Chapter 133: Joining the Fun (R-18)

Earth Land, Ishgar, Kingdom of Fiore, Magnolia.

June, x784.

After separating from Ultear, Alfonzo made his way into the master bedroom. Like Ultear had done, Alfonzo quickly undressed before making his way into the bathroom to wash off all the dust that was kicked up by Lullaby's fall.

"Damn, this fucking sucks." Alfonzo grumbled while he stood under one of the shower heads in the bathroom. "Every time I shake my head even a little bit, dust goes everywhere."

Reaching for the homemade shampoo Elicia made in her free time, Alfonzo squeezed some into the palm of his left hand. Then, after rubbing his hands together and getting a good lather, he began rubbing it into his scalp. Once his scalp was properly lathered, he ran his fingers down each of his locks.

Ten minutes later, while carefully washing his hair, Alfonzo heard the sound of the bathroom door swinging open.

"Ultear, is that you?" Alfonzo asked with his eyes closed.

"Yes." Ultear replied.

"What's up?" Alfonzo asked, letting the water from the shower head rinse out the shampoo.

"Nothing really." Ultear replied.

Although his eyes were closed, Alfonzo could hear Ultear's footsteps getting closer. Unbothered by that, Alfonzo continued rinsing his hair. Eventually, he felt a pair of hands running through his hair from behind, helping to remove all the shampoo.

"Thanks." Alfonzo said with a smile.

"Don't mention it." Ultear said with a blush on her face and a heated gaze.

Since the moment she entered the bathroom, Ultear had been running her gaze up and down Alfonzo's naked back. Impressed by his muscular physique, she could not tear her eyes off him. On top of that, she could see the monster hanging between his legs from behind.

After spending a couple of minutes helping Alfonzo rinse the shampoo out, Ultear reached to the side of the shower and grabbed a bottle of body wash. Then, after squeezing some out and creating a lather on her hands, she reached around Alfonzo and started washing this chest and abdomen.

On top of feeling Ultear's soft, little hands rubbing up and down his front, Alfonzo also felt a soft sensation covered by wet fabric pressed against his back.

'She's still wearing clothes?' Alfonzo thought to himself while enjoying the service. Then, he looked down and saw the wide sleeves of what he presumed to be a robe. 'I don't know why she's still wearing that, but I'll help her out of it soon enough. Hehe.'

Slowly, Ultear let her hands glide up and down Alfonzo's body, getting lower and lower as time went by. Inevitably, she reached his crotch and gently rubbed the soap into every nook and cranny of his dick and balls.

"How does it feel?" Ultear asked in a sultry tone.

Naturally, the feeling of Ultear's hands gliding up and down his shaft and gently massaging his balls made Alfonzo's body react in the most honest way possible. Still, he felt he needed to answer the question verbally, as well.

"It feels great." Alfonzo said in a husky tone. "I can't believe this is your first time."

"Then, I guess I'm a natural." Ultear replied with a smile.

'I can't tell him that Mom gave me lessons in preparation for this day.' Ultear thought to herself as her cheeks reddened even further. 'God, that was so embarrassing. But it seems it was worth it.'

Releasing her left hand from Alfonzo's balls, Ultear held it out in front of Alfonzo.

"Please hold the end of the sleeve." Ultear requested.

Doing as asked, Alfonzo pinched the end of the robe between his fingers. Then, Ultear pulled her arm back and slipped it out of the sleeve. A moment later, she wrapped the fingers of her left hand around Alfonzo's shaft and began stroking it while repeating the process with her right arm.

With both arms freed from the robe's sleeves, Ultear shook her shoulders, letting the robe fall to the shower floor. Then, she reached out to grab the bottle of body soap once again, and squeezed a healthy amount onto her D-Cup breasts before once again gripping Alfonzo's dick with her right hand and fondling his balls with her left.

At the same time, Ultear pressed her breasts against Alfonzo's back again. Then, she began rubbing them up and down.

Feeling the new sensation, the rate at which Alfonzo's dick hardened increased. On top of that, he could feel Ultear's nipples hardening every time they glided up and down on his back.

"Fuck! This feels incredible." Alfonzo moaned.

Just when he thought it could not get any better, Alfonzo felt Ultear's soft lips pressing against his upper back and shoulder blades. Adding to the pleasure, he could also feel her tongue peeking from between her lips every so often, as well.

