

Ex's Brother 391

Chapter 391: Hiding A Handsome Man At Home

At this point, Beauty Wu no longer hid anything from Wei Shuyi. "Do you still remember the car accident?"

Wei Shuyi was stunned.

"Is the accident related to Dongli Shenghua?"

"Yeah."

Wei Shuyi instantly understood Beauty Wu's actions. Her cruel rejection was the strongest form of protection for him.

He felt that just hugging her was not enough. He wanted to do it with her over and over again, until both of them were exhausted.

Wei Shuyi once again pressed Beauty Wu under his body. No matter how hard Beauty Wu tried to find an excuse, he wouldn't stop.

The next day, Beauty Wu went to work looking exhausted. She looked like she hadn't slept well, but she was in good spirits, surprising Kang Hui and the rest.

Lin Song was surprised to see her.

Beauty Wu's appearance reminded him of the scenes in television dramas where the young masters went to the brothel to have fun. Lin Song could not help but tease her. "Young Master Beauty, where did you go to sleep with a prostitute last night?"

“Tsk tsk...” Beauty Wu gave Lin Song a meaningful look.

Lin Song felt light-headed from her gaze.

Kang Hui scolded them for being indecent.

“Captain Wang told me just now that I received a call from the border armed police. They said that a foreign drug lord has entered the country. For the time being, our city might be busy.”

“A foreign drug lord?”

Beauty Wu was shocked. “In our city?”

“We’re not sure yet. We haven’t grasped their whereabouts. It’s best if they don’t come. If they come, we’ll make sure they never return!”

“Which drug lord is it? Do you have accurate news?”

“I’m not sure yet.”

“Alright, so be it. If he comes, we’ll catch him.”

When Wei Shuyi returned this time, he could only stay in Binjiang City for a week. After a week, he had to return to America to continue his studies. Beauty Wu tried not to work overtime and rushed home whenever she was free. On this day, when she was about to get off work, Beauty Wu received a call from Wei Shuyi. He asked her what she wanted to eat as he would prepare it for her when she came back.

Beauty Wu told him six to seven dishes in one go. She was very willful.

Wei Shuyi scolded her for being greedy. After hanging up the phone, he still went to buy groceries.

As soon as she got off work, Beauty Wu packed her things and rushed home impatiently. Kang Hui saw that she was running like the wind and could not help but open WeChat and send her a message.

Senior Brother: [Are you hiding treasures at home?]

Senior Brother: [You're running like a rocket.]

Beauty Wu parked the motorcycle downstairs in the small district. As she climbed the stairs, she played with her phone. When she saw her senior brother's message, she couldn't help but be smug and sent him a voice message.

Alluring Beauty: [No baby. But there's a handsome man.]

Kang Hui replied quickly.

Kang Hui: [Handsome man?]

Kang Hui: [Your Brother Wei is back!?] There was an exclamation mark and a question mark. It was enough to show how surprised Kang Hui was.

Alluring Beauty: [Hmph, of course.]

Kang Hui: [Made up?]

Alluring Beauty: [What do you think?]

Kang Hui: [... Shameless adulterous couple.]

Alluring Beauty: [Are you jealous?]

With that, she inserted the key into the lock and opened the door. She thought that the house would be filled with the fragrance of dishes, but she saw that the room was cold.

Beauty Wu was stunned.

She changed her shoes and walked into the house. She first ran to the kitchen and saw the rice cooker cooking. However, she didn't see Wei Shuyi or the ingredients he bought. Beauty Wu was a little surprised. Was he not back yet? That shouldn't be the case. He had called at four o'clock to ask her. He should be back soon. Beauty Wu called Wei Shuyi but he didn't pick up.

Did something happen at the last minute?

She didn't continue arguing with Kang Hui. Instead, she washed her hands and found ginger and garlic. She cut all the supplementary ingredients for Wei Shuyi first.

Wei Shuyi was especially picky when he cooked.

Take the Fresh Ginger for example. He had to cut different vegetables differently. Some had to be cut into slices, some had to be cut into shreds, and some had to be chopped into pieces. Beauty Wu stared at the large plate of supplementary ingredients that she had cut and couldn't help but sigh.

Look at her man. He was so hard to please.

Seeing that the sky was about to turn dark and that her man was still not back, Beauty Wu called Wei Shuyi.

This time, it was connected and rang for more than twenty seconds.

Thinking that Wei Shuyi wouldn't pick up again, Beauty Wu was about to hang up when the call was picked up.

"I'm downstairs." Wei Shuyi hung up.

Beauty Wu shrugged and threw the phone on the sofa before running to open the door.

She leaned against the door frame and counted down in her heart. From one hundred to twenty, the familiar footsteps gradually approached. Beauty Wu's gaze naturally landed on the corner corridor below. A white shadow approached her vision. That person walked to the middle of the stairs and looked up. His appearance was exquisite, gentle, and charming.

He looked good.

"Have you been waiting for a long time?" Wei Shuyi asked her with a smile.

He was holding a bag of ingredients in his hand. It was filled with smoke and fire, but Beauty Wu's heart beat faster when she saw it.

She agreed haphazardly before regaining her senses.

"Why did you take so long?"

When he got closer, she reached for a bag.

The two of them returned home together. Wei Shuyi took off his shoes and carried the groceries to the kitchen before saying, "I met someone who suddenly fell ill."

"Oh?"

"It was a woman. As we walked, she suddenly fainted on the road." Wei Shuyi saw Beauty Wu narrow her eyes and guessed that she was thinking too much. He then said, "What are you thinking about?"

"Brother is so good-looking. That person must be trying to get close to you on purpose."

He could not help but laugh.

“Nonsense.”

Wei Shuyi’s expression turned serious and he said, “She’s really not feeling well. I sent her to the hospital and the results of the checkup were that she has anemia.”

“Tsk!”

Beauty Wu pursed her lips, still feeling that that person was doing it on purpose.

Wei Shuyi stopped explaining to her. He rolled up his sleeves and asked Beauty Wu to help him prepare the dishes quickly. The two of them ate and saw that it was not even eight o’clock yet. He felt that it was not good to waste time like this. Wei Shuyi suggested, “Let’s go out and shop.”

“Sure.”

The two of them changed their clothes and walked out of the district.

After the Mid-Autumn Festival, the temperature was not especially high.

Wei Shuyi wore a smoky gray shirt and walked in front of Beauty Wu. His handsome back view made Beauty Wu’s heart flutter. Beauty Wu quickly jogged two steps and jumped onto his back.

He caught her firmly.

Fortunately, Beauty Wu was wearing pants tonight. If it was a dress, it would be hard to carry her.

She lay on his back and asked Wei Shuyi in a muffled voice, “When are you leaving?”

Wei Shuyi was silent for a moment before saying, "The day after tomorrow."

"Ugh." Beauty Wu bit his neck and said, "I can't bear to leave you."

"Then... Why don't I stop working? You can support me."

He sounded amused.

Beauty Wu thought about it silently and shook her head. "No, I can raise you, but we have to spend money on our children in the future. I can't afford to spend money on the entire family." She was used to living alone. Now that she was about to start a family, she had to change this habit of spending money extravagantly.

Chapter 392: Are You Guys Together?

Wei Shuyi said that she was silly. "How can a man be raised by a woman?"

Beauty Wu was unconvinced and said, "Women can't be raised by men either." She placed her hands on Wei Shuyi's chest and played with the buttons on his clothes. She said, "Only underaged children and elderly people, as well as patients lying on the bed, need to be taken care of. Any adult with healthy limbs shouldn't need to be raised by anyone."

"You're wise."

"Of course."

After carrying her on his back for a while, Wei Shuyi's breathing was still uniform and not chaotic. However, Beauty Wu said, "Put me down."

"I can still carry you." Ever since he met her and was mocked by Beauty Wu for his poor stamina, Wei Shuyi had been strengthening his body. Now, he could easily carry Beauty Wu for a few hundred meters.

When Beauty Wu said that it was uncomfortable to be in that position, Wei Shuyi obediently put her down.

Beauty Wu didn't tie her hair today. Wei Shuyi saw that her hair was a little messy, so he reached out and tucked it behind her ear. He held Beauty Wu's hand and the two of them walked along the sidewalk.

