Chapter 571: Four Jade Soul Bead

In the Soul Nourishing Hall, a battle between two groups was about to erupt.

The man in black, also known as Senior Brother Wang and Lin Xiaofang's avenger, was motivated firstly by revenge for Lin Xiaofang and secondly by coveting the "treasured artifact" in the hands of the ferocious man.

Furthermore, Chen Yu also possessed several precious materials in his possession; he could not let Chen Yu leave just like that.

Therefore, keeping Chen Yu here to deal with the ferocious man and resolving Chen Yu's case after their enemies had been eliminated would not be too late.

The ferocious man from the Sky Wolf Realm, "Yan Gao," however, had no patience for idle talk and decided to massacre these people.

The ruling power of the Sky Wolf Realm was known as the Sky Wolf Hall, where Yan Gao was an Inner Sect Disciple, equivalent to the Golden Emblem Holy Guard of the Kunyun Sacred Land.

Moreover, he was the foremost among the Inner Sect Disciples!

In the Sky Wolf Hall, aside from the True Disciples, other disciples steered clear of him out of fear.

"Ye Luo Palm!"

Yan Gao executed an advanced combat technique; his palm strikes increased in speed and became even more profound and unstoppable.

It turned out that facing Lin Xiaofang and Chen Yu, who was at the Peak of the Middle Stage of the Guiyuan Realm, Yan Gao had not yet employed his full strength.

Senior Brother Wang wielded a copper mace, which emitted a golden light shadow as he swung it.

Boom!

The black, overpowering palm aura was irresistible, tearing everything apart.

During the clash, Senior Brother Wang and his two companions were immediately repelled by Yan Gao and the tall woman.

Naturally, this was under the condition that Chen Yu was not fighting with all his might.

"Is this person's strength really so formidable?"

Senior Brother Wang thought to himself in surprise.

Kunyun Realm, Chi Hong Realm, and Sky Wolf Realm rarely interacted on normal days, practically never, hence there was a lack of information about each other.

Had Senior Brother Wang known the precise details about Yan Gao, he wouldn't have so boldly initiated combat with him.

At that moment, Lin Xiaofang, who had been knocked unconscious, was startled awake by the battle raging in the Soul Nourishing Hall and regained a trace of consciousness.

"Senior Brother Wang, avenge me."

The moment she saw Senior Brother Wang, she squeezed these few words out through her clenched teeth.

Lin Xiaofang guessed that had Senior Brother Wang not arrived in time, she might have already been killed by Yan Gao, hence her hatred towards Yan Gao was intense.

Seeing his beloved speak such words, Senior Brother Wang naturally could not back down.

"Take down these two."

Senior Brother Wang immediately commanded, his copper mace radiating a dazzling light.

With one sweep, a massive golden light shadow swept downwards, striking at the tall woman.

This woman's strength was relatively weaker; if they could defeat her, their chances of victory would be much greater.

Thus, he left Yan Gao to Chen Yu and the middle-aged man with short hair to handle.

From this, it was clear that Senior Brother Wang intended to put Chen Yu in danger, obviously harboring no good intentions.

However, this was exactly what Chen Yu needed; soon, he would pretend to be overpowered and then seize the opportunity to escape.

But Yan Gao, unconcerned, decided to first kill Chen Yu and the middle-aged man with short hair.

"Brother, be careful, this man is too strong."

The middle-aged man with short hair warned Chen Yu, but in fact, he had colluded with Senior Brother Wang, constantly giving way and dodging, forcing Chen Yu to take the lead.

Boom!

Chen Yu deliberately allowed Yan Gao's attack to hit him, then he flew backwards.

In fact, Yan Gao's attack had only caused Chen Yu light injuries, which healed in an instant.

To make it appear realistic, Chen Yu was forced to harm himself, drawing a mouthful of fresh blood and spitting it out.

The middle-aged man with short hair didn't expect Chen Yu to be so careless, and seeing him severely injured by Yan Gao's attack, felt his pressure greatly increase and kept retreating.

Meanwhile, although Senior Brother Wang was suppressing the tall woman, it was still difficult to severely injure her in a short amount of time.

"We can retreat now."

Chen Yu's expression subtly changed.

Although Senior Brother Wang and Yan Gao were still keeping an eye on him, their main focus was on the battle.

However, just as Chen Yu was about to act,

Roar!

A howl, as if from Hell itself, echoed, carrying with it a wave of angry Evil Qi, making the entire Soul Nourishing Hall tremble.

In the next moment, a wave of Evil Qi and cold wind swept in, within which a dark shadow emerged.

"You... all must die..." the shadow issued a chilling, eerie voice.

This shadow, closely resembling a normal human, had a pale complexion and blood-red eyes, floating in the void and emitting an immensely strong, cold, and evil aura.

"A ghost this powerful."

Chen Yu observed intently.

The ghost felt even more powerful than Yan Gao.

But in an instant, Chen Yu's gaze landed on a string of beads in the ghost's hand.

The string held four beads, each of different colors, emitting a faint ghostly light.

Due to the ghost's tattered black clothes, the beads were particularly conspicuous.

Chen Yu's Spiritual Sense scanned them, and sensing a powerful force within, was instantly repelled, shaking his mind.

Clearly, this was no ordinary treasure.

"Four Jade Soul Bead!"

It was Yan Gao who exclaimed the name of the beads, his eyes blazing with madness.

Previously, he didn't show this expression even when he saw the Cold Soul Stone, Ghost Grass, or Moisturizing Yin Flower.

Seeing Yan Gao's reaction, Senior Brother Wang also understood that the item the ghost was holding was definitely a treasure.

Boom!

Before anyone could react, the ghost lunged at the prone Lin Xiaofang.

"No..."

Lin Xiaofang was healing her wounds, utterly unprepared for the ghost to strike at her.

Hiss!

The ghost's nails, three inches long, struck fiercely, and five dark ghost claws swept past, leaving five trench-like slashes on Lin Xiaofang's body.

Lin Xiaofang, powerless to resist, died instantly.

Chen Yu recoiled the moment he witnessed the scene.

"No... Xiao Fang..."

Senior Brother Wang was stunned and let out a cry, but it was useless.

Swoosh!

After killing Lin Xiaofang, the Evil Ghost rushed towards Yan Gao and Senior Brother Wang, among others.

It launched its claws together, and dozens of dark claw marks spread forward like a black iron net.

Ding ding pong!

Yan Gao, Senior Brother Wang, and two others reacted simultaneously, neutralizing the attack.

However, at that moment, another seven or eight Evil Ghosts arrived, seemingly attracted by the formidable one. They looked at the beaded Evil Ghost with a mixture of fear and respect.

In an instant, the entire Soul Nourishing Hall became dark and eerie, filled with a chilling Evil Qi soaring into the sky.

"Everyone, how about we cease fire for the time being?"

The tall woman took the initiative to speak.

Relying solely on him and Yan Gao, they couldn't handle the present foes.

"Humph, don't even think about it!" Senior Brother Wang, in a fit of rage, immediately refused.

"Hehe, your beloved was killed by him. Don't you want to join us and take down this Evil Ghost for revenge?"

The tall woman chuckled and added, "Besides, the 'Four Jade Soul Bead' in this Evil Ghost's hand is a Soul Path Spiritual Artifact, at least of medium grade!"

Soul Path Spiritual Artifacts were precious, and the Four Jade Soul Bead was no exception.

The two from Tianhong Realm were instantly tempted, and even Chen Yu, who was on the verge of retreating, stayed put.

Being naturally weaker in soul strength, obtaining the Four Jade Soul Bead would be best for him.

"Fine, I am determined to slay this ghost for Xiao Fang's sake."

Senior Brother Wang seemed to heed the tall woman's advice, though it was for his own benefit.

"Kill... kill them all..."

"You all deserve to die!"

The Evil Ghosts roared fiercely, attacking everyone.

"Long Hair Man, you and I will handle this Evil Ghost. You three, go and kill the rest."

Senior Brother Wang took the lead.

Long Hair Man?

Yan Gao twitched at the nickname but didn't fuss over it since he needed to cooperate with the people from Chi Hong Realm to slay the ghost and seize the Four Jade Soul Bead.

Chen Yu, without saying much, rejoined the fray alongside the tall woman and the middle-aged man with short hair to fight the other ghosts.

Obviously, Chen Yu still pretended to be severely injured, showing much weaker combat strength.

His motive was to keep the others from focusing on him, given that Chi Hong Realm and Sky Wolf Realm both had two representatives and he was alone. Snatching the Four Jade Soul Bead would still be difficult.

Boom pong!

The Soul Nourishing Hall was filled with explosions.

Yan Gao and the man in black fought together against the strongest ghost, yet they held no advantage.

The ghost was better at psychic attacks, slapping its claws together and sending numerous white ghost fires towards them.

Senior Brother Wang happened to know a psychic secret technique and formed a psychic shield over his soul by focusing his spiritual power.

Yan Gao, despite his high cultivation and strength, lacked such skills and could only dodge or brace himself.

"This guy is tough!"

Senior Brother Wang furrowed his brow.

Dealing with the ghost, methods such as lightning or the most rigid yang techniques could suppress it, but neither he nor Yan Gao possessed such skills.

As for psychic methods, they were the ghost's strength and couldn't be exploited.

Meanwhile, on the other side, Chen Yu, the middle-aged man with short hair, and the tall woman, dealt with their foes more effortlessly and safely.

"You guys, quickly finish off the other ghosts," Senior Brother Wang shouted.

The tall woman, also receiving signals from Yan Gao, showed stronger combat ability than before.

"That won't do."

Chen Yu thought inwardly.

The duos from Chi Hong Realm and Sky Wolf Realm were strong, especially Yan Gao from Sky Wolf Realm, who even Chen Yu found tough to handle.

They had to be further weakened before Chen Yu had a chance.

Consequently, within his "injuries," Chen Yu's combat strength diminished further as another ghost wounded him.

He immediately dodged and moved next to the short-haired middle-aged man, saying, "Save me."

Seeing Chen Yu lead two ghosts towards him, the middle-aged man's expression changed drastically, preparing to curse Chen Yu. However, they had just mentioned that Chen Yu was Lin Xiaofang's teammate, making him their ally.

If he cursed and Chen Yu ran away with the precious materials he had gained, it would be problematic.

"Damn it!"

The middle-aged man clenched his teeth in silence.

He quickly fell into a disadvantage and even sustained injuries from the ghost.

He immediately slapped his pet bag, releasing a black tiger Spirit Pet covered in diamond iron skin, possessing the strength at the Peak of Middle Stage Guiyuan Realm.

This was his trump card, which he hadn't expected to use so early during the journey to the Blood Star Realm.

With the black tiger joining the fight, the pressure on the middle-aged man eased somewhat.

"Thanks!"

Chen Yu smiled and, bearing his wounds, plunged back into the fight alongside the black tiger.

However, it wasn't long before the middle-aged man heard the angry roar of the black tiger.

It turned out that, while working together, Chen Yu often interfered with and affected the black tiger, making it hard for the tiger to exert full strength and even sometimes having to shield Chen Yu.

Naturally, the black tiger was furious but couldn't speak human language and had to swallow its grievances.

On the other side.

The strongest ghost unleashed a soul shockwave from its body, swirling around and pushing Senior Brother Wang and Yan Gao back.

Simultaneously, the ghost opened its mouth to howl, emitting a wailing roar carrying a vast wave of chilling Evil Qi, creating a tempest.

Senior Brother Wang and Yan Gao looked rather distressed, their psychic consciousness slightly damaged.

"Why aren't you guys quick enough!" Senior Brother Wang couldn't help but shout loudly.

Chapter 572: Snatching Food from the Tiger's Mouth

"You all need to hurry up!"

Senior Brother Wang couldn't help but shout loudly.

If this continued, both he and Yan Gao's injuries would turn more severe, and attempting to kill this powerful Evil Ghost would undoubtedly require much more effort.

"Senior Brother Wang, understood."

The short-haired middle-aged man acknowledged, but his strength was similar to Lin Xiaofang's, and even if he fully burst forth, he could hardly influence the overall situation.

The tall woman entangled with the Evil Ghost looked at Chen Yu with a face full of disdain, "Are all those from Kunyun Realm just this trash?"

As for the strongest Evil Ghost, it seemed to understand what Senior Brother Wang said, as its eyes swiveled around.

"Never think about it!"

In the end, the Evil Ghost spoke out hoarsely as it swung its arms up.

Instantly, within this ruined site, both Yin Qi and Evil Qi surged and at the arms of the Evil Ghost, they condensed into a dark black light sphere.

With a smash of its palm, the dark black light sphere burst out.

Boom!

Seeing this, Yan Gao launched a claw strike that landed on the dark black light sphere.

