Chapter 54: Law Enforcement Chief! (Four More, Ask For Flowers)

"I didn't expect two earth-level items to be opened in a treasure chest! It's just a burst of luck!"

Zhao Ling's eyes lit up, and he was slightly excited. He had already experienced the horror of the earth-level items.

Just the Yanlong shooting can make own strength skyrocket, not to mention the current high-level weapons of the earth level

It must be known that the weapons used by Zheng Hong are at most mid-level earth-level weapons, otherwise they are definitely low-level earth-level weapons.

After all, the power contained in the words of advanced weapons can definitely make Zheng Hong and the violent giant ape confront head-on.

But Zhao Ling prefers Cultivation Technique Qianhuan!

After all, Qianhuan is an excellent Cultivation Technique for killing people and stealing goods.

Zhao Ling quickly spent 90,000 experience points to learn it to the peak!

"Ding... Congratulations to the host for expending 90,000 experience points and learning the Cultivation Technique "Thousand Fantasy" to great success!"

Attribute table:

Host: Zhao Ling

Bloodline: Samsung

Martial Dao Realm: The pinnacle of Body Tempering

Psychiatrist: The peak of the mortal rank

Strength: 71000

Psychic skill: 8 soul power (0/100000)

Spear Skills: Advanced Proficiency (0/100000)

Experience: 12000

.....

Zhao Ling glanced at the own attribute table, and nodded in satisfaction. Not only did he kill Cheng Zheng this time, but he also obtained two abilities, that is, the Cultivation Technique Martial Skill has been greatly improved.

"The most important thing is strength. Before I came here, I fought against True Qi Fifth Stage the most, but this time I go back, the general Grandmaster is definitely not my opponent. I just don't know how strong Cheng Yueshan is!"

There was a terrifying murderous look in Zhao Ling's eyes.

I came here because I knew that if there were so many arrogances in the competition, I would definitely gain something. I didn't expect that the gain would be stronger than I imagined.

"The combination of the Yanlong Shootout and the skill of the spear can increase my combat strength by eighty times, which means that my current combat strength is equivalent to that of a strong man with 5.6 million kg.

The weakest Grandmaster has a basic physical strength of 100,000 kilograms, but after the True Qi Tenth Stage, he will try his best to condense it! Condensed for ten revolutions to successfully become a Grandmaster.

At that time, the combat effectiveness will increase tenfold.

In other words, the weakest Grandmaster can reach a destructive power of one million kilograms without using the Cultivation Technique.

Even with the Cultivation Technique, the general situation can be improved by up to four or five times.

That is to say, Zhao Ling's full-strength burst without using weapons is similar to a Great Master First Stage full-stack burst.

But if you use the Thunder Demon Spear, your combat power will definitely soar, and at the same time, it will also have the endless power of the power of the earth.

As long as Zhao Ling is on the ground, his strength will be more than doubled!

This increase will become stronger as Zhao Ling becomes stronger, which means that Zhao Ling is absolutely easy to deal with a Grandmaster with three fourth stages now!

"Have you heard! Cheng Zheng was killed by a third-rank star beast!"

"Cheng Zheng? Are you talking about Cheng Zheng from the Cheng family in the Rosy clouds province? Is he so unlucky?"

"I've also heard that Zheng Hong, the law enforcer, used the star cannon to kill the third-tier star beast in order to avenge Cheng Zheng!"

.....

.....

And at this moment, a voice of discussion came from the crowd.

Zhao Ling was taken aback after hearing this!

"I'm going, did the big fire dragon take the blame?"

Zhao Ling was speechless, but when he thought about it carefully, it seemed very likely, after all, the fire dragon seemed to pass by that area when he was chasing and killing himself.

"Never mind him, take the blame and take the blame, that's fine!"

Zhao Ling smiled and ignored it.

However, a day later, the spacecraft traveled through a wormhole and came to the small galaxy where Yanmars is located. After a few more minutes, the spacecraft slowly entered the interior of Yanmars.

The spacecraft soon landed at the Martial Dao alliance headquarters on Mars.

The remaining more than 1,000 people disembarked from the spaceship one after another.

However, this time, what awaited them were more than a dozen figures exuding a terrifying aura!