"I want to drink double skin milk."

After saying that, Beauty Wu threw Wei Shuyi aside and ran to the milk tea shop to buy two cups of double skin milk. Knowing that Wei Shuyi didn't like to drink this, Beauty Wu asked for a small cup for him. Wei Shuyi took a sip and felt that the taste was too sweet and didn't like it.

He frowned. Seeing that Beauty Wu was drinking happily, he did not say anything that ruined the mood.

There was a mall near Beauty Wu's neighborhood. It was a little small compared to the big shopping malls in the city center, but it had everything that a mall should have. The two of them went to the supermarket and bought yogurt and some daily necessities. When they paid the bill, Beauty Wu took a few boxes of condoms from the shelf beside the counter.

Wei Shuyi watched silently and didn't comment.

However, when they were paying the bill, Wei Shuyi placed his hand under the counter and gently scratched Beauty Wu's palm.

Beauty Wu looked up at him and met a pair of ambiguous hazel eyes.

She lowered her head silently...

The two of them secretly flirted like underground gangsters.

After leaving the supermarket, the two of them quickened their pace. In the end, when they reached the entrance of the mall, Beauty Wu stopped in her tracks. Wei Shuyi realized that the person behind him had stopped moving, so he turned around to take a look. He saw that Beauty Wu's gaze was fixed on the carousel in front of him.

Wei Shuyi took a step back and asked beside her ear, "Do you want to ride on it?"

Beauty Wu looked quite uncomfortable. She said, "I've thought about it many times, but I just feel that I'm too old. It's not suitable for me." She looked at the children on the wooden horses and felt that she was too childish.

Wei Shuyi didn't say anything. He paid for the two of them and pulled Beauty Wu into the queue. "Ride it if you want to. If you buy the tickets with your own abilities, who will chase you out?"

Beauty Wu puffed up her chest.

In the next round, the two of them got on the wooden horses. Wei Shuyi chose a gray unicorn, while Beauty Wu chose a pink horse. Sitting beside Beauty Wu was a four or five year old girl. She unintentionally turned around and saw Beauty Wu and Wei Shuyi holding hands. She couldn't help but lean her face close to Beauty Wu and ask her innocently, "Sister, are you and this brother dating?"

Beauty Wu silently digested these three words and said to the little girl, "I'm already 28. You should call me Auntie."

The little girl stared at Beauty Wu's face for nearly half a minute before saying, "Sister is good-looking, and even Aunties are not as good-looking as Sister."

What could Beauty Wu say!

She only wanted to hug this girl and kiss her.

Holding back her joy, Beauty Wu pretended to be calm and said to the little girl, "Then call me Sister."

The little girl giggled coquettishly before asking Beauty Wu shyly, "Is sister dating that uncle?"

Wei Shuyi heard the word uncle. He was speechless.

Beauty Wu tilted her head and looked behind her. Seeing that Wei Shuyi's expression was a little ugly, she couldn't help but laugh. She quickly said to the little girl, "You have to call him brother."

"No, he's an uncle." The little girl believed in her judgment.

Her brothers were very young.

Although this uncle was also very good-looking, he was not as young as his brothers, but he was not as old as his father, so he was an uncle.

It was right to call him uncle.

Seeing that the little girl insisted on calling Wei Shuyi Uncle, Beauty Wu couldn't help but turn around and whisper into Wei Shuyi's ear. "Brother Wei, you're an uncle and I'm an elder sister. Aren't you an old cow eating young grass now?"

Wei Shuyi sneered.

Beauty Wu turned around and looked at the little girl. She nodded at her and said, "Yes, I'm dating that uncle."

The little girl asked shamelessly, "Did you guys meet on a blind date?"

"No, we met online."

“Sigh!” The little girl sighed especially sadly and said, “Internet romance is indeed reliable. My aunt has been on blind dates recently. Every time she comes back, she would quarrel with my grandmother and say that her partner is all kinds of trash...” She leaned on the little wooden horse’s head and revealed a particularly helpless expression.

“My aunt has said a few times that she doesn’t want to go on blind dates anymore, but Grandma keeps saying that she’s an old lady. What should I do? Do I have to go on blind dates when I grow up?”

A little girl who was only four or five years old was actually afraid of the future. From this, it could be seen how ruthless and scary my parents were in China when it came to blind dates.

When Beauty Wu heard this, she felt sympathy for the little girl’s aunt, but she also found the little girl’s sad and pitiful appearance funny.

“You’re still young. Blind dates are far away for you.”

“How is it far away? My Brother Nuo has a little girlfriend even though he’s only seven years old.” The little girl tilted her head and looked at Beauty Wu’s face. She thought to herself that Beauty Wu was very good-looking.

Would she only have a boyfriend if she was good-looking? Would she not have to go on blind dates then?

The more she thought about it, the more sad the little girl felt.

The moment the wooden horse stopped, she got off the wooden horse and ran into her father’s arms with big strides. She bumped into her father’s arms and started to wail. As she cried, she shouted, “Dad, I don’t want to go on blind dates in the future. I don’t want to go on blind dates!”

Everyone looked at her father with meaningful gazes.

The girl’s father was also a little embarrassed.

“No blind dates, no blind dates. Nan Nan is still young. Why are you thinking about this?” The father quickly carried his daughter and coaxed her carefully in his arms.

The little girl said, “Aunt is so beautiful but even she has to go on blind dates. I’m so ugly! What am I going to do in the future! Dad, you can’t force me to go on a blind date like Grandma. If you force me to go on a blind date, I’ll...”

“I’ll cry for you to see!”

Chapter 393: Strange Sickness

With that, the little girl cried sadly in her father’s arms.

Her dad was speechless.

The people who were watching the commotion found it funny after hearing the whole story.

However, there were also people who thought that it was not good to scare children with such a serious situation. When their children grew up, they would definitely not force them to do something like that.

Beauty Wu leaned against Wei Shuyi and watched as the little girl cried. She couldn’t help but laugh.

“Let’s have a daughter too.” Wei Shuyi’s voice suddenly rang in her ears.

Beauty Wu looked up at him in surprise and asked, “Really?”

“Do I look like I’m joking?” Wei Shuyi couldn’t be more serious.

Beauty Wu couldn't help but purse her lips in amusement.

"Sure."

In response, Beauty Wu shamelessly asked Wei Shuyi, "Then let's go home now? Let's seize the time and help our daughter descend into this world sooner?"

"Fine by me."

Wei Shuyi and Beauty Wu really went home.

When Wei Shuyi came back this time, he stayed at Beauty Wu's house and it was as if he had forgotten that he had a home.

After staying at Beauty Wu's house for six consecutive days, Wei Shuyi had to leave for America tomorrow morning. Thinking that he might not be able to return for a long time after this trip, Beauty Wu couldn't bear for him to leave.

However, she had to go to work today, so Beauty Wu decided to go to work in the morning. She took leave from work in the afternoon and came back to accompany Wei Shuyi.

As soon as Beauty Wu left, Wei Shuyi followed behind her.

He went to the agency and planned to sell the house under his name before buying a new house in preparation for his wedding. In the early years, his parents had left him a sum of money. It was enough to buy some land in Binjiang City and definitely enough to buy a house.

However, he felt that he only needed one house as long as it was warm and suitable for him.

Since he wanted to buy a new house, he did not want his original house.

However, Beauty Wu's house had to remain hers. After all, there were too many memories of hers there.

Wei Shuyi went to the agency and discussed the prices before running to the largest jewelry mall in Binjiang City. The mall had a total of three floors, and all of them sold jewelry. Wei Shuyi carefully looked at many shops. In the end, he chose a pair of platinum rings and a pair of gold rings.

He couldn't make up his mind, so he called Beauty Wu.

Beauty Wu and the rest were in a meeting when the phone in her pocket vibrated. Wang Zhong's ears were especially sharp, so he could hear even the vibration. He glanced at Beauty Wu, who quickly took out her phone and rejected the call before putting it in her pocket.

Wei Shuyi guessed that it might be inconvenient for the other party to answer her phone, so he said to the salesperson, "Wait a moment."

