

Ex Convict 1401

Chapter 1401

"You... You had someone imitate my voice and recorded it, didn't you? You... You're so despicable!" said Paisley Daniels as she reassured herself that she had tampered with everything back then. They would not have found anything if they checked the hospital records.

Grace was just bluffing!

Grace said bluntly, "Whether it's an imitation of your own voice, we can find out by comparing the voiceprints. Paisley Daniels, I dare to say this today because I have enough evidence to prove that you're not the one who donated the bone marrow!"

When Grace finished speaking, she looked at Martin Weiss again. "Martin Weiss, you think you're retaliating against Kyla to give yourself and the Weiss family justice, but Kyla is innocent. Perhaps you may never redeem yourself for the crime you've committed against her!"

Grace turned around and walked out of the ward with Jason. Meanwhile, all of Jason's subordinates in the ward also left.

Martin Weiss was in a trance. His mind was replaying the scene of Kyla Corbyn being forced to kneel on the floor while having her head pressed against it.

She had said... "Martin Weiss, I never knew I could hate a person so much. I'll hate you for the rest of my life!"

'She hates me! She hates me!

'If she was the one who donated her bone marrow to save and gave me a second life back then, then what... What I 'repaid' her with...!

He could hardly bring himself to continue with that train of thought.

"Martin!" Paisley Daniels said with tears in her eyes. It was as if she had been wronged. "How could Grace falsely accuse me like that? You don't believe her lies, do you?"

Only then did Martin Weiss stiffly move and turn his head to look at Paisley Daniels.

She still looked pitiful and teary-eyed like earlier. He would have gone up to comfort her if it were before, but now...

"Who was the one who donated the bone marrow to me? Was it you, or... Kyla Corbyn?" Martin Weiss asked in a hoarse voice as he stared at Paisley Daniels.

Paisley Daniels was taken aback by the way Martin Weiss looked right now. His eyes were scarlet with a trembling rage in them.

It was as if he might come up to her and break her neck if she gave him the wrong answer!

Paisley Daniels unconsciously tugged at the blanket with her hands, trying to suppress the guilt. She said nervously, "Of course... it was me. How could it be Kyla Corbyn?"

"Was it... really you?" The words were almost squeezed out of

Martin Weiss's mouth. "Paisley, you should know I hate being fooled. If Grace has falsely accused you, I'll do anything to clear your name even if she has Jason behind her! But... if

what she said is true, then..."

"It... It was me!" Paisley Daniels was so scared she immediately interrupted him. "Martin, you and I have been together for so many years. Would you rather trust an outsider than me?"

Martin Weiss slowly closed his eyes, hiding the redness in them. "Really? Paisley, I hope... you're telling the truth."

Chapter 1402

Otherwise, he and she would be consigned to eternal damnation.

After Martin Weiss left the ward, the three members of the Daniels family almost collapsed.

Mrs. Daniels said in a panic, "What should we do? What should we do? If Martin finds out the one who donated the bone marrow was..."

"Mom!" Paisley Daniels immediately stopped her and said, "There's nothing to do. I was the one who donated Martin the bone marrow! It's right there in the hospital records! So what if they have some phone recording? It's been so long. Anyone can fake it!"

It was almost as if Paisley Daniels was trying to convince herself with her words.

The evidence she had tampered with pointed to her as the one who donated the bone marrow!

Kyla Corbyn had no evidence at all!

Mrs. Daniels seemed to suddenly come to her senses and said,

"Yes, yes, it was you! You were the one who donated Martin

the bone marrow!"

Mr. Daniels's face seemed extremely grim right now. He naturally knew that Martin Weiss would not believe that

woman's one-sided statement, but he did not believe them either.

With Martin Weiss's character, he would investigate this.

"Paisley, will Shane Currey really go abroad after taking the money?"

"That's what he told me." The thought of Shane Currey made her teeth ache with hate.

If Shane Currey had not made her drunk on purpose, how

could she have gotten pregnant with his baby? She even intentionally aborted the baby to conceal the truth.

