

Ex Convict 3971

Chapter 3971

Nancy looked at Mick in a daze. During the time they spent together, she had seen many of his expressions.

But...she had never seen this pain in his eyes before.

And was it because of her?

1/4

"It's not what you think. I'm just gambling on how much you feel for me. Because your feelings for me are the only thing I can rely on," she defended herself.

"So, in the end, I'm the stupid one. I'm stupid enough to fall in love with a woman like you, stupid enough to not be able to tell whether you like me or are just using me," he said coldly.

Her face was devoid of color, "Mick, I...I don't just use you, I...I like you...

Before she could finish her sentence, he interrupted her directly, "You want to say that you like me, right? So while

you're using me, you also like me. Do I need to be grateful for that?"

His slender fingers squeezed her chin harder. "Nancy, you make me sick!"

Chapter 3971

2/4

Her chin felt like it was about to be crushed, but strangely, she didn't feel any pain.

She just stared at him blankly. Sick? So he already found her disgusting. Yes, she had done something unforgivable. Did she really expect him to forgive her and continue to love her?

She had trampled on his feelings with her own hands, and now she was just accepting the consequences.

"I'm sorry." She had considered countless ways to beg for his forgiveness, but in the end, it boiled down to these three words.

"Do you think a simple apology can make everything right?" He spoke harshly.

Bitterness filled her mouth. "Then, Mr. Reed, can you tell me what price I have to pay?"

She was willing to pay any price!

The three words "Mr. Reed" seemed to widen the distance between them again.

"Aren't you afraid that I'll have someone cripple you? In Emerald City, no one dares to mess with the Reed family." Mick said.

Chapter 3971

3/4

"So, do you want me to become crippled?" She murmured in response.

Her pale face and lifeless eyes seemed to tell him that even if he did cripple her, she wouldn't care.

Anger boiled in her chest, growing stronger by the second.

Suddenly, Mick let go of her and said, "You better not appear in front of me again. Otherwise, next time, I won't be squeezing your chin, but your neck!"

After saying that, Mick turned around and left.

Silence enveloped Nancy.

She stood still, dazed, until tears finally rolled down her cheeks.

She thought the most painful moment in her life was when her mother passed away, and she believed she would never experience such pain again.

But now, she was in agony once more!

The pain was suffocating her.

She brought this upon herself. It was destined to end this way

Chapter 3971

since the moment she decided to use him.

4/4

If only she had fallen in love with him first, how much better it would have been!

She truly fell in love with him, but the man who once loved him
would never love her again!

“Mick, I’m sorry... I’m sorry...” She crouched down, crying and choking.

When the love she had for him turned into despair, it became so painful!

Painful to the core!

Painful to the bone!

Chapter 3972

Mick returned to the car, looking down at his hands.

Her warmth seemed to linger between his fingers.

1/4

She was the first person to use him like this, but he never hurt her in the end. He just warned her not to appear in front of him again.

His fingers slowly closed, and a self-deprecating smile appeared on his lips.

He was really in a sorry state!

For the first time, he loved someone so much, but her use of
him was like a bucket of cold water, leaving him cold all over.

“Mick, from now on, Nancy is just a stranger to you!” He
warned himself.

Despite the pain, time still passed slowly and steadily.

In the blink of an eye, a month had passed.

Chapter 3972

2/4

Nancy still works at the hotel, coming and going early and late every day.

The gossip among her colleagues about her has also decreased, and everything is gradually becoming calm.

It’s as if Mick never appeared in her world.

She even often has the illusion that her relationship with Mick was just a dream, and now that the dream has ended, she has returned to reality!

“Nancy, there’s trouble in VIP Room 7!” A colleague rushed over, looking pale.

Nancy frowned and hurried to the VIP room.

She works at a high-end hotel in Emerald City, and the people who book the VIP rooms are naturally wealthy and not easy to

offend.

When Nancy arrived at the VIP room, she saw two young female servers trembling with fear, and a young man with alcohol all over his head and spilled drinks on the coffee table.

