Chen Yu's question, and at the same time realized that his soul pressure on Stone had no effect whatsoever. What was going on?

"Stop arguing, Chen Yu breaking through to the Condensed Star Realm is a good thing."

At this moment, Senior Lan spoke up to stabilize the situation.

Yu Lei did not expect Senior Lan to also speak for Chen Yu, so he left in anger.

Following that, many members of the Silver Sea Commerce congratulated Chen Yu on his breakthrough to the Condensed Star Realm.

"Chen Yu, you kid, breaking through to the Condensed Star Realm and not telling your brothers."

Stone patted Chen Yu's chest and laughed.

"Hehe, you know me, I tend to be low-key."

Chen Yu joked.

In fact, he knew that Stone had discovered Chen Yu's secret during the first encounter with the Evil Ghost Bandit Group.

At that time, Chen Yu had also stepped in to save Stone.

Five months later.

The Silver Sea Flying Car was getting closer and closer to the Sky Moon Alliance.

"We're almost there."

Chen Yu stood on the deck, gazing into the distance.

Once at the Sky Moon Alliance, he would say farewell to Mu Wanyun, Senior Lan, Stone, and the others.

Upon returning to his room, he was surprised to find Mu Wanyun there.

"Chen Yu, did you really just recently break through to the Condensed Star Realm, or were you originally at the Condensed Star Realm?"

Mu Wanyun summoned her courage to ask, her silver and clear eyes fixed on Chen Yu, trying to discover his secret.

"Neither."

As they were about to reach the Sky Moon Alliance, Chen Yu decided not to conceal the truth anymore.

Mu Wanyun's pretty face was full of confusion. What did "neither" mean?

"I haven't even thanked you for rescuing me several times."

Mu Wanyun began to express her gratitude.

No matter what secrets Chen Yu had, the fact was he had saved her several times.

Chen Yu shook his head slightly, not taking it to heart, as for him it was indeed something trivial.

He wouldn't stand by and watch everyone from the Silver Sea Commerce die without lending a hand during the two years he spent there.

But at this moment, Chen Yu furrowed his brows, his expression showing confusion, and he murmured, "It's happening again..."

"What did you say?"

Mu Wanyun didn't hear Chen Yu clearly.

Boom!

A violent tremor suddenly came from the Silver Sea Flying Car.

"A member has died."

"There is an assassin!"

The sounds of chaos reached them, and Mu Wanyun immediately left Chen Yu's room.

But as soon as she stepped through the doorway.

Swish!

In the darkness, a streak of silver-gray light flashed instantly to Mu Wanyun's neck.

A shadowy figure appeared, their eyes glimmering with an evil light, and they said with a smile, "Task completed."

Chapter 1257: Mu Haiyun

"Mission accomplished."

A shadowy figure emerged in the darkness, holding a silver-grey blade to Mu Wanyun's neck.

"Who...are you?"

Mu Wanyun froze instantly, her voice trembling.

She never expected a crisis on the Silver Sea Flying Car, and in the blink of an eye, her life was in someone else's hands.

"Heh, obediently come with me, and you may live a little longer, otherwise you'll meet King Yan."

The shadowy figure sneered dismissively.

Whoosh!

Senior Lan arrived in an instant, his face changing drastically upon seeing the scene.

The moment he noticed something amiss, he first searched for Mu Wanyun's whereabouts, but he was a step too late, and the enemy succeeded.

The shadowy figure ignored Senior Lan, with Mu Wanyun's life under his control, he was confident he could leave the Silver Sea Flying Car unscathed.

"You're the 'Instant Night King,' a Silver Order Assassin of the Blood Blade Tower!"

Senior Lan recognized the identity of the shadowy figure.

The Blood Blade Tower was also an assassination force of the Demon Race, and the prerequisite for obtaining the title of Silver Order Assassin was to have assassinated a Mid-stage Condensed Star!

The Instant Night King was a standout among the Silver Order Assassins, possessing not only a special stealth movement technique, but also a speed that looked down on the Mid-stage Condensed Star.

"You have some knowledge."

The shadowy figure, "Instant Night King," smiled proudly, not taking Senior Lan seriously.

Senior Lan stood in place, not daring to make a move.

Trying to rescue a hostage from an elite assassin of the same rank was nearly impossible.

In the instant he made a move, Mu Wanyun might die.

"Heh heh."

The Instant Night King glanced at Senior Lan, walking past him.

"Did I allow you to leave?"

At this point, Chen Yu's voice came from inside the room.

The Instant Night King stopped, turning his head with a surprised expression: "Who do you think you are?"

He found it extremely amusing; even the strongest person on the flying car, Senior Lan, didn't dare to act, yet a regular member dared to shout at him.

"Chen Yu, don't act rashly."

Senior Lan immediately stopped him.

He knew Chen Yu was very strong, but if he acted impulsively, it would only harm Mu Wanyun.

"You, kill that kid."

The Instant Night King ordered Senior Lan.

"This..."

Senior Lan showed a troubled expression.

"If you don't kill him, I'll kill Mu Wanyun."

The Instant Night King revealed a wicked smile.

He was considering whether to have Senior Lan kill everyone on the Silver Sea Flying Car.

"Senior Lan, do it."

While Senior Lan was hesitating, Chen Yu spoke again.

Senior Lan and Mu Wanyun were puzzled by Chen Yu's behavior.

Perhaps Chen Yu realized his previous reckless words and actions and wanted to atone at this moment.

Unfortunately, even if Senior Lan killed Chen Yu, it wouldn't save Mu Wanyun.

"Chen Yu, I'm sorry..."

Senior Lan sighed, gathering Yuan Power in his palms, forming a blue whirlwind as thick as a thigh.

Swish!

The blue whirlwind shot out swiftly, bursting into Chen Yu's room and hitting the target.

The Instant Night King sneered disdainfully; just an ant, how dare he try to play the hero and save the beauty.

But in the next moment, he suddenly sensed something was off...

"Chen Yu...it's my fault..."

Mu Wanyun stood in place, crying. .

"How did you harm me, Miss Wanyun?"

A familiar, comforting voice spoke beside her ear.