Most of the dozen or so people were old men who looked to be in their sixties or seventies.

Of course there are also a few middle-aged people!

And the leader is an old man who is dying!

The old man looked as if he was eighty or ninety years old, but Zhao Ling knew it.

The powerhouse of the Grandmaster is a terrifying existence that can live to be five hundred years old.

And this old man gave Zhao Ling the feeling that he was much stronger than the violent giant ape!

"It seems that this is the supreme ruler of Yan Huxing, the law enforcement chief!"

However, what Zhao Ling cared about was not him, but an old man in the back who was staring at himself!

Chapter 55: Psychiatrist! Marshal?

Zhao Ling looked towards the old man, who also gave Zhao Ling a cold look!

"Cheng Yueshan!!!"

Zhao Ling guessed the other party's identity in an instant!

And at this moment, Zheng Hong spoke!

"Everyone, before your eyes is the supreme ruler of my Yan Martian, Lord Law Enforcement!"

Following Zheng Hong's introduction, all the students around were full of admiration.

Chief of Law Enforcement, that is a powerful existence at the pinnacle of the legendary Great Master.

Moreover, a strong man who rules more than ten billion people is definitely one level higher than the peak of the general Great Master.

And this strong man just stood in front of himself and others.

"Everyone, I'm glad you survived the assessment of the elite training camp, but unfortunately, only one percent of you can enter the elite training camp!"

At this moment, the chief law enforcement officer spoke!

His calm words made almost all the students feel a kind of closeness.

However, Zhao Ling frowned!

"Mental Energy appeases, this law enforcement chief is actually a psychiatrist!"

A trace of surprise emanated from Zhao Ling's hole.

At the next moment, Zhao Ling felt a huge spiritual force enveloping him.

Zhao Ling frowned, knowing that the Chief of Law Enforcement was checking his own details!

Zhao Ling concealed the other powers of own indiscriminately, and at the same time revealed the power of lightning in his veins!

The chief law enforcement officer on the stage suddenly smiled with satisfaction.

Zhao Ling's strength has indeed reached the level that Zheng Hong told him.

This Talent boy, one more is one more!

"Okay, now start counting points!"

After the law enforcement chief finished speaking lightly, he nodded and signaled Zheng Hong.

At the next moment, Zheng Hong tapped the watch in his hand, and a virtual projection appeared in the sky.

However, there are only ten lines in the virtual projection, but these ten lines are all blank.

The next moment, a line of names appeared on it.

"Tenth place: Wang Xiaofeng, Tianlin City! Points: 1250"

As soon as the points came out, the students around all gasped.

"More than a thousand points, that is, he killed more than one star beast at the peak of Body Tempering?"

"I'll go, if we kill the star beasts of Tier 1 and 1 star, wouldn't we kill at least a thousand of them?"

"Is this only the tenth? I knew I would not come to the competition!"

.....

.....

As soon as Wang Xiaofeng's results came out, voices of disbelief came out,

You know they only went there for two days.

It is almost impossible to kill so many star beasts on a boundless planet in two days!

However, as Wang Xiaofeng himself, he couldn't believe that he would be the tenth!

After all, there are many people who are stronger than him.

However, too many people died this year, and the students who originally had the potential to be in the top ten were afraid of dying a lot.

"Ninth place: Murong Xue! Imperial Capital! Points: 1540"

When the name came out, everyone was taken aback, it was actually a woman!

You must know that although female talents are not weaker than male talents, they are cultivation after all, and the level of hard work of women is definitely not a match for men. Therefore, the proportion of strong female talents is definitely much less than that of male talents.

I saw a young girl in the crowd, but she was so excited that she almost shed tears.

Even though she came out of the tenth place, she knew that she had advanced, but she was still very excited when she really knew that she had advanced

Seeing this, the eyes of a woman who still had charm in the law enforcement team suddenly lit up, and she looked towards Murong Xue who was in the crowd.

Immediately afterwards, names appeared one by one.

"Fourth place: Li Hua, Imperial Capital! Points, 4520!"

"Third place: Li Ziming, Imperial City! Points, 5620!!"

"Second place: Zhang Jie, Magic City! Points, 9580!!"

