Chapter 61: Cultivation Technique Comparable To Heaven! !

Triple combat power? Zhao Ling was a little confused!

But Zhao Ling will be relieved to see that the Cultivation Technique of the spiritual level can explode twice to 2.6 times!

"Sure enough, Cultivation Technique is not that powerful in strengthening strength, but it is also, Cultivation Technique is different from Martial Skill, although Cultivation Technique is difficult to cultivate to the extreme, but it is much simpler than Martial Skill!"

If you practice Martial Skill, for example, if you are just a small Body Tempering Realm powerhouse, you can only practice Martial Skill at the peak of the mortal rank at most!

And if you practice the spiritual level, not only will it be difficult to get started for a few years, but even if you get started, you still haven't repaired the proficiency point of the mortal level Martial Skill in battle!

But Cultivation Technique is different!

Although the powerful Cultivation Technique is very difficult to cultivate, there are not many barriers to entry.

Many children from big families cultivated the best Cultivation Technique in the family when they started.

In this way, many students can be thrown away from the starting point!

And Cultivation Technique generally has less bonus to strength, but more powerful bonus to cultivation!

Zhao Ling began to search slowly in the store.

I have opened a lot of treasure chests, maybe five or six hundred in total, but there is no Cultivation Technique in any treasure chest!

Zhao Ling was speechless at this point.

However, the Cultivation Technique class is rare, Zhao Ling took a look and found that the price of Cultivation Technique of the same rank is more than ten times that of Martial Skill.

And if Zhao Ling needs Cultivation Technique, he can only choose the low-level ones.

Apparently, the value of Cultivation Technique at the lower level of the earth level is already at the same level as the Martial Skill at the middle level of the earth level.

Even the Chief of Law Enforcement does not have too much financial resources to give such a big gift to Zhao Ling.

Soon Zhao Ling was selected.

" Cultivation Technique: Baizhan Leishen (Low Level): A kind of Martial Skill that was born entirely because of combat. It does not have any bonus to cultivation. It will increase Martial Dao Combat Power: 360%. If you have Lei Department of abilities, can be added: 400%

In addition, the difficulty of cultivation belongs to the sky level! "

This Cultivation Technique seems to be very powerful, but it can actually add up to 400% combat power, which has reached the level of a heavenly Cultivation Technique!

But don't forget, there is no bonus to cultivation.

In other words, practicing this Cultivation Technique is equivalent to not practicing any Cultivation Technique!

Except when fighting, it is a little bit stronger!

And the most important point is that his cultivation difficulty actually belongs to the heaven rank.

This Cultivation Technique can no longer be described as tasteless, it is a Cultivation Technique like waste!

After all, there is another point that people with lightning powers will never use Martial Dao to fight!

It's like a mage doesn't run to fight people hand to hand.

But such a trashy Cultivation Technique is equivalent to a real Martial Skill for Zhao Ling!

Practice speed? Sorry, no need!

Difficult to practice? Sorry, Zhao Ling has experience points, but they don't exist!

Zhao Ling directly chose this heaven-like Cultivation Technique!

"Law enforcement chief senior, I have chosen!!"

Zhao Ling came to the law enforcement chief and said to the law enforcement chief!

However, his eyes were curiously looking at the chief law enforcement officer.

It turns out that mind power can also directly act on the human body. I tried it before and it didn't seem to work!

At the next moment, the chief law enforcement officer opened his eyes, seeing Zhao Ling looking at him curiously, the chief law enforcement officer smiled!

"Psychic power to lift yourself up is a skill that requires the power of the four souls. You are still early!"

The law enforcement chief guessed what Zhao Ling was thinking and explained it!

However, Zhao Ling's eyes lit up instantly after hearing this!

"By the way, when I experimented, let alone four souls, I didn't even have the power of one soul. I haven't tried it since then!"

Zhao Ling felt helpless when he thought of this, experience kills people.

"Did you choose? What Cultivation Technique did you choose?"

The law enforcement chief seemed to have guessed that Zhao Ling would choose Cultivation Technique, and asked Zhao Ling with a smile!

Because of the Martial Skill, Zhao Ling's Yanlong Shootout is already very powerful!

Although Zhao Ling was only used to the middle level of the spirit class at that time, there is no shortage of Zhao Ling now.

"Well, I chose the Baizhan Leishen that is more suitable for me!!"

Zhao Ling nodded slightly.

"Just choose it, you can buy it directly, and it will be delivered directly to your home later!"

The law enforcement chief didn't know about the Cultivation Technique of Baizhan Leishen, so he didn't care.

After all, he knew that Zhao Ling would definitely not choose any rubbish Cultivation Technique.

"In this case, I will take my leave first. Thank you, Mr. Law Enforcer, for your care!"

Zhao Ling slightly cupped hands towards the opponent.

After all, he knows that the reward of own is far from enough for a Cultivation Technique worth hundreds of billions!

It can be said that in order to train Zhao Ling to successfully enter Zunhuang Academy, the head of law enforcement has spent a lot of money.

"Well, take a good rest after you go back. Of course, you can't let go of your cultivation! See you in a week!"

The chief law enforcement officer smiled kindly, with a hint of satisfaction on his old face!

And Zhao Ling also strode out of the hall on the top floor!

However, just when Zhao Ling arrived at the first floor of the Yanxing Martial Dao Alliance headquarters, there was a sound of cursing.

"Fuck! What kind of idiot did this kid choose Cultivation Technique!!"

Chapter 62: It's All A Family! ! (Four More! Ask For Flowers)

Following this terrifying sound wave, the tens of thousands of Practitioners in the hall on the first floor, which is several hundred meters away from the top floor, couldn't help covering their ears!

"My dear! This law enforcement chief is so old, but his voice is not small!"

Zhao Ling was a little speechless!

But he also knew how much impact he would have on the law enforcement chief by choosing Baizhan Leishen!

But this Cultivation Technique is indeed the most suitable for Zhao Ling.

And Zhao Ling who came to the first floor suddenly felt the power of the earth surge into own body.

This force of the earth is much stronger than when I was on the top floor!

"But now it seems that the experience points are gone, it seems that we need to save some more."

Zhao Ling looked into the lobby on the first floor!

The lobby on the first floor occupies an incomparably huge area.

Among them, tens of thousands of Practitioners are resting and handing over tasks.

Zhao Ling walked inconspicuously among the crowd.

If Zhao Ling were in Shuitian City, a Practitioner of his age would definitely be the focus of attention.

But Zhao Ling didn't care about these at all.

His gaze was fixed on the countless attribute points on the ground!

"Fuck, so many attribute points!!"

Zhao Ling couldn't help being excited!

The next moment, he will use telekinesis to envelop the entire hall on the first floor!

In an instant, a spot of light rushed towards Zhao Ling quickly!

"Ding... The host picked up the attribute: 50 points of vitality and blood, and increased the value of vitality and blood: 50"

"Ding... The host picked up the attribute: 40 points of strength, increase the value of strength: 40"

"Ding... The host picked up attributes: 4 points of soul, increase soul value: 4"

"Ding... The host picked up the attribute: speed 2 points, increase the speed value: 2"

"Ding... Congratulations to the host for picking up the mortal treasure chest*1"

.....

.....

The system is prompting like crazy!

"System, can you be quiet, so you won't give me a summary?"

Zhao Ling was speechless for a moment!

However, following his complaints, the system stopped instantly.

However, attributes and treasure chests rushed towards Zhao Ling's body.

"Ding... The host picked up the attribute: 42980 points of blood, and increased the value of blood: 42980"

"Ding... The host picked up attributes: strength 43150 points, increase strength value: 43150"

"Ding... The host picked up the attribute: 4550 points of soul, and increased the soul value: 4550"

"Ding... The host picked up the attribute: speed 2570 points, increase speed value: 2570"

"Ding... Congratulations to the host for picking up the mortal treasure chest*350, and the spiritual treasure chest*88"

.....

.....

The next moment, an attribute summarized by the system appeared in front of Zhao Ling.

In any place, there are always many practitioners at the bottom. Although it is an imperial capital, only four to five hundred of the 10,000 people are true Qi-level powerhouses.

But the attributes generated by so many people are as many as one hundred thousand!

"Sure enough, if I could pick up all the attributes before, I wouldn't have to be so troublesome!"

Zhao Ling thought helplessly that he seemed to have missed a lot of attribute points before.

But Zhao Ling didn't stay here for long, but came directly to the outside world, The next moment, the whole person soared into the sky.

The Practitioners around were almost screamed in fright.

A few minutes later, Zhao Ling returned to the sky above the Martial Dao Alliance in Shuitian City!

He landed slowly and contacted Zhao Xue directly.

These few days Zhao Xue was with Bai Ningshuang.

Soon Zhao Xue happily took Bai Ningshuang's hand and ran towards Zhao Ling.

"Brother, you are finally back, I thought you didn't want me anymore!"

Zhao Xue threw herself into Zhao Ling's arms with red eyes.

Zhao Ling touched her little head helplessly!

"What nonsense, brother, if you don't come back, where else can you go back!?"

Zhao Ling said with a smile.

"By the way, Xiaoshuang, Xue'er has troubled you these few days!"

Zhao Ling raised his head and said to Bai Ningshuang gratefully!

"No! You just need to play a game with me!!"

However, Bai Ningshuang's cold words gave Zhao Ling a headache!

He really had nothing to say to such a violent and cold girl.

"Hey! We are all a family. It's embarrassing to fight so much. How about I treat you to a meal?"

Suddenly, Zhao Ling flirted with Bai Ningshuang like a convulsion in his mind.

But after finishing speaking, he regretted it!

Sure enough, the next moment, a cold breath enveloped him in it!

"Zhao Ling! Who is a family with you!!"

The next moment Bai Ningshuang pulled Xiaoxue away, and instantly a terrifying roar came from the void,

Immediately afterwards, a giant ice shark roared out of the void and bit towards Zhao Ling.

"I'm going, is it necessary to be so violent?!"

Zhao Ling jumped, but there was no ambiguity in his hand, and a burst of thought power burst out instantly.

The next moment fixed this giant ice sculpture shark in the air!

"You are a Psychiatrist!!!"

Bai Ningshuang frowned suddenly!

The status of a Psychiatrist is definitely not low, but Zhao Ling is actually a Psychiatrist, so it would be easy to explain why he was able to kill True Qi Second Stage in the Body Tempering realm!

"Xiaoshuang, if you have something to say, don't use a knife or a gun. Thank you for taking care of me these two days. I'll take Xiaoxue home first!"

Zhao Ling didn't go back directly to Bai Ningshuang, but smiled The next moment and thought with a wave of his right hand, under Xiaoxue's novel eyes, Zhao Ling pulled her from the side into his arms.

The next moment Zhao Ling soared into the sky and disappeared into the sky!

Bai Ningshuang, on the other hand, stared at the direction Zhao Ling was leaving, a slight blush flashed across her fair face.

.....

.....

At night, Zhao Ling sat cross-legged in his own room!

When he got home, he directly cooked a table of sumptuous dishes with Xiaoxue.

And soon, the Cultivation Technique bought with the money of the law enforcement chief has also been delivered to Zhao Ling's home!

However, Baizhan Leishen needs 60,000 experience points to cultivate to the limit.

Zhao Ling breathed a sigh of relief.

After all, the difficulty of cultivating this Cultivation Technique is sky-level, and the cultivation of a sky-level Cultivation Technique requires at least 300,000 experience points to complete!

But fortunately, although his conditions are higher than those of ordinary low-level land ranks, there are not many.

"System, open all treasure chests!!"

After Xiaoxue fell asleep at night, Zhao Ling spoke to the system in the room.

"Ding... Congratulations to the host for opening the mortal-level treasure box*350, the spiritual-level treasure box*88, and the earth-level treasure box*1, and obtained the following items:"

With a beep from the system, all the treasure chests in Zhao Ling's storage were instantly opened!

"Ordinary Weapon*82, Ordinary Martial Skill*33, Ordinary Medicine Pill*33,

Spiritual Weapon*8, Spiritual Martial Skill*9, Spiritual Medicine Pill*13

Ground level Martial Skill: Earth pulsation (ground level intermediate level): It can control the power of the surrounding earth to erupt powerful earthquakes! The range and power are determined by the strength of the user, and at the same time, the power of the earth can be used to condense the shield! Every 6000 experience points consumed can increase the proficiency by 10%!

Experience: 210000

Attributes: speed value: 2000, strength value: 40000, vitality: 40000, soul: 4000"

After opening more than 400 treasure chests, Zhao Ling definitely brought a lot of items.

Although these items don't seem to be of much use to Zhao Ling now!

But it can be sold for money!

You must know that a spiritual level weapon is at least a million level, and the peak level of the spiritual level has reached about one billion!

Of course, it's so expensive, I'm afraid only Grandmasters can afford peak spiritual weapons,

But Zhao Ling's storage box added up to dozens of spirit-level weapons.

"System, help me! Baizhan Leishen and Earth Pulse have learned!"

Zhao Ling spoke directly to the system!

The next moment, a huge message flooded into Zhao Ling's mind instantly.

And the force of the earth, The next moment, which was not unfamiliar to him originally, was swimming around Zhao Ling's body like a cheerful child!

At the same time, thunderbolts hit Zhao Ling's body instantly from the void, and Zhao Ling's bones, flesh and blood were crazily improved under the tempering of the thunderbolts!

But the strange thing is that Zhao Ling's essence has not improved much.

It's just that a little qi and blood can defend against one kilogram of damage, but now it can defend against three points!

Zhao Ling's eyes flashed.

"Sure enough, this Hundred Battles Thunder Body is not that simple!" An earth-level Cultivation Technique, with the cultivation difficulty of a heaven-level Cultivation Technique, how could it be easy.

"Ding... Congratulations to the host for consuming 120,000 experience points and cultivating the Cultivation Technique "Hundred Battle Thunder Body" and "Pulse Earth" to the limit!"

What is worthy of Zhao Ling's integration is that according to the statistics of the system, Bai Zhan Leishen actually belongs to the earth-level middle-level Cultivation Technique, not a low-level one!

"That's right, the Martial Dao Alliance only classifies it as low-level mainly because of its tasteless function, but for those who need him, it is more than enough to say that it is an intermediate-level Cultivation Technique!"

Zhao Ling thought about it for a while and was relieved.

"By the way, the system helped me upgrade my marksmanship skills!"

Zhao Ling looked at the remaining 90,000 experience points plus the previous 10,000, which was just over 100,000! After thinking for a while, he added the 100,000 experience points to his marksmanship skills.

Chapter 64: The Cheng Family! (Second Watch, Ask For Flowers!)

The pinnacle of proficiency in marksmanship skills can fully increase the combat effectiveness by ten times!

At the same time, adding ten times of Yanlong's marksmanship, that is to say, Zhao Ling can explode more than 1,700 kg of combat power.

And with the addition of the Hundred Battle Thunder Body, Zhao Ling's explosive combat power is equivalent to that of a strong man with 68 million kilograms.

But Zhao Ling knew that the combat power of this level was at most equivalent to the sixth or seventh level of a Great Master.

After all, Grandmasters also have powerful Cultivation Technique plus Martial Skill. After all, their own combat strength is six to seven million, and Cultivation Technique can be increased by at least four or five times, and Cultivation Technique is three times that of Cultivation Technique.

Great Master Seven Eighth Stage, Zhao Ling still needs to be more cautious!

But Zhao Ling didn't have the slightest worry about this!

"Calculate carefully, I've come to this world now and it's about ten days, emmm, ten days!!"

Zhao Ling was a little speechless to himself!

Ten days has improved so much strength, from a rookie who couldn't even become a prep Practitioner desperately, to the current strong man who can beat the Grandmaster!

Although Zhao Ling's strength is not very strong in this era.

But Zhao Ling will not underestimate himself, with his current strength, there are definitely no more than two hands who are stronger than him on Yan Martian!

"By the way, there's still one problem that hasn't been resolved! It's time to avenge my enmity with the Cheng family!"

Zhao Ling sighed faintly!

Although Cheng Yueshan was dead, it was the Cheng family who took action against Zhao Ling! Just spend 10 billion to solve this problem? Just don't be so naive!

Zhao Ling is not a heinous person, but he also knows how to cut grass and roots!

After all, he is not alone, Zhao Xue still needs him to take care of him!

"By the way, just to see if the pulse of the earth is useful!"

After a sneer, Zhao Ling's figure changed instantly, and a middle-aged man with a beard appeared in Zhao Ling's room.

"Qian Huan, it's really good!!"

Zhao Ling stroked his beard.

I didn't expect to grow a beard.

Zhao Ling opened the window, wrapped himself up with telekinesis,

The next moment turned into a red light and disappeared into the starry sky!

.....

.....

The residence of the Cheng family in Rosy clouds city, Rosy clouds province!

The Cheng family is located in the city center of Rosy clouds, and the Cheng family's mansion in Rosy clouds is as big as the Forbidden City in Beijing.

Even more terrifying!

Nearly one tenth of the city is shrouded in this terrifying mansion complex!

Ever since Cheng Yueshan became a Grandmaster three hundred years ago, the Cheng family has been expanding.

During the three hundred years of their expansion, an unknown number of people died unjustly under the hands of the Cheng family.

But who can do it, the Cheng family is a family with law enforcement.

There are families that are more tyrannical than them on Yan Mars.

However, at this time almost the entire Rosy clouds province was afraid of the Cheng family, but everyone gathered in the family Great Hall with trepidation and had a heated discussion!

"What should I do? The ancestor died! What's going on!?" Cheng Yueshan's third son huddled on the chair tremblingly!

He has been a playboy since he was a child, and now his biggest backer is dead, how could he not be scared to death.

"Damn it, at the beginning I said it should be Zhao Ling's Little Sister, you are actually afraid of offending the little president of Shuitian City!"

But Cheng Yueshan's second son scolded angrily. If anyone in the Cheng family did more bad things, even Cheng Yueshan would not dare to compare with his second son!

"Hmph! What do you know! That president Bai is determined to keep Zhao Ling's Little Sister, and he doesn't hesitate to offend Patriarch, even if his granddaughter's mentor is Law Enforcer Lin, Patriarch won't tear himself apart! The most urgent thing now is to do it as soon as possible Find a solution!"

The current patriarch, Cheng Zheng's father snorted coldly and glared at his second brother!

"Yes! Doesn't Zhao Ling have a Little Sister? We just need to tie his Little Sister to blackmail him, so my Cheng family will have an extra super talented bodyguard? And with Zhao Ling's Talent, In the future, he will definitely be better than the ancestor!"

However, although Cheng Yueshan's second son's words were still unpleasant, they made the eyes of all the descendants of the Cheng family who shivered and hid aside and dared not speak shine bright!

However, they didn't know that in the sky of the Chen family, a dark figure burst out with endless anger at this moment!

"Cheng family! Good luck, Cheng family. Fortunately, I didn't intend to spare you. It seems that I am too kind to let you die so easily!!"

Chapter 65: Killing Thousands Of People! ! (Three More!)

There was a cold smile on the corner of Zhao Ling's mouth.

But at this moment, endless anger erupted in his eyes!

At the next moment, an incomparably majestic telekinetic force erupted from his body, instantly enveloping the entire Cheng family below.

"rise!!!!!!"

With a cold low drink!

The Cheng family, old and young, plus tens of thousands of servants, instantly flew up from the ground uncontrollably! !

"What's going on? What's wrong with me?"

"Psychic power, this is the spiritual power of a spiritual teacher!!"

"Who the hell is it? Could it be that the Chief of Law Enforcement took action?"

"Impossible, no matter what we say, we are members of the Cheng family. How could the chief law enforcement officer..."

"No, I don't want to die! Help!!

.....

.....

Screams echoed in the sky.

However, Zhao Ling turned a deaf ear to these things!

"Three or four hundred family members actually have more than ten thousand servants.

You are living a very nourishing life, you are simply more emperor than the emperor! "

Just as everyone was flying and screaming in the air, Zhao Ling's figure appeared in front of the Cheng family!

And the icy coldness in his eyes gave everyone a chill!

"My lord, may I ask why you attacked my Cheng family? Is there some misunderstanding?"

Seeing the person flying in the sky in front of him, the Patriarch of the Cheng family bit the bullet and spoke.

After all, if idiots like own Little Brother talk, they don't know how they will die if they fail to keep themselves together.

"Misunderstanding? No, no, no, absolutely nothing! Don't worry, I won't let you die for no reason!"

Zhao Ling shook his head slightly!

The next moment, a cold feeling spread to everyone's body.

In the sky before, long knives condensed from cold ice slowly appeared.

"Ice ability! Impossible, you know the ice ability like this!!"

"Two abilities, what the hell is going on?!"

.....

.....

After the condensed long knives came out, the expressions of everyone in the Cheng family changed drastically!

However, Zhao Ling was not interested in explaining to them whether this was possible.

At the next moment, tens of thousands of long ice knives slashed at the Cheng family and their servants like raindrops!

A shrill scream spread throughout the sky as pieces of their flesh fell off their bodies!

"The Cheng family, according to incomplete statistics on the Internet, you have killed at least five million innocent citizens of the Human Alliance in the three hundred years of your family history! Blood!"

Zhao Ling coldly burst out the data circulating on the network.

However, this can only be counted, and there are more people killed secretly that cannot be counted.

"Five thousand knives per person, don't worry, you won't die!!"

Zhao Ling smiled, but his smile really made everyone in the Cheng family look extremely pale!

Almost half of them peed in fright after a second.

However, some people were about to faint, but the severe pain from the ice blade scratched their bodies made any of them extremely awake.

But Zhao Ling, who originally thought he could calm down, frowned when he saw those old and weak women and children screaming in pain!

"Forget it, let these people give them a happy time!"

Zhao Ling thought, and in an instant, heads shot up into the sky!

how to say! What kind of person a person is comes from the environment in which he was raised.

These old and weak women and children seem miserable, but the blood in their hands is absolutely no less than those of the men!

Endless screams echoed throughout the sky of Rosy clouds city!

But no one saw or heard any movement.

Even the satellites did not capture the slightest abnormality!

All this is because Zhao Ling enveloped the area of more than ten kilometers around with his thoughts!

With the blade of the ice blade cutting in, every member of the Cheng family died completely in the sky.

The dead person directly lost control and fell from the height of a thousand meters, directly falling into a pulp!

Finally, following the scream of the Patriarch of the Cheng family, there was no longer any Cheng family members on Yan Martian!

They are also damned.

After Cheng Yueshan's death, they summoned all the descendants of the Cheng family to the Cheng family land.

Originally, they were afraid that Zhao Ling would destroy them one by one, but who knew that Zhao Ling would kill the entire Chen family directly.

"A filthy family, sleep in the ground forever with your filthy thoughts!!"

Zhao Ling coldly glanced at the tens of thousands of dead above the ground!

The next moment, Zhao Ling directly communicates with the power of the earth within the entire Cheng family!

"Earth pulses!!!"

Chapter 66: Find A Shield! ! (Four More Flowers)

"Earth pulses!!!"

With a low shout, a strange fluctuation spread across the entire land in an instant!

"Boom!!!"

The earth suddenly made a roar.

What's weird is that this roar echoed only in the entire Cheng family.

Even the other houses only a few meters away from Cheng's house did not hear a sound.

The next moment, the earth shook violently.

The range of hundreds of square kilometers within a radius of more than ten kilometers is vibrating at a distance.

The houses of the Cheng family, which claimed to be able to withstand ten second-level earthquakes, collapsed in just an instant and eventually shattered into pieces of rubble and fell on the ground!

"Boom!!!"

With a terrifying roar, the ground within a radius of more than ten kilometers sank into a terrifying deep pit!

It's like being hit by a huge fist!

The terrifying family that originally ruled the province of Rosy clouds was wiped out in an instant!

However, the satellites in the sky were not aware of such a terrifying landform change.

After Zhao Ling took a cold look at the Cheng family that had completely disappeared, he was also secretly shocked by the horror of the pulsation of the earth.

"Sure enough, they are relatively rare abilities. This kind of destructive power is even more terrifying than a real earthquake of magnitude ten!"

Thinking of this, Zhao Ling soared into the sky and flew towards the distance.

And just over ten seconds after Zhao Ling disappeared, the mental power that had enveloped the entire Cheng family disappeared instantly!

The next moment, the satellite instantly transmitted the picture here to the headquarters of the Martial Dao Alliance!

In the Office of the Law Enforcement Chief of the Martial Dao Alliance Headquarters, the Law Enforcement Chief sat cross-legged in the air.

"Dididi!!!"

Suddenly, a rapid electronic sound came, and the chief law enforcement officer suddenly opened his eyes, and a bright light flashed across his eyes in an instant.

The next moment he turned on the watch in his hand.

However, a virtual picture suddenly changed his face in an instant!

"Detected the power of the earth, the ability of ice, and the power of the mind??!"

Seeing the analysis of the satellite, the law enforcement officer's face changed slightly!

Three powerful abilities appearing at the same time in this ruins is still to deal with the Chen family!

"Psychic power seems to be shot by Zhao Ling! Ice power, could it be that girl Bai Ningshuang? It's also because the two of them have a good relationship, but who is the power of the earth? And such a large-scale earthquake is definitely the work of an earth-level power user." strength!!"

The chief law enforcement officer's face changed slightly. He didn't know that an owner of the power of the earth came to this planet. This matter is definitely not a trivial matter!

"If the order continues, it will be said that the Cheng family has committed a heinous crime. I will personally kill the Cheng family, and at the same time control all remaining blood of the Cheng family in Yan Martian!"

The chief law enforcement officer's eyes flashed, and he calmly ordered to the person opposite.

Soon, this piece of news personally confirmed by the Law Enforcement Council spread to the entire Yan Martian network!

.....

.....

"The Chief of Law Enforcement is personally covering for me! It's amazing!"

Zhao Ling smiled slightly, but he could still guess the reason.

Since the Cheng family was wiped out as soon as he came back, even a fool would guess that he did it himself!

It's just that it is absolutely impossible for the other party to guess that the owner of the power of the earth is himself.

Sure enough, soon, the Chief of Law Enforcement called!

"Master Law Enforcement Chief wants to ask about my senior brother!"

Zhao Ling picked up the phone and spoke directly to the other person.

However, Zhao Ling's words made the law enforcement chief look dumbfounded!

The next moment, he figured out everything! !

"Sure enough, I said how your strength improved so quickly, so you have a master!"

The law enforcement chief suddenly breathed a sigh of relief, and everything made sense now.

Why did Zhao Ling have such a fast cultivation speed, and why did he have such a powerful Cultivation Technique!

And why Zhao Ling is not afraid of Cheng Yueshan.

Everything is because Zhao Ling has a backer!

This kind of thing is simply too common in the Human Race Alliance!

After all, some strong people often play among the stars, and at the same time, they will also accept some talented youngsters as disciples on various planets!

"Since this is the case, then I won't ask any more questions. Remember to report it a week later!"

The Chief of Law Enforcement smiled slightly, then reminded Zhao Ling and hung up the virtual video call.

"It's more convenient to do some things with a master who is a laborious person to explain!"

Zhao Ling smiled slightly, as for the background? !

He Zhao Ling is the biggest backstage! ! !

Fantasy I Pick Up Attributes In The Future

Chapter 67: The Third Physical Limit!

"I never thought that killing the Cheng family would bring so many benefits!!"

Suddenly, Zhao Ling looked at the own attribute table and laughed!

More than 10,000 members of the Cheng family directly raised Zhao Ling's attributes to 200,000!

"Ding... Congratulations to the host for reaching the physical limit for the third time! If you want to improve, please accumulate enough attribute values: 2 million, and the power of ten kinds of abilities!"

However, the system's notification tone also reached Zhao Ling's mind at the same time.

But Zhao Ling ignored it at the time!

After all, he was busy killing people! !

When he got home, he took a good look at the own attribute table!

"Two million plus ten abilities?"

Zhao Ling frowned suddenly!

Attribute table:

Host: Zhao Ling

Bloodline: Samsung

Martial Dao Realm: Peak Body Tempering (15000/2 million)

Psychiatrist: Mortal Peak (3/10)

Powers: ice, lightning, power of the earth

Power: 200000

Speed: 10000m/s

Vitality: 200000

Soul: 20000

Weapons: Xuanbing Flying Daggers array (spiritual peak), thunder gun (earth-level advanced), thunder suit (spiritual peak)

Cultivation Technique: Thousand Illusions (Peak Earth Rank, 100%) Hundred Battles Thunder Body (Middle Earth Rank, 100%)

Martial Skill: Soul Blade (Peak Spirit Level, 100%), Psychic Power, Fengshen Leg Technique (Peak Spirit Level, 100%) Flame Dragon Spear (Middle Earth Level, 100%) Earth Pulse (Intermediate Earth Level, 100%)

Psychic skill: 8 soul power (0/100000)

Gun Skill: Peak Proficiency (0/500000)

Experience: 2000

.....

However, Zhao Ling was taken aback when he saw that there was actually a (3/10) attribute on the own attribute table!

"System, do the three abilities I have now also count in it?"

Zhao Ling suddenly asked the system in doubt!

"Ding... that's right, if you have ten kinds of abilities, as long as you collect enough ten kinds, your current three will naturally be counted in it!"

The system has always answered Zhao Ling's questions.

"I see, but isn't this two million attribute points a bit too much!!"

Zhao Ling frowned slightly!

Two million! Although there are only a few hundred thousand after being divided into various attributes, it is still a lot!

"Ding... the host will know when the time comes! Two million attribute points are definitely worth the money!"

The system's calm words left Zhao Ling speechless!

But Zhao Ling also nodded slightly, in fact, it was already a good deal just to break through the physical limit.

After all, the difficulty of breaking through the limit of the physical body is definitely beyond the imagination of ordinary people.

And what Zhao Ling has to pay is just a small attribute point.

"However, it doesn't seem suitable in this small place. After all, the strongest person in Shuitian City is only a True Qi Fifth Stage!"

Zhao Ling frowned slightly and then thought of it!

"Looks like it's time to move to the imperial capital!!"

Zhao Ling thought of this and looked around. Although the living environment here is not bad, in this era, the conditions are already extremely low!

the next day...

Zhao Ling found a villa with an area of more than 3,000 square meters near Imperial University.

I packed my things casually and moved there with Zhao Xue!

Of course Zhao Ling didn't buy such a big room to show off!

Instead, there is a huge private practice room covering an area of more than 2,000 square meters in this villa!

Zhao Ling bought it purely for the purpose of practicing in his spare time.

But Zhao Ling's favorite thing every day is to come to the headquarters of the Martial Dao Alliance in the imperial capital to learn about the major events of the Terran Alliance!

It was like this for several days!

"Ding... The host picked up the attribute: 50 points of vitality and blood, and increased the value of vitality and blood: 50"

"Ding... The host picked up the attribute: 40 points of strength, increase the value of strength: 40"

"Ding... The host picked up attributes: 4 points of soul, increase soul value: 4"

"Ding... The host picked up the attribute: speed 2 points, increase the speed value: 2"

"Ding... Congratulations to the host for picking up the mortal treasure chest*1"

.....

.....