Mu Wanyun turned her head, seeing Chen Yu right next to her, his ordinary calm face close at hand, eyes bright and deep.

Wasn't the Mid-stage Condensed Star standing here just now the Instant Night King? How did he suddenly become Chen Yu?

What exactly happened? Mu Wanyun was full of confusion.

But due to panic and fear, she instantly threw herself onto Chen Yu, her full and tempting demon race body completely pressed against Chen Yu, especially the softness in front.

"This..."

Chen Yu was momentarily stunned, not expecting to be suddenly "attacked" by Mu Wanyun.

But this was also normal; it's likely this was the first time Mu Wanyun had been so close to death since birth, enduring such torment and suffering.

"Miss?"

Senior Lan turned around and saw Mu Wanyun lying on Chen Yu, not realizing what had happened.

"Ah..."

In the wreckage, the Instant Night King roared.

"Kid, what did you just do?"

The Instant Night King charged out, a bloody hole in his chest, caused by Senior Lan's attack.

His blood-red, fierce eyes stared daggers at Chen Yu.

Just moments ago, he and Chen Yu suddenly switched positions, taking the brunt of Senior Lan's attack.

And Mu Wanyun was successfully rescued by Chen Yu.

"Senior Lan, please continue."

Chen Yu's face remained steady as ever.

"Alright!"

Senior Lan gave Chen Yu a deep look.

He thought he had seen through this young man, but found that there was still a mysterious layer to him.

Even Senior Lan hadn't noticed the method Chen Yu used to switch positions with the Instant Night King.

"Instant Night King!"

Senior Lan roared, striking out with a fierce palm, dozens of thigh-thick dark blue whirlwinds shooting towards the Instant Night King from all directions.

We absolutely cannot let this Silver Order Assassin get away!

The Instant Night King is injured and dares not engage in a direct battle with Senior Lan, especially since there's the mysterious Chen Yu here.

Whoosh!

A layer of dark mist rose from the Instant Night King's body, spreading in all directions. His figure vanished within, as if he suddenly disappeared, and even Spiritual Sense couldn't detect his exact location.

"Damn it, even though the Instant Night King is already injured, it's not easy to kill him."

Senior Lan felt troubled.

But soon, the dark mist dispersed.

The Instant Night King's corpse lay in a corner, with over a dozen holes in it, his face full of astonishment, and his eyes wide open in death, staring in Chen Yu's direction.

"Dead?"

Senior Lan's eyes widened in disbelief.

Upon examining the body, he discovered that all the attacks he had just launched had actually hit the Instant Night King.

This was truly peculiar.

With the Instant Night King's evasion skills and speed that looked down upon Mid-stage Condensed Star, it was impossible for all of Senior Lan's attacks to hit him completely.

Senior Lan glanced at Chen Yu, just about to ask, when he noticed Chen Yu heading out.

He and Mu Wanyun immediately followed.

"Chen Yu, you've saved Wanyun again, and I am immensely grateful."

Senior Lan thanked Chen Yu in the tone of a peer.

At this moment, Yu Lei and others arrived and heard this.

Yu Lei's face turned livid with anger.

Chen Yu saved Mu Wanyun again! How many times has this happened? Why not him instead of Chen Yu?

"Chen Yu, did you orchestrate all this? Why does Miss Wanyun repeatedly fall into danger, and you just happen to save her each time?"

"I think you're after the wealth of the Silver Sea Commerce, deliberately getting close to Miss Wanyun, deceiving her to gain her trust!"

Yu Lei suddenly accused.

Not many present objected; this matter was indeed suspicious, and Yu Lei's words weren't without reason.

"Yu Lei, don't talk nonsense."

Mu Wanyun immediately stepped forward.

"Brother Chen Yu is not that kind of person." Stone stood up for him.

Senior Lan also sided with Chen Yu but still suspected Chen Yu's motives.

"Chen Yu, where do you think you're going? Stop and answer my question."

Yu Lei saw Chen Yu heading straight outside, completely ignoring him, and berated him again.

Chen Yu walked out of the Silver Sea Flying Car.

Everyone looked at Chen Yu. Was he admitting it? Trying to escape now?

"Hmph, since you've admitted, I, Yu Lei, will not let you leave easily."

Yu Lei had long wanted to teach Chen Yu a lesson; now finding a reason, he immediately flew out.

But when he flew out of the Silver Sea Flying Car, he froze in mid-air, staring into the distance, terror surging uncontrollably in his eyes.

"Trouble never seems to end."

Chen Yu gazed into the distance, sighed softly.

What's going on with Mu Wanyun? Who is it that wants her dead? Bandits, ambushes, and assassinations, all manner of methods emerge endlessly.

Whoosh whoosh whoosh!

Everyone from the Silver Sea Flying Car rushed out, looking at the three massive ships in the distance, which exuded a strong aura, icy killing intent, all fell silent.

Mu Wanyun looked toward one of the ships. On the stern stood a young man, with silver hair, handsome appearance, bearing a five-point resemblance to her.

"Brother?"

Mu Wanyun was stunned.

That man was indeed her brother but not there to receive her.

Because the two ships with different designs beside him belonged to the evil forces that had ambushed the Silver Sea Flying Car before.

"It seems the 'Instant Night King' failed!"

The silver-haired man shook his head slightly, eyes full of doubt.

With the Instant Night King's skills, he shouldn't have failed under normal circumstances.

Fortunately, he had made full preparations, assembled his forces, and intercepted here, otherwise, Mu Wanyun would have successfully reached the Silver Sea Commerce.

"Young Master Haiyun, why are you targeting Third Miss?"

Senior Lan queried.

"Heh, do I need to say why? Isn't it because my old father, either his mind's gone bad or he's gone stupid, wants to hand over the entire Silver Sea Commerce to this girl."

"I'm just taking back what's mine."

The silver-haired man, Mu Haiyun, looked at Mu Wanyun with disgust and killing intent.

"So that's how it is..."

Chen Yu understood the reason.

But to go after his sister's life just because of this, Mu Haiyun was truly scum.

"You've surprised Second Brother, surviving three crises smoothly, even the Silver Order Assassin Instant Night King failed."

