Chapter 96: Chapter 73.1

Currently, the separating time when Little Orchid and Dong Fang Qing Cang left Qian Yin Mountain has been quite a period of time. But even if so, in the many short months, cannot restore to the former appearance of Qian Yin Mountain.

Little Orchid lied on her stomach on Dong Fang Qing Cang's back. She peered at Qian Yin Mountain underneath the clouds and mist and her heart suddenly felt melancholic.

She has arrived to this situation herself. It's better off for her to let Dong Fang Qing Cang bring the soul of Chi De woman into the xi rang body. With that, her soul will scatter and disperse. Saving the torments and heartbreaking miseries.

Dong Fang Qing Cang completely did not know Little Orchid's inner thoughts. He peered from the clouds down and only probed a bit. Within a blink of an eye, has found the position of Qian Yin langjun. Without delay, immediately lowered body down.

At the courtyard, Qian Yin langjun has indeed prioritized repair of various places. In the courtyard, even though everywhere there is no treasures, residence is flourishing like before, and yet only has restored seven to eight parts.

"Has chased the people of the demon market away yet?"

"The bunch from before has been chased away." The shadow lowered head besides Qian Yin langjun and said, "This morning has discovered that the thieves of the demon market have swam from the eastern shore to steal the treasures. This servant has ordered people to take care of it."

Qian Yin langjun tapped finger on the table and snorted coldly, "Wait until the boundary of Qian Yin Mountain be restored, will definitely capture those bunch so that they cannot regret in time!" Finishing speaking harshly, the gaze of Qian Yin langjun darkened, "Who?!"

A wave of murderous energies exuded following his voice. Does not know what object has contacted in the atmosphere as it has suddenly exploded. Behind the dust, the figure of Dong Fang Qing Cang slowly appeared and on his back he carried Little Orchid.

Little Orchid came down from his body. The hand of Dong Fang Qing Cang did not seemed to have supported her as after she can completely stand stable, Dong Fang Qing Cang lifted head to peer at Qian Yin langjun with a solemn expression.

"Qian Yin langjun, long time no see..." Dong Fang Qing Cang laughed in a crafty and evil manner, "Apparently in a period of time, you did not live too well."

Little Orchid peered at Dong Fang Qing Cang's eyes. Nowadays, Qian Yin Mountain was bothered by the people of the demon market. It was due to the boat map that Dong Fang Qing Cang drew for the merchants of that demon market.

Destroying their mountain, destroying their home, let others steal their treasures, and right now stood up high and mocks them. After that, will steal their things again.

Dong Fang Qing Cang...sometimes was truly rotten to the bones.

Little Orchid also was very unclear. In the end, how come and beginning from where did she unexpectedly like such a scoundrel like this...

The shadow blocked in front of Qian Yin langjun's face and the guarding energies immediately unfolded.

Different from before when not knowing Dong Fang Qing Cang's identity, Qian Yin langjun at this moment does not have the mood to appear profoundly and jokingly in front of him anymore. He peered at Dong Fang Qing Cang from top to bottom and probed the weakened energies from serious, unhealed injuries from Dong Fang Qing Cang at this time. But even if so, capacity is that of an ancient demon king. Dong Fang Qing Cang only needed to use a bit of strength and is enough for Qian Yin Mountain to receive.

The other time before, Qian Yin langjun has received the lesson already...

He immediately went straight to the topic as he coldly asked, "Demon king has come here and excuse us for not going out to welcome you. It is our mistake. Does not know this time demon king has what matter?"

Dong Fang Qing Cang had enough of the jesting and he did not dawdle as he spoke directly, "Give all of the remaining xi rang to me."

Little Orchid was dazed. The injuries on her shoulder were that serious? Perhaps the surrounding shoulders have turned gray. Therefore, Little Orchid did not feel that much pain, but even if injured seriously, she does not need all of the xi rang remaining ah!

She remembered originally she has caused the male body that Dong Fang Qing Cang has molded turned into a female which saved many of the xi rang. Even though cannot create another body, but perhaps molding half a body was enough.

Qian Yin langjun was also dazed and he peered at Little Orchid with a frown, "How much did A Lan get injured that needed that much xi rang?"

Dong Fang Qing Cang furrowed his brows, "Ben zuo has to explain clearly to you?" He said, "One is that the island will sink or two is to hand over the xi rang. You pick one." His words were quite simple like saying today's weather was very good and lightly shading in demeanor. Though, it was through the arrogant tone of his that he still used.