However, he hadn't expected that the moment his attack landed on it, the dark black light sphere exploded, creating a storm of Yin Evil, sweeping in every direction.

"Not good!"

Yan Gao retreated repeatedly; nevertheless, his body was invaded by the Yin Qi, and his spiritual consciousness suffered a bout of torment.

Moreover, since he was close to the explosion range of the dark black light sphere, the damage he received was the greatest.

Not only that, the Yin Evil storm swept across the entire Soul Nourishing Hall, affecting the short-haired middle-aged man, the tall woman, and Chen Yu.

The tall woman and short-haired middle-aged man hadn't expected Yan Gao and Senior Brother Wang to fail in stopping that most powerful Evil Ghost, so they were caught off guard by this move.

As for the Evil Ghost, it seemed completely unaffected by this move and immediately launched a frenzied counterattack.

Chen Yu took the opportunity to pretend to be severely injured, his body falling to the side, looking like he was barely hanging on.

"Maybe we should retreat."

Chen Yu showed a look of fear.

Yan Gao and Senior Brother Wang gave Chen Yu a cold glance, obviously having no intention to retreat and blamed Chen Yu for uttering demoralizing words.

The enemy wasn't so strong that they couldn't handle; they believed they had a good chance of winning, and they had already been fighting for a while now—how could they think of retreating?

At the same time, they couldn't let Chen Yu, who was timid and fearful, escape, because he had taken away some precious materials at the center of the Soul Nourishing Hall.

"My friend, no need to worry, by joining hands, we'll definitely eradicate these Evil Ghosts; it's just a matter of time,"

Senior Brother Wang persuaded.

His moment of distraction allowed the Evil Ghost to take advantage and gain the upper hand, launching successive attacks with fierce ferocity.

"Mmm, I'll listen to you."

Chen Yu stopped causing trouble, lest these people grow suspicious of him.

But he still pretended to be severely injured and consequently didn't exert much effort thereafter.

After a long delay, the short-haired middle-aged man and the tall woman finally managed to deal with the remaining Evil Ghosts.

At this moment, both Yan Gao and Senior Brother Wang had more wear and tear on their robes, and their mental states were not good, clearly having sustained injuries to their mind and spirit.

"Let's go together, kill this Evil Ghost."

Senior Brother Wang shouted.

Yan Gao's eyes also revealed a ferocious light; he and Senior Brother Wang had struggled to kill this Evil Ghost and had accumulated quite a bit of resentment. At this moment, his aura surged, swirling out a dark and fierce palm light.

"Heavenly Element Mace Technique!"

Senior Brother Wang also pulled out his skills, displaying advanced battle techniques and sweeping glows of golden light everywhere.

Faced with the attack of five people, although the Evil Ghost was strong, it was hard to match the multitude of hands and fell into a disadvantage.

Yet, this Evil Ghost was extremely temperamental and fiercely brutal, several times launching ferocious counterattacks that forced everyone to continually retreat.

After several instances, it became increasingly weak and gradually unsustainable.

"Watch those two; we absolutely can't let them snatch this treasure!"

Senior Brother Wang secretly sent a message to the short-haired middle-aged man.

So many people were surrounding and killing this Evil Ghost, but the Four Jade Soul Bead was only one piece—inevitably, one side would end up without a gain.

Meanwhile, Yan Gao and the tall woman weren't giving their all anymore, their gazes occasionally flickering towards Senior Brother Wang.

At this moment, both teams had ignored Chen Yu, who was timid and scared.

Until a certain moment.

"Die!"

In Senior Brother Wang's hand, the bronze mace erupted into a sharp golden light that pierced through the body of the Evil Ghost as the Spiritual Artifact struggled and screamed.

Bang crash!

Yan Gao soared into the air, his claw striking down and smashing the head of the Evil Ghost.

At the same time, he stretched out his other hand and violently grasped it, a force of True Essence Power descending on the Four Jade Soul Bead, upturning it from the Evil Ghost's limb.

"Don't think about it!"

The short-haired middle-aged man immediately struck a palm, shattering Yan Gao's True Essence Power.

"The Four Jade Soul Bead is ours."

The tall woman leapt forward, attempting to snatch it.

"Get lost!"

Senior Brother Wang roared, swinging a mace light that repelled her.

For a time, all four struck, driving each other back, leaving no one victorious.

"He hid his true power!"

The short-haired middle-aged man widened his eyes in astonishment when he witnessed this and immediately realized what had happened.

However, even if Chen Yu had deliberately concealed his power before, could he really be this strong, so easily fending off the attacks from both him and the tall woman?

Whoosh!

Before the others could dwell on it, Chen Yu transformed into a shadow and dashed away.

"Damn it, you dare to snatch my things twice!"

Yan Gao snorted angrily, a vein throbbing on his forehead.

In his mind, treasures like the Four Jade Soul Beads and Ghost Grass were his.

But now, these items were in Chen Yu's hands, how could he not be furious?

Boom!

Dark True Essence surged around Yan Gao; he, too, transformed into a black shadow, leaping forward to chase after Chen Yu.

Among the four people present, his cultivation was the highest, and his speed was the fastest.

"What incredible speed."

Chen Yu sensed Yan Gao closing in rapidly.

"Die!"

Murder filled Yan Gao's eyes as he swung a massive bear claw shadow that swept across and pulverized the nearby buildings.

Thump thump! Thump thump thump!

Chen Yu's heart surged, doubling his speed and power as he thrust forward fiercely with the Demon Flood Dragon Sword.

Bang!

Chen Yu's sword, clashing with Yan Gao's claw shadow, immediately caused an explosive booming sound, characteristic of the Demon Flood Dragon Sword's explosive property.

The next moment, the explosive force of Chen Yu's sword not only destroyed Yan Gao's claw shadow but also continued towards him.

"How... how is this possible?"

Yan Gao was greatly shocked; his attack was broken by a youngster at the peak of the Middle Stage of Guiyuan Realm!

The other three were also stunned.

Before, Chen Yu's displayed strength was quite ordinary, and he was severely injured, acting timid and afraid.

But now, with a single strike, Chen Yu had driven back Yan Gao; the difference was so vast that they thought he was a different person.

Of course, Yan Gao was injured and not at his peak condition at this moment.

Whoosh!

Using the repelling force of his strike, combined with his heart's explosive state, Chen Yu sped away incredibly fast, instantly escaping from the ruins.

Boom!

With a swing of his sword, Chen Yu sealed the entrance, then took out a black remnant wing to enhance his speed.

To his left was a plain, to his right a forest; Chen Yu naturally headed to the right, into the forest, where it would be much harder for his pursuers to find him.

Boom!

Suddenly, an explosion echoed from the ruins, and four figures burst forth.

"There!"

Yan Gao, deducing that Chen Yu had gone to the right, gave chase.

As the number one Inner Sect Disciple of the Sky Wolf Hall, he must kill Chen Yu, otherwise, he feared inner demons would plague his mind.

The tall woman had no choice but to follow Yan Gao.

"Senior Brother Wang, what should we do?"

The short-haired middle-aged man inquired.

He found it hard to imagine; they, along with people from Sky Wolf Realm, were fighting fiercely, yet Chen Yu came out on top.

That little guy's facade was really deep; the short-haired man hadn't seen through him at all.

"Hmph, it's just a Soul Path Spiritual Artifact, not worth wasting too much time on. This Blood Star Realm has never been explored completely; there are many treasures yet to be found, including that legendary treasure 'Blood Star Holy Pill'."

Senior Brother Wang snorted coldly, realizing the chances of killing Chen Yu were slim.

However, if he had known the true value of the Four Jade Soul Bead, perhaps his decision would have been different at the moment.

...

Having entered the forest and flown for a while, Chen Yu put away the black remnant wings and moved carefully, leaving fewer traces unless Yan Gao was skilled at tracking, the chances of catching up to Chen Yu were slim.

An hour later, Chen Yu darted into a tree hollow.

"Four Jade Soul Beads!"

Chen Yu took out the treasure he had risked so much to obtain.

Yan Gao, being the top disciple in the Inner Sect of Sky Wolf Hall and naturally cold and murderous, wouldn't be so agitated for ordinary treasures.

The soul imprint within the Four Jade Soul Beads had already vanished, rendering them an ownerless item, and Chen Yu immediately began to refine it. Yet, it took him a day and a half to completely refine this Soul Path Spiritual Artifact.

"Mid-grade top-level Spiritual Artifact!"

Chen Yu felt a surge of joy in his heart.

Soul Path Spiritual Artifacts were already precious, and this item's value surpassed that of the Demon Flood Dragon Sword he owned.

Back then, when Chen Yu created the Demon Flood Dragon Sword, enhancing its grade, countless precious materials and Primordial Stones were used.

At this moment, the Demon Flood Dragon Sword was outclassed by this single Soul Path Spiritual Artifact.

The grade of a Spiritual Artifact was one aspect; another was its properties.

Chen Yu immediately examined it.

Buzz!

Spiritual power flowed into it, eliciting tri-colored glows that formed a protective circle enclosing him.

It was a Soul Path Defense Spiritual Artifact.

"The properties of this Spiritual Artifact... are so peculiar!"

Chen Yu was quite surprised.

The properties of the Four Jade Soul Bead greatly enhanced soul defense techniques; Chen Yu estimated that even a soul attack from someone at the Half-step Sky Sea level could be blocked.

However, should the protection break, the Spiritual Artifact itself would be damaged.

There were four jade stones on the Four Jade Soul Bead, three of which were vibrant and bright, while one was dull and even cracked.

Clearly, this Spiritual Artifact had been used before.

But this was sufficient. With the Four Jade Soul Bead, Chen Yu needn't worry much about his soul's weaknesses; even soul attacks from someone at the Half-step Sky Sea level might not harm him.

Such a powerful Soul Path Spiritual Artifact was probably a sect-defending Spiritual Artifact of that sect.

Chapter 573: Yun Fei'er Injured

In addition to that, wearing the "Four Jade Soul Beads" on one's person could constantly nourish the soul.

It might be for this reason that among the many Ghost Evils in the ruins, the one wearing this Spiritual Artifact was the strongest.

After familiarizing himself with the Spiritual Artifact, Chen Yu took out three other items: the Cold Soul Stone, Ghost Grass, and Moisturizing Yin Flower.

The Cold Soul Stone had the effect of cleansing the soul, the Ghost Grass could strengthen the soul and enhance spiritual power, and the Moisturizing Yin Flower was capable of healing the soul's injuries.

With such a mystical item as the Moon Spirit Ore Mother in possession, which possessed the effects of both the Cold Soul Stone and Moisturizing Yin Flower, it was the Ghost Grass that was of great use to Chen Yu.

Without delay, Chen Yu took out the Ghost Grass and swallowed it down.

At the same time, he took out the Moon Spirit Ore Mother to purify his heart, and combined it with the practice of Heavenly Heart Refining.

Chen Yu immediately felt a refreshing coolness wash over his spiritual consciousness.

After a day had passed,

Chen Yu felt that his soul had grown stronger and his spiritual power had increased somewhat.

The Ghost Grass was a medicine related to the soul level, and the mysterious heart seemed to have no promoting effect on it.

Thus, to this day, the medicinal effect of the Ghost Grass had not been completely absorbed and refined.

"It's been two and a half days; that long-haired man probably can't find this place anymore,"

Chen Yu thought to himself.

For now, the trouble with Yan Gao had been temporarily evaded.

In reality, with Chen Yu's current strength, he did not have much confidence in facing Yan Gao.

Yan Gao, as the top Inner Sect Disciple of the Sky Wolf Hall, was far stronger than the Gatekeeper of the sixth level in Sky Sea Mountain.

Chen Yu defeated the Gatekeeper of the sixth level only with much difficulty, through a joint effort with the Red Flame King, attacking from both sides.

And Yan Gao was even stronger than the Gatekeeper of the sixth level!

"What to do next... head to the Sky-reaching Sect?"

Chen Yu pondered the itinerary ahead.

From the books in that dilapidated sect, Chen Yu learned that the Sky-reaching Sect was the number one force in the Blood Star Realm.

After seizing control of this world, the Alchemy Master possibly resided at the Sky-reaching Sect, so the treasure referred to by the Saint Master was very likely to be there.

Chen Yu initially did not take this matter to heart since he was well aware, with his current capabilities, that it was nearly impossible for him to contest for that treasure.

Coming across this information by chance made Chen Yu somewhat conflicted.

Just then, Chen Yu's Spiritual Sense detected someone's presence nearby.

Chen Yu immediately withdrew his Spiritual Sense to avoid detection, but his gaze looked out through the cave entrance to scout the situation.

However, as soon as his gaze ventured outside, he spotted two women flying swiftly towards him.

This scene greatly surprised Chen Yu—had they discovered him?

"Ah..."

