

Fairy Tail 91

Chapter 91: Give Her What She Wants (R-18)

Earth land, Ishgar, Kingdom of Fiore, Magnolia.

February 27, x781.

After taking a shower and a relaxing thirty-minute soak in the magic hot tub he designed, Alfonzo was standing in his walk-in closet wearing a pair of loose-fitting shorts while using a towel to dry his hair.

"Damn, I feel so much better than before the bath when I was cold and wet." Alfonzo said as he slung the towel around his neck. "Now, I wonder if Lici and Cana are still awake."

With that said, Alfonzo turned around and walked out of his closet and made his way toward the master bedroom, deciding that he would go and check to see if anyone else was still awake. However, just as he stepped into the master bedroom, he froze while looking at the sight on his bed.

'I'm getting some serious déjà vu vibes.' Alfonzo thought to himself as he studied the figure on his bed.

Right now, in front of Alfonzo was a tan-skinned, dark brown-haired girl laying on her right side with her right hand supporting her head. From Alfonzo's position, he could only see her smooth, tan-skinned back. Though, he was in no way complaining about the view.

Currently, the dark brown-haired girl, Cana was only wearing a lacey teal set of lingerie with a T-back thong covering her lower body. On top of that, her hair, which usually flows down her back, was pulled in front of her so that Alfonzo could see her backside in all its glory.

Hearing the footsteps enter the room, Cana tilted her head so that she could look over her shoulder. When she did, she saw Alfonzo looking her up and down, something that made her feel extra good about herself at the moment. Not even a second later, she locked eyes with Alfonzo and smiled.

"How are you feeling after your bath?" Cana asked in a playful tone. "Are you all warmed up, now?"

"Yeah, I feel great." Alfonzo replied with desire in his eyes. "And I'm feeling even better, now."

"Oh, really?" Cana asked, still in her playful tone. Then, she rolled over so that she was facing Alfonzo before she continued in an inviting tone. "Well, since you're all warmed up, how about getting me warmed up, too?"

Throwing the towel around his neck to the side, Alfonzo took a few steps forward, arriving next to the bed. Then, he slowly climbed onto the bed, towering over Cana. Looking down from his current position, he could see that Cana's bra was quite revealing.

First of all, it amazed him how such thin bra straps could support her D-cup breasts. The next thing he noticed was how small the cups were. They barely covered Cana's nipples leaving almost half of her areola exposed. On top of that, the straps that connected the shoulder straps to the middle of the bra drew even more attention to her breasts.

After taking in the sight of Cana's bra clad breasts, which he never got tired of ever since she started wearing bikini tops almost exclusively, Alfonzo let his vision travel downward and admired her perfectly toned abdomen before he paused once again on the front of her thong.

Unlike most underwear, this piece did not have a triangular design. Instead, it was a straight design that only covered the important parts before connecting to a thin waistband. Before he could get lost in the design, however, he forced himself to look at the rest of her lower body. And he was definitely not disappointed. Her thighs and legs were just as incredible as the rest of her body.

"Gorgeous." Alfonzo muttered unconsciously gaining an even wider smile from Cana.

"I'm glad you like what you see." Cana purred.

Without another word, Alfonzo leaned forward and stole Cana's lips, rolling her over on her back in the process. Then, as he positioned himself over top of her, Cana wrapped her arms around his neck and returned the kiss passionately.

Supporting himself with his left arm, Alfonzo was happy that he felt no pain. But even if he had, the chances of it stopping him was miniscule at best.

With his free right hand, Alfonzo ran the tip of his finger down the left shoulder strap of Cana's bra until he reached the second strap that lead to the center of the bra before following it to the valley between her breasts. A moment later, he worked his finger under the cup and began teasing Cana's areola softly.

"Mmm~!" Cana moaned into the kiss as her body shivered from the soft caresses.

Meanwhile, Alfonzo repositioned himself between Cana's legs, supporting himself with just his core and moving his left hand to her right breast.

