Chapter 21: Weird Second Lieutenant Li! ! (Six More Updates)

Instructor Wang glared at Zhao Ling when he saw Zhao Ling in a hurry.

"Hey, isn't there something wrong?"

Zhao Ling spread his hands helplessly.

"Okay, hurry up and return to the team, a big shot is coming to the school today!"

Instructor Wang's mysterious words stunned Zhao Ling.

Big shot?

What big shot will come to own school?

And just when Zhao Ling was puzzled, the principal came on stage.

And beside him was a middle-aged man.

The principal smiled and led the middle-aged man to the high platform.

Looking at this posture, the principal seems to be very respectful to this middle-aged man!

But Zhao Ling in the audience looked at the man and immediately understood the reason. The power fluctuations on this man were somewhat stronger than the headmaster, a powerhouse in the peak Body Tempering realm.

In other words, men are at least strong in the True Qi Realm.

"Hey, that's not right, this person's Mental Energy is not like that of an ordinary person!"

Zhao Ling frowned suddenly. From his perception, this man's Mental Energy was extremely weak, not to mention compared with the principal, the Mental Energy of any student around him was much stronger than him.

"And his Mental Energy is a little out of the ordinary! Is his Mental Energy traumatized?"

Zhao Ling frowned. Although he guessed this way, he knew in his heart that things would never be so simple.

And when Zhao Ling was puzzled, the principal also took the middle-aged man to sit on the summit platform!

"Students, today is the most important stage of the martial arts test in your life, everyone cheer me up, and use as much strength as you want later!"

The principal of Martial Dao College is not going to give a long speech like the principal of a liberal arts school.

In just a few words, everything that needs to be said has been said.

"Let me introduce to you now!"

Suddenly, a happy smile appeared on the principal's face.

"This is Second Lieutenant Li Chuang from the military! A powerful True Qi Realm expert! Today's martial arts test will be supervised by him!"

The headmaster's words immediately made the surrounding students gasp in amazement.

"It's actually a second lieutenant. You must know that adults who have reached the rank of second lieutenant in the military have more than a thousand Practitioner regiments under their command!"

"Hiss! One thousand Practitioners? It's so scary."

"It's unbelievable that such a big man can come to our school!"

.....

.....

Those students who pay a little bit of attention to the military all looked at Li Chuang with admiration.

Li Chuang looked at the students below with a smile, then nodded lightly.

But his eyes glanced at Zhao Ling without any trace.

If Zhao Ling hadn't been staring at each other, Zhao Ling wouldn't have noticed it.

The other party's glance immediately made Zhao Ling frowned.

"Did he come for me?!"

Zhao Ling was slightly puzzled, but he was relieved when he thought that he still had the identity of a power awakener.

However, he also knew that his identity as a power awakener would not alarm a second lieutenant-level powerhouse.

"It doesn't matter whether you came after me or not, I'm just a Second Lieutenant of the First Stage of True Qi, if you want to make trouble, I don't mind giving you a ride!"

A gleam of blood flashed in Zhao Ling's eyes.

For some reason, when he saw this Second Lieutenant Li, he felt bored for a while.

And at this moment, the huge curtain behind the titanium training ground opened.

I saw that huge dynamometers, speedometers and other equipment that should have been placed in the test hall were neatly arranged in the rear.

A huge virtual screen also lit up in the sky!

On top of that are the names of a thousand pedestrians and their rankings.

At the same time, the schools and cities of these people are marked.

"Everyone, the martial arts test is a major event for the entire human race. The ranking on this big screen is the overall ranking of our Rosy clouds province! If any of you can rank in the top 1,000, the school will reward you with 200,000 star coins as a reward! "

"boom!!!!!!"

The headmaster's words immediately made the whole school erupt!

The first thousand is worth 200,000 star coins. This reward is higher than being admitted to the top ten key schools.

However, their faces changed after seeing the bottom one on the leaderboard!

"Rosy clouds Provincial Martial Arts Exam Ranking 1000: Sixuan City No. 5 Middle School: Qian Fa, Strength: 1875, Speed: 68m/s, Anti-strike Ability: 1250kg"

Just being the bottom one on the leaderboard is already beyond their reach! Not to mention there is a first.

But Zhao Ling looked at the first one curiously.

"Rosy clouds Provincial Martial Arts Exam Ranking 1: Rosy Clouds City No. 1 Middle School: Cheng Zheng, Strength: 5896, Speed: 278m/s, Anti-Strike Ability: 5155kg"

The first place has reached the strength of Body Tempering Fifth Stage!

Zhao Ling sighed with emotion when he saw it.

"Hey, this kid's Talent is not bad, he already has two-thirds of my strength!"

PS: The six updates promised by Dead Fish have been delivered, and the current flowers are 4200. If it reaches 6,000 per day, we will continue to add more.

Also, the evaluation votes have already reached 800, as long as it reaches 1,000, there will be more updates, and there are still only three rewards, I feel so pitiful, emmm!

Chapter 22: Talent Is Good, Two-Thirds Of Me! !

If Zhao Ling's emotion was heard, he would definitely vomit blood with anger.

The provincial champion is actually only two-thirds of his, and he still praises others.

If Cheng Zheng, who was thousands of kilometers away, found out about this, he wouldn't be outraged.

After Bai Veteran Zhao Ling's video was sent to the headquarters, and the identity of Zhao Ling Body Tempering Sixth Stage was reported, Yan Martian headquarters soon approved his reward.

Of course, these will need to wait until Zhao Ling is admitted to the First University of the Imperial Capital before being issued.

Therefore, Zhao Ling, who still had no money, directly sold his new titanium sword, earning three million star coins.

And because Zhao Ling was taking care of Zhao Xue in these two days, Zhao Ling didn't improve his strength too much in these two days.

Attribute table:

.....

However, with the strength of the Body Tempering Seventh Stage plus the Sun Spear and spear skills, Zhao Ling is confident that he is absolutely capable of confronting the strong players of True Qi Realm now.

As for Cheng Zheng, the temporary provincial champion, he hasn't been To put in one's eyes yet.

