

Chapter 11 - A Fallen Woman Expecting True Love

I tried to explain, "Aunt ..."

"Don't call me aunt! You'd better recognize your position before cottoning up and marrying up!" She interrupted me again stiffly.

I was upset and couldn't bear it. I was polite to her just because she was an elder instead of so-called marrying up.

Since she didn't let me explain, I wouldn't explain it any more no matter what she thought.

"Tell me, is he Jacky's child ?" She continued to ask.

"The child is my own." I answered ambiguously. For her bad attitude, not to mention I was not sure now, even if I knew it, I wouldn't tell her.

"You don't admit, right? I'll take the child away to do paternity test."

With a wave of her hand, the driver following her was ready to hug Lucas, who was scared to hide behind me.

"Don't touch my child!" I protected my child closely.

When the driver was coming to grab the child from me, I pointed at him, "This is Jacky's child. If you scare the child, fourth brother won't spare you!"

Hearing this, he hesitated to move.

"Go grab the child! I'll take responsibility for any result," The old woman said cruelly beside him.

With the support of the old woman, the driver was so courageous that he wanted to snatch Lucas out of my arms.

Lucas cried in fright. My heart was in pain.

I bent down and protected Lucas with my body. He couldn't take Lucas away for the moment because I protected him desperately. The old woman saw that he was unable to deal with it. She scolded him for his incompetence and ordered him to be ruthless.

He grabbed my hair and threw it into the pool. I was afraid of hurting Lucas. So I let him go. The driver kicked me into the water, making my head hit the tile around the pool. I felt dizzy and then fainted.

When I woke up, I found myself lying on a lounge chair by the pool. The old woman and Lucas were gone.

When I found my child was gone, I got up and went to chase. The two servants dragged me and advised not to be agitated, saying that they had informed child. I knew I wouldn't catch them up even for I didn't know where to go. So I had to wait.

Soon after, Jacky Hua came. His face was blue with a murderous air around him. My tears came down as soon as I saw him.

He asked me not to worry and then walked aside calling someone. After the call, he came to take me to the hospital.

I said that my injury was not serious. I wanted to find my child.

He said that he would handle the child's thing. The first thing was to take me to the hospital.

That my child was gone made me upset. I didn't want to the hospital. Finally, he didn't force me any more. He had the maid spray me some medicine.

About half an hour later, a car came. Xuanlong Jiang got out first. Someone was dragged from the car and thrown in front of me and Jacky. This man was the driver who helped the old woman take my child.

"Fourth Brother ..."

Jacky didn't speak but took the wooden chair next to him to smash at the driver, the driver then cried for help. Jacky seemed to not hear it and kept smashing him until the chair broken apart. He finally threw the last chair leg away.

"Beat my lady in my house and rob my child? Son of the bitch! Are you looking for death?" Jacky's voice was as cold as hell.

"Fourth Brother, please spare my life. It's madam's order ..."

"So you've allowed to violate me with madam's order?" Jacky kicked him again.

"Fourth Brother ..."

"Look here!" Jacky snorted coldly.

The driver had to raise his head.

"This woman is mine. Dare you touch her again, I will make your life a hell. Got it?" Jacky said.

"Got it! I never do it again," The driver nodded hurriedly.

"On your knees, until she is satisfied. Beg her to forgive you," Jacky said coldly.

Then the driver kowtowed in front of me, keeping begging me to forgive him.

I said I would not forgive you until you sent my child back. However, the driver dared not answer at all.

Jacky kicked him over again, "You scared my child to owe me a hand. Then you scared my woman to owe me a leg. Now tell me where is the child!"

The driver hesitated without speaking. Jacky said to Xuanlong Jiang, "Cut off his hand first!"

Xuanlong rushed over, with a knife in his hand. The driver's face turned pale, "Fourth Brother, please pardon me! The child was hidden by madam in the room where the third Miss used to live."

Jacky motioned to Xuanlong and his men, "Take him to the car to wait for me."

After the driver was taken out. Jacky sat beside me and comforted softly, "It's okay, they won't hurt the child. I promise the child is okay."

"But that's my kid. Why did they take him?" I said in a crying voice. As soon as I mentioned the kid, I couldn't control my emotions.

Jacky stretched his hand and smoothed the hair on my forehead, "To avoid it from happening again, how about marrying me? Only by this way will you become a member of the family. Therefore, you don't have to be bullied by those servants. The child would also have a family and receive better education. "

At this time, the proposal was so abrupt that I was stunned. Marry him? Was he kidding?
