

Eternal Heart 591

Chapter 591: Approaching the Late Stage (part 2)

Sixth Grade Sky Sea Holy Liquid was indeed a powerful tonic for Chen Yu.

Chen Yu immediately activated the mysterious suction of his heart, accelerating the absorption of the medicine's effects.

Immediately, the speed of the medicinal power increased, rushing through all the meridians in Chen Yu's body.

Only his physique could withstand such a fierce onslaught of medicinal power.

Indeed, Chen Yu could have proceeded slowly and cautiously, but he was short on time and eager to enhance his cultivation level, so he gritted his teeth and persevered.

A day later, Chen Yu had absorbed and refined about fifty percent of the half cup of Sixth Grade Sky Sea Holy Liquid.

By then, Chen Yu had grown accustomed to the impact of the medicinal power and even felt it was nothing much.

Thus, he simply took out a "Crystal Yuan Pill" and swallowed it.

The Crystal Yuan Pill was capable of refining True Yuan and promoting advancement in cultivation level, similar to the effects of the Sky Sea Holy Liquid, with only some minor differences. Furthermore, taking the Crystal Yuan Pill had no lingering worries, which was precisely why the pill was so precious.

After swallowing the Crystal Yuan Pill, a powerful force burst forth within Chen Yu's body, flowing through all his meridians.

The effects of the Crystal Yuan Pill and the Sky Sea Holy Liquid did not conflict but were quickly absorbed by Chen Yu.

Normally, cultivators took a steady and firm approach to cultivation, Chen Yu's impatient method had significant drawbacks.

However, he possessed a Washing Spirit Pill that could resolve these drawbacks, so Chen Yu was not worried; he would focus on breaking through to the late phase first.

Outside.

The powerhouses of the Three Realms joined forces to fight against the Evil Corpse and solve the Array.

Comparatively, fighting the Evil Corpse was more dangerous.

Though the Half-step Sea Level Evil Corpse had left with the Sky Passage Sect Master, there were no Half-step Sea Level cultivators among those fighting the Evil Corpse.

Almost every day, there were casualties.

And the next day, new personnel would be replenished.

To the eight Half-step Sea Level powerhouses, these people were merely pawns in their quest for the ultimate treasure.

"Miss Yun, I didn't see Chen Yu."

Jiang Chen said blandly as he approached Yun Fei'er.

Yun Fei'er looked slightly stunned, then her face filled with disappointed anger.

Chen Yu was clearly injured, yet Shen Han insisted on having him face the Evil Corpse. Now it seemed he was more likely to be dead than alive.

But in her impression, Chen Yu was a mysterious and powerful figure; how could he have met with an accident so soon?

On the other side, Shen Han also received this news.

"Brother Shen, this kid is out of luck; he vanished on the first day, probably surrounded and killed by the Evil Corpse," said Deng Kuan, laughing nearby.

Chen Yu's disappearance brought him immense satisfaction.

"That's not necessarily the case; maybe he's hiding somewhere."

Shen Han's expression remained somber; without seeing the corpse, he would not readily presume a person's life or death.

"But, if he shows up again, I can use this as a reason to teach him a lesson."

Shen Han added.

Though he said this, Shen Han hoped more that Chen Yu was already dead.

"Brother Shen, how much longer until we can leave this damned place?"

Deng Kuan inquired.

Being trapped here, unable to go anywhere, surrounded by Evil Corpses, and worrying about the Sky Passage Sect Master obtaining the treasure and coming back to kill them...

These oppressive, nerve-racking days were incredibly draining on the spirit.

"It will probably take seven days!"

Shen Han looked deep into the distance.

At this moment, Array Masters were busy within the black palace, and some were busy at the boundary's edge.

Several Half-step Sky Sea powerhouses and other top experts were constantly attacking the weaknesses in the Array in the sky, weakening the Array's power.

Sky-reaching Sect was once the world's top force; its gate-protecting grand Array was extraordinary, and even after being abandoned for hundreds of years, it was not something that could be easily broken.

"Brother Shen, with Zou Wentian's skills, breaking through to the Sky Sea Realm shouldn't be a problem, right? If he breaks through, wouldn't solving this Array be easier?"

Deng Kuan inquired.

Although the book given by the Holy Land before coming here stated that after entering the Blood Star Realm, one should not rashly break through to the Sky Sea Realm.

But the reasons and consequences were not clearly stated.

"He certainly can break through, but not here."

Shen Han seemed to know something and responded.

"Why?" Deng Kuan was very curious.

"This time, the Sky Wolf Realm sent six Half-step Sky Sea individuals, and I heard that one of them started his retreat to hit the Sky Sea Realm as soon as he arrived."

"The result, after his breakthrough, was that he faced rejection from the entire world, triggering various crises wherever he went, and eventually, he had to reluctantly return to the Sky Wolf Realm."

Shen Han shared what he knew and his speculations: "The structure of this world is still very intact, and the master might be dead, but the Blood Star Realm still retains its original defense measures. Once a

foreigner with cultivation reaching the Sky Sea Realm appears, they will be rejected and targeted by the entire world!"

"That's so bizarre?"

Deng Kuan felt it was somewhat incomprehensible and strange.

However, it didn't have much to do with him as he was far from reaching the Sky Sea Realm.

Meanwhile, Chen Yu, engrossed in his cultivation, lost track of time.

His consciousness was completely focused on cultivation, his True Yuan Lake spinning rapidly and expanding continuously.

Four days later, Chen Yu had completely absorbed the medicinal effects of half a cup of Sky Sea Holy Liquid and the Crystal Yuan Pill.

"I'm very close to the Late Guiyuan Realm now."

Chen Yu slightly opened his eyes.

Compared to five days ago, his True Yuan Lake had expanded considerably, and his True Yuan had become more refined.

Logically, Chen Yu should have rested for a while, and it wouldn't take long for him to naturally break through to the Late Guiyuan Realm.

But he hesitated not at all, taking out the Demon Claw Flame King Grass and swallowing it in one gulp.

The medicinal effect of the Demon Claw Flame King Grass was extremely fierce; the moment he swallowed it, he felt as if a volcano had erupted inside him, a scorching hot power seething and flowing inside him.

At this moment, the impact of the Demon Claw Flame King Grass's medicinal power was several times more intense than that of the Sixth Grade Sky Sea Holy Liquid.

Instantly, Chen Yu's body became burning hot, steam emitting from his body, and he couldn't help but grunt a few times.

Although extremely uncomfortable, Chen Yu's cultivation level was indeed nearing the Late Guiyuan Realm.

Inside his body, his True Yuan Lake stirred crazily, becoming extremely turbulent.

"Taking this medicine with an unstable foundation can indeed lead to accidents, leading to a decline rather than an increase in cultivation."

So, most people who obtain the Demon Claw Flame King Grass will try to refine it into an elixir before taking it.

Buzz!

Chen Yu immediately activated the Secret Pattern Demon Body to strengthen his physique.

After activating the Demon Body, Chen Yu found that his resistance to the burning flames increased significantly, and the force of the flames even helped to temper his Secret Pattern Demon Body.

In this way, Chen Yu focused all his consciousness on refining his True Essence and advancing his cultivation, making it much more secure.

The sixth day.

Bang boom!

The array of the Sky-reaching Sect suddenly shattered.

"It's broken!"

"Success!"

The powerhouses of the Three Realms couldn't help but cheer.

"I didn't expect it to be a day earlier than we anticipated, which is great."

Shen Han revealed a faint smile.

"Let's go!"

Zou Wentian was the first to fly up, turning into a fiery red light, and he flew downward to start descending the mountain.

Following him, people from the Chi Hong Realm all rushed to descend.

Afterward, almost everyone began moving, swarming down the mountain.

"The Sky Passage Sect Master knows the location of the treasure, I wonder if it's still there after six days!"

"If the Sky Passage Sect Master gets the treasure, we can't do anything about him. Once he grows stronger, killing us would be as easy as flipping his hand, so I hope he hasn't succeeded."

"After descending the mountain, spread out to gather information, we must find out where the Corpse Dao True Essence in the Sky Sea Realm is!"

Various people continuously discussed, each more anxious than the last.

At the very end, Yun Fei'er looked back one last time at the ruins of the Sky-reaching Sect before also descending the mountain.

Six days had passed, and the array was broken. If Chen Yu was hiding, he should have come out by now.

So, there was only one possibility left: he was dead!

When everyone left the Sky-reaching Sect, the Evil Corpses there also began to move, all descending the mountain.

However, suddenly, in one of the buildings, a startling fluctuation of True Essence burst out.

Boom!

A powerful, domineering wave of demonic force rose to the sky, turning into a vast black demonic cloud. Inside it, something terrifying seemed to be present, continually rolling and devouring the Heaven and Earth Primordial Qi.

This scene attracted many Evil Corpses.

"What's going on here?"

An Evil Corpse at the Late Stage Guiyuan Realm Peak said in confusion, and entered the palace.

In the end, he discovered a closed secret chamber, from which intense and horrifying fluctuations emanated.

Time slowly passed, and the area near Chen Yu's closed-door cultivation had attracted five Evil Corpses.

Meanwhile, in the sky, the demonic cloud had transformed into a huge black vortex, its range swallowing Heaven and Earth Primordial Qi growing even more massive.

Inside the secret chamber, Chen Yu's True Essence Lake suddenly trembled violently, spinning rapidly like a vortex, slowly expanding.

Buzz!

At a certain moment, the True Essence Lake stopped expanding, and the spinning speed also slowed down significantly.

After a long while, the True Essence Lake returned to calm.

And the demonic force and strange phenomena between heaven and earth also disappeared.

"It worked!"

Chen Yu opened his eyes and exhaled a large breath of foul air.

Feeling his own power, Chen Yu found that his cultivation seemed not very stable due to too rapid an increase.

But he was not worried; a Washing Spirit Pill could solve this problem. However, Chen Yu didn't have time to take it right now; it was better to check the situation outside first.

Just as he opened the secret chamber, Chen Yu saw an Evil Corpse at the Late Guiyuan Realm stage.

Seeing Chen Yu was human, the corpse's expression turned extremely fierce, and it erupted with corpse energy, its claws reaching out.

"Both at the Late Guiyuan Realm stage, just how big is the gap?"

Chen Yu smiled faintly, activated his Secret Pattern Demon Body, operated his Demon Pattern True Essence, and threw a punch.

Bang boom!

The demonic Qi and corpse Qi exploded, sending a dark shadow flying out and crashing harshly in the distance.

Howl!

The Evil Corpse got up and roared madly.

Though it wasn't dead, its arms were broken by Chen Yu's punch.

Chen Yu's True Essence was stronger than the Evil Corpse's Corpse Dao True Essence, and his force broke its arms, making it hard to heal even as a zombie.

A same-tier Evil Corpse was crippled by Chen Yu with one punch, losing its ability to fight!

Roar!

The other Evil Corpses nearby furiously pounced, including one at the Peak of the Late Guiyuan Realm with long hair.

"Die!"

Chen Yu took out the Demon Flood Dragon Sword, executing the Devil Wind Sword Technique.

After swinging the sword over a dozen times, all the corpses except for the long-haired one were dead, and he himself was completely unharmed.

Demonic Sword Whirl!

Chen Yu continued wielding his black sword, a series of fierce demonic sword Qi rapidly shooting out, forming a vortex of demon swords.

Hiss hiss hiss!

The demonic sword vortex rushed towards the long-haired Evil Corpse, viciously slicing his body and tearing nearly a hundred wounds, completely severing both its arms.

"Die!"

Chen Yu executed the Demonic Qi Fierce Slash, splitting it in two with one sword; the Peak Late Guiyuan Realm Evil Corpse was dead.

A Peak Late Guiyuan Realm Evil Corpse was roughly equivalent to the strength of a normal Golden Emblem Holy Guard.

This meant that now, normal Golden Emblem Holy Guards facing Chen Yu had almost no resistance, and even among the top-ranked Holy Guards like Yun Fei'er and Yan Gao, Chen Yu still had a good chance of winning.

"Everyone's gone... I hope I'm not too late!"

Chen Yu glanced around, the great array was broken, and he quickly departed.

Chapter 592: Trio of Evil Wolf

Descending the mountain, Chen Yu suddenly remembered that he had mastered the fifth layer of the "Heavenly Demon Secret Pattern Record" and could employ the corresponding Demon Rune Secret Skill "Demon Dragon Shadow Control".

Clearly, it was a movement technique secret skill.

Just in time, Chen Yu took the opportunity to perfect his Demon Dragon Shadow Control on his way down the mountain.

Whoosh!

Chen Yu swiftly descended, his elegant movement technique carrying a hint of wild and overbearing authority.

At first, Chen Yu wasn't very skilled, even dangerously missing his footing a few times and nearly flying off course.

But after a while, he began to handle it with ease, his speed extremely fast as he descended, leaving behind a trail of black wind and demonic qi like the tail of a demon dragon.

After leaving Sky-reaching Peak, the most important thing was to find the others and gather relevant information.

Chen Yu had spent seven days breaking through to the late Guiyuan Realm; he didn't know on which day the others had left.

But the Sky Passage Sect Master left seven days ago, meaning that right now, that person might be in the process of acquiring a precious treasure or might have already obtained it.

Unknown to Chen Yu, after the Sky Passage Sect Master left, he discovered that Fang Yanling was following him, so a chase and battle ensued.

Knowing the location of Medicine King's tomb, the Sky Passage Sect Master certainly wouldn't share it with anyone else. Besides, Fang Yanling wasn't easy to deal with, having managed to escape from the Sky-reaching Array, the Sect Master decided to eliminate her.

Though not a match for the Sect Master, Fang Yanling's movement technique secret skill was profoundly advanced, but the Sect Master, possessing an Evil Corpse body, was less agile and could only match Fang Yanling in speed.

