

## Fairy Tail 175

Chapter 175: A Day Off (R-18)

Earth Land, Ishgar, Kingdom of Fiore, Magnolia.

September, x784.

Two days after Alfonzo and Elicia returned from Crocus, the shipment of building materials arrived. A few minutes before that, Team Natsu also returned with Lucy. Then, without wasting any time, all the wizards present in Magnolia started working to rebuild the guild hall.

Naturally, Alfonzo took the position as foreman on this project. Considering that he was the designer of the new guild hall and adding to the fact that it was almost completely made of metal, Alfonzo was the only real choice for the job.

Just like that, three weeks passed with most of the guild working non stop to finish the new guild building. Though, everyone did take breaks from time to time to do the occasional quest. The only exception to that was Alfonzo, who worked until his magic power was on the brink of total exhaustion every day.

Unfortunately, because of his excessive overwork, Alfonzo was ordered to take the day off by Makarov. So, he was currently lying face down in his bed.

"Geez, Alfonzo, you don't have to push yourself so hard like that." Mirajane said while sitting on Alfonzo's lower back and massaging his upper back and shoulders.

In response, Alfonzo exhaled a pleasure filled sigh as he felt himself melting into the mattress.

"I do." Alfonzo replied with a lazy nod. "Over the last few weeks, I reached a kind of limit on my magic power growth."

Hearing that, Mirajane's hands stopped for a moment. However, she picked up right where she left off.

"Does that mean you can't increase your magic power anymore?" Mirajane asked while working her palms and thumbs into Alfonzo's left shoulder.

"Yes and no." Alfonzo replied. "In terms of quantity, I haven't seen any increase. Most likely because I'm not strengthening my body while we're building the guild hall. It will probably start picking up again when I start training after the guild is built."

"In response, Mirajane nodded in understanding while she continued to massage Alfonzo's shoulders.

"But through almost emptying my magic power and letting it refill, I've been trying to compress what's in my magic power container." Alfonzo said, continuing his explanation. "So, I'm essentially increasing the quality of my magic power."

"In other words, you'll be able to use the same spell with less consumption, right?" Mirajane asked as she switched to massaging Alfonzo's right shoulder.

"That's right." Alfonzo replied as he bucked his hips, causing Mirajane to be bounced off his back.

In the short time that Mirajane was airborne, Alfonzo managed to turn himself over. Then, when Mirajane landed, she was sitting on Alfonzo's lower abdomen.

After realizing what happened, where she was now sitting, and seeing the smirk on Alfonzo's face, Mirajane blushed slightly. At the same time, however, she pouted at her mischievous boyfriend.

"I wasn't done yet." Mirajane said in a huff. "You need to relax, so let me finish the massage."

"There's a better way to help me relax, you know." Alfonzo said with a lustful glint in his eyes.

Hearing that, Mirajane's blush deepened. Then, she closed her eyes and spread her [Magic Power Detection] throughout the mansion.

Realizing what she was doing, Alfonzo placed his right hand on Mirajane's left thigh.

"You don't have to worry about anyone coming to interrupt us." Alfonzo said with a smile. "Lici is acting as the support for everyone working on the higher floors of the guild building. And everyone else, except for Cana is helping with construction. Cana, on the other hand is out on a quest."

"Really?" Mirajane asked in disbelief. "Are we really alone?"

"I know it's a little hard to believe, but yeah." Alfonzo replied with a gentle smile. "At least for the next---"  
"

Before Alfonzo could finish his sentence, Mirajane leaned down and pressed her lips on Alfonzo's. Then, while she kissed him, she started running her fingers through his dreads.

Meanwhile, Alfonzo started running his hands up and down Mirajane's back and butt that were only covered by a small tank top and a pair of shorts that barely covered her butt.

After making out for a few minutes, Mirajane started working her kisses down from Alfonzo's lips to his neck. Then, after leaving a couple hickeys, she started working her way down once again.

"Mmm~ Someone's a little worked up." Alfonzo said playfully as he enjoyed the feeling of Mirajane's lips and tongue on his chest.

"Of course I am." Mirajane replied. "I've been waiting to have you all to myself for a while now. And I'm not gonna let this chance slip away."

After saying what was on her mind, Mirajane went back to kissing and licking Alfonzo's muscular torso, eventually reaching the waistband of his shorts, where she stopped to take a deep breath.

