

Fantasy I Pick Up Attributes In The Future

Chapter 101: Suppressing The Dragon In The Sky! ! (2/5)

Emperor Long Xiao sighed at this point!

Originally, he had persuaded the Bloodline King to suppress his strength and wait until the battle of the strong came to win a place for the Dragon Xiao Empire to enter the Tianyan Shenshan in the world master stage!

Of course, the one who will go to Tianyan Shenshan will still be the Bloodline King, but let him compete as the royal family of Long Xiao's foreign family!

It's a pity that before the arrival of the strong Tianyan, the other party was bombarded and killed!

"Father thinks, this Zhao Ling, how is Talent compared to King Xueluo!?"

When Long Zaitian mentioned Zhao Ling, his eyes were full of fighting intent!

After hearing this, Emperor Long Xiao fell into deep thought!

"As far as Zhao Ling's current combat power is concerned, his Talent is slightly worse than that of Bloodline King! However, Zhao Ling's current growth ring is only seventeen years old!"

When Emperor Long Xiao said this, Long Zaitian also understood!

"Baby understands! My baby is going to the appointment first!!"

The dragon bowed in the sky, then soared into the sky and flew towards the outside of the magnificent Great Hall!

But Emperor Long Xiao's eyes flickered slightly!

"With the strength of Longer, it is impossible to get the top 100 million 27 in the Starlight Stage of Tianyan Powerhouse Zhang, and it is even more difficult to get the qualification of Tianyan Shenshan! It's just that Zhao Ling, according to the records, His Realm doesn't seem to have reached the Starlight Realm!"

Thinking of this, Emperor Long Xiao's eyes suddenly brightened.

Not reaching the Starlight Realm means that the current Zhao Ling is only a Grandmaster, and his combat power is already comparable to the peak of Starlight!

"It seems that the fate of my Dragon Roaring Empire is ultimately in the hands of the Bloodline Clan!!"

Emperor Long Xiao smiled helplessly, and then his figure slowly merged into the space between heaven and earth and disappeared.

The Tianyan strongman battle is not the same as the Qianlong list.

There is no age limit in the Tianyan Strongman Battle, but it does limit the Realm!

As long as the Realm does not exceed, you can participate in the Starlight Realm competition even if you are a thousand years old!

However, if you spend a thousand years cultivating a Cultivation Technique Martial Skill, as long as you are not an idiot, you can cultivate to the peak!

Therefore, at the forefront of the potential list, although the talent is outstanding, it has no advantage at all.

For example, Long Zaitian, although he is already number one on the Long Xiao Qianlong list, he definitely has no advantage over Wan Jun, a weakling with nine million on the Long Xiao Qianlong list, when he participates in the Tianyan strongman battle.

Just after Zhao Ling waited for ten minutes with his eyes closed on the ring, a figure appeared on the opposite side of the ring.

I saw Long Zaitian staring at Zhao Ling energetically.

The fighting spirit in his eyes gave Zhao Ling a chill!

"Oh my god, this person's eyes look so gay!"

Zhao Ling couldn't help swallowing.

"Dragon Roar Empire, four days!!"

If the dragon comes from the sky, just sign up for the number directly, which means to start the fight!

Zhao Ling didn't want to waste time either, and also arched his cupped hands.

"Dragon Roaring Empire, Zhao Ling!!!"

After Zhao Ling's registration number was completed, Long Zaitian rushed towards Zhao Ling with Fang Tian's painting halberd in hand.

Zhao Ling had no choice but to rush towards the opponent with a purple spear.

While running, a pair of dark golden armor appeared around Zhao Ling's body!

"Hit me!!!"

Long Zaitian sternly shouted, The next moment, Fang Tian's painted halberd in his hand swung loudly, a golden mad dragon biting towards Zhao Ling!

"Well done!! Yin & Yang Crazy Dragon Spear!!"

Zhao Ling also let out a low shout, The next moment, the same shot blasted out.

The black and white dragon carried a Tai Chi diagram in its mouth and rushed towards the golden dragon in an instant.

"boom!!!!!"

With a loud bang, the surrounding earth collapsed layer by layer!

The next moment Zhao Ling and Long Zaitian disappeared in place in an instant.

In the center of the arena, a huge energy ball hits!

In the center of the energy ball, there are two silhouettes colliding crazily.

Zhao Ling's current normal strength has reached the starlight Ninth Stage, and with the addition of the Dark Gold Dragon Armor, his strength has reached the point of the Starlight First Stage!

That is fifteen times the peak starlight.

The next moment, as Zhao Ling blasted out.

Long Zaitian's figure instantly turned away from Zhao Ling and sent him flying.

The next moment Long Zaitian smashed hard on the ring,

"Boom!!!!!"

With a loud noise, the surrounding floor collapsed thousands of meters in an instant!

Zhao Ling rushed towards the opponent quickly, planning to finish him off with one move!

"The halberd breaks the sky!!"

Suddenly, a stern shout came from the ground, The next moment, a huge halberd of several thousand meters rose from the ground to the sky.

The terrifying power emanating from it seemed to tear the world apart.

Zhao Ling frowned.

The next moment, the spear disappeared in his hand!

Zhao Ling's hands quickly began to seal!

"Peak of Heaven Martial Skill, Five Elements Divine Seal!!!!"

With a low shout from Zhao Ling!!

A Heaven-rank Martial Skill that he just opened from the Heaven-rank treasure chest broke out in an instant!

A terrifying giant seal flashing with five colors moved towards the earth like a mountain to suppress it.

Metal, wood, water, fire, earth, Five Elements abilities, it can be said that not many people in this universe can awaken at the same time!

So this Martial Skill is not from this universe at all.

And the coercion emanating from the Five Elements seal with all five abilities has far surpassed the Martial Skill at the peak of the sky.

"Clang!!!!!!!!"

With an ear-piercing sound, two terrifying Martial Skills collided together, but the huge Fang Tian painted halberd only persisted for a moment before it began to shatter layer by layer!

The Five Elements Divine Seal crushed the earth with a destructive aura.

"I didn't even use the gigantic ability! Damn it!!"

Long Zaitian looked at the terrifying God Seal that had locked him tightly on 027, and complained helplessly.

Now he really wants to see his father, this is what he said Talent is not as good as the blood king? It is so powerful that it explodes, okay?

However, his complaints were instantly shattered into the ground by this terrifying attack along with his figure!

"Boom boom.

A muffled voice resounded over the entire arena.

The surrounding earth is cracked layer by layer!

A series of terrifying cracks stretched hundreds of kilometers away!

"!!!!!!"

The next moment Zhao Ling's calm words spread everywhere!

"Boom!!!!!"

With a slight sound, the huge five-colored seal turned into colorful rays of light and disappeared into the air!

"Finally cleared the level!!!"

Zhao Ling's eyes flashed slightly, and he sighed helplessly!

"Congratulations to Mr. Zhao Ling for being number one on the Dragon Roar Potential List! If the winner who makes an appointment for the assessment from now on wants to designate you as the challenge object, you must reply within ten hours."

And just at this time, the cold voice of the guide came from the sky.

Zhao Ling shrugged his shoulders after hearing this. Isn't it a challenge, and it won't take a few minutes!

"By the way, if I clear the customs, will I not be able to make appointments to fight!?"

Zhao Ling suddenly remembered that he could grow extremely quickly in that kind of appointment assessment!.

Fantasy I Pick Up Attributes In The Future

Chapter 102: Tianyan Qianlong List! (3/5)

What Zhao Ling urgently needs now is to fight many strong men.

As for this type of melee, Zhao Ling currently only knows that the appointment assessment for the Hidden Dragon Ranking is still open.

Others don't seem to have heard of it.

"That's right, Mr. Zhao Ling, you are now number one on the Longxiao Qianlong list, so you can no longer challenge others!"

However, what the usher said made Zhao Ling even more ashamed!

You can't even challenge others!

"In this case, help me sign up for the Tianyan Qianlong Ranking!!!"

However, Zhao Ling has no choice but to speak directly to the guide in the sky!

"receive!!!"

The guide answered.

And in front of The next moment Zhao Ling, a huge list appeared, and on the top of the list were written the two ministers of Tianyan!

The next moment, Zhao Ling's name information appeared on the list!

"Tian Yan Universe Divine Kingdom --- Longxiao Universe Empire --- Dry Prison Universe Kingdom,

Name: Zhao Ling

Race: Galactic Terran

Bloodline: one star

Age: 17

Realm: True Qi realm pinnacle

Combat Power: Star Realm First Stage

Potential: ten stars

Evaluation: Possesses terrifying combat awareness, and terrifying Cultivation Technique comprehension! The copying ability has copied nine types, including rare abilities such as the power of the earth, the power of yin, the power of yang, mysterious abilities, and gigantic!

At the same time, it has an unknown guardian spirit! The potential of the guardian spirit is unknown!

Among the same ranks of the Divine Kingdom of the Tianyan Universe, no one is invincible! If you participate in the battle of the strong in the True Qi Realm, no one can shake you first!"

Zhao Ling frowned at this assessment.

All the hole cards that own has revealed have appeared on this.

Of course there are some powers that Zhao Ling hasn't used that haven't been detected, but that's scary enough!

"Who developed this virtual universe? In this way, aren't all my trump cards known to the upper echelons?"

Zhao Ling frowned slightly!

Suddenly, Zhao Ling was stunned!

"Wait, it doesn't matter if my hole cards are known, it can only be attributed to my talent.

Besides, my real hole card is the system, as long as the system is not exposed, then I am absolutely safe!"

Zhao Ling laughed when he thought of this!

"Ding... Please face the host, the existence of the system cannot be leaked, even if the host wants to say it, it is impossible. As for other existences who want to detect the system, the system is not aimed at anyone, but they are all rubbish , w!"

However, just as Zhao Ling complained in his mind, the system spoke, and the words of the system Tsundere made Zhao Ling helplessly smile.

But Zhao Ling was also relieved.

He still believes in the strength of the system, even if he can't say it himself, let alone others!

"Dear Mr. Zhao Ling, this is your data, do you want to upload it directly? Or delete some!"

And at this moment, the words of the guide brought Zhao Ling back to his senses!

Zhao Ling was taken aback.

"Except for combat strength, name, and other details have been deleted!"

Zhao Ling thought about it and decided not to expose the information of own, so he only uploaded part of it.

"learn!!!"

Following the guide's prompt, Zhao Ling's information changed instantly.

Tianyan Universe Divine Kingdom

Name: Zhao Ling

Combat Power: Star Realm First Stage

A short message, but just relying on the column of combat power, countless people can know that this person named Zhao Ling is definitely not easy to mess with

Of course, this combat power is only when Zhao Ling only uses the Dark Gold Dragon Armor.

As for Zhao Ling after Zhao Ling broke out with all his strength, Zhao Ling didn't know.

After all, Starry Sky Realm does not prompt a small Realm like Starlight Realm, and all attributes have to be doubled!

"I have successfully signed up for the Tianyan Qianlong List, will Mr. Zhao Xiang start the battle?"

The guide asked calmly.

"No, just make an appointment for the top ten!!"

Zhao Ling said directly, but his intention is that any fool will know that he is not in the so-called top ten!

And soon, following the operation of the guide, Zhao Ling came to a reservation hall again.

"Is Mr. Zhao Ling starting the reservation match?"

The guide asked!

"let's start"

Zhao Ling didn't hesitate, and just after he finished speaking, his figure came to a huge ring in an instant!

The next moment, nine hundred and ninety-nine opponents appeared in front of Zhao Ling!

However, the strength of these opponents is not much better than the previous strong dogs on the Longxiao Qianlong list!

But think about it too.

After all, the people on the Tianyan Qianlong list are just a collection of hundreds of millions of people who are equivalent to the Longxiao Qianlong list.

That is to say, the number of people is hundreds of millions of times larger, but the strength of the strong at the grassroots level is still about the same.

And even if it was selected, it would be about five rounds longer than before.

"Reservation match starts!!!"

"boom!!!!!"

However, just after the voice of the guide echoed in the sky, there was a terrifying loud noise, and only Zhao Ling was left on the stage of The next moment!

With a thought, Zhao Ling picked up all the True Qi values that fell on the ground.

"Ding... Congratulations to the host for picking up the True Qi value: 610000"

"Ding... Congratulations to the host for picking it up. Ordinary-level treasure chest*82, spirit-level treasure chest*150, earth-level treasure chest*12, Yin-level treasure chest*1"

A system notification sound came, and there were still some treasure boxes in the True Qi value, and these treasure boxes were almost all at the spirit level.

It can be seen that there are still many people in this world who are not psychologically motivated.

Even Body Tempering realm, True Qi realm are here!

"Congratulations to Zhao Ling for successfully passing the first round, the second round will start soon, please prepare!!"

The next moment, the number of people in front of Zhao Ling will be completed again!

"boom!!!!"

However, Zhao Ling didn't even raise his head, there was another loud roar, and a thousand people died in an instant!

Even the notification sound in the sky didn't sound.

"Ding...Congratulations to the host for picking up the True Qi value: 850000"

"Ding.....Congratulations to the host for picking it up. Spirit-level treasure chest*250, earth-level treasure chest*50, sky-high treasure chest 3"

Perhaps the first round eliminated all the Body Tempering realms, but this time the Body Tempering realm didn't even show up!

And the time passed while Zhao Ling brushed the True Qi value!

"Ding... Congratulations to the host for picking up the True Qi value: 950000"

"Ding... Congratulations to the host for picking up the True Qi value: 1080000"

"Ding... Congratulations to the host for picking up the True Qi value: 1200000"

Every seven or eight rounds, Zhao Ling's True Qi will increase by one turn.

After five or six rounds, it will be upgraded by one revolution.

However, with two rounds left in the end, Zhao Ling has almost used the upper calendar!

(Nuo Zhao's) It should be because in this round, everyone's strength has reached the level of Long Zaitian!

I saw a 100-meter titan punching towards the alliance of hundreds of people.

"Damn it, what kind of monster is this, its strength has reached the top ten level!!"

"How do I know, but definitely more than the top ten!"

"Hmph, even the number one Tianyu can't survive the siege of so many of us, kill him!!"

Which of these powerhouses is not one of the best powerhouses in the Universe Empire!

Most of them can beat Long Zaitian when they meet him.

However, what they encountered this time was a terrifying existence.

"Regretful Fist!!!"

With Zhao Ling's fist, it fell towards the ground.

The surrounding air rioted layer upon layer.

A terrifying coercion came down with the fist.

"Puff puff....."

Hundreds of people were instantly pressured by this coercion to spit out a mouthful of blood.

But the weaker people burst their lungs instantly. .

Fantasy I Pick Up Attributes In The Future

Chapter 103: Stabbing In The Back! (4/5)

"Everyone, do it! The Supreme Killing Sword!!!"

"Heavenly Devil Sword Formation!!!"

"Sky Cannon!!"

A roar burst out from the mouths of each boy.

All kinds of attacks rushed towards Zhao Ling like a river.

"It's gaudy, let me loose it!!!"

Zhao Ling's eyes flashed, and his fist slammed down. The next moment, countless attacks were instantly shattered.

A series of terrorist attacks that could destroy a small planet were instantly annihilated in this terrifying fist!

"Boom!!!"

After the earth shook violently, a huge fist mark appeared on the earth!

And those teenagers clamoring to kill Zhao Ling have all been shattered into countless light spots by Zhao Ling's terrorist attack, and disappeared into the sky.

There are only attribute points and heavenly treasure chests left!

"Ding... Congratulations to the host for obtaining True Qi value: 3540000 points!"

"Ding... Congratulations to the host for picking it up, the heavenly treasure chest is 150"

"Ding... Congratulations to the host's True Qi value storage is full, start to condense True Qi for the host!"

And as Zhao Ling's body returned to its original state, the system's notification sound also reached his mind.

At the same time, the True Qi in his body that had already reached fifteen revolutions also began to condense.

Ordinary stellar qi has already reached an incomparably condensed level, however, Zhao Ling's stellar qi is now 50% more condensed than ordinary people. 693

"Ding... Congratulations to the host for successfully condensing True Qi, and the level of condensing has reached True Qi 16 turns: (0/10 million)"

With a beep, Zhao Ling's True Qi also returned to calm!

Now, every time True Qi is condensed, it is equivalent to doubling Zhao Ling's combat power in all aspects, that is, 10 million kilograms of strength, 10 million points of vitality, and soul speed.

But the True Qi value consumed is only equivalent to 10 million points of strength.

That is to say, the original attribute of one point can now be increased by four points.

At the same time, it can also increase the own potential, so naturally Zhao Xiang will not refuse such a good thing!

"Congratulations to player Zhao Ling, successfully passed this round, and the next round is the last one! Please be prepared!"

Following the beep in the sky, figures flickered around Zhao Ling one by one, but in the last round, there were more than 10,000 people, because if there were a group of 1,000 people, there would only be ten people in the next round. No one participated in the competition, so the system directly divided everyone together.

And the strength of these ten thousand people is at least the strongest on the Tianyan Qianlong list!

The strength of these people is more than twelve times the strength of the star peak.

Some of them have even reached the starry sky level in battle!

Of course, no matter how powerful they are, their fighting strength is only Starry Sky Three Fourth Stage!

"The assessment begins!!!"

And at this moment, the signal sounded, The next moment, more than 10,000 people made a bold move at the same time!

"Boom boom boom boom!!!"

Countless explosions echoed throughout the arena.

And Zhao Ling's eyes flashed when he saw this scene, and the concealment ability was activated instantly, and the whole person disappeared into the void out of thin air!

Although the people around saw that he was gone, but there were so many people, no one didn't care.

Hiding in the sky, Zhao Ling looked at the crazy fighting people below and secretly compared with the people he met before!