"Bring out the expert behind you, let this Young Master see if he can help you through the fourth crisis."

Mu Haiyun chuckled lightly.

Rumble!

From the three giant ships, a strong, immense aura spread out, powerful willpower surging into the sky, forming a mighty pressure.

Heaven and earth seemed to change color, various lights rolling continuously, as if ancient beasts were roaring and howling.

Under this pressure, the Silver Sea Flying Car creaked and sank over ten feet.

"Six Mid-stage Condensing Stars, fifteen Early-stage Star Condensations... there's even a Late Stage Star Condensation!"

Senior Lan sensed the enemies' strength, his face gradually turning pale.

Mu Haiyun was dead set on killing Mu Wanyun.

"Bring out the expert behind you, to answer this Young Master's question."

Mu Haiyun smirked, eventually couldn't help but burst into laughter.

"You brat, still pretending? You're the one who killed Third, dared to do it, but now don't have the courage to admit it?"

Evil Ghost Second glared at Chen Yu, shouting in anger.

The eyes of both allies and enemies, numerous Condensed Star experts, all focused on Chen Yu, unsure if Chen Yu was that expert.

Whoosh!

Chen Yu slowly floated up, his expression unmoved: "Within ten breaths, all of you get lost."

His words were chillingly cold, seemingly freezing heaven and earth in an instant, leaving the surroundings in dead silence.

Chapter 1258: Massacre All

"Get out of here within ten breaths."

Chen Yu's icy voice seemed to freeze the heavens and earth, leaving the scene in dead silence.

Both the enemies and allies were utterly shocked, especially Mu Haiyun's side, almost bursting into laughter. How arrogant, or perhaps brain-damaged, must Chen Yu be to utter such words?

However, the instant Chen Yu's voice rang out, everyone on Mu Haiyun's side shuddered inexplicably, their bloodlines and souls trembled with an innate fear!

Beside Mu Haiyun, there was a member of the Stone-man Clan, golden all over, like a Golden War God.

This person was the Condensed Star King of the Stone-man Clan, invited by Mu Haiyun, named "Golden Stone King."

The previously indifferent Golden Stone King now felt a sense of fear, looking at Chen Yu with gravity.

"You bastard, what did you say?"

Evil Ghost Second shouted angrily.

He had indeed been intimidated by Chen Yu just now, which was precisely why he felt furious.

"Ignorant brat, I'll skin you and draw your tendons later."

"You ignoramus, what nonsense are you spouting?"

Soon after, one angry shout after another resounded, trying to cover up the fact that they had been intimidated by Chen Yu.

"Nine!"

"Eight!"

Chen Yu ignored the curses and began the countdown.

This scene further enraged Mu Haiyun and his group.

"Have you thought this through, that you want to become our enemy?"

Mu Haiyun's face darkened.

Chen Yu's actions were indeed infuriating yet amusing.

But since previous operations had failed, perhaps due to Chen Yu, it proved the other had some real skill.

Therefore, Mu Haiyun attempted to recruit Chen Yu, saying, "I don't know what conditions my foolish sister offered you, but I'll offer you double. Serve me from now on, how about it?"

"Six!"

"Five!"

Chen Yu's gaze was cold, as if ignoring everything.

Mu Haiyun's expression immediately twisted: "Kill him within five breaths."

"Kill!"

Immediately, many Condensed Star Kings leaped from the three massive ships.

Chen Yu's demeanor had long enraged them, and they wished to tear Chen Yu to pieces right away.

"Chen Yu, run!"

Senior Lan immediately shouted.

Facing such formidable foes, the Silver Sea Commerce team had no power to resist and might be annihilated almost instantly.

Whoosh!

The Silver Sea Flying Car started up, instantly changing direction and emitting a stream of silver light.

Chen Yu glanced slightly, sighed, "It's good that they left."

"Chen Yu, get on quickly, let's go."

Mu Wanyun also shouted.

But Chen Yu remained motionless, and the Silver Sea Flying Car quickly disappeared without a trace.

"Haha, they've all left, only you are left, brat."

"Why don't you just end yourself, haha!"

On Mu Haiyun's side, many Evil Cultivators laughed but did not stop moving.

They needed to kill Chen Yu within five breaths.

And then go after the Silver Sea Flying Car, eradicating Mu Wanyun and the others.

"Since you seek death, I'll fulfill your wish."

Chen Yu didn't bother to keep counting.

His gaze suddenly landed on one Early-stage Star Condensation.

In an instant, the person's body withered rapidly, all their blood and vitality transformed into a stream of blood, surging into Chen Yu's body.

This Condensed Star King turned into a desiccated corpse in the blink of an eye, falling down.

This scene shocked all the other potent figures.

Chen Yu's strength was indeed extraordinary, as he performed such an evil Blood Path Secret Technique, turning a Condensed Star Realm into a withered corpse in an instant.

"Die!"

In the distance, Evil Ghost Second roared and released the bowstring.

Swoosh!

The scarlet arrowlight enveloped in flames, resembling a giant diving Fire Bird, was about to shatter and burn everything.

Seeing this, even Evil Ghost Boss tensed, warily locking onto this arrowlight, fearing a repeat of the last incident.

The arrow shot towards Chen Yu like thunder and was about to hit him.

At this moment, the scarlet arrowlight made eye contact with Chen Yu. .

The next moment.

Boom!

The fiery, violent scarlet arrowlight suddenly trembled and twisted, shattering and dissipating instantly.

A Mid-stage Condensed Star's long-range attack was shattered by just a glance from Chen Yu.

"This..."

Evil Ghost Second's heart thudded violently, in disbelief.

In the previous encounters with Chen Yu, his attacks never hit, and now, facing Chen Yu directly.

But, death had arrived.

"Ah..."

Evil Ghost Second screamed, his body swiftly shriveled, and within a breath, he became a dried corpse.

The brilliant crimson bloodstream then flew into Chen Yu's body.

Chen Yu possessed the Bloodline of the Blood Clan Ancestor, devouring blood could nourish the bloodline and body, even enhance cultivation.

"Courting death."

