Chapter 51: The Power Of The Earth Drops (For Flowers)

"Damn it! Kamepai Qigong is there!"

Zhao Ling looked at the violent giant ape who was defeating the star cannon, and a trace of fiery breath flashed in his eyes.

"Sure enough, this is what the strong in this world look like!!"

Seeing the appearance of the violent giant ape, Zhao Ling finally realized that his previous battles were all small fights.

But looking at it like this, it seems that the spaceship can't hold on anymore!

"The arrogance of human beings still can't be changed. You can fly into the universe, but you have to fight against each other. Now you can't beat them. I don't know if they will regret it later!"

Zhao Ling glanced at the sky with disdain.

To be honest, the death of everyone on the spaceship has nothing to do with him. After all, Zhao Ling couldn't stop himself from committing suicide.

But Zhao Ling couldn't let them fail. After all, judging from this posture, if they failed, the spaceship would definitely be disintegrated.

At that time, he will not be able to return to Yanxing!

But if he intervenes, his own strength will be exposed. If it is passed back to Yan Martian, the Cheng family will definitely jump over the wall in a hurry.

I was still waiting for this time to go back and solve the Cheng family.

"Dididi... the smart watch is forcibly turned on!"

And at this moment, Zhao Ling suddenly heard the own watch ringing.

The next moment came a dignified voice.

"Attention all students who heard it! The assessment is over ahead of schedule, report your location!!"

Zheng Hong's dignified words revealed that he is also starting to worry now.

"It seems that if you can't fight, you will slip away. It should have been like this long ago."

Zhao Ling smiled and immediately sent back the coordinates of own, but at this moment his eyes actually saw two khaki characters falling from the body of the violent giant ape tens of kilometers away!

Zhao Ling's spirit was shocked when he saw these two words!

"Earth!!!!"

"Earth ability? It's actually the legendary rare ability earth ability!?"

Zhao Ling stared!

After he absorbed the ice ability, he checked the origin of the ability and so on, and also found many rare abilities.

Among them is the power of the earth!

The ability of the earth is a relatively rare ability among the countless abilities. If you step on the ground, you can get endless nourishment from the power of the earth!

Even serious injuries can recover quickly.

"It actually dropped the ability of the earth, it seems that we have to take a risk!!"

Zhao Ling's eyes flashed, but the spaceship in the sky was always monitoring what was below.

If I rush forward like this, if I don't show some strength, I will definitely be killed by the violent giant ape.

"I don't know how much my status can be improved by being a fifth stage lightning-type supernatural power user?"

Suddenly, Zhao Ling smiled, The next moment, a terrifying power of lightning erupted from his body instantly!

The trees within hundreds of meters around were instantly bombarded into charred by the endless power of lightning.

At the next moment, Zhao Ling turned into a thunderbolt and rushed towards the violent giant ape.

.....

.....

"There are many!!!"

Zheng Hong looked at the violent giant ape on the screen with a solemn expression, which had already retreated half of the top of the star cannon toward the sky!

"Report to the Law Enforcer, all the students have sent their locations, and most of them have been picked up on the way back, just!!"

The commander was a little afraid to say this.

"Just what? Say it!!"

Zheng Hong glared at the commander, he was still hesitating at this time!

"It's just that there is a student named Zhao Ling, and his coordinates are just below the spaceship. To be precise, he is near the violent giant ape! The rescue team can't rescue him!!"

However, what the commander said not only made Zheng Hong's face change, but even the people in the control room around couldn't believe it!

"He was able to survive within the scope of the battle!!"

Zheng Hong said in disbelief.

"Report, I found Zhao Ling here!!"

Suddenly, a controller said loudly, and immediately, a scene that shocked everyone present appeared!

I saw a purple thunder rushing towards the violent giant ape.

The speed was so fast that only a few people present could clearly see who this person was!

"Lightning ability! This Zhao Ling is not an awakener with power ability, but an awakener with lightning ability! And this level has definitely reached the level of True Qi Fifth Stage!"

Zheng Hong quickly called up Zhao Ling's information.

The 17-year-old True Qi Fifth Stage awakener with lightning abilities, these two identities will definitely make Zhao Ling's status skyrocket!

"No, we must save Zhao Ling, we must not let him die here!!"

Chapter 52: The Power Of The Earth Is In Hand! !

In an instant, Zheng Hong's eyes became serious.

"Knife!!!!!"

With a low drink! A black broadsword placed on the shelf in the distance instantly turned into a black light and came towards Zheng Hongfei!

"True Qi fetch!! Only the Great Master has the means, Mr. Zheng Hong is about to make a move!