"Yes, Sir."

The sales assistant brought him a cup of warm tea. Wei Shuyi drank the tea while waiting for Beauty Wu's reply.

He had just taken two sips when his abdomen suddenly ached.

Wei Shuyi pressed his hand against his abdomen. It was probably because of his abdomen that he couldn't straighten his back from the pain. He put down his cup and got up from the stool. He was in so much pain that he squatted on the ground. His face was pale.

"Sir, what's wrong?"

The salesperson in the shop was shocked and quickly ran over to ask him.

Within a few seconds, Wei Shuyi's forehead was covered in sweat from the pain.

He could not describe the pain. It was as if ants were eating him, but it was even more intense than that. When the pain was the most intense, it was as if countless knives were stirring his flesh and stabbing his head like sharp needles. Wei Shuyi thought that he would die from the pain.

He fell to his knees and pressed his forehead to the floor, unable to even grunt.

“Ugh!”

Gradually, the pain seemed to slow down.

Wei Shuyi remained kneeling on the ground. After a minute, the pain in his stomach disappeared.

Wei Shuyi slowly straightened his back.

It didn't hurt anymore.

The pain came and went quickly. If it wasn't because the pain was still vivid in his mind and the sweat on his forehead hadn't disappeared, Wei Shuyi would have thought that it was just a dream.

Seeing that he could still stand up, the salesperson could not believe it. He clearly looked like he was in pain just now.

Her face was also a little pale. She was frightened by Wei Shuyi's appearance.

She was really worried that Wei Shuyi would die in their shop.

Fortunately, he did not collapse.

“Sir, are... are you okay?” The salesperson’s voice was filled with caution. She did not dare to raise her voice, afraid that she would scare the customer.

Wei Shuyi shook his head and said, “Sorry, I scared you guys, right?”

“N-No.” Shaking her head, the sales assistant still frowned. Her gaze landed on Wei Shuyi’s still pale face and she asked softly, “Sir, do you want to sit for a while?”

Not wanting the salesperson to worry, Wei Shuyi sat down on the small sofa.

He gently massaged his abdomen with his hand and frowned as he recalled the situation.

He was a doctor, so he would take any discomfort seriously. He did not think that a healthy person would feel pain for no reason. The pain was also intense like a person’s last struggle before death.

At this moment, his phone rang.

When Wei Shuyi saw that it was Beauty Wu calling him back, he looked at the phone and took a deep breath before answering.

“Beauty.”

“I was in a meeting just now.” Beauty Wu was in a noisy place and she probably called as soon as the meeting ended. “Brother, what’s the matter?”

“I just wanted to ask if you like platinum or gold.”

Chapter 394: Do You Want a Wedding Ring?

Beauty Wu was a little surprised. Why was he asking this?

However, she still told the truth. "I'm not afraid that you'll laugh at me. I love gold. If you buy platinum, the price will drop. At least gold can still increase in value. Also, gold is bright and shiny. It makes me feel good just looking at it." If one asked Beauty Wu what colors she liked the most, it would definitely be gold and red. One was the color of actual gold and the other was the color of a 100 yuan note.

If one were to ask, other than Wei Shuyi, who else would Beauty Wu love the most? It would definitely be Grandpa Mao, because he was printed on the 100 yuan note.

Beauty Wu could never get tired of looking at these three things.

Wei Shuyi chuckled.

Fortunately, he did not buy platinum.

"Got it."

Before he hung up the phone, Beauty Wu asked, "Wait, why are you asking this? Don't tell me you're buying jewelry for me?"

"Yeah."

Beauty Wu quickly said, "Don't buy it. It's a waste. In our line of work, we're not allowed to bring jewelry when we go to work. If we are on patrol duty, it's a big taboo to wear jewelry."

"Then you don't want a wedding ring either?"

There was silence on the other end.

After that, Beauty Wu's extremely serious answer sounded. "Yes!"

After hanging up the phone, Beauty Wu lowered her head and looked at the ring on her left middle finger. This ring was not eye-catching, nor would it shine under the sun. If she wore it, it would not be a problem when she went out on patrol duty. However, a golden ring would be a little troublesome.

At most, she would hang it around her neck when she went out for duty.

Putting away her phone, Beauty Wu smiled and continued working. She felt refreshed the entire day.

After Wei Shuyi hung up the phone, he stood up and said to the salesperson, "Please help me pack this pair."

"Okay, you can pay here."

"Okay."

Wei Shuyi carried his things and didn't go home. Instead, he took a taxi to Deep Sea Hospital.

Coincidentally, Yuan Jun was at work today.

Yuan Jun was surprised to see him.

"When did you come back?"

"A few days ago."

Yuan Jun asked again, "Why are you back?"

Wei Shuyi said, "To coax my girlfriend."

Yuan Jun raised his eyebrows and looked surprised. "Girlfriend?" His gaze shifted and a sly smile appeared on his cute face. "That Miss Wu?"

"Yes."

"An ill-fated relationship. It's been so complicated. Why are you all mixed up again?"

"You have a problem with that?"

Yuan Jun shrugged. "No." He asked Wei Shuyi again, "Why are you looking for me?" Wei Shuyi was not that kind-hearted and would not specially come to talk to him. Yuan Jun knew this clearly.

Wei Shuyi handed the shopping bag containing the rings to Yuan Jun. "I'm looking for you to check my body."

Yuan Jun threw the shopping bag into the cabinet and locked it. Then, he asked Wei Shuyi seriously, "Where are you feeling unwell?"

Wei Shuyi told Yuan Jun what happened at the mall.

Yuan Jun listened to this question seriously.

"Let's go for a full body checkup."

"Yes."

The two of them got up and walked towards the medical technology building. As they walked, Yuan Jun asked Wei Shuyi, "When are you leaving?"

"Tomorrow."

Yuan Jun stopped in his tracks, and Wei Shuyi stopped as well.

Yuan Jun turned his head and looked at Wei Shuyi's mature and handsome face. He couldn't help but scold him. "You heartless thing! If it wasn't for your poor health, you wouldn't have come to find me, right?"

Wei Shuyi only smiled faintly. His expression was gentle and especially friendly.

However, Yuan Jun sneered. "You're indeed my good senior brother."

Wei Shuyi remained silent.

When they arrived at the medical technology building, Yuan Jun personally did a checkup on him and took his blood for a test.

Yuan Jun and Wei Shuyi looked at Wei Shuyi's report together. The two of them came to the same conclusion. There was nothing wrong with his body. His lungs were also very healthy. There were no tumors or edema. However, when he thought of Wei Shuyi's serious expression when he mentioned his condition, Yuan Jun did not dare to underestimate his health.

He put down the report and said to Wei Shuyi, "You saw these results too. For the time being, it seems like there's nothing wrong with your body. I'll inform you when the blood test results are out in the afternoon."

"Sure."

Yuan Jun opened the cabinet and handed the shopping bag to Wei Shuyi.

He looked at the shopping bag and said with a smile, "Could it be a ring inside?"

"Yes, a wedding ring."

A wedding ring?

“You’ve proposed?”

“Yes.”

“That’s fast enough!” Yuan Jun was quite surprised.

Wei Shuyi hadn’t told Yuan Jun in detail about his proposal to Beauty Wu a long time ago. He was about to leave with the bag when Yuan Jun suddenly said, “Yingying and I are holding a wedding in February next year.”

His footsteps stopped.

Wei Shuyi turned around and looked at him in surprise.

Yuan Jun saw Wei Shuyi’s surprised face.

He was quite proud of himself and could not help but mock Wei Shuyi. “Although I’m a few years younger than you, you only stopped being single at the age of 29. In the end, not long after you left being single, you were dumped again. Even if you and Miss Wu have a positive ending this time, you’re almost 32 years old, right?” he said rhythmically, just like how he would read a paragraph of text during Chinese class when he was called by the teacher.

“But I’m different. I stopped being single before I was 28 and got married when I turned 29.”

“Senior Brother, I finally beat you.” Yuan Jun was especially arrogant and looked like he deserved a beating.

Wei Shuyi couldn’t help but laugh. “You’re amazing.”