Evil Ghost Boss's eyes were scarlet.

Evil Ghost Second and Third had been slain by Chen Yu, the Evil Ghost Bandit Group's former glory no longer existed, and he vowed to avenge them.

Boom!

Evil Ghost Boss performed the "Ghost Evil Fist," black and red Evil Qi towering skyward, forming a massive mountain-like fist light, emitting cries of vengeful spirits, smashing towards Chen Yu.

Chen Yu glanced lightly at Evil Ghost Boss and utilized Space Profound Power, instantly shattering the opponent's attack.

Then activated the Blood Essence.

Evil Ghost Boss's face twisted, struggled violently, but within a breath, he too turned into a dried corpse.

The battle had just begun, and Chen Yu was unharmed. The others hadn't even seen him truly make a move.

Yet their side had already lost two Mid-stage Condensed Star, and one Early-stage Star Condensation.

No, three Early-stage Star Condensation.

Just now, two more Early-stage Star Condensation turned into dried corpses.

"Golden Stone King, make your move quickly."

Mu Haiyun saw this scene and shivered in fright, hoping the Golden Stone King would act immediately and kill Chen Yu.

"Young master, I fear I am not his match!"

The Golden Stone King also showed signs of tension.

Even before the fight, the formidable means exhibited by Chen Yu startled him.

"What are you saying? You are a late-stage Condensed Star Realm Stone-man clan powerhouse who even cultivates the 'Indestructible Golden Body', how could you not be his match?"

Mu Haiyun shouted immediately.

At this moment, he was utterly panicked, otherwise, he wouldn't speak to the Golden Stone King in such a tone.

"You are of the Stone-man clan, cultivating the 'Indestructible Golden Body', you should be able to withstand this man, and with so many Condensed Star Realm here, you surely can kill him."

Mu Haiyun continued to shout, commanding the Golden Stone King to act on his orders.

The Golden Stone King let out a low sigh; he had received favors from Mu Haiyun and decided to take the risk.

Even if he couldn't win, he wouldn't die here.

Boom!

The Golden Stone King suddenly flew out, his body emitting a dazzling golden light, instantly enlarging to a hundred yards, emanating a terrifying gravitational force, enveloping the area.

"The Golden Stone King has made his move!"

"As a member of the Stone-man clan, cultivating the 'Indestructible Golden Body', his defense is unmatched among peers, and his power easily shatters mountains and cuts off rivers."

The many frightened and panicked Condensed Star Kings felt slightly reassured seeing the Golden Stone King take action.

"Hah!"

The Golden Stone King shouted loudly and thrust out a palm, from which an ancient, golden massive hand burst forth with horrifying force, sweeping everything away.

Chen Yu's star soul lightly moved, and the Space Profound Power condensed and enveloped the Golden Stone King's palm entirely, swiftly shrinking it, finally causing it to explode and dissipate.

Even the attack of the Golden Stone King was directly annihilated under Chen Yu's Space Profound Power.

"Your Space Profound Power..."

The Golden Stone King's golden eyes widened with intense shock.

In the direct confrontation with Chen Yu, he clearly sensed that his own Gold and Earth Profound Meanings, elemental force, force spirit, and other powers, were utterly vulnerable under Chen Yu's Space Profound Power.

Chen Yu's Space Profound Power had reached a level far beyond his understanding, at least sevenfold, or even eightfold!

This level is typically mastered only by those in the Xuanming Realm, with the minimum being half-step Xuanming.

Next, the Golden Stone King discovered that he was locked by this unfathomable Space Profound Power, and despite his defensive prowess, he couldn't move or break free!

"What kind of master is this?"

The Golden Stone King marveled.

"Even the Golden Stone King is powerless to resist."

"Run, escape!"

Mu Haiyun's massive contingent was instantly engulfed in fear, scattering chaotically in all directions.

"I gave you the chance before; now you shall all die."

Chen Yu's expression was cold.

They were all part of the evil forces or loose cultivators Mu Haiyun had gathered, and Mu Haiyun himself had even murdered his sister for inheritance; all were deserving of their fate.

From within his mysterious heart, the Bloodline of the Blood Clan Ancestor spread.

Buzz boom!

A wave of blood-colored radiance surged from his body, transforming his flesh, skin, eyes, and hair into blood red, resembling a "Blood God," exuding a tyrannical aura of supreme supremacy.

Under the Bloodline of the Blood Clan Ancestor, all living beings were greatly suppressed.

Given their vast disparity from Chen Yu, everyone was immobilized, like fish on a chopping board, ready to be slaughtered.

"Senior, senior, spare me, I was wrong, I didn't recognize greatness."

Mu Haiyun knelt in mid-air, trembling all over.

Chen Yu ignored him, activating the ancestor bloodline, unleashing a formidable suction.

Centered on him, a blood vortex formed over several miles, draining all life force and blood, unable to resist, and was absorbed by Chen Yu.

Within two breaths.

Mu Haiyun and all the other flesh and blood creatures turned into mummies and fell simultaneously.

However, a few Stone-man clan members were among them.

Beside him, the Golden Stone King's face was ashen, speechless from shock, but fortunately, he was of the Stone-man clan; otherwise, he would have been mummified too.

Chen Yu activated the Fire Profound Meaning, and a layer of intense sea of flames instantly spread in all directions.

Within one breath, the spaceship and the mummies all turned to ash, even the Stone-man clan members were incinerated into dust.

"Ah..."

The Golden Stone King screamed miserably, his golden body scorched black, its surface making it nearly impossible to distinguish his race.

"You have an indestructible physique."

Chen Yu glanced slightly at the Golden Stone King, but the opponent's indestructible physique was of a lower stature, with wounds recovering slowly.

"Golden Stone King, right? Are you from the Sky Moon Alliance?"

Chen Yu did not continue to execute.

The Sky Moon Alliance was nearby, not far from here.

"Senior, I am indeed from the Sky Moon Alliance."

The Golden Stone King's consciousness was already blurred, but hearing Chen Yu's words startled him to sobriety.

"I happen to be heading to the Sky Moon Alliance, would you be willing to guide me?"