Then, after exhaling, Mirajane looked down at the shorts that were blocking the thing she wanted most at the moment. And in one swift motion, she pulled down Alfonzo's shorts and underwear and threw them onto the floor.

A moment later, Alfonzo's more than half erect dick was right in front of Mirajane. Seeing that Alfonzo was not completely erect yet, Mirajane paused for a moment to think about how she could remedy that little issue.

A moment later, as if a light bulb lit up over her head, Mirajane came to a conclusion.

The first thing she did was slip the straps of her tank top down her arms, revealing her Double D-cup breasts and light pink nipples in the process. Then, she positioned herself between Alfonzo's legs on her knees.

"\*Gulp\* Are you going to do what I think you're about to do?" Alfonzo asked in anticipation.

Instead of responding verbally, Mirajane let her actions speak for her.

A moment later, Alfonzo found his dick sandwiched between Mirajane's large breasts. On top of that, Mirajane was letting a large amount of drool flow off the tip of her tongue onto the head of Alfonzo's dick, eventually coating the whole thing, as well as the valley between her breasts.

"Holy shit..." Alfonzo muttered in amazement. "That shit is fucking hot. Where did you learn something like this?"

Smiling in response, Mirajane slightly raised her breasts, checking the ease at which her breasts slid up and down Alfonzo's dick. After feeling how easily they slid along it, she smiled once again.

"I borrowed a book from Marin." Mirajane replied. "I asked her for something that wasn't too extreme. And there was a scene just like this in it."

'Good job, Marin.' Alfonzo thought as he smiled back at Mirajane.

Seeing Alfonzo's smile and feeling his dick twitching between her breasts, Mirajane's smile widened. Then, she slowly started moving her breasts up and down the length of Alfonzo's shaft.

As time went by, Mirajane kept her eyes on Alfonzo's expression, paying attention on every slight change. Whenever she saw him melting in pleasure, she would make sure to mix in that particular movement more often while discarding those that did not gain much of a reaction.

At the same time, she noticed that Alfonzo's erection had filled out. So, Mirajane started putting more pressure on it with her breasts. On top of that, the head was now sticking out from the top of her cleavage.

Meanwhile, Alfonzo was loving every second of his first ever tit fuck. Even though he was rather experienced in his first life, Alfonzo never tried this particular action with any of the girls he slept with before he and Elicia got together. And Elicia was unfortunately not well endowed enough to do it after they did get together.

Even in this life, Cana, Ultear, Erza, and Sun all had large enough breasts to do it, but the thought never crossed his mind. But now that Mirajane has popped his proverbial cherry on boob jobs, he was more than willing to try it with his other girls.

Meanwhile, while Alfonzo was enjoying the sensations that Mirajane's breasts brought with them, Mirajane realized that she would be at this for a long time if she did not do something else. So, feeling quite emboldened by the expression on Alfonzo's face, she craned her neck and slipped her tongue over the very tip of Alfonzo's dick.

"\*Gasp\* Alfonzo shivered from the extra stimulation.

Before Alfonzo could recover, however, Mirajane, with her tongue still teasing the tip, wrapped her lips around the head of Alfonzo's dick and began to suck gently.

"Oh, fuck..." Alfonzo groaned in pleasure from all the extra sensations.

At first, Mirajane's movements were rather clumsy. It was her first time doing this, after all. However, as time went by, her movements became smoother as she flicked her tongue faster and sucked more and harder while moving her breasts more violently.

Eventually, Mirajane released Alfonzo's dick from her mouth to take a breath. Unfortunately, or fortunately, the change in pressure was the last straw for Alfonzo.

"Hmph!" Alfonzo grunted as he released his load all over Mirajane's face and breasts.

At the same time, Mirajane completely froze. She was expecting Alfonzo to cum soon based on his facial expression. However, she was definitely not expecting to have it all over her. Instead, she wanted to take it in her mouth to see how it tasted.

"Sorry about that, Mira." Alfonzo said with an apologetic smile. "Damn, it even got in your hair."

Hearing Alfonzo's apology, Mirajane came back to her senses. However, she seemed completely unbothered by being covered in Alfonzo's cum. In fact, her first action after being showered in cum was not to get cleaned up. Instead, she swiped some of the cum on her left breast with her index finger. Then, she put her finger in her mouth.

"\*Gulp\* Not what I expected." Mirajane said as if she were analyzing the taste. "But I could grow to like it."