The shadow on the side naturally grew angry from the attitude of Dong Fang Qing Cang, "Demon king has taken unfair advantage of others too much!" Dong Fang Qing Cang curved his lips and smiled, "Eh, even to now you guys still do not know ben zuo's behavior?" The shadow was in fury and pull out a double-edged sword. Dong Fang Qing Cang narrowed his eyes, but at this time, Qian Yin langjun raised hand to stop. He spoke in a calm voice, "Demon king, it's not that the people of Qian Yin Mountain are petty, but there's not much xi rang. Currently, the body that I have used clay mixed with xi rang to mold. If there's no xi rang..."

The pair of Dong Fang Qing Cang's eyebrows slightly moved. He peered contemptuously at Qian Yin langjun, "Did ben zuo said wanted to understand your struggles?"

Qian Yin langjun was quiet.

Dong Fang Qing Cang clearly lost his patience, "Xi rang, Qian Yin Mountain. Ben zuo only let you pick from two choices." Seeing the green-black facial expression of Qian Yin langjun, Little Orchid was briefly silent. She pulled on Dong Fang Qing Cang's sleeve and said in a small voice, "Perhaps does not need a lot..."

He shot her a glance, "It's none of your business." Shifting eyes, the surrounding energies immediately turned into forceful pressure around the body as he said, "Apparently, Qian Yin Mountain should not continue to exist in the mortal realm anymore."

The shadow moved its figure, but in the end was still halted by Qian Yin langjun. Everyone knew that here there was no one who was an opponent of demon king. Therefore, even if there is indignation or discontentment, in the end has to restrain back.

In the world of the strong, only needed to follow the rules of the strong in order to live.

Qian Yin langjun closed eyes, breathed in a deep breath, and in the end nodded, "I will give xi rang to you."

The shadow was startled, "Master!"

Qian Yin langjun peered attentively at Dong Fang Qing Cang, "But I have one condition."

Dong Fang Qing Cang said, "Speak."

Previously, the murderous maze formation that was created under the seabed of Qian Yin Mountain has been destroyed by demon king. After that, the traveling boat map to Qian Yin Mountain, did not know which traitor has sold it to the enemies of the demon market." His voice paused and peered at Dong Fang Qing Cang in front, but Dong Fang Qing Cang appeared to have not completely realized that Qian Yin langjun was cursing at him. Expression did not change. Qian Yin langjun continued to speak, "Currently, in order to guard Qian Yin Mountain from the enemies causing troubles, does not know if demon king can contribute strength to help and protect my Qian Yin Mountain so that afterwards, would not be disturb from outside. If demon king can agree with me on this matter, in a little while I will bring all of the remaining xi rang."

Dong Fang Qing Cang smiled, "This matter is simple."

Finished speaking, he bit and ripped his finger. The fresh blood spilled out and allowed the blood on the finger to drip some drops. In the hand of Dong Fang Qing Cang congregated a fiery sword. The flames boiled the fresh blood on the ground and spread out in four directions like a spider web. These flames of Dong Fang Qing Cang did not rage the murderous energies like usual days as the places that the flames went through the floral were intact.

When the raging flames disappeared from view, not for long, there suddenly appeared a huge formation in the sky that reflected the flames on the ground. After turning one round, it disappeared without a trace.

"Five hundred years later this place will definitely have no spirits or creature besides the shadow spirits that enter your Qian Yin Mountain."

His voice was brassy, but the words spoken were unbelievable.

The shadow saw this and was also staring blankly. Qian Yin langjun bowed with hands held in the front and paid respect to Dong Fang Qing Cang, "Much appreciation demon king. I will go get xi rang right away. A Ying, you bring demon king and A Lan to go rest." Qian Yin langjun naturally turned body away and departed.

After the shadow brought Little Orchid and Dong Fang Qing Cang to a resting place and left, Little Orchid turned head around to ask Dong Fang Qing Cang, "Easily bring xi rang like this, doesn't Qian Yin langjun has some kind of scheme?"

He turned head to peer at her, "Brain has become quicker than before unexpectedly."

Little Orchid was dazed and then lowered head, "Being fooled many times naturally has to become quicker."

Inside the room, it immediately became silent. Dong Fang Qing Cang turned head and did not look at her facial expression. He merely said, "He only needs to fetch the xi rang, but other matters, if has the ability then use that."

