

Fairy Tail 284

Chapter 284: A Dip in the Hot Tub ((R-18))

After he finished cooking for the return celebration, Alfonzo left the kitchen only to see that the entire guild was embroiled in a brawl. Though that was not all that surprising, what he did find surprising was that even Elicia was participating in the brawl with a smile on her face.

"I guess she's really happy to be back home." Alfonzo said, watching Elicia dodge attacks from Gray, Elfman, Natsu, and Gajeel with ease. "She's not even using her [Camouflage Magic]."

"I'm sure she just needs to blow off some steam." Gildarts said from his seat at the bar. "And you know what, I don't blame her. After hearing all the things you kids went through, this is probably good for her."

"Yeah, you're probably right." Alfonzo replied with a nod.

Even though no one, other than Lucy, was ever put in a dangerous situation during their stay in Edolas, just having to go to another world to save most of the people they knew was rather taxing mentally. And the fact that Alfonzo and Elicia knew the basic series of events only helped their mental well-being by a little.

"Either way, you did a good job, Alfonzo, my boy." Makarov said, raising his mug of ale in Alfonzo's direction. "I'm proud of the wizards you all have become."

"Thanks, Gramps." Alfonzo replied with a small smile. "Anyway, like I said, I'm fucking exhausted. So, I'm gonna call it a night. I'll see you all tomorrow."

"Yeah, go get some rest, Kid." Gildarts replied with a smile. "You've earned--- Ugh! God damn it! Who threw that?"

Before Gildarts could finish sending Alfonzo off, he was hit in the back of the head by a chair. As a result, his head smashed into the bar. Luckily, everything in the main hall was covered in anti-magic sigils. So, When Gildarts' magic power exploded out due to his anger, nothing was damaged.

A moment later, completely forgetting about Alfonzo, Gildarts rushed into the fray and joined the ongoing brawl.

"Uh.... *Cough* Have a good night, Alfonzo." Makarov said awkwardly.

"Yeah, I'll see you later, Gramps." Alfonzo replied before turning around and heading towards the guild's front doors.

Just like that, and without anyone noticing, Alfonzo made his way out of the guild hall. Then, about fifteen minutes later, he entered his and Elicia's mansion.

"*Sigh* There's no place like home." Alfonzo muttered as he closed the front door behind him. "Now, I think I'll get a head start on that dip in the hot tub."

With that said, Alfonzo started walking towards his bedroom. As he did, he kicked off his boots and carried them in his hands. Not just his boots, however, along the way, he took off the rest of his clothing, as well, starting with his shirt, then his pants, his under shirt, his socks, and finally, his boxers.

By the time he reached his closet in the small corridor leading to the master bathroom, Alfonzo's chiseled, muscular body was on full display. Throwing his boots into the closet, he continued on towards the bathroom.

Upon entering the bathroom, Alfonzo immediately threw his dirty clothes into the clothes hamper.

"I almost forgot, it's full." Alfonzo muttered as he closed the lid on the hamper. "*Sigh* I guess I gotta do laundry tomorrow."

Putting that thought to the back of his mind, Alfonzo walked over to the tub and turned on the faucet. Then, he made his way over to one of the two shower heads on the adjacent wall. Turning on the hot water, he let it splash against his body. A moment later, he started washing his hair and body.

After rinsing off all the soap and shampoo, he turned off the shower. At the same time, the tub turned itself off as the water had reached the proper level for a bath. So, wasting no time, Alfonzo quickly submerged himself in the tub before turning on the jacuzzi jets.

"Ah~~~! That's what the fuck I'm talking about." Alfonzo exclaimed in satisfaction.

Then, with the back of his head resting against the edge of the tub, Alfonzo let the rest of his body spread out comfortably, and he just enjoyed his time in the tub.

Unfortunately, his peaceful time did not last for too long, the tranquility broken by the sound of several, familiar, female voices.

"I can't believe Fonzie didn't come and get us before he went home." Cana complained, her voice carrying through the bathroom door.