"Sure enough, the skills of those on the Tianyan Qianlong Ranking have all reached the proficiency level!

Even if the cultivation of Martial Skill has reached the peak, this kind of talent is indeed beyond the imagination of ordinary people!"

Zhao Ling secretly, if he didn't have the powerful bonus of Dark Gold Divine Dragon Armor, Giant Transformation Ability and Body Tempering Realm, he would definitely not be the opponent of any of them.

After all, the gap between Realm is really too big.

And as the battle progressed, an invisible light curtain in the sky began to shrink slowly.

Those players who accidentally fell outside the light curtain were instantly annihilated by the light curtain.

At the same time, there are also True Qi treasure chests falling down one by one.

As time went by, one by one, the opponents who died were assessed.

Of course, most of them died under the impact of the light curtain.

In just eight minutes, the light curtain has become only a hundred meters in size.

And only the last ten people left to fight

"Wood Sea is coming!!!!"

Suddenly, a powerful young man who had not used all his strength suddenly pressed his hands towards the ground.

"Boom!!!"

With a huge roar, the surrounding earth began to collapse rapidly.

In the next (chcg) moment, huge trees grew rapidly from the ground.

These trees are so hard that even the most powerful attacks by the surrounding powerhouses cannot open them.

These trees started from the center of the arena and expanded in all directions.

All the teenagers were squeezed by these terrifying trees and smashed onto the surrounding light curtains, and finally disappeared in the light curtains.

And Zhao Ling also used the power of wood to blend into these woods.

When Shuhai squeezed everyone out, the boy who controlled Muhai heaved a sigh of relief!

"Finally won, this time I will definitely enter the top of the hidden dragon list!"

The boy knew that the own battle was not over yet, and the next battle was with the top ten.

"Pfft!!!!"

However, after a strange noise, the boy found that Own's heart suddenly felt a sharp pain!

He looked towards Own's heart in disbelief.

But he found a long gun firmly nailed to Own's chest!

"Impossible, I have already killed everyone!!"

The boy roared, he is not a child, how could he count the heads wrongly!

"Yeah, you didn't count wrong, you just forgot to count a person hiding in the dark!!"

Zhao Ling's joking voice came from behind the boy.

The next moment, the spear was suddenly pulled out by Zhao.

The young man turned back with a resentful expression on his face, and immediately turned into bright spots all over the sky!

"In the future, don't just think that you have won!!"

Zhao Ling glanced at the heavenly treasure chest that fell on the ground.

"Ding... Congratulations to the host for obtaining True Qi value: ** points!"

"Ding... Congratulations to the host for picking it up, the heavenly treasure chest*1150"

However, obtaining 60 million True Qi points at one time filled Zhao Ling's Dantian instantly, but it was still filling up rapidly!

Just when Zhao Ling's Dantian was about to be crushed, the system's notification sound finally came.

"Ding... Congratulations to the host for reaching the limit of True Qi, start to condense True Qi!!"

The next moment, the originally huge True Qi was instantly pinched and compressed by a pair of invisible big hands.

But the huge True Qi volume The next moment just filled up the space that Dantian just vacated!

And this pair of invisible big hands moved again.

With repeated compression again and again.

Zhao Ling's cyan True Qi has turned into a dark cyan at first.

The richness is directly twenty times that of the usual True Qi.

"Ding... Congratulations to the host for successfully condensing True Qi, the level of condensing has reached True Qi 22 turns: (5 million/10 million)"

The system beep finally arrives when True Qi is no longer filled.

But at this time, Zhao Ling's True Qi has reached the level of 22 revolutions!

"Sure enough, the more people you fight, the more True Qi will drop, and the faster your strength will improve!"

Zhao Ling smiled slightly when he thought of this!

"Mr. Zhao Ling, you have passed the last round, which one of the top ten choices do you want to challenge!"

Fantasy I Pick Up Attributes In The Future

Chapter 104: Tian Yan Clan! Tianyu (5/5)

On the broken ring, Zhao Ling looked at the information of the top ten and fell into deep thought!

"First place on the Tianyan Qianlong list: Tianyu! The eighth son of the Tianyan God Emperor!"

Race: Tianyan

Bloodline: eight stars

Realm: Astral Realm: Seventh Stage

Combat Power: Star Realm: Fifth Stage

Weapon: Yanshen Book (associated weapon of Tianyan Clan~)

Skill Level: Mastery Peak!

Martial Skill: Great Evolution World!

Looking at this information, Zhao Ling knew that if the information was not false, Own's strength was still higher than that of the opponent, but you must know that this information can be hidden.

If Tianyu has never used his full strength on the Tianyan Qianlong list, his full strength will definitely not be recorded!

However, Zhao Ling is not worried that he will lose.

"No, what if I accidentally win? If I win, I won't be able to participate in any competitions on the Tianyan Qianlong Ranking!"

Thinking of this, Zhao Ling's egg hurts.

You said let the water go? It might as well win.

For a Practitioner, the most humiliating thing is to be let down by others, or to let others down!

Although Zhao Ling claims not to be a traditional Practitioner, he will do his best as long as he fights.

This is not only respect for own but also respect for opponents!

"Guide, can I abstain?"

Zhao Ling suddenly said to the sky.

This time, the will of the universe is a little bit.

The winner of the pre-registration match on the Qianlong list has never heard of abstention!

"Cannot cancel the appointment! There is no cancellation in the settings!"

It is unheard of for a virtual universe with almost no flaws to have a bug at this time.

Zhao Ling frowned after hearing this.

"If I am the tenth, can I go to the appointment shop again?"

Zhao Ling suddenly thought that he didn't have to fight the number one!

"Yes, but if you become the tenth player directly ahead of you by appointment, the opponent must face the match within one day, otherwise it will be regarded as abstention. Of course, if you are in a hurry, you can directly enter the reservation match."

In other words, as long as you become the top ten, if you want to make a reservation for the top ten in the future, it is equivalent to passing the reservation match!

"Well, then I want to challenge for tenth!!"

Zhao Ling directly selected the tenth unlucky guy.

"Understood, start to make an appointment for the tenth place on the Tianyan Qianlong list!!"

After the guide finished speaking, the surrounding arena began to be repaired rapidly!

At the same time, the already large arena expanded rapidly again.

After all, the pre-registration match has a time limit, but the challenge does not have a time limit.

While Zhao Ling was waiting, the outside world exploded.

The story of Zhao Ling began to spread throughout the Tianyan Empire.

Zhao Ling's name has spread since Zhao Ling killed those talents on the Qianlong list with one move in the penultimate round.

However, it came later that the winner in the last round was not the mysterious super genius, but Ling Xiao, who was ranked seventeenth on the Qianlong list, and everyone breathed a sigh of relief.

However, soon Ling Xiao came out to refute the rumors, and he was raped by a young man who had been hiding in the dark.

At this moment, the virtual universe forum became lively!

You must know that the virtual universe is almost a terrifying existence that includes the entire universe in a one-to-one ratio.

Now the legends of the mysterious people began to spread in Tianyan Universe Divine Kingdom.

After all, the Hidden Dragon Ranking is the standard for judging a universe genius!

Not to mention the top ten, even the top tens of billions, are the existences that many people talk about.

After all, these people are existences that countless people cannot reach in their lifetime.

In a virtual universe, in an unknown space!

Ten illusory figures are standing inside and having a heated discussion!

"Judging from the rumors, this person's strength is definitely not inferior to most of us! In other words, some of us are about to be eliminated!"

I saw a red-haired boy grinning and looking at the others!

"Hmph! Yan Li, you are only the tenth place. As long as someone challenges you, it seems that you are more likely to be challenged!"

A tall and strong boy next to him snorted coldly with disdain.

But Wei Wei was also worried in his heart because he was ranked ninth!

"You don't understand now, this person is powerful, not to mention me, except for His Highness Lori who has the strength to fight against, the rest of us are afraid to lose!

How can such a strength challenge a rookie like me?"

Yan Li smiled triumphantly, this time was the first time he felt that his weak strength was a good thing.

After all, it has been more than half a year, and none of the ten of them has been kicked out of the top ten ranks. It would be a big embarrassment if they were kicked.

But his words couldn't help but make the other people frown slightly.

Especially the top five.

However, at this moment, a guide's voice came from Yan Li's mind!

...asking for flowers.....

"Tenth in the Tianyan Qianlong Ranking: Yan Li, there is a contestant who has passed the qualifiers to make an appointment to fight with you, please respond within an hour, otherwise the other party will replace your ranking, and your name will change to: 4464545. ...548555"

Immediately, Yan Li's complexion became extremely dark!

It was actually me, I said one second ago that I would never be challenged, who knew that I would be slapped in the face the next second!

And the change in his expression also fell into the eyes of several other people!

Tianyu, who was always smiling and silent on the first place, had a twinkle in his eyes.

"Yo ho! It seems that the brothers among us who are going to be kicked out are Yanli."

At the same time, the burly young man in the ninth place laughed mockingly at Yan!

The others were also slightly relieved.

To be honest, geniuses are not easy to come by, only the top 100 people can give them a little pressure.

But it is really impossible to replace them, but this mysterious person of Raoshizi has given them great pressure.

"Hmph! It's not certain who wins and loses! Wait until I win to see how I slap you in the face!"

With a cold snort, The next moment's figure disappeared in place!

The good people quickly opened the Tianyan Qianlong ranking list to see the changes in the rankings!

"How long do you think Yanli can last?"

"I don't know, it should be an hour!"

"More than that, it will take at least two or three hours for us to defeat Yanli. Even if Mysterious is as rumored, it is impossible to defeat Yanli in an hour."

These teenagers began to discuss with serious faces.

Only Tianyu looked at the top ten of the Qianlong list in silence, and his hands were condensed one by one!

"It's strange, it's really strange, I can't find any information about this person!"

There was a trace of doubt in Tianyu's eyes!

In fact, the Tianyan clan has always been known for their physiognomy.

It was only in Tianyu that there was such a junior who was not only extremely powerful as a Martial Dao Talent, but also superb in physiognomy!

But right now, he couldn't figure out the fate of a young man whose strength was not much different from his own.

You know, if he wants to calculate, even a super strong person at the Xinghai level can't hide under his own physiognomy!

However, at this moment, the first place on the list flashed for a moment.

Seeing this scene, the faces of the surrounding teenagers suddenly - changed!

"Fuck, it's not scientific! Small!".

Fantasy I Pick Up Attributes In The Future

Chapter 105: Dantian Is Broken! True Qi Strengthens The Physical Body! (1/5)

I saw that the word Yan Li on the list was erased in an instant after it turned red.

Instead, it was Zhao Ling, two words!

And if the font turns red, it means that the person is being challenged.

That is to say, Yan Li was instantly killed by Zhao Ling as soon as he entered the battlefield!

How is this possible?

"Reminder: Yan Li has been removed from the group chat! Automatically start inviting a new member: Zhao Ling, waiting for the other party to answer!"

However, the shock in the hearts of several teenagers couldn't believe it was quickly shattered by the voice from the sky.

This group chat was established countless years ago by the strong, and it has been countless billions of years.

Of course, the people he invites can only be the top ten on the Tianyan Qianlong list!

It also represents the strongest talent of the new generation on the Tianyan Qianlong list.

And as long as someone falls out of the top ten, that person will be kicked out.

And the new top ten will be invited.

Of course, except for a very small number of "837" people, no one would refuse.

However, those who refuse will generally be challenged by countless people.

Of course, the deep meaning of this notification sound is that Zhao Ling really gave up in an instant and returned to his hometown in seconds.

"Zhao Ling! Apart from his strength, he doesn't even have a Realm. What's going on with this guy!?"

"But we'll see each other soon, and you can ask about it then!"

"You want to inquire about the truth of the other party?"

A few people saw that Zhao Ling only had the strength to reach the Starry Sky Realm Fourth Stage besides his name!

At this moment, they completely accepted that Zhao Ling's strength is indeed stronger than he imagined!

Of course, the good news is that Tianyu is still a little worse than the boss and second Lori. .

And at this moment, Zhao Ling, who had instantly killed Yan Li on the other side, was about to go out.

However, at this moment, a notification sound came to Zhao Ling's mind!

"Mr. Zhao Ling, you are invited to join the elite chat group of Tianyan Qianlong List, do you accept it?"

"The elite chat group of the Tianyan Qianlong list! Only those who enter the top ten of the Tianyan Qianlong list will receive invitations. If they fall out of the top ten, they will be kicked out of the group chat!"

The guide's explanation made Zhao Ling frown!

Only in the top ten can I enter? Then I am only the tenth, and I will inevitably be inferior to others!

And, the most important thing is, if you are familiar with them, it will be difficult to start!!

"Reject, some of these are unnecessary!"

After Zhao Ling finished speaking, he left the virtual universe directly.

The battle between Tianyan Qianlong Ranking and Longxiao Qianlong Ranking has cost him more than ten hours wasted in the virtual universe.

However, his actions made the faces of the other nine teenagers who were waiting to meet Zhao Ling slightly ugly!

"Actually refused? How dare you!!"

"Hmph, maybe the other party simply looks down on us!"

The few people who felt ignored immediately vowed that if they saw Zhao Ling, they would definitely give him a good look!

But Zhao Ling has returned to reality.

"By the way, I have accumulated a lot of treasure chests that have not been opened. I don't know how much True Qi value I can get this time!"

Zhao Ling suddenly remembered the treasure chests still thrown in the own space, and immediately clicked to open all of them!

"Ding... Congratulations to the host for opening: Heaven Rank Treasure Chest*2521, and several other treasure chests! Get the following items!

Heavenly Weapon*302, Heavenly Cultivation Technique Martial Skill*250, Heavenly Medicine Pill*520

Experience value: 50 million

True Qi value: 200 million"

So many sky-level items made Zhao Ling's eyes shine,

However, The next moment Zhao Ling Zhao Ling couldn't laugh anymore!

Zhao Ling's Dantian is filled instantly because of too much True Qi value!

However, True Qi still surged towards Zhao Ling's Dantian like a tide!

"Crack!!!"

Suddenly, a voice came that made Zhao Ling's face change slightly, The next moment he found speechlessly that his own Dantian had actually cracked!

"My god, where the hell did you die, system!!"

Zhao Ling yelled at the system, but usually the system is always on call, this time it seemed to have crashed.

"Crack!!!"

Another broken sound came, The next moment Zhao Xiangfa completely shattered a hole!

And countless True Qi gushes out from this hole!

"boom!!!!!!"

However, The next moment, something happened that left Zhao Ling speechless!

Own Dantian shattered unexpectedly.

With the shattering of Dantian, Zhao Ling's endless True Qi had no place to place them, and began to spread crazily towards the surroundings.

The surroundings of Zhao Ling's body began to radiate crazily.

After True Qi dissipates into the air, it instantly dissipates into the vitality of the heaven and the earth.

"No, if this continues, my True Qi will be completely gone!"

Zhao Ling frowned slightly.

Without True Qi, I can only walk one or two paths of the flesh completely.....

As for the path of physical body becoming a god, although it is very simple for him, he only needs to pick up attributes.

However, the strong man who cultivates the body can only attack with fists to the flesh.

Although it is powerful, many magical means cannot be used.

For example, now Zhao Ling uses the power of True Qi to stimulate supernatural powers, and can mobilize the meteorites in the universe to combine into a very small planet.

With the use of water-type abilities, wood-type abilities, etc., you can create an ecological environment. This kind of ability is equal to the creator, and people who practice the flesh can never do it.

Although cultivating the body can also reach the peak.

But in history, there are people who practiced True Qi Talent who would be idle and bored to practice the body.

What's more, Zhao Ling is now True Qi and he is cultivating together with his body, and if any of his own strength is missing, his own strength will be greatly reduced.

"By the way, since True Qi can strengthen cells, that means cells can also store True Qi!?"

Thinking of this, Zhao Ling's eyes suddenly lit up, and the next moment he controlled the True Qi scattered in his body to surge towards every cell!

These True Qi crazily poured into Zhao Ling's cells.

Zhao Ling first looked for the more active cells among his own cells, such as cardiomyocytes!

The strength of the myocardium is twenty times that of ordinary muscles, so it can continuously deliver blood to the whole body all day long.

Therefore, the weak cardiomyocytes in cognition are actually the stronger cells in the whole body!

As Zhao Ling's True Qi poured into the myocardium, Zhao Ling found that own cardiomyocytes are like the earth moistened by True Qi after countless years of Kaihuang.

Body cells will go through aging and replacement again and again 4.7.

And the number of replacements for each cell is limited.

After too many times of replacement, the cells will age, and the human body will begin to age accordingly, eventually Death.

However, after Zhao Ling's cardiomyocytes were nourished by True Qi, the aging cells were repaired crazily.

In just a few seconds, it regained its vitality again.

And other cells that are still working normally began to evolve rapidly under the nourishment of True Qi.

".....to do everything..."

As time goes by, Zhao Ling's heart beats faster and stronger!

Seeing this scene, Zhao Ling began to feel relieved.

Immediately, all other True Qi values of own are poured into every cell in the whole body!

At the same time, with a sweep of his thoughts, he also grabbed all the True Qi that had escaped from the body.

"I have everything and want to slip away?!".

Fantasy I Pick Up Attributes In The Future

Chapter 106: The Bloodline Begins To Improve Again!

(2/5)

"I have all my stuff and want to slip away?!!"

Zhao Ling laughed disdainfully. The next moment, the endless True Qi burst out from the system began to strengthen Zhao Ling's body crazily.

In just the past ten seconds, Zhao Ling's physical strength has doubled!

Another minute passed, and Zhao Ling's physical strength doubled again.

But at this moment, Zhao Ling's steady stream of True Qi didn't appear again.

"Ding..... The True Qi value is exhausted! If the host wants to continue to strengthen the body, please replenish the True Qi value!"

