

Ex Convict 2801

Chapter 2801

With a sigh, he kissed away her frantic voice.

She blinked and froze. Moments later, she heard Brian's elegant voice in her ears. "Okay, this is the next time."

Valda Theller froze before feeling Brian's hand caressing her head. "There can be a next time and more if you want..."

Her eyes instantly lit up with joy. 'Does he mean... I can kiss him again?'

It felt like they were getting more comfortable with each other.

There was suddenly a knock on the door, which ruined their mood.

Valda Theller hurriedly said, "I... I'll get it." She could also calm her heart, which was racing at the moment.

However, her expression sank when she reached the door and opened it.

The people in front of her were her aunt, Rowena Santiago, and her cousin, Wynne.

As soon as Rowena Santiago saw Valda Theller, she said, "Valda

Chapter 2801

2/4

told you that you shouldn't be so heartless. You refused when I asked you to lend me some money the last time. If I hadn't heard from your cousin that your latest boyfriend is the crown prince of the entertainment industry, I'd have thought you were really broke."

Valda Theller frowned. Aunt and the rest had probably learned about her relationship with Brian through online news.

Wynne looked displeased as he said, "Valda, you're already the crown prince's girlfriend. You've probably made a lot of money from the crown prince. You're being very stingy to refuse to lend us some money."

"Yes, your cousin is the only child of the Theller family. Shouldn't you contribute money and effort to his marriage?" Rowena Santiago said accusingly.

Valda Theller just found it funny. 'Only child? What does that make me?'

"My cousin is the only child of your family, not mine. I have no obligation."

Rowena Santiago snapped, "Valda, you shouldn't say that. Our family? Don't forget that your last name is Zhong! And your cousin

and his girlfriend are preparing to get married. He has to buy a house and pay for the dowry. Since you're the girlfriend of the

crown prince surnamed Hart, it's not too much to give your cousin

a house right away."

Chapter 2801

3/4

"Give him a house?" Valda Theller did not expect her aunt to be so greedy.

"It's only a house. It'll only cost millions of dollars. It's nothing compared to what you can get from the crown prince. Besides,

it'll do you good if your cousin looks well-off. You don't want

people to say the crown prince's girlfriend's cousin can't even

afford a house when he marries, do you?" Rowena Santiago said

matter-of-factly.

Valda Theller immediately refused, saying, "I won't buy him a house. No matter what kind of person my boyfriend is, it's none of your business."

"You..." Their expressions changed.

Wynne threatened her by saying, "Aren't you afraid we'll tell the crown prince that you killed your parents?"

"Yes, would your parents have died in the accident if they hadn't been protecting you? You're the one who made such a fuss about going to that stupid place!

"Valda Theller, you're responsible for your parents' death! Would you be standing here today if we hadn't taken care of you for so many years? If the crown prince knows you're so heartless, he'll probably dump you right away!"

The two chimed in. Each sentence was a threat!

Chapter 2801

4/4

Valda Theller's face gradually turned pale, and the voice of her parents during the car accident sounded in her ears. At the time, Valda Theller kept crying and had no idea what was happening.

When she realized it, her parents could never open their eyes anymore.

Chapter 2802

Watching Valda Theller in a trance, the mother and son thought

their threat had worked.

“Don’t worry, we won’t say anything as long as you’re willing to give us a house. We’ll also say many good things about you when we meet your boyfriend, such as how filial you are and how you still remember your family after becoming successful...” Her aunt droned on.

‘Family. My family’s... long gone.’

Valda Theller looked at her aunt and cousin with red eyes. “I don’t need you to say good things about me. I told you I won’t give you any money, not to mention a house.”

Rowena Santiago’s expression changed, and Wynne’s expression looked even fiercer as he thought he was losing his house. “Are you taking the hard way out? You won’t give those things to us? Okay, I’ll go to your boyfriend and show him the real you!”

