Chapter Fifteen: Storm Shootout! ! (Six More)

However, Zhao Ling's actions made Bai Ningshuang, who came to the control room and looked at the huge screen, frown!

"What is he doing!? Standing here is he trying to die!? Is he playing a hero?"

Bai Ningshuang's face was slightly ugly, and she thought that another talented person would come out of Shuitian City, but she didn't expect it to be such a fool.

"Examiner, what are we going to do?"

Everyone in the control room, more than a dozen control test sites, looked at Bai Ningshuang.

In fact, it is impossible for them to just watch the candidates die directly, if they can save them, they will still save them.

"Let's see what he wants to do first."

Bai Ningshuang suddenly saw the confidence in Zhao Ling's eyes, she actually felt that Zhao Ling could survive.

And Bai Ningshuang's words made the other people in the control room look at each other.

But today Bai Ningshuang is the examiner, so they can only listen.

Attributes falling from the sky quickly became scarce.

After all, these attributes were dropped after Zhao Ling arrived, and he had accumulated them for more than an hour.

Zhao Ling not only improved his strength by a stage in more than ten seconds

That is, there are as many as ten ordinary treasure chests.

"System, open all the treasure chests!"

Ming Yang's eyes flashed, and he said solemnly to the system.

"Ding... Congratulations to the host for opening the mortal treasure chest*10 and getting the following items:

Martial Skill: Storm Shootout (Peak of Mortal Rank)

Experience Points: 3000

Attributes: Speed value: 25, Strength value: 400, Vitality: 300, Soul: 50"

Soon, waves of messages reached Zhao Ling's mind.

gun! King of soldiers.

Of course, there is also a saying that gunmen are lucky E, that is, people who practice guns are generally not very lucky, and those who are unlucky almost all die tragically!

However, Zhao Ling just laughed it off.

This kind of statement is just because it is extremely difficult for gunners to get started. It can be said that you have practiced weapons for ten years, and if you have swords, you would have become a Great Master long ago.

But if you practice guns, you may not even get started.

And the gunners are all adhering to the belief of going forward bravely.

How should I put it, just now!

There is no such thing as living alive, so almost all qualified gunners died on the battlefield.

But this does not change the status of the gunman as the king of a hundred soldiers.

When Zhao Ling saw the spear on the weapon table, he picked it up naturally.

"System, help me practice Storm Shootout and Divine Action to the extreme!"

Zhao Ling's eyes flashed, The next moment his 3,000 experience points lost 1,000 points in an instant.

The next moment Zhao Ling's consciousness seemed to have come to a dark space, and in this space Zhao Ling stabbed out one by one.

"Pick, stab, smash, sweep!!"

One trick and one style, repeated again and again.

I don't know how long time has passed.

Zhao Ling seemed to be integrated with the spear in his hand.

The next moment Zhao Ling's eyes opened instantly!

A gun light flashed across their eyes in an instant.

"Ding... Congratulations to the host for comprehending the essence of guns! Activate the skills of guns: entry level (0/100)!"

"Attention all assessors, the beast has started to be unleashed!!!"

However, at this moment, a loud electronic sound came from the sky.

"Click!!!!"

With the sound of iron cages colliding, nearly 500 cages in the sky opened at the same time.

"Roar!!!"

"hiss!!!!"

"hold head high!!!!"

The roar of the star beast instantly spread throughout the trial ground!

Looking at the huge star beast falling like raindrops in the sky, Zhao Ling clenched his right hand instantly!

"God can change everything!!!"

A low whistle came out of his mouth, and The next moment Zhao Ling kicked into the sky amidst the astonished eyes of everyone in the command room.

And behind his body, due to the high-speed movement and the Cultivation Technique, phantoms were pulled out one after another.

"Storm shot!!!"

At the next moment, Zhao Ling made a move amidst everyone's horrified eyes.

The silver spear in his hand instantly turned into dazzling light spots.