"Okay, I announce that this year's martial arts test of Shuitian City No. 8 Middle School will officially begin!!"

At the same time, the resonant voice of the principal on the stage made the hearts of all the students beat to the extreme.

The next moment Rows of huge instruments are displayed on the LCD screen in front of each name.

Because there are only ten sets of machines, only ten people can be assessed at one time!

However, it should be that the order of assessment was manipulated in secret, and Zhao Ling was actually ranked last!

"The principal wants you to be the finale, wait a minute, but you can't lose face in front of Second Lieutenant Li!"

Instructor Wang said to Zhao Ling solemnly.

"Well, no problem!!"

Zhao Ling's eyes flashed, the more he looked at Li Chuang now, the more he felt disliked.

It's just that he doesn't know the reason.

As the time changes every minute and every second, the names on the virtual screen in the sky are also changing.

Only Body Tempering Second Stage can be ranked in the top 1,000.

But the top ten didn't move.

And the number one Cheng Zheng is as stable as an old dog.

After all, there are less than ten people in Yan Huxing who have achieved this achievement at the age of seventeen.

You must know that the province of Rosy clouds is a province with a large population.
nearly one billion people.

And if a genius like Cheng Zheng joins the Martial Dao Alliance, he will at least be a genius with third-level potential!

As time slowly passed, the assessment of No. 8 Middle School also came to an end.

Even the strongest Zuo Heng has already been tested.

And if his grades were placed in previous years, he would definitely be number one in No. 8 Middle School!

"Shuitian No. 8 Middle School, Zuo Heng, strength: 825kg, speed: 43kg, anti-shock ability: 758kg!"

In just three days, Zuo Heng's strength has improved a lot.

But those who knew his life experience were relieved.

His father is an old instructor at Shuitian City University. The strength has also reached the peak of Body Tempering.

It's normal to get some good things to supplement him.

And Zuo Heng's Talent is also good.

If it continues like this, it is possible to have the strength of his father in the future.

But at this moment, he looked at Zhao Ling with an angry expression on his face!

"It's amazing, is this kid's little eyes going to eat me?"

Zhao Ling glanced at Zuo Heng helplessly.

In fact, Zhao Ling can still understand each other.

Zuo Heng, who has been the number one since he entered the school, was robbed of the number one by Zhao Ling at a critical moment. Anyone would have a mental breakdown.

He couldn't compare to the other party, so he gave Zhao Ling a few glances, but he didn't do anything that he regretted.

"Zhao Ling got you!!!"

Finally, after waiting for three hours, it was finally Zhao Ling's turn.

The moment they saw Zhao Ling's movement, the students around immediately chattered.

"I don't know how much strength Zhao Ling can play this time!"

"It won't be nine hundred, he was over eight hundred and fifty three days ago."

"Impossible, Zhao Ling's family conditions are not good, it would be good to reach the eight hundred and seventy!"

"Wow, I didn't think so before, but now I see how handsome Zhao Ling is!"

.....

.....

The sound of discussion did not affect Zhao Ling's mood.

And he also slowly came to the front of the dynamometer.

"It's time to start!!"

PS: Friendly Reminder, it's a new day, Dead Fish feels like he's going to be overwhelmed by flower evaluation votes, I don't know if it's an illusion! Quack quack...

Chapter 23: Martial Arts Test Results! No. 1 In The Province! ! (Two More)

The invigilator checked Zhao Ling's body and started the test machines directly.

Zhao Ling came to the dynamometer and took a deep breath.

The next moment, a punch suddenly blasted out! !

"boom!!!!!!"

However, something that shocked everyone happened!

Zhao Ling punched the huge dynamometer and sliced it backwards.

"Dididi... Strength: 7250kg!"

In an instant, the originally boiling titanium training ground became quiet in an instant.

Candidates and instructors all stared at the front in dumbfounded!

"brush!!!!!!"

Several directors, the principal, and Second Lieutenant Li on the summit platform all stood up abruptly.

"More than 7,000 kilograms, how is this possible!!"

The headmaster looked at the scene in front of him with pain in his face, which made him tangled up.

Slipping the dynamometer that can test the peak of the highest Body Tempering is definitely a strength of more than 7,000 kilograms.

However, he still couldn't believe that the scene in front of him happened in his own school.

"Ha ha ha ha....."

Suddenly, a sound of laughter pulled the principal and several directors back from their horror.

I saw Li Chuangzheng smiling happily.

"Principal, your Eighth Middle School has produced a super genius this time!!"

Li Chuang looked relieved.

"Hahaha, Second Lieutenant Li is over the top. This is the result of Zhao Ling's own hard work. My No. 8 Middle School dare not take credit for it!"

The principal of No.8 Middle School, An Nai, suppressed her excitement.

But his heart was trembling with excitement, this is the number one scholar in the province, it is unbelievable that he learned the number one scholar by himself.

"By the way, I don't know if the assessment is over, will it give me a chance to spend time alone with Zhao Ling? On behalf of the military, I want to invite him to join the Terran Alliance!"

Li Chuang said to the principal suddenly, and the principal was not surprised at all.

This kind of genius will definitely make the Martial Dao Alliance and the military scramble for it.

And he just talked about it.

"No problem, after the martial arts test is over, I will bring him to you!"

The principal said happily.

But for some reason, Li Chuang, who was looking at Zhao Ling wrongly, had a flash in front of his eyes this time!

But at this time Zhao Ling has also finished all the own tests.

At this moment, the floating version above the sky changed.

Cheng Zheng, who was originally sitting firmly in the first place, was squeezed to the second place in an instant.

At this moment, not to mention the entire province of Rosy clouds, even the entire population of Yan Martian was boiling.

There is no other reason. During the martial arts examination, the rankings of more than 20 provinces have always been the focus of everyone's attention.

These data on the network are broadcast in real time.

At the same time, their videos will also be sent to the Practitioner Alliance for manual review, and the top 1,000 in each province will be paid attention to by the people at the headquarters of the Practitioner Alliance.

It can be said that it is almost impossible to cheat in this place.

