Chapter 1091 Contrast (1)

Abel, "Yes, originally I thought my parents were annoying, but now they actually look like they have a clear face, I really have to thank my parents for not killing me. There is really contrast."

Abel's words immediately brought the whole tense atmosphere alive.

Even the moody Robert and Zoe had a smile on their faces.

Abel, "Everyone is smiling, that's good. Robert, don't think so much, Zoe too, you know? No matter what happens, buddies, we are all by your side, we are your solid backing, you know?"

Robert's heart warmed once again.

Robert, "Dude, if I'm not a Moore family anymore, will you still love me as you did?"

Abel gave a direct blank stare back, "Not to mention that you are no longer a member of Moore family, even if you are no longer human, I will still love you, I can even put on a show with you, believe it or not?"

The conversation, once again, made everyone stifle their laughter.

The atmosphere gradually became more relaxed and lively.

Ryan, "How suddenly there is a bit of gay full of flavor? I vaguely feel something is wrong."

Abel, "Yes, I suddenly feel something so touching? Could it be that I secretly have a crush on Robert?"

In fact, Abel has been quite tired lately for his career and for finding Zoe.

It was a moment of heartbreak.

There really isn't much heart to joke about.

But to keep the mood lively, his buddies and his girlfriend in a better mood, he had to contribute more laughs.

In an instant, everyone was laughing again.

Robert shivered outright, "Don't disgust me, okay? I'm not interested in men."

Abel, "So, love goes away, doesn't it?"

Robert gave a straightforward blank stare, "Love the hell."

Abel was inside the nursery and they sat there for a long time before leaving.

After that, they went together and went downstairs to tease Madeline and Lawrence.

Noah and Jocelyn followed Robert and Zoe back to the guest room on the top floor.

Noah and Robert both talk about their careers and the future version of the city.

Zoe is scarred and continues to live with Robert.

They must have needed a valid reason.

Zoe's Mom and Dad feel hatred and sympathy for what happened to their daughter.

However, they are very satisfied with Robert's commitment.

Robert was able to continue to love their daughter dearly despite the past.

Even to do so much to break away from the Moore family for their daughter, which was very touching to their hearts.

.....

This evening, in order to thank all their friends for their help, Robert and Zoe hosted a banquet in the Dream Garden and invited Noah, Jocelyn, Harry, Abel, Paige, and Ryan, Rosa.

Zoe's Mom and Dad personally cooked a table for them.

They all ate at the same table and had a good time.

Zoe's parents, for the first time, faced such a big scene and saw so many young men and noblewomen, they were restrained.

After the meal, everyone went back to their own homes.

Noah drove the car, carrying Jocelyn all the way home, along the road.

While he was home, he wanted to take Jocelyn for a ride.

He knew that during this time, Jocelyn was at home and was bored.

Everything was completely settled, and Jocelyn put her mind at peace.

Jocelyn naturally stretched out her hand, and interlocking her fingers with Noah's, gazing at the night scene in front of her, and said, "Now, everything is back to its original position. I hope that we, as a group, really don't have any more ripples."

Whether it's them, or Robert and the others, she hopes all are well.

But whether others have ripples, she doesn't know.

Her life with Noah is not destined to be so peaceful.

In saying these things, she was merely reassuring herself.

Noah frowned slightly and said faintly, "Yes."

Passing by a milk tea shop, Jocelyn then looked at Noah with a face full of longing, "Honey, can you buy me a sundae? I haven't eaten anything cold for a long time."

During these days, Allie continued to control her diet, which was still very strict.

The images look extremely high quality, as if they were the images of a well-made luxury idol drama.

And those present looked like either posh siblings or posh couples.

Seeing the Jocelyn and Noah arrive, several people immediately shifted their gazes to their faces.

Harry casually played a mahjong and said, "Will you play, Noah?"

Noah stepped forward with Jocelyn in his arms, and at this time the waitress brought in two chairs.

The two immediately sat down.

Naturally, Jocelyn leaned on Noah.

Only at this time did Noah open his mouth, put his arm around Jocelyn and said, "My wife play."

Harry, "Okay."