As soon as the second place result came out, everyone around was shocked!

The third place is only more than five thousand, and the second place has more than nine thousand.

Almost everyone turned their eyes to Zhang Jie.

However, Zhang Jie at this time is not happy at all!

"Impossible, Lu Wei is dead, this year's strongest should be me, how could it not be me!"

Zhang Jie looked at the name on the projection seriously with an ugly face, yes, he is the second!

But among the law enforcement team on the stage, an old man frowned when he saw this scene!

"Enforcer Zhang, this Zhang Jie seems to be your great-grandson!"

Cheng Yueshan's eyes flashed, and he smiled at Zhang Jie!

"Well, that's right, he is my great-grandson, and the number one scholar in the Demon City!"

Enforcer Zhang sighed! Originally thought that the commoner genius was dead, and the great-grandson of Own was number one.

Unexpectedly, there was an accident!

"Actually, your great-grandson may be number one, but maybe some people cheated!"

However, Cheng Yueshan said something meaningful in a low voice, which immediately made Enforcer Zhang frowned.

"First place!!!"

And at this moment, the last line came out!

PS: A new day is here, all the big flowers, the evaluation votes have been refreshed, if you think it is useless, please vote for Dead Fish, Dead Fish is grateful!

Chapter Fifty-Six: Accept Me As A Disciple? Do You Deserve It? ? (Ask For Flowers)

"First place: Zhao Ling, Shuitian City! Points: 1,235,000!"

In an instant, the surrounding air became quiet.

1.2 million!

It was 1.2 million! !

"How is this possible!!!"

"It's fake, it's all fake! I don't believe it!"

"The second one doesn't even have 10,000, how could Zhao Ling have 1.2 million!"

.....

.....

It's not just the students who can't believe it.

Even the law enforcement officers on the stage didn't believe it.

After all, although they are law enforcement officers, only Cheng Yueshan is from the province of Rosy clouds.

All the documents in the Rosy clouds province have to go through his hands.

Of course, he has no right to intercept it, but he still has the right to know.

Therefore, Zhao Ling's true strength is above True Qi Second Stage, and he knows it.

Therefore, he didn't believe that own grandson was killed by Shadow Fire Dragon King at all!

"quiet!!!"

Suddenly, the chief law enforcement officer spoke, and his voice swept over anyone, who couldn't help but look at him obediently.

"Zhao Ling's grades are not false, and this assessment is over! The top ten will enter the elite training camp, and the rest, the top 100, will be awarded the third-level talent! Others have the right to choose any school Chance."

The Chief of Law Enforcement issued all the rewards. Of course, the top ten rewards are still to come. After all, the top 100 rewards are so attractive, and the top ten rewards are definitely something that even those in the True Qi realm would covet.

But Zhao Ling is not interested in the rewards at this time, what he is interested in is the attributes dropped from the chief law enforcement officer and a group of law enforcement officers!

However, with a powerful Psychiatrist like the Law Enforcement Chief present, Zhao Ling will never reveal any trace of his own strength.

"You guys come with me!!!"

Suddenly, the law enforcement chief spoke, The next moment, he brought Zhao Ling and other top ten to another hall with a dozen law enforcement officers!

And when Zhao Ling passed by the place where the law enforcement officers were just now, the power of the earth moved slightly.

Each attribute was instantly integrated into the floor and sent into Zhao Ling's body.

"Ding... The host picked up the attribute: 1250 points of blood, and the value of blood is increased: 1250"

"Ding... The host picked up attributes: strength 1800 points, increase strength value: 1800"

"Ding... The host picked up the attribute: soul 200 points, increase the soul value: 200"

"Ding... The host picked up the attribute: speed 100 points, increase speed value: 100"

.....

.....

As these attributes submerged into Zhao Ling's body, Zhao Ling's body improved rapidly like boiling water!

In just a few seconds, the strength, qi, blood, etc. increased by about 10,000!

The law enforcement chief looked at Zhao Ling and the group and smiled slightly.

"Every session, we will select some students to enter the elite training camp. There are two ways to enter the training camp, but those who have passed the assessment like you are the talents that our elite training camp focuses on training!"