She had already learned from her colleague that someone had pulled these two female servers to accompany them for drinks, but the servers refused and pushed back, resulting in a scuffle.

Chapter 3972

3/4

One of the servers, in a fit of anger, threw a glass of alcohol at the customer.

Now, the customer is not letting it go.

And Nancy also recognized the customer who was splashed with alcohol, who is the second generation of a wealthy family in Emerald City, who is not short of money and is usually domineering.

It seems that it will be difficult to resolve this matter.

"I'm sorry, my two colleagues are new here. Please forgive them. I will have them apologize to you. If they have caused you any losses, we can..."

Nancy was interrupted before she could finish speaking.

"No need to apologize, I don't need that kind of apology. As for the compensation you mentioned, how much do you think

is appropriate? One hundred thousand? One million?" The

other party sneered, "I don't even care about that amount of

money. Today, I want these two women to experience what

it's like to be splashed with alcohol. I've already bought all the alcohol in your hotel, and I'll have them splashed until I'm

satisfied!"

"Nancy, please!" The two female servers looked at Nancy

Chapter 3972

anxiously.

4/4

If they were really splashed with alcohol like this, who knows

what might happen!

“Sir, your request is difficult for our hotel to fulfill. How about this, I’ll go find our manager and you can discuss any ‘reasonable’ requests with our hotel.” Nancy planned to calm the other party down first.

After all, the current situation was not something she could handle!

Chapter 3973

1/4

“I want unreasonable requests!” The other party clearly had no intention of letting Nancy go, and grabbed her as she was about to leave. “Since you’re here, drink this bottle of alcohol before you go. Otherwise, don’t blame me for not giving you

face!”

Nancy frowned slightly. The alcohol the other party brought out was strong, and if she drank it, she would likely get drunk.

“Sorry, I...”

As she was about to speak, the other party had already picked up the bottle and rudely shoved it into her mouth.

Suddenly, the bottle’s mouth was against her throat!

The alcohol flowed down her throat and directly into her mouth.

Nancy was extremely uncomfortable and desperately tried to

push the other party away, but the other party’s two friends grabbed her arms, leaving her no choice but to drink the entire bottle of alcohol like a fish on a chopping board!

When the bottle was finally pulled out of her mouth, the hands

Chapter 3973

2/4

that had been holding Nancy’s arms finally let go.

Nancy bent down in distress, constantly choking.

Her throat was burning, accompanied by a nauseating feeling in her stomach.

“This is to teach you not to interfere for others when it’s

unnecessary!” As the other person’s words fell, they picked up a bottle of alcohol and poured it directly over her head.

Her head and face were soaked with alcohol!

But then, the person’s words made Nancy suddenly stiffen, a chilling feeling spreading throughout her body!

The person said, “Mick, I heard that this woman is the one who made you angry. I’m just helping you vent! If you don’t

think it’s enough, why don’t you come and do it yourself?”

Mick?!

Nancy was shocked. Could the person this man was referring

to as Mick be the one she thought it was?

“Really? And who did you hear that she’s the one who made me angry from?”

The familiar cold voice echoed in the air.

Chapter 3973

Nancy suddenly looked up in the direction of the voice.

3/4

In the darkness, she saw a figure sitting there. Due to the lighting, she couldn’t see his face clearly, but that figure...and that voice...were enough for her to understand who it was!

In other words, Mick was there from the beginning.

And he saw everything that happened to her from start to finish.

Nancy felt her heart sink in an instant, sinking into an al that seemed bottomless.

But what is there to be so sad and upset about?

Does she still hope that he can help her?

To him, she was someone who had used him. The fact that he

didn’t directly harm her was already an act of kindness.

“I...I heard it from someone else...I can’t remember who

exactly, but isn’t this the woman?” The person who had bullied Nancy said awkwardly.

Recently, in the wealthy circles of Emerald City, everyone knew

that this month, Mick Reed, the eldest son of the Reed family,

was in a bad mood.

www

Chapter 3973

If someone else made a mistake in front of him, they would definitely not get off lightly.