"Oh, come on, Cana." Elicia said. "give him a break, he'd been working nonstop for more than a week to help Mystogan's world have magic power again. Then, he had to cook as soon as he got back. I'm sure he's really tired."

"And whose fault do you think that was?" Ultear asked.

"I dunno." Elicia replied cutely with a giggle.

"Still, if he had only asked, I would have been happy to help him relax." Mirajane said in her usual cheerful tone. Though, there was a seductive undertone to it.

"Yeah, and that's exactly why we're all here, right?" Marin asked.

"Yeah, we all want Alfonzo to relax." Sun said cheerfully.

"Indeed." Erza added. "He's definitely earned it. Especially after he took the lead in our time in Edolas."

Hearing the girls' conversation, Alfonzo could not help but smile.

"I really don't deserve them." Alfonzo muttered to himself.

A few moments later, Elicia, Cana, Ultear, Erza, Mirajane, Marin, and Sun all entered the bathroom. And they were all as naked as the day they were born.

"So, who won the fight?" Alfonzo asked with a smile while his eyes focused on the seven naked bodies of his girlfriends/fiancées.

In response, all the girls pouted before looking away.

"I guess it was Gildarts, huh?" Alfonzo asked with a chuckle.

"Nope, Dad went down pretty early." Cana said as she started walking towards the shower heads.

"Really?" Alfonzo asked in surprise.

"Yeah, his hard counter, Lici made eye contact with him for a few seconds before her gaze slowly shifted downwards." Marin said with a giggle while she and the other girls followed Cana to the showers.

"And when he noticed Lici was staring at his crotch with bad intentions, he turned and ran." Mirajane continued.

"If it wasn't Gildarts, then who?" Alfonzo asked.

"*Sigh* It was my mom." Ultear replied as she poured some liquid body wash into her hands. "While Gildarts was running away, he bumped into her table and knocked over her glass of wine."

"Yeah, and after that, Ur just froze everyone up to our necks before lecturing us on not getting her involved in their little fights." Sun said with a wry smile.

Unfortunately, by the time Sun ended the story, Alfonzo had already stopped paying attention. Instead, he was focused on the hands of the girls, who were all washing another girl's body. And the sight of their small, soapy hands rubbing each other's bodies made him react in the most natural way for a man.

"Oh, what do you know." Marin said playfully after noticing the head of Alfonzo's dick poking out from the surface of the water. "It looks like someone is enjoying the show."

"Uh huh." Alfonzo replied dumbly. "So, do you girls need any help?"

Hearing Alfonzo's question, all seven girls could not help but giggle in response. Unfortunately for Alfonzo, they all denied his request. So, the only thing he could do was commit this wonderful view to memory.

Eventually, the girls finished washing. And the first one to enter the hot tub was Elicia. Moving quickly, Elicia immediately snuggled up on Alfonzo's right side before throwing her right leg over his hips, and sandwiching his dick between her calf and thigh.

"Now, how are you supposed to relax with this like that?" Elicia asked with a smile as she started moving her leg up and down.

At the same time as her words ended, Elicia wrapped her arms around Alfonzo's neck and pulled him into a deep kiss, pushing her tongue into his mouth immediately.

"Come on, Lici." Mirajane said, the next to enter the bath. "You got to spend all that time with him in Edolas, at least let the rest of us go first."

At the same time, Mirajane snuggled up to Alfonzo's left side and wrapped his arm around her waist before guiding his hand to her pussy.

"Mmm~~!" Mirajane moaned as Alfonzo's fingers brushed against her pussy lips and clit.

"And just what did you expect from Lici?" Cana asked, sitting down on the other side of Elicia. "She's always been the horniest of us all."

As she spoke, Cana took hold of Alfonzo's right hand, which was wrapped around Elicia's waist, and put his index and middle finger in her mouth before she began sucking on them gently.

"At least she could give the rest of us a chance, too." Marin said as she removed Elicia's leg from around Alfonzo's dick. "I mean, seriously. She's so greedy. She always has to rush to get some on top of always wanting to be there to watch the rest of us."

"But weren't you there in Edolas, too." Sun said as she sat down next to Alfonzo's left leg and began massaging his balls.