However, a voice already rang when he had just finished speaking. “Who am I supposed to see?”

Rowena Santiago and Wynne instantly froze as they stared at the tall figure sauntering over. Wynne recognized at a glance that he was the crown prince of the entertainment industry... Brian!

Chapter 2802

2/3

“Y-Young Master Hart!” Wynne looked awkward. ‘Why... Why is Brian here?’

‘How much did he hear?’

Brian had already walked over to Valda Theller and gently wrapped one arm around her shoulder. “Are you okay?”

Valda Theller stared blankly at Brian with red eyes. For some reason, she suddenly felt like crying as she looked at him.

Wynne quickly said, “What could’ve happened to Valda? We’re her family! Hello, Mr. Hart. I’m Valda’s cousin, Wynne, and this is my mother.”

Wynne introduced himself with an obsequious expression. Rowena Santiago also had an obsequious smile on her face. It was as if she had seen the God of Wealth.

“Valda is lucky to have a boyfriend like you, Young Master Hart! Speaking of which, Valda’s parents died when she was young. We worked very hard to raise her. I think of her as my own daughter.” Rowena Santiago looked like she loved Valda Theller very much.

Others would probably think she was kind.

Then, Rowena Santiago rubbed her hands and said, "Well, Valda's cousin is getting married. They said they want a house of their own. Our family doesn't have enough money, so we're asking

Chapter 2802

3/3

Valda to help us raise some money to buy a house for her cousin."

Wynne added, "Mom, why would Valda refuse? She's my cousin. My friends and girlfriend know that Valda is Young Master Hart's girlfriend now. They said Valda is lucky, so I can also borrow some of her glory. Right, Valda?"

Wynne's speech was equivalent to forcing Valda Theller to agree.

If Valda Theller did not want to have a falling out with them in front of Brian, she could only agree.

As long as Valda Theller agreed in front of Brian, they could find a way to take more advantage of her.

In their opinion, Valda Theller would not have a falling out with her family and risk losing her reputation in front of Brian.

However, Valda Theller simply said, "No!"

The word made Rowena Santiago and Wynne freeze immediately.

Chapter 2803

"What... What did you say?"

1/3

"I don't want to raise any money for you. Cousin, the house is your business. I have no obligation to raise money for you. Buy a house

if you can afford it. If not, you should discuss with your girlfriend about renting a house," Valda Theller said coldly.

"You get to live a lavish life with Young Master Hart, but you're asking your cousin and his wife to rent a place?" Rowena Santiago asked, her voice rising suddenly.

"Mom, don't do that. You'll freak Valda out," Wynne hurriedly said. Then, he said to Brian with a guilty expression, "Young Master Hart, don't mind her. My mother just didn't expect Valda to say that... She lost her temper for a moment. After all, we've always thought that we should find ways to deal with difficulties together when a family member is in trouble."

"Oh, a family?" Brian raised his eyebrows.

Wynne said, "Yeah, Valda would've ended up in an orphanage if my family hadn't adopted her. I thought I would rent a house with my girlfriend if I had no choice. But... didn't Valda become your girlfriend,

Young Master Hart? I'm worried that people will accuse Valda of being heartless and preoccupied with her own luxurious life if they find out I'm renting a place. So I thought I should buy a

Chapter 2803

house instead."

2/3

After that, Wynne said with a 'sincere' look, "If Valda doesn't want to borrow me money, then... Why don't you lend me some, Young

Master Hart? I can write an IOU and pay you back in the future. I

don't want the outside world to get the wrong idea about Valda."

He spoke so earnestly as if it came from familial love.

In Wynne's opinion, Brian was bound to give them money or a house after he said that.

With Brian's wealth, he probably would not ask him to pay back the millions of dollars.

Brian looked at Wynne with a half-smile. "In that case, thoughtful of you."

how

"No, no, I'm Valda's cousin. I have to be considerate of Valda, of course," said Wynne.