4/4

He had finally found out from someone else why Mr. Reed was

in a bad mood. It was because of a woman!

It was said that this woman had done something that betrayed Mick, so he had set up this plan to directly confront her and please Mick.

But now, the situation seemed...not what he had expected.

Could he have been mistaken?!

Thinking of this, the person became uneasy!

Mick slowly stood up from his seat and walked straight to Nancy, looking down at her with a superior gaze.

Chapter 3974

1/4

"A woman like this isn't even worth making me angry." Mick's

cold voice rang out.

Nancy's body trembled suddenly. "Not even worth it"...these words were telling her that there was a barrier between them.

He has always been someone she couldn't touch!

That brief moment of contact was nothing but a ridiculous

dream.

"Also," Mick turned to the troublemaking rich kid, "don't do these unnecessary things again. If I really need to deal with someone, I don't need you to help me!"

The man immediately laughed a few times, pretended to

agree with Mick, and then shouted at the waiter in the private room, "Why aren't you leaving yet?"

Several waiters and Nancy were finally able to leave.

As soon as they left the VIP banquet hall, the two frightened waiters quickly thanked Nancy, "Thank you, Nancy, for today!"

"If it weren't for you, we would have really..."

Chapter 3974

“Okay, just don’t impulsively pour wine on customers in the future.” Nancy comforted them.

She breathed a sigh of relief only after the two waiters left.

2/4

“Nancy, are you okay? You were poured so much alcohol just now...” A colleague who called her to handle the matter asked

worriedly.

“I’m fine, I’ll go clean up.” Nancy said.

She needed to clean up after being drenched in alcohol earlier.

Nancy arrived at the hotel’s employee shower area, took off her clothes, and stood under the showerhead.

The warm water washed away the alcohol on her body.

Her head seemed to be a little dizzy.

The bottle of alcohol seemed to be evaporating now, and my head felt like it was turning into mush.

Seeing Mick again, she still felt the same pain!

How much longer would it take for her to gradually stop hurting?

Chapter 3974

3/4

After taking a shower, Nancy changed into her replacement clothes and walked out of the shower area, only to meet Irene

face to face.

Irene’s undisguised look of disgust scanned Nancy up and down. “I heard you were being difficult today?”

Nancy frowned. Irene used to pretend to be polite and deal with her before.

But a month ago, after her falling out with Mick, Irene's attitude towards her underwent a big change, and she no longer concealed her disgust towards her.

Originally, she wanted to return the teddy bear that Irene had given her as an apology, but unfortunately, the little bear couldn't be found, as if it had disappeared into thin air in her rented room.

Nancy ignored Irene and planned to leave on her own.

"Who are you showing off to? Mick doesn't want you anymore! Who do you think you are!" Irene stopped Nancy and taunted

her.

Nancy's pupils suddenly shook. No one in the hotel knew about her and Mick's relationship.

Chapter 3974

4/4

But now Irene could say it so confidently, how did she know?!

Meeting Nancy's suspicious gaze, Irene proudly said, "I never thought you would use Mick to avenge your mother, but it's good that you did. You used him, so he will hate you and won't look at you again in the future!"

"How did you know?!" Nancy was shocked.

These things should only be known by her and Mick!

Chapter 3975

Irene's eyes were filled with malice. "Of course, I heard you

1/4

say it with your own mouth. And, by the way, I was the one who gave the evidence to Mick. Otherwise, he wouldn't have known. You're such a scheming person!"

Nancy widened her eyes in surprise. She never expected Irene to know about it before Mick did, and that Irene was the one who told him!

Why... did Irene know? And why did she say she heard it from Nancy's own mouth?

Suddenly, something flashed in Nancy's mind, which was previously muddled by alcohol. "Could it be... the teddy bear you gave me? Did you install a bug in it?!"