One of the women dressed in blue, just about to enter the tree hole, suddenly noticed a person emerging from within, and couldn't help but scream in shock, as her jade sword was already swung out.

Clang!

The woman's sword strike hit Chen Yu.

Chen Yu stood immovable as a mountain, and the sword light automatically dissipated.

"Chen Yu!"

The woman in blue recognized Chen Yu's face and showed a hint of joy.

Chen Yu did not speak; the woman before him was one of the thirty Silver Emblem Holy Guards from the Kunyun Sacred Land. He remembered her but did not know her.

From the surprise on her face when she saw him, it was clear that she too did not know there was someone in the tree hole.

The person by the blue-dressed woman's side, however, made Chen Yu's eyes light up; it was Yun Fei'er.

Nevertheless, Yun Fei'er currently looked pale and spiritless, appearing very weak.

"I'm sorry, Chen Yu, I didn't know it was you,"

The woman in blue immediately apologized.

She ranked in the middle among the thirty Silver Emblem Holy Guards, while Chen Yu was the first among the Silver Emblem Holy Guards, having overcome the fifth level of Sky Sea Mountain with the cultivation at the peak of the Middle Stage of Guiyuan Realm.

"Chen Yu?"

When Yun Fei'er saw Chen Yu, she smiled faintly. Though her complexion was pale, the smile remained beautiful and even more pitiable.

"What happened?"

Chen Yu inquired.

"We're being hunted by people from the Sky Wolf Realm,"

The woman in blue replied.

She and Yun Fei'er were on the run from their pursuers and found this tree hole to be a suitable hiding place, so they planned to hide inside, only to discover that the tree hole was already occupied.

"Three people."

Chen Yu muttered to himself.

"How do you know three people are after us?"

The woman in blue asked instinctively.

Chen Yu did not reply because he had already sensed the approach of three people.

"Yo? It seems you've found yourself a companion."

A mocking and grating voice came through.

Soon, three figures, two men and one woman, appeared not too far off.

"It's just too bad for you that your luck is poor, meeting such a weak companion. Instead, you've brought him trouble, now he'll share your fate."

One of the figures, a woman in yellow attire with a delicate oval face and a frail figure, sneered.

"We're doomed,"

The woman in blue's face filled with despair, not expecting the enemy to catch up while chatting with Chen Yu.

She was frustrated and unwilling. If she had not encountered Chen Yu, she and Yun Fei'er would have already been safely hiding in the tree hole, possibly able to avoid these people.

Or, if they had met not Chen Yu, but another powerful Golden Emblem Holy Guard or Law Enforcement Holy Guard, they would have been rescued.

On the contrary, Yun Fei'er had a light smile hanging on her lips, seemingly relaxed, and with a teasing tone said, "Chen Yu, you can't just stand by and watch us die, can you?"

"Ha-ha, foolish dreams. You're all going to die."

The yellow-clad woman from the Sky Wolf Realm let out a loud laugh, her voice ice-cold.

"Senior Sister Yang, can we leave those two women alive, for us to deal with..."

A man beside "Senior Sister Yang," the yellow-clad woman, hunched over with a lewd face, immediately said with a smile.

"Yes, yes!"

Another man, shirtless, showed off his solid muscles and tattoos.

The two of them pursued the women from the Kunyun Realm, especially Yun Fei'er, who sparked their lascivious desires with just one glance, leaving them unable to contain their lust.

"Fine, if you don't humiliate those two properly, don't bother coming back to see me."

Senior Sister Yang looked at the two men with scorn, then said coldly.

Chen Yu scrutinized the three from the Sky Wolf Realm carefully, knowing from their conversation that Senior Sister Yang was the strongest. However, she wasn't overwhelmingly powerful, she seemed to be slightly weaker than Yan Gao.

The other two didn't look particularly threatening, not much to worry about.

Whoosh—

Suddenly, the three from the Sky Wolf Realm launched their attack.

Senior Sister Yang brandished a silver whip, sweeping it fiercely, the whip's shadow moved with extreme speed, too fast to react, reaching Yun Fei'er's left side.

Ding!

Yun Fei'er immediately drew a red jade sword to strike against the whip's shadow, her figure involuntarily stepping back two strides.

"Injured by Brother Lv, yet still able to fight me, your strength is indeed formidable. But today, you will not escape death!"

The yellow-clad woman sneered continuously, her long whip swinging even faster, creating trails of silver light in the void that flashed by, cutting down several towering trees around them, leaving cuts as smooth as mirrors.

Yun Fei'er fought strenuously, desperately holding on, placing her hopes on Chen Yu.

If she hadn't met Chen Yu, she might have already given up.

But she had personally witnessed Chen Yu clearing the sixth challenge of Sky Sea Mountain, so she knew she could be rescued this time.

Only, the blue-clad woman with Yun Fei'er looked completely panicked and afraid.

Her opponent was the hunched-backed man, though evenly matched in strength, it was the hunched-backed man who had the upper hand.

"Boy, you're really unlucky, crossing paths with us. Resign yourself to death!"

The bare-chested man swung his Meteor Hammer.

Suddenly.

A flash of black light, and a black ball conjured a fierce wind, slamming towards Chen Yu's head.

Chen Yu remained calm and collected, activating his Secret Pattern Demon Body, his body radiating black light.

Bang!

As the black ball landed, Chen Yu quickly extended his palm, unbelievably blocking the bare-chested man's Meteor Hammer.

"How... how is this possible?"

The bare-chested man was dumbfounded, a Peak of Middle Stage Guiyuan Realm, actually blocking his Meteor Hammer with bare hands.

More astonishing to him was when he tried to retrieve his hammer forcefully, it was firmly grasped by Chen Yu and couldn't be pulled back!

"You want to take it back?"

Chen Yu clutched the Meteor Hammer, yanking fiercely.

The bare-chested man's body immediately leaned forward, his expression showing panic, as he tugged with all his might.

At this moment, the two were like in a tug-of-war, but how could the bare-chested man's strength compare to Chen Yu, as his body kept shifting towards Chen Yu.

"Get lost!"

The bare-chested man slapped fiercely with his other hand, the palm strike aiming directly at Chen Yu's chest.

Bang!

The palm strike shattered, Chen Yu remained standing in place, unmoved.

The bare-chested man's strength was just a bit stronger than the hunched-backed man's; within the holy land, he would rank around tenth among the Silver Emblem Holy Guards.

Before breaking through to the Peak of the Middle Stage Guiyuan Realm, Chen Yu had been the foremost among the Silver Emblem Holy Guards, his strength increasing even further after the breakthrough, capable of defeating average Golden Emblem Holy Guards without the Red Flame King's assistance.

How could the bare-chested man's attack harm Chen Yu.

"You... you monster..."

This time the bare-chested man cried out in alarm.

Chen Yu possessed immense strength, his defensive power solid as a fortress.

He began to suspect whether Chen Yu was actually at the Peak of Middle Stage Guiyuan Realm, or perhaps hiding his true cultivation, playing the fool to catch the wise.

Boom!

At that moment, Chen Yu swung his sword, a vast black sword light sweeping forth, the sword's force formidable as it howled through the air.

The bare-chested man's weapon was firmly controlled by Chen Yu, forcing him to let go and dodge.

Chen Yu casually collected his opponent's weapon into the Smoke-spitting Pearl and charged again.

Without his weapon, the bare-chested man was utterly defenseless.

Chen Yu struck three consecutive swords, the bare-chested man blocked the first, but the following two wounded him, leaving two one-inch deep cuts on his body.

"Save... save me, Senior Sister Yang."

The bare-chested man called out in panic.

He had already sensed the breath of death.

"Hm?"

Senior Sister Yang, who was toying with Yun Fei'er, suddenly heard the bare-chested man's cries for help.

She had assumed that even if Yun Fei'er had a companion, it wouldn't make a difference, so she hadn't given it much thought.

Unexpectedly, things went south so quickly; the bare-chested man was no match for that kid, utterly unable to retaliate, otherwise, he wouldn't be calling for help so soon.

"Stop!"

When Senior Sister Yang's gaze swept over, her expression changed dramatically, and she immediately shouted.

But it was too late, Chen Yu's sword had already been slashed out, decapitating the bare-chested man.

Not far away, the blue-clad woman and the hunched-backed man, locked in combat, were also stunned.

"You actually killed... Lao Liu!"

The hunched-backed man was clearly close to the bare-chested man and was now incredibly agitated, his eyes filled with immense hatred.

Chapter 575: Lv Jingguang

Before long, Chen Yu and two others arrived at Medicine King Valley.

Chen Yu could confirm that this Medicine King Valley was indeed the Flame Valley recorded in the books.

"If this place has already been completely occupied by the people of the Sky Wolf Realm, let's retreat."

Yun Fei'er suggested.

The three slowly approached Medicine King Valley and found no one outside, only some corpses.

Among these corpses, Chen Yu discovered two from Kunyun Sacred Land, one of whom was from No Demon Academy, Cao Xingyue.

Beside the valley, there was a stele with three characters inscribed on it—Medicine King Valley.

The writing was forceful and powerful, with a grand aura, manifesting an odd might that surely couldn't have been inscribed by an ordinary person.

Inside Medicine King Valley, fierce winds howled, and these winds were mixed with some scorching sand and flames, hitting the body with great pain.

The deeper one went, the more ferocious the wind became, the more intense the firelight, as if one were in the midst of a flaming cyclone.

Yun Fei'er and the woman in blue had already put up their True Essence Shields; otherwise, they would be facing the danger of having their appearances marred.

As for Chen Yu, he activated his Secret Pattern Demon Body, his whole body gleaming black; the gravel that struck him produced loud clinking and banging sounds.

Yun Fei'er and the woman in blue couldn't help but take a few more glances at Chen Yu; his body was truly non-human, as tough as steel and metal.

At that moment.

"Hasn't the Array been broken yet?"

A cold and haughty voice sounded.

"Almost there."

"We're about to break through."

Two people responded.

"Lu Jingguang!"

Yun Fei'er's gaze sharpened slightly, and the woman in blue trembled.

The three paused for a while, and after noticing nothing unusual, they moved forward again.

Soon, over a dozen figures appeared ahead.

These people were divided into three teams. The first team was from the Sky Wolf Realm, with a total of seven people led by a man with fair skin and somewhat delicate features, yet his eyes revealed an ominously cold luster—this was the Sky Wolf Realm True Disciple Lu Jingguang that Yun Fei'er mentioned!

Senior Sister Yang was among these seven people; upon seeing Chen Yu and Yun Fei'er, fury flared within her.

"Brother Lv, that's the kid, he saved these two."

Senior Sister Yang whispered, her gaze fixed on Chen Yu and the others, filled with a venomous look.

She had a substantial reputation among the Inner Sect Disciples of Sky Wolf Hall; however, after pursuing Yun Fei'er and another, sustaining serious injuries without success, she returned to the Sky Wolf Realm utterly disgraced.

"Oh? The poison in this little wench has also been cured."

Lu Jingguang's sinister eyes glanced at Yun Fei'er and Chen Yu for a moment.

Besides Senior Sister Yang, Yan Gao and a tall woman, who had fought against Chen Yu in the Soul Nourishing Hall, were unexpectedly also here, which slightly surprised Chen Yu.

"That kid!"

Yan Gao said through gritted teeth, releasing an invisible murderous intent.

With one look, the rest could tell that there was animosity between Yan Gao and the newly arrived threesome.

But who was Yan Gao? The top member among Sky Wolf Hall's Inner Sect Disciples; how could this kid, merely at the peak of the Middle Stage of Guiyuan Realm, have offended Yan Gao?

Chen Yu hadn't expected to encounter all these adversaries here.

Fortunately, there were other teams in Medicine King Valley; otherwise, Chen Yu would have immediately retreated.

"Miss Fei'er."

Among the second team, a man in a green robe immediately called out; this man was one of Kunyun Sacred Land's Golden Emblem Holy Guards.

Next to him were two Holy Guards, both silver-emblemed; Chen Yu recognized one of them as Jiang Chen.

The third team, consisting of four individuals, was from Chi Hong Realm.

Unfortunately, Brother Wang and a short-haired middle-aged man were among them.

"Brother Wang, it's that kid!"

The short-haired middle-aged man said fiercely.

Previously, in the Soul Nourishing Hall, Chen Yu had them counterbalance Yan Gao and another, sitting back and reaping the benefits, and finally snatching the prize from the jaws of death and escaping successfully.

"Let's not act rashly yet."

Brother Wang was more composed, although he equally detested Chen Yu.

Currently, the team from the Sky Wolf Realm was too strong. Even if they combined forces with the Kunyun Realm, it was difficult to compete. Moreover, three individuals from Kunyun Realm had just arrived, which was a good thing for them.