Of course, no one can see the system prompt flashing before Zhao Ling's eyes!

The traffic of the Martial Dao alliance headquarters has always been more than 10,000.

During peak hours, it can even reach tens of thousands!

However, only Practitioners who stay here for more than an hour will drop attribute points!

Of course, even so, Zhao Ling's harvest in an hour will reach 10,000 to 20,000 attribute points!

For six consecutive days, Zhao Ling stayed in this place for nearly ten hours every day!

Therefore, the attribute points obtained by Zhao Ling also reached a terrifying 1.05 million!

Of course Zhao Ling is guiding Zhao Xue to practice at other times!

Because the number of medicine pills prescribed by Zhao Ling during this period has reached hundreds, and many of these medicine pills are medicine pills for improving physical fitness.

And many of these medicine pills are special medicine pills that cannot be refined even in the human race alliance!

Therefore, under the addition of these medicine pills, Zhao Xue did not lose the good opportunity to practice because of his age.

At the same time, with Zhao Ling's Medicine Pill filling in, Zhao Xue's strength has reached the level of Body Tempering realm Practitioner!

"Dididi...Master, you have a new call!!"

On the seventh day, Zhao Ling was still resting in bed, but was woken up by a phone call!

Zhao Ling connected the phone, and the figure of an old man appeared around Zhao Ling in an instant!

However, when the old man saw that Zhao Ling was still lying on the bed with sleepy eyes, his eyes widened!

"I said, don't you want to go to school, kid!!"

Chapter 68: Zhang Jie Who Does Things!

The law enforcement chief originally wanted to remind Zhao Ling to take his time and not to rush.

But who knows that Zhao Ling hasn't woken up yet!

"En? Enrollment, what enrollment?"

Zhao Ling looked confused, wouldn't it be a month before the start of school?

Of course, he knew that the elite training camp started signing up today.

Hearing his words, the Chief Law Enforcement Officer suddenly felt a pain in the ass!

"Did no one tell you that the elite training camp is held at Imperial First University? And those of you who enter the elite training camp need to enroll in advance. By the way, the email has been sent to you!"

The sheriff sighed helplessly.

"Uh, I didn't see it, I didn't see it!"

Zhao Ling clicked on the own mail and indeed found an email sent to own a long time ago.

But at that time, I was torturing and killing members of the Cheng family, so I didn't see it.

After opening the email and scanning it roughly, Zhao Ling nodded slightly!

"Okay, I'll be there in ten minutes!"

After speaking, Zhao Ling quickly hung up the phone call from the law enforcement officer, and slowly washed up.

With one minute left in ten minutes, Zhao Ling had already arrived at the door, The next moment Zhao Ling soared into the sky, turning into a ray of light and flying towards the First University of the Imperial Capital!

When Zhao Ling came to the sky above Imperial First University! His brow furrowed instantly.

Because he felt that the First University of the Imperial Capital, which looked like a small city below, seemed to be enveloped by a huge energy field.

The strength of this energy field, Zhao Ling guessed, he might not even be able to break through it!

"What the hell is this energy field?"

Zhao Ling curiously used his mental power to study it.

While researching, Zhao Ling also slowly landed at the door.

The magnificent gate of the First University of the Imperial Capital is 50 meters high, like an abyss mouth warning those who want to break in.

Zhao Ling couldn't help but sigh with emotion at such a magnificent appearance!

There are still rich people in this world who engage in Martial Dao.

"Brother, you are also here to sign up for the elite training camp!?"

Suddenly, at this moment, a boy's voice came from the side, Zhao Ling looked back and saw a boy with thick eyebrows and big eyes smiling at him and saying!

"Oh? You too?"

Zhao Ling smiled slightly.

"That's right, I'm Ning Xian from Oceanwide Province, I don't know who my brother is!!"

Ning Xian smiled and asked Zhao Ling!

"Rosy clouds Zhao Ling!!"

Zhao Ling raised his brows, Ning Xian from Fanhai Province has recorded some information about him on the Internet.

He is a fire-type power user, so he is relatively familiar to everyone.

"What? Are you Zhao Ling from the province of Rosy clouds? You didn't face the Cheng family? Brother, you are so awesome. Fortunately, that idiot Cheng's family has been wiped out, otherwise you will be out of luck, brother!"

Ning Xian's series of words left Zhao Ling speechless, and couldn't help feeling that the information circulated on the Internet was quite reliable.

However, except for those who participated in the recruitment and the law enforcement officers, no one else knew about the external recruitment of the elite training camp, and those who participated in the external recruitment also signed a non-disclosure agreement.

"Yeah, I've been lucky!"

Zhao Ling smiled slightly, and while the two were chatting with each other, more than a dozen teenagers gathered at the gate of the First University of the Imperial Capital one after another!

But what is curious is that none of these people participated in the foreign recruitment.

They are all the champions of the provinces. The weakest ones are above the Body Tempering realm Fifth Stage.

"By the way, brother, do you know which foreign recruits seem to have established an organization."

Suddenly, Ning Xian said to Zhao Ling mysteriously.

"Organization? What organization?" Zhao Ling was stunned when he heard that, why didn't he know.

"It is said that it is Zhang Jie, the great-grandson of Law Enforcer Zhang. The organization that unites all the foreign recruits, according to gossip, is to fight against us provincial champions!"

Ning Xian said this with a bit of a smile. In his eyes, those who participated in foreign recruitment were the elite among the losers, that is, the big losers!

A group of losers still want to deal with them real elites?

But Zhao Ling who heard this was speechless.

These champions think too highly of themselves. Although they might not be as good as these champions if they had not passed the foreign recruitment assessment, they will never put these champions in one's eyes after being baptized in the blood of star beasts!

And this kid Zhang Jie gathered eight foreign recruits except himself and the only woman, even a fool would know what he was up to.

"However, a bunch of rookies who are not even in the True Qi Realm want to fight me, a person who can kill the Great Master? How much ecstasy did Zhang Jie give them!?"

Zhao Ling was a little curious when he thought of this.

And at this moment, not far away, extremely luxurious suspension sports cars came rapidly from afar.

The next moment, eight cool cars stopped at the gate of the First University of the Imperial Capital.

Soon, Zhao Ling's familiar figures got out of the car one by one.

"It's those foreign recruits! They're here!!"

Chapter 69: Became A Dage Somehow?

Under the leadership of Zhang Jie, this group of awesome foreign students got out of the car domineeringly.

And their movements are exaggerated, Zhao Ling feels that he has returned to that non-mainstream era.

"Sure enough, in an era where there aren't many entertainment projects, I like to give birth to some stupid things!"

Zhao Ling shook his head helplessly, but their movements were extremely cool in the eyes of other provincial champions.

They, who have always been self-proclaimed, saw some people who deserved to be stepped on by them so arrogant!

"Hmph, how dare a group of crane tails dare to be so rampant."

Only a voice of disdain mixed with strong jealousy came from the front.

The next moment, a muscular teenager walked out of the crowd, looking at this non-mainstream group with disdain.

Seeing someone come out to slap his face, Zhang Jie's eyes lit up, it's time to stand up.

"Who is from the same province as him! Go and teach him a lesson!" Zhang Jie said indifferently.

"Let me do it!"

Following Zhang Jie's order, a short boy came out immediately.

"Hong Wei! You, the defeated general, still want to come with me..."

However, before the number one scholar could finish speaking, Hong Wei rushed over with a casserole-sized fist and knocked him down to the ground. The next moment's fists rained down on him!

"You guys, look around to see if there are any champions of your own province, if there are, beat them up! If not, just find one."

Zhang Jie didn't want to end it so simply, and then said it disdainfully.

The next moment A series of swift figures rushed towards the pretentious provincial champions in an instant.

Soon these champions were lying on the ground one by one, howling.

The strength gap is particularly obvious!

There is no one who can come out of that place full of star beasts without a surge in strength.

At the same time, the combat experience is not comparable to them.

And at this moment, a teenager from Oceanwide Province suddenly saw Ning Xian who was standing in the corner and wanted to avoid him.

"Ning Xian, stop going!!!"

With a loud shout, the middle school boy rushed towards Ning Xian with his fists in his hand.

"Fuck, who did I provoke!!!"

Ning Xian's expression changed drastically when he saw the young man rushing towards him to kill him to sacrifice to heaven.

Now he dare not underestimate these foreign recruits!

However, unwilling to be beaten in vain, he still threw his fist towards the opponent.

However, the difference in strength between the two was not that big. Needless to say now.

Soon, Ning Xian was beaten black and blue!

However, when Zhao Ling was silent, a fiery red Chinese character fell from Ning Xian's body.

"fire!!!"

The word fire is like a group of flames burning ragingly.

With a thought in Zhao Ling's mind, the word fire flooded into Zhao Ling's body in an instant!

"Ding... Congratulations to the host for obtaining the power of fire!!"

With a system prompt, Zhao Ling felt as if his body had turned into a flame.

"Cough cough! It's almost done!!"

Although Zhao Ling didn't need to save them, but no matter what, he also got the benefit of the other party, right?

However, as soon as Zhao Ling's words came out, the person who was beating Ning Xian was stunned!

"This voice is a bit familiar!"

Normally, he would definitely turn around and scold, "Who the hell is talking!"

However, Zhao Ling's voice gave him a chill in his heart.

Looking back, his face, which was flushed from beating someone, suddenly turned livid!

"Big... Dage is big!!"

However, his words instantly stunned Zhao Ling.

"Dage, why don't you talk about the BB machine!"

However, at the next moment, Zhang Jie, who had originally dragged 2.58 million, hurriedly ran to Zhao Ling!

"It turns out that you came a long time ago, Boss, so I didn't disturb you just now!"

Zhang Jie's words made Zhao Ling even more confused, but when he turned his head, he instantly guessed what these boys were up to!

It turned out that I guessed wrong, Zhang Jie didn't want to unite against him, but called his younger brothers under the name of own!

"You boy, you are quite smart!"

Zhao Ling took a deep look at Zhang Jie!

Zhang Jie was so frightened that his feet trembled, but how could he have not thought of this because he had been prepared for a long time!

Immediately Zhang Jie activated his bragging rhetoric, and told Zhao Ling all the benefits of having a group of subordinates to Zhao Ling!

In the end, Zhao Ling only heard the center, that is, as long as he was named, he could get the benefits that a boss should have.

There are errands, odd jobs, sparring and so on!

Moreover, Zhang Jie wants to enter the elite training camp and take down all the people in the elite training camp, and finally dominate Rivers and Lakes.

Of course, the final boss can only be Zhao Ling.

Hearing this, Zhao Ling smiled helplessly!

"If you don't engage in pyramid schemes with your mind, you'll really lose your talent!"

But Zhang Jie didn't know Zhao Ling acquiesced when he heard here and there.

"Boss is joking, I have a tenth of yours in my head!"

After Zhang Jie knew Zhao Ling's strength, he completely died of wanting to catch up with Zhao Ling.

Whoever is fine will have trouble with himself.

"Everyone, everyone is here!!"

However, at this moment, a familiar voice came from the First University of the Imperial Capital!

Fantasy I Pick Up Attributes In The Future

Chapter 70: Going Out And Exploring The Universe! !

I saw Zheng Hong walking out of the Imperial Capital University with ten law enforcers.

These law enforcers are the law enforcers who recruited foreign students at the beginning.

According to Zhao Ling, the head of law enforcement, the total number of law enforcement officers in Yanhuaxing has reached more than 50 people!

And among these fifty people, there are less than ten people above the Great Master Fifth Stage!

Therefore, Zhao Ling's current strength can already be said to be at the pinnacle of this planet!

However, dispatching nearly ten law enforcement officers at one time shows how much Yan Huxing attaches importance to the elite training camp.

"This is the first university token to enter and exit the imperial capital! Imperial capital university is wrapped in a third-order advanced formation, even if the law enforcement officer at the peak of the Great Master wants to break it, it will take a certain amount of effort!"

Zheng Hong looked at these students indifferently,

As for the students whose noses and faces were swollen, he ignored them.

In this society where The Weak are Prey to the Strong, if you get beaten, you can only consider yourself unlucky.

Either call back, or just endure.

And what he said made Zhao Ling's eyes shine!

"Formation? There is such a thing as formation! This era is really awesome!"

Zhao Ling was slightly excited.

As for Medicine Pill, it can be manufactured with technology in this world, just like making pills!

After all, even the cold medicine of the 21st world, going back to ancient times is definitely a panacea.

Not to mention this era of advanced technology.

But formation is a bit metaphysical.

After all, technology is difficult to use for this thing!

Soon, Zhao Ling was issued something like a token!

Under the leadership of Zheng Hong, Zhao Ling and his group passed through the magnificent gate of the Imperial First University and entered it.

Because it was not long after the holiday, there were only a few scattered people in the school.

However, the strength of these people is not weak, and the best is above the Body Tempering realm Fourth Stage.

Of course, the True environment is gone.

After all, True Qijing is already considered a very high door frame.

Under the leadership of Zheng Hong and several law enforcement officers, a group of people came to the foot of a high mountain where entry was prohibited.

At the top of the mountain, as Zheng Hong's hand touched the smart watch, the ground suddenly split open!

The next moment, a suspended elevator rose from the ground.

"The elite training camp is in this mountain, let's go!!"

As Zhao Ling and his group entered the mountain, it also announced the beginning of Zhao Ling's college career!

Zheng Hong brought Zhao Ling to familiarize himself with the entire training camp!

The training camp covers an area like an underground fortress.

Here, there are some things like gravity chamber! There are also various Martial Skills and Cultivation Techniques in the body strengthening room, as long as the strength is reached, you can choose at will.

As long as you have True Qi Realm, Martial Skill, Cultivation Technique as much as you want!

Medicine Pill is the same, and a mortal Medicine Pill is provided every week.

One spirit-level Medicine Pill is provided every quarter.

You must know that the cheapest medicine pill is worth tens of millions.

"In other words, this elite training camp was created with money?"

Seeing this, Zhao Ling was immediately disappointed.

I thought there was some good way to cultivate, but if I just spent money on it, I am afraid that no one is richer than myself in Yanxingxing!

"There is one more important thing, in the elite training camp, you can apply for the opportunity to go out for missions at any time!

And the locations of the missions are some newly developed planets that are similar to the foreign recruitment assessment!

Remember, don't apply for this kind of task without the strength of True Qi level, because let alone True Qi level, even the Grandmaster may die! "

When Zheng Hong said this, his tone was extremely serious!

But Zhao Ling's eyes lit up!

"The Martial Dao of Yan Martian is only so powerful. If there is a chance to go to other planets, it seems to be a fast-growing group!"

Zhao Ling's eyes flickered at the thought of this!

"Okay, let's go and understand the more detailed matters by yourself. Afterwards, the instructor will take you to understand the situation here. I'll go first!"

After Zheng Hong said this, he nodded with Zhao Ling and left.

Several other law enforcers will take their own students and teach them separately. Of course, those provincial champions were also taken away by one law enforcer.

Only Zhao Ling was left alone with no one to lead the way!

But Zhao Ling is also happy to be quiet.

Then he came to the mission hall!

In the mission hall, there is only a virtual screen suspended in the sky, and missions are scrolling on it.

The Zhao Ling watch that came here is automatically connected to the mission bar in the mission hall!

There are daily tasks and outing tasks in the task bar!

The daily tasks are connected to the task bar of the Martial Dao Alliance.

They are all a series of tasks of hunting star beasts, or tutoring, and assassinating criminals.

The rewards are money and some Medicine Pill or something

But outing missions are completely different.

"Outgoing mission ranking 1: blood network star mission

Chapter 71: That Sir! (Five Watch, Ask For A Reward Of Flowers)

"Blood Star, a humanoid planet recently discovered by the headquarters of the Emperor Galaxy Martial Dao Alliance near Yan Mars!

Its diameter is 30 times that of Yan Mars, and its volume is nearly 27,000 times.

On the Bloodline Star, live the Bloodline Clan! The Bloodline clan looks similar to humans, but their physical strength is much stronger than the average human race in the Body Tempering realm. The population is around 30 trillion, and their civilization is a cold weapon civilization.

The strongest person detected so far is Starlight Realm Fifth Stage!

Every time you kill a blood star clan member above the True Qi state, you can get the corresponding emperor point!

It is recommended to accept the task above the Fifth Stage of the True Qi environment,"

When Zhao Ling saw the first mission, he realized instantly that this blood clan must be a race with more than two stars.

"It seems that the human race has not yet come into contact with the blood level!"

The human race's understanding of the universe turns out to be much less than what I imagined!

Zhao Ling felt a sense of crisis when he thought of this!

After all, the human race in this universe doesn't even rule the Milky Way. That is to say, if a strong man in the universe comes here at random, the human race may be wiped out with a wave of his hand.

"No, I can't live in this small place of the human race anymore, otherwise I won't be able to escape if some powerful people invade the human race in the future!"

A trace of fighting intent flashed across Zhao Ling's eyes!

"Since this is the case, the first step to explore the universe is to start with the blood network star!!"

Thinking of this, Zhao Ling directly clicked to accept the task!

"Dididi...Student Zhao Ling, do you want to accept the mission of the blood network star? Please note that your strength is evaluated as True Seventh Stage. If you accept the mission, the risk of death is very high!!"

An electronic prompt should come from Zhao Ling's smart watch.

"Sure!!"

Zhao Ling clicked OK without hesitation!

"Dididi...Student Zhao Ling, you have already accepted the mission of the blood network star. According to the regulations, any outing missions are in the first place, so the entrance ceremony, entrance education, and tutor arrangement all start after the outing mission is over!

Ask student Zhao Ling to go to the elite training camp and wait for the spaceship to be dispatched to the bloody star! "

The electronic prompt sounded again after Zhao Ling clicked OK.

Soon according to the navigation, Zhao Ling came to the aircraft landing pad!

This is actually the top floor of the elite training camp. The spaceships coming out of the sci-fi world made Zhao Ling's eyes shine!

In fact, these spaceships are not very expensive, even Zhao Ling can afford them now, but Zhao Ling feels that he doesn't seem to need much use of spaceships.

"Dididi...you have a video call!!"

Suddenly, Zhao Ling's smart watch remembered

Zhao Ling saw that it was the Chief of Law Enforcement!

After clicking on it, a virtual image of an old man instantly appeared in front of Zhao Ling!

"Zhao Ling, you're tired of working! You actually accepted the mission of the blood star!!"

As soon as I turned on the phone, the law enforcement officer's stern voice came from the smart watch!

Looking at the enraged Law Enforcement Officer, Zhao Ling smiled helplessly!

"I don't want to, but my Master ordered me to collect at least 10,000 Zunhuang points before I can officially accept me as a disciple!"

Zhao Ling had already thought of the reason, and directly pointed out that he did not need a master.

Sure enough, when he heard that it was the lord, the chief law enforcement officer was taken aback!

"Uh, yes, although your Talent is strong, it is still not enough to be the disciple of a starlight or above powerhouse. Well, you work hard!"

Zhao Ling was speechless at the words of the Chief Law Enforcement Officer. The talent he showed was enough to become a disciple of Zunhuang Academy, okay? How powerful are the strong people in Starlight Realm!

But he knew that the law enforcement officer would not talk nonsense, so he nodded seriously.

"Go, come back alive!!!"

The law enforcement chief said to Zhao Ling solemnly.

"must!!"

Zhao Ling nodded, and then walked towards the spaceship that was already preparing to take off.

This spaceship is much smaller than the spaceship used by Zheng Hong when he took Zhao Ling and others to assess foreign moves.

But judging from the level, it is also an earth-level spaceship, but it seems that its role is to fight and fly, not to transport!

There is no one inside the spaceship! It is completely intelligent brain automatic navigation!

"Dididi...Student Zhao Ling, the end point you set is the blood network star, and the itinerary is 1 day and 15 hours. Are you sure!!"

The moment Zhao Ling walked into the spaceship, the prompt sound from the brain came over.

"Just over a day? Then go!!"

Zhao Ling nodded!

The next moment, the spaceship door was closed quickly, and the next second the originally closed mountain top opened a huge hole in an instant.

Immediately afterwards, a spaceship with silver light all over its body soared into the sky and quickly disappeared into the sky!

Chapter 72: Movement Technique! !

In the endless starry sky, a spaceship is moving forward at a speed close to the speed of light!

If this speed flies past Zhao Ling's eyes, Zhao Ling will never notice it.

As time goes by, Zhao Ling is getting closer and closer to the blood network star!

"The experience points I have collected in a few days have reached more than 800,000. In addition to the 100,000 used to improve the soul power, there are 700,000 experience points! I just don't know the 700,000 experience points. How to use the value!"

Zhao Ling looked at the own attribute table.

Now marksmanship skills have reached the pinnacle of proficiency, but if you want to upgrade to a further proficient level, you need 500,000 experience points!

This experience point Zhao Ling has, but he is struggling whether to add marksmanship or mind power!

"Ding...remind the host that the host's current speed has greatly limited the host's combat power. If the host wants to fight the Practitioner of the same rank, he can only rely on the power of thought to increase the speed. Therefore, it is recommended that the host activate the Movement Technique skill!

In addition, the host's Mental Energy skill is not turned on, so your other abilities except mind power are far lower than the power of mind and Practitioner's strength, so it is also recommended for the host to turn on the Mental Energy skill! "

However, Zhao Ling was stunned by the two prompts given by the system!

"Movement Technique and Mental Energy? That's right, since marksmanship has skills that can be used, Movement Technique and Mental Energy will also have certain skills, but how do I activate them?"

Zhao Ling thought to himself when he thought of this.

"Ding... as long as the host seriously cultivates the Movement Technique, or seriously explores the use of Mental Energy, it can be opened!"

The system prompts again Zhao Ling!

"Okay, since this is the case, I will explore the Movement Technique and Mental Energy techniques for more than a day!"

Thinking of Zhao Ling here, Zhao Ling walked directly into the training room.

"My current Movement Technique is the Fengshen kick technique at the peak of the spiritual rank. Speaking of which, I really haven't practiced this technique well!"

Zhao Ling felt a little helpless when he thought of this.

I have been in this era for more than ten days, and I have hardly had a real rest, and of course, I have not practiced well.

After all, you can already pick up attributes, why do you need to practice.

But after listening to the words of the system, Zhao Ling realized that cultivation is not to make oneself stronger, but to make oneself proficient in owning one's body!

It's like when you play a game, you are directly given the full-level god equipment number, allowing you to fight against someone who has reached the full level and brushed the equipment himself.

If you can knock out a trace of the opponent's blood, you are considered awesome.

Soon, Zhao Ling, who was standing in the training room, suddenly entered the state.

In his mind, he quickly recalled all the information about Fengshen's legs in his mind!

The next moment, Zhao Ling's eyes suddenly opened.

"Fengshen Legs!!!"

With a low shout, Zhao Ling disappeared in place in an instant.

At the next moment, countless shadows of legs flickered in the sky.

And each blow of these leg shadows can step on the floor of the training room for the Grandmaster to sink into a big hole.

"Boom boom boom boom!!!"

One after another roar echoed in the training room.

However, Zhao Ling is still cautious. Although the floor and the walls have been trampled into big holes by him, the material of this training room has a memory function.

It will be back to its original look in no time!

"drink!!!!"

In an instant, with Zhao Ling's loud shout, Zhao Ling's figure disappeared in place instantly, and phantoms of bodies appeared around Zhao Ling!

If someone can be here, they will definitely find that the meter of Zhao Ling's speed shows that the longer Zhao Ling uses Fengshen legs, the faster he will be.

Of course, this is not the promotion of Zhao Ling's Cultivation Technique, but that Zhao Ling is gradually developing the potential speed of Cultivation Technique.

One hour... two hours!

Time passed by minute by minute, and when ten hours passed, Zhao Ling's speed finally reached the peak and no longer increased.

But at this time, the speed has reached twice the original speed!

"Ding... Congratulations to the host for mastering the Movement Technique skill, the Movement Technique skill level has reached: Entry-Intermediate (0/500)"

With a system prompt, Zhao Ling also found that the own attribute table also has a Movement Technique skill!

"Promote to entry-intermediate level by yourself?"

Zhao Ling smiled slightly when he saw this. If you are a low-level beginner, there is no bonus to your strength, and you can't even trigger the system's Movement Technique.

"System, raise the Movement Technique skill to be the same as the marksmanship skill!"

Zhao Ling said directly to the system, The next moment, 150,000 experience points will disappear in an instant!

Chapter 73: Improve Strength! !

The next moment, Zhao Ling was instantly pulled into a dark space!

In this space, Zhao Ling subconsciously practiced the Movement Technique over and over again.

Zhao Ling didn't know how many years had passed by him.

When Zhao Ling's consciousness came out of that space again, a trace of vicissitudes flashed in Zhao Ling's eyes for an instant!

"brush!!!!"

However, in the next instant, Zhao Ling's figure disappeared in place.

The next moment Countless figures filled the entire training room!

Count carefully, the number of this figure is definitely more than ten times more than before!

"Om!!!!"

With a whole fluctuation, Zhao Ling stopped firmly in place!

"Sure enough, this speed is ten times higher than before, it seems that the corresponding levels of these skills are the same.

It just seems that the difficulty of practicing various skills seems to be different!

It is definitely much easier to improve the skill of mind power to the power of ten souls than to improve the skill of marksmanship to the peak of proficiency!

No wonder not many people practice marksmanship, even if they do, not many people practice it to the point of being strong. "

Zhao Ling secretly compared it and got a general understanding.

However, although these skills have different levels of cultivation difficulty, the system will definitely not change the experience of raising their levels because of the difference in the difficulty of cultivation!

"But the next Mental Energy trick is a bit tricky!"

Zhao Ling frowned slightly, Movement Technique skills Zhao Ling can still find inspiration from Martial Skills, but Mental Energy skills are troublesome!

"All of my current abilities are Cultivation Technique, Psychic Power and Power of the Earth, but if Psychic Power could awaken Mental Energy skill, it would have been awakened long ago.

With the power of the earth, it is impossible for me to use earthquakes on the spaceship! "

For a moment Zhao Ling was in a tangle.

"By the way, although there is no earth level, there are still many ordinary level Cultivation Techniques!"

Zhao Ling suddenly thought of his own Cultivation Technique Curry, but there are hundreds of Cultivation Techniques lying on it, but he has not taken a good look at it!

Speaking of which, Zhao Ling doesn't even know what his own Cultivation Technique is.

Zhao Ling quickly opened the library of his own Cultivation Technique, and the next moment, a Cultivation Technique that was shining brightly appeared in front of him.

"Fuck, there are so many Cultivation Techniques that I can use?"

Zhao Ling was stunned for a moment!

From among these Cultivation Techniques he discovered many Martial Skills that his powers could use!

Although it's at the peak of the spiritual rank at most, it's better than the current Zhao Ling without any Martial Skill!

"Fire Ball (Peak of Spirit Rank): The fireball art condensed by using the fire ability, has the property of bursting! For every 1000 experience points consumed, the skill proficiency can be increased by 10%!"

"Chiba Ice Needle (Peak of Spirit Rank): Use the ice ability to condense the Chiba Ice Needle, with additional penetrating properties! For every 1000 experience points consumed, the skill proficiency can be increased by 10%!"

.....

.....

All the Cultivation Techniques have been sleeping in Zhao Ling's Cultivation Technique column for an unknown amount of time, and Zhao Ling finally found them out today.

Zhao Ling just randomly found a Cultivation Technique for Thunder, Fire, and Ice abilities!

Consuming 30,000 experience points, Zhao Ling has learned all three abilities to the limit!

"In this case, let's start practicing the abilities one by one!"

Thinking of this, he held his right hand in the void, The next moment, a scorching breath instantly enveloped the entire training room.

The next moment a huge fireball taller than a person appeared above Zhao Ling's head!

And with the influx of Zhao Ling's supernatural power, the fireball expanded rapidly as if inflated.

Two meters... three meters... four meters...

While the size of the fire spirit ball rapidly expanded, Zhao Ling also felt that his own fire ability was also rapidly consumed.

In the end, the fire spirit ball turned into a huge fireball with a diameter of ten meters.

However, at this moment, Zhao Ling's eyes suddenly lit up!

"It seems that the consumption of supernatural power can be reduced. My method of outputting supernatural power seems to consume too much!"

Thinking of this, Zhao Ling began to consciously change his way of outputting Mental Energy according to his own ideas.

The next moment, the fireball in his hand expanded by one meter again!

"Success!"

Zhao Ling's eyes lit up, using the same amount of Mental Energy as before actually increased the size of the fireball by one-tenth.

This is very difficult to do.

"Come again!!"

Zhao Ling Weihe, and then began to study the method of outputting Mental Energy to himself again.

And time was passing by rapidly while he was researching!

Finally more than a day has passed!

Zhao Ling's body at this time turned into a terrifying thunderbolt that exploded violently in the entire spaceship!

And when the thunder and lightning erupted, it slammed the surrounding air with loud noises.

"Boom!!!!!!!"

Chapter 74: Arrival! One Man Guards The Gate! ! (Three More!)

Following Zhao Ling's palm strike, a terrifying thunderbolt burst out instantly.

A thick thunderbolt crashed into the wall not far away!

"boom!!!!!"

With a loud noise, a big hole was blown out of the training room that could withstand a full blow from a Grandmaster!

"Alarm alert...the practice room is under overloaded attack, please stop in time"

However, the rapid sirens made Zhao Ling speechless!

"It's almost time. The system says that as long as all the supernatural powers are upgraded to the entry-level intermediate level, the mental energy skills can be activated!"

Thinking of this, Zhao Ling smiled slightly. Except for the power of the earth, he has already upgraded to the entry-intermediate level for the other three abilities.

It's just that the power of the earth itself is rare, and his Cultivation Technique is even rarer, so he has hundreds of Cultivation Techniques, and he hasn't seen the second Cultivation Technique other than Earth Pulse!

.....

(Note: Some unimportant Martial Skills and the like will be omitted directly. After all, they will be charged when they are put on the shelves, and the attribute table will not

appear often. Dead fish will not do things with mixed numbers. There will be major changes in the future The attribute table will then appear.)

After much deliberation, Zhao Ling finally used the last 500,000 experience points to improve his marksmanship skills.

After all, if all the strengths are equal, it is better to make one of the cultivation systems more advanced.

In this case, I have enough cards to really fight.

At the same time, Zhao Ling also discovered that these proficiencies can actually be improved by own practice, not that only experience points can be used.

"Dididi...Master Zhao Ling, the destination of the Blood Network Star has arrived, may I ask if it landed!!"

And at this time, the voice of the spaceship brain also came at this time.

Zhao Ling's eyes flickered when he heard this!

"It's finally here! Blood Luoxing, it is said that this task can be done not only by Yan Martian, but also by people from the Martial Dao Alliance within Zunhuang Galaxy. Execute the mission on the network star!"

Zhao Ling came to the control cabin of the spaceship, and was slightly shocked when he saw the huge new ball being released.

The size of Xueluo Star is more than 20,000 times that of Yan Mars, and the living area is also thousands of times larger.

Therefore, the population above has also reached the terrifying tens of trillions.