However, the system beep sounded at this time.

At this moment, Zhao Ling finally knew what the system was planning!

Attribute table:

Host: Zhao Ling

Bloodline: ten stars

Martial Dao Realm: True Qi Realm: Pinnacle

Spiritual Realm: Spiritual Rank: Apex

True Qi: 22 turns (5 million/10 million)

Ability: 35 kinds

Guardian Spirit: Dark Gold Nine-Clawed Dragon (Dark Gold Dragon Armor, 30 times)

strength:**

Speed: 1500000m/s

Qi and blood: **

Soul: 3000000

Mind power skills: 15 soul power (0/300.27 million)

Gun skills: proficient in advanced (0/5 million)

Movement Technique Skill: Mastery Intermediate (0/3 million)

Ability Skills: Proficient in Intermediate (0/3 million)

Weapons: Thunder Dragon Gun (Peak of Heaven) Meteorite Flying Daggers (Peak of Heaven)

Cultivation Technique: Vajra Immortal Art (first four volumes, peak of heaven! 100%)

Martial Skill: Lei Yan Flowing Fire Knife Array (100% of the peak of the sky rank) Yin & Yang Dragon Spear (100% of the peak of the sky rank)

Experience: 51.75 million

"A True Qi value of 200 million actually strengthens the body twice?"

Zhao Ling is helpless, but he can't explain it when he thinks that the addition of own True Qi can increase his strength by more than 20 times.

The improvement is equivalent to the current Zhao Ling spending 200 million True Qi to increase the strength of 400 million.

"But the system, why is my physical strength still improving?"

Zhao Ling was a little confused.

The limit of True Qi Realm ten-star bloodline is the power of ten million!

"Ding...Because the host's bloodline is undergoing transformation, it can be improved again! Until it reaches the upper limit of one billion kg!"

The system's notification sound made Zhao Ling's eyes flash!

Bloodline enhancement? Is there such a good thing? The benefits of bloodline enhancement were experienced by Zhao Ling when he was in the Body Tempering realm.

But now I have some extra True Qi consumption!

"It doesn't matter, if you challenge the top ten once, you can at least gain more than three billion True Qi values.

The True Qi value of just one billion is really not much now that I think about it!"

Zhao Ling thought of this and immediately exited the state of thinking.

Then go back to the room and fall asleep!

It is still four days away from reaching the solar system.

At the same time, there are still five days before the start of the competition, and the Tianyan Powerhouse Battle seems to be held on the same day.

This made Zhao Ling a little helpless, why did it happen in one day? But fortunately, the Tianyan strongman battle can last for a long time, and he can start it any time during this period!

Time passed day by day.

For four days, Zhao Ling was challenging the top few in the Tianyan Qianlong Ranking.

The top ten players who were clamoring for Zhao Ling to learn a lesson died down after being killed four by Zhao Ling.

Fortunately, except for the unlucky Yan Li, none of the others were kicked out of the top ten.

And Zhao Ling's abuse made them vent all their anger on those who made an appointment to fight!

In one of the most brutal days, nearly 10,000 challenged War Practitioners were killed.

And within four days, the True Qi picked up by Zhao Ling also increased the own body to a terrifying level of 80 million!

And there are thousands of treasure chests in his storage bar!

On this day, Zhao Ling routinely stepped out of the virtual universe.

"Zhao Ling, come to the control room!!!"

And at this moment, Zunhuang's voice came from the void.

Zhao Ling slowly stood up from the access cabin and walked towards the door, and soon came to the control room!

And The next moment, Zhao Ling was attracted by the scenery outside the window!

I saw a blue planet floating slowly in the starry sky.

And around him is a silver satellite flying around!

"Earth, still not much has changed!!!"

Zhao Ling's eyes flickered slightly.

It is not much different from the earth one hundred thousand years ago.

Zhao Ling looked over at a glance, and could even see the Great Wall dormant above the ground, as well as some landmark buildings.

It's just that those pavilions from 100,000 years ago have been turned into high-tech high-rise buildings, even hanging cities and underwater city officials.

"This is the origin of our human race!"

Zunhuang couldn't help but let out a faint sigh!

And Zhao Ling didn't answer, just watched silently!

Soon, the spaceship flew over the earth, The next moment, a fleet of fleets surrounded the spaceship!

"Please show your access order! If you don't have an access order, please leave the Solar System Realm immediately, or you will be killed!"

And at this moment, a cold voice shook the surrounding space.

This kind of ability can only be used by the strong at the starry sky level.

That is to rely on its own power to vibrate the surrounding space to achieve the purpose of spreading sound.

This principle is the same as vibrating the air above the planet to propagate sound.

Of course, if you want to vibrate the space, only those whose strength has reached the level of the starry sky can do it.

Because only the strong at this level have enough power.

The speed of sound traveling in this way is infinitely faster than the speed of light.

And the person who is speaking now, Zhao Ling, has also seen the strength of the other party, and has reached the fifth stage of the starry sky!

This strength is similar to that of Zunhuang, but it is definitely not Zunhuang's opponent in battle.

"I am the Emperor Galaxy, and I am invited to participate in the selection and development of the Galaxy Elite Battle!"

Zunhuang's calm voice spread out, and the surrounding space was trembling slightly!

As soon as the name of Zunhuang was announced, the fleet in front immediately gave way!

"So it's Zunhuang senior, please!!"

The slightly respectful voice of the same starry sky 470 Fifth Stage powerhouse came.

You know, although it is also the fifth stage of the starry sky, Zun Mu's strength is several times stronger than him.

And Zunhuang is still a powerful presence ruling a medium-sized Galaxy.

"It's time to work!!"

Zunhuang smiled slightly, and then the spaceship flew towards the earth quickly.

After entering the atmosphere, the spacecraft flew straight towards Asia.

Soon, came the official minister of the Celestial Dynasty 100,000 years ago!

The spaceship flew towards a huge landing pad slowly, and landed slowly.

The moment he got off the spaceship, Zhao Ling felt so out of place around him 1

"Things have changed, people have changed, and the sea has changed! It seems that I will never go back!"

Zhao Ling's eyes flashed slightly!

The surrounding sci-fi buildings are extremely sophisticated in this era.

But it still doesn't have the original appearance of the earth.

After all, 100,000 years have passed! Even if human beings started to protect the appearance of the earth when I left, there would be nothing left in 100,000 years!

Fortunately, the Great Wall is still standing.

There used to be eight wonders of the world, but now there is only one Great Wall.

It is also a symbol of human origin!

"Zunhuang? Are you here too?"

But at this moment, an old man walked up to Zhao Ling and the others with several young people.

The old man seemed to be very familiar with Zunhuang.

Of course, those who dare to be called Zunhuang old boy are not weak. .

Fantasy I Pick Up Attributes In The Future

Chapter 107: Chicken Zhao Ling! !

"Emperor Xuan! It's you?!"

The emperor frowned slightly when he saw the other party!

From this point, it can be seen that Zunhuang and Xuantianhuang don't seem to deal with it very much!

"Hahaha, of course it's me, hey, you brought this kid? Tsk tsk tsk, why do I feel that he doesn't even have the strength of Starlight Realm? Isn't it Zunhuang? You Zunhuang Galaxy is so lonely?"

Emperor Xuantian laughed loudly, and then looked towards Zhao Ling.

But after seeing Zhao Ling's Realm, he immediately smiled mockingly.

Xuan Tianhuang's words immediately made Zunhuang frowned!

Although Zhao Ling is very powerful, but Realm only has the Great Master after all!

The Grandmaster's strength, in this kind of competition, absolutely no one would believe that Zhao Ling might win the ranking!

And Zhao Ling understood when he heard this.

The development of the Galaxy Human Race has always been extremely backward. In the Starlight Realm First Stage, the geniuses with average combat effectiveness are only around Starlight Two.

Even super geniuses are only around Third Stage.

It is absolutely impossible to be like those powerhouses in the starry sky, the Starlight First Stage can fight against the powerhouses of the Fifth Sixth Stage.

After all, in the Starlight Realm, the strength gap of each First Stage is twice

Starlight Sixth Stage is 32 times stronger than First Stage.

At the same time, according to the standard of the starry sky, it is definitely much stricter than that of a small place like the human race!

"Hanging, I can burn the fire to my head if I stand beside it!"

Zhao Ling was a little speechless, he was messing with whoever he was looking for!

Seeing that the old man is only the strength of the Starry Sky Sixth Stage, Zhao Ling thought about whether to beat him up!

"Hmph! Xuantian, if you want to beat me up, just say so, don't beat me around!!"

However, before Zhao Ling could speak, Zun Huang exploded!

With a sharp shout, all the people in the surrounding tens of kilometers looked over in an instant.

"Damn it! Isn't the Emperor Zun wanting the Xuantian Emperor who has nothing to do every day?"

"That's not it, is it true that Emperor Xuan has started to itch again, even dare to provoke the emperor!"

"Tsk tsk, do you still remember the last time he provoked Ba Tianhuang and got his limbs broken? Unexpectedly, he still has such a short memory!"

But the earnest whispers of the strong man in the distance made Zhao Ling suddenly realize.

It turns out that this guy didn't deliberately find fault, but was originally cheap!

It seems that he, who is invincible in cheap skills, has been beaten a lot.

And although the Realm he said seemed to be higher than Zunhuang, its combat power was far inferior.

Sure enough, when he heard Zunhuang's stern shout, Xuantianhuang's expression changed immediately!

"I'm just talking about you, do you need to be so serious`||?"

After Xuan Tianhuang finished speaking, he hurried away with the bewildered teenagers.

None of them could have imagined that Emperor Xuan, who told them countless great achievements on the spaceship, had this kind of virtue.

They thought how awesome Xuantian Galaxy was.

Zunhuang cast a contemptuous glance at Xuantianhuang who had slipped away, and then cast a helpless glance at Zhao Ling.

"You kid, if you don't know your combat power is heaven-defying, or I don't believe you have this strength!"

Zunhuang said to Zhao Ling helplessly.

"I don't want to either. If this Realm doesn't go up, I can't help it!!"

Zhao Ling shrugged helplessly!

As for Zhao Ling's pretend, not only Zunhuang is full of black lines.

Hun Li and Martial Dao were also speechless.

Zunhuang glanced at the other strong men from the Galaxy on the tarmac, smiled and nodded at them.

These powerhouses also smiled in good faith!

And after Zhao Ling scanned around, he found that the supreme rulers of these intermediate galaxies are almost all above the Fifth Stage of Starry Sky Realm.

And they are not too young.

It seems that the top powerhouse of the human race should be the Star Sea Realm.

"Let's go, let's go and stay first."

After Zunhuang said this, he immediately took Zhao Ling and the three towards the outside.

After leaving the tarmac, a middle-aged man from Starlight Realm hurriedly came in front of several people.

"My lord, you are finally here!"

The middle-aged man hurried over and saluted Zunhuang, and then under his leadership, Zhao Ling and his party came to live in a manor.

In a reception room of the manor.

"My lord, you respect the Galaxy is the 125120th team to arrive, and the trials will start at 8 o'clock tomorrow morning, so please don't forget the time!

By the way, here are the regulations of the competition, as well as some evaluations of players on the Internet for this event!"

When the middle-aged man said this, he immediately sent a document to Zunhuang Zhao Ling and the others.

It's just that the middle-aged man couldn't help but glance at the extremely young Zhao Ling when he said this.

Zhao Ling took a look at the materials.

The game is divided into two rounds, the first round is the knockout round.

The knockout will be huge on Saturn.

As for how, we will know when the time comes,

In the first round, the top 1000 will be selected among hundreds of thousands of contestants!

These thousand people will select the final ten people to participate in the Galaxy Elite Competition in the second round.

Also did not say what the rules of this game are!

But Zhao Ling doesn't care anymore. Although these geniuses are nearly a hundred years old, it seems that they will not be able to reach the strength of the starry sky Realm if they are given a few hundred years!

Then what is there to pay attention to.

But Zhao Ling clicked on the second material!

The second material is to record the contestants of each Galaxy.

At the same time, there are strength rankings and evaluations on the Internet!

"...[No. 1 in strength evaluation:

Chiyu Galaxy! Zhang Yufeng,

Realm: Astral Realm Third Stage!

Combat Power: Astral Realm Fifth Stage

Age: 186

Three years ago, he had already easily defeated a Starlight Fourth Stage star! Therefore, his strength was assessed as Starlight Fifth Stage!"

Starlight Realm can live a thousand years, so two hundred years old is considered a youth.

And after seeing the first one, Zhao Ling didn't want to watch any more.

Leapfrog double combat, this Talent, doesn't seem to work in the universe.

But among the human race, he is an out-and-out genius.

The main reason is that the lower the level of strength, the more difficult it is to leapfrog the challenge.

After all, when the strength is weak, the increase of Martial Skill is generally doubled, doubled and tripled.

Therefore, practicing a good Martial Skill, Cultivation Technique can greatly improve one's strength.

Some, even if the Body Tempering realm kills the True Qi realm, it's not that surprising.

But it's different at the star level.

Cultivation Technique's increase is generally four times, only a very small number of big family disciples can have starry sky level Cultivation Technique, which can increase five times. (Qian Zhao)

And the increase of Martial Skill is at least ten times and at most twenty times.

It is equivalent to two to three percent of the strength!

Cultivation Technique Martial Skill can add up to 40-50% growth.

Let me ask, with such an amplitude, is it difficult to defeat someone who is twice as powerful as himself at every turn!

Zhao Ling entered own's name in, wanting to see own's ranking.

Strength assessment No. 3540041:

Zunhuang Galaxy: Zhao Ling

Realm: Unknown

Combat Power: Great Master Peak

Age: 17

Introduction: In the assessment of Zunhuang Academy, he once defeated Zhao Wuji, a student of Zunhuang Academy who is also at the peak of the Great Master!

With such strength, he is already very good at this age, but the selection requirements of the Galaxy Elite Competition are extremely high. Although I don't know why the Emperor Zunhuang chose him, but no one on the Internet is optimistic about him, and his strength is temporarily at the bottom!

Well! Seeing this introduction, Zhao Ling finally understood why those people looked at him in surprise!

"Emotions, am I being treated as a rookie?".

Fantasy I Pick Up Attributes In The Future

Chapter 108: Physical Strength: 100 Million Kg

Thinking of this, Zhao Ling directly closed the material!

"Zhao Ling, what do you think!?"

Zunhuang held back his laughter and glanced at Zhao Ling.

The other two almost laughed when they heard this.

A super evildoer who tortured himself two strong men, one starlight Fifth Stage and one starlight Eighth Stage, just by using the abilities he condensed at random.

He was actually selected as the best player this year.

This made them all want to laugh.

"How do you feel, someone like me should abstain directly!"

Zhao Ling gave the three old men a blank look!

These old men seem to be serious, but they are actually very bad!

Hearing Zhao Ling's words, the three looked at each other and smiled!

The middle-aged man on the side was a little curious.

How is this going?

It seems that a few people don't seem to care much about Zhao Ling being the last one in the evaluation!

However, he didn't know that Zhao Ling had just come to make a formality in this battle.

Strength evaluation first? Don't say give him ten or eight years, even if you give him another three or four hundred years, he won't be able to reach Zhao's current level.

What they are worried about is that Zhao Ling is too powerful and will be targeted by several other races!

"We have been traveling in the starry sky for several days, and we have to rest, Xiao Wang, you go to receive others first!"

Zunhuang's eyes flashed, and he said to the little king of Starlight Realm.

"Okay, my lord, rest first, I'll come back tomorrow morning!"

Xiao Wang got up quickly and wisely, and left directly at D8o after speaking.

After Xiao Wang left the manor, Zun Huang and the other three stared at Zhao Ling!

Seeing Zhao Ling felt uneasy for a while!

"Ugh! Three seniors, what are you doing?"

Zhao Ling swallowed, it would be hard for anyone to be stared at by three old men!

"Zhao Ling, there is something important that you must keep in mind!"

Suddenly, Zun Huang spoke!

He said to Zhao Ling solemnly.

Zhao Ling was taken aback!

"There is absolutely no suspense about your ability to win this year's championship, but there is one thing you have to remember!

Absolutely don't use all your strength!!"

Zunhuang's serious words and the support of the two people next to him made Zhao Ling guess the reason at once!

Then he smiled.

"I understand, I just don't need it!!"

Zhao Ling was quite touched by the concern of the three.

Although Martial Dao, the dean of the department who was beaten up by himself, often looked at own with resentful eyes, but he didn't have any resentment towards himself.

After all, Practitioners are generally straight-forward people, and if they can't beat them, they can't beat them, and they won't give Zhao Ling a sneak peek.

"It's good that you understand, but you must not forget what I said, this is related to your life safety!"

Zunhuang was afraid that Zhao Ling was just perfunctory, so he quickly reminded Zhao Ling again!

Zhao Ling was helpless, after (chcb) repeated assurances, the three old men let him go!

And the time is already very late. Coincidentally, today is the winter solstice of the earth, and only a very small number of other planets will celebrate it.

After all, the four seasons are different.

After one hundred thousand years, Zhao Ling stood on the top of the wooden attic, looking at the familiar starry sky in the sky, Zhao Ling clenched his fists slightly!

"One hundred thousand years, one hundred thousand years ago, I was just a mediocre person. If it weren't for this time travel, maybe I would have been like this for the rest of my life. Now that I have a system, I must break out of my own world!"

Zhao Ling said in a low voice.

"System, open the heaven-level treasure chest!!"

Zhao Ling The next moment said directly to the system.

"Ding... Congratulations to the host for opening: Heaven Rank Treasure Chest*8420, get the following items!

Heavenly Weapon*1202, Heavenly Cultivation Technique Martial Skill*1503, Heavenly Medicine Pill*1840

Experience value: 200 million

True Qi value: 800 million"

"Boom!!!!"