He walked back and sat on Yuan Jun's desk. He stared at Yuan Jun for a long time and could not help but reach out and mess Yuan Jun's hair.

"What are you doing? Why are you touching me?" Yuan Jun glared at him angrily.

Wei Shuyi sighed. "Xiao Jun has grown up."

Yuan Jun blushed inexplicably and felt embarrassed.

"...Well, I've already grown up. I was an adult when I turned 18."

Wei Shuyi chuckled and said, "Even if you're 80 years old, you're still my junior brother."

Yuan Jun remained silent. He seemed to have thought of something and actually felt quite happy.

"Your senior brother is buying a house recently so consider this when you're choosing a gift." Wei Shuyi explained the situation first.

Yuan Jun was a wolf cub and ruthless. If Wei Shuyi didn't tell him in advance, he would probably ask Wei Shuyi to give him a car. It would be covered in gold and diamonds and probably so expensive that Wei Shuyi would go bankrupt...

Upon hearing his words, Yuan Jun, who had been elated a moment ago, lost interest.

"Tsk, poor bastard."

"Then you don't want it?" Wei Shuyi said, "That's good, you can save me money."

"Don't!"

Yuan Jun immediately said, "I heard that you know the eldest young mistress of the Fang family, Qiao Jiusheng?"

Wei Shuyi took a few more glances at Yuan Jun.

"Why are you asking this?"

Yuan Jun leaned close to him and said, "I heard that Madam Fang and Madam Wei Xin are good friends?"

Chapter 395: I'm Willing

Wei Xin?

Wei Shuyi was a little puzzled. "That designer?"

"Yeah!"

"Why are you looking for Wei Xin?"

"Then..." Yuan Jun was a little embarrassed. He said, "It's like this. Yingying is studying fashion design and has a wish. She wants to get to know Wei Xin and learn from her. Yingying said that it's fine even if she can only serve Wei Xin tea and water. Don't you know Fang Yusheng? Look, can you..."

Wei Shuyi thought about it and did not agree immediately. He only said, "I have to ask Ah Sheng first and see what she says."

"Then quickly ask. Hurry up and ask. If you can do this, it's fine if you don't give me a gift when I get married."

“Sure.”

When Wei Shuyi returned home, he called Qiao Jiusheng.

He explained the reason.

On the other end, Qiao Jiusheng did not reply for a long time after hearing his request.

“What’s wrong?” Wei Shuyi was a little puzzled. Could it be that this matter was difficult to resolve?

Qiao Jiusheng felt that it was difficult to explain in a few words. She said to Wei Shuyi over the phone, “If I step in, I can definitely get it done. However, Wei Xin’s situation is a little special...”

“Special?” Wei Shuyi was surprised. “How is it special?”

“...Wei Xin likes women.”

Wei Shuyi was speechless.

Wei Xin actually liked the same sex as him.

Qiao Jiusheng said, “She especially likes obedient girls. It’s probably not safe to keep them by her side. What personality type does your childhood friend have?”

Wei Shuyi said softly, “She’s the obedient type...”

Qiao Jiusheng stopped talking.

This was a little awkward.

In the end, Qiao Jiusheng broke the silence.

She said, "How about this? Call your junior brother and tell him about this. If he doesn't mind, I'll help him with this."

After ending the call with Qiao Jiusheng, Wei Shuyi called Yuan Jun immediately.

Yuan Jun picked up very quickly. "Is it successful?" He was clearly in his office, sitting down and waiting for his call.

Wei Shuyi said in a mysterious tone, "Whether it works or not depends on you."

"What happened?"

"That Wei Xin..." Wei Shuyi held his forehead and thought that their Wei family was very impressive. On the other hand, Yuan Jun stopped talking when he heard him mention Wei Xin. He was so anxious that he quickly urged him to say it quickly.

Well, since he insisted...

Wei Shuyi finally said, "Wei Xin likes women, especially obedient and cute girls."

Yuan Jun's face darkened.

He suddenly hung up.

His Yingying was obedient and cute. He could not let Wei Xin taint her.

Yuan Jun was furious. At this moment, his phone rang again.

He picked it up and heard Wei Shuyi's voice on the other end. "Then the wedding gift..."

"Cash is good. I don't want too much. Give me 99,999 yuan!" With that, Yuan Jun quickly hung up.

Wei Shuyi was speechless.

Seriously, that Yuan Jun was like a dog!

When Wei Shuyi arrived at the Public Security Bureau, Beauty Wu had just finished work. Kang Hui walked out of the building with her and saw Wei Shuyi waiting in the courtyard.

The two of them nodded as a greeting.

Kang Hui walked over and greeted him.

"Let's have lunch together at noon." Wei Shuyi invited Kang Hui to eat with them.

Kang Hui did not stand on ceremony with him.

They ate a meal at a small restaurant opposite the Public Security Bureau. After the meal, Kang Hui returned to the bureau to work while Beauty Wu went home with Wei Shuyi.

Beauty Wu took a taxi to the police station today, and the two of them planned to take the bus back.

On the way home, Wei Shuyi handed the shopping bag containing the wedding rings to Beauty Wu. "Keep it. When I come back from America, we'll get married." Seeing that Beauty Wu didn't say anything, Wei Shuyi thought that she was thinking about the proposal and said, "About the proposal..."

"I received it." Beauty Wu suddenly interrupted Wei Shuyi.

Wei Shuyi was confused and asked subconsciously, "What?"

"That box." Beauty Wu held Wei Shuyi's hand and looked up at him. She said to him, "I received that empty box." Wei Shuyi's smile faded.

When he sent the parcel, he deliberately did not write his phone number because he wanted to give Beauty Wu a surprise. In the end, when the parcel was sent out, it was like a stone sinking into the sea. There was actually no reply. In addition, during that period of time, the two of them were distant.

Wei Shuyi thought that Beauty Wu had received the box and deliberately didn't give him an answer.

Seeing that Wei Shuyi's expression was a little ugly, Beauty Wu guessed that there was really a misunderstanding. She quickly explained, "I don't have the habit of buying things online. I only found that box the following year after we broke up. Zhu Zhu happened to go to Japan and sent me something. I opened the mail box and realized that you gave me the box."

Beauty Wu's voice was muffled. When she thought about how she had actually missed Wei Shuyi's proposal, she felt extremely guilty.

During that time, Wei Shuyi must have been waiting for her reply, but she didn't see the parcel!

How sad would he be?

When Wei Shuyi heard this explanation, he was a little surprised and felt that fate was playing tricks on him. "You didn't realize?"

"Yes."

Even Wei Shuyi could not help but sigh. He said, "I was too careless. I only thought that everyone likes to buy things online now and you will definitely discover the delivery soon. I didn't expect that you would

be a person who doesn't like to buy things online." If Qin Zhu did not send her the delivery, wouldn't that empty box have to stay in the mail box until the end of time?

"It's not your fault."

"Brother." Beauty Wu gently scratched Wei Shuyi's palm with her fingertips.

Wei Shuyi lowered his head to look at her. When he met a pair of peach blossom eyes filled with seriousness and love, his expression couldn't help but become serious.

Beauty Wu looked at him. Gradually, her eyes turned red and blurry.

"Brother, I'm willing."

This response was two years late.

Wei Shuyi's chest swelled and ached. He actually wanted to cry.

He quickly hugged Beauty Wu, afraid that she would see him embarrass himself. However, Beauty Wu thought that this hug was an uncontrollable display of affection. She also hugged Wei Shuyi and said to him, "I've been willing for a long time. When I saw that empty box, I almost ran to America to see you."

That night, Beauty Wu felt terrible.

That was why she had a high fever the next day and caught a cold.

"Yes..." Wei Shuyi replied.

Beauty Wu sensed that something was wrong with his voice.

It looked like... he was crying?

She was stunned and considerately did not expose Wei Shuyi's embarrassment.

After a long time, Wei Shuyi finally let go of Beauty Wu.

He did not cry again, but his eyes were a little red.

Beauty Wu pretended not to see him cry and held his hand as they walked towards the bus stop.

It was only 1: 40 pm when she got home.