One or two of the students and Zhao Ling were taken aback by the chief law enforcement officer's words!

Isn't it because most of the foreign recruits did not become the provincial champion?

How come the people recruited from abroad have a higher status than the champions of various provinces.

Zhao Ling was a little confused about this.

"The elite training camp, as the name suggests, cultivates elites, but most of the champions in various provinces use external forces to improve their Cultivation Base. How can those people be called elites! That's why we set up foreign recruits!"

Zheng Hong on the side also explained in a timely manner.

"That's right, only those who have experienced the test of blood and fire are the real elites. Obviously, you are all the best among them, so you can worship any law enforcement officer as your teacher! At the same time, there are some rewards!"

The words of the chief law enforcement officer immediately caught the eyes of the two students who had no background.

To be a disciple of law enforcers, this is not as simple as a student.

"Murong Xue, are you willing to be my disciple!!"

Suddenly, the only woman in the law enforcement team spoke.

And her target is Murong Xue, the only female among them.

The other party naturally accepted it, and then, each of the law enforcement officers began to throw out olive branches to the students they fancy.

But Zhao Ling didn't have anyone to go.

But at this time, no one paid attention to this.

"Zhao Ling, are you willing to be my disciple!"

However, at this moment, Cheng Yueshan, who had been silent all this time, spoke!

His words stunned the people around. Although Cheng Yueshan was not the weakest among them, he was definitely not strong.

How dare he choose Zhao Ling?

And Zhao Ling definitely knew the purpose of his opening!

"It seems that the chief law enforcement officer wanted to take me in as a disciple, so he cut off the beard in advance! The purpose is to prevent the chief law enforcement officer from ruining his plan to kill me?"

Zhao Ling laughed when he thought of this! !

"Master Cheng Law Enforcer, are you sure you want to accept me as a disciple?"

Zhao Ling narrowed his eyes! Said to Cheng Yueshan.

But his question made Cheng Yueshan feel bad.

Even the face of the head of law enforcement, who originally thought Cheng Yueshan's opening had become ugly, showed interest!

"That's right! You are willing!!"

Although it felt like Zhao Ling was going to say something later, Cheng Yueshan could only bite the bullet and answer to Zhao Ling!

"Ha ha ha ha!!!!"

However, Zhao Ling laughed! !

His arrogant laughter made everyone around him stunned!

However, Zhao Ling's next sentence completely changed the expressions of the people around him! !

"Accept me as an apprentice? Are you worthy!?!"

Chapter 57: If You Have The Guts To Single Out! (Seek Evaluation)

"Accept me as an apprentice? Are you worthy!?!"

Zhao Ling's words were instantly like throwing a stone into calm water, and the surroundings instantly exploded!

Let alone students, everyone who enforces the law has an ugly face!

Cheng Yueshan is not qualified, so does that mean they are not qualified either?

And Zhao Ling is just a small Body Tempering realm, how dare he be so arrogant!

Cheng Yueshan, who was opposite Zhao Ling, turned blue with anger!

In front of so many people, being told whether he is qualified or not is simply a disgrace among disgraces!

I am a strong man of the Great Master Fourth Stage, how could I have suffered this kind of anger!

"Boy, you are courting death!!"

Cheng Yueshan cursed angrily and was about to strike, but his body was imprisoned by powerful thoughts in an instant!

"Cheng Enforcer, if you have something to say, speak up!!"

The plain words of the law enforcement officer struck Cheng Yueshan's mind like a thunderbolt.

Cheng Yueshan directly felt that Own's head was hit by a huge hammer.

A mouthful of old blood came out of his throat instantly, but with so many people watching, Cheng Yueshan could only swallow it silently!

"Damn it old thing, actually embarrassing me!"

Cheng Yueshan cursed in his heart, but he didn't dare to show any disrespect to the law enforcement chief!

"Master Law Enforcement is right, I lost my composure!!"

Cheng Yueshan was so angry that he arched his cupped hands at the law enforcement officer!

Then he looked towards Zhao Ling.

"Zhao Ling, you insult me so much, shouldn't you give me an explanation!?"

Cheng Yueshan took a deep breath and began to reason with Zhao Ling.