For a moment, Cana broke the kiss and looked into Alfonzo's eyes with a lustful gaze.

"Stop teasing me already." Cana said forcefully. "I'm sure slow and gentle love making is nice and all, but that's not what I want right now."

Smirking at Cana's bold declaration, Alfonzo opened his hands that were large enough to palm a basketball, and grabbed Cana's breasts with some force.

"Ahn~!" Cana moaned once again, this time, however, it was not muffled by the kiss.

A moment later, while squeezing and kneading Cana's right breast with his left hand, Alfonzo used his other hand to lower the left cup of her bra. Then, without hesitation, he lowered himself and took the newly exposed nipple into his mouth.

"Ah~!" Cana gasped as Alfonzo simultaneously sucked on her nipple strongly while flicking the tip of his tongue all over it.

'Damn, I've licked my own nipple before, but why does this feel so much---' Cana thought to herself.

"Ahn~~~!" Cana moaned, putting an end to her current thought.

Cana's thoughts were brought to a sudden stop when Alfonzo slid his right hand into her panties and started rubbing her pussy lips vigorously.

"Fuck! That feels good~~!" Cana moaned a moment later. "Fonzie, don't fucking stop!"

And just as Cana demanded, Alfonzo continued attacking her breasts, switching between the two and her pussy with his hands and mouth. Eventually, Cana's moans grew in volume and her body started to shiver uncontrollably.

"Oh~ my~ fucking~ god~~~~~!" Cana screamed as her back arched, her toes curled, and her body began convulsing.

Noticing that Cana had reached her first orgasm, Alfonzo pulled his hand out of her underwear and released her nipple from between his lips. Then, he pressed his lips against Cana's, sucking on her lower lip gently.

After fifteen seconds, or so, Cana's convulsions ended. So too did the kiss.

"Looks like you're all warmed up." Alfonzo said, moving his fingers that were covered in Cana's love juices in front of her face.

Instead of replying, Cana grabbed Alfonzo's right hand and put his fingers in her mouth, cleaning her juices from his fingers in the process.

"*Pop* Yeah, now that I'm warmed up, it's time for the real thing." Cana said after popping Alfonzo's fingers out of her mouth.

After that, Cana rolled out of bed and stood next to it. Then, while facing Alfonzo, she reached behind her back and unclasped her bra. A moment later, she let it slide down her arms, putting her breasts on full display.

Alfonzo was left in astonishment by what he saw. Despite the size of Cana's breasts, once the bra was removed, they did not drop at all. However, before he could think about it for too long, Cana turned around, showing her back and butt.

In the next instant, Cana grabbed the sides of her waistband. Then, pulling it tight against her back, she slowly lowered it, causing her ass to ripple as it passed. Instead of simply letting the thong drop when her hands could not go any lower, however, she bent forward, lowering it all the way to the ground while showing off her pussy in the process.

Then, after the impromptu striptease, Cana climbed back onto the bed. Then, while looking Alfonzo straight in the eyes, she laid on her back, wither shoulders at the very edge of the bed, and spread her legs as far as she could.

"now, give it to me." Cana said in a seductive tone.

By that point, however, Alfonzo didn't even need to hear that tone. Before she even spoke, he had already pulled off his shorts and started crawling between Cana's legs. And when he arrived, he immediately lined his dick up with her dripping wet pussy.

Making Eye contact with Cana one more time, Alfonzo pushed himself into her slowly. However, before he could get in too deep, Cana reached up and placed a hand on his chest, causing her to stop.

"What's wrong, does it hurt?" Alfonzo asked.

"No.. Well, a little." Cana replied. "But that's not the point."

In response, Alfonzo could only look at Cana in confusion.

Seeing Alfonzo's expression, Cana could not help but giggle.

"Fonzie, it's really sweet that you're trying to make things comfortable for me. But..." Cana said, her expression becoming more lustful as she spoke. "Just fuck me already."

Though Alfonzo was a little shocked by the demand, he smirked at it all the same.

