

Fantasy I Pick Up Attributes In The Future

Chapter Nine: The Nobility Of A Psychiatrist! !

As soon as Zhao Ling finished speaking, Instructor Wang felt a huge force hit his chest.

However, this power is only equivalent to others, and it is not great for Instructor Wang, a Body Tempering Fourth Stage powerhouse.

"hiss!!!!"

However, Instructor Wang gasped!

"Psychologist? Impossible, how could you awaken a Psychiatrist!!?"

Instructor Wang's gaffe stunned Zhao Ling.

"Is there any difference between Psychiatrists? Why is the instructor still so horrified when he knows that I have awakened the King of Powers!"

Zhao Ling was a little confused.

At the next moment, Instructor Wang looked around vigilantly for a few times like a thief.

Then he took Zhao Ling's hand and walked out of the titanium training ground.

"Instructor Wang, is there any difference between this spiritual teacher?"

Zhao Ling was a little puzzled.

Instructor Wang didn't answer Zhao Ling immediately, but just looked around solemnly.

Instructor Wang finally spoke after confirming that there was no one around.

"Zhao Ling, do you know what is the probability of the Daoists awakening their abilities?"

Instructor Wang asked Zhao Ling as he walked.

"I don't know? Does this have anything to do with me being a Psychiatrist?" Zhao Ling was speechless.

Can't you just keep it up?

"Let me tell you this, people who have awakened abilities can be said to have existed before people came to practice Martial Dao more than ten or even hundreds of thousands of years ago.

In many cases, supernatural beings appear in the image of a magic stick, but there will only be one awakened person among the millions of people.

With the development of Martial Dao, the probability of awakening powers is increasing, but there will only be one awakened person among hundreds of thousands of people. "

Speaking of this number, Zhao Ling was taken aback for a moment, and after thinking about it, it seemed to be true. After all, there are tens of thousands of college entrance examinations in Tianshui City every year.

But he had only heard of a case of a sudden increase in strength in a few years.

"However, among all the awakened ones, there is one type of person who is the most special, and that is the spiritual teacher!"

Instructor Wang's next words made Zhao Ling stunned. Psychiatrists are the most special?

"Although a psychiatrist is also a supernatural awakener, the probability of awakening is lower. It is said that it has reached a terrifying level of hundreds of millions to one, and a psychiatrist is the most powerful among most supernatural beings." of.

Among the same strength, there is no supernatural being able to fight against it! "

Instructor Wang's words made Zhao Ling nod slightly. In fact, he also felt a little bit, that is, now he can completely control nearly ten weapons to attack at the same time.

Each of these ten weapons can burst out with a terrifying force of 6,000 kg.

Such terrifying power, plus the quantity, not to mention a sixth-level Body Tempering, is the peak of Body Tempering, if you don't keep Shendu, you will be killed by yourself in seconds!

"You are a psychiatrist, don't tell others casually, because the number of psychiatrists is very small, and many underground organizations do not hesitate to offer high prices for the heads of psychiatrists. As for the reason, you will know later. You go to see the principal, and when the time comes, you will say that you are awakened from the power department!

At least don't tell anyone until your strength reaches the True Qi realm! ! "

Instructor Wang's solemn words made Zhao Ling nod slightly.

"I don't think there are any underground organizations in this world? I just hope you don't mess with me, otherwise, it's still unknown who will die and who will live!?"

Zhao Ling did not doubt what Instructor Wang said. First, it was the relationship between the two. Second, where there is light, there is darkness. You cannot see darkness because you are always under the sun.

Soon, under the leadership of instructor Wang, Zhao Ling came to the principal's office.

The headmaster didn't have the slightest doubt about saying that his strength had suddenly increased. After all, power awakened people were the most common among all awakened people.

"Zhao Ling, do you know the admission criteria of the top ten key universities?"

Suddenly, the principal asked Zhao Ling with a smile.

"I've heard a bit. It seems that you must at least reach the Practitioner Realm to be eligible to enroll in the top ten key universities of Yan Mars!"

Zhao Ling nodded slightly.

"That's right, it's just that you missed one point. If you want to apply for the top ten key universities, you must become a Practitioner and pass the formal assessment of the Practitioner Alliance before you are eligible to select the top ten key universities as your application target when you sign up."

The principal's words immediately reminded Zhao Ling of the majestic building in the center of Shuitian!

That is the Practitioner assessment point of the Practitioner Alliance stationed in Shuitian City.

"After the college entrance examination, you have half a month to choose your own volunteer, and within this half month, if you work hard to become a Practitioner and pass the assessment of the Practitioner Alliance, you will still have the opportunity to apply for the top ten key points the University."

The principal smiled happily.

You must know that a student from a key university will definitely make No. 8 Middle School overwhelm several schools in next year's recruitment examination.

"I will try my best, thank you principal for your teaching!"

Zhao Ling's eyes flashed!

"After reading these two days, you can go first, this Lao Shizi passed the assessment!"