However, is Zhao Ling the kind of person who can be reasonable when you say it?

"Insulting you? No, no, no, I'm just telling the truth! You really don't deserve it!"

Zhao Ling's disdainful smile immediately made those who thought that Zhao Ling would also give the other party a pain in the ass!

In fact, having said that, if it was someone else, Zhao Ling would definitely not be able to just open his mouth to scold, Zhao Ling's quality is still quite high.

But for this kind of old thing, Zhao Ling has no psychological burden at all!

"you....."

Cheng Yueshan's face turned livid again, and he almost fought Zhao Ling desperately!

But he endured it.

"I see that you are suffering too, how about this, I will give you a chance, if you defeat me with the same Realm as mine, I will recognize you as my master, what do you think?!"

Suddenly, Zhao Ling changed the subject and said something that surprised everyone around him.

"Is this true?"

Cheng Yueshan's eyes brightened and he asked eagerly!

But his movements and expressions made the people around him feel that something was wrong.

It stands to reason that it is not the law enforcers who accept apprentices, but the students are crying and asking for apprentices?

How did it get here the other way around.

"That's right, that's right, you can use any Martial Skill you know now, even weapons! I won't stop you!"

However, Zhao Ling added another sentence, and immediately, everyone thought Zhao Ling was crazy!

"Crazy, absolutely crazy. The Martial Skill used by the enforcers is absolutely ground-level, even the weapons. This can increase the power by nearly ten times. How can Zhao Ling be the opponent!"

"That's right, Zhao Ling is absolutely crazy, but those who don't know how to respect their teachers should be taught a lesson!"

.....

.....

A voice of disdain came, but Zhao Ling turned a deaf ear to it.

However, this time, not to mention the law enforcement officer, Zheng Hong, who had seen Zhao Ling's strength with his own eyes, also had a slightly ugly face!

"boom!!!!!"

At the next moment, a powerful lightning force erupted from Zhao Ling's body instantly!

The force of this thunder and lightning instantly scorched the surrounding floor black!

"Spirit-level Fifth Stage supernatural power? That's it, you want to fight me too?"

Cheng Yueshan smiled disdainfully, and the next moment his aura was also reduced to the strength of the True Qi Realm Fifth Stage!

"Thunder roars!!"

Zhao Ling let out a low cry, and a giant bear condensed by thunder roared out of his body in an instant.

At the same time, Zhao Ling's right hand shook, and a long spear made of thunder appeared in his hand in an instant.

"Hmph. Overestimating one's abilities! Moving Mountain Fist!!"

At the next moment, Cheng Yueshan punched out with a loud right hand.

The power of True Qi Fifth Stage crushed towards Zhao Ling with a terrifying aura.

The giant bear formed by the thunder roared and surrounded Cheng Yueshan.

The thunder and lightning rapidly corroded Cheng Yueshan's True Qi shield!

However, The next moment Zhao Ling's right hand burst out with a terrifying momentum

"Flame Dragon Execution!!!"

Chapter 58: Designed To Kill Cheng Yueshan! ! (Four More Flowers!)

I saw a terrifying force suddenly emerge from Zhao Ling's hand!

After this power was transmitted to the Thunder Spear in his hand,

In the next moment, a thunder fire dragon roared towards Cheng Yueshan carrying a long spear!

"It's just a Martial Skill at the peak of the spiritual rank, how dare you play tricks!!!"

Although he was taken aback by the huge momentum, Cheng Yueshan cursed secretly.

The next moment the strength in his hand suddenly increased.

The surrounding law enforcement officers frowned instantly.

"Cheng Yueshan, it's over!"

This time, they all knew that Cheng Yueshan wanted to take this opportunity to kill Zhao Ling.

However, at this moment, it is too late even for the Chief of Law Enforcement to stop it!

Cheng Yueshan's fist smashed Zhao Ling's spear in an instant like a wild beast.

And just when his fist was about to smash Zhao Ling's head, Zhao Ling laughed!

"Puff puff puff..."

The next moment, a series of sounds of blunt objects entering the body reached everyone's ears!

Everyone looked at Cheng Yueshan with nine blood holes pierced through his chest in disbelief.