Chapter 97: Chapter 73.2

When evening came, Qian Yin langjun brought the remaining xi rang. Compared to when Little Orchid left, it has lessen a bit, but that's understandable as this period of time, Qian Yin langjun also relied on a body molded from xi rang in order to live. If all the xi rang were taken, then Qian Yin langjun...

Little Orchid lifted head to look at him.

Meeting with Little Orchid's gaze, Qian Yin langjun smiled and then turned around without saying anything.

In truth, thinking carefully, from the beginning to the end, Qian Yin langjun has never done anything terrible to her. He merely wants to live a better life.

Little Orchid twisted her fingers for a bit. After Qian Yin langjun left, was about to speak with Dong Fang Qing Cang, but did not get to speak up as he seemed to have understood her thoughts and indifferently said, "Without xi rang, he will not die." He would speak and would mold a lump of xi rang. Xi rang has living energies and so moved, but in Dong Fang Qing Cang's hands, immediately became obedient like flour. He used his hand to fling at Little Orchid's shirt, "Take off."

Facing Dong Fang Qing Cang's orders, Little Orchid was very calm in accepting it. She pulled the clothes lapel and revealed the injured shoulders. After that, she peered at him sticking xi rang from his hand onto the opening of her injury.

The injury originally did not have feeling of pain, but at this time, there was a sudden feeling of a strange burning pain that passed through the skin that surrounded the injury and carried the heat into the blood vessels. After that, circulate one round inside the body and in the end returned to the heart.

Slowly, the burn withdrew. Little Orchid began to feel the arm become warmer as she felt the warmth from Dong Fang Qing Cang's palm of the hand that pressed on her shoulder.

"Shadow demons originally do not need a body to live. With the cultivation of Qian Yin langjun, living like a shadow is completely unproblematic. Xi rang to him is merely a

long-cherished wish. Using the Heavenly Emperor's words from your heavenly realm, this movement of his was originally against the Mandate of Heaven."

Following his voice as he speaks, the warmth of his palm was like blood running through her heart. Burning and scalding the heart more than the warmth from before.

"Therefore, little flower demon, do not worry for people who aren't important. They perhaps live better than you."

Little Orchid lowered her eyes and peered at the sunshine that passed through the window. She saw the silhouette of hers and Dong Fang Qing Cang on the bed. They're quite close to each other and movements were rather intimate...

"Big devil!" Little Orchid suddenly said, "Afraid that I would indulge in flights of fancy/messiness. Concerned for me due to some difficult matter, considerate like this...isn't it already passing the boundary that you need to be concerned with?"

Dong Fang Qing Cang's eyes rose to peer at the tilting face of Little Orchid.

"You just need to be concern with the health of this body which is enough." Little Orchid spoke, "You don't need to...be good to me. Previously I have said, I will think much."

In the end, Dong Fang Qing Cang still did not say anything and was silent which was considered acceptance of Little Orchid's words.

The xi rang that he newly patted in was completely mixing with the skin that was of Little Orchid's. When he took his palm off, the skin there has become intact and has a glossy style resembling white porcelain.

Therefore, even he did not discover that, his finger was momentarily reluctant to leave her shoulders.

Clearly was a lump of xi rang, but when placed on her body it seem to have some sort of mysterious force that attracted him...

"Finished?" Little Orchid turned head around.

This word caused Dong Fang Qing Cang to return back to reality as he coldly shifted his face. He stood up and said, "Temporarily, there is no problem. In a few days it will completely intermix with your body."

Little Orchid nodded. After that, she peered at the remaining xi rang on the bed and felt something strange as she said, "There are a lot remaining, what are you going to do with them?"

Dong Fang Qing Cang peered at the lump of xi rang for a while and did not speak, it seems...that he also did not know why he needed a lot of xi rang for.

Little Orchid was already accustomed to his indifference. Perhaps if it was the previous time, she will pout and complain that Dong Fang Qing Cang was not paying attention to her. But currently, she did not have such emotion.

Currently, only needed the surroundings to become peaceful and every single moment when there is a crack, she cannot help but think. How long will she stay in this body, she has "own consciousness" for how long, she can use her own eyes, use her own head to peer at Dong Fang Qing Cang for how long...

Perhaps the room was too quiet and perhaps the gaze of Dong Fang Qing Cang peering at xi rang intensively and strangely, Little Orchid could not refrain from speaking up, "Big devil."

