

Fatty to Sexy 1

Chapter 1 Fatty, What Are You?

In a pink girly room, Jocelyn Murphy held up a men's diamond watch and looked at it over and over again against the crystal lamp overhead.

This watch was a limited edition worldwide model that she had selected at the mall.

She thought Joseph Stewart would love it.

Just then, her sister Gloria Murphy's video call came.

Jocelyn picked it up, and Gloria's face appeared in her phone with a smug sneer on the corner of her mouth.

"Dear sis, do you believe that Joseph's bullshit that he's busy today and won't be back until tomorrow?"

Jocelyn was filled with consternation, "What do you mean?"

Gloria was full of disdain, and her smile growing wild.

"Haha, you are stupid that you deserved to be cuckolded. Here's my gift to you, open your eyes and see what it is."

In two minutes, the image of Gloria and Joseph being intimate caught her eyes.

From the background, she thought they should be on the sofa of Joseph's living room.

So he was busy having an affair with her half-sister?

She had loved this man for seven years since she was eleven, and he was the sweet dream of her youth.

She had given almost all of herself for Joseph, and she had always thought that he would never betray her.

"Joseph, have you done this with Jocelyn?" The video revealed that Gloria was looking at the camera with provocation in her eyes.

"Don't disgust me, that fatty made my stomach sick. How do you think it's possible?" Joseph said as he kissed her.

Joseph who was engrossed in his entanglement with Gloria seemed to be totally unaware of the camera's presence.

The nasty scene was like a cold knife, cutting a crisscrossing gash in her heart.

It hurt so much that she couldn't breathe.

Jocelyn lifted her head and gazed at the dressing mirror opposite, the immaculate surface of which reflected her appearance at the moment.

She was all fat and freckled, no longer the famous beauty of the city, but just a fat person.