After another three minutes, Alfonzo could feel that he was reaching his limits. Considering the fact that he was interrupted before things could get too hot and heavy in the afternoon, he was not surprised.

"I'm gonna cum." Alfonzo groaned.

What did surprise Alfonzo, however, was the fact that without releasing her right hand, Ultear circled around to Alfonzo's front and knelt in front of him. Then, she intensified the rate at which she jerked him off.

"Fuck!" Alfonzo groaned, placing his hand on top of Ultear's head.

Feeling Alfonzo's dick throbbing uncontrollably, Ultear lowered the angle of his dick just in time for him to shoot his load all over her chest. Then, after a few seconds, Ultear put the tip of Alfonzo's dick into her mouth and sucked out the remaining semen.

"God fucking damn it." Alfonzo groaned once again.

\*Pop!\*

"Judging by your expression, it looks like I did a good job for my first time." Ultear said after swallowing the little bit of semen she sucked into her mouth. Then, she used her left hand to swipe some of her wet hair out of her face.

Instead of answering verbally, Alfonzo reached down and pulled Ultear up to her feet. Then, he gripped her by the butt and lifted her off the floor. Instinctively, Ultear wrapped her arms and legs around Alfonzo's neck and back, respectively. However, before she could let out a surprised yelp, Alfonzo's lips sealed her own.

Rather forcefully, Alfonzo pushed his tongue into Ultear's mouth. Then, without giving her time to adapt, he started dominating her tongue with his own.

Lasting a few minutes, Alfonzo finally broke the kiss when both he and Ultear were running out of breath. Then, he pressed his forehead against Ultear's with a smile on his face.

"Does that answer your question?" Alfonzo asked.

Nodding happily, Ultear held eye contact even when Alfonzo set her back down on the shower floor. The eye contact was only broken when Alfonzo spun her around so that her back was facing him. Then, like Ultear had done, Alfonzo lathered his hands with the body wash and started washing her body.

Making sure not to stimulate her breasts, crotch, or butt, Alfonzo washed Ultear's body and hair thoroughly, leaving her frustrated in the process. Then, he finished washing himself, as Ultear had only cleaned his chest, part of his back, and crotch.

After they were both rinsed off, Alfonzo picked up Ultear in a princess carry. Then, he approached the bathtub that he had started to fill before he took his shower. Thanks to the sigils carved into the tub, the water stopped running before it could overflow.

With Ultear in his arms, Alfonzo let her check the water temperature. After getting confirmation that the temperature was fine, Alfonzo stepped in and sat down, placing Ultear between his legs so that she could lean her back against his chest.

"This feels great." Ultear moaned in comfort.

"Yes... It does." Alfonzo said as he wrapped his left arm around Ultear's torso and started massaging her right breast.

"\*Gasp\* Ultear gasped before letting out a hot breath.

Not stopping at just massaging her breasts, Alfonzo reached his right hand under the water's surface and lightly dragged his middle finger down Ultear's belly. Eventually, he reached her most intimate area and started rubbing it up and down her slit.

"Mmm~!" Ultear moaned while biting her lower lips.

In the next moment, Ultear turned her upper body, reached her left arm back, grabbed Alfonzo's head, and pulled him into a kiss. At the same time, Alfonzo started moving his finger more quickly, causing Ultear to moan into the ever more passionate kiss.

After a few minutes, and just before Ultear could cum, Alfonzo pulled his hand from between Ultear's legs.

"Don't \*pant\* Stop." Ultear whined.

However, instead of lowering his hand again, Alfonzo also released Ultear's breast. Placing his hands on her waist, he lifted her up and made her stand in front of him. Then, he leaned back and leaned his head against the side of the tub.

Ultear, confused by Alfonzo's actions, looked back to see what he was doing. However, before she could figure it out, Alfonzo pulled her back, making her pussy rest on his lips.

"Alfonzo, what are you--- Ahn~~~!" Ultear moaned loudly, interrupting her question as Alfonzo's lips wrapped around her clit.

Quickly leaning back to brace herself, Ultear placed her hands on the side of the tub just as Alfonzo started sucking on her clit and flicking his tongue at the same time.

"Ahn~~~~~!" Ultear moaned again, reaching her first orgasm within seconds. "I'm cumming!"

And just as she screamed, Alfonzo's face, chin, and chest were drenched in the juices Ultear sprayed with her orgasm. Even so, Alfonzo did not stop his high-speed tongue movements.