"Puff puff puff!!!"

With the sound of weapons entering the body, the star beasts falling from the sky were shot through by Zhao Ling one after another directly in the air!

"Boom boom boom..."

Chapter 16: The Massacre Begins, Show Operation! !

Every time Zhao Ling stabbed out, a star beast was smashed to the ground severely.

The originally peaceful ground trembled one after another.

Zhao Ling didn't stop on his feet, and with each kick, a star beast the size of an elephant burst to death.

And his figure also flickered rapidly in the sky because of borrowing power again and again.

"Impossible, it's possible, is he just a high school student?"

"Isn't his strength only 1,500 kg? How could he be so powerful!"

"He is using the Martial Skill, the peak of the mortal rank, and it seems that he has cultivated to the extreme!"

.....

.....

In the control room, monitors were calculating various data of Zhao Ling with horrified faces.

However, no matter how they calculate, Zhao Ling always uses a force of 1500kg.

This gram-accurate data made all the monitors look like they had seen a ghost!

"Able to maintain such precise strength control in such a fierce battle! Zhao Ling, who are you!"

Bai Ningshuang, who was standing in the surveillance room, frowned!

With such a powerful combat power, even she is not as good as her.

"I don't know if the teacher will be surprised when he sees it!"

Bai Ningshuang's eyes flashed slightly, and then she sent the video of "own" to the private email of her teacher at Imperial University!

At the same time, Zhao Ling has killed nearly three or four hundred of these star beasts that fell from the sky! !

At the same time, he was very surprised that when he killed these star beasts, these star beasts would drop a lot of attributes because of panic!

According to my previous calculations, even if these star beasts exercise violently, it will take more than ten minutes to drop an attribute point in the end.

But almost every star beast will drop an attribute point when Death comes.

And this attribute point is not low!

"It seems that I can use this method to improve my strength in the future!!"

Zhao Ling's eyes flashed, and the strength under his feet instantly increased to a new level, because he found that he was a bit slower than the falling speed of these Magical Beasts!

After all, these star beasts are in free fall, and sometimes twenty or thirty star beasts will fall down at once.

"It's getting faster, Zhao Ling's speed is getting faster! Now the speed is 150m/s, which has been doubled!"

"The strength has also increased, and it has reached 3000kg. It turns out that he was hiding his strength just now!"

"At this age and with this fighting ability, even the top ten key universities may be scrambling to get it!!"

"But we must at least draw him into our Martial Dao alliance first, otherwise it will be our relapse if those organizations discover Zhao Ling!"

.....

.....

Everyone in the operating room quickly linked Zhao Ling's battle video and sent it to the president of the Martial Dao Alliance branch in Shuitian City.

As for Bai Ningshuang, she is just a temporary examiner. Strictly speaking, she doesn't have much management authority over the affairs here.

However, the identity of the other party should also be respected by the surrounding staff.

"He definitely still has hidden strength. If that's the case, he will be admitted to Imperial University! It's just that he will choose this way!?"

Bai Ningshuang's eyes flickered slightly, and then she continued to look at Zhao Ling.

And the time passed by every minute and every second during Zhao Ling's massacre.

Out of the five hundred star beasts, only one hundred star beasts escaped, and Zhao Ling released these hundred on purpose.

After all, he is not the only one in the current assessment. Although he can definitely pass, if a star beast is not reserved for others, no matter how strong others are, they will not be able to become a Practitioner.

"drink!!!!!"

Following Zhao Ling's loud shout, he rushed towards the last star beast that fell.

"Roar!!!!!"

The star beast that fell from the sky screamed in horror, as if it was about to be violated.

However, it couldn't move at all in the air, so at the next moment, Zhao Ling spun around in the air and kicked the poor star beast's head hard.

"Boom!!!!!"

With a loud noise, the star beast's head instantly burst into countless blood plasma.

And Zhao Ling, who had lifted this kick, also slowly fell to the ground because there was no support.

