Chapter 1121 Keeping Each Other Company

The moment they looked at each other, the corners of both their mouths involuntarily curved in a shallow curve.

That's what true love for someone is all about, even if two people do nothing but just touch each other's eyes in such an unconscious way that they can't help but smile.

Seeing Noah, Jocelyn immediately leaned back lazily against the backrest, continuing the massage movements on her hands while saying, "I'm really tired."

Noah got up, walked to her, naturally, picked her up and placed her on the desk, then sat beside her, took her massage instrument and carefully massaged her waist, "Is it uncomfortable here?"

Jocelyn nodded slightly, "Yeah."

"Are you bored?" Jocelyn asked.

"No."

"Really? What were you doing all that just now?" Jocelyn asked with interest.

Noah said truthfully, "Well, played games, and watched you most of the time."

Jocelyn, "So, it's really not boring?"

Noah, "No, it's not boring as long as I can watch you."

It was at this time that the knock on the door sounded again.

Jocelyn looked at the door and said, "Please come in."

Soon, another of her newly recruited special assistants, Pinky, walked in.

Seeing the two in love, Pinky was immediately envious.

She gave a deep look at the massage instrument in Noah's hand, and then walked up to Jocelyn and asked, "Chairman, Mr. Mason, I came in just to ask, what you are going to eat for lunch this day, so that I can prepare it for you?"

Jocelyn turned her head to look at Noah and asked, "What do you want to eat, hubby?"

Noah, "Anything will do."

Jocelyn turned her head to look at Pinky again and said, "Well, get whatever you want."

She really doesn't know what to eat.

Feel free to eat anything.

Pinky nodded respectfully.

Pinky turned around and walked away with good sense.

In fact, during this time, the two of them did spend very little time with each other during the day.

But at night, it's actually okay.

Noah added, "Much less than before, you and I are very busy these days, plus there are children to divide our energy, the time to spend with each other has shrunk a lot."

Jocelyn, "But I don't care about that, I don't need you to be with me all the time."

Noah, "But I care. Work is important, but being there for each other is just as important, otherwise the relationship will fade."

At those words, Jocelyn once again felt her heart warm.

She didn't think that he would think more thoughtfully than she did.

Jocelyn, "But wouldn't it be more than worth it to lose your job just to be with me? Didn't you spend enough time with me while I was recuperating?"

Noah, "When you recuperation, I accompany you more, that is what I supposed to do, but it doesn't mean that I don't need to be with you for that sake."

Noah has always been very concerned about accompanying Jocelyn.

No matter how busy he was, he didn't want to neglect Jocelyn.

In his consciousness, couples are meant to communicate regularly and be there for each other.

Only then can the relationship be as good as it has been for decades.

His parents have always got on like this.

He grew up with sort of an ear for it.

Unknowingly, he found that his parents' influence was really engraved into his bones.

Gradually he too lived up to his father's image.

But he sees nothing wrong with that.

Making money is important, but maintaining the stability of your family is just as important.

Jocelyn was immediately touched by Noah once again, "Honey, you are so kind. but I still have a lot of things to do in the afternoon, even if you are here, I can't do anything with you."

Noah, "You don't need to do anything, just as long as I can watch you."

He just wanted to, quietly, watch over and keep Jocelyn company.

Jocelyn said with a smile, "But what if you delay important things like this?"

Noah, "Is there anything more important in this world than you?"

In his eyes, even a thousand stars are not as important as the woman in front of him.

Pinky's face instantly flushed to the base of her neck, "Yes."
With those words, Pinky fell away.

After Pinky left, the world went quiet once again.

The faint aroma of the boxed lunch, which filled the large space, made Jocelyn's appetite widen.

Jocelyn then couldn't wait to take the boxed lunch and walk to the front of the coffee table.

Noah followed closely behind.

When they put down the boxed lunch, the two of them took their own share in unison and opened it.