Thus, this caused a delay of two days.

As for Medicine King's residence, it was far from simple, filled with layers of prohibitions and many unknown dangers and mechanisms.

After all, Medicine King was an existence approaching the Condensed Star Realm, and even the casual prohibitions he set up were enough to keep the Sect Master busy.

Therefore, the actual situation wasn't as bad as Chen Yu had imagined.

"We must race against time."

Having left Sky-reaching Peak, Chen Yu soared into the sky and chose a random direction to fly quickly.

However, after flying for a long time, he couldn't find a single person, and his Golden Emblem Holy Guard Token didn't sense any other Holy Guards, which made Chen Yu somewhat frustrated.

While fretting, he suddenly spotted an Evil Corpse.

After the array around Sky-reaching Peak was broken, not only did experts from the Three Realms leave, but the Evil Corpses also descended the mountain en masse.

Chen Yu thought for a moment and then started following behind the Evil Corpse.

...

Blood Desolate Ridge, an infamous forbidden land renowned throughout the Blood Star Realm.

Rumors say that this place was the battleground of the two greatest powerhouses of the Blood Star Realm thousands of years ago.

After entering the Blood Star Realm, most people would first seek out map information and would have some understanding of Blood Desolate Ridge.

They didn't believe that such a dangerous place like Blood Desolate Ridge could possibly be Medicine King's dwelling.

But recently, rumors had spread that Medicine King's residence was indeed in Blood Desolate Ridge.

Behind a hillside, with a strong scent of blood wafting through the air, lay the dismembered corpse of a woman.

"I'm telling the truth, the treasure is in Blood Desolate Ridge."

A pale-faced man, already with a leg chopped off, looked bewildered at the three people in front of him, pleading for mercy.

"Brother, could this be fake or a trap? Blood Desolate Ridge is one of the most dangerous forbidden lands in the Blood Star Realm, a place with little chance of survival."

A plump man showed a worried expression.

Blood Desolate Ridge was marked as a highly dangerous forbidden land in some of the Blood Star Realm's records.

It was possible that one of the Three Realms deliberately spread such information to ensnare inhabitants of the other Realms.

"Who knows. If it's true, the three of us can't miss this opportunity."

A lean and sinewy middle-aged man licked his lips.

"We'll go take a look, and if anything's amiss, we can immediately retreat. Besides, the three of us from the Evil Wolf Trio aren't weak."

Another ugly man with an eye patch snorted coldly.

"The fame of the Evil Wolf Trio is widespread; with your great divine skills, surely you'll have a chance to seize the treasure."

The legless man immediately flattered them.

"Isn't that obvious?"

The man with the eye patch sneered, taking it as a matter of course.

Boom!

With a swing of his arm, a pair of black iron claws swept by, splitting the man's head open.

"Let's go!"

The thin man "Evil Wolf Boss" commanded with a cold voice.

Whoosh! Whoosh! Whoosh!

The three immediately took to the air, heading in the direction of Blood Desolate Ridge.

Blood Desolate Ridge was perpetually engulfed in a violent, bloody miasma, fraught with dangers, and lurking with ferocious spirits, fierce ghosts, and savage demon beasts.

At this moment, plenty of people were already at its periphery, each rushing into this perilous forbidden land.

Suddenly, three men with fierce expressions arrived at the scene.

"The Evil Wolf Trio!"

"Stay away from those three!"

Many nearby people showed an expression of fear upon seeing this trio and quickly avoided them.

The Evil Wolf Trio hailed from the Sky Wolf Realm, and all three had strong cultivation levels among the Inner Sect Disciples of Sky Wolf Hall, with the boss ranked third, the second ranked sixth, and the third ranked eleventh.

With their combined strength, unless they encountered a particularly large team or someone at the Half-step Sky Sea Realm, they could move unchallenged.

Unfortunately, these three were notorious for committing all sorts of evil deeds, murdering and looting with a brutal nature and a fondness for women. In no time, they gained infamy within the Blood Star Realm, causing solo cultivators who encountered them to turn tail and run.

"Heh, a bunch of cowards, are you really afraid we'd eat you?"

The man with the eye patch sneered, his one discerning eye glancing around, pausing on several women for a long while, causing them to retreat further.

"Let's go, let's have a look inside!"

The portly man said, ready to venture into Blood Desolate Ridge.

But just at that moment, amid the startlingly dim and bloody demonic wind, a figure clothed in white appeared, her posture graceful, her face exquisitely flawless, enough to make fish sink and wild geese fall.

Especially a woman of such stunning beauty, emerging from such wild and dangerous demonic wind, created a contrast of wildness and beauty that caught the eyes of many nearby men, making their hearts pound and their mouths water.

This woman was none other than Ye Luofeng.

Inside Blood Desolate Ridge, she had encountered many people from the Kunyun Realm and eventually learned from Yun Fei'er that Chen Yu might have already died at the Sky-reaching Sect.

Thus, she immediately left Blood Desolate Ridge, planning to search for Chen Yu at the Sky-reaching Sect; she refused to believe Chen Yu had just died like that.

"Big brother, so beautiful. She's the most beautiful woman I've seen on my journey to the Blood Star Realm, even more stunning than the Zi Yan lady from our Sky Wolf Realm."

The fat man's eyes were fixated on Ye Luofeng.

"The third brother is right, I agree."

The eye patch man's one eye gleamed with a lecherous light.

"What are we waiting for? Let's get moving," said the Blood Wolf Leader with a dry chuckle.

It was always his two brothers who were lustful, but this time, even he was intrigued by this woman.

"Not good, the Evil Wolf trio is making a move!"

"Alas, this woman really has bad luck, coming out just to run into the Evil Wolf trio!"

Many people around lamented with regret, yet none dared step forward to play the hero and save the damsel in distress.

"What do you want to do?" asked Ye Luofeng, staring coldly at the three men who had suddenly appeared before her.

"We don't want to do anything, we just want to 'do'," said the fat man with a lascivious grin.

"Exactly, want to 'do,' hahaha!" The eye patch man burst into laughter, patting the fat man's shoulder, thinking his words were perfectly delightful.

Ye Luofeng's eyes narrowed, her face as cold as frost.

Whoosh!

She suddenly drew her sword, swift as a thunderbolt, unleashing an astonishing Azure Darkness Sword Radiance that swept across.

The fat man and the one with an eyepatch grimaced, not expecting Ye Luofeng to act so decisively. Both were taken aback.

Boom!

The Blood Wolf Leader suddenly made his move, slapping out a pale and lifeless palm light that demolished Ye Luofeng's sword attack.

"Damn, the girl got away."

The fat man's body quivered, and he immediately pulled out a Meteor Hammer and smashed it towards her.

Ye Luofeng, seeing that the three men were not weak, had not intended to clash directly with them, so after preemptively striking, she immediately retreated.

Besides, she had other matters on her mind and had no time to waste here.

Clang!

Sensing a mass of black light attacking from behind, Ye Luofeng had no choice but to turn around and meet the attack with her sword.

"This woman's pretty strong!" exclaimed the fat man.

He was ranked eleventh among the Inner Sect Disciples of the Sky Wolf Hall.

And Ye Luofeng was just at the late stage of the Guiyuan Realm, a small realm below him, yet she could match him evenly—she was no ordinary individual.

In truth, after Ye Luofeng had obtained the remnants of the Sky Sea Will on Sky Sea Mountain, her strength had skyrocketed. If it were just the fat man alone, she was confident she could defeat him.

"Why so eager to leave?"

The eye patch man swung his Iron Claw, the five shadows of ghostly black light slicing through the air.

On the other side, the Blood Wolf Leader also made occasional moves, striking out with a palm.

Ye Luofeng found herself in the middle of a siege by the three men.

But their attacks weren't dense or fierce; otherwise, how could Ye Luofeng stand a chance against three late-stage Guiyuan Realm Peak fighters? She would probably be defeated within twenty moves.

"The Evil Wolf trio are not going all out. Are they planning to slowly torture this woman?"

"Damn, if only I were stronger, I would definitely deal with this bunch of bastards..."

Nearby people discussed.

Ye Luofeng sustained further injuries, making it difficult to escape, and her face suddenly turned cold and severe.

Immediately after, a powerful aura of Sword Dao erupted from within her, making her entire presence suddenly grow more formidable.

"Such a strong Sword Intent, what kind of technique is this?" The fat man felt a dangerous aura emanating from Ye Luofeng.

"If you don't leave, then let's fight to the death!" Ye Luofeng's voice was frigid and resolute, making one feel as if she were ready for mutual destruction.

"You think too highly of yourself," the Blood Wolf Leader sneered.

A woman at the late stage of Guiyuan Realm, no matter her trump cards, had no chance against the three of them.

Ye Luofeng's gaze dimmed slightly.

Though she had a trump card, she could not possibly kill the three late-stage Guiyuan Realm Peak opponents.

Ye Luofeng only intended to intimidate her adversaries, hoping that the enemy would realize they were outmatched and retreat. Who would have thought that these three men, so brazen and unyielding, would not back down?

Since that was the case, there was only one option left: a desperate fight!

She wasn't afraid of dying, she just didn't want to die here. If she could see Chen Yu one more time before her death, she would be satisfied.

And at that moment.

Whoosh!

A domineering black shadow appeared in the distance, dragging behind it a streak of black wind marked with demon runes like a dragon's tail.

Ye Luofeng looked towards the figure, her eyes widening in astonishment, a dazed expression crossing her face.

Chapter 593: Killing Two in Succession

Chen Yu followed the Evil Corpse for a distance, then he saw some cultivators. Upon inquiry, he learned news that King Wan Yao's residence was at Blood Desolate Ridge.

Although somewhat unexpected, he still hurried over.

Who would have anticipated, just as he arrived at Blood Desolate Ridge, he saw an injured Ye Luofeng.

Swoosh!

Chen Yu accelerated, the black dragon tail shadow trailing in the air grew longer.

In the blink of an eye, Chen Yu broke into the encirclement of the three Evil Wolf members, coming to Ye Luofeng's side.

At that moment, Ye Luofeng had multiple wounds on her body, her injuries were not light.

Fearing that if Chen Yu hadn't arrived in time, it wouldn't be long before she would die at the hands of these three.

Chen Yu supported Ye Luofeng and took out an elixir to feed her.

"Chen Yu...you're not dead?"

Ye Luofeng unconsciously grabbed Chen Yu, appearing extremely agitated.

She had previously thought it was merely her hallucination, but she really grabbed Chen Yu and even felt his warmth.

"...I'm here, am I not? How would I be dead?"

Chen Yu felt puzzled.

"They said you... I thought you were dead!"

Ye Luofeng's firm and cold expression suddenly softened and turned endearing, her eyes misting up as she suddenly embraced Chen Yu.

Chen Yu's body stiffened unexpectedly, never imagining that the usually cold and strong Ye Luofeng could act this way.

However, this was within expectations, after all, if Chen Yu hadn't appeared, Ye Luofeng might have died at the hands of the Evil Wolf trio.

At this moment, Ye Luofeng was like a wounded little bird, leaning against Chen Yu's chest.

Chen Yu couldn't help but place his hand on Ye Luofeng's back, looking towards the Evil Wolf trio with killing intent in his eyes.

"Kid, aren't you too arrogant, showing affection in front of us, the Evil Wolf trio?"

The fatso immediately shouted.

He hadn't expected such a beauty to already have someone.

But this was of no consequence, just kill her protector, and all would be well.

"Hehe, we've already killed a couple before, and in front of the guy, we tortured the girl to death. Kid, how about it, aren't you looking forward to it? Hahaha!"

Eye Patch Man laughed sinisterly.

Although surprised that someone dared to intervene and become their enemy,

Chen Yu's cultivation was only in the Late Guiyuan Realm, how much stronger could he be?

However, Blood Wolf Leader watched Chen Yu closely, feeling an extraordinary presence about him, yet unable to pinpoint exactly what it was.

"How cruel, the Evil Wolf trio truly lacks humanity."

"It's a pity this kid is so foolish to rush in like this; he's simply seeking death."

The people nearby did not expect someone to attempt a heroic rescue, but feared it would be a futile effort.

"Court death!"

Chen Yu snorted coldly, his intent to kill chilling.

His cultivation was of the demonic path, and he had no compassion for those who deserved death.

"The kid sure likes to show off his abilities, let me tell you how stupid your actions are right now."

"Big brother, second brother, let me handle this kid!"

The fatso glared at Chen Yu with disdain, deciding to personally teach Chen Yu a lesson.

Boom!

He swung his arm, and the black giant hammer whistled as it was hurled, smashing toward Chen Yu with a fierce gale.

He possessed Innate Divine Strength, and this Meteor Hammer was extraordinarily heavy. Coupled with his cultivation realm being one minor level higher than Chen Yu, this strike would likely injure Chen Yu.

But the next moment shocked him.

Peng!

Chen Yu extended one hand, his pitch-black palm glowing with a faint light like metal, astonishingly blocking the Meteor Hammer single-handedly.

He himself was as steady as Mount Tai, and Ye Luofeng was still comfortably leaning against him, unaffected.

Ye Luofeng also realized she had lost her composure, her delicate face turned slightly red as she moved away from Chen Yu's chest.

Meanwhile, Chen Yu raised his other hand and executed a Xuankong Palm.

Boom!

A massive dark grey palm light, like a small hill, crashed forward.

The fatso couldn't retrieve his weapon no matter how hard he tried, and he sensed an unavoidable feeling about Chen Yu's palm strike.

The Eye Patch Man and the Blood Wolf Leader initially didn't take it seriously, as Chen Yu's palm strike didn't seem powerful.

But they watched as the fatso failed to dodge and got hit by the Xuankong Palm.

Boom-pang!

The fatso's body was flung backward, spitting out a mouthful of blood.