For a moment, the surrounding controllers looked at Zheng Hong excitedly.

.....

.....

Zhao Ling on the ground looked at the violent giant ape that was not far away from him, and his heart suddenly became vigilant!

Although the other party is still fighting in the prison spaceship, it is a third-order five-star terrifying existence. If the other party puts down the spaceship to trouble me, I am afraid that I will only explode!

But Zhao Ling knew that the possibility of such a thing was almost zero.

After all, as long as the opponent gives up confronting the spaceship, the laser cannons in the sky will definitely flatten the range of dozens of kilometers around in an instant!

Finally Zhong An is getting closer and closer to the violent giant ape.

And at this moment, the violent gaze of the violent giant ape suddenly squinted at Zhao Ling.

The next moment, a majestic power of the earth erupted from his body instantly.

The power of the earth blasted towards Zhao Ling like a shock wave.

The terrifying power it carries can directly kill any true Qi peak powerhouse!

"Zhao Ling, run, don't get close to the violent giant ape, he is not something you can deal with!!"

Suddenly, a loud sound came from Zhao Ling's watch.

"Zheng Hong? He doesn't fight the violent giant ape well, so he doesn't care what I do!"

Zhao Ling smiled helplessly, he was indeed discovered, but his power seemed to be still under control!

And at the next moment, the power of the earth also charged towards Zhao Ling with soaring dust.

"Thunder strangles!!!"

Zhao Ling gave a low shout, The next moment, a terrifying thunderbolt erupted from his hand.

The lightning instantly collided with the power of the earth.

In an instant Zhao Ling was overwhelmed by the dust all over the sky.

Seeing this scene, Zheng Hong, who was about to fly out of the spaceship, suddenly changed his face!

"This reckless boy, don't die!!"

At the next moment, Zheng Hong directly equipped with the mechanical flying wings and rushed towards the ground.

And in the dust all over the sky, Zhao Ling passed the shock wave of the power of the earth unscathed, and at the same time, with the help of the dust all over the sky, Zhao Ling came to a place a few kilometers away from the violent giant ape,

Using telekinetic power, I finally saw the power of the earth not far away.

At the next moment, Zhao Ling used his telekinetic power to pull the two yellowed characters on the earth towards him.

Soon, the two Chinese characters merged into Zhao Ling's body!

"Ding... The host picked up the attribute: 5000 points of strength, increase the value of strength: 5000"

"Ding... The host picked up the attribute: 500 points of soul, increase the soul value: 500"

"Ding... The host picked up the attribute: speed 250 points, increase speed value: 250"

"Ding... The host picked up the attribute: 5000 points of blood, and increased the value of blood: 5000"

"Ding... Congratulations to the host for picking up the power: the power of the earth! The system is starting to merge!"

Following a system prompt, The next moment, a khaki-yellow light enveloped Zhao Ling in it.

Soon, Zhao Ling felt as if he was connected with this piece of land.

At the same time, Zhao Ling can sense every inch of the earth.

However, near his induction, a huge ball of light was not far from him.

Zhao Ling was taken aback for a moment!

The violent giant ape not far away looked at him in disbelief!

"Uh, the power of the earth can still sense the existence of the other party?"

Zhao Ling was speechless for a moment. There are such fucking things?

Seeing the violent giant ape whose expression began to change, a terrifying thunderbolt instantly erupted from Zhao Ling's body!

At the next moment, Zhao Ling will slip away into the distance!

"Silly monkey, you can be your mountain king on this planet!"

Zhao Ling chuckled, and then quickly disappeared in front of the violent giant ape.

After running not far away, Zhao Ling felt a huge aura coming from behind own.

Zhao Ling looked back and saw Zheng Hong flying right behind Own.

Zheng Hong took a deep look at Zhao Ling and didn't say much.

"Let's go!!!"

After a groan, a suspension pedal flew down from the sky.

Zhao Ling jumped on it without saying a word.

And The next moment Zhao Ling was quickly sent towards the sky by the suspension pedal.

It's just that Zheng Hong didn't leave with Zhao Ling.

The long knife exuding noble aura in his hand instantly burst into a black light!

The mechanical wings flapped slightly in the sky, and a terrifying aura erupted from Zheng Hong's body.

Zhao Ling in the sky looked towards the ground, and his eyes narrowed slightly!

"Hundred Battles Saber Technique! Crazy Dragon Slash!!!"

Fantasy I Pick Up Attributes In The Future

Chapter Fifty-Three: Thunder Demon Gun (Advanced Earth Level)

Following Zheng Hong's shout! A huge sword glow tens of meters burst out from his long knife instantly.

