

Fantasy I Pick Up Attributes In The Future

Chapter 7: Practitioner Realm!

"It finally succeeded. With the power of telekinesis, I can directly pick up those attribute values without leaving a trace."

Zhao Ling's eyes flickered slightly!

At the next moment, Zhao Ling turned his own eyes to the attributes of the place.

With the use of the system, he also knows that these attributes will only exist for a period of time, and the specific length of time varies.

When time is up, these attributes will disappear.

Under the motivating force of the mind, each attribute number in Zhao Ling's mind flew towards him from afar at high speed and sank into his body at the same time.

"Ding... The host picked up the attribute: 15 points of blood, and increased the value of blood: 15"

"Ding... The host picked up the attribute: strength 20 points, increase strength value: 20"

"Ding... The host picked up the attribute: soul 2 points, increase the soul value: 2"

"Ding... The host picked up the attribute: speed 1 point, increase the speed value: 1"

"Ding... Congratulations to the host for seeing the mortal treasure chest*1"

.....

.....

There are also black mortal treasure boxes hidden in each number attribute.

It's just that although there are as many as a thousand students here, because there is no strenuous exercise, all dozens of people will drop one attribute.

And the number of attributes is generally not many.

Zhao Ling also noticed how some of these attribute numbers appeared.

Generally, when exercising, the attributes of qi, blood and strength will be dropped, and when running, the attributes will be dropped.

When the mood is excited, it is possible to drop the soul attribute.

And one point of soul attribute is equivalent to ten points of strength, and one point of speed is equivalent to twenty points of strength.

Of course, this is calculated according to a normal practitioner.

Soon, Zhao Ling integrated all the surrounding attribute points into his own body.

And he still has five treasure chests in his hand!

"I don't know what five treasure chests can open."

Zhao Ling was a little excited.

Then excitedly opened all the treasure chests!

"Ding... Congratulations to the host for opening the mortal treasure chest*5 and getting the following items."

"Weapon: Mithril Flying Daggers Formation (Peak of Mortal Rank)

Experience Points: 1500

Attributes: blood value: 100, speed value: 10m/s, blood value: 100, soul value: 10"

At the next moment, strands of attributes rushed directly into Zhao Ling's body.

And in Zhao Ling's right hand is a leather case of an unknown creature, and in the leather case are ten silver Flying Daggers!

These ten Flying Daggers exude a cold light.

Zhao Ling quickly opened his own brain and searched for Mithril Flying Daggers!

"Mithril Flying Daggers (Mortal Level Advanced): Weapons refined from the precious metal Mithril, are entry-level artifacts for ordinary-level Psychiatrists, and can easily penetrate the leather of any first-level star beast! Price per handle: 10 Ten Thousand Star Coins!"

Seeing this introduction, Zhao Ling was overjoyed. Just the high-level Mithril Flying Daggers cost 100,000, so his ten high-level Mithril Flying Daggers would probably cost at least 10 million star coins!

In this era, Martial Dao is divided into the preparation Practitioner, Body Tempering realm Tenth Stage, then the True Qi Realm, and then the Grandmaster realm!

As for weapons, Cultivation Technique, and Martial Skill are divided into incomparable, mortal, spiritual, and earthly.

A strong person in the Body Tempering realm is equivalent to being a civil servant with a high salary in the previous life, and he will have a job in this life.

Those who are a little stronger are millionaires, or even multi-millionaires.

But the weapons at the peak of the mortal rank, or the Cultivation Technique Martial Skill are enough to make any Body Tempering realm Practitioner bankrupt.

Zhao Ling then tied the leather strip in his hand to Own's thigh.

As long as he wants, he can burst out all ten of them in an instant.

Attribute table:

Host: Zhao Ling