Chen Yu asked coldly.

"Willing, willing!"

The Golden Stone King was extremely delighted and hastily agreed.

Leading the way for Chen Yu would allow him to survive, and once at the Sky Moon Alliance, where the Stone-man clan forces reside, his life would be secured.

...

The Silver Sea Flying Car fled at top speed.

An hour later, the pursuers had not arrived.

"They still haven't caught up? Could it be they've given up?"

Yu Lei said hesitantly.

Senior Lan shook his head; Mu Haiyun's target was Mu Wanyun, so he wouldn't give up easily.

If Mu Wanyun reached the Sky Moon Alliance, Mu Haiyun would be done for.

Half a day passed, and the Silver Sea Commerce group still hadn't encountered any enemies.

"Could it be that Chen Yu scared off the enemy?"

Mu Wanyun speculated.

"Impossible, Chen Yu was so arrogant, he was definitely killed by Mu Haiyun." Yu Lei affirmed.

Another day passed without any crises, and the Silver Sea Flying Car finally returned.

The group arrived at the place they encountered Mu Haiyun.

"What exactly happened here?"

Senior Lan stood in shock.

The ground in view seemed to have turned into a scorched hell, with flames still burning, and nothing else was visible.

Chapter 1259: Interrogated by the Crowd

Chen Yu left the Silver Sea Commerce, where he had spent over two years, ending a plain and low-key life, and headed to the Sky Moon Alliance with the Golden Stone King.

The main world is filled with powerful clans, and weaker race forces are either destroyed or annexed.

The Sky Moon Alliance manages to exist unscathed because it is surrounded by major clans, which restrain one another, and because the Sky Moon Alliance was established jointly by four races.

The Heavenly Mechanism Clan is one of the major races of the Sky Moon Alliance.

This race is shrouded in mystery, even the super clans of the main world are unwilling to offend it.

"Is the Stone Clan also one of the major races of the Sky Moon Alliance?"

Chen Yu said indifferently.

Golden Stone King's forehead was drenched in cold sweat, and he immediately flattered, "Your excellency is wise and godly, as if seeing everything clearly; you guessed it before I even mentioned it, truly a divine being."

He didn't say it directly before because he was worried that Chen Yu might eliminate him after using him.

The Golden Stone King just wanted to leave himself a way out.

"Once my affairs are settled, I will leave, and you will live."

Chen Yu promised.

The Sky Moon Alliance, as a special neutral force with mixed races, provides a good environment for Chen Yu to conceal his whereabouts and quietly gather information.

Moreover, beside the Sky Moon Alliance is a major race— the Insect Race.

Initially, Chen Yu obtained intelligence from the Black Cloud Emperor that the Qingyun Emperor might have appeared in the Insect Race.

"If you have any orders, I'll climb mountains of swords and plunge into seas of fire to fulfill them."

The Golden Stone King immediately patted his chest in assurance, hoping Chen Yu would finish quickly.

Three months later.

A vast and endless complex of buildings appeared in view, with varied architectural styles. There were majestic skyscrapers reaching the sky, sacred palaces floating mid-air, and uniquely shaped metal structures.

This is the Central City of the Sky Moon Alliance. In truth, Chen Yu and Golden Stone King had already entered the alliance's territory.

Many people of different races were coming and going nearby.

Chen Yu even saw the human race's mortal enemies, but here, when they met, they acted just like ordinary strangers, hardly sparing each other a glance.

"We're here..."

Golden Stone King sighed inwardly.

Returning to the Sky Moon Alliance gave him a slight sense of safety.

Yet, he still dared not make reckless moves.

Based on his observations over these days, Chen Yu was at least at the Half-step Xuanming Realm; enough to kill him in an instant, with no room to resist.

He hoped deep down that Chen Yu would keep his promise.

"I need to conceal my identity, once entering the Sky Moon Alliance, stay in contact with me secretly..."

Chen Yu transmitted to Golden Stone King.

"Understood."

Golden Stone King nodded.

It seems Chen Yu's identity is quite problematic; what sort of holy figure is he?

Sky Moon Alliance's Central City is extremely vast, with four entrances. The entrance Chen Yu arrived at had a queue stretching over several dozen feet.

"Golden Stone King!"

"Late-stage Condensed Star tier Stone Clan expert."

Many around, seeing Golden Stone King, showed respect.

Nobody paid attention to the human male behind Golden Stone King.

"Your excellency, entering the Sky Moon Alliance Central City requires obtaining a 'Sky Moon Token'..."

Golden Stone King transmitted to Chen Yu.

The procedures were quick, and soon it was Chen Yu's turn.

"First time entering the Sky Moon Alliance, a Sky Moon Token costs ten thousand top-grade essence stones. For each month spent here, five thousand top-grade essence stones."

The goat-bearded old man handling the procedures impatiently told Chen Yu.

Chen Yu was momentarily surprised; the price was relatively high, not something even ordinary Sky Sea Realm cultivators could necessarily afford.

"Kid, hurry up, if you don't have the stones, get lost."

At this time, the man with a straw hat behind Chen Yu impatiently shouted.

Chen Yu ignored him, continuing to ponder.

After traveling for over ten years, he was preparing to take a rest here; gathering information couldn't yield instant results, so he decided to stay in the Sky Moon Alliance for a longer duration.

When Chen Yu was about to produce yuan stones for the procedure, he recalled having depleted his supply of top-grade yuan stones over the years.

And top-grade essence stones aren't used by ordinary people, as they inevitably attract attention.

Chen Yu pulled out a storage bag belonging to Mu Haiyun; being the second young master of Silver Sea Commerce, he surely was wealthy.

He directly took out a hundred thousand top-grade essence stones.

Many in line, including the straw-hat man behind Chen Yu, suddenly focused their attention on him.

Not everyone can casually produce a hundred thousand top-grade essence stones, especially since Chen Yu showed no aura of cultivation, appearing young and not as if he had advanced to the Condensed Star Realm.

"A hundred thousand top-grade essence stones..."

The goat beard old man immediately showed a smile.

Despite Chen Yu's youth, producing so many top-grade essence stones hinted at his connection to some major force.