"Huh? Sure enough, there are some spaceships parked!!"

With a glance, Zhao Ling saw spaceships flying in the starry sky waiting for their masters not far away!

As far as Zhao Ling saw, there were no less than a thousand ships.

Including the hidden ones, they are all above 10,000 at least.

And among these spaceships, there are definitely spaceships that bring Grandmaster powerhouses!

Even a True environment like Zhao Ling is the least.

"Is it finally possible to contact humans from other planets for the first time? I don't know how strong these people are!"

Zhao Ling smiled slightly.

"Zhinao, wait for me here, if I come back, I will come to you directly, open the hatch!"

When Zhao Ling said this, he directly added a Mental Energy shield to himself, The next moment, and the hatch slowly opened.

Zhao Ling's right hand shook slightly, and the Thunder Demon Spear instantly appeared in his hand.

Glancing at the sky filled with Star, as the hatch was fully opened, a feeling of weightlessness came instantly.

The next moment Zhao Ling jumped directly into the starry sky, and with the impetus of telekinesis, Zhao Ling flew towards the ground rapidly.

When entering the atmosphere, Zhao Ling instantly turned into a ball of flames due to the force of friction.

Like a falling star.

As the speed became faster and faster, the surrounding air kept exploding.

On the deserted grassland of Blood Network Star!

With a loud noise, a soaring mushroom cloud instantly rose from the ground and directly rushed into the sky thousands of meters high!

A huge crater appeared on this grassland!

The expressions of the surrounding blood clan tribes changed instantly when they saw this mushroom cloud.

"Damn it, those outsiders are here again!"

"This time I'm going to eat him raw!!"

"Go! Kill these intruders and eat with wine!!"

.....

.....

With a roar, the three-to-four-meter-high, muscular bulging men like green titans grabbed giant knives and sticks made of special materials and rushed towards Zhao Ling.

Thousands of people rushed towards the terrifying crater that Zhao Ling made.

The dust all over the sky slowly fell from the sky.

And in the huge crater, a young man stood straight on the spot holding a black spear exuding thunder!

"Kill!!!"

"Roar!!!!"

"Everyone rush!!"

.....

.....

With a roar, big men of the blood clan jumped down from the edge of the huge crater in an instant.

Upon hearing this, Zhao Ling opened his eyes instantly.

A sharp spear burst out instantly!

"It's finally here!!!!" A soft sigh spread to everyone's ears like a god! !

Fantasy I Pick Up Attributes In The Future

Chapter 75: Crazy Killing, Full Attributes! ! (110) Seeking The First Order

With roars, the blood clan members rushed towards Zhao Ling one by one.

"Flame Dragon Marksmanship!!!!"

Zhao Ling let out a low shout, and his whole body instantly turned into a black wind of death that shuttled among the blood-bound clansmen.

And the Thunder Demon Spear in his hands is a flaming dragon, and terrifying thunderbolts are still erupting from this flaming dragon.

With each shot of Zhao Ling, a blood clan member was instantly smashed into countless cokes and scattered on the ground.

And the blood clan are all barbarians who are not afraid of death.

They were even more excited to see their companions die.

A series of terrifying attacks erupted from their hands.

The ground was shaken by their attacks.

At the same time, countless strong men rushed towards the distance.

Zhao Ling would kill hundreds of powerful blood-banded people almost every second, but the surrounding blood-banded people killed more and more.

And Zhao Ling was already stepping on coke several meters high!

This mountain of people is slowly increasing over time.

"Roar!!!!!"

Finally, with a roar, the first blood clan member from the True Qi Realm appeared on the stage.

But the moment this person came in front of Zhao Ling, he was smashed into countless cokes.

With the addition of Yanlong marksmanship and Thunder Demon Spear, combined with the two major abilities of fire and lightning, Zhao Ling's bombardment speed has not slowed down at all because of the addition of True Qi Realm powerhouses.

Ten.....Hundred.....Thousands!!

Zhao Ling doesn't even know how many people he killed!

But just looking at the coke piled up several stories high under his feet, you can know that Zhao Ling can't stop killing now!

The strong men with a radius of hundreds of miles heard the sound of war here, and all rushed towards this side like locusts crossing the border.

Hundreds of thousands of blood clansmen were like a flood, and all the star beasts passing by were crushed and trampled to death.

But among the hundreds of thousands of blood clansmen, there is a figure that is extremely conspicuous!

This figure exudes a terrifying aura, and at the same time his body is extremely tall.

The blood clansman, the average clansman is about the same size as the human race, but the muscles are stronger, but the Body Tempering realm practitioner is three to four meters high, while the True Qi realm is more than ten meters high.

But this mighty Grandmaster blood clansman has reached a terrifying height of more than 30 meters!

"drink!!!!"

Following Zhao Ling's low shout, his long spear swept across the surroundings in an instant, and at the next moment, a flame brontosaurus roared out and blasted the blood clan members within hundreds of meters to pieces!

"Boy, if you dare to kill so many people from my blood clan, take your life!!!"

Suddenly, a shout sounded from the sky, and at the next moment, a pair of big hands Shrouding the Heavens smashed down from the sky in an instant.

When Zhao Ling saw this, his thoughts suddenly moved, The next moment, the terrifying power of the earth was instantly mobilized by him.

"Boom!!!"

As the ground shook violently, a khaki shield instantly enveloped Zhao Ling!

The next moment An earth-shattering loud noise spread throughout the entire earth!

A powerful Great Master Seventh Stage blood clansman punched down and smashed Zhao Ling and the entire shield dozens of meters below the ground.

The powerful aftermath directly shattered hundreds of surrounding blood clansmen!

"Die to me!!!"

The next moment, the Grandmaster blood clansman punched the ground again.

"Pfft!!!!"

However, the sound of the body being pierced spread to the surrounding ministers of the starry sky.

At the next moment, a terrifying thunder rushed out from the ground, immediately scorching the face of this Grandmaster blood-banded clansman.

Grandmaster's Bloodline clansman's complexion suddenly became ugly, and he quickly pulled his hand out of the ground.

However, his right hand was already charred by the strong lightning.

"Damn it!!!!"

With a roar, the huge ax in his left hand slashed down towards the ground.

However, at the next moment, Zhao Ling rushed out from the ground in an instant, and at the same time swung his right hand, the thunder gun instantly collided with the giant axe.

"Clang!!!!!!!"

After a piercing sound, the giant ax was instantly smashed into countless pieces!

The next moment The Thunder Demon Gun blasted out, smashing the head of the blood-bound Grandmaster who was full of horror in an instant.

His stone crashed to the ground.

At the same time, several attribute values and a bronze-colored box also fell to the ground.

At this moment, the faces of the originally fearless blood clan members changed in an instant.

In their eyes, the almost invincible Grandmaster was killed by Zhao Ling with just a few shots!

"Hey! He is a Grandmaster, we are not opponents, please help!!"

A strong man in the True Qi realm yelled and fled toward the distance.

With one, there are two or three.

Of course, many blood clansmen rushed towards Zhao Ling like crazy.

At the same time, they attacked Zhao Ling crazily.

Zhao Ling didn't pay attention to the running Zhao Ling, but dozens of Flying Daggers flew out from around him in an instant.

These dozens of Flying Daggers exude a powerful momentum.

The next moment, these Flying Daggers are like a meat grinder, slaughtering the surrounding Bloodlines like crazy.

..... Ask for flowers.

One thousand... two thousand...

Ten thousand... twenty thousand!!

"Ding... The host picked up the attribute: 250 points of blood, and the value of blood is increased: 250"

"Ding... The host picked up attributes: strength 200 points, increase strength value: 200"

"Ding... The host picked up the attribute: soul 28 points, increase the soul value: 28"

"Ding... The host picked up the attribute: speed 15 points, increase speed value: 15"

"Ding... Congratulations to the host for picking up the spiritual treasure chest *1*

"Ding... Congratulations to the host for picking up the power: light power!"

"Ding... The attribute value has reached two million points, please host to collect ten kinds of abilities as soon as possible!"

When Zhao Ling was frantically bombarding and killing, the surrounding attribute points also frantically rushed towards Zhao Ling.

O...

And as time goes by, there will be one or two abilities rushing towards him.

The corpses were lying across the field, and the recorder that Zhao Ling carried to record how many people he killed was crazily counting.

Blood Network Star Mission: Killing a Body Tempering realm strongman, no matter whether it is First Stage or Tenth Stage, will not have any Emperor Points.

The Fifth Stage before killing a True Qi will get 10 points, and the Fifth Stage after that will get 20 points!

When you reach the Grandmaster, you will get 1,000 points for the Great Master First Stage, 2,000 points for the Second Stage and 4,000 points, and so on. If you reach the First Stage, you will get more than 500,000 points.

However, Zhao Ling now has obtained a full 40,000 Zunhuang points.

You know, low-level earth-level weapons can be exchanged for only 10,000 Dan Zunhuang points.

One can imagine how many people Zhao Ling has killed.

But Zhao Ling knew that as early as an hour ago, the two million attribute points were completely full!

At the same time, there are hundreds of shiny treasure chests in his storage bar.

"Chiba ice needles!!!!"

Suddenly, with Zhao Ling's low shout, thousands of ice needles instantly condensed in the sky!

The next moment these ice needles fell like raindrops.

"Puff puff puff..."

After a dull sound, a large number of blood clansmen died under Zhao Ling's ice needle.

Finally, following Zhao Ling's final shot, the last terrified Bloodborne within ten kilometers around Zhao Ling fell to the ground!

"Dididi.....Practitioner Zhao Ling, kill True Qi Realm Eighth Stage blood clansman*1, increase emperor point: 20"

After an electronic sound, the blood in Zhao Ling's eyes finally subsided. .

Fantasy I Pick Up Attributes In The Future

Chapter 76: Zunhuang Academy Zhao Wuji! (210) Beg For The First Order!

"call!!!!"

Zhao Ling couldn't help but breathe a sigh of relief among the corpses all over the mountain.

The next moment, dozens of Flying Daggers flying around returned to Zhao Ling's hands in an instant.

Controlling dozens of Flying Daggers at the same time is already very difficult.

However, Zhao Ling still needs to use various supernatural powers from time to time.

Of course, the most important thing is that Zhao Ling is honing his own fighting ability.

"System, how many people did I kill!!!"

Zhao Ling looked at the countless corpses lying around, but fortunately, these corpses were not human, after all, they were too huge.

Otherwise, it will still be a little uncomfortable.

"Ding.....According to statistics, about 450,000 blood clansmen participated in the war, more than 189,000 were killed by the host, and the rest escaped! Including a Grandmaster! True Qi There are 5,000 strong realms. 184 million Body Tempering realms.

The data uttered by the system is simply appalling, even Zhao Ling, the official master, frowned slightly with "603".

But thinking of the data of the blood clansmen that he got, he didn't have much psychological burden.

Although the Bloodline people have a strong body, their IQ is indeed in the primitive period.

There are frequent clan fights, and the trophies are the corpses of the enemies.

These corpses will be preserved as food.

"A race that can even be used by its own race seems to be unworthy of being called an intelligent race!"

Zhao Ling's hands trembled slightly at the thought of this, and the blood on the tip of the spear was thrown away in an instant!

"By the way, in the combat power just now, I have already obtained three kinds of abilities, namely the light ability, the strong ability, and the induction ability. It seems that there are only the last three kinds of the last ten kinds of abilities. up!"

Looking at the own attribute table, Zhao Ling suddenly smiled.

"By the way, open the treasure chest first!"

The next moment, the only earth-level treasure chest among the feather storage materials was destroyed!

"Ding...Congratulations to the host for opening the earth-level treasure chest and getting the following items!

Weapon: Dragon Pattern Knife Formation (Peak of Ground Level): Carved with the formation of the peak level of ground level, the knife formation of Dragon Yin Formation! It can reveal a golden dragon to attack the opponent when attacking! Highlights: pretend weapon!!

Experience: 40000"

However, what was opened made Zhao Ling stare.

There is actually a knife array mainly used for pretending!

Zhao Ling reluctantly took out the dragon knife array.

However, the next moment, Zhao Ling knew that he underestimated him.

A set of swords with ten Flying Daggers exudes a power that even Zhao Ling is incomparably palpitating.

A weapon at the peak of the earth level, no matter how rubbish it is, it is still a weapon at the peak of the earth level, and its lethality will never be weakened because it is more ornamental.

Zhao Ling pulled out a palm-sized Flying Daggers from above the knife array.

"?!!!!!"

However, a dragon chant erupted from the Flying Daggers in an instant.

With Zhao Ling's thought, Flying Daggers disappeared in Zhao Ling's hands in an instant!

"!!!!!"

But there was a sound of dragon howling in the sky, and at the same time, a dragon composed of heaven and earth Spiritual Qi was flying rapidly in the sky.

At the next moment, the divine dragon rushed into Zhao Ling's hand and disappeared, leaving only the dragon pattern Flying Daggers behind.

And at this moment, Zhao Ling frowned slightly!

"I don't know what your Excellency is doing here!"

After speaking, Zhao Ling immediately raised his head.

I saw a young boy flying to the sky above Zhao Ling stepping on a slight wind.

But the aura exuded from the young man was not weaker than that of the Grandmaster who was just killed by Zhao Ling.

"Unexpectedly, I would meet a genius like you when I went out to play! I am Zhao Wuji from Zunhuang Academy, I don't know your Excellency!!"

Zhao Wou-ki's words made Zhao Ling frowned.

King's Academy?

It turned out that he came from that place, no wonder he was so powerful in his twenties.

"Shuitian City Zhao Ling!!"

As Zhao Ling said, his body slowly floated up, and he reached the same height as Zhao Wou-ki!

Seeing Zhao Ling's movements, Zhao Wou-ki's pupils shrank slightly!

"A Psychiatrist with the power of the four souls!! You already have the Talent to enter Zunhuang Academy!"

When Zao Wou-ki said this, he was a little excited!

"Unexpectedly, I can meet a genius like you when I come here, hahaha! Zhao Ling, can we fight!!!"

Zhao Wou-ki's crazy appearance made Zhao Ling, who was opposite him, a pain in the ass.

"I'll go, I met Wu Chi, I knew I wouldn't show off!"

Zhao Ling smiled helplessly, but since the other party challenged him, how could Zhao Ling shrink back!

The next moment Zhao Ling swiped his right hand "A lightning flashed across his electric magic gun in an instant!

"If you want to fight, then fight!!!"

Zhao Ling's low shout made Zhao Wuji's eyes light up instantly, The next moment his hand shook slightly, and a long knife appeared in his right hand instantly!

Zhao Ling was taken aback when he saw it!

"This is a storage ring. As long as you enter Zunhuang Academy and have enough Zunhuang points, you can buy it. You can buy a one-square-meter one for only 100,000 yuan!"

Seemingly seeing Zhao Ling's doubts, Zhao Wou-ki explained...

But the next moment, his figure disappeared in front of Zhao Ling.

Zhao Ling's eyes flashed, and his right hand shot out!

"Clang!!!!!"

With a crisp impact sound, the surrounding air was blown away,

I saw that Zhao Ling's spear had collided with Zhao Wou-ki's.

The two looked at each other affectionately.

"Brother, shouldn't we go all out?"

Zhao Ling smiled slightly.

"Okay, then I'm here!!"

A strong light burst out from Zhao Wou-ki's eyes instantly.

I originally thought that Zhao Ling would let him do it when he was young, but I didn't expect that Zhao Ling's strength seems to be no worse than myself!

"Unlimited Killing!!!!"

Suddenly, Zhao Wuji shouted sharply, and the next moment the long knife in his hands slashed towards Zhao Ling like a storm.

Every time a knife is cut out, the terrifying wind blade is cut out.

"Great Master Fifth Stage!!!"

Zhao Ling finally saw the opponent's Realm clearly. Although it was only the Great Master Fifth Stage, the opponent's combat power was no less than that of the Great Master Eighth Ninth Stage.

Because the opponent not only has reached proficiency in Saber Technique skills, but also has wind powers.

The combined strength of the two is definitely not comparable to ordinary people!

"Flame Dragon Marksmanship!!!!"

The next moment, Zhao's hands exploded!

A flaming brontosaurus roared out from the tip of his spear in an instant!

"Clang, clang..."

Thunder Dragon collided with countless wind blades crazily.

When these wind blades fell on the ground, they instantly cut out 1.2-square-meters of terrifying ravines tens of meters deep and hundreds of meters long!

And as the battle between the two started, the surrounding blood clansmen also came towards this side.

It's just that no one dares to enter the range of dozens of kilometers nearby.

After all, come, there is only death!

However, thousands of kilometers away, there is a terrifying empty titan with a height of hundreds of meters running towards this direction.

The earth trembled after being stepped on by this terrifying muscle titan.

It was as if the whole planet was shaken by him.

"Roar!!!!!!"

With a terrifying roar, this terrifying existence also announced the arrival of Own.

However, out of the tens of thousands of human geniuses who were doing missions on Blood Luoxing, hundreds of them discovered this terrifying existence.

"Starlight Realm blood clansmen, no good, haven't these existences been sleeping all the time? How could they come out!".

Fantasy I Pick Up Attributes In The Future

Chapter 77: Starlight Fifth Stage Blood Clansmen! (310)

"Flame Dragon Break!!!"

Zhao Ling let out a low cry, and shot out, hitting Zhao Wuji's long knife directly.

"boom!!!!"

With a crackling sound, the corners of the two weapons shattered in an instant!

However, both of them ignored it, and collided crazily.

Every time there is a collision, a corner of the weapon in the hand will be split.

After all, Zhao Ling's weapons and Zao Wou-ki's weapons are both high-level earth-level weapons.

And in the terrifying collision between the two, pieces of debris fell on the ground!

It can be seen that the attacks of the two have almost reached the level of the peak Grandmaster.

Even the high-level earth-level weapons are a bit unbearable.

However, the main difference between the two is that Zhao Ling has not used any abilities yet.

It is entirely dependent on the two attributes of Thunder Demon Gun and Yanlong Marksmanship, as well as his terrifying Martial Dao combat power!

But at this moment, Zao Wou-ki was at the end of his rope.

"Fuck, why is this brother so powerful? Is it really just someone who hasn't entered Zunhuang Academy yet!?"

The long saber in Zhao Wuji's hands was already in tatters, if it wasn't for the blessing of wind power on it, the long saber would have been shattered long ago.

"!!!!"26

Suddenly, Zhao Ling let out a low shout, The next moment, in Zhao Wou-ki's horrified eyes, endless thunder and lightning instantly poured into the Thunder Demon Spear in Zhao Ling's hand.

After being baptized by Thunder, the Thunder Demon Spear is actually healing rapidly.

"Thunder type power user!!!"

Zhao Wou-ki screamed, however, at the next moment, that long spear exuding terrifying thunder had already broken through the own stellar energy shield, and at the next moment, a shot pierced through Zhao Wou-ki's shoulder.

Fortunately, Zhao Ling withdrew the thunder power that erupted from his body at this time.

"I lost!!!"

Zhao Wou-ki sighed, and said to Zhao Ling helplessly.

However, if his surrender was seen by others, he would definitely be horrified.

Zhao Wuji, the well-known battle madman of Zunhuang Academy, although his strength is not the strongest, he is definitely the strongest in the same rank.

It is the overall strength, and it is also a powerful existence that ranks in the top 20 of Zunhuang Academy.

However, such a strong man was defeated by a boy who was several years younger than him on such a planet!

"Your strength is good, you are the strongest person of your generation I have ever seen!!"

Zhao Ling praised without hesitation, after all, Zhao Wou-ki's strength is among all the people he has ever seen, perhaps only the chief law enforcement officer can overwhelm him.

But law enforcement officers have lived for hundreds of years.

And this Zao Wou-ki should only be twenty years old.

Hearing Zhao Ling's praise, Zao Wou-ki felt a little better.

"puff!!!!"

However, at the next moment, Zhao Ling directly pulled out the long spear pierced through the opponent's body, causing Zhao Wou-ki to grin his teeth in pain.

You must know that the current Thunder Demon Spear has gaps one after another, pulling out these gaps directly brought out a large piece of his flesh and blood.

Glancing resentfully at Zhao Ling who was using the thunder ability to repair the thunder gun,

Zhao Wou-ki reluctantly took out a Medicine Pill and swallowed it.

Zhao Ling caught it out of the corner of his eye, and then he didn't care.

It was a medicine pill at the peak of spiritual rank, but seeing Zhao Wou-ki's pained expression, Zhao Ling once again realized the preciousness of the medicine pill.

"Roar!!!!!!"

Suddenly, an emotionless roar came from afar, and Zhao Fan frowned.

Zhao Ling and Zhao Wou-ki looked into the distance, and their expressions changed immediately.

I saw a terrifying titan with a height of hundreds of meters rushing towards the two at an extremely fast speed.

"Not good, 500 meters high, this is the strongest star-level blood clansman!"

The storm was surging under Zhao Wuji's feet, he looked at the terrifying existence in the distance in disbelief.

"Is he that terrifying existence from Starlight Fifth Stage?"

Hearing this, Zhao Ling's expression changed suddenly.

He wouldn't think that a full-strength explosion would be able to fight against a strong man from Starlight Realm, not to mention that this strong man is Starlight Fifth Stage.

"run!!!"

Zhao Wou-ki sternly shouted, the next moment the violent wind swayed under his feet, and his whole body was pushed towards the distance by the terrifying storm.

But just as he was leaving, a supernatural attribute fell from his body.

"wind!!!"

After Zhao Ling saw it, his mind moved, and he immediately picked up the Chinese character with his mind power.

"Ding... Congratulations to the host for picking up the ability: the ability of wind!!"

After picking up this ability, Zhao Ling's spiritual power burst out instantly, and his whole body instantly turned into a black light and fled towards the distance.

Zhao Ling's escape direction is completely different from Zhao Wou-ki's.

Tired of the other party, do not want to be implicated by the other party.

However, after a few seconds, Zhao Ling's balls began to hurt.

Because that terrifying figure actually chased after Zhao Ling.

Its terrifying figure might not be enough for Ultraman to hit him with a single punch.

"No, his speed is too fast, I can't keep up with him!!"

Zhao Ling flew for a few seconds and turned his head, frowning tightly.

"I don't believe it, I'm flying into the sky, and you can still catch up with me!"

Thinking of this, Zhao Ling thought the direction of power force changed instantly.

At the next moment, Zhao Ling soared into the sky and flew towards the starry sky.

The terrifying speed brought him to the stratosphere very quickly.

However, what made his face ugly was that the bloody titan on the ground kicked suddenly!

The whole person is also soaring into the sky.

At the same time, a force that Zhao Ling had never seen pushed the Bloodborne Titan towards the sky and flew towards it.

"No, it turns out that the powerhouses of the Starlight Realm can already fly!!"

When Zhao Ling thought of this, he shook his right hand suddenly, and the thunder gun in The next moment's hand exploded with a terrifying thunderbolt.

At the same time, Zhao Ling's bursts of abilities all poured into the Thunder Demon Gun.

With so much supernatural power added, Zhao Ling felt the Thunder Demon Spear making a crisp sound.

"Hold on, brother!!"

Zhao Ling shouted 453, The next moment, the right hand suddenly exerted force, and the spear in his hand instantly turned into a colorful dragon, roaring and rushing down towards the titan below!

"?!!!!!!"

With a roar that pierced through heaven and earth, the multicolored dragon slammed into titan's body!

"Roar!!!!!!"

Following the titan's roar, his chest was instantly pierced by the pitch-black spear.

This is a wound more than one meter high!

It seemed insignificant to him.

But this wound pierced through his heart.

"Roar!!!!!"

The titan roared wildly, regardless of the blood spurting out of his chest, the speed of his flight suddenly increased several times.

Zhao Ling's expression turned ugly when he saw this scene!

"Damn it, the body factor is awesome! It's not dead!!!"

Thinking of this, Zhao Ling no longer had the desire to resist, and hurriedly rushed towards outer space.

"Zhinao, hurry up and pick me up!!!"

Zhao Ling spoke quickly with his watch and the spaceship staying in the universe.

The next moment The spaceship exploded, and it came to the sky above Zhao Ling in an instant!

The moment Zhao Ling saw the spaceship, his eyes lit up.

No matter how powerful the titan is, it is impossible to pass a spaceship as fast as it is!

"Roar!!!!!"

However, the moment Zhao Ling was about to enter the spaceship, a roar followed by a palpitating energy fluctuation instantly made Zhao Ling's face change drastically.

"!!!!!!!"

Fantasy I Pick Up Attributes In The Future

Chapter 78: Special Ability: Giant Transformation! ! (410) Seeking The First Order

After a loud roar, Zhao Ling watched helplessly as the spaceship in front of him shattered.

A terrifying beam of light rushed straight into the universe starry sky.

"My day!!!"

Zhao Ling couldn't help but swear.

The next moment, a huge terrifying giant hand squeezed Zhao Ling into it!

"Roar!!!!!"

The titan stared at Zhao Ling with huge eyes, and roared, the saliva splashed on Zhao Ling like a flood!

Fortunately, Zhao Ling quickly bounced it back with telekinesis.

"Damn it, it really stinks!!"

Zhao Ling quickly set up a shield for himself to prevent himself from being smoked to death.

Now Zhao Ling is in a hurry, thinking about how to heal himself.

Fortunately, the other party didn't seem to want to kill him immediately, otherwise he would have died long ago!

"What the hell are you going to do?!"

Zhao Ling asked the other party coldly!

"Roar!!!!!"

However, the only answer to Zhao Ling was a roar, as if this titan couldn't speak at all!

"Is it mentally retarded?"

Zhao Ling thought silently, in this case, he seemed to have hope of escaping.

"Brother, you let me go, do you want me to give you something to eat?"

Zhao Ling chuckled and then with a thought, took out a Medicine Pill that exudes the fragrance of Dan.

Titan was stunned when he saw the Medicine Pill.

With a big mouthful, he sucked the Medicine Pill into own's mouth.

However, a Medicine Pill that even Zhao Ling thinks is too small is of no use to the titan.

Even if he is a medicine pill at the peak of the spiritual rank.

"Roar!!!!!"

As if feeling that he had been tricked, the titan roared at Zhao Ling again, so angry that he wanted to slap Zhao Ling to death.

However, for some reason, his giant hand stopped when it was still some distance away from Zhao Ling.

As if frozen, the next moment, titan glared at Zhao Ling indignantly, and then ran towards the distance while pinching him.

This series of actions made Zhao Ling frown slightly.

"This titan doesn't feel right, it's like being ordered to arrest me!"

Zhao Ling's face suddenly changed when he thought of this.

"That's right, this titan was definitely sent by someone to catch me, otherwise with his IQ, if I hurt him so badly, he would have killed me long ago~!"

Zhao Ling's eyes suddenly lit up.

But at the next moment, he thought that even such a strong man who could control such a terrifying existence, if he faced him, there would be absolutely no hope of escape!

But Zhao Ling has nothing to do!

"Ding... Congratulations to the host for picking up the blood value: 50000, and improving the blood attribute: 50000 points"

However, at this moment, Zhao Ling was stunned by a system prompt.

He looked up, and saw another attribute point hit directly on Own's head.

"Ding... Congratulations to the host for picking up the power value: 50,000, and increasing the power attribute: 50,000 points"

One by one, attribute points rushed towards him.

But Zhao Ling was not at all happy.

"Paralyzed system, if I wait until I collect the abilities to the end, I will die long ago"

Thinking of this, Zhao Ling decides to break through ahead of time, even if there are only two abilities and the limit is about to be broken, he can't wait any longer!

The next moment Zhao Ling directly communicated with the vitality of heaven and earth in his body.

"Ding... Congratulations to the host for picking up the special ability: giant transformation!"

However, at this moment, Zhao Xiang's expression changed slightly with a notification sound from the system!

"Giant transformation ability: to gain powerful power with short-term giant transformation, the more power the host consumes, the more power it will get. Note: If the host injects all the power into the giant transformation ability, it can get five Ten times the fighting power! At the same time, the body is expanded fifty times, and the duration is one second!

The system's prompt sound instantly dispelled Zhao Ling's idea of a breakthrough!

"Fight! At worst, I will absorb the Spiritual Qi of Heaven and Earth!!!"

Zhao Ling's eyes suddenly lit up!

Only the last ability own bloodline Talent can be promoted, if I just give up like this, how can I be reconciled!

"Just bet on the last second, if you win, you win, and you won't be wronged if you lose!!!"

When Zhao Ling thought of this, his thoughts instantly sank into his sea of consciousness.

The next moment he began to pour all of his own power towards the gigantic ability he had just obtained.

A sense of powerlessness spread through his body instantly.

But in his sea of consciousness, the ball of light representing the giant transformation ability is rapidly expanding.

Every second, this ball of light is filled, and all the supernatural powers in the body plus the power are exhausted!

And during this time, Zhao Ling communicated with his Thunder Demon Spear that had shattered after blasting into Titan's body.

Just half a minute later, titan brought Zhao Ling to a big mountain, and this big mountain actually had a huge cave!

It seems that this mountain is his cave.

However, just when the titan was about to bring Zhao Ling's to his lair, something changed.

Zhao Ling suddenly opened his eyes.

"Giant!!!!"

The next moment, Zhao Ling let out a roar that shook the world.

The titan felt that Zhao Ling, who was pinched by him and had little strength to resist, unexpectedly burst out with terrifying power.

This force directly snapped his hand away.

At the same time, Zhao Ling's body was exploding crazily,

Three meters, four meters... Ten meters...

When Zhao Ling reached more than 20 meters, the titan was a little uncontrollable.

"Open it for me!!!!"

With Zhao Ling's roar.

Titan instantly felt an uncontrollable force erupting from Zhao Ling's body, and the next moment his hands were directly stretched by Zhao Ling.

"Thunder Gun!!!!"

The next moment Zhao Ling let out a low cry, and the Thunder Demon Spear that had been shattered in the titan's body instantly merged together.

At the next moment, the Thunder Demon Spear instantly pierced through titan's chest, roaring and flew into the hands of Zhao Ling, who had become more than 90 meters high,

A terrifying power of thunder and lightning erupted from Zhao Ling's giant hand, and the thunder gun was stimulated by the power of thunder and lightning, and directly burst out a power of thunder and lightning.

The power of thunder and lightning instantly combined with the thunder gun turned into a terrifying thunder gun with a length of 100 meters!

"Shooting the Flame Dragon!!!!"

Zhao Ling yelled violently, and then his right hand slammed out! A roaring 100-meter dragon rushed directly towards the titan.

"Roar!!!!!"

The titan roared furiously, The next moment circled around (King Zhao's came out with a heavy bang.

Although it is much shorter than the titan, the terrifying power that Zhao Ling erupts is no worse than the opponent!

The next moment, the two huge attacks collided instantly.

A dazzling light burst out from the center of the collision between the two in an instant.

The terrifying aftermath directly shattered the surrounding tens of kilometers of ground.

"Boom, boom!!"

With an earth quake, a terrifying mushroom cloud of several kilometers rose into the sky.

The blood clansmen watching from afar were directly blown away by the terrifying aftermath.

