

Fantasy I Pick Up Attributes In The Future

Chapter Ten: Practitioner Assessment! !

In the evening, Zhao Ling took a taxi and went back to the gate of the community, looking at this tall building soaring into the sky with a confused face!

In this day and age, only poor people live in such tall buildings.

"Unexpectedly, there will be another Little Sister in this world. Fortunately, without parents, it would be a bit troublesome!"

Zhao Ling smiled helplessly, his current appearance is almost exactly the same as his previous appearance, so the original discomfort is gone now.

But thinking of the weak figure in his mind, Zhao Ling unconsciously smiled.

Soon Zhao Ling came to the eighty-seventh floor.

"Dididi...welcome the master home!!!

With an electronic sound, the door of Zhao Ling's house opened slowly.

The next moment caught the eye is a house made of alloy.

In addition to alloys or alloys.

"Brother! Are you back!?"

Suddenly, a weak voice came from the house.

Immediately, I saw a girl who was only fourteen or fifteen years old, with dull eyes, but an unusually soft appearance, groped out of the room.

"Well, I'm back!"

The corners of Zhao Ling's mouth turned up slightly unconsciously.

It stands to reason that with the current technology, Xiaoxue's condition should be easily cured, but the three generations of Zhao Ling's family have not produced a Practitioner, so it can be said that they are all from the bottom of society.

And Xiaoxue's treatment costs at least 500,000 star coins.

With so many star coins, even though Zhao Ling's parents worked hard for ten years, they still couldn't save even one hundred thousand, and finally died in an accident five years ago.

"Brother, let's eat first!" Zhao Xue smiled when she heard Zhao Ling's voice.

The next moment fumbled to the kitchen and brought out the food.

"You're cooking for yourself again!"

When Zhao Ling saw Xiaoxue's cooking, his eyes flashed with distress.

You can imagine how big a challenge it is to cook without seeing.

"I don't want my brother to say that I can't do anything at home!"

Xiaoxue smiled mischievously, and then skillfully came to the dining table and put down the dishes.

"Sit down, bro!"

Zhao Ling smiled helplessly, then pressed Xiaoxue on the seat, and then went back to the kitchen to take out the dishes one by one.

Many times during the meal, Zhao Ling wanted to tell her that he had the ability to treat Xiaoxue's eye disease, but Zhao Ling still held back.

This kind of thing is better to wait until I have fully implemented it before saying it.

After all, I am not sure that I can sell the mortal weapon in my hand.

After dinner, Zhao Ling took care of Xiaoxue and fell asleep first, while he returned to his room!

Zhao Ling opened the search bar, and then typed in how to sell weapons.

But the search result made Zhao Ling frown!

"Unexpectedly, in this day and age, the control over weapons is so strict that ordinary people can't sell them even if they have weapons."

Zhao Ling frowned when he saw this.

But it is not completely impossible. If you want to sell weapons, you need to become a Practitioner yourself, or find a Practitioner to sell it on your behalf.

"It seems that I have to wait until tomorrow to certify as a Practitioner!"

Zhao Ling's eyes flashed!

As for asking a Practitioner to help sell it, that's unnecessary. After all, if the other party cheats, I will inevitably have to expose my identity as a spiritual teacher!

"Practitioner, as expected, only Practitioner is the main theme of this world!"

Zhao Ling sighed faintly, but for this he will only become more and more motivated.

"If I have the system, if I can't become the top powerhouse in this world, I'm afraid I will lose the face of all the traversers!"

A trace of firmness flashed in his eyes, The next moment Zhao Ling washed and walked towards the bed.

.....

.....

The next day, Zhao Ling called Instructor Wang to ask for a leave of absence, saying that he was studying hard at home.

Immediately bid farewell to Xiaoxue and took the maglev train to the Practitioner League in the city center!

At this time, the Practitioner Alliance is surrounded by crowds of people, and all large stores and supermarkets are located around it, but the only Practitioner Alliance standing in the center has not many people!

It's just that the people passing by looked at the Practitioner Alliance with awe and longing.

When Zhao Ling came to the square, he suddenly found that there were shining colorful attributes falling along the way!

"Damn, I still have to come to such a crowded place!"

Zhao Ling's eyes lit up, and he immediately decided where he was going to practice in the next few days!

The huge mental power of the Psychiatrist came out vigorously, and the attributes within a range of 20 meters suddenly rushed towards Zhao Ling as if they were caught in a tornado.

Zhao Ling is like a giant vacuum cleaner, the attributes of wherever he goes are integrated into his body,

"Ding... The host picked up the attribute: 20 points of vitality and blood, and increased the value of vitality and blood: 20"

"Ding... The host picked up the attribute: strength 30 points, increase strength value: 30"

"Ding... Congratulations to the host for seeing the mortal treasure chest*1"