Both are dishes that the two enjoy.

After eating, Jocelyn continued her work.

Noah, on the other hand, continued to sit on the sofa, in silent company, playing the game.

In the office, two people do not disturb each other, but the atmosphere is bursting with happiness.

At this point inside the company's group, it had been an uproar.

The staff were all talking about Noah's visit to the company.

[Mr. Mason, you don't want to leave today, do you? Our chairman is working and he's keeping her company, too spoiled, right?

[The best husband in the world is Mr. Mason. If you look at the entire wealthy circle, our Mr. Mason is the most spoiled wife.]

[I heard from Pinky that Mr. Mason even gave a massage to our chairman personally, it was simply amazing].

[I can't imagine the image of Mr. Mason giving a massage to the chairman, such a strong man, but actually so gentle in private.]

[Don't say that, I just want to take over our chairman now].

Jocelyn was not in the group and was totally unaware of all this.

Her assistant, Pinky, is in.

Pinky watched silently, but had no intention of trying to gossip to Jocelyn.

It was after three o'clock in the afternoon when Jocelyn looked up from inside the pile of papers.

"He was thinking that we've been spending a lot less time together, lately, than we used to, so he made time for me."

"He accompanied me at great cost, the company has a lot of important things to do." Jocelyn answered.

When it comes to the subject, she feels helpless but full of happiness.

When the female journalist heard this, she was envious, "So that's how it is, Mr. Mason is really a famous wife pamperer, Miss Murphy, you must be very happy, right?"

Jocelyn smiled, "Yes, I am very happy, thanks to God, who has arranged a good husband for me."

Female journalist, "It is because you are good enough, Miss Murphy, to attract such a good man."

Jocelyn, "Thanks."

The female journalist, "As far as I know, after you took over the Murphy Group, the Murphy Group expanded very much and even ventured into many, areas that the Murphy Group had never ventured into before and achieved extremely excellent results."

"Everyone says that you are an investment genius, what do you think of that?" The female journalist added.

At that, Jocelyn said calmly, "I don't think I'm a genius, I'm just more judicious than the average person."

Female journalist, "You really are the woman I admire the most."

Jocelyn, "Thank you."

Female journalist, "I heard that you gave birth to twins right, I saw your twins really cute on Ryan's Weibo earlier. Can you share with us how you feel after becoming a mother?"

HC is a financial magazine.

The female journalist asked, one after another, questions that had nothing to do with her profession, causing Jocelyn to freeze.

However, Jocelyn still maintained her proper decency and generosity and replied, "After becoming a mother I understand even more how hard and difficult it is for parents to raise us. Is there not a saying? It is only when you raise a child that you know your parents' kindness."

After saying that, Jocelyn unconsciously thought of her own father, Allen.

At this moment, Jocelyn immediately felt her heart pierced by something fierce and painful.

But for the interview to end smoothly and not waste everyone's time, Jocelyn chose to hold back.

A second later, she secretly pinched her fingertips hard.

Trying to use pain and maintain the decency she deserves.

Man changed the subject.

Jocelyn was immediately amused, "I'm just kidding, look at you getting nervous."

Noah, "Can I not be nervous about my wife's emotions?"

Jocelyn's eyes were full of sweetness, and she couldn't help but lean her head on Noah's shoulder,
"Well, I'm going to continue working."

Noah, "After spending so much time with you, shouldn't you give me something sweet?"

Jocelyn looked up at the close, perfect, stunning face and smirked, "What do you want?"

Noah turned his head to look at her, nose-to-nose, intimately, "What do you think?"

The man's tone of voice seemed to carry a compelling effect.

In an instant, Jocelyn's heart beat as fast as it could.

Jocelyn then gently placed a shallow kiss on the man's lips before getting up and saying, "That's enough,
right? I'm off to work."

To avoid being pulled back again, Jocelyn instantly quickened her pace.