The unlucky blood clansmen died directly in the aftermath of this incident.

At this moment, everyone finally understood the horror of the extreme physical strength!

As time passed, the dust in the sky slowly fell to the ground.

A titan with his chest pierced was lying on the ground, and his breath of life had disappeared.

However, Zhao Ling's figure disappeared!.

Fantasy I Pick Up Attributes In The Future

Chapter 79: Five Star Civilization, Blood Network Civilization! ! (510)

Endless darkness!

Zhao Ling can't feel anything now, all he can feel is the endless darkness around him!

But as his consciousness slowly recovered, he gradually felt the existence of own.

And he also felt that he seemed to be soaked in water.

"Am I not dead? Or is there really The Underworld!!"

In the endless darkness, Zhao Ling asked himself suspiciously.

"You're not dead yet!!!"

Suddenly, a cold voice came from not far from Zhao Ling's forehead.

After Zhao Ling heard it, a flash of vigilance flashed in his heart!

"Don't worry, I'm going to kill you, you're already dead!!"

Once again, that cold voice sounded again.

The next moment, Zhao Ling felt the liquid around him slowly fade away.

"Crack!!!!"

With the opening of a hatch, a ray of light instantly passed in front of Zhao Ling.

The first thing Zhao Ling saw was an old man standing at the door of the hatch where he was reclined.

His brows furrowed instantly, and then Zhao Ling erupted instantly, and the sun exploded!

And the old man is a little bit with his fingertips!

"Ding!!!!"

Zhao Ling's punch with terrifying power was blocked by a finger of the opponent!

"Young man, isn't it a bit bad to treat your savior like this!"

The old man smiled slightly, but his voice was extremely cold.

Zhao Ling shrank slightly in pain, and then retracted his hand.

Zhao Ling, who walked out of the treatment cabin, looked at his body, no one was missing arms or legs.

But he clearly remembered that after colliding with the titan, most of his own body was obviously smashed to pieces!

In this way, the old man in front of him really saved himself!

"Thank you for saving your life. I don't know which planet you are from. If Zhao Ling has the ability in the future, he will definitely repay you!"

Zhao Ling slightly cupped fist at the other party.

"It doesn't matter, the repayment will be waived! I am not a human from your earth lineage either!"

However, the other party's words made Zhao Ling's complexion suddenly change!

Humans not of the Earth's line? What does that mean!

"Let's go, I'll talk slowly!!"

The old man laughed, and then led Zhao Ling towards the outside of the treatment room.

"You should also know that this universe is definitely not just an intelligent race like your human race!"

The old man brought Zhao Ling into a hall.

But the height of this hall made Zhao Ling feel like he had come to the kingdom of Titan.

"Well, I understand this point!"

Zhao Ling nodded slightly, but the surrounding environment made him seem to know his own situation.

"You guessed it right, I sent Big Gu to catch you, but I never thought that you, a little boy of the Great Master rank, could actually kill Big Gu!"

The old man's tone didn't change at all, but Zhao Ling felt the other party's shock literally.

Fortunately, Zhao Ling's physical strength is 200,000 kilograms, and this basic strength is the strength of an ordinary Grandmaster.

And the big bone in the opponent's mouth is the titan that was killed by him.

"I don't know, what is the senior doing to catch me here?"

Zhao Ling fixed his gaze on the other party!

At the same time secretly on guard.

Although he knows that even if he resists, it seems useless, but Zhao Ling will definitely not be caught without a fight.

"Catch you, indeed!!"

After finishing speaking, the old man took a deep look at Zhao Ling!

"I'm actually just an intelligent life! And all I did was find the last inheritor for my civilization!"

The old man said here, pointing his fingertips slightly towards the void.

In the next instant a helmet emerged from the ground.

"Wear it and you can see everything!"

As the old man spoke, the helmet flew in front of Zhao Ling.

Zhao Ling was puzzled for a moment, and directly put this somewhat mysterious helmet on his head.

"boom!!!!"

With a roar, Zhao Ling instantly felt his own consciousness leave his own body.

The picture in front of me flashed in an instant, and I came to the ten-star sky!

In front of Zhao Ling are huge galaxies.

"This is the civilization I'm in, the Bloodline Civilization, and of course this Bloodline Civilization is not the clones you've seen before!

Suddenly the figure of the old man appeared beside Zhao Ling.

"The bloodline civilization is a five-star bloodline civilization, by the way, you probably don't know about the five-star bloodline! Actually..."

Speaking of this, the old man will give Zhao Ling an ideological and political education.

"No need to explain, I know the grading of bloodlines!"

Zhao Ling stopped the opponent with a loud voice!

However, this time it was the old man's turn to be surprised!

Zhao Ling actually knew? It's unbelievable.

"It seems that Siping also got some enlightenment!"

The old man took a deep look at Zhao Ling and then began to explain what he knew.

"As a five-star civilization, the strength of the Bloodline Star is definitely beyond what you can imagine. What the Bloodline Civilization informs is a giant Galaxy! The Milky Way is included in it, and of course the Milky Way is just an insignificant small Galaxy.

Among the bloody giant galaxies, there are hundreds of millions of galaxies like the Milky Way.

But even such a civilization is very weak in the entire universe. "

Having said that, the crowd sighed slightly.

Zhao Ling's eyes flashed, it seems that the size of this universe is far beyond own imagination.

"In the universe, there are several major forces that are the most powerful. One is the human side headed by the human race, the other is the star beast side dominated by the star beasts, and the other is the star beasts of the star beast family."

The old man explained slowly, and at the same time, pictures appeared in front of Zhao Ling's eyes, including human beings he knew well, star beasts, and a terrifying existence whose random foot was bigger than a planet.

"Human race? The human race you are talking about can't be a human race like me!"

Zhao Ling frowned slightly. Humans in the Milky Way do not even rule the Milky Way, so let alone the big forces of the Universe.

"That's right, the human race that rules the universe is the general term for all humanoid races. Most of them are exactly the same as the galaxy human race, but they all have their own soul characteristics, and a small part have weird appearances, but they retain some of the human race's characteristics. ."

The old man said that Zhao Ling can roughly understand it.

"As for my blood-bound human race, the appearance is the same as that of the Galaxy-bound human race, but a very small number of people have a specific ability, that is, giantization. Moreover, this ability is a talent ability, and only my blood-bound human race can Awaken!"

The old man said that he took a deep look at Zhao Ling!

Zhao Ling frowned slightly, Juhua was actually a unique ability of the Bloodline Clan, no wonder the system said he was special.

However, I have used the giant power. Does the other party suspect that he is a descendant of the blood-bound human race?

"So, your Talent ability is a copy ability!"

When the old man guessed the copying ability, his expression was extremely excited! He could actually see the legendary ability himself.

"Copy ability?" Zhao Ling's eyes flashed slightly!

"I don't know, but sometimes, when I see some supernatural powers, I feel that I seem to have this kind of supernatural power, so I use it!"

Zhao Ling didn't deny it. In fact, he was still very surprised that there was such a thing as copying ability in this world.

"So, now you can be sure, you just have the ability to copy!!".

Fantasy I Pick Up Attributes In The Future

Seeing Zhao Ling's puzzled look, the old man began to explain the benefits of copying abilities.

"Copy ability, he has only one function, that is to copy other people's abilities,

However, depending on the individual Talent, the number of abilities that can be copied by this copy ability is also different.

Generally, the weakest one can only copy one, which is equivalent to one more chance to choose your own ability.

However, almost everyone who owns the copying ability knows about it after unintentionally copying one of the opponent's abilities, so this kind of people don't have many talents to speak of, unless they are lucky enough to copy a better ability for the first time.

The old man explained to Zhao Ling slowly.

"Originally, I wanted to bring you here just to try to see if I could pass the assessment task set up before the end of the blood civilization, but I didn't expect you to have the ability to copy!"

However, during your battle, I noticed that besides the gigantic ability, you have at least three kinds of abilities in your body! Of course, I don't know how many abilities you have now?"

The old man looked at Zhao Ling curiously, slightly looking forward to it!

Zhao Ling didn't speak, but tried his own body, but found that there was no slight difference between this place and the outside world.

Even own weapons can be used here.

Immediately, a thunderbolt turned into a thunder dragon roaring forward.

At the same time, a burst of flame power surged out.

There are also Flying Daggers in the starry sky making a dragon cry.

And these three are the supernatural powers that the old man has seen before.

However, at the next moment, a surge of cold ice burst out from Zhao Ling's body, forming pieces of ice flowers around him.

"Ice ability? It's also a good ability!"

The old man nodded slightly.

However, at the next moment, a ball of light like a small sun appeared in Zhao Ling's hands instantly, and the dazzling light directly lit up the surrounding starry sky!

"Light power, one of the rare powers? Good guy, you're in luck!"

An excited smile appeared on the old man's face!

He seems to have seen the rise of the blood civilization again!

"That's all!!!"

At this point, Zhao Ling did not burst out the other four abilities!

After all, the wind ability, the earth ability, the induction ability and the strong ability, two are not easy to release and two can be kept.

It's just that these add up to four kinds, but the system says that mental power is not a superpower, otherwise Zhao Ling will be able to break the last limit.

"Okay, okay! Six kinds of abilities, enough is enough!!!"

The old man was rubbing his hands excitedly, and the cold ice on his face slowly subsided.

"In this case, I will explain it to you slowly!"

The old man smiled, and then waved his hand, the pieces of Galaxy in front of Zhao Ling's eyes instantly magnified.

Soon a technology was very developed, and a terrifying galaxy group composed of a huge planet appeared in front of Zhao.

And these ten planets are surrounded by nearly a thousand huge suns!

Each one is tens of thousands of times that of the sun in the solar system.

"How many people can live in such a big place?"

Zhao Ling couldn't help but sigh with emotion.

"This is the imperial capital of the Bloodline Civilization, the Bloodline Galaxy. These ten planets are countless times larger than any other planet you know, and they were built by the Bloodline Lord, my master, using majestic divine power."

When the old man said this, the screen flashed, and a stalwart figure appeared in a galaxy,

And this galaxy is actually the Milky Way.

The figure punched out, the endless time and space were shattered, and the entire galaxy was instantly destroyed!

"This is the strength of my old master."

The old man smiled slightly.

"but!!!!"

However, at the next moment, the old man sighed faintly!

The picture in front of Zhao Ling instantly changed back to the previous Galaxy!

Zhao Ling suddenly found a terrifying palm suddenly appeared above the huge Galaxy in front of him!

And with that terrifying palm slap, the entire Blood Galaxy instantly vanished into nothingness!

Only that stalwart figure persisted under the terrifying palm for less than a second, and finally turned into endless dust.

This time, Zhao Ling fell silent!!

A terrifying existence that could destroy a huge galaxy with a single hand was actually slapped to death!

Such a thing, Zhao Ling was extremely vigilant!

"It seems that this world is infinitely more dangerous than I imagined!"

Thinking of this, Zhao Ling became even more eager to improve his strength!

"This person is obliterating the existence of my blood civilization, but fortunately my master has made preparations in advance and sent me and his blood soul ship out, in order for me to find a suitable successor!"

Having said that, the old man took a deep look at Zhao Ling!

"Do you want me to be the heir?"

Zhao Ling frowned, the successor of this kind of stomachache must bear a great responsibility!

"That's right, because the Blood Soul Ship was seriously damaged, so I can only stay here and rely on the master's blood to cultivate clones,

.....ask for flowers...

I hope that one day, I will be able to cultivate a descendant who can reach the Talent and IQ standards,

Unfortunately, it has been a million years, and the big bone is my greatest achievement,

I finally know why the master once said that the clones are all unsound people, and they will never be able to reach the ranks of the country. "

The old man's words made Zhao Ling nod slightly, no wonder the so-called Big Bone's IQ is so low, even the other blood clan members are also people with low IQ.

It turned out that it was all because of human cloning.

He also knew why the people in the underground organization had been developing for so many years and could only do things in a small area.

"However, I'm curious, my Talent is actually not that high! Why are you so sure that I am qualified to inherit the inheritance of the Bloodline Clan?"

Zhao Ling asked suspiciously. The Talent he showed was really not strong. After all, although he was a Body Tempering realm, he only showed the Realm of the Grandmaster realm.

o

This is Zhao Ling's conclusion after seeing the picture of the blood king smashing the Milky Way with a slap.

"Ah! I don't seem to have said that you are qualified to inherit the inheritance of the blood clan!"

Zhao Ling was taken aback by the old man's speechless words!

Didn't you say it? Think about it carefully, you really didn't say it!

"I'm just saying that you have the opportunity to pass the inheritance assessment, and only after you pass the inheritance assessment can you inherit the supreme glory that my blood clan has achieved through hundreds of millions of years of development!"

When the old man said this, he was extremely excited!

"What will happen if I refuse?"

Zhao Ling asked helplessly.

"Failure is death! It has been more than a hundred years since the blood star was discovered by the Galaxy people! During this period, more than 100 million people have come to experience, and thousands of Talents have reached the assessment standards, but, But no one can pass this test!"

When the old man said this, he sighed slightly!

And Zhao Ling also knew that he either died or passed the assessment, and if he failed the assessment, he was still dead!

As for resistance? Even the failed products cultivated by the other party are almost killed by themselves. What's the use of resisting?

You must know that the most important reason why you can kill a titan is that the opponent does not even know the Martial Skill, let alone using any skills!

"Let's go, I'll take you to the assessment place!"

After the old man finished speaking, he waved his right hand, and the picture in front of Zhao Ling's eyes flashed instantly, and the next moment Zhao Ling came to a huge room.

"Here is the personal warehouse of the virtual world! Three!".

Fantasy I Pick Up Attributes In The Future

Chapter 81: Virtual Universe! ! (710) Seeking The First Order

"virtual reality!!!"

Zhao Ling's eyes suddenly lit up!

Could it be that the consciousness described in those novels in the previous life entered the virtual world of the Internet?

No wonder Zhao Ling felt like he was in the real world!

"The virtual world, never feeling the Spiritual Qi of Heaven and Earth, and the power of supernatural powers are exactly the same as the outside world,

Even if you cultivate in this place, you can exercise your own body to a certain extent, but the effect is almost negligible!

Of course, the power of law is difficult to imitate, so the strong who come into contact with the power of law cannot get much help in this world.

Come with me!!!"

After explaining a bit, the old man strode towards the door.

Out of the door, Zhao Ling felt a sudden flash in front of his eyes, The next moment, he came to a terrifying hall!

Even with Zhao Ling's gaze, he couldn't see the edge of this hall at a glance.

Surrounding Zhao Ling are all kinds of figures "Five Seven Zero".

"This is the mission hall of the virtual universe! Here you can buy anything you know.

Of course, that's all you need to be rich!!!"

After the old man finished speaking, he tapped his fingertips, and a huge leaderboard appeared in the sky above Zhao Ling!

And on it, there are densely packed famous officials.

"This is the Universe Hidden Dragon List, of course, this is only within the territory of the Universe Kingdom!

There are 99,999 universe god kingdoms in the area where humans visit! Universe god kingdoms generally rule hundreds of millions of universe empires!

Under the Universe Empire is the Universe Kingdom like the Bloodline Civilization!

A little smaller is the Principality of Universe!

However, even the smallest universe corporation rules a large star!

The development of your human race should be accelerated!"

When the old man said this, he sighed slightly!

Zhao Ling also nodded slightly, and then looked towards the potential dragon list.

Even if it is only a universe kingdom, it still rules hundreds of millions of large galaxies! It can be said that the galaxies are absolutely like ants.

"There are 100 million rankings on the ranking list, all of them are geniuses under the age of 20! And your goal is to break into this genius list for me!"

However, what the old man said made Zhao Ling's face change slightly!

The first 100 million in the Universe Kingdom? It sounds simple, 100 million, but you must know that there are hundreds of billions of living planets in a galaxy, and among these hundreds of billions of planets, there are at least 10 billion human beings.

And a universe kingdom has hundreds of millions of galaxies as its territory!

"I know the conditions are extremely harsh, but you know, the inheritance of a universe kingdom is definitely not that easy to obtain, and you only have three years, after three years, you can only die!"

The old man's cold words made Zhao Ling frowned slightly.

Twenty years old? I have three years. How long has it been since I came to this age?

Twenty days? No, but in these twenty days, I have grown into a strong man who can kill the peak of Grandmaster. What if I give myself three months, not to mention three years?

"Hard? I don't think so! How?"

Zhao Ling smiled disdainfully, and the confidence revealed in his tone made the old man even slightly moved!

"You just need to click on the Challenge Potential List!"

The old man said solemnly to Zhao Ling.

Immediately, Zhao Ling followed the old man's words and clicked in the void to challenge the potential list!

However, the next moment, Zhao Ling disappeared in the same place in an instant!

The old man looked at Zhao Ling who had disappeared, and sighed slightly.

"I don't know if he can enter the top 100 million in three years, but he has copied the giant power, as long as he reaches the top 1 trillion, I will make an exception once!"

The old man said helplessly.

After waiting for millions of years, he actually waited for a person with the ability of copying, and the other party actually copied the ability of gigantic transformation, which he never thought of.

On the other side, Zhao came to a space of nothingness.

All around is a vast expanse of whiteness.

"Hi, Galaxy Terran, Zhao Ling! Please choose the location of the hidden dragon list you want to play!

You are in the Kingdom of God in the Tianyan Universe—Long Xiao Universe Empire—
—Kingdom of the Universe in Dry Prison

So you can choose the Qianlong list: Tianyan Qianlong list, Longxiao Qianlong list, and Qianlong Qianlong list!

There is only one rule for the list, as long as you are twenty years old, participate!"

And at this moment, a soft voice came from the void!

And the other party even knows that he is a galaxy human race and his name.

But thinking about the technology needed to create this virtual universe, Zhao Ling felt relieved.

The next moment Zhao Ling had three more lists in front of him.

On top of these three lists are the names of each list!

"Reminder: If you reach the top of the Qianlong Qianlong list, there is a slight possibility to enter the Longxiao Qianlong list! So please have enough understanding of your own strength!"

The soft voice came again.

It's just that the meaning revealed by this voice left Zhao Ling speechless.

Doesn't this mean that Zhao Ling is a little bit desperate?

"It's too late, I won't see others despise me!!"

Zhao Ling was blown up, The next moment, he directly clicked on the Long Xiao Qianlong list!

The next moment, Long Xiao's potential list turned into a ray of light and instantly submerged into Zhao Ling's body!

Of course, he didn't really click on the Longxiao Qianlong list because he was looked down upon, but he knew that if he didn't force himself in this life, he would never know what he could do!!

"You chose the Long Xiao Qianlong Ranking, your current ranking is: 14552...1845212..."

Looking at the dozens of numbers, Zhao Ling couldn't help swallowing!

It seems own is a bit more challenging!

"Mr. Zhao Ling! Please choose the initial Realm of the player you want to challenge!"

Then the soft guiding voice came again...

"Let's go to Grandmaster First Stage!!"

Zhao Ling said directly.

"Okay, please wait while searching!!"

After the guiding voice finished speaking, Zhao Ling directly turned into a ray of light!

However, when Zhao Ling appeared again, he had already arrived at a huge arena!

Opposite him was a teenager in his teens.

The aura emanating from the boy has reached the level of a Grandmaster!

However, Zhao Ling felt the power in the other party no less than that of the Great Master 4th Fifth Stage!

"Please choose a weapon, all weapons are of the same level, and the number is not limited!"

The guiding voice appeared again in the sky.

The next moment, Zhao Ling had a long spear that was exactly the same as the Thunder Demon Spear in his hand.

It's just that the level is only 1.3 at the beginning of the earth level!

At the same time, a hundred Flying Daggers are floating around him!

And the boy on the opposite side also has a long sword in his hand!

"Competition! Start!!!"

With a beep, the boy opposite Zhao Ling disappeared instantly!

"So fast!!"

Zhao Ling couldn't help admiring, this speed has definitely reached the speed of the general Great Master Fifth Stage!

Yanlong shot!!!"

With a low shout from Zhao Ling!

His long spear burst out in an instant, and the terrifying energy it carried swallowed the boy opposite him in an instant!

The next moment, the boy turned into a light spot and disappeared above the ring!

"Congratulations to player Zhao Ling for killing the opponent and getting the ranking of the opponent! Player Zhao Ling's ranking: 44125...544155"

Following the guidance sound, Zhao Ling's ranking dropped by nearly ten digits!

But these are not what Zhao Ling cares about, but what he cares most about are the few attributes that fall from the ground!.

Fantasy I Pick Up Attributes In The Future

Chapter 82: The Chosen One In The Universe! ! (810)

"Ding... Congratulations to the host for picking up the power attribute: 300, and increasing the power value: 300 points!"

Zhao Ling took one of the attribute points into own hand The next moment, the system's notification sounded!

"It actually drops attributes? Although it is only one-tenth of the normal Grandmaster!!"

Zhao Ling frowned slightly!

You should know that the attribute points dropped by the strong in the Body Tempering realm are generally between ten and one hundred points! And those in the True Qi realm will drop one hundred to one thousand.

As for the more powerful Grandmaster, it will drop at least 1,000 points, and the maximum can reach 10,000 points.

However, this Grandmaster actually dropped a few hundred points in the attribute table.

"Ding... In the virtual universe, the effect of human cultivation is 1%, so the attribute points dropped during normal exercise are 1% of the outside world, and if they are killed, the simulated The level is relatively high, and one tenth of it can be dropped!"

The system also explained to Zhao Ling in a timely manner.

Zhao Ling's eyes suddenly brightened. You must know that there are endless races and populations in the virtual universe. There are so many people, let alone one percent, or one hundred millionth. Zhao Ling can get a lot of attributes point!

Of course, it is impossible for Zhao Ling to let others drop attribute points to make the other party drop attribute points.

"But the most urgent thing is to break through the physical limit first!"

Zhao Ling's eyes are slightly dignified! 27

Without breaking through the physical limit, let alone the top 100 million, even the top 100 billion will not be able to become!

"Can I customize my opponent?!"

Zhao Ling suddenly said to the sky!

"Yes, Mr. Zhao Ling, but if you customize your opponent, you will only choose someone who ranks higher than you, and if your customization criteria are too high, you may customize the character above the leaderboard!"

The guiding voice in the sky reappeared.

"Okay, help me customize players with special abilities!"

Zhao Ling spoke loudly to the system, and his purpose was extremely obvious!

"Okay, the customization has been completed, and the virtual universe will start to randomly draw contestants!"

As soon as the voice of the guide fell, a white light appeared on the other side of the ring, and a red-haired girl appeared opposite Zhao Ling.

The girl's long hair like flames floats in the air!

"Fire ability? Isn't fire ability a special ability?"

Zhao Ling is a little confused!

However, following the sound in the sky, the girl on the opposite side moved instantly!

"Flame Realm Comes!!!"

Following the girl's low shout, endless flames exploded from the ground.

However, Zhao Ling, who has the power of fire, suddenly felt something was wrong!

"This is not a fire ability, this is an advanced version of the fire ability!"

Zhao Ling's eyes suddenly lit up! Since it's the power of fire, that's fine!

After all, the current self already has the flame power!

The endless flames enveloped Zhao Ling's whole body, but the endless earth abilities around Zhao Ling did not make him suffer any loss!

"It's unlucky to say that if I knew it earlier, I would first upgrade the skills of the earth power to the entry-intermediate level before going to fight. Now that it's good, I have to upgrade the other abilities to the entry-intermediate level before I can awaken the Mental Energy skill."

Zhao Ling felt extremely pained when he thought of this.

The next moment he began to deal with the opponent, the girl's strength is very good, only Realm has a Grandmaster Third Stage, and her combat power has already surpassed Zao Wou-ki.

Most importantly, this girl seems to be only thirteen or fourteen years old.

After all, he is a strong man in the starry sky. It can be said that the talent of any random person is not comparable to that of the Galaxy Terran.

That's why Zhao Ling is so solemn!

"Pulse of the Earth!!!!"

After Zhao Ling let out a low shout, the surrounding ground began to shake violently. Not only that, the endless power of the ground immediately imprisoned the Law of Fire in the ground.

Seeing this scene, the girl's face lightened slightly.

And Zhao Ling slapped the girl with a big hand, and the surrounding air burst into tears.

"Palm of Flame!!!!"

The girl shouted tenderly, and slapped out with the same palm!

The power of endless flames is in his hands.

"boom!!!!!!"

As a loud noise spread across the entire arena in an instant, the next moment, the girl's body exploded towards the distance, and finally hit the distant wall and turned into a spot of light!

And among the light spots, attributes and a treasure box fell out!

"No powers?!"

Zhao Ling shook his head helplessly, if this kind of thing was easy to drop, he would already have hundreds of abilities!

But fortunately, an earth-level treasure chest was dropped!

Zhao Ling put it away, and as for the attributes, Zhao Ling didn't even look at it.

"Congratulations to player Ming Yang for defeating his opponent, and his ranking has been improved to: 28595...445552"

With a beep, Zhao Ling's ranking dropped by another five or eight numbers.

But Zhao Ling knew that the further he got to the later stage, the fewer rankings he could improve!

Attribute table:

Host: Zhao Ling

Bloodline: Samsung

Martial Dao Realm: Body Tempering peak (2 million/2 million)

Psychiatrist: Peak of Mortal Rank (9/10)

Abilities: Nine kinds

J:200000

Speed: 10000m/s

Vitality: 200000

Soul: 20000

Weapons: Thunder Demon Spear (Destroyed) Dragon Pattern Knife Array (Peak of Earth Rank)

Cultivation Technique: Thousand Illusions (Peak Earth Rank, 100%) Hundred Battle Thunder Body (Middle Earth Rank, 100%)

Martial Skill: Flame Dragon Spear (earth-level intermediate, 100%) Earth Pulse (earth-level intermediate, 100%)

Psychic skills: 10 soul power (24525/500000)

Gun skills: proficient in primary (55514/1 million)

Movement Technique Skill: Proficiency Peak (12522/500000)

Experience: 55000

Zhao Ling glanced at the attribute table, and he was just short of being able to breakthrough the limit of his physical body by the last sliver.

And according to the meaning of the system, it seems that this time the own bloodline level will undergo a qualitative leap!

"match next!!!"

Zhao Ling hesitated and said directly to the sky.

"Matching, please wait!!"

Following the beep 860, The next moment, a white light appeared in front of Zhao Ling, The next moment, a sinister boy appeared on the opposite side of Zhao Ling's ring!

Looking at each other, Neighbor Zhao suddenly felt a trace of coldness!

"What kind of supernatural ability is this? It feels a bit evil!"

Zhao Ling frowned slightly!

"Game start!!!"

Following a notification sound in the sky, the boy in front of Zhao Ling suddenly raised his head.

However, the other party's appearance like a ghost made Zhao Xiang frowned!

"Hundred ghosts attack at night!! Jie Jie Jie!!!"

The boy laughed, as if he was laughing at a dead person, and at the same time, a series of soul bodies rushed out of his body and rushed towards Zhao Ling!

"Damn, it's really a ghost!"

Zhao Ling finally remembered what this ability is, the ghost ability among the special abilities!

And the possessor of the ghost ability usually looks like a ghost in front of him.

It can also control the soul body at the same time!

That is, the soul of the strong after death.

And the soul bodies that rushed out of the boy were at least transformed into Grandmaster powerhouses after death.

Moreover, Zhao Ling felt that some of the soul bodies were actually strong in the Starlight Realm.

Of course, the strength of the soul body will definitely be greatly reduced after death, but the soul body of these starlight realms is still the peak strength of a Grandmaster!

"Five peak Grandmasters, plus more than a hundred strong Grandmasters, this ability is not bad!"

Zhao Ling's eyes lit up, but seeing the ghostly appearance of this brother, Zhao Ling was speechless!

"Forget it, let your humanitarianism be destroyed!".

Fantasy I Pick Up Attributes In The Future

Chapter 83: Wan Jun! Top 10 Million Potential! (910)

Following Zhao Ling's spitting, The next moment Terrifying power erupted from Zhao Ling's body instantly.

"Giant!!!!"

With a loud shout, Zhao Ling's body suddenly swelled, reaching a terrifying figure of 18 meters in an instant!

Zhao Ling's physical strength soared tenfold in an instant!

The next moment, a terrifying long spear was condensed in Zhao Ling's right hand in an instant.

"Shooting the Flame Dragon!!!"

With a shout!

The terrifying flame power instantly vaporized the hundreds of ghosts.

At the next moment, under the horrified eyes of the ghost boy, Zhao Ling's long spear instantly smashed it into countless light spots and disappeared into the air.

"Congratulations to player Zhao Ling for killing the opponent, and the ranking has been improved to: 54255...45555"

Zhao Ling's ranking has risen again by five or eight digits.

But this poor ghost, let alone a supernatural ability, even a treasure chest has not been exploded!

"Come again!!!"

With a low shout, Zhao Ling's body instantly shrank ten times, and at the same time, a young boy appeared in front of him!

One battle after another was fought on this arena.

And Zhao Ling finally learned from the system that it is ten times more difficult to explode supernatural powers in the virtual universe than the outside world!

But in the outside world, Zhao Ling couldn't find someone with so many special abilities!

And just when Zhao Ling defeated the twenty-five contestants, Zhao Ling discovered that his opponent's combat power had already reached the Starlight Realm!

"Fuck, I'm still beyond the billions. Is this starlight?"

Looking at the own rankings, Zhao Ling started to feel really pained!

"Forget it, let's continue!!!"

Fortunately, every one or two of these people would pop out a ground-level treasure chest, otherwise, Zhao Ling would really be a little entangled!

And in more than 20 battles, Zhao Ling also found that his use of the giant power has become much stronger, and the power consumed has become less and less.

Zhao Ling learned about the giant power from the old man's words.

The reason why the blood group is so powerful is entirely due to this giant transformation ability.

And his five-star racial level is also because of this ability, maybe because this ability is too heaven-defying, he was exterminated!

However, apart from the gigantic ability, Zhao Ling's power of the earth has reached the entry-intermediate level, and at the same time, the powerful ability that is not used much and the induction ability that is always being exercised have also reached the entry-intermediate level!

At this time, opposite to Zhao Ling, a teenager with a gun appeared on the ring!

The young man was full of heroic spirit, as if he was standing there with a spear!

Seeing this, Zhao Ling's eyes flashed slightly!

"Proficient level gunner! ㄤ!"

Zhao Ling was a little shocked, it was the first time he had seen a proficient skill.

Skills of this level should definitely not appear in this rank!

"Oh! Are you a gunner too?"

The boy on the opposite side was stunned when he saw Zhao Ling holding the thunder gun!

"Gunner, Zhao Ling!!"

Zhao Ling said in a low voice, because the other party is already qualified to make him famous!

"Gunner! Wanjun!!"

Wan Jun also replied seriously to Zhao Ling!

"I don't know brother, what's the ranking now!"

Wan Jun suddenly asked Zhao Ling suspiciously!

This time, Zhao Ling was a little stunned!

What's the ranking? My day, I have dozens of rankings, do I have to read them out one by one?

"Um, I improved a lot today, how about brother?"