A bloodthirsty light flashed in Zhao Ling's eyes who fell on the ground.

But the trace of blood was instantly suppressed by him.

He clenched his fist slightly, and he felt a terrifying power brewing in Own's body.

In Zhao Ling's hand, there are now as many as 35 mortal-level treasure chests, and there are also 2 spiritual-level treasure chests.

"System, open all the treasure chests!!"

Chapter 17: The Terrifying Power Of Body Tempering Sixth Stage! ! (Second Watch For Flowers)

"Ding... Congratulations to the host for opening the mortal-level treasure chest*35, the spiritual-level treasure chest*2, and obtained the following items:

Weapons: Fierce Sun Spear (advanced spiritual level), Titanium Knife (peak mortal level), Recalling Gold Gauntlet (peak mortal level)

Experience Points: 6800

Attributes: Speed: 70, Strength: 1000, Vitality: 1500, Soul: 150"

Zhao Ling, who fell to the ground, felt the surging power in his body, let alone a bull, or even a Tyrannosaurus rex, he could blow it up with one punch!

The rapid increase in strength did not bring the slightest burden to Zhao Ling.

On the contrary, the power raised in this battle is even more familiar than the previous ones.

Every ounce of power is under his control.

The feeling of this strength explosion is very good.

"Crackling!!!"

Zhao Ling moved his body slightly, and the sound of cracking joints came from his body.

"System, open the attribute table!!"

Attribute table:

Host: Zhao Ling

Martial Dao Realm: Body Tempering Sixth Stage

Psychiatrist: Mortal Rank Seventh Stage

Strength: 6140

Speed: 318m/s

Vitality: 6280

Soul: 725

Weapons: Mithril Flying Daggers Array (Peak of Mortal Rank), Sun Spear (Advanced Spiritual Rank), Titanium Knife (Peak of Mortal Rank), Recalling Gold Gauntlet (Peak of Mortal Rank)

Cultivation Technique: Basic forging body Fist Technique (no flow)

Martial Skill: Bull Fist (Peak of Ordinary Level, 100%), Psychic Power, Variations of Magical Skills (Intermediate Spiritual Level, 100%), Storm Shootout (Peak of Ordinary Level, 100%)

Psychic skill: 3 soul power (0/3000)

Gun Skills: Getting Started Beginner (0/100)

Experience: 7900

.....

Zhao Ling looked at the own attribute and smiled subconsciously. The more he understood the power of this world, the more he felt that he should not relax too much.

"Phew, but no matter what, there is no need to worry about strength in the near future."

Zhao Ling let out a foul breath, and then began to study the own attribute table!

"I already understand the skill of mind power, but what is the skill of this gun!"

Zhao Ling asked the system suspiciously!

"Ding... Spear skills are a branch of skills. They are similar to mind power skills, but the upgrade method is different. The entry-level soul power does not improve the strength! The entry-level intermediate level can improve two levels when using spear skills. Double the fighting power."

Explanation of the system Zhao Ling understood it as soon as he thought about it.

That is to say, it is similar to the mind power technique, and it is to improve the efficiency of power use when using a long spear.

"So that's it, then help me upgrade the gun skills."

With a twinkle in Zhao Ling's eyes, he said directly to Xi.

"Ding... Congratulations to the host for spending 4100 experience points to upgrade the gun skills"

"Ding... Congratulations to host gun for upgrading to: entry-level intermediate (0/1000)"

"Ding... Congratulations to the skill of the host gun for upgrading to: entry-advanced (0/3000)"

"Ding... Congratulations to the skill of the host gun for upgrading to: proficient primary (0/20000)"

At the same time, Zhao Ling also improved his mind skills.

"Ding... Congratulations to the host for consuming 3000 experience points to upgrade the mind power skill to: 4 soul power (0/20000)"

From then on, only a little bit of his experience points were consumed.