"You're not that stupid after all!" Irene laughed. "But

unfortunately, you have no evidence now. You can only blame yourself for not throwing away the teddy bear I gave you.”

“Why... would you do such a thing?” Nancy stared at her.

She had no grudges against Irene, but from the moment Irene gave her the teddy bear, she knew that Irene had been plotting against her!

Chapter 3975

2/4

“Why?” Irene sneered with jealousy. “Why can someone like you, who is useless, be liked by him? What makes you so special? I want him to see your true colors, so he’ll know that I’m the one who truly loves him, and I’m the one who loves him

the most!”

“What?” Nancy was shocked to learn that Irene... loved Mick.

“Nancy, you’re just someone who’s been abandoned, so don’t delude yourself anymore!”

After saying that, Irene left.

Nancy pressed her forehead with her hand, trying to endure the pain.

It hurt so much!

The effects of alcohol, combined with the chaotic facts she had just learned, made her headache worse and worse.

It turns out that Irene was the one who caused Nancy to slow down that step.

If Irene hadn’t told Mick the truth and instead spoke to him first, would the outcome have been different?

Nancy walked forward, her thoughts racing and her steps

Chapter 3975

unsteady.

No, the outcome would probably still be the same.

3/4

Because whether or not she slowed down that step, it doesn’t change the fact that she used Mick.

She used him first, so it’s only natural that he abandoned her,

right?

Using the last of her clarity, Nancy asked her boss for time off.

Seeing her condition, her boss agreed to give her the time off.

“But Nancy, can you make it home by yourself like this?” her boss asked, concerned.

“Yes,” Nancy replied. “I’m just a little dizzy. I’ll take a taxi straight home, so don’t worry!”

“Alright then.”

Nancy packed up her things and headed towards the hotel exit.

But as she walked down a hallway, she unexpectedly saw Irene and Mick.

Mick’s handsome face was still cold and distant.

Chapter 3975

4/4

But Irene, at this moment, was eager and no longer had the smug expression she had before Nancy.

“Brother, can’t we be like before?”

“I’m not your brother,” Mick said coldly.

“But it was you who chose to let me into the Reed family and become your sister. It was you who made me fall in love with you. To me, you are not only my brother, but also the person I love the most. I haven’t forgotten about you all these years!” Irene couldn’t help but confess her feelings as she pulled on

Mick’s sleeve.

Chapter 3976

1/4

“I only have two sisters, Jasper and Jasmine. As for you, you

left the Reed family a long time ago and have no connection to it whatsoever!” Mick said with disgust in his eyes.

This disgust deeply hurt Irene. “Why do you treat me like this?

You can like someone like Nancy, why can’t you like me? You used to treat me differently—”

Irene’s voice suddenly stopped because Mick’s hand was now

choking her neck. "Shut up. Don't mention that name in front of me."

Irene suddenly found it difficult to breathe, but she still managed to say, "Why...can't even that name be mentioned? She used you like that, and you let her go. But me...everything

my mother did to the Reed family had nothing to do with me. Why do you hate me too?"

If her mother had been smarter in her actions, Irene would still be living a life of luxury as a rich young lady.

Instead, she was living a miserable life of poverty after leaving the Reed family.

So many times, Irene hated the Reed family, but she hated her

Chapter 3976

own mother even more.

2/4

"Irene, you better shut up. I don't want to hear anyone

mention that name or anything related to it in front of me

again. If you keep making the same mistake, don't blame me for banning you from ever setting foot in Emerald City again!"

Mick threatened.

But the more he made these threats, the deeper Irene's jealousy grew.

In her impression, Mick was always indifferent to everything, as if nothing could catch his attention.

But now, because of that despicable woman Nancy, he kept saying harsh words. This only meant that Nancy still had a place in his heart!

"Give me a...a chance, please. Let me prove that my feelings for you...won't be used for any gain!" Irene pleaded desperately.

After so many years, she finally had the chance to get close to him again. She couldn't give up now.

"You won't have any chance, and I don't want to hear any more of your nonsense. Get lost!" Mick shook off her hand forcefully, causing Irene to stumble and almost fall.