The chances of her getting pregnant were slim. She would not have anything to worry about if the baby had been Martin's!

"Anyway, keep an eye on Shane Currey and tell him to go abroad as soon as possible!" said Mr. Daniels. Shane Currey was like a time bomb as long as he stayed in the country. No

one knew when it would explode.

"Well... Will there be any problem with... Paisley and Martin's wedding?" Mrs. Daniels asked anxiously. After all, the Daniels

family had always been dependent on the Weiss family to steady their footing and get into high society.

If the marriage fell through, it would not only concern their daughter but the entire Daniels family would become tMason Swansonty's laughing stock.

"In this case, make it a fact. We'll leave Martin with no choice but to marry Paisley even though he's doubtful!" said Mr. Daniels after pondering for a moment.

The Daniels family must remain unconquerable! Even if Martin Weiss found out the truth about the bone marrow donation, he would leave Martin Weiss with no choice but to marry Paisley!

Kyla Corbyn fainted because of the pain. Fortunately, she was in the hospital and the doctor treated her in time. Kyla Corbyn now lay in a hospital bed, still unconscious.

Kyla Corbyn had the drip attached to the back of her hand. The injuries on her forehead and knees had also been treated.

Looking at the way Kyla Corbyn looked now, Grace's eyes

turned red.

The scene of Kyla being forced to kneel and grovel reminded her of how someone had once forcibly pulled out her fingernails one by one.

She knew the pain of being powerless.

In particular, Martin Weiss, whom Kyla had once loved and saved, was among the people who made her kneel and grovel!

Chapter 1403

She had collected the relevant evidence and was planning to tell Martin Weiss the truth in two days... It was only a few days away!

It was only a few days away yet this happened!

She had gotten a call from Nelson earlier today and quickly asked Jay to look into the matter only to find out that Kyla had been brought to this hospital. God knew what they would have done to Kyla if she had not come in time!

"Jay, tell me. If Martin Weiss did love Kyla, how could he do such a cruel thing to a woman he once loved?" murmured Grace.

Jason gently held Grace's face. "Stop being upset. I'll have someone protect Kyla Corbyn. At least, I won't let Martin Weiss and the Daniels family do anything to her again."

Grace said, "I'm just furious. Why won't Martin Weiss show Kyla any mercy?"

No one with a shred of pity would have done such a thing.

"You've told him about the bone marrow donation today.

Once he finds out the truth, he's probably going to live in regret for the rest of his life," said Jason.

"Regret?" Grace sneered, "But regret is too light a punishment

for him. Look at how much pain and humiliation he has caused Kyla! He even ruined Kyla's life! What can his regret atone for?"

Jason suddenly stiffened, and he looked down slightly, covering the pain that flashed in his eyes.

"Didn't you hope that Martin Weiss could donate his liver to Kyla Corbyn? At least, he would be willing to donate his liver if he regretted it," said Jason.

Grace was silent. Kyla had a unique blood type. She might not get a suitable liver if she wanted to wait for a liver from the hospital. It would naturally be the most convenient and fastest way if Martin Weiss was willing to donate his liver.

Especially... now that Kyla's illness was deteriorating and the situation had gotten more urgent. She needed a liver transplant surgery as soon as possible!

"Then let Martin Weiss atone to Kyla. He owes Kyla a life, so he'll pay her with one," muttered Grace. Then, she looked at

Jason again and said, "Jay, I don't want to let Paisley Daniels off. She has gone too far."

3/4 Had it not been for Paisley Daniels, even if Martin Weiss and

Kyla had a family feud, Kyla would not have been reduced to such a miserable state.

"Okay. Paisley Daniels won't be able to enjoy her life for long," replied Jason.

"Also, ask your men to send something to Martin Weiss for me," said Grace.

"What is it?" asked Jason.

"A USB flash drive with two recordings," said Grace as she pressed her red lips together. She wanted Martin Weiss to listen to the two recordings with his own ears and listen to how Kyla had saved his life!