As the system's notification sounded, the incomparably majestic True Qi swept towards Zhao Ling's body like a flood!

Zhao Ling felt that his own cells were being promoted crazily under the baptism of these flood-like True Qi.

"850075...90005..."

In just ten seconds, Zhao Ling's physical strength reached its peak!

"!!!!!!!"

However, these True Qi are still emerging crazily.

But to Zhao Ling's surprise, these True Qi did not dissipate into the air because the cells were filled and Dantian was broken!

These True Qi are still pouring into every cell of Zhao Ling.

"Ding.....The host's True Qi value is full, start practicing True Qi!!"

With a sound from the system, the True Qi in all Zhao Ling's cells began to condense crazily.

"Ding..... Congratulations to the host True Qi for reaching 53 rpm (20 million/100 million)"

However, after deducting the 200 million True Qi value that originally boosted strength, it stands to reason that there is still 600 million True Qi value left, which should be able to increase Zhao Ling's True Qi to 82 revolutions.

But now it's only reached fifty-three revolutions!

There are still 20 million True Qi values left, that is to say, it took 320 million True Qi values to go from 50 to 53, and the remaining 28,000. Raise Zhao Ling from 22 to 5,000 change!

"There's actually a price increase for more than 50 revolutions?!"

Seeing this, Zhao Ling was a little confused!

"Ding... The system once told the host that even with the help of the most powerful person in this universe, the host's True Qi can still only be increased to forty Nine Cycles.

Therefore, the True Qi value needed to increase to more than 50 revolutions needs to be increased by ten times!

Of course, the host can also directly breakthrough to the Grandmaster, the system is invisible!"

The system also spoke.

Zhao Ling couldn't refute what he said!

Even the strongest in the universe can only condense forty Nine Cycles.

In other words, the degree of condensed own True Qi is already the most powerful in this universe?

"Breakthrough yarn! Now a little True Qi can still increase the attribute by four points, so it's worth making money!"

Anyway, they are improving their strength, and now they have improved even more, so why go to breakthrough?

After all, now that the foundation has been laid, it will definitely only be beneficial to own and become stronger in the future.

After all, tall buildings rise from the ground.

Zhao Ling squeezed his own fist, which contained endless power.

Zhao Ling knows that the current self will definitely blow up countless strong people with one punch!

"By the way, didn't you say that you are upgrading your bloodline level? Why doesn't it seem like you have much feeling?"

Zhao Ling was a little puzzled.

"Ding... the bloodline level upgrade will start after the host's strength is raised to Grandmaster!"

The system answered!

Zhao Ling listened and nodded, the system says what it says!

And at this moment, a snowflake fell on Zhao Ling's head.

"Snowing?!"

Zhao Ling's eyes suddenly lit up!

As a southerner in my previous life, I could not see snow all year round.

Zhao Ling still remembers that it happened to be winter before he crossed over. However, the Yunnan province where he was located was not to mention snowflakes.

Just wear short sleeves all the time.

"Unexpectedly, the first winter I came to this planet was also spent on the earth!"

Zhao Ling smiled helplessly.

Early the next morning! Zhao Ling was woken up by Soul Li while he was still sleeping.

"I said little ancestor! I don't think you are panicking at all. The selection ceremony is about to start."

Hun Li looked at Zhao Ling who was slowly getting up and said anxiously.

After they got up, they waited in the living room.

It stands to reason that no one will not To put in one's eyes for such a big event!

However, after waiting for only half an hour, Zhao Ling hadn't come yet.

The faces of the few people who were swept away by their thoughts suddenly turned dark.

At that time, Zunhuang couldn't help but complain!

"It seems that we underestimated Zhao Ling's "patience" too much."

Fantasy I Pick Up Attributes In The Future

After finishing it without any hassle, Zhao Ling and the others finally rushed towards the headquarters of the Human Alliance!

At this time, there are no civilians left on the earth.

No, not only the earth, but the entire solar system is the headquarters of the Human Alliance!

Some are only high-level officials of the two major forces and their families!

Now there are two main forces of human beings.

One is the Martial Dao Alliance, and the other is the military!

However, even this force is under the jurisdiction of the Human Alliance headquarters.

Of course, it is similar to the United Nations! It mediates the conflict between the two parties in the middle.

It stands to reason that this type of organization has no strength and rights, no army, and not many subordinates.

The situation should be similar to that of the United Nations.

If both parties have Giving face, you are a boss, if not, the Human Alliance headquarters is just an empty shell.

But I don't know why, for a hundred thousand years, the forces of the two parties have never defied the will of the Human Alliance headquarters.

As for the reason, Zhao Ling guessed that there should be extremely powerful people controlling the current human race!

As for the headquarters of the Human Alliance, Zhao Ling had already seen it when he first came to the periphery of the earth.

It's a giant circular building!

The building center has a super arena!

Zhao Ling and his group came to the entrance of the huge building, and saw a huge arch with a height of 100 meters in front of them!

There are three big characters written on the arch: Star Temple

At the entrance of the arch is a huge statue hundreds of meters high.

Above the statue is a middle-aged man holding a spear!

"This person is the ancestor of my Martial Dao Alliance, Star God Deva!"

And Zunhuang on the side whispered to Zhao Ling.

And he looked at the statue of the star god with reverence on his face.

"Star God?"

Zhao Ling's eyes flashed, and he had heard the legend of the star god since he was a primary school student.

The star god is a superpower who rose tens of thousands of years ago, before the human race entered the era of the great universe.

The human race at that time didn't care about Martial Dao's journey.

Just blindly develop technology.

In the end, they came into contact with the three major races during a conflict of interests.

After that time, the human race finally knew that technology is not the most important thing in the era of the Great Universe.

Only Martial Dao is the most powerful core.

However, it was too late, and the three major races also discovered the threat of the human race, so they planned to jointly destroy the human race.

In just a few decades, most of the territory of the human race was occupied by them.

At this time, the star gods made a move!

Breakthrough to the legendary Realm, he seriously injured the superpowers of the three races!

If the three major races were not deeply entrenched, the Star God might have wiped them out.

However, the Star God is not a terrifying mythical figure like the Bloodline King.

Although many high-level officials of the three major races have been killed, they can only sign an agreement in the end, and the four major races will not invade each other.

And in order to give each race room for development, unless someone from the four major races can crush the other three races, otherwise, only a quarter of the galaxy can develop.

This law is still in effect today.

But the legend of the star god has not appeared for tens of thousands of years.

"I don't know, Lord Star God, where is he now?"

Zhao Ling asked curiously!

As for the death of the Star God? Absolutely impossible!

If the Star God dies, Zhao Ling believes that the other three races will definitely not care about the contract, and will definitely unite to wipe out the human race at that time!

After all, they are a race that has developed in the Milky Way for millions of years, and the human race has almost reached their level in just a hundred thousand years

If the human race continues to develop, in hundreds of thousands of years, the three major races will definitely be wiped out!

This is not alarmist talk, but the experience and lessons learned by the three major races over the years,

"I also want to know, not to mention you, but the entire human race wants to know where Lord Star God is now, maybe only his disciple, Lord Leader, knows where Lord Star God is.

Zunhuang sighed quietly, and then the four of them walked towards the back of the Star God Palace!

The leader is the leader of the Guandao Alliance.

Xingshen was the founder of the Martial Dao Alliance back then.

And his only disciple took over his position and became the leader of the Martial Dao Alliance.

The four of them soon arrived at the Star God Temple.

The Star God Temple and the surrounding buildings are used for offices.

And the middle-level arena is used for major martial arts competitions!

It is said that the forest used in the entire Star God Temple is made of Tiantongti.

It means that if the general starry sky level powerhouse wants to destroy it, it will consume a lot of power.

And starry sky-level competitions, even battles, are absolutely forbidden on Earth!

Under Zunhuang's leadership, Zhao Ling and his party came to the auditorium on the edge of the ring.

The people above the auditorium added up to a terrifying several million.

After all, there are hundreds of thousands of Galaxy coming here.

Every Galaxy comes four or five, five or six!

As long as there are no more than ten!

Therefore, it is understandable that there are so many people on the venue!

Opposite Zhao Ling and the others is a VIP seat!

..... Ask for flowers... o

An old man sat above the head of the VIP seat.

But the terrifying aura emanating from the old man made the entire venue feel a little bit of pressure!

"The star sea peak powerhouse!?"

Zhao Ling's eyes flashed slightly!

This is the first time Zhao Ling has seen such a strong man.

And the dozen or so powerhouses around the old man are also the Power of the Star Sea Realm!

But these powerhouses have only one characteristic, that is old!

"The person sitting on the main seat is the leader.

At the same time, he is also the head of the Human Alliance headquarters!

He is also the military and political head of the military region. "

Zhao Ling was stunned by Zunhuang's words.

Damn Xipi, the so-called two major forces are actually under the control of the leader.

Even the Human Alliance Headquarters, the so-called intermediary mediation, is all by himself.

oo

"Only the higher-ups know about this matter, as long as you understand it, don't spread it!"

Zunhuang's words made Zhao Ling nod.

Think about it too, if there were really so many forces, the human race would have been in chaos.

It's just that people who don't know the two major forces at the bottom have been fighting endlessly all year round.

If you know that you are serving the same person, will you be pissed off!

"B!!!"

At this time, a middle-aged man appeared on the ring!

But the strength of the middle-aged man has reached the seventh stage of the starry sky!

"This person is the son of the leader, Wu Kuang!"

Zunhuang introduced to Zhao Ling!

"Everyone, you are not here to listen to my nonsense, so I will make a long story short!"

Wu Kuang's words made millions of people on the stage breathe a sigh of relief!

People who practice martial arts hate those polite opening remarks the most.

It is said that several years ago, a person who liked to drag texts talked for three hours in a row when he made the opening remarks.

However, in the end, the audience who couldn't bear it rushed off the stage and beat him up.

In the following sessions, no one dared to say more than ten minutes of opening remarks.

"This year's competition is divided into two rounds! The first round will go to Saturn! For this assessment, we have placed 3 billion Tier 3 Star Beasts on Saturn, and 100 million Tier 4 Star Beasts! There are also ten star beasts of the fifth rank!"

When Wu Kuang said this, the faces of some candidates on the stage changed slightly!

The third-order star beast is okay, it is equivalent to an ordinary Grandmaster!

However, the fourth-order star beast is different!

Each one is a powerhouse equivalent to Starlight Realm, and this kind of powerhouse actually invested 100 million pieces?

"This time, it seems that the ally is coming for real!".

Fantasy I Pick Up Attributes In The Future

Chapter 110: Unlucky Backer! (One More)

Zun Huang frowned slightly when he heard this data!

You must know that the strongest person on the field only possesses the strength of Starlight Fifth Stage.

But you must know that the physical strength of star beasts is much stronger than that of normal people.

The same ones even have Talent skills!

Adding all these together, only a young genius of the same rank can be the opponent of an ordinary star beast.

As for the 100 million Starlight Realm star beasts, if an average student encounters two at random, they will definitely die!

"Thus, those who want to abstain from this year's assessment should do so as soon as possible, otherwise, if they die at that time, they will not be able to blame others!"

Wu Kuang's indifferent voice spread to the auditorium tens of kilometers around.

After hearing this, many Galaxy emperors looked worriedly at the students they had brought!

If they abstained before the start, there would be no place for their old faces!

"I abstain!!!"

However, someone finally spoke up!

With the first one, there will be the second "043"!

The next moment, all the students raised their hands.

Tens of thousands of students withdrew from the assessment at once.

Zunhuang shook his head slightly when he saw this scene.

"You don't even have the courage to face Death, so what if the Talent is strong?"

Zunhuang sighed quietly.

But he looked at Zhao Ling with a slight smile at the corner of his mouth.

Zhao Ling was able to fight the Bloodline Titan desperately back then, that kind of courage is not something ordinary people can have.

But now Zhao Ling is not in the mood to pay attention to them.

Instead, the telekinetic force swept across the surroundings, enveloping the True Qi value dropped by these strong men towards him!

But because they are all sitting in the same place without even exercising, only one person out of thousands of people will lose attributes.

But there are too many people!

"Ding... Congratulations to the host for picking up the True Qi value: 50000!"

"Ding... Congratulations to the host for picking up the True Qi value: 85000!"

"Ding... Congratulations to the host for picking up the True Qi value: 250000!"

"Ding... Congratulations to the host for picking up the True Qi value: 31000!"

A series of system prompts rang in Zhao Ling's mind.

There are tens of thousands, thousands, or even hundreds of thousands of attribute points falling from the ground.

However, Zhao Ling's unscrupulous use of mental power to search has also attracted the attention and dissatisfaction of many strong people.

Be aware that it is most rude to scan someone with Mental Energy.

It's like touching someone else with your hands!

"Humph!!!!"

Just after Zhao Ling scanned the attribute value next to the Sixth Stage in the starry sky, the person he had brought originally abstained, and the uncomfortable emperor broke out!

A cold snort charged towards Zhao Ling's Mental Energy with a powerful aura.

Zhao Ling frowned, and his thoughts exploded instantly.

"boom!!!!!"

Invisibly, there was a loud noise.

The Emperor of the Galaxy snorted, and almost spat out a mouthful of old blood.

Everyone's eyes were instantly attracted.

And Zhao Ling also hid own Mental Energy in an instant.

"Ling Fenghuang, what's your opinion on my arrangement?"

Wu Kuang frowned and looked towards the source of the voice.

And the warning color in his words made Ling Fenghuang's face change drastically!

"Don't dare!!"

He could only apologize quickly if he couldn't tell.

Wu Kuang glanced at the other party and ignored him.

"Is there anyone else who wants to quit? If not, I will continue to flip!"

Wu Kuang's voice spread to the entire arena again.

However, tens of thousands of people have already withdrawn, and all those who should withdraw have already withdrawn.

"The rules of the first round of the game are very simple, that is to kill star beasts! Get points, every time you kill a star beast, your points will increase!

Killing a Tier 3 peak star beast gets 100 points! No points below that! And killing a Tier 4 one-star beast will get 200 points, Tier 4 two-star beasts 400 points, three stars 800 points, and so on!

At the same time, if you kill or defeat other students, you will get half of the opponent's tax points!

Those who have been defeated can continue to fight as long as they still have the ability to fight!

The top 1,000 players who get the most points will enter the second round! The second round will come back here, and we will know the details when the time comes.

Now, all those who still want to be assessed, come directly to the ring and wait!!"

After Wu Kuang finished speaking, a huge shadow flew in the sky.

A huge spaceship stays in the sky!

The next moment A young man

He flew up from the arena and flew down.

Of course, these so-called youths are almost all over a hundred years old.

At the same time, the strength is also Starlight Realm.

"I'm leaving!!!"

After Zhao Ling finished speaking to Zunhuang, he flew up and flew towards the top of the ring.

The appearance of Zhao Ling instantly changed the faces of all the powerhouses.

"This kid seems to be only ten years old!"

"That's right, judging from the Mental Energy annual ring, he should be in his teens."

"Come to participate in the Galactic Elite competition as a teenager? Isn't this a joke?"

"And his strength seems to be only Grandmaster!!"

When the strong men saw Zhao Ling, they couldn't help but look at the Mental Energy annual rings that Zhao Ling radiated...

However, the result was that their faces changed.

Zhao Ling is really too young.

"Interesting, what is Zunhuang up to?"

On the VIP seat, an old man smiled slightly, as if he was also interested by Zhao Ling!

"Who knows, maybe no one has succeeded in honoring the emperor in these years, this kid has given up!"

The other old man also smiled helplessly.

However, only the leader of the Martial Dao Alliance sitting in the center frowned slightly when he saw Zhao Ling.

Because, he found that he couldn't see through Zhao Ling's true strength.

At first glance, the aura exuded by Zhao Ling seems to be the pinnacle of the Great Master, but when you look closely, you can see that it doesn't look like a Grandmaster!

"Did you hide your strength?"

The leader thought uncertainly.

But there seems to be only one explanation!

It's just that as the leader of the human race, the leader won't care too much.

As long as the Talent is strong and powerful, you can hide well, as long as you show up when the human race needs you, no one will say anything about you!

"Boom!!!!" The next moment, with a huge roar, the entire spaceship instantly disappeared in place!

The assessment of Zhao Ling and the others was directly sent to the territory of the Human Race Alliance in the entire galaxy.

Even the other three major races are paying attention to the assessment of the human race!

Because of 4.2, the assessment of the four major races starts on the same day.

They can see the assessment of the human race, and correspondingly, the human race can also see their assessment.

It can be said that this is a contest between the top talents of the four major races.

Just over ten seconds later, the spacecraft has come to the sky above Saturn!

Through the holographic screen, Zhao Ling saw Saturn below which was transformed by the human race!

Saturn's rings still surround him.

The difference is that Saturn, which was originally full of wind and sand, has now become lush and lush!

Of course, there are only grasslands without any big trees as far as the eye can see.

After all, the places where big trees grow are relatively humid.

Saturn has a drier body surface!

But the most eye-catching thing is those star beasts who are killing wildly on the planet!

Seeing this, Zhao Ling seems to have seen the moment when the teenagers around him were brutally killed!

"The assessment site is here! Everyone is ready, the random delivery is about to begin!"

Fantasy I Pick Up Attributes In The Future

Chapter 111: Blood Devil Gun (Peak Of The Starry Sky) Second Watch

Following Wu Kuang's order, The next moment, the spacecraft began to fly rapidly in the sky of Saturn!

At the same time, hundreds of thousands of students were dropped in quickly!

Soon Zhao Ling was sent to a corner of Saturn.

"Roar!!!!!"

"grumble!!!"

The roar of star beasts spread around Zhao Ling instantly.