"Fine, if that's what you want, that's what you'll get." Alfonzo said as he thrust into Cana with force.

"Ahh~~~~~!" Cana shouted in both pleasure and pain.

Not giving Cana a chance to catch her breath after the penetration, Alfonzo began swinging his hips vigorously, unsurprised that Cana's hymen, like Elicia's, had already been broken due to training.

"Fuck! This is... Ahn~~ amazing!" Cana moaned loudly as she wrapped her legs around Alfonzo's waist.

At the same time, Alfonzo sent a bit of magic power into a sigil he drew on himself after he and Elicia's first time. Something that would never leave him unprepared for a random session of sexy time.

With the anti-accident sigil activated, Alfonzo continued slamming into Cana as if it were not her first time. At first, Alfonzo was worried about her. However, when he saw the look on her face, an expression of ecstasy, Alfonzo stopped worrying altogether. Instead, he kept up his pace for the next twenty-three minutes, bringing Cana to orgasm a total of six times.

"Oh God~~~~~!" Cana screamed as she orgasmed for the sixth time.

"Fuck! I'm gonna cum." Alfonzo grunted before pushing as deep as he could.

In the next instant, Alfonzo painted Cana's insides in his color.

"Ahh~~~~~!" Cana screamed at the top of her lungs when she felt Alfonzo's warm seed filling her up.

However, once again not letting Cana catch her breath, Alfonzo, still hard, pulled out of her. Then, he flipped her around, so that she was on her stomach and her legs were hanging off the bed, in one fluid motion.

'Huh?' Cana exclaimed internally when her face was right in front of Alfonzo's dick. 'Is he gonna face fuck me now? Even though that's pretty hot, too, I still wanna get fucked for real.'

Contrary to Cana's expectations, Alfonzo did not jam his dick into her mouth. Instead, he hopped off the bed and squatted behind her. Then, he grabbed her hip with his left hand while he lined his dick up with her pussy again. A moment later, he thrust into her so deeply that his balls slapped against her clit.

"Oh~~~~! Fuck~~~~!" Cana groaned as her eyes rolled back.

Smack!

"Damn! Your ass feels just as good as I thought it would!" Alfonzo shouted as he slapped Cana's ass while pounding into her.

"Ahn~~~! Yes, spank me!" Cana moaned.

Just as Cana wished, Alfonzo spanked her every now and then while he pounded her from behind. And every time he did, Cana's pussy clenched tightly. Deciding to experiment a little, Alfonzo reached forward with his left hand and grabbed a hand full of Cana's hair. Then, he pulled just hard enough to yank her head back, yet not hard enough to hurt her.

"Oh! My! God! More!" Cana screamed. "Fuck me, Fonzie! Fuck me!"

Alfonzo continued slamming into Cana with reckless abandon. While he did, he would pull her hair or slap her ass whenever the feeling struck him. And Cana loved it, cumming seven more times before Alfonzo felt he was at his limit. However, just as he was about to shoot his load inside of Cana once again, he happened to look up.

What Alfonzo saw was a pair of dark brown eyes peaking at him and Cana through a crack in the door leading to Elicia's workstation.

Instead of letting it bother him, however, Alfonzo slammed into Cana one more time and let loose, causing Cana's whole body to tense up.

A few moments later, after Alfonzo filled up Cana for the second time, he had the leisure to think about who was watching them.

'Well, there are three people with brown eyes in the house right now, Lici, Cana, and Erza.' Alfonzo mused as he slowly pulled out of Cana. 'I know it's not Cana, for obvious reasons. And I don't see that vibrant scarlet hair, either. So, it can only be Lici, which does not surprise me in the slightest.'

A few minutes ago, Elicia started watching Alfonzo fuck Cana from behind with rapt attention. Like he did with her on her first night, Alfonzo forgot to activate the silencing sigils in the room. However, unlike last time, it was not an accident. Well, not for Cana, anyway. Instead, it was by design. That's why Cana was so pushy at the beginning, trying to rile up Alfonzo enough so he would forget.