Swoosh!

Chen Yu tossed away the Meteor Hammer, employed the Demon Dragon Shadow Control, turned into a black shadow, and in an instant, appeared in front of the fatso.

Boom!

Drawing the Demon Flood Dragon Sword, a surge of overwhelming and aggressive sword waves roared forth.

Chen Yu appeared too quickly, and the fatso couldn't react in time. As such a ferocious attack descended upon him, his plump body trembled with fear.

He hurriedly mobilized his True Essence to defend.

Boom-pang!

The violent demonic light hammered down, instantly shattering the True Essence Shield, a terrifying force descended upon the fatso.

"Stop!"

At this moment, the Blood Wolf Leader's shout rang out.

The previous few moves already indicated that Chen Yu's strength was extraordinary, a peer to his own.

Thus, he clearly understood that Chen Yu had the capability to kill the fatso.

Chen Yu would certainly not heed the words of the Evil Wolf Boss.

He aimed his right index finger at the fatso's forehead, shooting a blood-light Sword Qi, it was the Yangming Sword Point.

Pfft!

At such a close distance, in almost an instant, a bloody hole appeared in the fatso's forehead.

He then fell to the ground, stone-dead.

After killing one person, Chen Yu turned his gaze to the Eye Patch Man and the Blood Wolf Leader, the murderous intent in his eyes undiminished.

And all around fell into silence.

Some onlookers thought that Chen Yu would be instantly killed by the trio of Evil Wolves.

Yet, within just a few breaths, the youngest of the Evil Wolf trio was easily slain by Chen Yu, demonstrating overwhelming strength!

"Big brother, let's join forces and kill this kid to avenge our third brother."

Eye Patch Man immediately cried out.

This all happened too quickly for him to even react.

Not only had Chen Yu foiled their plans, but he had also slain the fat one, damaging the reputation of the Evil Wolf trio.

Now, with fury burning in his heart, Eye Patch Man wanted nothing more than to kill Chen Yu.

The Evil Wolf Boss was the third-ranked Inner Sect Disciple in the Sky Wolf Hall, and he was ranked fifth. Together, why would they fear not being able to kill Chen Yu?

Swoosh! Swoosh!

The two did not need to communicate and attacked instantly.

The Evil Wolf Boss appeared on Chen Yu's left, releasing a gloomy and lifeless palm of darkness.

Eye Patch Man swung his Iron Claw, raising five black wind light marks.

Swoosh!

Chen Yu's figure suddenly leaped up, dragging a dragon tail phantom, and dodged the sudden attack from the pair.

"I'll kill you first."

Chen Yu moved and rushed towards Eye Patch Man.

Compared to the Evil Wolf Boss, this man was slightly weaker and easier to kill.

Hiss!

Eye Patch Man once again unleashed five black wind light marks and retreated backward.

He felt that Chen Yu was stronger than him but was not concerned. With the Blood Wolf Leader there, if Chen Yu recklessly tried to kill him, the Evil Wolf Boss would certainly kill Chen Yu. He believed Chen Yu was not foolish enough to do such a thing.

However, he thought too much.

Facing the attack of the Evil Wolf Boss, Chen Yu used Demon Dragon Shadow Control to dodge, and when he couldn't dodge, he would use the Demon Scale Armor for defense.

With Chen Yu's defensive power, he really didn't need to worry about anything. Even if he was injured by the opponent, it wouldn't be a big deal.

Boom! Boom! Boom!

Chen Yu's hands wielded the Demon Flood Dragon Sword furiously, its sword momentum growing stronger and stronger.

After breaking through to the Late Guiyuan Realm, Chen Yu's Demon Pattern True Essence was incredibly strong. In addition, with the Demon Flood Dragon Sword, a top mid-grade Spiritual Artifact, Chen Yu's attack was powerful, completely overpowering the second member of the Evil Wolf trio, forcing them from offense to defense.

But Eye Patch Man was not skilled in defense, and he had already sustained internal injuries.

He wanted to escape, but Chen Yu's Demon Dragon Shadow Control was astonishingly fast, making escape impossible.

"Silent Annihilation Black Palm!"

The Evil Wolf Boss, seeing Chen Yu's impressive defensive power and that Eye Patch Man was struggling to hold on, instantly executed his killing move.

The dark palm light flew out, emitting an aura of annihilation that felt startling at a glance.

"Heavenly Immortal Flying Sword."

Just then, Ye Luofeng made her move from the side.

Boom!

The sword technique, full of mysterious and impressive force, struck the gloomy palm light, and the two forces exploded together.

In the end, although the Blood Wolf Leader's attack was victorious, it was rendered meaningless.

Seeing that Ye Luofeng had taken care of his rear, Chen Yu immediately intensified his offense.

Demon Light Sword Spiral!

Chen Yu thrust more than a dozen swords in quick succession, forming a vortex of the Demon Sword, swirling out to kill.

Eye Patch Man, seeing this, had his hair stand on end and immediately took out a piece of broken ancient jade and poured True Yuan into it.

The ancient jade erupted with a powerful force of True Yuan, surging like tidal waves to stand in front, actually neutralizing Chen Yu's Demon Light Sword Spiral.

But the next moment, the broken ancient jade became dull and lightless, its energy obviously depleted.

"Struggling in vain!"

Chen Yu gathered power in his heart, amplifying his strength.

Boom!

One sword slashed down, instantly shattering the True Yuan protection.

Eye Patch Man's arm went numb, and his body flew backward.

Demonic Qi Saber Slash!

Chen Yu executed another sword technique, equally formidable under the heart's charged power.

At this moment, Eye Patch Man was already at the end of his strength, his attacks lacking in power compared to Chen Yu, and he was not good at defending. Moreover, he couldn't run away.

On the other side, Ye Luofeng was blocking the Evil Wolf Boss, trying to prevent him from attacking Chen Yu.

"Kid, if you don't stop now, I will kill your female companion!"

Feeling troubled, the Evil Wolf Boss immediately cried out.

After speaking, he left Chen Yu behind and attacked Ye Luofeng.

"You dare!"

Chen Yu's heart burst with power, greatly increasing his speed and strength. He suddenly closed in on Eye Patch Man, startling him to the point of sweat.

Boom!

With a horizontal slash, the violent Demon Pattern True Essence barraged forward, exploding and blowing a bloody hole in Eye Patch Man's chest, visibly revealing the organs inside.

With the explosive power from his heart, Chen Yu became even more fierce.

Hiss!

He thrust another sword forward, piercing through Eye Patch Man's heart.

Originally, Chen Yu thought that killing Eye Patch Man would take some time, as the opponent was ranked fifth among the Inner Sect Disciples of the Sky Wolf Hall and had his strengths and tactics.

However, the Evil Wolf Boss's provocation had angered Chen Yu, who now used his trump card and instantly killed Eye Patch Man.

Now, only the Evil Wolf Boss was left from the Evil Wolf trio.

Seeing this scene, the Evil Wolf Boss's heart shook.

Even he would find it difficult to kill Eye Patch Man without using poison or a surprise attack.

This proved that Chen Yu's strength far surpassed his own.

Moreover, with Ye Luofeng also present, continuing the fight meant certain death.

With that in mind, the Blood Wolf Leader dove into the Blood Desolate Ridge.

"Follow him!"

Chen Yu would not easily let go of the Blood Wolf Leader.

Moreover, he also wanted to enter the Blood Desolate Ridge and uncover its secrets.

Once the three of them had entered the Blood Desolate Ridge, the other people nearby were astounded that the Evil Wolf trio had fallen to someone at the Late Guiyuan Realm, with even the Blood Wolf Leader fleeing in a pitiful state.

However, the present focus was not on this. The key point was whether the residence of King Wan Yao really lay within the Blood Desolate Ridge.

Chapter 594: Medicine King Mansion

Blood Desolate Ridge was forever shrouded in a strong stench of blood and evil winds, inhabited by many fierce spirits, demon beasts, and ghosts; it could be considered extremely dangerous.

Had it not been for the rumors that Medicine King's residence was within Blood Desolate Ridge, none would have ventured deep into it.

When Chen Yu and Ye Luofeng entered Blood Desolate Ridge, their vision was greatly obstructed. Ye Luofeng immediately erected a True Essence Shield to avoid being affected by the bloody and violent evil winds.

"Let him get away."

Chen Yu uttered a low hum.

After entering, their vision was greatly impaired, and finding a person was no easy task.

"Let's go, let's explore the inside of Blood Desolate Ridge," Chen Yu said.

"The 'Medicine King Mansion' is inside; let's go there and compete for the opportunity first. If we run into the Blood Wolf Leader, we'll deal with him then."

Ye Luofeng said with a light smile.

"Is Medicine King's residence really inside?"

Chen Yu couldn't help but ask. By now, such news rarely proved false.

With Ye Luofeng so certain in her statement, it was almost certain.

What surprised Chen Yu was how she knew this.

In fact, Ye Luofeng had arrived just outside of the Medicine King's residence from the start, but when she heard that Chen Yu might have died at Sky Passage Sect, she left Blood Desolate Ridge.

About this, Ye Luofeng did not elaborate much.

On their journey, Chen Yu and Ye Luofeng did not encounter much danger, at most facing some early and mid-stage Guiyuan Realm fierce ghosts and demon beasts, which they easily resolved.

"It doesn't seem as dangerous as recorded in the ancient texts," Chen Yu guessed. Perhaps Medicine King had cleared Blood Desolate Ridge of its vicious beings when establishing his residence here.

Soon, a vast dark yellow light curtain appeared before them, inside of which was a beautiful and ancient architectural scene.

At a spot outside the dark yellow light curtain, a giant stele stood, inscribed with the words "Medicine King Mansion"—the handwriting identical to that on the stele of Medicine King Valley from before.

The residence of Medicine King was really here!

Since the buildings were surrounded by Arrays, the interior was not affected by the bloody evil winds outside and remained pristine. Compared to the outside desolate lands, it was truly a paradise.

The Array of the Medicine King Mansion was highly advanced; Chen Yu estimated that even his ancient Token might not break through it.

However, Chen Yu and Ye Luofeng suddenly discovered a man not far away—it was the Evil Wolf Boss—he had actually penetrated the Array and entered inside.

"It's those two!"

After the Evil Wolf Boss entered, he immediately flew away and vanished without a trace.

Chen Yu and Ye Luofeng reached the place where the Blood Wolf Leader had just entered and found the Array at this location was particularly weak, still bearing a remnant of corpse qi.

Clearly, this was the Array entrance broken by the Sky Passage Sect Master when he entered, no wonder the Blood Wolf Leader was able to penetrate it.

"Let's go!"

Chen Yu and Ye Luofeng burst into the inside, by now the traces of Blood Wolf Leader were nowhere to be seen.

After entering, they immediately felt an incredibly dense Heaven and Earth Primordial Qi, several times richer than even the Sky-reaching Sect, and not even comparable to Kunyun Sacred Land.

Beyond that, a rich fragrance of vegetation permeated the air.

"Indeed worthy of being Medicine King's residence, truly extraordinary," Chen Yu couldn't help but rejoice.

All the buildings and precious materials here were guarded by Arrays.

For instance, the crystal green tree before Chen Yu bore oval-shaped translucent fruits, known as Green Origin Fruits, excellent for healing and able to enhance one's life level.

However, the tree was guarded by an Array. Chen Yu tried to break it with the ancient Token but failed, and thus gave up.

After all, the Green Origin Fruit was not so precious to Chen Yu as to warrant wasting time here.

As they walked on, Chen Yu and Ye Luofeng discovered many precious materials, but the higher the grade, the stronger the guarding Array.

At the peak of his power, nearing Condensed Star Realm, the Arrays Medicine King left behind were naturally extraordinary.

At one moment, Chen Yu and Ye Luofeng discovered a palace unguarded by Arrays. However, entering it revealed that valuable items inside had been taken already.

"It seems we're a bit late, but that's probably fine,"

Chen Yu sighed.

The more easily accessible precious materials in the Medicine King's residence had definitely been taken by the Sky Passage Sect Master and that lady in green, Fang Yanling, among others.

Whoosh! Whoosh!

Chen Yu and Ye Luofeng sped up, flying towards the center of the cluster of buildings.

Right then, from afar came a massive tremor and intense flames reaching towards the sky, causing the fiery clouds above to churn endlessly.

This spectacle startled many, who rushed towards the area.

"Over there."

Chen Yu and Ye Luofeng also hurried over.

On their way, they encountered a three-person squad from Kunyun Realm.

"Ah, the Blood Star Holy Pill is surely beyond our reach; might as well gain some other benefits within Medicine King Mansion."

The leading elder sighed, disregarding the anomaly and focusing on the Mansion's treasures instead.

But upon seeing Chen Yu and Ye Luofeng passing by, they couldn't help but mock, "Merely two late Guiyuan Realm individuals aspire to win the Blood Star Holy Pill, truly courting death."

In this treasure competition, the emergence of a Sky Sea Realm Sky Passage Sect Master and many Half-step Sky Sea Realm Evil Corpses made for formidable opponents.

Beyond that, there was also a mysterious lady in green, stronger even than the number one Half-step Sky Sea individual from Chi Hong Realm, Zou Wentian, not someone to be taken lightly.

In such a scenario, ordinary late Guiyuan Realm individuals were insignificant, and going there was tantamount to suicide.

At the center of the Medicine King architectural forest.

A giant Dark Gold Medicine Cauldron stood at the heart of a grand, dark gold palace. Adorned with ancient patterns, the cauldron alone emanated an invisible deterrence.

A red, peculiar fragrance wafted from above the medicine cauldron. A single whiff made one feel completely relaxed, mind utterly clear and peaceful.

When the Sky-reaching Sect Leader, Fang Yanling, and Zou Wentian, along with others, arrived here.