You know, after the star beast reaches the third level or above, it will start to have wisdom.

And almost all the star beasts here know what it means to be brought here.

Therefore, as long as he sees human beings, he will definitely hunt them down crazily.

Of course, the ten star beasts in the Starry Sky Realm each found a nest to sleep peacefully.

None of them wanted revenge or anything!

Because they have already reached an agreement with the top leaders of the human race, unless the young people of the human race deliberately come to make trouble, otherwise they are just a display.

"Announcement! Yanxiu Galaxy, Zhao Kai kills the first third-order star beast, and the points reward will be doubled ten times. Points obtained: 1000 points"

Suddenly, a loud voice came from the sky.

The next moment, Zhao Ling saw a name appeared on the originally empty leaderboard!

"Ranking no.1: Yanxiu Galaxy, Zhao Kai, Points: 1000"

However, during the 27 hours that Zhao Ling was watching the show, the lists on the leaderboard began to pop up some hundred-point lists

However, there are still very few people who compare with Zhao Kai! Everyone is very jealous of Zhao Kai, the lucky one.

You know, Riqian's points represent star beasts who are at the peak of the thirteenth rank!

At the same time, if you kill a fourth-rank star beast, you must kill at least a four-star star beast to get 1,600 points.

However, so many points can definitely lead others by a large margin at the starting line!

On the distant earth! The emperors of hundreds of thousands of galaxies all looked at a red-haired old man with jealousy.

"Hahahaha! Zhao Kai is famous for being one step ahead of others. If this goes well, I will take one of the spots!"

The red-haired old man laughed loudly, making the surrounding emperors couldn't help but despise him!

However, I am slightly worried, because Zhao Kai's strength is already in the top five thousand in the evaluation list.

Now that he is preemptively attacking again, it will be troublesome if he really gets a spot.

After all, there are only a thousand places!

Seeing the envy and hatred of the people around him, the red-haired old man was very proud!

However, at this moment, he saw Zunhuang and his party not far away who were calm and composed!

"That's right! I don't know what to do with the little brother Zunhuang brought this time. If this quota is given to him, maybe he will enter the top 1,000!"

Feeling that he was being ignored, the red-haired old man couldn't help laughing and mocking Zunhuang.

Speaking of which, the two really had a bit of animosity.

After all, they all use long spears, and Zun Huang defeated himself in the last gun competition.

Hearing this mocking sound, the emperor frowned.

People sit at home and mock the heavens!

But Zunhuang chose to ignore such foolishness.

tazt...

"Is there a reward for the first kill?"

Zhao Ling's eyes flashed, and then his gaze caught sight of a four-star beast ten kilometers away from him!

The next moment, a dark red Flying Daggers burst out instantly.

Flying Daggers turned into a red light and instantly came to the forehead of the fourth-order star beast!

The next moment, Flying Daggers will penetrate the star beast to death!

"Announcement! Zunhuang Galaxy, Zhao Ling! Kill the first Tier 4 Star Beast! Bonus Points*10, Points Obtained: 8000"

However, another announcement sounded!

This time, not to mention the hundreds of thousands of students who are still being evaluated, even the emperors who are watching the theater on the earth all changed their faces!

"A fourth-order star beast? How could it be possible to kill a fourth-order star beast so quickly!!"

"Fuck, let's forget about a Tier 4 Star Beast, it's still a Tier 4 Samsung! How is this possible?"

"Cheating, the Jedi is cheating, Zunhuang Galaxy Zhao Ling? Isn't that the rookie from the Grandmaster realm?"

In an instant, all the emperors erupted!

Everyone is discussing frantically.

And the leader saw that heroic young man flashing through his mind here.

"I didn't expect him to really hide his strength? I just don't know if this strength is all he has!"

The leader of Martial Dao frowned slightly!

"Hahahaha! Zhao Ling is famous for being one step ahead of others. If this goes well, one of the places will be taken away from my Zunhuang Universe!"

However, this time it's Zunhuang's turn to start shouting!

Almost exactly the same sentence made the red-haired old man not far away turn red with anger!

"Oh! That's right! I don't know what to do with the little brother that Emperor Yanxiu brought this time. If this quota is given to him, he can find a place to hide and enter the top ten thousand!"

However, the time to be ridiculed is not over yet.

Zunhuang repeated Yan Xiuhuang's words again.

This time, Yan Xiuhuang's face was as ugly as if he had eaten shit.

However, he couldn't say anything yet, after all, he provoked it first and then got slapped in the face.

On the other side, the surveillance personnel at the scene also released the video of killing the fourth-order three-star beast with a single blow.

This time, everyone was silent!

Those who clamored for Zhao Ling to cheat swallowed their saliva.

This strength is still used for cheating? Killing the fourth-order three-star beast in seconds can already be ranked in the top fifty of this competition!

On the field, Zhao Ling directly took back the True Qi value around the body of the star beast he killed!

"Over 700 million True Qi values have been collected from the auditorium just now.

However, I actually saw a star-level treasure chest!"

Thinking of this, Zhao Ling curiously took out a golden treasure chest from his own storage bar.

"System, show me what good things are in this first starry sky treasure chest!"

Zhao Ling spoke directly to the system.

"Ding... 340... Congratulations to the host for opening the starry sky treasure chest*1, congratulations to the host's character explosion, and the following items!"

Weapons: Blood Devil Gun (Peak of Starry Sky): Blood Devil Gun is devil armaments' made of Blood Devil spar! Has the ability to kill creatures to evolve!

Experience: 100000

Attribute: True Qi Value: 500,000"

As the system's notification sounded, a long gun exuding endless bloody aura appeared in front of Zhao Ling!

Looking at this spear, Zhao Ling felt as if it would be swallowed by the opponent.

But Zhao Ling knew that as long as it was opened from the system treasure chest, it would not be able to cause harm to him, so he directly squeezed towards the spear!

"Chi Chi Chi..."

When Zhao Ling pinched the spear, a scorching sound spread around.

At the next moment, Zhao Ling stuck his spear on the corpse on the ground, and that Tier 4 Star Beast was sucked dry in an instant Blood Essence!

"Boom!!!!!"

With a soft sound, the body of the star beast instantly turned into dust.

"Fuck, what a domineering chicken!"

Seeing this, Zhao Ling couldn't help but swear!

But the more powerful the weapon is, Zhao Ling can only be happy, who would be idle and despise own powerful weapon?

And it's a weapon that I can completely control.

"By the way, it's time for me to improve my skills!"

Zhao Ling suddenly remembered that own experience value has reached about 300 million!

"System, help me call out my skill level!".

Fantasy I Pick Up Attributes In The Future

"System, help me call out my skill level!"

Psychic skills: 15 soul power (0/3 million)

Gun skills: proficient in advanced (0/5 million)

Movement Technique Skill: Mastery Intermediate (0/3 million)

Ability Skills: Proficient in Intermediate (0/3 million)

Experience value: 300 million

The next moment will list all the skills that Zhao Ling currently possesses.

Seeing this, Zhao Ling felt a bit pained, he actually has so many experience points!

"System, help me upgrade all skills to Master!"

After proficiency in skills is Master!

"Ding...began to improve the mind power skill, the mind power skill is increased to 20 souls, and consumes 3 million experience points, the mind power skill is increased to 25 souls, and the experience value is 5 million. square"

"Ding...began to improve the skill of the gun.....

"Ding.....The upgrade is complete, and the total consumption of experience points: 69 million"

Psychic skills: 30 soul power (0/50 million)

Gun Skills: Master Low Level (0/50 million)

Movement Technique Skill: Master Low Level (0/50 million)

Ability Skills: Master Low Level (0/50 million)

Experience Points: 231 million

"Okay, let's raise a level in all of them!!"

Seeing that there are so many experience points, Zhao Ling was speechless.

"Ding... The upgrade is complete! Total experience points consumed: 200 million"

Attribute table:

Host: Zhao Ling

Bloodline: ten stars

Martial Dao Realm: True Qi Realm: Pinnacle

Spiritual Realm: Spiritual Tier: Pinnacle

True Qi: 60 rpm (5 million/100 million)

Ability: 55 kinds

Guardian Spirit: Dark Gold Nine-Clawed Dragon (Dark Gold Dragon Armor, 50 times)

Power: 100 million

Speed: 5 million m/s

Blood: 100 million

Soul: 10 million

Psychic skill: 35 soul power (0/100 million)

Gun Skills: Master Intermediate (0/100 million)

Movement Technique Skill: Master Intermediate (0/100 million)

Ability Skills: Master Intermediate (0/100 million)

Weapons: Meteorite Flying Daggers (Peak of Sky Rank) Blood Devil Gun (Peak of Starry Sky Rank)

Cultivation Technique: Vajra Immortal Art (first four volumes, peak of heaven! 100%)

Martial Skill: Lei Yan Flowing Fire Knife Array (100% of the peak of the sky rank) Yin & Yang Dragon Spear (100% of the peak of the sky rank)

Experience: 31 million

Zhao Ling's basic strength has reached 100 million kilograms.

At the same time, the skill level also has the level of conciseness of True Qi

And after a series of additions, now even without using the dark gold dragon armor, just using the most basic form of Juhua can defeat Zunhuang in his heyday!

"Announcement! The number of Deaths has reached 10,000. Candidates please pay attention! At the same time, there are still 23 hours until the end of the assessment~!"

However, at this moment, there was such a huge notification sound in the sky!

"By the way, I almost forgot, today is the start time of the battle of the strong!"

Thinking of this, Zhao Ling slapped his head!

Fortunately, it is only after eight o'clock in the morning.

Zhao Ling looked at the leaderboard, but found that the second place has reached 3500!

If you give him an hour, maybe you can catch up with me!

"Can't waste time on this kind of small competition!!"

Zhao Ling's eyes flashed, and then disappeared in place in an instant

On the other side! After seeing that Zhao Ling's points had not changed for more than an hour, more and more people wondered what Zhao Ling was doing!

"Hmph, good luck, I was the first to kill the Tier 4 star beast, now it won't work! I knew, this kid must have used some kind of secret method for that knife, and now I'm afraid I won't even be able to save my life

Emperor Yan Xiu who was slapped in the face sneered twice.

If you say that he is also cheap, if he didn't slap people casually, he wouldn't be slapped in the face.

Fortunately, Zhao Ling has not made any achievements now.

Otherwise, he would be slapped and swollen in the face!

And his words were also agreed by the majority of people, a Grandmaster, erupting such a terrifying blow!

Even the star beasts of the Starlight Third Stage can be instantly killed

Only the legendary life-depleting blow can achieve it.

In their view, Zhao Ling is willing to waste his life just to get the top 1,000.

But Zun Huang didn't even look at Yan Xiu Huang!

Emperor Yanxiu, who was ignored again, snorted coldly!

"Hmph, let's see what you do in the second round!"

After speaking, he looked towards the leaderboard again.

However, at this moment, the points for the first place on the leaderboard suddenly moved!

The original eight thousand instantly became nine thousand six.

"It's moving, Zhao Ling's points are moving!"

"Increased by one thousand and six, he killed the star beast of the fourth rank and four stars!!"

"Could it be that he has been trapped by this Tier 4 and 4 star star beast for an hour?"

A cry of exclamation came from above the auditorium.

Seeing this scene, Emperor Xiu's face suddenly darkened.

Zhao Kai of Yanxiu Galaxy worked hard for an hour to grow from 1,000 points to 1,500 points.

Unexpectedly, if Zhao Ling kills one casually, it will be higher than his total number!

However, The next moment Zhao Ling's points increased again!

Ranking no.1: Zunhuang Galaxy, Zhao Ling, points: 11200

Another thousand and sixteen.

However, they have not waited for them to exclaim.

Zhao Ling's points started to rise again!

And this time it started skyrocketing.

Zhao Ling's score will jump more than ten times every second!

[21300...25100...31500..."

This score started beating crazily like a malfunctioning computer!

"We want to see the scene!!"

Suddenly, an unbelievable voice came!

"That's right, we want to see the scene!"

"I don't believe it. Cheating is definitely cheating. I want to see it too!"

The shouts of the old man spread throughout the starry sky!

The whole earth trembled slightly under these sounds.

And a middle-aged man controlling the screen glanced at the leader of Martial Dao in embarrassment.

After all, playing once to prove that Zhao Ling didn't cheat is already the limit.

Suspecting Zhao Ling of cheating is going too far now.

The leader of Martial Dao nodded with a smile!

The next moment, a picture that everyone couldn't believe appeared in the sky.

I saw a young man sitting cross-legged on a grassland, and around him were sparkling silver flying birds!

At the same time, group after group of star beasts rushed towards Zhao Ling crazily,

But when they were a hundred meters away from Zhao Ling, these star beasts were instantly strangled by the Flying Daggers.

Such a horrific scene made those young people who came here to play (Qian Lihao) to open their eyes pale!

Originally they thought that they were all the elites among the elites of the human race, who knew that Zhao Ling might not be enough to kill Zhao Ling in comparison!

"Hey, what do you see Zhao Ling doing!?"

Suddenly, they saw Zhao Ling wearing an old-fashioned gaming helmet on his head!

"Fuck, is this kid still playing games?"

"Baga, it's too much! Don't take the exam To put in one's eyes at all, I suggest disqualifying this kid!"

However, at this moment, a mustache old man with a sharp mouth and monkey cheeks suddenly cursed.

This person is one of the descendants left over from Country R back then.

"Watanabe, you are so sleepy that you can say such stupid things?" An old man beside him changed his face and cursed with a sneer!

"Nani? Do you dare to say it again? I, Emperor Amaterasu, are nearby and you dare to scold me!?" Watanabe immediately raised his own backer.

That is, Amaterasu Emperor of Amaterasu Galaxy.

"Damn it, it's fine to scold you, daddy still hits you, Jay!"

After finishing speaking, the old man waved his hand and squeezed his strength like a chicken!

Fantasy I Pick Up Attributes In The Future

Chapter 113: Remnants Of Country R, Kill Them Today! ! (4/5)

"Tianhuhuang, you have passed, you dare to touch the people of my Amaterasu Galaxy!? Let alone you, even the leader dare not touch my Amaterasu Galaxy!"

When Watanabe was arrested, Emperor Amaterasu was furious.

It depends on the owner to beat a dog, this Tianhuhuang is giving himself a blow!

After finishing speaking, Amaterasu Emperor burst out with a powerful aura instantly!

However, in a hurry, he actually said what his subordinates usually pretended to say.

This time it stabbed a hornet's nest!

"Damn it, the bastards in the little R country dare to curse people! Are you courting death?"

"Damn, daddy didn't like that Watanabe a long time ago, relying on a stupid Amaterasu Emperor, a mere third stage in the starry sky dares to provoke me! Beat him up!"

"This despicable race should have been exterminated a hundred thousand years ago! Exterminate him!"

With a roar of anger, thousands of starry sky-level powerhouses around them blatantly shot.

All of them smashed their ultimate moves towards Emperor Amaterasu!

It can be predicted that if this hit hits, let alone Amaterasu Emperor.

Even the earth will be destroyed in an instant.

Amaterasu Emperor's face turned pale in an instant, and he was so outspoken!

"My lord, save me!!"

Amaterasu screamed, and quickly raised his hands to form a flame shield that instantly condensed into 413 pieces.

And just when thousands of attacks were about to hit Amaterasu Emperor, a terrifying force instantly enveloped the entire planet!

These hands-on star-level powerhouses were instantly imprisoned in place. Their attacks also disappeared in an instant!

"Stop!!"

At this moment, a sigh came, and the originally furious crowd instantly woke up.

The next moment looked around in fear.

He actually almost destroyed the earth because of his rage.

And at this moment, leader Martial Dao came here with a dozen other old men who exuded a devastating aura!

"I have seen the leader, I have seen the guest Venerable!!"

"I have met the leader, I have seen all the Venerables!!"

The leader of Martial Dao nodded slightly! Then the energy that imprisoned the group of old men around him dissipated.

"Thank you, Lord Leader!!!"

Amaterasu quickly raised cupped hands to Martial Dao leader.

With lingering fear, he glanced at the group of angry emperors around him!

"Amaterasu! I once told you that in Amaterasu Galaxy, you can do whatever you want, but do you remember the second sentence I said!"

However, the face of the leader who was always smiling turned cold.

Although his tone was calm, it did contain endless meaning of ice, which made Amaterasu Emperor's face change drastically!

"My lord, Mingjian, I, Amaterasu, have absolutely no disrespect, it's all accidents!"

Amaterasu directly knelt down towards the leader of Martial Dao tremblingly.

"Am I asking you that question!?"

The leader of Martial Dao's tone was suddenly cold.

At this moment, not to mention Amaterasu, even the hundreds of thousands of emperors who watched the excitement couldn't help shaking.

And the dozen or so Star Sea Realm powerhouses behind the lord couldn't help but look at each other in surprise.

Obviously, they also noticed that the strength of the leader of Martial Dao has improved again.

"No, no, the lord leader once said that as long as I cause trouble in any place other than the Amaterasu Galaxy, I will kill my Amaterasu series! But today I really didn't cause trouble, it was all Watanabe, and it was all him what....."

Amaterasu now feels that he has been wronged more than Dou E.

Didn't I just protect my subordinates? Is it necessary to be so ruthless?

However, what he didn't know was that things were far from that simple.

"Needless to say!!"

Martial Dao leader's cold words made Amaterasu speechless for a moment.

"Amaterasu Galaxy, people from all over the Galaxy have colluded with underground organizations to harm the people of the human race. Originally, I planned to order the erasure of Amaterasu Galaxy on this Galaxy Elite Competition! But now it seems to be ahead of schedule!!!"

The cold words of Martial Dao leader spread throughout the planet.

All the star-level powerhouses changed their expressions drastically after hearing this.