Chapter 3976

Mick turned his head towards the corner where Nancy was

hiding. "Who's there? Come out!"

Nancy walked out of the shadowy corner with an

3/4

embarrassed expression. She had purposely hidden there to avoid an awkward encounter with Mick and Irene.

But now, the situation had become even more awkward.

When Nancy emerged, Irene's face turned incredibly ugly. Not long ago, she had just insulted Nancy.

But now, Nancy had witnessed Irene's pitiful scene.

Irene left in a hurry without saying a word.

Now, only Nancy and Mick were left in the hallway.

Nancy stood frozen in place, her mind once again becoming blank. Her throat, which was already dry, seemed even

thirstier!

Why...did she have to run into Mick here again?

She was even afraid of meeting him, afraid of seeing that coldness in his eyes once again.

Every time she faced his coldness and disgust, it only made her feel more pain.

Chapter 3977

"I'm...I'm sorry, I didn't mean to eavesdrop, I...I just happened

to be passing by..." She explained weakly, her face pale.

Mick took a step forward and walked towards her. "Why do you keep appearing in front of me?" he asked.

"What?" She was stunned, looking at him in confusion.

"Nancy, I told you not to appear in front of me again, but why do you keep appearing in front of me?"

Mick stood in front of her, speaking in an extremely cold tone.

She stared at his dark peach blossom eyes, which were still as cold as they were in the VIP room just now, even with a hint of annoyance.

As if he was extremely displeased with her appearance.

"I'm...I'm sorry, I didn't know you were here! I won't do it again. in the future..." She apologized, not knowing what else to say.

She bit her lip tightly, then gathered all her courage and said,
“I...I love you. I know you don’t care about my feelings now,
and I know that using you is a mistake that I can never make
up for. I never intended to hurt you. At first, I thought it was

Chapter 3977

just a transaction...”

2/3

She spoke intermittently, fueled by the alcohol. Without it, she might not have had the courage to say these things to him.

“I...I did lie to you at first when I said I liked you. I just wanted a reason to get closer to you, to use you to avenge my mother. But...later on, I really did fall in love with you. When you came to the cemetery to find me, I was planning to tell you everything that day. But...I was too late. You already knew everything.”

Her gaze began to blur, her mind becoming muddled. She had so much more to say to him, but the alcohol was making it hard for her to remember what she wanted to say. Her tongue even began to tie itself in knots!

“Do you think saying ‘I love you’ can make up for everything?” Mick said coldly.

Nancy shook her head, trying to clear her mind. “I...I don’t want to make up for anything. I just wanted to tell you.... know you won’t forgive me. I...I really want to apologize...I’m sorry...for hurting you. You...you’re the best person in the world to me, besides my mother.”

So the nicer he was to her, the more guilty she felt.

This guilt was almost crushing her!

Chapter 3977

3/3

“Mick...I’ll disappear from your life, so you won’t be bothered by me. I promise...this time...I can do it...”

Her voice grew quieter towards the end, her body tilting to

one side. Just as she was about to fall, he finally reached out and caught her, saving her from a painful fall.

Mick lowered his head and looked at Nancy in his arms.

At this moment, her eyes were closed, her cheeks flushed. She was completely drunk and had fallen asleep!

Would she really disappear from his life?

He didn't want to see her again, so if she could really do what she promised, he should be happy, right?

Then why did he feel like he couldn't catch his breath?

It was as if something heavy was pressing down on his chest, making him feel especially uncomfortable!

Chapter 3978

The next day, when Nancy woke up, she was in her rented room.

Her head was still throbbing, reminding her of her drunkenness from yesterday!

By the way, how did she get back to the rental room? She clearly remembered seeing Mick, and then... Nancy held her head in her hand, thinking about the last scene in her mind from last night.

She... remembered that she seemed to have said a lot to Mick, and then... she had no more impression.

Did Mick send her back? She looked around the room, but didn't see the figure she wanted to see.