Beauty Wu took off her shoes and entered the house. She said to Wei Shuyi, "Let's take an hour lunch break before going to the swimming pool to swim, okay? We'll watch a movie tonight."

Chapter 396: I'll Be Jealous

Wei Shuyi had no objections.

As they collapsed on the bed, Beauty Wu suddenly said, "I'm so envious of Ah Sheng and the rest. They have a swimming pool at home."

Wei Shuyi had an idea when he heard this. He said, "How about this? In the future, we can build ourselves a villa style house in the suburbs and a pool?" Wei Shuyi didn't have the capital to buy a villa in the city, so he could build a house in the suburbs.

"I've already sold my house at market price today and plan to buy a new house after we marry. Buying a 140-square-meter house in the city center will cost more than 10 million yuan." He calculated all his assets and said to Beauty Wu, "Before my parents passed away, they left me more than 10 million yuan. That's all their assets. I've earned more than 2 million yuan from my investment. That house should be able to sell for more than 4 million yuan."

“Instead of buying a house in the city center, I might as well build a house close to the suburbs myself.”

Beauty Wu also liked the idea.

Indeed, ten million yuan was only enough to buy a small house in the city center. It was better to build a house on their own that would be big and comfortable. In the future, they could even build a courtyard and dig a pool. Their children would have a place to play.

“Should I sell my house too?” Beauty Wu also wanted to help.

Her house was not as valuable as Wei Shuyi’s house but could be sold for a sum of money.

“No, keep your house. It’s close to No.1 Middle School and not far from your bureau. When the child grows up, he can still study in that school. If you and I work overtime, we can also stay here.”

Beauty Wu thought about it and felt that Wei Shuyi’s words made sense.

“Then... You’re about to build a house. What can I do for this family?” She felt like she was useless.

Wei Shuyi couldn’t help but laugh.

“You’ll have a baby when I build a house.” He smiled and lifted her into his arms. He touched her face, and squeezed her nose. “Isn’t that enough?”

Beauty Wu felt inexplicably embarrassed.

“Alright...”

In the afternoon, they went to the swimming pool.

The swimming pool they went to was newly opened not long ago. The facilities were especially complete and the environment was good. The water in the pool was also considered clear. It was quite crowded and women with good figures were all dressed skimpily. Wei Shuyi and Beauty Wu entered their respective changing rooms.

Wei Shuyi changed his clothes and walked out first. He sat on a stool and waited for Beauty Wu.

After six or seven people came out of the female changing room, Wei Shuyi saw Beauty Wu.

Wei Shuyi was surprised. She usually liked to show her navel when she wore clothes, but this time, she was actually wearing a one-piece swimsuit with suspenders. There were even flowers at the side. She might be the most conservative girl in the crowd. Wei Shuyi was stunned, and there was an unconcealable surprise in his eyes.

Beauty Wu smiled faintly as she walked up to him. When her gaze landed on Wei Shuyi's swimming trunks, her expression immediately changed. "Change it." Her tone was a little harsh and irrefutable.

Wei Shuyi was stunned. He stood up. "Why?" He was surprised. What was wrong with wearing this?

"Too revealing," Beauty Wu said, frowning.

How could her man expose his abs in front of others? He was simply shameless!

Outrageous!

Wei Shuyi was only wearing a pair of briefs today, so it was not particularly revealing. Many men were wearing this type of underwear as they walked by the pool and swam in it.

After figuring out what Beauty Wu was angry about, Wei Shuyi was stunned for a moment before he shook his head and laughed. "You... It's not good to be so possessive." Although he said that, Wei Shuyi still obediently returned to the changing room.

Fortunately, he was prepared, and had a pair of loose boxers. He put them on.

When he walked out of the changing room, he saw Beauty Wu standing at the entrance of the men's changing room.

Beauty Wu carefully sized up Wei Shuyi before feeling satisfied. "That's more like it. Alright, let's go swim."

The two of them walked side by side towards the swimming pool. Along the way, people could not help but glance at them. The man had exquisite facial features and a gentle temperament. He was tall and had long legs. The woman had a hot figure and an outstanding appearance. She was indescribably charming.

However, these two people were dressed like middle-aged people and were especially conservative.

She had good looks and a good figure, but she did not show it! This was a waste of God's gifts!

Those secretly staring eyes were filled with envy and surprise.

Wei Shuyi and Beauty Wu were completely unaware of the others' gazes. They chatted and laughed as they walked to the pool and warmed up.

"Brother, how long can you last in the water?"

"I can hold my breath underwater for a minute."

Beauty Wu nodded and said, "Not bad, but it's still lacking compared to me."

"You're our little cop."

Wei Shuyi smiled and jumped into the clear water like a flying fish. Beauty Wu stood by the pool and watched Wei Shuyi glide through the water like a fish in water. His body was hard and his curves were seductive. Many people on the shore were secretly paying attention to him.

Beauty Wu calmly took off the ring on her left middle finger and put it on her ring finger.

She deliberately waved her left hand, just enough for those infatuated girls to see the ring on her ring finger. After doing this, Beauty Wu jumped in like a dolphin when Wei Shuyi swam back. Her feet tapped the ground, as she jumped up and fell gracefully into the water.

Walking on the shore, she was like an angel of the world. When she fell into the water, she was a sea siren that charmed all living things.

Her long black hair swayed slightly as she swam. When Wei Shuyi swam over, it mischievously brushed past Wei Shuyi's fingertips...

It was soft and smooth. It was clearly his fingertips that brushed past her hair, but he realized that his heart was numb.

Wei Shuyi stopped for a moment and looked back at the mermaid behind him. Without thinking much, he turned around and swam towards Beauty Wu.

When Beauty Wu realized that he was chasing her, she thought that he was going to compete with her and immediately swam even faster.

Wei Shuyi, who only wanted to talk to her, was speechless.

Why are you so excited?

Wei Shuyi also increased his speed.

The two of them swam five laps, but Beauty Wu was still a meter or two ahead of Wei Shuyi. In the end, when she saw that Wei Shuyi had slowed down, Beauty Wu finally stopped. Wei Shuyi quickly arrived beside her. He took off his swim goggles and said to Beauty Wu, "I just want to talk to you. Why are you swimming so fast!"

Beauty Wu also took off her swim goggles.

Her upper body was standing in the pool, and her soft hair clung to her shoulders and back. Her skin was not fair. It was honey-colored, but it looked healthy and beautiful. At this moment, Wei Shuyi was extremely glad that she was wearing a conservative bathing suit.

If she was too sexy and was seen by others, he might be angry.

Chapter 397: When Are We Going to Stop Being Single?

Beauty Wu gasped lightly and said, "The pool is for swimming. If you want to chat, let's go up and talk."

Wei Shuyi looked unhappy.

Beauty Wu also knew that her words were a little offensive.

She coughed before saying, "Let's compete."

"No." Wei Shuyi couldn't beat her.

"We're not competing on swimming speed."

"Then what should we compete on?"

Beauty Wu pointed at the water beneath her and said, "It's a competition to see who can hold their breath underwater for longer."

Wei Shuyi shook his head again.

Beauty Wu said angrily, "You're so unwilling to compete with me. Are you a man?" She glanced at Wei Shuyi.

"...Let's compete then." He could not stand being despised by Beauty Wu.

"Sure."

Beauty Wu looked up at the clock on the wall. The hour hand pointed to four o'clock, the minute hand pointed to twenty-four, and the second hand pointed to thirty seconds. She quickly said, "When the minute hand points to twenty-five, we'll hold our breaths and go into the water at the same time to see who's better."

"What's the reward?" Wei Shuyi had just asked when he heard Beauty Wu say, "It's time!"

Wei Shuyi quickly went into the water and didn't even bring his goggles with him.

Beauty Wu entered the water almost at the same time as him.

The two of them looked at each other.

Under the water, their facial features seemed to have been magnified. They were both bare-faced, but their clean faces looked especially good. Beauty Wu could even see the pores on Wei Shuyi's face. Wei Shuyi saw Beauty Wu's eyes moving, but he didn't know what she was looking at.

Beauty Wu waited quietly for the time to pass. Occasionally, she would glance at the clock on the pool hall's wall and see that a minute had passed.