Rosy clouds provincial home!

The Cheng family is a big family in the province of Rosy clouds. The ancestor of the family has reached the rank of Grandmaster, and is one of the enforcers of the Martial Dao Alliance Headquarters of Yan Mars.

And law enforcers can be said to be the most powerful group of people who control this planet.

And Cheng Zheng is the most talented boy among the younger generation of the Cheng family.

They had great expectations for Cheng Zheng in the martial arts test this time. They didn't expect that when the martial arts test was about to end, Cheng Yaojin not only won Cheng Zheng's first place, but also surpassed Cheng Zheng by two. The strength of a small Realm.

"Who is this Zhao Ling, find out for me!!"

In the family Great Hall, Cheng Yueshan, the ancestor of the Cheng family, was happily watching his grandson hope to enter the elite training base! After seeing Zhao Ling knocking down Cheng Zheng's ranking in an instant, he suddenly became furious.

A Terran elite training base has been set up at the Martial Dao Alliance headquarters in Yan Mars.

Within the base there are countless resources and law enforcers as mentors.

However, there are two ways to enter the elite training base of the human race. One is to become the number one scholar in a province, so that you can get a ranking.

Therefore, in Yan Mars, it is illegal to change one's own hometown.

And if this method fails, you can only participate in the assessment, and this assessment is to gather all the top 1,000 candidates of the entire Yanxing Mars together for selection.

In the end, only ten people were able to enter the Terran training base together with more than 20 provincial champions.

"The ancestor found out that Zhao Ling is a student of the No. 8 Middle School in Shuitian City. There is only one Little Sister in his family. Both parents have died. There has not been any strong man in the last four generations."

Soon, the Patriarch of the Cheng family took what he found into the hands of the ancestor of the Cheng family.

After reading it, the ancestor of the Cheng family suddenly had a flash in front of his eyes!

"Very good, an asshole dared to steal my grandson's ranking, find a hidden guard in these two days and Zhao Ling will eradicate it for me! By the way, don't show your feet."

Chapter Twenty-Four: Your Underground Organization Is Quite Courageous! !

If someone heard the naked words of the ancestor of the Cheng family, they would definitely be shocked.

A high-status law enforcement officer would actually shoot a kid.

In fact, if you want to come, it's normal!

The ancestor of the Cheng family is already very old, and the strongest member of the Cheng family other than him is just his Little Brother from the Fifth Stage of True Qi Realm.

And Cheng Zheng is the only one among the three generations who has the potential to become the next Great Master.

But it can be said that it is extremely difficult to become a strong Grandmaster, and there are countless advanced technological equipment in the elite training camp of the human race.

With these devices, Cheng Zheng's chances of becoming a Great Master will be slightly greater.

At this time, Zhao Ling didn't know that Own was in trouble.

But even if he knew, he wouldn't have the slightest fear, he would come whenever he wanted, Zhao Ling had never been afraid of anyone before!

"What? That Li Chuang wants to see me!?"

After the martial arts exam is over, it stands to reason that he can leave.

But Zhao Ling was notified by the principal.

"That's right, Second Lieutenant Li wants to personally invite you to join the army. It will be better if you really want to develop in the army with him as an introducer!"

The principal smiled slightly, as if he had been invited.

Zhao Ling originally wanted to refuse but his eyes flickered slightly.

"There is definitely something wrong with this Li Chuang, why not inquire now!"

Thinking of this, Zhao Ling nodded immediately.

"Please headmaster lead the way!!"

Zhao Ling's promise made the principal nod, and then under his leadership, the two came to a hall.

In the empty hall, beside Li Chuang, there were actually two men in military uniforms.

It's just that Zhao Ling also felt a sense of disgust from the two of them.

And their souls are as weak as Li Chuang.

"Second Lieutenant Li, who are these two people?"

The principal was taken aback for a moment, he had never seen these two people before!

"They are my adjutants, the principal, I want to talk to Zhao Ling alone, I don't know..."

Li Chuang smiled slightly.

"Let's talk, talk! Zhao Ling, you and Second Lieutenant Li have a good talk, I'll deal with the martial arts test first!"

After the principal finished speaking, he walked out of the hall.

After watching the principal leave, Zhao Ling finally took a good look at Li Chuang and his two lieutenants!

"Three strong in the True Qi Realm!?"

With a flash in Zhao Ling's eyes, with the Mental Energy of a Psychiatrist, Zhao Ling can clearly detect the True Qi on the other three.

It can be said that Li Chuang's True Qi is the weakest among them.

Two strong people act as adjutants to the weak one, even a fool knows there is a problem.

But Zhao Ling didn't point it out, he wanted to see what the other party was going to do.

"I wonder why Second Lieutenant Li is looking for students!?"

Zhao Ling looked puzzled, as if a little flattered.

"Hahaha, Zhao Ling, don't be restrained, I'm here just to chat with you!"

As Li Chuang said, he tapped on the wall beside him without a trace.

And under Zhao Ling's mental power.

The wall was instantly covered by a faint film.

And his mental power couldn't penetrate it.

In other words, their voices still cannot be heard.

"Chat? I don't know what we have to talk about!"

Zhao Ling smiled slightly, and no longer pretended to be Xiaobai.

And his change also made the three of them stunned.

"You'll find out later!!"

Soon, Li Chuang's two adjutants walked towards Zhao Ling's sides.

The three formed a triangle and surrounded Zhao Ling.

Seeing this, Zhao Ling frowned, and wanted to make a move from the very beginning?

He who was not sure at first was sure of the identity of the other party!

"Unexpectedly, people from the underground organization have infiltrated the army, you are really amazing!!"

Zhao Ling sneered.

However, his words instantly changed the faces of Li Chuang and the others.

"Boy, how did you know our identities!?"

Li Chuang's face turned cold.

The two people around also stared at Zhao Ling with ugly faces.

"If you want to do it, do it. Where does all this nonsense come from? Is it possible that the people cloned by cloning technology are all fools?"

Zhao Ling stood there and smiled disdainfully.

However, his thoughts did not relax, and the ten Flying Daggers were completely wrapped by his thoughts.

