

Chapter 3375

Words:2108 Update:23/05/07 00:55:37

Su Zimo suddenly realized something.

Even if he did not become a Heavenly Dao Sacred King, the five Taishi Primordial Spirits would not be able to escape the fate of being suppressed by Sacred King Samsara.

Sacred King Samsara controlled the three books of Heaven, Earth, and Man, from life to death, from heaven to earth, from the Great Dao to the rules and laws.

The three books were all-encompassing and covered everything!

This war swept across the Greater Thousand World. As time passed, more and more experts died, including Sages and Great Sages.

When these experts died, their energy should have returned to heaven and earth.

But now, it was all integrated into the three books of Heaven, Earth, and Man!

The longer the war lasted, the more creatures died.

Sacred King Samsara's combat power would be stronger until he completely surpassed the five Taishi Primordial Spirits!

Sacred King Samsara had made a comeback. Even if the five Taishi Primordial Spirits joined forces, they would not be able to stop him.

Experts like the Taishi Primordial Spirits were not in the six paths of reincarnation.

But just now, Tian Fa's Heavenly Dao was sealed in the Heavenly Book.

Tian Fa's creatures were recorded in the Heavenly Book, and their fate was controlled by the Heavenly Book.

No matter how strong Tian Fa's soul was,

It was also difficult for one person to break free from the Six Realms.

It could only be imprisoned by the Earth Book.

It was sealed in the Netherworld!

Tian Fa's Primordial Spirit died.

Even if Sacred King Samsara could not kill it completely, its soul could not escape the Heavenly Dao's reincarnation. It was still under Sacred King Samsara's control!

In other words,

As long as Sacred King Samsara did not allow it, Tian Fa's Primordial Spirit would never be able to rise again!

At this moment, after Sacred King Samsara suppressed Tian Fa's Primordial Spirit, the power of the three books soared, and the pressure on the Nirvana Primordial Spirits and Ancestral Fire Primordial Spirits increased greatly!

Even when the three Taishi Primordial Spirits joined forces, Sacred King Samsara suppressed one of Tian Fa's Primordial Spirits.

Now, only Nirvana Primordial Spirits and Ancestral Fire Primordial Spirits were left, and Sacred King Samsara's combat power had increased greatly. Under this situation, the two Taishi Primordial Spirits could not resist Sacred King Samsara's attack at all!

When the Yin-Yang Primordial Spirits and Space-Time Primordial Spirits who were fighting Su Zimo saw this scene, a trace of panic flashed in their eyes.

They could feel the terrifying aura emitted from Sacred King Samsara!

The Yin-Yang Original Spirit suddenly shouted, "Araki Takeshi, once we die, he will never let you go!"

"Now, only by joining forces with us can we suppress him! This is your only chance!"

The Time and Space Origin Spirit also shouted.

Su Zimo's expression was calm and unmoved.

It wasn't as if his heart had never wavered.

But just now,

He suddenly thought of another matter and couldn't help but feel a chill in his heart!

When he became a Heavenly Dao Sacred King, the five Taishi Primordial Spirits immediately began to rope him in.

On the other hand, Saint King Samsara did not say a word. He had no intention of trying to win him over.

Even in the face of the five Taishi Primordial Spirits' accusations, Sacred King Samsara did not defend himself.

At that time, Su Zimo was neutral. It was possible for him to stand on either side.

But Saint King Samsara's performance was too calm!

It felt as if they were not worried about Su Zimo leaning towards the five Taishi Primordial Spirits at all.

One possibility was that Saint King Samsara trusted him enough.

And just now, he thought of another possibility.

The Book of Human recorded all living beings and controlled the fate of all living beings in the world.

In other words, even his fate was within the range of the Book of Human's records!

Saint King Samsara could use the Book of Human to suppress him with just a thought!

Therefore, Saint King Samsara was not worried about him leaning towards the five Taishi Primordial Spirits.

Because his existence was not a threat to Saint King Samsara at all!

Boom!

Just as these thoughts flashed through Su Zimo's mind, he heard a loud sound!

The Ancestral Fire Origin Spirit was suppressed by Saint King Samsara!

One more Heavenly Book.

One more page in the Book of Human.

One more soul in the Earth Book.

The Taishi Primordial Spirits' Heavenly Dao, fate, and soul!

The power of the three books rose again!

In the blink of an eye, two of the five Taishi Primordial Spirits were gone.

The Nirvana Primordial Spirit, the Yin-Yang Primordial Spirit, and the Time and Space Origin Spirit knew that they had lost. Their expressions were calm, but their eyes were dim.

They knew that everything was over.

"Die!"

Saint King Samsara was surrounded by the three books of 'Heaven, Earth, and Man'. He stepped forward and intercepted the Yin-Yang Primordial Spirit and the Time and Space Origin Spirit opposite Su Zimo. One against three, his aura was monstrous!

Su Zimo stopped and stood quietly at the side, watching this scene silently.

There was no need for him to make a move in this battle.

With the power of Saint King Samsara, it was enough to suppress the remaining three Taishi Primordial Spirits!

Saint King Samsara wore a black robe and his long hair danced wildly. His attacks were ferocious as if he was venting something.

This battle of Saint Kings did not last long. The remaining three Taishi Primordial Spirits were all suppressed by Saint King Samsara and sealed in the three books!

The three books floated above Saint King Samsara's head and emitted a mysterious power that surged into his body, causing his aura to rise continuously!

After this battle, not only was Saint King Samsara uninjured, his combat strength was even stronger than before!

The Heavenly Book recorded the six Heavenly Daos of Heavenly Punishment, Yin-Yang, Space-Time, Ancestral Fire, Nirvana, and Reincarnation, as well as 3,000 Great Daos.

The Book of Man contained the fate of all living beings, including the five Taishi Primordial Spirits.

The Book of Earth also contained the souls of all living beings over countless years!

With the three books in hand, Saint King Samsara was the only god in the three thousand worlds!

"It's time to end this."

Saint King Samsara looked down at the battlefield of the Great Sages from above.

He slowly reached out his palm and gently swiped it downward.

Endless fear appeared in the eyes of the five Sacred Lords as if they were facing some great terror. Their pupils constricted!

In the next moment, under everyone's gaze, the five Sacred Lords were gently wiped away like dust on a bronze mirror.

In that void, one could see the long mark of a palm.

There was no struggle, no blood. The five Sacred Lords were wiped away just like that and disappeared into thin air!

When the Heavenly Path Sect Master, the Lord of Hell, and the rest saw this scene, their hearts trembled.

The Great Sage of Chaos heaved a sigh of relief and muttered, "It's finally over."

The Mountain Elder and Evil Lord did not look relaxed. On the contrary, their expressions were solemn.

The Demon Lord was covered in wounds. Even though his blood flowed onto the nameless tombstone under him, his face was still expressionless.

When the Saints of the five Sacred Lands saw this scene, their expressions were shocked. They all stopped fighting and stopped fighting!

The situation was already over. It was useless for them to continue fighting.

When the Saints of the three Sacred Lands saw this, they did not continue to pursue.

More than enough Saints had fallen in this battle.

The battle did not last long, but the Greater Thousand Worlds were already devastated, and corpses were everywhere.

At this moment, the Saints felt their vision darken.

They subconsciously looked up.

They saw a large hand that was faintly discernible, gently sweeping past their heads as if it was wiping away dust.

In the next moment, the Saints under this large hand disappeared from this world!

With a sweep of the large hand, hundreds of Saints died!

Among them, not only the Saints of the five Sacred Lands, but also the Saints of the three Sacred Lands. Many of the Saints of the human race had also died!