It happens to be a long time since Jocelyn has been out entertaining as well.

At the moment, she sees mahjong and is tempted to play.

In fact, she now not only wants to play mahjong, but wants to do a lot of things.

Inside the house, after being stuck for so long, she now feels that even the air outside smells sweet.

Everything that meets the eye is fresh and new.

Harry, "Jocelyn, these guys are bursting with luck this evening, so you should pay some attention later."

Noah, "It doesn't matter, as long as my wife is happy, it doesn't matter if she wins or loses."

Jocelyn smiled.

At that, Ryan immediately looked at Jocelyn and said, "Jocelyn, since my brother is okay with it, then you should lose, anyway, my brother has plenty of money."

Jocelyn then snapped her fingers with alacrity, "No problem."

Paige, "Then I'll have to win, or it will be of no fun."

Abel, "I agree."

People say so though.

But when Jocelyn did join in, it was all about giving in to Jocelyn.

Chapter 1094 Ryan Paused His Words

Most of the time, Noah didn't say much, he just put his arm around Jocelyn, sipped his wine and listened to Jocelyn.

From the beginning to the end, there was no one else in his eyes.

The two were so in love that even the others who were used to seeing them felt sweet.

As we chatted, Ryan's mobile phone vibrated.

When he saw that it was Rosa's phone, Ryan immediately pressed answer, and then got up and went to answer the phone.

Others, for their part, continued to chat.

Abel, "Jocelyn, I have a film and television project here, are you interested?"

Jocelyn, "You have to say first what the project is."

Abel, "I have a very good script in my hand, big IP, metaphysical novel, God Emperor adapted it. He especially respect the original one. I intend to make a movie. Interested in together investment?"

Jocelyn, "That has to be agreed first, if we cooperate, in the film, we must arrange more actors from our company."

Abel then indifferent shrugged, "It is of your own arrangements, I do not mind, I just want to invest money, and I am ready to hire international famous director, Wyatt."

Jocelyn thought for a few seconds and said, "This person is indeed very powerful, I will first verbally promise you, we will talk in person at the time."

She knew that Abel would not screw her.

It must be that, for the sake of Noah, a share of the pie was given to her.

So she didn't need to think too much about it.

The novel he was talking about, she was aware of it, was a huge hit on the internet and was considered one of the most profitable books of the year.

It has a large readership.

If you respect the original to adapt it, and if you add a great director like Wyatt, it would be hard not to have a hit.

Paige, "That script I read is very suitable for Ryan, just do not know if Ryan is willing to take."

Jocelyn snapped her fingers, "I was going to say the same thing about this point, we'll ask when Ryan comes back."

The male protagonist of that novel, regardless of his image and temperament, is Ryan himself.

Everyone then put their eyes on Ryan's face.

Ryan looked at Jocelyn and said, "I'll take it, but it has to be after my wife has given birth. You guys don't have a problem with that, right?"

Immediately, Jocelyn said, "No, it will avoid this time."

Abel, "This drama will take a while to prepare to start shooting, there is no hurry, besides, for your sake, it doesn't matter to wait a bit."

Ryan nodded at once.

In that case, it's no problem.

Paige, who has not spoken at the side, naturally leaned on Abel and looked at Ryan and sighed, "Time really flies. When I first saw you, you were still single and alone, but now you've actually become a married man who has to consider filming time for your wife."

Ryan smiled at his words and immediately laughed, "Sometimes life really is amazing."

There are times when life changes, literally in an instant.

It's like, he and Rosa.

Once upon a time, when he first met her, he really didn't think that this girl would become the woman he would be with for the rest of his life.

Even, little by little, gouging Jocelyn out of his heart and occupying those empty spaces again.

But then, as time went on, by mistake, everything just happened that way.

After the party, Ryan drove his car and went to buy Rosa's favourite cupcakes.

Amidst the eyes of the cake shop attendant full of amazement, he left directly, drove off in his sports car and took off.

Meanwhile, #Ryan in Cake Shop# was on the number one hot search.