His gaze fell on the character embroidered on Chen Yu's storage bag, the character "Mu".

"Silver Sea Commerce?"

The goat beard old man speculated.

Silver Sea Commerce is considered a regular power within the Sky Moon Alliance, but recent events have spread its name broadly, and he happened to know that the major figures of Silver Sea Commerce all bore the Mu surname.

With the Identity Token, Chen Yu successfully entered the Sky Moon Alliance Central City.

"Such dense Heaven and Earth Primordial Qi, surpassing even the Human Race's Eight Emperor Sects."

Besides that, the safety within the Sky Moon Alliance is relatively assured.

It's truly a high-end trade and transaction place in the main world, a trade center where powerhouses gather.

These factors contribute to the high cost of entering the Sky Moon Alliance.

After entering the Central City, Chen Yu visited a special residential area and rented an ordinary cultivation cave.

Given Chen Yu's cultivation, this place's cultivation environment affected him little, unless it was a top cave specifically for the Xuanming Realm, but that was too eye-catching.

"Use your connections to help me investigate an enemy; his name is Meng Qingyun."

Chen Yu didn't fully trust Golden Stone King, and thus concealed some details.

In this way, even if the information leaked, Chen Yu wouldn't be targeted by Meng Qingyun's enemies.

"Understood,"

Responded the Golden Stone King, then left.

However, Chen Yu's spiritual sense remained locked on him. If the Golden Stone King made any move, Chen Yu could detect it immediately and respond accordingly.

After observing for a day, the Golden Stone King showed no unusual behavior.

Yet, Chen Yu also noticed that the Golden Stone King seemed to have very few connections.

"The Stone Clan is naturally lazy, so he probably never bothered to make connections..."

This could be the reason.

After keeping an eye on the Golden Stone King for a while, Chen Yu felt slightly relieved and focused more time on his cultivation.

His current cultivation and strength were still insufficient.

Otherwise, he wouldn't need to hide his identity and act low-key.

In the internal space of [Heavenly Mysterious Feather], Chen Yu's cultivation time was five times that of an ordinary person's.

His cultivation was getting closer to the peak of Mid Xuanming.

The resources he brought back from Blood God Island were abundant. At least in terms of cultivation, he didn't have to worry about resources.

However, the cultivation of the "Four Symbols Divine Body" required some specific resources, which he still needed to find ways to gather.

Currently, his "Four Symbols Divine Body" had reached the fifth layer—Xuanwu Sea Suppressing Arm.

The Xuanwu Sea Suppressing Arm was heavily defense-oriented and possessed various powerful defensive combat techniques.

With Chen Yu's current cultivation, he could reach the entry-level of "Xuanwu Sea Suppressing Arm" in a month of seclusion.

But the subsequent cultivation wouldn't be that easy.

"It not only requires a vast amount of water-attribute materials but also water-attribute profound meaning crystals..."

What Chen Yu needed were all Emperor-level, and the profound meaning crystals needed to be at least sixth grade or above.

He didn't plan to hand these tasks over to the Golden Stone King, intending to switch identities and gather them himself.

Just at this moment.

A calm and cold voice sounded outside the cave: "Chen Yu, come out quickly for inspection."

Chen Yu was quite curious. He had just arrived here and hadn't committed any crime, so what kind of inspection was this?

Upon stepping outside the cave, Chen Yu saw the Demon Race soldiers, who were the law enforcement team in this place.

"Come with us!"

The leading Tiger Clan strongman, with a dignified demeanor, was at the mid-stage Condensed Star.

"You should at least tell me what I've done wrong, right?"

Chen Yu asked.

If he had no other options, he could only have the Golden Stone King step in to resolve these troubles.

"Silver Sea Commerce's Mu Family, you know them, right?"

The Tiger Clan man coldly said.

"Mu Family?"

Of course, Chen Yu knew them.

Before arriving at the Sky Moon Alliance, he was a member of the Silver Sea Commerce, and lived with Mu Wanyun, Senior Lan, and others for over two years.

He had voluntarily parted ways with Silver Sea Commerce, wanting to end it all.

"However, even if they wanted to see me, it shouldn't disturb the law enforcement team and in this manner..."

Chen Yu's eyes slightly darkened.

Perhaps there was something more to this.

Moments later, Chen Yu followed the law enforcement team to Silver Sea Commerce.

In a solemn grand hall.

The instant Chen Yu appeared there, the gazes of many men and women instantly focused on him.

He didn't recognize any of them.

No, wait, there was one familiar face, the man with the conical hat who had been behind Chen Yu when they entered the Central City.

"Young master, we have brought the person."

The law enforcement team's leader said.

"Well done, you may leave,"

A demon clan man in a brocade robe with sharp eyebrows and fierce eyes waved his hand.

"Chen Yu, someone saw you take out a specially made storage bag from the Mu Family of Silver Sea Commerce, so confess quickly, who exactly did you kill from the Mu Family?"

In a loud voice, the sharp-eyebrowed man shouted at Chen Yu.

At the top of the hall, a middle-aged man from the Wolf Clan with silver-white hair, whose cultivation reached the peak of Mid-stage Condensed Star, and was from the same race as Mu Wanyun, ought to be one of the higher-ups in Silver Sea Commerce.

"Hand over the storage bag."

The silver-haired middle-aged man looked at him with icy eyes like a blade.

"Confess quickly, who did you kill from my Mu Family?"

Another member of Silver Sea Commerce shouted.

"So it's this storage bag."

Without avoiding it, Chen Yu took out Mu Haiyun's storage bag.

However, even if he really did kill Mu Haiyun, it happened outside, and it wasn't under the jurisdiction of the Sky Moon Alliance's law enforcement team.

"Sure enough, it's a specially made storage bag from the Mu Family. You really have guts, daring to kill someone from Silver Sea Commerce."

"With the evidence at hand, we request the 'Vice President' to execute this person."

Angry shouts came from all around.

It turned out the silver-haired middle-aged man was the Vice President of Silver Sea Commerce.

"Ha ha, having a storage bag belonging to a Mu Family member means I killed someone from the Mu Family?"

