

Fantasy I Pick Up Attributes In The Future

Chapter Thirteen: Practitioner Assessment Begins! (Four More)

It was at this time that the girl finally turned her own face back.

All of a sudden, those young people held their breath for a short time.

Even Zhao Ling had a flash of surprise in front of his eyes!

It can be said that the appearance of this girl is the most beautiful that Zhao Ling has seen in her previous life up to now.

It's just that the cold expression on the girl's face gives people a feeling of repulsion!

"I am today's examiner, you can call me Bai examiner!"

Examiner Bai's icy words instantly made those nympho youths tremble like ice.

"The strength of this examiner Bai is not simple. At such a young age, I feel that he is at least a strong body tempering realm above Seventh Stage!"

Zhao Ling's eyes flashed, for the strong in the Body Tempering realm, as long as you don't do anything, no one can see your strength, so Zhao Ling can barely sense the surging Blood Qi in her body.

This is also the reason why I have a psychiatrist.

"Let's go, I'll take you to the physical fitness test first!"

His cold eyes swept away, and after confirming that everyone was present, Examiner Bai led Zhao Ling and other 200 people onto the suspended elevator.

During Zhao Ling's 200 hours of waiting, more than 100 people joined the assessment team.

Although Practitioners are precious in this world, because the population base is much larger, no less than 10,000 people become Practitioners in Shuitian City every year.

A group of people standing on the huge suspended elevator does not appear crowded at all.

Soon the group arrived at the second floor.

The second floor is completely a huge training ground.

No one was training on the training ground, it was all rows of empty test machines.

It's just that next to each machine, there is a Practitioner standing there holding an instrument and waiting for the testers.

"Everyone, each finds a set of machines to test their strength, speed, and ability to resist blows. Each person has three chances for each item!"

Zhao Ling was taken aback by what Examiner Bai said.

So casual? Come together?

But when he thought of the lack of arms and legs in the previous group, he felt tight.

"It seems that the physical fitness test is the easiest! There should be a combat test after that."

Thinking of this, Zhao Ling randomly found a dynamometer like the rest of the army!

"Young man is not bad, you are so young to be certified as a Practitioner, come here to get a fingerprint!!"

The middle-aged man guarding the machine glanced at Zhao Ling and was slightly taken aback.

Seemingly seeing that Zhao Ling was young, he became a little more enthusiastic towards Zhao Ling.

"Thank you uncle for the compliment, I still need to work harder"

Zhao Ling said politely and then pressed his right hand on the authenticator!

"Drip... Tester: Zhao Ling, Shuitian City, Rosy clouds Province, Yan Mars, ID: 1451355.... Confirm your identity, you can start the test!"

With an electronic sound, the indicator light of the huge dynamometer in front of Zhao Ling lit up.

Zhao Ling took a deep breath, and then punched out!

It looked like Zhao Ling used all his strength, but in fact Zhao Ling only used about half of it!

"Boom!!!!!!!"

After a sound, a number was displayed on the display of the dynamometer!

"Power: 1450kg!!"

Seeing this data, the eyes of the middle-aged uncle on the side suddenly widened!

"One thousand four hundred and five? I'm a good boy, you can go directly to the top ten key universities with your strength!"

The middle-aged uncle couldn't help but nodded to Zhao Ling, very appreciative!

Zhao Ling just smiled.

Later, under the leadership of the uncle, Zhao Ling tested the speed and the ability to resist blows!

And when Zhao Ling finished the test and more than a hundred people who passed the test were waiting.

Examiner Bai looked at Zhao Ling's data and began to think secretly.

"Tester: Zhao Ling, Shuitian City, Rosy clouds Province, Yan Mars, ID: 1451355.....

Age: 17 years old

Strength: 1450kg (qualified)

Speed: 76m/s (qualified)

Impact resistance: 1500kg (qualified)"

"Seventeen years old, that is to say, just about to take the university entrance exam? If he has hidden strength, I wonder if he will have the opportunity to be admitted to the Imperial Capital University!"

Examiner Bai's eyes flickered as he looked at Zhao Ling's data.

Imperial University is the veritable No. 1 university in Yanxing.

The faculty is extremely strong

There are only ten key universities under it.

It's just that Imperial University's admission standards are extremely strict. At Zhao Ling's age, at least a Realm above Body Tempering Third Stage is required.

At the same time, this is just the foundation. When it comes to assessment, the strength must reach at least the Fifth Stage or above to have a chance to be admitted to Imperial University.

Soon everyone was assessed.

Examiner Bai gathered everyone together again.

"You all passed the basic physical fitness test, but that is just the most basic thing to become a Practitioner. The last assessment is to determine whether you are qualified to become a Practitioner!"

Having said that, Examiner Bai obviously paused.

"Besides, this assessment will kill people!"