His pair of blood-red eyes immediately contained the silhouette of hers. At this time, she has forgotten to pull the clothes up and half-revealed white snow shoulders. The flickering eyes peered at him. While the hoarse voice, still did not heal completely after being injured, asked him, "Big devil, you have to really make me die because of your desire?"

Dong Fang Qing Cang silently peered at her and did not say anything.

Little Orchid briefly pondered and tried to raise a smile as she said, "Has there been a time when you have thought of prevailing over your attachment? Or be able to throw away the attachment?"

He still merely peered at her. The pair of eyes was like a dead, still water with no undulation.

The corner of Little Orchid's lips quivered, but the smile on the lips could not be kept, "I knew that I wish too much."

She smiled in a satirical manner, "Previously, I have thought that I have figured things through. Living and death was due to Mandate of Heaven, but..." Little Orchid stretched out her hands and gently stroke the shoulders that Dong Fang Qing Cang has touched before, "But you're too gentle, big evil. It is to blame that I am not an endearing little orchid demon, but rather I am a fleeting moth demon." Little Orchid said, "Even up to now, only needed you to show a bit of gentleness and I still want to rush back to you. From before, I have asked my master, why do flying moths throw themselves into the

flames. Master has said it's due to our fate. Big devil, meeting you was perhaps my fate."

"Therefore ah, you should not be good to me. Do not protect too much. Do not be concern with what I think. You doing so..." Little Orchid laughed forcefully, "You doing so it's not like a bad person ah...You will caused me to yearn for this life more and more, regretfully. Cannot bare to disappear in this world, and yearn for the time besides you regretfully..."

"Such will not do ab." Little Orchid dejectedly covered her face, "A bad person shouldn't act like you..."

Little Orchid bit the lips to refrain from crying, but her teardrops still seeped past the openings of the fingers and came out. Drop by drop, it fell down and then a palm of the hand received them excessively.

These teardrops bloomed inside the palm of his hand, provoking his heart to wave.

Dong Fang Qing Cang was still silent, but that hand of his covered his chest.

The injuries that Shuo Feng sword has caused have healed already. According to logic, should not feel pain anymore, but right now, the feeling of pain here, what is that...

Chapter 98: Chapter 74.1

The next morning, Little Orchid has woken up and was still drowsy as she heard Dong Fang Qing Cang speaking with someone outside the room: "Does Qian Yin Mountain has books that relate to the usage of xi rang molding a body?"

"Yes, there is, but if demon king can used xi rang to mold a body, then I assume that the books of Qian Yin Mountain probably will not catch demon king's eye." The voice of Qian Yin langjun came, "Perhaps demon king want to use the remaining xi rang to mold another body?"

Little Orchid heard this and brain that was still hazy suddenly became clear-headed by a lot. She stood up and subconsciously gave attention to outside the room as she listened to the conversation.

The voice of Dong Fang Qing Cang carried innate arrogance and contempt, "How ben zuo go about need to inform you?" He said, "Give you half a shichen."*

shichen is approximately 2 hrs – ChocolateCosmos's translator note

The outside was silent for a while. Qian Yin langjun suddenly smiled and said, "Alright, I will give to you." His shadow passed the window. Peering into the room past the window that was opened, by chance saw the foolishly blank stare of Little Orchid, and his steps stopped.

Little Orchid slightly shifted eyes to peer at Qian Yin langjun. She saw that his face briefly lighted up, but still darkened the face. He turned body around, speaking to Dong Fang Qing Cang in the end, "Wanting me to bring the books is no problem, taking xi rang is also okay. Demon king wants to create another body then there is no one in the land under heaven (the world) that can halt you. But demon king has to remember, xi rang is naturally born with living energies. Normal souls that want to merge with the body along with changing after three days like me are extremely difficult. The larger the amount of xi rang in the clay, the soul will have more difficulties merging. If gentle then will be pushed outside, heavy then...perhaps the living energies inside will tear apart to the point of the soul dispersing."

"My Qian Yin Mountain has created many clay figures mixed with xi rang, but how come only I can use? It's not due to me being autocratic and hegemonic, but in truth, the others cannot enter the bodies that contain xi rang." Qian Yin langjun peered at Little Orchid from afar, "Therefore, I have the heart to remind with one sentence, demon king creating this body for whoever to use, has to remember first whether the soul of that person can endure this force."