She looked at Wei Shuyi.

Unexpectedly, Wei Shuyi looked quite relaxed and didn't seem to be lacking too much oxygen.

She raised her eyebrows in surprise.

Wei Shuyi caught her raising her eyebrows and found it funny, but he didn't dare to laugh.

Although he looked quite relaxed on the surface, the oxygen in his body had long been exhausted. He was holding on stubbornly. However, seeing that Beauty Wu did not seem to be in much pain and looked like she could hold it in for another two to three minutes, he knew that he was bound to lose this time.

However, he still persisted.

After about half a minute, Beauty Wu saw a change in Wei Shuyi's expression.

Gradually, his expression turned ugly.

Beauty Wu was worried that something would happen to him, so she pointed up with her finger, signaling the end of the competition. When the two of them came out of the water, they swam to the shore.

After taking a shower and changing his clothes, he carried his things out of the changing room. Wei Shuyi suggested, "Let's go watch a movie."

"Let's eat first."

"Fine."

After leaving the swimming pool, Wei Shuyi asked Beauty Wu, "What do you want to eat tonight?"

Hearing about food, Beauty Wu was interested.

“I want to eat Mandarin duck fish dates.”

“I know a restaurant that makes Mandarin duck fish dates that taste especially good. Follow me.”

The two of them took a taxi to a Hunan restaurant called “Fish and Shrimp Family”. They ordered Mandarin duck fish dates, a vegetable dish, and a plate of pan-fried lotus root slices. They didn’t order anything else as they didn’t want to waste food. When the dishes were served, Beauty Wu took her phone and booked movie tickets online.

“There are five films showing today, and only three can be seen at night. Take a look and choose one.” After saying that, she handed her phone to Wei Shuyi.

Wei Shuyi took the phone and looked at it.

A magical blockbuster, a domestic romance movie, and a recent popular domestic anime film.

Wei Shuyi asked Beauty Wu for her opinion. “Which one do you want to see?”

Beauty Wu said, “You probably don’t like what I want to see.”

“Hm?”

“I want to watch this anime movie.”

Wei Shuyi was not surprised that she chose this. “Actually, I want to see this too.”

“Then what are you waiting for? Buy the tickets.”

Wei Shuyi returned the phone to Beauty Wu without buying a ticket.

“Why aren’t you buying them?” Beauty Wu looked at the remaining seats and was prepared to buy tickets.

Wei Shuyi then said, “Let’s buy them on the spot. Everyone is booking tickets online now. It will take a long time to queue up for the ticketing machine. Instead, it’s more efficient to buy them on the spot.”

“That works too.”

She put away her phone and soon, the dishes were served.

Seeing that the dishes were beautiful, Beauty Wu could not help but take a photo and post it on her WeChat Moments. It immediately attracted the ridicule of her colleagues.

Brother Song: [My attention is on the man opposite you. Hahaha, Sister Beauty is on a blind date?]

Captain Wang: [This fish looks good. Which shop is it from?]

Liu An: [Captain Wang, are you inviting us to eat?]

Kang Hui: [Adulterous couple!]

Ah Sheng: [Eh? Eh! This is Brother Wei! You guys...]

Mr. Fang: [You’ve made up.]

Beauty Wu replied to everyone’s messages one by one. When she saw Kang Hui scolding them by saying they were an adulterous couple, she could not help but laugh.

“Don’t play with your phone when you’re eating.” A big hand reached over and snatched the phone from Beauty Wu’s hand.

Beauty Wu stuck out her tongue before picking up her chopsticks and tasting the fish.

“I read on the Internet that the Mandarin duck fish dates in Binjiang City are delicious. I’m almost thirty years old. The number of times I’ve eaten this dish can be counted on one hand.”

Wei Shuyi continued. “Well, I have eaten them many times. Yuan Jun brought me to this shop.” Speaking of Yuan Jun, he thought of something and said to Beauty Wu, “Yuan Jun will get married in February and marry Yingying.”

“Then are you coming back?”

“I’ll try to apply for leave and come back for the wedding.”

Nodding, Beauty Wu also said, “Senior Brother is getting married at the end of the year.”

Wei Shuyi couldn’t help but tease. “Is the whole team leaving singlehood?”

Beauty Wu smiled.

The dishes were hot and still steaming. The fragrance lingered.

Beauty Wu’s eyes stared at Wei Shuyi through the hot air. Her lips quivered for a moment, and she tried to endure it. In the end, she couldn’t hold it in anymore. She asked softly. “Then when are we going to stop being single?”

Chapter 398: A Walk in the Civil Affairs Bureau

Her voice was low and muffled. Beauty Wu hoped that Wei Shuyi heard her, but she also hoped that he didn't.

Wei Shuyi was eating fish. His spits were high and his expression did not change.

Beauty Wu thought that he probably did not guess what she had just said.

She could not help but feel disappointed.

During the meal, Yuan Jun called.

The results of the checkup were out.

Wei Shuyi looked at the caller ID and raised his head to say to Beauty Wu, "I'm taking a call."

He never avoided answering his phone.

Beauty Wu felt that it was strange, but she did not ask further. "Go."

Wei Shuyi stood up with his phone and went outside the restaurant to answer the call.

In less than three minutes, Wei Shuyi returned. His expression was lively, like a farmer who had worked hard for half his life that had suddenly put down the heavy burden on his shoulders. He was especially relaxed. He placed his phone on the table and said to Beauty Wu, "Yuan Jun called."

"Tsk, why are you answering the phone behind my back then? Who cares?"

Wei Shuyi didn't deny it.

They continued eating.

Beauty Wu was especially careful when she ate the fish. Wei Shuyi wanted to laugh when he saw this.

Eventually, he laughed.

“What’s wrong? Why are you so careful? Are you afraid of fish bones getting stuck in your throat?”

“When I was young, I had a fishbone stuck in my throat.” Beauty Wu’s expression turned ugly at the thought of that experience. “It was this long.” She estimated its length with her fingers, which was about the length of her pinky.

Wei Shuyi was a little surprised. “Impressive. How did you swallow such a long bone?”

Beauty Wu also found it hard to believe. “I don’t even know how I ate it. Anyway, the experience was especially scary.” She shivered and sighed. “So I rarely eat fish in my life.”

It was embarrassing to say that the fearless girl was actually afraid of fish.

After saying that, she saw Wei Shuyi reach out his long hands to take away the bowl of fish in front of her.

“What are you doing?” After she asked, she saw Wei Shuyi lowering his head and picking out the fish bones for her with his chopsticks.

He looked as focused and serious as he was on the operating table.

Beauty Wu was touched.

She was stunned.

A moment later, Wei Shuyi placed the fish in front of her.

Beauty Wu lowered her head and looked at the fish without saying anything. She heard Wei Shuyi's charming voice. He said, "In the future, I'll pick fish bones for you for the rest of your life."

She was so touched that she did not know what to do.

She looked up in a panic and met Wei Shuyi's loving eyes.

Beauty Wu's eyes met Wei Shuyi's.

His eyes were hazel.

Beauty Wu suddenly felt that hazel was the most affectionate color in the world.

"Sure."

After saying that, she wanted to laugh. Just as she was about to curl her lips, she realized that she was sniffing. She stopped laughing and told Wei Shuyi honestly. "I feel like crying." The older she was, the easier it was for her to be touched. Just a few words could move her to tears.

Wei Shuyi smiled and said, "Then cry."

He told her to cry, but Beauty Wu did not.

She smiled through her tears and said, "I won't cry."

After dinner, the two of them paid the bill and planned to watch a movie.

After leaving the restaurant, they walked for more than ten minutes towards the street on the right. There was a cinema there. It was not big and there were not many people, but the environment was not bad. The two of them planned to watch a movie there and walked side by side towards the cinema. When they passed by the traffic lights, Wei Shuyi subconsciously grabbed Beauty Wu.

Beauty Wu pursed her lips and chuckled.

Looking up at the red light opposite them, Wei Shuyi suddenly said, "I changed my plane ticket to three o'clock tomorrow afternoon."

Beauty Wu looked up in surprise and asked him, "Why?"

He said, "I have something on in the morning. You have to accompany me."