But there is also a huge blood hole that appeared between his eyebrows!

Cheng Yueshan glanced at Zhao Ling unwillingly!

The next moment his fist was weakly caught by Zhao Ling's right hand!

"From the moment you sent someone to kill me, your fate is doomed!"

Zhao Ling smiled disdainfully!

But his smile made everyone around him feel cold.

"Boom!!!!"

The dead Cheng Yueshan fell to the ground slowly, and several attribute values and a bronze treasure box also fell down.

The surrounding law enforcement officers were all shocked.

At this moment, they finally knew why Zhao Ling would provoke Cheng Yueshan!

It turned out that Zhao Ling had calculated all of this!

Let Cheng Yueshan rage and accept Zhao Ling's challenge.

In the end, when Cheng Yueshan and everyone couldn't believe it, he used telekinetic power to kill Cheng Yueshan in an instant!

"Terrible!! With such a terrifying talent and resourcefulness, if this child is not dead, he will definitely become a strong player in Starlight Realm!"

"That's right, not to mention the Starlight Realm, even the Starry Sky Realm is not impossible! Who would have thought that he would have a special ability!"

"Psychiatrist, a seventeen-year-old Spiritual Rank Fifth Stage Psychiatrist, this kind of Talent may become a student of Zilong Academy!"

.....

.....

Compared with those students who had been frightened, the law enforcement officers looked at Zhao Ling solemnly and talked a lot!

Kill an enforcer? How is this possible?

Of course, the difficulties in this are known only to the Chief of Law Enforcement.

That's right, Zhao Ling has definitely mastered the use of soul power, and this soul power has definitely reached more than three souls!

"Three souls, if you improve a little to reach four souls, you will be able to meet the inclusion standards of Zunhuang Academy!"

The law enforcement chief looked at Zhao Ling excitedly.

To be honest, he has just reached the power of four souls, but he is hundreds of years old now.

Even if it is achieved, it is impossible to become a student of Zunhuang Academy!

"Cheng Yueshan violated the rules of the competition privately and wanted to murder the students of my elite training camp. Although he is dead now, the punishment still needs to be implemented! The Cheng family should be punished to compensate Zhao Ling with 100 billion star coins in compensation, within three days deliver!"

The law enforcement officer suddenly spoke!

And the meaning revealed in his words is that all fools know it.

That is to say hello to Zhao Ling!

As for the reason, Cheng Yueshan lying on the ground is the best proof.

Zhao Ling smiled slightly when he heard this, and thanked the chief law enforcement officer.

As for the next moment, he used telekinetic power to put away the surrounding attributes and the treasure chest dropped by Cheng Yueshan.

"Ding... The host picked up the attribute: 1250 points of blood, and the value of blood is increased: 1250"

"Ding... The host picked up attributes: strength 1800 points, increase strength value: 1800"

"Ding... The host picked up the attribute: soul 200 points, increase the soul value: 200"

"Ding... The host picked up the attribute: speed 100 points, increase speed value: 100"

"Ding... Congratulations to the host for picking up: Earth-level treasure chest*1"

.....

.....

"Sure enough, it's right to expose my identity as a Psychic! In this way, I can pick up attributes unscrupulously!"

Zhao Ling's eyes lit up!

As for whether own strength will be exposed.

Please, Zhao Ling's current peak combat power is True Qi Five Sixth Stage for everyone to see!

Originally, Zhao Ling wanted to disguise himself and kill Cheng Yueshan in the middle of the night.

But when I thought about it later, killing the other party, even a fool would know that it was definitely related to him.

So it's better to show a little strength and design to kill each other in front of so many people at the same time!

In this way, let's see who dares to think carefully about himself secretly!

"One week later, the Martial Dao Alliance will send people to take you to the elite training camp. You should take a good rest during this time, and there will be no so much rest time in the future!"

Chapter 59: Zunhuang Academy! ! (Ask For Comments, Ask For Flowers!)

Zheng Hong's meaningful words stunned the ten students.

But they didn't think too much about it.

Soon the students were sent back to their respective cities one by one, but they were stopped by the chief of law enforcement when Zhao Ling was about to leave.

"Zhao Ling, I want to talk to you alone, I wonder if you have time now!"