"Where's Mu Wanyun? I'm a friend of hers, and this storage bag was a gift from her."

Chen Yu said with a light smile.

Mu Wanyun was the daughter of the president of Silver Sea Commerce, and should have arrived here by now. Given her status, these troubles should be easily resolved.

"You know...Mu Wanyun?"

Everyone's face around changed.

Every Silver Sea Commerce member's face darkened slightly, exchanging looks and secret communication.

The man with the sharp eyebrows then frowned and asked rather unfriendly, "You say Wanyun gave you a gift?"

Chapter 1260: President Mu Fu

When Chen Yu mentioned Mu Wanyun's name, the attitude of those present toward him immediately became extremely complex.

Chen Yu faintly sensed that something was amiss. Could it be that Mu Wanyun and the others had not arrived at the Silver Sea Merchant Guild?

Even the cloaked man was slightly surprised, feeling a worry inside.

The cause of the incident was that he had seen Chen Yu outside the Central City of the Sky Moon Alliance, producing a huge amount of Primordial Stones, marked with the emblem of the Mu Family.

If Chen Yu truly had ties with the Mu Family, then he was done for.

"Did Wanyun give this to you?"

A demon race man with sword-like eyebrows and tiger-like eyes suddenly stood up, projecting a massive aura, and questioned Chen Yu again.

"Young Master Feng Hao, do not believe this man's nonsense. The special storage bags of our Mu Family would never be casually given away. Even if Miss Wanyun were to give a gift, it would never be this."

The silver-haired middle-aged "Vice President" spoke calmly.

This sword-eyebrowed man was not an ordinary person. In this Central City of the Sky Moon Alliance, he had significant connections. Otherwise, the Silver Sea Merchant Guild would not have been able to freely command the Law Enforcement Team.

The sword-browed man, "Xiao Fenghao," had once seen Mu Wanyun and fell in love with her at first sight. He was extremely sensitive to matters concerning Mu Wanyun.

After hearing the vice president's words, his anger slightly diminished, and he sat down again, but his tiger-like eyes still stared intensely at Chen Yu.

"Youngster, tell the truth, how exactly did you obtain this storage bag?"

A high-ranking member beside the vice president questioned.

Chen Yu sighed inwardly. Since coming to the Sky Moon Alliance, he had kept a low profile.

He mentioned Mu Wanyun because he didn't want things to escalate and hoped to resolve the matter.

But contrary to his wishes, if the standoff continued, things would escalate anyway.

Within his Star Source of Life, Chen Yu's star soul stirred, and his powerful and profound spiritual sense permeated every inch and crevice of the Silver Sea Merchant Guild.

Yet in the grand hall, the many high-ranking members, including Xiao Fenghao and the vice president, did not detect Chen Yu's spiritual sense and continued to question him.

"Did Mu Wanyun and the others return safely or not..."

Chen Yu's spiritual sense gradually enveloped the entire Silver Sea Merchant Guild.

Finally, he found Mu Wanyun in a secluded courtyard.

But she seemed to be confined there, unable to leave.

Subsequently, Chen Yu's spiritual sense discovered familiar faces underground, with Senior Lan, Stone, and Yu Lei among those imprisoned here.

"Interesting..."

Chen Yu thought to himself, his gaze growing colder.

Originally, Mu Haiyun had gathered a large number of people with the sole intention of eliminating Mu Wanyun and seizing control of the entire Silver Sea Merchant Guild.

It seemed that Mu Haiyun wasn't the only one coveting the Silver Sea Merchant Guild.

The vice president before Chen Yu was probably also eager to take the "Chairman" position.

Otherwise, how could Mu Wanyun and the others receive such treatment upon returning to the Silver Sea Merchant Guild?

"Who is it?"

An elderly and panicked voice suddenly echoed in Chen Yu's mind.

"There is someone within the Silver Sea Merchant Guild who can detect my spiritual sense."

Chen Yu was of the Xuanming Realm, his star soul transformed, surpassing the Condensed Star Realm.

Feeling curious, he instantly focused his spiritual sense.

It was a tranquil cave dwelling within the Silver Sea Merchant Guild. In one of its rooms lay a silver-haired old man, on the brink of death.

"How dare you be so presumptuous, truly thinking the Silver Sea Merchant Guild is unguarded?"

The sickly old man suddenly rose, his face turning solemn, and an intangible aura spread.

He had sensed a powerful spiritual sense recklessly probing the Silver Sea Merchant Guild, not even sparing his own space.

Swoosh!

In the room, Chen Yu's will influenced the heavens and earth, transforming into a blurry figure of white light.

The silver-haired old man gazed at the figure before him, though blurry, which exuded a terrifying aura that intimidated all living creatures, causing his heart to shudder.

"This is the projection technique of Emperor Xuanming... Even though it is just a small projected clone, accomplishing this without a half-step Xuanming Realm cultivation is challenging."

The silver-haired old man thought internally, startled.

He hadn't expected the person probing the Linghai Commerce to possess such formidable cultivation.

"For what reason are you investigating the Silver Sea Merchant Guild, might I ask? I am Mu Fu, and if I've offended you, please forgive me."

The silver-haired old man's attitude changed and he apologetically clasped his fists.

Chen Yu's clone focused on the deep blue crystal pearl in the old man's hand.

"Is it because of this pearl that you detected me?"

Chen Yu inquired.

"Yes."

The old man stared at the deep blue crystal pearl in his hand and clutched it more tightly, fearing Chen Yu might seize it.

"You mentioned you're Mu Fu? The chairman of the Silver Sea Merchant Guild?"

Having followed Mu Wanyun and others for years, Chen Yu had occasionally heard the name Mu Fu, knowing that he was the chairman of the Silver Sea Merchant Guild and Mu Wanyun's father.

As he knew, Mu Fu was severely injured, with his life nearing its end.

"That would be me."

Mu Fu wondered about this mysterious powerhouse's true motives.

"Do you know anything about Mu Wanyun's situation?"

Chen Yu asked coldly.

"What? Wanyun has already arrived?"

Mu Fu's expression was one of shock.