As long as there is a slight change, the ten Flying Daggers will instantly Expanding Aperture.

"Boy, there is no way to keep you alive!"

After Li Chuang finished speaking, he snorted coldly.

"Do it!!!!"

At the next moment, the three burst out powerful True Qi in an instant, and rushed towards Zhao Ling at the same time.

Chapter 25: Kill The Three True Qi Realm Powerhouses! ! (Four More)

The three of them rushed towards Zhao Ling in the form of characters. The speed is as fast as a phantom.

Watching the actions of the three of them, Zhao Ling's eyes flashed.

"System, extract the weapon: Blazing Sun Spear!!"

Following Zhao Ling's thought, a flaming spear appeared in his hand in the next instant.

Seeing this appalling scene, the faces of Li Chuang and the others changed instantly.

"Storm shot!!!!"

The next moment, with Zhao Ling's low shout, the True Qi spear in his hand instantly turned into a sea of flames.

The sea of flames instantly engulfed the nearest lieutenant to Zhao Ling!

The flames dissipated, and the adjutant had been pierced through the heart by Zhao Ling.

"Damn it, impossible!!!"

A scream instantly echoed in the hall.

However, his screams were destined to be heard by no one.

"This kid is evil, quick battle!!"

After Li Chuang finished speaking, a glove appeared on his right hand, and the next moment a fist full of powerful True Qi slammed towards Zhao Ling.

"God can change everything!!!"

Zhao Ling's eyes flashed, and he shot the unlucky guy who was instantly pierced through the chest by himself with the sun gun.

The next moment's body instantly turned into a phantom, dodging the attacks of Li Chuang and another big man.

"Madness!!!!"

Suddenly, another adjutant roared, and the muscles on his body instantly swelled.

The aura emanating from the whole person also skyrocketed a lot.

The next moment, his figure instantly disappeared in place and rushed towards Zhao Ling.

"Is this the genetic warrior?"

Zhao Ling was a little interested when he saw this.

This genetic warrior actually doubled the strength of the adjutant.

Let him be promoted from True Qi First Stage to Second Stage.

It has reached a strength of more than 20,000 kilograms.

But his True Qi strength is still that of First Stage, and his speed has also dropped a lot.

"You want to catch me at this speed?"

Zhao Ling smiled disdainfully, =.

"However, I don't want to hide!!!"

Suddenly, Zhao Ling's eyes flashed.

In an instant, his right hand tightened suddenly.

The Sun Spear burst into flames again, and The next moment the Sun Spear stabbed at the berserk adjutant.

The next moment The five Flying Daggers between his legs shot out instantly.

After seeing this scene, Li Chuang's expression changed drastically.

"Are you a spiritualist? Impossible, you are so likely to be a spiritualist? The physical body of a spiritualist is so powerful!!"

Li Chuang looked at Zhao Ling in disbelief.

And at The next moment, what responded to him was a Flying Daggers with a cold light.

"Hmph! So what if you are a spiritualist? You are just a mortal spiritualist, wanting to kill me in a True Qi realm, dreaming!!"

Li Chuang snorted coldly, and then punched out, instantly smashing the handle that Zhao Ling flew towards him into the air.

"puff!!!!!"

However, in the next second, with the sound of his body being pierced, his head was instantly pierced by a Flying Daggers.

"You think I can only control five Flying Daggers? How naive!?"

With one shot, the adjutant's big hand was thrown away, and he glanced at the dead Li Chuang with disdain.

"Roar!!!!"

At the next moment, the adjutant roared, and rushed towards Zhao Ling frantically.

"Puff puff puff!!!"

However, at the next moment, a handle of Flying Daggers penetrated the adjutant's chest at supersonic speed in an instant!

A total of nine Flying Daggers pierced huge holes in his chest.

The next moment The ten Flying Daggers trembled in the air, shaking off the blood on the blades and returning them to the holster on Zhao Ling's leg in an instant.

"Unexpectedly, the first time I killed someone was actually someone who killed the army!"

Zhao Ling touched his forehead helplessly, killing people, or killing a few soldiers.

This is a troublesome thing.

Reluctantly, Zhao Ling could only call Bai Ningshuang.

Soon, the call was connected!

"What's up!?"

A still cold voice left Zhao Ling speechless.

"Ningshuang, we are friends after all, don't be so cold!"

Zhao Ling complained a lot.

"If you have something to say, if it's nothing, I'll hang up!"

However, the other party's tone became even colder.

"Don't, don't, I have something to do, something big to do!"

Zhao Ling quickly stopped the opponent!

"Say!!!!"

It was still a cold answer.

Reluctantly, Zhao Ling could only start asking.

"I want to ask you something, what should I do if I kill someone from an underground organization?"

Zhao Ling didn't say anything directly.

"Huh? Well, you just need to bring their corpses to the Martial Dao Alliance for confirmation and you can receive the bounty, because the clones of the underground organization have a unique identification method!"

Bai Ningshuang frowned after hearing Zhao Ling's question, but answered Zhao Ling anyway.

"Oh, so, let me ask you something again, what if these people are from the army!?"

Chapter 26: The Soul Reaches Its Limit! ! !

Zhao Ling's words immediately made Bai Ningshuang on the opposite side frown!

"Zhao Ling, are you sure they are organized underground?"

Bai Ningshuang's dignified words came from the watch.

"Uh, this is their own admission, so it shouldn't be fake!"

Zhao Ling said indifferently.

"That's good. The military has a corresponding inspection for any soldier. This inspection is carried out every year. It seems that this clone has only recently been put into use." Bai Ningshuang breathed a sigh of relief.

"You can send me your coordinates and I will ask the president to send someone to deal with it. By the way, don't tell anyone about this matter and don't leave. Otherwise, people from the underground organization may swap the corpse in a short time."

As Bai Ningshuang spoke, he connected the president.

After Zhao Ling sent the own coordinates to the other party, he hung up the phone.

"Zhao Ling, right? People from the underground organization will never let you go!!!"