Boom!

From within the dark gold cauldron, suddenly burst forth a blood-red glow, accompanied by an astonishing aura that pulsed in all directions.

That strange fragrance grew even more intense, causing everyone to take deep breaths. A few even found that the True Essence Lake within their bodies had stabilized somewhat.

"This aura... it must be the Blood Star Holy Pill!"

The Sky-reaching Sect Leader was ecstatic.

At the same time, he was also infuriated because Fang Yanling and the powerful beings from the Three Realms had followed them.

Initially, he could do nothing against Fang Yanling, so he allowed Fang Yanling to follow.

However, knowing that she couldn't confront the Sky-reaching Sect Leader and the numerous Evil Corpses of Half-step Sky Sea Realm on her own, she had simply spread the information and also notified her brother, "Fang Yan Yu"!

"Hehe, getting the Blood Star Holy Pill won't be easy, I might as well make use of you all first."

The Sky-reaching Sect Leader sneered inwardly.

Everyone approached the dark gold medicine cauldron slowly.

Just then, from a huge pit beneath the cauldron, suddenly burst forth intense flame light, along with a domineering bloodline suppression.

"Such a strong bloodline? What is it?"

The mighty beings from the Three Realms were startled.

Suddenly, a resonating cry echoed from within, and then they saw a surging torrent of flame light rushing out from beneath the cauldron.

The next moment, a crimson figure appeared at the top of the great hall, with massive flame wings flapping continuously, filling the entire great hall with fire.

It was a gigantic Fire Bird with three fiery tails and a pair of golden wings. The bird looked down indifferently from above, its terrifying bloodline power accompanied by the fluctuations of the Sky Sea Realm level, spreading out.

However, around the Fire Bird's neck was bound by a pitch-black chain that extended into the deep pit beneath the cauldron.

"The Golden Winged Phoenix!"

Fang Yanling called out.

The Golden Winged Phoenix was a legendary Holy Beast!

The many strong beings from the Three Realms were shocked beyond words, not expecting the location of the Blood Star Holy Pill to harbor such a mighty Holy Beast.

If it weren't for the Sky-reaching Sect Leader and Fang Yanling, with their strength, they would not have been able to deal with this Holy Beast.

"Thank goodness, this Golden Winged Phoenix is bound by the 'Beast Taming Chain' from Medicine King, its strength restrained. Otherwise, just this Golden Winged Phoenix alone would be enough to wipe us all out," said the Sky-reaching Sect Leader.

Alchemists, in addition to their own True Fire Spirit Flame, would sometimes use the flames of fierce Fire Dao beasts to aid in Alchemy, which was much more efficient and time-saving.

The Sky-reaching Sect Leader remembered that Medicine King once had three Golden Winged Phoenixes, and now only a weaker one had appeared, the other two were likely dead.

After all, it had been five hundred years since the death of Medicine King.

A Sky Sea Realm level Holy Beast's lifespan does not exceed a millennium, and this Golden Winged Phoenix was probably nearing its end as well.

Nobody questioned the Sect Leader's words. Zou Wentian felt an extremely dangerous aura from the Golden Winged Phoenix, and if it weren't for the Sky-reaching Sect Leader being there, along with their large numbers, he wouldn't dare to covet the Blood Star Holy Pill.

"Noble Golden Winged Phoenix, Medicine King has died. How about you hand over the Blood Star Holy Pill to me, and I promise I will help free you from the Beast Taming Chain in the future," the Sky-reaching Sect Leader transmitted his voice secretly.

If he could cooperate with the Golden Winged Phoenix, not only would the Sky-reaching Sect Leader not have to worry about Fang Yanling and other strong beings from the Three Realms, he could also obtain the Blood Star Holy Pill very smoothly!

"Hmph, hand it to you?"

The Golden Winged Phoenix let out a laugh.

It wouldn't be long before it could break free from the Beast Taming Chain, and then the Blood Star Holy Pill would be its own.

It hadn't expected, however, that humans would find this place at this time.

In its eyes, these humans were here to disrupt its plan.

Besides, after being bound by Medicine King for hundreds of years, it had accumulated endless rage, and now it exploded with all its might.

Boom!

With a sudden flap of its wings, a world-shaking storm of fire erupted.

...

Chen Yu and Ye Luofeng, sensing the astonishing phenomenon, hurried toward that location.

Just at that moment, not far away, a figure flickered—it was the Evil Wolf Boss, seeming to be heading to the same place.

"Where do you think you're going!"

Upon seeing him, Chen Yu's murderous intent surged forth.

The Evil Wolf Boss, in flight, saw Chen Yu and Ye Luofeng closing in and was momentarily startled, immediately taking flight to escape.

But in terms of speed, he was clearly no match for Chen Yu.

Just as he was about to be caught by Chen Yu, the Blood Wolf Leader had no choice but to take a detour, using an Array to block Chen Yu's attack.

"Damn it..."

The Evil Wolf Boss fled in a panic.

If it wasn't for the complex terrain and the many formidable Arrays here, he would have been caught by Chen Yu long ago.

Suddenly, the Evil Wolf Boss saw at a distance, in front of a lake, four individuals from Chi Hong Realm gathered; one of them held an Array Plate, performing spells.

The other three executed a Sword Array, with continuous and relentless Sword Dao attacks, striking out with terrifying force.

Boom!

At one moment, the Array Barrier around the lake was breached by the four of them, tearing open a large gap.

Their faces lit up with joy.

"Someone's approaching!"

But suddenly, the leading golden-robed woman turned around and coldly shouted, her piercing eyes focusing on the Evil Wolf Boss.

Chapter 595: Heavenly Jade Bamboo

Evil Wolf Boss knew that the treasures here were protected by arrays.

Some arrays were weak and easy to crack, and the treasures protected by them had already been taken by the first ones to enter this place, including the Sky-reaching Sect Master and Fang Yanling.

At this moment, he saw a group break through the array encasing a "Treasure Lake", and Evil Wolf Boss definitely envied them.

Inside the Treasure Lake were various precious materials, including the "Heavenly Water Black Lotus" which promoted cultivation and the "Moisture Spirit Flower" imbued with the essence of the Water Path and healing effects...

In the center of the lake was a plant that was entirely crystalline green, with spiritual light flowing inside and surrounded by a green mist, indicating it was no ordinary object, though the Evil Wolf Boss did not recognize it.

"Damn, if the second and the third hadn't died, we three brothers could have shared a piece of this."

Evil Wolf Boss felt bitter and angry in his heart.

The group of four in front of him was very powerful, especially the lead woman in golden clothes, who was considered the strongest under the Half-step Sky Sea Realm in the Chi Hong Realm, "Zhao Ru."

The other three were not weak either.

If the Evil Wolf trio were all present, they wouldn't have had to fear them much, but unfortunately, now only the Blood Wolf Leader was left.

However, Evil Wolf Boss thought of Chen Yu and Ye Luofeng, who were chasing him, and quickly came up with an idea.

"Get out, or die!"

The woman in golden clothes, Zhao Ru, commanded coldly. She looked plain and even somewhat fierce at the moment.

Evil Wolf Boss sensed a hint of danger from Zhao Ru; her strength was similar to that of Yan Gao, the top Inner Sect Disciple in the Sky Wolf Hall.

In that moment, Chen Yu and Ye Luofeng arrived and saw the situation.

"Brother Chen, previously we three brothers offended you, but your female companion is unharmed. Both my brothers were killed by you, let's just let bygones be bygones."

"It's rare to come across such an opportunity. This team's leader named Zhao Ru is extremely powerful. If we three temporarily join forces, we can at least share thirty to forty percent of the treasures in the lake."

Evil Wolf Boss quickly transmitted his voice to Chen Yu.

This was his strategy.

He believed that before the face of benefits, even enemies could become friends.

If Chen Yu insisted on killing him, it would mean giving up this chance, and no smart person would make such a choice.

Meanwhile, Zhao Ru's group also watched Chen Yu, Ye Luofeng, and Evil Wolf Boss, both sides stayed silent and didn't make a move, but the atmosphere was extremely tense.

"Sister Zhao, what should we do? We've endured so much hardship to break the lake's array."

A woman transmitted her voice asking.

"Heh, the only one strong here is Evil Wolf Boss, the other two are just at the Late Guiyuan Realm, even if they team up, they are no match for us."

Another man in yellow clothes chuckled lightly.

Evil Wolf Boss was well-known for his ferocity, and he'd also heard about it.

"Wrong, the other two are not to be underestimated; they're far more dangerous than Evil Wolf Boss!"

Zhao Ru coldly transmitted her voice.

Just now, it was clear Evil Wolf Boss was fleeing hastily while Chen Yu appeared indifferent with a strong intent to kill, and Ye Luofeng was the chaser.

Moreover, Chen Yu gave Zhao Ru the impression that he was not just an ordinary Late Guiyuan Realm cultivator.

If Evil Wolf Boss teamed up with Chen Yu and Ye Luofeng, they could only collaboratively target the treasures in this lake.

She hoped she was overthinking, hoped that Chen Yu and Ye Luofeng were pushovers.

"Fine, since that's the case, let's temporarily form an alliance."

Chen Yu agreed with Evil Wolf Boss.

"Haha, smart man!"

Evil Wolf Boss was inwardly delighted and praised Chen Yu.

This time, not only the crisis of being pursued was resolved, but he'd also gain quite a few treasures.

Later, as long as he escaped early, he could completely rid himself of Chen Yu.

Zhao Ru's group, seeing Chen Yu and Ye Luofeng slowly approaching Evil Wolf Boss, understood that the three had allied.

"The array protecting this lake was broken by the four of us; if you want a share of the gains, we're not opposed, but we take sixty percent and you get forty!"

Zhao Ru spoke directly and firmly.

"Okay!"

Evil Wolf Boss agreed readily.

He was very happy to get benefits and avert the crisis, and naturally wouldn't argue over these, especially since the split seemed fair.

"No, I want fifty percent!"

However, a domineering voice came from the side, and it was Chen Yu speaking.

"You've done nothing and want fifty percent? Aren't you being too greedy?"

A woman from Zhao Ru's team immediately rebuked.

"Brother, forty percent is already good."

Evil Wolf Boss didn't expect Chen Yu to be so greedy and spoke up.

"Zhao Ru is considered the strongest just under the Half-step Sky Sea in Chi Hong Realm, her strength is extraordinary, and they have four people here, and it was them who broke the array..."

Evil Wolf Boss tried to persuade.

Zhao Ru's team's man in yellow clothes, seeing even the well-known fierce Evil Wolf Boss concede, felt somewhat proud and inwardly cursed Chen Yu for his audacity.

Zhao Ru and others weren't in a hurry, letting Evil Wolf Boss and Chen Yu talk, the best outcome for them would be if their negotiation failed.

But no one expected,

As Chen Yu talked with Evil Wolf Boss, he suddenly pulled out his weapon, activated his True Yuan, and attacked Evil Wolf Boss.

"Chen Yu..."

Evil Wolf Boss was shocked, having not expected Chen Yu to suddenly strike at him.

It seemed now that Chen Yu had only pretended to ally with him, his real intent was to kill him.

This was simply illogical; under normal circumstances, he should have conspired with Chen Yu for the treasures and dealt with their personal grievances later.

Did Chen Yu not want the treasures here anymore?

Boom!

A sword fell, and with Evil Wolf Boss caught off guard and too close to dodge, his only option was to release his True Yuan to form a protective barrier and block the attack.

Zhao Ru's group watched, with varying expressions of surprise and delight.

The fight among these three was advantageous for them.

If these three were both significantly harmed, they could reap the benefits of the fishermen; if one side died, the surviving side must still pay a price, and then, what leverage did the survivors have to conspire for the treasures in the lake with them?

But at that moment, a burning powerful bloodline was released from inside Chen Yu's body. His whole body bore golden scales, his eyes turned red, and his physical strength increased immensely.

Boom!

Chen Yu activated his Red Jiao Bloodline, greatly enhancing his attack power, which the Evil Wolf Boss struggled to withstand, causing his body to bend downwards.

That was not the end; Chen Yu had also released the Red Flame King.

Boom!

The Red Flame King opened its mouth and spewed out a gigantic fireball, from which the Evil Wolf Boss could not escape.

Boom!

An explosion sounded, and black fire-filled winds wreaked havoc.

"Damn you, you bastard..."

The frustrated and unwilling voice of the Evil Wolf Boss came through.

Although the combined attack of Chen Yu and the Red Flame King was fierce, he had a trump card and survived.

At this moment, he looked extremely pathetic, with one arm disabled, resembling a beggar.

He finally understood why Chen Yu dared to strike at him at this time.

Chen Yu did not forgo the treasure, but his strength far exceeded the Evil Wolf Boss's expectations; he did not need to ally with the Evil Wolf Boss to have a share of the spoils!

"Die!"

Chen Yu gave the Evil Wolf Boss no chance, stabbing with his second sword.

On the side, Red Flame King Ye Luofeng also took action, and together, the three of them instantly killed the Evil Wolf Boss.

Opposite them, Zhao Ru and the other three originally had expectant expressions, but now they were all surprised.

Because the fight had ended too quickly.

The infamously fearsome Evil Wolf Boss was killed with just two moves, and although there was an element of surprise, it was still very impressive.

"I want fifty percent!"

Chen Yu stated blandly after killing the Evil Wolf Boss.

Had it been earlier, Zhao Ru and the others would definitely not have agreed.

But Chen Yu's thunderous move, showcasing his strong combat power and tactics, and instantly killing the Evil Wolf Boss, greatly intimidated them.

Aside from Zhao Ru, fear could be seen in the other three's eyes.

Chen Yu's displayed combat power was on par with Zhao Ru.

Moreover, Chen Yu had also released a Fire Path Ancient Beast, his combat power was also strong.