I didn't expect Amaterasu to be so courageous, even if he colluded with the underground organization, it was actually the collusion of the entire Galaxy.

You know, Amaterasu Galaxy has been repelled by the Galaxy around him.

As long as it is intermarried with someone from the Amaterasu Galaxy (chbf), any other Galaxy will expel it from the country!

Therefore, as time goes by, the people of the "unphotographed family" are now only in the unidentified Galaxy.

"My lord, I am willing to lead troops to wipe out Amaterasu Galaxy!"

And at this moment, an old man from Star Sea Realm stepped forward and said loudly!

And the moment he saw the old man, Amaterasu's face instantly became extremely desperate.

"Very good, Marshal Xueying, I will leave the affairs of Amaterasu Galaxy to you!!"

The leader of Martial Dao smiled and nodded, The next moment, a slight pinch of his right hand!

An unknown energy swept across Amaterasu's whole body.

The next moment, the terrified Amaterasu disappeared into the air like a spot of light.

This scene made the expressions of millions of people around them change.

After finishing all this, leader Martial Dao returned to the summit platform with a dozen other old men.

The middle-aged man who presided over the venue waved his hand, and the picture of Zhao Xiang killing the star beast disappeared instantly.

"The assessment continues. In addition, those who have just made a move, all consciously go to the Law Enforcement Hall to confess their crimes!"

At the same time, his resonant voice spread throughout the entire Star God Palace!

In an instant, the faces of those galaxy emperors who almost destroyed the earth just now turned pale!

But I can only admit it, who made me so passionate!

And having said that, if the blow just now really hit, the earth would really be over.

Even if it can be repaired with the current technology, the earth will not be what it used to be.

And when the turmoil happened, the ranking in the sky had already undergone a huge change!

Zhao Ling's points have reached a terrifying 400,000 points!

And this value is still rising, but the rise is not as fast as before!

On Saturn.....

Zhao Ling was still sitting cross-legged on the same spot, but mountains of meat more than 100 meters high had piled up around him!

However, as long as the corpses of these star beasts approach Zhao Ling, all the Blood Essence will be absorbed by the Blood Devil gun.

A strange red light swayed on the barrel of the Blood Devil gun!

But at this time, Zhao Ling's consciousness came to the virtual universe.

Time went back to a few minutes ago.

Zhao Ling originally planned to kill some star beasts and then hide.

However, he discovered that the star beasts on this planet are not like normal developing planets, and the star beasts still have their own territory.

Because they are all migrated, these star beasts are like taking aphrodisiacs, killing and destroying the entire planet crazily!

Zhao Ling couldn't even find a place to hide.

And in the starry sky is outside the scope of the competition, if you go, you will be disqualified.

No way, Zhao Ling had to sit on the ground and do two things at once!

But what I didn't expect was that after I killed some star beasts, all the other star beasts who smelled blood came!

Fortunately, these star beasts are also wise. After seeing that their own strength seems to be dying, many star beasts have already left.

As soon as Zhao Ling's consciousness entered the virtual universe, he saw that the entire sky turned blood red!

At the same time, huge lists appeared in the sky one by one!.

Fantasy I Pick Up Attributes In The Future

Chapter 114: The Tianyan Powerhouse Battle Begins! ! (5/5)

Ten huge lists are suspended in the sky.

And there are a long list of numbers on top of these lists!

Zhao Ling counted sixty or seventy digits.

"Mr. Zhao Ling, the Tianyan strongman battle you signed up for has begun~! Please get ready!"

At the same time, the voice of the guide also sounded in the void.

The next moment, a set of rules appeared before Zhao Ling's eyes!

"The Tianyan Powerhouse Tournament is divided into three rounds! The first round is a large-scale knockout match. People above each division start to fight. Every day, each person will fight at least and at most a hundred games. Be eliminated.

Because there are more people in Tianyan Universe, the first round will last for three days!

In the end, the top one trillion players in each division will be selected!"

"After that is the second round, the final 10,000 contestants will be selected in the second round!

And these 10,000 contestants are the ones who will finally enter Tianyan Shenshan, and the competition rules will be announced at that time.

"The third round! The third round is the qualifying competition, and the 10,000 players selected will be ranked."

Having said that, Zhao Ling also roughly understands the competition process!

But the most urgent thing is to start the game first.

The next moment, Zhao Ling clicked to start the game!

In an instant, Zhao Ling's figure disappeared in front of him.

Appearing again, Zhao Ling found himself on a huge ring!

"Starlight-level group arena, start, each match has a time limit of ten minutes! If the winner cannot be decided within ten minutes, both will be eliminated!"

A loud reminder sounded in the sky.

The next moment Zhao Ling saw a middle-aged man in front of him.

The big man just saw Zhao Ling, so he shot immediately!

"Regret God Fist!!!"

The big man yelled loudly, and the combat power erupted by Realm at the pinnacle of starlight has reached the third stage of the starry sky!

"I didn't expect to meet a strong person as soon as I came here!"

Zhao Ling's eyes flickered slightly.

The next moment, the blood gun instantly appeared in the distance!

The battle of the strong is different from the hidden dragon list.

In the battle of the strong, as long as you can win, any tricks are in line with the regulations.

Therefore, Zhao Ling's Blood Devil gun is now also a pinnacle weapon in the starry sky.

"Yin & Yang Crazy Dragon Gun!!!"

With Zhao Ling's low shout! A black and white dragon roared out instantly!

The terrifying dragon instantly devoured the big man in front of Zhao Ling's eyes!

"boom!!!!!!"

A terrifying collision sound spread throughout the starry sky!

The next moment, white light spots all over the sky diffused from the collision place.

Apparently the big guy couldn't survive Zhao Ling's blow in the end!

The unlucky big man is actually relatively powerful.

Starlight Realm can reach the combat power of Starry Sky Realm, which is already a genius at the kingdom level.

Generally speaking, it is not difficult to survive the knockout round on the first day!

It's just that he met Zhao Ling!

"Win the first game, start the second game, get ready!"

And the guiding voice in the sky sounded again.

After more than 50 games in a row, Zhao Ling did not meet anyone stronger than the big man in the first game.

And in order to make a quick decision, Zhao Ling always instantly kills the opponent immediately after the opponent makes a move!

In the outside world, the number of people on the top ten lists is also decreasing at a crazy speed.

It quickly dropped by nearly a dozen digits.

Yet at the same time!

Dragon Roar, the imperial capital of the Universe Empire!

Emperor Long Xiao sat on the throne and looked down at the frustrated Long Zaitian!

"Father, the child has lost!!!"

Long Zaitian said in a low voice.

His Talent is not weak. But the battle of the strong must not only compete against Talent, but also against Realm!

No matter how talented Long Zaitian is.

His current Realm only has Starlight Fifth Stage!

Even though his fighting power is more than ten times that of the peak of starlight, it is still far behind those old bones who have lingered at the peak of starlight for hundreds of years.

The strength of these people is comparable to Starry Sky's two Third Stages and three Fourth Stages!

This time, it encountered a strong man at the peak of starlight in the sky, and the strength of the other party had just reached the first stage of the starry sky.

But Long Zaitian is still weaker than him.

After holding on for ten minutes, both of them were eliminated.

"Oh! I see, this time you didn't have a good time!!"

Emperor Long Xiao had already guessed the result [whether the loyalty really happened or he was a little helpless.

"Of your other big brothers, only you Dage and fifth brother have experienced strong battles, but they didn't have a good time! I didn't expect you to be the same, time is fate!!"

Speaking of it, Emperor Long Xiao was relatively lucky, every time he gave birth to a son, it was at a critical moment.

Compared with the battle of the strong in Tianyan, it is compared to the grand event of the universe that only happens once every billion years.

Three of these few sons have encountered such a good thing, which is considered extremely good.

However, the three sons couldn't even make it through the first round.

But now, because those sons did not reach the level of immortality, they finally turned into a handful of loess.

After all, even a World Master class can only survive in the world for a maximum of 100 million years.

..... Ask for flowers.....

"By the way, have you found the Galaxy where Zhao Ling is!?"

Suddenly, Emperor Long Xiao's eyes lit up, and he suddenly thought of Zhao Ling, the descendant of the blood clan.

You must know that Zhao Ling's reputation in the entire Tianyan Universe Divine Kingdom is much greater than his Long Xiao Emperor.

The existence of the top ten in the Tianyan Qianlong list.

At the same time, it is said that Tianyu, who is number one, may not necessarily be the opponent of the opponent.

"Father has been found! I learned from Wan Jun, the fourth prince of the Universe Kingdom, that Zhao Ling is the one who imprisoned the Universe Kingdom!"

Among the countless people who have fought Zhao Ling, only Wan Jun is Zhao Ling's friend. After all, if Wan Jun hadn't put down his figure of the top 100 million in Long Xiao's potential list and started a skill battle with Zhao Ling, Maybe Zhao Xiang will be trapped in the blood soul ship for a long time!

"Huh? Prison the people of the Universe kingdom? That's right, I should have thought of it earlier!"

.....O

Emperor Long Xiao's eyes flashed.

You must know that after the Bloodline Universe Kingdom was wiped out, the people from the Prison Universe Kingdom took over most of his territory!

If Zhao Ling came from the blood clan, then the Galaxy he lives in should be the Kingdom of the Dry Prison Universe!

"Order to go down, let the people in the universe kingdom do their best to search for any information about Zhao Ling! The same goes for the nearby kingdoms! If you find anything, report it directly!"

Emperor Long Xiao's words were like the divine voice of heaven and earth, resounding across the distance of dozens of light-years around!

The next moment, the whole news that Rangan Prison King was almost paralyzed from fright spread directly to his palace.

"Send an order to search every galaxy, and search all the people named Zhao Ling!"

The order of the prison king was instantly conveyed to any place in the prison kingdom!

Of course, a wild galaxy like the Milky Way does not have any army deployments from the Prison Kingdom.

After all, if you want resources, you don't have resources, and if you want the strong, you don't have the strong.

Take it over and support his development.

It's a shame to throw away such a place.

But now he is suffering.

Not included in the scope of planning, which means that the news cannot be conveyed to him all the time, and now he can only send people to these galaxies.

"Kowloon Thunderbolt!!!"

A loud shout came from the sky above the ring, and a purple-red thunder light instantly penetrated an old man standing on the ring.

"Boom!!!!"

With a soft sound, the old man turned into a white light and disappeared on the ring!

Fantasy I Pick Up Attributes In The Future

Chapter 115: Bombing And Killing The Fifth-Order Star Beast! (1/5)

"Congratulations to player Zhao Ling, you have successfully played 100 rounds, and your number of games today has reached the limit, please come back tomorrow!"

After a notification sound, Zhao Ling also exited the ring.

Back on a square, the number of people on the nine huge lists in the sky has decreased by more than twenty digits.

"Has it been this long?"

Zhao Ling looked at the time, but found that ten hours had passed.

The next moment Zhao Ling directly exited the virtual universe.

However, as soon as he returned to the real world, a strong smell of blood spread into Zhao Ling's nostrils.

At the same time, the surroundings have become extremely dark.

"Damn it, so many people died?"

Zhao Ling was a little speechless.

He hasn't learned the essence of his dual-purpose skills, so he can only rely on instinct to fight.

Of course, the combat power erupted by this instinct is also one-tenth of his heyday, that is to say, the general starry sky level 4th Fifth Stage is "eight to seventy" seconds!

"Leaderboard no.1, Zunhuang Galaxy, Zhao Ling, points: ***

More than 30 million points, Zhao Ling will look at the second place again! Well, not bad, it has already reached 10,000!

"I don't know if Zunhuang is jumping in anger now!"

Zhao Ling had no choice but to think that he had promised the other party to hide his strength before [However, Zhao Ling was speechless after seeing the body of a starry sky Tenth Stage lying in the middle body group!

"You are a star beast, why don't you hide and come out to die?"

The next moment Zhao Ling collected all the surrounding treasure chests and True Qi values.

"Ding...Congratulations to the host for obtaining the earth-level treasure chest*8325, the sky-level treasure chest*1520, and the star-level treasure chest*1"

"Ding...Congratulations to the host for obtaining True Qi value: 540 million"

The next moment Zhao Ling's True Qi turned to sixty-five in an instant!

"System, open all the treasure chests!"

Looking at the treasure chests that have been collected, he said to the system.

"Ding... Congratulations to the host for opening the treasure chest. Earth-level treasure chest*12503, sky-level treasure chest 2540, and star-level treasure chest*1 to get the following items:

Earth-level items*3520, sky-level items*862.

Star-level weapon: Shadow Blade*10 (star-level peak): Shadow Blade! Flying Daggers specially made by the starry sky shadow clan, with absolute stealth function, no opponent in the same rank can firmly perceive its existence. At the same time has a powerful attack words!

Experience value: 1.5 trillion

True Qi value: 500 million

With a series of prompts from the system, Zhao Ling's True Qi directly reached 70 rpm!

At the same time, terrifying forces were brewing in Zhao Ling's body!

Zhao Ling clenched his fist slightly, and the air around The next moment was crushed directly.

"Om!!!!"

Suddenly, the spear beside Zhao Ling let out a chirping sound!

Zhao Ling, in front of such a Blood Devil gun, he can't absorb it, it's as cruel as making foodies go on hunger strike and still eat delicious food in front of him.

"Go, by the way, don't suck it all up, save some for each corpse!"

Zhao Ling gave an order, The next moment Blood Devil's gun fired softly, and quickly shot into all the corpses!

The next moment A blood-red light pervades the surrounding air!

Soon, the Blood Devil gun returned to Zhao Ling's hands.

Although it felt like he was a little unfinished, the energy in the gun body had increased a lot.

"There are still more than ten hours and I don't know how to live!!"

Zhao Ling said helplessly, The next moment, blast out.

"Boom, boom!!"

With a huge roar, the corpses of tens of thousands of star beasts in front exploded to pieces.

Zhao Ling walked straight out of this huge mountain of corpses!

And within hundreds of miles around Zhao Ling, there were not many star beasts.

Zhao Ling flew up and saw many star beasts running for their lives in the distance.

It looks like it was frightened by Zhao Ling accidentally killing a star beast!

But it's not just them.

Just four hours ago.

The tens of thousands of star beasts killed by Zhao Ling made the python closest to Zhao Ling feel that Zhao Ling was looking for trouble.

The next moment rushed towards Zhao Ling with the little brother own.

However, Zhao Ling instinctively sensed a slight threat, and the Blood Devil gun next to him instantly shot out the pile of star beast corpses like a red laser.

"boom!!!!!"

With a loud noise, regrettably, the monster python's huge head more than ten meters wide was pierced through a blood hole!

It stands to reason that such a small hole shouldn't have the slightest impact on his huge body.

However, at the next moment, the monster python trembled for a moment, and fell to the ground as if it had been hollowed out.

With a loud noise, the blood on its body instantly disappeared without a trace!

At this moment, those star beasts who thought Zhao Ling was dead were stunned.

"Roar!!!!!"

"S!!!!"

At the next moment, terrified roars spread throughout the entire planet.

Immediately afterwards, these star beasts all fled towards the distance like bereaved dogs..

At the same time, a loud noise resounding through the sky also came from the sky.

"Congratulations to Zhao Ling, the first time to kill a fifth-order star beast, the point value*10! The point value obtained: 1000 square points!

The next moment, the faces of the students who were still frantically fleeing for their lives changed drastically when they were frightened by this announcement.

Kill the fifth-order star beast?

How is this possible, all fakes are fake, how can this kind of thing happen!?

However, when they were in a daze, some contestants were trampled to death by the fleeing star beasts.

Of course, although the deaths of these people had something to do with Zhao Ling, that's how the assessment was.

Since you are on the battlefield, you must have the consciousness of death.

You must know that it is normal to be accidentally injured and killed by teammates on the battlefield, not to mention this life-and-death assessment.

At the same time, the powerhouses watching the battle on the earth all started to fight in shock.

You must know that the meaning of killing a thousand fourth-order star beasts is absolutely different from that of killing a fifth-order star beast!

"Cut off live broadcast!!!"

Suddenly, the leader of Martial Dao let out a low voice, The next moment, the staff quickly cut off all signal sources.

The scene that was supposed to be broadcast was immediately intercepted!

However, with so many people present, it is inevitable that there will be spies!

You know, in the face of absolute interests, some people will betray their family members' lives, let alone racial secrets!

And such a big thing, it is foreseeable that as long as it is sold to the other three races, it will definitely be of great value!

"Remember, as long as today's matter is leaked out, I will definitely investigate to the end on 3.7. By then, death may be the happiest thing for you!"

The next moment Martial Dao leader's cold words spread to the entire planet.

Everyone turned pale after hearing this.

The person who originally planned to sell the news suddenly turned pale.

And more than a dozen old men behind the leader of Martial Dao also stood up, and a terrifying momentum erupted.

The joint pressure of more than a dozen bigwigs immediately made many people completely give up the idea of making a fortune.

After all, they are the elites of the human race, and resources and finances are enough for them.

There's no need to lose your life over things that aren't necessary

On Saturn, a young man is carefully avoiding the surrounding star beasts.

"Huh! Are these star beasts taking aphrodisiacs? So excited!"

The boy heaved a sigh of relief seeing the star beast running away.

"Brother, robbery, hand over everything on your body!!".

Fantasy I Pick Up Attributes In The Future

Chapter 116: Blood Dissolving Pill, Enhance Bloodline Power! (2/5)

A joking voice instantly made the young man's face look ugly.

"Who doesn't have long eyes, dare to rob my young master!!"

The boy snarled, and then looked towards the source of the sound.

However, what caught the eye was actually just a huge fist!

"Boom!!!!"

With a loud noise, the young man let out a scream.

"Holy shit, who the hell, sneak attack when we meet? Die to me!!!"