Martin Weiss's heart had never been so flustered. Even when the Weiss family was in trouble due to the near destruction of the empire his ancestors founded and his parents were worriedly asking for help everywhere, he had still believed he could revive the Weiss family.

Later, he was diagnosed with a blood disorder and was dying. He had been scared when someone refused to donate their bone marrow to him, but... even then he had never been so flustered.

However, his heart was now in a frenzy. Even his head was in a mess with Grace's words repeating in his mind.

'Whose words should I believe? Grace or Paisley?'

When he had asked Paisley, the flicker of guilt in Paisley's eyes and the slight unease of the Daniels family members had given him a vague answer.

Chapter 1404

He just dared not believe the answer.

It was because once he believed it, he would be consigned to eternal damnation.

'If... Kyla Corbyn was really the one who donated me the bone marrow, what have I done to her all these years?

'I approached her, made her fall in love with me, retaliated against her, testified against her in court, put her in jail, and even fought for Nelson's custody with her after she gave birth to him...!

One by one, all his misdeeds made his body tremble.

Martin Weiss sat on the couch in the presidential suite without turning on the lights. He was putting himself in the dark.

Suddenly, the doorbell rang.

He was startled.

The doorbell rang again and again.

Martin Weiss lifted his hand, wiped his face, and walked to the door to open it.

It was a man in a black suit outside.

“Mr. Weiss, this is what Mrs. Reed asked me to give you,” he said.

Martin Weiss was stunned. “Mrs. Reed?”

“Mrs. Grace,” he said.

Martin Weiss was surprised. ‘Is Grace... married to Jason? Is that why she’s being addressed as Mrs. Reed?’

However, he did not care about Grace’s relationship with Jason. All he cared about was... “What does she mean by sending this?” He looked at the USB flash drive the man handed over.

“There are two audio files inside. Mrs. Reed said you should be interested in them, Mr. Weiss,” he said.

Martin Weiss felt a sudden shock in his heart as he took over the USB flash drive.

‘Audio files that I’d be interested in? Could this be... Martin

Weiss looked at the USB flash drive in his hands in shock, his hands shaking badly.

After the man left, Martin Weiss turned on the lights and took out his laptop almost clumsily.

It was a simple act of turning on the laptop, but he hesitated for a long time before finally pressing the on button. By the time he tried to plug the USB flash drive into the port, his hand shook so much that the USB flash drive fell to the floor from his hand.

Martin Weiss stared at the black USB flash drive that had fallen on the carpet. He knew he was afraid. He was afraid of hearing the truth that would throw him into darkness.

However... he still wanted to listen to it no matter how scared he was!

He wanted to listen to the recordings he had never heard before!

Martin Weiss took a deep breath, bent down, picked up the USB flash drive, and plugged it into the port again. This time, he successfully plugged it in.

The laptop showed that there were two audio files on the USB flash drive.

He first clicked on one of them, from which came the doctor’s voice. “Is this Miss Paisley Daniels? I’m a doctor from XX Bone Marrow Bank...”

Chapter 1405

The doctor's voice sounded, and after the doctor explained the purpose of the call, the voice Martin Weiss was familiar with finally rang out. 'That's... Paisley Daniels's voice!'

However, what Paisley Daniels said was, "Sorry, I don't want to donate my bone marrow. I just registered my name in the bone marrow bank for fun."

"But a young man is waiting for you to save his life. You'd only have to rest for some time before recovering after donating your bone marrow. There won't be much damage..."

The doctor tried hard to persuade her by saying all sorts of things.

However, Paisley Daniels, who was on the phone, still refused. "I don't want to donate my bone marrow. What does it have

to do with me whether he dies or not? Do I have to donate my

bone marrow just because it matches him? You're ridiculous,

and who's gonna be responsible if something happens to me after I donate my bone marrow? You? Or that poor half-dead creature waiting for the bone marrow?"

Every word Paisley Daniels said made Martin Weiss's face

darker.

It turned out that his death was nothing to Paisley Daniels, and she even saw him... as just a poor creature waiting to be saved by her bone marrow.