At the top of the hot search, it was a picture posted by a cake shop attendant, of the back of Ryan coming to his shop and buying a cake, and a quote, "I really didn't expect to meet the top star coming to our shop to buy something on a big night. It was said to be bought for Rosa."

Ten minutes after the tweet was posted, the following comments were the buzz -

Chapter 1096 Moments

Soon afterwards, Ryan left.

Rosa was sitting on the edge of the bed, eating the cupcakes Ryan bought, while looking at the photos and videos of some activities Ryan attended during this period on Weibo.

These days, because she was pregnant, Ryan was only working for an hour or two almost every day, and even many times he was not working.

That's why there is so little material available online.

And because of this, every appearance of Ryan is even more precious to the fans.

Every time he appears, he causes superb fan discussion and even more attention than before.

Looking at it, Rosa then naturally went into Ryan's super talk by the way.

Inside the super talk, it's all about all kinds of flatters from fans and all kinds of hit lists and votes.

Walking into the place, she could feel the strong love of those fans for Ryan.

Every photo of Ryan has been fine-tuned by the girls and posted countless times.

Soon, she found a picture of Ryan buying cupcakes for her late at night.

The photo had been fine-tuned and was not the same as the version she had seen before.

Ryan looks even more handsome in the photo.

The whole picture, too, is more tender.

Many fans, who are posting their own comments -

[Ryan really spoils his wife. I originally did not like Rosa, but now I do.]

[Rosa is really good, right, so good that Ryan can walk down the altar for her. Although envious, although jealous, but still hope that they are well together].

[Ahhhhh, I actually brushed past my brother, who appeared just ten minutes before I went out of the cake shop!]

[Rosa must be so happy to have gotten that boy we dreamed of.]

[I really want to ask Rosa what it's like to be pampered by such a perfect boy when I have the chance].

The top marketing number has just posted the news for a minute, but there are already more than a million likes and comments below.

The comments section is full of people saying anything -

[Oh my god, he's worried that the milk tea outside is bad, so he's making it for his pregnant wife himself, right? I already have a picture of him making milk tea in my head, it's really too good, isn't it?]

[As a woman, I envy two people the most, one is Jocelyn and the other is Rosa].

[I knew from before that Ryan was a gentle and considerate person, and I knew that if he got married, he would treat his other half very, very well, and I even knew that sooner or later, I was going to be the one who watched him being in love with someone else, but I didn't expect this day to come so soon, and my jealousy would be so much more than I imagined.]

[What a perfect husband. I want to drink my idol's milk tea too, it must be very good.]

[I can't believe he can make pearls, Ryan is too good at it, right? As expected of him, there's really nothing that can't be done, I'm envious.]

[What did I do wrong in the middle of the night to continuously see Ryan and Rosa's love picture? If these two don't grow old together, I will be sad.]

[I still say, other people's husbands, never let me down. my husband, not to mention making me milk tea in the middle of the night, even if he goes out to buy it for me in the middle of the night, he will definitely refuse me!!!]

Rosa casually glanced at the comment section twice before exiting the topic.

Now her heart doesn't ripple too much about anything that is said online.

Because she's seen too much of it, and she's numb to it.

Quitting the topic, she then continued to watch Ryan's super talk, watching those fan clips, videos about Ryan.

Even now, with this man, she has been spending time with him, and she is still filled with a sense of admiration inside.

Still gets her heart racing when she sees videos of men.

After about ten minutes, the sound of hair blowing came on.

After a few more minutes, Ryan came out of the bathroom with his blow-dried black hair and a bath towel around him.

The snow-white bath towel covers just the right places to cover up, revealing perfect abs, stunning collarbones.

At a glance, it looks pure and provoked.

Just one glance is enough to make Rosa fall deeply.

She couldn't help but remember, what she had just seen in the super talk, the discussion those people had about Ryan's waist.

Ryan, on the other hand, was beside her, carefully dividing the bowls and chopsticks between the two.

The picture remains warm and harmonious.

Full of happiness.

After filming a course of food, Rosa pressed pause, and then looked at Ryan and said, "Is that okay? Do you want to film the eating process?"

Ryan shook his head, "No need."