Qian Yin langjun left.

Little Orchid rubbed her face and inwardly pondered. Perhaps Qian Yin langjun has guessed that Dong Fang Qing Cang wanted to take the xi rang to create another body for her to use.

In the previous times when staying at Qian Yin Mountain to create the body of hers, Dong Fang Qing Cang has intended to bring the soul of Chi De woman in, but fortunately, there were various shadows that have caused her soul to escape his binding and took the opportunity to crawl into this body through a crack.

At that time, the various shadows stirring were perhaps due to Qian Yin langjun playing tricks. Therefore in the beginning, he had known that Dong Fang Qing Cang has a errant plot.

In this period of time, the demon realm has brought the news that Dong Fang Qing Cang wanted to resurrect Chi De woman and the information spread widely across the land under heaven (world). Qian Yin langjun only needed to use the brain a bit and will know that this body molded completely from xi rang of hers was definitely for Chi De woman as this body was really the most perfect body. While the body that used half xi rang with half clay...was for Little Orchid.

Dong Fang Qing Cang thinking about the matter of molding her a body, in truth Little Orchid was really a little bit moved. At the very least, when everyone wanted her to die, this big devil still thought of a way for her to survive.

It seemed that she could really believed that he has like her a bit.

But currently that was not the most important matter. The most current important matter was hearing the intention of Qian Yin langjun. It appeared that her soul is unable to endure the colliding force of the living energies in the xi rang for another time.

In truth, when carefully thinking through, she has really experienced many things...

Her soul in the beginning can compete for the body with demon king. After that, used the rapidly dilapidating corpse of Xie Wanqing to travel for half a month. Then, stole this xi rang body and suppressed the surging living energies inside the xi rang. Also restored the soul of Chi De woman inside the bone orchid. Lastly, went one struggling round under Zhuxian Terrace. In the end, she still has to keep her life in order to transform into a life fragment inside this body.

Originally, her soul in the end has to be strong to what extent ah! With an ability to endure up until now!

But was only up to the present...The old heavens has cared for her, but cannot care for her forever.

Granted that even when Dong Fang Qing Cang has really used the remaining xi rang to create another body, and she also cannot suppress the living energies in xi rang like before, perhaps then...be tear apart by the living energies until the soul has disperse.

But so...there's nothing to be afraid of.

Anyway, she is now on the path of soul dispersing. The only misfortunate would be merely that. Therefore, only needed a way and will definitely try. Little Orchid pondered if there was hope in the continuation of living, unexpectedly she will not abandon self...

Dong Fang Qing Cang stepped into the room. The gaze landed on Little Orchid's face. The four eyes peered at one another. Little Orchid took the words as she spoke up first, "Big devil, regardless how long this body can be used, will you bring me with you wherever you go? I guarantee that I will not cause troubles for you."

Dong Fang Qing Cang was silent.

"It's because when the moment comes, I can only be by your side foolishly." She said, "Oh, in case it's not successful...if not successful, you should not quickly destroy that body. Even though it's a female body, but can leave for Qian Yin langjun. He will not reject. Shadow demons in their entire lives cannot obtain an actual body like spirits from

the below realm that go to Jiuchongtian (heavenly realm) for work. Even a place does not have, loneliness and hardship are also quite pitiful."

Hearing Little Orchid speak solemnly with consideration, the corner of Dong Fang Qing Cang's mouth faintly moved.

He stepped forward and grabbed her neck. Such movement has a threatening nature, but she has suffered due to Dong Fang Qing Cang through various ways. Regardless of the time, wherever, and even when he made a strong killing move that infringe her, she has already become accustomed.

Love Between Fairy And Devil (Completed) Chapter 99 - Chapter 74.2

Chapter 99: Chapter 74.2

Little Orchid disregarded him squeezing her neck to probe. After that, he suddenly lowered body unexpectedly. Before she can have a reaction, he unexpectedly bit her neck. She felt the sharp teeth of Dong Fang Qing Cang tearing her skin. She felt a bit pain, yet this pain could not bring upon the feeling of fear and struggle from her body. Moreover, despite him biting her deeply, but it was not painful. His teeth have a bit of strange warmth. Following along the blood, the places he have bitten slowly flowed in all directions. In the end, returned to his mouth.

Dong Fang Qing Cang brought the tongue to lick his sharp teeth and after that, furrowed his brows as he peered at Little Orchid.