"What about you? What do you want me to do?" Brian turned to look at Valda Theller and let Valda Theller decide. It was as if he would follow her wishes no matter her decision.

"Brian, you don't need to lend them money because of me," said

Valda Theller.

"Valda Theller, don't go too far!" Wynne panicked. He thought he had persuaded Brian, but his cousin sabotaged it again.

Chapter 2803

3/3

"I'll only tell you the same thing. I won't lend you any money," said Valda Theller as she looked at them.

"You stupid girl. Do you think you're all that just because you've gotten a wealthy boyfriend?" Rowena Santiago habitually slapped Valda Theller's face.

After all, she used to slap Valda Theller whenever she found her

annoying.

It had become a habit for her.

However, she forgot that Brian was still there.

Brian stopped Rowena Santiago's hand in mid-air. Brian, who had looked nonchalant, now had indifference on his face. "No one can hit her in front of me."

Brian waved his hand when he finished speaking, and Rowena Santiago staggered and fell to the floor. Her hand that had been about to hit Valda Theller hurt terribly.

Chapter 2804

"It... It's broken... Ouch!" Rowena Santiago shouted.

"Y-Young Master Hart, how could you do this to an elderly?" Wynne asked as he quickly helped his mother to get up.

Brian said coldly, "So what? I told you, no one can hit Valda in front of me."

1/3

"Young Master Hart, don't be charmed by her. She's a Jayx. Her parents would still be alive if it weren't for her! You can ask her if she killed her parents. She's a Jayx!"

Seeing that things had come to this, Wynne simply had a falling out with Valda Theller. Since Valda Theller was so stubborn, he would not give Valda Theller an easy time.

Brian felt Valda Theller trembling, and her already pale face was now paler.

Wynne 'earnestly' said, "Young Master Hart, she's a Jayx who will only bring you bad luck. Be careful! It's like how my dad got fired from his old job and could only get a strenuous job soon after she came to my house. My mom was usually in good health, but she fell seriously ill because of her. I didn't do well in the senior high school entrance examination and the national college entrance examination either-"

Chapter 2804

"So you think it's all her fault?" Brian Interrupted.

2/3

"It... It's all because of her. We also had someone look into her four pillars of destiny. She's bad luck!" Rowena Santiago added.

"It's funny how you have to blame someone else for your own. problems." Brian stared coldly at the mother and son pair. "Then I can tell you now that Valda's lucky. If you didn't have her four pillars of destiny protecting you, you would've ended miserably!"

Rowena Santiago and Wynne instantly shuddered as fear rose in their hearts.

They then realized that the man standing before them was the crown prince of the entertainment industry who was famous for his cruelty and indifference.

The crown prince had never been kind!

With panicked looks, the mother and son pair almost left in a hurry.

Brian looked down at Valda Theller and said, "Don't mind what they said."

Valda Theller looked down and pursed her lips for a long time before saying, "What if I do mind?"

'Yeah, how can I not mind? After my parents' death, I've been

Chapter 2804

called a Jayx so often that I even doubt myself sometimes.'

3/3

"If you mind it, I'll find a way to make sure they can never criticize you again," said Brian.

Valda Theller stared blankly at Brian, not expecting him to say that.

www

"What's the matter? You don't think I can do it?" he asked as he raised his eyebrows.

She shook her head. "No, you can do it. It's just..." She took a deep breath and said after summoning her courage, "I don't care what they say about me, but I'll cause something bad to happen to you someday if I'm really a Jayx."

His eyes glimmered before he said indifferently, "I've never believed in superstitions, and neither should you."

"But--"

"Do you expect me to believe that and break up with you?" he

interrupted her.

Chapter 2805

1/3

She froze. There was a look of hesitation in her eyes as if she were wavering.

Brian raised his hand and flicked Valda Theller between the eyes.

“You don’t seem to love me very much. How are you going to make me fall in love with you?”