"Miss Daniels, are you sure you won't reconsider it? After all, the man is still so young. He has a lot waiting-"

"I'm warning you, stop calling to harass me or I'll sue your bone marrow bank for guilt-tripping!" Paisley Daniels's voice was impatient.

Then, the call ended and a beeping sound came from the audio recording.

Martin Weiss's eyes stared darkly at the laptop screen before him. He suddenly began to laugh. Paisley had said Grace probably got someone to impersonate her voice even if there was a recording of the phone call.

However... was the voice really fake?

He had been with Paisley for years. How could he not recognize her voice? The habit of her raising her tone at the end of her speech sometimes was clearly reflected in the audio.

The audio seemed to have shattered the image of Paisley Daniels in his eyes that he had built up over the years.

Perhaps the Paisley Daniels in the audio was the real her.

The 'Paisley Daniels' he thought he knew was nothing more than a figment of his imagination, embellished by his subconsciousness.

Perhaps, ever since he thought she was the one who donated him the bone marrow and saved his life, he began seeing her through rose-colored lenses.

Now, he finally saw the reality of it for what it was!

Martin Weiss's eyes fell on another audio recording on the screen. His fingers trembled again. After a while, he finally clicked on the audio file.

When Kyla Corbyn's voice sounded, his body instantly stiffened and his breathing seemed to have stopped.

"Really? I'm a match for that person? What a coincidence. But maybe this is fate as well. With so many people in the world, they happen to have a unique blood type and my bone marrow can help them. Of course, I'm willing to save them."

That voice that was as melodious as a silver bell stated her agreement readily.

"You will? Really?" The doctor who called was stunned by her readiness.

"Yeah, why else would I register with the bone marrow bank? I made up my mind when I registered."

"That's great! I thank you on behalf of the patient! But since it's a bone marrow donation, you also need to do a series of preparations in advance. You'll need injections, and you may experience some pain and discomfort when we extract the bone marrow..."

"I'm aware of that. I've read up on the relevant information when I registered. It'll be fine. I can endure the pain! If it doesn't work out the first time, I can donate a second or a third time just so I can save the patient."

The melodious voice was full of sincerity and kindness.

Chapter 1406

Martin Weiss stared at his laptop screen. There was shock, bewilderment, fear, and even an extremely contradicting look of struggle and regret in his eyes.

The blood running all over his body seemed to be going against the current. Pain engulfed him wherever his blood flowed in his body.

All he had was these two audio files and no other evidence.

However, he already had the answer in his heart. He knew who had really saved him back then!

'Why... Why am I only hearing these phone recordings now? Why did I believe Paisley Daniels without a doubt when she appeared in front of me and said she donated the bone

marrow?

'I didn't even do some basic research!'

What Kyla Corbyn had said to him in the car once again

flashed across his head...

"Would you believe me if I said she wasn't the one who saved you?"

How had he answered back then?

He had said she was slandering Paisley Daniels and trying to sow discord between him and Paisley Daniels! He also said... "If it wasn't Paisley who saved me, could it have been you then? I've sworn that I'll protect her, love her, and be loyal to her for as long as I live. You can forget about it!"

He even dragged her to the Daniels family where he made her kneel and grovel!

Martin Weiss raised his hand and immediately slapped himself at the thought of this!

However, no matter how hard he hit himself, his face seemed

to feel no pain. It was the pangs of pain in his heart that were so intense that he could not breathe.

"Haha... Haha..." He burst into laughter, tears welling up in his scarlet eyes.

'What on earth have I done?!

'Why didn't I trust her one bit? It was probably her last

struggle when she told me in the car that it wasn't Paisley Daniels who saved me.

'However, I completely shattered her last hope.

'If I had trusted her just a little bit, she wouldn't have lost her dignity and been humiliated in front of the Daniels family.

'I even ordered the people to humiliate her!'

"Haha... Hahaha..." Martin Weiss's laughter became even more desolate. He slapped his cheeks over and over again as if this was the only way to vent his pain.

She had once laughed like that before him, and he had only been disgusted, wondering why she was laughing so insanely.