Immediately, Nancy smiled bitterly. What was she thinking?

Did she really expect Mick to be here?

Presumably, after she passed out drunk yesterday, someone sent her back!

And he probably felt sick just staying with her for one more

Chapter 3978

second.

2/4

When Nancy returned to the hotel to work in the morning, her boss called her to the office and asked again about what

happened in the VIP room yesterday.

After explaining, Nancy finally said, "Manager, I want to resign. I hope you can approve it. I will submit my resignation letter later!"

"Resign?" The manager was stunned, "Is it because of the shock you received yesterday?"

"Yeah." She knew the manager had misunderstood, but for now, it was a good excuse.

She wanted to resign just because she promised Mick that she wouldn't appear in front of him again.

This hotel is a high-end hotel in Emerald City, so there is a possibility of encountering Mick.

Therefore, resigning is the best solution.

"The situation last night was not common, and our hotel will take better measures in this regard in the future," the supervisor said.

After all, Nancy is capable and a good subordinate.

Chapter 3978

3/4

"I still want to resign and find a job that I can adapt to better," Nancy said.

Seeing Nancy's firm attitude, the supervisor did not try to persuade her and only asked her to do a good job of handover.

When Nancy left the supervisor's office, she saw Irene coming towards her.

Irene glared at Nancy fiercely, "I didn't expect you to be a sneaky eavesdropper. I warn you, no matter how much you heard from my conversation with Mick yesterday, you are not allowed to say a word to anyone, or you will regret it!"

"Sneaky eavesdropper?" Nancy looked at Irene coldly. "If we are talking about sneaky behavior, who is more sneaky between eavesdropping and planting a bug?"

"You bitch!" Irene raised her hand to hit Nancy, but was intercepted by her in mid-air.

"Irene, if you really like someone and want to win their heart,

you should think about how to make them like you instead

of using despicable means to destroy and suppress others!” Nancy warned. “Even if Mick doesn’t like me anymore, do you really think he will like you?”

Chapter 3978

4/4

This made Irene even more angry. “You don’t understand. If it weren’t for you, Mick would have fallen for me!”

She chose to work in this hotel in order to create opportunities to reunite with Mick.

But her plan was ruined by Nancy!

Mick was already interested in Nancy, and she could only choose to lurk in the shadows, waiting to catch Nancy’s mistake and completely crush her!

Nancy snorted, “You really are beyond help! You’re the one who doesn’t understand emotions!”

“You—“

Chapter 3979

“What are you guys doing here?” A colleague approached

Nancy and Irene, who were in a standoff.

“Nothing.” Nancy let go of Irene’s hand and said, “I was just discussing some things with her, and now we’re done.”

After speaking, Nancy left directly, leaving Irene standing there, staring fiercely at her back!

A few days later, Nancy submitted her resignation letter and did some work handover with her colleagues.

The resignation went smoothly.

However, when Nancy finished the resignation procedures and left the hotel, she thought she would feel relieved, but her heart seemed to be filled with more regret.

After leaving here, she would never see Mick again, would she?

She wouldn't even have a chance encounter!

Would she have a chance to see him again in the rest of her life?

www.w

Chapter 3979

2/4

Would he remember her in the long years to come?

Or...would he continue to hate her forever?

Thinking of this, her heart ached again.

This kind of pain was already familiar to her, because these days she often experienced this kind of pain.

"Nancy!" A voice sounded at this moment.

Nancy looked up and found that the person calling her was Jasper.

"What are you..." She didn't expect to meet Jasper.

"I came to find you on purpose." Jasper approached and smiled slightly. "Do you have time to chat with me?"

Nancy hesitated for a moment and slowly agreed, "Okay."

The two of them then went to a coffee shop near the hotel, and Jasper ordered two cups of coffee.

The aroma of coffee gradually relaxed Nancy's tense nerves because she saw Jasper.

"What do you want to talk to me about?" Nancy asked,

Chapter 3979

although she already had some guesses in her heart.