She put her hand between her eyes where he flicked and stared blankly at him.

“Valda Theller, don’t you want to make me fall in love with you?” His voice rang in her ears.

Tears suddenly rolled down her eyes. It happened so fast that she was caught off guard. She did not expect herself to cry.

Her tears surprised him. Then, he was flustered. “Was it too painful? Sorry, I didn’t watch myself—”

Before he finished speaking, she suddenly jumped into his arms and burst into tears.

It was as if she was trying to vent the helplessness, fear, and grievances she had suppressed in her heart.

Brian was more flustered as he looked at the person crying in his

Chapter 2805

arms.

Even though he knew what he should do, his hands and feet seemed to stiffen. The words he wanted to say came out in stutters.

2/3

“D-Don’t cry, Valda. If you want me to apologize to you, I can...”

“No... No apology is needed. You... You’re good. You’re good. You’re... the best boyfriend ever...” Valda Theller sobbed. She could not help crying in front of him because he was so good.

Her aunt’s family had long described her as a Jayx. They always blamed her if anything bad happened.

However, it did not bother Brian when he heard these. Did he know how much his words meant to her? It was as if he had given her hope in the darkness.

“Then why are you crying?” he asked.

"Let me... cry for a while. Just for a while... Boo-hoo... I'll be fine..." she said nasally as she continued crying with her head in his

arms.

Sometime later, her crying gradually stopped. Brian could feel that the clothes on his chest were wet.

After sniffing, Valda Theller looked up and wiped her tears while apologetically looking at his shirt that was wet from her tears.

Chapter 2805

"Sorry, I... I've ruined your shirt. Why don't I help you wash it later?"

3/3

"That's not necessary," said Brian. Looking at her red and swollen eyes, he felt a sudden dull prick in his heart.

"I've made a fool of myself," Valda Theller said awkwardly while taking a tissue to wipe away the tears on her face. "It's funny, isn't it? They're my relatives. They should be the closest people I have in the world, but instead..."

Her face was full of agony.

Brian said, "The things they're asking for are nothing to me. I don't mind giving them what they want. If you want them to treat you better, I can get it done."

Valda Theller shook her head. "No thanks. I would've helped them borrow money from you just now if I wanted you to do that. I don't want my family to be bought with money. Besides, they'll only be more insatiable in the future if I give them money this time."

Chapter 2806

"Besides..." She paused. "They took all the money for my parents' death and even a lot of my parents' inheritance. They're not that poor. They're just... too greedy."

She did not want to feed their greed.

"Alright, enough about that." Valda Theller pulled herself together and took a deep breath. "I have to continue drawing storyboards. I'll have to burn the midnight oil today if I don't finish them."

She said and returned to her work desk to work on her storyboards.

Brian watched Valda Theller in silence and could not help falling into a trance.

By the time Valda Theller finished drawing the storyboards, it was already past six o'clock.

"Sorry, I lost track of time," she quickly apologized.

"Are you done?" Brian asked.

"Yeah."

Chapter 2806

"Let's get dinner, then. What do you want?" Brian asked.

"How about the small restaurant near the studio? The same restaurant we ran into each other the second time," said Valda Theller.

2/3

Brian's eyes twinkled. The restaurant was the small noodle shop where Grace used to work at, and it carried many memories of Grace.

"Why do you suddenly want to eat there?" he asked calmly.

"Maybe because that's where we became a couple, so I find it... familiar," she said. She did not say that she often went alone when working at the studio.

Every time she sat there eating, she would think of their fate.

If she had not walked into the small restaurant that day, maybe she and he would have never met again.

Fortunately, she met him.

He pondered for a moment before saying, "Okay, let's eat there."

The small restaurant was not far from her studio, so the two walked there.

They ordered after entering the small restaurant. Though their

Chapter 2806

3/3

relationship had gone viral online, Brian was not a celebrity even though he was the crown prince of the entertainment industry. No one recognized him in the small restaurant.