Suddenly, a weak voice came from the side, and Zhao Ling looked over, but found that the person he had pierced through the heart in the first place was not dead.

Zhao Ling frowned immediately, but he was stunned after sweeping the man's body with his mental power.

"You actually transformed your heart, your luck is really awesome!"

Zhao Ling actually discovered that the opponent's heart was actually a little below the chest, and the own blazing gun just scorched the opponent's chest.

"Tell me, how did you follow me?"

Zhao Ling stepped on the opponent's chest with one foot. ,

Speaking of it, Zhao Ling was very curious that he seemed to be very low-key, so he was targeted.

"Hmph! Want to know? In my next life, I won't give in!"

The injured adjutant snorted coldly, then closed his eyes and waited for death!

"Really? Then how about we play the ten tortures of the Qing Dynasty?"

After Zhao Ling finished speaking, the Flying Daggers who had been silent flew up instantly and spun around Zhao Ling's body.

"What are you going to do?! I will not give in!!"

A trace of fear flashed in the clone's eyes, and then he snapped at Zhao Ling angrily.

But the next moment he knew what Zhao Ling was going to do.

I saw Zhao Ling's ten Flying Daggers rapidly cutting his flesh like spinning blades.

A shrill scream erupted from his mouth.

We must know that clones are also human beings, but they are born in different ways.

At the next moment, the muscles on the adjutant's thigh seemed to be melting rapidly.

Just ten seconds later the adjutant wailed and begged for mercy.

And in these ten seconds, nearly ten soul attributes fell out of the opponent's body.

Zhao Ling was speechless immediately, is it so scary?

"Your backbone is much smaller than your courage, why don't you continue to be stubborn?"

Zhao Ling's disdainful words had no effect on the adjutant lying on the ground at this time.

He just told Zhao Ling everything he knew in horror.

"The Martial Dao Alliance actually has people from underground organizations!"

Zhao Ling frowned, and then with a thought, the Flying Daggers pierced through the opponent's chest.

And at this moment, a treasure chest emitting a trace of aura unexpectedly fell out of the opponent's body.

The next moment Zhao Ling picked up all the surrounding attributes using mental power.

"Ding... Congratulations to the host for picking up the Qi and blood attribute*20, and the obtained blood value: 2000"

"Ding... Congratulations to the host for picking up the power attribute * 20, and the obtained power value: 2200"

"Ding... Congratulations to the host for picking up the speed attribute*10, and the obtained speed value: 100"

"Ding... Congratulations to the host for picking up the soul attribute*15 and gaining soul points: 167"

"Ding... Attention: The value of the host's soul attribute has reached the soul limit of the Body Tempering realm, and the other attributes can only be improved again after reaching the peak!"

Just after Zhao Ling picked up all the soul attributes around him, the system's notification sound made him stunned.

"The soul has reached the limit of the Body Tempering realm?!"

Zhao Ling frowned.

"Ding... This limit is a theoretical limit, that is, the normal physical limit of the human race. Only by successfully sensing the existence of Heaven and Earth Spiritual Qi, and then absorbing Heaven and Earth Spiritual Qi to strengthen the physical body can we improve again!"

The system then explained to Zhao Ling again, Zhao Ling also nodded slightly, after reaching the Realm that absorbed the Spiritual Qi of heaven and earth to strengthen the physical body, he became the legendary True Qi Realm powerhouse.

And the physical strength of the strong at this level is extremely powerful.

"Hey, wait a minute, you said that my soul has reached the limit, and as long as the other attributes also reach the limit, I can improve again, that is to say, I will directly become a True Qi state at that time?"

Fantasy I Pick Up Attributes In The Future

Chapter 27: Burning Flame Knife Formation (Peak Of Spirit Rank)

Zhao Ling asked the system suspiciously.

"Ding... the host got it wrong. When the host's attributes reach the limit, the system will break the limit of the host's physical body, so that the host can improve his strength again, but before the host absorbs the spiritual Qi of heaven and earth, the host is still Body Tempering realm !

Breaking the limit of the physical body can only be achieved by a very small number of geniuses in the human race, but in the universe, some powerful racial bloodlines of Talents themselves carry the gene to break the limit, and the bloodline of the human race can be said to be the lowest level in the universe several! "

The systematic explanation plus contempt left Zhao Ling speechless.

However, after he thought of this, he still took out his brain, logged into his own Martial Dao alliance account and searched for the limit of the Body Tempering realm.

Sure enough, it is still recorded in the database of the Martial Dao Alliance.

"It turns out that this physical limit is only for ordinary people and ordinary people.

Some super geniuses can break through after countless efforts,

It's just that after breaking the physical limit, it doesn't mean that you can improve without limit. These geniuses will reach the second physical limit after practicing for a period of time.

At that time, you can only breakthrough, or spend tens or even hundreds of times more effort than before, and breakthrough the physical limit again for the second time.

But the system actually said that as long as I reach the limit of all attributes, I can improve it again?"

Seeing this, Zhao Ling was a little excited.

Because according to the data, Yan Mars has a population of tens of billions, and there will only be one peerless genius who breaks the limit of the physical body at least once every ten years.

And this kind of genius will be sent to the Zunhuang Star of the Zunhuang Galaxy, which is said to rule millions of living planets including Yan Mars, for further study.

"Sure enough, after owning the system, the geniuses of Yan Martian are definitely not the opponents I should pursue. Perhaps only the geniuses above Zunhuang Galaxy can compete with me!"

Zhao Ling's eyes flashed.

"But having said that, killing the strong ones in the True Qi Realm really yielded a lot. Just killing three has already improved the strength of my two small Realms."

Zhao Ling felt the soaring power in his body and nodded in satisfaction.

It has only been three days since I went from the system to the present, and in just three days, my own strength has actually improved from an ordinary person who is not even a preparatory Practitioner to the pinnacle of Body Tempering.

This strength growth is really too fast!

"There is also a spirit-level treasure chest, I don't know what can be opened!"

Zhao Ling glanced at his treasure chest storage bar, then clicked to open it.