3/4

"What happened between you and my older brother?" Jasper asked directly.

As expected!

Nancy thought to herself, biting her lip. There were some things she needed to gather courage to say to Mick's own

sister.

When they first met, Jasper was very friendly to her.

But if she said what she needed to say next, would he still be friendly to her? Or would he look at her like Mick did, cold and disgusted?

Thinking of this, Nancy's body trembled slightly.

"Your older brother and I have separated," Nancy said.

"Did you break up?" Jasper asked. Over the past month, his brother had become even more silent than before. She had

even heard that his brother had become someone everyone was afraid of in the company, and everyone was afraid of accidentally angering him.

Nancy smiled bitterly, "My relationship with him...was never really a relationship. We just spent time together, so we can't

Chapter 3979

really call it a breakup."

"Then why did you separate?" Jasper asked again.

4/4

Nancy took a deep breath and said directly, "Because I used him!"

"Used him?" Jasper was stunned. He clearly didn't expect that to be the answer.

"Yes, because I used your brother to avenge me. From the beginning, I used his kindness towards me, deliberately getting close to him, just because I couldn't use my own abilities to get Clarissa, who pushed my mother off the balcony, to go to jail. So I needed your brother to help me do this."

Nancy spoke calmly, only she knew how nervous she was when she said these words.

Chapter 3980

Jasper looked at Nancy in surprise. He never thought that things between her and his brother would be like this.

"Did you never like my brother?" Jasper asked angrily.

Although she was usually good-tempered, her good temper would naturally disappear when her brother was used like

this.

"I didn't like him at first, I was just grateful that he helped me when I was in trouble," Nancy said frankly.

"So you thought you could use him because he helped you?" Jasper stared at her.

Nancy's body trembled. That familiar pain and guilt spread through her body once again.

"Yes." Facing her younger brother, she didn't want to hide.

anything.

Admitting these things takes a lot of courage for her.

"You really are..." Jasper seemed to be at a loss for words.

"Is it despicable?" Nancy summarized for him, "I know I'm

Chapter 3980

2/4

despicable. If the Reed family intends to punish me, I'll bear it."

"Punishment? Do you think punishing you will make a difference? Do you know what my elder brother..." Jasper suddenly slammed the table and stood up, shouting at Nancy. But the words stopped in his mouth.

"What about your elder brother?" Nancy asked.

Jasper lowered his eyes. What he wanted to say was that his elder brother had never fallen in love with anyone before. He finally fell in love once, but was used like this.

Originally, his elder brother was indifferent to matters of the heart. After experiencing such a betrayal, would his elder

brother still believe in love in the future? Would he fall in love with someone else again?

Once this thought flashed through her mind, it made her more and more afraid.

“Nancy, you are indeed despicable. You use other people’s feelings to achieve your own goals! I really misjudged you!” Jasper said.

She once thought that the woman in front of her would eventually make his elder brother have feelings.

www

Chapter 3980

But now it seems that this woman just raised a knife and stabbed his elder brother’s heart.

“I’m sorry!” Nancy apologized.

3/4

It seems that no matter whether facing Mick or Jasper, all she can do is apologize.

“At this point, no matter how many apologies you make, what’s the use?” Jasper said, “Now I already know what’s going on between you and my elder brother. As for whether to punish you or not, that should be decided by my elder

brother!”

After saying this, Jasper intended to leave.

“Wait! Jasper... no, Miss. Reed!” Nancy called out to stop him.

“Is there anything else?” Jasper looked at Nancy with a cold expression.

“How is your older brother now... is he okay?” she asked.

Although Mick looked the same as when they first met at the hotel, she couldn’t help but ask about his recent condition and whether he was okay.

Jasper looked at Nancy disdainfully, “At this point, what right do you have to know how my older brother is doing?”

Chapter 3980

Nancy’s body trembled suddenly, and her hopeful eyes became dim.

Yes, at this point, what right did she have?!

Jasper left, and Nancy was left alone at her seat.