"Hm?"

Wei Shuyi lowered his head to look at Beauty Wu. His eyes were filled with passion and seriousness.

Beauty Wu's face turned hot. Wei Shuyi then asked, "Civil Affairs Bureau. Are you coming with me?"

Beauty Wu was stunned.

It turned out that he had heard everything she had said at the dining table.

She nodded and told Wei Shuyi, "Not to mention accompanying you to the Civil Affairs Bureau, I'll even accompany you to the wedding hall, new house, delivery room... and even a coffin."

When Wei Shuyi heard Beauty Wu's confession, he was both touched and shocked.

"There's no need for you to accompany me in a coffin." It sounded strange and scary.

Beauty Wu also felt that her words were inappropriate.

“As long as you know what I mean.”

“I understand.”

He naturally understood what she meant.

What she wanted to say was that she would be with him in life and in death.

He could not help but hold her hand again.

Beauty Wu held his hand back.

The two of them bought a cup of milk tea and a cup of coffee at the milk tea shop outside the cinema before entering the theater. Wei Shuyi went to buy tickets while Beauty Wu went to buy popcorn.

There were quite a lot of people in the cinema today, but they all chose the fantasy film and romance film. No one cared about the anime film. The two of them entered the theater and realized that other than them, there were only three audience members.

“Tsk, we almost booked the entire venue.”

“Yes.”

They sat down in their seats.

They were serious about watching the movie and chose the best seats. Their seats were in the middle of the theater. Even if they were watching a movie, they were especially focused.

After watching the movie, Beauty Wu actually dared to cry until her eyes were red and swollen.

“This is a good movie,” she said to Wei Shuyi.

Wei Shuyi didn’t say anything. He only looked at Beauty Wu in surprise.

She could even cry until her eyes were swollen from watching a movie. This was really...

This anime movie was about a person’s life.

From the time he cried when he was young to the time he reached old age, the overall pace of the story was slow. The music was gentle and slow. It was sad and funny at the appropriate times. What touched Beauty Wu the most was that after the male lead lost his wife when he was of middle age, he did not remarry because he cared about his son’s feelings. Later on, his son established a family and felt that his father was a burden to him, so he found a caregiver for his father.

In a fit of anger, the male lead ran to the old folks’ home.

What made Beauty Wu cry was the sentence the male lead said before he went to the old folks’ home. “Your mother said that you look like her. I think you’re not even 1% as good as her.”

Wei Shuyi also felt that this movie was too sad, but he really couldn’t cry.

After returning home, Beauty Wu was about to fall asleep when she recalled the contents of the movie and actually cried again.

Wei Shuyi was speechless.

He turned on the bedside lamp and sat up. He turned sideways and lowered his head to ask Beauty Wu, “Why are you crying?”

Beauty Wu covered her eyes with her arm and cried until the pillow was wet.

She sobbed and said, "I... I thought that if I were the wife of that male lead, and our child treated you like that after I died, you... you would be so pitiful!" Her tone was filled with pity.

Wei Shuyi was speechless.

Chapter 399: She Is Madam Wei

He regretted bringing Beauty Wu to the movies. "No, don't let your thoughts run wild. You won't die, and I won't go into a nursing home. Our children won't be that horrible."

Beauty Wu pretended not to hear him and continued crying.

Wei Shuyi was a little helpless.

"I really don't know what to do about you..."

The next day, Beauty Wu's eyes were still a little red and swollen.

At the thought that she was going to the Civil Affairs Bureau today, she woke up in shock and ran to the kitchen to get an ice pack to cover her eyes.

Wei Shuyi was dressed neatly and had even officially put on his tie. At this moment, Beauty Wu was still applying an ice pack.

"Alright, I won't use the ice pack anymore. It's not obvious either. If we delay any longer, we'll be too late. It's hard to wait in line at the Civil Affairs Bureau."

Beauty Wu quickly took off the ice pack.

Nothing could delay her registering her marriage with Wei Shuyi.

The two of them ran to the Civil Affairs Bureau in a hurry. It was still their turn after queuing for more than an hour. When they were done, the Civil Affairs Bureau was almost closed. Both of them placed their marriage certificates together and put on their golden wedding rings. They took a photo in the sunlight and posted it on their WeChat Moments.

Their friends all wished them a happy marriage, but the two of them didn't have time to reply. They were busy eating, and after dinner, Beauty Wu sent Wei Shuyi to the airport.

At two in the afternoon, Wei Shuyi started to board the plane.

The plane set off at three o'clock sharp. Beauty Wu stood outside the airport and looked up as the plane that Wei Shuyi was on flew away.

Beauty Wu hugged her bag tightly. Their marriage certificates were in it.

"He left..."

She was a little disappointed, but when she thought about how Wei Shuyi would be back in a year or two, she couldn't help but be happy.

It didn't matter. They could stay together after a while.

She had taken the entire day off.

After returning from the airport, Beauty Wu went to buy wedding candy. The next day, she brought the wedding candy to the police station. When they saw her, everyone teased her and called her Madam Wei.

Beauty Wu was in a good mood.

“We’ll call you that from now on.”

“Sure, Madam Wei.”

“Madam Wei, you’ve already registered your marriage. Do you want to treat us to a meal?”

“Madam Wei, when are you having a wedding?”

All kinds of questions came one after another. Beauty Wu’s mouth was dry from talking. She was impatient and waved her hand. She said, “Tonight, I’ll treat everyone to a meal. If you don’t come, I won’t give you any face!”

“Sure!”

“Let’s go to Dequan Village!”

“What Dequan Village! We should go to Half Acre Flower Field instead!” When Lin Song said this, everyone howled like wolves. “Yes, yes, yes, let’s go to Half Acre Flower Field!”

Beauty Wu’s lips twitched.

“Half Acre Flower Field? You guys are really ruthless. Why didn’t you ask me to treat you to food in the People’s Great Hall?”

The boss behind Half Acre Flower Field had to be really rich and powerful to be able to open a quiet place, plant an acre of roses and build a villa in Binjiang City, a place for wealthy people where land was expensive. Those who could spend money in that region were also true rich people.

The little savings in Beauty Wu's pocket was only enough for her to go in for a meal and she wouldn't be able to eat her fill.

"Alright, say something more realistic." Kang Hui's words made Beauty Wu happy. Beauty Wu quickly nodded at Kang Hui. "Senior Brother is right. You can't ask for too much."

Kang Hui smiled and nodded. Then, he said, "Half Acre Flower Field is too unrealistic. How about this? We'll settle for the next best thing. Let's go to the Empire Hotel and shout for two tables."

Beauty Wu was speechless.

She punched Kang Hui to agitate him. "How many tables are you going to have at the Empire Hotel for your wedding at the end of the year?"

Kang Hui's expression turned serious and he quickly said, "What nonsense are you talking about? I think the restaurant outside our building is not bad. It's delicious and cheap. We can eat until we're full!"

"Tsk!"

In the end, the group still went to Dequan Village.

The price was moderate, the environment was good, and the dishes were delicious. It was really the first choice for losers to show off.

The usually serious Captain Wang Zhong had become talkative today.

He said to Beauty Wu, "Beauty, everyone can see your contribution to our drug ban. Let's cut to the chase. Come, let me give you a toast. I wish you and your Brother Wei..." After hearing Beauty Wu talk about Brother Wei often, Wang Zhong almost called him Brother Wei. He quickly changed his words and said, "I wish you and your Mr. Wei a blissful life together until your hair turns white!"

"Alright!" Beauty Wu drank the wine boldly.

Then, Kang Hui came to propose a toast.

Lin Song came to propose a toast.

Liu An, Li Pan'an...

Beauty Wu finally collapsed on the table.

She thought in a daze. How long had it been since she got drunk so recklessly?

The feeling of being drunk was really... uncomfortable.

Beauty Wu was thrown onto the soft bed. She looked at the person standing at the end of the bed in a daze. After seeing his appearance, she quickly wrapped herself in a blanket like a Silkworm Baby. She said to Kang Hui, "Senior Brother, leave quickly. It's inappropriate for a man and a woman to be in the same room!"