Watching Jocelyn's back, the man playfully brushed his lips before opening Weibo and reading the news.

On the hot search, he saw a lot about Ryan.

He didn't even have much interest in it and just swept right past it.

Soon, he saw, again, the hot search for an interview with Jocelyn and HC magazine.

Seeing this, he then clicked in.

Inside the hot search, there is no substance to the interview.

There is only one photo released by HC magazine of Jocelyn during an interview.

The photograph shows her with a white shirt, black high-waisted trousers, flaming red lips.

It is like angel that has fallen from grace.

"No need. I can walk on my own, it's not that pretentious." Jocelyn said again. But Noah ignored her, carried her dominantly and entered the lift. The two took the lift all the way to the first floor of the company. At this time of the day, some of the employees who have worked overtime are rushing to leave work. The hall was filled with many, many people. Seeing the two of them, the crowd immediately gathered their eyes. In an instant, everyone was perfectly envious. In the face of so many people watching, Jocelyn felt embarrassed at once. "Hello, Miss Murphy." "Good day, Mr. Mason."

The staff began to greet each other towards the two.

Jocelyn nodded awkwardly.

And Noah was subdued.

Jocelyn struggled and whispered, "Put me down, so many people are watching."

As she spoke, Jocelyn noticed that there were people taking pictures of themselves.

She became even more embarrassed at once.

Noah, however, was domineering and had absolutely no intention of putting her down, just striding his long legs all the way outside.

Jocelyn, "Do as you're told."

Noah, "Be good, I'll carry you, do as you're told."

Jocelyn, "No."

Noah, "Be good."

Seeing that Noah insisted, she had no choice but to go along with him.

In full view of everyone, Noah carried Jocelyn to his black Bugatti Veyron.

Chapter 1127 Hubby, Heartbroken

When the two returned home, the house was filled with the sound of two children laughing.
The voices of the two children were as clear and melodious as silver bells.
Within moments, the two felt that the exhaustion in their bodies had all but disappeared.

At this moment, they both felt like their hearts were melting.

After a quick change of shoes, the two walked out into the living room.

At this time, the two children are on the crawl mat, stirring and laughing freely.

The baby-sitters, along with Scott and Allie, were constantly amusing them with various small toys and making all sorts of funny faces.

The two children, too, were very giving, laughing their heads off.

The child's smile and eyes are pure to the core.

Jocelyn and Noah, too, were deeply infected and the corners of their mouths unconsciously curved up in a warm arc.

"Jocelyn, you're back." said Allie, looking at Jocelyn.

Scott smiled and immediately lifted his head and looked at Jocelyn, "Did Jocelyn work hard today?"

The two's focus throughout was on Jocelyn alone.

Jocelyn held Noah's hand up and stood on the climbing mat, looking at them and smiling, "It's okay."

Allie, "I see you today on the hot search. that photo looks good."

Jocelyn was unaware of this, and a question flashed under her eyes at once, "What photo?"

Noah, "Just the photo of your interview was sent out first by the magazine."

Jocelyn nodded, "Oh."

Allie, "My little angel is so pretty, it's just a delight to the eyes, yes, angel, I've stewed bird's nest for you, I'll go and serve it to you right away."

When Scott hear that, he immediately got up and said, "I made you chicken soup, I'll go and serve it to you right away."

At this moment, the two's focus is still on Jocelyn.

From the beginning to the end, no one bothered to look at Noah more than once.

Chapter 1128 Mason Family's Righteousness

Jocelyn looked at Allie and Scott and said, "Actually, my husband works very hard every day."

She wished that they would care more about Noah.

Allie, "Isn't it right for a grown man to work hard? If a man doesn't work hard, how can he support his family? If they don't, then how can they keep such a good-looking fairy wife?"

Scott, "That's right. I agree."

That, again, was something Jocelyn didn't know what to reply.

Noah, "Hurry up with the chicken soup, I'll serve it myself."