Although the Evil Wolf Boss was dead, the threat to Zhao Ru's group was now even greater.

"Alright, you can have fifty percent!"

Zhao Ru pondered for a moment before agreeing.

"Go!"

She immediately commanded and, along with the others, swiftly acted.

Although they agreed to give Chen Yu fifty percent, they had priority rights, and their eventual haul would still be greater than Chen Yu's.

The Array around the lake had previously been broken by them and was now slowly repairing, but the energy in that particular area was weak; the Guiyuan Realm could still easily penetrate it.

Swish—

Chen Yu, Ye Luofeng, and the Red Flame King quickly entered.

The treasures inside the Medicine King Mansion were of even higher quality than those in Medicine King Valley.

The lake harbored Heavenly Water Black Lotus, Moisture Spirit Flower, Purple Sun Grass, and other heavenly and earthly treasures, all of which were useful to those in the Sky Sea Realm.

But upon entering the lake, Chen Yu immediately flew toward its very center, reaching out to grab a mist-shrouded crystalline green treasure.

"Sir, please yield this treasure to me, and we can give you a larger share of the other treasures!"

At that moment, Zhao Ru also arrived there.

Originally, she had her eyes on the "Heavenly Jade Bamboo" but did not act immediately to avoid drawing attention from others and Chen Yu.

But she did not expect Chen Yu to head straight for the "Heavenly Jade Bamboo."

"I have set my sights on the Heavenly Jade Bamboo."

Chen Yu did not back down.

This act caused some discontent among the others.

Not only did Chen Yu ask for a fifty percent share, but he was also competing with them for the treasures, which seemed exceedingly greedy.

"You actually know the Heavenly Jade Bamboo!"

Zhao Ru was somewhat surprised.

She had seen this treasure in an ancient tome and learned of its miraculous effects—it could even change a Cultivator's Spiritual Body aptitude!

Such a fate-altering treasure was naturally extremely precious!

She did not anticipate that Chen Yu would recognize it.

In fact, Chen Yu did not initially know about it, but the Red Flame King had recognized it and informed him.

A treasure capable of enhancing Spiritual Body aptitude was something Chen Yu had to obtain no matter what!

"Here's the deal, Chen Yu, if you are willing to hand over the space heritage you obtained within the Void Netherworld Stele, I will let you have the Heavenly Jade Bamboo."

Zhao Ru herself was a High Grade Spirit Body and did not particularly need the Jade Spirit Bamboo.

She had just learned Chen Yu's name from the Evil Wolf Boss and thus became interested in the spatial heritage Chen Yu had acquired.

"Space heritage? Who told you that?"

Chen Yu was genuinely surprised since he had only obtained a Space Palm Technique; that could hardly be considered a heritage.

"So he is Chen Yu, the lucky one who obtained the space heritage."

"It was said that he caused an unprecedented phenomenon on the Sky-reaching Sect's Void Netherworld Stele."

The others also remembered this.

"Zheng Jichou!" Zhao Ru answered.

Chen Yu was at a loss for words; it seemed Zheng Jichou had deliberately spread such rumors to create enemies for him.

"I don't have any space heritage in my possession, just a Space Palm Technique, and it's not for trade!"

Chen Yu was honest.

The Space Palm Technique was a mysterious type of spiritual power directly imprinted in his mind, without written description, and Chen Yu himself could currently only perform the first palm, so he could not pass it on to others.

Suddenly, Chen remembered that he had heard of Zhao Ru, who seemed to have also caused a phenomenon at the Void Netherworld Stele, probably gaining some benefits.

"If that's the case, let's see the truth under our hands."

Zhao Ru, regardless of whether Chen Yu's words were true, since Chen Yu was unwilling to give, there was nothing more to discuss.

Chapter 596: Defeating Zhao Ru

Seeing Chen Yu and Zhao Ru about to fight, the other three from the Chi Hong Realm were somewhat expectant.

Zhao Ru's strength within the Chi Hong Realm was unrivaled beneath the Half-step Sky Sea Realm.

The power Chen Yu had shown just now in his thunderous decimation of the Evil Wolf Boss was also exceptionally formidable, leaving them hesitant to say who was stronger between the two.

Whoosh!

A golden light flashed, and Zhao Ru's hand revealed a thin golden sword, from which an intensely sharp sword Qi, like golden lightning, came flying through the void.

So fast!

Chen Yu hurriedly wielded his sword, blocking Zhao Ru's strike.

In fact, it was only because his Demon Flood Dragon Sword was so large that he was able to block in time; otherwise, he might not have managed.

As expected of the Chi Hong Realm's number one beneath the Half-step Sky Sea Realm, her reputation was well-deserved.

Moreover, Zhao Ru had once caused an extraordinary phenomenon to occur with the Void Netherworld Stele.

Boom!

Chen Yu channeled his True Yuan and immediately counterattacked, slashing out a colossal wave of black Sword Qi.

Whoosh! Whoosh! Whoosh!

Zhao Ru's expression remained unchanged, her gaze fixed on Chen Yu as she thrust out three successive swords.

Each thrust possessed extreme penetrating power, with one striking through a weak point in Chen Yu's attack and aiming directly at him.

Demon Scale Armor!

Chen Yu stimulated the third demonic pattern, manifesting a pitch-black and domineering set of armor atop his Secret Pattern Demon Body.

Ding dang!

That thrust, although it pierced a hole in the armor, failed to injure Chen Yu.

On the other hand, Zhao Ru was somewhat surprised by Chen Yu's defensive power as she rapidly retreated backward, unleashing a sword strike to block Chen Yu's Sword Qi onslaught.

"Who would have thought that Chen Yu's defensive power was so strong that he could block Senior Sister Zhao's sword!"

A woman exclaimed in astonishment.

Zhao Ru's prowess in the Sword Dao was unquestionably powerful, particularly as she cultivated the Golden Dao, her attacks sharp and unstoppable.

Even cultivators from the Chi Hong Realm who excelled in defense had great difficulty blocking Zhao Ru's Sword Dao attacks.

"Senior Sister Zhao hasn't exerted her full strength yet. If she were to use the kill move from the Golden Ling Sword Technique, Chen Yu definitely wouldn't be able to withstand it."

A man in yellow robes said.

After a brief clash, Chen Yu recognized Zhao Ru's formidability and invoked the power of the Red-eyed Jiao bloodline, emanating a scorching dragon aura.

"Not this bloodline power again!"

Zhao Ru kept a close watch on Chen Yu.

The bloodline power surging within him was exceedingly strong, and somewhat special—it didn't seem like something that could originate from a human.

After invoking the Red-eyed Jiao bloodline, Chen Yu's aura became unstoppable, causing the others to retreat in shock.

Only Zhao Ru was able to withstand this oppressive aura and launch an attack.

Whoosh!

She suddenly thrust out a sword, surpassing her previous efforts, its blinding golden light aimed straight for Chen Yu's eyes.

"Zhao Ru, surely this isn't the extent of your abilities!"

Chen Yu uttered with a faint smile, fiercely sweeping out his sword in a formidable manner, accompanied by black Sword Qi and rolling flames.

The Red-eyed Jiao bloodline could further enhance the power of the Demon Flood Dragon Sword.

Boom bang!

The Sword Qi burst forth, shattering Zhao Ru's sharp gold sword light.

"Gold Shattering Sword!"

Sensing Chen Yu's formidable combat strength, Zhao Ru also got serious, pointing out with her sword and releasing a cluster of overlapping golden Sword Qi, thrusting forward with an edge that seemed capable of piercing and shattering everything.

Demon Light Sword Spiral!

Chen Yu also executed a kill move from the Devil Wind Sword Technique, instantly slashing out over a dozen strikes, forming a swirling vortex of Demon Swords.

Boom hiss~

The two potent sword techniques collided, cutting into each other and dissipating into nothing.

After activating the Red-eyed Jiao bloodline, Chen Yu's attacks also received a boost from the Fire Dao's power, making this technique even stronger, matching Zhao Ru's Gold Shattering Sword.

"How can this be?"

Zhao Ru was somewhat astonished.

Chen Yu's defenses were so formidable, and yet his attacks were also able to rival her own.

"Radiant Gold Sword!"

Zhao Ru suddenly leaped up, her treasured sword exuding an exceptionally brilliant golden radiance, too blinding to look at directly.

"Such piercing brightness!"

The man in yellow robes and others, including Ye Luofeng, felt a sharp pain in their eyes.

The eyes are a relatively fragile part of the body, and if they continued to keep them open, they could potentially be damaged. Many instinctively covered their eyes or closed them.

Whoosh!

Amidst this burst of blinding golden light, an even more dazzling golden Sword Qi descended from the sky!

This was Zhao Ru's "Radiant Gold Sword," fearsome in presence, but in reality, its power was less than that of the Gold Shattering Sword; it was just that this sword technique could disrupt the opponent, making it harder to defend against.

An ordinary person would likely be in turmoil by now, unable to analyze and counter accurately.

But Chen Yu was different!

He was empowered by the Red-eyed Jiao's bloodline, his eyes also strengthened by the bloodline, with a thin layer of red flames hovering over the surface.

At first, it didn't affect him until that sword descended, and he only started to feel a bit of stinging; overall, it was ineffective.

"This sword isn't strong!"

Chen Yu was confident in his heart.

He chose to disregard this sword and launched an attack at Zhao Ru!

After deploying that Radiant Gold Sword, it would be Zhao Ru's most relaxed moment.

Demon Extinguishing Claw!

Chen Yu harnessed the first demonic pattern, casting forth a claw of pitch-black demonic light, its fiery flames billowing with immense power.

"What?"

Zhao Ru looked shocked.

Normally, when she used this move, her enemies would fall into utter disarray, frightened, unable to make sound judgments, merely relying on luck.

But their definite action was to defend against this sword.

Yet Chen Yu, unexpectedly, ignored it and attacked her instead!

Whoosh!

Zhao Ru hurriedly thrust out with her sword, managing only to slice a small gash in the Demon Extinguishing Claw.

Boom bang!

The Demon Extinguishing Claw descended, and Zhao Ru held her sword horizontally, unleashing wild sword energy to form a barrier of Sword Qi.

However, Chen Yu's move was exceptionally powerful.

Ultimately, the Demon Extinguishing Claw burst through the Sword Qi defense, a surge of demonic flames hitting Zhao Ru and causing her to fly backward, retreating over a dozen steps.

And on the other side, Chen Yu took the full brunt of Zhao Ru's Radiant Gold Sword. His chest armor shattered, leaving a shallow mark on his body, which then healed in the blink of an eye.

Whoosh!

Chen Yu launched an attack like thunder, shooting out a Yangming Sword Point with incredibly fast speed.

Zhao Ru realized the extraordinariness of Chen Yu's move, knowing that if she were struck by it, she would undoubtedly lose.

As the top competitor below the Half-step Sky Sea Realm in the Chi Hong Realm, she naturally wouldn't concede easily.

Whoosh!

She quickly unleashed a faint golden sword trail, slower in speed.

It was hard for those like the man in yellow and the rest to imagine that Zhao Ru, who was known for her fierce and powerful attacks, would use such a sword technique.

"Spatial power!"

Chen Yu saw through the mechanics of the move.

With Zhao Ru's current state, it was unlikely she could block Chen Yu's Yangming Sword Point accurately, but the sword she used held a bit of the Spatial Realm, and it hit the Yangming Sword Point precisely.

Splat! Pop!

The two powerful piercing attacks canceled each other out.

When Zhao Ru released her sword strike, Chen Yu felt a surge of the Spatial Realm.

This outcome was within his expectations, and he had already prepared his next move.

Boom!

He thrust out his palm, dark as a wall, rapidly pressing towards Zhao Ru.

Chen Yu also used the Space Palm Technique.

Impossible to dodge!

Zhao Ru swung her sword in an attempt to fend off the blow, splitting the palm, but the leftover force of the attack hit her body, worsening her injuries and causing her to slide backwards.

"Do you want to continue?"

Chen Yu's cold voice echoed.

Whoosh!

He had already used the Demon Dragon Shadow Control, rapidly closing in on Zhao Ru.

"No need, the Heavenly Jade Bamboo is yours,"

Zhao Ru admitted defeat.

She found it hard to believe she could actually lose to someone in the late Guiyuan Realm.

Chen Yu immediately ceased his attack.

He didn't hold any deep grudge against Zhao Ru. He was able to enter the lake and scavenge for treasures because of her.

The only reason they fought was over the same treasure.

Now that Chen Yu had won, the treasure was his, plain and simple.

"The Heavenly Jade Bamboo, what exactly is it?"

"No idea!"

The man in yellow and the others speculated, knowing that the Heavenly Jade Bamboo must be something precious.

However, with Zhao Ru defeated, they dared not contend with Chen Yu for it.

"The Heavenly Jade Bamboo, a rare treasure that can enhance a Spiritual Body's aptitude!"

Chen Yu was extremely enticed and approached the Heavenly Jade Bamboo.

At the same time, he kept his guard up against Zhao Ru, fearing she might ambush him for the Heavenly Jade Bamboo and betray him.

But Zhao Ru wasn't such a narrow-minded person; she accepted her loss.

Just then...

"The Heavenly Jade Bamboo?"

Another voice rang out.

Chen Yu and the rest turned to see a man approaching from afar, dressed in blue, with a fair face and an extraordinary air about him, looking very scholarly, more like a literati than a fighter.

However, his fast speed revealed his not weak strength.

"Leave the Heavenly Jade Bamboo to me, and take whatever else you want,"

The sophisticated man fixed his gaze on the Heavenly Jade Bamboo and spoke indifferently.

Hearing this, Chen Yu inwardly cursed, thinking that despite the man's refined appearance, he was still intent on a forceful robbery.