If Chi Hong Realm and Kunyun Realm clashed, and the already powerful Sky Wolf Realm seized the opportunity to make a move, they could easily wipe out both their teams.

"Chu Yu, what's going on here?"

Yun Fei'er inquired through secret communication to the green-robed Golden Emblem Holy Guard.

Thereafter, the "Chu Yu" Golden Emblem Holy Guard fully explained the situation.

Just by looking at the characters on the external stele of the valley, one could tell it was a treasure site, possibly even related to the Alchemy Master who occupied the Blood Star Realm.

However, Medicine King Valley was guarded by an Array, and fortuitously, none of the seven from the Sky Wolf Realm were adept in Arrays.

Consequently, the Sky Wolf Realm allowed people from Kunyun Realm and Chi Hong Realm to participate.

Gradually, as more people from Chi Hong Realm and Kunyun Realm arrived, it still wasn't enough to oppose the Sky Wolf Realm, and the two groups joined forces.

"Now that you're here, it's even better. Even if Lu Jingguang attacks us, we can resist. I believe they won't do that either, as it wouldn't benefit either side."

Chu Yu said with a smile.

One should know that now Kunyun Realm had six individuals, and Chi Hong Realm had four. Together, they had a total of ten.

Whereas the Sky Wolf Realm only had seven, the other side still held the dominant position.

One reason was naturally Lu Jingguang's presence, a Half-step Sky Sea cultivator, proficient in poison and psychic attacks, which made him a key person everyone feared.

The next were Yan Gao and Senior Sister Yang, both top-ranking among Inner Sect Disciples with formidable strength.

At this moment.

A layer of dark yellow earth-based Array in front of everyone shook, and a breach appeared in front.

"We did it!"

Two who understood Arrays from Kunyun Realm and Chi Hong Realm immediately exclaimed.

"Good, my Sky Wolf Realm abides by the agreement; we haven't struck at you and have allowed you to enter, but if anyone is foolish and provokes us, don't blame us."

Lu Jingguang floated out, his chilly voice carrying a warning with a hint of threat.

"Haha, let's go!"

People from the Sky Wolf Realm were the first to enter.

The expressions of those from the Chi Hong Realm and the Kunyun Realm were somewhat awkward.

Lu Jingguang's words clearly meant that if there was anything in the Medicine King Valley that caught his eye, it would be best for the others not to think about competing for it; otherwise, he would disregard his promises and take action immediately.

"Brother Wang, let's go."

Chu Yu looked toward Senior Brother Wang from the Chi Hong Realm.

"Miss Fei'er, we should try to stick together and be careful."

Afterward, Chu Yu turned to Yun Fei'er.

Although he had previously been the leader here, once Yun Fei'er arrived, the position of leader needed to be exchanged.

"Let's go!"

Yun Fei'er commanded coolly.

She of course knew to be cautious as she had previously suffered at the hands of Lv Jingguang.

Compared to outside the Array, the fiery whirlwind inside was somewhat gentler.

Moreover, the Heaven and Earth Primordial Qi inside was very rich, filled with a strange fragrance in the wind.

Not long after advancing, everyone discovered many Fire Dao rare materials on the rock walls on both sides of the valley. They were very old and highly valuable.

Immediately, a few people flew over and harvested them.

However, those with high cultivation and strong Spiritual Sense could see that the rare materials were abundant all around, with many even more precious than those nearby.

Swoosh—

Several at the Peak of Late Guiyuan Realm and Lv Jingguang, who was at Half-step Sky Sea, immediately flew out.

Chu Yu's eyes flashed, and he took a red fruit from a corner of the rock.

"Fierce Essence Fruit, it can refine Fire Dao True Essence and also has a certain effect on cultivating one's practice."

"Fire Tail Grass, Golden Flame Grass!"

Many were overwhelmed with excitement, quickly picking them, and Chen Yu also joined in, not passing up the free gains.

Soon, the three forces came into conflict over this.

"This Fire Tail Grass was found by me first."

"Bullshit, I clearly saw it first."

Two members, one from the Chi Hong Realm and one from the Sky Wolf Realm, thus began to argue and even went so far as to strike each other.

Elsewhere, a woman in blue who was with Chen Yu also got into a conflict with someone from the Sky Wolf Realm, and the two immediately came to blows.

Battles at the Guiyuan Realm level were immensely disruptive, easily affecting others around; gradually, more and more people joined the fight.

"Stop it, there are plenty of rare materials here, there's no need to argue over this."

Yun Fei'er shouted lowly, and her words were quite effective; a few from the Kunyun Realm restrained themselves.

Senior Brother Wang of the Tianhong Realm also stepped forward to speak up.

At the very least, the people from the Tianhong Realm and the Kunyun Realm could not come into conflict.

As they continued to move forward, after seeing many rare materials, everyone's criteria became more selective, only targeting the particularly precious ones.

"Huh? What's this?"

Chen Yu noticed a particularly prominent rock, pressed his finger against it, and the rock shattered to reveal a Fire Pattern Jade Stone with what looked like flames burning inside.

"Spiritual Jade Fire Light Stone!"

Chen Yu's expression showed a trace of joy, and he immediately extracted it.

The Spiritual Jade Fire Light Stone served a similar purpose to the Primordial Spirit Flame Crystal but was even more precious and valuable.

One pound of Spiritual Jade Fire Light Stone was worth ten pounds of Primordial Spirit Flame Crystal.

"That's... a Spiritual Jade Fire Light Stone!"

Yan Gao was very close to Chen Yu and, seeing him discover such a treasure, immediately reached out to snatch it.

Although the Spiritual Jade Fire Light Stone was precious, it was not very useful to Yan Gao, at most he would trade it with others.

He just couldn't stand to see Chen Yu getting such a Spirit Stone, especially since Chen Yu had twice taken what rightfully belonged to him.

"Yan Gao, I found this; how is your behavior any different from a bandit?"

Chen Yu shouted, letting everyone hear before retreating.

Coincidentally, Senior Brother Wang of the Chi Hong Realm was right behind Chen Yu.

"Heh, Yan Gao is here, and you still dare to participate in the venture into the Medicine King Valley; truly ignorant of death."

Senior Brother Wang stared at Chen Yu and sneered.

In his view, Yan Gao would definitely not let Chen Yu go.

"Brother Wang, as the leader of the Chi Hong Realm, surely you won't stand by and watch me die; quickly, lend me your strength."

Chen Yu called out to Senior Brother Wang with a smile.

"This..."

Senior Brother Wang's expression froze.

He had never thought about helping Chen Yu, but now that their two teams were allied, if he were to watch indifferently as Yan Gao killed Chen Yu, their relationship with the Kunyun Realm would surely break down.

"Brother Wang, Lin Xiaofang was killed by them, aren't you and Yan Gao enemies as well?"

Chen Yu called out once again.

This time, Brother Wang couldn't hold back.

Everyone from the Chi Hong Realm knew that Lin Xiaofang was his cherished friend, and now his enemy was right before him; if Brother Wang remained indifferent, that would be too poor of a character.

"You brat..."

Brother Wang glared at Chen Yu fiercely, then charged forward, unleashing a palm strike.

Chen Yu drew out his Demon Flood Dragon Sword and slashed, emitting a jet-black sword light.

Boom!

An explosion sounded, and all three men were pushed back.

Together, Chen Yu and Brother Wang were still able to hold off Yan Gao.

"We've just arrived at the Medicine King Valley; if we fight to the death here, wouldn't that be handing over the benefits to the others?"

Brother Wang said flatly; he wasn't eager to help Chen Yu fend off Yan Gao.

Suddenly, a shout of surprise came from afar.

"My God, it's a 'Yang Soul Fruit!'"

The Yang Soul Fruit was a magnificent treasure that greatly benefited the soul. After consumption, it could strengthen the soul and will and even heal dark ailments and injuries of the soul, having a great effect even on those at Half-step Sky Sea.

At this shout, nearly everyone's attention was drawn.

Chapter 576: Red Fire Worm

The Yang Soul Fruit is a legendary Soul Path treasure. Compared to it, the precious materials we encountered before are simply inferior.

Chen Yu, Senior Brother Wang, and Yan Gao all looked over, their eyes filled with hesitation.

Yan Gao knew that Chen Yu's true strength was formidable, not even weaker than Senior Brother Wang.

If Chen Yu and Senior Brother Wang joined forces, Yan Gao really wasn't confident he could come out on top—in fact, the most likely outcome would be both parties getting hurt.

To leave such a treasure land unexplored and instead fight a mutually damaging battle here, clearly wasn't worth it.

"If you don't hand over the Four Jade Soul Beads, you're certainly going to die."

Yan Gao gave Chen Yu a look, warning him, then quickly left.

Senior Brother Wang didn't bother with Chen Yu either and hurried over.

Everyone stopped in front of a trench that was ten zhang long.

Below the trench, lava was rolling, and red light and smoke were billowing.

"It really is the Yang Soul Fruit!"

Senior Brother Wang's gaze was fixed on a fruit growing on a small tree trunk on the other side of the trench.

The fruit was elliptical and dark red all over, with dense and mysterious patterns on it, emitting waves of dark red and ghostly light.

"The Yang Soul Fruit is protected by an Array around it!"

Said the man with short hair.

Within the Kunyun Realm and Chi Hong Realm, there was one person skilled in the way of Arrays. Only those of the Sky Wolf Realm were clueless about this, which gave an advantage to the people of the Chi Hong Realm and Kunyun Realm.

Apart from the Yang Soul Fruit, there seemed to be other treasures in the distance, but they were not clear.

In any case, to obtain this Yang Soul Fruit, one must first cross this trench of lava.

Chen Yu's gaze swept over, the lava churning continuously. It seemed as if something was moving inside, giving a very dangerous feeling. No wonder everyone stopped here and didn't cross over.

Suddenly, someone from the Chi Hong Realm cautiously flew up, ready to cross.

Splash!

The lava in the trench splashed out instantly, and a fiery red shadow flew out, emitting a ferocious ancient beast's pressure.

The fiery red shadow collided with the person in an instant.

"Ahhh..."

A scream was heard, and the disciple, along with the fiery red shadow, fell into the lava.

In a flash, several more figures leaped from the lava and pounced on the disciple.

Sounds of gnawing and tearing were heard, and in the blink of an eye, the disciple was gone without a trace, leaving the lava calm once again.

The place was unbearably hot, but at this moment, many disciples felt a chill in their hearts and couldn't help but retreat a few steps back.

Some hadn't even seen clearly what creature had dragged the disciple into the lava.

"Be careful, it's the Red Fire Worms!"

Yun Fei'er sent a message to the people of the Kunyun Sacred Land.

Red Fire Worms, an ancient beast living in the magma underground, had strong bodies and moved with incredible speed.

Although Red Fire Worms didn't have strong individual combat abilities, they lived in groups, swarming their enemies and devouring them completely.

"They're just a bunch of disgusting worms. With so many of us here, are we really afraid of them?"

Lv Jingguang swept his gaze toward the people of the Chi Hong Realm and Kunyun Realm and said with a sneer.

"Brother Lv, do you have a clever plan?"

Senior Brother Wang asked.

At this point, only three people from the Chi Hong Realm remained. They certainly wouldn't take any more risks. They could let the Sky Wolf Realm and Kunyun Realm take the lead in any action. If they were all unwilling, then they might as well withdraw altogether.

Among those present, Lv Jingguang was the strongest. If he was willing to take action, that would be best.

"Red Fire Worms are strongest in the lava. If they come into the air, their strength is greatly reduced. With our power, we can definitely kill them all."

Lv Jingguang said indifferently.

"However, Red Fire Worms will only come out when they sense the presence of flesh and blood."

Yun Fei'er said with a smile.

In other words, to lure out the Red Fire Worms, bait was necessary.

"You're wrong. We don't need to draw them out; I'm going to force them out."

Lv Jingguang's eyes gleamed wickedly as a smile curved his lips.

Having said that, he took out three pellets from his storage bag and threw them into the lava.

Boom! Boom! Boom!

The moment the pellets hit the lava, they burst, and their poison seeped into the lava.

A short while later, the lava began to churn.

Whoosh!

A fiery red shadow shot out from within and came before everyone.

This time, everyone saw clearly: the Red Fire Worm looked like a cross between an insect and a fish, nearly two meters long with a large mouth, rimmed with sharp teeth.

"Attack!"

Lv Jingguang immediately shouted.

Whoosh!

But the reaction of many was a step too slow. The Red Fire Worm that flew up shot out at an incredible speed, targeting a disciple of the Sky Wolf Realm.

"Scram!"

Yan Gao shouted angrily, with a black light giant bear condensing behind him.

The giant paw of the bear struck down, colliding with the Red Fire Worm.

Boom!

The Red Fire Worm's body flew backward, colliding with the distant wall and emitting continuous shrieks.