She blinked and looked at him, "What is it?"

"Recently have you desired to sleep more?"

"En, after leaving Zhuxian Terrace, I have began desiring sleep, but the condition is not that dire." After the battle at Zhuxian Terrace, Dong Fang Qing Cang has slept for three days and three nights. After fighting Kong Que who ran, they went on hoof (ride) without stopping and relaxing to reach Qian Yin Mountain. Dong Fang Qing Cang really does not understand her genuine condition. Furthermore, this big devil...originally was not meticulous and caring for another person.

Hearing her speak, his expression was not very pleasant. Little Orchid's heart tightened, "Your expression seem to say that I am hopeless? I don't have a lot of time anymore, right?"

Dong Fang Qing Cang rarely responds to questions. At this time, with Little Orchid is also so as he changed the flow of the conversation by spreading his fingers out to her, "Give the bone orchid to me. Hereafter, do not wear it anymore."

Little Orchid was dazed. Cannot expect that at this time he demanded the bone orchid.

She peered at him, "But inside the bone orchid contains the soul of Chi De woman. Her soul was also gravely injured under Zhuxian Terrace and even now has never spoken a sentence with me. I have to use energies to replenish her."

Dong Fang Qing Cang furrowed his brows and was clearly somewhat impatient, "Give it to me." Little Orchid was really exceptionally stubborn with this matter as if an answer is obtained from this matter by going through it, "You do not want me to replenish her or what..."

The words still remained, but Dong Fang Qing Cang's hand directly went to take it. Yet, when his hand has not grabbed Little Orchid, the ground suddenly shifted. Little Orchid lifted head to peer at Dong Fang Qing Cang, "You want to sink the island again?"

Dong Fang Qing Cang slightly furrowed brows and peered outside the window. He saw that his formation spell he placed on the sky previously was flickering light. He sneered, "Dare to make a move against ben zuo's formation spell. The younger generations of the demon realm are truly foolish."

"Demon realm?"

Little Orchid briefly stirred the brain and can understand right away—previously Kong Que has escaped, but he knew that Dong Fang Qing Cang was currently injured ah. To the people of the demon realm, this was an opportunity to destroy the demon king; how can they pass it. The previous several days perhaps cannot find the whereabouts of Dong Fang Qing Cang. Now, he has currently set up a boundary on the Qian Yin Mountain. They definitely thought that Dong Fang Qing Cang has taken refuge here and thus, they came here.

Little Orchid peered at his chest, "Your injury..."

The gaze of Dong Fang Qing Cang became contemptuous and fundamentally did not want to respond to Little Orchid's words as he merely said, "Stay here quietly and do not go anywhere."

He flapped his sleeves and went outside. After stepping out from the door, the front of the room suddenly shone a red light. Little Orchid knew that Dong Fang Qing Cang has placed a boundary around the room.

Seeing the rear view of his silhouette, Little Orchid does not know why her heart has indescribably tightened as if Dong Fang Qing Cang will leave and never come back anymore. She called out, "Big devil!"

Dong Fang Qing Cang has stepped outside and has never heard; thus, left and did not turn back.

Little Orchid sat cross-legged by the bed and peered outside the window. She saw that the boundary Dong Fang Qing Cang set up on Qian Yin Mountain outside was incessantly attacked. After a few moments, Little Orchid felt the ground trembling.

How come there is no peaceful days; her life is almost at the end already...

She has accepted misfortunes due to fate like this; don't tell me that the heavens cannot be bit nice to her?

Little Orchid softly sighed.

Suddenly in this moment, a bizarre floral fragrance floated suddenly in the room. Little Orchid blinked and the window that was opened suddenly "bang" one sound and closed. The room door's latch also suddenly locked indescribably.

Little Orchid was extremely surprised and saw white bright light in front of her bed. Within a blink of an eye, a person has appeared in front of her face.

"You are..." Little Orchid peered at him with widened eyes, "The owner of the demon market..."

The male sitting on the wheelchair peered at her with a gentle facial expression, "Orchid spirit, I've come to pick you up."

"Pick me up? Why?" Little Orchid peered outside the window.

"How can you get in here?"

"The boundary of Dong Fang Qing Cang cannot obstruct me."

