

Fantasy I Pick Up Attributes In The Future

Chapter 3: Strength Soars! !

"What's the penalty for being late!?"

At this moment, the instructor's stern voice made the surrounding students tremble uncontrollably.

"Five minutes late, practice the basic Fist Technique again!"

Zhao Ling answered loudly.

"Very good, I was late for forty-eight minutes, that's ten times, including today's task, it's fifteen times in total, find a corner and start by yourself!"

The instructor's words made the surrounding students tremble.

You must know that the basic exercise Fist Technique has one hundred and eight movements, which can exercise all the bones and tendons of the human body.

It can be said that it is the entry Cultivation Technique for the preparation Practitioners of all planets in the Terran Alliance.

No matter how powerful the family is, in the stage of preparing for the Practitioner Duan Ye is to practice the basic Fist Technique.

But every time you practice the basic Fist Technique, you will consume a lot of physical strength.

Zhao Ling usually needs to rest for at least half an hour after finishing the basic exercise and Fist Technique before practicing the second time.

This is why there are only five practice tasks in one afternoon.

It's not bad if you can finish these five times before get out of class is over.

Reluctantly, Zhao Ling could only step aside, and began to fight one move at a time.

"What are you doing in a daze? Do you want to practice more?!"

After glancing at Zhao Ling, the instructor turned his head and yelled at the students who were watching.

They were so frightened that they hurriedly practiced one by one.

However, as the cultivation progressed slowly, Zhao Ling discovered something that excited him, that is, after almost every time he finished training, an attribute would drop from his body.

There are speed, strength, and blood. Of course, there are a few people who have dropped blue soul attributes one by one.

However, the current Zhao Ling is extremely greedy looking at these attributes.

But I can't find an excuse to pick it up. Besides, if you go to pick up things next to others, you may be considered crazy.

"Dididi..."

After practicing for more than an hour, a wristwatch rang.

The instructor frowned after looking at his watch.

"Stop!!!!"

Suddenly, the instructor sternly shouted, and all the students stopped quickly.

"The school temporarily decided to conduct the last assessment before the martial arts test. This time, the top five in the assessment will receive certain rewards. Now everyone and I go to the test hall!"

The instructor's words made the surrounding students look ugly.

The last four classes of EFGH can be said to be the collection of all the students in the whole school who have no chance to enter the university.

These are students whose strength cannot reach 300kg before the martial arts test

Every unified test in the school made them lose face.

Originally thought that he would not pass the unified test before the martial arts test, who knew that he would lose face again.

"Zhao Ling, come back after you put all the equipment in the equipment room!"

Suddenly, Zhao Ling, who was secretly squatting on the ground to pick up attributes in the crowd, was taken aback by the instructor's words!

"yes!!!"

Overjoyed, he replied.

The next moment, the instructor led 99 students towards the test hall.

"It's really just what you need!"

Zhao Ling watched the instructor and the students leave and quickly squatted on the ground to pick up the attributes all over the floor!

These attributes vary from big to small, and some have only one or two points, such as the most important soul attribute.

Some of them reach twenty-seven or eight.

"Ding... The host picked up the attribute: 15 points of blood, and increased the value of blood: 15"

"Ding... The host picked up the attribute: strength 20 points, increase strength value: 20"

"Ding... The host picked up the attribute: 5 points of soul, increase the soul value: 5"

"Ding... The host picked up the attribute: speed 7 points, increase speed value: 7"

.....

.....

One after another system notification sounded in Zhao Ling's mind, and at the same time, rays of light of different colors also emitted from Zhao Ling's body.

"Ding... Congratulations to the host for picking up the mortal treasure chest*1"

But at this moment, Zhao Ling, who was still picking up attributes, was stunned by a system notification sound!

Because there are too many attributes, he picks them up one by one. Who knew that he actually picked up the treasure chest?

"Ding... May I ask if the host has opened the treasure chest?"

Zhao Ling was taken aback by the system's question.

"Open, of course open!!"

Zhao Ling hastily clicked to open it.

"Ding... Congratulations to the host for opening a mortal treasure chest.

Cultivation Technique: Bull Fist (Peak of Mortal Level)

Experience Points: 500

Attribute: Vitality: 100"

After the mortal treasure chest was opened, Zhao Ling found that there was a Martial Skill in Own's mind.

"Barbarian Bull Fist: Mobilize the energy and blood of the whole body to launch an attack! When you practice to the peak, you can hit 200% of your strength and increase your proficiency by 1%. Experience points are required: 10."

Zhao Ling's eyes lit up with the introduction of Man Bull Boxing.

"Awesome, it can actually achieve twice the strength, which means that I can fight against the normal Body Tempering First Stage with a strength of 500 kilograms?"

Thinking of this, Zhao Ling quickly learned the Bull Fist, and at the same time used 500 experience points to improve his proficiency!

"Ding... Congratulations to the host for learning Barbarian Bull Boxing (Peak of Mortal Level, 50%)"

The next moment, Zhao Ling is in the process of speeding up the acquisition of attributes.

Nearly an hour has passed since he picked up all the attributes.

During this period, he picked up three mortal treasure chests.

However, there was no Martial Skill or Cultivation Technique, only a total of 600 experience points were contributed, and even the attributes were not as high as before.

"Huh! It's finally over. I don't know if I can win the first place in the school with my current strength!"

A look of anticipation flashed in Zhao Ling's eyes.