And when he was standing there meditating, there was a giant wolf-like star beast hiding in the woods beside him and staring at Zhao Ling.

One must know that Zhao Ling killed hundreds of star beasts just now, but this giant wolf showed no trace of fear.

And his strength has reached the terrifying first-order three-star.

Also the strength of Body Tempering Third Stage.

Every batch of star beasts will be mixed with a slightly stronger star beast.

And this wolf king is the most powerful star beast among them.

At the same time, his cold personality made him less afraid.

Suddenly, the wolf king moved!

His legs kicked suddenly, and his whole body rushed out instantly like a sword drawn from its scabbard.

And his pedals on the ground seemed to have no weight, and he didn't make the slightest sound.

"No, that's the Shadow Wolf King!!"

"Quick, sound the alarm!!"

.....

.....

The faces of the people in the control room changed drastically when they saw this scene. If Zhao Ling died after being attacked like this, then if the president knew about it, he wouldn't just beat them all to death.

Even Bai Ningshuang's face changed slightly.

This Shadow Wolf King has a terrifying case of killing a strong person in the Body Tempering realm Seventh Stage with the strength of a Tier 3 star.

However, their actions were already too late. The Shadow Wolf King's speed was simply a bug, and he had already rushed to Zhao Ling's back in an instant.

Just as Zhao Ling was about to die tragically in the next moment, a voice that terrified the Shadow Wolf King came.

"Puppy, don't you want to live!?"

Chapter Eighteen: Who Is Holding My Fate By The Throat? (Three More)

"Puppy, don't you want to live!?"

After the Shadow Wolf King heard this voice, Tong Kong shrank instantly.

The next moment, he found that Zhao Ling in front of him quickly disappeared in front of his eyes.

At the same time, he felt a pair of powerful hands grabbing the throat of his destiny in an instant!

The wolf king stuck out his tongue and struggled in horror!

"Hey! Puppy, you are so brave, you dare to sneak attack!"

Zhao Ling teased with his right hand clamping the neck of the Shadow Wolf King.

Actually playing speed in front of Zhao Ling!

It seems that the Shadow Wolf King hasn't woken up yet.

"Wooooooooooooooooo!!!"

The Shadow Wolf King wailed in horror, he wished he could slap himself a few times, why did he come back to give the dog's head after he ran away.

"Hey, what do you say, you look so much like Erha, you really want to raise one, but since you are so misbehaving, I'll give you a ride, you won't be able to live here anyway!"

Zhao Ling sighed helplessly.

Hearing Zhao Ling's words, the Shadow Wolf King stopped immediately, his huge limbs kicking on the ground desperately, trying to escape.

"Crack!!"

However, after a crisp bone shattering sound, the neck of the Shadow Wolf King was dented in an instant where Zhao Ling was clamping it.

At the next moment, the strength of the Shadow Wolf King's struggle suddenly became smaller and smaller, and finally his eyes lost their expression.

And when the wolf king died, the two attributes also slowly fell to the ground.

"Ding... Congratulations to the host for picking up Qi and blood attribute: 150, speed attribute: 20"

After absorbing this attribute, Zhao Ling threw the huge corpse of the Shadow Wolf King in his hand to the ground, and then sat on the weapon table and waited for the end of time!

And at this moment, the glass door that was supposed to open in more than half an hour actually opened ahead of schedule.

Bai Ningshuang was standing at the door staring at Zhao Ling.

And Zhao Ling actually saw a trace of fighting intent in the opponent's eyes!

"I'll go, this chick can't be a battle freak, why does she look so infiltrating?"

Zhao Ling couldn't help being speechless. He thought it was okay for the other party to be a little cold, but now he looks very manly.

What a waste of such a beautiful appearance.

"Examiner Bai opened the door so early because I passed!?"

Zhao Ling smiled slightly, and casually threw the mortal spear that had been bent a little by him back onto the weapon stand.