However, only now did he realize that she had laughed like that because there was too much pain in her heart!

Nelson and Mrs. Corbyn were by Kyla Corbyn's side when she woke up.

"Mom, Nelson, why are you..." Kyla Corbyn was stunned. She realized she was not at home but in a strange room. "Where is this?"

“You’re in the hospital ward. Grace prepared it for you. She has been accompanying you in the ward. Then it got late and she’s pregnant, so I told her to go home and have an early rest.”

Chapter 1407

‘Grace... Kyla Corbyn remembered that Grace had saved her by breaking into Paisley Daniels’s ward at the height of her humiliation.

Without Grace, she would have suffered more.

However, how did Grace rush in so coincidentally?

When Kyla Corbyn expressed her doubts, Mrs. Corbyn said,

“Nelson called Grace. Nelson had been crying after Martin

Weiss’s subordinate brought him home this morning. He asked me for my phone, saying he wanted to call Aunt Grace.”

Kyla Corbyn looked at her worried-looking son.

A four-year-old child showing such a worried expression made Kyla Corbyn’s heart go into a fit of agony.

“Nelson, Mommy’s okay. Look, I’m okay now, aren’t I?” said

Kyla Corbyn.

“I’m sorry. I didn’t protect you properly!” The little one lowered his head gloomily. ‘If I were an adult, I would’ve been able to protect Mommy and she wouldn’t be taken away like that!

‘I hope I can grow up quickly so I can protect Mommy from being bullied.

‘Why would Daddy bully Mommy? Why won’t Daddy believe Mommy is a kind person?’

“You’ve protected me today. You called Aunt Grace and told her to find me. You did great,” said Kyla Corbyn.

However, Kyla Corbyn’s praise did not make Nelson happy. The little one’s young and tender face still had a solemn expression. “Mommy, I don’t want Daddy anymore. All I want is you! I won’t miss Daddy, ask for Daddy, and see Daddy anymore. I want to grow up quickly. I can protect you once I’m all grown up!”

Kyla Corbyn’s eyes reddened. She would like to see him grow up if she could, but... “Okay. I’ll wait for you to grow up and protect me, Nelson.”

It was not long before Nelson started rubbing his eyes. He was obviously sleepy, but the little one refused to sleep in the escort bed next to her. He insisted on sleeping in the hospital bed with Kyla Corbyn.

His little body was close to Kyla Corbyn, and his two little

hands tugged at the hem of Kyla Corbyn's hospital clothes as he fell asleep.

Mrs. Corbyn asked, "Why on earth did Martin Weiss bring you away today? I asked Grace earlier and she didn't say anything."

Kyla Corbyn figured that Grace did not know how to tell the elderly and the child about what she had experienced at that time.

After all, telling them about it would only upset them.

Kyla Corbyn smiled faintly and said, "It's all over. But Mom... I may not be able to entrust Nelson to Martin Weiss anymore. I thought he would have some fatherly affections for Nelson, but now..."

What Martin Weiss had said in front of Nelson only frightened her. She was afraid that Martin Weiss would not protect his son at all when Paisley Daniels wanted to get rid of Nelson.

"Then we'll take Nelson away and hide from Martin Weiss. An old woman like me will bring Nelson up even if I have to beg for food!" said Mrs. Corbyn.

Her daughter was now lying on the hospital bed like this after she was taken away by Martin Weiss. It made Mrs. Corbyn hate Martin Weiss even more.

Even though her husband had done the Weiss family wrong, Kyla had not done anything wrong!

"I'll see what I can do about Nelson." Kyla Corbyn sighed. "Mom, I'm really sorry. You have to worry about me and can't enjoy life in your remaining years."

Mrs. Corbyn wept. "There's nothing to apologize for. I just want you to be happy as long as you live. Let's live our lives happily. We have nothing to do with that b*stard Martin Weiss anymore."

Chapter 1408

Kyla Corbyn muttered, "Yeah, he has nothing to do with us anymore."

News of Paisley Daniels's miscarriage was trending. There was even a video posted on the trending post showing how Kyla Corbyn had pushed Paisley Daniels and how the latter.

knocked into the table and chair.