"Thank you, Brother Yan, for saving my life." The disciple of the Sky Wolf Realm gratefully said.

Yan Gao's action had severely hit the Red Fire Worm and also uplifted the spirits of the others.

Whoosh! Whoosh! Whoosh!

From the underground lava, one after another Red Fire Worm leaped out.

The powerhouses of the Three Realms retreated a distance and launched a collective assault. For a while, the environment was wreaked havoc with ice, light, fire, and electricity.

In Senior Brother Wang's hands, his bronze mace blazed with a resplendent golden light. He swung it, sending out a swath of golden shadows and knocking away two Red Fire Worms.

Yun Fei'er's red jade sword swung continuously, emitting dazzling sword lights of crimson brilliance, sharply inflicting wounds on several Red Fire Worms, even bisecting a weaker one with a single strike.

Once again, Yun Fei'er thrust her sword, prying out the monster core from within a Red Fire Worm.

The Red Fire Worms were not particularly strong, and their bodies didn't contain many valuable materials, but their cores were extremely precious and highly valuable.

"Evil Mist Beam!"

Lv Jingguang's whole body surged with spiritual power as he pointed a finger, shooting out a dim spiritual light beam.

Buzz!

The beam of spiritual power traveled at an incredible speed, piercing through the body of a Red Fire Worm.

In the next instant, the Red Fire Worm's body softened, falling into the magma below.

Chen Yu was also busy, striking down the Red Fire Worms.

Under the joint effort of the Three Realms' powerhouses, the number of Red Fire Worms rapidly decreased, leaving only three with formidable cultivation levels, their faces ferocious, filled with boundless hatred and resentment.

"How dare you intrude into the Medicine King Valley, don't you fear the Medicine King's punishment!"

The strongest among the Red Fire Worms roared.

Upon hearing this, everyone became exceedingly excited. The "Medicine King" mentioned by the Red Fire Worm might very well be the Alchemy Master who ruled this realm.

Could it be that this valley was the residence of the Medicine King?

And might the legendary treasure also be here?

"The Medicine King? He's long dead. You might as well submit to me and give up all the treasures here,"

Lv Jingguang laughed arrogantly.

He could tell that these Red Fire Worms were once raised by that Alchemy Master to guard the Medicine King Valley.

If these Red Fire Worms could submit to Lv Jingguang, it would greatly increase the overall strength of the Sky Wolf Realm, making the treasures here easier to obtain.

"Foolish dreams, the Medicine King will never die!"

The Red Fire Worm shouted and charged straight at Lv Jingguang.

"Stupid, lowly creature, courting death!"

Lv Jingguang's face showed a sinister expression.

He now somewhat regretted focusing only on offensive secret techniques involving spiritual power and not studying those for enslavement and control.

Boom!

Lv Jingguang released a palm strike, with spiritual power condensed in his palm, forming a dark sphere that shot out violently.

Bang!

The dark sphere collided with the Red Fire Worm and exploded, transforming into a grey and cold mist, enveloping it.

The Red Fire Worm struggled and screeched, as if its soul were enduring endless torment and destruction.

Swoosh!

Just then, Lv Jingguang reached out with a slash, a wave of True Essence Light passing by and decapitating the Red Fire Worm.

Now, only two powerful Red Fire Worms remained, yet they did not retreat, seemingly determined to protect this place to the death.

The powerhouses of the Three Realms surged forward, killing the two Red Fire Worms.

"Yang Soul Fruit!"

Chu Yu glanced at the nearest Yang Soul Fruit and flew beside it.

"Back off, the Yang Soul Fruit is mine."

Lv Jingguang quickly swooped in, his sharp voice resonating.

Chu Yu's heart trembled, staring at Lv Jingguang with indignation.

Unexpectedly, Lv Jingguang struck directly, sending out a dim wave of True Essence Light.

Bang! Thud thud...

Chu Yu swung his huge hammer to block it, retreating five steps and not daring to approach further.

"Blast this Array Barrier!"

Lv Jingguang eyed the Yang Soul Fruit, ignoring Chu Yu completely.

Naturally, he couldn't possibly expect people from the Kunyun Realm or the Tianhong Realm to help him; they would surely be reluctant, and at this moment, if those two realms joined forces, their strength would be comparable to the Sky Wolf Realm.

"Let's go!"

Chu Yu immediately shouted, heading elsewhere.

Apart from the Yang Soul Fruit, there were other extremely high-quality precious herbs; all of them protected by arrays.

Now that Lv Jingguang was busy trying to seize the Yang Soul Fruit, they could safely go after the other treasures.

"Golden Flame Poison Mushroom."

"Demon Flame Grass."

On either side of the ravine, it was as if they were in completely different worlds; the precious materials on this side were extremely valuable.

On the other side, people from the Chi Hong Realm eyed a treasure and were trying to break through the array to reach it.

"Miss Fei'er, there are two 'Fire Spirit Origin Fruits' here."

Chu Yu called out excitedly.

Fire Spirit Origin Fruits could enhance the cultivation of cultivators in the Guiyuan Realm and contained a vast amount of Fire Dao Essence, useful for cultivating Postnatal True Fire.

Yun Fei'er was also interested in such precious materials. Together, they called over an Array Master from the Kunyun Realm to decipher the Array Barrier surrounding the Fire Spirit Origin Fruits.

Meanwhile, the two of them stood guard, to prevent others from rushing in to snatch the fruits once the array was broken.

"Chen Yu!" Yun Fei'er spotted Chen Yu not far away and couldn't help but call out.

She intended to bring Chen Yu over, so that when the time came, they could evenly distribute the finds among themselves.

After all, Chen Yu was alone and not skilled in arrays, so it would be difficult for him to obtain any precious natural treasures.

"Chen Yu, I'm sorry, there are only two Fire Spirit Origin Fruits here."

Chu Yu spoke with a chuckle, his words declining Chen Yu's involvement.

"No problem, I'll look elsewhere."

Chen Yu remained calm, his eyes constantly sweeping the area.

He possessed an ancient Token with the bizarre ability to unravel Array restrictions.

But the abilities of this Token were too rare, especially at this time; it absolutely could not be discovered by others, or he would face the attack of everyone here.

Thus, Chen Yu wasn't in a hurry to act. Instead, he pretended to be helpless, venturing deeper.

Soon, he found a blind spot where the rest could not see him.

Before Chen Yu, within a yellow Array Barrier, grew a sinister-looking crimson plant, like a fiery beast's claw, reaching upward.

Chapter 577: Melting Gold Flames

"This is the Demon Claw Flame King Grass."

Chen Yu's heart trembled slightly.

Such a rare treasure had long been extinct in the Kunyun Realm.

The Demon Claw Flame King Grass was a precious demonic material that could greatly enhance cultivation techniques, but its medicinal effects were too fierce and violent. If consumed directly, the meridians and organs of the entire body would suffer burns like from fierce fire, potentially damaging the foundation, causing cultivation levels to drop instead of increase.

Therefore, usually, this precious material was refined into a "Devil Claw Flame Pill" to greatly soothe its potency, making it milder.

"Great stuff!"

Chen Yu decided he would seize this treasure.

He glanced around, noticing that no one was paying attention to him, then took out an ancient token from the [Smoke-spitting Pearl] and swiped it across the Array Barrier around the Demon Claw Flame King Grass.

However, this time, the Array Barrier did not immediately break open with an entrance but just cracked and slowly expanded.

"It seems the level of the array here is too high, even this token can't break it directly."

Chen Yu thought to himself.

Although the ancient token had the power to breach Array restrictions, it definitely could not easily break through arrays of any tier.

The Array restrictions around this treasure were at least above the Sky Sea Realm level, and over the years, had decayed somewhat.

"This is not good..."

Chen Yu was secretly anxious.

If someone saw this scene, the secret of the ancient token would be exposed.

Suddenly, Chen Yu remembered. His mysterious heart could sense the strength of the energy in the array.

Immediately, he closed his eyes and concentrated, sensing the fluctuations of the earthy-yellow barrier through the mysterious heart within him.

Thump, thump! Thump, thump!

The mysterious heart's beating entered a strange and slow rhythm.

Gradually.

The changes in the array's energy flow entered Chen Yu's mind.

In his mind, a grid-pattern of earthy-yellow appeared; some grid areas had finely intricate lines whilst others were loose, even occasionally showing momentary discontinuities, creating small loopholes.

"These are the weak points and flaws in the array!"

Chen Yu opened his eyes and aimed the token at the loopholes he sensed, making a fierce swipe.

Whoosh!

Instantly, Chen Yu sliced open the earthy-yellow barrier.

Chen Yu immediately reached inside, took the Demon Claw Flame King Grass, and put it into the [Smoke-spitting Pearl].

At that moment,

A tall woman approached—it was the tall woman who had been following Yan Gao.

"Eh?"

The tall woman noticed the large opening in the array in front of Chen Yu and the absent treasure inside.

How could this be?

With Chen Yu's ability alone, how could he have broken the array so quickly? Could it be that Chen Yu was also an Array Master?

"How did you do it?"

The tall woman immediately demanded.

"This array was just damaged, so I was able to break the barrier quite easily,"

Chen Yu said with a smug look, as if boasting about his good luck.

If he had seemed secretive, it would have easily raised suspicions.

The tall woman stamped her foot in irritation.

She had been sent by Yan Gao and Lv Jingguang to check if other treasures' arrays had been damaged, making it easier to obtain the treasures within.

She couldn't believe that as soon as she saw Chen Yu, she learned that he had found a damaged array and easily got the treasure inside, driving her mad.

What angered her more was that she couldn't confront Chen Yu physically and rob him of the treasure.

Back in the Soul Nourishing Hall, Chen Yu had faced Yan Gao and held his ground!

The tall woman ignored Chen Yu and continued to inspect the arrays on nearby treasures.

Chen Yu happened to find a damaged array, and she might find one too.

At that moment, Lv Jingguang and others destroyed an array and obtained the Yang Soul Fruit.

"Rest assured, everyone. I got the Yang Soul Fruit, and you won't be left out of the benefits."

Lv Jingguang said with a smile.

With the Yang Soul Fruit, he was confident his spiritual power could reach a new level.

Plus, with quite a few people helping him, he was willing to share some treasures in return.

Meanwhile, Yun Fei'er, Chu Yu, and Senior Brother Wang from the Chi Hong Realm also obtained equally precious treasures.

Afterward, the three groups resumed their search for high-quality treasures or treasures with weaker array restrictions.

Shortly, three more people came in—two from the Chi Hong Realm and one from the Sky Wolf Realm.

Fortunately, among these three, there was no one of the Holy Guard level sufficient to disrupt the balance of power among the three factions.

Chen Yu approached another corner.

This time, the yellow array in front of him contained strands of crystal-red bodhi seeds that emitted a fiery red glow.

Chen Yu closed his eyes, using his heart to sense the loopholes and weaknesses in the array.

"This is the spot!"

Chen Yu opened his bright eyes, the ancient token swiping again.

He then quickly took the crystal-red bodhi seeds from inside.

Chen Yu had just left when the tall woman arrived.

"Eh? Is the array damaged?"

She was very surprised.

The treasure inside the array had vanished.

"Chen Yu!"

The tall woman looked at Chen Yu's retreating back, her gaze deepening.

Within the valley, few Arrays were found flawed or damaged—only a handful discovered by the teams from the three smaller realms. Yet, Chen Yu had astonishingly found two, unnoticed by others, and had taken away the precious materials within.

There must be something odd here!

The valley soon came to an end, making it difficult for Chen Yu to find opportunities to stealthily take the treasures.

With quite a number of people having entered, totaling nineteen so far, stealing precious materials under the watch of so many powerful figures was considerably challenging.

"There's a cave dwelling ahead!"

Chu Yu shouted.

Many were attracted to it.

This place could very likely be the residence of the Alchemy Master, and the legendary treasure might be there as well.

Therefore, upon hearing the word "cave dwelling," everyone couldn't help but perk up and put aside what they were doing.

However, as the three groups approached the cave dwelling, they found its door closed, and everyone's attention was drawn to a wall on the right where a precious material grew.

The material on the wall looked like a fiery red lantern containing a bundle of golden flames inside, which were very bright and piercing; if one got too close, it felt like their whole body was burning painfully.

"Jade Fire Bamboo Cage!"

Senior Brother Wang's eyes lit up.

The Jade Fire Bamboo Cage was a divine treasure of heaven and earth resembling a lantern but made of a jade-like material with flame burning inside.

In the main hall of the "Red Rainbow Palace," the ruling power of the Chi Hong Realm, this materiel was used as decoration to illuminate the whole main hall.

Clearly, this Jade Fire Bamboo Cage was probably also used as a decoration by the Alchemy Master.

