

Fantasy I Pick Up Attributes In The Future

Chapter Fourteen: Attribute Points Like Rain! ! (Begging For Flowers At Five O'clock)

Examiner Bai's words immediately changed the faces of those who barely reached the assessment target.

"This is a life-and-death agreement. If you sign this, it means that you agree to the next assessment. If you don't sign it, you can come back when you are sure!"

With that said, an agreement appeared on their smart watches, Zhao Ling roughly scanned it and clicked to confirm.

Those who are confident in their strength directly clicked the confirmation button just like Zhao Ling.

But there are still a few people who are hesitant.

After all, the tragic situation of those who were carried down still appeared in their minds.

"Time is up, those who haven't clicked to confirm can leave!"

However, Instructor Bai didn't give them too much time, and spoke directly to them coldly.

Those who hesitated breathed a sigh of relief.

After all, it's better than giving up by yourself!

"Follow me!!"

Examiner Bai turned around and walked aside after speaking to Zhao Ling and his group.

Under her leadership, Zhao Ling and his group passed through the physical fitness test area and came to a passage.

The Practitioner Alliance covers an area of thousands of acres.

The physical fitness test area only occupies a small area.

Passing through the passage, the scene that caught my eye immediately caused the expressions of more than a hundred strong men around to change slightly!

I saw a small piece of forest actually appeared in front of their eyes.

And in this forest, there are roars from time to time!

Hearing these beast roars, the faces of the group of people changed slightly.

"Your goal is to kill a Tier 1 Star Beast within an hour, rest assured that these Star Beasts are Tier 1 and 1 Star,

Strength is equivalent to Body Tempering realm First Stage, and you can use weapons.

As long as you don't yell like crazy, nothing will happen.

Now you can still give up, but after you step into this trial forest, you should wait until the end of an hour before you can come out again. "

Examiner Bai's words instantly relieved the quasi-Practitioners around him.

"I give up!!!"

"me too!!"

"I give up too!!"

.....

.....

The voices of giving up came one by one, and more than 30 people gave up directly in just a few seconds.

"Okay, you can go back the same way! It's better than those who dare not even try!"

The abstention of these men did not arouse contempt from others.

After all, this kind of assessment let alone those who are new to the Practitioner, even the strong in the Body Tempering and Third Stages may die here.

"Okay, there are weapons at the entrance. These weapons are low-level weapons of ordinary rank. You are not allowed to use your own weapons. You can go in!"

After Instructor Bai finished speaking, he opened the glass door at the entrance.

Zhao Ling and his group walked in immediately, only to see a weapon platform emerging from the ground and appearing in front of them.

A silver weapon with a cold light was placed on the weapon platform.

There are all popular weapons that Zhao Ling knows.

Zhao Ling randomly picked a silver spear in his hand, and there was a silver cold light on the silver spear!

"Weapons that have reached the mortal level are no longer able to be refined by ordinary metallurgy!"

He flicked the tip of the gun slightly, and then a crisp sound came.

"Attention all examinees, there is one minute before the Star Beast will start launching, please leave the weapon platform within one minute!"

However, at the next moment, a loud electronic sound in the sky made all the quasi-Practitioners face change dramatically.

The next moment A beast's roar came from the sky.

When they looked up, they found a caged star beast hanging above their heads.

At a rough glance, they are at least five hundred.

"Grass!!!!!"

"Run!!"

"My day!!!"

.....

.....

A swearing came from the mouths of all the candidates, and everyone in The next moment ran towards the depths of the forest desperately.

However, there is one exception!

That is Zhao Ling!

Because he saw that it was like light rain falling in the sky, attribute points fell from the sky one by one.

"Damn it, it's like a mobile attribute library! It's developed!"

A gleam of light burst out in Zhao Ling's eyes!

Immediately, a terrifying mental power swept out!

At the next moment, attribute points all over the sky rushed towards him.

"Ding... The host picked up the attribute: 50 points of vitality and blood, and increased the value of vitality and blood: 50"

"Ding... The host picked up the attribute: 40 points of strength, increase the value of strength: 40"

"Ding... The host picked up attributes: 4 points of soul, increase soul value: 4"

"Ding... The host picked up the attribute: speed 3 points, increase speed value: 3"

"Ding... Congratulations to the host for picking up the mortal treasure chest*1"