However, people still look sideways from time to time due to his outfit and temperament.

The restaurant served the food after a while. Valda Theller lowered her head to eat. After a moment's hesitation, she asked, "Are you free next Wednesday?"

Brian asked, "What's up?"

The company had an important movie contract to sign next Wednesday.

She bit her lip. "Next Wednesday is my parents' death

anniversary. If... Can you accompany me to pay them my respects if you're free? I... I want to introduce my boyfriend to my parents."

She wanted her parents to know she was no longer alone and finally had someone. Even if... she had no idea how long he would be there for her, at least she was now happy!

He was silent.

Chapter 2807

She hurriedly said, "Of course, it's okay if you're not free. I... I'll go by myself. I always go by myself anyway."

He said, "I'm free. I can go with you. I was only thinking about what I'd need to take with me if I'm going to pay my respects."

She breathed a sigh of relief. "You don't have to bring anything. I'll prepare the incense sticks, candles, and food. You only have to show up."

With that said, she lowered her head and continued eating.

Watching her lower her head, he felt pity rising in his heart. Speaking of which, he was an indifferent man. He seldom pitied

others.

However, he wanted to protect the woman, or at least ensure she did not get hurt.

Martin Weiss soon arranged the accommodation and asked Kyla to move there. As Martin Weiss put it, they should go out since they were pretending to be a loving couple in front of the reporters.

Chapter 2807

2/4

Kyla had also talked with her mother, but Mrs. Corbyn said, "Take Nelson and Trista with you. I'll stay in the store instead."

"That won't do." Kyla disagreed.

"Why not? We still have to run the store. Besides, I won't get used to it if I move in with you and Martin Weiss. You two are only faking

it anyway. It'll bother me if there are reporters secretly taking photos. I'd better stay in the store," said Mrs. Corbyn.

Kyla bit her lip and said nothing else in the end.

She understood her mother's concerns and awkwardness. She

and Martin Weiss were moving in not because of love but to put

on a show.

It was a marriage that would end sooner or later. It would only feel more awkward if her mother moved in and had to face Martin

Weiss all the time.

"Then call me every night before you go to bed, or I'll worry," said

Kyla.

"Okay, got it," said Mrs. Corbyn as she looked at her daughter pitifully. "What about you moving in with Martin Weiss..."

Kyla consoled her mother, saying, "It's not my first time anyway. Didn't I move in with him for a while before? It'll be over in a year or so anyway. I'll send Nelson to school during the day and bring Trista to look after the shop with you. I'll take the two children

Chapter 2807

home with me after Nelson comes back from school."

3/4

"Okay, do whatever is convenient for you," said Mrs. Corbyn.

Kyla began moving the next day.

Though she was moving, she only brought some clothes and shoes she usually wore and the kids' items. Martin Weiss had already prepared the daily necessities.

After Nelson Corbyn finished school in the afternoon, Kyla took the two children and went to the place Martin Weiss had

prepared.

Martin Weiss's men came to pick them up.

With her daughter in her arms and her son beside her, Kyla walked into the mansion Martin Weiss had bought in Emerald City.

Martin Weiss looked at the mother and children standing before him in the huge mansion. "Are you sure you don't need a nanny to

look after Trista?"

"No thanks. I can manage on my own," said Kyla.

"Okay, it's your choice," Martin Weiss answered indifferently.

Nelson Corbyn had been silent. He knew about his parents' deal. He knew his parents were only pretending to be a loving couple and that they would divorce in the future.

Chapter 2807

4/4

He did not hate his father anymore, but he would choose his mother if he had to choose between his parents. He had to protect his mother!

Chapter 2808

"Alright, Nelson. Accompany your sister for a while first. I want to talk to your dad alone," Kyla said to her son. As she spoke, she put her already six-month-old daughter on the soft couch.

Nelson Corbyn then took his sister's toy and played with her.