"I belong to my Brother Wei. How can you look at my charming sleeping posture!"

Kang Hui was speechless.

Your sleeping posture is really charming.

Kang Hui said to Wei Shuyi in the video, "I've sent your wife home. I don't dare to peek at your wife's charming sleeping posture anymore. I'll be leaving first."

It was already dark but on Wei Shuyi's end, it was still broad daylight.

Hearing this, he could not help but laugh.

“Thank you, Senior Brother.”

Kang Hui planned to leave, but he could not bear to.

He placed his phone on the bedside table and said to Wei Shuyi, “Open your eyes and watch carefully. I’ll help your wife take off her jacket and cover her with a blanket. Watch carefully, lest someone wakes up and says that I insulted her.”

Wei Shuyi laughed helplessly.

“Sure, I’ll watch.”

Wei Shuyi sat upright on the chair behind the desk and placed his phone on the desk. He looked at Kang Hui who slowly took off Beauty Wu’s jacket. Kang Hui covered Beauty Wu with the blanket before picking up his phone. As he walked towards the door, he said, “She drank a lot today and is happy.”

Thinking of the reason why she was happy, Wei Shuyi’s lips curled up.

“Alright, I’m going home. I’m hanging up.”

“...Okay.”

After ending the video call, Wei Shuyi put his phone back into his pocket.

Recalling Beauty Wu’s drunken behavior, his heart warmed. Just as he was about to laugh, he suddenly felt a pain in his abdomen.

His smile froze.

Upon closer inspection, the pain seemed to have disappeared again.

He stood up slowly. There was still no pain in his stomach.

Wei Shuyi thought that perhaps he had sensed wrongly and walked out of the office. At noon, Doctor Michael had a surgery that everyone would go and observe. Wei Shuyi also wanted to go and take a look. He wore a white coat and stood in the operating theater, observing Michael's surgery with his colleagues.

Michael was about the same age as Elder Xu. When he was in the Cardiothoracic Department, his achievements were considered the pinnacle of his field.

Wei Shuyi also felt that he benefited a lot from watching him perform a surgery.

Chapter 400: Blind JB Creating Rumors

The surgery ended, and only the finishing touches were left. The group of doctors then left the operating theater silently.

The moment they walked out of the operating theater, everyone became lively.

"Hey, Wei, how about we go to the Bronstone Restaurant for lunch together? Where did this hot employee come from? Really, he's super good-looking. You'll regret it if you don't look at him." Standing together with a group of tall men from America, Wei Shuyi's appearance was very eye-catching. He was not shorter than them, and he was even taller than two or three doctors.

Wei Shuyi was used to the food in the canteen, so he wanted to go to the Bronstone restaurant to try something new.

He was about to nod when he stopped in his tracks.

Dr. Cary, who was talking to him, was a little surprised to see him suddenly stop walking. “What’s wrong?”

Wei Shuyi held onto the wall with one hand and his expression twisted.

“I feel a little uncomfortable...”

Before he could finish speaking, Wei Shuyi knelt on the ground in pain. He pressed his forehead against the ground and tried to grab something to relieve the pain.

Seeing him like this, everyone was shocked.

“Wei!”

“What’s going on!”

Cary and the other doctor pretended to help him up, but Wei Shuyi gritted his teeth in pain. When they were about to approach him, he growled, “Don’t touch me!”

The two of them did not dare to move.

Wei Shuyi was in so much pain that he kept smashing his forehead against the ground.

The banging sounds made everyone’s hearts jump.

How painful was it for him to hurt himself to seek relief!

After about four minutes, Wei Shuyi collapsed to the ground, panting heavily.

Only then did Doctor Cary squat down and ask him carefully, “Wei, how are you? Are you still feeling unwell?”

“O-Okay.”

Wei Shuyi turned over. His face was pale and his forehead was drenched in sweat.

Seeing his pitiful appearance, Dr. Cary’s face darkened. “Wei, you must be sick. Go for a full-body checkup.”

Wei Shuyi said, “I’ve done a checkup. The results show that there’s nothing wrong.”

Cary’s expression darkened.

“That doesn’t mean that your body is healthy. It only means that you’re sick or so seriously ill but it can’t be detected. Wei, there’s no time to lose. You have to go for a checkup immediately.” Watching Wei Shuyi’s painful expression, Dr. Cary didn’t think that he was fine.

Wei Shuyi knew that there was something wrong with his body.

He stood up and walked to the chair to sit for a while before going to the doctor for a checkup.

The next day, all the results were out.

“It’s strange. Your examination report looks completely fine. However, Cary told me about your condition yesterday. I don’t think you’re fine.” It was an old blond doctor in his fifties. He looked at Wei Shuyi with a serious expression.

“Wei, our hospital can’t figure out your condition. I know someone who might be able to find the problem.”

“Who?”

That old doctor from America said a name that was like thunder to all the doctors in the world.

“Zhuang Long.”

Everyone in the medical world knew the famous Zhuang Long.

After all, he was the only person in the world who had really broken the curse of AIDS that could not be completely cured.

He was the shining star of the modern medical world.

Wei Shuyi felt his breathing quicken.

“Dr. David, do you know Mr. Zhuang Long?”

“I only know him, but I don’t know if he’s willing to treat you.” David revealed an awkward smile and said, “I believe you’ve heard of this person before. Mr. Zhuang Long does things based on his interest. He’s actually not a doctor. He only does what he’s interested in. He won’t be interested in just saving lives.”

Wei Shuyi had indeed heard of him.

It was said that the reason why he researched AIDS was because he always heard that AIDS could not be cured. He was unwilling to accept it and went to research it. In the end, he really succeeded.

Most of the time, he was researching strange things. Rumor had it that a cow in Asia had given birth to a calf with six legs and an extra butt. The calf’s two buttocks shared the same genitals, but they used different anuses to defecate. When Zhuang Long saw this report, he flew to the place without a word and spent a lot of money to buy the cow. He even used a private plane to transport it back to his manor.

It was said that the calf was still living in his manor.

With these rumors, Wei Shuyi did not have much hope in meeting Zhuang Long.

However, Dr. David still compiled Wei Shuyi's medical report and his physical condition before sending it to Zhuang Long.

Just like Wei Shuyi, he didn't think that Zhuang Long would be interested in this.

After all, what that person did depended on his mood and hobbies.

However, Dr. David would not give up before trying.

Zhuang Long had been having a hard time recently.

After being divorced from Xiao Li for more than two years, Xiao Li's days became more and more lively. She opened a company, attended parties, and participated in all kinds of public events. Each time, she became more dazzling and more beautiful. That little bastard Zhuang Qilin was also heartless. Ever since they divorced, he had never taken the initiative to step foot into the manor.

There was only one thing Zhuang Long had to do every day—

Early in the morning, he would get up from bed and receive daily entertainment, social, and financial news reports from his butler. He read all the reports about Xiao Li. Then, he circled what he thought was outrageous and took pictures of it. He would go to Xiao Li's instagram and use a secret account to scold her.

As he scolded her, he was busy secretly saving the dynamic photos she had posted.

One time, when the butler saw it, Zhuang Long even said to the butler shamelessly, "I'm just saving her photos. I'll do an observation every day and study it. How many days does a woman need to get a wrinkle..."

The butler felt that the master he was taking care of was a fool.

After researching for two years, Zhuang Long realized a problem. This research would probably never have any results.

That was because Xiao Li still did not have a single wrinkle.

Her face was forever filled with collagen. She was young and beautiful.

This morning, Zhuang Long sat on the sofa and flipped through reports about Xiao Li. He saw the entertainment headlines about Xiao Li and Bruce.

Clarice Lawson and Bruce Gibson had been dating for three years and were very close. There were several rumors that they were going to get married, and they were all confirmed to be rumors after the incident. However, recently, someone had witnessed Bruce enter a jewelry shop and buy a pair of wedding rings. Ms Clarice had also entered a bridal shop...

Bam—

Zhuang Long placed the newspaper on the table and could not help but frown.

These media people loved to spread rumors.

Couldn't Bruce go to the jewelry shop to buy a ring for himself? Couldn't Xiao Li go to a bridal shop to customize a gown for herself?