However, the flame inside the Jade Fire Bamboo Cage was not the ordinary flame typically found in such materials, but another type of Innate Spiritual Flame!

"Molten Gold Flame!"

Chen Yu's eyes sparkled slightly.

The "Molten Gold Flame," ranked three hundred sixty-eight in the True Fire Spirit Flame List, was a high-temperature flame excellent for smelting gold and forging iron.

Ancient texts from Yun Zhao Country documented that before the unification of the ancient country, a Sky Sea Realm powerhouse obtained this spiritual flame and turned an opposing sect's domain into a sea of molten lava, leaving no one alive.

The atmosphere at the scene instantly froze.

Postnatal True Fire was easy to condense, but Innate Spiritual Flames were serendipitous discoveries, and the Molten Gold Flame, ranking three hundred sixty-eight, was already considered highly.

Almost everyone from the three great forces was intensely covetous of this flame.

"It's a waste of heaven's gift to use an Innate Spiritual Flame for illumination!"

Lv Jingguang chuckled with a trace of excitement.

For everyone present, the Molten Gold Flame was extremely precious, but for the Alchemy Master who ruled this realm, this three hundred sixty-eight-ranked Molten Gold Flame might be quite ordinary.

"Miss Yun, we must not let Lv Jingguang acquire this flame."

Senior Brother Wang secretly communicated this message.

"Of course!"

Yun Fei'er responded.

She had been severely injured by Lv Jingguang before, nearly meeting King Yan.

She would not let Lv Jingguang easily get the "Molten Gold Flame," and Yun Fei'er also highly desired it.

The "Molten Gold Flame" was much stronger than the "Fierce Flame True Fire" owned by the Yun Family.

Moreover, the cultivation of Innate Spiritual Flames wasn't greatly related to their cultivation techniques; even Water Practitioners and wood cultivators could utilize the Molten Gold Flame against enemies.

Thus, no one lacked desire for this Innate Spiritual Flame.

"This flame belongs to me, Lv Jingguang, whoever dares to touch it is declaring themselves my enemy."

Lv Jingguang shouted loudly.

Facing such a precious spiritual flame, he no longer cared about consequences; even facing the other two teams as enemies didn't matter.

"Hehe, saw it first, didn't I, Brother Lv? Don't you understand the order of arrival?"

Senior Brother Wang sneered.

"Seeing it first makes it yours? This world has always spoken through power."

Lv Jingguang asserted strongly.

"Do the people of Sky Wolf Realm always ignore reason like this?"

Yun Fei'er posed as if upholding justice.

"Hahaha, full of sanctimonious hypocrisy!"

Lv Jingguang laughed loudly, his laugh piercing and rather sinister.

Suddenly, his arm shook, and a pill rolled out from his sleeve.

Boom!

The pill exploded, spreading a thick gray-black flame that carried a chilling and corrosive force.

At the same time, Lv Jingguang released a spirit pet, a small wolf with silver fur and a purple mark on its head.

The wolf immediately howled, letting out an eerie wolf cry.

"Ah..."

Instantly, members from Kunyun Realm and Chi Hong Realm felt a stabbing pain in their souls, clutching their heads and groaning.

"Hehe, Brother Lv's spirit pet, the Night Soul Wolf, combined with its wolf poison, is tremendously powerful!"

"Brother Lv is mighty!"

People from Sky Wolf Realm had already consumed Detoxification Pills and were unaffected by the wolf poison.

At most, the sonic attack of the Night Soul Wolf slightly affected them, but it wasn't too severe.

"Kill!"

Lv Jingguang shouted lowly, taking the lead.

"Join forces!"

People from Chi Hong Realm and Kunyun Realm banded together.

Most of them were aware of Lv Jingguang's methods, so they had taken precautions; only some were affected, and they were also prepared with corresponding countermeasures.

Just like Yun Fei'er, who had already taken a Detoxification Pill and reinforced her spirit.

"Let them fight; it's an opportunity for me to steal some precious materials."

Chen Yu thought with a chuckle in his heart.

He possessed the "Blood Crystal Flame," ranked within the top hundred in the True Fire Spirit Flame List, far superior to the Molten Gold Flame, so he hadn't thought about competing for the Molten Gold Flame.

Instead, since the three great forces were now fully engaged, Chen Yu could take the opportunity to steal some divine treasures of heaven and earth.

Chapter 578: Fierce Battle in the Valley

In the valley.

The three great forces struck mightily, their echo alarming heaven and earth.

Fortunately, the rare materials within this valley were protected by Arrays, or else they would have all been destroyed.

In fact, the reason why the powerhouses fought so unrestrainedly was that they hoped, in the devastation of this battle, they might manage to break some of the Array Barriers.

At the highest point, Senior Brother Wang and Yun Fei'er joined forces, confronting Lv Jingguang.

Even so, Senior Brother Wang and Yun Fei'er, felt a significant pressure.

"Yun Fei'er, you were lucky to escape last time and survive, but today you won't be so fortunate."

Lv Jingguang chuckled coldly, his gaze sinister and malevolent, sending shivers down one's spine.

"If you hadn't attacked by surprise last time, it wouldn't have been so easy!"

Yun Fei'er's expression was resolute.

When she first encountered Lv Jingguang, Yun Fei'er had been unaware of his true strength and tactics, suffering a grave injury due to his poisonous sneak attack.

Otherwise, with her strength as the foremost Golden Emblem Holy Guard, she would not have been in such a dire state.

"Lv Jingguang, how despicable and shameless you are to launch a sneak attack on Miss Fei'er."

Senior Brother Wang snorted coldly.

With Lin Xiaofang gone, in recent times, Senior Brother Wang had been attracted by Yun Fei'er's beauty and grace.

"Idle chatter is needless, today, if you block my path, you're choosing a dead end!"

Lv Jingguang revealed a trace of ferocity, swinging his hand and slashing out two pale True Essence Light Waves.

Yun Fei'er and Senior Brother Wang attacked in unison, shattering them.

But then, from Lv Jingguang's chest, a mass of dark purple fog surged forth. He pushed fiercely with both palms, sending the fog flying and expanding continuously.

Knowing Lv Jingguang's proficiency with poison, they immediately swallowed a Detoxification Pill and carefully guarded.

For a time, within the battle ring of the three fighters, a maelstrom of various poisons, toxic liquids, and sword lights emerged, causing nearby combatants to retreat a fair distance.

Chi Hong Realm and Kunyun Realm allied, Yun Fei'er and Senior Brother Wang jointly resisted Lv Jingguang.

But the current situation still saw the Sky Wolf Realm holding the advantage.

Without Yun Fei'er and Senior Brother Wang, Yan Gao of the Sky Wolf Realm's side, unmatched in strength, only matched by Chu Yu and another powerhouse working together.

"The Sky Wolf Realm, who entered the Blood Star Realm this time, counting sixty in total, hold a slight edge in overall strength over the other realms."

Chen Yu observed for a moment and then didn't bother further.

With Chi Hong Realm and Kunyun Realm having numerical superiority, they wouldn't suffer a crushing defeat, so Chen Yu wasn't worried.

He stealthily retreated from the battle, glanced around, and found another rare material.

Flame Light Grass, containing immense fire essence, could nourish the Blood Crystal Flame.

Chen Yu eyed this piece of rare material and, making sure no one noticed him, prepared to make his move.

In the battle ring.

A tall woman from the Sky Wolf Realm clashed with a blue-clothed woman from the Chi Hong Realm.

Whoosh!

The tall woman's movement technique was extremely fast, like a shadow, approaching the blue-clothed woman from the Chi Hong Realm, her spike relentlessly aiming for vital points.

The blue-clothed woman kept dodging, but couldn't match the tall woman's skill.

At one moment, the tall woman's spike made a small cut on the blue-clothed woman's jade neck.

The spike was coated with potent poison, the toxins immediately spreading, as seen by the woman's neck turning green, quickly expanding, and soon her whole face was grotesquely green.

"Die!"

Seizing the moment, the tall woman pierced the other's heart, killing her with one blow.

"Eh? Where's Chen Yu?"

The tall woman, preparing to seek other opponents, suddenly realized Chen Yu had vanished.

She'd been keeping an eye on Chen Yu before, suspecting he had some method to effortlessly break through Arrays and obtain the treasures within.

"Where are you!"

The tall woman quickly traced Chen Yu's whereabouts and dashed over.

The next moment, she saw Chen Yu removing a piece of medicinal herb from a yellowish Array, storing it in his storage space.

She also saw that besides the herb, Chen Yu had another item.

Clearly, Chen Yu must have used that item to break the Array and obtained the rare material.

"Chen Yu, hand over the treasure!"

The tall woman immediately shouted.

If she obtained that treasure, she could secure a great amount of rare materials, potentially advancing her cultivation and strength by leaps and bounds, even possibly surpassing Yan Gao.

In reality, the tall woman also knew that Chen Yu wouldn't give that treasure to her.

But she was waiting for Chen Yu to negotiate.

She was willing to collaborate with Chen Yu, using that treasure to voraciously gather the valley's rare materials.

Boom!

Unexpectedly, without a word, Chen Yu activated his Secret Pattern Demon Body, unleashing a whirlwind of demonic power, attacking her directly.

Chen Yu had always been cautious, not wanting to reveal the secrets of the ancient Token.

Now that he'd been discovered, naturally, he intended to silence the witness.

Boom!

With a swing of the Demon Flood Dragon Sword, a fearsomely powerful sword Qi slashed toward her.

Knowing she was no match for Chen Yu, the tall woman's spike emitted a green glow as she rapidly retreated.

"Chen Yu, if you kill me, I'll spread this matter far and wide. Better that we cooperate and seek the treasures of this place together."

The tall woman transmitted her message, a mix of threat and entreaty in her tone.

"Fine, I agree."

Chen Yu transmitted back.

The tall woman instantly felt relieved and secretly pleased.

Within Medicine King Valley lay numerous rare materials, shielded by Arrays, and she had yet to secure significant gains. But with Chen Yu's assistance, she could acquire many invaluable medicinal herbs.

Boom!

Chen Yu launched another sword attack, scaring the tall woman considerably.

"What are you doing?" The tall woman transmitted immediately, suspecting Chen Yu was deceiving her again.

"If we suddenly stop fighting, it will arouse suspicion."

Chen Yu made a logical response and continued to attack, but the power of his attacks was somewhat diminished.

The tall woman couldn't argue, and even somewhat agreed with Chen Yu's words.

The two continued to fight while moving further away, arriving in a corner.

"That's enough."

The tall woman said softly.

Chen Yu nodded but didn't stop his assault. Instead, he lashed out viciously with a ferocious black wave of his sword.

"You..."

The tall woman's complexion changed suddenly, not expecting Chen Yu to strike with lethal force after luring her to this place.

Having been sparring all this while, the tall woman didn't have time to react when Chen Yu suddenly made a lethal move; the sword strike descended, making her sense crisis.

Boom!

The tall woman's body flew several meters away, crashing into a wall and spitting out a mouthful of fresh blood.

Chen Yu gave her no chance to speak. His heart powered up, his speed amplified, and he closed the distance in a flash, delivering another fierce and overbearing sword wave.

At the same time, he summoned the Red Flame King.

Boom!

The Red Flame King roared, and the air was filled with swirling flames as it transformed into three fire dragons, rushing wildly forward.

"Chen Yu, you're a liar..."

The tall woman could barely say anything before she was once again inundated by the attacks of Chen Yu and the Red Flame King.

Chen Yu showed no mercy and, together with the Red Flame King, their combined strike killed the injured tall woman.

"Qing!"

Senior Sister Yang, a woman in yellow from the Sky Wolf Realm, heard the tall woman's scream and flew over.

This woman was the one who had previously been chasing Yun Fei'er.

"You dare kill Qing, die!"

Upon seeing Chen Yu, Senior Sister Yang was overcome with rage and instantly attacked him.

She had previously failed in her pursuit of Yun Fei'er because of Chen Yu's intervention.

And in order to escape, she had used up all her trump cards.

Her hatred for Chen Yu ran deep, wishing she could cut him into a thousand pieces.

Now, she had witnessed a sister she was on good terms with killed by Chen Yu.

Whoosh!

An arc of silver light shot out, heading straight for Chen Yu's head.

"All together now!"

Chen Yu shouted.

This woman's strength was top-tier among the disciples of the Sky Wolf Realm, only slightly weaker than Yun Fei'er.

Chen Yu didn't overestimate himself and called for the Red Flame King to join the fight.

Clang!

Chen Yu raised the Demon Flood Dragon Sword, blocking the incoming strike, as the blade trembled violently.

Devil Wind Sword Slash!

Chen Yu performed the Devil Wind Sword Technique, concentrating his sword energy into a massive arc-shaped slash.

"Child's play!"

Senior Sister Yang handled her silver whip with speeds that blurred the weapon from view, with countless arcs of silver light bursting forth.