Zhao Ling didn't say much, but instead asked Wan Jun.

Wan Jun smiled and was not angry. After all, he asked first, and it was normal for the other party not to say anything!

"Barely just entered the top 10 million!"

However, Wan Jun's words made Zhao Ling stunned!

In Zhao Ling's consciousness, he quickly checked and realized that among the first 100 million people, the one named Wanjun still used a gun!

"Wan Jun: Tianyan Universe Divine Kingdom--Longxiao Universe Empire--the fourth prince of the Wanshen Universe Kingdom, five-star bloodline! Marksmanship level: proficient in elementary, ability: violent! Realm, screening peak, age: 18, combat power estimation : Starlight Realm Fifth Stage! Dragon Roar Qianlong List: 9852212"

However, Wan Jun's data immediately made Zhao Ling feel pained, he was actually the fourth prince of the Universe Kingdom

And the estimated combat power has actually reached the fifth stage of the starlight realm!

You must know that this is not the Starlight Fifth Stage killed by Zhao Ling who knows nothing but brute force, but the normal combat power of this Realm powerhouse.

As we all know, every time a Grandmaster increases the Realm of the First Stage, the basic strength increases by one million kilograms.

At the Great Master Tenth Stage, that is, at the peak of the Great Master, it is 10 million kg.

But to enter the Starlight Realm, one needs a strength of 100 million kg.

And every time a Realm of the First Stage is raised, its power is doubled.

That is to say, when it reaches Starlight Fifth Stage, its combat power has already reached 1.6 billion!

Normal starlight powerhouses can generally increase their strength by nearly ten times!

And even if Zhao Ling uses Juhua to increase his combat power, he can reach about one billion!

And only one trick can be used.

"Uh, I think my brother is also a shooter, why don't we have a competition of marksmanship, what do you think?"

Suddenly, Zhao Ling's eyes lit up, the tip of his spear slightly raised, and he said to Wan Jun with a smile.

Hearing this, Wan Jun's eyes lit up!

"Okay, that's exactly what I mean!!!"

As Wan Jun said, his aura instantly dropped to the level of a normal Grandmaster First Stage with one-star blood!

And Zhao Ling's aura has reached the Great Master First Stage!

However, unlike Wan Jun's extreme suppression, Zhao Ling is now equivalent to his full strength without using the great power ability.

After all, the opponent is also a proficient gunner, Zhao Ling's most powerful advantage in the past is almost gone!

"coming!!!"

Following Zhao Ling's reminder, the two disappeared in place in an instant.

"Boom boom boom boom..."

In the next instant, appalling bangs spread throughout the arena!

Two figures flashed rapidly in the sky, and the entire arena was covered by the two of them!

"Unexpectedly, my brother is also a proficient gunman, hahahaha!"

In the midst of the fierce battle, Wan Jun's wild laughter came.

Zhao Ling was speechless: "Another fighting maniac!!!"

But even though he said that to others, Zhao Ling himself was extremely excited!

As each shot was fired, Zhao Ling felt that his understanding of the marksmanship was starting to improve, and Zhao Ling slowly improved!

The experience of Zhao Ling's marksmanship skills and Movement Technique skills is also slowly increasing!

"Clang clang clang!!!!"

The sound of gunpoints colliding spread throughout the arena, but Zhao Ling found that it would be fine if he didn't use the Movement Technique, but if both of them used the Movement Technique, Wan Jun would definitely lose the hem of his clothes. Can't touch Zhu.

"Sure enough, no matter how talented a person is, he can only cultivate one skill to the extreme, and the other skills are far inferior!"

Zhao Ling's eyes flickered slightly, the current battle between the two, if ordinary Grandmaster peaks were involved, it might be torn apart soon!

But the power used by the two is only Great Master First Stage.

This is the difference between geniuses and ordinary people!

In the long-term confrontation, there will inevitably be some mistakes.

"drink!!!!!!!"

Suddenly, Zhao Ling yelled, and shot the opponent's spear point away. The next moment, the Thunder Demon Spear pierced Wan Jun's chest like a poisonous dragon!

"Pfft!!!!!"

Fantasy I Pick Up Attributes In The Future

Chapter 84: Ten Star Blood! Expand Your Knowledge Of The Sea! (1010)

After the sound of a gun piercing the flesh came, Zhao Ling's Thunder Demon Spear was nailed firmly to Wan Jun's chest!

Wan Jun looked at Own's chest in disbelief.

But in the end, he shook his head helplessly!

"I lost. I didn't expect Brother Zhao Ling to be so powerful. If there is a chance in the future, we will fight again!"

Wan Jun raised his head and said to Zhao Ling with a smile, while his body slowly turned into spots of light!

"Okay, if we have a chance, let's have a real game!!!"

After Zhao Ling finished speaking, Wan Jun's figure disappeared completely.

"Congratulations, Mr. Zhao Ling, you have defeated your opponent, so your ranking has been increased to: 9852212"

However, to Zhao Ling's surprise, not only did a treasure chest fall from Wan Jun's body, but there were also two jet-black Chinese characters on the treasure chest!

"violent!!!!!"

It's finally here!!!

Zhao Ling's eyes flashed slightly, the last attribute!

Zhao Ling hastily integrated this attribute use ability into own body!

"Ding... Congratulations to the host for picking up the ability: violent power!"

"The Power of Rage: A passive ability among special abilities! The heavier the injury, the more tyrannical the combat power can be displayed! It is the best auxiliary ability to practice Martial Dao!"

With the entry of the berserk ability into the body, Zhao Ling also heard the introduction of the system 603 about the berserk ability!

But before Zhao Ling could understand it carefully, the system prompt that Zhao Ling had been waiting for for several days finally came!

"Ding... Congratulations to the host for collecting enough powers of ten kinds of abilities! At the same time, the attribute points have reached full value!"

"Ding... the host is now in the stage of out-of-body consciousness, please start the breakthrough limit after the host returns to reality!"

Following a few system beeps, Zhao Ling was also slightly excited.

The day has finally arrived!

"I want to go back, what should I do?"

Zhao Ling asked to the void!

"Hello, Mr. Zhao Ling, you are now in a non-combat stage, as long as you silently say to leave the virtual universe!"

The guide's voice replied respectfully to Zhao Ling.

According to what the other party said, Zhao Ling sank into consciousness and said silently, leaving the virtual universe!

In an instant Zhao Ling felt that own consciousness instantly entered a channel, and the next moment returned to own body!

Zhao Ling slowly opened his eyes and saw himself lying on a bed, and the old man was standing next to own!

"It came out so soon? What's the gain?"

The old man still asked coldly.

Zhao Ling has been in for nearly a day, and during this day, Zhao Xiang is almost always fighting with people of Tianjiao level.

The rewards are definitely beyond words!

"I want a breakthrough, I wonder if there is a training room!?"

Zhao Ling didn't answer the other party, but asked directly!

"Breakthrough?!!"

The old man was taken aback. After Zhao Ling fell into a deep sleep, he examined Zhao Ling's body carefully and found that Zhao Ling didn't have any fluctuations in the Spiritual Qi of Heaven and Earth.

In other words, Zhao Ling should have the ability to hide!

As for the fact that Zhao Ling is still in the Body Tempering realm, he doesn't believe that a race with one-star blood can use the Body Tempering realm to kill the peak Great Master!

This ability is that only super geniuses can do it in the seven or eight star races!

"Come with me!!"

The old man didn't bother too much.

After all, this world is always respected by strength, no matter how high your Talent is, you have to live to grow into a strong person to be considered a genius!

Under the guidance of the old man, Zhao Ling came to a huge training room!

The old man left soon.

But Zhao Ling sat cross-legged on the spot!

"System, you can start!!"

Zhao Ling directly ordered to the system, The next moment, endless power surged out of Zhao Ling's body instantly.

"Ding.....The system begins to breakthrough the physical limit of the host!!"

Following the system's prompt, these forces quickly transformed Zhao Ling's body.

Zhao Ling felt that the bottleneck blocking his way to promotion was being impacted by a powerful force.

"!!!!"

With a huge roar, Zhao Ling seemed to feel that the barrier in Own's body was instantly broken.

"Ding... Congratulations to the host for breaking through the physical limit for the third time, consuming 1% of energy, and at the same time the host's physical limit is fully developed! The host's power can reach 300,000 in the Body Tempering realm

!" g

However, things have only just begun!

At the next moment, the remaining ninety-nine percent (cheg) of energy began to surge out of nothingness frantically, enveloping Zhao Ling's whole body in it.

These energies are transforming Zhao Ling's body crazily, and Zhao Ling can feel that his own body is rapidly sublimating!

Thicken up.

And the upper limit of power that can be stored in each cell is rising slightly!

At the same time, under the impact of these terrifying energies, the hidden wounds in Zhao Ling's body were also recovering rapidly, and at the same time, the blocked Meridians were instantly blasted away.

Layers of black Impurities came out from Zhao Ling's body.

Zhao Ling is now using his mind to feel his own body, and every change is under Zhao Ling's control.

He knew that after this transformation, he would definitely undergo great changes.

As time went by, the changes in Zhao Ling's body became more and more obvious.

The strength that the cells can withstand has been increased several times.

But just when the body change was about to end, Zhao Ling's sea of consciousness had a mutation!

I only saw that the ten kinds of supernatural light spheres and telekinetic light spheres in the sea of knowledge fused together in an instant, and the large light sphere fused together instantly expanded.

It quickly swelled to the point where Zhao Ling's entire sea of consciousness was filled.

"boom!!!!!"

Suddenly, with a terrifying loud noise, Zhao Ling's sea of consciousness shattered.

In an instant, Zhao Ling felt a sudden pain in own head!

Zhao Ling frowned but held back.

"Om!!!!!"

Under the nourishment of the terrifying power emanating from the system, the fragments of the sea of consciousness quickly began to reorganize.

But Zhao Ling found that the fragments of the sea of consciousness were expanding crazily.

While the expanding fragments are being reassembled into a larger and stronger Sea of Consciousness.

Everyone knows that a person's sea of consciousness is almost eternal, which is equivalent to a person's talent.

Only a powerful opportunity or an incomparably precious gifted treasure can make such a slight improvement possible!

However, the current Zhao Ling found that the own sea of consciousness has directly become ten times the original diameter, and its space has directly reached a thousand times the original size!

It also means that Zhao Ling's Sea of Consciousness is permanently a thousand times more powerful than the same rank can store!

Seeing this result, Zhao Ling is naturally extremely happy!

And at this moment, the incomparably huge ball of supernatural powers that had swollen split apart in an instant, turning into a big ball of light that was a thousand times bigger than before!

And these ten light spheres are surrounded in a circle, wrapping the psychic power in the middle. At this moment, Zhao Ling finally understands why the system says that psychic power is much stronger than ordinary abilities.

Perhaps only the legendary spatial ability and several super abilities can compare!

"Ding... Congratulations to the host for completing the physical limit breakthrough, because the host limit is fully developed, so even if the bloodline level increases before reaching the bloodline limit, the physical limit will not appear again.

"Ding... Congratulations to the host for raising his bloodline level to ten stars! The limit of bloodline has been raised from 300,000 kg to 1 million kg! After the attribute reaches the limit, the body will automatically condense into True Qi!"

"Ding... Congratulations to the host for completing the transformation of Consciousness Sea, the ten supernatural skills have unified levels, congratulations to the host for awakening the spirit: entry-level intermediate (0/500)".

Fantasy I Pick Up Attributes In The Future

Chapter 85: The Strength Is Soaring, The Potential Is Bursting! (15)

Zhao Ling frowned slightly after the system beeped three times in succession.

"The system opened all my treasure chests!!"

Zhao Ling directly told the system that since Zhao Ling's attributes were locked and could not be improved, Zhao Ling kept all the treasure chests, just waiting for one-time use today!

"Ding... Congratulations to the host for opening: mortal-level treasure chest*1250, spirit-level treasure chest 350, earth-level treasure chest*25, congratulations~ the host has obtained the following items:

Ordinary Weapon*482, Ordinary Martial Skill*333, Ordinary-Medicine Pill*133,

Spiritual Weapon*58, Spiritual Martial Skill*79, -Spiritual Medicine Pill*93

Level Weapon*5, Level Martial Skill*7, Level Medicine Pill*4

Experience: 2000000

Attributes: speed value: 20000, strength value: 400000, vitality: 400000, soul: 40000"

Following a series of beeps from the system, Zhao Ling was enveloped in beams of colorful energy.

The next moment Zhao Ling felt own physical strength, and the value was growing crazily!

The terrifying strength erupting from the muscles is all climbing crazily.

At the same time, the supernatural power in the sea of consciousness increased wildly and became stronger at the same time.

It was not until ten minutes later that the terrifying aura emanating from Zhao Ling's body slowly subsided.

Zhao Ling slowly opened his eyes, and found that own body had undergone earth-shaking changes.

The most intuitive change is that the current Zhao Ling can beat his previous self without any effort.

"By the way, some weapons and Martial Skills have also been released."

Only then did Zhao Ling remember the good things that were unearthed from those earth-level treasure chests.

After all, ground-level weapons and Martial Skill are scarce for Zhao Ling now.

As for the more powerful sky-level weapons, Zhao Ling felt that he should not be able to afford them for the time being.

"Ding...the system found a more powerful Martial Skill, do you want to replace it?"

Suddenly, the system's notification sounded in Zhao Ling's mind.

"System, what does this replacement mean?" Zhao Ling was a little confused!

"Ding... The system will speculate based on the host's existing Martial Skill and Cultivation Technique whether the newly developed Martial Skill Cultivation Technique completely surpasses the previous Martial Skill or Cultivation Technique,

If it surpasses the original Cultivation Technique, the system will replace it, but the experience value will still be consumed, but the experience value already used before will be subtracted when replacing it!"

The meaning of the system Zhao Ling understands, that is, for example, Zhao Ling spent 60,000 experience points to learn Yanlong Gunjue but now has a powerful Martial Skill,

And this Martial Skill needs 100,000 experience points, if you use Yanlong Gun to replace it, you only need to consume 40,000 experience points!

"Okay, then replace everything I can replace!"

Zhao Ling nodded slightly, and then he found that the five copies of Martial Skill he had just opened disappeared in an instant.

"Ding... Yanlong Gun Shootout (Intermediate Earth Rank) is replaced by Zidian Gun Shootout (Peak Earth Rank), supplementary price difference: 40,000 experience points."

"Ding... Yan Huoqiu (Peak of Spiritual Rank) is replaced by Yanyu Fire Dragon (Peak of Earth Rank), supplementary price difference: 90,000 experience points.

"Ding....."

Following the sound of a reminder, Zhao Ling felt that the marksmanship practiced in own mind was slowly being replaced by others, and some Cultivation Techniques were also slowly changing.

Finally, it took another few hours for Zhao Ling to fully digest the memories!

Immediately afterwards, Zhao Ling spent another 950,000 yuan to upgrade the mind power skills and Movement Technique skills to the proficient level!

As for the Mental Energy skill that I just obtained, it took nearly 650,000 to upgrade to the proficient level!

A total of 1.8 million experience points were consumed!

"The system opens the property sheet!!"

Attribute table:

Host: Zhao Ling

Bloodline: ten stars

Martial Dao Realm: Peak Body Tempering

Psychiatrist: the peak of the mortal rank

Ability: ten kinds

:600000

Speed: 30000m/s

Psychic skill: 12 soul power (0/1 million)

Gun skills: proficient in primary (55514/1 million)

Movement Technique skill: the peak of proficiency (0/1 million)

Experience: 250,000

Looking at the own attribute table, a strong self-confidence rose from the body.

Zhao Ling knows that the current own strength has increased by nearly seven or eight times, but it is still difficult to enter the top 100 million, but the current Zhao Ling is equivalent to opening his own bottleneck, and Zhao Ling will blow out in the next period of time upgrade!

"Well, since this is the case, let's see how much my strength has improved now!"

Zhao Ling stands up and is going to challenge to see own fight!

"Hey, no, I seem to have forgotten something!!"

Zhao Ling frowned slightly! I felt like I missed something!

.....ask for flowers...

Suddenly, Zhao Ling's eyes lit up!

"By the way, Wanjun is more than nine million on the Qianlong list, and although I didn't beat him in his heyday, it is recognized by the virtual universe that I beat him!"

Thinking of this, Zhao Ling hurried out of the practice room!

When Zhao Ling went out, he saw the old man standing firmly in place, and the old man's eyes lit up slightly after Zhao Ling appeared.

It's like rebooting!

"1!!!"

The old man just asked indifferently!

"Come to the virtual universe, I'll show you something!"

Zhao Ling glanced at the old man, then strode towards the virtual universe access cabin.

The old man was slightly taken aback after hearing this, but followed curiously.

Arriving at the access cabin, Zhao Ling put on the helmet, and the next moment his consciousness came to the personal warehouse in an instant.

And the old man followed beside him!

"Call out my hidden dragon list!!!"

Suddenly Zhao Ling spoke to the void.

After spending nearly a day, Zhao Ling also roughly figured out a trace of his usage.

"Okay, Mr. Zhao Ling! The Longxiao potential list is opening!"

There was a reply that only Zhao Ling could hear.

The next moment, a huge list appeared in the void!

Zhao Ling granted viewing rights to the old man, and a huge list appeared in front of the old man.

However, he seemed to have guessed the above, and looked at Zhao Ling in disbelief!

Reached the top 100 million so quickly?

"Call out, Dragon Roar Universe Kingdom——Zhao Ling from Prison Universe Kilometer!"

Zhao Ling said in a low voice, The next moment, the list with dense names in front of him instantly locks on a position and zooms in rapidly.

Finally, a name appeared in front of the old man.

"Long Xiao Qianlong List: No. 9852212, Prison Universe principality, Zhao Ling!! Combat strength: Starlight 1 heavy, Realm: Body Tempering peak, according to analysis, he is proficient in elementary marksmanship skills. At the same time, he is practicing a full proficiency field Intermediate Martial Skill, also a Psychiatrist, possesses supernatural powers: power of the earth, gigantic transformation, wind system, etc. Ten types, suspected to have the ability to copy!

Combat strength evaluation: Although it does not have the strength to enter the top 100 million in the Longxiao Qianlong list, it has the potential to become the top 10,000!"

And this evaluation and analysis instantly made the old man's jaw drop in shock!

Dragon Roar and Hidden Dragon Ranking? Didn't the paralyzed one say that it's the Qianlong Qianlong Ranking? And Zhao Ling's Realm actually only has the peak Body Tempering? The peak Body Tempering has the combat power of the Starlight First Stage? What universe are you kidding?

"Proficient in elementary marksmanship!? The Body Tempering realm has cultivated a full-proficiency intermediate-level Martial Skill? Zhao Ling, what kind of monster are you! Next!"

Chapter 86: Inherited! The Pinnacle Of Heaven! (15)

A few minutes later, Zhao Ling was dragged by the smiling old man to a place that looked like a spaceship control room!

"Young master! I didn't expect your Talent to be so terrifying. What kind of impoliteness did the old man have before, please return the young master Haihan!"

Looking at the huge gap between the old man's front and back, Zhao Ling was speechless for a moment!

He used to look aloof, but now he's no longer awesome!

But Zhao Ling didn't say anything, after all, his position as the young master has not yet been confirmed.

I don't know if there will be any changes. Maybe the old man is just fooling himself, or it may be some bloody thing like wanting the strong to seize the meeting.

These Zhao Ling had to guard against.

"Young master, this is the control center of the Blood Soul Ship! In fact, there is one thing I didn't tell the master,

That is, although the Blood Soul Ship is a World Master-class spaceship, all its functions have been damaged, only the most important virtual universe connected to the "643" function, and its incomparably precious materials!"

Speaking of which. The old man is a little helpless!

After all, if the blood soul ship was still healthy, it would have been destroyed by the strong.

"Uh, so what's the use of this inheritance if I want it?"

Zhao Ling was a little speechless for a moment, after all, he didn't get any benefits!

"No, no, I have recorded a part of the Cultivation Technique of the Bloodline Civilization here, although the old master once said that you can only be given one Cultivation Technique and one Martial Skill for each level, and you must be strong enough to do it. , but I promise, these Cultivation Techniques are absolutely the best!"

The old man hurriedly said to Zhao Ling.

"Cultivation Technique? With my current strength, what level of Cultivation Technique will you give me?"

Zhao Ling frowned and asked curiously!

"Young master, your current strength is one star, so of course the Cultivation Technique is a sky-level Cultivation Technique, from the low level of the sky to the peak! When the master arrives at the Star Realm, you can choose the star-level Cultivation Technique! By the way I almost forgot, the young master can call me Blood Soul in the future."

Blood Soul respectfully tempted Zhao Ling. After all, the Body Tempering Realm could use the Cultivation Technique of Heaven Tier. This is because Zhao Ling's current strength has reached the Face of the Starlight Realm.

"Oh? Heaven-level Cultivation Technique? And a more advanced starry sky Cultivation Technique?"

Zhao Ling's eyes flickered slightly.

"Let's talk about it first, what obligations do I have in the future?"

Zhao Ling directly asked the question he wanted to ask the most.

Zhao Ling never believed in the pie in the sky.

Absolutely everything has a purpose.

Speaking of this, the soul is a little tangled!

"Hey! You may not believe me if you say it. Before my master died, he only asked me to find a successor to keep the inheritance of the blood civilization, but he told me that the inheritance must not be allowed to take revenge, because the strength of the opponent is too terrifying!

So young master, unless you really grow stronger than my old master, otherwise, I will never tell you who the enemy is!"

Xuehun said to Zhao Ling with a solemn face.

However, his appearance made Zhao Ling even more suspicious!

"I'm going, I feel something is wrong, although what I said is reasonable, but it can't be this bad old man who came to steal money."

Zhao Ling glanced at Blood Soul in doubt.

But in the current situation, it's better for the other party to take the initiative to say that they don't need to take revenge than to take revenge by themselves.

"Maybe in the future when I become stronger, I can still give it a try. Now, forget it!!"

Zhao Ling's eyes flashed.

"Young master, as long as you are sure, you will be the owner of this blood soul ship from now on! You are also the only heir of the blood network star! This is the core of the blood soul ship, and there is also a matching fat storage!"

Blood Soul cast a scorching glance at Zhao Ling, took out a storage ring, and at the same time a ball of light slowly rose from the floor.

Zhao Ling looked at these two things and scanned them with telekinesis, but found nothing wrong.

Zhao Ling is incomparably convinced of own mental power.

Because he saved Zhao Ling from many crises.

"Okay, I agree!"

After Zhao Ling finished speaking, he waved his big hand and directly placed it on the core of the blood soul ship.

The next moment rays of light poured into Zhao Ling's body, and Zhao Ling felt as if he had a slight connection with a spaceship.

At the same time, Zhao Ling only saw the huge size of this spaceship at this time.

It is tens of kilometers long and several kilometers wide, just like a small city.

"The blood soul ship is already very small among all the world master-class spaceships.

But his material is definitely the best among the world master spaceships. "

Blood Soul proudly explained.

And Zhao Ling also slowly opened his eyes.

He has been sure since he recognized a spaceship, and Blood Soul didn't lie to himself.

"Well, since I have inherited the inheritance of the blood-band civilization, I will avenge the blood-band civilization when I have the strength, but this time may take a long time!!"

Zhao Ling said solemnly to Blood Soul...

According to Zhao Ling's calculations, even if he has a system, it will take at least ten years to reach that level of destruction!

"It's good that the young master has a heart!!"

Blood Soul smiled gratifiedly, he could tell that Zhao Ling was definitely not just joking around.

"By the way, young master, this is a list of all Heaven Rank Cultivation Technique Martial Skills, you can choose a Cultivation Technique and Martial Skill in it!"

Blood Soul suddenly thought of Cultivation Technique, touched it with his hand, and a virtual screen appeared in front of Zhao Ling.

Countless Cultivation Techniques are dangling in front of Zhao Ling's eyes.

Fortunately, there is a search function.

Zhao Ling directly entered the type of Martial Skill he needed.

The next moment Saber Technique appeared in front of Zhao Ling's eyes.

After choosing for an hour, Zhao Ling finally selected a powerful Martial Skill!

"Lei Yan Flowing Fire Knife Formation (Peak of Heaven Rank): Use a knife formation composed of ten Flying Daggers. For every 10% increase in proficiency, you can increase your combat skills by 300%. Double the fighting power! Every time 100,000 experience points are consumed, the proficiency can be increased by 10%!"

The Martial Skill of the Heaven Rank is really terrifying, it can burst out thirty times the powerful combat power, but the Martial Skill of the Peak Rank of the Heaven Rank, even the general starlight peak powerhouse can only cultivate to about 30% of the proficiency!

The cultivation of Martial Skill is definitely not something that happens overnight.

"Forget about Cultivation Technique for now, I will come to you when I need it!!"

Zhao Ling frowned.

It was found that the own experience value could not even afford 2.6 for one Cultivation Technique, let alone two.

"Okay, young master, the Martial Skill has been sent to your watch, you can go to the virtual universe to practice and watch!"

Blood Soul said to Zhao Ling respectfully.

Zhao Ling nodded, and immediately entered the king of the virtual universe with a thought!

But Zhao Ling didn't directly learn Martial Skill, but went directly to the arena of Qianlong Ranking!

"Guiding! Search me for a combat rating of Starlight First Stage!"

Zhao Ling spoke directly to the sky.

"Okay Mr. Zhao Ling, it will be ready soon!!"

After leading the fluttering words to end again, a red-haired young army appeared on the opposite side of the arena.

But the raging fire on the boy's body made the surrounding air extremely hot!

"Game start!!!"

In the next instant, the two turned into a flash of fire and collided with each other suddenly. .

Chapter 87: Awakening Guardian Spirit: Ancient Dragon Heroic Spirit! (35)

"Boom boom boom!!!!"

On the ring, two terrifying figures collided at high speed.

Among them, Zhao Ling was holding a silver spear, while a silver-haired boy opposite him was holding a long knife.

The two weapons collided frantically in the air.

Zhao Ling's evenly matched attack shattered the surrounding arena layer by layer.

"Drink!!!!!!" With Zhao Ling's loud shout, a wild lion transformed into a purple thunderbolt roared out from the tip of the spear and rushed towards the opponent.

"Zangetsu Saber Technique!!"

The silver-haired boy snarled, and the long knife in his hand instantly drew a bright moon.

Mingyue cut off the purple thunder lion instantly.

However, in the next moment, a long spear with a cold silver light pierced the bright moon The next moment.

"Pfft!!!!"

The silver-haired boy's chest was pierced instantly.

"I lost, your strength is really strong!!"

The silver-haired boy smiled helplessly, and immediately turned into bright spots all over the sky!

Zhao Ling withdrew his gun and arched his cupped hands at the place where the boy disappeared.

Then a silver treasure chest fell from the void, and there were attributes one by one.

"Ding... Congratulations on picking up the power attribute value: 1000, and getting the power attribute: 1000 points"

"Ding...Congratulations for picking up Qi and blood 27 attribute value: 1000, and getting Qi and blood attribute: 1000 points"

"Ding... Congratulations on picking up soul attribute value: 100, and getting soul attribute: 100 points"

"Ding... Congratulations on picking up the speed attribute value: 50, and getting the speed attribute: 50 points"

"Ding... Congratulations on picking up the earth-level treasure chest*1"

With a series of system prompts, Zhao Ling's strength increased slightly!

"Congratulations to player Zhao Ling for killing his opponent, this ranking: **"

Three days have passed since Zhao Ling's breakthrough physical limit.

During these three days, Zhao Ling has been fighting crazily.

In the tenth game, he met a powerful young man, and finally defeated Zhao Ling, and Zhao Ling's ranking returned to the twenties.

However, with the crazy growth of Zhao Ling's strength in the past two days, the current Zhao Ling is finally about to reach the limit.

At the same time, Zhao Ling's opponent has also become the top level of the Great Master Tianjiao, but these Tianjiao are almost not as powerful as Wanjun.

But the real combat power also has starlight Third Stage to Fourth Stage.

"Physical strength has reached 990,000, as long as you open this treasure chest, you can breakthrough to the True Qi realm!"

Zhao Ling's eyes flashed slightly! His heart was slightly excited.

In these three days, he killed nearly five hundred Tianjiao youths, and the treasure chests that fell from them also reached more than one hundred.

And these treasure chests not only raised Zhao Ling's strength to the peak, but also changed several batches of Martial Skill weapons.

At the same time, Zhao Ling's name gradually spread in a small area. After all, it rushed from the bottom of the ranking to the top 10 billion in a few days. "It is definitely a rare group among those universes.

"System, open the earth-level treasure chest!"

Zhao Ling's eyes flashed, and he directed the command to the system!

"Ding..... Congratulations to the host for opening the earth-level treasure chest*1 and getting the following items:

Martial Skill: Blood Qi Berserk (Peak of the Ground Level): Martial Skill is matched with the Berserk ability, which can instantly evaporate 90% of your Blood Qi, so as to gain powerful combat power. Disadvantage: You may die after using it to the limit!

Experience Points: 90000

Attributes: Strength: 9000, Vitality: 9000, Speed: 50, Soul: 1000"

In the next instant, rays of light poured into Zhao Ling's body,

At the same time, Zhao Ling felt a slight change in his own body, because now Zhao Ling's physical strength is already very strong, even if it increases the strength by 10,000 kilograms, it feels insignificant.

However, just a simple trace of strength made Zhao Ling feel that his own body had reached its limit.

"Ding... Congratulations to the host for reaching the limit of the ten-star bloodline!"

"Ding... Those who have reached the limit of their blood can awaken their guardian spirits! Please get ready, the host, the system will start summoning ancient heroes!"

However, at this moment, Zhao Ling was stunned!

Guardian spirit? There is such a thing? And it is something that can only be awakened when the bloodline reaches the limit. Zhao Ling feels that it is definitely not easy!

"boom!!!!!"

With a terrifying loud noise in Zhao Ling's mind, The next moment Zhao Ling felt his own consciousness leave his own body in an instant.

Zhao Ling felt that he had come into a long and narrow passage, and in this passage, Zhao Ling saw flickering fragments one after another.

In the clip, Zhao Lingju saw what he used to do.

"Time Tunnel!! It's a Time Tunnel!!"

A gleam of light flashed across Zhao Ling's eyes.

This legendary existence system actually brought him here.

And Zhao Ling shuttled very quickly in the space-time tunnel, and soon, Zhao Ling saw the ancient humans on the earth.

And as time goes back, it will soon come to the age of dinosaurs, and then the earth turns into a fireball, and finally returns to nothingness.

The next moment the Milky Way is also rapidly shrinking, and the entire universe is shrinking at a terrifying speed,

In the end, the immense Universe turned into a singularity.

"O!!!!"

Suddenly, an earth-shattering terrifying roar resounded in the void, and Zhao Ling found that his own consciousness was kicked out of the time tunnel.

And at The next moment, Zhao Ling saw a picture he will never forget.

I saw a terrifying dragon flying in the void rushing towards Zhao Ling.

At the next moment, the dark gold dragon slapped towards the singularity of the universe's origin.

"boom!!!!!"