"Ding... Congratulations to the host for opening the spiritual treasure chest*1 and getting the following items:

Weapon: Burning Flame Knife Formation (Peak of Spirit Rank)

Experience: 2000”

A knife array appeared in Zhao Ling's storage bar again.

The storage slot is used by the system to store the weapons that Zhao Ling opened from the treasure chest.

Can't store anything else.

With a thought of Zhao Ling, a set of ten Flying Daggers appeared in Zhao Ling's hands instantly.

It is still an unknown star animal leather case, but inside the leather case is a pair of fiery red Flying Daggers exuding a trace of terrifying power.

With Zhao Ling's thought, a Mithril Flying Dagger and a Fenyan Flying Dagger rushed out of his holster in an instant, and the two flew and collided with each other in the next instant.

And something that surprised Zhao Ling happened.

He had expected the Mithril Flying Daggers to be chopped off, or even shattered.

But the fact is that the moment Mithril Flying Daggers came into contact with Fenyan Flying Daggers, they were turned into a mass of Mithril molten iron by the terrifying heat of Fenyan Flying Daggers.

"Fuck, so violent?"

Zhao Ling stared, and couldn't help but swear.

It's really that this burning flame Flying Daggers is too violent.

"With this Burning Flame Knife Formation, if I sneak attack, I'm afraid I can definitely become a True Qi 3 Fourth Stage powerhouse in an instant, and let's see how much my attributes have increased!!"

Thinking of this, Zhao Ling directly clicked on the own attribute table.

Attribute table:

Host: Zhao Ling

Martial Dao Realm: Body Tempering Seventh Stage

Psychiatrist: Eighth Stage

Power: 9450

Speed: 489m/s

.....

"It seems that soon my strength will reach the limit for the first time!"

A flash flashed in Zhao Ling's eyes, and he felt that he could go for a walk on the street a few times later.

"boom!!!!!"

And at this moment, a huge roar suddenly came!

Fantasy I Pick Up Attributes In The Future

Chapter 28: Zhao Ling On The Edge Of Death! ! (Three More)

The next moment, a huge pothole was instantly blasted out of the surrounding walls!

Zhao Ling saw that it was the president himself who walked in with three medical workers in white robes!

Bai Ningshuang followed silently.

After seeing Li Chuang killed by Zhao Ling, the president's face changed instantly!

"Li Chuang? That's so possible, he's the strongest of the True Qi Realm First Stage!!"

The president's heart skipped a beat, as for the other two, he had never seen them before, but judging from the man after the madness, more than 99% of them are from underground organizations.

"Zhao Ling, you leave with Xiaoshuang first, and I will notify the army. Remember, don't tell anyone about this. Of course, I will report the reward!"

Bai Lao said solemnly.

Zhao Ling understood what he meant. A young man who just finished his college entrance examination can directly kill a strong man in the True Qi Realm. This kind of strength and talent must not be known to the underground organization.

"Well, then Lao Bai will be old!"

Zhao Ling nodded slightly, although he didn't care about any underground organization, but actually thinking about it, Own is still weak.

It would be troublesome if the opponent dispatched True Qi five Sixth Stage seven Eighth Stage powerhouses frantically.

After all, the president who is the strongest in Shuitian City is only the Fifth Stage of True Qi.

The president's arrival was very secretive, even the principal of the school didn't know about it.

Zhao Ling and Bai Ningshuang quickly returned to the office building, and the bustling No. 8 Middle School became extremely quiet after the martial arts exam.

"Do me a favor!!!"

Suddenly, when she was near the school's titanium training ground, Bai Ningshuang spoke suddenly!

"Huh? What's the matter, just say it!"

Zhao Ling smiled slightly, and still had a good impression of this cold-hearted girl Zhao Ling.

cough cough! Of course, the most important thing is Bai Ningshuang's extremely high appearance.

"Fight with me!!!"

After Bai Ningshuang finished speaking, she walked directly to the titanium training ground!

I don't care whether Zhao Ling agrees or not.

For this strong girl, Zhao Ling smiled helplessly.

"You have long wanted to fight me!?"

Zhao Ling walked across to Bai Ningshuang, remembering that the other party was full of fighting spirit when he saw him before, so he asked speechlessly.

"That's right, let's do it, don't keep your hands!"

After Bai Ningshuang finished speaking, a pair of soft fists were clenched instantly, and The next moment put on a posture ready to attack!

At the same time, all the aura on her body also exploded.

Zhao Ling's eyes froze.

"This chick is actually at the seventh level of Body Tempering! But there seems to be some other power in her body!"

When the opponent exudes full power, Zhao Ling finally sees through the opponent's Cultivation Base for the first time.

It's just that there is a cold breath in the surging blood of the other party.

This breath is much stronger than her blood.

"Ice Palm!!!"

Suddenly, Bai Ningshuang, ignoring whether Zhao Ling was willing or not, made a move.

She slapped Zhao Ling directly with her palm, and at the same time, there was a trace of white air in the surrounding air.

At the same time, ice cones appeared around Bai Ningshuang, and as long as the timing was right, the ice cones would explode instantly.

"Fuck, it's actually an ice-type power user, no wonder this chick looks cold!"

Zhao Ling was taken aback for a moment, he couldn't guess that Bai Ningshuang was actually a supernatural being.

And it is also one of the rare abilities of the ice-type ability user.

"Looking at this strength, it seems to be an ice-type superhuman who is at the peak of the mortal rank!"

Zhao Ling's eyes flashed, and then he slammed out with the same palm!

The next moment, Zhao Ling's palm collided with Bai Ningshuang's instantly.

A force of extreme cold came from the opponent's palm in an instant.

If it was an ordinary Practitioner at the peak of Body Tempering, his right hand would definitely be frozen in an instant.

However, Zhao Ling used telekinesis to place a film between himself and Bai Ningshuang's palms.

And this layer of film directly isolates all the power of the ice from the outside world.

Seeing Bai Ningshuang's surprised expression, Zhao Ling suddenly smiled.

At the next moment, Zhao Ling's right hand instantly turned into a claw, pinching Bai Ningshuang's palm.