The law enforcement officer said to Zhao Ling with a smile.

Zhao Ling was taken aback, and had a talk with himself alone? Could it be because of my spiritual teacher?

Zhao Ling thought of this and didn't say much.

"Sir, if you have anything to say, just say it!"

Nodding his head, the law enforcement officers around quickly left with interest.

There were only two empty people left in the hall.

"I don't know if you have heard of Zunhuang Academy?"

The Chief of Law Enforcement said to Zhao Ling straight to the point.

"Zunhuang Academy?!"

Zhao Ling frowned, he only knew that the small Galaxy where Yan Martian was located belonged to the Zunhuang Galaxy, and the Zunhuang Galaxy was an intermediate galaxy in the universe.

There are millions of little galaxies like fire sparks within the reign of the Emperor Galaxy.

"Is this Zunhuang Academy related to Zunhuang Galaxy?"

Zhao Ling asked suspiciously!

The chief law enforcement officer nodded slightly!

"That's right, Zunhuang Academy is located on the Zunhuang Star of the Zunhuang Galaxy! It is also the most powerful school in my Zunhuang Galaxy!

And it is very difficult to enter Zunhuang Academy!

I, Yan Martian, may not produce a genius like this in a thousand years! "

Speaking of this, the law enforcement chief looked at Zhao Ling excitedly,

"The law enforcement officer is saying that I have a chance to enter Zunhuang Academy?"

Zhao Ling frowned. If he really had the opportunity to enter Zunhuang Academy, he would naturally not refuse.

After all, the students in those institutions are probably at least True Qi-level geniuses!

"Hey! It's so difficult! Do you know what the criteria for entering Zunhuang Academy are?"

The law enforcement chief sighed.

Before Zhao Ling could answer, he explained.

"Zunhuang Academy, as the first school of my Zunhuang Galaxy, has extremely strict requirements!

However, there is not only one way to enter Zunhuang Academy.

There are three methods, as long as one of them is achieved, you can directly enter Zunhuang Academy!

One is Cultivation Base! Becoming a Grandmaster before the age of twenty is an extremely difficult threshold.

But at this point, you have great hope! "

Speaking of this law enforcement chief took a look at Zhao Ling.

Although it has only been three years, the possibility of making Zhao Ling a Grandmaster within three years is still very high.

"And the second point is to comprehend the power of skills! Any weapon, ability, or even Cultivation Technique has skills.

Just like Movement Technique, as long as your Movement Technique is excellent and Talent is strong, you can comprehend Movement Technique skills.

Or if you have strong marksmanship, you can comprehend marksmanship skills, and these skills have a great bonus to your strength.

If you read power, I think it should be the power of the three souls! Otherwise, it would be impossible to kill Cheng Yueshan so easily! ? "

Zhao Ling nodded slightly, the power of the technique seemed to be similar to the explanation given by the system.

It's just that Zhao Ling is not the power of three souls now, but the power of eight souls!

"Before the age of twenty, as long as you are proficient in any skill, you can quadruple your strength, that is, the power of the four souls of a spiritual teacher, and you will be able to reach the admission level of Zunhuang Academy.

Moreover, the students who entered Zunhuang Academy through this method represented more talents than those who entered the academy through the first method! "

The law enforcement chief also looked at Zhao Ling excitedly when he said this,

Although they all entered Zunhuang Academy, their status is absolutely different.

"You are now the power of the three souls. To be honest, I, Yan Xingxing, a student who has reached your skill level, has appeared once in a thousand years! That is my mentor. He is now one of the teachers of Zunhuang Academy. One, it is a powerful astral powerhouse!

So after you enter the elite training camp, I will teach you to use the skills and power of a spiritual teacher alone! "

Speaking of which, the chief law enforcement officer looked proud. His ability to become Yan Martian's chief law enforcement officer was inseparable from his mentor.

"Well, I will work hard, but I don't know what the third admission method is?"

Zhao Ling's eyes flickered slightly, as if he had already guessed something!

"The third type? That's going to be difficult!!"

Having said that, the law enforcement chief frowned slightly!