Rosa then clicked save, before turning off the camera and sitting down next to it to start eating.

.....

After the meal, Ryan was responsible for washing the dishes and cleaning up the kitchen.

Rosa, on the other hand, exported the video she shot and sent it to Paige.

Paige was full of praise for the video.

Rosa was happy at that.

She was relieved to know that Paige was satisfied.

And so began the second half of the day's life.

Watch TV, eat snacks.

Behind her, Ryan was working diligently inside the kitchen.

After about two hours of watching TV, Rosa felt bored and clicked on Weibo.

At this time, she saw that Ryan was number one in the hot search again, #Ryan vlog#

She knew it was the video of herself that had been released.

She gave a glance at the topic at once.

At the top is the vlog that X Entertainment just released, which she filmed, with the text, "I'm touched by Ryan's meal."

Seeing that it was an unmarked number, Ryan immediately pressed hang up.

Seeing this, Rosa jokingly said, "Why didn't you pick up? Is it any pretty woman?"

Ryan helplessly stroked her head, "I didn't have any women around me in the first place, and after marriage, I have even less."

He was already clean.

Never get very close to a woman who comes up to him.

No matter how good looking the woman is, he will always keep a safe distance.

After the marriage, he took this to the extreme.

This is something she knows very well.

It's basically impossible to find anyone other than a director and some gold-daddy.

Occasionally, even when a woman called, it was just some woman who wanted to fall back on his number and asked for it from somewhere.

No matter how much the entertainment world is full of light, paper and beauty, she never worries that Ryan will get lost.

Looking at his serious look, Rosa immediately couldn't help but laugh, and then naturally pinched his ears with both hands and said, "Idiot, I'm kidding with you, but I'm actually so serious."

Ryan smiled again, "I'm afraid you'll misunderstand? It's not the other person, it's just a director who insisted on dragging me to shoot a drama, saying that he wanted my help to save the show and had to be in the group now, then naturally I couldn't agree."

"But then, he still doesn't want to give up and wants my help." Ryan explained again.

Rosa asked with interest, "What kind of director is it?"

Ryan said helplessly, "It's the one who used to be very close to me, Director Zane."

At this Rosa's eyes were suddenly full of surprise, "What? It's him? I heard that a movie he was making had to change actors because the male lead was on drugs. So, he wanted you? Since it's him, why didn't you agree?"

"I remember that movie was a big production and had a great story, and the industry was very positive about it even though it hadn't started shooting yet." Rosa said again.

Allie, "Yes, there are a lot of words I really tired of saying. I bought a lot of your favorite food, I will cook for you."

Rosa, "No need, mum, you and dad have been working hard with the kids lately, it's better to let Ryan cook."

Rosa knew very well in her heart just how tired Allie and Scott had been lately.

She really couldn't bear the thought of them both continuing to work hard for themselves.

Allie immediately shook her head, a face of indifference, "I really do not feel that I actually have a hard time. Baby-sitters are there, and I just teased the children only. "

"Besides, even if I'm tired, that doesn't stop me from being nice to you, does it? I have to be fair." Allie said again.

Rosa smiled, "I never felt that you aren't fair, and I don't mind that much, mum."

Allie, "That's your business, what I'm going to do, that's my business, I don't want you to be the least bit unhappy, understand?"

Rosa nodded, "I understand. Thank you, mum, but let Ryan cook, you can just talk with me."

Allie, "I'll get angry if you nag again."

Rosa then closed her mouth and laughed again.

Allie, "I'll take a break and go into the kitchen after a while, tell me, have you had any uncomfortable reactions in your body recently?"

Rosa then said truthfully, "All this time, I feel quite good, those early feelings at the beginning, fear of cold, tiredness and so on, are gone. I feel I am as strong as an ox, and there is no difference with before pregnancy."

Allie was quite satisfied, "Well, that's good."

Rosa nodded obediently, "How about you and dad, have you been well lately?"

Scott said truthfully, "We two are still in good health as usual, you don't have to worry about us."

Rosa, "While usually taking care of us, you should take care of your own health."

Hearing this, both Allie and Scott were overjoyed.