Bai Ningshuang's complexion suddenly changed.

However, the next moment Zhao Ling pulled his right hand, and Zhao Ling's strength of more than 9,000 kilograms instantly pulled Bai Ningshuang towards Own's arms.

Bai Ningshuang, who hadn't reacted yet, was instantly embraced by Zhao Ling.

"Girl Jiajia, don't be so overbearing."

Zhao Ling held Bai Ningshuang in place with his left hand, and then whispered into Bai Ningshuang's ear,

A stream of hot air echoed in Bai Ningshuang's ears.

From the beginning to the end, Bai Ningshuang's face was icy and rosy.

"Zhao Ling, you are courting death!!!"

After being stiff for a few seconds, Bai Ningshuang finally lost her temper.

However, in the next second, Zhao Ling kicked his feet suddenly, and he came to a place more than ten meters away from Bai Ningshuang in an instant.

"Hahaha, Xiaoshuang, your blush is much prettier than before."

Zhao Ling laughed!

When Bai Ningshuang heard Zhao Ling's laughter, her face became colder and colder.

The surrounding air is getting colder and colder.

"Gudong!!"

Looking at Bai Ningshuang whose face was colder than ice, Zhao Ling couldn't help swallowing, feeling like he was about to die.

"Um, Bai Ningshuang, I was joking just now, don't take it seriously"

But at the next moment, he saw snowflakes floating around him!

Immediately, Bai Ningshuang's momentum rose sharply.

"Damn it, it's a breakthrough!?"

Fantasy I Pick Up Attributes In The Future

Chapter 29: Breakthrough Body Tempering Realm Physical Limit! (Ask For Flowers)

Zhao Ling felt the sudden aggravation of the surrounding coldness and couldn't help being speechless.

But at the same time, attributes also fell from Bai Ningshuang's body.

Most of them are soul attributes, Zhao Ling didn't pay attention to the soul attributes, anyway, they can't improve their strength if they pick them up.

"Ding... The host picked up the attribute: 500 points of vitality and blood, and increased the value of vitality and blood: 500"

"Ding... Congratulations to the host for reaching the limit of the Body Tempering realm!"

"Ding... The host picked up the attribute: strength 600 points, increase strength value: 600"

"Ding... Congratulations to the host for reaching the limit of the Body Tempering realm!"

"Ding... The host picked up the attribute: speed 30 points, increase speed value: 30"

"Ding... Congratulations to the host for reaching the limit of the Body Tempering realm!"

In just a few seconds, Zhao Ling's attributes reached their limit.

But Zhao Ling is not happy at all!

The reason was that Bai Ningshuang in front of him seemed to have been blown away by himself.

"emmm, isn't it just a hug? Is it necessary?"

Zhao Ling couldn't help swallowing, and then ran out of the training ground with a flash in his eyes.

If you don't leave, I'm afraid you won't be able to leave!

"Where do you want to go?!"

However, a voice like ice made Zhao Ling's body shiver uncontrollably.

He turned his head back in embarrassment.

"Bai Ningshuang, the weather is really nice today!"

Zhao Ling planned to use a cold joke to solve the problem, however, The next moment, pieces of snowflakes frozen by the cold slowly fell from the sky.

"The Ice Dragon Roars!!!"

Following Bai Ningshuang's low shout, a three-foot-big divine dragon made of condensed water vapor rushed towards Zhao Ling with its teeth and claws open.

Zhao Ling frowned suddenly, the power emanating from this ice dragon seemed to have reached the True Qi level.

"Burning Flame Flying Daggers!!!"

Zhao Ling thought, and a Flying Dagger came out of his sleeve and was held in his hand.

To others, Zhao Ling is like hiding Flying Daggers in his sleeve.

The next moment Zhao Ling swung his right hand suddenly.

Fenyan Flying Daggers burst out instantly.

A huge flaming Spirit Power emerged from the Flying Daggers, and the flame power instantly penetrated the head of the ice dragon in front of it.

The next moment Burning Flame The power above the Flying Daggers instantly vaporized the entire ice dragon.

Zhao Ling stepped on his feet, and the whole person rushed forward in an instant, pinching the handle of the Flying Daggers.

At the next moment, at his terrifying speed, his entire figure had already arrived behind Bai Ningshuang.

Bai Ningshuang only felt a hot force in front of own's neck.

"you lose!!!"

Zhao Ling's voice came from next to Bai Ningshuang's ear again.

The next moment Bai Ningshuang, who was a little out of control, also regained consciousness.

And a trace of disappointment flashed in her eyes!

"Did it really fail!?"

After the cold breath on Bai Ningshuang disappeared, Zhao Ling also slowly took back the Flying Daggers.

"There are not a few failures in life, the main thing is to be able to find your own shortcomings from failures!"

Zhao Ling smiled slightly.

"You are right, I lost, but next time I will definitely beat you!"

After Bai Ningshuang coldly finished speaking, she walked directly outside the school.

"But then again, you look cute when you blush."

However, Zhao Ling's next words immediately made her face turn ugly again.

"Zhao Ling, you!!"

Bai Ningshuang was so angry that the ice ability burst out all over her body, and she turned back, but Zhao Ling had already slipped away.

As a supernatural person, physical fitness is definitely not a Practitioner's opponent, so Bai Ningshuang can only look at Zhao Ling's back and get angry.

"Humph!!!"

Bai Ningshuang blushed and snorted angrily!

.....

.....

Zhao Ling, who left school, returned home directly, and after telling Xiaoxue the result of own exam, Zhao Ling locked himself in the room.

"Ding...remind the host that all your attributes have reached the limit, whether to break the physical limit."

And at this moment, the sound of the system also came in time, and Zhao Ling's eyes flashed!

"Finally here? Let's start the system!!"

Zhao Ling nodded slightly, but at The next moment, a white brilliance instantly emerged from the void, and The next moment instantly enveloped Zhao Ling.

These white brilliance instantly poured into every inch of Zhao Ling's skin.

Then it slowly penetrated into Zhao Ling's bones, and finally the soul was enveloped by this white light.