Senior Sister Yang had previously been defeated by Chen Yu only because she was ganged up on by three people.

This time, one-on-one, she was not afraid at all and intended to make Chen Yu pay a painful price.

However, when the Red Flame King joined the battle, everything changed.

Sister Yang initially thought the beast was just an ordinary ancient creature at the mid-peak stage, but the Red Flame King's display of strength was astonishing, forcing her to take it seriously and divert her attention to deal with it.

Roar! Roar! Roar!

Around Sister Yang, the air seemed to transform into a vast ocean of fire, with fire dragons occasionally bursting out.

In the former Flame Valley which became Medicine King Valley, the Red Flame King's combat prowess was even more astonishing.

On the front lines, Chen Yu's Sword Dao attack was relentless, becoming increasingly powerful.

"Silver Snake Whip Technique!"

Senior Sister Yang moved her silver whip even faster, with silver glimmers constantly shining around her body as if hundreds of silver light serpents scattered, dispersing the sea of fire.

"Yangming Sword Point!"

Taking the opportunity while Sister Yang performed her technique, Chen Yu suddenly thrust out with his right index finger, shooting out a stunning bloodlight sword beam that pierced through Sister Yang's abdomen.

At the same time, several silver snakes struck Chen Yu, throwing him back several steps and causing a stinging pain at his wound.

"Damn it, not this move again!"

Senior Sister Yang clutched her abdomen.

In the previous battle, it was the Yangming Sword Point that had turned the tide for Chen Yu.

Now, she was wounded by the Yangming Sword Point again; her vital blood and energy rapidly eroded.

Her previous injuries hadn't fully healed, and now, they had been compounded.

"This lady is not weak."

The Red Flame King sneered, then opened his mouth wide, inhaling deeply, drawing all the nearby flames towards him into a crimson fireball.

Boom!

The fireball flew out and, nearing Sister Yang, it abruptly began to spin and expand, unleashing six fire dragons that roared as they lunged at Sister Yang.

"This Spirit Pet..."

Senior Sister Yang was utterly shocked as the Red Flame King's mighty strength intimidated her once more.

Whoosh! Whoosh! Whoosh!

Sister Yang quickly whirled her long whip, using her attacks to fend off the Red Flame King's assault.

Silver arcs and fire dragons collided, eroding and neutralizing each other.

Sky Flying Sword Slash!

Chen Yu soared upwards, his Demon Flood Dragon Sword flashing with frightening demonic light as he slashed with a violent sword wave.

Boom!

The sword wave crashed forth, breaking the balance between the silver arcs and fire dragons, causing a tremendous explosion.

Senior Sister Yang was thrown back ten meters, her body slamming into an Array Barrier and suffering a rebound from the array, falling to the ground and spewing out a large mouthful of fresh blood.

Chapter 579: Seize the Soul Flame

Senior Sister Yang climbed up from the ground, her face filled with indignant resentment.

Previously, she had been besieged and severely wounded by Chen Yu and two others, hence she bore a grudge against Chen Yu in her heart.

But this time, Chen Yu, along with his Spirit Pet, defeated her on his own.

"Chen Yu, if not for this powerful Spirit Pet, you would definitely be no match for me."

Senior Sister Yang refused to admit that she had been defeated by Chen Yu and looked for excuses to justify herself.

And in her heart, she believed it too; Chen Yu's Ancient Beast Spirit Pet had combat power far exceeding its cultivation level, which was extraordinary.

"You got away last time, but today you'll leave your life behind!"

Chen Yu couldn't be bothered to waste words with this person; since she was an enemy, his goal was to strike her down.

Boom!

Chen Yu wielded the Demon Flood Dragon Sword, slashing out a black blade light.

Seeing this, Senior Sister Yang immediately stepped back and lashed out with a whip shadow, shattering it.

Even though she was filled with resentment, at this moment she was severely injured and no match for Chen Yu and the Red Flame King.

If she let her anger cloud her judgment and fought a desperate battle with Chen Yu, it would most likely lead her down a path to death.

Under the concerted attack of Chen Yu and the Red Flame King, Senior Sister Yang kept retreating.

This scene was witnessed by the people of the Sky Wolf Realm, and they were all dumbfounded.

There, the strongest was Lv Jingguang, followed by Yan Gao, and then came Senior Sister Yang.

And now, Senior Sister Yang was being pursued by an unknown little soldier, looking wounded and pathetic—how could this be?

Not only the people of the Sky Wolf Realm were surprised, but the powerhouses from the other two realms who knew about Senior Sister Yang's strength and status were also taken aback and found it difficult to accept this sight.

"This kid..."

Yan Gao stared coldly at Chen Yu.

To this scene, he was not surprised, just somewhat unexpected.

He hadn't thought that Chen Yu was not only strong but also had a very impressive Fire Path Ancient Beast Spirit Pet.

He kept this in mind, that next time when he tried to kill Chen Yu, he would need to watch out.

Meanwhile, Senior Brother Wang from the Chi Hong Realm realized that getting revenge might be hopeless. The strength Chen Yu had shown was even a bit stronger than his own. Adding in that Ancient Beast Spirit Pet, he had no choice but to run.

"Kid, there's actually 'Melting Golden Flame' here."

The Red Flame King messaged Chen Yu.

"This is the Blood Star Realm. With the methods of that Alchemy Master, having a few True Fire Spirit Flames ranked low on the True Fire Spirit Flame List is not at all strange."

Chen Yu replied.

"That's not what I mean. I mean I want that 'Melting Golden Flame.'"

The Red Flame King said again.

"You, the grand Red Flame King, are interested in a True Fire Spirit Flame ranked three hundred eighty-sixth?"

Chen Yu teased.

"Better to have it than not."

The Red Flame King huffed.

"Do you have a plan?"

Chen Yu asked.

The powerhouses from the Three Realms were all vying for the Melting Golden Flame.

Chen Yu wouldn't make enemies with the strong from the Three Realms for the sake of the Red Flame King.

"You can't be of much help. It's all up to me," the Red Flame King mused.

Chen Yu rolled his eyes at him. He had just teased the Red Flame King, feeling a bit of pleasure, and now the Red Flame King retorted, squaring them up instantly.

"It won't be easy to snatch the Melting Golden Flame from under so many watchful eyes, but there's still a way."

"Beneath this valley lies a Red Fire Worm Ancient Beast on the verge of death. Maybe I can use it..."

The Red Flame King messaged Chen Yu his plan.

"There's actually a Red Fire Worm below!"

Chen Yu was slightly shocked inside.

And from the tone of the Red Flame King, that Red Fire Worm was incredibly powerful!

But this Red Fire Worm was on the brink of death, and to live a little longer, it had entered a deep slumber.

"I'll give you a hand, but whether it works out or not is up to luck."

Chen Yu agreed to help the Red Flame King.

Swallowing Cloud Demon Fist!

Chen Yu stimulated the fourth demonic pattern; his left hand glowed with black runes as he fiercely punched out.

Boom!

The huge black Demon Fist roared out, growing larger and larger, like a small mountain, crashing down on Senior Sister Yang.

In the confined space, faced with such a wide-reaching battle technique, Senior Sister Yang naturally couldn't dodge and had to withstand it.

Senior Sister Yang immediately unleashed a whip strike, weakening the blow.

Bang!

But as the Demon Fist shattered, it suddenly exploded, turning into a vast surging mass of black demonic clouds.

Senior Sister Yang hurriedly activated her True Essence Shield to resist the force of the blow.

Whoosh!

From within the black demonic clouds, suddenly shot out a blood-red Sword Qi, piercing under her ribs.

"Damn it..."

Senior Sister Yang cursed in anger.

As a surprise attack, the Yangming Sword Point was extremely effective.

This attack had strong penetrating power. Ordinary True Essence Protection Shields couldn't stop it at all, and once it hit, it completely penetrated, with life essence blood being burnt by the blood flame, rapidly ebbing away; the wound was also very difficult to heal.

"Flame Dragon Locking Body Technique."

Suddenly, the Red Flame King activated a secret technique.

Boom, boom, boom!

The flames in the valley boiled and tumbled wildly, a spectacle that shocked many, thinking a powerful being had arrived.

The surrounding flames quickly gathered into six flaming dragons, each launching an attack, biting toward Senior Sister Yang.

"Ah..."

Senior Sister Yang let out a terrible scream.

At this moment, she was firmly bitten all over by the six fire dragons, suffering unbearable pain.

Boom!

The six fire dragons took hold of Senior Sister Yang and flew out, heading for a lava trench, diving into it.

This scene caused many spectators to inhale sharply in shock, as the man and his pet were just too brutal.

Chen Yu was incredibly powerful, at the peak of the Middle Stage of the Guiyuan Realm, yet he possessed the strength of a Golden Emblem Holy Guard, and his Ancient Beast Spirit Pet was just as monstrous, with exceedingly strong fighting capabilities.

The two of them unfolded their powerful secret techniques, and Senior Sister Yang was utterly powerless to resist.

"Kid, you're seeking death!"

Lv Jingguang let out a piercing scream.

He had not taken Chen Yu seriously before, but now he committed Chen Yu to memory as one of the targets to be killed; if given the chance, he would definitely make Chen Yu's life worse than death.

But just at this moment.

Boom hoo hoo!

The ground trembled slightly, and a rumbling sound came from below.

"What's going on?"

Some sensed something was amiss, and others had already felt the whiff of danger.

Suddenly, magma surged up from the trenches in the distance, and the next moment a six-meter-long giant Red Fire Worm sprung out.

This scene caused everyone to widen their eyes in shock, as nobody expected there to be an even more powerful Red Fire Worm beneath the ground.

No one guessed that the appearance of this Red Fire Worm was due to the Red Flame King startling it awake with a special method.

"It's just a Red Fire Worm."

With so many people present, the terror of the Red Fire Worm lay in its group attacks; presumably, this single Red Fire Worm wouldn't be able to stir up much, right?

Of course, this was just speculation by the crowd, hoping...

Roar!

After emerging, the Red Fire Worm, upon seeing the situation before it, became enraged, and with a fierce slap of its tail, it whipped up a scorching surge of magma towards them.

Whoosh! Whoosh! Whoosh!

Numerous crimson liquid projectiles shot towards them like arrows.

In a flash, the valley was riddled with holes.

"Not good!"

A disciple from the Sky Wolf Realm at the peak of the Middle Stage of the Guiyuan Realm put up a protective shield, blocking a glob of magma.

But then the second and third globs struck.

Bang crack!

The shield shattered, and another glob of magma hit the man's body, instantly leaving a scorching deep pit and causing the man to scream like a ghost howling.

"Both of you, why don't we first kill this beast, then compete for the Rongjinyan?"

Lv Jingguang's brows creased slightly.

Before the people from Kunyun Realm and Chi Hong Realm could decide,

The Red Fire Worm this time was even more ferocious, tunneled into the magma, took a deep breath, and then flew up, spewing out.

Boom!

A huge column of magma was blasted out, instantly knocking two disciples aloft, scorching them black, dead beyond doubt.

The column of magma swept through, and everyone could only dodge.

Suddenly, the column of magma aimed for Lv Jingguang.

"Damn it!"

Lv Jingguang gritted his teeth in frustration, forced to evade.

He specialized in spiritual attacks and toxins, but this Red Fire Worm was at the Half-step Sky Sea level, with a lifespan nearing its end, its spiritual power profoundly deep.

Against this move of the Red Fire Worm, he truly had no recourse.

Bang!

The lava column swept over the Array around the Rongjinyan, causing it to show signs of damage.

Seeing this scene, the powerhouses from the Three Realms swarmed over, ready to snatch it.

But the Red Fire Worm leapt out, crashing towards them.

Ancient Beast Physique was known to be strong, and since the Red Fire Worm lived within magma, its body was scalding hot. Even Lv Jingguang dared not meet it head-on and could only evade.

Boom bang bang!

The whole valley changed beyond recognition due to the awakening and the intense fight of the Red Fire Worm. The valley cracked, and magma surged up.

"This Red Fire Worm's purpose is to defend this place to the death. Now that it is nearing death, it will fight with everything it has. These humans cannot handle it. They can only retreat for the time being!"

The instigator, the Red Flame King, said with a light smile.

As he had predicted, the powerful beings from the Three Realms, disrupted by the Red Fire Worm, were thrown into disarray and forced to retreat.

Faced with the frenzied Red Fire Worm, even Lv Jingguang was at a loss.

Suddenly, the Red Flame King dived into the magma.

As a Fire Qilin, he was naturally not afraid of magma.

Using the magma as a disguise, the Red Flame King got close to the Rongjinyan, unnoticed.

At this moment, while the Red Fire Worm was pursuing Lv Jingguang, the Red Flame King took the opportunity to bite down, breaking the Array, swallowed the Rongjinyan, and returned to the magma.