"You have passed the qualification, the Martial Dao Alliance's resident president in Shuitian City welcomes you!!"

When Bai Ningshuang spoke, his tone was full of fighting spirit, which made Zhao Ling's egg hurt a little.

"Let's go! Then I will trouble Examiner Bai to lead the way!"

Zhao Ling shrugged, and then walked forward.

And behind them are star beasts who are hiding in the woods and peeking tremblingly.

Zhao Ling seemed to have noticed it, and looked back.

When those star beasts saw the dead souls, they ran towards the interior in a desperate manner.

"Is it necessary to scare them so much?"

Bai Ningshuang frowned.

"Haha, didn't you get us to kill each other? Now it's my fault!"

Bai Ningshuang was taken aback by Zhao Ling's mocking words, even if she thought about it carefully.

She is not some kind of Holy Mother, and she also knows that it is impossible for Daoists and star beasts to coexist.

The question just now was just because Zhao Ling was too strong and gave her the illusion that Zhao Ling was bullying small animals.

"Sorry! Let's go!!!"

After Bai Ningshuang apologized in a low voice, she led Zhao Ling towards the outside world.

After they walked out of the ecological trial hall, the original glass door slowly closed.

Under the leadership of Bai Ningshuang, Zhao Ling came to a private training room.

I saw an old man sitting cross-legged on the ground, but this old man exuded a trace of energy!

These energies have a powerful destructive force in Zhao Ling's feeling.

He had a hunch that as long as he touched this energy, he would be shattered.

Thinking of this, Zhao Ling's eyes flashed!

"It's actually the legendary True Qi!"

Zhao Ling didn't know what the energy in front of him was. It can be said that this was the first time Zhao Ling saw the appearance of True Qi.

After all, the powerhouses of the True Qi Realm are not only powerful, but also big figures who are all powerful.

Assholes like Zhao Ling generally cannot get in touch with these people.

The old man was wearing a Martial Dao suit, sitting on the ground and watching the video with relish.

And in the video is Zhao Ling's gorgeous operation in the air!

"Tsk tsk tsk... young people these days are so flashy, so cool! Alas, it's a pity that I'm old, otherwise I'm afraid I can catch a few girls with this set of operations!"

The old man's soft sigh made Zhao Ling speechless.

It seems that this old man was also a romantic figure when he was young.

"Ahem! President, Zhao Ling is here!!"

Chapter 19: Terran Forces, Underground Organizations? ! (Four More For Evaluation)

Bai Ningshuang on the side seemed to have heard the president's words, and turned her head away after she finished speaking, as if she didn't know the president.

"Huh? People are coming?!"

The president quickly raised his head to see Zhao Ling and Bai Ningshuang.

Immediately, the old man stood up slowly, showing a loving smile like the grandfather next door!

"You are Zhao Ling? Yes, such a powerful fighting talent at such a young age!"

As soon as the president came up, he praised him!

"The president has praised you!"

Zhao Ling responded with a smile.

"Hmm! That's right, young people nowadays are rarely so humble, young and promising, young and promising!"

The president praised him for something, which made Zhao Ling a pain in the ass!

"President, you should speak directly, I sound awkward!"

Zhao Ling had no choice but to break through the chairman's little thoughts.

This time it was the chairman's turn to be stunned, but he reacted in the next moment.

"Hahahaha! You kid, you're right, you sound awkward, I'm still tired of pretending!"

The president's original kind smile suddenly disappeared, replaced by a hearty laugh.

To know the Practitioner, which one will be the kind of slow-tempered person.

If Zhao Ling didn't want to trick Zhao Ling into joining the Practitioner Alliance, how could he flatter children!

"Then I'll be straight! By the way, you don't need to call me the president anymore, you can call me Bai Lao. I asked Xiaoshuang to bring you here just to ask if you have any ideas to join my Practitioner Alliance!?"

The broken Bai Lao directly told Zhao Ling the purpose of own without any ink marks!