Chen Yu was certainly not going to agree; his Spiritual Body's aptitude was poor, and he needed the Heavenly Jade Bamboo, and besides, it was his reward for defeating Zhao Ru.

He reached out to pluck the Heavenly Jade Bamboo.

"How dare you! You seek death by not following my command,"

The scholarly man furrowed his brow, releasing a strong aura. The surrounding clouds surged wildly, and gusty winds howled.

The man who had appeared utterly refined a moment ago, now gave everyone a terrifying sense of danger!

"Half-step Sky Sea!"

Zhao Ru's face showed a hint of alarm.

The newcomer was a Half-step Sky Sea Realm powerhouse, and this matter was out of her league. Even if he wanted to share in the plunder, she couldn't stop him.

At the same time, she was very curious; this man was neither from the Chi Hong Realm nor the Kunyun Realm, and she had an understanding of the Half-step Sky Sea experts from the Sky Wolf Realm. Who was this man?

Whoosh!

The elegant man stretched out a finger, and a streak of blue Sword Qi shot out, piercing through a weak spot in the Array, aiming for Chen Yu.

The sword light was graceful yet sharp, with incredible speed, somewhat resembling the attack unleashed by Fang Yanling.

Chen Yu felt that he could hardly evade it, and his Demon Scale Armor would also struggle to block this Half-step Sky Sea Realm's sword!

Even if Chen Yu survived this sword strike, the elegant man would surely continue attacking. He wasn't as friendly as he seemed on the surface; he was decisive and deadly.

Having no other choice, Chen Yu had to look for another way out!

Whoosh!

As the blue-clothed man's sword swiftly flew towards him, Chen Yu attempted to dodge but only made things worse, directing the sword toward his heart!

The sword pierced his heart, penetrating the Secret Pattern Demon Body and causing blood to splatter out!

Thump!

Chen Yu's body fell into the lake.

"Heh, idiot!"

The sophisticated man chuckled lightly and entered the barrier.

Meanwhile, Ye Luofeng and the Red Flame King showed signs of fear and promptly left the barrier.

Zhao Ru found it strange. Chen Yu had been killed, but the expressions of Ye Luofeng and the Red Flame King seemed off.

"Hmm?"

The elegant man sent his Spiritual Sense into the lakebed, but failed to find Chen Yu's body.

At that moment, at the edge of the lake, a figure suddenly burst out—it was none other than Chen Yu!

Whoosh!

Chen Yu moved with exceptional speed, dragging a black wind dragon's tail, and he threaded through a weak spot in the Array right in front of him.

This scene left Zhao Ru and the others stunned, their minds momentarily short-circuiting.

Even the scholarly man paused, showing a hint of surprise.

Chapter 597: Battle with the Golden Winged Phoenix

The refined gentleman's face flushed with shame and anger as he realized what had happened.

He had been played!

Although he didn't know why his sword, despite piercing the heart, had not killed Chen Yu.

But now he only knew that he had been played by Chen Yu!

For this reason alone, he was determined not to let Chen Yu go and vowed to slay him with his own hands.

Swoosh!

At this moment, Chen Yu had already left the Array Barrier, catching up with the escaping Red Flame King and Ye Luofeng.

It turned out that Chen Yu had already sent them a message to leave the barrier and flee.

Of course, both Ye Luofeng and the Red Flame King were equally astonished and puzzled as to how Chen Yu could emerge unharmed, but now was not the time to ask.

"Stay!"

The refined man immediately charged out.

Chen Yu had anticipated this, and without a word, drew the Nine Bone Demon Spirit Sword, infused it with Demon Pattern True Yuan, and fiercely unleashed a slash.

None of these people were from the Kunyun Realm; thus, revealing the Nine Bone Demon Spirit Sword did not worry Chen Yu.

Boom!

A dark, dominant Sword Qi charged with towering Demonic Qi surged forth, heading straight for the weakest point of the Array.

The refined gentleman could only exit through here.

And Chen Yu's immensely powerful slash blocked the exit, forcing the refined man to face it head on.

Boom!

The refined man drew out a White Jade Treasure Sword. With a slash, a cyan Sword Intent fell, colliding with Chen Yu's Sword Qi.

When the aftershocks cleared, the refined man broke through the weakest point of the Array only to find that Chen Yu had disappeared.

This was Medicine King Mansion, with an abundance of buildings and an array of Array Barriers acting as excellent cover.

"How can this kid be so strong?"

The refined man wondered internally.

The strike just now was not something that could be executed by someone in the late Guiyuan Realm.

But there were already many doubts about Chen Yu, like how he bounced back alive after being stabbed in the heart by the refined man.

The refined man also noted the way Chen Yu switched weapons.

"You can't escape!"

The refined man was confident he could track down Chen Yu and resolve all his questions.

But at that moment.

Boom!

Inside a massive dark-gold structure not far away, a thunderous vibration erupted, and a surge of vast momentum and chaotic True Yuan rushed out of every entrance.

"Blood Star Holy Pill..."

The refined man suddenly remembered something.

In comparison to the Blood Star Holy Pill, the Heavenly Jade Bamboo was nothing.

If he failed this mission, he would have no face to return to the Carefree Palace and would face punishment and reprimand from higher-ups.

But if he completed the mission, his future would be much brighter and wider.

"I'll spare your life this time. Don't let me encounter you again, or I'll definitely kill you."

The refined man snorted coldly, no longer concerned with pursuing Chen Yu, and swiftly headed towards the dark-gold structure.

Watching Chen Yu and others, as well as the refined man leave,

Zhao Ru and the others finally breathed a sigh of relief.

"What a remarkable person."

Zhao Ru remarked with emotion.

She felt that Chen Yu must have some special trump card to protect his heart from death or something similar.

"Fortunately, that person was not interested in the other treasures; otherwise, we would all be in danger... But that kid is doomed, having offended a Half-step Sky Sea Realm powerhouse."

The man in yellow breathed a huge sigh of relief, then showed a hint of a smile.

At the center of the Medicine King Mansion, inside a massive dark-gold structure.

"Scram, you humans."

The loud, indignant voice of the Golden Winged Phoenix made the entire space tremble.

Whoosh!

Infinite fierce flames roared within the palace, relentlessly sweeping toward Sky Passage Sect Master, Fang Yanling, and the people from the Three Realms.

The flames of the Golden Winged Phoenix, known as the Golden Phoenix Flame, were coveted; by slaying this Holy Beast and obtaining its monster core, one could potentially refine this rare Postnatal True Fire.

The Golden Phoenix Flame, with exceedingly high temperatures and some resistance to water, was extremely difficult to counter.

Boom!

Sky Passage Sect Master swung his arm, and Corpse Dao True Yuan surged forth, transforming into a huge green toxic palm that blocked in front.

But Fire Dao overcame Corpse Dao, and in this situation, Sky Passage Sect Master's role was inferior to Fang Yanling's.

That was the reason why Sky Passage Sect Master initially wanted to collaborate with the Golden Winged Phoenix, as he really did not want to be the enemy of a Fire Tao Sacred Beast.

On the other side, Fang Yanling activated a defense Spiritual Artifact on her body, forming an ancient aquamarine light shield around her that could withstand the Golden Winged Phoenix's flames for a long time, surprising many.

Meanwhile, she continually unleashed attacks of the Sword Dao, sending out astonishing slashes of Sword Intent, aiming at the Golden Winged Phoenix.

The cultivators from the Three Realms, however, turned into the most miserable side in this fight.

"Ah..."

Many cultivators below the Half-step Sky Sea Realm were blasted away by this counterattack from the Golden Winged Phoenix, their bodies burning with flames that were incredibly hard to dispel.

A few weaker ones turned into charred corpses amidst the raging flames.

Only those in Half-step Sky Sea Realm could barely withstand the attacks of the Golden Winged Phoenix.

Of course, if it wasn't for the sheer number of Half-step Sky Sea Realm powerhouses here, a single Half-step Sky Sea would have been easily killed by the Golden Winged Phoenix in one move.

"Damn it, why is this Holy Beast so ferocious? If it weren't for the constraints of the Beast Taming Chains suppressing it, we would probably already be dead without a place for burial."

Lv Jingguang cursed out loud.

Other powerhouses also shared the sentiment.

Many from the Kunyun Realm sighed.

Now they understood why the Holy Lands offered such generous rewards, promising a cup of Eighth Grade Sky Sea Holy Liquid just for returning alive.

Everything in the Blood Star Realm was unknown, fraught with danger, and many had already perished from various threats in the early stages of exploration.

To seize the Blood Star Holy Pill was akin to a mission impossible, a one in a million chance of survival.

Had it not been for the presence of Fang Yanling, Sky Passage Sect Master, and the combined strength of the Three Realms' powerhouses, they would hardly be able to contend with the Golden Winged Phoenix.

At this moment, the powerhouses of the Three Realms naturally banded together.

Fang Yanling had an extraordinary background that was clearly not simple, and the Sky Passage Sect Master cultivated in the Sky Sea Realm, also followed by several Half-step Sky Sea Realm Evil Corpses, making their overall strength incredibly formidable.

Additionally, everyone had a common formidable enemy in the Golden Winged Phoenix.

Therefore, the powerhouses of the Three Realms joined forces temporarily, only then did they have the strength to fight.

At this moment, among the many powerhouses of the Three Realms, some were responsible for defense, while others took charge of the attack.

"Golden Winged Phoenix, we have a large number of people on our side. If you don't join forces with me, you'll be the one ending up dead!"

At that time, the Sky Passage Sect Master still wanted to ally with the Golden Winged Phoenix.

If that were the case, Fang Yanling and the powerhouses of the Three Realms would be no match for him.

And after he got the Blood Star Holy Pill, his power would increase greatly, and then he would have nothing to fear.

"Get lost, thinking of killing me? You truly are delusional!"

The Golden Winged Phoenix declared arrogantly.

As a Holy Beast, it had an extremely strong vitality.

And at the peak of its strength, it was even more formidable; these people were mere ants in its eyes.

Unfortunately, it was bound by the Beast Taming Chain, and currently, it could only exert the strength of the early-stage Sky Sea Realm.

Even so, it was an extremely powerful early-stage Sky Sea Realm Holy Beast, incomparable to any Half-step Sky Sea beings. Even the Sky Passage Sect Master, a Sky Sea Realm Evil Corpse, was utterly suppressed by it.

Boom!

The Golden Winged Phoenix, enraged beyond measure, had flames surging all over its body. With a flap of its wings, a reddish flame turned into a Fire Bird, furiously colliding forward.

"Defend!"

The Sky Passage Sect Master immediately shouted. The Half-step Sky Sea Realm Evil Corpses immediately put up their defenses.

Fang Yanling also temporarily ceased her attack.

The other powerhouses of the Three Realms all went on the defensive as well.

Boom! Bang!

The Fire Bird collided with them, like falling molten lava meteorites, terrifyingly powerful, making the area seem like a flaming hell.

"So strong!"

Yun Fei'er, standing behind the Half-step Sky Sea Realm, still got hit by the aftershocks, letting out a muffled grunt.

Beside her, a Golden Emblem Holy Guard stepped back several paces, spitting out a mouthful of fresh blood, his face deathly pale.

While another Silver Emblem Holy Guard, who had just arrived, had not even managed to grasp the situation inside, was killed by the aftershocks, turning into a charred corpse.

However, after unleashing this attack, the Golden Winged Phoenix's might also greatly diminished.

The Beast Taming Chain didn't just restrict its cultivation level, but also various other aspects.

Just then, a man in green flew in from the outside. He was the elegant man who had earlier pierced Chen Yu's heart.

Swoosh!

A strong burst of Sword Qi emitted from his body, dispersing all the flames in front of him.

"Half-step Sky Sea!"

The powerhouses of the Three Realms looked on. The man's aura was incredibly strong, and they didn't recognize him.

"Brother!"

Fang Yanling called out, and the two of them came together.

The Sky Passage Sect Master saw this scene and frowned slightly.

Dealing with a Fang Yanling was difficult enough, and now she had an accomplice!

The Sky Passage Sect Master knew that these two had extraordinary origins, but he couldn't concern himself with that now. As long as he secured the Blood Star Holy Pill, his power would zoom upward dramatically.

In this world, strength was everything.

"A mere beast also wishes to obtain the Blood Star Holy Pill!"

The elegant man "Fang Yan Yu" said calmly after learning everything from Fang Yanling, his words cutting sharply.

"Human, if not for the Beast Taming Chain, you would have died the moment you said those words!"

The Golden Winged Phoenix snarled viciously.

"Kill him!"

Fang Yan Yu declared coldly.

Swoosh! Swoosh!

The Fang brothers and sisters struck simultaneously, their swords sending out two beams of green Sword Qi, uniting as one and greatly increasing in might, charging towards the Golden Winged Phoenix!

"This strike has already surpassed the level of a Half-step Sky Sea Realm."

Little Sword Master Bai Yang took a deep breath.

This sword made even him feel a sense of helplessness.

Who exactly were these brothers and sisters to be so monstrously talented?

Nevertheless, with the brother and sister taking the lead, everyone's strength was stronger, and defeating the Golden Winged Phoenix was no longer an issue!

"Attack!"

Bai Yang shouted out loud.

On the other side, Zou Wentian from the Chi Hong Realm and Baili Feng from the Sky Wolf Realm also issued orders.

The Golden Winged Phoenix, which had just unleashed its powerful move, hadn't yet recovered its vitality. The forces from the three Realms, the Sky Passage Sect Master, and the Fang Brothers and Sisters, all launched a full-scale attack.

Whoosh whoosh!

An overwhelming assault surged forward.

Even the Golden Winged Phoenix looked unnatural, its body soaring up to form a vortex of flames to withstand the enemy's attack.

Boom! Bang!

