

Fantasy I Pick Up Attributes In The Future

Chapter 5: First Place In The Monthly Exam, Xianyu Turns Over! (Begging For Flowers At Five O'clock)

"Strength: 856kg!!!"

Silence, deathly silence.

All the students and instructors in the audience were carrying this number starting with 8 in disbelief.

"boom!!!!!"

The next moment, a sound wave instantly covered the entire test hall!

"Eight hundred and fifty-six kilograms, it's impossible, how is it possible!"

"He's just from Class E, how could he hit more than 800 kilograms of force, the dynamometer is definitely broken!"

"The dynamometer is broken? You're afraid, you didn't hear the sound just now, you punched so hard, even a blind person can see that it's not easy!"

"That's right, but why? He's only from Class E. Zuo Heng, my first genius in Class A, only has a strength of more than 700 kilograms."

.....

.....

Horried voices echoed in the test hall!

An old man sitting on the high platform is the principal of this school, and at this time the principal's eyes are shining brightly!

"Director Wu, give me all the information about this student!!"

The principal looked a little excited when he saw Zhao Ling who had already walked to the second row and started measuring his speed.

After hearing the principal's words, the middle-aged strong man sitting next to the principal quickly turned on his watch and sent Zhao Ling's information to the principal.

The principal was taken aback when he saw the record in the file!

"Zhao Ling, who lives in Yufeng District, Seventh Ring Road, Shuitian City, last test, strength: 187, speed: 15m/s, impact resistance: 125kg?"

The headmaster knew that Zhao Ling's previous data was absolutely poor, but he didn't expect it to be so bad.

"Judging from his previous data, it is absolutely impossible for him to hide his own strength, but the last test was still a month ago!"

Director Wu expressed his own doubts.

"That's right, there is only one explanation for the huge increase in strength within a month!"

When the principal said this, a flash of light flashed in front of his eyes!

"Could it be..."

Director Wu was shocked! !

"Well! This is the only explanation. After the test is over, let Instructor Wang bring him to my office. Let's confirm it!"

After the principal finished speaking, he continued to look in Zhao Ling's direction.

At this time, Zhao Ling has already measured his speed and anti-strike ability.

"Class E: Zhao Ling, strength: 856kg, speed: 48m/s, impact resistance: 820kg"

Above the test hall, there is a huge virtual screen.

It records the top 100 strong players in the school.

Zuo Heng, who was originally No. 1 in class A, has been squeezed to No. 2, and the No. 1 class has been replaced by the huge name of Zhao Ling.

Zhao Ling walked quickly into the line of Class E, and the students around looked at Zhao Ling in disbelief.

Even Instructor Wang was stunned!

No one doubts Zhao Ling's performance. It is possible to say that one machine is broken, but all three machines are broken. This probability is even lower than winning the first prize in the lottery.

"Well done!!"

Instructor Wang smiled at Zhao Ling for the first time.

Zhao Ling also nodded slightly.

Then he walked into the crowd of Class E.

Although none of the students in Class E successfully reached the 300kg level after being called up, which is the level of the preparatory Practitioner,

But this time it was not as Losing face as before.

After all, Zhao Ling, who was humiliated like himself before, can grow so much, and they may be the next counterattack.

.....

.....

As time went by, all the students were finally tested.

At this time, the principal stepped onto the high platform of the test hall.

"Everyone! Our three-year high school career is over! The college entrance examination will start in the last three days, and these three days will be your final sprint!

This year, I hope that our No. 8 Middle School will have a student admitted to one of the top ten key universities in Yan Mars. I promise here that as long as someone is admitted to a key university, the school will reward him with 100,000 star coins! "

The headmaster's words made the students below show a hint of yearning on their faces.

Even Zhao Ling's eyes lit up, one hundred thousand star coins! In terms of value, it is equivalent to about RMB 1 million.

This shows how rich a Martial Dao school is.

"If I have this million, I might be able to take Xiaoxue to the imperial capital for treatment!"

Thinking of this, Zhao Ling clenched his fists slightly!

Xiaoxue is Zhao Ling's Little Sister. Zhao Xue has been taking care of Zhao Ling since Zhao Ling's parents died in an accident five years ago!

And Zhao Xue couldn't see it since she was a child.

This is why Zhao Ling who has few Martial Dao Talents will choose Martial Dao.

Because only by becoming a Practitioner can I have the opportunity to make more money, and with the money, it is possible to heal Xiaoxue's eyes.

"Today is the last monthly exam. According to the previous notice, the school will award 5,000 star coins to the first place. Please come to the stage to receive the award, Zhao Ling!"

Following the principal's words, Zhao Ling walked onto the stage happily.

After all, 5,000 star coins, this is equivalent to the life expenses of my two siblings for two or three years.

But just after Zhao Ling came to the principal's side, he found a blue number falling from his body.

"Soul value: 40!!"