"Oh? The Martial Dao Alliance? I know this, but do I have other options besides the Martial Dao Alliance?"

Zhao Ling suddenly said to Bai Lao in doubt.

At the same time, he also looked at Bai Ningshuang who ignored Bai Lao, the two seemed to be related!

"That's right, I don't want to lie to you, you do have other options besides the Martial Dao Alliance, and that is the military!"

Bai Lao's frank and honest words made Zhao Ling feel a little fond of the old man.

After all, the other party can directly fool themselves into joining the Martial Dao alliance directly.

But he chose to tell Zhao Ling the truth.

Under Bai Lao's explanation, Zhao Ling knew the general division of power of the human race.

After 100,000 years of development, the human race has formed a situation led by two major forces!

These two forces are the Martial Dao Alliance established by the most powerful people who used to be Martial Dao.

The other big force is the military.

The military is the army under the ruling class under the Terran Alliance.

For the human race, joining the military is definitely the best welfare package.

But the corresponding will be subject to strict management.

The Martial Dao alliance thinks it is loose, but there will be some tasks released, and it will not be mandatory when there are enough people to do the tasks.

But if there are a lot of idle tasks, the Practitioner will be randomly assigned to some tasks.

Of course, compared to the amount of tasks that the military has to do almost every day, it is simply a jobless vagrant.

"Of course, joining the Martial Dao Alliance does not mean that you don't need to ignore the safety of human beings. If the alliance is in trouble, the Martial Dao Alliance will definitely be at the forefront!"

Bai Lao's words made Zhao Ling nod slightly.

This one is easy to understand.

"By the way, besides the Martial Dao Alliance and the military, I've heard from our instructors that there are also underground organizations. I don't know what this underground organization is?"

Zhao Ling suddenly asked Bai Lao.

However, when they heard about the underground organization, not to mention Bai Lao, even Bai Ningshuang on the side all had a slightly ugly face.

Bai Lao suddenly spoke to Zhao Ling solemnly.

"Zhao Ling, remember, the underground organization is the enemy of all human beings, it is no longer a human organization!"

Zhao Ling was taken aback by Bai Lao's words! What the hell is an organization that can't be considered human?

"You know, in the long history of human beings, there must be many wrong things, and one of them is human cloning!"

When Bai Lao said about human cloning, his tone was extraordinarily solemn!

"You mean that the people in the underground organization are actually clones!?"

Zhao Ling suddenly asked in surprise!

Human cloning, this is something that can be done in the twentieth century.

But it has been put on hold because of human relations issues. I didn't expect that someone would actually start this kind of project in the future.

"That's right, they are human clones. There are not only cloned humans, but also genetically modified humans, and their appearance is absolutely the same as ordinary people. Therefore, underground organizations have penetrated into every corner of this world."

Bai Lao's words made Zhao Ling gasp.

"Doesn't that mean that the human race might be silently replaced by clones?"

Fantasy I Pick Up Attributes In The Future

Chapter 20: The Martial Arts Examination Begins! !

At this time, Zhao Ling finally understood why Instructor Wang told him not to say that he was a spiritual teacher.

If you are discovered by the opponent, and then you use the own gene to clone a new person after being killed, then you have full hope of awakening the ability of the spiritualist.

Moreover, the own clone will replace itself and live its own Life.

"So, from now on, as long as you encounter people from underground organizations, just kill them!"

As if thinking of something, Bai Lao looked unusually angry.

"I see, by the way, aren't you going to invite me to join the Martial Dao alliance? I don't know what benefits Bai Lao is planning to give me?"

Suddenly, Zhao Ling changed the topic, suffocating Bai Lao immediately!

One second you were talking about the rise and fall of the country, and the next second you come here to ask for benefits. Is there such a big jump?

"You boy!"

Bai Lao shook his head helplessly, and then Bai Lao tapped his own smart watch a few times.

The next moment, a virtual screen appeared on Bailao's watch.