After nearly a minute, Ultear's orgasm finally ended. As it did, she lost the strength in her arms and began sliding off Alfonzo's face. However, before she could slide into the tub again, Alfonzo raised his body and caught her. Now sitting on the side of the tub, Alfonzo sat Ultear on his lap.

"That \*Pant\* was amazing. \*Pant\*!" Ultear said through ragged breaths.

And that's only the tip of the iceberg." Alfonzo said with a grin.

Then, Alfonzo adjusted his position. When he did, his dick popped up between Ultear's thighs and rested against her abdomen.

Looking down at what just slapped her in the belly, Ultear subconsciously brought her hand to the tip of Alfonzo's dick and started rubbing it with her palm. Then, when she realized what was next to come, her face reddened while anticipation could be seen swirling in the depths of her eyes.

Not wasting any time, Alfonzo put his hands under Ultear's knees and lifted her above his dick. At the same time, Ultear guided his dick to her dripping wet slit. Once they were lined up properly, Alfonzo slowly lowered Ultear.

"Mmm~~~!" Ultear moaned as the head of Alfonzo's dick parted her pussy lips.

Ultear's moans only became more feverish as she took Alfonzo deeper inside of her. Eventually, with a bit less than an inch (2.54 cm) left to go, she could take no more of Alfonzo's 9 inch (23 cm) long dick inside of her.

At that point, Ultear shook her legs free of Alfonzo's grasp and put her feet back in the tub. Then, with her hands on his knees to support herself, Ultear began rocking her hips back and forth. Then, side to side. Once she was comfortable with the feeling of being filled up, she slowly raised herself, leaving only the head of Alfonzo's dick inside.

"Ahn~~~!" Ultear moaned as she dropped her hips, taking Alfonzo's full length inside of her.

Again and again, Ultear raised her body and dropped it down on Alfonzo's dick. And every time she did, she used more force, resulting in her moaning even louder. With her breasts bouncing rhythmically, Ultear found the spots that gave her the most pleasure. As Alfonzo's dick scraped past them, Ultear would throw her head back, sprinkling water from the tips of her hair.

"Oh! Yes! Ahn~~~!" Ultear moaned loudly. "I'm gonna cum! I'm gumming again! Ahh~~~~~!"

At that moment, the door connecting to the garage opened and three figures walked into the house. The figures were Elicia, Marin, and Sun. After arriving in Magnolia, Elicia, who was driving her Z3 caught sight of Marin and Sun walking through the central plaza of the town. After offering them a ride to the mansion, they both climbed into the car. Then, just as Ultear screamed due to her orgasm, Elicia opened the door from the garage.

"What was that?" Sun asked innocently, unable to make out the words that preceded the scream. "Did someone get hurt?"

"No, it sounds like Fonzie is having fun." Elicia replied. "Though I'm not sure with whom. But I'm definitely gonna go check. Do you two wanna come along?"

Hearing that Alfonzo and another person were having fun, Sun, whose father, Gozaburo, had sheltered her from anything related to sex, immediately nodded her head with a smile on her face.

Marin, on the other hand, was pretty sure she knew exactly what was going on. Though a little uneasy about walking in on Alfonzo's fun, her curiosity got the better of her as she, too, nodded her head with a blush on her face.

Smiling in response, Elicia quietly led Marin and Sun toward the master bedroom.

Meanwhile, while still inside of Ultear, Alfonzo stood up from the side of the tub with his harms hooked under Ultear's knees. Then, he stepped out the tub and started walking out of the bathroom. At the same time, Ultear had reached back and wrapped her hands around the back of Alfonzo's head, raising herself up and down in time with Alfonzo's steps.

After a few moments, Alfonzo made it into the bedroom. Then, still without pulling out of Ultear, he put her knees on the bed and wrapped his arms around her belly and above her breasts. After pulling her back flush against his chest, Alfonzo started pounding into Ultear with everything he had.

"Oh~! My~! God~~~~~!" Ultear screamed as her eyes rolled back into their sockets and she held onto Alfonzo's arms for dear life.

At that moment, Elicia, Marin, and Sun poked their heads into the room. While Elicia smiled with lust in her eyes, Marin's face managed to turn even redder. Meanwhile, Sun's eyes opened wide. Although she was not sure what Alfonzo and Ultear were doing, her instincts told her that she wanted to do it to.