Zhao Ling could clearly feel that the countless cells in own's body were awakening.

Every inch of skin, bone, and soul is jumping.

This feeling is like being sublimated.

However, Zhao Ling felt that his own body and soul were improving from the essence, but his own strength did not change much!

The strength has not become stronger, and the power of the soul has not improved.

Some just become more solidified.

"Ding... Congratulations to the host for completing the transformation, and at the same time breaking the physical limit of the body, prompting, the host's next limit is: 40000kg!"

Fantasy I Pick Up Attributes In The Future

Chapter 30: Attribute Values Are Everywhere!

Ten minutes have passed since the system began to improve Zhao Ling's strength.

The system's beep finally brought Zhao Ling back to his senses.

"Is the next limit at 40,000 kilograms!? Martial Dao Alliance records that the second limit of the strongest genius of Yan Mars in the past thousands of years is only more than 36,000 kilograms."

Zhao Ling's eyes flashed.

The statue of that man is still erected in the center of the imperial capital!

"However, should my second limit be like the first breakthrough?"

Zhao Ling asked the system suspiciously!

"Ding... the second limit, the host needs to accumulate energy for the system to breakthrough again. The host will know the specific details at that time!"

Zhao Ling was a little confused by the system's cold answer.

Energy savings? How to save?

But since the system said it could break through, he didn't have much anxiety.

Attribute table:

Host: Zhao Ling

Martial Dao Realm: The pinnacle of Body Tempering

Psychiatrist: The peak of the mortal rank

Strength: 10000

Speed: 500m/s

Vitality: 10000

Soul: 1000

Weapons: Burning Flame Flying Daggers Array (Peak of the Spiritual Rank), Blazing Sun Spear (Advanced Spiritual Rank), Recalling Gold Gauntlet (Peak of the Mortal Rank)

Cultivation Technique: Basic forging body Fist Technique (no flow)

Martial Skill: Bull Fist (Peak of Ordinary Level, 100%), Psychic Power, Variations of Magical Skills (Intermediate Spiritual Level, 100%), Storm Shootout (Peak of Ordinary Level, 100%)

Psychic skill: 4 soul power (0/20000)

Spear Skills: Skilled Beginner (0/20000)

Experience: 3500

.....

Zhao Ling looked at the own attribute and nodded in satisfaction.

"Based on my current strength plus the Sun Spear, plus the addition of skills and Cultivation Technique, I can at least increase my strength by about ten times,

And a True Qi First Stage, under normal circumstances, even a Martial Skill at the peak of Mortal Rank cannot be cultivated to 100%, let alone a Martial Skill of Spirit Rank.

Even counting True Qi's twice the increase in strength, it can only increase four times the strength. "

According to Zhao Ling's calculations, his current strength seems to be able to blow up a person around True Qi Third Stage just by relying on his physical strength.

"If you add the sneak attack of telekinetic power, True Qi Fourth Stage can also kill in seconds."

Thinking of this, Zhao Ling found that he seemed to be able to become the king in this small water and sky city.

"It's decided. I'll go out for a few days to improve my strength, and then I'll be ready to enroll! With my grades, I should still be able to pass the Imperial Capital University, right?"

Zhao Ling thought of this and went back to bed and began to sleep.

The next day, Zhao Ling took Zhao Xue directly to the city center of Shuitian City, where the Martial Dao Alliance was located.

It's just that Zhao Ling brought Zhao Xue to shop this time.

Of course, the reason for coming here is that the population here is the largest.

Shopping with Zhao Xue can also improve her strength, which kills two birds with one stone!

Arriving in the city center, Zhao Ling was immediately attracted by the surrounding properties!

Discover a number that sparkles with color almost every step or two!

Zhao Ling directly activated his telekinetic power to draw all the attributes within a hundred meters around towards him.

"Ding... The host picked up the attribute: 50 points of vitality and blood, and increased the value of vitality and blood: 50"

"Ding... The host picked up the attribute: 40 points of strength, increase the value of strength: 40"

"Ding... The host picked up attributes: 4 points of soul, increase soul value: 4"

"Ding... The host picked up the attribute: speed 3 points, increase speed value: 3"

"Ding... Congratulations to the host for picking up the mortal treasure chest*1"

.....

.....

A series of system prompts echoed in Zhao Ling's mind.

At the same time, Zhao Ling's body is filled with my countless attribute points!

Not only that, but treasure chests were also received in Zhao Ling's storage.

However, Zhao Ling didn't pay too much attention to the improvement of his own strength, but concentrated on pulling Zhao Xue's little hand through the street.

Only a few days after her eyes recovered, Xiaoxue was incomparably novel about everything.

And Zhao Ling took him back and forth between physical stores.

Although e-commerce has almost destroyed all physical stores in this era, trying on clothes and shopping are still girls' favorites.

"Zhao Ling, stop for me!!"

Just when Zhao Ling brought Xiaoxue to the door of a women's clothing store, a cold voice from behind made Zhao Ling shiver instantly.

He turned around and saw that it was Bai Ningshuang!

"Fuck, how can I meet her here!"

Zhao Ling cursed unluckily in his heart, and then a happy smile appeared on his face.

"Xiaoshuang is you! Long time no see!"

Zhao Ling greeted with a smile.

"Sister Bai, are you here to buy something too?"

Xiaoxue showed a rare smile when she saw Bai Ningshuang.

"Well, I happened to see you guys when I was passing by!"

Bai Ningshuang nodded faintly, then walked over and pulled Xiaoxue over.

"Let's go, I'll take you there, shopping, what kind of women's clothing store is your big boy going to!"

However, Bai Ningshuang's words left Zhao Ling speechless.

But it's also, it's not suitable for me as a big boy, but it is also suitable for Bai Ningshuang.

However, after a few minutes, Zhao Ling found himself forgotten by the two women.

It is useless except to help them get things, but this is better, Zhao Ling can focus on picking up attributes behind!

Time passed by every minute and every second.

Half a day passed quickly.

While Zhao Ling was waiting for the two women at the door of a shoe store.

A strange feeling instantly made Zhao Ling frowned!