The sword light quickly slashed towards the violent giant ape not far away along the air.

"Roar!!!!"

The violent giant ape seemed to sense the breath of Death, and suddenly let out a furious roar.

At the next moment, he actually lowered one of his hands and punched the huge sword light.

However, just when the giant ape's huge fist with a diameter of two or three meters was about to hit the sword glow, the sword glow suddenly accelerated, and at the same time it turned a corner in the sky.

In the next moment, under the angry eyes of the violent giant ape, the huge blade light had already cut to his left hand that was resisting the star cannon.

"laugh!!!!"

The next moment, a huge giant ape palm fell off its arm in an instant.

With no resistance, the star cannon crashed down.

"Boom!!!!"

With a terrifying roar, a terrifying mushroom cloud tens of kilometers high instantly rose from the ground, and at the same time, the terrifying shock wave enveloped hundreds of kilometers around it!

And the second Zhao Ling returned to the spaceship, Zheng Hong also returned to the spaceship!

"Let's go, he still can't die!"

Zheng Hong glanced at Zhao Ling and nodded slightly, then calmly ordered to the commander!

At the next moment, the spaceship rushed towards the endless starry sky.

Before leaving, Zhao Ling used the power of the power of the earth to clearly feel that the entire planet was rushing towards the place where the violent giant ape was located.

"With the power of the earth, he really can't die!"

Zhao Ling frowned slightly and then ignored it!

"Boy, I didn't expect you to hide so deeply! No wonder you can use the Realm of Body Tempering realm to kill the powerhouse of True Qi Second Stage!"

Zheng Hong suddenly smiled at Zhao Ling.

Not only him, but everyone in the control room looked at Zhao Ling in surprise.

It must be known that there will not be a seventeen-year-old true strongman in the entire Yan Martian for many years.

However, Zhao Ling is still True Qijing Fifth Stage!

Of course, this is also because Zhao Ling is a supernatural being, and supernatural beings don't need to condense True Qi, so they think that Zhao Ling's current strength is True Qi.

Because almost no one has heard of supernatural beings breaking through the limit of their souls.

"Thank you Mr. Zheng Hong, Law Enforcer, for saving your life!"

Zhao Ling chuckled, and then looked at Chao Ze Zheng Hong's right hand.

That ground-level long knife exudes a trace of powerful aura.

"You boy, even if I don't save you, you won't die!"

Zheng Hong smiled helplessly!

Zhao Ling smiled noncommittally.

"I will report your situation to the Chief of Law Enforcement. As for the grievances between you and Cheng Yueshan, the Chief of Law Enforcement will mediate! Don't worry!"

Zheng Hong suddenly said something to Zhao Ling.

Zhao Ling's eyes flickered when he heard this.

"I'm not really worried, it's Cheng Yueshan who should be worried!"

A cold light flashed in Zhao Ling's eyes. As for Lao Shizi's mediation, Zhao Ling would not pay attention to it.

After all, whether Cheng Yueshan can live to that time is unknown!

"Yep?!!"

Suddenly, Zhao Ling actually saw a bronze-colored treasure chest falling from Zheng Hong's body!

Zhao Ling's eyes suddenly lit up. This iron rooster didn't even drop its attributes, but it turned out to be a treasure chest.

"Ding... Congratulations to the host for picking up the earth-level treasure chest*1"

Soon, Zhao Ling also returned to the transport cabin. After all, this is the control room, and students are not eligible to enter it!

There are only a few thousand students left in the transport cabin.

In other words, the death rate this time is nearly 90%.

To Zhao Ling's surprise, Lu Wei had disappeared.

In other words, he had already died in the star beast riot?

"But it's okay, even if you live, you won't be able to return to Yan Mars. It's better to just die on that planet."

Zhao Ling thought indifferently, but in his induction, none of the two spiritual masters died!

Although his combat power may not be as strong as Lu Wei's, his life-saving means are definitely dozens of times that of Lu Wei's.

"System, open the treasure chest!!!"

Zhao Ling returned to his seat and spoke directly to the system.

"Ding... Congratulations to the host for opening the earth-level treasure chest*1 and getting the following items:

Weapon: Thunder Demon Spear (Earth Level High Level): A thunder-type long spear refined from cloud and thunder stones! Useful thunder ability can increase the power.

Cultivation Technique: Thousand Illusions (Peak of Earth Rank): A disguise-type Cultivation Technique, which can roughly change the appearance and figure of one's own body after cultivation to a great degree, but cannot change genes. Every 10% increase in proficiency needs to consume 9000 experience points!

Experience: 30000"