"\*Guop\*" Marin swallowed a mouthful of saliva as she watched Alfonzo's dick plunge in and out of Ultear's pussy.

Though Ultear was too taken by pleasure to notice the faint sound, Alfonzo heard it loud and clear. Tilting his head to look at the bedroom door where the sound came from, he noticed Elicia, Marin, and Sun watching him fuck Ultear silly.

Mentally shrugging his shoulders, Alfonzo nodded at the three onlookers.

Seeing Alfonzo's nod, Elicia immediately walked into the room. As she did, she unbuttoned her blue denim shorts and let them slide down her legs. Then, she pulled her pink and white striped t-shirt over her head and threw it to the side. Now in just her bra and panties, Elicia crawled onto the bed from the side opposite Alfonzo and Ultear and approached the pair.

Snapping out of her daze, Marin finally noticed that Elicia had approached Alfonzo and Ultear.

"Lici, what are you doing?" Marin asked in a much louder voice than she intended.

Hearing Marin's question, Ultear regained enough of her mental faculties to finally realize that she and Alfonzo were not alone. However, the pleasure was so great at the moment that she could not be bothered to care.

"What does it look like?" Elicia asked in return while making eye contact with Ultear as she crawled across the bed. "I'm joining them."

"But... Is that okay?" Marin asked nervously.

"Why wouldn't it be?" Elicia asked in response as she arrived in front of Ultear. "Fonzie nodded at us to say it's okay, after all."

Right after her response, Elicia raised her hands and cupped Ultear's breasts. Then, she leaned forward, reaching her head over Ultear's left shoulder and kissed Alfonzo.

Having heard that it was okay to enter, Sun also approached the bed while holding the hem of her shirt hesitantly. Meanwhile, Marin was stuck standing in the doorway with an indecisive expression on her face.

"Lici, should I take off my clothes, too?" Sun asked unsurely.

"If you wanna do what they're doing, then yes." Elicia replied. "but if you just wanna watch, you can take them off or leave them on... Either is fine."

Shifting her gaze between Elicia, Ultear, Alfonzo, and where Alfonzo and Ultear were connected, Sun was unsure what she should do. In the end, she listened to the little voice in the back of her head and took her clothes off, remaining in her bra and panties like Elicia. Then, she crawled onto the bed and watched the trio's actions from the side.

"I'm cumming again~~~~!" Ultear screamed as she squirted once again, drenching the bedding and Elicia's thighs.

"Oh, we got ourselves a squirter." Elicia said with a smile. "That's pretty hot."

At the same time, Sun was wondering why no one seemed to be bothered that Ultear just peed all over the bed and Elicia. But since Elicia said they were having fun; she kept her question to herself.

"Hmph! I'm cumming, too." Alfonzo grunted as he unloaded inside of Ultear.

Feeling Alfonzo's cum filling her up, Ultear began to shudder violently. Then, after thirty seconds or so, she slumped forward onto Elicia with a satisfied smile on her face.

Catching the barely conscious Ultear, Elicia pulled her off of Alfonzo's dick. Then, she gently laid her to the side. Immediately afterward, Elicia swooped down and swallowed Alfonzo's dick to the base, sucking the remaining semen out of his urethra while simultaneously cleaning his cum and Ultear's juices.

By now, Marin had also reached the side of the bed. Though, she was still clothed. However, when she saw Elicia take all of Alfonzo's dick down her throat, her face somehow blushed even harder. Still, she couldn't look away.

"\*Pop\* \*Gulp\* Delicious." Elicia said with a satisfied smile on her face.

Sun, having seen Elicia suck and swallow everything that was smeared on Alfonzo's dick was curious to know if it was delicious just like Elicia said. Unfortunately, there was nothing left for her to taste. Then, her eyes wandered to Ultear. Seeing that some of what appeared to be the same substance had dripped onto Ultear's inner thigh, she scooped some of it up with her finger and cautiously licked it.

"Hmm..." Sun hummed in contemplation. "I'm not sure if I'd call it delicious or not. But I kinda want more."

Then, Sun used her finger to scoop up another taste from Ultear's inner thigh and put her finger in her mouth.

Meanwhile, Alfonzo, Elicia, and Marin watched Sun without a word.

'She's just like the princess who had no idea what sex was in that one book who turned into a slave to her desires after her first introduction to sex.' Marin thought to herself. 'It's like I'm seeing one of my favorite novels come to life.'