And a few lines of words are displayed on the phantom screen!

"Third-level potential recruitment criteria:

Money: star currency * 10 million

Weapon: low-level spiritual weapon*1,

Cultivation Technique: Spirit-level intermediate Cultivation Technique*1, Spirit-level low-level Martial Skill*2

Miscellaneous: One villa worth less than 10 million yuan, optional address, top-ranked Medicine Pill*1”

Zhao Ling was stunned for a moment by these items.

The Martial Dao Alliance has spent so much money recruiting talents.

Adding all these up, I am afraid that they can directly defeat more than 100 million star coins.

And the more than 100 million star coins can be worth more than one billion yuan in the previous life.

"This is the standard for recruiting Tier 3 potentials. It's just that I can only apply for my authority. Whether I can approve it or not depends on the people above!"

Bai Lao's words made Zhao Ling a little puzzled, what is this third-order potential?

"The third level of potential is a genius with great potential to become a Grandmaster,

The first-order potential is that the maximum extent in this life can only be the Body Tempering realm. The general recruitment standard for this kind of potential is less than 100,000 star coins.

And the second level means that there is a great possibility of becoming a true Qi environment powerhouse, and the recruitment standard is about one million star coins.

Tier 3 means someone who has the potential to become a Grandmaster, and the recruitment standard is around 100 million star coins. "

Old Bai slowly explained to Zhao Ling.

"To be honest, it might be a bit impossible to approve the third-level potential. After all, I, Yan Huxing, only have ten third-level places every year!"

It's a bit embarrassing for Bai Lao to say this, after all, he has released the benefits.

"It doesn't matter. In fact, there is one more thing I want to ask Mr. Bai. I wonder if Mr. Bai has a channel to help me find the best ophthalmologist in Yanxing?"

Zhao Ling didn't pay too much attention to the benefits he could get, instead he asked Bai Lao this question,

"Ophthalmology? Are you doing it for your Little Sister?"

A flash came before Bai Lai's eyes, and he looked at Zhao Ling with more attention than before.

In the face of such a big temptation, he still misses his own family, this kid is not bad.

"If you want to heal your Little Sister's eyes, it's very simple with the current medical technology. I can help you contact the First Hospital of the Martial Dao Alliance of Yan Mars! To go to this hospital for treatment, you must be a member of the Martial Dao Alliance!"

Bai Lao thought for a while and answered slowly.

"Okay, when can I have surgery!?"

With a flash in Zhao Ling's eyes, he asked Bai Lao directly.

"You have signed this joining contract, and I will contact you right away! The operation should be arranged within three hours! As for the operation fee, the Martial Dao Alliance has regulations. Practitioner's family members can have a major operation for free in their lifetime."

Bai Lao's words made Zhao Ling's eyes shine!

"If that's the case, I'll take care of Bai Lao!"

Zhao Ling smiled slightly, and then stamped own handprint on the contract with a big wave of his hand.

"I'll contact you right away. You and Xiaoshuang can go and pick up your Little Sister first, and then she will send you to the imperial capital!"

After Bai Lao finished speaking, he began to contact the Union First Hospital.

"Let's go!!"

After Bai Ningshuang finished speaking, she walked outside.

.....

.....

Two days later!

During these two days, Zhao Ling has been with Zhao Xue. With the current technology, even if it is to treat the eyes, it only takes a day or two to recover.

When the doctor removed the recovery device from Zhao Xue's eyes, those originally dull eyes were now full of brilliance.

Zhao Xue finally saw the first ray of light in this life.

Zhao Xue, who saw the light for the first time, wandered around the imperial capital casually under the leadership of Zhao Ling.

However, since Zhao Ling still had a martial arts exam, the two returned to Shuitian City first.

Zhao Ling, who rushed to the school, found that almost all the examinees had already assembled and were ready to start the unified examination!

"You boy, you are here now, you don't want to take the exam?"