Kyla looked at Martin Weiss and said, "Let's go somewhere to talk."

He glanced at her before lifting his hand to take Kyla's. He then headed toward his study on the second floor.

Kyla tried to pull her hand away, but Martin Weiss muttered, "We have servants in the mansion. If you don't want them to think

we're too indifferent to each other, you'd better stay still."

Kyla stiffened and clenched her teeth. She did not withdraw her hand again but followed Martin Weiss to the study.

After entering the study and closing the door, Martin Weiss quickly released his hands and said to Kyla, "Alright, what do you

want to talk to me about?"

"I just want to tell you that I'll spend the day at the store and return with Nelson after he finishes school in the afternoon every day. I'll

try my best to cooperate with you in any events, but I hope you

Chapter 2808

can inform me in advance,” said Kyla.

“Sure. No problem,” answered Martin Weiss.

2/3

“Also, can you replace the servants in the mansion with hourly workers? For example, they can clean up and stuff when the kids and I are away during the day.”

“Others will find it strange,” said Martin Weiss.

“But we have to act in love at all times if the servants are in the mansion. I think we’ll need to be focused at all times. Someone might realize that something’s wrong if we’re not careful.”

Martin Weiss stared at Kyla. “Didn’t you say you love me? Why do you need to concentrate on trying to love me, then? All you have to do is show how much you love me. It’s up to me whether I can concentrate on playing my part.”

Kyla smiled bitterly. “But I don’t have the confidence to look like I love you all the time. It’ll be too tiring... to me.”

His expression sank slightly as he approached her. “What’s the matter? Are you trying to tell me that you don’t love me anymore?”

‘It’s not that I don’t love you... It’s just that I’ve put away my affection and hid it at the bottom of my heart. I don’t want to let it out anymore. I’ll only break my heart more if I let it out.’

Taking a deep breath, Kyla said, “When I signed the divorce

Chapter 2808

3/3

papers back then, it meant that I had gotten over our relationship. Martin Weiss, I’ve moved on. So I’m afraid I can’t pretend to love you at all times. I’ll give myself away.”

When she said... she had moved on, he felt as if something had stung his heart.

She... had moved on. Ironically, he had not moved on.

“Have you really moved on?” He continued to advance on her.

She felt pressured as she moved her feet and stepped back.

However, when she took a step back, he took a step closer until he pinned her against the wall.

“Yes, I have.” Kyla tried to keep herself speaking calmly.

However, what Martin Weiss did next broke her calmness.

His lips suddenly fell as he kissed hers heavily. She froze for a moment before beginning to struggle.

She pushed him away almost as hard as she could. "Martin Weiss, what are you doing?"

Chapter 2809

"Kyla, aren't you going to pretend to be a loving couple with me? Can't you take even one kiss? How are you going to convince people that we're in love?" Martin Weiss said.

"I'll pay attention in public, of course. But I don't want to do anything extra when it's just the two of us," she said. Such intimacy might only stir up her hard-won calmness.

"Anything extra?" Martin Weiss's voice was cold as his eyes stared at her.

"Am I wrong?" She looked up to meet his eyes.

The two looked at each other, and silence filled the air.

Pressing her slightly dry lips, Kyla broke the silence, changed the subject, and said, "By the way, I can stay in the same room as Nelson and Trista. Trista can sleep in a crib."

"I've arranged Nelson's room. You're sharing a room with me. I'll have the crib moved to our bedroom later," said Martin Weiss.

"A room?" Kyla froze.

"Don't you think it'll be strange for a loving couple to sleep separately? We have many servants in the mansion, and they're

2/3

Chapter 2809

constantly watching us," said Martin Weiss.

Kyla paused. Well, it was indeed as he said. It might provoke speculation if they slept separately.

"I'll look for the children first," Kyla said and walked out of the study.

Martin Weiss was left alone in the study.

Martin Weiss raised his hand to caress his lips. Her warmth seemed to linger there.