With an earth-shattering loud noise, that singularity exploded instantly, and countless energies were vented towards the surroundings.

Stars and galaxies appeared in front of Zhao Ling.

"Roar!!!!"

At the next moment, after the dark golden dragon glanced towards Zhao Ling, Zhao Ling was crushed by the terrifying big hand crushed by nothingness under Zhao Ling's horrified gaze!

"Om!!!!"

A huge force suddenly pulled Zhao Ling back from nothingness!

Zhao Ling found himself in the space-time tunnel again.

530 "Ding....began to summon the ancient heroic spirits!!!"

However, at the next moment, Zhao Ling was taken aback by the system's notification tone,

A mysterious and mysterious feeling spread into Zhao Ling's body, and he felt that he seemed to be connected with something.

"Roar!!!!!"

However, at the next moment, an attribute roar that stunned Zhao Ling rushed out from the space-time tunnel.

Then a dark golden dragon Shrouding the Heavens rushed into the space-time tunnel in an instant.

In Zhao Ling's unbelievable eyes, it poured directly into Zhao Ling's body.

"Ding... the summoning of the guardian spirit is complete, and it is starting to return!!"

The next moment The system groaned, Zhao Ling's vision went dark and he lost consciousness for an instant!

In the endless darkness, Zhao Ling came to the sea of own consciousness, and in the sea of consciousness hovered a dark golden dragon.

Shenlong glanced at Zhao Ling suddenly.

In reality, Zhao Ling opened his eyes instantly!

"Ding, the guardian spirit's recognition is complete!! The host, please get ready to start condensing the True Qi in the body!"

The system's prompt sound pulled Zhao Ling back from his contemplation.

"System, what is my guardian spirit? And will he cause any harm to me?"

Zhao Ling quickly said to the system that in the picture he saw, the dark golden dragon waved his hand and photographed the existence of a universe.

Who the hell can rest assured that such an existence is the guardian spirit of own.

"Ding...the host doesn't need to worry, there is a system, and the little creation-level dragon is not harmful!"

Fantasy I Pick Up Attributes In The Future

Chapter 88: Finally Breakthrough, True Qijing! ! (45)

"Ding...the host doesn't need to worry, there is a system, and the little creation-level dragon is not harmful!"

The domineering words of the system made Zhao Ling look confused.

It was the first time he heard such a powerful word from the system, but this sentence gave Zhao Ling great confidence!

"Very good! By the way, can you explain what the guardian spirit does?"

Zhao Ling felt relieved a little, and asked the system suspiciously.

For the system, Zhao Ling can only choose to believe it now.

"Ding... the guardian spirit is summoned by the ancient heroic spirit under certain conditions to the host's body to protect the host's safety.

The longer the guardian spirit, the greater its potential, and the more terrifying the strength bonus to the host when it grows up.

However, some guardian spirits will devour the host's soul and replace it!

Of course, the host's guardian spirit, the system has helped to erase all consciousness, can only help the host, and will not produce any autonomous consciousness. "

The system's reassurance left Zhao Ling speechless, is he that timid?

However, the guarantee of the system Zhao Ling is quite at ease.

"Okay, then I'll try the power of the guardian spirit first!"

Zhao Ling's eyes flashed, and then he communicated with the dark gold dragon in the sea of consciousness.

"?!!!!!!"

The next moment, an earth-shattering roar appeared in this silent space, The next moment[The dark golden Yin Shen exuding terrifying coercion appeared in front of Zhao Ling.

The terrifying power contained in the armor was directly instilled into Zhao Ling's body, and Zhao Ling found that he could burst out with ten times the normal power!

"Damn it! The guardian spirit is so awesome?"

Zhao Ling was extremely excited, ten times the basic strength would be 10 million kg, plus abilities, Martial Skill, Cultivation Technique, and a series.

Originally Zhao Ling was able to fight the ordinary Starlight Third Fourth Stage, but now he might be able to directly smash the ordinary Starlight Eighth Ninth Stage!

Such a terrifying promotion was absolutely unexpected by Zhao.

After all, this promotion is continuous. Even if Zhao Ling grows to an extremely terrifying existence, this promotion is still possible.

But the effect of Martial Skill will be greatly reduced as long as it is one or two levels lower than its own level.

For example, if the current Zhao Ling uses the mortal peak Martial Skill, he can increase his combat power by 30 to 40% at most.

Therefore, it is almost impossible to maximize a Martial Skill of the same level or even higher than your own level!

"Ding...Because the host's physical strength has reached the limit of blood, the host began to condense True Qi by itself!"

At this moment, a system notification sound came from Zhao Ling's body, The next moment, endless vitality of heaven and earth emerged from Zhao Ling's body.

And these days Spiritual Qi poured into Zhao Ling's Dantian rapidly.

It is worth mentioning that Zhao Ling's Dantian has become thousands of times larger than before due to the increase in bloodline level, which means that Zhao Ling's reserve of True Qi is also a thousand times larger than before.

And as the endless vitality of the world transformed and poured into Zhao Ling's body, Zhao Ling found that his body, which had already reached its limit, was slowly improving again!

Ding... Congratulations to the host Realm for being upgraded to True Qi Realm First Stage, every 1,000,000 kg strength increase, First Stage days will be increased!"

Following the prompt of the system, the shackles on Zhao Ling's body disappeared in an instant.

Zhao Ling raised his right hand slightly, and a True Qi exuding terrifying power appeared on his right hand.

Is it True Qi?"

Zhao Ling's eyes flickered slightly.

(Note: In order not to be said to make up the word count, Martial Skill, Cultivation Technique and weapons are omitted, and only rankless ones are shown.)

The treasure chests opened these days added up to nearly 1.5 million experience points, of which 1 million Zhao Ling used to learn Lei Yan Liuhuo Daozhen.

However, Zhao Ling has never used this set of knife formations until now.

"By the way, it's time to go back. I've been out for four days. I don't know if this girl Xue'er will worry!"

With a thought, Zhao Ling instantly retracted the armor around his body into his own body!

The next moment Zhao Ling left the virtual universe directly.

Opening his eyes again, Zhao Ling found the blood soul standing beside him!

"Old Soul! I'm leaving!!"

Zhao Ling spoke directly to Blood Soul.

"Well, the main reason is that if you don't go out again, you will be in trouble!"

Hun Lao nodded slowly.

"Trouble? What kind of trouble?"

Zhao Ling frowned slightly!

Immediately, Elder Hun told Zhao Ling about the past two days.

"People from Zunhuang Academy are here? Zhao Wuji told Zunhuang Academy about me?"

Zhao Ling frowned.

It turned out that after he was captured, Zhao Wuji directly sent his battle with him back to Zunhuang Academy.

After learning about Zhao Ling's Talent, Zunhuang Academy directly sent tutors to Blood Network Star.

However, Zunhuang Academy is extremely far away from the blood network star, so today, Zunhuang Academy's instructors can hardly come here.

"Well, it's time to go!" Zhao Ling nodded slightly!

Come on!

Just take a look at the level of the teachers at Zunhuang Academy!

"By the way, young master, you just need to put the spaceship in the ring after you go out. My intelligent life can survive in the space equipment!"

Hun Lao suddenly said to Zhao Ling.

"En! Understood!!"

Zhao Ling nodded, and then controlled the spaceship with his mind to open the hatch and walked out.

Only then did Zhao Ling really see the whole picture of the Blood Soul Ship clearly.

This is a spaceship made of red unknown metal, with huge scars on the streamlined hull.

With a thought, Zhao Ling enveloped the spaceship.

The next moment spaceship was included in the storage ring by Zhao Ling.

Immediately afterwards, Zhao Ling's thoughts exploded out, scanning the surrounding tens of kilometers of space in an instant.

"Huh? It turns out that the spaceship is ten kilometers below that titan's cave."

Zhao Ling thought of this and flew out directly along a small cave to the outside world.

When he came out to the huge cave entrance, Zhao Ling saw the dead Titan lying on the ground.

But just after Zhao Ling casually glanced at the titan, a powerful aura erupted in the sky instantly!

Feeling this momentum, Zhao Ling frowned slightly.

"Starlight First Stage?!"

Zhao Ling immediately learned of the opponent's Realm.

Of course, this Starlight First Stage is slightly stronger than the most common Starlight First Stage, and is equivalent to an ordinary Starlight Second Stage.

If this combat power fights against the starlight Fifth Stage titan without any Martial Skill, Cultivation Technique weapons, although it will not be easy, it will definitely not be difficult!.

"Is this the teacher of Zunhuang Academy?" Zhao Ling frowned slightly.

Zunhuang Academy, the academy that is spread in the legend of Yan Martian.

However, this academy seems to have little allure for Zhao Ling now!

"You are Zhao Ling!!!"

At this moment, a high-pitched voice came down from the sky. .

Fantasy I Pick Up Attributes In The Future

Chapter 89: The Horrible Zhao Ling! ! (55)

I saw a middle-aged man looking at Zhao Ling with cold eyes, but raised his eyebrows slightly when he saw the titan next to Zhao Ling.

And Zhao Ling actually saw a trace of greed in the other party's eyes!

"Young master, the corpse of a Starlight Fifth Stage is definitely worth a fortune, so this person must be trying to trick Big Bone's corpse from you!"

And Old Soul's voice also reached Zhao Ling's mind!

"You want to lie to me? Tsk tsk, I didn't intend to take away the big bone's corpse, but since he has evil intentions, let's see how much he has."

Zhao Ling smiled disdainfully, and then flew towards the sky god!

"By the way, young master, the dean of Zunhuang Academy is a person who hates evil and hates everything. I can help you make some interesting videos!"

At the same time, the words of Old Soul smiled and reached Zhao Ling's ears!

"It's time to work!!"

Zhao Ling chuckled, and immediately came to the opposite of the middle-aged man!

"Who are you!!!"

Zhao Ling asked the other party coldly!

The middle-aged man frowned slightly when he heard Zhao Ling questioning himself!

"I am the tutor of the Martial Dao Department of Zunhuang Academy, Bayanhan! How did Xueluo No. 1 die?!"

The Xueluo No. 1 in Bayanhan's mouth is naturally the dead titan.

"How did you die? Naturally, I killed it. You said that you enjoy the tutor of the academy? What proof?"

Zhao Ling shook his right hand as he spoke, and a 187 spear appeared in his hand.

"Hahahaha, I said I am, I am, why do you need to prove that you killed Xueluo No. 1? Boy, you have to make a draft for lying, but because of your Talent, this matter will not be pursued, I I now formally invite you to join Zunhuang Academy!"

Bayanhan said that he tapped his watch a few times, and at the next moment, a spaceship quickly flew over Zhao Ling.

A few mechanical arms stretched out to take away the titan's body!

"Boom boom boom boom!!!!"

However, with a few loud noises, the mechanical arm exploded instantly.

The next moment, the spear that shattered the mechanical arm returned to Zhao Ling's hand in an instant.

"My things, are you able to take them away if you want?"

Zhao Ling took a cold look at Bayanhan!

In an instant, Bayan Jun's face became extremely ugly!

"Boy, you are courting death!!!"

With a roar, Bayanhan instantly slapped out his palm.

"Hmph, so the tutor of Zunhuang Academy is this kind of virtue?"

Zhao Ling smiled dismissively, and then slapped out the same palm with his left hand.

"Dayan Divine Palm!!!"

At the next moment, the two palms collided instantly, and Bayanhan suddenly felt a terrifying force coming from Zhao Ling's hand (chfj).

"boom!!!!!"

With a loud noise, Bayanhan flew upside down, mouthfuls of blood sprayed out of his mouth in the sky.

"brush!!!!"

The next moment, a figure appeared in front of him in an instant, pinching his neck!

"Tsk tsk tsk, so this is the tutor of Zunhuang Academy, he is so weak, I really don't know how you got into Zunhuang Academy!"

Zhao Ling's disdainful laughter made Bayanhan's face extremely ugly,

But there was more fear in his eyes.

"Impossible, how can you, a person from a small planet, have such powerful strength!!"

Bayanhan's hoarse voice came, but he didn't dare to move.

Because the strength in Zhao Ling's hands let him know that as long as he dares to move, he will die!

"There are so many impossible things in the world, but I just don't know, who gave you the courage to lie to me even for my things!"

Zhao Ling's cold words made Bayanhan tremble all over.

"I am the tutor of Zunhuang Academy. If you treat me like this, aren't you afraid of being sanctioned by Zunhuang Academy?"

Bayanhan sorrel said restrainedly.

"Is Zunhuang Academy? I'm just curious, if Zunhuang Academy is full of unreasonable people like you, then what qualifications do you have to become the first school of Zunhuang Galaxy!"

Zhao Ling's disdainful words let Bayanhan know that Zhao Ling doesn't care about the so-called Zunhuang Academy at all.

Then Zhao Ling's fist hit the opponent's face fiercely.

A series of shrill screams were transmitted in the sky.

However, at this moment, a spaceship flew here rapidly!

The next moment, an old man appeared on the deck of the spaceship!

"Zhao Ling, you kid is not dead!!"

The Chief of Law Enforcement looked at Zhao Ling in surprise.

After Zhao Ling's accident, he came to Blood Network Star. However, after searching for several days, he couldn't find any trace of Zhao Ling.

I didn't expect to discover Zhao Ling's breath of life just now.

"Head of Law, you came all the way to ask if I'm dead or not?"

Zhao Ling said angrily.

However, after hearing the conversation between the two, Bayanhan in Zhao Ling's hands suddenly changed his face!

"This is Yan Martian's law enforcement chief? I'm your mentor friend, Bayanhan, can you ask Zhao Ling to let me go first, and talk about it if you have something to say!!"

Bayanhan quickly made friends.

However, his words made the head of law enforcement look cold!

"Master Bayanhan's strength is Starlight Second Stage, Zhao Ling is only in True Qi Realm, you dare to pretend to be Master Bayanhan, Zhao Ling teach me a lesson!" Looking at this pig head, the law enforcement chief snorted coldly.

Bayanhan's complexion changed drastically at the coaxing words of the Chief of Law Enforcement.

"Okay, Marshal, I'll teach him a lesson now!"

Zhao Ling also suppressed a smile secretly, and then with a wave of his left hand, he directly threw the bayan room into the sky.

Bayanhan, who had regained his freedom, wanted to run away.

However, the next moment, a chill came out from his back.

I saw that Zhao Ling had come behind him at some point, The next moment Zhao Ling kicked out loudly!

"Crack!!!!!"

With a crisp sound, Bayanhan's entire body was directly snapped into two under the terrifying force!

At the next moment, Bayanhan smashed towards the ground like a meteorite.

It's so fast that the law enforcement officer can't even see it!

"!!!!!!!"

There was an earth-shattering bang, and the entire planet seemed to shake.

The next moment a terrifying mushroom cloud rose from the earth.

This time, the law enforcement officer finally realized that something was wrong.

Because he didn't even see the movement he just found.

And looking at the terrifying mushroom cloud rising more than ten kilometers above the ground, he couldn't help swallowing!

"Zhao Zhao Zhao Zhao Zhao Ling, you you you... Your strength has become so terrifying!?"

The Chief of Law Enforcement stammered and asked Zhao Ling who flew to his side.

"Let's go, it's time to go back!!"

Zhao Ling smiled and didn't say much!

"By the way, young master! Please help me kill several other Starlight Realm clones. The clone traces left on those human clones are a bit serious!"

Suddenly, Old Soul's voice sounded in Zhao Ling's mind.

"Okay, give me the coordinates!!"

Zhao Ling nodded!

"Head of Law Enforcement, take me to these coordinates first!"

Zhao Ling returned to the spaceship with the law enforcement chief who was dizzy and glanced at the terrifying crater on the ground from time to time, and then said with a smile!!

"Ugh! Good good!!"

The chief law enforcement officer was taken aback and said quickly.

The next moment, the spaceship instantly disappeared in place.

And soon, there were shrill roars from all over the Blood Network Star. .

Fantasy I Pick Up Attributes In The Future

Chapter 90: Seven Million Kg! ! (15)

"boom!!!!!"

With a loud bang, the last bloody titan was killed!

His body was also burned by Zhao Ling's terrifying fire ability in the next instant.

"Ding... Congratulations to the host for picking up the heavenly treasure chest*3!"

"Ding... Congratulations to the host for picking up the power attribute: 150,000, and getting the power value: 150,000 points"

"Ding... Congratulations to the host for picking up Qi and blood attributes: 150,000, and obtaining Qi and blood points: 150,000 points"

"Ding... Congratulations to the host for picking up the speed attribute: 8000, and getting the speed value: 8000 points"

"Ding... Congratulations to the host for picking up the soul attribute: 15000, and getting the soul value: 15000 points"

Just killing seven starlight Realm titans already got so many ~attribute points!

However, when killing the seven titans, Zhao Ling conveniently wiped out a tribe of hundreds of thousands of blood clans.

Obtained various attribute points of two million - more than ten thousand!

Even the treasure chests have accumulated hundreds of them!

"Let's go Marshal!!!"

Zhao Ling returned to the spaceship and the law enforcement officer looked at Zhao Ling like a monster!

However, the law enforcement chief still started the spacecraft and flew towards Yan Mars.

As for the matter of Bayanhan, the law enforcement chief also consulted his mentor.

But his mentor just said: "If you fight, you can fight, as long as Zhao Ling is happy."

This point finally let him know that for Zunhuang Academy, a powerful genius is really everything.

At the same time, he also learned that the dean of Zunhuang Academy will come to Yan Huxing to apologize in person after a while.

With the roar of a spaceship, a three-spaceship turned into a streamer and flew towards Yan Mars.

Not long after Zhao Ling left, a figure flew to the side of Bayan Room!

"Hey, isn't this Master Bayanhan? How can you be so awesome!?"

Zhao Wou-ki smiled and looked at Bayanhan who was lying on the ground covered in broken bones and about to burp.

One must know that Bayanhan's character is well known, Zao Wou-ki had reminded him not to make trouble when the other party just came to Blood Network Star.

Who knew that Goubi really thought he was a member of Zunhuang Academy, so no one dared to touch him.

"Zhao Wou-ki, just wait for me!!"

Bayanhan gave Zhao Wou-ki a hard look.

"Fuck, I wanted to save you, but now you just wait for the academy to come!"

Zao Wou-ki, who was warned, became angry, and sprayed his saliva on the opponent's face, and then he activated the wind ability and disappeared in place!

Bayanhan, who was trembling with anger, was left behind.

Virtual Universe! On the arena of Long Xiao Qianlong List, a huge figure is fighting with a figure with a spear in his hands!

Every spear thrust of the huge figure carries infinite power.

And the boy opposite him was also unusually calm.

"What is the background of this person? In just half a month, he went directly from a newcomer to the top 1,000!"

The long sword in the hands of the youth of the Tianling Human Race frantically resisted the giant Zhao Ling.

And Zhao Ling's every attack can knock him backwards for several kilometers!

"Lei Yan Flowing Fire Saber Formation!!!"

Suddenly, with a low shout, ten purple-red streamers exuding infinite power rushed out of the void in an instant.

"Not good, due to peak level Martial Skill!!"

The expression of the young man from the Tianling tribe suddenly changed.

"Sky Spirit Fire Sword Technique!!"

Also a Heaven Rank Martial Skill erupted from his hands instantly, but his proficiency was only 50%.

The moment the two Martial Skills came into contact, his long sword was shattered into countless light spots by a few beams of red light!

The next moment, his body was also instantly pierced by ten fist-sized Gulong!

"Boom!!!!!"

The Sky Spirit Tribe boy smiled helplessly, and finally his body turned into a burst of light!

And in his spot of light is a silver treasure chest shining with Spiritual Qi.

"Congratulations to player Zhao Ling, for defeating the opponent! The rank of Long Xiao Qianlong Ranking has been raised to: 845!!"

Following the sound of a reminder in the sky, Zhao Fan's body after being transformed into a giant ten times slowly returned to its original state!

"Phew! The energy consumed by the gigantic ability is really too much!"

Zhao Ling shook his head helplessly!

"Unexpectedly, the top 1,000 players on Long Xiao's potential list are all Starlight Realm!"

Zhao Ling's eyes flashed. Although they are all Starlight Realm players, each of these Starlight Realm players has the strength of the peak starlight.

Of course, some are only Starlight Realm 1 Second Stage, while others have reached 4 Fifth Stage. It's just that the strength is sorted according to the ranking.

Some Starlight Three Fourth Stages can even explode with the peak fighting power of Starlight Realm!

Zhao Ling finds this unbelievable!

After all, the difference in strength is nearly a hundred times the difference!

"On the whole, I don't use guardian spirits now, and my combat power is around the Starlight Seventh Stage. If I use guardian spirits, I should be able to explode at the peak strength of Starlight Realm!"

Zhao Ling's eyes flashed, Zhao Ling has been cultivating in the virtual universe since he came from the Blood Network Star ten times.

This practice takes half a month.

And Zhao Ling has been specially arranged by the law enforcement chief as a special instructor of the elite training camp!

..... Seeking flowers o

As for the reason, Zhao Ling's combat power in the starlight realm can already explain everything.

The next moment Zhao Ling received this rare treasure box into his sea of consciousness with a thought.

"Ding... Congratulations to the host for picking up the heavenly treasure chest*1"

"Ding... Congratulations to the host for picking up the power attribute: 5000, and getting the power value: 5000 points"

"Ding... Congratulations to the host for picking up Qi and blood attribute: 5000, and getting Qi and blood value: 5000 points"

"Ding... Congratulations to the host for picking up the speed attribute: 250, and getting the speed value: 250 points"

"Ding... Congratulations to the host for picking up the soul attribute: 500, and getting the soul value: 500 points"

With a series of system prompts, Zhao Ling's attributes have been raised again!

However, the attributes dropped by people in the virtual universe are only one-tenth, so it is useless!

But Zhao Ling has accumulated nearly fifty heavenly treasure chests!

After all Zhao Ling

There are countless treasure chests of other levels.

"System, help me open all the treasure chests!!"

Zhao Ling's eyes flashed and he spoke directly to the system.

"Ding... Congratulations to the host for opening: mortal-level treasure chest*8250, spiritual-level treasure chest*2350, earth-level treasure chest*389, heaven-level treasure chest*48, congratulations to the host for obtaining the following items:

Ordinary Weapon*4842, Ordinary Martial Skill*3733, Ordinary Medicine Pill*1833,

Spiritual Weapon*558, Spiritual Martial Skill*719, Spiritual Medicine Pill*923

Level Weapon*51, Level Martial Skill*27, Level Medicine Pill*41

Heavenly Weapon*7, Heavenly Martial Skill*18, Heavenly Medicine Pill*10

Experience: 10 million

Attributes: speed value: 200000, strength value: 4000000, vitality: 4000000, soul: 400000"

At the next moment, terrifying forces poured into Zhao Ling's body

Zhao Ling's body was transforming crazily as if reborn.

Bursts of powerful aura erupted from Zhao Ling's body, shaking the surrounding earth violently.

And with every vibration of the earth, Zhao Ling's physical strength increased by a bit.

After pouring into Zhao Ling's body, it fell completely silent, and Zhao Ling suddenly opened his eyes.

A majestic True Qi emerged from his body.

"call!!!!!"

Zhao Ling spit out a foul breath

"Crackling!!!"

Zhao Ling's body moved slightly, and the next moment terrifying power zones erupted in his body.

"The physical strength of seven million kilograms is really strong!! Ten!"

Fantasy I Pick Up Attributes In The Future

Chapter 91: Tianyan Powerhouse Battle! ! (25)

"Seven million kilograms of physical strength is really powerful!!!"

A trace of satisfaction flashed in Zhao Ling's eyes!

"By the way, there are still some Heaven Rank Martial Skill Cultivation Technique, and weapons, let's see what good things are there!!"

Zhao Ling remembered the heaven-level items he opened and clicked on the storage bar.

"Hey, this weapon is domineering!!!"

Zhao Ling's eyes suddenly lit up, and he took out a spear from the storage department.

"Thunder Dragon Spear (Peak of Heaven Rank): A long spear refined from Heaven and Earth Thunder and Star Fire, which can enhance the combat effectiveness of Thunder and Fire attributes!"

Zhao Ling looked at the purple-red Carved Dragon Spear in his hand, then swung it a few times, and the air around him burst into bursts.

"Great gun!!!!"

Zhao Ling couldn't help but praise.

However, this long spear is not the only one suitable for Heaven Rank weapons!

"Meteorite Flying Daggers (Peak of Heaven): A set of Flying Daggers made from the core meteorite after the fall of the small planet, ten handles in quantity!"

This set of knife formations just allowed Zhao Ling to solve the dilemma that the Flying Daggers on the ground level had no effect!

After all, Zhao Ling's opponent is no longer a Grandmaster powerhouse, but a Starlight Realm powerhouse.

However, when Zhao Ling saw one of the Cultivation Techniques, he was stunned!

"Vajra Immortal Art (the first four volumes, the peak of the sky!): The legendary Cultivation Technique, after cultivation, the defensive power and destructive power are several times the same rank,

Practice to great success, even if the galaxy is shattered, it will not hurt the practitioner at all!

Although there are only the first four volumes, if you practice to the great success, you can also increase the physical defense by ten times and the destructive power by five times!

Cultivate to the limit, need experience value: 2 million.

Zhao Ling looked at this Vajra's not bad magic, it was so awesome.

In addition, the Cultivation Technique of the peak of the sky can only increase the combat history by four or nine times at most.

And Vajra's indestructible magical power can only increase the combat power by five times, and it can also increase the physical defense power by ten times!

"The complete Vajra indestructible magic can resist the destruction of the galaxy, awesome! But the first four volumes are already very good! But the experience value needs to be twice that of the ordinary Tongtian peak Cultivation Technique!"

Although complaining about the need for a lot of experience points, Zhao Ling still couldn't help but directly spent two million experience points to directly raise the Cultivation Technique to the peak!

At the same time, Zhao Ling also directly learned the sky-level marksmanship from Mr. Hun!

"Yin & Yang Crazy Dragon Spear (Peak of Heaven Rank): A powerful shooting skill that can only be learned by Yin & Yang ability owners. Practice to the limit to increase combat power by 30 times!

Cultivating to the limit requires 1 million experience points!"

The next moment Zhao Ling's experience points directly disappeared by three million.

"System, upgrade all skills to intermediate proficiency!"

Immediately after Zhao Ling gave another command to the system, the four million experience points disappeared again.

Experience: 3.75 million

With a strength of 7 million kg, Zhao Ling would have been very happy if it had been before, but when he saw the scene of the blood king waving his hand to destroy the Milky Way, Zhao Ling suddenly lost a trace of happiness.

Instead, there is a lot of pressure.

"The strength is still very weak!"

Zhao Ling sighed quietly!

Right now, he is no match for a star-level powerhouse, let alone a more powerful star-level powerhouse!

"Attention, attention, all the citizens of the Kingdom of God in the Tianyan Universe's boudoir, please pay attention!"

However, at this moment, a loud voice came from the sky of the virtual universe!

Suddenly, Zhao Ling's eyes flickered, and he disappeared in place in an instant!

The next moment Zhao Ling found himself on a flat ground!

And own is surrounded by endless people!

"It's actually an urgent notice from the Divine Kingdom of Tianyan Universe!"

"Emergency notifications that don't necessarily occur once in millions of years? What's going on here?"

"Did something big happen?"

Zhao Ling Zhao Ling was slightly taken aback when he heard the questions from the people around him. The size of the Tianyan Universe is unimaginable. After all, under the Tianyan Universe, it rules hundreds of millions of universe empires like the Longxiao Universe Empire. .

Underneath there is the Kingdom of Universe, the Principality of Universe, and the Milky Way is at most at the same level as the Principality of Universe.

It can be said that as long as it is a casual word from the Divine Kingdom of Tianyan Universe, let alone the Milky Way [that is, it informs the digitalized Galaxy including the Milky Way, the kingdom of the dry universe, including the Galaxy, can be destroyed in an instant!

"Everyone!!!"

And at this moment, that loud voice sounded again.

The next moment Zhao Ling felt the surrounding endless world Spiritual Qi rushing towards the sky!

The endless heaven and earth Spiritual Qi plus a variety of mysterious and mysterious forces poured into the sky, condensing a majestic figure in the sky!

"Laws and signs! Ability only possessed by the strong at the level of immortality!!!"

"Indeed, the power of law that I comprehend is actually worshiping the other party.

Not far from Zhao Ling, some terrifying strong men exuding a destructive aura looked at the terrifying figure in the sky in horror.

"Eternal life level powerhouse, what level is this?"

Zhao Ling's eyes flickered slightly. Among the levels he knew, above the Starlight Realm was the Starry Sky, and above the Starry Sky was the Xinghai Level!

Above the Sea of Stars, Zhao Ling doesn't know!

"Looks like I'm going to go back and catch up on the basics of Universe!"

Zhao Ling thought helplessly.

If you don't even know the most basic Realm, this is a bit too much!

And at this moment, the god-like figure in the sky spoke!

"Everyone, there is only one thing to call everyone here today! Seven days later, it will be the founding day of the 30,000 era of my Tianyan Universe, so, seven days later, the Tianyan Empire will hold the opening ceremony of this era. Fight against the strong Tianyan!"

The majestic voice in the sky echoed in everyone's minds!

Hearing this, everyone looked at the sky in surprise!

"Tianyan strongman battle? This is a gigantic event that only happens once in a billion years!"

"That's right, the last time it was held was 100 million years ago. I didn't expect that because of the founding era of the Kingdom of God, it would be huge ahead of time!"

"I thought it would be impossible for me to get my hands on Tianyan Shenshan in my whole life. I didn't expect such a chance in my lifetime!?"

Intense discussions rang out around Zhao Ling, and Zhao Ling roughly knew what was going on from the narratives of these people

Every billion years of the Tianyan Divine Kingdom, there will be a giant battle of the Tianyan strongman!

The competition rule of the strong man's battle is that every citizen of the Tianyan Empire can sign up to participate in the strong man's battle!

Strong players of different levels will be assigned to different arenas!

In the end, the top 10,000 of each level will be selected as the final winners, and the winners will be able to enter the Tianyan Divine Mountain to practice!

"Tianyan strongman battle? Proof of the strongman? It seems that there will be something to do in the future!"

Fantasy I Pick Up Attributes In The Future

Zhao Ling looked at the figure in the sky and thought to himself!

In this boundary of the Milky Way, if you want to grow rapidly, you can do it, but the resources and the number of strong people are not compared to the entire Tianyan Kingdom and Longxiao Empire, even the number of geniuses who are one-hundred millionth of the Heavenly Prison Kingdom. It is not comparable to people in the Milky Way.

"The current galactic human race can't even unify the Milky Way, let alone expand outward! That is to say, if the human race wants to grow up, it must take trillions of years to develop, or I can enter the Tianyan Mountain!! "

Zhao Ling knows what a superpower means to the development of a race!

This is the case with the Bloodline Clan, if there is not such a super strong man as Own's cheap master, the Bloodline King, the Bloodline Clan is still just a small principality now!