Noah then handed Madeline over to Scott, before getting up and going into the kitchen.

And at this time, Allie picked up a bowl of chicken soup and began to carefully feed it to Jocelyn.

Blowing chicken soup, feeding chicken soup, every action, Allie looked careful, as if she was nursing baby who desperately needed warmth.

Having them help with the children day in and day out, and having them help with the cooking, is embarrassing to Jocelyn.

She really doesn't want to eat.

She immediately put down Madeline and tried to take the chicken soup for herself, "I'll do it myself, mum, you take a break."

Allie, "You hold Madeline, I'll be good."

Allie insisted.

Jocelyn was embarrassed to refute, and then picked up Madeline and looked at Allie with a helpless face.

Allie, on the other hand, is chipper and pampered.

The baby-sitters on the sidelines couldn't help but open up at this time -

"Miss Murphy, you are really so lucky."

"That's right, I envy Miss Murphy for having in-laws like that."

It was at this point that Lawrence began to look at Jocelyn and laughed out loud.

Jocelyn felt warm inside at once.

She then gently took Lawrence in her arms and asked with a smile, "What is Lawrence smiling about?"

Yet Lawrence did not respond, but just kept looking at Jocelyn and smiling.

Looking at Lawrence's beaming smile, Jocelyn felt, at once, as if all the flowers in the world were blooming.

A child's smile is the cleanest, purest and most soothing medicine in the world.

No matter what happened outside, as soon as she came back and saw Lawrence, Madeline, Jocelyn felt that she was better.

Soon, Noah washed the dishes and spoons and went straight to sit beside Jocelyn.

Noah then carefully took Madeline in his arms.

At this time, a baby-sitter asked, "Mr. Mason, do you prefer a daughter more or a son?"

Hearing this, Noah then said without thinking, "I like both, they are all my children."

"They are given to me by Jocelyn, the most wonderful gift." said Noah again.

He did not favour one child more than the other.

He gave both children the same amount of love.

In his world and perception, boys and girls have never been equal.

The baby-sitter added, "You're right."

At that, Allie immediately added, "Regardless of the children, it's all good. Whether it's a grandson, or a granddaughter, it's all the same to our family."

"The Mason family is so nice, they don't favour boys over girls." Another baby-sitter opened her mouth.

Scott said with a smile with a bashful face, "What's so patriarchal about this? Whether it's a boy or a girl, they're all the children of the Mason family. They're all our babies."

"Seriously, I just don't understand those patriarchal people, are girls not human? Or is it that girls don't have the blood of their father's family in their veins?"

He didn't turn off the microphone, and everything he was doing was clear for those to see.

In an instant, everyone was surprised.

Inside the camera screen, everyone looks at each other with a smile on their lips.

Jocelyn however shook her head, "No, you go on, I'll stay with you."

Noah, "Okay."

Immediately afterwards, Noah turned his attention to the meeting once again.

In a moment, the man was back to a cold face once again.

Such an expression was a far cry from the one he had just given to Jocelyn.

They are all used to Noah's fast change of face, differential treatment and double standards.

So the crowd just looked at each other, laughed, and then went on with the meeting.

It's just that at the other end of the video, those senior executives, at this moment, are silently envious of Jocelyn in their hearts.

Everyone thought to themselves that it would be nice if the chairman could one day speak to them like that.

In this way, people will not have to tremble at the sight of the Chairman.

Even if it's a video conference, they have to be careful not to say the wrong word.

About half an hour later, Noah called the meeting to a halt.

Once everything was over, Noah then looked at Jocelyn again and asked in a soft voice, "Do you want anything to eat for a snack? I'll order takeaway, or go out and buy it for you myself, or, I'll make it for you."

Jocelyn was, by now, sleepy.

She shook her head, looked at Noah and said, "Thank you, but I don't want to eat, I want to sleep."

Noah, "Okay, then sleep together."