"I know, that's why I'm giving the other girls a chance to go first." Marin replied while sitting Erza down between Alfonzo's legs.

After that, Marin made Alfonzo lift his hips and rest his but on Erza's thighs. Then, she knelt behind Erza, grabbed her breasts, and used them to sandwich Alfonzo's dick between them.

"See?" Marin said with a smile.

Meanwhile, as Marin moved her body for her, Erza simply watched everyone else enjoy themselves while playing with Alfonzo's body.

"Hey, Marin, why don't you let me sit there?" Ultear said with a slightly sadistic smile on her face.

"Sure." Marin replied easily.

A moment later, Marin was sitting next to Alfonzo's right leg while helping Sun to massage his balls, while Ultear had roughly grabbed Erza's breasts after sitting down behind her.

"Ahn~~~!" Erza moaned as Ultear pinched her nipples while giving Alfonzo a violent tit job with her breasts.

"Wow, Ultear's really into this." Cana said, taking Alfonzo's fingers out of her mouth just long enough to speak.

At the same time, Cana's free hand had crept between her legs and started playing with her own pussy, causing her to moan on Alfonzo's fingers.

"She sure is." Marin replied with a lust-filled smile. "And now, I can't wait anymore."

A moment later, Marin stuck her tongue out of her mouth. Then, using her [transformation magic] she elongated it before wrapping it around the head of Alfonzo's dick and letting it snake down the length of his shaft and stroking it with her elongated tongue, eventually leaving the head exposed, once again.

"Now Sun, push Erza's head down." Marin said, though her voice was muffled quite heavily. "Make her suck on the tip."

"Umm... Like this?" Sun asked as she gently placed her hand on the back of Erza's head and pressed it forward slowly.

"No, Sweetie." Mirajane said as she reached forward for the back of Erza's head, as well. Then, her tone changed to the tone she used to speak in before the accident two years ago. "You can't be so gentle. You gotta do it like this!"

In the next instant, Mirajane grabbed a handful of Erza's hair before she violently forced the redhead's head downwards as far as it would go.

"Don't worry, Sun, I'll handle this." Mirajane said with in a tone that let everyone know she was happy to dominate Erza. "You should rub her pussy, or something. I think Alfonzo would love the feeling of Erza moaning on his dick."

"Oh... Okay." Sun replied as she reached her free hand between Erza's legs.

Although she found it awkward to touch another girl's pussy, Sun agreed with what Mirajane said about Alfonzo liking it when someone moaned while she was sucking him off. So, she began rubbing Erza's pussy gingerly, trying to mimic the way Alfonzo touches her.

A few minutes later, the sound of splashing water, muffled moans, and sloppy kisses dominated the bathroom.

"Hmph!" Alfonzo grunted into Elicia's kiss as his hips bucked.

At the same time, Alfonzo's dick popped out of Erza's mouth from the violent movement and he sprayed his cum all over her face, tits, and hair, along with Marin's face and tongue, as well. Then, once he was done spraying his seed, Alfonzo's body relaxed and he sank back into the tub.

"How do you feel, Fonzie?" Elicia asked with a smile after breaking the long kiss. "I bet you're all relaxed now, right?"

"*Pant* Yeah... *Pant* that was great. Alfonzo replied with a satisfied smile on his face.

A moment later, however, Alfonzo's expression turned predatory as he freed his hands and wrapped them around Erza's waist.

"Huh?" Erza exclaimed in confusion as she was lifted and made to straddle Alfonzo's hips.

"But I think you all could use some relaxation, too." Alfonzo said as he lined up his dick with Erza's pussy. "And it just so happens that I'm pretty fucking good at helping with that shit."

And just as his words finished, Alfonzo thrust his hips upward with strength, sinking his dick deep into Erza's pussy.

"Ahn~~~~~!" Erza moaned loudly as she threw her head back, opened her eyes wide, and steadied herself by putting her hands on Alfonzo's chest.

Then, like that, Alfonzo and the girls enjoyed a nice, long dip in the hot tub... For the next six hours.