Of course, there are advantages and disadvantages, if it is not because the blood king offended the strong, the blood kingdom will not be wiped out!

Now it will not be occupied by the dry prison kingdom to occupy all the galaxies!

"Registration will start after I finish my speech! As for the competition, it will be seven days later at Universe: eight o'clock, everyone, please remember not to be late!"

After saying this, the terrifying figure in the sky slowly turned into the endless world Spiritual Qi, and disappeared from everyone's sight!

"Attention: Registration for the Tianyan Powerhouse Tournament has started, and those who need to register can just communicate with the guide directly!"

At this moment, a mechanical reminder sounded in the sky.

The next moment Zhao Ling found that the strong people around him started signing up immediately!

However, just when Zhao Ling wanted to sign up, he was attracted by what happened on the side.

I saw an attribute suddenly drop from a strong man not far from Zhao Ling!

"Strength: 80000"

In an instant, Zhao Lengmei realized that he is now in the virtual universe!

And the most indispensable thing in the virtual universe is the strong. Of course, it is absolutely impossible to meet the strong at will, and if you see them, you will not be lied to.

Before Zhao Ling spent half a month in the virtual universe, he hardly came into contact with any strong players.

However, it's different here!

There are countless strong people here, and even the strong people above the Star Sea Realm don't know how many.

"The power of 80,000, the attributes dropped in the virtual universe are one-tenth, that is to say, this person's strength is the Starry Sky Realm?"

Zhao Ling's eyes flashed, and he hurried over to pick it up.

In this hall, no one can use their own power. After all, if the strong can attack at will, a casual slap can kill countless people!

Therefore, Zhao Ling can only bend down to pick up attributes in a hard way!

"Ding... Congratulations to the host for picking up the power attribute: 80,000, and increasing the power value: 80,000 points"

The next moment Zhao Ling's thoughts spread towards the surroundings in an instant!

In an instant, attributes poured into Zhao Ling's body one by one!

"Ding... The host picked up the attribute: 40,000 points of blood, increase the value of blood: 40,000"

"Ding... The host picked up attributes: Strength 60,000 points, increase strength value: 60,000"

"Ding... The host picked up the attribute: soul 8000 points, increase the soul value: 8000"

"Ding... The host picked up the attribute: speed 4000 points, increase speed value: 4000"

A series of system prompts echoed in Zhao Ling's every day.

But Zhao Ling found that almost all of these attribute points were below the Starry Sky Realm.

There is simply no powerhouse above the Starry Sky Realm.

And the treasure chests are almost all sky-level and earth-level, and the starry sky Realm will not even drop the treasure chest.

This made Zhao Ling a little puzzled.

"System, is this the case?"

Zhao Ling asked suspiciously

"Ding... The ability of the system to extract attribute points from other people's bodies is based on the strength of the host. The stronger the strength of the host, the stronger the level of the target that can be extracted.

And the treasure chest depends on the loss of the opponent to condense, so unless the host's current strength is fighting with the Starry Sky Realm, the Starry Sky Treasure Box will not drop!"

The systematic explanation made Zhao Ling finally understand how the own attribute came from!

No wonder the chance of dropping attributes is much higher when you kill others!

However, this is the case, Zhao Ling also picked up nearly one million attribute points in just one minute!

"Stay time up!!!"

However, just a full minute later, a loud voice suddenly came from the sky.

After a while, Zhao Ling's eyes blurred, and he returned to his personal warehouse!

"Picking up a million attributes in a minute, it would be great if there is telekinetic power!"

Zhao Ling shook his head helplessly!

But he knows that after the strength has reached a certain level, pure strength is no longer the decisive factor in the battle!

"By the way, I haven't signed up yet!"

Only then did Zhao Ling realize that in order to pick up attributes, he had forgotten the most important things!

"I want to sign up for the Tianyan Powerhouse Battle!!"

Zhao Ling said solemnly to the sky.

"Okay, Mr. Zhao Ling! Please choose the level you want to sign up for!!"

A familiar voice came from the sky.

"What grades can I apply for?"

Zhao Ling's eyes flashed, and he took advantage of this time to ask!

""The Tianyan strongman battle is a competition for all the strongmen below the Immortal Realm. Therefore, the contestants can only be those below the Immortal Realm.

And starting from the lowest Body Tempering realm, it is divided into:

Body Tempering realm ring,

True Qijing Arena,

Grandmaster realm arena,

Starlight Arena,

Star Arena,

star sea arena,

Universe Ring,

domain master arena,

And the last World Master Stage arena!

And Mr. Zhao Ling is a True Qi Realm expert, so except for the Body Tempering realm arena, he can participate in all other arenas!

Reminder: The fighting power of the champion of the last True Qi Realm is comparable to that of the Starlight Realm Fourth Stage powerhouse!"

Zhao Ling couldn't help swallowing his saliva from the guide's prompt. The True Qi environment is comparable to the Starlight Realm Fourth Stage? In other words, the combat power is the same as if he didn't use Juhua or Dark Gold Dragon Armor!

"Sure enough, this one still can't underestimate any strong man in this world!"

Zhao Ling's eyes became a little dignified!

Of course, if others know that even if Zhao Ling keeps two cards that can be stacked, his strength is still comparable to that of the last ring leader (what?), they will definitely be scared to death!

"But since my current strength is the Starlight Realm, then I will sign up for the Starlight Realm Arena!"

Zhao Ling didn't put the guide's warning To put in one's eyes at all, and directly reported to the ring which is two higher than his own Realm!

"Mr. Zhao Ling, please confirm whether you want to apply for the Starlight Realm Arena. Reminder: The combat power of the previous Starlight Realm Challenger is comparable to that of the top stars in the Starlight Realm!"

The guide reminded Zhao Ling again.

Zhao Ling couldn't hear the slightest fluctuation from this reminder!

"confirm!!"

The corner of Zhao Ling's mouth raised slightly, and he said directly to the guide!

"Tianyan Universe Divine Kingdom——Long Xiao Universe Empire——Prison Universe Kingdom Citizens: The Emperor of the Milky Way, Galaxy Yan Mars, Zhao Ling, confirms his registration for the Tianyan Strongman Tournament, and the Starlight Realm will compete! The start time is 7 days The following universe time: 8:00, please prepare in advance!"

As the cold voice of the guide echoed in the air, Zhao Ling's figure also disappeared into the virtual universe!.

Fantasy I Pick Up Attributes In The Future

Chapter 93: Cutting Off Children And Grandchildren! (45)

"Phew!! Half a month of Closed Door Training is finally over!!"

Zhao Ling stood up from the bed, the virtual universe access device was just a helmet, and Zhao Ling had already brought it home.

Zhao Ling walked out of the room and saw Xue'er trimming flowers and plants in the yard.

"Sher!!!"

Zhao Ling smiled and called out to Xue'er.

Hearing Zhao Ling's voice, Xue'er quickly turned back!

"Brother? Are you out of Closed Door Training?"

Xueer rushed towards Zhao Ling in surprise and plunged into Zhao Ling's chest!

"You, you, you are so old, you still can't change this problem!"

Zhao Ling is also helpless, Xueer likes to nest in her arms when she can't see her before, and she still does it now!

"Hmph! Big Brother, you have been practicing since you became a Practitioner, and now you can't even hug him!"

However, Xueer ignored Zhao Ling and kept hiding!

"Okay, okay, let's go, brother will take you out today to have fun!"

Zhao Ling smiled helplessly.

Then he took Xue'er's little hand and walked outside.

"Wait bro, I'll call Sister Bai!"

Suddenly, Zhao Xue quickly shook off Zhao Ling's hand and rushed into the room!

However, Zhao Ling was stunned, Sister Bai?

Isn't that Bai Ningshuang? Why is she in her own home?

Soon, Zhao Xue dragged the reluctant Bai Ningshuang down the stairs.

"Let's go brother!!!"

Xue'er smiled cheerfully, then took one with each hand, and walked out towards the door of Villa 507.

Along the way, Zhao Ling also found out why Bai Ningshuang was at her home!

The reason is to own this Little Sister!

After starting Closed Door Training by herself, Zhao Xue used her own training equipment and Zhao Ling as a sparring partner, and tricked Bai Ningshuang over.

You know, Zhao Ling bought this villa later, but spent tens of billions of star coins. It can be said that only the law enforcement chief's home on the entire planet is more luxurious than his cultivation equipment.

After all, they are the top match in Zunhuang Galaxy.

And there is also Zhao Ling, the mentor of the elite training camp, as a training partner.

Bai Ningshuang, who is a cultivator, knew this and agreed without saying a word.

However, even though there was no accompanying training partner from Zhao Ling, the complete training equipment made Bai Ningshuang linger on, much more luxurious than the training equipment in Imperial University!

Under the leadership of Xueer, the three of them came to the most prosperous street in the imperial capital.

Looking at the happy and lively Xueer, Zhao Ling felt extremely relieved.

"It seems that the unhappiness in childhood did not bring much psychological trauma to Cher!"

Zhao Ling smiled!

"By the way, Xiaoshuang, thank you for taking care of Xueer for such a long time!"

Looking at Bai Ningshuang's delicate face, Zhao Ling said gratefully.

When Zhao Ling went to the foreign recruitment assessment, if Bai Ningshuang hadn't guaranteed Xue'er's safety, Zhao Ling knew that he would never go to the assessment with peace of mind!

And he wouldn't increase his strength so much and kill Cheng Yueshan in the end!

"No, this is what I should do, and your cultivation equipment is quite easy to use!"

Bai Ningshuang still took a cold look at Zhao Ling.

However, the slight smile that appeared unconsciously on the corner of her mouth exposed her heart.

After Zhao Ling noticed it, a throbbing flashed in his heart, but thinking of that terrifying giant hand, Zhao Ling suppressed what he almost said.

"There is no real person in the training equipment, Xue'er promised me to be your training partner, don't be disgusted!"

A smile appeared on Zhao Ling's face.

Bai Ningshuang was taken aback after hearing Zhao Ling's words, and then rolled her eyes at Zhao Ling.

However, when the two were talking, there was a disgusting voice in front of them!

"Hey! Beauty! Alone, do you want me to go shopping with you?"

I saw a carefree young man who saw Xueer walking in front of her alone, and came over with a smile to strike up a conversation.

Hearing this, Zhao Ling frowned immediately.

However, the next moment, his face suddenly changed.

Seeing that Xueer, who was originally as cute as a little rabbit, moved instantly, The next moment kicked the opponent's foot rightly under the opponent!

"Crack!!!"

There were two voices that made the legs of all the men around tighten their legs.

The young man's face instantly changed from pale to black.

After glancing at the innocent Xue'er in disbelief, she rolled her eyes, fell to the ground and passed out.

"Ah! Sister Bai, what happened to him? He won't die!?"

Xue'er hurriedly ran to Bai Ningshuang's side, and asked with a look of fear. (cheb)

"I can't die!!"

Bai Ningshuang glanced indifferently at the man lying on the ground, then patted Xue'er on the head!

"Ah! Xue'er, who taught you this trick!"

Although Zhao Ling already knew the answer, he still couldn't help asking!

"Of course it's Sister Bai, Sister Bai said, although my current strength is also Body Tempering Fifth Stage, but I don't have any fighting ability, so I taught me a few tricks to deal with perverts!

Xueer is embarrassed to say that!

After hearing this, Zhao Ling subconsciously clamped himself down.

He almost confessed his love to Bai Ningshuang just now, if the other party did this to him, it would be sour to think about it.

Although now he has practiced Vajra's indestructible magical skill, and Bai Ningshuang can't break the defense at all, but who would want to be kicked under own!

"Well, we will use this method to deal with this kind of people in the future, don't show mercy!"

Zhao Ling nodded in satisfaction, Xueer's actions showed that she would not be easily fooled by others.

However, he didn't know how many eunuchs of the new era he indirectly created after he said this sentence.

As for the unconscious brother lying on the ground, Zhao Ling and the others ignored him.

The two siblings, who were bullied by bad kids since they were young, don't have a lot of sympathy, because they are not a hooligan.

The day passed quickly.

Zhao Ling took two beautiful girls with him, and everyone who saw them along the way was very jealous!

Of course, there are also some unsightly people who come up to strike up a conversation, and all of them end up becoming residents of the hospital!

At night, in the huge practice room in Zhao Ling's home!

Holding a white long sword, Bai Ningshuang stared at Zhao Ling coldly!

"Just do it!!"

In order to respect each other, Zhao Ling holds a spear in his right hand!

But the power emanating from the spear is only mortal!

Bai Ningshuang nodded slightly, The next moment, the terrifying ice breath poured into the long sword in her hand in an instant!

The next moment her figure floated towards Zhao Ling rapidly.

"Ice Sword Art!!!"

With a soft drink, sword shadows followed by pieces of snowflakes fell towards the ground.

And Zhao Ling is also in The next moment motivation.

Zhao Ling's long spear quickly slammed into the sword shadows!

"Clang clang clang..."

A series of crashing sounds spread throughout the surrounding space.

At the same time, the figures of the two people staggered rapidly in the entire training room!

The only difference is that Ri's figure carries a hint of sharpness in its gentleness.

Even when swinging the long sword, the body is incomparably soft and beautiful!

But Zhao Ling's movements are bold and domineering, and at the same time, there are sharp edges in the shadow of the gun!

Because it was a sparring partner, although Zhao Ling had countless chances to defeat the opponent in an instant, he still fought the opponent for nearly three hours.

In the early morning of the next day, Zhao Ling, who seldom had a good night's sleep, was awakened by a hasty bell!.

Chapter 94: Respect The Emperor! ! (55)

Zhao Ling opened his eyes and answered the phone helplessly!

At the next moment, the old figure of the law enforcement officer appeared on the screen!

"Zhao Ling, you're finally out! If someone hadn't seen you in the imperial capital yesterday, I thought you were going to be locked up!"

Listening to the chief law enforcement officer's complaint, ~ Zhao Ling felt helpless!

"I also just came out yesterday, you are always in such a hurry, is there something-urgent?"

Zhao Ling asked suspiciously!

Generally, the chief law enforcement officer would not contact him so eagerly unless there is really something-urgent matter!

"There is indeed an urgent matter! Didn't I tell you before that Zunhuang Academy will send people? They will arrive soon. And the purpose of their visit this time seems to be to recruit you into Zunhuang Academy!"

The law enforcement chief smiled happily!

However, after hearing this, Zhao Ling smiled dismissively.

"Didn't they come just once last time? It's just that I remember it very clearly. The brother named Bayanhan seems to want to grab my spoils. "He even wants to kill me!"

Zhao Ling's disdainful words stunned the Chief of Law Enforcement!

If you think about it carefully, it seems to be true, but that is Zunhuang Academy, the most powerful school in the entire Zunhuang Galaxy.

If Zhao Ling really broke up with them! The thing is absolutely unimaginable!

"Zhao Ling, listen to me, I asked my instructor, that Bayanhan was not very popular in Zunhuang Academy,

Now because of your matter, the head of Zunhuang Academy has personally ordered him to be expelled from Zunhuang Academy, and now he is just an ordinary Starlight Realm powerhouse!"

The law enforcement chief quickly persuaded Zhao Ling.

After Zhao Ling heard this, he was noncommittal. In this world, the strong are definitely respected. If Own was weaker than Bayanhan and was killed by the opponent, Zunhuang Academy would just turn a blind eye!

"They come when they want to, and if they want to see me, let them come to me in person!"

After Zhao Ling finished speaking, he hung up the phone!

However, the chief law enforcement officer on the other side of the phone shook his head helplessly.

He already knew Zhao Ling's temperament, if he hadn't stopped him back then, Bayanhan would have been killed by him in seconds!

Now this attitude is also reasonable!

"Hey, I hope the mentors of Zunhuang Academy will not be angry when they come!"

The law enforcement chief sighed helplessly!

"boom!!!!!"

However, at this moment, a huge roar suddenly appeared over the headquarters of the Yan Mart Martial Dao Alliance.

And this roar is unique to the spacecraft.

At the same time, two powerful auras appeared in the sky.

The surrounding air became thinner.

Practitioners of the entire Martial Dao Alliance, the supernatural beings feel that these two forces are horrifying beyond measure!

"Too bad, it's people from Zunhuang Academy who are here!"

The chief law enforcement officer's face changed slightly, and he immediately flew into the sky with a burst of thought power!

Flying out of the top floor of the Martial Dao Alliance, he saw a streamlined fiery red spaceship parked in the sky!

And three figures slowly flew down from the spaceship.

The law enforcement chief was stunned when he saw three people!

He only felt two auras just now!

However, the silver-haired old man who didn't exude any momentum was actually standing in the first place!

The other two strong men just stood aside respectfully!

And when he saw one of them behind, the chief law enforcement officer's face changed slightly!

"Mentor!? You're here too? Didn't you say you weren't coming?"

The chief law enforcement officer actually saw the soul gift that was once Yan Huxing.

And Hun Li, a middle-aged man who seemed to be younger than the law enforcement officer, smiled slightly!

"Master Dean said he needed two attendants, and our two old bones followed! Come on, this is the Master Dean of my Zunhuang Academy, Your Excellency Zunhuang, why don't you hurry up and salute!"

Hunli hurriedly introduced himself, the most proud disciple in Yanxingxing, to Zunhuang!

Hearing his mentor's words, the law enforcement chief turned pale with fright,

The legendary Lord Zunhuang actually drove here in person? What does this mean? It's like a village official who heard that the person standing in front of him is the head of the country!

At the next moment, the head of law enforcement hastily bowed respectfully to the emperor!

"I have seen Lord Zunhuang, and the villain is Yan Huxing's Chief Law Enforcement Officer, Meng Yu!"

Hearing what the chief law enforcement officer said, Zunhuang smiled!

"Well, on the way here, I've heard more than once from the soul ritual kid saying that you are a good talent, but the age of cultivation is a bit late. Looking at it now, it's true!"

Zunhuang's words flattered the chief law enforcement officer, and he kept saying that he didn't dare.

"By the way, little friend Zhao Ling, where are you now?"

Suddenly, Zunhuang asked curiously.

However, when it comes to this, the chief law enforcement officer is a bit embarrassed!

But thinking of Zhao Ling's character, he can only tell the truth!

"What? This kid is so arrogant? Let the emperor want to see him and go to him directly? Who does he think he is?"

However, after hearing the words of the law enforcement chief, another old man on the side exploded.

.....ask for flowers...

He angrily questioned the chief law enforcement officer!

"Oh, I mean Director, it's not like you don't know the violent temper of these geniuses. The Wu Yun you hired last year is no better than this Zhao Ling!"

When Soul Li on the side heard it, he quickly smiled and smoothed things over!

The chief law enforcement officer on the side can see this, the tutor Own is doing well in the academy.

But think about it, my mentor is already Starlight Sixth Stage spiritualist Cultivation Base, and I'm relieved!

This is also the reason why the Chief of Law Enforcement didn't say anything about Bayanhan To put in one's eyes!

"It turned out to be the director of the academy, the director, Zhao Ling is young and last time Bayanhan not only wanted to grab something, but also killed him. The young man just can't swallow this breath, you have to wait!"

The law enforcement chief can only try to say good things!

"Hahahaha, this kid has a good personality, let's go, follow me to meet him! Meng Yu, right? Please show me the way!"

However, the director hadn't spoken yet, but Zunhuang laughed out loud.

Hearing this, the Chief of Law Enforcement quickly made a gesture of please, and then flew up, leading the way ahead!

Zhao Ling's house is tens of kilometers away, and it only took them a few seconds to fly over Zhao Ling's house!

And Zun Huang, who came to the sky above Zhao Ling's house, raised his brows immediately!

Because he actually felt that there was a majestic force dormant in this "unremarkable" house!

It seems that as long as this power wakes up, it will definitely be a stormy sea!

"Good good good!!!!"

Zunhuang couldn't help saying hello three times!

The few people on the side were dumbfounded.

But even fools know that the current Zunhuang is absolutely extremely excited!

"My lord, this is Zhao Ling's home, wait for me to call him out!"

The law enforcement chief quickly said that he would contact Zhao Ling immediately.

However, at this moment, a strange fluctuation erupted from the ground in an instant!

At the next moment, the soil within dozens of kilometers around instantly shot up into the sky, condensing into a huge ball of soil in the sky!

But the majestic power of the earth emanating from the earth ball instantly shocked the three people in the sky except the emperor!

"Roar!!!!!"

The next moment, with a loud roar, the huge soil ball exploded instantly!

The yellow sand all over the sky instantly condensed a terrifying dragon hundreds of meters long.

Countless people below were horrified by this scene!

"Your Excellency, are you interested in competing with me! Xi!"

Fantasy I Pick Up Attributes In The Future

Following a young boy's voice, the terrifying dragon in the sky instantly grabbed the four of them with one claw!

But the figure of Zunhuang disappeared in the next moment!

Hun Li and the director looked at this earth dragon with slightly solemn expressions.

"This earth dragon has the strength of Eighth Stage!!"

After the two looked at each other slightly, they both saw the shock in the other's eyes.

You must know that as the tutor of Zunhuang Academy, Martial Dao is the head of the department, and the strength of the two of them is Starlight Sixth Stage, and the other is only Starlight Eighth Stage!

Because in Zunhuang Academy, only Zunhuang is the most powerful one who has reached the starry sky Realm

"Roar!!!!!"

However, before the two of them could think again, The next moment Earth Dragon's terrifying giant claws had already grabbed it down.

"Shocking God Fist!!!"

Martial Dao, the dean of the department, snarled, and then a huge fist slammed into the sky.

The dragon claw of the huge "447" collided with his fist in an instant!

"boom!!!!!"

With a loud noise, the dragon claws of the earth dragon instantly turned into dust all over the sky!

However, Martial Dao, the head of the department, and Soul Li were not happy at all!

Because they feel that things are not so simple!

Seeing that the situation was not going well, the chief law enforcement officer hurriedly sneaked to Zhao Ling's house to watch the fun.

Although the own instructor seems to be unable to handle the earth dragon made by Zhao Ling, but he knows that Zhao Ling has his own measure!

Besides, I, a little rookie, went up to stop him, and was accidentally slapped to death, so why would I be able to reason!

However, Martial Dao's dean and Hun Li's worries came true.

The dust all over the sky suddenly became scorching hot.

The next moment, the earth dragon made of condensed soil actually started to burn.

The whole dragon instantly turned into a huge magma dragon.

"Roar!!!!!"

The magma dragon roared, and the magma spots turned into dust all over the sky rushed towards the two of them like bullets!

"Psychic Barrier!!!"

Soul Li snarled, The next moment, an invisible shield covered the two of them!

"Boom boom boom!!!!"

There was a loud bang.

Soul Ritual's shield was dented from time to time.

Fortunately, he can hold on.

However, the magma dragon will not let the two of them go.

With a roar, a terrifying fiery red energy ball condensed out of his mouth.

The next moment The energy ball hit the shield value built by the soul ritual like a missile.

"boom!!!!!"

With a loud noise, the two were instantly submerged by the terrifying energy ball.

And it was at an altitude of more than 100 kilometers above the place where the two and one dragon were fighting.

I saw Zhao Ling and Zunhuang looking at each other!

"Zhao Ling! Unexpectedly, you are so powerful!!"

Zunhuang couldn't help but praise! And now Zhao Ling seems to be only seventeen years old, this is a scary place!

"This is the first time I have met a strong man in the starry sky realm. I also never imagined that the strong man in the starry sky realm is so powerful!"

Zhao Ling looked at Zunhuang solemnly!

To be honest, the aura exuded by Zunhuang now is not simply Starry Sky-Second Stage.

Zhao Ling estimated from the energy, at least reached Starry Sky Four Fifth Stage!

Because the powerhouses in the Starry Sky Realm have mastered the power of elements, although they don't know the difference between the power of elements and supernatural powers, Zhao Ling knows that the power of elements is definitely the most powerful means of attack for the powerhouses in the Starry Sky Realm.

After hearing Zhao Ling's words, Zunhuang also smiled!

"Since you want to compete, come on! Let me see your true strength!!"

After Zunhuang finished speaking, his expression suddenly became extremely dignified. The next moment a spear appeared in his right hand.

A soaring spear intent shot straight into the sky!

"I, I have heard about your deeds, King of Spears! I just don't know how far your marksmanship skills have been cultivated!!"

After Zhao Ling said this solemnly, his right hand shook slightly, and a purple-red Thunder Dragon Spear appeared in Zhao Ling's hand!

At the next moment, a spear intent fiercer than Zunhuang burst out from his body!

Seeing Zhao Ling's spear intent, Zunhuang's expression changed slightly in an instant!

"Proficient marksmanship! How is this possible!!"

Huang Own's marksmanship skills are still a little short of the Qingtong level!

However, this also made Zunhuang one of the hundred spear masters of the human race!

That's how the name Zunhuang came about!

"There are so many things you don't know!"

Zhao Ling's eyes flashed, and a pair of dark golden armor instantly enveloped his body.

Then, Zhao Ling's aura exploded, The next moment, he stepped down a little, and the whole person disappeared in place in an instant.

A gleam of light flashed in front of Zunhuang's eyes, the silver spear in his hand shook slightly, and the whole person disappeared in place!

"Clang, clang, clang..."

At the next moment, terrifying gun shadows are shining in the sky!

You must know that although Zhao Ling did not use the giant power, but before Zhao Ling opened tens of thousands of treasure chests,

The added power of the Dark Gold Dragon Armor is enough to blow up an ordinary Starlight Seven Eighth Stage.....

Now has a series of sky-level Cultivation Technique, weapons, and Realm has also improved several major stages.

Now he is only the addition of the dark gold dragon armor, which can make him blow up the star peak who is a little genius!

What's interesting is that because of Zhao Ling's strengthening of the current Dark Gold Dragon Armor, and after practicing Vajra's Immortal Art, the added strength has reached 20 times!

"Yin & Yang Crazy Dragon Gun!!!"

Suddenly, at this moment, Zhao Ling let out a low whistle.

The spear in his hand seemed to have turned into a terrifying black and white sharp gun.

With this spear thrust, the surrounding air twists instantly!

Zunhuang stared!

"Cultivated to the limit, Martial Skill, the peak of the sky! Fuck, I have been practicing in hiding for a lifetime, but I haven't cultivated to the limit!"

Zunhuang glanced at Zhao Ling in disbelief, the hand holding the gun trembled slightly.

At this moment, he felt that the glory of his gun king was a bit too insulting to the word gun king.

"Sweep Tianya!!!!"

But fighting still has to be fought, and Zunhuang hurriedly used the heaven-level Cultivation Technique that he had cultivated for thousands of years.

The next moment, the two spears collided instantly!

You must know that although Zunhuang only uses the combat power of the peak starlight, but with the addition of the Martial Skill Cultivation Technique, this combat power can still beat the average starlight peak powerhouse!

The next moment, Zhao Ling's body flew upside down like a missile.

"boom!!!!"

With a terrifying bang, Zhao Ling smashed onto a huge mountain, and the entire mountain was smashed to pieces!

Zunhuang heaved a sigh of relief, just now he thought he was about to be abused by Zhao Ling, but fortunately, Zhao Ling only seemed to have reached the Starlight Second Stage with his physical strength!

After all, Zhao Ling's current basic strength is only more than 9 million kilograms, and with the dark gold dragon armor, it is only 200 million kilograms.

Zhao Ling's strength lies in his terrifying Martial Skill proficiency and terrifying technical strength.

These additions together make Zun Huang feel strong pressure!

"Hahahahaha!!"

However, at this moment, Zhao Fan, who was in the ground, suddenly let out a haughty laugh!

The next moment Zhao Ling soars into the sky!

"The King of Guns is really powerful! I hope the King of Guns will give you advice on Junior's next move!!".

Fantasy I Pick Up Attributes In The Future

Chapter 96: Galaxy Elite Contest (2/5)

Zunhuang heard Zhao Ling's laughter, as if he had returned to the era of competing for the strongest of the human race!

At the next moment, Zunhuang instantly erupted with the power that a Starry Sky Realm powerhouse should have!

Of course, all he's using is the power of the Starry First Stage!

"bring it on!!!!"

After Zunhuang finished speaking, terrifying auras came out from his right hand!

"Extreme Megamax!!!!"

Zhao Ling suddenly gave a low shout, and The next moment's whole body swelled instantly.

And the dark gold dragon armor on his body expanded rapidly!

A feeling like the awakening of a prehistoric giant beast spread throughout the entire earth.

A second later, Zhao Ling's whole body has turned into a titan over 100 meters high!

And the terrifying aura on his body has also increased by nearly fifty times!

"Yin & Yang Crazy Dragon Gun!!!!"

"Sweep Tianya!!!!"

With two earth-shattering shouts, everyone in the Yanxing Emperor Capital was startled!

Everyone looked up! A black and white terrifying dragon collided with a huge gun light several kilometers long in an instant.

"boom!!!!!"

With a huge roar, a dazzling light almost blinded everyone's eyes.

As the dazzling white light receded slowly, there was nothing left in the sky!

All that's left is an empty blue sky!

And in the sky thousands of meters high, two figures are facing each other!

Zhao Ling's figure has returned to its original form, while Zun Huang is holding his shoulders on the opposite side!!!

A blood hole was pierced through his shoulder!

However, this blood hole did not flow out the slightest blood!

Because the wound has been scorched and scorched.

"You boy, you are really ruthless!!"

Thinking of the scene just now, Zunhuang also sweated slightly on his forehead!

When the attacks of the two collided together, the ten Flying Daggers sneaked behind Own without a sound. If I hadn't realized it in time, I would have been pierced through my heart long ago!

However, he was still wiped.

Of course, what he can be sure of is that he won't die even if he doesn't realize it!

After all, Zhao Ling changed his position slightly at the last moment!

"I'm definitely not your opponent with normal means, so I can only use some tricks!"

Zhao Ling smiled slightly.

At the same time, I was secretly shocked by the power of the starry sky powerhouse.

Zunhuang only used the strength of Starry Sky First Stage, but he not only broke out with all his strength, but also used all the limits of his gigantic ability!

However, under Zunhuang's shot, he almost failed to carry it down.

However, the Flying Daggers controlled by Zhao Ling using the invisibility ability also appeared behind Zunhuang in time!

"Winning is winning! I still lost with the strength of the starry sky, which shows that your talent and combat power are not comparable to ordinary people, and your combat power can be ranked among the top five in the entire Zunhuang Galaxy!!"

There was a gleam in Zunhuang's eyes, and he was extremely shocked by Zhao Ling's fighting power.

One must know that Zhao Ling is only seventeen years old now!!

"Maybe that's it. I don't know if there is something wrong with Zun Huang coming to me?"

Zhao Ling waved his hand and put away the long spear in his hand, then looked at him suspiciously!

And when it comes to why he exposed his own strength, the reason is very simple!

You know, there are two reasons why Zhao Ling didn't reveal his strength before. One is that he doesn't want to attract too much attention, because he doesn't know much about this world yet!

The second is that I don't have much backing!

If the own strength Talent is exposed, and the high-level attention is drawn, then the strength of self-protection will not be there!

But it's different now, Zhao Yu now has a blood soul as a shield!