The video showed Paisley Daniels painfully clutching her stomach after being hit by the objects on the table.

The person who posted the video claimed that they found

it unfair, saying they heard that the woman in the video miscarried because of the push and ended up losing her

three-month-old baby.

Then, someone recognized the woman in the video as Paisley

Daniels-the heiress of the Daniels family and Martin Weiss's

fiancée.

More people found out about Kyla Corbyn through the clues and dug out the old case that sent Kyla Corbyn to prison.

All of a sudden, public opinion took Paisley Daniels's side. Many keyboard warriors called Kyla Corbyn evil and malicious for not even sparing an unborn baby. Some people threatened to give Kyla Corbyn a miserable death and typed out other various threats as well.

In her hospital bed, Paisley Daniels smiled as she read the comments on the trending news. Sure enough, she had become the perfect victim in the eyes of the public.

Many people thought she had lost two children because of this. Martin Weiss would be wronging her if he still did not give her a title!

Someone even went to Weiss Group's official Twitter account, demanding Martin Weiss to marry her and then send Kyla Corbyn to prison again.

Mr. Daniels said firmly, "As long as the public opinion is on our side, the Weiss family won't dare to break off the engagement even if Martin finds out that you weren't the one who donated the bone marrow. The Weiss family can't afford to be humiliated. Besides, it's a fact that Kyla Corbyn has hurt you

twice. Martin Weiss even testified as a witness himself!"

"But... even if they're married, can Paisley can be happy?" Mrs. Daniels asked worriedly.

"Paisley naturally has all the time in the world to seize Martin

3/4

Weiss's heart after they're married. What is there to panic about? After all, the Weiss family and the Corbyn family are enemies. How sincere can Martin Weiss be to Kyla Corbyn?" said Mr. Daniels.

Paisley Daniels also said confidently, "Mom, don't worry. I'll try my best to make Martin treat me fondly. Besides, Kyla Corbyn won't be alive for much longer."

As long as Kyla Corbyn died, then those past events would eventually be impossible to clarify!

Paisley Daniels began to think of what to say when Martin Weiss came.

Just then, push notifications from several different applications suddenly popped up on her phone. All of them had the same words.

[Evidence of Paisley Daniels cheating is conclusive. The chairman of Weiss Group was cuckolded. Who's the real victim?]

Paisley Daniels was so shocked that she almost dropped the phone.

She hurriedly opened one of the posts and read its contents. There was also a video that showed a busy street at noon. The area was surrounded by high-rise buildings and slabs of

electronic screens that played commercials.

Suddenly, the commercial playing on the electronic screen of one of the high-rise buildings stopped before changing to a candid video of... a couple having sex in a motel.

Paisley Daniels's face suddenly turned pale. She recognized it now. The couple in the video was clearly her and Shane Currey!

'How did this happen? When was this video taken? And who took it?'

Chapter 1409

It was shown on the screen of a high-rise building. 'Doesn't that mean... everyone can see it?'

Paisley Daniels was trembling as she held the phone, and her face had also turned from pale to red!

On the screen, she only saw many pedestrians stopping to look up at the electronic screen. A few had even taken out their phones to start filming.

'Who is it? Who's trying to harm me? How do I explain this to Martin?'

Paisley Daniels was panicking!

Mr. Daniels and Mrs. Daniels noticed their daughter's strange behavior. Mrs. Daniels walked up and said, "What's the matter? What are you looking at?"

As soon as her sight fell on her daughter's phone, Mrs. Daniels's face immediately changed too. "What... What's this? Who did this? Hurry... Hurry and get someone to destroy these and take down the news and videos. We can't let Martin see them!"

2/4

Mr. Daniels also hurried forward and grabbed the phone. After watching it for a while, his face turned extremely grim. He angrily scolded his daughter, "It's alright that you got pregnant, but how could you let someone take this video?"

Paisley Daniels said in a panic, "I... I didn't know! I don't know where the video came from! Dad, what do we do? Martin will find out about the news... and the video too. What... What do we do?"