"Do you know that the peak of the Body Tempering realm is not the limit of the Body Tempering realm! In fact, the Realm of real genius is only after breaking through this limit!"

Afterwards, the Law Enforcement Chief explained to Zhao Ling what he already knew.

Exactly the same as the system said!

"So, the third way to get admitted is..."

Fantasy I Pick Up Attributes In The Future

Chapter 60: Ground Level Cultivation Technique! ! (Second Watch, Asking For Flowers)

"So, the third way to be admitted is... to breakthrough your own limit in the Body Tempering realm, and the strength must be at least 30,000 kilograms in the breakthrough True Qi realm! This point, my Yan Martian, has no one until now Appeared!"

The head of law enforcement sighed quietly, this kind of genius is no longer a character that can appear on a small planet with a population of only tens of billions like Yan Martian!

"Thirty thousand kilograms?!"

Zhao Ling was taken aback for a moment, just such a small request?

He originally thought that it would take at least 50,000 to 60,000 kilograms to meet the admission standard of Zunhuang Academy.

"It seems that people who break through the physical limit are much more difficult than I imagined!"

Zhao Ling chuckled.

In other words, it is better not to expose the own current Talent.

If you are a little stronger than ordinary people, everyone will regard you as a genius, but if you are too genius, even if you reach the scope of his understanding, you will definitely be studied in slices!

And Zhao Ling's worry is not unnecessary.

.....

Zhao Ling's current attributes have almost reached 100,000!

And the talent of the human race is only one star, that is to say, no matter how talented the human race is, it is impossible to exceed 100,000.

And Zhao Ling estimates that all human beings have been around for 100,000 years, perhaps not even 50,000!

It is conceivable that if own's strength is known, it will definitely be studied in slices, and it may be suspected that it is not a human race.

That would be a pain in the ass,

But fortunately, he can still use his supernatural identity now. As for his own Martial Dao Cultivation Base, he can hide it for as long as he can.

"Okay, you just need to know what I'm telling you, and there's no need to tell others, so as not to hurt other people's confidence. Now let's talk about your rewards!"

The law enforcement chief sighed, then smiled and said to Zhao Ling!

"award?!"

Zhao Ling was stunned for a moment, but thinking about it, his current Talent and being the number one in the assessment still deserves some rewards!

"Your Tier 4 rewards are actually not that much, and you can buy them after you get the compensation from the Cheng family.

So I will combine your Tier 4 Talent and the reward for your first external move and give it to you! "

With that said, the chief law enforcement officer turned on the own smart watch.

The next moment, a virtual projection appeared in front of Zhao Ling!

In the picture, a virtual store appeared in front of his eyes.

"This is the internal store of our law enforcers. It is connected to the Human Headquarters of the Martial Dao Alliance. All the earth-level weapons owned by humans, Cultivation Technique, Medicine Pill, and Martial Skill are here. You can choose any one that is not higher than Earth-level mid-level items!"

When the Law Enforcement Chief said this, Zhao Ling's eyes lit up!

Earth-level items are still relatively scarce for him.

"I'll give you the authority, you pick it first!"

The law enforcement chief swiped his right hand, and then Zhao Ling found that there was an additional icon on the own watch, and after clicking on it, a mall that was the same as before appeared in front of his eyes.

The chief law enforcement officer came to a corner and suspended in the air cross-legged to practice.

Seeing this scene, Zhao Ling was not only emotional!

"Sure enough, the weak have all kinds of reasons, but the strong definitely have the special feature of diligence!"

Thinking of this, Zhao Ling didn't intend to waste time, and directly clicked on the Cultivation Technique area!

As for why he chose Cultivation Technique directly, Zhao Ling also has a reason.

"Cultivation Technique is like nothing in all my projects.

I remember that the powerful Cultivation Technique seems to enhance the overall combat effectiveness of a person. I don't know if it's true! "

Zhao Ling thought of this and looked directly towards the Cultivation Technique in the Cultivation Technique area.

Cultivation Technique area - body forging category:

"Mountain-moving Jue (lower-level earth-level): Moving Mountain Jue, using Heaven and Earth Spiritual Qi to infiltrate the body to temper the body, and it can burst out three times the combat power during battle! The training speed will be tripled when practicing."