You must know that although the blood soul is only an intelligent life, the mechanical body he controls is a powerful technology of the universe.

Not to mention a small human race, even the strongest in the galaxy is here, and he is not his opponent!

Moreover, the most important thing is that if you want to improve your strength rapidly, then you need to contact the high-level as soon as possible!

Looking at the attribute points falling from Zunhuang now, Zhao Ling knows that his decision just now was right!

And after hearing Zhao Ling's words, Zunhuang is Wei Wei's doctor!

"That's right, I do have something important to tell you when I come to you!"

The wound on Zunhuang's shoulder is recovering rapidly!

And Zhao Ling didn't care, after all, not to mention Zunhuang, he is now, with his tens of millions of qi and blood, as long as it is not a fatal injury, no matter how many ordinary injuries, it only takes a day or two to recover!

"But it's okay to say!"

Zhao Ling nodded!

"You also know that our human race is not the dominant existence in the Milky Way now, because there are three other races in the Milky Way whose strength is roughly the same as that of the human race!

Therefore, the human race has been vigorously developing Martial Dao for tens of thousands of years, hoping to unify the entire galaxy one day!"

Zhao Ling expressed his understanding of Zunhuang's words.

Just kidding, the war in the starry sky is definitely not what you say everyone can coexist peacefully.

If it is really that simple, even if the human race does not want to annex the other three races, I believe the other three races will definitely not let the human race go!

"But as long as there is a war, there will be large-scale death, and it is impossible to divide the resources of the galaxy by lottery, so the four major races have set rules,

Every thousand years, a galaxy elite competition is held, and the winning race will have 20% more resources than other races!

The contestants can not only get high honors, but also get generous rewards!"

Zunhuang excitedly said to Zhao Ling!

After Zhao Ling heard this, he was speechless, why is there such a shameless competition everywhere!

But think about it, as the saying goes, there is no first in literature, and there is no second in martial arts. Only fighting is the best way to show who is stronger!

And the strength of a race is not only manifested in the top powerhouses, but also in the new generation of geniuses!

"This kind of competition, it is impossible to let people go up to participate in it, what are the conditions!!!"

Zhao Ling didn't hesitate too much, although he didn't care whether the human race could get 20% more resources, but he cared about his face as an 893 human race!

Anyway, there is nothing to gain, and it seems that there is nothing to lose by making a trip!

Moreover, this kind of competition can definitely reach the top of the human race!

He is also curious about the current situation of the human race!

"That's right, my human race is in charge of the eastern part of the galaxy. Among them, there are tens of thousands of medium-sized galaxies, but among the tens of thousands of galaxies, each galaxy can only produce one representative.

And this representative must be a youth under the age of 100!

Then these people will go to the place of origin of the human race, which is the current headquarters of the Human Race Alliance, the earth of the solar system, and choose one to participate in the finals!"

Zunhuang said to Zhao Ling nervously!

As for why people under the age of 100 are still called young people, the reason is very simple. For Grandmasters who can live to be 500 years old, those under 100 years old are definitely young people.

And for the Starlight Realm powerhouses who can live for thousands of years, as long as they are under three hundred years old, they are equivalent to youth in the life stage!

Zunhuang Academy, has not been selected many times!

But compared to Zhao Ling, the current strongest player is simply too weak.

Therefore Zunhuang believes that as long as Zhao Ling can play, one of the ten places will be no suspense.

"When does it begin!?"

However, the moment Zhao Ling heard the earth, his eyes flickered as if he remembered something!

"The time is just six days later! If you are sure, we will set off soon!"

Zun Huang answered quickly!

"Well, it's time to go back to Earth!!!".

Fantasy I Pick Up Attributes In The Future

Chapter 97: Full Attribute Value, Condensed True Qi! ! (3/5)

Hearing Zhao Ling's agreement, Zunhuang couldn't help showing a smile, his long silver hair fluttering slightly in the air.

"Thank you! Then I trouble you to represent my Zunhuang Galaxy to attend this selection competition!"

Zunhuang bowed his cupped hands to Zhao Ling sincerely!

Zhao Ling returned a gift!

"Roar!!!!!"

However, at this moment, a roar came from below, The next moment, I saw a terrifying dragon roaring and flying around Zhao Ling's forehead.

And each of his two front paws is holding a person!

And these two people are either the unlucky soul gift and the head of the Martial Dao department!

I saw that the clothes of the two had been burned to tatters! Although there were no big wounds on their bodies, there were densely packed small wounds!

Obviously the two were abused by the earth dragon!

:" ..."

The bloody Zunhuang glanced at Zhao Ling helplessly, he didn't expect that the group of people he came here had been taught a lesson by Zhao Ling!

"Well, it seems that he is also a person who holds grudges. If I had known earlier, I would not have sent that idiot, Bayanhan, away!"

Zunhuang is also wrong, after all, the own people provoked Zhao Ling first, although he punished the other party, but he was always the one who was incapable of discipline!

"Leave it alone!!!"

Zhao Ling smiled, and then waved his right hand, The next moment The huge earth dragon exploded with a bang, turned into ashes and disappeared into the sky!

However, just as the earth dragon disappeared, several attribute points fell from the ashes all over the sky, and there was also a heavenly treasure chest among them!

"Ding... Congratulations to the host for picking up the attribute strength: 70000, and increasing the strength value: 70000 points"

"Ding.....Congratulations to the host for picking up attribute blood: 70000, boosting blood value: 70000 points"

"Ding... Congratulations to the host for reaching the limit of the True Qi realm for strength, qi and blood, speed, and soul! Only when the host's True Qi condenses the stellar energy can the attributes be improved again!"

Zhao Ling was not surprised when he heard this, he had already calculated that he would be able to reach the peak around this time!

However, the next system prompt sound made him a little stunned!

"Ding... Congratulations to the host for starting the True Qi condensation stage, during this period, stop dropping attribute points! Start dropping True Qi points" ㄤ!"

"Ding... The host's True Qi condensing stage is: one turn: (0/10 million), when True Qi reaches ten turns, the combat power can be increased by ten times! After that, True Qi has not been improved by one turn

Doubling the fighting power! The peak is True Qi hundred revolutions!!"

The system stopped dropping attributes and changed the value of True Qi?

However, The next moment Zhao Ling knows what's going on!

I saw Zunhuang, who was still dropping attributes because of the wounds on his body, all the attributes dropped from his body instantly turned into cyan fonts!

These cyan fonts, Zhao Ling had never seen before, The next moment, Zhao Ling took them over with telekinetic power.

"Ding... Congratulations to the host for picking up True Qi value: 300,000 points!"

In an instant, a terrifying True Qi emerged from his Dantian out of thin air!

"It's actually true! The True Qi hundred revolutions means I need to refine True Qi one hundred times?!"

Zhao Ling's eyes flashed!

After practicing for such a long time, Zhao Ling also roughly knows what needs to be experienced in each stage of cultivation.

Among them, after the peak of the True Qi state, it is necessary to condense the Gang Qi, and to condense the Gang Qi, it is necessary to condense the True Qi several times.

If you do it the first two times, there won't be much effect. After the third time, every time you condense it, the essence of True Qi will be improved a little.

Finally reach the tenth turn, at this time you can combine True Qi with the soul, and finally become Gang Qi.

However, condensing True Qi is an extremely difficult thing, his difficulty is not in the absorption of True Qi, but in his condensing!

It can be said that the reason why 99.99% of people cannot become Grandmasters is that they cannot successfully condense True Qi.

Some condense true seven, three, four, and some five or six.

What's more, after condensing True Qi into Nine Cycles, the last trace cannot be condensed again!

"But the system, isn't this True Qi that can only be condensed for ten revolutions? Why is there a hundred revolutions after that?"

Zhao Ling was a little confused.

As far as the Body Tempering realm has a breakthrough limit, he has heard of it, but he has never heard of the so-called True Qi, let alone in the materials of the Martial Dao Alliance.

It's just that Blood Soul didn't remind himself!

After all, Blood Soul knows that Zhao Ling only has the True Qi Realm, so if he wants to know, he will definitely say it!

"Ding... True After seventy revolutions, if you want to continue cohesive, you can only rely on external forces. Generally, at least you need the help of the strong in the Immortal Realm to improve again.

According to the limit of this universe, even with the help of the strongest in the universe, it can reach True Qi at most forty Nine Cycles!"

If the system is calm, Zhao Ling is taken aback!

"Then where can I find this so-called strong man?"

Although Zhao Ling had some guesses, he still asked this question that might be despised by the system!

"Ding...system, you can compress True Qi for the host!"

However, the system still patiently explained to Zhao Ling!

"Sure enough, the system is definitely better than the strongest in this universe! I just don't know where the limit of the system is!?"

Zhao Ling's eyes flashed!

The more powerful the system, the more powerful your future achievements will be. Of course, it will be more difficult for you to trace the origin of the system in the future!

However, these are trivial matters. For Zhao Ling, the more powerful the system, the better!

"Ding... Congratulations to the host for picking up the True Qi value: 70,000 points!"

"Ding...Congratulations to the host for picking up True Qi value: 50,000 points!"

Following the sound of system prompts, Soul Li and the head of the Martial Dao department also provided Zhao Ling with a lot of True Qi value!

In fact, the reason why Zhao Ling took action was not because of revenge or anything.

Purely for the sake of getting a starry sky Realm treasure chest from Zunhuang!

However, this iron rooster, except for a little attribute and a little True Qi value, will not drop anything!

"Your Majesty the Emperor, since I'm about to leave, I'll go back and pack up my things first, you wait here for me for a while!!"

Zhao Ling looked at Zunhuang who took the unlucky soul gift to the two, and said calmly.

"Well, well, we are waiting for you in the Martial Dao Alliance!!"

Zunhuang nodded, and the next moment left the sky with the two lying corpses!

Zhao Ling also turned around and flew down quickly.

Zhao Ling returned home and told Zhao Xue the sad news!

For Zhao Xue's safety, Zhao Ling stopped the other party's urge to follow!

(The money is good) "Xiaoshuang, Xue'er, I can only ask you to take care of me!

While I'm away, you and Xue'er will stay at the sheriff's house first!"

Zhao Ling felt embarrassed to trouble Bai Ningshuang every time.

"It's okay, I still like your training equipment!"

In Bai Ningshuang's faint words, Zhao Ling actually felt a trace of resentment!

But even if he knew that he didn't feel wrong, he could only pretend that he remembered it wrong!

"Then please! By the way, these are the mechanical guards that my master gave me. They will protect you when I am away!"

The next moment Zhao Ling took out several star-level guards given to him by Blood Soul.

These guards all look like beautiful women.

But it is the mechanical guards with the appearance of beautiful women, no one can know their combat effectiveness, even Zunhuang is no match for them!

"I'm leaving, you two take care of yourselves!!"

Zhao Ling threw down a sentence, and the next moment flew straight into the sky towards the Martial Dao alliance in the distance!.

Chapter 98: Target, Solar System! Earth! (4/5)

In the endless starry sky, a spaceship is rapidly flying towards the distance!

After Zhao Ling bid farewell to the two daughters, he set off with Zunhuang and the other three!

"The spaceship is about to enter the dark universe! Please get ready!!"

And just when the spaceship flew out of Yan Mars, the intelligence brain of the spaceship issued a notification sound!

The next moment, after a slight discomfort, those shining Stars in the originally vast starry sky outside the cabin door of the spaceship instantly turned into strips of light!

And this light did not exist for a long time before disappearing.

And the outside of the spaceship also instantly turned into a deathly darkness!

Spaceships flying in the starry sky will encounter some obstacles, and these obstacles are actually just obstacles of light!

Maybe you will say that if there is any hindrance to the light, it is because your speed has not reached that level!

You must know that on the planet, when a person is falling rapidly, he is subject to gravity, and the falling speed will always become faster!

And this speed is generally increased by 10m/s per second.

But as the speed gets faster and faster, the falling speed will increase slower and slower, and will eventually reach the limit.

However, in the starry sky, the limit of the spaceship is the speed of light!

When approaching the speed of light, the resistance of light to the movement of objects will reach the limit.

As long as the breakthrough exceeds this limit, it means that the speed exceeds the speed of light!

So the surrounding space will become dark, this is because the light can no longer catch up with you!

At this time, people say that the spaceship has entered the dark universe.

In the dark universe, any obstacle will be weakened to zero.

Therefore, the speed of the spacecraft can be accelerated infinitely.

Of course, to what extent it can be added ultimately depends on the material and level of the spaceship!

"Zhao Ling! Go to the earth, be careful, you must not use force on the earth, if you do, you will definitely be dragged into a military court!"

After all, the earth is the supreme Sacred Land of the human race!"

The emperor ordered Zhao Ling solemnly.

But he didn't know that his sense of belonging to the earth was stronger than anyone in this era.

"Well, I understand this! By the way, when can we arrive!"

Zhao Ling nodded slightly, and then went to Zunhuang three people!

"Because the solar system is far away from the Zunhuang Galaxy, although the speed of the spacecraft can reach dozens of times the speed of light, and it has to pass through many space wormholes, it will take at least five days for us to reach it!"

Soul Li at the side frowned slightly and said in thought!

"Five days? That's okay! Then I'll go back to practice first!"

Zhao Ling nodded, then left the control room and walked towards his place! (chdd)

What do you guys think of Zhao Ling? Is there any hope!?"

Zunhuang watched Zhao Ling leave with a smile, and asked softly to the two Hun Li at the side.

"Zhao Ling, in terms of strength, he definitely has the potential to become one of the ten!

But, after all, this is a battle of the younger generation, before the eleventh session, wasn't it just a 95-year-old Silver Flash who won the championship?"

Martial Dao said helplessly.

After all, Zhao Ling is too young.

The competition for talents has been huge for dozens of times, and there has never been a champion who was younger than eighty years old.

"No, no, no matter how young Zhao Ling is, has the director ever seen a champion whose strength surpassed Starlight Fifth Stage?"

However, Soul Li's words stunned Martial Dao, the dean of the department!

"That's right, that's right, although Zhao Ling is young, but with all due respect, a genius who can reach the Fifth Stage of Starlight Realm under the age of a hundred seems to have appeared once or twice in the history of my human race!

And these two times, they all relied on the accumulation of drugs! Zhao Ling's strength is definitely more than enough to win the championship!"

The head of Martial Dao's department was preconceived, and he even forgot who was the one who beat him unconscious before.

"Well, you are all right. This time, Zunhuang Academy can produce a celebrity, but I am worried about Zhao Ling's safety!"

When Zunhuang said this, he was a little bit regretful.

After all, during the assessment, the most powerful people from all races will be present. At that time, not to mention the strong people from the Starry Sky Realm, even the superpowers from the Star Sea Realm will be there.

And under the watchful eyes of such powerful people, if Zhao Ling behaves too genius, he will definitely be feared by the peak powerhouses of the other three races!

At that time, I'm afraid that even the alliance leader will not be able to keep Zhao Ling!

As soon as his words came out, the expressions of Hun Li and the head of Martial Dao's department changed drastically.

Although Zhao Ling beat them up, isn't it just a matter of beating someone and being beaten when exercising martial arts? So they don't have any grudges.

On the contrary, Zhao Ling's Talent, they are very fancy.

"Why don't you ask Zhao Ling to put some water on it then? Just barely win!

Suddenly, Hun Li said in embarrassment!

However, his words made Zunhuang's eyes shine!

"Well, it's a good idea, as long as you win, Zhao Ling shouldn't object!"

The emperor nodded in agreement!

However, the Zhao Ling they were discussing at this time has already consciously entered the virtual universe.

"I have already reached the top of the Qianlong list, but I don't know if I can directly reach the first place this time!"

Zhao Ling's eyes flickered slightly.

"Instructor, make an appointment for the top ten powerhouses on the Qianlong list!"

Zhao Ling spoke directly to the sky!

"Of course, my dear Mr. Zhao Ling, I have reserved the top ten for you, please enter the reservation hall and wait!"

Zhao Ling had already learned about the top ten of the Long Xiao Qianlong list, and countless people made appointments to fight almost every day.

Therefore, as long as it is the top ten reservations, it will be sent to a hall. In this reservation hall, you can choose to wait for you, or you can choose to start the reservation duel!

If you wait, it depends on your fate. It can be said that almost everyone who chooses to wait in line is almost impossible to be selected even if they wait for hundreds of years!

After all, there are many people who want to challenge the top ten.

And the reservation duel means that all those who participate in the reservation duel will implement the elimination system.

There will be one elimination match every day! And the final winner can unconditionally choose any one of the top ten to fight.

If the opponent refuses to fight within one hour, it will be considered a failure!

"Enter the reservation hall, and help me sign up for a duel at the same time!!"

After Zhao Ling finished speaking, he disappeared instantly.

The next moment Zhao Ling reappeared, and it has come to a queen!

And there is only Zhao Ling in the hall!

But that's because everyone's seating area is separated!

In the sky, two rows of numbers appeared.

Two rows of long strings of data represent the people waiting in line and those who participated in the appointment assessment!

"Mr. Zhao Ling, the appointment assessment is about to start, get ready!"

After a notification sound flashed in the sky. Zhao Ling instantly disappeared in place!

The next moment, Zhao Ling appeared on a huge ring!

And there are nine hundred and ninety-nine people who are also on the ring!

"Rules of the pre-selection contest: each match will consist of a thousand people competing on the same stage, and the stage will become smaller and smaller.

Death, or falling out of the ring will mean failure.

The last one left in the ring will advance to the next round!

"That is to say, after one round, everyone can be eliminated to one thousandth of the original, two rounds is one millionth, and three rounds is one billionth!

Then no matter how many people there are, it will only take a few dozen rounds to end!".

Chapter 99: True Qi Three Turns! ! (5/5)

Thinking of this, Zhao Ling nodded secretly.

"Reservation trials start now!!"

However, as a notification sounded in the sky, the next moment, dozens of people around Zhao Ling shot at him at the same time.

This made Zhao Ling stunned!

"It's too late, why is Hao Duan Duan targeting me like this?"

Speechless, Zhao Ling shot out with his right hand, The next moment The dozens of contestants in front of him instantly burst into countless light spots!

At the same time, True Qi values fell out of their bodies one by one.

This scene instantly shocked the people around!

"Not good, although this kid is a novice, his strength is terrifying! Everyone get~ him out first!"

"That's right, get this kid out first!"

However, Zhao Ling's terrorist attack did not make the people around him a little bit timid.

Instead, it brings them all together!

"It's amazing, do you think there are too many ants to kill an elephant?"

Zhao Ling smiled disdainfully.

These people are so naive!

The next moment Zhao Ling's right hand burst out!

A terrifying fire dragon roared out.

The faces of these people changed suddenly when they saw the fire dragon.

The next moment, the terrifying fire dragon instantly burned the hundreds of people closest to Zhao to ashes!

And among these ashes, there are True Qi values falling one by one!

"Ding... Congratulations to the host for picking up True Qi value: 700 points!"

"Ding... Congratulations to the host for picking up True Qi value: 500 points!"

"Ding... Congratulations to the host for picking up the True Qi value: 400 points!"

"Ding... Congratulations to the host for picking up the True Qi value: 900 points!"

True Qi values poured into Zhao Ling's body like raindrops.

And the huge fire dragon is chasing and killing other people crazily.

"He's Zhao Ling in the top 1000 on the list, shit, we're so good at matching him!!"

Suddenly, a boy with cat ears who was being chased by the fire dragon screamed in horror.

In an instant, the people who were still fleeing around were startled!

Zhao Ling, one of the top 1,000 on the Long Xiao Qianlong list, is the hottest person recently!

You know, not to mention the top 1000, people like Wan Jun who just entered the Qianlong list are well-known and powerful figures in the boundless territory of the Longxiao Universe empire.

In their kingdom, he is regarded as the hope of the kingdom!

Hundreds of millions of large galaxies are broadcasting tens of thousands of deeds every day!

But Zhao Ling, the top 1000 people on the list, no one knows which kingdom he is from.

You know, the first thousand, not to mention the kingdom, even the emperors of the Long Xiao Empire want to receive them.

However, everyone knows the origin of Zhao Ling.

But they didn't have doubts for a long time, and after only one second, everyone turned into light spots all over the sky!

The next moment these True Qi values all poured into Zhao Ling's body.

"It's almost there, as long as it takes a few rounds, it can be promoted to the second rank!"

Zhao Ling smiled slightly.

Thinking about it carefully, this True Qi hundred turns is actually not that difficult!

It's just started, and within an hour, I'm already going to the second turn.

"Congratulations to Mr. Zhao Ling for winning the first round!

The second round is about to start, please prepare!"

However, with a notification sound in the sky, there were nine hundred and ninety-nine more people in front of Zhao Ling in an instant.

And these people are strong players who have experienced the first round.

The overall strength of these powerhouses is no longer comparable to the previous batch of people!

"Let's make a quick decision!!"

Zhao Ling's eyes flashed, The next moment, all the thoughts in his body burst out suddenly!

In an instant, it enveloped the surrounding kilometers-wide arena!

The expressions of the thousand powerhouses around suddenly changed!

"boom!!!!!!"

However, before they could make any moves, with a terrifying roar, the arena sank several kilometers in an instant.

And the white light that filled the sky floated towards the sky.

"Ding... Congratulations to the host for picking up the True Qi value: 580000"

Next, Zhao Ling competed again and again!

Zhao Ling was a little puzzled, no matter how quickly he killed his opponent, The next moment could match up with some stronger people.

He was very curious, could it be that everyone killed all the players instantly?

But this point, Zhao Ling has no way of knowing.

.....ask for flowers.....

As the people killed become stronger and stronger, the value of True Qi dropped by each person gradually increases.

"Ding...Congratulations to the host for picking up the True Qi value: 680000"

"Ding... Congratulations to the host for picking up the True Qi value: 790000"

"Ding... Congratulations to the host for picking up the True Qi value: 950000"

And as Zhao Ling reached the seventh round, the True Qi value finally slowed down!

"Ding... Congratulations to the host for picking up the True Qi value: 1280000"

"Ding... Congratulations to the host for the full True Qi value, the system is still condensed True Qi!"

Following the system prompts twice in a row, Zhao Ling found that the True Qi in his body was being squeezed by a pair of big hands at high speed.

Soon, Zhao Ling felt own True Qi solidified instantly!

"Ding..... Congratulations to the host for condensing True Qi and entering the second turn: (0/10 million)"

And the True Qi value required for the second turn is still 10 million points!

O

But before he started to prepare, the next moment, a bunch of people appeared in front of him again.

"boom!!!!!"

Zhao Ling didn't even look back, a terrifying Hammer of Psychic Power crashed down.

Thousands of people were instantly killed!

"Ding... Congratulations to the host for picking up the True Qi value: 1350000"

After that, Zhao Ling bombed again and again!

But the further back, the more power Zhao Ling used.

But in the end, everyone was able to avoid Zhao Ling's hammer!

It's been another six rounds or so!

Zhao Ling successfully completed the True Qi 2 turn!

"Ding... Congratulations to the host for the full True Qi value, the system is still condensed True Qi!"

The same feeling poured into Zhao Ling's body again!

The next moment, Zhao Ling's True Qi began to become more solid, and Zhao Ling felt that the current True Qi could increase his combat power by 250%!

"Ding... Congratulations to the host for condensing True Qi and entering the third rank: (0/10 million)"

It seems that each revolution only needs 10 million True Qi values.

But Zhao Ling just glanced at it and ignored it!

And waiting for Zhao Ling is one battle after another!

But in the next few games, Zhao Ling couldn't kill everyone with pure telekinetic power.

Zhao Ling started using Martial Skill!

But only one spirit weapon was used!

And as time passed, Zhao Ling finally waited for the final match.

"Mr. Zhao Ling, this is the last round of reservations, please get ready!"

As a notification sound flashed in the sky, more than five hundred boys and girls appeared before Zhao Ling's eyes!

As for the aura exuding from these people, Zhao Ling knew that almost all of them could enter the Longxiao potential list!

However, the next conversation between these people made Zhao Ling feel a little bit annoyed. .

Chapter 100: Horror Zhao Ling! Dragon Is In The Sky! ! (1/5)

"You guys are here too!!!"

"That's right, last time, although I was defeated, I got a blessing in disguise and learned the last sword art!"

"Hmph, the victory this time is mine in the end!!"

Before the fight started, this group of people started fighting.

Everyone is saying that they are the right one!

Zhao Ling couldn't take it any longer when he saw the two sick people in this group.

"Fire Thunder Dragon Palm!!"

At this moment, Zhao Ling stepped down, and his whole body instantly flew into the sky. Following his low shout, a terrifying huge palm came out from his right hand!

Huge fuchsia palms cover the entire sky!

The terrifying scorching breath instantly evaporated the few teenagers flying in the sky!

"No, this kid sneak attack!!!"

"Mysterious Spirit Sky Shield!!!"

"Earth Guardian!!!"

"Five Nine Seven"...

A sound of anger erupted from the mouths of these teenagers, The next moment, all the boys and girls quickly used their defensive skills!

At the same time, some teenagers who thought they were powerful broke out to attack!

However, their attacks were instantly vaporized when they fell into the palm of the huge thunder fire.

This time, the faces of the four years have changed slightly!

"Shoot together!!"

Now, everyone knows that Zhao Ling is not easy to deal with!

You must know that these teenagers are all knowledgeable, among them there are several in the top 100 of the Qianlong list!

And just now, one of the top 100 people on the Qianlong list who had a little resistance was evaporated by Zhao Ling's huge palm.

"drink!!!!"

"The Ice Dragon Roars!!"

"Dead Prelude!!!"

After a loud shout came, these teenagers whose strength had reached the Starlight Realm used their strongest attacks to smash into the sky!

However, in the end, all these attacks were annihilated in Zhao Ling's terrifying giant hand.

"boom!!!!"

With an earth-shattering loud noise, The next moment, the entire arena was bombarded hundreds of meters down in an instant!

And the light spots all over the sky floated up from these deep pits.

"Ding... Congratulations to the host for picking up the True Qi value: 2280000 points"

"Ding... Congratulations to the host for the full True Qi value, the system is still condensed True Qi!"

At the same time, two system beeps sounded.

Soon, Zhao Ling felt that his own True Qi was being forged rapidly.

"Ding...Congratulations to the host for condensing True Qi and entering rank seven: (0/10 million)"

In the end, the system's notification tone also stopped!

The True Qi in Zhao Ling's body also calmed down at this time.

Zhao Ling emitted a trace of the True Qi that had been transformed into an extremely solid body.

Under the urging of Zhao Ling's power, True Qi erupted with a terrifying aura!

"The seven-turn True Qi is indeed much stronger than the normal True Qi!"

Zhao Ling raised his eyes slightly.

"Congratulations to Mr. Zhao Ling for winning the final victory, and now Mr. Zhao Ling has a chance to randomly choose one of the top ten potential opponents as his opponent!"

If the other party does not respond within an hour, you will replace the other party as the guardian of this ranking!"

The voice of the guide in the sky came again.

The next moment, a list appeared in front of Zhao Ling.

All the data of the top ten are recorded above.

"Tenth place: Iron Blood, Krizar, Realm: Starlight Fifth Stage! Combat Power: Starlight Peak*5! Weapon: Double Knife! ...

The strength of the tenth place has reached the peak of Starlight Realm!

And there is a 5 written on the back of him, which means that he has five times the combat power of a normal star powerhouse!

And the general starry sky level powerhouse, the fighting power is ten times stronger than the general peak starlight realm! Of course, this is exactly the same situation of the two Martial Skills.

However, the Martial Skill bonus of general starry sky level powerhouses will be slightly stronger than that of starlight peak powerhouses.

Therefore, generally only those at the peak of starlight whose strength reaches fifteen times the strength can be regarded as having the strength of the starry sky!

"Long Xiao Qianlong Ranking No. 1: Long Xiao Clan, Long Zai Tian! Long Xiao Universe Emperor's eighty-first son,

Tianyan Qianlong List: No. **

Realm: Starlight Fifth Stage

Combat Power: Peak of Starlight*13

Weapons: Fang Tian painted halberd,

Skill Level: Proficient Intermediate!

Martial Skill: Halberd breaks the sky!

However, the first place information made Zhao Yu frowned slightly!

"Unexpectedly, the first place Long Zaitian is actually the prince! And his strength is so much stronger than the other second to tenth place!"

Zhao Ling's eyes flickered slightly

You must know that the combat power of the second place is only the peak of starlight*8!

Moreover, his strength actually ranks around 10 million in the Tianyan Qianlong list.

Looks like he's a ruthless guy too!

There are hundreds of millions of empires under the God Kingdom of Tianyan Universe.

And among these empires, there are many powerful ones. Long Zaitian can overwhelm the arrogance of hundreds of millions of empires, and there is definitely a place for him to enter the Tianyan Qianlong list!

"Choose number one!!"

Zhao Ling's eyes flashed slightly! He said directly to the sky!

"Received! Congratulations, Mr. Zhao Ling, you have reserved the first place in the Long Xiao Qianlong Ranking: Dragon in the Sky! Please be ready to fight, within an hour, opponents will appear at any time!"

The loud voice of the guide resounded in the sky...

After that, the arena around Zhao Ling instantly became thousands of times bigger!

At the same time, the original damaged place was quickly restored to its original state.

After everything was over, the arena returned to calm.

But in the outside world, everyone exploded!

Because although the pre-registration match is not as formal as the formal challenge, if someone becomes the champion in the pre-reservation match, his strength is equivalent to reaching the top 100 in the hidden dragon list!

But today's pre-registration match was originally thought to be a battle between dragons and tigers, but who knew that an extremely mysterious strongman appeared.

Someone got a gossip from the leader of the Qianlong list who participated in the last round and was killed in seconds.

And this strong man actually bombarded and killed all of them, who are at least at the top of the Qianlong list, with one move.

Even everyone's full attack did not break the opponent's casual move.

And this revelation was directly pushed to the number one hotspot within the Long Xiao Universe empire!

Countless powerhouses want to know what the origin of this man named Zhao Ling is!

Dragon Roar, the capital of the Universe Empire!

On a terrifying planet with a diameter larger than a Galaxy!

In a magnificent Great Hall stands a heroic sword-browed boy 5.5.

And on the throne on the Great Hall in front of the boy, there is a middle-aged man sitting like a god!

The middle-aged man frowned slightly, as if he was thinking about something!

"From this battle called Zhao Ling, I saw a trace of a figure belonging to the blood clan. It seems that Luoxuan has finally found the heir!"

The middle-aged man suddenly opened his eyes, and there was a flash of light in his eyes!

"Father, do you mean the Bloodline Race, the race established by the Bloodline King who was destroyed by the Star Beast Clan?"

Long Zaitian, holding a Fang Tian painted halberd in his hand, frowned.

The super genius who dominated the Longxiao Qianlong ranking for a year by virtue of his giant transformation ability.

No one knows what is going on with his supernatural ability. Not only is it extremely terrifying, but it can also be passed down!

"That's right, it's him. His strength back then has reached half step immortality. If it weren't for the immortal powerhouse of the star beast family, I think he has no world master level powerhouse as his opponent with his giant transformation ability. !".