What she cared about the most was that she might not be able to marry Martin Weiss and become the mistress of the Weiss family as she wished!

She had worked so hard to get to where she was now. There was no way she could fail because of this!

"It must be... Grace who's framing me. Isn't she Kyla Corbyn's friend? It must be her. It's her!" Paisley Daniels's eyes glowed with resentment.

'Why is Grace so nosy? Why does she want to frame me?'

"Grace?" Mr. Daniels was shocked. He thought of the day Grace broke into the ward. The one beside Grace was Emerald City's local tyrant-Jason.

The Reed family of Emerald City... They were a giant far more fearsome than the Weiss family.

3/4

If they offended the Weiss family, the Daniels family might still have a chance to escape. However, if they offended the Reed family, they might not even have a chance to continue living.

"We have no idea if Grace did this, but at least for now...

we have to pacify Martin Weiss first," Mr. Daniels said to his daughter. As long as they could pacify Martin Weiss, then they might still have a chance to turn things around.

In the hotel suite, Martin Weiss was also watching the same video that Paisley Daniels had just watched.

The couple in the video were doing something that only the most intimate people could do.

The woman was even his fiancée, the woman he was supposed to marry soon. He was supposed to be outraged to see such a video.

However, he strangely did not feel anything. It was as if he was looking at a joke, a farce.

He only found himself being ridiculous.

When he read the comments under the news, many netizens commented saying he was some cuckold king, for he was so

gullible to want to marry Paisley Daniels. They also wondered whether the child Paisley Daniels miscarried this time was

even his.

Chapter 1410

'Gullible... Tell me about it. I'm indeed gullible!

'Paisley Daniels has fooled me for so many years!

'What could be more ridiculous than the fact that all this time,

the one I've been trying to protect is the one I've retaliated hard against?'

For two days, he stayed in his hotel room without even knowing how to face Kyla Corbyn!

"

'What should I say? Should I say I'm sorry? Or make it up to her?'

All this time, he had only regarded her as the daughter of his enemy. However, she had now become his savior. For a moment, he did not even know how to accept the change.

If he had found out in time that Paisley Daniels was tricking him and if the person who appeared in front of him had been Kyla Corbyn, would all these things have never happened?

Even if she was the daughter of his enemy, he could have let go of his hatred and not hurt her like that. He would not have

eventually made her... hate him!

2/4

Suddenly, his phone rang. Martin Weiss picked up his phone and pressed the answer button.

"Mr. Weiss, we've looked into the matter you asked us to investigate. Back then..."

The voice on the other end of the line made Martin Weiss's

heart sink, but he also felt... that everything was just as he had expected.

It turned out that he was indeed a fool!

A complete fool!

Even the Daniels family and Paisley Daniels could make a fool of him!

Paisley Daniels was restless in the ward. She could not get through to Martin Weiss's phone and he did not reply to her messages either, which made her even more uneasy.

'With the speed of how information flows now, Martin must have seen the video!

'Even if he has no idea now, others will tell him.

'And... no one from the Weiss family has called me to ask whether the incident in the video is true. It seems as if the Weiss family has cut me off overnight.

'No! I must find a way to meet Martin!

'The longer I delay this, the bigger the hidden danger!'

With this in mind, Paisley Daniels wanted to be discharged from the hospital to see Martin Weiss when the door of the ward was pushed open. Martin Weiss walked in.

The three members of the Daniels family who were in the ward were all surprised. Then, Mr. Daniels spoke first, "Martin, you... You're finally here. What the internet is saying isn't true. Someone's deliberately framing Paisley! They probably put on a show with someone who looks similar to her.""

Mrs. Daniels nodded quickly and said, "Yes, yes! Someone is framing Paisley. Martin, your relationship with Paisley over the years isn't that fragile, is it? Don't be fooled so easily."

"Fooled?" Martin Weiss muttered suddenly. His hoarse voice sounded dangerous. "Indeed. I've been fooled for so many years! Am I too gullible? Is that why I would mistaken wrong from right?"