The ground suddenly trembled and the trembles carried for quite a while. Can be seen that the battle situations outside were quite intense. The owner of the demon market seemed to have not felt the trembling. He stretched his hand toward Little Orchid, "Staying by the demon king's side and cannot avoid the killings. Orchid spirit, follow me."

Little Orchid withdrew to the corner of the bed, "I still want...to stay here more."

The owner of the demon market peered at her and the gaze revealed strong attachment...there's even.... paranoia, "I am not negotiating with you."

Finished speaking, the body of Little Orchid was unexpectedly tightened. The shapeless strength pulled her towards the owner of the demon market. Little Orchid was shocked, "In the end what do you want?"

"I want you to be by my side." Abananachocolatecosmostranslations

The speech finished and Little Orchid immediately felt the four directions darkening. Her body was pulled as if going down an abyss several ten thousand fathoms of depth and would endlessly fall. After that, she did not know anything anymore...

Love Between Fairy And Devil (Completed) Chapter 100

- Chapter 75.1

Chapter 100: Chapter 75.1

Darkness, an endless and boundless darkness. Little Orchid felt that she was floating in darkness, but she did not feel dreadful.

What's there to be afraid, after following Dong Fang Qing Cang for so long like this was there a dreadful situation that she hasn't experienced?

Little Orchid was not flustered and disregarded her body that was drifting in boundless darkness. Strangely, this darkness did not cause her to feel cold. On the contrary, there seems to be a soft quilt that enveloped around her, and the warmth made her unable to refrain from indulging inside.

If like this, then there is nothing bad here. No dispute, no threats, no panic and fear, she can continue to drift forever like this...

"Little Orchid."

But someone is calling her. The calling voice was vague and distant, but she can hear the worry in that speaking voice.

"Do not fall asleep."

"Who?"

"Little Orchid...do not sleep..."

The voice was still vague, but each time would get closer. After Little Orchid listened for a while, she identified that it was the voice of Chi De woman. After falling down Zhuxian Terrace, the voice of Chi De woman has not appeared inside her head anymore, but right now, has appeared. It's clear that the soul of Chi De woman was being healed a lot due to her.

"I am tired, do not say more. Let me sleep peacefully for a bit." Little Orchid insisted with Chi De woman, "I don't know anything, also do not want to reflect, let me sleep..."

"If so...you will never wake up anymore."

Such sentence was like a ferocious hammer beating on her head. Little Orchid startled herself and opened eyes.

Whoosh, the glaring sunlight immediately shone on her eyes, causing her to subconsciously closed eyes and then used hands to cover. The sunshine caused teardrops to fall from the corners of the eyelashes. Besides the stinging feeling, Little Orchid still felt a strange pain inside the body.

Clearly has waken up from a dream, but her heart beat rapidly and breathing was very urgent.

After a while, she then steadied the breathings. After that, slowly adapted with the sunlight outside. She smelled the grass and floral fragrance in the atmosphere. Then she saw butterflies fluttering in the front.

Up top are blue sky and white clouds. Little Orchid rubbed on the side and turned around. Under the ground were green moss, green grass, and even wildflowers that filled everywhere in the mountains. She sat up and merely such action has caused Little Orchid to feel listlessness from the body.

Perhaps it's not the body becoming listless, but it's...her beginning to have difficulties in controlling this body.

Before has possibly slept for too long?

Little Orchid wanted to stand up, but after struggling for a while, has discovered that legs were really lacking in energy. She wanted to borrow strength support, but after looking at the surroundings, she did not see any object that can be used as a support spot. During the time of helplessness, on the side there suddenly came the "rolling rolling" sounds of a wheelchair. Little Orchid turned around. The owner of the demon market was sitting on the wheelchair that was standing in front of her.

He peered at her. In the gaze contained an expectation that Little Orchid was unable to make sense of when looking.

Little Orchid blinked. At this time, she remembered that the owner of the demon market has kidnapped her at Qian Yin Mountain. This place...Little Orchid peered at the surroundings. If she remembered correctly, this place was at the bottom of demon market's lake and was the illusory scenery that the owner of the demon market has created.

"Orchid celestial spirit, you're more resilient than what I have thought." The owner of the demon market finished speaking and then coughed several times. In the voice there was many parts of shortfalls.

When Little Orchid was dazed, he sighed and continued speaking, "Has been five days and unexpectedly, you still have consciousness."

Little Orchid was startled and foolishly peered at him.