And the plan worked like a charm. Meaning, Cana's moans could be heard throughout the house. And that's why Elicia showed up outside the bedroom when she did. She could tell that Cana was reaching her limit. And she wanted to be there to pick up the slack.

'This is way hotter than I thought it would be.' Elicia thought, resisting the urge to start touching herself. 'Watching Fonzie like this, seeing the sweat dripping down his chest, Mmm... So hot. Wait, does this mean I have a voyeurism fetish?'

While Elicia was questioning her sexual preferences, she coincidentally made eye contact with Alfonzo. And to her surprise, he did not even slow down after noticing her. And what surprised her even more was the fact that it turned her on even more than she already was.

'I don't even know what to call this fetish.' Elicia thought to herself as her body heated up even more. 'But whatever it is, I have it. I mean, Fonzie knowing that I'm watching is so hot.'

A moment later, it was clear to Elicia that Alfonzo had just cum inside of Cana. However, she did not move in. Even after seeing Cana slump onto the bed with a blissful expression on her face. However, after Alfonzo motioned for her to come in with his finger, Elicia flung the door open and ran into the room.

Meanwhile, Alfonzo flipped Cana over onto her back, which did not seem to bother her at all. Then, when Elicia was close enough, he grabbed her, turned her around, and laid her on top of Cana, face down, with her legs hanging off the edge of the bed like Cana's were a few moments ago.

Then, without a moment of hesitation, Alfonzo thrust into Elicia just as forcefully as he had with Cana. The force of the thrust causing Elicia's face to be buried between Cana's breasts.

"Lici, you're such a naughty little girl!" Alfonzo grunted as he pounded Elicia from behind.

Smack!

"Mmm~!" Elicia moaned in both pleasure and pain from the spanking.

"Who told you could watch us?" Alfonzo asked, continuing his pace.

Smack!

"Ahn~~~! I'm sorry, Daddy!" Elicia moaned.

Due to the rough movements, the sounds from the spankings, and Elicia's moans, Cana came back to her senses much quicker than she would have otherwise. However, when she saw Elicia on top of her and Alfonzo fucking her from behind, she was not surprised in the slightest.

'Damn, this is way hotter than I imagine.' Cana thought to herself.

A moment later, Cana leaned forward as she placed her hands on Elicia's cheeks. Then, after raising the shorter girl's head, Cana kissed her, forcing her tongue into Elicia's mouth.

Although Elicia was surprised by Cana's sudden action, she returned the kiss, nonetheless. On top of that, her pussy clenched even tighter. Just trying something she had never tried before was turning her on even more.

Eventually, Elicia reached her first orgasm while kissing Cana. Noticing this, Alfonzo sped up his pistoning while Cana broke the kiss and reached down between Elicia's legs, rubbing her clit vigorously. This naturally intensified Elicia's orgasm, causing her eyes to roll back and her tongue to hang out of her mouth, while extending its duration to the point that Alfonzo was ready to cum again by the time it ended.

Alfonzo did not take long to cum after that. Then, after recovering from the reverberations of his orgasm, he climbed into the bed, grabbing Elicia and Cana along the way. Then, he laid their heads on his chest while he laid his head on a pillow.

"Is that all for tonight?" Cana asked after all three of them were comfortable.

"Only if you want it to be." Alfonzo replied. "But I don't think a break is a bad idea. I mean, look at Lici, she's floating in and out of consciousness for now. Plus, you're not really ready to go again yet either, are you?"

"*Sigh* Not really." Cana muttered. "My legs are still shaking even after fifteen minutes. But I'm definitely not done yet."

"Well, the night is still young." Alfonzo replied before pecking Cana on the lips. "And with the party ending early, we have a lot of time."

Meanwhile, up on the second floor, a certain scarlet-haired girl listened to the pleasure-filled moans from the moment they started until the moment they stopped a few hours before dawn. All the while, she resisted the urge to pleasure herself, opting to continuously rub her thighs together instead, only falling asleep shortly after all the action came to an end.