Due to his severe illness, he had entrusted everything to his brother. Mu Fu wasn't even aware that Mu Wanyun had returned.

The answer was clear: Mu Fu's brother intended to claim the Silver Sea Merchant Guild for himself.

"I humbly ask you to rescue Wanyun from her predicament and help her inherit the Silver Sea Merchant Guild successfully."

After learning everything, Mu Fu clasped his fists in a bow: "If this succeeds, I am willing to reveal a significant secret to you."

"Oh?"

Chen Yu wasn't particularly interested in the big secret that Mu Fu mentioned.

Mu Fu indeed deserved his role as a guild leader—truly old and cunning.

Inviting Chen Yu to act, his aim was to find a formidable backer for Mu Wanyun, to intimidate the entire Silver Sea Merchant Guild.

Were Mu Fu to step forward, although he could solve everything, Mu Wanyun, being young and lacking strength, how many would genuinely submit to her? After Mu Fu's demise, could Mu Wanyun handle the situation?

"My lord, this secret pertains to the Xuanming level; I'm sure you would be interested."

Seeing Chen Yu's lack of interest, Mu Fu could only reveal a bit more.

"I agree."

Chen Yu readily accepted.

Even without Mu Fu, he would still help Mu Wanyun and Stone.

Moreover, he had developed a slight interest in the secret that Mu Fu mentioned.

Inside the grand hall.

"You insolent fool, this king is asking you a question. Why are you daydreaming?"

An old woman showed an irritated expression.

Facing the inquiries of the Silver Sea Commerce's high-ranking members, Chen Yu remained motionless, not saying a word, as if nothing concerned him.

"Hmph, dealing with such a stubborn person requires punishment; otherwise, he won't say anything."

Another high-ranking member said, looking as if he intended to take action himself.

At this moment, a guard hurried over outside the hall and saluted, saying, "Vice President, they confessed."

"Speak?"

The Vice President remained calm.

"The murderer of the Second Young Master Haiyun is someone named Chen Yu."

The guard immediately reported.

"Chen Yu?"

The Vice President found the name somewhat familiar.

"Chen Yu... it's you!"

The man with sword-like eyebrows was the first to react.

He had previously used the Law Enforcement Team to find information on Chen Yu.

"He is Chen Yu!"

"The Second Young Master was killed by him?"

Everyone in the hall was shocked, not expecting the murderer of Mu Haiyun to be right in front of them.

"The Mu Family member you killed... was Mu Haiyun!"

This time, the Vice President's expression changed, incredulous.

The Chairman's life was coming to an end, and besides him, the Second Young Master Mu Haiyun coveted that position as well, being his major adversary.

And now, his adversary had actually been killed by someone else.

Logically, he should be happy; with Mu Haiyun dead and Mu Wanyun in his grasp, the Silver Sea Commerce was as good as his.

Yet, he felt an unprecedented solemnity, immediately standing up and yelling, "Hurry, someone come."

According to his information, Mu Haiyun had taken almost all of his forces to ambush Mu Wanyun, but not a single one returned.

To obliterate Mu Haiyun's entire army, Chen Yu would not be simple; perhaps there was an influential figure behind him.

"Someone, capture the murderer of the Second Young Master."

The Vice President ordered.

"Seize him."

Inside the grand hall, the experts gathered, and Chen Yu was instantly surrounded.

An old woman at the peak of Early-stage Star Condensing suddenly attacked, chopping out a silver Wind Blade towards Chen Yu's head.

Facing the old woman's assault, Chen Yu did not move.

Suddenly.

A dazzling golden light rushed in, transforming into a tall golden figure, waving an arm and sending a heavy golden punch.

Bang!

The silver Wind Blade was instantly shattered, turning into powder.

The fierce punch hit the old woman, sending her flying and smashing her into a pulp.

"Golden Stone King!"

The Vice President recognized the newcomer, even more surprised.

His previous fear of Mu Haiyun was mainly due to the Golden Stone King.

But why was Mu Haiyun's strong backer with Chen Yu?

"Golden Stone King, you're actually helping the murderer of Mu Haiyun?"

The Vice President questioned.

Golden Stone King did not speak; he didn't want to help Chen Yu, but he had no choice.

"Golden Stone King, kill him."

Chen Yu's gaze locked onto the Vice President.

He was the leader here; for Mu Wanyun to successfully become the master of the Silver Sea Commerce, this Vice President had to die.

"Yes."

Golden Stone King responded, immediately throwing a punch, the radiant golden light and violent force instantly turning the grand hall into ruins, the punch disturbing all directions, striking towards the Vice President.

The Vice President, at the Peak of Star Condensing Middle Stage, dared not confront the Golden Stone King head-on, forced to defend passively.

He had many confidants at the Condensed Star Realm, who all attacked together at this moment, aiding the Vice President to neutralize Golden Stone King's attack.

"Is the Golden Stone King the backer behind this boy?"

The Vice President calmed down again.

Perhaps it was the Golden Stone King's betrayal that led to Mu Haiyun's miserable defeat; the real murderer of Mu Haiyun should not be Chen Yu but the Golden Stone King.

If it was just one Golden Stone King, he didn't need to fear.

"Golden Stone King, why are you helping this person?"

The sword-browed man, Xiao Fenghao, shouted.

"Young Master Feng Hao?"

The Golden Stone King recognized the other party but found himself unable to explain.

To outsiders, it seemed like he was simply helping Chen Yu.

But in reality, his life was in Chen Yu's hands; if Chen Yu personally took action, no one here would survive.

"Young Master Feng Hao, I advise you to distance yourself from the Silver Sea Commerce; otherwise, face the consequences."

The Golden Stone King advised.

"What did you say?"

Xiao Fenghao was somewhat angry that the Golden Stone King dared to speak to him this way.

He had fallen in love with Mu Wanyun at first sight; how could he thus distance himself from the Silver Sea Commerce?

"Young Master Feng Xiao, please help me capture this murderer."

The Vice President called out.

"Now that the Silver Sea Commerce is facing a crisis, if I kill Chen Yu, solving the Commerce's troubles, Mu Wanyun will be immensely grateful."

Xiao Fenghao thought to himself.