Five days...Clearly she felt that she has sleep for a while only. Thus, five days have already passed?! It's no wonder that she felt the body was lacking in energy. Originally, the period of time she will disappear from this body has become closer. Delaying five days, perhaps she does not have several days to live longer.

Also cannot blame that previously inside the dream, Chi De woman spoke with her that sleeping again would never wake up.

But...hold up!

This is a bananachocolatecosmostranslations.

How can the owner of the demon market know the condition of her body?

"You...in the end who are you? You kidnapped me to do what?" Little Orchid spoke up and voice was weary. Merely became stirred and said a few sentences, yet her chest became frustrated to the point of becoming unbearable.

The owner of the demon market smiled. He raised his hand and a purple butterfly perched on the tip of his finger. The owner of the demon market peered at the butterfly attentively and leisurely spoke up, "Currently is the owner of Kunlun demon market. Previously..." His finger slightly trembled and the butterfly flew away, "Previously, was the disciple of Chi De woman."

Little Orchid became dumbfounded.

"Chi De woman...has a disciple?" She felt that this was unbelievable. In the heavenly realm, the life of Chi De woman as the God of War from the heavenly realm was heard from the young to the elder, but has never heard someone say that Chi De woman has a disciple. Granted that the other heavenly immortals did not know, yet even master Siming with strong abilities, she does not know; really could not understand.

The owner of the demon market gently smiled, "Naturally there is, yet there is the matter that the heavenly realm does not allow the spread of this. After all..." The gaze from the owner of the demon market chased after the butterflies fluttering across the clusters of flowers and freely said, "The relationship between I and master, in the eyes of the heavenly realm people was a great immoral adversity."

"You...love Chi De woman?"

"Love?" The owner of the demon market laughed to the point of coughing several times and continued that forever until he halted after a while, "From the day master has accepted me as a disciple, I was strongly attached to any matters concerning her."

Warm sunlight and cool breeze, spring flowers and grass—she was the sole reason why I love these things. Orchid celestial spirit, you call my feelings as love?" He paused and said to himself, "Me towards my master is an abnormal attachment."

Little Orchid was silent and sincerely said, "It seemed that toward yourself...your realization is also profound."

"Everything concerning master, in the past I have ponder about that for so many times, and naturally has to reflect deeply. Therefore, orchid celestial spirit." The gaze of the owner of the demon market landed on her face, "You also do not wait for Dong Fang Qing Cang to find you and bring you away. I will not let anyone separate me and master anymore."

Little Orchid peered dazedly at the owner of demon market for a while and then muttered, "Dong Fang Qing Cang also knew that this body will change into Chi De woman. You have waited this long, no need to be mindful of several more days.." Regardless, has come to the end of life, staying here while facing the owner of the demon market, she rather face with big devil better. Can be said that she can use bravery energies in the end, eat him away... After all, she does not love someone so easily, can't loose breath without doing anything...

But it seemed she could only loose one's breath like this...

The owner of the demon market heard Little Orchid's mutterings and the gaze slightly grew cold. He lifted head and the intent of the sentence has no flavor (unknown), "If you foolishly stayed besides Dong Fang Qing Cang, does not know whether the body will turn into whom."

Little Orchid was dazed, "What does that mean?"

The owner of the demon market did not respond to her and pushed the wheelchair to go away. Little Orchid plunged forward to grab and wanted to force him to tell clearly, but before she can get into contact, she was being fastened under the ground by some sort of force.

The owner of the demon market went afar and did not bother turning head around. The voice that connected with his silhouette would go farther and farther, "It's best that you have no intent. Obediently turn into a life fragment in this body. I don't want to harm master's body unexpectedly due to you."

When the silhouette of the owner of the demon market completely disappeared, the force that tied up Little Orchid immediately withdrew. She fell to the ground in a sitting position. Flying flowers fell and covered all around her body.

The owner of the demon market was like so as he tossed her here...

Little Orchid brought her eyes to look around in four directions. Aside from the floral and grass that filled the mountains, then there was nothing else. This place appeared to be lively when jubilant, but at this time Little Orchid felt an abnormal loneliness. This is the illusory scenery of the owner of the demon market. She cannot go outside. Moreover, the owner of the demon market has said that it has been five days. These five days, Dong Fang Qing Cang did not come, proving that the illusory scenery of the owner of the demon market was more hidden than what she had imagined by a lot. Dong Fang Qing Cang also will not find.

Can only submit to the will of the heaven.