With that said, Mirajane swept up another fingerful of cum and put it in her mouth. Then, while swooshing it around in her mouth to get used to the taste, she stood up and slipped her shorts and panties down before throwing them to the side. After that, she dropped down to her knees, straddling Alfonzo's waist.

"I hope you weren't done after one shot." Mirajane said in a challenging tone.

Seeing Mirajane's old personality coming out, Alfonzo knew he was in for a long day. Still, he looked forward to what was to come.

"Oh, don't worry, I can do this all day." Alfonzo said confidently.

"For your sake, I hope so." Mirajane said as she lined up Alfonzo's dick with her pussy.

A moment later, when the top of Alfonzo's dick was splitting her lower lips, Mirajane dropped her entire weight on Alfonzo, taking him to the base.

"Ahn~~~~~!" Mirajane moaned, cumming instantly when Alfonzo's dick kissed her cervix.

Even before she recovered from the orgasm, Mirajane supported herself by placing her hands on Alfonzo's chest. Then, she started raising her hips slowly. Once she felt that only the head of Alfonzo's dick was still inside of her, she dropped herself down again.

As time went by, Mirajane's speed increased. Eventually, she was bouncing up and down smoothly, throwing her head back whenever a particularly sensitive spot was scraped.

Meanwhile, Alfonzo was enjoying the way Mirajane's breasts bounced with every movement. On top of that, the feeling of her thighs in his hands was wonderful, too.

But after a few minutes, Alfonzo realized that Mirajane was slowing down. He had no doubt that she was about to cum again. However, she was trying to make it last as long as she could. Unfortunately for her, Alfonzo had reached his limit for being the passive party in this encounter.

"Hmph!" Alfonzo grunted as he bucked his hips, driving his dick deep inside of Mirajane.

Ahh~~~~~!" Mirajane screamed as she reached her second orgasm of the day.

The sudden movement not only raised Mirajane up higher than she had reached on her own. But when she slammed back down, almost completely uncontrolled, her eyes rolled back into her skull. Then, shuddering from the intense orgasm, her arms lost their strength and she flopped down on Alfonzo's chest.

Meanwhile, while Mirajane convulsed from her orgasm, Alfonzo used his [Metal Magic] to create a small hook. Then, he pulled a small towel from the bathroom with it and began wiping all his cum off her face, hair, and chest. By the time he was done, Mirajane had come down from her orgasm.

Once he was done wiping Mirajane down, Alfonzo tossed the towel away, wrapped his arms around Mirajane's back, planted his feet firmly on the mattress, and started pounding up into her with all he had.

"Oh~~~~~! Shit~~~~~!" Mirajane moaned while being pounded from below. "Just like that~~~~~!  
Mmm~~~~~! Keep~~~ Going~~~! Alfonzo~~~~~!"

After a few more minutes, Mirajane reached her third orgasm. But instead of continuing to pound away, Alfonzo started grinding his dick in her pussy, trying to find all her hot spots.

After another thirty seconds or so, Mirajane finally regained her senses.

"\*Pant\* That was \*Pant\* amazing." Mirajane wheezed out.

"And we're not done yet." Alfonzo said with a devilish grin.

Then, before Mirajane could respond, Alfonzo slipped out of Mirajane and slid her to the side, resulting in her lying face down on the mattress. A moment later, Alfonzo was straddling Mirajane's thighs from behind and rubbing the head of his dick on Mirajane's pussy.

"Hmph!" Alfonzo grunted as he pushed his dick back inside of Mirajane.

Ahn~~~!" Mirajane moaned as she was filled up once again.

After getting back inside of Mirajane, Alfonzo leaned forward and reached his hands under Mirajane and started fondling her breasts while he started his piston.

As time went by, Alfonzo's speed increased. In turn, the volume of Mirajane's moans and screams increased as well. Then, after another fifteen minutes, Alfonzo reached his limit and let go inside of Mirajane, causing her to scream as she orgasmed for the fifth time.

"\*Pant\* How long until \*Pant\* the others get back?" Mirajane asked as she swept her hair out of her face.

"A few more hours, probably." Alfonzo replied as he slowly pulled his dick out of Mirajane.

"Then, we've got a few more hours left." Mirajane said with a smile as she pulled her legs out from under Alfonzo.

In the next instant, Mirajane rolled over onto her back with her legs spread wide. Then, she reached down and took hold of Alfonzo's dick that was covered in both their juices and directed it back to her pussy.

"I haven't had enough yet." Mirajane said in a seductive, yet challenging, tone.