Everyone's attack broke through the flames and struck the Golden Winged Phoenix, causing it to hit the ceiling of the great hall and leaving a shallow bird-shaped indent.

...

Chen Yu, Ye Luofeng, and the Red Flame King, after fleeing far away, finally stopped.

"That person's strength is so formidable, he must have gone to vie for the Blood Star Holy Pill..."

Chen Yu surmised.

"Boy, how come you didn't die after being stabbed in the heart?"

The Red Flame King inquired, puzzled by this himself.

"Do you really wish me dead?"

Chen Yu retorted irritably.

Of course, he knew that if he died, the Red Flame King would be free.

Although Ye Luofeng was curious, seeing that Chen Yu didn't seem inclined to explain, she did not press the issue; after all, it was enough for her that Chen Yu was alive.

"Where to next?"

Ye Luofeng asked.

Boom!

From afar, within a dark gold structure, another earth-shattering boom and energy fluctuation was heard.

"Let's go have a look."

"There will definitely be a large force from the Kunyun Realm there. Even if that person wants to kill me, the many Half-step Sky Sea beings of the Kunyun Realm surely won't stand by and watch me get killed."

Chen Yu said with a smile.

Now that he had broken through to the late Guiyuan Realm and increased his strength, he felt he had the capabilities to take part in the fight for the Blood Star Holy Pill and naturally wanted to try his luck.

Chapter 598: The Holy Pill Appears

Having seized the Heavenly Jade Bamboo, and shaken off his pursuers, Chen Yu also planned to check out the central great hall.

If his guess was correct, that earth-shaking fluctuation coming from the hall was definitely related to the legendary Blood Star Holy Pill.

Chen Yu now had the strength to participate in the struggle for the treasure and certainly wanted to get involved, maybe he'd be incredibly lucky and obtain the treasure.

Even if he couldn't obtain it, he wanted to see the legendary Holy Pill!

Following that, Chen Yu and the others arrived in front of that huge dark gold structure.

"It's too dangerous inside, why don't you go somewhere else?" Chen Yu said to Ye Luofeng.

The inside was too chaotic, and Chen Yu wasn't sure he could take care of Ye Luofeng, so he hoped she wouldn't risk going in.

But Ye Luofeng refused, even though her reason was far-fetched.

Then, the two people and one beast entered the building.

Following the massive energy fluctuations and sounds of battle, they arrived inside a dark gold great hall.

From a distance, Chen Yu saw dozens of strong warriors engaged in a fierce battle with a Golden Winged Phoenix!

The terrifying might of the phoenix made Chen Yu's body tremble uncontrollably.

Inside the hall, the powerful Bloodline Sacred Power radiated by the Golden Winged Phoenix was unmatched, shaking all directions.

Besides that, there were also Sky Sea Realm Sky-realm Passage Sect Masters and numerous Evil Corpses.

Almost seventy percent of the top warriors of the Three Realms were there, with as many as ten at the Half-step Sky Sea.

Among them were the strongest Half-step Sky Seas like Little Sword Master Bai Yang of the Kunyun Realm, Zou Wentian of the Chi Hong Realm, and Baili Feng of the Sky Wolf Realm, all gathered here.

"What a terrifying battle!" Ye Luofeng couldn't help but exclaim, the struggle for possession here was even more intense than she had imagined.

"Those two people!" Chen Yu couldn't help but look towards the elegantly dressed man Fang Yan Yu and the woman in green clothes Fang Yanling, not expecting them to be together.

And in this great battle, the role played by the Sky-reaching Sect Master and the strong warriors of the Three Realms were even less than these two.

The siblings' Sword Dao attacks were exceedingly powerful, even the Sky Sea Realm Sky-reaching Sect Master showed a look of wariness.

Of course, the most fearsome was that Holy Beast Golden Winged Phoenix soaring in the sky amidst flames!

"What's the background of these two siblings?" Chen Yu focused on the Fang Brothers and Sisters.

The strength they demonstrated together made even Chen Yu feel apprehensive.

"Their Swordsmanship seems like a secret technique from a sect in the Great Yu Realm." The Red Flame King murmured thoughtfully, his expression grave.

"The Great Yu Realm?" Chen Yu heard for the first time.

It seemed that besides the Kunyun, Sky Wolf, and Chi Hong Realms, other realms knew about the matter of the Blood Star Realm.

This realm could send people here, why only send two?

"The Blood Star Holy Pill should be inside that medicine cauldron." Chen Yu's eyes shone brightly as he stared at the cauldron.

"Judging by the current situation, the Golden Winged Phoenix will definitely lose, and then the Blood Star Holy Pill will appear in the world." The Red Flame King analyzed.

Originally, he was not optimistic about the strong warriors of the Three Realms.

After all, the cave dwelling belonged to a warrior close to the Condensed Star Realm and even contained a treasure, which was not something a few Half-step Sky Seas could obtain.

But with the addition of the Sky-reaching Sect Master, Evil Corpses, and the Fang Brothers and Sisters from the Great Yu Realm, all this became possible.

"However, the ones who ultimately get the Blood Star Holy Pill should be the pair of siblings from the Great Yu Realm," the Red Flame King added.

"Not necessarily, the Sky-reaching Sect Master is powerful, and there are many strong warriors from the Three Realms..." Chen Yu argued.

He had a grudge with the elegantly dressed man Fang Yan Yu and naturally did not want him to get the Blood Star Holy Pill.

"You don't understand, the Great Yu Realm in the vast universe is also an exceedingly powerful realm. Even twenty or thirty Kunyun Realms would only be crushed. Since the Great Yu Realm forces are involved, the opposition must have a trump card to suppress the heroes!" The Red Flame King scoffed coldly.

Chen Yu immediately remembered that when the Sky-reaching Sect Master set up the formation trapping the warriors of the Three Realms, only Fang Yanling easily broke the formation and left first.

At the same time, Chen Yu was also secretly amazed; the Great Yu Realm was so powerful?

"Let's go!" Chen Yu immediately joined the battle.

"Chen Yu?" Yun Fei'er and the others saw Chen Yu, greatly surprised.

They all thought that Chen Yu had died in the Sky-reaching Sect.

Chen Yu casually made up an excuse to brush it off.

"Hmm?" Shen Han glanced behind him, his eyebrows slightly wrinkling.

He almost thought Chen Yu was dead too.

It appeared that Chen Yu might have just hidden himself.

The Sky-reaching Sect incident was already past, and now was the critical moment for the struggle over the treasure; he couldn't be bothered with Chen Yu anymore.

As long as he got the Blood Star Holy Pill, he would soar to the sky, becoming the Saint Master's first disciple, reigning above all Holy Guards and elders.

By then, if he wanted to crush Chen Yu, it would be easy, and as for Yun Fei'er, she would probably come to him willingly if he so much as crooked his finger.

"The Golden Winged Phoenix is no match!" "Heh, just a Holy Beast, and it wants to contend with so many of us!" At this moment, the might of the Golden Winged Phoenix diminished significantly, clearly at a disadvantage.

However, many strong warriors, instead of attacking as fiercely as before, slowed down.

"Defeating the Golden Winged Phoenix is just the prelude; the key is the struggle for the treasure, everyone is conserving their strength." Chen Yu understood this.

As the battle wore on, the Golden Winged Phoenix's wounds increased.

At one moment, many strong warriors suddenly exerted their full power, and the Golden Winged Phoenix suffered a severe injury.

In anger and unwillingness, it could only bow its head in defeat!

The Golden Winged Phoenix cried out angrily, turning into a gold and red light, and hid in a hole beneath the cauldron.

"The treasure!" "The Blood Star Holy Pill!" After the Golden Winged Phoenix left, everyone's eyes were fixed on the huge dark gold medicine cauldron.

Whoosh! Whoosh! Whoosh! The Sky-reaching Sect, strong warriors of the Three Realms, and the Fang Brothers and Sisters rushed out simultaneously towards the cauldron.

"How intense!" Chen Yu couldn't help but exclaim.

In such a situation, even if one obtained the Blood Star Holy Pill, they would probably be instantly killed by the numerous strong warriors.

Just then, from below the cauldron, in the hole, a surging mass of golden red phoenix flames erupted.

Boom! This massive flame directly struck the cauldron above.

Suddenly, the ancient patterns on the medicine cauldron flickered with light, and the cauldron itself became unbearably hot, a formidable Fire Dao power bursting forth in all directions!

"Damn it, this beast is so cunning!"

Fang Yan Yu's complexion changed slightly as he mobilized his True Yuan, stimulating the defensive inner armor he wore and forming a dark cyan ancient light shield around him.

Fang Yanling did the same.

However, the Sky-reaching Sect Leader and the Evil Corpses were not so lucky. The terrifying power of the flames hit them, causing them to scream in agony.

The Sky-reaching Sect Leader staggered back five steps, immediately circulating True Yuan to extinguish the flames on his body.

The several half-step Sky Sea Evil Corpses, on the other hand, were greatly injured, and a weaker half-step Sky Sea Evil Corpse was directly burned to death.

On the other side, the powerhouses from the Three Realms also suffered heavy losses.

Even Chen Yu's senior brother, Sun Wuhai, was blasted away, spitting out a mouthful of blood.

Some Golden Radiance Holy Guards who were too close were directly annihilated!

Chen Yu also secretly broke out in a cold sweat, luckily he had hesitated for a moment, or else he would have been affected as well.

"Damned beast, you actually tricked me!"

The Sky-reaching Sect Leader roared furiously.

The medicine cauldron, used by Medicine King Wan Yao for alchemy, was also a wondrous artifact.

The Golden Winged Phoenix feigned weakness and fled back to its lair, but when the others approached the cauldron, it suddenly made its move, using the cauldron to trap everyone in one fell swoop.

One can only imagine, could an ordinary person approach the alchemy environment of a strong being like Medicine King Wan Yao?

But at this moment, the Fang Brothers and Sisters and the Sky-reaching Sect Leader immediately took action, blasting the medicine cauldron several yards away.

Clang!

The lid of the cauldron fell to the side.

Hum!

A dark red Blood-colored Light Screen shone out from within, casting an eerie dark red hue over the entire hall.

This light brought with it a strange fragrance, causing everyone in the hall to involuntarily take a deep breath, and this included the Golden Winged Phoenix inside the hole, whose desire for the Blood Star Holy Pill was insatiable. However, unable to leave, it could only curse these cunning and shameless humans in secret.

Whoosh—

Almost all the powerhouses rushed out at once, heading straight for the cauldron with a look of frenzy.

Suddenly!

Whoosh!

A bizarre and dazzling red light burst out from within the cauldron, lingering in mid-air.

Upon closer inspection, it looked like an exquisite crystal ball, or rather, a miniaturized splendid star, emitting layer upon layer of semitransparent dark red starlight.

All eyes were riveted on it, unable to look away, their pupils reflecting a sea of red light.

"This is... the Blood Star Holy Pill!"

Deng Kuan swallowed, an intense craving surging within him.

Just as people were about to fight over it.

Whoosh!

The "Blood Star Holy Pill" suddenly turned into a red light and darted toward the exit.

"It... it can move, it has sentience!"

"This is amazing!"

The many powerhouses from the Three Realms were seeing this for the first time and were utterly astounded and shocked.

"Quick, chase it!"

"The treasure is getting away!"

Whoosh—

By the time everyone realized what was happening, they were all in pursuit.

"A bunch of ignorant people, such a Holy Pill, if it exists for a long time, naturally it can develop sentience!"

Fang Yan Yu stated indifferently, with a hint of disdain.

"Eh? It's this kid!"

Fang Yan Yu was about to chase after it but suddenly caught sight of Chen Yu.

"Kid, you're unlucky because I, Fang Yan Yu, said that the next time I see you, I must kill you!"

Fang Yan Yu looked on coldly.

"Not good!"

Chen Yu had just put the Red Flame King into his pet bag and was preparing to chase after the pill, but he suddenly felt a strong sense of crisis.

At this moment, the main force had already rushed out to compete for the Blood Star Holy Pill, and Chen Yu no longer had the protection of the Kunyun Realm team.

Whoosh!

Fang Yan Yu waved his hand, and a fiercely sharp cyan light Sword Qi swept out.

Chen Yu executed Demon Dragon Shadow Control, retreating three steps, narrowly avoiding being pierced by the sword light.

However, three Late Stage Guiyuan Realm Peak cultivators nearby were caught in the aftermath; one had an arm severed, another suffered minor injuries.

The third, having the worst luck, was directly pierced through by the sword, and having already been injured in the battle with the Golden Winged Phoenix, he now met his end!

"Die!"

Fang Yan Yu acted again, thrusting out a cyan palm light.

The palm light, sharp and fierce, was composed of myriad Sword Qi, with an unpredictable, agile, and fluid motion.

"Not good..."

Chen Yu realized he was struggling to dodge.

Thus, he could only defend with all his might!

Boom!

Chen Yu unleashed his Red-eyed Jiao bloodline, activated his Secret Pattern Demon Body, and mobilized the second and third demon patterns in an instant. The Demon Scale Armor and demon scale protection both appeared simultaneously!

Boom hiss!

Fang Yan Yu's palm descended with explosive force, instantly breaking through the demon scale protection.

Immediately after, the Demon Scale Armor was also destroyed.

The Young Masters of Great Yu Realm were truly extraordinary!

Boom bang!

Chen Yu's body flew backward and crashed into the wall.

"Cough cough..."

He coughed up a mouthful of blood, the first time in many years that he had sustained such severe injuries.

"Not dead?"

Fang Yan Yu was extremely shocked.

A Late Guiyuan Realm cultivator had taken a hit from his Carefree Sword Palm and yet survived, which was already a miracle.

"Damn... the Blood Star Holy Pill!"

Fang Yan Yu suddenly realized that he had been delayed by Chen Yu, fueling his hatred even more.