Them pretending to be a loving couple was only a temporary solution.

'What... am I thinking?

'I felt pain and anger when I heard her say she has moved on and that the kiss was extra!

'What am I so angry about?

'Am I mad that she could move on so easily? She had just gone to L City not long ago, saying she wanted him to fall for her again!

'Or am I mad with myself for not getting over her? Even though I resorted to hypnosis to forget my feelings for her, I still can't get rid of her influence on me.'

www

Chapter 2809

3/3

It was just like the kiss earlier. Only he knew what started as a punishment and retaliation for her so-called moving on became him getting addicted to the kiss afterward.

"Martin Weiss, what do you really want?" he murmured to himself. However, he could not give himself the answer.

After Nelson went to bed at night, Kyla came to the room she

shared with Martin Weiss. The crib was already in the room, and Trista, who was only six months old, was sleeping soundly in the

crib.

Martin Weiss stood by the baby's crib, looking down at his sleeping daughter in a trance.

Their son looked more like him with only his eyes and smile

looking like Kyla, while their daughter looked more like Kyla.

e was still stupefied.

He had only glanced at the baby briefly when she was born.

1/3

After she gave birth, the baby spent so much time in the neonatal unit that he could only look at her through the glass.

Maybe he subconsciously thought he would get attached to the baby and become reluctant to part with her the longer he looked

at her.

"Well... I'm going to wash up. Hold her for a while if she wakes up and starts crying. She'll stop crying as long as someone's carrying

her," said Kyla.

Martin Weiss frowned slightly. 'Hold... the little one?'

“Okay, got it.” Speaking of which, he had never held her.

Kyla went into the bathroom to wash up. When she was done and opened the bathroom door, she heard her daughter crying. Martin Weiss was carrying the baby in a fluster.

Kyla hurried forward. When Martin Weiss saw her, he immediately asked, “Didn’t you say she’d stop crying as long as someone was holding her?”

Chapter 2810

2/3

Kyla said, “That’s usually the case. It’s probably because... she’s not familiar with you. Also, she might be uncomfortable with the way you’re carrying her.”

“The way I’m carrying her?” Martin Weiss frowned. The baby’s

cries kept ringing in his ears. In particular, her face was similar to her mother’s, which made him exhausted.

Kyla stepped forward to help him adjust how he carried the baby. “Put your hands like this... Also, you have to hold her neck. Babies’ necks are soft. If she’s crying really hard, you can give her an airplane hug. She loves it.”

“Airplane hug?” Martin Weiss looked confused.

“Put her on her stomach and support her stomach and neck with one hand while the other protects...” Kyla began explaining the essentials of airplane hugs for babies.

When Martin Weiss finally gave the little one an airplane hug, the baby, who had been crying, stopped crying and giggled after a

while.

The baby enjoyed her father’s hug.

Kyla’s eyes could not help watering at the sight in front of her. She had dreamed of this many times, but it unexpectedly happened when she was destined to divorce Martin Weiss.

Chapter 2810

Martin Weiss looked over at her as if sensing something.

She quickly looked away and said, “Hold Trista a little longer. I’ll prepare her baby formula. It’s almost time to feed her.”

With that said, she hurried to the side and took out the baby formula to prepare it.

3/3

When the baby formula was mixed and the temperature almost reached the temperature suitable for babies, Kyla walked over to

Martin Weiss with the milk bottle.

“Do you want to try feeding her?” she asked suddenly.

She had wanted him to give her the baby and feed her herself, but her words turned out the other way for some reason.

Martin Weiss seemed slightly surprised. “Me?”

“Well... If you’re unwilling, I’ll do it...” she said and tried to take the baby from his hands.

Instead of giving the baby to her, he stopped giving the baby an airplane hug and sat on the couch beside him. He held the baby in his arms, reached out one hand to Kyla, and said, “Give me the bottle.”