The young man hastily drew out his own long sword, and was about to teach the coming person a lesson!

However, after a few minutes!

A young man with a bruised nose and a swollen face squatted in a corner, and the long sword in his hand had become extremely mutilated.

"Tsk ts, you have quite a thick skin! I beat you! Hand it over!"

Zhao Ling's appearance of a hooligan made the teenager want to cry without tears.

Even if I was chased and killed in a good way, now I am beaten up by a person who came out of nature, what is the reason for it!

However, there was nothing he could do, because he had to hand it in or be beaten again before handing it over!

Heartbroken, he could only own the watch and hand it to the other party

"Points income 860."

With an electronic sound, the boy's score of 27 was instantly reduced by half!

"It's only over 800, you can be poor."

Zhao Ling glanced at the young man with contempt, and then crushed his watch with his foot!!

If the smart watch is crushed, it means that the other party loses the qualification!

The young man's face turned pale!

Only more than 800 points will definitely not be able to enter the second round.

However, the next moment Zhao Ling in front of him disappeared!

In fact, having said that, this boy is also unlucky.

Zhao Ling is just trying to see if this function is easy to use. Is it true that if the watch is robbed, the own points will be halved!

Naturally, Zhao Ling would not experiment with his own watch.

I looked at the time and there were still ten hours left.

"It's still so long, I have to find something for myself to do!"

Zhao Ling touched his chin! Suddenly, he saw the Blood Devil gun in his hand!

"By the way, there seem to be nine star-level star beasts on this planet!"

Thinking of this, Zhao Ling looked directly at the map.

On the map, traces of all starry sky-level star beasts, as well as all starlight-level star beasts are marked!

After all, this is an assessment, and there are so many star beasts in the assessment and it is very scary, so the difficulty cannot be increased.

In order to improve the survival rate, the powerful star beasts are marked on the map in the alliance.

It can be said that as long as these students are not deliberately looking for death, as long as they avoid these marked star beasts, the survival rate is quite high.

"It's you!!"

Zhao Ling finally selected the nearest blood-red light spot.

The next moment is a point under his feet, and the whole person flies towards that light spot in an instant!

The giant python of light is a rare giant python of the light system.

Her personality can be considered docile among all fifth-order star beasts.

Not long ago, he was still living leisurely on the Snake Star, but was suddenly captured by a group of powerful humans.

At the same time, her nemesis, the regrettable demon python, was also taken away.

It's a pity that Monster Python's strength is slightly stronger than hers!

At the same time, it is the only male fifth-order snake on the planet, so it is a pity that the monster python has always coveted her beauty.

However, as a giant bright python, how can it be possible to see such a thick creature as a demon python!

However, just a few hours ago, unfortunately, the life breath of the monster python disappeared.

In other words, either he was captured, or he hiccupped.

This is a very happy light python!

However, before she was happy for a long time, she felt an incomparably violent breath appearing from the entrance of Own Cave!

This aura is so powerful, it is even more terrifying than a powerhouse of the fifth level of the starry sky!

"hiss!!!!!!"

The bright python couldn't help but spit out the snake letter!

"kk"

The next moment, the sound of footsteps came.

And with the footsteps of this sound, the heart of the bright python is also beating most!

Terrified, she couldn't help retreating towards the depths of the cave!

However, after she retreated to a certain level, she couldn't retreat.

"What are you so afraid of? I won't kill you!!"

The next moment came a chuckle.

And hearing this, the bright python was so frightened that he wanted to run away.

However, an invisible force imprisoned her in place, preventing him from moving!

After all, she is just a star beast of the fifth rank and one star, and Zhao Ling's strength is definitely far beyond her by a lot.

"I never imagined that a snake would clean up this place so cleanly!"

Zhao Ling was a little surprised when he came to the entrance. The surrounding area of the cave is extremely neat and tidy. Some flowers, plants and trees are dotted as if someone is living there, and there is a warm feeling around it.

Walking into the cave, there is no smell at all.

On the contrary, there are some floral fragrances.

"Huh! White snake?" Zhao Ling was stunned when he saw the bright python!

I saw a huge white snake hiding in the cave and looking at me in horror.

It was the first time Zhao Ling saw the white snake, especially such a big snake.

"Interesting, white snakes have been relatively docile since ancient times, I didn't expect it to be so!"

Zhao Ling immediately dismissed the idea of beating up the opponent to make him spit out more attribute treasure chests!

Comparing this giant python is still a bit pleasing to the eye!

Of course, the most important thing is that there is no trace of blood or human undead on the opponent's body.

Therefore, it can be determined that this giant python has absolutely never killed a human being within a few months.

"Don't worry, I said I won't kill you if I don't kill you!"

Zhao Ling smiled helplessly.

With Zhao Ling's guarantee, the Bright Python heaved a sigh of relief.

She felt that Zhao Ling had no malice towards her.

"hiss!!!!!"

A snake sound came!

Zhao Ling directly enveloped the opponent's head with his divine sense.

The next moment, the other party's thoughts appeared in Zhao Ling's mind!

"Thank me? Then there's no need!"

Zhao Ling chuckled.

Make sure Zhao Ling doesn't kill own light giant python wagging its tail happily.

"By the way, I just killed a fifth-order python! 513"

Seeing that the other party was very happy, Zhao Ling deliberately teased her.

Immediately, the bright python's body stiffened!

It seems to feel the deep malice of Zhao Ling!

"Just kidding, he sent it up by himself, hahahaha."

Looking at the big white snake who started trembling with fright, Zhao Ling laughed!

Fortunately, the bright python pulled out a humane smile and apologized to Zhao Ling.

Zhao Ling shook his head and didn't tease her anymore.

"A star beast like you that is harmless to humans is rare! I wonder what agreement the Daoist tribe made with you?"

Zhao Ling was curious, and let a few star-level star beasts stay on Saturn obediently, this is not only achieved by threats!

"Sizzling!!!"

Speaking of this, the Bright Python became excited!

Hastily neighed at Zhao Ling!

"What? Blood Dissolving Pill? Increase blood concentration?"

Zhao Ling exclaimed!

I can't believe it.

To increase the concentration of blood, you must know that the blood of the human race is only one star, what qualifications do they have to increase the concentration of the blood of star beasts?

"System, is this thing real!?"

Zhao Ling asked the system suspiciously!

"Ding... Hemolytic Pill, indeed there is! It's just an immortal medicine pill! Do you think humans will have it? Besides, it's not for raising the bloodline level."

However, the system's rhetorical question made Zhao Ling understand immediately!

"Hang on, the old man in the leader looks pretty good, but I didn't expect this bad old man to be so bad!"

Fantasy I Pick Up Attributes In The Future

Chapter 117: Beast Mastery! Activate The Ability To Control Beasts! (3/5)

Looking at the happy white snake in front of him, Zhao Ling was speechless!

This is the disadvantage of avoiding the light and locking the country, but anyone who has a little contact with the outside world knows that the existence of a heaven-defying Medicine Pill that improves bloodlines is impossible for a small race like the human race!

However, since humans lied to them, it meant that they would be useless after the matter was over, and that might be the time for these five-star beasts to die.

You must know that the value of a fifth-order star beast is absolutely comparable to hundreds of living planets!

This kind of resource is so likely to let the other party go away casually!

"There is one thing, although I don't want to say it, but you must know that the blood-dissolving pill absolutely exists in this world! It's just..."

Zhao Ling paused at this point!

And Zhao Ling's words immediately made the white python hold its breath! It really did!

Originally, she just wanted to gamble!

"It's just that even if we sell all the human races in the Milky Way, we still don't have enough ingredients to refine a blood-dissolving pill, let alone a blood-dissolving pill!"

Zhao Ling didn't tell me the effect of the Hemolytic Pill, after all, it would be enough to hurt people if he didn't tell, if he did, I don't know if the white python can stand it!

Sure enough, as soon as Zhao Ling's words came out, the bright python froze immediately.

The next moment, endless anger and fear arose in her heart!

You must know that the human race does not need to promise such a big benefit.

But now they not only promise benefits, but they still can't achieve this benefit.

That is, any fool knows what the captors are planning!

"Hissssssss!!!!"

The giant bright python quickly neighed at Zhao Ling, and a pleading sound reached Zhao Ling's mind!

"Save you? It's not impossible, but you are so big, I can't take you away!"

Zhao Ling still has a good impression of this white snake.

Of course it's not because of Xu Xian's fondness for White Snake, but I just think it would be nice to adopt such a pet to protect Xue if it's possible!

After all, I can't be by Xue'er's side all the time!

And the strength of those mechanical guards is always limited, after Zhao Ling becomes stronger, they will not be enough!

However, upon hearing Zhao Ling's words, White Snake was immediately discouraged.

The ability to change the size of the body requires a universe-level star beast to do it!

"Young Master! I have an auxiliary Cultivation Technique that may come in handy «||!"

Suddenly, the old soul's voice came.

"Oh? What Cultivation Technique!?"

Zhao Ling's eyes flashed! Asked curiously

"My lord, there is a profession in this world called Beastmaster! To learn this profession, you must be a Psychiatrist!

According to the rumors, after raising the level of the beast master, the fighting power of the master is not weaker than that of the spiritual master!

It's just that their fighting gang relies on subjugated star beasts!

It is said that countless years ago, there was a genius beast master in the kingdom of Tianyan Universe, and when he was only over a thousand years old, his combat power was comparable to that of a realm master!

Under his army of star beasts, dozens of kingdoms were destroyed by him!

In the end, because of too many killings, he was shot and killed by an emperor. "

When Xuehun said this, Zhao Gang felt that Erhun really wanted to become a beast master!

"Is there any advantage for me to be a beast master?"

Zhao Ling asked directly.

After hearing this, Blood Soul quickly said: "Young Master's talent is so terrifying, if you can train the Beast Master to the extreme, one person will be able to support an empire's army in the future. You must know that in the universe, if you want to conquer cities and territories, you can only It is absolutely useless to rely on one-handedly!"

Zhao Ling laughed after hearing this!

"You're right, but I'm not interested in conquering cities!

But it's not a bad thing to have one more method!"

Zhao Ling said with a smile.

The next moment Blood Soul quickly sent this Cultivation Technique to Zhao Ling's mind!

"Beast Master Jue (Peak of Universe Level): The most widely circulated practice method for beast masters in the universe! It doesn't have many outstanding points, but practicing this Cultivation Technique can open the door of beast masters!

After reaching the level of master beast master, you can open the portable beast master space!

The size of the Beast Familiar Space is related to the cultivator's sea of consciousness!

For every 10% proficiency hint, 10 million experience points will be consumed!"

After Beast Mastery appeared in Zhao Ling's mind, some annotations and some cultivation experience also appeared in Zhao Ling's mind.

"Although this Beast Familiar Art is a Universe-level Cultivation Technique, it seems to be widely circulated in the Universe.

It seems that not many people practice the profession of beast master. "

Thinking of this, Zhao Ling clicked to learn directly!

The next moment, Zhao Ling's 100 million experience points disappeared!

"Ding... Congratulations to the host for fully mastering the Beast Mastery and unlocking the Beast Mastery skills. Because of the bonus of the Beast Mastery, the pre-sale skill directly reaches the proficiency of low-level (0/1 million) hosts. All animal pets will increase by 10 Double the fighting power!"

"Upgrade the Beast Familiar Skill to Master Intermediate!"

Zhao Ling spoke to the system again.

"Ding... Congratulations to the host! Beast mastering skill is upgraded to Master intermediate level (0/100 million) which can increase the fighting power of beast pets by 35 times and consume 66 million experience points"

"Ding... Congratulations to the host for upgrading his beast-monitoring skills to Master, and opening the beast-monitoring space: (10 million meters in diameter)"

However, the system beep is not over yet! The next moment falls with the system beep.

Zhao Ling felt that the Sea of Own Consciousness seemed to split into another space, but after a closer look, there was nothing there!

However, one can clearly feel another parallel space that overlaps with the Sea of Consciousness.

Both spaces exist, but each does not interfere with the other!

And in the sea of consciousness space before, a dark golden dragon has been sleeping on it!

At the same time, dozens of supernatural light spheres wrapped the telekinetic light front in it.

But the other newly opened space is empty with nothing!

And this is the Beast Familiar Space.

The next moment, dozens of abilities suddenly activated!

All the supernatural powers flashed at the same time, and the next moment, all appeared in the beast-monitoring space.

Immediately afterwards, a huge amount of supernatural power sprinkled on all the supernatural light spheres!

The power of these supernatural powers wraps the entire space inside.

The next moment, in the future, the city will slowly start to take shape.

Countless flowers and plants in the earth began to grow (obtained) and grow.

A Yin & Yang ball with one side black and the other white suddenly appeared in the originally dark space.

With the rotation of the Yin & Yang ball, day and night began to appear in the space!

And the ice ability is also falling snowflakes in a corner!

The power of fire brought the power of fire to burn raging fire in another opposite corner!

The next moment, the water power condenses into a stream, a lake, and a small ocean.

You must know that the size of the entire space reaches 10 million meters, that is, the diameter of 10,000 kilometers!

Its size is even smaller than that of Asia on Earth!

It can be counted as a small planet.

With the swaying of various supernatural powers, a small green ecological circle appeared in Zhao Ling's Beast Familiar Space King!

The next moment Zhao Ling's eyes suddenly opened.

And ever since he mastered the Beast Mastery, he exudes an aura that makes any star beast feel kind to him!

"You are willing to be my subordinate, follow me!!".

Fantasy I Pick Up Attributes In The Future

"Roar!!!!!"

On Saturn, a berserk demon ape lay on the ground and hammered Own's chest angrily!

At the same time, bursts of furious roars came from his mouth.

Because in front of him, a flaming lion looked at him mockingly!

You must know that this flaming lion was his own defeat.

But now I was beaten to a bruised nose and swollen face by the opponent. If the opponent didn't press me down, I would have been beaten to death.

It started not long ago

After he came to this planet, he was bored every day!

So every day to bully this flaming lion of Tier 5 and 2 stars.

After all, who told this flaming lion to look extremely domineering.

Relying on its own super strength of Tier 5 and 4 stars, it can beat this uncontrollable anger every time, but it can't beat the opponent!

Can't even escape!

However, just a few minutes before.

The flaming lion exuding a terrifying aura walked towards him arrogantly.

And on his head stood a handsome and extraordinary young man.

After seeing the boy's appearance, the violent demon ape became jealous!

This human boy is actually more handsome than him.

Feeling insulted, he directly picked up a huge rock and threw it at Zhao Ling and the flaming lion!

"Roar!!!!!"

However, after the flaming lion roared, a mouthful of terrifying flames 630 spewed out instantly, The next moment, that huge stone was instantly burned into fly ash by the flames!

The next moment, the flaming lion roared towards the violent throw.

The strength of the Flame Lion, whose strength has been increased by thirty-five times by Zhao Ling, has directly soared to the sixth Seventh Stage of the Starry Sky Realm!

Where is the rampaging giant ape an opponent.

After a severe beating from socialism, the violent demon ape finally understood the situation clearly.

"Gorilla, I give you two choices. One: Be my subordinate like the little lion, and your strength will also skyrocket by then!"

Looking at the gorilla Zhao Ling lying on the ground and pretending to be dead, he laughed!

I'm afraid it will be quite fun if you collect this live treasure.

"Ahhhhhhhhh!!"

However, the gorilla is not happy to hear that it is his subordinate!

Be a subordinate? Impossible, impossible in this lifetime!

"You refuse?!"

Zhao Ling frowned!

"It's okay to refuse, little lion, kill him!!"

Zhao Ling ordered directly, not giving the other party any room to hold back!

"Roar!!!!"

This time, it was Lie Yanxiong's turn to be excited, and finally got the chance to beat the Tyrant Demon Ape, if the other party agreed to him, he might not have a chance of revenge in the future!

However, the violent demon ape's expression changed immediately when he heard Zhao Ling being so ruthless!

"(chai) ah ah ah ah ah ah!!"

Seeing that the flaming lion was really going to kill him, the berserk demon ape quickly knelt down to Zhao Ling and begged for mercy!

A good ape does not suffer from immediate losses

Keeping the life of the monkey is not afraid of no firewood!

Seeing the rampant demon ape being so cowardly, the flaming lion spat out a mouthful of flaming saliva in disappointment!

However, Zhao Ling's next words lifted him from The Underworld to Heaven!

"Slap me first before talking!!!"

As Zhao Ling's voice fell, a series of shrill screams spread across the entire planet!

However, when Zhao Ling did this, he used his mind to block the surroundings.

You must know that even though the technology of the human race is extremely advanced, it is still impossible to penetrate the mind and monitor a strong person.

And as Zhao Ling collects a fifth-order star beast, Zhao Ling's point value will increase by one million!

The people on the earth couldn't help swallowing their saliva watching Zhao Ling kill each of the fifth-order star beasts

"Tian Xuhuang, I remember that you were responsible for capturing these star beasts. I wonder how powerful the most powerful star beast is?"

An old man couldn't help but asked curiously to Emperor Tianxu who was in charge of capturing the star beasts!

After Tian Xuhuang heard this, he also sighed quietly!

"The strongest of these star beasts is the Violent Demon Ape, his strength has reached level five and four stars, and he has a Violent Talent!

As long as the mobilization power is greatly increased, even a group of five-star, five-star and six-star star beasts are no match for it!"

Tian Xuhuang still remembered that when he captured the violent demon ape, if his strength had not reached the Seventh Stage of the starry sky, he might not have been able to beat the opponent.

"What? All these powerful star beasts were killed by Zhao Ling!? Is this Zhao Ling the reincarnation of a god and demon!!"

"Hiss! The violent giant ape, who was no match in the fifth stage of the starry sky, was actually killed by Zhao Ling!"