At this moment, most of the others had already given chase, and he had no time to spare.

Whoosh!

Fang Yan Yu moved swiftly, arriving next to Chen Yu and slamming down with his palm.

Chen Yu rolled into the crater of the Golden Winged Phoenix.

Then, Fang Yan Yu waved his hand, lifting the medicine cauldron and smashing it down fiercely, blocking the hole.

"This kid's got a tough life!"

Fang Yan Yu snorted softly.

He didn't have time to play with Chen Yu, so he left him to the Golden Winged Phoenix, believing that the Golden Winged Phoenix would surely torment Chen Yu to death.

Chapter 599: All-out Eruption!

After trapping Chen Yu beneath the pit, Fang Yan Yu didn't bother with him anymore.

If time weren't so pressing, as he was competing for the Blood Star Holy Pill, he would have personally executed Chen Yu.

But alas, Chen Yu's life was too tough; even he couldn't kill him in a short period of time, so he resorted to such a trick.

He believed that the Golden Winged Phoenix would definitely torture Chen Yu to death.

After all, the Golden Winged Phoenix harbored enormous hatred toward humans like them, and it was incredibly furious, so it would surely not let go of a human delivered to its doorstep.

Fang Yan Yu didn't even consider whether the Golden Winged Phoenix could kill Chen Yu or not.

In his view, even if the Golden Winged Phoenix was gravely injured, its strength remained overwhelmingly powerful—Chen Yu was undoubtedly doomed.

"You..." Ye Luofeng stared at Fang Yan Yu with immense anger and unleashed a sword strike.

"Hmph, scram!" Fang Yan Yu couldn't be bothered to pay attention, dodged out of the way with a shift of his figure, and quickly left the scene.

He really didn't have time to delay; otherwise, Ye Luofeng would also be beyond salvation.

Swoosh! Fang Yan Yu's figure flickered away, vanishing without a trace, his speed so fast that he instantly caught up with several stragglers.

"...Chen Yu!" Ye Luofeng was at a loss.

Everything happened too quickly. Fang Yan Yu had only made three moves in total, and his movement technique, attacks, and methods were all unimaginably strong.

Swoosh! She quickly arrived next to the medicine cauldron.

Atop the cauldron, there was still a vast Sword Qi barrier left by Fang Yan Yu that prevented Ye Luofeng from reaching the cauldron.

Swoosh! Ye Luofeng drew the Heavenly Que Fragmented Sword and cleaved out a strip of Azure Darkness Sword Radiance.

But Fang Yan Yu's Sword Qi was so powerful that even Little Sword Master Bai Yang from the Holy Land, who was the foremost among Half-step Sky Sea, couldn't compare; Ye Luofeng was far outmatched, and her strike was futile.

At that moment, a vibration came from beneath the cauldron.

The moment Chen Yu entered the pit, he caught the attention of the Golden Winged Phoenix.

"It's over; there's no way out." Chen Yu pounded the medicine cauldron above his head, causing it to tremble slightly.

"Human!" The Golden Winged Phoenix fixed its gaze on Chen Yu, its eyes shooting flames.

Boom! The Golden Winged Phoenix suddenly burst forth, a stream of blistering heat sweeping upwards.

It didn't attack Chen Yu immediately but instead positioned itself above him. With one press of its talons, it pinned Chen Yu to the bottom of the pit.

The Golden Winged Phoenix, with its high spiritual intelligence, realized that Chen Yu had been thrown down by an enemy, so it was determined not to let Chen Yu escape.

It was bound by the Beast Taming Chain and couldn't leave. If Chen Yu got out of the pit, he could flee for good.

"Ah..." Chen Yu let out a cry of pain.

The force exerted by the Holy Beast Golden Winged Phoenix was immense, and its talons were as hot as a branding iron.

Fortunately, Chen Yu had activated his Red-eyed Jiao bloodline which gave him great resistance to flames, otherwise, even with his robust physique, he would have been gravely wounded by that grip.

"Human, the bloodline within you seems to be quite good." The eyes of the Golden Winged Phoenix flashed a brutal color.

Originally, it scorned consuming humans, but the bloodline within Chen Yu had reached the level of a Holy Beast, harmonizing well with it, which made the Phoenix want to devour Chen Yu.

After these words, the temperature in the Phoenix's talons soared, flames raging as if it wanted to directly carve out Chen Yu's heart.

"Scram!" Sensing the peril, Chen Yu shouted loudly, his heart gathering strength to amplify his power.

At the same time, he commanded the "Blood Crystal Flame" out, a swath of blood-red light flared towards the Golden Winged Phoenix.

"To have the "Blood Crystal Flame" as well!" The Golden Winged Phoenix was taken aback, never expecting that someone from the Late Guiyuan Realm would possess such a Spiritual Artifact.

With the protection of the "Blood Crystal Flame" and his Red-eyed Jiao bloodline, Chen Yu's resistance to the Phoenix's flames intensified.

But clearly, the Golden Winged Phoenix was now very interested in Chen Yu and would not let him go.

In terms of speed, Chen Yu was surely no match for the Golden Winged Phoenix; escaping from its obstruction was as difficult as climbing to heaven!

Whoosh! The Golden Winged Phoenix flapped its wings, and a surge of torrential golden-red flames rolled towards him as if it could melt everything.

"Damn it!" Chen Yu became a little agitated in the face of the Golden Winged Phoenix's assault.

After all, the combat power the Golden Winged Phoenix had displayed before was profoundly formidable, etched deeply into Chen Yu's mind.

If he didn't think of something, he would surely die under the Golden Winged Phoenix's talons.

Boom! Chen Yu pushed his Red-eyed Jiao bloodline to the limit. Golden scales became very distinct on his skin, his arms and legs bulging more significantly, and even a fiery dragon tail manifested behind him, exuding a domineering dragon might.

With the Red-eyed Jiao bloodline fully activated, his resistance to flames increased greatly, and his physical vitality became stronger, enhancing his survivability.

Immediately afterward, Chen Yu activated his Demon Pattern True Essence, forming a layer of dark golden scale-patterned light shield around him.

After going all out, Chen Yu felt somewhat better.

An ordinary person at the Peak of the Late Guiyuan Realm would probably be reduced to ashes by the Golden Winged Phoenix's flames in just a few breaths.

Lastly, Chen Yu quickly slapped his pet bag and released the Red Flame King.

"Damn, kid, how did you end up here?" The Red Flame King was also startled by the situation in front of him.

After speaking, he immediately activated his Holy Beast bloodline; otherwise, he wouldn't be able to withstand the Phoenix's fiery tempest.

Boom! A burst of Holy Beast Qilin bloodline erupted.

The Red Flame King was a true Holy Beast, with even stronger resistance to flames; moreover, his former self was a great power with many secret techniques in his mind.

At the moment, a solid flame patterned arc appeared in front of the Red Flame King, blocking the Golden Winged Phoenix's flames outside.

"Huh? There's another Holy Beast!"

The Golden Winged Phoenix was greatly surprised; Chen Yu had given it far too many shocks.

If it could digest Chen Yu's bloodline and then consume the Fire Qilin, monopolizing the "Blood Crystal Flame," the time it would take to break free from the Beast Taming Chain would be greatly reduced.

"Stop the nonsense; do you have a plan or not?"

Chen Yu immediately inquired.

"Kill it!"

The Red Flame King declared with imposing directness.

"Hahaha, to think a mere Fire Qilin dares to be so bold,"

The Golden Winged Phoenix laughed uproariously, then became even more enraged.

A Fire Qilin that hadn't even reached the Sky Sea Realm dared to be so arrogant in front of it!

"Kid, unless we defeat it, we won't be able to escape. Besides, this thief bird, despite appearances, isn't as strong as it seems. It was already severely wounded and used up a lot of vital energy when it tricked that group of people with the medicinal cauldron."

The Red Flame King bellowed.

"You..."

The Golden Winged Phoenix became furiously incensed. It, the Holy Beast Golden Winged Phoenix, was actually referred to as a "thief bird" by a Fire Qilin.

It was already ill-tempered and now it was even more furious.

But at the same time, it was also shocked that the Red Flame King knew its true condition.

The Golden Winged Phoenix had fought strenuous battles with the strong beings of the Three Realms, the Fang Brothers and Sisters, and the Sky Passage Sect Master, sustaining grave injuries and suffering a huge loss of vital energy.

In its last counterattack against the humans, it incurred heavy losses, but that attack also consumed much of its own vitality, further exacerbating its injuries.

It had never felt so weak!

"Fine, I'll listen to you, let's go all out!"

Chen Yu's spirit surged; he still tended to believe what the Red Flame King said.

Besides, if they could really kill the Golden Winged Phoenix, he could absorb its Holy Beast Bloodline.

Such a powerful Holy Beast Bloodline would grant Chen Yu a significant boost in strength!

Thump! Thump! Thump, thump, thump!

Chen Yu's heart suddenly erupted, doubling his speed and strength.

At the same time, he drew out the "Nine Bone Demon Spirit Sword," sweeping it across in a broad slash.

Fueled to the extreme by his Red-eyed Jiao bloodline, in combination with his heart's explosion, and armed with the Divine Weapon "Nine Bone Demon Spirit Sword," Chen Yu's displayed combat power had exceeded that of the Golden Emblem Holy Guard, reaching the level of a Half-step Sky Sea.

In this moment, Chen Yu had deployed all his techniques, his combat power continuously climbing to an astounding level!

Boom!

With his one horizontal strike, the raging flames before him were all dispersed.

"What?"

The Golden Winged Phoenix was slightly taken aback; a human, as insignificant as an ant, had burst forth with such tremendous strength.

Even with its Holy Beast experience, it found this surprising.

Zoom!

Wielding the Demon Sword, Chen Yu swiftly charged out.

He knew that to defeat the Golden Winged Phoenix, he could only rely on his monstrous physique and recovery power, trading injury for injury to inflict severe damage upon the Golden Winged Phoenix.

This moment was the Golden Winged Phoenix's most relaxed and careless time. Chen Yu definitely could not shrink back; he had to seize the moment to turn the tide and gain some advantage!

Chi!

Chen Yu executed Demon Dragon Shadow Control, instantaneously closing in on the Golden Winged Phoenix, mobilizing his Demon Pattern True Essence, and thrusting forth with all his might!

The confined space in this pit and the massive size of the Golden Winged Phoenix, combined with their proximity to each other, made it impossible for it to dodge.

The tip of the "Nine Bone Demon Spirit Sword" pierced into its body!

"You dare to wound me!"

The Golden Winged Phoenix's eyes blazed with fury; a human in the late stage of Guiyuan Realm had actually managed to wound it.

The Golden Winged Phoenix flapped its wings, preparing to incinerate Chen Yu.

Chen Yu did not care at all, fully mobilizing his True Yuan, and activating the second special property of the "Nine Bone Demon Spirit Sword," transformation!

Suddenly, black light gleamed on the "Nine Bone Demon Spirit Sword," trembling slightly and emitting a spine-chilling sound of bones grinding against each other.

In the next moment, the nine segments of bone on the "Nine Bone Demon Spirit Sword" unexpectedly grew and extended, penetrating deeper into the flesh of the Golden Winged Phoenix.

Screech~

The Golden Winged Phoenix let out a wretched scream, its counterattack interrupted by Chen Yu.

On the other side, the Red Flame King was not idle either, his secret technique suddenly struck out.

Whizz!

From the mouth of the Red Flame King emerged a Golden Flame Light Saber, which combined the "Kirin Flame," the "Molten Gold Flame," and also absorbed Chen Yu's "Blood Crystal Flame."

At the same time, this secret technique was also a Sky Sea Realm-level killing move.

The saber flew out, its dangerous aura astonishing the Golden Winged Phoenix, unbelievable.

With its level of experience, it could discern the extraordinariness of this strike.

However, at this moment, it was pinned by Chen Yu and unable to avoid it; it could only try to defend as best as it could.

The Golden Winged Phoenix put aside its earlier disdain and concentrated fully, treating the two enemies in its own lair with the utmost seriousness!

Boom!

The Golden Winged Phoenix opened its mouth and spewed a torrent of fierce fire.

The Golden Pattern Fire Sword moved extremely fast, only scorched by the flames for an instant, its power slightly diminished, and then it pierced toward the Golden Winged Phoenix, inflicting a wound.

"The only forces capable of wounding it,"

Chen Yu pondered his strategy,

"are the 'Nine Bone Demon Spirit Sword' and 'Blood Crystal Flame.'"

He once again mobilized his True Yuan, striving to fully activate the second special property of the Demon Sword.

Instantly, the bone spurs at the sides of the sword elongated, resembling a row of sharp fangs, piercing into the Golden Winged Phoenix's body.

This moment's "Nine Bone Demon Spirit Sword" had its sides covered with ferocious barbs, and with them embedded in the Golden Winged Phoenix's body, it hardly resembled a sword anymore.

Such was the power of the transformation property; if Chen Yu were stronger and more skilled, he could even cause it to morph into ever stranger shapes.

Beyond transformation, the "Nine Bone Demon Spirit Sword" also had an infiltration property.

This moment, the large area of damage inflicted by the Demon Sword, combined with its infiltration property, exerted an even more formidable effect.

"In your hands... you actually possess a top-tier Spiritual Artifact!"

The Golden Winged Phoenix incredulously said.

If it were a normal Spiritual Artifact, it would have been difficult to hurt it, and even if it did, the damage would be limited; with its Holy Beast constitution, recovery would be easy.

But a top-tier Spiritual Artifact was too powerful, especially since it was a Devil Path Spiritual Artifact known for its lethality, even though Chen Yu had not yet fully wielded its power.

The Golden Winged Phoenix, caught off guard by the sudden burst from Chen Yu and the Red Flame King, found itself unprepared, and its injuries further intensified.