"Hey, Sun, do you wanna try what Ultear did?" Elicia asked with a smile.

"Can I?" Sun asked curiously. "Something deep inside is telling me to do it."

"Of course you can." Alfonzo and Elicia replied simultaneously.

With a smile, Sun crawled between Alfonzo and Elicia. Then, she turned toward Elicia, the same position Ultear was in.

"What now?" Sun asked with anticipation.

"First, I think you should turn around." Elicia said, grabbing Sun by the shoulder and turning her around to face Alfonzo.

"Next, we gotta lose these." Alfonzo said as he pulled down Sun's panties.

At the same time, Elicia unhooked Sun's bra and slid it down Sun's arms.

Suddenly finding herself naked, Sun blushed and tried to cover her D-Cup breasts and crotch with her arms and hands.

'Damn, I just realized I have the smallest boobs in the room.' Marin said to herself as her gaze shifted between her chest, Elicia's chest, Ultear's chest, and Sun's chest repeatedly. 'Then again, I can make mine any size I want with my magic, so I'm fine.'

Nodding at her own thoughts, Marin watched as Elicia pulled Sun back and gave her a lap pillow from behind. Then, Alfonzo knelt at the side of the bed and gently moved Sun's hand away from her crotch.

Alfonzo what are you..?" Sun asked as Alfonzo moved his head between her legs. "No, stop... It's dirt--- Mmm~~~!"

Sun lightly orgasmed as soon as Alfonzo flicked his tongue on her clit. Then, as Alfonzo put his tongue to work on her clit, between her pussy lips, and inside of her pussy, Sun was no longer able to put together a coherent sentence.

"Ahh~~~~~!" Sun screamed at the top of her lungs as she orgasmed after only three minutes of being eaten out.

By now, Marin had flipped up her skirt and reached into her panties to masturbate as she watched the events unfold in front of her. On top of that, Ultear had also come back to her senses and approached the group.

The whole time Alfonzo had eaten out Sun, Elicia and Ultear were massaging one of Sun's breasts each. Then, they continued to do so until Sun regained her senses.

"How are you feeling?" Ultear asked with a smile.

"I don't know." Sun replied slowly. "My head feels all fuzzy."

"But do you wanna feel that again?" Elicia asked, also smiling.

Instead of responding verbally, Sun nodded her head in confirmation.

"Then, that means you're ready for the real deal." Alfonzo said as he lined his dick up with Sun's slit.

Feeling not an ounce of pain, Sun watched Alfonzo as his dick disappeared inside of her. And when it reached past a certain point, Sun felt as if a switch flipped in her body. This feeling gave her neither a feeling of pleasure nor pain. But it felt like something changed, though she was unsure what it was.

The pleasure that started coursing through her body shortly afterward, however, did not leave her much room to think about what that change could be, though. Instead, moans and screams of pleasure tore from her lips with every thrust Alfonzo made. And it only took a minute for her to reach another orgasm, her head feeling even more fuzzy than the first time.

Unfortunately for Sun, due to the change her body was going through, Sun passed out immediately after her second orgasm ran its course.

Noticing that Sun seemed to be out for the count, Alfonzo scratched his head awkwardly as he slowly pulled out of Sun.

"Wasn't expecting her to pass out like that." Alfonzo said. "Since her breathing seems to be fine and she's smiling happily, I guess she's okay, though."

After saying that, Alfonzo looked to the side, where Marin was masturbating furiously.

"So, do you wanna join, too?" Alfonzo asked with a smirk.

"Huh? Oh... Um... No... No, I'm fine." Marin stammered in embarrassment. "In fact, I think I should go to bed. I'm really tired, after all. Goodnightseeyoutomorrowbye."

With a that, Marin sprinted out of the master bedroom. A few moments later, Alfonzo, Elicia, and Ultear heard her stomping up the stairs before a door slammed shut a moment later.

"That was adorable." Elicia said with a giggle. "She probably won't--- Whoa!"

"Yeah, yeah, yeah." Alfonzo said as he pushed Elicia on her back and slid her panties to the side. "We can talk about that later. Right now, we've got more important things to do."

With that, Alfonzo slammed balls deep into Elicia, causing her to scream loudly.

Meanwhile, Ultear moved Sun out of the way then joined Alfonzo and Elicia to fuck like rabbits for the next few hours.