A sound of exclamation spread throughout the venue!

When Tianxuhuang answered, millions of people held their breath and listened carefully.

"Your Majesty, what should we do? Zhao Ling's strength has been exposed so much, if people from the three major races make trouble!"

When Hun Li heard this, his expression was extremely serious.

But more is the shock of Zhao Ling's strength!

Unexpectedly, they thought Zhao Ling had the most strength in the first stage of the starry sky, but now even the tyrannical giant ape of the fifth stage of the starry sky is no longer an opponent.

"Hey, we can't worry about things now! I'm afraid it's me, and I'm no longer Zhao Yu's opponent!"

Zunhuang said helplessly!

If Zhao Ling's strength was only at the peak of starlight, he would definitely not be so anxious.

After all, although peak starlight is inhuman, if one lied about Zhao Ling's age, he would at most be a genius who does not appear in millions of years.

However, now Zhao Ling has reached the fifth stage of the starry sky!

Let alone human history.

That is, it has never appeared in the countless years of history of the Milky Way.

Even if the missing star god is Zhao Ling's age, he might not be qualified to carry shoes for Zhao Ling!

What should he do.

"Alas! Your Majesty the Emperor is right, Zhao Ling's strength can no longer be measured by common sense!"

But maybe you can ask the lord leader not to let Zhao Ling participate in the final elite competition!?"

The director of the Martial Dao department sighed quietly, saying that this is not the solution!

"Great idea, I'm going now!!"

Zun Huang's eyes suddenly lit up, and he stood up and flew directly towards the summit platform.

You know he's an intermediate Galaxy master though.

There are countless people under his management.

There are hundreds of millions of living planets!

However, his status is far inferior to that of anyone on the summit!

This kind of cross-border behavior is absolutely unimaginable!

"Hehe! This kid Zunhuang finally couldn't bear it anymore!"

Seeing Zunhuang bite the bullet and fly over, the lord smiled and said to the military commander who was at the side!

"Yeah, but if I was young, I would do the same! After all, Zhao Ling has nothing to lose!"

The Generalissimo of the Military Department also smiled and stroked his beard!

"Your Majesty, this is not the place for you!!"

And just when Zunhuang was about to fly to the summit, the commander in charge of hosting this competition spoke up!

"I have something important to tell the leader, please accommodate me!"

After Zunhuang heard it, he quickly explained!

"No! Come on..."

"Let him in!!"

However, when the commander-in-chief sternly refused, the leader spoke up!

"go in!!"

Helpless, the commander-in-chief can only let Zunhuang go in!

When Zunhuang looked closely at the leader and this group of old men who controlled the life and death of the entire human race, even Zunhuang felt a little guilty!

"We all know what you want to say, we have already figured out how to solve Zhao Ling's matter, so you don't have to worry too much!"

After the lord finished speaking, the faces of more than a dozen old men around him became extremely dignified!

"How things are going to end up depends on how Zhao Xiang chooses himself!"

Fantasy I Pick Up Attributes In The Future

Chapter 119: Dragon Soul Congealing Pill! Dragon's Blood (5/5)

"boom!!!!!!!"

On Saturn! The berserk giant ape smashed a giant elephant more than 100 meters high and flew dozens of kilometers upside down!

With a terrifying bang, the giant elephant finally collapsed to the ground!

"Ahhhhhhh....."

After defeating the opponent, the violent giant ape hurried back to Zhao Ling to claim credit!

"well done!!"

Zhao Ling praised with a smile!

This time the rampant giant ape felt that he was awesome!

Immediately, he took a vicious look at the flaming lion!

But only seven or eight pairs of blank eyes paid him back.

This silly monkey can't find Bei by boasting casually. In the past, he was afraid that he would come to trouble him, but now he has Zhao Lengtu as his backer.

The other fifth-order star beasts all ignored him.

"Giant Desolate Elephant, have you considered it? This is the last choice!"

Zhao Ling flew to the top of the giant elephant, and then looked at him coldly!

At the same time, it picked up all the attributes around the opponent's body.

If Zhao Ling accepts it as a beast pet, these attributes will disappear, and at the same time, it will not drop attributes anymore!

Because the system has said that the system is a tool for assisting Zhao Ling to become stronger, not for Zhao Ling to cheat at will.

If it still loses attributes, Zhao Ling will directly get tens of thousands of star beasts to fight every day, then Zhao Ling's strength may soar.

In this way, the system is not as good as directly choosing an eternal habitat as the host.

"?!!!!!!!"

The giant elephant looked at the starry sky-level star beasts that surrounded him and exuded a terrifying aura, and felt a little panicked. The star beasts that were originally weaker than themselves can now hang and beat themselves at random.

After a weak growl, it slowly knelt down on the ground, expressing its submission.

"very good!!"

After Zhao Ling finished speaking calmly, he tapped his fingertips, and a contract was shot out of the void.

The contract fell into the mind of the giant elephant in an instant!

In fact, Zhao Ling can force the contract with the other party, but if this is the case, he won't get anything.

So these star beasts thought that Zhao Ling could only make a contract with their consent!

Therefore, they all suffered a severe beating from socialism.

"Finally recovered all the nine fifth-order star beasts."

Zhao Ling's eyes flickered slightly, looking at the huge star beasts following behind him.

"Next, I'll give you a task! Split up! Capture all the peak fourth-order star beasts on the planet, whoever is lazy, when the time comes, Xiaobai you know will stay

As if thinking of something, Zhao Ling said directly to the nine-headed star beast.

Hearing Zhao Ling's words, all the star beasts trembled.

From the information of the contract, they learned countless contract punishments to protect them!

Thinking of the horror of punishment, the eight-headed star beast rushed out in all directions in an instant!

Only the Bright Serpent remained by Zhao Ling's side.

For a star beast that never kills at will, Zhao Ling will not force it either.

"This is a Starry Sky Rank Dragon Soul Congealing Blood Pill. Although it can't improve the power of your blood, it can purify your blood and make it easier to advance in the future."

Zhao Ling threw a Medicine Pill exuding the power of the terrifying Blood Qi.

The Medicine Pill was taken out, and the surrounding area of several thousand meters was rendered blood red by the terrifying Blood Qi!

These Blood Qi turned into a small dragon and slowly danced around the Medicine Pill!

"Hissssssss!!!!"

Xiaobai nodded and thanked Zhao Ling repeatedly in surprise.

With a flick of Zhao Ling's fingertips, he threw the Medicine Pill that was opened from a starry sky treasure chest not long ago into Xiaobai's mouth!

The Dragon Soul Congealing Pill had just entered the opponent's body, the next moment, the terrifying power of the Medicine Pill exploded in her body instantly, and a series of blood-colored dragons rushed into her blood in an instant

These Blood Qi dragons frantically washed the Impurities in her blood.

Layers of Impurities were crazily released from the scales.

"hiss!!!!!"

Suddenly, the giant bright python hissed in pain.

Zhao Ling felt the power of the opponent's bloodline trembling crazily!

And those bloodline dragons condensed together, frantically devouring the bloodline of the Bright Eye Python!

"No, something went wrong! What's going on here?"

Zhao Ling frowned and thought solemnly!

"Young master, did you just give her the legendary Dragon Soul Blood Congealing Pill?"

All of a sudden, as if he sensed a change in the outside world, Old Soul's voice came out from the ring.

"That's right, it's the Dragon Soul Congealing Pill of the Starry Sky Rank!"

Zhao Ling nodded and said.

"Then it will be troublesome! Young Master, do you know that although the Dragon Soul Congealing Blood Pill ranks in the starry sky rank, his material sect is extremely precious!

That is the blood of the dragon race! With the Dragon Soul Congealing Pill refined from the blood of the dragon race, there is a one-in-a-billion possibility of its effect, causing creatures with the blood of the dragon race to undergo bloodline transformation! But the probability of this is extremely small.

And even if it does happen, the success rate is low!"

Old Soul's dignified voice came from Zhao Ling's ring!

Although he also wondered where Zhao Ling got this Dragon Soul Congealing Blood Pill, but he felt that it was normal for the always mysterious Zhao Ling to do anything terrible!

..... Ask for flowers.....

Of course the most important thing is that the more powerful and mysterious Zhao Ling is, the greater the chance of helping his old master take revenge in the future!

"Blood metamorphosis?"

Zhao Ling frowned slightly!

You must know that blood transformation is not necessarily a good thing!

On the contrary, even if the success is ninety-nine percent, it is blood regression,

If you don't succeed, you won't even save your life!

"Oh, it's her fate!"

Zhao Ling knows that if she wants to increase her success rate of transformation, at least the Medicine Pill of the domain master and world master level is needed, and now Zhao Ling can't get it out!

Therefore, all Zhao Ling can do is watch.

"It's not impossible. It's a pity that the young master's current ability is not up to it. Otherwise, you can use the bloodline stimulation in the Beast Master Art. This stimulation is usually used to increase combat power, but under this situation, it can burst into light." The potential of the giant python will greatly increase the possibility of success!"

O

Zhao Ling raised his brows slightly at the old soul's words!

"Yeah, why didn't I think of that?"

After Zhao Ling finished speaking, his hands began to seal.

"Useless young master, the bloodline stimulation of the beast master art can only be used after the beast master skill has reached the proficiency level, you now..."

However, before Old Hun could finish his words, he was shocked by Zhao Ling's actions!

"Blood Vessel Inspired, Blood Essence Backflow!!!"

I saw Zhao Ling let out a low cry, and in an instant a terrifying imprint erupted from Zhao Xiang's hand.

The next moment, Yinfa instantly poured into the eyebrows of the bright python.

"boom!!!!"

With a huge roar, the Blood Essence in the light python's body instantly began to flow upstream.

The next moment, Blood Essence began to burn instantly.

At the same time, it condenses into a roaring Blood Qi python.

Although the python is far inferior to the dragon-shaped Blood Qi in terms of purity,

But its size is far from what the dragon-shaped Blood Qi can compare.

The next moment, the Blood Qi giant python swallowed the dragon-shaped Blood Qi in one bite.

However, the dragon-shaped Blood Qi is of course impossible to simply submit.

Instantly broke through the belly of the Blood Qi giant python and rushed out.

However, this is the base camp of the Blood Qi python after all.

Endless power of qi and blood poured into the Blood Qi giant python, and the Blood Qi giant python not only returned to its original state, but at the same time became even more condensed!

Because during the period of time when he devoured the dragon-shaped blood, it had already refined a negligible trace of the dragon-shaped blood.

"hiss!!!!"

With a neighing sound, the giant gas python swallowed the dragon-shaped Blood Qi to its stomach again!

Fantasy I Pick Up Attributes In The Future

Chapter 120: Five Elements Shootout (Peak Of The Starry Sky) (1/5)

Time passed by every minute and every second.

Two Blood Qi forces are fighting frantically in the body of the Bright Serpent!

Rather than talking about fighting, it's better to say that the giant blood python is frantically devouring the dragon's blood.

And every time it devours, the dragon-shaped Blood Qi will become weaker.

The words of the Blood Qi giant python will be condensed a little.

Therefore, with the passage of time, the dragon-shaped and energetic Lihuang is getting weaker and weaker!

Finally, when the Blood Qi python devoured the dragon-shaped Blood Qi for the last time, the dragon-shaped Blood Qi could no longer rush out of the body of the Blood Qi python.

"hiss!!!!!"

At the same time, the bright python suddenly opened her eyes, and a piercing neigh burst out from her mouth.

This neighing sound shook the surrounding earth!

Zhao Ling's eyes lit up!

"Successful, I don't know whether her blood power will increase or decrease!!"

Zhao Ling wasn't sure what to think.

But at this moment, one after another "one seven three" terrifying Blood Qi erupted from the body of the bright python.

In an instant, her huge body was enveloped in it.

Soon, a huge bloody dome with a height of 100 meters appeared in front of Zhao Ling's eyes!

"Cocoon? Can it grow wings?"

Zhao Ling thought of evil fun!

"But how long does this evolution usually take?"

Zhao Ling curiously asked Mr. Hun!

"I don't know, this kind of thing doesn't happen in the entire universe, I heard it's because I have the knowledge of the entire bloodline civilization!

Old Soul said helplessly!

Zhao Ling nodded when he heard that!

"By the way, take advantage of this time and find me two star-level Cultivation Techniques!"

Zhao Ling suddenly remembered that most of his own Cultivation Techniques seem to be heaven-level!

And Own's strength has already reached the starry sky level.

"Good young master, alas, the last time I gave you the Cultivation Technique was only a few days ago!"

The old man complained helplessly to Zhao Ling.

According to Zhao Ling's growth rate, his effect on Zhao Ling really doesn't seem to last long!

"No way, who told me that Talent surpasses you, don't you think?"

Zhao Ling's narcissistic words did not arouse Old Soul's contempt!

"The young master is right, the incomparable talent of the young master is indeed rare in the world. If the host competes with others to cultivate the Cultivation Technique, there is no one in the entire universe who can match it!

Mr. Hun's unabashed praise made Zhao Ling smile a little awkwardly!

But at the next moment, Zhao Ling's wristwatch has an extra star-level Cultivation Technique!

Zhao Ling began to choose.

The Cultivation Technique of the peak of the starry sky is definitely very useful for Zhao Ling's strength improvement.

After all, Zhao Ling's Cultivation Technique is now a whole level lower.

After several hours of searching by Zhao Ling, Zhao Ling finally determined a Cultivation Technique and a Martial Skill.

"Five Elements Shootout (Starry Sky Level Peak): The Cultivation Technique created by fusing the power of Five Elements was first created by a genius hundreds of billions of years ago when he was practicing the laws of Five Elements. The fusion technique The more types of Five Elements, the more powerful the Martial Skill.

But if you only have one or two Five Elements abilities, it is not recommended to practice, because only when you have three Five Elements abilities, can you burst out with the most powerful power!"

The first Martial Skill Zhao Ling chose it at the first glance!

Because as long as four kinds of Five Elements abilities are reached, the bursting strength is enough to reach the strength of the low-level Martial Skill in the Star Sea Realm.

If the Five Elements are complete, the battle level that erupts can reach the terrifying star sea high-level Martial Skill!

However, it is extremely difficult to cultivate, so it is included in the starry sky level Martial Skill!

"Young master, the Martial Skill you chose is too correct. Among the more than ten kinds of abilities you have copied, you already have three kinds of Five Elements abilities. If you copy one, you can explode into a sea of stars." Level strength, but I don't know how much potential your copy ability has!"

Mr. Hun's words of appreciation made Zhao Ling smile slightly.

He has copied forty or fifty kinds of abilities, but he didn't use many of them in battle. After all, there is no opponent in the real world who can make Zhao Ling use his full strength.

As for the Five Elements ability, Zhao Ling has already collected all of them.

The only time it was used was in the virtual universe, and it was impossible for Mr. Hun to see Zhao Ling's battle in the virtual universe.

The poor man just found that Zhao Ling's strength was no longer the Zhao Ling he knew before every time he saw Zhao Ling make a move.

Every time he does this, he is not much surprised!

"If it's Cultivation Technique, that's it, let's make do with it!!"

After consuming 100 million experience points to kill Five Elements, I directly took out another Cultivation Technique!

"Destroyed Divine Body (Peak of the Starry Sky): A Cultivation Technique created by the ancestors of the Destroyed Clan! Although it is only a one-star bloodline clan, with this Cultivation Technique, the Destroyed Clan has reached the unimaginable limit of a one-star race and established the Universe Empire, destroy the universe empire!

This Cultivation Technique has been passed down to the Universe after the Empire of the Shattered Universe was destroyed countless years ago!

Those who have cultivated to great success can awaken and destroy the divine body. Of course, this divine body is only called the divine body, and it is not as scary as it sounds...

The only function of the Shattered God Body is to increase combat effectiveness!

Ordinary starry sky-level Cultivation Technique can increase combat power by up to six times, but if it is cultivated to the limit and awakened to destroy the god body, it can increase combat power: 8 times!

For the first 90%, every 10% increase requires 10 million experience points, and the last 10% requires 100 million experience points!"

Although eight times is not high, you must know that Cultivation Technique is different from Martial Skill. Martial Skill is limited by Realm and Talent!

Give him a Martial Skill from a Body Tempering realm, and he won't be able to learn even a single bit of Insight in his lifetime!

But Cultivation Technique is different, a Body Tempering realm, give him a starry sky level Cultivation Technique, he can continue to practice.

It's just that if you want to practice to be proficient, you need talent and strong strength.

As for a Destroying God Body, it is circulated in many powerful countries in the universe, but the entire universe that can cultivate a Destroying God Body below the domain master level is probably countable.

However, when it comes to the domain master level, people have already gone to cultivate the domain master level Cultivation Technique, who would care about this useless broken forehead divine body.

"However, if this is the case, it is very suitable for me!"

Zhao Ling smiled, although the experience required for cultivation is twice as much, but his practical gender is said to be twice, even ten times more.

The next moment, Zhao Ling directly clicked on cultivation!

However, Zhao Ling's experience points are not enough now.

The last time I opened the treasure chest, I got 150 million experience points, and I still had 30 million experience points before.

3.3 All add up to 180 million.

I just used 100 million, and now I have used 80 million, which only raises the Cultivation Technique to 80% proficiency!

"I don't know how many star beasts the gorillas can bring back."

Zhao Ling looked into the distance.

But the blood cocoon condensed by the giant bright python is beating like a huge heart!

time passed minute by minute

"Roar!!!!!"

Suddenly, there was an angry roar.

A huge flaming lion chased dozens of equally huge star beasts and rushed towards Zhao Ling!

These huge star beasts are full of horror.

At the same time, there are scorched wounds all over his body with deep visible bones!

However, what Zhao Ling cares most about is the gleaming attribute points dropped from these fourth-order peak star beasts after being abused!.