Because of the collapse of the Medicine King Valley, that area was covered up, and with the Red Flame King using the magma to cover his form, nobody noticed that the Rongjinyan had already been obtained by him.

Not long after, the Red Flame King emerged from the magma far away, coming to Chen Yu's side.

"Let's go quickly!"

The Red Flame King transmitted.

Chen Yu nodded. Having obtained the Rongjinyan, it was naturally best to leave.

A hundred miles away, Chen Yu and the Red Flame King entered a cave.

Once there, the Red Flame King immediately opened his mouth, and a ball of golden flames shot out from within.

"You little thing, you've burnt me to death!"

The Red Flame King immediately started cursing.

It turned out that the Red Flame King was in such a hurry because of the Rongjinyan inside him.

Boom hoo hoo!

The Rongjinyan transformed into a sea of fire with a torrential might, threatening to engulf Chen Yu and the Red Flame King.

It was of a high grade, and it also possessed a Flame Spirit within it.

"Insolence!"

The Red Flame King shouted vigorously, emitting an immensely powerful aura.

His former self was an unparalleled powerhouse, exuding the demeanor of a mighty figure in every action, and coupled with his current Holy Beast Physique, his presence was overwhelming.

The Rongjinyan seemed to be intimidated, trembling slightly as it began to shrink.

Hu!

Chen Yu waved his hand, releasing the Blood Crystal Flame. In both grade and quality, it surpassed the Rongjinyan.

Under their combined influence, the Rongjinyan was utterly subdued, obediently yielding.

Chapter 580: Sky-reaching Sect

In the cave, the Red Flame King began to refine the "Melting Gold Flame".

The process of refining a spirit flame was not like that of a spiritual artifact; it was much slower.

Seeing this, Chen Yu simply sat down cross-legged and began to cultivate.

He took out some precious materials he had gathered upon entering the Medicine King Valley. Although not as good quality as the Demon Claw Flame King Grass and Flame Light Grass, they were still quite rare.

After selecting a few, Chen Yu took out several precious materials that were useful to him at the moment, swallowed them, and then commenced his cultivation.

Meanwhile, at Medicine King Valley.

The powerhouses from the three major realms had temporarily retreated but did not leave. Instead, they were stationed nearby, waiting for reinforcements!

Five days later, two figures approached from afar and were still engaged in combat.

One of them, a middle-aged man dressed in blue robes, with an indifferent expression and dignified demeanor, was Yun Guangyin, one of the Law Enforcement Holy Guards of the Kunyun Realm!

The other, a woman in red garments, wore a charming smile. With a stretch of her jade fingers, nine flying swords simultaneously whirled out around her.

Yun Guangyin took out a crimson sword with dense mysterious patterns, radiating an astonishing might of a spiritual artifact.

Clang!

With a swing of the crimson sword, a shocking red sword light shot straight into the heavens.

With a single move, the searing sword Qi scattered, leaving the ground full of scars and wounds.

Afterward, they both landed near Medicine King Valley.

"Your strength is not bad, but if it were a battle to the death, the winner would surely be me!"

The woman in the red dress said with a smile.

"Oh? Your strength isn't that great either, where does this confidence come from?"

Yun Guangyin coldly retorted with a jeer.

"Brother Guangyin!"

Yun Fei'er got up and went over.

"Yun Guangyin!"

Chu Yu and the other Holy Guards quickly followed, their faces filled with reverence.

Previously, they had been suppressed by the people from the Sky Wolf Realm, but now that Yun Guangyin had arrived, they could finally stand tall.

"Senior Sister, you're here."

Senior Brother Wang and the others immediately gathered around the woman in red, giving the people from Kunyun Realm hostile looks.

Previously, the two major realms had joined forces because the Sky Wolf Realm was too strong. But now, each of these realms had a powerhouse on par with Lv Jingguang, so there was no need for an alliance.

Moreover, these two powerhouses seemed to have a grudge, so the previously cooperative teams quickly turned against each other.

"Senior Sister, this is Medicine King Valley, it should have a great connection to that legendary Alchemy Master..."

Senior Brother Wang briefed her on the situation here.

The Medicine King Valley was almost destroyed, but there were still many precious materials left.

More importantly, that mysterious cavern had not yet been opened.

The main reason was that Red Fire Worm, a creature at the half-step Sky Sea level, was guarding it, preventing them from entering as they could not defeat it.

After hearing Senior Brother Wang's words, the woman in the red dress seemed very interested.

Next, the three major forces joined forces and attacked the Red Fire Worm, starting a tremendous battle!

The Red Fire Worm fought to the death to protect the cavern and, with its life nearing its end, gave its all. Even Lv Jingguang, Yun Guangyin, and the woman in the red dress had to temporarily avoid its ferocity.

After half a day, the Red Fire Worm was finally dead.

But at this moment, Medicine King Valley was already in ruins; many precious materials were destroyed or buried in the battle.

After dealing with the powerful enemy, conflicts among the three forces erupted, all over the ownership of the cavern.

...

Six days had passed, and Chen Yu fully absorbed the medicinal effects of those precious materials, which significantly enhanced his cultivation.

However, he had recently advanced to the peak of the Middle Stage of the Guiyuan Realm. Consuming the Sky Sea Sacred Liquid and these numerous precious materials in a short period led to rapid increases in cultivation but caused his foundation to be unstable and even potentially affected his future potential.

Luckily, the Heavenly Demon Secret Pattern Record that Chen Yu practiced was extraordinary, and as long as he didn't eagerly rush to enhance his cultivation in the future, he could gradually eliminate these hidden risks.

"If the elixirs were specially concocted by alchemists to enhance cultivation, it would be much better."

Chen Yu couldn't help but sigh.

Elixirs specifically created by alchemists for cultivation enhancement had minor side effects or even none. Just like the Sky Sea Sacred Liquid that Chen Yu had previously consumed, it was the work of an alchemist, and using it for cultivation enhancement brought very small risks.

But alchemists were rare, and those who could concoct high-quality pills and medicinal liquids were even scarcer.

"If only I could get my hands on a Washing Spirit Pill, that would solve the problems in a short period!"

Chen Yu thought of a certain type of elixir.

Prodigies from great powers, with family resources for cultivation, could rapidly enhance their cultivation, and to avoid related issues, they would consume Washing Spirit Pills to eliminate hidden dangers.

However, Pills suitable for the Guiyuan Realm level were quite rare and not easy to come by.

Seeing that the Red Flame King was still refining the "Melting Gold Flame," Chen Yu took out the Spiritual Jade Fire Light Stone and summoned the "Blood Crystal Flame."

The Spiritual Jade Fire Light Stone contained pure Fire Dao and Heaven and Earth Primordial Qi, which could act as nourishment for the "Blood Crystal Flame," improving its quality.

One day, suddenly, two people intruded into the cave.

"There's someone here!"

One of the burly men became immediately alert.

They had just left Medicine King Valley, saw this cave, and intended to seclude themselves for a while to enhance their cultivation strength.

They did not expect someone to already be inside the cave.

"That's... the "Blood Crystal Flame," the "Melting Gold Flame"!"

A woman's voice was filled with astonishment.

Though it was dark inside the cave, those two flames were strikingly conspicuous.

Seeing two Innate Spiritual Flames at once, she was naturally shocked.

Moreover, the "Blood Crystal Flame" was of high rank and was listed in the top one hundred of the True Fire Spirit Flame List.

As for the "Melting Gold Flame," this type of spirit flame had appeared in Medicine King Valley, but after the three forces had killed the Red Fire Worm, they couldn't find the "Melting Gold Flame".

She couldn't help but wonder if the "Melting Gold Flame" had been secretly taken by someone already.

"Run!"

The burly man immediately urged, his voice somewhat anxious.

Inside Medicine King Valley, the powerhouses from all three major forces had set their sights on the "Molten Gold Flame."

Now that they had discovered this secret, others would not let them leave easily.

"It's too late!"

Chen Yu uttered a low shout, transforming into a pitch-black shadow streaking forth.

He struck with his palm, and the "Blood Crystal Flame" surged wildly from his palm center.

The burly man hacked down with his blade, but it was caught by Chen Yu's hand.

Boom!

The "Blood Crystal Flame" spread from both sides, continually attacking the two people.

"Run, Junior Sister!"

The burly man bellowed, his True Yuan erupting as he prepared to fight Chen Yu to the death.

Yangming Sword Point!

Chen Yu's right forefinger pointed out, releasing two successive blood-red flame sword points.

The first penetrated the burly man's abdomen, and the second struck through the thigh of the woman.

Boom!

The burly man unleashed an immensely shocking blade light.

Chen Yu drew the "Demon Flood Dragon Sword," slashing out with it.

Boom Bang!

With the explosion, the blade light was slowly devoured by the black Demonic Qi, and the burly man was sent flying backward, spewing a mouthful of fresh blood.

Chen Yu did not give the other side a chance to catch their breath, attacking once more.

These two were from the Chi Hong Realm, having discovered the "Molten Gold Flame," they would certainly publicize it, potentially attracting many powerful enemies to Chen Yu. It was better to silence them.

Boom! Boom!

Chen Yu slashed out two more swords, the raging sword light sweeping across.

The burly man blocked the first sword but failed to stop the second, dying on the spot.

"Mercy... My Lord, have mercy!"

The woman immediately prostrated on the ground, begging for mercy.

This burly man, who was stronger than her, had been slain by Chen Yu in an instant.

With her strength, especially injured in the thigh, she had no chance to escape.

"My Lord, spare this young woman's life, and from now on, I am willing to be your ox and horse, at your beck and call," begged the woman through gritted teeth.

"What's the situation in Medicine King Valley now?"

Chen Yu inquired.

"Medicine King Valley?"

The woman's eyes blinked in surprise but then quickly regained composure, "Medicine King Valley has now become a ruin..."

Chen Yu proceeded to ask a few more questions, to which the woman responded without hesitation.

"Can you spare my life, my lord?" the woman suddenly asked.

"Answer my questions!"

Chen Yu's face turned cold, with a killing intent surfacing in his eyes.

Startled, the woman promptly answered Chen Yu's questions.

"You may die now."

Hearing her answer, Chen Yu murmured lowly, his right forefinger suddenly pointing out, launching a blood flame sword light.

At close range, the woman had no chance to dodge; a bloody hole appeared on her forehead, and she fell dead.

In the Blood Star Realm, people from the other two realms were all enemies. Even the Holy Guards from Kunyun Realm might stab you in the back for profit.

Naturally, Chen Yu would not let the woman live to escape, allowing her to die directly.

From this person of Chi Hong Realm, Chen Yu learned that

The cave dwelling in Medicine King Valley had been breached.

But instead of any treasures inside, many incomplete alchemical formulas were etched on the walls.

Many alchemists deduced that Medicine King Valley was actually a place for a certain Alchemy Master to cultivate medicinal herbs, where he would extrapolate Elixir formulas in his spare time.

What's more, a senior alchemist inferred from the wall's formulas that the Alchemy Master who took over the Blood Star Realm had been concocting a Heaven and Earth Strange Pill that could break through realms and accelerate cultivation!

He estimated that if a Half-step Sea Level cultivator acquired this pill, it would increase their chances of breaking through the Sky Sea Realm by at least fifty to sixty percent.

Moreover, this Elixir was of a higher grade, targeting not the Sky Sea Realm but the Condensed Star Realm!

It was a Strange Pill of tremendous benefit to the strong practitioners of the Condensed Star Realm!

Upon this revelation, waves of commotion were stirred, and the news about the precious treasure quickly spread.

"This pill is extraordinary..."

Chen Yu exclaimed in amazement.

There was no mention of this pill's uses in the information provided by the Holy Land.

Likely, the other two realms were in a similar state of ignorance.

Now that this news has leaked, it will undoubtedly spark an even fiercer battle for its possession.

The essence of cultivation was to enhance one's cultivation, and that Heaven and Earth Strange Pill was a treasure in this regard!

In other words, even those with mediocre talents could potentially defy the odds and soar to great heights if they obtained this pill.

Previously, Chen Yu had not been particularly interested in this treasure, but now he too was eager to vie for it, despite his limited personal strength and slim hopes.

Furthermore, there were rumors that the geographical location of the Blood Star Realm's preeminent force, the Sky-reaching Sect, was most advantageous.

Currently, many were seeking the Sky-reaching Sect, and some had already discovered its location, heading that way.

"I still have to go check out the Sky-reaching Sect!"

Chen Yu thought to himself.

He sat cross-legged, continuing to use the "Blood Crystal Flame" to absorb the Spiritual Jade Fire Light Stone and enhance its quality.

A day later, the Red Flame King announced that he had successfully refined the "Molten Gold Flame."
